इन शब्दों के साथ मैं डी.एम.के. के माननीय सदस्य से अपील करता हूं कि इसको वह वापिस ले लें। जरूरत हो तो इस तरह का रेजोल्यूशन या कांस्टिट्यूशन का एमेंडमेंट यहां वह पेश करें कि जितने बैक्वर्ड एरियाज हैं, उनकी अपलिफ्टमेंट के लिए सैंटर ज्यादा खर्च करे ताकि सब लोग बराबर की सतह पर आ सके और आगे बढ़ सकें।

SHRI R. V. SWAMINATHAN (Madurai) : Mr. Deputy—Speaker, many hon. Members from my side have requested Mr. Maran to withdraw the Bill which he has moved. Even after hearing the forceful speech made by my hon. friend, Shri Salve, I could not see any reason to request my hon. friend Shri Maran to withdraw the Bill. Rather, I would like to support the Bill because it has come with a genuine purpose.

Mr. Salve mentioned that he smelt perochialism for the simple reason that it has come from the D.M.K. Party. That is not the case. The position is that when the Government of India took up the family planning programme in 1952, many States, of course, in the begining all the States took interest in that. But later on, many States have not given their due consideration to the family planning propaganda. Only certain States have taken it up as if it is their solemn function to be performed. So far as the southern States, particulary Tamil Nadu is concerned, not only the present ruling D. M. K. Party is having this programme but even in the days when the Congress was in power, they had taken up the family planning programme in the right earnest. The D.M.K. Government is only following the programme which was initiated by the previous Congress Government.

I may point out that one of the Ministers of the D.M.K. Government, Shri Neduchezhiyan who is in charge of family planning, makes speeches advocating the cause of family planning. even in the marriage function.

I have also been to some marriage functions and have seen this. Some people who listen to his speech will also resent. Usually, in a marriage function in Tamil Nadu our people used to greet *Pathinarum Pedru*, in other words "Wish you happy life with 16 children".

But this gentleman tells them, "You have only one or the maximum two." This kind of family planning propaganda is being made by the ministers of the D.M.K. Government.

This Bill speaks not only for Tamil Nadu but for all the Southern States, including Andhra. He is not pleading for the Tamil Nadu alone, as has been stated by Mr. Salve. Shri Maran is pleading for the whole Southern States, or for that matter, any State which is implicitly following the family planning programme, on account of which it is losing the increase in population.

Population explosion is not something peculiar to our country. It is a problem of the entire world and every country faces this problem. In all international conferences it is discussed with a specific resolution about this population explosion. The entire world is aware of this, therefore, we will have to do some thing. The States which are implicitly following the programme are now being penalised. Therefore I ask what is the remedy for it ?

Mr. Salve said that this is against the principle of equal opportunity to all people. I can give him a proposal; will he accept it ? Let us have some minimum seats on the basis of the 1951 census. Any State which has increased the population may get more seats; we have no objection. We are doing it in the light of following the Central Government's policy and programme and therefore it is our plea that we should not be penalised. We have been losing our seats. This problem is not being faced now; even the previous Congress Government had to face it. those States which are losing on account of the

[Shri R. V. Swaminathan]

adherence to Family Planning programmes should be compensated. This is right time we consider what we can do for those States which have got reduced population.

I cannot understand the argument of Mr. M. R. Gopala Reddy. I do not know why he is requesting Mr. Maran to withdraw the Bill. If this is passed, his State will also get the benefit. I can tell you this, if we give up this Family Planning programmes, Tamil Nadu and Andhra will exceed the rest of the country so far as production of population is concerned. I can speak that for Andhra also. There is a for in the argument of Mr. Maran. But, I don't see any force in Mr. Salve's speech. He says there is parochialism in it. I want to tell him there is no parochialism. If there is parochialism, I will oppose it tooth and nail. If there is parochialism, I will be the first to oppose whether it comes from DMK or any other party. There is no such thing. This is a simple legitimate demand. We are not asking for something which is more than what we are entitled; only thing is that we do not want to be penalised. That is all. We don't want our seats to be reduced. We don't want more seats at others cost. We only want that our seats should not be reduced, should not be taken away, because we follow family planning programmes.

I therefore give my wholehearted support to Mr. Murasoli Maran's Bill.

SHRI SEZHIYAN (Kumbakonam) : I rise to support the Bill moved by my colleague, Mr. Murasoli Maran. Many arguments have been advanced against the acceptance of the Bill. Among those arguments, the most eloquent was that of Mr. Salve. He began his arguments from the bed chamber and then to the chamber of this House.

He had also some very uncharitable expression to use against statistics. When the mover produced so many figures and facts for his case, those figures did not suit Mr. Salve, so he contends that the entire statistics should be condemned....

SHRI G. VISWANATHAN : He is a chartered accountant. He probably got bored with figures and then he said it.

SHRI SEZHIYAN : All the day he deals with figures, yet when he comes to the Chamber, he probably feels that statistics are useless, and he said, "Lies, damn lies and statistics".

SHRI K. MANOHARAN (Madras North) : It was not his, but I think it was Mark Twain's.

SHRI SEZHIYAN : Statistics is here for substitution of facts for fancies and logic for irrationality. Unless one bases one's arguments on facts and logic, one will be defeated on one's point.

The main point which was raised by Mr. R. D. Bhandare and also seconded by my hon. friend Mr. N. K. P. Salve is that it is cardinal principle that the equality of people should be accepted. I would submit that in a federal structure, it is not the equality of people alone that should be counted, but the equality of States also should be counted. The basic or cardinal principle in a federal structure is that no State, whether it be big or small, whether it is hugely populated or sparsely populated should feel any sense of discrimination; they should all feel equal when they meet in a chamber. This is the cardinal principle in a federal structure. If you take the States Reorganisation Commission's report of 1955, you will find that Mr. Panikkar had this to say in his note appended to the report :

"I consider it essential for the successful working of a federation that the units should be fairly evenly balanced. Too great a disparity is likely to create not only suspicion and resentment but generate forces likely to undermine the federal structure itself and thereby be a danger to the unity of the country. This is clearly recognised every where. In most federal constitutions, though wide variations exist in respect of the population and resources of the units, care is taken to limit the influence and authorities of all the States."

Since it has been accepted all over the world in other Constitutions, perhaps we find that the reverse is the case in India. If we take the US Senate, we find that New York which is the most populated State and Nevada which is the least populated State both have equal representation. My hon. friend's Bill

suffers in one respect. He has put it in the minimal way. If I had brought forward a Bill I would have put in the provision that all the States should have equal representation. This also has been referred to by Mr. Panikkar in his report, and he says that the instance of the Soviet Union is there. He says :

"In the Soviet Union also, only Great Russia has a larger population than most other unites of the federation taken together, Representation in the House of Nationalities is weighed against her, so that the other unite of the federation may not be dominated by larger units."

He goes on to give examples of other Constitutions where in population alone is not taken into consideration for representation in a Chamber of all the federating units. In other words, it means that population alone should not be the guiding principle.

It was asked why 1951 should be taken as the base. Whichever base may be chosen, we are prepared. If it is intended to peg this down to the base year 1951 or 1968 as suggested by the All India Family Planning and Health Conference that met at Bhopal, we would have no objection. Once the basic Principle is conceded that a State that is going in for family planning should not be discouraged by this, it does not matter which base year is agreed to. Whether my State loses or the other States lose is immaterial. The basic principle is that the numbers should not be fixed on the basis of population alone, for once that is done, family planning programmes will get slackened, and the States which are assiduously following up the programme will get discouraged. That is the basic point taken by my hon. friend Shri Murasoli Maran. It was on that basic principle that he was questioning whether my hon. friend was married in 1948 or in 1951.....

SHRI N. K. P. SALVE : 1948.

SHRI SEZHIYAN : As soon as Independence was attained he gave up his independence, I think.

He has been very disciplined in the bed chamber because he has one son and one daughter. He has strictly stuck to the principle : we two ours two. Whether it has been done

consciously or unconsciously, scientifically or unscientifically, in a disciplined or undisciplined way, I cannot say. The basic principle is not whether Madras gains a seat or some other State loses two seats; the basic principle is whether you are going to have representation in a federal structure on the basis of population which means that the most populous state will have a greater voice in that body. I think it is not a good basis to work a federal structure. This has been amply brought out by Shri Panikkar.

I have no doubt about the fate of this Bill. Even if all the members present here vote for it, it is not going to be passed. But we are raising the point for discussion and focussing attention. The Constitution was adopted in 1951. It has been amended twenty times since then and it is going to be amended many more times hereafter. One more amendment on this score is not going to do any harm; on the other hand, it may do some good by way of better functioning of the federal structure. It is not a parochial proposition. Shri R. V. Swaminathan of the ruling party has also supported it. So this cuts across party lines. It is based on rationality and the purpose is the successful working of the federal structure. On these grounds, I support the Bill.

SHRI C. M. STEPHEN (Muvattupuzha) While I am in sympathy with the principle behind the Bill, I am not in a position to support the Bill. There is no difference of opinion on the principle that in a federal polity, there must be equality as between state and state. If the proposal was mooted based on this principle and with emphasis on this principle, there might have been a lot to say about it, although whether under the conditions obtaining in India it is acceptable is debatable.

My hon. friend on the other side drew a parallel with the US there the representation for States in the Senate is equal. But there is a difference between the two countries. There they started with full independence for the different States and those states confederated into a Union. Here the Union came into existence and then for administrative purposes we divided the country into different States with certain powers for them, residuary power vesting in the Union. This makes for a lot of difference.

[Shri C.M. Stephen]

Here the basic factor is the individual. This was put forth by Shri Salve. Although technically we all represent a constituency, we here represent the individuals in the constituency. Therefore, when we are enacting a law to give effect to representation, we cannot be forgetful of the millions of people who have sent us as their representatives here.

Being so, we cannot accept the State as static units, immutable, sacrosanct and unchangeable. That approach is impossible.

Even in the framing of the Bill we shall find one defect. The Bill says that the existing State is something sacrosanct and unchangeable and so far that particular State the allotted number of seats in 1951 is the basis which should be taken into account. Should it not take into account the subsequent alterations that have taken place in the area of the State? This contingency is easily conceivable. In 1971 there are States which were not in existence in 1951, for example Kerala was not in existence in 1951; only Travancore-Cochin was in existence. *(Interruptions.)*

SHRI N. K. P. SALVE : This is a drafting problem.

SHRI C. M. STEPHEN : That is one aspect of drafting. Supposing, there are patches of land in this country which cannot be equated with a particular State, that will go without representation, this is because my friends started with the assumption that the State is completely sacrosanct, ; whatever States were in existence in 1951 were all the States that were there and all that has happened subsequent to that are mere alterations or deletions or additions. That is the fallacy of the whole approach. In our Constitution you can see that there are not only additions or deletions; creation of new States is contemplated in our Constitution. There is no such provision in the United States Constitution. Our Constitution provides for the formation of a new State by separation of territory from any State or by uniting two or more States.

The basic thing here is the individual. Individual must have representation in the panchayat, in the State and he should have representation in Parliament. In accordance

with the size of the body, the number of individuals who should together elect a representative varies. Therefore what Mr. Salve spelt out is the fundamental thing. Do we want to depart from the proposition that every citizen in this country ought to be represented. Merely because I happen to be in a particular State 10,000 persons there must not have representation which is equal to representation for 10,000 persons somewhere else? Would it be equitable to the individual concerned? That is the basic question. One or two seats more, or less, for this State or that State is immaterial if you take the whole of India. May be there was some point about what was said about how every State has been treated. There is that imbalance in our country. There is that feeling also. May I tell my friends, Mr. Manoharan and his followers that there is a feeling in certain States that they are being disregarded. For example I from Kerala feel that I am not getting what is my legitimate due. I am feeling that certain things must come to Kerala; that is being taken away by Tamil Nadu. *(Interruptions.)* When it is a question of the railway, or new lines or workshop it is taken by them and I feel that I am disregarded. But what is the solution? Only a change in the attitude is the solution; solution lies in the willingness on the part of everybody to assume a sort of a behaviour to one another so that there is a psychological feeling injected that we are part of the whole body. We must think that way.

Again the allocation of funds is the most fundamental thing. The proposition is that it also must on the 1951 basis, not on the basis of human beings who are living today, merely because in 1951 in a particular year something was there. From year to year funds have got to be allocated to individuals, on the principle of individuals who exist in that particular years. Therefore, the fictional figure of population in 1951 will be unacceptable. With these words I feel that I have got to oppose this Bill because the basis is wrong.

Secondly because the wrong thing which was sought to be remedied cannot be remedied; thirdly because the drafting is so done that we will get into a complete mess if we are going to accept this Bill. That part of the Constitution will result in having no meaning at all. Large patches of our country, large

areas in this country. will have a great problem which will be difficult to solve.

With these words, with full sympathy and sentiment, I am sorry I have got to oppose this Bill.

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITIRAJ SINGH CHAUDHARY) : Mr. Deputy-Speaker, Sir, the hon. Mover, while moving the Bill for consideration, observed :

“The idea is that no State should be penalised for the loss of its representation in the House of the People for sincerely implementing the family planning programme, and no State should be deprived of revenues by way of grant or Plan assistance by the Union just because of the reason.”

This shows that the main basis on which this Bill is conceived is that the loss of population as a consequence of Family Planning and which I would show hereafter is not correct, I am quoting figures from the monthly statement on the progress of family planning programme in India; progress since inception, page 7. Tamil Nadu has 10.8 per cent couples under protection; Maharashtra has 12.8 per cent couples under protection; Kerala has 11.2 per cent couples under protection. In other States, it varied from 9.6 to 2.7, 2.7 being in Assam and other States. So, to say that the population of Tamil Nadu has fallen because of family planning is, I submit, not entirely correct.

There are certain other reasons. If you permit me, I will place before you some population figures, and the percentage rise of population. I am quoting from the Census of India, 1971. In Tamil Nadu, the population rise from 1961 to 1971 is 22.01 percent. There are States in this country, that is, Andhra Pradesh, where it is 20, and there are other States where it is low less than that of Tamil Nadu. It is 19.73 in Uttar Pradesh which, according to my friend, has a very fertile female population.

There is one other reason why population of Tamil Nadu has fallen. It is because of migration. I am quoting from the statistics given in the 1961 census. 10,95,398 people

born in the State of Tamil Nadu migrated out of that State. Besides this, there are other reasons for the loss of population in Tamil Nadu; namely, portions of Tamil Nadu were transferred to other States after Andhra Pradesh was formed. So, all these reasons, including the family planning, are responsible for some fall of the population. But whether it can be made the basis for a change, a fundamental change in the Constitution, is the question.

The Government of India is aware of the responsibility. The Health Ministry of the Government of India is taking up this measure of giving weightage to States where family planning is being implemented fully and properly. The Health Ministry has moved in the matter and it is considering this matter with the Planning Commission, and the body which is to decide this matter is the National Development Council. The matter will go before the National Development Council, which consists of Chief Ministers also, and it will finally decide as to what weightage, if any, should be given to the States for implementing the family planning programme.

The other complaint made was that because of the fall of population, allocations made to Tamilnadu have fallen. I quote from the statement laid on the Table of the House by the Planning Minister on 9.6.71. In the second plan, the *per capita* plan outlay expenditure was : national average 51; Tamilnadu 57. In the third plan, it was 91 and 98 respectively. In the annual plan for 1966-67, national average was 20 and Tamilnadu 22. In the annual plan, for 1967-68, national average was 20 and Tamilnadu 24. In the annual plan for 1968-69, national average was 21 and Tamilnadu 24. In the fourth plan 1969-74, national average was 119 and Tamilnadu 129. There are States like UP, West Bengal, Madhya Pradesh and Bihar, where the *per capita* a plant outlay expenditure is much less than in Tamilnadu. The very basis on which the Bill is moved, I respectfully submit, is not correct.

While moving the Bill, he said :

“The aim of a private member's Bill is not that it is accepted by the Government. The idea is to focus the attention of the

[Shri Nitiraj Singh Chaudhary]

Government to this particular problem, so that they may offer their point of view."

He has achieved that object. He has also sensed the views of the members who have spoken. A majority of them have opposed the Bill; except the mover and a member from his own party, others have opposed it. Therefore, I request the mover to withdraw this Bill. I oppose the Bill for the reasons that I have briefly stated.

SHRI MURASOLI MARAN (Madras South): Sir, I have been listening carefully to the speeches of the hon. members and the minister. I thank them for the interest they have shown. It is my duty to answer some of the points raised, especially by Mr. Bhandare and Mr. Salve. Both of them said, the theme behind the Bill hits at the very root of quality of the people. My plea is also that there is no equality achieved by the present position. It depends on the definition one gives to equality. According to them, equality means, each State is allotted a number of States in the House of the People in such a manner that the ratio between the number of seats and the population of the States is as far as practically the same for all States. But my plea is that this system breeds inequality.

Some States are vigorously implementing the family planning programme, and their population is reduced; it may be Tamilnadu or any other State. Their representation in this House and their share in the central taxes by way of devaluation is also reduced, whereas other States which do not effectively implement the family planning programme get all the advantages. How can you say that this is based on equality?

Our country is in a unique situation. We are the first country in the developing world to have family planning as an official policy. Perhaps we are the first country to approach the UN with a request to send an evaluation team to study the programme.

So, I think we may not have a precedent for this kind of constitutional amendment. Shri Bhandare profusely quoted from almost all the constitutions of the world. He says that we have no precedents. I say that ours

is a special situation. So we need not have precedents. Special situations call for special remedies which can be quoted as precedents by others.

Moreover, we may not have a precedent for the House of the People. But, as Shri Sezhiyan has pointed out, this principle is not followed in the Rajya Sabha. So, I ask a counter question to those who say that there is no precedent. I say that in almost all the federal constitutions of the world except that of Canada, the representation for States in the Upper House is equal. In the United States each has two Senators in the Upper House. In the Switzerland each Canton has two deputies in the Council. In Australia each State has ten Senators in the Upper House. In Canada the Upper House consists of nominated members, and that is an exception. So, in our country we do not follow that cardinal principle. We are following a different method.

Article 80 (2) talks of the composition of the Council of States. The Fourth Schedule freezes the number of representatives from the States. Under this system, while UP has 34 representatives a States like Assam has only 7 representatives in the Rajya Sabha. Now you find fault with me when I say that we should fix the representation on the basis of the 1951 census figures. But how did the architects of the Constitution arrive at this figure of 34 for UP and one for Himachal Pradesh ?

Here I want to quote Basu :

"Consequential changes in the allocation of seats have been made in the Fourth Schedule maintaining in tact the original formula of one seat per million for the first five millions and one seat for every additional two millions or part thereof exceeding one million."

This he has taken from the Statement of Objects and Reasons of the Constitution Ninth Amendment Bill, 1956. Naturally, they have freezed the number of seats in the Council of States according to the population of 1951. When we have done that regarding the Council of States, what is wrong in following that here also ?

Some hon. member said that what I seek to do is unreal. But we are following that

unreal practice in the case of the Council of States. The very name Council of States indicates a House of the States where all the States get equal opportunity. But the principle of equality, about which Shri Bhandari and Shri Salve waxed eloquent is not followed there.

Then somebody asked that why in the matter of distribution of revenues and taxes we should bind ourselves to an out-dated census ? I have got a precedent here, and that also on the authority of the First Finance Commission. In Argentina in the devolution of central taxes and revenues 30 per cent is on the basis of population, and the population figures are not of the preceding census. Here I want to quote the First Finance Commission :

"In Argentina the Federal Government also shares some tax receipts directly with the provinces... still another 30 per cent based on population relying on the 1914 census figures rather than more recent estimates.

So, according to my friends here, Argentina is following out-dated census figures. In that way, they maintained some equality. For those friends who want some precedent I give this precedent from Argentina.

16.00 hrs.

Shri Somnath Chatterjee, while speaking the other day, said that there are certain reasons other than the effective implementation of family planning for the increase of population. He is quite right. Because he hails from West Bengal, he quoted his example. There migration is a great problem. During 1957 when the Second Finance Commission visited Calcutta, the then Chief Minister of West Bengal argued this case. He said that migration should be taken into account while deciding the share of Central taxes. I think the Second Finance Commission has given a sufficient answer for this problem. It said:—

"We are aware that a continuous stream of refugees has been coming into West Bengal from East Bengal since the census. We do not think it right to readjust the population of West Bengal on this account as other factors, such as variations in birth and death rates, inter-State migration etc., may have produced changes of population in other States also."

So, in their recommendation they did not take into consideration the migration aspect of it, but regarding grants-in-aid under article 275 they have taken it into consideration.

The most uncharitable criticism came from Shri Salve, if I may say so. He is a vendor of statistics. because he is a reputed chartered accountant by profession. Regarding my figures, he repeated the remark of Mark Twain that there are lies, damn lies and statistics. I understand, he has been to America for giving professional advice; he had been to Pakistan for arguing before the income-tax tribunal there and I do not know whether he armed himself with lies, damn lies or statistics.

He also said—I want to quote from his speech—it makes little difference to people whether there are 30 representatives from Tamil Nadu or there are 31, 32, 33, 34 or 35. But we do care. Perhaps, his party may not care; that is why, they lost some of the bye-elections in Nagpur and West Bengal. But we do care; our people do care. In the coming years we have got some definite methods for family planning. For a long time family planning was a guessing game played in a dark room. Now some light has been thrown on to it. In the other House there was the Bill to liberalise abortion. Euphemistically it is called the Medical Termination of Pregnancy Bill.

SHRI N. K. P. SALVE : The Minister has said that family planning has been more efficaciously and effectively implemented in Maharashtra and Kerala. I did not have these figures; therefore, I did not raise that point. If this is the correct position, the basis of your argument is knocked off.

SHRI MURASOLI MARAN : I cannot compete with the hon. Minister in giving figures.

SHRI N. K. P. SALVE : Statistics again :

SHRI MURASOLI MARAN : Yes. But in the statement of objects and reasons I have put Tamil Nadu because I know Tamil Nadu and have put Tamil Nadu as an example. May be, Maharashtra may be effectively implementing family planning. I speak for Maharashtra also, I speak for all States which

[Shri Murasoli Maran]

are effectively implementing the family planning programme.

I think, the birth rate can be made stationary in future. Dr. Chandrasekhar, when he was Minister here, talks about certain contraceptive injections which can prevent pregnancy for some years. With these methods we can arrive at a stationary birth rate. It may take a decade or two or three decades. Until then, we have to adopt some method or the other.

The Minister said that we are getting more and more Plan assistance. But I can quote another set of figures. In the First Plan we got 10.8 per cent of the total Central assistance for all States put together. In the Second Plan it was 9 per cent; in the Third Plan it was 7.4 per cent; in the original Fourth Plan (1966-71) we got 7 per cent; in the annual plans (1966-69) we got 6.7 per cent; in the Draft Fourth Plan (1969-74) it is 5.7 per cent. Year by year, Plan by plan our assistance is getting lower. Probably, the population control is one of the reasons. It is not the only reason but it is one of the reasons.

My hon. friend said that we are parochial. But sometimes federalism is mistaken for parochialism. Mr. Salve advised us that we should think like Indians first and Indians last. We are second to none in thinking like Indians first and Indians last. We are not only thinking like Indians but we are acting like Indians. We are effectively implementing the family planning programme.

Our population is equivalent to 6 Brazils, 9 Nigerias, 15 Egypts and more than 50 Kenyas to which we are adding each year the population of an Australia or Peru. That is why we are effectively implementing the family planning programme. We are in the forefront of the family planning programme.

You have said that your Health Ministry has approached the Cabinet. Mr. K.K. Shah, when he was Minister here, in a press conference held in October, 1970, said, "The population in 1966 should be the basis for allotment of funds to the States and any additional birth should not be reckoned with." I think, that idea is being pursued now. If you do not consider this point, if you do not consider

reduction of population because of effective family planning programme, our people will ask : Why should we adopt this method effectively when by adopting this, our representation in Parliament is getting reduced, our Central assistance is getting reduced and our devolution of Central taxes is getting reduced? So, the time has come when the people may think otherwise and it will give a set-back to the family planning programme. That is why I urge upon the Government to do something about it.

Forget about Tamil Nadu. I have no fetish for 1951 census figures. You may put some year according to the consensus arrived at by the N.D.C. Probably, the National Development Council may be the proper forum for that. I say, it should be 1951 basis. But then the Central Family Planning Council which met at Bhopal during November, 1969 strongly recommended that the estimated population in 1968 should continue to be the basis of representation in Parliament and the allocation to States for the next 15 years. They have suggested 15 years. Why ? The reason is simple. Very soon, we would have attained uniformity of targets regarding family planning programme. So, at least, for some years to come, until we arrive at a uniformity of targets regarding family planning programme, something should be done. Otherwise, we will be setting the clock back in regard to the family planning programme.

As the hon. Minister rightly pointed out, the main purpose of any Private Member's Bill is not that it will be passed unanimously or with a majority. We are focussing the attention of the House and of the Government through this so that sometimes it may set afloat ideas which with influx of time may catch up the minds of the people and force the Government to bring forward a suitable legislation.

I think, I have partially achieved the object. So, I am not pressing for this Bill. I withdraw the Bill.

MR. DEPUTY SPEAKER : Has he the leave of the House to withdraw the Bill.

HON. MEMBERS : Yes.

The Bill was, by leave, withdrawn.

CONSTITUTION (AMENDMENT) BILL

(Insertion of new articles 23A and 23B)

DR. KARNI SINGH (Bikaner) : Mr. Deputy-Speaker, Sir, I move :

"That the Bill further to amend the Constitution of India be taken into consideration."

The object of this Bill is to insert two clauses after Section 23 in the Constitution :

"23A. (1) All children of the age of fourteen years or less shall have the right to free education.

(2) Education shall be compulsory for all children till they have completed the age of fourteen years.

23B. The State shall provide monetary assistance to every citizen who has completed the age sixty years or remains chronically ill or is permanently incapacitated or disabled and has nothing to fall back upon and is unable to fend for himself."

I sincerely hope that the Government will consider accepting this Bill or coming forward with one of their own to see that the Directive Principles of the Constitution with regard to free and compulsory education for children under 14 years and some form of old-age insurance are implemented. I believe that the cost will be in the vicinity of Rs. 10 crores a year. I am sure hon. Members will agree this is not much and this is not a vast sum considering the large number of levies of taxation that Mr. Chavan has recently introduced.

[DR. SARADISH ROY *in the Chair*]

16.10 hrs.

The object of my bill is to give legal effect substantially to what is contained in Article 41, and Art. 45 of the Constitution. Art. 41 and Art. 45, being in the nature of Directive Principles, are not justiciable and as such not enforceable by the courts. Article 41 reads :

"The State shall, within the limits of its economic capacity and development, make effective provision for securing the right to work, to education and to public assistance

in cases of unemployment old age, sickness and disablement and in other cases of undeserved want."

Article 45 reads :

"The State shall endeavour to provide within a period of ten years....."

It is well over that period now—

"from the commencement of this Constitution, for free and compulsory education for all children until they complete the age of fourteen years."

I need not stress the need of education particularly to the school-going children of under 14 years of age. This is very necessary in a developing country like ours. The House is no doubt aware that more than 50% of Indian population is below 21. I do not know what their correct number is, but I think, a considerable number is below 14.

Government's preaching of socialism and *garibi hatao* will not mean anything if it cannot implement the directive Principles of the Constitution and give compulsory education to children below 14 years of age. Just like the United States or Britain or other advanced countries, India has to give social security to the aged above 60, because, we have got to accept the fact as society develops, a time is to come when the children will not take care of their parents, and the Government of the State has to step in. The State collects taxes and the taxes we have are expropriatory. In such a situation I don't think the State can absolve itself of the need to follow the Directive Principles enshrined in our Constitution.

If you want to build a great India, you need highly qualified young men and women. If you go out in the villages, in spite of the efforts claimed to be made for education, you find that many children are virtually illiterate. Even in respect of the question of Family Planning, if those programmes have to be a success, you have to educate the people. Without proper education, that will not be a success.

I can tell about my own State, Rajasthan; if you go in the villages, in the desert area, you will find that the children have no cloth to

[Dr. Karni Singh]

wear, and these areas face famine conditions. This Congress Government in Rajasthan asks them to pay 50% amount before a school can be built. What kind of a welfare State is this ? I can understand *garibi hatao* at the election time. But, what about the responsibility of the Government ? Can you not provide free schools even after so many years of independence ? If you cannot give free schools but ask the people to make the contribution, then I ask what kind of a Welfare State is this ? What are you doing ?

We have heard so much of the slogan *garibi hatao* in the election time. Mr. Palkhiwala put it beautifully the other day. He said, during the election time it is *garibi hatao*. After the election time it is *amiri hatao*. Even a 10 year old child, if he is given one meal, will be able to say *amiri hatao*.

But *garibi hatao* which sounds jolly well is a much more difficult thing. If the Government fails to *garibi hatao* and I am sure they are going to, because it will take them a good many 20 years before any semblance of *garibi hatao* is seen in this country, then confiscatory taxation would be the only way, and 10 or 20 or 50 or 100 or 200 or 500 families will be finished and pilloried and that would be the end of it. But as for the man in the street, how do you reach him ? If the Government today is interested only in seats and in its slogans, and is not even prepared to put through what is written in the Constitution, then I tell you that this Government has failed, and, therefore, I request them with all earnestness—because today we in the Opposition do not have much of votes—that if they do not accept my Bill, they should come forward with some sort of legislation which will give old age insurance, which will look after our old people and sick people and give free compulsory education to everybody. A Bill like this is long overdue and the time has come when we must take stock of the situation.

The directive principles are not intended to be merely moral precepts and empty platitudes as was made clear by Dr. Ambedkar himself who said :

“It is the intention of the Assembly that in future both the legislature and the executive should not merely pay lipservice

to these principles but they should be made the basis of legislation and executive action that may be taken hereafter in the matter of governance of the country.”

The mandate of article 41 has been ignored hitherto and no adequate provision has been made securing public assistance in case of old age, sickness and disablement and other cases of undeserved want. Old age insurance and social security are some things that India needs today. If you talk about socialism in one way, then you have got to provide the other socialistic amenities that go with it and that follow as a corollary.

In a democracy, education is a must. I do not know whether our country is to remain a democracy or it will go the communist way. This is for the nation to decide. But I do feel that as long as India is a democracy, as long as the people choose their government and as long as the people have the right to decide what type of government they will have, still then education is a must. If we decide ultimately to become a nation or a State where people become just numbers in a computer, that is a different situation.

Right now, I feel that the emphasis on education and on primary compulsory education is so important, that Government cannot sit back and merely defeat my Bill and then say that have no funds. They have the funds. If you look through the budget, you find that the people on the street are today asking what kind of *garibi hatao* is this. I ask you on the floor of this House what kind of *garibi hatao* is this, if you cannot give those people in the villages, to boys and girls who have no clothes to wear, free education, but you go to their parents and say ‘Bring 90 per cent’ ? What kind of welfare State is this ? This is a hoax. The country has had enough of slogans and hoaxes. We want to see something definite. If it is said *Ameeri hatao*, I say OK, but let there be *garibi hatao* as well. But if you do not, by God, you pay for it.

Regarding the directive principles and the philosophy of the Constitution, unfortunately, the impression has gained ground in the organs of the State that because the directive principles set forth in Part IV of the Constitution are expressly made by article 37 unenforceable by courts, these directives are mere pious

hopes not deserving immediate attention. I emphasise that no part of the Constitution is more important than part IV. That part together with Part III embodies the philosophy of our Constitution. To ignore these directives is to ignore the sustenance and the hopes held out to the nation and the very ideals on which our Constitution is built today. *

Twenty years have gone, and the pledge has not been redeemed. Therefore, I very earnestly beg of this House today that this Bill may not be taken lightly as an Opposition Bill that is to be defeated, but hon. Members in this House from all sites who are fully aware and awakened to the needs of the country should realise that without adequate education, this country cannot stand shoulder to shoulder with the other developed countries, and, therefore, they will have to accept this Bill or something like this.

I would like to give this House a very small idea of how other countries have taken care of a similar situation. A provision that finds a distinctive place in any constitutional document is the subject of free education up to a certain standard, to the citizens of a country. It is ensured as a fundamental right and invariably made compulsory. In certain countries such as Ireland, Denmark, Luxembourg, the Netherlands and Colombia, the State provides for free primary education.

Article 83 of the Constitution of the Kingdom of Denmark of June 5, 1915 with the amendments of September 10, 1920 says :

“Children whose parents have not the means to ensure education have the right to free instruction in the public schools.”

The same thing applies today; in our country, the Government has always been looked upon as a *man baap*. Wherever children cannot get education, it is the responsibility of the state to give them free education.

Art. 23 of the Luxemburg Constitution of Oct. 17, 1968 says :

“The state shall ensure that every Luxemburg national receives elementary education. The law shall prescribe the manner in which the cost of public instruction shall be met..”.....

Article 35 of August 5, 1886, stated :

“Primary instruction shall be free in the schools of the state and obligatory to the extent defined by law” Art. 3(IV) of the constitution of the United States of Mexico states.

“Primary education shall be compulsory and shall be given free of charge by the state.”

As to the provision regarding giving public assistance in old age, I would corroborate my point of view by a few illustrations from the constitutions of other countries. Article 45(4) (1) of the Irish constitution says :

“The state pledges itself to safeguard and, wherever necessary, to contribute to the support of the infirm, the widow, the orphan and the aged”.

Article 161 of the Weimar Constitution reads :

“The state shall, with the controlling participation of the insured establish comprehensive scheme of insurance for the conservation of health and of the capacity to work, for the protection of maternity, and for the amelioration of the economic consequences of old age, infirmity and the changing circumstances of life”.

I have gone on and on. You can look all over the developed countries. The poor, the aged, the widows have been taken care of by the State. I feel that now that we have a socialistic budget, which many of us think is verging on communism, the time has come when this Government must take up these important matters.

I do not like to sit back and see my country take second place. I want to see India right out in the forefront. How does India achieve that pride of place ? It would be through education. As long as India's boys and girls are a second class manpower, educated not in the proper manner, half-baked educated people, India will remain a second-rate country. We have to increase the base of our education. The boys going to school and are under 14 years are the ones to be given good education, good discipline and you have to inculcate

[Dr. Karni Singh]

Indian culture into them. Out of that will come a great country.

I hope that the Ministers are not totally obsessed with their election propaganda, because I do agree that the old, the infirm and the aged are unable to vote and therefore can be ignored, but is not fair. Every citizen of this country has equal rights to be provided by the state and irrespective of party slogans during the election, now is the time for this party and this Government to show to the nation that they are in fact serious about raising the standards of living, about taking care of the aged and the infirm and about giving free education to its poor little children who cannot get assistance and cannot educate themselves otherwise.

I will make one last quotation. It will be recalled that the Indian National Congress in its declaration on fundamental rights and duties adopted at its Allahabad session in 1933-34 also included a provision to this effect. Clause 2(b) of the declaration stated :

“The State shall safeguard the interest of industrial workers and shall secure them protection against the economic consequences of old age, sickness and unemployment”.

So they are committed to this. I hope the hon. House will take this Bill into consideration and that this Bill because of its importance not only to a few selected people, but millions of countrymen in our country will receive its due consideration. I commend the Bill.

MR. CHAIRMAN : Motion moved :

“That the Bill further to amend the Constitution of India, be taken into consideration”.

SHRI M. G. DAGA (Pali) : I beg to move :

“That the Bill further to amend the Constitution of India, be referred to a Select Committee consisting of 8 members, namely:—

(1) Shri Chhuttan Lal

(2) Shri Hiralal Doda

(3) Shri Nathuram Mirdha

(4) Shri Shrikishan Modi

(5) Shri Siddhartha Shankar Ray

(6) Shri Nawal Kishore Sharma

(7) Dr. H. P. Sharma; and

(8) Shri S.N. Singh.

with instructions to report by the first day of the next session”.

MR. CHAIRMAN : Both the original motion and the amendment are now before the House.

जो विधेयक पेश किया गया है उसके अंदर आर्टिकल 41 और 45 की ओर ध्यान दिलाया गया है :

“The State shall, within the limits of its economic capacity and development, make effective provision for securing the right to work, to education and to public assistance in cases of unemployment, old age, sickness and disablement, and in other cases of undeserved want.”

कभी कभी कुछ विधेयक इस प्रकार बं लाये जाते हैं जिनमें वास्तविकता को ठीक प्रकार से नहीं रखा जाता। जिस समय राजस्थान में राजा-महाराजाओं का राज्य था उस समय वहाँ एजुकेशन पर डेढ़ करोड़ रुपया खर्च किया जाता था और आज शिक्षा पर 40 करोड़ रुपया खर्च किया जाता है।

डा. कर्णी सिंह : उस समय कोई टैक्स नहीं था।

श्री मूलचन्द डागा : आज तो माननीय सदस्य ने कह दिया कि अगर वहाँ कम्पल्सरी एजुकेशन रखी जाती है तो उसके लिये जो स्कूल खुलेंगे उनके खर्च का 50 परसेंट राज्य को देना होगा। लेकिन यह बात गलत है। यह कोई जरूरी बात नहीं है कि आप रुपया दें। राजा महाराजाओं के समय में जब हम दोहरी गुलामी सहते थे तब एजुकेशन पर डेढ़ करोड़ रुपया खर्च होता था। आज सबाल यह है कि जो राज्य पहले से इतना पिछड़ा हुआ था उसमें उस समय की तुलना में हम आज कहाँ हैं। आपने प्रोजेक्ट्स ऐंड रोजन्स

के स्टेटमेंट में जो फैक्ट्स मेन्शन किये हैं उनसे ऐसा मालूम होता है कि माननीय सदस्य कोई अच्छी भावना लेकर यहां नहीं आये हैं। उन्होंने यह बतलाने की कोशिश की है कि यह गवर्नमेंट और स्टेट्स शिक्षा के मामले में जो चाहें कर सकती हैं। लेकिन इन बातों की तरफ ध्यान न दिला कर उन्होंने एक तरह का इशारा किया और लिखा कि :

“ इनमें जनता की आशाओं और आकांक्षाओं का समावेश है, जो यदि समय रहते पूरी न हुई, तो संविधान का धीरे धीरे ह्यास होता जायेगा। राज्य ने इस सम्बन्ध में अब तक वस्तुतः कुछ भी नहीं किया है। ”

आपने कहा कि राज्य ने अपनी तरफ से इसमें कुछ नहीं किया है।

“ और निर्देशक तत्वों को, जिनकी रक्षा करने का राज्य को निर्देश दिया गया है, उपेक्षा अकर्मण्यता या अवहेलना द्वारा क्षीण होने देना राज्य के लिए उचित और न्यायसंगत नहीं हो सकता। ”

जितने भी वर्ड्स डिक्शनरी में थे उनको उन्होंने लिख दिया। ऐसा कोई भी शब्द नहीं रह गया जिससे ऐसा मालूम हो कि गवर्नमेंट ने कुछ नहीं किया है। आज वास्तविकता तो यह है कि एजुकेशन के मामले में हर एक स्टेट ने विश्वास किया है। आज हजारों, लाखों, करोड़ों की तादाद में बच्चे पढ़ते हैं। माननीय सदस्य ने कहा कि आप गरीबों के लिये क्या करते हैं? मैं समझता हूं कि इस के लिये काफी बजट बन चुके हैं। एम्प्लॉयीज स्टेट इश्योरेंस ऐक्ट बन चुका है, माइका माइन्स लेबर वेल्फेयर फंड ऐक्ट बन चुका है, कोल माइन्स वेल्फेयर फंड ऐक्ट बन चुका है, एम्प्लॉयीज प्राविडेंट फंड ऐक्ट बन चुका है। इतने बजट बने हैं फिर भी किन्हीं किन्हीं जगहों पर ओल्ड एज पेंशन का प्रावधान किया गया है। राजस्थान में अब आदमी 60 साल का हो जाता है और उसके पास कमाने के साधन

नहीं होते हैं तब उसको 30 रु. माहवार मिलता है।

आज जिन स्टेट्स की आर्थिक हालत अच्छी है या जो खर्च करने की स्थिति में हैं वह खर्च करती हैं। पंजाब में प्राइमरी एजुकेशन कम्पल्सरी कर दी गई है। चाहे कोई भी स्टेट हो, सारी स्टेट्स एजुकेशन के मामले में बड़ी बड़ी धनराशियां खर्च कर रही हैं। इसलिये यह कहना उचित नहीं है कि उन्होंने उपेक्षा की है, अकर्मण्यता दिखलाई है या अवहेलना की है। न तो उन्होंने अवहेलना की है, न अकर्मण्यता दिखलाई है और न उपेक्षा की है। सारी स्टेट्स इस बात के लिये सचेत हैं, जागरूक हैं कि ज्यादा से ज्यादा शिक्षा फैले, शिक्षा का प्रचार हो। इस शिक्षा के मामले में जगह जगह चौदह साल तक के बच्चों के पढ़ने का प्रबन्ध किया गया है। आज जितने भी पंचायत क्षेत्र हैं उनमें प्राइमरी स्कूल खोले गये हैं। कहीं कहीं तो हालत यह है कि प्राइमरी स्कूलों में लड़के नहीं हैं, लेकिन टीचर्स हैं। तीन तीन टीचर्स हैं और वहां करीब तीस लड़के हैं या चालीस लड़के हैं। पांच पांच मील के क्षेत्र में एक एक प्राइमरी स्कूल चल रहा है। हर एक विलेज में एक स्कूल है। लेकिन होता क्या है? सीजन के दिनों में काश्तकार के दिनों में टीचर्स बैठे रहते हैं लेकिन लड़के नहीं आते हैं। इन्होंने कहा है कि आर्टिकल 41 और 45 को यह लीगल शेष देना चाहते हैं। लेकिन मैं कहता हूं कि स्टेट्स की हालत अच्छी हो। आप तो जानते हैं कि बहुत सी स्टेट्स की हालत खराब है। यह कहा जाता है कि कम्पल्सरी एजुकेशन कर दी जाए। कम्पल्सरी एजुकेशन करना ठीक है। लेकिन उन काश्तकारों के लड़कों को, उन गरीबों के लड़कों को आप कम्पल्सरी एजुकेशन दे देंगे जो आज बिना के लिए काम करते हैं तो उनकी क्या हालत होगी, क्या इस पर भी आपने विचार किया है।

माननीय सदस्य ने कहा है कि प्रेरणा नहीं है। उन्होंने कहा है कि जरूर पढ़ाएँ हम सब कहते हैं कि न पढ़ाएँ। आपने कहा है कि स्टेट्स

[श्री मूलचन्द डागा]

इसकी अवहेलना कर रही हैं। मैं कहता हूँ कि नहीं कर रही हैं। स्टेट्स का प्रयास, उनका प्रयत्न, उनका सारा ध्यान इस ओर है और वे मेहनत से काम भी कर रही हैं। सभी स्टेट्स इस बात की ओर ध्यान देती हैं कि शिक्षा का प्रसार होना चाहिये और शिक्षा दी भी जा रही है।

मैं पूछना चाहता हूँ कि जब राजा महाराजाओं का राज्य हुआ करता था तब क्या हालत थी? तब उन्होंने क्या किया था? उनकी अपनी जो राजधानी हुआ करती थी वहीं तब शिक्षा का प्रबन्ध किया था। बीकानेर हो गया, जोधपुर हो गया या उदयपुर हो गया या और कोई जगह हो गई। वहीं वे अपने-अपने बालेज खोल दिया करते थे। एक आध स्कूल इधर-उधर खोल दिया जाता था, एक आध गांव में खोल दिया जाता था। लेकिन गांवों की तरफ वे ध्यान नहीं देते थे। आज आप देखें तो आपको पता चलेगा कि गांव गांव में पाठशालाएँ खोल दी गई हैं। माननीय सदस्य ने उठा कर सब्ज बाग दिखाने की कोशिश की है और ऐसा दर्शन की कोशिश की है कि हम संविधान में तरमीम करने के लिए प्रगतिशील कानून ला रहे हैं। प्रगतिशील कानून लाने की उनकी इच्छा नहीं है। आप जो कुछ लाए हैं टीका टिप्पणी करने के खयाल से लाए हैं, यह बताने के लिए अपनी कंस्टिट्यूएँसी में कि आप प्रगतिशील कानून ला रहे हैं, इसको लाए हैं। प्रगतिशील कानून यहां रखने की आपकी इच्छा नहीं है। आपने क्या कहा है? आप कहते हैं कि काम्पल-सैरेली लोगों से पचास प्रतिशत खर्चा लिया जाता है। आपने ऐसा कह कर निराधार और बेसलैस एलीगेशन लगा दिया है—

डा. कर्णी सिंह : नहीं लेते हैं ?

श्री डागा : यह गलत है। आज भी गवर्नमेंट अगर उसके पास पैसा होता है तो देती है, खर्च करती है।

डा. कर्णी सिंह : यह रिकार्ड पर आ गया है।

श्री मूलचन्द डागा : मैं भी एम. एल. ए. रहा हूँ। बराबर स्टेट्स पैसा देती हैं। कितने ही गांवों में स्कूल बने हैं। यह जरूरी है कि वहां कोई काम्पलेशन हो। राजस्थान में किस हद तक एजुकेशन का प्रसार हुआ है, उसके आंकड़े मैं आपको बताने के लिए तैयार हूँ। राजा महाराजाओं के जमाने में जहां एजुकेशन पर हमारे यहां डेढ़ करोड़ रुपया खर्च होता था वहां आज चालीस करोड़ से अधिक खर्च होता है—

DR. KARNI SINGH : Sir, on a point of order. Is the discussion on what happened 50 years ago or are we discussing during the atomic age? The hon. member must try and say whether he agrees with compulsory education or disagrees with it. If he says what happened on 1950 or what had happened in Henry VIII's time, who is interested in it? Do you want to educate your children today or do you not? Do you want compulsory education or not? If you doubt my motives, it is not going to help anyone.

SHRI M.C. DAGA : You quoted certain things.

DR. KARNI SINGH : You can contradict them.

MR. CHAIRMAN : There is no point of order.

श्री मूलचन्द डागा : इन्होंने कहा कि अवहेलना, उपेक्षा, और अनादर हो रहा है। इसका उत्तर मैंने इनको दिया है। इन्होंने राजस्थान की बात कही तो मैंने कहा कि हम भी चाहते हैं कि एजुकेशन हो। क्या पंजाब गवर्नमेंट नहीं कर रही है। मैं चाहता हूँ कि डायरेक्टिव प्रिंसिपलज का सभी स्टेट्स पालन करे। जितना हर स्टेट्स कर सकती है करे। आप तो संविधान में संशोधन करवाना चाहते हैं। लेकिन आप देखें कि कितने ही कानून बन चुके हैं लेबर के बास्ते। कम्पेंसेशन एक्ट है। ओल्ड एज है। जिन फैक्ट्रीज पर ये कानून लागू होते हैं, वहां लेबर को फायदा पहुंचता है। क्या पहले जमाने में कोई ऐसे कानून थे? आज भी राजस्थान में कम से कम चौदह लाख

रुपया उन लोगों को मिलता है जो कामाने के लायक नहीं हैं। सालहा साल मिलता रहता है। हर आदमी जो काम नहीं सकता है, कामाने की स्थिति में नहीं है और साठ साल से ऊपर का हो गया है, उसे मिलता है—

डा. कर्णो सिंह : ओल्ड एज पेंशन का कानून बनाने के क्या आप खिलाफ हैं ?

श्री मूलचन्द डागा : वह होना चाहिये। संविधान का मंशा भी यही है। स्टेट्स को कोशिश करनी चाहिये, एंडेवर करना चाहिये। यह जरूरी नहीं है कि आर्टिकल 41 और 45 का सहारा लेकर इसको कराया जाए। स्टेट्स की जितनी ताकत है उसके मुताबिक़ उनको भरना चाहिये, आर्थिक हालत को देखते हुए ज्यादा से ज्यादा करना चाहिये—

श्री क. ना. तिवारी (बेतिया) : होना चाहिये या नहीं होना चाहिये ?

श्री मूलचन्द डागा : मैं समझता हूं कि कम्पलसरी और मैडेटरी होना जरूरी नहीं है।

श्री नवल किशोरसिंह (मुजफ्फरपुर) : सभापति महोदय, मैं माननीय सदस्य का कृतज्ञ हूं कि उन्होंने राज्य की विदेश नीति की ओर इस सदन का ध्यान आकर्षित किया है। मैं विश्वास करता हूं कि जब हम भविष्य में राज्य की निदेशक नीति के आधार पर कोई कार्यक्रम सदन में लायेंगे, तो वह भी इस बात को याद रखेंगे। हम देखते हैं कि राज्य की निदेशक नीति से सम्बन्धित जो बातें कुछ माननीय सदस्यों के काम की होती हैं, उन को तो वे याद करते हैं, लेकिन जब हम कोई अनवेलकम बात जैसे, आर्थिक विषमता दूर करने का प्रयास राज्य की निदेशक नीति से निजाल कर सदन और देश के सामने पेश करते हैं, तो उधर बैठे हुए कई माननीय मित्र उसका विरोध करने लगते हैं। इसमें कोई सन्देह नहीं है कि जितने विषय की तरफ माननीय सदस्य ने ध्यान आकर्षित किया है, वह आवश्यक और महत्वपूर्ण है।

जिसी भी देश के लिए यह गर्व की बात नहीं हो सकती है कि उसकी जनसंख्या का एक बहुत बड़ा हिस्सा अशिक्षित हो। न ही उसके लिए यह गर्व की बात हो सकती है कि उसके यहां के बड़े लोग संरक्षण-विहीन हों, वृद्धावस्था में उनकी कोई पूछ न हो और वे मारे-मारे फिरें। आजादी के पहले से लेकर आज तक कांग्रेस की जो नीति और कार्यक्रम रहे हैं, वे सब इससे सम्बन्धित रहे हैं। हम हमेशा इस बात की कोशिश करते रहे हैं कि हम राज्य की निदेशक नीतियों पर अमल करते रहें और देश को आगे बढ़ाते रहें।

हम चाहते हैं कि हमारे देश में शीघ्रातिशीघ्र इतने स्कूल हो जायें कि हमारे सभी बच्चे शिक्षा प्राप्त कर सकें। हम चाहते हैं कि हमारे देश में न सिर्फ स्कूल खोले जायें, बल्कि हर एक परिवार की ऐसी अवस्था हो जाये कि वह अपने बच्चों को स्कूल में भेज सके, क्योंकि आज इस बात से कौन इन्कार कर सकता है कि गांवों में रहने वाले बहुत से परिवारों के सामने अपने बच्चों को स्कूल भेजने के सम्बन्ध में व्यावहारिक दिक्कतें हैं।

यह कह देना आसान है कि अपने बच्चों को स्कूल भेजो, लेकिन उन लोगों के सामने आर्थिक और सामाजिक दिक्कतें हैं। जिन गांवों में आज तक पांच, सात, आठ साल की लड़कियों की शादी हो जाती हो, जहां आठ, नौ साल की लड़कियां पर्व में रहने के लिए मजबूर की जाती हों, यदि हम यह उम्मीद करें कि वहां की लड़कियां हमारे स्कूलों में पढ़ने के लिए आयेंगी, तो इस बात को तुरन्त मान लेना मुश्किल है। हमारे सारे कार्यक्रम शून्य, में नहीं बनाये जाते, बल्कि वे कुछ ठोस सच्चाइयों और दिक्कतों को सामने रख कर तैयार किये जाते हैं। हमें इसी तरह से आगे बढ़ना पड़ता है, लेकिन फिर भी हम आगे बढ़ते जाते हैं।

माननीय सदस्य के पास ये आंकड़े होंगे कि आजादी के समय स्कूल जाने वाले लड़कों और लड़कियों की संख्या क्या थी और आज उनकी

[श्री नवल किशोर सिंह]

संख्या क्या है। उनके पास बीकानेर से सम्बन्धित ये आंकड़े होंगे कि इस सम्बन्ध में कितने प्रतिशत वृद्धि हुई है।

शिक्षा पर पैसे लगते हैं।

वृद्धावस्था का पेंशन है। उस में पैसे लगते हैं। यह आसान है कहना कि फलां देश में पेंशन की व्यवस्था है, फलां देश में यह शिक्षा है। लेकिन उसके साथ साथ जरा सा अपना घर भी देखना चाहिए। एक उर्दू का शेर है उसका आधा हिस्सा मुझे याद नहीं है—देखा जो अपना घर अपना घर याद आया।

अमेरिका—

5 percent of the world population 40 per cent of the world income.

Soviet Union—8 per cent of the world population, 11 per cent of the world income.

East European countries Czechoslovakia, Rumania, Bulgaria etc., 6 per cent of the world population and 6 per cent of the world income.

Western Europe—13 per cent of the world population, 23 per cent of the world income.

और हिन्दुस्तान तथा एशिया और अफ्रीका के देश—67 percent of the world population 15 per cent of the world income तो ऐसे देश में अगर पिछड़ापन न हो, बेकारी न हो, गरीबी न हो तो दूसरी चीज क्या होगी? इसलिए मैं माननीय सदस्य को बताना चाहता हूँ कि इच्छा की कमी नहीं है, उत्साह की कमी नहीं है। वह तो रोज रोज प्रगट हो रहा है हमारे कामों से, उनसे सहयोग की कमी जरूर होती है।

दूसरी बात—हमारे संविधान के अनुसार शिक्षा राज्य का विषय है। जहाँ मिस्टर मनोहरन नहीं हैं, लेकिन अगर हम संविधान में संशोधन कर शिक्षा जैसे विषय को भी राज्य से छीनते रहे तो हिन्दुस्तान के फेडरल रूप को वहाँ तक रख सकेंगे, इसमें शंका हो जायेगी। भू-सुधार राज्यों में नहीं हो रहा है। मैं बल कहते कहते रुक

गया कि इसको सेंट्रल सबजेक्ट बनाना चाहिए। आज डा. कर्णी सिंहजी कहते हैं कि शिक्षा को सेंट्रल सबजेक्ट बनाना चाहिए। यह मानना कि हम जहाँ बैठे हैं वहीं सारा काम हो रहा है और जहाँ सेंट्रल सबजेक्ट नहीं है वहाँ कुछ काम नहीं हो रहा है....

डा. कर्णी सिंह : यह मैंने नहीं कहा।

श्री नवल किशोर सिंह : मैं यह कह रहा था कि आपके विधेयक को स्वीकार करना चाहेंगे तो इसके लिए विधान में संशोधन करना होगा और इसको निकालना होगा स्टेट लिस्ट में से। तो जो लोग और बढ़ाना चाहते हैं स्टेट लिस्ट को वह कभी इस को आसानी से नहीं कबूल करेंगे। मैं यह कह रहा हूँ।

वृद्धावस्था के पेंशन की बात है। माननीय सदस्य विदेश गए होंगे। वहाँ उन्हें देखने का मौका मिला होगा। विदेश में और अक्सर यूरोप के देशों में वृद्ध ग्राम नाम के ग्राम बन गए हैं। जितने दिन तक लोग काम करते हैं वह अपनी कमाई का थोड़ा सा हिस्सा जमा करते हैं। जब तक रिटायर होते हैं तब तक वह उस वृद्ध ग्राम में एक फ्लैट खरीदने लायक पैसा जमा कर लेते हैं। जिन्दगी के बाकी दिन वह वहाँ गुजारते हैं। मैंने भी देखा वह गांव, मुझे बहुत अच्छा नहीं लगा, केवल बूढ़े बूढ़े पुरुष और स्त्रियां वहाँ थीं। लेकिन यह वहाँ तो संभव हो सकता है इसलिए कि उनकी कमाई ऐसी है कि वह उसमें से जमा कर सकते हैं। लेकिन हमारे यहाँ आज कितने लोग ऐसे हैं कि जिनकी कमाई ऐसी है कि जिससे वह कुछ पैसा निरन्तर जमा कर सकते हैं जिससे कि उन्हें बुढ़ापे में एक मकान दस पन्द्रह साल जिन्दगी के बाकी दिन गुजारने के लिए मिल जाय? जो हमारे देश की औसत कमाई है मध्यम वर्ग की वह तो ऐसी नहीं है कि ऐसी व्यवस्था हो सके और इसका सारा बोझ राज्य पर पड़ जाय तो मैं नहीं समझता हूँ कि हमारे पास काफी इस काम

के लिए पैसे हो सकते हैं, चाहे यह उद्देश्य कितना ही अच्छा क्यों न हो ?

माननीय सदस्य ने इन सारे ही कामों में खर्च दस करोड़ बताया। यह गिनती मैं नहीं समझ पाता। सारे देश में फ्री कम्प्यूटरी एजुकेशन इंट्रोड्यूस करने का सवाल है, सारे देश में ओल्ड एज पेंशन इंट्रोड्यूस करने का सवाल है और खर्च केवल दस करोड़, मैं समझता हूँ कि 200 करोड़ भी इसके लिए कम है अगर 55-56 करोड़ पापुलेशन की बात सोचें। इसलिए यह जो आंकड़े हैं मुझे कुछ ऐसा मालूम होता है कि नीयत तो ज़रूर माननीय सदस्य की अच्छी होगी लेकिन नीयत अच्छी होने पर भी कभी कभी कुछ अपनी परिस्थिति का ज्ञान जब होता है तो उसमें कुछ खामी आ जाती है, इसलिए यह दस करोड़ रखे गए हैं।

मुझसे अभी कहा जा रहा है कि 900 करोड़ रुपया इस पर लगेगा, जिसकी कि माननीय सदस्य ने 10 करोड़ कहा है। हमारे देश में सिचाई चाहिये, हमारे देश में बिजली चाहिये, हमारे देश में मकान चाहिये, हमारे देश में रोजगार के मौके चाहिये, हमारे देश में सड़कें चाहिये, बंगला देश के शरणार्थियों के लिए रुपये चाहिये और हमारी सीमाओं की रक्षा भी होनी चाहिये और उसके साथ साथ इस काम के लिये 900 करोड़ रुपया चाहिये—ऐसी स्थिति में समाप्ति महोदय आप स्वयं देख सकते हैं कि इस योजना को पूरा करने में क्या कठिनाइयाँ हैं।

मैं माननीय सदस्य को एक बात और बतलाना चाहता हूँ—श्री मोहन लाल मुवाड़िया को घन्यवाद है कि उनके कारण या उन की पार्टी के कारण माननीय सदस्य को अभी इस बात का तजुर्बा नहीं हुआ है। लेकिन मेरे सूत्रों में 1971 से लेकर आज तक 9 सरकारें बन चुकी हैं इस समय नवीं सरकार चल रही है। हमारे यहाँ भारत सरकार ने जो 30 हजार टीचिंग यूनिट्स दिये थे वे पाँच साल से रखे हुए हैं यानी नये स्कूल खोलने के यूनिट्स और इन 9 सरकारों ने पिछले पाँच सालों में 30 हजार यूनिट्स भी बांटने का काम नहीं किया।

इस लिये मैं कहना चाहता हूँ कि जहाँ इस तरह की पोलिटिकल इन-स्टेबिल्टी हो वहाँ भारत सरकार थोड़ा-बहुत रुपया देकर भी क्या मदद पहुँचा सकती है। इस लिये इन तमाम राजनीतिक, सामाजिक और आर्थिक परिस्थितियों को देखते हुए मैं समझता हूँ कि यह विधेयक हमारे काम का नहीं है। इसके भावों से इसके विचारों से इसके सिद्धान्तों से सहमत होते हुए भी मैं विनम्रतापूर्वक इसका विरोध करता हूँ।

SHRI R. D. BHANDARE (Bombay Central): Mr. Chairman, I respect the sentiments of the Mover of the Bill. I also agree with the principles enunciated in the Bill by the Mover. According to my view, this Government has totally failed to implement the principles enunciated in the Directive Principles of State Policy. It was envisaged by the founding fathers of the Constitution that article 45 and the principles underlying it would be implemented within ten years and compulsory primary education would be provided for all children below 14 years of age.

What is the position today obtainable in different States? Barring one or two States, no State has tried or made sincere efforts to implement the principle of the Directive Principles enunciated in both these articles, which my learned friend, Dr. Karni Singh, the Mover of the Bill, wants to make justiciable because, I know that he feels frustrated that by retaining these in the Directive Principles, the party in power is not prepared to implement those principles. Therefore, it is far better, according to his view, that these principles must be made justiciable. I, therefore, say that I entirely agree with him so far as the principles are concerned.

I need not mention that education, as Pandit Jawaharlal Nehru has put it, is an investment in man. How far this Government has put this investment in man, is the question of questions. I have not got the figures today but since I happen to deal with the problem of primary education, I know the position available in different States. It was envisaged, as I said in the beginning, by the founding fathers of the Constitution that this principle would be implemented within

[Shri R. D. Bhandare]

ten years but to my great surprise and shock, when I go through the programme and the figures of some of the States, I find that some of the States will take more than 20 or 25 years or, even 30 or 35 years, to implement the programme of primary education, to implement the principle enunciated in the Directive Principles. Dr. Ambedkar was justified in saying that these Directive Principles are not pious platitudes and that they are the instruments of instruction given to the party in power. I, therefore, accuse the party that it has totally failed to implement the principles.

Take an illustration of some States like, U. P., Bihar, etc. They will take nearly 50 years at least to implement the Directive Principles. Therefore, the mover of the Bill thought it wise to make the Directive Principles justiciable. May I in all humbleness and humility ask the mover of the Bill, supposing we make the directive principles justiciable does he really think that the Government in power, the party in power, is in a position to implement these principles? Therefore, what is the use of just dreaming, thinking, of getting the moon when we cannot walk on the earth properly?

DR. KARNI SINGH : You don't honestly think it is within our powers to give free and compulsory education. I have great respect for you. I want to understand.

SHRI R. D. BHANDARE : I have the greatest respect for you. I know the position obtaining in different States.

SHRI K. S. CHAVDA (PATAN) : In Gujarat, there is compulsory education.

SHRI R. D. BHANDARE : Unfortunately, I have not got the figures. Otherwise, I would have thrown these figures to representatives of different States. All the States cannot be measured with the same rod in so far as the implementation of the Directive Principles regarding primary education is concerned. From That point of view, and I know the practical difficulties, I do not know whether by translating these principles into justiciable principles, it will be possible for the country to implement them in the near future. राज्यों में

The States are doing their best. I may honestly tell you that the party in power is doing their best. But in spite of the efforts that have been directed to implement the principles regarding primary education, some of the States are not in a position.....

SHRI K. N. TIWARY : You have heard about Bihar that it has not utilised grants given to it.

SHRI R.D. BHANDARE : I am aware of the fact. Whatever amount is allocated for primary education is not utilised even for that purpose. I am aware of it. I do not want to reflect upon the States.

My quarrel is with the Planning Commission itself. In the Planning Commission, "education" as a subject is missing, if not in toto, to a greater extent. The Planning Commission has not given their necessary, wise, thought this problem that education is an investment in man. The policy is also varying from State to State. I do not agree with the hon. Member who spoke just now that education should not be made the Central subject. It should be made the concurrent subject. Then only, it will be the duty of the Centre in that event to play a more important part or rather plead with the Planning Commission for more allocation to education. But, as I was trying to tell Dr. Karni Singh, some of the States will take 25 years or more with the speed and with the necessary amount of allocation made for primary education to implement these principles.

It is an absolute necessity that every child of 14 years must be given education. In spite of the fact that we have, after Independence, tried to implement three Five-year Plans, the base of illiteracy is increasing. I hope the House will not be surprised to know that illiteracy is increasing in the country. We are trying to remove illiteracy. We find that the number of illiterates is increasing. I want to impress upon the Planning Commission and upon the Government that they should find more money for the subject of Education, and Primary Education, especially.

There are different factors which are responsible for the increasing illiteracy that we find; I am not enumerating those factors. But what I feel is that by making these principles justiciable the country will not be in

a better position, but there will be more litigation. If a person like me could go to the court and that I need not engage the services of advocate, I could put the Government in trouble. So, by going to the court and asking the Government to implement these Directive Principles, the problem will not be solved. Even Dr. Karni Singh may go to the court. I know he will not go to the court. He is not litigation-minded.

Any person would like the poor and the downtrodden and the Scheduled Castes and Tribes and our poor peasants and workers to get free education. Therefore, I am anxious about this. I want that this principle should be implemented. But if everybody goes to court what will happen? I am not the only person. There are thousands and thousands of other persons who may go to the court to enforce these Directive Principles and to force the Government. I wish to tell Dr. Karni Singh that by making the Principles justiciable the practical proposition will not be changed.

With these words, I request Dr. Karni Singh to withdraw his Bill. He has sufficiently focussed the attention of the Government and the general public to this problem. I will also prevail upon the Government, and if I am in a position, I can even pressurise the Government, that more allocation must be made for primary education, because, education is the birthright of every individual and every citizen. This must be made available to every citizen of the country. How can we afford the children to go without education?

17 hrs.

Yesterday we heard the Finance Minister telling us about the allocations made for Education. I know, we are in difficulty due to Swadheen Bangla problem which is there. Let us hope that the Swadheen Bangla and the refugees coming in, will be a temporary problem. But, still, with such baffling problems it is not possible for us, for our Government to implement the programmes immediately. That does not necessarily mean that I am not one who would not pressurise the Government for making more provision for education.

With these words, may I repeat my request? Since Dr. Karni Singh has sufficiently focussed the attention of the House and of the Government and the people of the country to this problem, I request that he may not press for the passing of this Bill.

SHRI DASARATHA DEB (Tripura East) : I support the views and aspirations which have been expressed in the speeches on this Bill. If education is not propagated, if large number of people are illiterate, the country cannot advance. It has rightly been said that education is the birth-right of the human being.

If we are to eradicate illiteracy, how can it be done? Large number of people of our country are poor; large number are unemployed; people can not afford even proper food and they cannot bear the expenses of their children going to the schools for getting education. Therefore, it is high time that the Government comes forward to allow each and every children to receive free education. If our present Constitution stands in the way of giving free education. Government should come forward with a Bill to remove that difficulty and to introduce free and compulsory education throughout the country.

An argument has been put forward that if we had a Bill seeking to amend the Constitution for this purpose, then it might take away the federal structure of our States. I would submit that there is no question of its taking away the federal character of the States. Rather, we shall have to give more power to the States. In fact, there is a demand for giving more powers to the States. So, at least some sort of encouragement could be provided whereby each State would be encouraged to introduce free and compulsory education in their areas. But as the financial position of many States stands today, we find that most of our States may not be in a position to bear such a huge expenditure. Therefore, the States will have to be subsidised by the Centre, and the Centre should take the responsibility for having the scheme implemented.

If I were to refer to the educational facilities in the communist or socialist countries, it is quite likely that some hon. Member may feel allergic or may feel it a little inconvenient. But I would point out that in the Socialist countries like Russia, China and other places, education is absolutely free, and the parents do not have to bear any expenses in this regard.

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : Only the people are not free.

SHRI DASARATHA DEB : Everybody is free. After all, why should the capitalists be free? Without eliminating capitalists, you cannot build socialism. Without eliminating the big people and without eliminating the smugglers and others, you cannot improve the condition of the poorer classes. If you are to raise their standard of living, you have to put some restrictions on the capitalists.

So far as the present Bill is concerned, I also feel that free and compulsory education must be there. If you leave the common man to his fate, then I am afraid that even after a hundred years, the common man would not be in a position to give education to his children, and democracy would be a farce in our country with a large number of illiterate persons, and at that rate, we cannot think of the prosperity of the country at all. So, one of the most important things is to have the spread of education so that we have more enlightened people.

I also agree that there should be some old-age pension. Of course, at the present juncture, our country may not afford this fully; so, at least, there should be pensions given from Government to those old men who have none to support them in their old age.

I do not know whether under this Government that thing will come. However, we should make our endeavour. There should not be any difference of opinion in this respect. Therefore, I support the principles and aspirations enunciated in the Bill.

PROF. S.L. SAKSENA (Maharaj Ganj) : The House must thank Dr. Karni Singh for having brought forward this Bill. I have been surprised and amazed at the opposition which has come from some members of the Congress. I never expected it. It was the Congress Party, which sponsored this directive principle in the Constituent Assembly—I was a member of the Party at that time and took part in the deliberations of the Constituent Assembly—and we had put that clause in the directive principles. There was considerable discussion on it and everybody was agreed that within ten years we would be able to achieve the objective of bringing every child upto 14 years of age to school. But 21 years have elapsed since the Constitution was brought into force. Yet

we are sorry to find that not even 30 per cent of our children upto 14 years of age are at school today therefore, I am grateful to Dr. Karni Singh for bringing forward this Bill.

Some of my friends opposite have said that it is impracticable and this directive Principle could not be made justiciable. I ask the House how are we going to make it effective otherwise. Poor people whose children earn and supplement the family incomes and who cannot economically afford will never send their children to school. These poor people make use of the children for grazing cattle sheep and for doing some other profitable work. So unless we introduce an element of compulsion, that the children must go to school even if the family has to starve a bit, we will not be able to bring about universal primary education of children upto age of 14.

It has been said that universal primary education would take 50 or even 100 years to be brought about. I have been to China four times. The first time I went in 1952, three years after then new Government took over there. I was amazed to find that almost every adult, every child, was being educated there. They were able to do it within a period of 4 years.

How have they done it? They have a bigger population but they have done it by their determination, by giving top importance to education. We do not give education that importance in our system of planning. The Planning Commission has given it a low priority. You will never be prosperous and great unless you give top priority to education. Mahatma Gandhi realised it and he was trying to enforce his scheme of compulsory basic education to children upto 14 years so that our children could get education and also for it at the same time by the products of their handicrafts for he was also aware that it was a costly affair. I think Dr. Karni Singh has underestimated the cost, it will cost at least Rs. 1000 crores every year, I mean the cost of compulsory education of all children up to 14 years of age in the whole country. It is a very big sum. But it has to be found if we wish to become a great nation. I therefore think that unless some stern measures are taken, unless Dr. Karni Singh's Bill is passed and the Government is forced to implement, it

there will be no end to this problem of illiteracy and the Directive Principle will never be implemented. I therefore hope that the House will accept this Bill. Government is guilty that it has not still fulfilled the promise that has been made in the directive principles of the Constitution 21 years ago. Yesterday a big speech was made by the Finance Minister. But in it he did not give education the importance that was due to it. I hope now that the attention has been brought to be focussed on it by Dr. Karni Singh, Government will see to it that they implement this directive principle by enforcing the Bill brought forward by Dr. Karni Singh.

Socialism is our slogan. I have gone to almost all the socialist countries in the world several times and the most important thing that I have seen there is that their children are given the best education. As soon as a child is born, it has to be kept in a nursery up to 3 years of age and in a kindergarten up to seven years of age, then it is given free and compulsory general education, up to 16 years of age. All though the child is nursed and looked after in such a wonderful manner that you cannot imagine. The children of the poorest and the wealthiest are kept together in the nursery and the kindergarten during the hours of the day and they are given all the very best care, education and nourishment that they need. They are educated in nursery for 3 years from the beginning and in the kindergarten up to the age of seven. From then on up to 16 years they are given general education. After that the most brilliant among them are taken to the universities and the others go to workshops to learn various trades according to their aptitudes. China which was very poor and had at the same time a vast population has done this and I see no reason why we cannot do this. There must be determination. We must not be afraid of the difficulties. We must face them.

श्री चिन्मय मिश्र (मोतीहारी) : सम्भाषित महोदय मैं यह बिल लाने के लिए श्री वर्णी सिंह को धन्यवाद देता हूँ। लेकिन सर्व प्रथम मैं यह कहना चाहता हूँ कि यह बजट सेशन चल रहा है। माननीय सदस्य चाहते हैं कि बच्चों के लिए फ्री कॉम्पलसरी एजुकेशन की व्यवस्था की जाये और जो बूढ़े या बीमार हैं उनको राहत दी

जाये। मैं निवेदन करना चाहता हूँ कि हमारे बच्चों को प्रोटीन का अच्छा खाना मिले इसके लिए मैंने पर टैक्स लगाया गया। लेकिन सब तरफ से उसका विरोध हुआ। इसका नतीजा यह हुआ कि वित्त मंत्री ने वह टैक्स हटा दिया।

सभी माननीय सदस्य इस सदन में कहते हैं कि यह होना चाहिए, वह होना चाहिए—हेतु हेतु मध्य भूतने। लेकिन इन सब कामों के लिए पैसा कहाँ से आये? जब सरकार कोई टैक्स लगाती है, तो उस समय सब तरफ से उसका विरोध होता है। अगर श्री कर्णी सिंह भी राणा प्रताप की तरह चढ़ाई पर सोने का वादा करते, वह देते कि सरकार उनके धन-दौलत और प्रिवीलेज को ले ले, ताकि सरकार फ्री एंड कॉम्पलसरी एजुकेशन जारी करे और बूढ़े, अपाहिज और अयोग्य लोगों को सहायता करे, अगर इस देश के धनी लोग सरकार को अपना खजाना आफर कर देते, तो इस देश में समाजवाद आ जाता और इस प्रकार की सब योजनाएँ भी कार्यान्वित हो सकती हैं।

मैंने श्री दशरथ देव को पहले भी इस सदन में देखा था। अब वह फिर चुन कर आये हैं।

सोशलिज्म का नाम तो गंध लेते हैं। लेकिन पैसा कहाँ से आए? सोशलिज्म का तो असली मतलब है कि हर आदमी अपनी शक्ति के अनुसार काम करे और न्यूनतम आवश्यकता के अनुसार ले। इसमें देखा जाय कि इस सदन में बितने आदमी हैं जो अपनी शक्ति के अनुसार काम करते हैं और अपनी न्यूनतम आवश्यकता के अनुसार लेते हैं तो साल में 6 महीने लोकसभा का बैठक होती है, ऐसे ही हम लोग भाषण देते हैं और काम की बात मेरे जानते शायद कुछ होती है। इस बिल के लिए मैं यह कहूँगा कि हमारे जितने भाई सेठ, राजा महाराजा और बड़े-बड़े पैसे वाले लोग हैं वही इन्होंने कहा कि भाई, इस तरह का टैक्स लगाओ?

श्री अटल बिहारी वाजपेयी : कहा था।

श्री बिभूति सिन्धु : देखिए, आपने जो कहा है वह आपने ऐसे दांत से कहा है कि बिल्ली अपने बच्चे को भी उसी दांत से उठाती है और चूहे को भी उसी दांत से पकड़ती है। अगर आप यह कहते, सबसे पहले आप ग्वालियर से आए हैं तो ग्वालियर की महारानी का जो इतना बड़ा महल है यूनिवर्सिटी के पास, वह महल बच्चों के फ्री कॉम्पलसरी एजुकेशन के लिए दे दिया जाये यह आप कहते, और सारे राजे महाराजे यह कहते कि उनका महल उनका खजाना इस काम के लिए ले लिया जाये तो आज हिन्दुस्तान का यह परिस्थिति नहीं होती। तो यह जो विशफुल थिंकिंग है इससे क्या फायदा? यह बिल लाने से क्या फायदा जब हम इसके लिए त्याग करने को तैयार नहीं हैं। वैसे यह बिल बहुत अच्छा है और एक राजा की तरफ से आया है। मैं चाहूंगा कि राजा साहब इसका नमूना पेश करें। हम बीनानेर गए थे, माननीय समाप्ति महोदय भी गए थे, हमने आपका महल देखा है, वह गोखले साहब को आप दे दें और जो आपका खजाना है, जवाहरात हैं पुराने वह दे दें तो फ्री एजुकेशन का इन्तजाम हो जाये और बूढ़ों और अनाहियों का इन्तजाम भी हो जाये और आपको हम लोग उसके लिये धन्यवाद देंगे। आपके पिताजी ने गंगा नहर एक बनायी तो उसके नाम पर कितनी दफा बोट लेकर जीत कर आ गए। अब यह एजुकेशन के लिए और बूढ़ों के लिए भी कर दें तो हम लोग आपको धन्यवाद देंगे। बिल की स्पिरिट का हम समर्थन करते हैं और मैं चाहूंगा कि सरकार जब इस तरह का टैक्स लगाए तो कहीं से भी इस का विरोध नहीं होना चाहिए। यही मुझे कहना है।

SHRI NARAIN CHAND PARASHAR (Hamirpur): Mr Chairman, Sir, it is always a pleasure to speak on education and more so when the intentions of the Mover of the Bill for the amendment of the Constitution are being appreciated on both sides of the House.

But there is a very interesting lacuna that I find in the discussion that has gone on so far.

Education is being equated with instruction. May I remind the Honorable Members that education comes from the Latin root *Educo* which means to draw, to draw out the best in man and the best in the child and develop his capacity to the maximum and the best. Unless we do that, we are not imparting any education; we are simply filling his mind with barren facts, and that is a useless waste of time, energy and resources.

When I go to visit some schools in my own State, and in other States of the country, I feel terribly upset to see that the children who study there, have nothing to learn. May I bring to your notice that there are schools where there are more than 100 students in a class? The education as defined by an eminent educationist as collision of one mind with another, that is hardly the education which we impart. There should be personal contact between the teacher and the taught, and here are our teachers like me, of course, who are still teaching, but who do not even know the names of the students because the number of students in a class is beyond a hundred, and the number of sections in a class is sometimes beyond seven or 10. What can we hope by way of educating the children if we impart such type of education? What greater misery than this would be fall to the country if we make such an education compulsory? Of course, education will be free, and I support the Bill in so far as it seeks to make education free. Here we talk of primary education, in the countries in the west and even in higher Social state of our own country, there are people who are giving their children preprimary education. There is a greater stress on preprimary education today-what is called nursery education-kindergarten system of education and all that. The word 'kind' is a German word meaning a child, and kindergarten would mean the garden of children. May I request the hon. Mover of the Bill to go to any school and see whether the school is a garden?

I would say, it is terribly becoming a place where mothers would send their children and be happy that the children spend some time here and come back. No body gains anything. Education is terribly becoming a farce. If we equate education with instruction, we are doing a disservice to the country and the society as a whole. We have to see that the children

develop the best capacities in them and learnt the best that is to be learnt in this world.

A great educationist defined education as all that remains after all that has been learnt in the school and college is forgotten. It means, real education is the totality of behaviour; it is the development of taste; and finally, it is the emergency of personality. In our schools, nothing of these three things happens. There is no personality development, no totality of behaviour. Then, what is the idea of amending the Constitution and making education compulsory?

Formerly my constituency was in the Punjab. The Punjab Government, under the leadership of Sardar Pratap Singh Kairon, of whom I was a bitter critic made education compulsory. In his great enthusiasm, he ordered that there should be single teacher schools. Can you imagine a greater fraud than this that there should be five classes to be taught by a single teacher? This is half-baked education. If a teacher has to teach all the subjects to all the students in all the five classes, how can the teacher be expected to do justice to his job? So, education became a farce and it became a hunting ground for some people who wanted more schools to be opened. More and more schools were opened and the standard went down.

The problem in our country is not that education should be compulsory, but to me, a person who is still teaching, the problem seems to be that education should be what education really is. It should be true to its definition of drawing out what is best in the child and developing it to the highest standard possible. I visited a private school run by a Christian Mission in Ludhiana. It was 1964, when the Olympic Hockey was won by us at Tokyo. I found a teacher pointing out to the children the Tokyo city in a map of Asia and telling them, "This is Tokyo. Here are our hockey players at the moment and we have won the match." I know there are schools in many States in India where no map is available. If we mean that the children of the rich should go to schools where education can be of a higher type, if we say that education should be compulsory for all with a vengeance, then what we are doing is, we are filling the children with vacuum. We are not giving them something healthy. If education is to be

a living experience, it has to be selective in approach. More stress should be laid not on primary but on pre-primary education.

Today, if education becomes compulsory, what the poor parents of the children do is, they bribe the shop inspectors and ask them to record the age of the child a little higher, so that they can be employed. I have visited several hotels in Punjab cities where children are employed. If compulsory education is upto 11th year, the age of the children would be entered as twelve and they are employed. So, we viciate the whole process.

I appreciate the sentiments behind the Bill and I appreciate the feelings of the members who have spoken in support of the Bill. But may I remind them that education means the drawing of the best in the man and if we are unable to do it, it would hardly meet the ends which we have in view if we make it compulsory. So, we should aim at real education. Every child should be given the best education that is available so that he gets a fine personality and he becomes an asset to the nation of which we are a part.

श्री भानसिंह भौरा (भटिंडा) : समाप्ति जी, मैं इस बिल के हक में खड़ा हुआ हूँ। यहाँ पर कुछ तकरीरें हुई हैं—इधर से भी उधर से भी। कुछ मेम्बर साहबान ने इसलिये इसको अपोज किया है कि इस बिल को डा० कर्णी सिंह ने पेश किया है। मेरी पार्टी और डा० कर्णी सिंह की पार्टी में, जैसा कि सभी लोग जानते हैं कि डिफरेंसेज है। लेकिन डा० कर्णी सिंह ने जो बिल यहाँ पर पेश किया, है उस पर किसकी डिफरेंस आफ ओपिनियन है यह पता नहीं चला। पाराशर साहब ने यहाँ एजुकेशन पर तबरीर की और कहा कि यह होना चाहिए। क्यों यह नहीं होता च हिए यह किसी ने नहीं कहा। कहा यह जाता है कि पैसा कहाँ से आये। पहले पैसा कहाँ से आता था? तब मंहाने हुए तब आप लोगों में जाकर क्या कह रहे थे? आपने कहा था कि हम समाजवाद लायेंगे तो समाजवाद लाने के लिए यह पहली पौड़ी है। अगर आप यह नहीं करते हैं तो फिर आपका समाजवाद कहाँ से

[श्री भानसिंह भौरा]

आयेगा ? आपने जाकर कहा था कि गरीबी हटाओ, हम समाजवाद लायेंगे। हम भी आपके साथ थे। हमने कहा था कि ठीक है लेकिन अब हो क्या रहा है ? ... (ध्यवसान) ...

सभापति महोदय : आप इसको जनरल डिस्कशन मत बनाइये। आप सीधे बिल पर हों आ जाइये।

श्री भानसिंह भौरा : इस पार्लियामेंट को जो काम 11 साल पहले करना चाहिए था, आर्टिकल 45 के मुताबिक वह हम आज करने जा रहे हैं। आज भी कुछ लोग कहते हैं कि नहीं होगा। मैं समझता हूं यह अच्छी बात है और अगर एजुकेशन कमलसरी हो जाये, बुढ़ापे की पेंशन मिल जाये और राइट टु वर्क भी इनमें आता है। हिन्दुस्तान में गरीबी हटाने की जो बात है उस सिलसिले में सोशलिज्म की तरफ आप एक कदम जरूर आगे बढ़ेंगे।

जहां तक कार्प्शन हटाने की बात है, मैं आपसे कहना चाहता हूं कि अगर यह बात हो जाये यानी अगर एका आदमी को यह पता हो कि मेरे बच्चे को फ्री एजुकेशन मिल जायेगी और उसको पता हो कि जब मैं बूढ़ा होऊंगा तो उस वक्त मेरे खाने के लिए रोटी मिल जायेगी तो यह जो कार्प्शन का मामला है वह भी हल हो जायेगा। और जब तक आप ये बातें नहीं करते हैं तब तक हर एक यही सोचता है कि मैं पैसा इकट्ठा करूंगा ताकि आगे चलकर के बुढ़ापे में वह काम आ सके। इस लिए ये जो बातें हैं—बुढ़ापे में पेंशन की और यह जो फ्री एजुकेशन आप करने जा रहे हैं यह समाजवाद की पहली पौढ़ है। अगर आप यह नहीं करते हैं तो इसका यहाँ मतलब होगा कि आप कहते तो कुछ हैं और करते कुछ हैं। मिनिस्टर साहब यहां बैठे हैं, मैं कहना चाहता हूं कि जहां तक पैसा का सवाल है वह आ सकता है। डा. कर्णी सिंह इस बिल को लाये हैं और दस करोड़ तो डा. कर्णी सिंह आप ही दे देंगे।

डा. कर्णी सिंह : मैं किस तरह से दे दूंगा, यह भी तो फर्माइये।

श्री भान सिंह भौरा : सरकार प्रीवियस को खत्म करे, दस करोड़ अपने आप ही आ जायेगा : ... (ध्यवसान) ...

जब सरकार वह बिल यहां पर लायेगी तो उस वक्त मैं भी डा. साहब से कहूंगा कि आप भी इसका विरोध न कीजिए। इसलिए इस वक्त डा. साहब जो बिल लाये हैं वह बहुत अच्छा है और उस वक्त भी डा. साहब उस बिल का विरोध नहीं कर सकेंगे। हम उनसे कहेंगे कि उस वक्त तो आप यह कहते थे और अब आप क्या कहते हैं। इसलिए मैं गवर्नमेंट से अपील करूंगा कि यह बिल बहुत अच्छा है, इसको डा. साहब लाये हों या कोई दूसरा यह सवाल नहीं है, किसी की तरफ से आया हो इसको मान लेना चाहिए। इन शब्दों के साथ मैं इसको सपोर्ट करता हूं और उम्मीद करता हूं कि सरकार इसको मान लेगी।

SHRI K. LAKKAPPA (Tumkur) : Mr. Cahirman, Sir, I want to say:....

MR. CHAIRMAN : He will continue his speech when this subject is again taken up. Now we will take up the Half an Hour discussion.

17.30 hrs.

HALF-AN-HOUR DISCUSSION RE-SLOW PROGRESS OF ELECTRIFICATION IN WEST BENGAL- BIHAR AND ORISSA.

MR. CHAIRMAN : Shri Daschowdhury. He will take only ten minutes.

SHRI B. K. DASCHOWDHURY (Cooch-Bihar) : Why do you impose the time limitation?

श्री नवल किशोर सिंह: (मुजफ्फरपुर) सभापति जी, कितना समय हम लोगों को मिलेगा

सभापति महोदय: सब को समय नहीं मिलेगा। 10 मिनट माननीय सदस्य बोलेंगे जिन्होंने इस चर्चा को उठाया है, फिर उसका जवाब मंत्री जी देंगे। उससे बाद सवाल पूछे जा सकते हैं।

SHRI P. GANGADEB (Angul): Orissa also should be given some time.

SHRI JYOTIRMOY BOSU (Diamond Harbour): I am the only person to ask questions today. I may be given the time of four questions.

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : I think, from each of the States one speaker may be allowed. I will reply next time.

MR. CHAIRMAN : No; according to the Rules only those who have given their names can be called to put questions.

DR. K.L. RAO : He represents only Bengal. There must be someone from Bihar and Orissa also because this is a discussion about all the States.

MR. CHAIRMAN I am bound by the Rules.

SHRI B. K. DASCHOWDHURY : I do not think there is any hard and fast rule. You can easily allow one or two speakers.

MR. CHAIRMAN : He may start.

SHRI B.K. DASCHOWDHURY : This is a very important subject and I fear very much whether I will be able to speak out what I want to say within this time limitation of ten minutes, as you have said.

Very often we discuss in this House about the slow progress of electricity and it is more so in the eastern region of India. Here is a specific question that was asked on the last 25th May as to what are the reasons for the slow progress of electricity in three States of India—Bihar, Orissa and West Bengal. The

only reply that was advanced by this hon. Minister is that these State Governments have not taken so much of care to improve the position of electricity in the respective States.

Certain figures were given. The number of electrified villages and towns in 1968-69 in the case of West Bengal were villages 260 and towns 2; in 1969-70 villages 186, towns nil; in 1970-71 villages 345, towns nil and the footnote is there that three towns remain to be electrified; in the case of Bihar, villages 661 in 1968-69, 797 in 1969-70 and 742 in 1970-71 and the electrification of towns in all those three years nil; in Orissa, in 1968-69 62 villages, in 1969-70 129 villages and in 1970-71 311 villages and towns nil. This is the position.

Even in these days, when we have spent a lot of amount of money since the beginning of the First Five-Year Plan and we are just in the middle of the Fourth Five-Year Plan, some of the town areas are not electrified, what to talk of the villages. In Orissa for the last three years no towns were electrified. In West Bengal in the last five years, as stated by the hon. Minister the other day, only two towns were electrified in 1968-69; thereafter nothing happened. Till today towns or area having a concentration of population of 10,000 or more have not yet been electrified.

It is true, in some State Governments they are doing the best to electrify not only the towns but also the villages, we have been told. To be short on this point, in West Bengal there are 38,446 villages; out of this a little less than 2,600 villages were electrified, giving a figure, in terms of percentage, a little above 6 per cent. But in respect of Kerala and some other States it is about 45 per cent. And the average all India figure is about 19 per cent of the villages in India have been electrified.

The Central Government seems to be very much keen on laying the emphasis on the point that the State Governments are not coming up, stating clearly that these are the States' sectors. But probably the hon. Minister has forgotten, while he states that these are the States' sectors, that electricity comes under the Concurrent List also. Taking into account the huge deficiency in food articles and a lot of money that we have to spend on important of food-grains, I would ask the hon. Minister: Was it not proper on his part at least to see that

[Shri B. K. Daschowdhury]

those State Governments which are not coming up properly to electrify villages, the rural areas, at least to augment the energisation of pumps in the agricultural sector? It ought to have been the responsibility of the hon. Minister to push them up and, if necessary to give them some more finances.

Under the scheme of Rural Electrification Corporation, five big schemes have already been cleared up and they are proposed to be financed by the Centre. These are not within the States' sector. Those States concerned are, Gujarat, Maharashtra, Andhra Pradesh, Mysore and Uttar Pradesh. These are the States where a large number of villages have been electrified.

I would like to give you some of the figures in regard to the number of pumps electrified upto the first three Plans. In West Bengal, the number of pumps electrified is 437. As regards Orissa, no figures have been given as they are not available. In Bihar, the number of pumps electrified is 10,660, whereas in the case of Maharashtra it is 44,978 pumps; Tamil Nadu, 2,56,594; Mysore—42,371; Gujarat—17,155 and, even then, these States have been provided with additional finances to the extent of hundreds of crores of rupees to have more and more of rural electrification. But the States which had the minimum number of pumps electrified upto the first three Plans, say, for example, West Bengal where 437 pumps were electrified as compared to Tamil Nadu where 2,56,594 pumps were electrified, have not been given any additional Special finances.

I appreciate the work of all those State Governments. But, no doubt, I cannot appreciate the work of the Union Minister in respect of sanctioning additional finances to those States under certain schemes. We appreciate the work of those States which have advanced so much. But what about the States which are lagging behind like anything and which are regarded as the darkest regions in the whole of India. For these three States, West Bengal, Bihar and Orissa, no special schemes have been sanctioned for more power generation.

MR. CHAIRMAN: The hon. Member may try to conclude now.

SHRI B. K. DASCHOWDHURY: It is not yet 10 minutes. You have been kind enough to allow me 10 minutes. If you go on ringing the bell like this, it disturbs me.

MR. CHAIRMAN: Then, you will not get the reply from the hon. Minister. We will adjourn at 6 O' Clock sharp.

SHRI JYOTIRMOY BASU: It is a very important discussion.

SHRI B. K. DASCHOWDHURY: I must make my observations.

DR. K.L. RAO: I surrender 5 minutes' time to him. He must champion the cause for these three States.

SHRI JYOTIRMOY BASU: You cannot get away like that. We want to hear you.

SHRI B. K. DASCHOWDHURY: This is one aspect of the matter. It is not only the ills of West Bengal today, not only the ills of Calcutta today, that confront the Union Government so much, I must say, for all these reasons, if not for one of the reasons, it is the Central Government's glaring apathy to West Bengal that gives rise to law and order problem in day and in day out.

I will now refer to certain statistics. I would like to bring it to your kind notice that even in the Fourth Five-year Plan for West Bengal, only Rs. 10 crores have been earmarked under 'Rural Electrification Schemes'. For Tamilnadu it is Rs. 41 crores. For UP, it is Rs. 61 crores. For Mysore, it is Rs. 15 crores. For Maharashtra it is 25 crores and so on.

What about Orissa? For Orissa, it is 6.75 crores or something. It is less than Rs. 7 crores.

If it is the duty of the Union Government to see that the backward regions should come up to the level of the advanced regions, and that what we spend on the import of foodgrains should be minimised, is it not equally the duty of the Union Government, to see that the darkest areas get adequate light and adequate financial aid.

It is not only the case of West Bengal. There are various backward regions and in

every State there are certain under-developed areas. In West Bengal there are such backward and under-developed regions. For the benefit of the people of North Bengal to remove the darkness from the entire region, certain special financial aid should be made. Even when the State Government authorities had received certain sanctions from the special fund at the Centre, we have found that the amount has not been spent. This is known to all that North Bengal is the most backward region in that State. Side by side, we find that North Bihar also is backward, and no schemes have been taken up there also, either from the side of the Government of Bihar or from the side of the Government of West Bengal. Very recently, the State Government of West Bengal received an amount of more than Rs. 300 lakhs for three schemes. These schemes have been spilled over in the five districts of West Bengal, namely Hooghly, Midnapore, 24-Parganas, Birbhum and Bankura, completely ignoring legitimate claims of the five districts of North Bengal. These five districts are giving more than one-third of the total agricultural income generated in the State of West Bengal, although the population of these five districts of North Bengal in relation to that in West Bengal is only one-seventh.

What I would like to point out is that the economic viability is there in North Bengal district. If rural electrification schemes are made successful in North Bengal, then these five districts of North Bengal can feed the whole of West Bengal simply with the help of energised pumps in Agriculture sector.

We have been told that in West Bengal certain special schemes have been taken up to energise the pumps for the agricultural sector and for giving irrigational facilities. But so far we find that no particular steps have been taken.

It is well known that electricity is one of the basic constituents of the basic infrastructure of development. It is not enough to have merely physical capital; it is not enough to invest merely Rs. 100 crores or so for the development of these backward regions until and unless we have this basic infrastructure of development, of which electricity is one, for backward areas what is the good of investing the money? And where is the scope for

further investment? Therefore, a proper condition and climate be created for best utilisation of both physical and human capital, if backward regions are to be developed.

MR. CHAIRMAN : The hon. member should conclude now. Shri Jyotirmoy Basu.

SHRI B. K. DASCHOWDHARY : I have not yet finished.

MR. CHAIRMAN : His finishing is not my business. I have called Shri Jyotirmoy Basu already. He should conclude now.

SHRI B. K. DASCHOWDHARY : Kindly give me five more minutes.

MR. CHAIRMAN : I am sorry. He should conclude now.

SHRI JYOTIRMOY BASU : Kindly give him two more minutes.

MR. CHAIRMAN : I have already given him five minutes from the hon. Minister's time.

SHRI B. K. DASCHOWDHARY : The hon. Minister has said a number of times that certain schemes are going to be commissioned to augment electrical energy in North Bengal. I have been making regular correspondence with the hon. Minister for a long time on this matter, and I have raised this issue also on the floor of this House on many occasions. I have here with me the letter written by Dr. K. L. Rao on the 18th February, 1970, from which I would like to quote just one line, which reads thus :

"In the meantime, the State authorities are also examining the feasibilities and economies of transporting coal from the existing coalfields of West Bengal and for the proposed thermal station near Siliguri. As soon as the feasibility report is received from the State authorities, we shall take further action thereon."

I would only like to remind this hon. Minister of the promise that he had made in this letter, that as soon as the feasibility report is received, he would take further action. I would like to know whether he has already taken further action.....

MR. CHAIRMAN : The hon. Member should conclude now.

SHRI JYOTIRMOY BOSU.

SHRI B. K. DASCHOWDHARY would like to know whether he has considered the position.....

MR. CHAIRMAN : Nothing that the hon. Member says hereafter will go on record. I have called Shri Jyotirmoy Bosu already.

The hon. Member was given ten minutes to start with, but he has already taken 17 minutes and still he is not satisfied. It is a very awkward position for the Chair. to go on persuading him to finish.

SHRI B. K. DASCHOWDHARY **

SHRI JYOTIRMOY BOSU : The advancement of a country is known by the quantity of protein that the country consumes and also the growth of electricity. Electricity is the source of generation of basic wealth, a thing that has never been detected by the planners of this country. It gives us power for irrigation, and power for the small, cottage and all types of industries. Yet, during the last 23 years, we are in a miserable state of affairs as far as electricity is concerned.

Government have been attaching very little importance to this Ministry. I am sorry to say that the Minister in charge has not even been given a Cabinet rank although Dr. K. L. Rao very much deserves that. There are backward States like the States of Assam, Orissa, Bihar and West Bengal. This year's budget for power and irrigation, as Shri Chavan very proudly recited yesterday, does not exceed Rs. 10 crores. But for police, they require money; during the last 15 years, from Rs. 1,1/2 crores, it has come up to Rs. 82 crores. There is no dearth of money for that.

West Bengal has about 7.7 per cent of villages electrified. In Assam, the figure is a wonderful 2.5 per cent; in Orissa, it is 2.5 per cent and in Bihar it is 10.4 per cent. We are very happy that some states have gone forward, states like Haryana and Tamil Nadu. But what about those backward States which have lagged so far behind in this respect.

**Not recorded.

Is it not the duty of the Central Government to bring them up to the national standard ? No, they have not done it.

Because of the monopolist-industry-oriented attitude of the Government of India, the allocation in the Fourth Plan for rural electrification has suffered. Rural electrification has been totally and deliberately neglected. It is a multiple employment generating source. As a member of the expert committee on unemployment, I know it; we are thrashing this point (*Interruption*). DR. Rao need not carry coal to Newcastle. I know the characteristics of his Government.

What are they doing now. The Rural Electricity Board has drawn up a project report costing Rs. 1½ crores. But the Rural Electrification Corporation is engaged in the exercise of egg first or chicken first. They say there are no tube-wells. Who will put the tube-wells ? A subsoil water survey has been conducted by the GSI and they say the possibilities are very great. May I humbly request Dr. Rao to do whatever he can to find the finance for this.

There is subsidy given to industry in respect of electricity. But as far as the rural areas are concerned, agriculture cannot compete with the masters, the big monopolists and so there is no subsidy.

I would tell DR. RAO : get money somehow, beg, borrow or steal. There are plenty of sources from which you can get money. Fourteen major banks have been nationalised; insurance has been nationalised. Bonds and loans can be got through. There is PL-480. Let him tell us here and now what he is prepared to do for rural electrification in the backward states of Assam, Orissa, West Bengal and Bihar.

MR. CHAIRMAN : The hon. Minister.

SHRI R. V. BADE (Khargone) : Shri G. P. Yadav from our party had sent his chit.

MR. CHAIRMAN : Shri P. Gangadeb and Shri P. K. Deo had also sent intimations

for participating in the discussion, but their letters were not received before the commencement of the sitting and as such, the notices are time-barred.

SHRI R. V. BADE : On a point of order. It is not mentioned that it was time-barred.

MR. CHAIRMAN : I have said it.
The Minister of irrigation and power.

Dr. K. L. RAO : I thank hon. members for bringing out a very important subject which really deserves very great consideration. I wish there were more discussion on this subject.

Rural electrification started in India as a national policy in 1961. At that time, we had less than 2 lakh pumping sets, and less than 25,00 villages were electrified. In the last ten years, we have made a very good effort. Nearly 16 lakh wells have been electrified and 1,05,000 villages have been electrified. The tempo has gone up. We are installing pumping sets at the rate 3, 1/2 lakhs a year; as for villages covered, it is at the rate of 17,000 a year.

The only regrettable feature is that there is some unbalanced development. Nearly 9 states have got less than 18.8 per cent. of rural electrification which is the average of electrification in the country. These states have half the country's population. So there are 9 states which are below average. It is regrettable that West Bengal, Orissa and Bihar, three states which have very vital resources including water should be lagging behind in this respect. This point does not need arguing or explaining. Orissa has got only 2.7 per cent of the villages electrified. It is so bad. While in Tamil Nadu for every 30 acres we have got a pumping set, in Orissa for every 30,000 acres, there is a pumping set.

AN HON. MEMBER : What about Bihar and West Bengal ?

DR. K. L. RAO : I have got very little time.

As I said, there is no need to argue that it is necessary to step up the effort considerably in these 9 states, specially the three States

I mentioned which have very vital resources, which have got plenty of water resources available for electrification both in villages and for energising pumping sets.

The only snag is that of funds. Shri Chowdhury was not correct when he said that we have given so much more money in the Plan for Tamil Nadu but not for Bengal and so on. I submitted once before that money is not allocated by the Centre. Block grants or block loans are granted to each State depending upon a certain formula and from that the State allots the money. In that respect I am sorry that West Bengal has been attaching the least importance to rural electrification; they have not done anything at all. It is really a sad thing. Money is not given by the Centre. Separately for rural electrification. Tamil Nadu has understood the value of rural electrification. They have done a very huge amount of electrification; still they attach great importance and they allot substantially more funds. The Rural Electrification Corporation has been set up with the Government of India as the financing organisation and we are trying to help as much as possible.....
(Interruptions)

Gadasila in Orissa was not an electrified village. We held there a meeting in last October. It was a very good meeting and some Members of Parliament and some Members of the State Assembly were also there. The result of that meeting was that Gadasila was electrified. At that meeting we found that electrification in Orissa was not picking up because there were no transmission lines. We decided there that we shall give funds from the Corporation even for transmission lines, though it is not generally the case.

One unfortunate thing is that the States come up to us very slowly and they do not come in the proper way. I have sent specially officers to get these schemes prepared. I can assure the hon. Members that so far as the Rural Electrification Corporation is concerned I shall make the best use of that to allot extra funds for these three States and try to help as much as possible, and even go out of the way in the matter of transmission lines.....(Interruptions) We can come in provided schemes are prepared by the

[Dr. K.L. Rao]

States. I think we shall be able to assist them appreciably in the next three years by giving loans up to Rs. 20 crores from the Rural Finance Corporation.

As regards the cooperatives, hon. Members said that cooperatives have been set up in some States. The American Rural Electric cooperative people came here at our invitation and they said that would assist the cooperatives by technical advice and finance. We approached the States. None of the States, except 5 or 6, and Madhya Pradesh was one of them offered to take up the cooperatives; most of the States said that they did not want it as they thought that it was something unnecessary. We also did not know very well about them. When these cooperative were set up they had an organised way of dealing with electrification in a large number of villages, bigger units. That way it will be helpful. I propose to persuade the Rural Electrification Corporation to assist in setting up the cooperatives in all the three States. We shall launch a massive attack on the problem.

One other thing remains. Pumping sets can be put up only if there are wells and there is some agricultural activity. I shall write to the Agricultural Ministry. But I would also request the hon. Members from those States to pursue with the State authorities. They must say that there are so many wells in that area which need to be electrified.

SHRI JYOTIRMOY BOSU : You must give electricity to those areas which have got sub-soil water.

DR. K. L. RAO : If you want me to help, there should be some schemes from the States. They should say that there are so many wells. If there are thousand wells they must say that they would irrigate about 10,000 acres if electrification is provided and we shall try to do that.

But to ask me to do those things, will mean a lot of delay. So, anyway, what I want to submit is that I have been thinking of this problem ever since notice was given to (me, as to how I can help in a positive way. *Interruption*).

18 hrs.

MR. CHAIRMAN No questions now. There is no time.

DR. K. L. RAO : One aid will be, to establish the co-operatives; the other is to request the RWC. That, I have already done. That is to give extra assistance. Thirdly, I shall request the Ministry of Agriculture to find out for me the areas where, if we give electricity, they will dig up the wells. Fourthly—and this is the most important thing—I am going to set up one separate cell in the Central water and power Commission for looking after these three States and accelerate the progress of rural electrification.

SHRI JYOTIRMOY BOSU *rose*—

MR. CHAIRMAN He has got no time. It is finished.

DR. K.L. RAO : There is one other aspect, which I would submit, and that is, one difficulty is there especially in respect of North Bihar and North Bengal; there is no power there. It is not only the transmission lines as in other cases, but power. In Orissa, there is power; there are no transmission lines. But in North Bihar and North Bengal, there is the question of power generation. There is very little power generation there. Therefore, what we are trying to do is this. In North Bihar, power is utterly small. There are only 18 mw of power, effective power, whereas the requirement is at least twice at the moment. I think there is a lot of demand; the demand is much more than that. What we have been trying to do as a short term measure is, we are trying to bring in four units of 1,1/2 mw each from other areas and try to set up the units. That is a small thing; and then we are trying to connect Barauni with Dalkola. The line is ready except for the crossing of Mahananda. I think in the course of the next two months, we shall be able to do that. It is only a low voltage 33 kv line. More than that, we have sanctioned 132 kv line from Barauni to Sitiguri, and also from Alipur Duar to Bongaigaon in Assam. These lines have been sanctioned. The question is one of implementation. There, the hon. Members must go on trying to persuade them. They have been sanctioned.

AN HON. MEMBER What about North Bihar ?

In regard to North Bihar, the problem is the same. There is very little power there, especially when there is a huge population, and when there are first-class under-ground water resources. But there is no power. We are trying to set up a thermal station; in fact it is already provided for in the Fourth Plan. It is not as if it is a new one. But the difficulty has been, where to locate it; in Muzaffarpur or Samastipur.

DR. K. L. RAO : Muzaffarpur seems to be better because it should be as distant as possible from Barauni.

I have been waiting for the railway people to see whether they will extend the line or indicate any other direction, because when you rehandle the coal, the cost goes up. But I told my officers to have it at Samastipur though it is not a very satisfactory thing, because it is nearer Barauni. It should be really further off. I have waited nearly one year for that process. But nothing has happened. So, I will try to decide whether we shall go in for Samastipur itself. So, we shall try to push up that project.

I again thank the hon. Members for raising a discussion on this very important subject. I only appeal to them to follow it up with sustained interest and try to get as much assistance as possible.

The Lok Sabha met at Eleven of the Clock

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

Use of Plastic Cornea for Blinds

*451. SHRI M. M. JOSEPH: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether the plastic cornea has been found useful to the blind and tests carried out in the country;

(b) the approximate cost of each cornea; and

(c) the progress achieved in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) and (c). In view of the small number of cases studied so far it would be difficult to conclude regarding the usefulness of plastic cornea to the blind.

(b) The cost of plastic cornea produced in India varies from Rs. 250/- to Rs. 500/-.

SHRI M. M. JOSEPH: May I know the names of the institutions where these operations have been performed?

SHRI D. P. CHATTOPADHYAYA: One is Rajendra Medical College and Hospital, Patiala and the other is the Dr. Rajendra Prasad Centre for Ophthalmic Sciences in the All India Institute of Medical Sciences.

SHRI N. K. SINHA: I think there were some legislations in States enabling donation of human cornea by living persons. May I know its progress in various States?

SHRI D. P. CHATTOPADHYAYA: So far as human cornea is concerned, we have no exact figures with us. Plastic corneas are being produced at the Dr. Rajendra Prasad Centre for ophthalmic Sciences.

MR. SPEAKER: Why should he go out of the scope of the question? The question is only about plastic cornea. We can save time for other members to ask their questions later on.

Setting up of Housing Corporation for Operating Revolving Fund

+
* 452. SHRI P. GANGADEB:
SHRI S. M. KRISHNA:

Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether no progress has so far been made by the Housing Corporation set up a year ago to operate the proposed Rs. 200 crore revolving fund;

(b) if so, the reasons therefor; and

(c) whether Government propose to drop the scheme?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) The Corporation has started functioning with its own duly constituted Board of Directors and from its own office. Out of about 120 housing projects involving a total investment of over Rs. 500 crores received, 5 projects involving an investment of about Rs. 62 crores have so far been tentatively approved subject to certain conditions being fulfilled by the State Governments/Housing Boards concerned.

(b) The aim of the Corporation is to raise and utilise a corpus of Rs. 200 crores as a revolving fund; this amount was to be raised through governmental allocations, mobilisa-

tion of private savings, long term borrowings from public financing institutions and also assistance from international agencies. Negotiations for loan assistance from Life Insurance Corporation, Unit Trust of India and nationalised banks are under way. As these negotiations have not yet been completed, the Corporation has not been able to sanction loans to finance any schemes.

(c) No, Sir.

SHRI P. GANGADEB: Which are the States where there will be centrally sponsored projects and what will be the initial capital investment?

SHRI I. K. GUJRAL: So far as the submission of schemes is concerned, it is a reasonably long list starting with Andhra, Gujarat etc. About 15 States have submitted 129 schemes involving over Rs. 500 crores.

SHRI P. GANGADEB: Since I am interested in Orissa, may I know if the financial and technical directors have visited Orissa and selected sites and, if so, which are they? If not, what are the reasons therefor?

SHRI I. K. GUJRAL: Orissa have submitted four schemes and they are under examination. No final conclusions have been reached. So far as physical visits are concerned, I am not in a position to confirm at this stage whether any experts are going there or not.

SHRI K. S. CHAVDA: May I know the rate of interest charged by the Housing Corporation on the loans?

SHRI I. K. GUJRAL: The interest varies depending on the social content of the scheme. For instance, out of the five schemes tentatively approved, there is a scheme in Bombay where the rate of interest is $6\frac{1}{2}$ per cent and another with $7\frac{1}{2}$ per cent. Those schemes which have more social content in the sense of providing housing for slum clearance and for people who are living in adverse housing situation the rate of interest will be lower.

मलेरिया उन्मूलन योजना की असफलता

* 453. श्री अटल बिहारी वाजपेयी : क्या स्वास्थ्य और परिवार नियोजन मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या देश में मलेरिया फिर से फैल रहा है और इसका उन्मूलन करने हेतु सरकार द्वारा किए गए सभी उपाय असफल रहे हैं; और

(ख) यदि हां, तो इसके क्या कारण हैं ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) No, Sir.

(b) Do not arise.

श्री अटल बिहारी वाजपेयी : मन्त्री जी ने मलेरिया उन्मूलन अभियान की विफलता के सम्बन्ध में क्या पब्लिक एकाउन्ट्स कमेटी की 101वीं रिपोर्ट देखी है जिसमें सरकारी अधिकारियों ने कमेटी के सामने यह स्वीकार किया था कि मलेरिया का प्रकोप फिर से हो रहा है और सरकार उसको रोकने में सफल नहीं हो पा रही है। मुझे ताज्जुब है जिन मन्त्री महोदय ने जवाब दिया है, उनको स्थिति के बारे में जानकारी है या नहीं है ?

अध्यक्ष महोदय : कौन से साल की ?

श्री अटल बिहारी वाजपेयी : पिछले साल की रिपोर्ट है।

निर्माण और आवास तथा स्वास्थ्य और परिवार नियोजन मन्त्री (श्री उमा शंकर दीक्षित) : जो प्रश्न था वह इतने व्यापक शब्दों में किया गया था कि 'न' के सिवाय कोई दूसरा उत्तर उसका सम्भव नहीं था। माननीय सदस्य देखें प्रश्न क्या था। Whether malaria is again spreading in the country and all the measures taken by government to eradicate it have failed. It is not spreading all over. What has happened is this. These measures were started in 1952. In 1958 a crash programme was undertaken and within a few years, by 1965 malaria was virtually eliminated, though not completely because total elimination is not possible of any disease. From 75 million cases the number came down to 0.15 million. Even last year the number is less than half a million. But from 1969-70 the incidence has increased and this is causing anxiety. Adequate measures are being taken.

श्री छटल बिहारो बाजपेयी : अभी मन्त्री महोदय ने कहा है कि मेरा प्रश्न बड़ा व्यापक है। क्या वह परमात्मा जैसा व्यापक था कि उसका नेति नेति में ही उत्तर देना होगा, नहीं में ही उत्तर देना होगा ? यह तो मैंने उनके प्रश्न का जवाब दिया है, अब मैं प्रश्न पूछता हूँ। जो मंत्रालय के एडीशनल सेक्रेटरी पी० ए० सी० के सामने आए और जिन का बयान छपा हुआ है और जो जनता की सम्पत्ति है, उसका एक अंश मैं मंत्री महोदय के ध्यान में लाना चाहता हूँ :

“There were certain administrative weaknesses in the States. Recently our team visited three or four States. They have been experiencing difficulties about staff, transport, supply and other things. Lastly, there has been difficulties about the behaviour of mosquitos themselves”

मैं जानना चाहता हूँ कि इसका क्या इलाज किया गया है। समय पर दवाइयाँ नहीं मिलती हैं, दवाइयों के लिये गाड़ियाँ नहीं हैं, स्टाफ नहीं है। चौथे प्लान में आउटले तो बढ़ा दिया गया है लेकिन राज्य सरकारें उसको ठीक तरह से खर्च कर सकें, इसका मंत्रालय ने क्या प्रबन्ध किया है ?

श्री उमा शंकर दीक्षित : मुख्यतः चार राज्यों में यह प्रश्न उठा है। जिन राज्यों में ज्यादा स्थिति बिगड़ी है और स्थिति अधिक शोचनीय हुई है वे हैं राजस्थान, गुजरात, महाराष्ट्र और मध्यप्रदेश। माननीय सदस्य जानते ही हैं कि हम कोई एहकाम निकाल कर काम नहीं करते हैं और न कर सकते हैं। उनसे यह बात उठाई गई है। सेंट्रल स्प्रांसर्ड स्कीम्स ली जाएंगी। वित्तीय सहायता सम्पूर्ण केन्द्र अपने ऊपर उठाएगा। कोई कारण नहीं है कि ये जो राज्य हैं, इसको न करें, इसके बारे में व्यवस्था न करें। इन राज्यों में जो एक कंसालिडेशन और मेंटेनेंस स्टेज थी उस पर से हटकर अटैक स्टेज में आ गए हैं जो 1958 में थी। मुझे तनिक सन्देह नहीं है कि जो राज्य हैं वे भी बहुत चिन्तित हैं और इसमें वे पूरा सहयोग देंगे।

श्री अचल सिंह : दिल्ली भारत की राजधानी है। उसमें भी मच्छर काफी बढ़ रहे हैं और बहुत मुश्किल पैदा कर रहे हैं। इसके लिए आपने क्या किया है ?

श्री उमा शंकर दीक्षित : जहाँ तक दिल्ली का सम्बन्ध है परिस्थिति में प्रतिकूल बिधा में परिवर्तन हुआ है। लेकिन हमने 1971-72 के लिए वित्त की व्यवस्था की है। सीधा भी हम प्रबन्ध कर रहे हैं।

श्री अमर नाथ चावला : क्या यह हकीकत है कि 1965 से लेकर 1969 तक दिल्ली में एक भी केस मलेरिया का नहीं हुआ था ? उसके बाद सैनिटरी कंडिशन डिटेरियोरेट होने की वजह से ये केसिस होने शुरू हो गए हैं, क्या यह सही है ?

श्री उमा शंकर दीक्षित : रूरल एरियाज में कुछ तो जरूर सैनिटरी कंडिशन इसके लिए जिम्मेदार हैं। मुख्यतया इस तरह की बात है कि जो स्प्रेइंग बगैरह की व्यवस्था है वह पर्याप्त नहीं है। कहीं कहीं जिन गांवों के लोगों ने पुल बगैरह बना लिए हैं वहाँ पर मच्छरों की बढ़ती हुई संख्या के कारण यह कठिनाई उत्पन्न हुई है।

श्री प्रबोध चन्द्र : क्या मन्त्री महोदय के नोटिस में ऐसी शिकायत आई है कि जो बहुत सा रुपया मलेरिया के इरेडिकेशन के लिए इयर-मार्क था, या लोकेलेटीज में स्प्रे करने के लिए दिया गया था, वह दिल्ली और कई दूसरे राज्यों में खर्च नहीं किया गया और दूसरे कामों में लगा दिया गया ?

श्री उमा शंकर दीक्षित : जी नहीं।

DR. RANEN SEN: It was reported in Calcutta newspapers that antimalaria campaign that was started in Calcutta has failed due to the immunisation of mosquitos against DDT. May I know whether any research has been done in this regard?

SHRI UMA SHANKAR DIKSHIT: It is a fact that constant use of DDT has immunised a certain residual portion of mosquitos and

that leads to malaria. But it is not such a material factor that the disease cannot be attacked and controlled.

श्री हुकम चन्द कछवाह : अभी प्रश्न के उत्तर में मन्त्री महोदय ने बताया है कि मच्छरों के व्यवहार में परिवर्तन हो गया है। मैं यह जानना चाहता हूँ कि क्या मच्छर बदल गये हैं या सरकार में परिवर्तन होने के कारण मच्छरों के व्यवहार में परिवर्तन हो गया है।

श्री उमा शंकर दीक्षित : माननीय सदस्य यह बात तो पब्लिक एकाउण्ट्स कमेटी के सदस्यों से पूछें, जिन्हें यह बात बताई गई थी।

Sino-Indian Relations on Bangla Desh Issue

* 456. **SHRI S. M. BANERJEE:** Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether during West Pakistani onslaught in Bangla Desh. Chinese attitude towards India was extremely bad; and

(b) if so, whether India protested against this sort of unfriendly attitude?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) Chinese attitude, during West Pakistan's brutal attack on East Bengal, remained hostile to India.

(b) There was no point in protesting to China on such questions. Protest has a meaning when it is likely to affect the attitude of that country. However, our views on the situation in East Bengal were conveyed to the Chinese Embassy in New Delhi.

SHRI S. M. BANERJEE: It is surprising that the hon. Minister says protests have no meaning. But we are having diplomatic relations with China. It is known to us that four divisions of army which the Yahya Government has deployed in East Bengal is equipped with modern and sophisticated weapons supplied by the Government of China. It is surprising that instead of supporting the liberation army, they are supporting the military rule and military dictatorship in Pakistan. When the Prime Minister wrote a letter to all the

heads of countries, may I know whether this letter was also sent to China and, if so, what is the reaction of China thereto?

SHRI SURENDRA PAL SINGH: It is not only surprising but shocking that instead of supporting the liberation movement, China should go and support the military regime in Pakistan which is suppressing the freedom movement in Bangla Desh. But this is a fact of life. We all know that they are supporting the Yahya regime and they are supplying sophisticated arms to them. As regards the letter, as far as my information goes, no letter was sent to China. But our views were conveyed to the Chinese Government both in Peking as well as here.

SHRI S. M. BANERJEE: After this genocide in Bangla Desh, may I know whether it is a fact that instead of helping the liberation movement, to bully the Government of India for helping the people of Bangla Desh in the matter of rehabilitation, there is a concentration of Chinese forces on our borders, specially on our eastern border, and, if so, whether the Government of India have taken adequate steps to meet that challenge if it comes?

SHRI SURENDRA PAL SINGH: It is a fact that China is supporting the Yahya regime against the liberation movement of the Bangla Desh and they have gone so far to say that, if there is an aggression against Pakistan by India, China will go to the help of Pakistan. As regards concentration of forces, etc., that is something about which the Government of India is well aware and our Defence Ministry takes note of it. They are fully prepared to meet any eventuality.

श्री अटल बिहारी वाजपेयी : पीकिंग स्थित हमारे प्रतिनिधि जब राष्ट्रपति माओ-त्से-तुंग से मिले थे, तो माओ-त्से-तुंग कुछ मुसकराये थे, जिसके आधार पर भारत सरकार ने समझा था कि कम्युनिस्ट चीन का रुख भारत के प्रति नर्म पड़ रहा है। लेकिन अब बंगला देश के बारे में कम्युनिस्ट चीन की नीति को देखते हुए भारत सरकार का दृष्टिकोण क्या है—क्या भारत के प्रति कम्युनिस्ट चीन का रुख वही है, या उसमें कुछ परिवर्तन हो रहा है ?

श्री सुरेन्द्रपाल सिंह : जब हमारे सी० डी०

ए० की माओ-त्से-तुंग से बात हुई थी और माओ-त्से-तुंग मुसकराये थे, वह बड़ी पुरानी बात है। उस वक्त हमें कुछ ऐसी आशा हुई थी कि शायद चीन की नीति में परिवर्तन आया है, लेकिन उसके बाद बहुत-सी बातें हुई हैं और हो रही हैं, जिन से मालूम होता है कि उसकी नीति में परिवर्तन नहीं हुआ है।

Capitation Fee for Admission to Private Medical Colleges

* 458. SHRI C. JANARDHANAN:
SHRI C. K. CHANDRAPPA:

Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether the practice of collecting capitation fee for administration to Private Medical Colleges is still continuing;

(b) if so, the prevailing rates of capitation fee in private Medical Colleges;

(c) whether Government intend to put a stop to this practice; and

(d) if so, what steps are being taken in this direction?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) Yes, Sir.

(b) The prevailing rates of capitation fee in private Medical Colleges according to information available are given in a Statement laid on the Table of the Sabha. This list does not include the new Medical Colleges recently opened in Bihar, information in respect of which has been called for and will be laid on the Table of the Sabha on receipt.

(c) and (d). With a view to putting a stop to the practice of charging of capitation fee by the private Medical Colleges, the Government of India has been considering the economics of the proposition of taking over of these colleges by the State or Central Government or of providing financial support to them for covering the gap created by the loss of capitation fee.

STATEMENT

<i>Name of the State</i>	<i>Name of Colleges</i>	<i>Rate of Capitation Fee</i>
1. ANDHRA PRADESH	KAKATIYA MEDICAL COLLEGE, WARRANGAL	(i) Rs. 6,000 per student for admission to the first year integrated course; and (ii) Rs. 7,000 per student for admission to the second year integrated course.
—do—	RANGARAYA MEDICAL COLLEGE, KAKINADA	Rs. 10,000 per student.
2. BIHAR	MEDICAL COLLEGE JAMSHEDPUR	Rs. 5,500 per student (donation)
3. MAHARASHTRA	MEDICAL COLLEGE, SHOLAPUR	Rs. 7,000 per student.
4. MYSORE	MEDICAL COLLEGE, GULBARGA	Rs. 5,000 per student.
—do—	MEDICAL COLLEGE, BELGAUM	Rs. 5,000 per student with a reservation fee of Rs. 2,000.
—do—	KASTURBA MEDICAL COLLEGE, MANIPAL	Rs. 6,000 per student.
—do—	MEDICAL COLLEGE, DAVENGANE	Rs. 5,000 per student belonging to Mysore and Rs. 7,000 from others.
—do—	ST. JOHN'S MEDICAL COLLEGE, BANGALORE	No capitation fee is charged.
5. TAMIL NADU	CHRISTIAN MEDICAL COLLEGE, VELLORE	No capitation fee is charged.
6. PUNJAB	CHRISTIAN MEDICAL COLLEGE, LUDHIANA	No capitation fee is charged.
—do—	DAYANAND MEDICAL COLLEGE, LUDHIANA.	No capitation fee is charged.

SHRI C. JANARDHANAN: It is a scandalous thing which is happening throughout India in these private colleges which are getting capitation fee. The incident occurred in connection with the Pataliputra medical college in Patna, is only one example. This college has about 400 students in its rolls. . .

MR. SPEAKER: Please ask a question.

SHRI C. JANARDHANAN: So many foreign students are involved. This matter tarnishes the good image of India. Considering all these circumstances and the issues involved in this regard, will the Government constitute a Parliamentary Committee to enquire into the matter? Will the Government consider that?

SHRI D. P. CHATTOPADHYAYA: I think the question has been examined and the decision has been like this that Government will not encourage this sort of mushroom growth of colleges and all attempts are being made through State Governments to discourage the growth of such sorts of colleges.

SHRI C. JANARDHANAN: Like this Pataliputra college, if some colleges are going to be closed down by the management, will the Government direct the State Government to take over the management of the college thus closed down? 3 years back the Kerala Government took over the management of a particular college. So, my question is: Will the Government consider this?

SHRI D. P. CHATTOPADHYAYA: One such college in Kerala and another in West Bengal had been taken over. If the circumstances are found to be otherwise suitable we will consider that.

SHRI C. K. CHANDRAPPA: It has been said that the matter had always been under consideration of the Government. As has been stated in the reply, they did not even get the information from the Medical College in Pataliputra. I would like to know why the Government is hesitating to appoint a Parliamentary Committee or any Committee under Public Inquiries Act to go into the scandals and bring out appropriate solution to this problem. I would like to know categorically whether Government are intending to appoint a Committee to investigate and go into the matter and put forward proposals for remedial action.

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT): The question has been studied twice, and up till now, the position is that unless Government are in a position to make up the gap in the State from the Centre, it will become almost an unlimited commitment. No final decision has been taken on the matter, I do not think that it would be desirable straightway to stop these colleges; although there is some damage in standards, these colleges are performing a useful service. We do not feel that a parliamentary committee should be appointed at this stage.

SHRI A. N. VIDYALANKAR: Is it a fact that Government are aware that this practice has been going on for many years and are we to understand that Government have failed to find out any solution?

MR. SPEAKER: The hon. Minister has replied to it already.

SHRI K. LAKKAPPA: As far as private medical colleges are concerned, Mysore has got three private medical colleges. The organisers of the medical colleges have been swindling money like anything and they are charging more than Rs. 25,000. . . .

MR. SPEAKER: I shall have to get the introduction deleted, so that the hon. Member may come to the question direct.

SHRI K. LAKKAPPA: The capitation fee is of the order of Rs. 25,000 or Rs. 30,000 depending upon the market. The organisers of the Gulbarga medical college have made nearly a crore of rupees and so also in the case of the Davangere and Belgaum medical colleges. May I know whether Government would raid the houses of the organisers of these three medical colleges so that they can confiscate the huge money that they have received from the students? It is becoming impossible at this rate to send students belonging to poor families to medical colleges, so far as Mysore State is concerned. Since Mysore is now under President's rule, may I know whether it is a fact that Members of Parliament from Mysore are demanding that Government should take over these medical colleges and are also asking for financial assistance from the Central Government in the alternative, and if so, the reaction of the Central Government thereto?

SHRI UMA SHANKAR DIKSHIT: We do not have this latest information which the hon. Member has just given about the rate of the capitation fee having gone up to Rs. 25,000 or Rs. 30,000. The information available with the Ministry is that in no case is it more than Rs. 10,000. We have taken note of the information given by the hon. Member and we shall certainly inquire into the matter and take whatever remedial measures are possible.

SHRI JYOTIRMOY BOSU: May I know whether it is a fact or not that a deputation of the students of the Pataliputra Medical College had called on the hon. Minister and made a representation to him, and arising out of that, whether in view of the fact that the college has got Rs. 60 lakhs in the bank out of the collections made from the students including foreign students, Government would tell us here and now whether they are going to take over this medical college so that the students are not obliged to remain frustrated and dejected?

SHRI UMA SHANKAR DIKSHIT: The deputation to which the hon. Member refers did meet me, and I had promised to go into the matter, and after contacting the people concerned to find a solution. In fact, I wanted to find a solution, but afterwards some boys came and told me that the Government of Bihar had already taken over the college, and, therefore, there was no such problem any more. Therefore, I gave up the matter. Therefore, there is no question now. If any question arises, I shall certainly take personal interest in the matter.

SHRI ATAL BIHARI VAJPAYEE: This is also a Rs. 60 lakhs question.

DR. MELKOTE: Is it not a fact that in the past Government had held out assurances several times on the floor of this House that they would not allow the capitation fees to be taken and that no more mushroom colleges of this type would be allowed to come up? Is it not a fact that many more such colleges have come up and many such colleges have been collecting such funds even now?

SHRI UMA SHANKAR DIKSHIT: It is a matter of legislative measure which the hon. Member is suggesting, we can consider it on our own or on the basis of the strength of feelings expressed in this House. But I am

not aware of any such decision and no further opening of such colleges would be allowed. There is no such law under which such a provision can be implemented.

So far as the States are concerned, most of these colleges are functioning precisely because the State universities affiliate these colleges. It is, therefore, primarily a matter for the States to consider and the Centre cannot just ride roughshod over the opinions, views and policies of the State Governments.

SHRI VAYALAR RAVI: There are newspaper reports which indicate that after this unholy episode of the Pataliputra Medical College, a new medical college has sprung up in Patna, with which have been associated some names of public importance. I find even the name of our hon. Speaker mentioned as a patron. How can we allow such colleges to come up based merely on donations? Will Government look into this and stop such malpractices?

SHRI K. LAKKAPPA: The Speaker's name should not be dragged into this.

SHRI UMA SHANKAR DIKSHIT: I have already explained Government's policy.

डी० आई० जेड क्षेत्र, नई दिल्ली में बहुमंजिले भवनों का निर्माण

* 459. श्री रामचन्द्र विकल : क्या निर्माण और आवास मंत्री यह बताने की कृपा करेंगे कि डी० आई० जेड क्षेत्र, नई दिल्ली, में टाइप चार के आठ मंजिला क्वार्टरों के निर्माण में कितना समय लगने की सम्भावना है ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): 94 Type IV quarters (8 storeyed) now under construction in the DIZ area are expected to be completed by 1972.

श्री रामचन्द्र विकल : क्या निर्माण और आवास मंत्री बतायेंगे कि नयी दिल्ली में बनने वाले क्वार्टरों की निर्धारित अवधि क्या थी और उसमें देरी होने का क्या कारण है ?

श्री आई० के० गुजराल : देरी कोई ज्यादा

तो नहीं हुई, थोड़ी-सी हुई है क्योंकि स्टील की सप्लाई में मुश्किल आ रही थी।

श्री रामचन्द्र बिकल : क्या निर्माण और आवास मंत्री बतायेंगे कि ये क्वार्टर बनने के बाद जनता को किराये पर दिये जाने वाले हैं या सरकारी कर्मचारियों को दिये जायेंगे ? ये क्वार्टर किस उद्देश्य से बनाये गए हैं ?

श्री आई० के० गुजराल : गवर्नमेन्ट एम्प्लॉय को दिये जायेंगे।

श्री सोहन लाल : क्या आवास मंत्री बतायेंगे कि चार-पांच साल से शादी खामपुर में चार मंजिले क्वार्टर बनने के बाद खाली पड़े हुए हैं उसका क्या कारण है ? अभी तक वे खाली क्यों पड़े हुए हैं ?

अध्यक्ष महोदय : इस सवाल को किसी और वक्त पूछ लें। यह सवाल तो बनने वालों के बार में है। . . . (व्यवधान) . . .

SHRI I. K. GUJRAL: No, these quarters which I think the hon. member is referring to, do not belong to Government.

बिड़ला भवन को महात्मा गांधी स्मारक का रूप देना

* 461. **श्री हुकम चन्द कछवाय :** क्या निर्माण और आवास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिड़ला भवन को महात्मा गांधी स्मारक का रूप देने के लिये वित्तीय वर्ष 1971-72 में कोई राशि नियत की गई है; और

(ख) यदि हाँ, तो इस सम्बन्ध में कितना व्यय होगा ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) and (b). Rs. 35 lakhs have been provided for expenditure in the financial year 1971-72 for acquiring Birla Bhawan for its conversion into a Memorial to Mahatma Gandhi. The proceedings for

acquisition under the Land Acquisition Act are being taken by the Delhi Administration. At this stage, the amount that will actually be spent cannot be indicated.

श्री हुकम चन्द कछवाय : मैं आपके द्वारा मंत्री महोदय से जानना चाहता हूँ कि जब बिड़ला जी ने कह दिया कि हम बिड़ला भवन देने के लिए तैयार हैं तो उसको अपने कब्जे में लेने के रास्ते में सरकार को कौन सी दिक्कत सामने आ रही है ? अभी तक सरकार ने उसको लिया क्यों नहीं है ?

श्री आई० के० गुजराल : इस हाउस में दो एक दफा पहले बात हुई थी और आनरेबिल मेम्बर को याद होगा कि बिड़ला जी ने जो आफ़र भेजा था उसमें कुछ शर्तें थीं और उन शर्तों के ऊपर लेना मुश्किल था। इसलिए यह ठीक समझा गया कि उसको एक्वायर कर लिया जाये।

श्री हुकम चन्द कछवाय : अभी मन्त्री महोदय ने कहा कि उन्होंने कुछ शर्तें रखी थीं तो क्या मंत्री महोदय उन शर्तों को बतायेंगे ताकि सदन को जानकारी हो सके ?

दूसरी बात मैं यह जानना चाहता हूँ कि इसके बनने में कितना समय लग जायेगा—क्या इसका कुछ अन्दाज़ है।

अध्यक्ष महोदय : यह तो हाउस में काफी डिस्कस हो चुका है। . . . (व्यवधान) . . .

SHRI I. K. GUJRAL: Dealing with the second question of my hon. friend first, I cannot indicate just now the time that will be taken to complete the memorial for two reasons. One is that the acquisition is not yet complete, and the second is that we will then work out the details as to what is to be done there as a memorial.

So far as the first question is concerned, the hon. Member will recall that this was discussed in this House some time ago. First there was difficulty about fixing of price. Second, there was a demand for giving of alternative land. All these things were discussed from time to time and before this House was re-constitu-

ted, it was decided that it was better to acquire it under the Land Acquisition Act:

SHRI S. M. BANERJEE: I would like to know whether it is a fact that these acquisition proceedings which are going on are being delayed because Government has not made up its mind for the compensation to be paid for such acquisition. What is the amount of compensation and what are the reasons for paying compensation for this particular House.

SHRI I. K. GUJRAL: I can assure him that Government's mind has not only been made up, but it is being implemented in the sense that we have already moved for the acquisition of the site; the Delhi Administration has been asked to move the Acquisition Collector to fix the prices, so that the land can be acquired. Also, in the Budget, an amount for acquisition has been provided. What will be paid ultimately depends upon the acquisition proceedings and what the collector fixes.

SHRI SHYAMNANDAN MISHRA: May I know whether any negotiations are going on with regard to the compensation to be paid to Birlas, or whether the compensation is going to be determined in the court only?

SHRI I. K. GUJRAL: No negotiations are going on. The price will be determined by the Land Acquisition Collector.

SHRI K. SURYANARAYANA: Will the Government wait till legislation on urban property ceiling is brought, so that the Government and the nation may be benefited?

MR. SPEAKER: It is a suggestion for action.

SHRI JYOTIRMOY BOSU: There is an authorisation in favour of Shri K. Halder for question No. 468.

MR. SPEAKER: We shall consider it after all the questions.

Shortage of Crude for Barauni Refinery

* 473. **SHRI SHYAMNANDAN MISHRA:** Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

- (a) whether the Barauni Refinery would face shortage of crude after some time; and
- (b) if so, the reasons therefor?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) and (b). The Barauni Refinery receives approximately 2 million tonnes of crude from the Assam fields. The production of the Assam fields will begin to decline after about 5 years. Consequently, the supplies to Barauni would also correspondingly reduce. However, a scheme has been approved for processing of imported crude in the Barauni Refinery. This scheme is expected to be completed by the end of 1973 and envisages certain modifications to the Refinery Plant. In the first instance, imported crude will be supplied to the 3rd million tonne unit. If and when the available supplies of Assam crude for Barauni Refinery decreases, the shortfall will have to be made up by locating other sources of crude.

SHRI SHYAMNANDAN MISHRA: What is the amount of investment that would be required for modification in Barauni Refinery?

SHRI P. C. SETHI: I am sorry at the moment I do not have the amount that will be required for the modifications. The cost of upgradation of oil pipeline as estimated in 1967-68 was about Rs. 6 crores.

SHRI SHYAMNANDAN MISHRA: If there are going to be imports for meeting the requirements of Barauni what would be their order, year to year, if there is shortage from Assam?

SHRI P. C. SETHI: As a matter of fact I have pointed out that for the extra one million tonne capacity which exists in Barauni, one million tonne will have to be imported. When we start the excess one million tonne after completing the modifications that we are proposing, we shall be in a position to use the Rustom crude and also the Raksh crude that will come in. Supplies from Naharkotia and Moran would start declining from 1976; in 1975 it would be 2.20 million tonnes from Naharkotia and 0.41 from Moran; from 1967 onwards they will go on declining gradually from 1.84 to 1.08 million tonnes from Naharkotia and to 0.21 instead of 0.41 from Moran. To that extent imports will have to increase.

DR. MELKOTE: Did not the Government expect this shortage and have they planned for the future properly?

SHRI P. C. SETHI: It is known that there will be shortage. At the moment our

crude production is 6.5 million tonnes and we hope to reach about 8.5 million tonnes by the year 1973-74. By that time our refining capacity would be to the tune of 26-27 million tonnes and to that extent there would be shortfall. All possible efforts are being made by the ONGC onshore and offshore to locate new sources of crude.

श्री अमल सिंह: मैं मंत्री महोदय से जानना चाहता हूँ कि बरौनी रिफाइनरी लास पर काम कर रही है या प्राफिट पर काम कर रही है? अगर प्राफिट पर काम कर रही है तो कितना प्राफिट हो रहा है?

अध्यक्ष महोदय: सवाल तो कुछ और ही है। यह सवाल इससे उठता नहीं है।

SHRI P. C. SETHI: I shall inform the Member later on.

Integrated Cancer Centre in Eastern Zone at Calcutta

*476. **SHRI JYOTIRMOY BOSU:** Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

whether the recommendations of Cancer Committee set up by Government in 1965 and as approved by Planning Commission on the 13th April, 1971 with regard to the setting up of an integrated cancer centre in the Eastern Zone at Calcutta under one autonomous body with representatives from Government and various bodies including those of Deshbandhu Memorial Trust and Chittaranjan Cancer Hospital have since been implemented?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): The details for setting up of Regional Cancer Research Centres including the Centre in the Eastern Zone at Calcutta are being worked out.

SHRI JYOTIRMOY BOSU: Cancer has been considered to be a real evil to human society today, but the hon. Minister has made it such a short business. I am taken by great surprise really. Now, may I know whether it is a fact that cancer research is being severely hampered due to the lack of clinical facilities attached to the research institutes and, if so, the details thereof?

SHRI D. P. CHATTOPADHYAYA: We cannot claim that all the clinical facilities have been offered. All these recommendations of the Committee which had gone into the details of the working of the different regional centres are being studied and the grant of advance by way of further financial assistance is being considered.

SHRI JYOTIRMOY BOSU: Is it a fact that although there is great demand and great necessity for doing full research in cancer and other like diseases, is it a fact that the Health Ministry had a surplus of funds during the last allocation to the tune of Rs. 1½ crores and, if so, what is the reason for keeping this amount unspent?

SHRI D. P. CHATTOPADHYAYA: Sir, I do not know exactly the amount that has remained unspent on that head. But before we advance money, we should see if the schemes are workable and the schemes are notionally approved by the concerned authorities.

SHRI JYOTIRMOY BOSU: Is it a fact that the money has remained unspent after allocation? That is the question.

SHRI D. P. CHATTOPADHYAYA: I said that about the exact amount I could not answer.

DR. MELKOTE: When did the Ministry formulate this and why has it taken such a long time to implement it?

SHRI D. P. CHATTOPADHYAYA: The Committee's report has been received only recently. So, we have to consult the Planning Commission and some other bodies before we implement it, and we are expediting the matter as early as possible in the circumstances.

SHRI SAMAR GUHA: May I know whether it is a fact that the decision has been taken by the Ministry concerned that the same eastern zone cancer research institute will be set up at Calcutta and, if so, whether it is going to be set up at the Chittaranjan Cancer Centre and, if so, whether it is a fact that there has been a lot of complaint about the working of the Chittaranjan cancer hospital, about its management, about corruption, dereliction of duties on the part of doctors and other staff etc., and whether the Government will enquire into the mismanagement of the Chittaranjan cancer hospital?

SHRI D. P. CHATTOPADHYAYA: Yes, Sir. The proposed centre will be set up at the Chittaranjan National Cancer Centre, it is also true that some complaints have been received at the Government level and also reported in the local press. We are going into those complaints.

Arrest of Air Force Officer at Gauhati for Passing Secret News to Pakistan

* 480. **SHRI R. V. BADE:**
SHRI SUBODH HANSDA:

Will the Minister of DEFENCE be pleased to state:

(a) whether an Air Force Officer posted at Borjhar Airport at Gauhati has been arrested on the charge of passing the secret news to Pakistan;

(b) how long he was indulging in this act of anti-national activities; and

(c) whether any enquiry has been made in this regard?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) to (c). A Corporal of the Indian Air Force posted at Borjhar airport at Gauhati has been arrested under the Official Secrets Act, for being in possession of classified service papers and documents.**

The matter is still under investigation.

SHRI R. V. BADE: May I know when the man was arrested, when you got the information and how long the investigation is pending?

SHRI VIDYA CHARAN SHUKLA: This corporal has been serving with the Air Force since March, 1968. We started suspecting him because he was seen in such suspicious circumstances. His house was searched on 11th March, 1971. He was placed under suspension and arrested. We have been interrogating him and trying to find out some material evidence, so that we can proceed against him in a proper manner.

SHRI R. V. BADE: Who are the other officers who were in contact with this man and who gave him the information?

SHRI VIDYA CHARAN SHUKLA: There are two officers who have been suspended because of misappropriation of public funds. They were also in Gauhati airport. A court of enquiry was appointed and they held that these officers should be charged for embezzlement of Government funds. Both are under suspension since 21st December 1970 and disciplinary proceedings are in progress.

SHRI R. V. BADE: I asked about the officers who gave this information to this man.

SHRI VIDYA CHARAN SHUKLA: I have already said that there were allegations against this corporal that he has taken some classified document,** but we have not yet given up the matter. We are still investigating it.

SHRI ATAL BIHARI VAJPAYEE: The corporal has been arrested under the Official Secrets Act. The minister said that he had some classified information. Who gave him the classified information?

SHRI VIDYA CHARAN SHUKLA: He was working in the air force station at Borjhar airport. We had some suspicion. Then his house was searched. Certain classified documents were recovered from his house. After that, we have set up this enquiry which is still in progress. How he came into the possession of the classified documents, etc. are under enquiry. The enquiry is not yet completed. There was an allegation that there might be some complicity of this particular officer with Pakistani espionage.** We are trying to find out further facts. We are going deeper into it so that we can conclusively establish the facts.

SHRI PRABODH CHANDRA: Just now the Minister said that the charges have not been substantiated and the enquiry is still proceeding. Will not his remark ** affect the further course of the enquiry?

SHRI VIDYA CHARAN SHUKLA: It is not likely because I have not said that the enquiry has been completed.** By further enquiry, it may be substantiated.

SHRI ATAL BIHARI VAJPAYEE: If the inquiry is continuing, why should the hon. Minister say that. **

** Expunged as ordered by the Chair. vide col 23.

SHRI JYOTIRMOY BOSU: Will the hon. Minister be able to tell us how many officers and non-commissioned officers have been tackled on suspicion or specific charges of doing spying or passing over classified documents during the last one year?

MR. SPEAKER: This is not relevant.

SHRI JYOTIRMOY BOSU: I asked whether he will be able to tell us.

MR. SPEAKER: Even if he is able to, that is not relevant here.

SHRI S. M. BANERJEE: I would like to know from the hon. Minister if this is a departmental inquiry or court of inquiry, as they say in the Army Act, and whether this matter was not at all referred to either the Central Intelligence or the Military Intelligence, to probe further deep into the matter; if so, the reason thereof.

MR. SPEAKER: The Minister may avoid reference to any matter which may affect the result of the inquiry.

SHRI VIDYA CHARAN SHUKLA: We have pressed into service all such agencies that we have to effectively find out and reach the root of the matter as to how such a junior officer as this came into such a position that he could reach such classified material. We are going into the matter and we hope that we shall be able to reach some conclusion soon.

SHRI SAMAR GUHA: I want to know whether the statement just now made by the Minister ** will prejudice the course of the inquiry against him.

SHRI VIDYA CHARAN SHUKLA: I do not think it will** We are continuing with the inquiry.

MR. SPEAKER: Portions in the Minister's reply which may affect the further course of enquiry, stand expunged.

Re. Q. 468

SHRI KRISHNA HALDER: Sir, Shri Robin Sen has authorised me to put question No. 468.

Expunged as ordered by the Chair,

Study on Liver Cancer

* 469. **SHRI K. LAKKAPPA:**
SHRI DHARAMRAO
AFZALPURKAR:

Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether there is any proposal under Government's consideration to conduct study on liver cancer based on Russian Model;

(b) if so, the main features thereof; and

(c) the progress made in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) No, Sir.

(b) and (c). Do not arise.

SHRI K. LAKKAPPA: May I know whether the Government has made any attempt to explore the possibility of taking the Russian method of curing liver cancer in this country; if so, what is the reaction?

SHRI D. P. CHATTOPADHYAYA: The scheme is under way in the All India Institute of Medical Sciences to produce liver cancer in monkeys by introducing Benzene Biethyl nitrosamine. Preliminaries have been worked out and it is too early to say something definite about it.

SHRI K. LAKKAPPA: May I know whether the Government has made any attempt to collect information about the development of liver cancer in this country; if so, what is the brief outline?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT): The question concerns liver cancer based on Russian model. We have said, according to the best of our information, there is no such model. No information has been available.

MR. SPEAKER: He wants it on the Mysore model.

SHRI K. LAKKAPPA: This Government should adopt that model.

Expansion of Koyali Refinery in Gujarat

*470. SHRI P. K. DEO: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether an expert committee appointed by Government has recommended expansion of the Koyali Refinery in Gujarat; .

(b) if so, what are their main recommendations; and

(c) whether Government have accepted those recommendations?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) The expert committee has not yet submitted its report.

(b) and (c). Do not arise.

SHRI K. S. CHAVDA: How much time will be taken for the submission of the report?

SHRI P. C. SETHI: We are trying our best to have this report as soon as possible. We have also submitted this matter to be studied by a foreign expert. The picture of crude supply has also changed.

SHRI S. M. BANERJEE: Sir, one day's allowance should be deducted of those Members who are absent.

MR. SPEAKER: No; I think, more allowance should be given for absence to complete the list.

SHRI JYOTIRMOY BOSU: Sir, I want to make a submission. Shri Robin Sen has authorised Shri Krishna Chandra Halder to put question No. 468 on his behalf. According to the Rules, may I request you to be kind enough to allow him?

MR. SPEAKER: Yes, he can ask it.

Eradication of Eye Disease Amongst Students in Delhi

*468. SHRI KRISHNA HALDER (on behalf of SHRI ROBIN SEN):

Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether more than 75 per cent of the students in Delhi, particularly students of

Delhi University, are being affected by eye disease;

(b) if so, the reason for the failure of Health Services in eradicating the disease; and

(c) the steps taken by Government with regard to this?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) A survey was conducted in 1970 by the National Society for the Prevention of Blindness. According to this, a large percentage of students suffered from trachoma and other diseases.

(b) and (c). All those who needed medical attendance were given treatment.

SHRI KRISHNA HALDER: I want to know the reasons for this disease.

SHRI D. P. CHATTOPADHYAYA: The exact causes of this disease have not yet been decided but some congenital and other local influences are underlying this disease and these are being studied.

SHRI M. RAM GOPAL REDDY: I want to know from the hon. Minister whether it is not on account of the deficiency of vitamin A, that is, milk and other things.

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT): That is so; that is one of the important causes.

MR. SPEAKER: Question Hour is over.

SHRIMATI JEYALAKSHMI: Sir. . .

MR. SPEAKER: You have got up after I said, the Question Hour is over.

SHRI S. M. BANERJEE: She is a lady Member.

AN HON. MEMBER: Be chivalrous.

SHRI S. M. BANERJEE: It is her maiden question.

MR. SPEAKER: That will be setting a bad precedent. I am sorry. I very much wanted to oblige you. I cannot do it now.

SHRI PILOO MODY: The rule has got the better of chivalry.

WRITTEN ANSWERS TO QUESTIONS

Shortage of Qualified Doctors and Nurses in RMY Hospitals

* 454. SHRI R. S. PANDEY: Will the MINISTER OF DEFENCE be pleased to state:

(a) whether there is a shortage of qualified doctors and nurses in the army hospitals particularly in the border areas;

(b) if so, the reasons therefor; and

(c) what steps are being taken to recruit and post adequate number of doctors and nurses in the military hospitals as also to provide modern equipment of surgery particularly in hospitals in the border areas?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) There is an overall shortage of doctors in the Army Medical Corps and Nursing Service. There is no shortage in Dental Corps. But all hospitals including those in the border areas are adequately staffed.

(b) The shortage is mainly due to poor response from civilian doctors and nurses because of hazards of military service.

(c) Wide publicity is being given to opportunities for employment/career in Military Medical and Nursing Services through press, radio and periodical visits to Medical Colleges.

Military hospitals, including those located in border areas, are provided with modern and sophisticated equipment for investigation and treatment. The question of improving them is under continuous examination in the light of advances made in the field of medical sciences.

Allotment of Agricultural Land to Members of Armed forces

* 455. SHRI MANI RAM GODARA: Will the Minister of DEFENCE be pleased to state:

(a) whether promises were made during the Chinese aggression and Indo-Pak conflict for allotment of agricultural lands to the members of the Armed Forces;

(b) if so, the steps taken by Government up to now;

(c) the number of servicemen, Ex-service-

men and their dependents who have been allotted lands and the total area so far allotted, State-wise; and

(d) the future programme of Government in this regard?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) and (b). In 1963, all State Governments/Administrations were requested to extend special concessions, including settlement of agricultural land, to ex-servicemen and, specially, to the dependants of Service personnel who were killed in action, and to ex-servicemen. Almost all State Governments/Administrations amended their land settlement procedures and rules and made allotments of land to ex-servicemen, individually or co-operative societies of ex-servicemen.

(c) Since settlement of land is made by State Governments under their respective land revenue laws/rules through their local offices, up-to-date information regarding total area of land settled, is not available. The collection of such statistics from the various States within a reasonable period of time is not feasible.

(d) The matter is pursued with the State Governments/Administrations, so that maximum benefits accrue to the ex-servicemen.

Strike by Workers of Indian Oil Corporation in Cochin

* 457. SHRI B. N. REDDY: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the attention of Government has been drawn to the strike launched by the workers of Indian Oil Corporation in Cochin area, Kerala State on the 17th May, in support of their demands;

(b) if so, the main demands of the workers; and

(c) the steps taken by Government to redress their grievances?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) Yes, Sir.

(b) The two main demands of the striking workers are:

(i) upgradation of status of Cochin town

for purposes of getting an increase in City Compensatory and House Rent Allowances; and

- (ii) Cancellation of transfer of certain workers from Ernakulam to other depots in Kerala.

(c) The Indian Oil Corporation are looking into these demands.

Plan for the Family Consulting Units in the Universities

* 460. SHRI MUHAMMED SHERIFF: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether Government have chalked out any plan for the family consulting units in the Universities to advise the youth on family life and education;

(b) whether Government have considered the suggestion of Dr. Fonseca, Director, Council of Family Planning on sex education; and

(c) if so, the main suggestions made and action taken thereon?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT): (a) No, Sir.

(b) and (c). The suggestions of Dr. Fonseca of the Indian Social Institute, which have just been received, will be given due consideration.

C. G. H. S. for Pensioners and their Families

* 463. SHRIMATI BIBHA GHOSH: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to refer to the reply given to unstarred Question No. 1098 on the 2nd March, 1970 and state the progress made in the Plan to extend the Health Schemes to the pensioners and their families throughout India through C. G. H. S.?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT): The Central Government Health Scheme has been introduced so far only in Delhi, Bombay and Allahabad. In these three places medical facilities under the scheme are available to Central Government pensioners also. The scheme can be introduced only in

cities where there is a substantial concentration of Central Government employees.

It is primarily the responsibility of State Governments to provide medical care to their pensioners.

Shortage of Medicines in Rural Areas

* 464. SHRI BISHWANATH JHUNJHUNWALA:
SHRI N. K. SANGHI:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether there is an acute shortage of medicines in the rural areas due to reduction in commission under the Drugs Act and the retailers are finding it unremunerative to stock more stocks of medicines; and

(b) if so, the steps Government propose to take to mitigate the difficulties of the rural people and to ensure a steady flow of medicines in the rural areas?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) No, Sir. It is not correct that there is acute shortage of medicines generally in the rural areas due to reduction in trade commission under the Drugs (Prices Control) Order. However, shortages of certain brands of medicines have been reported from certain areas. These shortages are attributable to cause other than reduction in the trade commission.

(b) Steps taken to remove shortages are:

- (i) import of additional quantities of bulk drugs through the State Trading Corporation.
- (ii) Expansion of indigenous capacity for bulk drugs.
- (iii) Encouraging manufacturers to step up production of medicines reported to be in short supply.

Some improvement has taken place during the last month with the arrival of bulk drugs being imported by the State Trading Corporation and further improvement in the situation is expected to take place in the next two to three months.

Pilferage and Sale of Military Ammunition and Small Arms

*465. SHRI S. N. MISRA: Will the Minister of DEFENCE be pleased to state:

(a) whether he is aware that Military Ammunition and small arms are pilfered and sold in the market;

(b) the estimated loss annually incurred by the Department by such activities; and

(c) the steps taken so far to prevent such activities?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM): (a) to (c). Some cases of pilferage and sale of arms and ammunition from Defence establishments have come to the notice of Government. Necessary action has been taken to recover them, and to punish the persons responsible. A number of security measures have also been initiated to prevent recurrence of such thefts.

Requirement of Vijayanta Tank Plates

*466. SHRI BRIJ RAJ SINGH—KOTAH: Will the Minister of DEFENCE be pleased to state:

(a) whether Government of India are in a position to make available all the requirements of Vijayanta tank plates from the Hindustan Steel;

(b) if not, the reasons thereof; and

(c) the efforts which Government are making to meet the requirements in this respect?

THE MINISTER OF STATE IN THE MINISTRY OF DEFENCE (DEFENCE PRODUCTION) (SHRI VIDYA CHARAN SHUKLA): (a) and (b). Requirements of armour plates for Vijayanta tanks are being met by Hindustan Steel Ltd., to the extent of 65%. The remainder are being imported for lack of capacity in Hindustan Steel Ltd.

(c) An expert committee representing both users and producers has been appointed recently by Government to examine ways and means to step up production at Hindustan Steel Ltd. to meet the full requirements of Heavy Vehicles Factory.

Central Government Building Lying Vacant Near Raipur

*467. MAHARAJA MARTAND SINGH: Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether a building constructed by the Government of India near Raipur at a cost of over Rs. 12 lakhs is lying vacant for about two and a half years;

(b) if so, the purpose for which the said building was constructed; and

(c) the reasons for not putting the said building to any use?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT): (a) to (c). The information is being collected and will be laid on the Table of the House.

Setting up of a Fertilizer Factory at Paradeep

*471. SHRI MUKHTIAR SINGH MALIK: SHRI CHINTAMANI PANIGRAHI:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the Fertilizer Corporation of India have since submitted the Report regarding setting up a Fertilizer Factory at Paradeep in Orissa; and

(b) if so, the nature of their main recommendations?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) No, Sir.

(b) Does not arise.

Grants to Voluntary Organisations wishing to set up Hospitals in Rural Areas

*472. SHRI H. M. PATEL: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether Government propose to give grants to voluntary organisations wishing to set up hospitals particularly in rural areas;

(b) if so, whether the proposal has been finalised; and

(c) if so, the main features thereof and the

response received from the voluntary organisations and charitable institutions to the proposal?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT): (a) to (c). A scheme for giving grants to voluntary organisations setting up hospitals in/for rural areas is under consideration in consultation with the State Governments. The grant-in-aid is proposed to be given on 1/3 basis viz. 1/3 each will be shared by the Central Government and the concerned State Government/Union Territory Administration and the balance 1/3 will be met by the Grantee institution.

The State Governments and the Union Territory Administration have been requested to give their broad acceptance to the proposal. On receipt of the replies from the State Governments and the Union Territory Administrations the scheme will be finalised.

Revision of Agreement with National Iranian Oil Company for supply of Darius Crude to Madras Refinery

***474. SHRI T. S. LAKSHMANAN:
SHRI RAJA KULKARNI:**

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Iran had not agreed to the revision of the price formula in the Agreement with them for supply of Darius crude for Madras Refinery;

(b) whether the price of Darius crude is already higher than the price of crude imported by the three private sector oil refineries in India;

(c) the steps Government have taken to bring down the price of Darius Crude; and

(d) whether India will unilaterally withdraw from the agreement and make use of its share of Rostam crude for the Madras Refinery?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) The contract is not with Iran as such, but with the National Iranian Oil Company and the Pan American International Oil Company (an affiliate of Amoco). The Sellers had in April 1970, when a delegation from India visited Iran, refused to revise the price formula. More recently, however, they have agreed to discuss the subject again, and to do so with a view to finding a satisfactory solution.

(b) Yes, Sir.

(c) and (d). As the matter is to be discussed with the Sellers as indicated under (a) it is not desirable at this juncture to indicate possibilities of a hypothetical nature. Government is hopeful that a mutually satisfactory solution may be found.

Selection of Candidates for Short Service Commissions and Regular Commissions by Allahabad Selection Board

***475. SHRI JAGANNATHRAO JOSHI:** Will the Minister of DEFENCE be pleased to state:

(a) whether the percentage of selected candidates for Short Service Commission is lowest in the Allahabad Selection Board Centre for the last four years, whereas previously 60 per cent to 75 per cent candidates were selected from this centre which has now been selecting only 5 per cent to 10 per cent of the candidates; if so, the reasons therefor;

(b) whether the percentage of selected candidates for regular commission in the Army is the lowest at Allahabad Selection Board Centre in comparison to other Centres; and

(c) if so, the reasons therefor?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM): (a) The percentage of selection at Allahabad Centre during the last four years, has been nearly the same as at other Centres. Figures of selection at Allahabad for period earlier to 1967, are not readily available.

(b) No, Sir.

(c) Does not arise.

U. K. refusal to stop Aid to Pakistan

***477. SHRI SHASHI BHUSHAN:** Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether the Prime Minister of United Kingdom has refused to stop aid to Pakistan in response to India's Prime Minister's appeal to bring pressure on Pakistan for a political settlement in East Bengal; and

(b) if so, Government's reaction thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) and (b). The British Secretary of State for Foreign

and Commonwealth Affairs has stated in the House of Commons on the 8th of this month that while development schemes already under way in Pakistan are not being stopped, no new aid is being supplied to the Government of Pakistan. He has also stated that all the members of the Aid Pakistan Consortium have made it clear to the Pakistan Government that there must be a proper political framework within which aid can be injected into Pakistan. The British Government have also impressed on the President of Pakistan the need for a political settlement which can give the refugees from East Bengal the confidence to return to their homes.

Decentralisation of Central Government Offices in Delhi

* 479. DR. KARNI SINGH: Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether in view of the high pressure on land in the Capital, Government propose to embark upon a programme of decentralisation of the Central Government offices; and

(b) if so, the particulars thereof?

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT): (a) and (b). It has been the avowed policy of the Government, for the following reasons, to shift such of the Central Government offices out of Delhi as could function from other places without detriment to their administrative efficiency:—

- (i) The possibility of further construction of office and residential accommodation in Delhi is extremely limited having regard to the excessive pressure on land and the various civic services due to the steady large scale increase in population.
- (ii) To relieve congestion both in the matter of office and residential accommodation.
- (iii) To make provision for the possible expansion activities of Ministries/Departments such as Defence, External Affairs, Home, etc. which should necessarily on strategic and

other considerations be retained in Delhi.

Some success has been achieved. Further steps that should be taken with a view to achieving better results in deconcentration of offices outside the Capital are under examination by the Government.

Preparations by Pakistan to Launch a Major Operation across Cease fire Line in Kashmir

* 302. SHRI H. M. PATEL: Will the Minister of DEFENCE be pleased to state:

(a) whether the attention of Government has been drawn to the Press report appearing in the *Hindustan Times* of 2nd February, 1971 regarding the statement made by the President of Pakistan-occupied Kashmir that preparations to launch a major operation across the ceasefire line are under way in the area and calling for unconventional warfare including guerilla action in intensifying the war of liberation in Kashmir; and

(b) if so, the reaction of Government in regard thereto?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM): (a) and (b). Government have seen the Press report referred to. Government are aware of the training being imparted to Pakistani personnel in Pakistan Occupied Kashmir in guerilla tactics. The developments across the cease-fire line in J. & K. continue to be watched and taken into account in our defence plans.

Allowance to Air Force Officers

2005. SHRI JYOTIRMOY BOSU: Will the Minister of DEFENCE be pleased to state: the rates of (1) qualification allowance, (2) special disturbance allowance, (3) field service benefits, (4) travelling and daily allowance, and (5) allowances for a married accommodation, furniture electricity and water given to (1) officers, and (2) other ranks in the Air Force?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM): A statement is laid on the table of the House [Placed in Library. See No. LT—408/71].

Denial of Grade III Posts of Stenographers to Steno-Typists of Armed Forces Headquarters

2006. SHRI BIREN DUTTA: Will the Minister of DEFENCE be pleased to state:

(a) whether the Steno-typists of the Armed Forces Headquarters have been denied Grade III posts of Stenographers to enable them to come at par with the Central Secretariat Stenographers; and

(b) if so, the reasons therefor?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM): (a) and (b). The question of introduction of Grade III posts of Stenographers in the Armed Forces Headquarters Stenographers' Service is under consideration of Government.

Appeal of Indians in United States to Prime Minister Regarding Recognition to Bangla Desh Government

2007. SHRI M. KATHAMUTHU: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether the Indians living in U. S. had appealed the Prime Minister to recognise the Government of Bangla Desh; and

(b) whether they also criticised our diplomatic mission in U. S. for its ineffective work in connection with the development in Bangla Desh?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) and (b). A group of nine Indians claiming to represent Indian organisations in New York handed over a memorandum to our Permanent Representative in New York which contained an appeal for the recognition of Bangla Desh and alleged, amongst other things, that our diplomacy had not done enough to arouse the conscience of the world on the atrocities committed by the Government of Pakistan in East Bengal. It was explained to them that the question of recognition was under constant review by the Government of India. Countries took a stand on the East Bengal situation in the light of their own interests. It was not fair to blame Indian diplomacy merely because others might not have been as forthright as India. India continues to try to remove any misconceptions they might have about the East Bengal situation.

Steps taken to Exercise Checks at Airports

2008. SHRI S. M. KRISHNA:
SHRI P. GANGADEB:

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Government have decided to check at the airport all diplomatic bags and also to carry out personal body search of all diplomats;

(b) if so, the reasons for taking such action;

(c) the further steps Government have taken to exercise check at the airport without causing inconvenience to the passengers; and

(d) the result thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) Although diplomatic bags are exempt from search but diplomats, like all others, are subject to personal search.

(b) These steps have been taken in order to ensure the safety of passengers and aircraft, following the recent hijacking of an Indian Airlines Fokkar Friendship aircraft to Pakistan on 30th January, 1971 and its subsequent blowing up.

(c) and (d). All possible security measures are being taken to strengthen security arrangements at our airports without causing inconvenience to passengers. The result are considered satisfactory.

Eye-Disease Epidemic in Madras

2009. SHRI KALYANASUNDARAM: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether a highly infectious eye-disease described as anjictiontis has affected a large number of people in Madras and suburbs;

(b) whether the disease is rapidly spreading out as an epidemic;

(c) if so, the cause of the disease; and

(d) the steps taken to fight the disease?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) and (b). Yes, an eye disease known as Conjunctivitis has affected a large section of the people in Madras and its suburbs.

(c) It is suspected that the disease is due to a virus infection.

(d) It is for the State Health authorities to take adequate measure to combat this disease. The State Administrative Medical Officers have been advised to take the following line of prophylaxis and treatment as a community measure:—

I. Prophylaxis: Sulphacitamide drops 10%

II. Treatment 1. Tetracycline ointment
(Local) OR

2. Chloramphenicol ointment
OR

3. Soframycin ointment
OR

4. Contralene Cream

Plan to improve Hospitals run by the Centre

2010. SHRI S. A. MURUGANANTHAM:
SHRI RAMACHANDRAN
KADANAPALLI:

Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(क) से (घ). सूचना एकत्र की जा रही है और जैसे ही प्राप्त होगी सभा पटल पर रख दी जायेगी।

Crash Programme for Development of Potential Growth Towns

2014. SHRI M. M. JOSEPH: Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether an expert in Town and Country Planning had proposed a crash programme of developing 300 potential growth towns in the country in an effort to eradicate the problems of poverty, unemployment and housing shortage; and

(b) if so, the salient features thereof and the reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) Yes. A memorandum containing such a proposal is said to have been submitted to the Expert Committee on Unemployment set up by the Ministry of Labour and Rehabilitation, by an official of the Delhi Development Authority.

(b) The proposals in the memorandum are:—

- (1) A programme should be launched to develop 300 potential growth towns in rich but undeveloped areas in the country-side.
- (2) A rural development corporation, with an initial capital of Rs. 50 crores, should be set up to help in setting up small scale industries.

The suggestions in all such memoranda will first have to be considered by the Expert Committee on Unemployment to whom they are addressed; it is only thereafter that the question of Government's reaction to them would arise.

1971 as Nutrition Year

2015. SHRI B. K. DASCHOWDHURY: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether Government have urged the United Nations to declare 1971 as Nutrition Year;

(b) the broad features of this declaration; and

(a) whether the Royalseema area of Andhra Pradesh has been indentified as the scarcity area;

(b) whether the Central Government sanctioned either grants or loans outside the Plan to take up schemes in this area;

(c) whether there is still acute scarcity of drinking water supply in Royalseema area; and

(d) whether any special allocation of funds has been made to provide necessary equipment, such as rigs etc. to provide drinking water supply in this area?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) to (d). Information is being collected and will be laid on the Table of the Sabha as soon as received.

Expenditure Incurred in Bringing Dr. Dharma Teja to India

2017. SHRI RAMCHANDRAN KADANNAPPALLI: Will the Minister of EXTERNAL AFFAIRS be pleased to state the total expenditure incurred by Government in bringing Dr. Dharma Teja to India?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): An amount of Rs. 6,70,000 has so far been incurred on the extradition of Dr. Dharma Teja to

India. Bills towards fees of solicitors and counsels amounting to Rs. 2,98,400/- are pending for payment with the High Commission of India, London.

Development of Chandigarh Territory

2018. SHRI A. N. VIDYALANKAR: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether in the rural areas of Chandigarh Union Territory little improvement has been visible in matter of sanitation and health, construction of water drains and approach roads and in the matter of rural housing;

(b) whether the contrast between the urban and the rural areas in the matter of development is rapidly growing; and

(c) whether Government are accelerating the plans of rural development ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) to (c). The information is being collected and will be laid on the Table of the Sabha.

2019. SHRIMATI MUKUL BANERJEE: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether Government are aware that the taxi drivers in Delhi are facing lot of difficulty for want of drinking water facilities and minimum civic amenities; and

(b) if so, the action Government have taken or propose to take in the matter ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) and (b). The exact position is being ascertained and the required information will be laid on the Table of the Sabha.

Import of Kerosene Oil from Soviet Union

2020. SHRI SUBODH HANSDA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government propose to import Kerosene Oil from Soviet Union;

(b) if so, the total quantity of Kerosene to be imported; and

(c) whether this will help to bring down the price prevailing in the country?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) Yes, Sir.

(b) The estimated imports for 1971 are 4,25,000 tonnes.

(c) The prices fixed by the Government for deliveries ex-Oil Companies' storage points are determined on the basis of the recommendations made by the Oil Pricing Committee. These are common for imported as well as indigenously produced oil products. The retail selling prices of kerosene are fixed by the local state officials under the Essential Commodities Act, after taking into consideration the handling and transportation costs, sales tax, octroi and other such expenses.

Compensation to Immigrants from Burma and Pakistan

2021. SHRI N. SHIVAPPA: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) the number of immigrants from Burma and Pakistan who have been given compensation in lieu of their property left behind during the last two years; and *

(b) the number of cases pending regarding their compensation and the time likely to be taken for finalising such claims?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) and (b). No compensation has been given to refugees coming from Pakistan during the last two years as no compensation is payable to them. There are, therefore, no pending cases. The settlement of the assets of the repatriates from Burma is under discussion with the Government of Burma through diplomatic channels.

Seminar on Market Town and Spatial Development

2022. SHRI SHASHI BHUSHAN: Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether a seminar on 'Market Towns and spatial development' was organised by the National Council of Applied Economic Research in the month of April, 1971;

(b) if so, whether it was stated in the seminar that if the benefits of industrial and agricultural developments are to reach a large section of the population, the country should have seven times the present number of market towns;

(c) the main recommendations of the seminar;

(d) Government's reaction thereto and the steps taken to implement the recommendations of the seminar in the interest of the large section of population?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) Yes.

(b) A statement to this effect is contained in one of the papers submitted for consideration in the Seminar.

(c) The Seminar considered three aspects of the subject, namely, (i) the role of market centres in the development process, (ii) towns as levers of industrial spread—role of industrial estates, and (iii) criteria for the selection of new and existing towns for purpose of development. The broad conclusions drawn on these aspects emphasise the need for systematic empirical research into the development of market towns, the need for development of industrial towns keeping in view the resource capacity in the regions in which they are located, the need to make market towns as viable selfsustaining units, and the need for ensuring adequate accessible resource endowments for industrial towns.

(d) The recommendations of the Seminar will be taken into account by the Government in framing their policies and programmes on the subject.

India's Plea to U. K. Re. Rhodesia

2023. SHRI BHOGENDRA JHA: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether the Government of U. K. has refused to accept the plea of India to compel the racist Government of Rhodesia to come to the correct path; and

(b) if so, Government's reaction thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) and (b). The Government of India are of the view that the United Kingdom, as the administering power, has the ultimate responsibility for ensuring majority rule in Rhodesia, and that she should take effective measures, including the use of force, to bring down the illegal regime.

The U. K. Government's present stand is that they are seeking to ascertain through the talks which they have initiated with the illegal regime, whether a realistic basis exists for a negotiated settlement.

The Government of India have reiterated their view along with many other States at the Lusaka Summit Meeting, September 1970, at the Commonwealth Prime Ministers' Conference held at Singapore in January 1971 and at the United Nations in December 1970.

Report on Hijacking of Indian Plane to International Civil Aviation Organisation

2024. SHRI S. M. KRISHNA:
SHRI P. GANGADEB:

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Pakistan had submitted a report of its Committee on Hijacking of Indian plane to Lahore to the International Civil Aviation Organisation;

(b) if so, whether Government have seen the report; and

(c) whether Government have also submitted its case to that organisation?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) According to our information, a summary of the conclusions of the report has been submitted to the Organisation by Pakistan. It will be recalled that Pakistan had also issued to the Press an Official statement on the conclusion of the report.

(b) The Government has only seen the official statement mentioned above. We asked for the report from the Government of Pakistan but it has not yet been given to us.

(c) Yes, Sir.

Demands of Goa Shipyard Workers' Union

2025. SHRI MOHAMMAD ISMAIL: Will the Minister of DEFENCE be pleased to state:

(a) whether any charter of demands had been submitted to the management of Goa Shipyard by the Goa Shipyard Workers' Union with regard to their grievances;

(b) if so, the main demands of the workers; and

(c) the steps taken by Government to meet these demands?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) Yes, Sir. The Union has submitted a Charter of Demands on 8th May, 1971.

(b) The demands pertain to (i) the conversion of casual workers into temporary cadre and of temporary workers into permanent cadre; (ii) revision of the Dearness Allowance pattern; and (iii) grant of City Compensatory Allowance.

(c) The matter has been considered by the Management of the Goa Shipyard Ltd. The position is that a Memorandum of Settlement relating to the basic pay and allowances of the workmen was entered into by the Management with the Goa Shipyard Workers' Union on 8th September, 1969. This contains a stipulation that the settlement will remain in force upto 31st August, 1972 and will continue to remain in force even thereafter, unless terminated by either party according to law. The settlement further provides that during the period it remains in force, the workmen and the Workers' Union would not arise any dispute in connection with any of the points agreed to in the settlement. In view of these stipulations, the question of revision of Dearness Allowance or grant of City Compensatory Allowance does not arise. It may be added that City Compensatory Allowance is at present not admissible even to Government employees in Goa.

As regards conversion of casual workmen into temporary cadre and of temporary workmen into permanent cadre, this depends on various factors such as volume of work in the Company, vacancies, and length of service of the workmen, etc. When these factors warrant

such conversion, it is done in consultation with the workers' Union. Some temporary workmen were accordingly made permanent in March, 1971.

Demand by Goa Shipyard Workers for City Compensatory Allowance

2026. SHRI JAGDISH BHATTACHARYA: Will the Minister of DEFENCE be pleased to state:

(a) whether Government have considered the demand of the Goa Shipyard Workers for grant of city Compensatory Allowance; and

(b) if so, what decision has been taken in the matter?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) and (b). The Management has considered the demand relating to the grant of City Compensatory Allowance. The position is that a Memorandum of Settlement relating to the basic pay and allowance of the workmen was entered into by the Management of the Yard with the Goa Shipyard Workers' Union on 8th September, 1969, which provides that the settlement would remain in force upto 31st August, 1972, and even thereafter unless terminated by either party according to law. It further provides that during the period it remains in force, the workmen and the Workers' Union would not raise any dispute in connection with any of the points agreed to in the settlement. In view of this provision in the Settlement, the question of grant of City Compensatory Allowance to the workmen of Goa Shipyard Ltd. does not arise. Moreover, City Compensatory Allowance is at present not admissible even to Government employees in Goa.

P. M. S Meeting with Opposition Leaders Regarding Sending of Delegations Abroad for Mobilisation of Public Opinion in Favour of Bangla Desh

2027. SHRI CHANDRIKA PRASAD:
SHRI NATHU RAM AHIRWAR:

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether the Prime Minister held a meeting with the Opposition leaders in May,

and a decision was taken at that meeting to send a delegation abroad to mobilise public opinion with regard to affairs of Bangla Desh; and

(b) if so, the time by which the delegation will be sent abroad?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) Yes, Sir; on the 7th and the 25th May, 1971. However, no decision was taken to send a delegation abroad. The Minister of External Affairs mentioned that the sending of Parliamentary delegations abroad was under consideration and, if any decision was taken, the Opposition leaders would be consulted about including members of their Parties.

(b) Does not arise.

Allotment of Type IV Government Accommodation in Delhi

2028. DR. KARNI SINGH: Will the Minister of WORKS AND HOUSING be pleased to state:

(a) the total number of Central Government employees who are entitled to type IV accommodation but who have been allotted type II accommodation in the Capital; and

(b) how many of them have already put in more than 15 years of service?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) Officers entitled to Type-IV accommodation are not normally allotted Type-II accommodation. Evidently, the Hon'ble Member wants to know the number of persons eligible for allotment of Type-IV accommodation but in occupation of Type-II accommodation. The number of such persons is 1,201 in the Capital.

(b) 743 out of 1201.

Coal-Based Fertilizer Plants at Talcher and Ramagundam

2029. DR. LAXMINARAIN PANDEY:
SHRI HUKAM CHAND KACHWAI

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the Coal-based fertiliser plants

at Talcher and Ramagundam have been approved by Government; and

(b) if so, the inter se priority allotted to these plants?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) Yes, Sir.

(b) Both the projects are being implemented simultaneously.

North Korean Trawlers with Arms Captured by Indian Navy in Ceylonese Waters

2030. SHRI S. M. KRISHNA:
SHRI P. GANGADEB:
SHRI SAMAR GUHA:

Will the Minister of DEFENCE be pleased to state:

(a) whether the attention of Government has been drawn to the news-papers report in which it has been stated that Indian Navy Patrol boats captured two North Korean trawlers with weapons in the Ceylonese waters;

(b) if so, the particulars thereof; and

(c) the action taken against them?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM): (a) Yes, Sir.

(b) The report was totally incorrect.

(c) Does not arise.

External Affairs Office in Calcutta

2031. SHRI P. GANGADEB:
SHRI NIHAR LASKAR:
SHRI C. K. CHANDRAPPAN:

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Union Government are considering a proposal to open a branch of External affairs Ministry's Office at Calcutta (Pakistan Desk); and

(b) if so, the main reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) A branch office of the Ministry of External Affairs has been opened at Calcutta.

(b) To coordinate relief work for the evacuees from East Bengal who have entered various border States and also to maintain public relations with foreign visitors.

Shortage of Accommodation in Girl's Hostels in Delhi

2032. SHRI N. SHIVAPPA:
SHRI BRIJ RAJ SINGH—KOTAH:

Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether due to shortage of accommodation in Girls' Hostels in Delhi, a number of employees in various offices residing out of Delhi are facing difficulties;

(b) if so, the number of Girls' Hostels and system of their managements;

(c) whether Government have received complaints regarding the arrangements in these hostels; and

(d) the reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) This Ministry is not aware as to whether a number of girls employees are residing outside Delhi for want of accommodation in girls hostels.

(b) There is only one Hostel for girls at Curzon Road consisting of 168 seats (136 rooms). This Hostel is managed by the Directorate of Estates. Allotment is made on the basis of waiting list maintained separately for Government servants and others. There is no Central Messing arrangement in the Hostel. The services are, however, provided by the Government.

(c) No, Sir.

(d) In view of 'c' above, this does not arise.

Jobs to Senior Military Officers After Retirement

2033. SHRI R. S. PANDEY: Will the Minister of DEFENCE be pleased to state:

(a) whether in accordance with the present service rules, many of the senior military officers retire from service at young age;

(b) whether those officers are provided with alternative jobs commensurate with their

ability and qualifications in defence establishments like ordnance factories to utilise their brain and experience properly and if not, the reasons therefor;

(c) whether Government are considering any measures to check this brain-drain and evolving some scheme; and

(d) whether these young officers after retirement will be offered suitable employment opportunity on priority basis?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM): (a) to (d). Military officers of the rank of Colonel and above in the Army, and of equivalent ranks in the other two Services, retire from service on completing their full tenure between the ages of 50 to 60. Such of these officers as require—re-employment and register themselves with the Director General Resettlement, are sponsored for civil posts for which they are considered suitable, including such posts in Defence Establishments.

Permission for Purchase of Private properties Against House Building Loans

2034. SHRI R. S. PANDEY: Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether at present, Government servants can either get loan for the construction of a house or purchase, against loans, houses constructed by Government/Local Semi-Government bodies but they are not allowed to purchase private properties against such loans;

(b) if so, the reasons therefor; and

(c) whether the question of relaxing the relevant rules, thereby permitting Government servants to purchase private properties against loans sanctioned by the Ministry is under consideration?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) At present Government servants can get loans from the Government for the purpose of construction of a house including purchase of land from private parties, Government/Semi-Government bodies/Cooperative Societies. But loans are not admissible for purchase of houses/ready-built flats from private parties.

(b) The reasons for not granting advances

for purchase of ready-built houses from private parties are—

- (i) the grant of advances in such cases do not increase the national stock of houses in the country;
- (ii) it is difficult to assess the residual value of old houses;
- (iii) it is difficult to ensure that the old houses are kept in constant repair, to serve as good security; and
- (iv) the advances for purchase of old houses, if given, are liable to be abused.

(c) The Rules have already been relaxed to the extent that Government servants can obtain loans for purchase of ready built houses from Government/Semi-Government Organisation/State Government/Improvement Trusts/Registered Cooperative Societies. No further relaxation is under consideration.

Shortage of Residential Accommodation in Delhi

2035. SHRI R. S. PANDEY: Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether there is an acute shortage of residential accommodation in Delhi and it is very difficult for the lower and middle income group persons to get the accommodation on reasonable rent; and

(b) if so, the steps taken by Government to mitigate their grievances?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) and (b). As in other major cities of the country on account of the fast growth of population, there is considerable shortage of houses in Delhi and the rents at which houses are available are beyond the reach of many persons belonging to the lower income group.

The Government have taken a number of steps over the past several years to relieve the shortage of housing in the country including Delhi. Some of the measures adopted in Delhi are indicated below:

- (1) Implementation of the following six social housing schemes which aim at ameliorating the housing conditions of

persons belonging to the low and middle income groups etc.

- (i) Integrated Subsidised Housing Scheme for Industrial Workers and Economically Weaker Sections of Community;
- (ii) Low Income Group Housing Scheme;
- (iii) Slum Clearance/Improvement Scheme;
- (iv) Village Housing Projects Scheme;
- (v) Jhuggi & Jhopri Removal Scheme in Delhi; and
- (vi) Middle Income Group Housing Scheme.

According to progress reports received from the Union Territory Administration, so far, about 27,300 tenements/houses have been constructed under these scheme in addition to about 3,700 plots of 80 square yards and 46,000 camping sites of 25 square yards developed. All these schemes are being continued during the Fourth Plan period.

- (2) The Delhi Development Authority was set up in 1957 with a revolving fund of Rs. 5 crores to accelerate the development and sale of land for residential plots. Subsequently, L.I.C. loan of Rs. 1 crore annually is being advanced to the Authority for this purpose since 1967-68. Since its establishment in 1957, the Delhi Development Authority has played a major role in providing developed land for housing. It has also built 5,600 flats so far and has taken up construction of another 9,680 flats. The Authority propose to undertake construction of about 24,600 houses in their next phase.
- (3) A sum of Rs. 5 lakhs was contributed last year towards the share capital of the Delhi Cooperative Housing Finance Society in order to help promote the growth of housing cooperatives in the Union Territory.
- (4) A few legislative measures have also been taken to safeguard the interests of tenants and to give incentives to house-builders, e.g. introduction of rent control laws, income tax concessions to employers in respect of houses built for certain categories of their employees and income-tax rebat

on annual values of newly-built houses with a modest rental (upto a prescribed limit).

Development of Imphal and Other Towns in Manipur

2036. SHRI N. TOMBI SINGH: Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether the development of Imphal Town and other small towns in Manipur is being pursued according to an approved Master Plan; and

(b) if so, when such Master Plan was approved and what is the machinery for implementation thereof?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) and (b). A master plan for Greater Imphal has been prepared. Town planning schemes are being prepared within the framework of the master plan.

A master plan for Jiribam has also been drawn up and work on the preparation of a plan for Churachandpur has already been initiated.

Implementation of the various recommendations of the master plans will be done by the various departments of the Government of Manipur.

Quota of M. B. B. S. Seats in Medical College Manipur

2037. SHRI N. TOMBI SINGH: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether Government have fixed the quota of M. B. B. S. seats in Medical Colleges for Manipur in the ensuing session; and

(b) if so, the number of such seats college-wise?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) and (b). The Government of India have not fixed the quota of M. B. B. S. seats in Medical Colleges for Manipur in the ensuing session. A request has been received

from the Manipur Administration regarding allotment of 50 seats in M. B. B. S. and 15 seats in Pre-Medical course. Allotment of seats for Manipur and other Union Territories/States will be finalised shortly.

Representative Mission of SihaNouk Government in Delhi

2038. SHRI B. K. MODAK: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Government have received any request from the Provisional Government of Cambodia headed by Prince Sihanouk to set up a representative mission in Delhi; and

(b) if so, Government's reaction thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) The Government of India have received a suggestion that an Information Bureau of the Government headed by Prince Sihanouk might be set up in India.

(b) The matter is under examination.

Conversion of D. C. into A. C. DIZ Area, New Delhi

2039. SHRI SHANKAR DAYAL SINGH: SHRI R. C. VIKAL:

Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether the New Delhi Municipal Committee have asked the residents of such Government quarters located in D.I.Z. area where A.C. electric current has not been provided, to get converted D. C. electric current into A.C. electric current by August 1971, failing which they will have to pay higher rates for D. C. current with effect from the 1st September 1971;

(b) whether the responsibility of converting electric current in these quarters is that of the C.P.W.D. and that two years ago the said department had given an assurance to the N.D.M.C. that it would arrange immediate conversion of electric current in these quarters;

(c) the reasons for not converting the electric current so far; and

(d) the propriety of imposing additional financial burden on the residents of the said quarters when the C.P.W.D. have failed to fulfil their assurance?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) The New Delhi Municipal Committee have informed by general notification that the D.C. tariff would be enhanced with effect from 1st September, 1971.

(b) The responsibility of conversion from D.C. to A.C. in the said quarters is jointly of the C.P.W.D. and the New Delhi Municipal Committee. The internal wiring is to be done by the C. P. W. D. and the A. C. connections in the quarters are to be arranged by the New Delhi Municipal Committee. It was agreed in March 1969 to undertake conversion from D. C. to A. C. in such of the quarters in the DIZ area as were not likely to be demolished under the re-development plan with in a period of two years.

(c) and (d). There are 1255 affected quarters. Out of these, conversion work has been undertaken in 975 quarters. In 695 quarters, the work has been completed and in the remaining 280 quarters it will be completed soon. This leaves a further 280 quarters in which it is proposed to undertake the work of conversion shortly.

Permission to Form Union by Employees of 3-Field Ordnance Depot, Jammu and Kashmir

2041. SHRI S. M. BANERJEE: Will the Minister of DEFENCE be pleased to state:

(a) whether the civilian employees working in 3-Field Ordnance Depot, Jammu and Kashmir, are not allowed to form an union;

(b) if so, the reasons for the same;

(c) whether there is any elected Works Committee in this Depot; and

(d) if not, how the workers are ventilating their grievances?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM): (a) and (b). Trade union rights have been restricted in the case of sensitive Army Units like those engaged in maintenance of lines of communication/supply of stores to Army Units engaged in forward areas and on borders. Accordingly employees working in 3-Field Ordnance Depot, Jammu and Kashmir, are not allowed to form an Union.

(c) and (d). No Works Committee exists

in the Unit. There is, however, a Welfare Committee through which the workers can ventilate their grievances.

Multi-Purpose Mobile Training-Cum Service Hospitals

2042. SHRI C. JANARDHANAN:
SHRI B. K. DASCHOWDHURY:

Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether there is a proposal to have multi-purpose Mobile training-cum-service hospitals to provide comprehensive health and medical care to the rural population;

(b) if so, the main features thereof; and

(c) the estimated cost of the proposal?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) Yes.

(b) The mobile hospitals will provide comprehensive health and medical care including specialist and family planning services to the hitherto neglected rural population.

A 50-bed Mobile Training-cum service Hospital which will be in tents and will be fully equipped and provided with necessary vehicles will be attached to a suitable medical college in each State. Adequate accommodation will be provided in tents for all the staff members, students and interns. A teacher from each of the departments of medicine, surgery, obstetrics and gynaecology and, preventive and social medicine will stay in the mobile hospital with 10 to 15 final year medical students, 5 to 6 post-graduates and 10 to 12 final year nursing students for a month, by turn, and impart clinical training daily. They will visit the homes of the villagers along with the medical, nursing and para medical personnel of the primary health centre and the personnel employed in our national programmes, such as malaria eradication, smallpox eradication, nutrition and family planning etc.

The training and service programme in the mobile hospital and in the homes of the villagers will be closely supervised by the respective teachers.

(c) At present the Government of India have sanctioned 22 such mobile hospitals. Out of

these five mobile hospitals will be in the purely Central Sector and the non-recurring expenditure of Rs. 3.1 lakhs and the recurring expenditure of Rs. 2.4 lakhs per annum per mobile hospital will be borne by the Centre. Seventeen Chittaranjan Mobile Hospitals have been allotted one to each State which has at least one medical college. The non-recurring expenditure of Rs. 3.1 lakhs for each Chittaranjan Mobile Hospital will be borne by the Ministry of Education and Social Welfare and the recurring expenditure will be borne by the State Government concerned. At present four mobile Hospitals in the Central Sector and eight Chittaranjan Mobile Hospitals are functioning.

Replacement of Sea Hawk Maritime Jets by Harrier Jump Jets

2043. SHRI C. JANARDHANAN: Will the Minister of DEFENCE be pleased to state:

(a) whether there is a proposal to buy Hawker-Siddeley made Harrier Jump jets for replacing the Sea Hawk Maritime jets now in operation on the Vikrant Aircraft carrier;

(b) if so, the main features thereof; and

(c) the price to be paid for these jets?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM): (a) to (c). It will not be in public interest to disclose this information.

O.N.G.C. without Full Time Chairman

2044. SHRI C. JANARDHANAN: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the Oil and Natural Gas Commission had been functioning since September, 1970 without a full time Chairman; and

(b) if so, the reasons therefor?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) and (b). The post of Chairman, Oil and Natural Gas Commission fell vacant on September, 8, 1970 with the end of the tenure of Shri L.J. Johnson. The officer, appointed on a substantive basis to succeed Shri Johnson, did not however join the post. Government are, therefore, considering other proposals for filling this post on a substantive basis.

In the mean time, as an *ad interim* arrangement, Shri B. S. Negi, Member (Exploration), Oil and Natural Gas Commission has been officiating as Chairman, Oil and Natural Gas Commission, with effect from September 8, 1970.

West Bengal Vaccine Institutes

2045. SHRI DINESH JOARDER: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether Government propose to wind up the West Bengal Vaccine Institute on the ground that it is not a modern vaccine-producing centre;

(b) the steps taken to modernise this very ancient vaccine-producing Centre;

(c) whether there was a scheme to establish freeze dried vaccination Centre in Calcutta as well; and

(d) if so, the progress with regard to this scheme?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) and (b). The West Bengal Vaccine Institute is controlled and run by the State Government. Hence the question of its winding up is a matter for that Government to decide.

At the time of the formulation of the Fourth Five Year Plan, it was proposed to augment the production capacity in the four existing institutes at Patwadangar (UP), Belgaum (Mysore), Hyderabad (Ahdhra Pradesh) and Guindy (Tamil Nadu) so as to meet the entire requirement of Freeze-Dried Small Pox vaccine in the country and it was not envisaged to set up any additional vaccine production unit. In this context, the proposal of the State Government of West Bengal for the manufacture of Freeze-Dried Smallpox Vaccine could not be agreed to.

(c) and (d). There is no proposal at present to establish any freeze-dried vaccine centre in Calcutta.

Recruitment Rules for Senior Physiotherapists

2046. SHRI HUKAM CHAND KACHWAI: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to refer

to the reply given to part (c) of unstarred Question No. 5298 on the 6th April, 1970 regarding the recruitment rules for Senior Physiotherapists and state:

(a) whether the examination of the various issue raised therein has since been made; and

(b) if so, the outcome thereto?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) Yes.

(b) It has been decided not to amend the existing rules.

कोरबा में कोयले पर आधारित उर्वरक संयंत्र के लिये विदेशी मुद्रा

2047. श्री हुकम चन्द कछवाय : क्या पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने तलचेर और रामगुडम के कोयले पर आधारित उर्वरक संयंत्रों के लिये विदेशी मुद्रा की व्यवस्था की है और कोरबा संयंत्र के लिये नहीं की है; और

(ख) यदि हां, तो इसके क्या कारण हैं ?

पेट्रोलियम और रसायन मंत्री (श्री पी० सी० सेठी) : (क) और (ख). सरकार ने सर्वप्रथम तालचेर एवं रामगुडम प्रायोजनाओं को कार्यान्वित करने तथा उक्त प्रायोजनाओं के लिए आवश्यक विदेशी मुद्रा की व्यवस्था होने के पश्चात कोरबा प्रायोजना के प्रमाजीकरण को निर्धारित करने का निर्णय किया है। अब तक इन दो प्रायोजनाओं (तालचेर एवं रामगुडम) के लिए आवश्यक विदेशी मुद्रा पर्याप्त मात्रा में उपलब्ध हो चुकी है और कोरबा प्रायोजना के प्रमाजीकरण के प्रश्न को शीघ्र ही अपनाएं जाने का प्रस्ताव है।

Minimum Pension to Central Government Employees Including Defence Services Personnel

2048. SHRI HUKAM CHAND KACHWAI; SHRI JAGANNATHRAO JOSHI:

Will the Minister of DEFENCE be pleased to state:

(a) whether Government have accepted the concept of minimum pension of Rs. 40 p.m. for all Central Government employees including the Defence Services personnel;

(b) whether these orders are not applicable to the Defence Service personnel who were retrenched after putting in 7-10 years service, kept as reservists and laid down their lives during the Chinese aggression in 1962 and conflict with Pakistan in 1965; and

(c) if so, the reasons for excluding this category of personnel from the purview of the Government orders regarding minimum pension?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) Yes Sir except in the case of Reservists. This is mainly because the Reservist's pension is based partly on colour service & partly on Reserve Service during which time the Reservists are free to undertake civil employment or pursue other vocation.

(b) and (c). Families of Defence Services personnel (including those recalled from Reserve) who were killed in action during the Chinese Aggression in 1962 and Conflict with Pakistan in 1965 are entitled to pensionary awards at specially enhanced rates, the minimum of which is more than Rs. 40/- per month.

Committee for Township of Sindri Fertilizer Factory

2049. SHRIMATI BIBHA GHOSE: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the Township of Sindri Fertilizer is maintained by any Committee;

(b) if so, whether the committee is an elected body; and

(c) the functions of the committee?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) Yes, Sir. The township is administered by the Notified Area Committee, Sindri.

(b) The Committee is not an elected body; its members are nominated by the Local Self Government Department of the Government of Bihar.

(c) The functions of the Committee include sanitation and public health measures, family planning, dairy and poultry farming, milk supply, maintenance of markets and slaughter house, running of primary schools, etc.

British Navy Carrier in Indian Ocean

2050. SHRI JYOTIRMOY BOSU: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether attention of Government has been drawn to the movements of British Navy Carrier "Albion" across the Indian Ocean particularly the coastal areas of India and Ceylon;

(b) whether Government have lodged any protest to the British Government against this interference; and

(c) if so, the nature of protest?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) According to the information available with Government, the British Naval Carrier 'Albion' paid a routine visit to Bombay.

(b) and (c). Foreign naval vessels, in accordance with the principle of the freedom of the high seas, can ply in the Indian and other Oceans. The question of a protest does not, therefore, arise.

Report of Feed-stock Committee of Fertilizer Projects

2051. SHRI JYOTIRMOY BOSU: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state whether Hydro-electric power is cheaper than the Nuclear power for use as feed-stock in fertilizer projects as per the report of the Feed-stock Committee of Fertilizer Project set up by his Ministry a few years ago?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): Yes, Sir. The Feedstock Committee on Fertilizer Projects did come to the conclusion that hydro-electric power is cheaper than nuclear power for use as feedstock in fertilizer projects.

Allowances to Trainees of Air Force

2052. SHRI JYOTIRMOY BOSU: Will the Minister of DEFENCE be pleased to state:

(a) the particulars of the outfit allowances and other allowances paid to (i) a cadet undergoing training as an officer, and (ii) an other rank undergoing training in a training unit in the Army, Navy and Air Force; and

(b) the reasons for wide gap between the two categories of trainees in this regard?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM): (a) and (b). The information is being collected and will be laid on the Table of the House.

Setting up of 'Ear Bank'

2053. SHRI BISHWANATH JHUNJHUNWALA: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether recently the ear-drum of a patient has been successfully replaced in Delhi;

(b) whether Government have considered the desirability of forming "Ear Bank" on the basis of 'Eye Banks'; and

(c) if so, when a decision in this regard is likely to be taken?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) The ear-drum of a patient has been replaced in the Irwin Hospital, New Delhi, but it is too early to say what is going to be the state of hearing of the patient.

(b) No such proposal is under consideration of Government.

(c) Does not arise.

Construction of Government Quarters at Safdarjung Airport, New Delhi

2054. SHRI BISHWANATH JHUNJHUNWALA: Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether the operation of air craft from Safdarjung Air Port, New Delhi has been suspended from the 1st May, 1971;

(b) whether Government have considered the desirability of using the whole area for construction of Government quarters for low and middle income groups; and

(c) if so, when the work on the project is likely to start?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) No, Sir, only passenger operation with DC-3 and other bigger aircrafts has been transferred from Safdarjung airport to Palam with effect from 1st May, 1971.

(b) and (c). These questions do not arise at present.

Night Shelters to the Pavement Dwellers in Big Cities

2055. SHRI N. K. SANGHI: Will the Minister of WORKS AND HOUSING be pleased to state:

(a) whether any assessment has been made regarding average dwelling space available per head in the Metropolitan cities like Madras, Bombay, Delhi and Calcutta;

(b) the number of pavement dwellers in the above cities according to the recent census; and

(c) whether Government propose to provide night shelters to the pavement dwellers in these cities?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) No direct assessment has been made. However, indicative information in regard to housing conditions in terms of occupancy per house is available in the Census reports.

(b) The data collected during the 1971 Census is being analysed by the Census authorities.

(c) The Slum Clearance / Improvement Scheme introduced by the Ministry of Works and Housing in 1956 already provides for the construction of Night Shelters for the benefit of pavement dwellers, by the State Governments, Union Territories and local bodies.

Building of Submarines and Sophisticated Frigates in India

2056. SHRI S. M. KRISHNA:
SHRI P. GANGADEB:

Will the Minister of DEFENCE be pleased to state:

(a) whether the Union Government are working to build up submarines and sophisticated frigates in India itself;

(b) if so, to what extent;

(c) whether any foreign help will be sought in this regard; and

(b) to (d). It will not be in public interest to disclose details in this regard.

Foreign Naval Bases in India Ocean

2057. SHRI BRIJ RAJ SINGH-KOTAH: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether a number of Asian Countries have spoken against the setting up of Russia's Naval Base in Indian Ocean;

(b) the names of those countries which have set up their Naval Bases in Indian Ocean; and

(c) the reaction of Government in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) The majority of the littoral States of the Indian Ocean are agreed that no outside powers should set up bases in the Indian Ocean area. The Government of India are not aware of and naval base set up by the USSR in the Indian Ocean.

(b) According to the information available with Government the Governments of the U. K., USA and France have naval bases in the Indian Ocean area.

(c) Since 1965 the Government of India has repeatedly deplored the UK and US Governments decision to set up a base in spite of our valid objections. We have also brought the Lusaka Declaration on this subject to the notice of the Governments of USA, USSR and UK.

Representation from Workers of HAL Koraput, Division Sonabeda, Orissa

2058. SHRI D. K. PANDA: Will the Minister of DEFENCE be pleased to state:

(a) whether Government are aware that the workers of HAL Koraput Division, Sunabeda, Orissa gave a representation to the

Central Government in March, 1971 listing their grievances and demands;

(b) whether some MLAs of Orissa have also written to the Minister of Defence Production in April, 1971 in this regard requesting for appointment of an Enquiry Commission to probe into the charges levelled by the workers against the Management;

(c) whether due to the inaction of the Government in regard to the above, the workers have since started agitation and hunger strike to get their grievances redressed;

(d) if so, what is the present situation there in this regard; and

(e) what steps Government have taken or proposed to take to mitigate the grievances of the workers?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) and (b). Yes, Sir.

(c) to (e). The Government has been keeping a watch on the situation. It is a fact that a relay hunger strike has been going on in Koraput Division since January, 1971. The individuals participating in the hunger strike are ex-Causal employees of the Division who are backed by the ex-President of the Employees' Association. The hunger strike is not supported by the workers of the Division or by the Hindustan Aeronautics Employees Association, which is the recognized Union. The situation in the Division is normal and the relationship between the Management and the recognised Union in the Division continues to be cordial.

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM): (a) Sixtyone encounters took place between the Security Forces and the underground Mizos during two years 1969 and 1970.

(b) 15 Security Forces personnel, including two Army officers, were killed.

(c) Necessary steps have been taken to check the ingress of rebel Mizos into India, and to give adequate protection to the lives and property in Mizo district and adjoining areas.

Indian Oil Petrol Pumps to be opened in Fourth Plan Period

2065. **SHRI S. C. SAMANTA:** Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the number of Indian Oil petrol pumps working all over India or which have started working by the 31st October, 1970;

(b) the number of petrol pumps likely to be opened in the current Five Year Plan period; and

(c) the facilities given by the Indian Oil Corporation to a person who opts for working on Indian Oil petrol pump and how do these facilities compare with other companies?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P. C. SETHI): (a) 2,813.

(b) Approximately 2,000.

(c) For Corporation-controlled retail outlets, known as 'A' class outlets, Indian Oil Corporation leases and develops land and puts up all facilities including pumps, tanks, sales-room, emblem sign and service station equipment (where applicable). For dealer-controlled sites, known as 'B' class outlets, Corporation's investment is limited to the provision of pumps, tanks and emblem signs only. The Corporation has also a hire-purchase policy for service station equipment. Where justified, suitable subsidy is given to selected dealers for modernising their outlets. The facilities presently given by Indian Oil Corporation are broadly similar to those given by the other oil companies.

Complaints from Medical Institutions of Mysore. regarding Private Institutions

2066. SHRI G. Y. KRISHNAN: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether Government have received some complaints from the Medical Institutions of Mysore State regarding Private running Institutions; and

(b) if so, the action taken by Government in this respect?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) Yes.

(b) Complaints in respect of two private Medical Institutions in Mysore State have been received. One is from the students of the Medical College, Gulbarga, and the other is from the non-teaching staff of the Kasturba Medical College, Manipal.

Regarding the Gulbarga Medical College, the complaint is that the management is charging high College fees in addition to Capitation fee. As regards the Kasturba Medical College, Manipal, the complaint relates to inadequacy of pay and allowances of the non-teaching staff.

Both these complaints have been forwarded to the Government of Mysore for appropriate action. Since they are private Institutions, the Government of India can hardly intervene in the matter.

(ख) और (ग). परिवार नियोजन प्रशासन और नीति सम्बन्धी विभिन्न पक्षों पर विचार किया गया। इस गोष्ठी की रिपोर्ट अभी प्राप्त नहीं हुई है तथा इसकी सिफारिशें प्राप्त होने पर उन पर विचार किया जाएगा।

Allotment of Land to House Building Societies in Delhi

2071. SHRI B. K. DASCHOWDHURY: Will the Minister of WORKS AND HOUSING be pleased to refer to the reply given to Unstarred Question No. 4535 on the 31st August, 1970 regarding house building scheme and state:

(a) the reasons for not bringing to the notice of all the members of the Gujranwala House Building Society the carving out of plots of 225, 200 and 175 yards;

(b) what procedure was adopted for the allotment of plots of 225/200/175 square yards; and

(c) why the distinction of senior or junior members was allowed?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL): (a) The members who were eligible for 300 square yards plots could not be offered plots of 225, 200 and 175 square yards as those plots were allotted to the eligible members in those categories according to their seniority.

(b) The plots of 225/200/175 square yards were allotted to the eligible members for those categories according to their seniority through draw of lots.

(c) There is a provision in the approved bye-laws of the society according to which plots were to be allotted on the basis of the seniority of the members in the respective categories.

(c) whether some portion of the land leased out to the Ex-military peoples farming society has been occupied unauthorisedly by some big farmers and Shri Eli Anjanegulu Municipal Chairman of Taplepalligundam;

(d) whether members of the farming society put in a complaint and requested the Government to vacate the occupants who are in possession unauthorisedly; and

(e) if so, how long they are in possession of the said lands and the action taken to vacate them?

THE MINISTER OF DEFENCE (SHRI JAGJIWAN RAM): (a) to (e). On 6-11-67 the Government of India sanctioned the leasing, initially for a period of 2 years, to the Ex-Servicemen Cooperative Society, Tadepalligudam, the entire area of the Tadepalligudam, airfield measuring 681.35 acres, including 91.875 acres occupied by runways etc. A number of people had encroached upon the land long before the lease was executed. The encroachers included 17 Municipal Councillors and Chairman of the Municipal Council, Tadepalligudam.

The lease was as per normal terms and subject to the following further conditions:—

(a) The lessee will pay 'Fair rent' for the entire site including encroachment

portions. The Fair rent will be worked out by the Military Estate Officer.

- (b) The responsibility for removal of encroachments on the land will rest with the lessee and no rebate of rent or compensation will be allowed to him on this account except that no lease rent will be payable by him for the first year of lease in respect of portions of land which are under illegal possession of encroachers.

In October, 1968 the Ex-servicemen Co-operative Collective Farming Society represented that it was unable to evict the encroachers and hence could not make use of the land. All efforts made by the Society to secure the assistance of the State Administration to remove the encroachers proved to be of no avail. The Society, therefore, requested the Government of India to undertake to evict the encroachers, if necessary, at the expense of the Society. The Military Estates Officer reported that as the encroachers were very influential it would be difficult to evict them. It was however decided that the Military Estates Officer should proceed to evict the encroachers under the Public Premises (Eviction of Unauthorised Occupants) Act, 1958. Necessary instructions were issued to the Military Estates Officer in May, 1969. At the same time the Government of Andhra Pradesh were requested to instruct the district authorities to render every possible assistance to the Military Estates Officer in the matter of evicting the encroachers.

It has, not been possible to evict the encroachers since a number of them filed writ petitions in the High Court of Andhra Pradesh against the eviction action. The matter is therefore subjudice.

Development of Engine for H. F. 24 Supersonic Aircraft

2106. DR. KARNI SINGH: Will the Minister of DEFENCE be pleased to state:

(a) whether an engine for the H. F.-24 supersonic aircraft has since been developed, if so, the particulars thereof;

(b) if not, by when the said engine is likely to be developed;

(c) the total amount so far spent on this project;

(d) the name of the collaborating country and whether the competence of the collaborating country was reckoned before embarking upon this project; and

(e) if so, the reasons for the failure of the project?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) and (b). The HF-24 aircraft is at present powered by Orpheus 703 engines which are manufactured under licence. In order to boost its power a reheat system for the engine has been developed at the Gas Turbine Research Establishment, but a decision has yet to be taken regarding the introduction of HF-24 aircraft with this engine.

(c) It will not be in the public interest to disclose this information.

(d) No foreign collaboration is involved in this project.

(e) Does not arise.

Production of Indian Planes of Supersonic Speed

2107. DR. KARNI SINGH: Will the Minister of DEFENCE be pleased to state the main features of the plans for designing and producing Indian planes of supersonic speed and modern fighting capability?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): The Hindustan Aeronautics Limited has been undertaking studies for the design of advanced aircraft for meeting the future requirements of the I. A. F. It will not be in the public interest to give any further information.

Proposal for Expansion of Hospital in Rural Areas of Tripura

2108. SHRI BIREN DUTTA: Will the Minister of HEALTH AND FAMILY PLANNING be pleased to state:

(a) whether any proposal has been received from Government of Tripura for expansion of Hospitals in rural areas; and

(b) if so, the reaction of the Government in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): (a) and (b). The information is being collected and will be laid on the Table of the Lok Sabha.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

REPORTED NON-PROCUREMENT OF FARMERS' ENTIRE PRODUCE AT PRICE FIXED BY GOVERNMENT

MR. SPEAKER: We now take up the Call Attention Notice.

SHRI VAYALAR RAVI (Chirayinkil): We have given notice. . .

MR. SPEAKER: You should know the procedure.

SHRI VAYALAR RAVI: The Punjab Assembly has been dissolved. . .

MR. SPEAKER: The Punjab Assembly question cannot make me depart from the procedure. After the Call Attention notice. Shri A. P. Sharma.

SHRI A. P. SHARMA (Buxar): I call the attention of the Minister of Agriculture to the following matter of urgent importance and I request that he may make a statement thereon:

The reported non-procurement of farmers' entire produce at the price fixed by Government, non-lifting of entire procured produce and non-payment of sale price thereof to farmers in Uttar Pradesh, Madhya Pradesh, Rajasthan, Haryana, Punjab and other States.

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE): Cultivators generally keep a portion of their produce for their own needs like consumption, seed, etc. Further, a cultivator is not compelled to sell his produce to the Government. If he can get a price higher than the procurement price announced by Government, he is free to sell it in the open market. Even at the procurement price, he is not obliged to sell to Government, but can sell to the trade if he so chooses to do. The commitment of Government is to purchase all grain falling within the prescribed speci-

fications offered by the cultivators at the procurement price. The question of procuring the farmers' entire produce does not, therefore, arise. The Food Corporation of India and other procuring agencies have been vigorously purchasing the foodgrains offered by the farmers falling within the prescribed specifications at the procurement prices announced by Government. During the current Rabi season, upto about 8th June 3.3 million tonnes of wheat have been purchased as against 1.8 and 1.75 million tonnes for the corresponding periods of 1970-71 and 1969-70 respectively. The procurement made so far is already higher than the total procurement made during the last year. Such massive procurement would show that, by and large, Government are fulfilling their commitment of offering price support to the producer at the level of procurement prices announced by Government.

As the House is aware, unseasonal rains during the months of April and May have caused damage to wheat lying on the threshing floor. In order to give relief to the producers, Government have relaxed the specifications for procurement of wheat and the procuring agencies are purchasing rain damaged wheat falling within the relaxed specifications.

Since the market arrivals this year have been almost double that of last year and the procurement also has been 1.4 million tonnes higher, this has posed problems with regard to storage and movement. The problem of movement has been further accentuated because of the difficulties of moving the grain in to the Eastern region where conditions are difficult because of unprecedented influx of refugees etc. However, every effort is being made to step up movement by rail to the maximum extent possible. Maximum possible movement is also resorted to by road. Storage capacity in the procuring States is also being augmented by accelerating construction works and hiring godowns to the maximum extent possible to store the balance of the grain.

Arrangements have also been made for prompt payment of full procurement price corresponding to the quality of the grain procured. By and large, there have been no complaints except in the State of Uttar Pradesh. Under the marketing system in Uttar Pradesh, there are two sets of agents, the Kacha Arhatias purchasing directly from the farmers and the Pucca Arhatias representing the wholesale

agencies purchasing from the Kacha Arhatias. The presence of two sets of middlemen at times gives rise to malpractices. The Food Corporation of India and the State Government have tightened the administrative arrangements to eliminate such malpractices to the maximum possible extent. These include greater involvement of co-operatives in procurement and enlarging the scope of direct purchases from the producers. As a long term measure the State Government has also been requested to take in hand measures to improve the marketing system in the State.

The massive procurement operations to provide support to the farmers are continuing. The Government is keeping a continuous watch on the problems of procurement, handling and movement and no effort is spared in ensuring that the farmers get the full benefit of the announced procurement prices.

SHRI A. P. SHARMA: Is it not a fact that in many places adequate number of agents have not been appointed by the Government and wherever procurement is made, the farmers are not paid in time and they have to face lot of difficulties in getting their payments?

Is it also not a fact that although the procurement price has been fixed at Rs. 76 per quintal, the farmers are not getting that, but are getting less than that amount which is a fixed rate, and the difference is being shared by the middlemen?

May I be assured by the Government that these difficulties will be removed and that the farmers will get the full payment in time?

Also I would like to know as to what is the machinery which has been set up for this purpose, to see that the farmers are not harassed?

SHRI ANNASAHEB P. SHINDE: There is some truth in the complaints from U.P. But, the bulk of the procurement is from Punjab and Haryana. For instance, as I said, total procurement up to the 8th June this year was 3.3 million tonnes. Out of that, practically 26 lakh tonnes were from Punjab and Haryana. As I said, in UP there are two sets of middlemen, kacha arhatias and pucca arhatias. Therefore, Government feels that it would be the best thing to have direct system of purchase from the farmers. We have already started this on trial basis to have direct purchase from

the farmers in cooperation with the State Governments. The grain marketing structure will have to be amended so that the malpractices are eliminated and to overcome the present-day difficulties, we have suggested the setting up of popular committees at the mandi levels and we have given adequate power to the district magistrates. If any dispute arises, the decision of the District Magistrate is to be considered final. We are trying to have the local involvement also. But, there is some truth that there are some complaints of malpractices.

SHRI A. P. SHARMA: What is the machinery set up for looking into the complaints?

SHRI ANNASAHEB P. SHINDE: Popular Committees are being set up at the Mandi levels. They are being involved.

श्री रामचन्द्र बिकल (बागपत) : अध्यक्ष महोदय, मुझे हार्दिक दुःख है कि जिस किसान के नाम से सारे संसार की आंखें खुलती हैं उसकी तरफ से केन्द्रीय सरकार आंखें मूंदे हुए हैं। जो वक्तव्य मंत्री महोदय ने दिया वह बहुत ही निराशा पूर्ण है। मंत्री महोदय स्वयं मेरे जिले में गये थे और वहां की स्थिति को देखा था। लेकिन जिन शिकायतों को उन्होंने स्वयम् अनुभव किया और पाया उनको भी यहां पर तत्सलीम नहीं किया। मैं कल ही दौरे से आया हूं। अनेक गांव ऐसे हैं सहारनपुर और मुजफ्फरनगर जिलों में जहां कोई भाव ही मुकर्रर नहीं हुए और कोई भी खरीददारी किसान से नहीं हो रही है।

दूसरी शिकायत मुझको यह मिली है कि 76 रु० का जो सरकारी भाव है उसका फर्जी पर्चा देकर किसान से खरीद हो रही है। कच्चे आड़तिया इंसपेक्टर और गल्ले के वसूली के एजेंट मिलकर कहीं कहीं 76 के बजाय 69 रु० और कभी कभी 65 रु० तक दे रहे हैं। मुझे इसकी भी जानकारी है कि किसानों से ढाई किलो फी क्विंटल कर्जे के तौर पर काटा जा रहा है। इसके अलावा जो इंसपेक्टर है वह खराब गल्ला थोड़े दाम पर खरीदवाकर गोदाम में डलवा रहा है और 8 आ० फी बोरी उसके लिये बंधा हुआ है अनेक मंडियों में। अभी राजस्थान के कौटा नामक स्थान में

[श्री रामचन्द्र बिकल]

खाद्य निगम के एजेंटों द्वारा किसानों को वोगस चेक देने के सम्बन्ध में एक समाचार हिन्दी "हिन्दुस्तान" में निकला है। आपने उसको देखा होगा। चेक पर नम्बर हैं, पाने वाले का नाम है मगर पैसा नहीं मिल रहा है। इस तरह से हम देखते हैं कि किसानों को पैसा वसूल करने में कितनी दिक्कत होती है। क्या मंत्री महोदय की जानकारी में यह बात भी आई है कि किसानों का गल्ला एक एक महीने से जा चुका है लेकिन अभी तक भी उनको उसके दाम नहीं दिए गये हैं। अभी तक तो किसानों को मजबूर किया जाता रहा है। अभी खाद्य मंत्री ने कहा है कि हम मजबूर नहीं कर सकते हैं। किसान सब गल्ला एजेंट को ही दे ऐसी बात नहीं है। किसानों को जब सरकार को जरूरत पड़ती है हमेशा मजबूर किया जाता है और उनसे सस्ते भावों पर गल्ला लिया जाता है, बाजार भाव से कम पर लिया जाता है। लेकिन आज वह कहते हैं कि हम मजबूर नहीं कर सकते हैं। किसानों की तीन-तीन दिन तक गाड़ियां मंडी में खड़ी रहती हैं। शिन्दे साहब बुलन्द शहर गए थे और थोड़ा-सा दिग्दर्शन उन्होंने किया था। लेकिन मुझे दुख है कि कोई-भी खास व्यवस्था अभी तक भी नहीं की गई है। मामले को सही नहीं किया गया है और न कोई आदेश ऐसे दिये गए हैं जवसे सही तौर से किसानों में जो असन्तोष और बेचैनी है वह दूर हो सके। जो गड़बड़ी किसानों के साथ फर्जी दाम देने की हो रही है, कम दाम देने की हो रही है क्या उसको मंत्री महोदय दूर करेंगे? सारा गल्ला खरीदने के लिए सरकार वचनबद्ध है। राज्य सरकारों पर अभी तक कोई खास जिम्मेदारी नहीं सौंपी गई है, कोई विशेष आदेश नहीं दिये गये हैं कि वह उसके अन्दर पड़े। कुछ जिलाधीशों ने थोड़ी-सी दिलचस्पी ली, मंडियों में वे गए लेकिन कोई खास नतीजा नहीं निकला। कोई कारगर कदम राज्य सरकार की तरफ से अभी तक नहीं उठाए गए हैं। यह एक गम्भीर संकट किसानों के सामने आ कर खड़ा हो गया है। आप देखें कि कितना महंगा बीज, खाद, पानी आज उनको पड़ता है। ऐसी

अवस्था में सस्ते भावों पर खरीद करना किसानों को लूटना नहीं तो क्या है? यह सरकार के हित में भी नहीं है। मैं जानना चाहता हूँ कि इस पर तुरन्त सरकार ध्यान दे कर कोई समुचित प्रबन्ध करेगी?

अध्यक्ष महोदय: मैं थोड़ा-सा आपका ध्यान दिलाना चाहता हूँ कॉलिंग एटेंशन के प्रोसीजर के बारे में ताकि इसको दुबस्त किया जा सके। पहले तो होता ही नहीं था। फिर स्टेटमेंट होता था। स्टेटमेंट के बाद जो रूल बना वह आपके सामने आया। वह इस प्रकार है:

"There shall be no debate on such statement at the time it is made but each Member in whose name the item stands in the List of Business may, with the permission of the Speaker, ask a question."

क्वेश्चन से बढ़ते-बढ़ते डिबेट बन गई। इल-स्ट्रेशन के लिए थोड़ा-सा आप कह सकते हैं, इंटरोडक्शन थोड़ा-सा दे सकते हैं। लेकिन डिबेट में तो इसको नहीं बदल दिया जाना चाहिये। शुरू से आखिर तक मैंने सुना है। क्वेश्चन आया नहीं। आपने सजेशन दिए हैं। मैं इसको बहुत मुस्तसिर करना चाहता हूँ। क्वेश्चन किये जाया करें। क्लेरिफिकेशन के तौर पर थोड़ी बहुत छूट हो सकती है लेकिन आपका सवाल तो कोई आया नहीं।

श्री रामचन्द्र बिकल: मैं चाहता हूँ कि जिन शिकायतों की तरफ मैंने मंत्री महोदय का ध्यान दिलाया है उनका वह समाधान करें। यही मेरा सवाल है। राजस्थान से लेकर उत्तर-प्रदेश में इसका वह समाधान कर दें।

SHRI ANNASAHEB P. SHINDE: May I say something, with your permission? I appreciate the concern of the hon. Member for the interests of the farmers. We are equally concerned about the interests of the farmers. The hon. Member referred to a particular case of a fake cheque. That cheque was not from the Food Corporation, but it was from some trader. As soon as we saw the report in the press, we had ordered an inquiry into the particular case.

All the same, the hon. Member should appreciate that the arrivals this year in the market have been almost double those of last year, and the farmers' interests would have very much suffered had there not been massive purchases on behalf of the Food Corporation. So, the positive aspect is there. Even in UP particularly the market arrivals were four times higher than last year, and if the Food Corporation had not entered in a massive way in the market, I think that the farmers' interests would have suffered very much. There may be some cases of complaint, and we shall look into them. We are trying to improve the system. But the role of the Food Corporation which is a public sector organisation entering the market in the interests of the farmers should be appreciated by the House.

श्री रामचन्द्र बिकल : दामों के बारे में सफाई नहीं हुई है। 76 के बजाय 69 रुपये दिये जा रहे हैं। इसको सही करायेंगे या नहीं ?

SHRI ANNSASAHEB P. SHINDE : I have said that we shall look into the matter.

श्री हुकम चन्द कछवाय (भुरेना) : खाद्य निगम के एजेंटों द्वारा सोसाइटी के मालिक मध्य-प्रदेश के ग्वालियर, भोपाल, इन्दौर और जबलपुर डिविजनों के अन्दर अनाज खरीदा जाता है। खाद्य निगम द्वारा नियुक्त किए गए इंस्पेक्टरों द्वारा अनाज की जो गाड़ियां आती हैं वे चैक की जाती हैं। उनको अनाज पसन्द आ जाता है तो वे हां कह देते हैं नहीं तो न कह देते हैं। 70-75 परसेंट जो अनाज की गाड़ियां मंडी में आती हैं उनको रिजेक्ट कर दिया जाता है। उनकी सांठ-गांठ व्यापारियों के साथ होती है। व्यापारी लोग इंस्पेक्टरों के पीछे लगे रहते हैं। वे व्यापारी 50, 54 या 60 रुपये क्विंटल के भाव से मंडी में आया हुआ अनाज खरीद लेते हैं और उस अनाज को मिक्स करके बोरे भर कर ट्रकों में लदवा कर और किसी भी काश्तकार के नाम से मंडी में ले आते हैं। अब उसी अनाज को 74-75 रुपये के भाव पर सोसाइटी द्वारा खरीद लिया जाता है। जो मुनाफा होता है उसमें कमीशन दोनों का बंका रहता है। मैं जानना चाहता हूं कि क्या इसकी जानकारी मंत्री महोदय को है और अगर है तो इस शिकायत को

दूर करने के लिए उन्होंने कौनसे ठोस कदम उठाये हैं ?

विदिशा जो भोपाल डिविजन का एक प्रमुख जिला है वह अनाज का बहुत बड़ा मंडार है। वहां पर अनाज सस्ते भावों पर खरीदा गया है, 54-56 रुपये क्विंटल के भाव पर सोसाइटी ने खरीदा है। काफी दिनों तक उसका पैसा खाद्य निगम द्वारा सोसाइटी को अदा नहीं किया गया इसके फलस्वरूप काश्तकारों को काफी दिनों तक पैसा नहीं मिला। इसके फलस्वरूप किसानों ने तमाम गाड़ियां ले जा कर कलेक्टर के घर के सामने खड़ी कर दीं और उनका घेराव किया, तब जाकर उनको पैसा मिला। मैं जानना चाहता हूं कि क्या आपको जानकारी है कि कम दामों पर अनाज खरीदा गया ?

इंस्पेक्टर लोग अनाज खरीदते हैं। कितनी अच्छी क्वालिटी का अनाज उन्होंने खरीदा है, इसका एक नमूना मेरे पास है जिसको मैं सदन के सामने रखना चाहता हूं। कितना सुन्दर और बढ़िया यह अनाज है इसको आप देखें। इसकी यह दशा कैसे हुई, इसका भी एक कारण है। कारण यह है कि गोदाम आपके पास नहीं है। न ही आपके पास थैले हैं न आपके पास अनाज लाने ले जाने के साधन ही हैं। उसके फलस्वरूप जो अनाज का हाल हुआ है, उसका नमूना मैं लेकर आया हूं जिसके लाखों बोरे हैं और यह भुरेना जिले के शिवपुर कलां मंडल का है। इसे कौन खाएगा ? सरकार का पैसा क्या इसके अन्दर बरबाद नहीं हुआ है ? सरकार के धन को हानि नहीं हुई है ? यह अनाज पानी के अन्दर भीग गया है।

कोओप्रेटिव बैंक्स तथा सोसाइटीज ने काश्तकारों को तीन करोड़ रुपये कर्ज दे रखे हैं। वे कर्जों की वापसी के लिए तकाजा करते हैं। वे कहते हैं कि हमारा कर्जा वापिस करो। किसान के पास अनाज पड़ा हुआ है, कोई खरीदता नहीं है। उसका अनाज बिकेगा तभी तो वह कर्जा चुकाएगा। लेकिन सरकार उनके अनाज को लेती नहीं है। सारे प्रदेश के अन्दर काश्तकारों के पास

[श्री हुकम चन्द कछवाय]

अनाज पड़ा हुआ है। मैं जानना चाहता हूँ कि आपने इसका क्या प्रबन्ध किया है ?

बड़े लोगों ने अनाज साफ करने की मशीनें ले रखी हैं। खलिहान में ले जा कर वे किसानों का अनाज साफ कर देते हैं।

एक माननीय सदस्य : क्या वह भाषण नहीं कर रहे हैं ?

अध्यक्ष महोदय : जो भाषण करते हैं वे दूसरों को इसी तरह कहते हैं। आप ऐसा न किया करें।

श्री हुकम चन्द कछवाय : काश्तकार अपने अनाज को काट कर खेतों से खलिहान में रखते हैं। कुछ बड़े लोगों ने अनाज साफ करने की मशीनें लगा रखी हैं। वे सौ बोरे साफ करते हैं तो दस बोरे ले लेते हैं या पंद्रह बोरे ले लेते हैं।

श्री अटल बिहारी वाजपेयी (ग्वालियर) : आज आपकी घंटी कुछ जोर से बोल रही है। यह बदली तो नहीं है ? क्या बजट में इसका भी कोई प्रबन्ध किया गया है ?

अध्यक्ष महोदय : ऐसे मेम्बरों के लिए जोर से बजाने के बगैर काम नहीं चल सकता है।

श्री हुकम चन्द कछवाय : एक अंतिम विशेष बात मैं बता रहा था। जिन बड़े लोगों ने अनाज साफ करने की मशीनें लगा रखी हैं वे काश्तकारों के खलिहानों पर जा कर उनके अनाज को साफ कर देते हैं लेकिन उसकी कीमत बहुत ज्यादा वसूल करते हैं दो जून की वर्षा के बाद से। सौ क्विंटल साफ करते हैं तो पचास क्विंटल तक ले लेते हैं। ऐसी घटनाएँ ग्वालियर विविजन में हो रही हैं, प्रदेश भर में हो रही हैं। इनको रोकने के लिए कौन से ठोस कदम आप उठाने जा रहे हैं ?

जो बपलेबाजी हो रही है, इसे रोकने के लिए क्या आप कोई विशेष कदम उठावेंगे ?

पर्याप्त मात्रा में बोरे और गोदामों की व्यवस्था करके उचित दामों पर अनाज खरीदा जाए, इसकी क्या ठोस व्यवस्था आप करने जा रहे हैं ?

SHRI ANNASAHEB P. SHINDE: The hon. member wants to blame Government even for natural calamities.

SHRI PILOO MODY (Godhra): Why not?

SHRI P. K. DEO (Kalahandi): Why did they not insure against natural calamities?

SHRI ANNASAHEB P. SHINDE: I am glad Shri Kachwai has developed a new line of approach now. He has mentioned that some rich farmers and some traders were also exploiting the farmers. I hope he will convince his party. . .

SHRI ATAL BIHARI VAJPAYEE: Let him reply to the points raised by the hon. member. We are not discussing party policies here.

SHRI ANNASAHEB P. SHINDE: I only mentioned that the hon. member has found that farmers are exploited by some traders and farmers.

As for the interests of the farmers, they are equally dear to us. We will refer the specific complaints referred to by him to the Madhya Pradesh Government.

श्री हुकम चन्द कछवाय : अध्यक्ष महोदय, मेरे प्रश्नों का उत्तर नहीं दिया गया है। वहाँ पर बोरे नहीं हैं, गोदाम नहीं है, जिसके कारण अनाज सड़ रहा है। अनाज उठाने की कोई व्यवस्था नहीं है। बैंकों द्वारा कहा जा रहा है कि हमारा पैसा दीजिए।

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, माननीय सदस्य, श्री कछवाय, ने प्रश्न पूछा है कि क्या यह सच है कि मेलसा में गेहूँ 56 रुपये पर खरीदा गया है, जब कि माव 76 रुपये है।

SHRI ANNASAHEB P. SHINDE: I have already said that we shall refer the specific complaints to the Madhya Pradesh Government.

श्री हुकम चन्द कछवाय : अध्यक्ष महोदय, मेरे प्रश्नों का उत्तर दिलाइये। इंस्पेक्टर द्वारा 70 प्रतिशत गाड़ियां रिजेक्ट कर दी जाती हैं। व्यापरी वही गाड़ियां खरीदते हैं और अच्छा कह कर मार्केट में लाते हैं।

SHRI ANNASAHEB P. SHINDE: I have said about the specific complaints that we shall refer them to the State Government.

SHRI P. K. DEO: The Minister's statement is most misleading as there is no open market in this country so far as procurement of foodgrains is concerned. The Food Corporation of India, a Government of India undertaking, which was presided over till the other day by a defeated Congress Minister, has the full right of procurement of foodgrains in this country and, being a monopoly concern, all the corollary evils of the monopoly system are there. Day in and day out we get reports of nepotism, corruption, irregular payments and harassment of the mill-owners, purchasing agents and cultivators, creation of artificial barriers and discrimination in classification of cereals. For instance, I would like to point out that the Safri variety of paddy is being procured as fine paddy in Kalahandi at Rs. 5 less than the procurement price prevailing in the adjoining Raipur District, Shri Vidya Charan Shukla's constituency, where it is procured as superfine paddy. Taking into consideration all these factors, is it not high time that we did away with these artificial barriers, the food zones and the suffocating controls, so that there is free flow of cereals throughout the country and the price is decided by the universal law of demand and supply and the cultivator gets the fruits of his labour. Especially now when national frontiers are shrinking and we have a common market in Europe, why in a country like this should we have these barriers, especially when the foodgrains output in this country has reached more than 106 million tonnes? So, I would like to ask when there is going to be an end to all these barriers, suffocating controls and food zones.

SHRI ANNASAHEB P. SHINDE: The hon. Member is advocating the theory of free trade. I do not blame him because it is his party's view. The hon. Member made a number of mis-statements. For instance, he said there was no free trade. But he knows that on wheat there is no ban whatsoever. Any private

persons can purchase any quantity of wheat anywhere they like. The only thing is that in the interest of the farmers we purchase at the procurement price. The farmers are likely to get a higher price and they can sell it to anybody. There is no restriction on the movement of wheat or coarse grain except in the rationed area of Calcutta and Howrah. In the case of paddy there are such restrictions. This was reviewed in the last Chief Minister's conference and on the basis of the consensus that emerged in the Chief Ministers Conference the Government of India decided to continue such a ban. The present is not an appropriate time to review the position. We shall review the position in the coming September. The food position is easy and there is no difficulty as such. For rice this is not the right time to review the position.

SHRI P. K. DEO: Regarding Safri variety, why is there the price difference in the adjoining districts?

SHRI ANNASAHEB P. SHINDE: I shall look into this.

RE: DISSOLUTION OF PUNJAB ASSEMBLY

MR. SPEAKER: I have received a certain motion under rule 377 about the dissolution of the Punjab Assembly by Shri H. K. Singh, Darbara Singh, Sat Pal Kapur and Shri Vayalar Ravi. I have placed this as item 7. A. They will get their turn when we take up that item.

श्री मटल बिहारी बाजपेयी : (ग्वालियर): अध्यक्ष महोदय, अगर आप पंजाब की स्थिति के बारे में नियम 377 के अधीन चर्चा की इजाजत देनी चाहते हैं, तो आप हमें भी अपने विचार रखने का अवसर दीजिए। आप सारे सदन को इस विषय पर चर्चा करने का मौका दीजिए। पंजाब का मामला कोई पंजाब के सदस्यों का ही मामला नहीं है। मैं नहीं समझता कि पंजाब की स्थिति नियम 377 के अधीन चर्चा का विषय है। अगर राज्यपाल के आचरण पर चर्चा होनी है—और हम चर्चा के लिए तैयार हैं—, तो आप सारे सदन को मौका दीजिए। हम राज्यपाल के आचरण का स्वागत करना चाहेंगे।

[श्री अटल बिहारी वाजपेयी]

अगर राष्ट्रपति-शासन लागू होने वाला है, तो सदन के सामने उनका प्रोक्लेमेशन आयेगा। इस तरह के मामले नियम 377 के अधीन नहीं लिये जाते हैं।

SHRI JYOTIRMOY BOSU (Diamond Harbour): You may admit it as a short duration discussion under rule 193; it should be done.

SHRI S. M. BANERJEE (Kanpur): We have no objection under 377.

If those persons whose names are there are to be called, on behalf of my party we have a right to express our views on the correct judgment of the Punjab Governor; for the first time he has stopped horsetrading.

SHRI JYOTIRMOY BOSU: He has not taken any dictation from the Centre.

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, यह गलतफहमी पैदा नहीं होनी चाहिए कि हम नियम 377 के अधीन यह मामला उठाने के खिलाफ हैं। लेकिन आप इस बात को स्वीकार करेंगे कि नियम 377 में वही मामले उठाये जाते हैं, जिनकी तरफ सदन का ध्यान खींचा जाता है और मन्त्री महोदय उनका उत्तर तक नहीं देते हैं। पंजाब का मामला इतना कम महत्व का नहीं है कि वह यहां उठाया जाये और उसके बारे में जवाब न मिले।

अध्यक्ष महोदय : जब रूल 377 का उपयोग कुछ माननीय सदस्यों को माफिक बैठे, तो वह ठीक है, बर्ना वह ठीक नहीं है। इसलिए मैं आईन्दा इसके इन्टरप्रेटेशन के बारे में स्ट्रिक्ट रहूंगा।

श्री अटल बिहारी वाजपेयी : नियम 377 में यह मामला उठाया जाये, लेकिन आप हमें भी बोलने का मौका दें।

SHRI SEZHIYAN (Kumbakonam): 377 is only to raise a point which is not a point of order. This matter requires a regular discussion and all the sections of the House should get

an opportunity to express their views. But only those who had given notice can raise the point. This is a fit matter to be discussed by the entire House.

MR. SPEAKER: I think the proper step will be to take it up when we discuss the proclamation. But so far as short references are concerned, I will allow them (*Interruption*)

SHRI SEZHIYAN: We can have a discussion from 4 to 6 this afternoon.

MR. SPEAKER: But are all of you agreed? (*Interruption*)

SOME HON. MEMBERS: Yes.

MR. SPEAKER: Order, order.

SOME HON. MEMBERS rose—

MR. SPEAKER: You gave notice. Do you agree that we discuss it?

SHRI BUTA SINGH (Rupar): We have no objection to the discussion. But let this be taken up when it comes. (*Interruption*)

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF HOME AFFAIRS AND MINISTER OF INFORMATION AND BROADCASTING (SHRIMATI INDIRA GANDHI): We have only just received the report. We have not been able to study it. I do not think now is the time to discuss the matter.

SHRI JYOTIRMOY BOSU: Let the House place its views.

MR. SPEAKER: Certain Members gave certain motions under rule 377. Objection is taken that the scope of rule 377 is very limited. What is anything here which is not a point of order? I have to look into it. Anything can be anything which is not a point of order. This is what it means. Anything which is not a point of order is anything, can be anything, which is not a point of order.

SHRI PILOO MODY (Godhara): Provided we know what a point of order is.

MR. SPEAKER: Provided that Shri Piloo Mody is not confused over it. Do not do it. Well, as the Prime Minister says, they

have just received the report and I would not take it up today, unless I am sure about the position on the other side.

**RE: RELIEF CONSIGNMENTS FOR
EVACUEES FROM BANGLA DESH**

MR. SPEAKER: Dr. Ranen Sen wanted to make a point on the clearance of material at the Dum Dum airport. The Minister gave a reply the other day that everything was cleared. They brought certain newspapers and tried to introduce the subject in another discussion. I asked them not to proceed with it further but they might ask about it on Monday, say, for a minute. Now, Dr. Ranen Sen.

DR. RANEN SEN (Barasat): Sir, the other day, in reply to points raised by Shri Indrajit Gupta and myself, Dr. Karan Singh, on behalf of the Government of India, said that the stocks for relief lying in the Dum Dum airport have all but one consignment been cleared. Next day, the *Calcutta Daily Hindustan Standard* refuted the statement. The *Amrita Bazar Patrika* and the *Delhi Statesman* came out with a report that OXFAM, the British relief agency, has cabled to their London office not to send any more materials as there are not properly cleared up. It is further reported that certain States who agreed to take refugees now are declining to take them in.

I request the Government to let us know what is the latest position in regard to the clearance of stocks and what is the agency responsible for clearing and distributing all the material sent from abroad to camp sites.

Secondly, what is the latest position in regard to the dispersal of evacuees.

श्री अटल बिहारी वाजपेयी (ग्वालियर): अध्यक्ष महोदय, मुझे आप से निवेदन करना है, मैंने एक काम रोको प्रस्ताव भेजा था सरकार की विफलता पर चर्चा करने के लिए. . .

MR. SPEAKER: The budget demands are coming up for discussion.

SHRI JYOTIRMOY BOSU (Diamond Harbour): After the Minister had replied,

I have given notice, and your assistant was good enough to come and tell me that it should be included in the budget. The subject is important, and the discussion on the Demands of the Civil Aviation and Tourism Ministry will come after a very long time. It is a very important issue. The Chairman of Air India has issued a statement that there is a loss to the public exchequer to the tune of Rs. 8.5 crores. I gave notice in writing. (*Interruption*) The budget demands would not come up for discussion before a fortnight.

श्री अटल बिहारी वाजपेयी: अध्यक्ष महोदय, आपने मेरी बात सुनी नहीं। मैंने निवेदन किया था कि वित्त मन्त्री महोदय ने सदन में कहा कि जिन चीजों पर टैक्स नहीं लगे हैं उनके दाम नहीं बढ़ने दिए जाएंगे और अगर दाम बढ़ें तो कार्यवाही की जायगी। लेकिन कोई कार्यवाही नहीं की जा रही है। हमने दिल्ली के दाम इकट्ठे किए हैं। इस मामले पर सरकार की विफलता पर चर्चा कैसे करेंगे? . . . (व्यवधान) बजट पर डिबेट महीने भर तक चलेगी, क्या तब तक लोगों को बढ़े हुए दाम देने पड़ेंगे?

MR. SPEAKER: I have not allowed it.

DR. RANEN SEN: Let there be some reply to my question.

MR. SPEAKER: That would go to the minister and he will answer it. All the demands are coming up for discussion. When there is a debate anticipated, nothing can be allowed. You are bound by the rules.

DR. RANEN SEN: The Health Minister is here. He can answer.

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (SHRI D. P. CHATTOPADHYAYA): Perhaps Dr. Karan Singh would have been in a better position to answer it. But so far as I am concerned, I had been there just yesterday. Except two items—some dry fish from Norway and some other small consignment of medicine are lying there for customs reasons—all other items have been cleared. This is the information about the position yesterday morning. (*Interruptions*).

STATEMENT RE: PRICES OF SOAPS

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): Mr. Speaker, Sir, In the course of the reply to the general discussion on the Budget on the 10th June, I had made a statement that the price of Lux, Rexona and Life Buoy soaps had not been increased and that the manufacturers had absorbed the incidence of duty of Rs. 2.54 per gross. I am sorry that this statement was based on incorrect information supplied to me. Now I have been informed that the price of all the three varieties of soap I referred to in my reply to the general discussion on the debate, has been raised by the manufacturers by 2 paise per standard cake which was formerly costing 70 paise (exclusive of local taxes). We are taking up this matter with the manufacturers.

According to the further information which I have received today, the manufacturers have responded and have decided to absorb the additional excise duty on Life Buoy brand which is one of the popular makes. The price of this soap will now be the same as before the Budget.

SHRI ATAL BIHARI VAJPAYEE (Gwalior): May I seek a clarification? What about the laundry soap? The Finance Minister has stated that the price of laundry soap has not been increased. Let him verify it. It has increased from Rs. 2.25 per kilo.

SHRI YESHWANTRAO CHAVAN: So far as taxation measures are concerned I have said that laundry soap was not touched. If the retailers have raised it, or done something, that is a matter which has to be looked into. But I cannot answer it immediately.

STATEMENT RE. APPOINTMENT OF REPRESENTATIVES OF WORKERS ON THE BOARD OF DIRECTORS OF HINDUSTAN STEEL LIMITED

THE MINISTER OF STEEL AND MINES (SHRI MOHAN KUMARAMANGALAM):

Deficiencies in steel production have been a matter of great concern to the Government as well as to the House. As the House is aware, a number of steps have been considered to step up production. One of the factors which has affected production is unsatisfactory industrial relations that have existed in certain units of Hindustan Steel.

In this context, it is a matter of gratification that the recent wage agreement concluded by the Joint Wage Negotiating Committee for the Steel Industry through bi-partite negotiations not only settled the question of wages for the next 4 years starting from 1st September, 1970 but also covered a number of other allied matters. This Committee is a representative organization consisting of four representatives of the employers from the four main producers of steel (Hindustan Steel Ltd., Tata Iron & Steel Co. Ltd., Indian Iron & Steel Co. Ltd. and Mysore Iron & Steel Ltd.) and, on the workers' side fifteen representatives—three each from Central Trade Union Organizations viz., the Indian National Trade Union Congress, All-India Trade Union Congress and the Hind Mazdoor Sabha, and one representative each from recognized unions at Jamshedpur, Burnpur, Rourkela, Bhilai, Durgapur and Bhadravati.

The Committee has decided to continue to function in order to supervise and ensure the implementation of the agreement in a spirit of goodwill and to maintain peaceful and harmonious industrial relations and to make every effort to increase productivity. I have addressed the Committee and was impressed with the spirit of goodwill and cooperation which governs their discussions. I have requested the Committee to take up broader responsibilities, especially those flowing out of the urgent need to increase production. As a consequence, the name of the Committee has been changed to Joint Negotiating Committee for the Steel Industry.

In this background and with a view to further strengthen the relations between the

management and the workers in HSL, Government have proposed to the trade union representatives on this Committee that 2 representatives of the workers may be appointed to the Board of Directors of the Hindustan Steel Limited. The workers' representatives have welcomed the proposal and promised to send their suggestions for the implementation of this proposal.

Government hope that this step would help materially in obtaining the full cooperation of the workers in increasing production in Hindustan Steel and thus contribute towards the improvement of our economy and the fulfilment of our Plans.

PERSONAL EXPLANATION BY MEMBER

RAJMATA V. R. SCINDIA (Bhind): Mr. Speaker, Sir, on 23rd March, 1971 Shri S. M. Banerjee said in the course of a Calling Attention discussion, "and also what happened in Morena. Villages have been burnt by the Rajmata of Gwalior."

I do not have the slightest idea as to what Shri Banerjee was referring to when he alluded to some happenings in Morena. As to his remark that "villages have been burnt by the Rajmata of Gwalior", I wish to affirm with all the emphasis at my command that the statement is not only incorrect but malicious. It is a slander on my record of public service. (Interruptions)

SHRI SHYAMNANDAN MISHRA (Begusarai): Sir, you should pull them up. When others are interrupting you pull them up. (Interruptions)

SHRI ATAL BEHARI VAJPAYEE (Gwalior): They have no sense of decency.

RAJMATA V. R. SCINDIA: Sir, remarks of this nature against members are being made from time to time. I fervently appeal to you, Sir, to safeguard our honour and the prestige of this august House.

SHRI S. M. BANERJEE (Kanpur): Sir, I rise on a point of order. You have allowed her. I have nothing against the Rajmata. She is as a sister to me, I am not going to add to it.

SHRI PILOO MODY (Godhra): If he is going to apologise, he may be allowed to speak.

SHRI S. M. BANERJEE: Rule 357 says:—

“A member may, with the permission of the Speaker, make a personal explanation although there is no question before the House, but in this case no debatable matter may be brought forward, and no debate shall arise.”

A debate in the matter should not be allowed.

SHRI PILOO MODY: Now he is debating the matter.

SHRI S. M. BANERJEE: I am not debating it.

SHRI SHYAMNANDAN MISHRA: You are satisfied with the statement.

MR. SPEAKER: You said something and the Member has a right to make a personal explanation. I am not going to allow anything further.

SHRI S. M. BANERJEE: She says, “malicious”. I have no intention of maligning her. Why should I malign anyone? I am happy that the Rajnata did not act under the instigation of the Jana Sangh. Very good.

SHRI ATAL BIHARI VAJPAYEE: He is making another allegation—baseless, mischievous, malicious.

SHRI S. M. BANERJEE: Thank you; thank you; thank you.

ELECTION TO COMMITTEE

GOVERNING BODY OF INDIAN COUNCIL OF MEDICAL RESEARCH

THE MINISTER OF WORKS AND HOUSING AND HEALTH AND FAMILY PLANNING (SHRI UMA SHANKAR DIKSHIT): Sir, I move the following:—

“That in pursuance of Rules 20 (16) and (17) and 24 (2) of the Rules, Regulations and Bye-laws of the Indian Council of Medical Research, the members of this

House do proceed to elect, in such manner as the Speaker may direct, two members from among themselves to serve as members of the Governing body of the Indian Council of Medical Research.”

MR. SPEAKER: The question is:

“That in pursuance of Rules 20 (16) and (17) and 24 (2) of the Rules, Regulations and Bye-laws of the Indian Council of Medical Research, the members of this House do proceed to elect, in such manner as the Speaker may direct, two members from among themselves to serve as members of the Governing body of the Indian Council of Medical Research.”

The motion was adopted.

RE: DISSOLUTION OF PUNJAB ASSEMBLY—Contd.

MR. SPEAKER: As for item 7A, regarding certain points raised on the dissolution of the Punjab Assembly, when I was referring to rule 377 the Prime Minister got up and said that they had just then received some information.

SHRI BUTA SINGH: You should not preclude us from making our observations. This is a very serious matter.

MR. SPEAKER: We will fix up some time later on.

SHRI BUTA SINGH: We may have the discussion later on but now let us make some observations about what happened in Punjab. The House must be made aware of what happened in Punjab and in what manner. The hon. Member, Shri Darbara Singh, has already given a motion. Let him at least move it.

MR. SPEAKER: There is no motion and there is no question of moving anything. It is under rule 377. Something can be referred to under rule 377 if it is not a point of order. Members wanted to raise this discussion and I said that I would keep it in view and let them know later on. One is by Shri Hari Kishore Singh, Sardar Darbara Singh, Shri Sat Pal Kapur and Shri Vayalar Ravi; another on the same subject is by Dr. Henry Austin and another by Shri Vikram Mahajan. It is not a single one. I think, I will have to consider

whether to allow a brief discussion on it or not later on.

SHRI JYOTIRMOY BOSU: May I submit that it may be under rule 193?

MR. SPEAKER: I have noted your submission.

SHRI PILOO MODY: I submit the same thing.

SHRI K. MANOHARAN (Madras North): So, the possibility of a discussion today is ruled out.

MR. SPEAKER: Let the position be clear. Let something come before us. I know, the anxiety of hon. Members there.

SHRI ATAL BIHARI VAJPAYEE: we are also anxious to discuss it. Their anxiety is shared by us also.

RE: WHEREABOUTS OF SHEIKH MUJIBUR RAHMAN

SHRI SAMAR GUHA (Contai): Mr. Speaker, Sir, I want to draw the attention of the Government to the statement made by the Prime Minister of Bangla Desh, Mr. Tajuddin, expressing his anxiety about the whereabouts of Bangla Bandhu Sheikh Mujibur Rehman and also his appeal to all the nations of the world for ensuring his personal security as also for his early release.

So many reports have appeared in the press that Bangla Bandhu Sheikh Mujibur Rehman has been arrested and is kept in Multan Jail. It has also appeared in the press that he is on fast for the last two months and that an attempt to force-feed him is being made. It has also come in the press that the Pakistan Government is trying all sorts of atrocious ways to pressurise him to issue a statement for the people of Bangla Desh that he is cooperating with the Pakistani army.

In view of the appeal made by the Prime Minister of Bangla Desh as also the appeal made by the Bangla Desh Parliamentary Delegation which addressed a joint meeting of the Members of both Houses of Parliament in the

Central Hall, I want to know the reaction of the Government. The Prime Minister was here. It should be a reply from one Prime Minister to the other Prime Minister. I want to know the reaction of the Government to the appeal made by the Prime Minister of Bangla Desh and also steps taken by the Government about ensuring the personal security of Bangla Bandhu Sheikh Mujibur Rehman and also for his early release. Will the Government give their reaction to it? Is the Government going to make a statement?

BENGAL FINANCE (SALES TAX) (DELHI VALIDATION OF APPOINTMENTS AND PROCEEDINGS) BILL—Contd.

MR. SPEAKER: Shri Jyotirmoy Bosu.

SHRI JYORITMOY BOSU (Diamond Harbour): Mr. Ajit Saha will speak from our party. I will speak on the third reading of the Bill.

SHRI A. K. SAHA (Vishnupur): Mr. Speaker, Sir, the sales tax is a purchase tax. It is wrongly described as sales tax. It is an outright indirect tax which keeps the tax payer in the dark. With socialism and *garibi hatao* on their tongue, the Congress Government wants to let off the rich as lightly as it can and wants them to grow richer at the cost of the poor. Though sales tax looks like a direct tax, it does not possess the character of a direct tax which the tax payer knows that he is paying.

The different States have different rates of such taxation and exemptions are also different in different States. This encourages evasion of the tax through wholesale purchases by invoices from State to State. This is really black-marketing.

The high yielding sources of revenue have been taken by the Centre and, normally, sales tax, agriculture tax, are left with the States. Besides, administration costs, the States have to meet a lot of social and other development obligations to the people. But State Governments always show an ever-increasing deficit budget. It is because of shooting prices of every commodity, for the erroneous economic policy of the Centre. In the Budget, Shri Y. B. Chavan appealed to the States to maximise

[Shri A. K. Saha]

the efforts to raise additional resources though there is none. When the States are forced to levy taxes in the shape of sales tax, this only adds the last straw on the people. You should tax the source of the commodities and not the consumers. We want that manufacturers be taxed and that the buyers be exempted from it.

SHRI N. K. SINHA (Muzaffarpur): Mr. Speaker, Sir, I am not going to oppose this Measure. But, before it is passed, I would like to make a few observations. This Notification issued under section 20, of this Act, was extended to Delhi, I believe some time in 1951 and the liability to pay the tax under the Act commenced with effect from November, 1951. Under this, Sales tax commissioner etc. was appointed by the Lieut. Governor to administer this Act. Under the same section, there was provision for the appointment of other persons to assist him.

It is extraordinary that while Commissioner of Sales Tax was appointed the other part of the section was forgotten. The officers were appointed and assessments made in a most irregular manner. If somebody had not challenged it and taken the matter to the court of law, probably this would not have come to our notice at all. This is extraordinary. I don't think with the rush of business we have ample time in the House for setting right the mistakes committed by the bureaucracy. For 20 years this has been going on. Yet, this had not seen the light of the day. It would not also have seen the light of the day if it had not been challenged in a court of law.

I don't oppose this measure. The Minister has got to validate all that has been done because there are 374 appointments, Rs. 5.50 lakhs and Rs. 15.25 crores worth of assessments made. But this sort of thing, in my opinion, should not happen. We are not here to clear away all the dirt and filth spread by our bureaucracy. I hope the hon. Minister will take care that such things do not occur again in the future.

श्री इसहाक सम्मली (अमरोहा): स्पीकर साहब, इस बिल के बारे में जैसा कि अभी मानरेबिल मेम्बर सिन्हा साहब ने कहा, मैं समझता हूँ वह बात बिल्कुल सही है। एक आम तरीका देखने में आ रहा है कि इसनी बड़ी

तादाद में कानून बनाये जाते हैं, इसनी बड़ी तादाद में कानून नाफिज किये जाते हैं और शायद इतना अंधाधुंध मालूम होता है कि किसी एक बेचारे मामूली से क्लर्क ने ड्राफ्ट करके रख दिया और उसको गजट कर दिया गया। इसका नतीजा यह है कि कितने ही कानून अदालत में चेलेंज होने के बाद बेकार हो जाते हैं। कितने ही कानून जो अदालतों में जाते हैं, मामूली सी अदालतों में—हमें शर्म आती है कहते हुए—कि वह इल्लिगल करार दिये जाते हैं। आखिर यह चीज क्यों है? जैसा कि अभी उन्होंने कहा कि अगर इसको हाई कोर्ट में चेलेंज नहीं किया जाता तो इस गलती की तरफ कोई तबज्जह नहीं दी जाती।

जहां तक इस कानून का ताल्लुक है, मैंने अर्ज किया लेकिन मैं एक दूसरी बात और कहना चाहता हूँ कि कमिश्नर एम्पाइन्ट किए जाते हैं, अपनी जगह पर स्टाफ बढ़ाया जाता है लेकिन जो टैक्स सही तौर पर बसूल होकर आना चाहिए उस टैक्स को क्यों नहीं पूरी तौर से बसूल करने की कोशिश की जाती है, वह चाहे सेल्स टैक्स हो या दूसरे टैक्सेज हों . . .

अध्यक्ष महोदय: क्या आप दो एक मिनट में खत्म कर रहे हैं?

श्री इसहाक सम्मली: मुझे अभी थोड़ा वक्त और चाहिए।

अध्यक्ष महोदय: आप लंच के बाद बोलिएगा।

[[شہری استحقاق سمبلی (امروہا) سیمپلر صاحب اس بل کے بارے میں جیسا کہ ابھی انریبل ممبر سلہا صاحب نے کہا۔ میں سمجھتا ہوں وہ بات بالکل صحیح ہے۔ ایک آم طریقہ دیکھنے میں آ رہا ہے کہ اتنی بڑی تعداد میں قانون بنائے جاتے ہیں۔ اتنی بڑی تعداد میں قانون نافذ کئے جاتے ہیں اور شاید اتنی تعداد میں

(MR. DEPUTY-SPEAKER in the Chair)

BANGAL FINANCE (SALES TAX) (DELHI VALIDATION OF APPOINTMENTS AND PROCEEDINGS) BILL—Contd.

MR. DEPUTY-SPEAKER: Shri Ishāq Samphah may now continue his speech.

श्री इसहाक सम्भली: डिप्टी स्पीकर साहब जहां तक इस बिल का ताल्लुक है मैं यह कह सकता हूं कि यह सही है और एक लिहाज से बहुत जरूरी है। इसलिये कि आपको यह देखना होगा कि जो हम पार्लियामेंट से प्रेसीडेंट की तरफ से ऐक्शन लें जाहिर है कि पार्लियामेंट को उसमें सुप्रीमसी मयस्सर होनी चाहिये। यह एक आम तरीका हो गया है कि जहां कहीं किसी सर-मायेदार के खिलाफ कोई ऐक्शन लिया जाता है वह हाई कोर्ट में पहुंच जाता है, और मुझे कहते हुए दुख होता है कि इन्साफ आम तौर पर गरीब और मजदूर को नहीं मिल पाता, बड़ी आसानी के साथ सरमायेदार और कारखानेदार ले लेता है। इस लिहाज से इस बिल का आना बहुत जरूरी था।

लेकिन साथ ही साथ यह भी कहना है कि सेल्स टैक्स हो या कोई भी दूसरा टैक्स हो हमारे लिये यह बड़ी तकलीफ की बात है कि इतने इयूज एरियर्स टेक्सेज के बाकी हैं। मैं उम्मीद करता था और अब भी उम्मीद करता हूं कि हमारे नौजवान और प्रोग्रेसिव मिनिस्टर श्री के० आर० गनेश जैसे जब इस डिपार्टमेंट में आयेगे तो यकीनन वह इस मुल्क के माथे पर जो एरियर्स की शकल में एक कलंक है, सरमायेदारों पर जो अरबों रुपया बाकी है, उनसे वसूल करने की तरफ कोई तबज्जह देंगे। मैं उम्मीद करता हूं कि उसकी तरफ पूरी तबज्जह की जायगी। अगर वह एरियर्स डिप्टी स्पीकर साहब, आधे नहीं बल्कि एक चौथाई भी वसूल कर लिए जायें तो मैं समझता हूं कि हमारे मुल्क में इस पार्लियामेंट में जैसा बदनाम बजट इस बार आया है शायद ऐसा बजट लाने की जरूरत पेश न आती। इन्कम टैक्स की बात मैं नहीं करता, सेल्स टैक्स के बारे में ही कहता हूं। अगर स्टेट्स के बारे में कहा जाता है तो जवाब दिया जाता है कि वह स्टेट सबजेक्ट है, लेकिन दिल्ली में जो कि सेंट्रल गवर्नमेंट की टेरीटरी है यहां पर अगर इस तरह के इयूज टैक्सेज एरियर्स की शकल में बाकी रह जायें तो जाहिर है कि स्टेट्स के लिए एक बुरी मिस्जल बनती है। इससे यह मतलब न

لیکن ساتھ ہی ساتھ یہ بھی کہنا ہے کہ سیلز ٹیکس ہو یا کوئی بھی دوسرا ٹیکس ہو ہمارے لئے یہ بڑی تکلیف کی بات ہے کہ اقلے ہیوج ایریرز ٹیکسز کے باقی ہیں۔ سین اسید کرتا تھا اور اب بھی اسہ کرتا ہوں کہ ہمارے نوجوان اور پروگریسیو سنٹر ٹروی کے آر گنیشن جیسے جب اس قیہار ٹمینٹ میں آؤنگے تو یقیناً وہ اس سلک کے ساتھ پر جو ایریرز کی شکل میں ایک کلنک ہے۔ سوائے داروں پر جو عربوں روپیہ باقی ہے ان سے وصول کرنے کی طرف کوئی توجہ دینگے۔ سین اسید کرتا ہوں کہ اس کی طرف پوری توجہ کی جائیگی۔ اگر وہ ایریرز۔ قپٹی سپیکر صاحب۔ آدھے فہین ایک چوتھائی بھی وصول کر لئے جائیں تو سین سمجھتا ہوں کہ ہمارے سلک میں اس پارلیمنٹ میں جیسا ہنگام بخت اس بار آیا ہے شاید ایسا بخت لانے کی ضرورت پیش نہ آتی اذکم ٹیکس کی بات میں نہیں کرتا۔ سیلز ٹیکس کے بارے میں ہی کہتا ہوں۔ اگر سٹیٹس کے بارے میں کہا جاتا ہے تو جواب دیا جاتا ہے۔ کہ وہ سٹیٹس سبجیکٹ ہے۔ لیکن دلی میں جو کہ سینیٹرل گورنمینٹ کی ٹیریٹری ہے یہاں پر اگر اس طرح کے ہیوز

ٹیکسز ایریز کی شکل میں باقی رہ جاتے ہیں تو ظاہر ہے کہ سٹیٹس کے لئے ایک بڑی مثال بنتی ہے۔ اس سے یہ مطلب نہ لگایا جائے کہ میں اس کو سپورٹ نہیں کر رہا ہوں۔ سپورٹ تو کرتا ہوں لیکن اس کے ساتھ ساتھ اس کا عمل درآمد کسی طرح ہوگا اس کے بارے میں ہاؤس کی توجہ دلانا چاہتا ہوں۔ اس لحاظ سے میں یہ کہوں گا کہ اقلی بڑی تعداد میں سیلز ٹیکس کے ایریز دلی میں باقی رہتے ہیں دوسرے ٹیکسز کی بات چھوڑتے تو وہ اقلی بڑی مثال بنتے ہیں کہ جس کے لئے کچھ کہنا مشکل ہے۔

جہاں یہ بل لایا گیا ہے ایک اپائنٹمنٹ کے بارے میں۔ ایک قانونی دشواری دور کرنے کے لئے وہاں ضروری تھا کہ یہ بل لایا جاتا کہ سیلز ٹیکس بل میں جو خاصیاں ہیں اور اس کی وصولیوں میں جو خاصیاں ہیں جس سے بڑے بڑے بیوپاری بچ سکتے ہیں ان کو بھی دور کیا جاسکے۔

آخر میں میں فائینانس منسٹر صاحب سے کہونگا کہ وہ اس کے بارے میں توجہ دیں گے۔ اور جلد ہی کوئی اس طرح کا بل اس شیشن میں لائینگ جس سے کہ نہ صرف سیلز ٹیکس کے بلکہ اور ٹیکسز کے بھی جو ایریز باقی ہیں ان کو وصول کرنے کے لئے جلدی سے جلدی کوئی قدم اٹھایا جاسکے۔ میں ان الفاظ کے ساتھ اس کو سپورٹ کرتا ہوں۔

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): This is a very simple Bill. The Bengal Finance (Sales Tax) Act 1941 was extended to the Union Territory of Delhi by a

notification of Government under sec. 2 of the Union Territories Laws Act of 1950. Under sec. 3 of the Act, the Lt. Governor is empowered to appoint officers for the purpose of carrying forward the sales tax law. Due to a technical mistake, officers were appointed under the various service rules of the Delhi Administration. Later on the Lt. Governor issued an orders under section 3 giving retrospective effect to the appointments. But it was found out later that there was no power under sec. 3 for giving retrospective effect. In a writ petition filed before the Delhi High Court by the Delhi Woollen Mills, one such appointment was challenged. The initiative was taken by the Delhi Administration on the advice of the Executive Council that an Ordinance might be promulgated because the appointment of 374 officers had to be validated and assessments involving about 5.55 lakh cases covering Rs. 15.25 crores Central and State sales tax had to be safeguarded.

There are about 32,320 appeals which have been disposed of. In order to safeguard the revenue, this Ordinance had to be promulgated, and this Bill has been brought before the House to make it into a law. There have been precedents before, in which under similar circumstances, Ordinances have been passed and to validate them-Bills have been introduced later in the House.

So far as Delhi is concerned, the Delhi Administration had asked for a new Sales Tax law applicable to Delhi. This is under the consideration of the Central Government, and as soon as the consideration is completed, that Bill will be brought before the House.

I commend this Bill.

MR. DEPUTY-SPEAKER: The question

"That the Bill to validate appointments of certain officers under the Bengal Finance (Sales Tax) Act, 1941, as in force in the Union territory of Delhi and to validate proceedings taken by such officers under that Act and the Central Sales Tax Act, 1956, be taken into consideration."

The motion was adopted.

MR. DEPUTY-SPEAKER: The question

[Mr. Deputy Speaker]

"That Clauses 2 to 4 and 1 the Enacting Formula and the Title stand part of the Bill."

The motion was adopted.

Clauses 2 to 4 and 1 the Enacting Formula and the Title were added to the Bill.

SHRI K. R. GANESH: I beg to move:

"That the Bill be passed."

SHRI JYOTIRMOY BOSU (Diamond Harbour): This Government is very good at bringing very pious-looking legislations one after the other, but their outcome, implementation and enforcement are, far from satisfactory.

The Minister must have gone through Prof. Kaldor's book on Indian tax reform. What he says applies to sales tax because the evasion is more in sales than possibly even in come-tax and other Central taxes. It says:

"The important question is how much income is concealed in this manner in relation to the income which is assessed as tax. Conversations with individual businessmen, accountants and revenue officials reveal guesses which range from 10 to 20 per cent of the assessed income at the minimum and of 200 to 300 per cent at the maximum."

He has gone on to suggest possible remedies, particularly compulsory audit, status of auditors etc. This report has been in the hands of Government for the last 10 years. What have they done about it? They bring in petty laws, but the basic issue remains.

MR. DEPUTY-SPEAKER: They have borrowed this from Bengal.

SHRI JYOTIRMOY BOSU: Then, more so the reason because Bengal has been ruled by this golden Congress for 20 years.

Actually this is a purchase tax and you want to call it a sales tax. We have been suggesting for a long time that it should be a first point tax, that the moment the goods come out of the producers' gate the tax should be clamped on it. You are reluctant to accept it because we know that by doing that you will be incurring the displeasure of your masters

and patrons, the monopoly capitalists. You want to exploit the small man and call a purchase tax as sales tax, and when it should have been clamped at the producers' gate, you are clamping it at the small retail counter.

Mr. Ganesh should take the trouble of going to Chowri Bazar and Sadar Bazar and see how evasion of sales tax takes place in Delhi. In order to evade the payment of salestax to get a customer he does not do the book entry. As a result the income-tax man cannot really catch the volume of the transaction and thus income-tax also is evaded. In Chawri Bazar, Sadar Bazar and Khari Baoli alone in Delhi, the evasion of sales tax is to the extent of Rs. 10 crores on a modest estimate. A group of honest traders had presented a petition before this parliament last year requesting the Government to put first point taxation and thereby make sure that you get at least somewhere near what you are entitled to collect.

MR. DEPUTY-SPEAKER: An experienced Member like you should not go for beyond the scope of the Bill. You can speak about this at the appropriate time.

SHRI JYOTIRMOY BOSU: Money has got to be collected; the salaries have to be paid. I request him to keep this in mind and not to take up the precious time of the House to bring such petty Bills leaving out major issues.

SHRI K. R. GANESH: I have already explained that this Bill originated because certain appointments made by the Delhi Administration under section 3 were not found to be technically correct because the Lieutenant Governor was empowered to make those appointments. This Bill has been brought before the House only for the purpose of validating these appointments. The general question of sales tax and tax machinery which the hon. Member has raised is a much wider question and there are so many platforms to do that for a vocal and vigorous Member like him. It does not come under this Bill.

MR. DEPUTY-SPEAKER: The question is:

"That the Bill be passed."

The motion was adopted.

GOLD (CONTROL) AMENDMENT BILL

**THE MINISTER OF STATE IN THE
MINISTRY OF FINANCE (SHRI K. R.
GANESH):** Sir, I beg to move:*

"That the Bill further to amend the Gold (Control) Act, 1968, be taken into consideration."

This Bill seeks to make certain amendments to the Gold (Control) Act, 1968, which have become necessary as a consequence of a judgment delivered by the Supreme Court on 30th March, 1971.

As I mentioned in my statement which was laid on the Table of the House under Rule 71(1), certain provisions of the Gold (Control) Act, 1968 relating to filing of returns by pawn brokers, ban on possession of primary gold by private persons, filing of declarations and the powers of search, penalties, confiscation and prosecution for non-declaration were challenged before the Supreme Court. Challenge was also made to the validity of the Act. The Supreme Court upheld the validity of the Act as also of the provisions relating to submission of returns by pawn brokers, ban on possession of primary gold by private persons, filing of declarations, search, levy of penalty, and prosecution for non-declaration. The Court, however, held that Section 71 relating to confiscation of gold or other thing was unconstitutional as it appeared to place an unreasonable restriction on the right of a person to acquire, hold and dispose of gold articles or gold ornaments, and could be applied indiscriminately.

Section 71 is an omnibus provision which provides for confiscation of gold not only for non-declaration but also for contravention of other provisions of the Act. While this section only creates a liability for confiscation of gold, the enforcement of this liability is provided for by Section 73 which provides for levy of a fine in lieu of confiscation equal to twice the value of the gold or other thing confiscated.

The Supreme Court was dealing with the question of gold in the hands of a pawn broker in excess of the exemption limits which be-

came liable to confiscation because of the default of non-declaration by the pawnee, even though the persons to whom these belonged had not committed any offence under the Act in relation to their gold. In this context, the Court has observed that although the law provides that the owner has, under Section 79, to be given a hearing, and he has a right of appeal under Section 80, the provision of Section 73 which allows for the levy of a fine in lieu of confiscation not exceeding twice the value of the gold or other thing in respect of which confiscation is authorised, appeared to be unduly harsh. The Court also observed that there did not seem to be any justification for an order of confiscation under Section 71 merely because of a failure to comply with Section 16 relating to declarations.

The Supreme Court, as I mentioned earlier, upheld the validity of Section 86 which authorises prosecution for non-declaration. The observation of the Court that the provision for confiscation of gold for non-declaration amounted to an unreasonable restriction on the fundamental right of a person to acquire, hold and dispose of property appears to be based on the fact that for a mere act of non-declaration the owner becomes liable to an unconscionably high fine which may be equal to twice the value of the gold.

This Bill, therefore, seeks to substitute the invalidated Section 71 with a new provision with built in safeguards for an innocent owner so that where any gold which has become liable to confiscation belongs to a person other than the person who has for his failure to declare the gold or for contravention of any other provisions of the Act rendered such gold liable to confiscation, and where such contravention has been made without the knowledge or connivance of the person to whom such gold belongs, such gold shall not be confiscated but the person who has contravened the law will be liable to such other punishment as is provided by the Act. Similarly, since the maximum fine in lieu of confiscation provided for in Section 73 acted unduly harshly, this Bill further seeks to amend Section 73 to bring down the maximum fine from twice the value of the gold to an amount not exceeding the value of the gold.

The Bill also makes provision for reopening

* Moved with the recommendation of the President.

[K. R. Ganesh]

of past cases where any order of confiscation or option given to pay fine in lieu thereof was not in conformity with the provisions of Section 71 and 73, as sought to be amended.

Hon'ble Members will observe that the amendments which this Bill seeks to make are intended to safeguard the interests of innocent owners whose gold becomes liable to confiscation for an act or omission of another person and also to provide that in the event of confiscation where fine in lieu of confiscation is prescribed, such fine shall not be unduly harsh. In the circumstances, there need be no controversy about the provisions of this Amending Bill. With these words, Sir, I move—

MR. DEPUTY-SPEAKER: Motion moved:

“That the Bill further to amend the Gold (Control) Act, 1968, be taken into consideration.”

Mr. Daga, are you moving your amendment?

Shri M. C. DAGA (Pali): Yes, Sir. I move:

“That the Bill be circulated for the purpose of eliciting opinion thereon by the 16th September, 1971.”

MR. DEPUTY-SPEAKER: All right. Shri Madhuryya Halder.

SHRI MADHURYYA HALDAR (Mathurapur): Mr. Deputy-Speaker, Sir, the main object of the Gold (Control) Amendment Bill, as he has said, is to bring out the hidden gold and to stop smuggling of gold. Gold is always being smuggled into India, and hidden gold worth Rs. 7,000 crores is in India. Mr. Mohan Dharia, the Minister of State, said the other day in Bombay that there is hidden gold in India worth Rs. 7,000 crores. He also stated that if this hidden gold were brought to the surface, then we need not have so much worry over our Plan execution. This Government cannot lay its hands on the rich. That is why they cannot bring out the hidden gold; as this Government cannot collect arrears of income-tax to the tune of Rs. 700 crores. The entire Bill has become a farce, and the amendment which has come following the Supreme Court judgment, has become more a farcial, because

there was a provision in the Original Bill that gold would be confiscated if smuggled into India. Instead of that confiscation, now you are going to fine the person, and the amount of the fine would be worth the value of the gold. That is, you are practically inviting international gold smugglers to smuggle gold into India. Mr. Walcott and his associates may be encouraged by this Bill. There is also a provision that if the gold belongs to an innocent person and not to the offender, such gold shall not be ordered to be confiscated. The smuggler or his associate may pose as innocent. The matter may be taken to the court and after long proceedings, he may be set free.

This Bill is actually going to reward the smuggler. Therefore, I oppose this amending Bill as well as the parent Act, whose withdrawal has been demanded several times in this House. This amending Bill also has to be withdrawn. If the smugglers are to be punished and hidden gold is to be brought to the surface, severe punishments have to be laid down and the Constitution has to be changed in this respect.

श्री मूलचन्द्र डागा (पाली) : स्वर्ण नियंत्रण कानून, गोल्ड कंट्रोल एक्ट बनाने का आपका जो परपक्ष था क्या वह पूरा हुआ या नहीं हुआ ? कानून आप किसलिए बनाते हैं ? कानून बनाने की कोई इच्छा तो होनी चाहिए जिसकी पूर्ति आप करना चाहते हैं। आपने इस कानून को बनाकर 22 लाख सुनारों को बेकार कर दिया। अब 250 के करीब सुनारों ने कुतुब मीनार से कूदकर तथा न जाने किस किस प्रकार से आत्महत्याएँ कर लीं। आप कहते हैं कि 4100 करोड़ का सोना हिन्दुस्तान में है। आपने कानून बनाया तत्कर व्यापार को बन्द करने के लिए, क्या वह बन्द हो गया है ?

आपने सुप्रीम कोर्ट का जजमेंट पढ़ा है जो कि 30 मार्च को निकला था बन्नी प्रसाद के केस में। बन्नी प्रसाद ने कहा कि मैं प्लेजिंग का काम करता हूँ, गिरवी रखता हूँ और मेरे पास चौबह लाख का सोना रखा हुआ है। आपके अफसर रेड करने गए। उनको अधिकार था या नहीं था सच करने का, इसका कोई प्राविधान आपने सोचा

कन्ट्रोल एक्ट में नहीं रखा था। 29 मार्च से सच शुरू हुई और 6 अप्रैल को खत्म हुई। डम्पमेंट्स आग ले आए। आपके अफसर सैटिसफाई होते हैं कि वह जो काम कर रहा है गलत है, इसका प्राविधान आपने किया। आपने तब एमेंडमेंट किया और कहा कि आफिसर्स खुद भी सैटिसफाईड। आप सारा काम उन आदमियों को देना चाहते हैं जो शासन में कहना चाहिये कि ईमानदार नहीं है। इस एक्ट को बनाने का आपकी मंशा क्या थी? आज भी हिन्दुस्तान में तस्क़र व्यापार होता है। आज भी हिन्दुस्तान में गढ़ा हुआ सोना बाहर नहीं आया है। उसका भाव बढ़ा है। कानून बनाने की आपकी जो इच्छा थी उसकी पूर्ति नहीं हुई है। आज भी हिन्दुस्तान में 50-60 जो स्मगलर हैं वही सोने से कमाते हैं और मेरे खयाल में हम लोगों के जो अधिकारी हैं वे उनसे मिले हुए हैं, यह मैं कहने के लिए तैयार हूँ। आप इस तरह का कानून क्यों बनाते हैं जिसकी पालना आप नहीं करवा सकते हैं? यह तो सरकार की कमजोरी है। आपने कानून बना दिया और कह दिया कि चौदह कैरट के जेवर बनेंगे। हुआ क्या? सुनारों को परेशान करने के लिए आपके एक्साइज डिपार्टमेंट के अफसरों ने जाना शुरू कर दिया। जिस तरह से फूड एडल्ट्रेशन एक्ट के अन्तर्गत इस्पेक्टरों की आमदनी का जरिया शुरू हो गया उसी तरह से आपके एक्साइज डिपार्टमेंट के कुछ अफसरों की आमदनी का भी एक जरिया शुरू हो गया। मिनिस्टर साहब ने सुप्रीम कोर्ट का जजमेट देखा और यह दो लाईन का एमेंडमेंट ले आये। हम रांग डूअर के खिलाफ कैसे एक्शन लेंगे? हम सोना कैसे पकड़ेंगे? इस बिल में कहा गया है: "प्रोवाइडिड दैट व्हेयर इट इज एस्टाब्लिश्ड टु दि सैटिसफैक्शन आफ. . .।" किस की सैटिसफैक्शन? अफसर की सैटिसफैक्शन। अगर अफसर सैटिसफाईड है, तो गोल्ड को पकड़ा जा सकता है। अगर अफसर चाहे, तो वह किसी सुनार की दुकान पकड़कर कह सकता है कि उसके पास जो सोना है, उससे इस कानून का उल्लंघन होता है और वह उसको अपनी कब्जे में ले सकता है। सुनार को पुराना सोना लेकर वहने बनाने का अधिकार नहीं है।

अगर वह ऐसा करेगा, तो वह पकड़ा जा सकता है। जो धंधा चाईस लाख स्वर्णकारों के पास था, वह सरकार ने व्यापारियों को दे दिया है। सरकार कहती है कि सुनार अपटु-डेट एकाउन्ट्स रखें। क्या यह पासिबल है?

इस बिल में प्रोवाइड किया गया है कि जिस व्यक्ति को उसका पकड़ा हुआ सोना वापिस नहीं किया जाता है, उसको उस सोने की कीमत के बराबर पेमेंट कर दी जायेगी। इसमें इस बात की कोई डिस्टिक्शन नहीं की गई है कि गोल्ड किन सर्कमस्टेंसिज में पकड़ा गया, उसकी नेचर क्या है और उस व्यक्ति की इन्टेन्शन क्या है। किसी कानून में कोई सजा रखने के लिए यह देखना चाहिए कि आफेंडर की इन्टेन्शन क्या है। लेकिन इस बिल में वह नहीं देखा गया है। अगर कोई गहने बनाने के लिए सोना ले जा रहा है और सरकारी अधिकारी सैटिसफाईड है कि उससे इस कानून का उल्लंघन होता है, तो वह उसको पकड़ सकता है। सरकार ने तो यह समझ लिया है कि उसके डिपार्टमेंट वाले खुदा हैं और जनता चोर है। सरकारी अधिकारियों को सब अधिकार दे दिये गये हैं। न तो मिनिस्टर ने इस पर ध्यान दिया है और न ही डिपार्टमेंट ने कि इन एमेंडमेंट्स का क्या असर होगा। उन्होंने सुप्रीम कोर्ट का जजमेट देखा और वे ये एमेंडमेंट्स ले आये। बदरी प्रसाद ही सुप्रीम कोर्ट तक जा सकता था। वह बेचारा सोने का चौदह लाख रुपये का धंधा करता था।

श्री शशि भूषण : बेचारा !

श्री मूलचन्द डागा : यह उसका रोज का धंधा था। लोग उसके पास गिरवी रखते थे। 29 मार्च को सच शुरू हुआ और 6 अप्रैल को खत्म हुआ।

कोई भी कानून बनाने से पहले यह सोचना चाहिए कि उसका इम्प्लीमेंटेशन होगा या नहीं। अगर इम्प्लीमेंटेशन नहीं हो सकता है, तो वह कानून नहीं बनाया जाना चाहिए। सराबबन्दी का कानून बनाया गया है, लेकिन सराबबन्दी

[श्री मूलमन्त्र डाक्टर]

रही है। इसी तरह गोल्ड कंट्रोल एक्ट से भी कोई फरज सब नहीं हुआ है।

अगर सरकार सोने को कानफिस्केड करना चाहती है, तो उसको मेनशन करना चाहिए कि क्विन सर्वेस्टांसिज में, क्विन ग्रांडिङ्ग पर उसको कानफिस्केड किया जा सकता है। इस बिना वे बेचा नहीं किया गया है। इसमें सरकारी अफसर नहीं बल्कि प्रिवेट अफसर की सैटिसफैक्शन का प्राविधान होना चाहिए था। मौजूदा हस्ता में तब तक सरकारी अफसर जो चाहे करे, उसे कोई नहीं पूछ सकता है।

श्री शशि भूषण (दक्षिण दिल्ली) : उप-ध्यक्ष महोदय, यह बड़ी खुशी की बात है कि सरकार ने सोने के नियंत्रण के सिलसिले में कानून बनाया जिस में यह एमेडमेंट लाई गई है। इसका मतलब यह है कि सरकार बहुत यत्नीयता से सोने के बारे में अपनी पालिसी बनाना चाहती है। मुझे उम्मीद है कि इस तरह के और भी बिल लाये जायेंगे।

चाहे सोने के नियंत्रण का सवाल हो, चाहे राजे-रजवाड़ों के प्रिवी पर्सिज का सवाल हो और चाहे बड़ी शहरी मिल्कियत का सवाल हो, इस देश में कोई भी सामाजिक कानून नहीं चल पायेगा, जब तक कि हम सम्पत्ति के फंडामेंटल राइट को समाप्त नहीं कर दें। सब से पहले यही करना चाहिए, वरना कोई बेचारा (जैसा कि मेरे माननीय मित्र ने कहा है) गरीब स्मगलर, चौदह लाख या पचास लाख रुपये का काम करने वाला, किसी दूसरे कानून का खस्ता बस्त्या करके छूट जायेगा। बुनियादी बात यह है कि जब तक सरकार के हाथ में, प्रक्रातांत्रिक संकट के हाथ में, सामाजिक परिवर्तन करने का पूरा अधिकार नहीं होता, तब तक इन दिक्कतों का सामना करना पड़ेगा और सुप्रीम कोर्ट के फैसलों की वजह से इस तरह की एमेडमेंट्स लानी पड़ेंगी।

राजा-महाराजाओं के पास अरबों रूपयों का खजाना बचा हुआ है। उनके पास सोने की सचरियां

और न जाने क्या क्या चीजें बची हुई हैं। हमारे देश में सात हजार करोड़ रुपये का सोना का सोना बाहर से आता है और वीरह हजार करोड़ रुपये का सोना हमारे देश में गड़ा हुआ है। आज हमारे राष्ट्र को सोने की जरूरत है। हमको देश के विकास के लिए करोड़ों अरबों रुपये चाहिए, लेकिन वे हमें नहीं मिलते हैं। विदेशी बैंकों द्वारा अंडर इनवार्पिंग और ओवर-इन्वार्पिंग किया जाता है और अरबों रूपयों का सोना हमारे देश में लाया जाता है। हमारे रिजर्व बैंक के बड़े अफसर विदेशी बैंकों के एडवाइजर बनते हैं और पांच छः हजार रुपये तम्बाहु पी कर उनकी एडवाइस देते हैं। इसलिए विदेशी बैंकों पर नियंत्रण करना चाहिए। हम किसी को अपने देश के भाग्य के साथ खिलवाड़ करने की इजाजत नहीं दे सकते हैं। राजाओं के पास जो सोना है, उसको भी निकालना चाहिए।

जब हम अपने देश के गरीब आदमियों को जमीन देना चाहते हैं, तो बड़े जमींदारों की खासी के लोग धोर करते हैं कि सरकार गरीब आदमियों की जमीन और भोपड़ी लेना चाहती है। गरीब आदमियों की रक्षा के लिए, जिन्हें अभी एक माननीय सदस्य ने 'बेचारे' कहा है, गरीबों का नाम लिया जाता है। इसी तरह खसीराबाड़ों की रक्षा के लिए सुनारों का नाम लिया जाता है और कहा जाता है कि सुनार बेकार हो गये, सुनार भूखों मर रहे हैं।

इसमें कोई शक नहीं है कि हमारे देश का सुनार एक बहुत अच्छा आर्टिस्ट है, अपने काम में दक्ष है और बड़े अच्छे जेवर बनाता है। लेकिन हम उनको दूसरे कामों में रोजगार दे सकते हैं, उनको घड़ियों और दूसरी इंडस्ट्रीज में लगा सकते हैं।

राजा-महाराजाओं के पास अरबों रूपयों की खजाना पड़ी हुई है। राजाओं ने पिछले दस सालों में कच्चाई में बस करोड़ रुपये की बुलसी भेजी। कच्चाई के लोक क्लाइम, जलाने हैं कि यह क्लाइम (खरीदारी) इसका इलाज यह है कि एक अरब के

अल्दी कानून लाकर व्यक्तिगत सम्पत्ति के फंडा-मेंटल राइट को समाप्त कर दें, ताकि देश की रखा की जा सके। विदेशी बैंकों पर फोरम नियंत्रण किया जाना चाहिए। सरकार ने पिछले दिनों मेजरल इनसोरेस और विदेशी इनसोरेस कम्पनियों को मैनेजमेंट साइज कर के एक बहुत मुबारक काम किया। हमारे देश के बड़े बड़े अविश्वस्यियों को विदेशी बैंकों और कम्पनियों के एडवाइजर बनने की इजाजत न दी जाये। इस तरह के कानून बनाने जायें, जिनसे गरीब आधमियों को राहत मिले और अमीरों पर हाथ डाला जा सके। जिस तरह बार टाइन में ट्रेटर्ज के साथ सुलूक किया जाता है, उसी तरह का सुलूक स्मगलर्ज के साथ किया जाना चाहिए। चाहे वे कोई भी हों, चाहे वे किसी के रिश्तेदार या भाई हों, उनके खिलाफ बड़ी सक्ती से कदम उठाना चाहिए। जब तक करोड़ों रुपये का मोना हमारे देश में स्मगल होता रहेगा, तब तक हमारा राष्ट्र अपने पैरों पर खड़ा नहीं हो सकता है। इसलिए इस बारे में सक्ती से सक्ती कानून बनाया जाना चाहिए। मैं इस बिल का समर्थन करता हूँ और उम्मीद करता हूँ कि मंत्री महोदय आगे और भी अच्छे कानून सदन के सामने लायेंगे।

SHRI D. K. PANDA (Bhanjanagar): Mr. Deputy-Speaker, Sir, in spite of mounting pressure from the public all over India, it is a pity that the Government has not been bold enough to come forward to scrap this Act. This time also, there is no guarantee that no more amendments are going to be moved by the Government.

After Supreme Court decision on 30-4-69, this Act was amended and it related to eight Sections, that is, 5(2), 8, 27(2), 27(6), 32, 46, 88 and 100. Again, those were struck down. Whenever there was any attempt or any action being taken under a particular Section, and if the aggrieved person took the matter to the Supreme Court, we have seen that it is struck down again.

There was again a Gold Control Amendment Ordinance which sought to amend Section 8(2). Again, under the judgment dated 30-3-71, a particular section which was validated, revised, modified, was struck down, that is, Section 8.

That is the fate of this Act. There is a saying in Sanskrit which, I think, will not be out of place here.

काकस्य चंचु यदि स्वर्ण युक्ता,
माणिक्य युक्तौ चरणौ तस्य ।

एक एक पक्षे गजराज मुक्ता,
तथापि काकः न अपि राजहंसः ॥

If a cock is coated with gold and fitted with diamonds and other ornaments, it can never be a *Rajhans*. A cock can never be converted into a *Rajhans*.

This is an Act which fundamentally strikes at the very craft itself which is an ancient, traditional one and a craft which is based upon artistic skill. From our experience we have found till now, that the President of the All-India Goldsmiths Association has been moving through out the country. These very docile people, the goldsmiths, the very ordinary people, and who were meek, being roused into an agitation. About 200 of them have died by committing suicides. There have been 200 deaths. Now, about 45,000 people are faced with the most difficult problem. About 7500, as has been reported by their President, were given a loan of Rs. 500 each. Now, they are going to be deprived of their avocation and occupation.

Not only that. When the Act was put into force, we found that more than 25,000 were arrested. I want to ask the hon. Minister: Has it achieved its purpose? The Government is not in a position till now to make it known to all the Members of Parliament and outside that it has really achieved its purpose. It wanted to stop smuggling. But the smuggling has gone deeper. It wanted to stop price rise. Now price is ruling high. In 1963, it was 94 points; today we find it is more than 230. That is the real position.

Under this Act, hoarded gold could not be unearthed. Of course, Mr. Desai is out. But, under these circumstances, there is no guarantee absolutely and I hope the hon. Minister also cannot stand a guarantee that these very sections which are now sought to be amended will stand the test of time, will stand the test of law courts, will be successful in its operation, in its application. Can anybody stand a guarantee that it will stand the test? No. Nobody can stand guarantee that it will stand the test of the Supreme Court.

[Shri D. K. Panda]

What are the remarks of the Supreme Court? I wish to deal with this. Every section has been dealt with by them. I don't want to enumerate all.

MR. DEPUTY SPEAKER: You may kindly confine yourself to this particular section which is under consideration.

SHRI D. K. PANDA: Yes, I am confining myself to this section only. Under Section 27(2)(d) it was found that powers were given under that section which are 'vague' 'arbitrary' and which 'violated the very right guaranteed under the Constitution.' So, it is stated by them that the power is wide and vague and it had also been stated by the Supreme Court that some of the sections were rendered 'meaningless'. So, in some places, it is wide, in some places it is meaningless.

Therefore, the more the amendments you bring, the more troubles you will have. It becomes the subject-matter of further amendments only to be struck down by the Supreme Court once again. That has been our experience.

As far as the history of legal jurisprudence is concerned, we, in our country, have never come across such a draconian Act which has passed through such numerous amendments as this. We are all aware that so many Acts have been enacted and we are also aware that those Acts have never been subjected to so many amendments. There was absolutely no necessity, no need, to make such amendments. But the whole trouble with this Act is this. From the very beginning, from top to bottom, this Act is anti-national. It has brought untold misery upon millions and millions of the families of goldsmiths. That is why I not oppose this amendment—because it cannot improve the matter,—but also I would say this, that a thing which cannot be mended should be ended. That principle is very wellknown, which applies to the present position and the question of pure jurisprudence is also involved in this matter.

I therefore think that my friends in the ruling party also, basing on their own experience, will oppose these very amendments. At the same time, I strongly demand for the scrapping of the entire Act. Thank you.

श्री एम० राम गोपाल रेड्डी (निजामाबाद):
माननीय उपाध्यक्ष महोदय, माननीय सदस्य

जिन्होंने अभी अपनी तकरीर खत्म की है, उन्हें को समझना चाहिए कि ला फ़ॉलोव कि कानून। काइम जितना जितना बढ़ता जाता है, सही उतना ही बढ़ता जाता है। यह पक्षी भी है। अब जो अमेंडमेंट लाया जा रहा है इसके अलावा भी अगर कुछ लूपहोल्स रह जायें तो फिर अमेंडमेंट लाने की जरूरत पड़ेगी। लेकिन यह तो ला को ही खत्म करने की बात बोल रहे हैं। अब थैफ्ट या चोरी रोकने के लिए कानून है, इसके बावजूद भी रोज़ाना चोरियां होती जा रही हैं तो क्या माननीय सदस्य यह कहेंगे कि चोरी रोकने के कानून को ही एकदम से खत्म कर दिया जाय? यह बिल्कुल गलत है। जो भी अमेंडमेंट लाया गया है वह बहुत सही अमेंडमेंट है। आज हिन्दुस्तान में करोड़ों रुपये का सोना बाहर से स्मगल किया जा रहा है, इंटरनेशनल प्राइस 50-60 रुपये फी तोले से ज्यादा नहीं है और हिन्दुस्तान में 230 रुपया तोला बिकता है। अगर कोई स्मगलर तीन दफा लाये और दो बक्त पकड़ा जाय, तो भी फायदे में रहता है। इस वास्ते गवर्नमेंट को बहुत विजिलेंस के साथ अपने सी-शोर पर निगरानी करनी चाहिये ताकि वह सोना जब्त किया जा सके, क्योंकि जो पनिशमेंट इसमें प्रेसक्राइब किया गया है, वह काफी नहीं है। चूंकि सुप्रीम कोर्ट ने उस से ज्यादा सख्त कानून न बनाने के लिये जजमेंट दिया है और उस जजमेंट का अहतराम करना जरूरी है, इसलिये इसको लाना पड़ा है।

हमारे गोल्ड-स्मिथ्स के पास कितना सोना रहता है। उन के पास बहुत कम सोना रहता है। हमारे पीलू मोदी साहब ने अभी राजा-महाराजाओं का नाम लिया, लेकिन मैं उनको कहना चाहता हूं कि हमारे गोल्ड कंट्रोल आर्डर का जो अमेंडमेंट लाया जा रहा है, वह किसी एक व्यक्ति के वास्ते नहीं है, बल्कि पूरा हिन्दुस्तान के वास्ते है। वह राजा-महाराजाओं के लिये ही नहीं है, उनके पास तो अब सोना बहुत कम हो गया है, दौलत भी कम हो गई है, जो बोली बहुत है, वह इलैक्शन लड़ने में खत्म हो रही है, एक-दो इलैक्शन के बाद तो वे बिल्कुल आर्थिनरी

लोग हो जायेंगे, इसलिये हमें उनकी फिक्र नहीं करनी चाहिये, बल्कि जो काम-काज के नये राजा-महाराजा बत रहे हैं, जिनके पास बीलत बकदूती हो रही है, उनको रोका जाय। मैं चाहता हूँ कि किस किस के पास कितना सोना है, उसकी डिटेल्स हासिल की जाय और अगर किसी के पास लिमिट से ज्यादा है तो उसको जमा कर लेना चाहिये।

उपाध्यक्ष महोदय, अभी परसों तक जब हमारे यहाँ गल्ले की किल्लत थी, हर रियाया के पास कितना अनाज होना चाहिये, उसके बारे में सरकार ने कानून पास किया था और बहुत सी जगह उसके सेहत प्रोक्योरमेन्ट हो रहा है, तो अब गवर्नमेंट गल्ले का प्रोक्योरमेन्ट कर सकती है तो सोने का प्रोक्योरमेन्ट क्यों नहीं कर सकती, सोना जाती चीज नहीं है, नेशनल प्रोपर्टी है, इस लिहाज से सोने को लेना चाहिये। जब तक हम इसको नेशनल प्रोपर्टी डिक्लेअर नहीं करेंगे, जब तक इसको व्यक्तिगत प्रोपर्टी समझते रहेंगे, यह चीज हमेशा चलती रहेगी। आज इसकी बजह से बहुत से डाके पड़ते हैं, घरों में सेफटी नहीं है, इसके लिये पब्लिक को एज्यूकेट करने की जरूरत है। जिस तरह से जमीन का सीलिंग मुकर्रर किया गया है, कि 30 एकड़ से ज्यादा जमीन किसी के पास नहीं होनी चाहिये, मैं सरकार से पुरजोर सिफारिश करता हूँ कि सोने के ऊपर भी इसी किस्म की पाबन्दी क्यों न लगाई जाय। आज हम 10 या 15 लाख की प्रापर्टी पर पाबन्दी लगाने जा रहे हैं, उसी तरह से सोने के इस्तेमाल पर, होल्डिंग पर पाबन्दी लगाई जाय और उस पर सख्ती से अमल किया जाय।

अगर किसी चीज पर हम अमल नहीं कर सकते हैं तो एक आदर्श हो सकता है, जिस पर हम चलते रहते हैं। लेकिन उस आदर्श पर एक दिन में नहीं पहुँच सकते हैं। इस के लिये कानून ब बनाया जाय, मैं इस बात से एभी नहीं करता, वह गलत बात है। किसी आइडियल पर पहुँचने के बतते बहुत सी मन्जिलें होती हैं। एक एक मन्जिल पर चढ़ने में दिक्कतें होती हैं, रास्ते में कई रोड़े आते हैं और बहुत सी पाबन्तियाँ ऐसी हैं

जो हमेशा अच्छे काम में रोड़े अटकाने की कोशिश करती हैं। अगर कांग्रेस की तरफ से कोई अच्छा काम हो रहा है तो उन बेचारों को बहुत तकलीफ़ होती है। चूँकि ये लोग अच्छा काम कर रहे हैं, इस लिये इन के पाँव में रोड़े अटका कर इनको गिराना चाहिये, इस किस्म की चीज वे लोग करते जाते हैं। मैं मिनिस्टर साहब से दरखास्त करना चाहता हूँ कि वे इस तरफ खास ध्यान दें, क्योंकि हिन्दूस्तान का बहुत ज्यादा पैसा बाहर चला जा रहा है। चन्द दिनों पहले हमारे रुपये की जो वैल्यू अरब कन्ट्रीज़ और दूसरी जगहों पर थी, वह आज गिर गई है, इस बास्ते कि हमारा बहुत सारा पैसा सोने के स्मग्लिंग से यहाँ पहुँच चुका है और वे लोग वही पैसा लेकर हमारे पास आकर वही सोना माँग रहे हैं और हम से 60 रुपये में माँगते हैं। हमें रुपये के बदले सोना देना पड़ता है। इस लिये यह एक नेशनल ईशू है, हमें स्वतंत्र पार्टी या जनसंघ पार्टी के नुक्तेनज़र से इसको नहीं देखना चाहिये। हमारे मुल्क की बीलत बाहर जा रही है, उस को बाहर जाने से रोकना पड़ेगा और बाहर से जो सोना आ रहा है वह इन्डिविजुअल लिहाज से नहीं आना चाहिये और अगर आना है तो गवर्नमेन्ट के थ्रू आना चाहिये, 60 रु० तोले में आना चाहिये।

इस लिये मैं गवर्नमेन्ट की इस अमेण्डमेन्ट की तारीफ़ करता हूँ।

SHRI G. VISWANATHAN (Wandiwash): Most of the members who participated in this discussion are no doubt agreed that the very purpose of the parent Act has been defeated. This wonderful Gold Control Act owes its origin to the then Finance Minister, Shri Morarji Desai. The ruling Congress has done away with Shri Morarji Desai's association, but not with the Gold Control Act.

What is the result of the implementation of the Bill in the last three or four years? We were told that smuggling would cease, hidden gold would come out and the price of gold would be controlled. What has happened to these three objectives? Have they been fulfilled? Clearly Government cannot tell us that smuggling has ceased; it is, on the other hand,

[Shri G. Viswanathan]

going on as usual. As Shri Ram Gopal Reddy pointed out, it is going on and Government are not able to stop it. If Government say that by amending the Act, smuggling will be stopped and can give an assurance that by these improvements it will be stopped, I am prepared to support the Bill. But Government have not been able to do it in the last three or four years. How is this amendment going to achieve that purpose?

From its very inception, this legislation has caused havoc in the country. In its destructive effects, it is worse than an epidemic or earthquake. It has driven many goldsmiths out of the profession and many of them committed suicide. As previous speakers have pointed out, there is no purpose in amending the Act once in a year or in six months. It has to be done away with *in toto*. The desire for the yellow metal has not diminished with the passage of the original Act and I do not know whether we can make this desire vanish in this country. Since the very purpose of the Bill has not been achieved even with three or four years of its working, there is no purpose in amending the Act once in six months and Government had better withdraw the Bill.

डा० लक्ष्मी नारायण पांडे (मंदसौर) :
उपाध्यक्ष महोदय, प्रजातान्त्रिक परम्पराओं में प्रशासन को सही रूप से चलाने की दिशा में कई कानून बनाने पड़ते हैं और कई को रद्द किया जाता है, कई कानूनों में बार-बार संशोधन भी लाये जाते हैं, लेकिन इस समय जो संशोधन लाया गया है, उसे मंत्री महोदय अपनी स्वेच्छा से लाये हैं, ऐसी बात नहीं है, या जनता को कुछ सहूलियत देने की दृष्टि से लाये हैं, ऐसी बात भी नहीं है। इस समय जो संशोधन प्रस्तुत किया गया है, उसे सर्वोच्च न्यायालय के एक निर्णय के कारण बिबश होकर लाना पड़ा है।

मैं इस सम्बन्ध में निवेदन करना चाहूंगा कि प्रारम्भ से ही यह सारे का सारा कानून एक बड़ा विवाद का विषय रहा है। इस के साथ श्री मोरारजी देसाई का नाम यहाँ पर लिया गया, इस सारे काण्ड के अन्दर जिन लोगों ने आत्म-हत्याएँ कीं, उन लोगों के प्रति उनको दोषी कहा गया, तो वह अत्युक्ति नहीं होगी। जिन परिवारों को

इसके कारण आर्थिक हानि उठानी पड़ी, जिनको एक स्थान से हटा कर दूसरे स्थान पर ले जाना पड़ा, वह हमारे देश के अन्दर असन्तोष का बहुत बड़ा कारण बना और उसके कारण हमारे देश के अन्दर वह जो एक अच्छी जाति थी कला की दृष्टि से, वह विभूषित हुई, उसके अन्दर बेचैनी पैदा हुई, घबराहट पैदा हुई और उनको बिस्थापित मान कर सरकार ने सहायता देना स्वीकार किया। लेकिन फिर भी उससे समस्या हल नहीं हुई। सरकार सोने का मोह छुड़ाना चाहती थी, लेकिन वह छुड़ा न सकी, चोरी छिपे जो सोना आता था वह रोका जाय लेकिन चोरी छिपे सोने का आना रुका नहीं। जो लोग सोने का मोह छोड़ देने की बात कहते हैं शायद वही सोने का उपयोग भी सबसे ज्यादा करते हैं। यदि आप उनके घरों में जाकर देखें तो उनकी पत्नियों के हाथों में सोने की चूड़ियाँ मिलेंगी। तो आप सोने का मोह तो छुड़ा नहीं सके। आप इस प्रकार के संस्कार नहीं डाल सकते, आप इस देश में चरित्र निर्माण नहीं कर सकते। राष्ट्र का चरित्र निर्माण करने के लिए जिन सामाजिक व्यवस्थाओं को लाने की आवश्यकता है उसको करने की क्षमता सामने की शासकीय कुर्तियों पर बैठने वालों में नहीं है।

15 hrs.

विधेयक में धारा 71 और 73 में संशोधन करने की बात कही गई है। जैसा मैंने प्रारम्भ में निवेदन किया, मैं इन संशोधनों का विरोध करने के लिए खड़ा नहीं हुआ हूँ। विरोध इसलिए आवश्यक नहीं है कि क्योंकि यह एक अनिवार्य आवश्यकता है। सुप्रीम कोर्ट के निर्णय के बाद यह करना ही पड़ेगा। इसलिए इसमें विरोध या समर्थन का प्रश्न ही नहीं उठता। आवश्यकता इस बात की है कि इस सारे के सारे कानून का पुनरावलोकन किया जाये। जैसा कि माननीय सदस्य ने कहा कि एक्साइज आफिसर्स जिस प्रकार का व्यवहार करते हैं, वे जिस ढंग से घरों में घुस करके छोटे लोगों को पकड़ कर, चाहे उनके स्वयं का सोना हो या न हो, परेशान करने

की बात करते हैं—धारा 66 में इस प्रकार का अधिकार दिया गया है—मैं समझता हूँ इसमें भी संशोधन लाने की आवश्यकता है। तो देखने की बात यह है कि वह सीज करने की जो पावर दी गई है उसमें भी संशोधन लाने की आवश्यकता है या नहीं अन्यथा सीज करने की पावर वैसे ही बनी रही और अधिकारी उसका दुरुपयोग करते रहे तो आपका जो यह कानून है वह शायद प्रभावशाली नहीं रहेगा। अतः मैं आपसे निवेदन करना चाहता हूँ कि इस सारे के सारे कानून पर फिर से विचार किया जाये। यदि इस कानून को ठीक ढंग से उपयोगी और देश की आवश्यकता के अनुरूप बनाया जाये तो इसका लाभ होगा अन्यथा जैसा कि माननीय सदस्य ने कहा इस कानून से बजाय लाभ होने के हानियाँ ही हुई हैं। इस कानून के कारण इस देश में सैकड़ों लोगों ने आत्महत्या की है, हजारों लोगों का अपना व्यवसाय छूट गया। आपने करोड़ों रुपये की सहायता भी दी है लेकिन फिर भी आप उन सुनारों, कलाकारों को आजीविका का साधन नहीं दे सके। इस दृष्टि से इस पर विचार करने की आवश्यकता है, ऐसी मेरी मान्यता है। हमारे देश को स्वर्ण भूमि कहा जाता था। विदेशी आक्रांता जैसे मोहम्मद गौरी हमारे देश में इसलिए आये कि सोमनाथ मंदिर का फाटक सोने का था। हमारे देश में विपुल सम्पदा थी। सोने का मोह ही उनको यहां पर खींच लाया था। हमारे देश से पर्याप्त सोना चला भी गया और है भी। यह देश तो स्वर्णभूमि है किन्तु आप कानून के द्वारा जिस ढंग से सोने को बाहर लाना चाहते हैं और उसका उपयोग इस देश के अर्थतंत्र में करना चाहते हैं उससे न तो देश के अर्थतंत्र में उसका कोई उपयोग हो रहा है और न इस देश से बाहर जाने वाला सोना ही रुक रहा है और न ही सोने की कीमतें ही स्थिर हो पा रही हैं। इसलिए आपका कानून इस देश के लिए किसी प्रकार से भी उपादेय नहीं बन रहा है। मैं आपसे पुनः निवेदन करना चाहता हूँ कि ठीक कानून बनाकर ठीक ढंग से उसका व्यवहार हो, इस दृष्टि से आप पूरे कानून पर विचार करें। सर्वोच्च न्यायालय के निर्णय को ध्यान में रखकर केवल एक दो धाराओं में संशो-

धन करने के बजाय यदि आप पूरे कानून पर विचार करके बृहद संशोधन लाने की चेष्टा करेंगे तो वह इस देश के राष्ट्रीय जीवन तथा अर्थतंत्र में सहायक सिद्ध होगा।

SHRI ANANTRAO PATIL (Khed): This Bill seeks to replace the Gold Control (Amendment) Ordinance of 1971. The Minister has said in his speech that this enactment would not require any addition to the present staff and hence there will not be any involvement of recurring expenditure.

The main purpose of the Ordinance was to prevent circulation of smuggled gold, and as the provisions of the old Act were invalidated by the Supreme Court, the Government thought it fit to promulgate the Ordinance to see that smuggling is checked.

The Minister says that the present staff is sufficient to prevent smuggling of gold.

If the staff is so competent enough, it is well and good. But the state of affairs does not seem to be so good. Delhi is the capital of this country. People who know the state of affairs say that every day there is smuggling to the tune of hundreds and hundreds of kilos of gold in the form of the biscuits from the border across Pakistan. Smuggling in big cities like Madras, Bombay and Delhi has not stopped. Government is not able to curb or check smuggling. This smuggled gold is brought by those who have unaccounted money or black money. If for one day the Government takes the power to open the safe deposit vaults of the bank they will be able to discover maunds of gold not accounted for. The Government will have to examine whether they are sufficiently armed with the provisions of the Act. I think the Government will have to come forward with radical measures to see that smuggling is stopped and the circulation of smuggled gold is checked.

The other day I went to a Delhi shop to buy two bangles for my daughter who passed the SSC examination and joined a college. The dealer asked me whether I wanted to have bangles of gold or other biscuit gold. Since I could not follow him, he explained that the biscuit gold was pure gold smuggled from outside. The central intelligence forces which were working under the Finance Ministry have been

[Shri Anantrao Patil]

taken up by the Home Ministry and instead of having co-ordination between various boards the customs board, the excise boards, they quarrel among themselves and do not function properly. At present there is no Director General of the Central Intelligence Board. When some person is transferred his vacancy is not filled for months together. The posts of director or superintendent are vacant. How are we going to check smuggling. Let the Government come forward with measures to discover the yellow metal in the bank deposits and stop the smugglers also.

The provision is that if a person is in possession of unauthorised gold it can be confiscated. If an innocent person is involved, he has to be fined and the fine may be equal to the value of gold which has been taken into possession. Powers are given to the competent authority under section 78. The point is whether he will be able to use those powers scrupulously. He has to decide whether gold has to be confiscated or given back. If he is a good officer, honest and sincere, he will use the powers quite correctly. But there are some officers who are the cause of the malady.

With these words I request the Government that if they want to come with an amendment for the gold control bill, let them come with radical measures and give the competent authorities full powers so that they can stop the circulation of smuggled gold.

SHRI K. R. GANESH: Sir, this is a simple Bill and tries to meet the decision of the Supreme Court making section 71 of the Gold Control Act unconstitutional. But the debate encompassed gold smuggling naturally and various other factors connected with the administration of the Gold Control Act. I was surprised that our hon. friends on the other side were speaking in two voices. Mr. Halder referred to the taking over of the entire gold which is there in the country, and Mr. Panda referred to the failure of the Gold (Control) Act and also the consequential hardships that the goldsmiths had. My hon. friend Shri Shashi Bhushan pointed out the alleged gold that is there with the Maharajas and other sections of our society. But I never knew that the lure for gold was there on that side also. The point is this. This Bill seeks to meet the points that have been made by the Supreme Court: it strengthens section 71. *(Interruption)*

The object of the Gold (Control) Act was to prevent primary gold in the possession of unauthorised persons entering into the economy of the country and distorting and vitiating the economy. That is the object of the Gold (Control) Act. By the judgment of the Supreme Court, this particular measure, the major objective of the Act, could not be implemented and therefore this Bill seeks to strengthen section 71 by introducing the amendment and meeting the weaknesses which were there in section 71, and also, preventing innocent persons from being harassed as a result of certain weaknesses in section 71. This is the objective as far as this amending Bill is concerned.

SHRI JYOTIRMOY BOSU: It cannot catch the real man.

SHRI K. R. GANESH: I will meet some of the points that have been made by the hon. Members. As hon. Member Shri Panda pointed out, section 8 has not been struck down. On the contrary, it has been upheld because the Supreme Court's decision upholds the validity of the Gold (Control) Act. It upholds the validity of various other sections. Only as far as section 71 is concerned, the Supreme Court held that the confiscation of gold places certain restrictions on the right of the persons to hold gold, or ornaments made of gold, and this Bill seeks to remove that weakness.

Sir, I can give also some figures, as far as the other points that have been made by hon. Members are concerned. If you want to stop smuggling of gold, then this Act, however it has been implemented, is absolutely vital, because it is the only statutory restriction that we are placing on the possession of primary gold. After the replacement of the Defence of India Rules that were there, this Act is absolutely necessary even though hon. Members may not agree with its administration and may not agree that it has been fully implemented, because it is connected with smuggling and various other Acts, but this Act is absolutely necessary for stopping and restricting the possession of primary gold in the possession of private persons. Once this particular vital section is struck down, there is no law for the Government to see that primary gold does not get into the economy; smuggled gold which might go into the country has got to be taken

possession of. Otherwise, there is no sense in having the restrictive measures as the Government is having. ~~So, this law is absolutely necessary for preventing the possession of primary gold in the hands of private persons. I am not going into the question of smuggling. Every day we are answering questions on smuggling, tax arrears, etc. We have also placed before the House the steps Government have taken to strengthen the anti-smuggling machinery. Various administrative, legislative and economic measures have been initiated for this purpose, but that is a different aspect. That has nothing to do with this Bill. As I said, if there are any weaknesses in the implementation of the Act, Government will see that they are removed. India has a vast coastline and it is a big problem. Smuggling is not confined to India alone; it is there in other countries also. Government cannot immediately put a complete stop to the entire smuggling operations. All that is honestly possible is being done.~~

So far as goldsmiths are concerned, about 1.90 lakh goldsmiths have obtained certificates. 1.70 lakh goldsmiths have been given rehabilitation assistance. Various other steps have been taken during the last three or four years. I have a long list and I do not want to tire the House by reading it.

SHRI G. VISWANATHAN: How many applications are still pending for loans?

SHRI K. R. GANESH: I will find that out and give.

AN HON. MEMBER: Will it stand the test of the Supreme Court?

SHRI K. R. GANESH: We cannot forecast about that. This has been processed by the highest legal authorities in the Government. That is all I can say. (*Interruptions*).

With these words, I commend the Bill to the House.

MR. DEPUTY-SPEAKER: I will now put Mr. Daga's amendment to the House. The question is:

"That the Bill be circulated for the purpose of eliciting opinion thereon by the 16th September, 1971."

The motion was negatived.

MR. DEPUTY SPEAKER: The question is:

"That the Bill further to amend the Gold (Control) Act, 1968, be taken into consideration."

The motion was adopted.

MR. DEPUTY-SPEAKER: There are no amendments to the clauses. The question is:

"That clauses 2 to 6, clause 1, the Enacting Formula and the Title stand part of the Bill."

The motion was adopted.

Clauses 2 to 6, clause 1, the Enacting Formula and the Title were added to the Bill.

SHRI K. R. GANESH: I beg to move:

"That the Bill be passed."

MR. DEPUTY-SPEAKER: Motion moved:

"That the Bill be passed."

SHRI JYOTIRMOY BOSU: (Diamond Harbour): Sir, apart from the traditional urge to possess gold in this country, certain things have been happening here during the 23 years of the golden rule of the Congress which have increased this urge. If you really want to check smuggling, it is no use bringing petty Bills every day and taking up the valuable time of the House. People have lost confidence in the Indian rupee, the value of which is eroding every day. People are trying to switch over to something else which will not erode the way the rupee is doing. Today a man takes an insurance policy. He pays the premium with a dearer money and gets much cheaper money when the policy matures. He puts his hard-earned money into the provident fund, which is much dearer money and when he retires, he gets back much cheaper money. You put money in a fixed deposit in the bank. You put much dearer money and you get back much cheaper money. Now, where is the money going? Nothing is usually lost in the country. Due to the wrong policies and measures adopted by the Government, the money is finding its way to the monopolists and capitalists. It is cross-travelling. You contribute dearer money and take back cheaper money. Mr. Birla borrows, say, Rs. 1 crore from the financial institution, with the promise to repay it after 20 years. He borrows dearer money and re-

[Shri Joytirmoy Bosu]

pays cheaper money. There is a cross-flow and the money finds its way into the pockets of the capitalists and monopolists. These *garibi hataowallas* have been making this possible. So, there is an inherent urge for possession of gold.

India is supposed to be the most attractive country for gold smugglers. It has been said here:

"There has been no official estimate ever. Officials decline to even hazard an intelligent guess. Unofficially attempts have been made in this direction from time to time, but these have yielded as many estimates as the number of persons will have made them. Many estimates, however, approximate to the figure of 400 million dollars, equivalent to Rs. 300 crores at the international official price of 35 dollars an ounce."

It works out to about Rs. 70 for 10 grams, but actually here the price is anywhere between Rs. 180 to Rs. 200 a tola.

Now, I will quote a former member of the Central Board of Revenue:

"Mr. T. C. Seth, a former Member of the Central Board of Customs and Excise and Director of Revenue Intelligence narrated an incident.

He was once travelling on a plane when a woman, "then an MP and later a full-fledged Cabinet Minister", asked him why the customs wanted to catch gold smugglers. "Where they not bringing riches into the country?"

That is the type of ministers we have in this Government and, yet they want us to believe that they are really wanting to stop smuggling of gold. This is a real stunt.

Then there was a case where a Finance Ministry official, a Hindi translating officer, was almost caught red-handed. He had been writing letters in language which would not be understood by anybody except those in the trade. The milk account, the soft account, the police—this is the kind of language he used. The Prime Minister gave a categorical assurance in April 1970 that the matter would

be thoroughly probed into and if the man was guilty he would be brought to book. We would like to know from Shri Ganesh today, what steps have been taken against the person.

Smugglers have even gone to the extent of having their own airstrip at Colaba District in Bombay in a place near Panvel. Who will believe, unless there are big patrons in power, that they could function here to this extent?

I can tell you that detection represents only a fraction which could be called surrender by mutual agreement. It may be anybody's guess—Rs. 1,000 crores a year, Rs. 1,500 crores a year or Rs. 800 crores a year worth of gold is smuggled. So, you are runing the country.

How do they finance it? When I had raised the issue of overinvoicing and underinvoicing four years ago in this House people laughed at me. Shri Chavan said the other day that it is taking away Rs. 75 crores a year. He is living in somebody's paradise. It is nothing below Rs. 300 crores or Rs. 400 crores a year. This underinvoice and overinvoice surplus money is converted into gold at the rate of Rs. 65 or Rs. 70 a *tola* in Vienna, Trieste, Tangiers, Hong Kong, anywhere. That money comes through the carriers, who get a percentage and who make the bandobast with people in North Block or in Bombay, Calcutta or Madras Customs or people all round. That goes to the household at Rs. 20 a *tola*.

SHRI K. N. TIWARY (Bettiah): How do you know?

SHRI JYOTIRMOY BOSU: Are you trying to suggest, "are you a smuggler?" So, I can understand how incapable is your Government.

SHRI K. N. TIWARY: Are you in league with them?

SHRI JYOTIRMOY BOSU: I will come to it later on.

One young diplomat, called Mitra, because he wanted to know, poked his nose into the affairs and find things out. In Vienna he was mercilessly murdered. I want to know if that case has been unearthed and, if so, what is the story behind it,

What about the big guys, like BOAC ? BOAC was caught with gold. You could not touch them. You did a show; you produced a drama and said, "We are going to do this and that." But you could not touch them.

What about Jardine Henderson and the story of Eastern Queen, the Eastern Saga and the Eastern Light? What happened? They brought gold within steel plates of the hull. You detected them. But you could not touch them, because they are very powerful foreign monopolists. If you touch them, you will be in danger.

Then, there was the Walcott story. There are many like that. What about the case of Kooly Mastan ? He was given a passport to go abroad under a chit by Shri Kanungo, then Governor of Gujrat. Shri Kamal Tiwary should not say that I am a friend of his. His partyman, Shri Kanungo, a Governor instituted by them, gives a chit and a confirmed smuggler goes abroad. For what? For furthering smuggling business. You cannot touch him.

What about the Indian Airlines smuggling in Caravelles? What about the Chief Conservator of Forests, Himachal Pradesh, caught smuggling goods, not gold, only the other day in April 1971? Then, there was the Asansol case involving Rs. 60 lakh worth. You said, you wanted to give it to Interpol. We want to know what you have done in that.

Then, you promised in April 1970 that you were going to bring forward a much stricter legislation to curb smuggling. You owe an explanation to this House because we have seen enough gimmickry, stunts and stories. We want you to tell us today, here and now. Since April, 1970, one year has now passed. Why is it that you have not brought forward the so called stricter Bill to curb smuggling? Because you dare not touch the real big guys who are behind smuggling, because they also happen to be your patrons.

SHRI K. R. GANESH: Mr. Deputy-Speaker, Sir, it is a general tirade and a usual tirade which both of us understand and this House also understand. He has referred to certain specific cases for which I do not have information at the moment. I shall get the information and supply to him.

SHRI JYOTIRMOY BOSU: I am talking of the so called stricter Bill that you wanted

to bring forward to curb smuggling. In April, 1970, you said that you were going to bring forward a piece of legislation to curb smuggling. More than 365 days have passed, and your glory is increasing, and yet the Bill has not come.

SHRI K. R. GANESH: I have already mentioned about administrative, legislative and economic steps that have been initiated to control and check smuggling to the extent possible. Now, smuggling is a part of the evil society. May I submit that it is not possible with all the administrative steps that Government of India might take and which the Government has got to take to stop smuggling completely? Smuggling starts with certain evils that are there in society and in social system. Once you get over the evils of society and social system, once you get over the manipulations that go on, then only it will be possible to stop smuggling. Till then, this Government is committed to introducing various measures which I have already indicated and the Bill will be introduced as soon as these measures are ready.

The hon. Member has given some of the specific cases. He seems to be functioning as the intelligence wing of the Revenue Department to which he referred. It is very useful for the Government. The Government will take all the information that the hon. Member has got and use it. There is one assurance that I can give to this House and that is that there is no question of not tracking down these smugglers, wherever they may be.

It is a general tirade, a general criticism, that he has indulged in, and that is not to be taken as seriously as he is trying to make out. I can assure the House that wherever these smugglers may be, they will be tracked down.

SHRI JYOTIRMOY BOSU: Why that Bill has not yet been brought forward? You said that you will bring forward the Bill within a short time to curb smuggling. You have no intention to curb smuggling.

SHRI K. R. GANESH: I have already replied to that.

MR. DEPUTY SPEAKER: Before I put it to the House, Mr. Jyotirmoy Basu, you sent a slip saying that you will speak on the third reading of the Bill. There was some misunderstanding. You wanted to speak on the first reading itself. But later on, you gave the

[Mr. Deputy-Speaker]
name of another Member, Mr. Halder. There was no intention to shut you out.

Now the question is:

"That the Bill be passed."

The motion was adopted.

Dr. Saradish Roy.

***DR. SARADISH ROY (Bolpur):** Mr. Deputy Speaker, I want to speak in Bengali with your permission.

The higher officers in the Railway Board say that railway administration is overstaffed. It is true that railway administration is overstaffed but this overstaffing is confined to certain areas of railway administration. The information that I have, if it is placed before you, will prove which specified areas of the railway administration are overstaffed.

15.35 hrs.

[**SHRI K. N. TIWARY** in the Chair]

The information is like this: in 1950-51 the number of coaching vehicles including EMU was 2,55,137. In 1968-69 it rose to 4,16,150. Therefore, the increase was 85 per cent. In 1950-51 the number of locomotives (steam, diesel and electric) was 8,209. In

1968-69 it rose to 11,555; so the increase was 40 per cent. In 1950-51 the vehicles kilometrage was 2,802. In 1968-69 it rose to 4,716; so the increase was upto 68 per cent. The number of wagon kilometerage in 1950-51 was 4,370. In 1968-69 it rose to 10,657; so the increase was 144 per cent. The passenger kilometerage in 1950-51 was 66,157. In 1968-69 it rose to 1,06,940; so the increase was 61 per cent. The number of gazetted staff in all Railways in 1950-51 was 3,101. In 1968-69 this figure rose to 6,816; so the increase was 225 per cent. Then in 1950-51 the number of gazetted staff in the Railway Board was 136. In 1968-69 it rose to 615. Therefore, the increase was upto 355 per cent. The number of Class III and Class IV staff in the Railways in 1950-51 was 9,29,828. It rose to 13,33,009 in 1968-69; so the increase was only 45 per cent.

From this information it will be found that the work load has increased but the number of workers—who render real service to the Railways—has increased only upto 45 per cent. But the number of gazetted officers—who merely supervise the work of others—has increased upto 225 per cent. Besides, the number of gazetted officers in the Railway Board has also increased upto 355 per cent. It, therefore, shows that the pressure of work is more upon the Class III and Class IV staff of the Railways. I have furnished this information only to show that the Gazetted posts are more over-staffed in the Railways. It is upto 355 per cent.

Railway Accidents Inquiry Committees were appointed in 1962 and in 1968. It was the opinion of the Inquiry Committees that if leave reserved staff is increased, other members of the existing staff on night duty may enjoy some relief, whenever required by them, and that will lead to the growth of their efficiency. With the growth of their efficiency there is possibility of less number of railway accidents. But it has rather been found that in proportion to the increase in work load the number of staff, who render real service to the railways, is not increasing; whereas the number of officers is being increased. So from the information that has been furnished by me I want to show that the number of gazetted officers is being increased; whereas the staff belonging to the lower categories of Railway service is not being increased. Then, as more leave

* The original speech was delivered in Bengali.

reserved staff are not being appointed, the existing railway workers are compelled to resort to dishonest means. I know that in two Central Government organisations like Railways and Posts and Telegraphs the members of the staff are compelled to submit false medical certificates as for want of more leave reserved staff their leave is not sanctioned.

Class IV staff of railways get annual increment of rupee one. To look after the welfare of the Class III and Class IV staff although some officers have been appointed, yet in many cases the increment of rupee one has not been given to Class IV railway workers even after the lapse of five years. After making applications the workers got replies after four years, saying that their increments had been sanctioned. But in regard to the gazetted officers the position is different. They get their increments immediately. Not only this. In regard to the payment of increment to Class IV staff it takes another 6 months to one year as the increment bills go to the accounts department first and thereafter it is submitted for pre-audit. So whatever little increment they get in their meagre salary, that is also not given in time. I have got certain specific names with me in whose cases the payment of increment was delayed.

During the general discussion it was pointed out that in order to reduce the wastage in expenditure in railways the electrification work should not be done through the contractors. I shall not go into that question now. But I shall say that there are some departments in the Railways which make their purchases through the contractors. The railways purchase drugs from the Indian Drugs and Pharmaceuticals Laboratory for the treatment of their staff but it has been found that the railways are not purchasing the medicines directly from the same. These medicines are being purchased through some contractors and as result of that some amount of money go to the pockets of the contractors. Again, Government advertises the products of Modern Bakeries, but from the government-run bakeries the railways do not purchase bread for its catering services. Here also bread is purchased through the medium of contractors.

Again, the railway departments are earning more profit through these purchases as these things are being sold by the Railways at a higher price than the market price. The Southern Railways are purchasing vincent

drink at a price of 25 nP but their catering services are selling it at 43 nP. Vincent soda is being purchased at a price of 15 nP but it is being sold at 25 nP. This purchasing price of 15 nP includes sales tax delivery charges. Vincent special drink is being purchased at 30 nP but being sold at 47 nP. So it is evident that the railway administration is earning more profit by selling these things at a higher price than the market price. So I raise my objection to this before the Hon. Minister.

In the course of the general discussion something was said about the wagon breakers. I asked the people of my place as to how this wagon-breaking can be stopped. I also discussed about this matter with the railway staff. They all told me that 20 years before this wagon-breaking was not so much there in the railways, but now it is there in spite of the railway protection force. Therefore, if this railway protection force is withdrawn, there will not be any case of wagon breaking. Now-a-days the work of protecting railway property is being shared by two railway protection forces. As C.R.P. is deployed in a State to assist the State police, there is a special Railway Protection Force to supervise the work of the Railway Protection Force. But inspite of all these number of wagon-breaking cases are increasing daily. The wagon breakers are perhaps sharing profit with the railway protection force. Besides, they are also being encouraged by some political parties. These wagon breakers are sometimes used by the political parties to achieve their ends. So, if the Government is really interested to stop the activities of the wagon breakers, it must deal with them politically. Besides, if the present political situation in the country is changed, there will not be any theft of railway property or case of wagon breaking.

Sir, the Hon. Minister said during the General Discussion on the Railway Budget that efforts would be made to create employment opportunities for the people, and that efforts would be shared by the State Government. But the hon. Minister said in the Rajya Sabha that in order to reduce administrative expenditure some posts have been surrendered. From 1-4-70 to 30-9-70 the number of posts surrendered in various categories in Railways are as follows:—

Gazetted Officers (Class I and II)	— 3
Class III staff	—1156
Class IV staff	—1418

[Dr Saradish Roy]

So we find that those people who really do some work their posts are being surrendered in a greater number. This statistical information was given by the hon. Minister in the Rajya Sabha on the 5th April, 1971. So from this information the real intention of the Government has become very much evident. In order to create employment opportunities the railway administration should take the initiative instead of depending upon the State Governments. In many places we have found that transport difficulties have arisen for want of over-bridges. If these overbridges are constructed by the railways, they will provide employment to a large number of people.

Lastly I shall say something about overcrowding in trains. We know that in Calcutta there are a number of suburban trains. In this connection, I would like to say that as Taj Express has become very much popular in Delhi, Coal Field Express is also very popular in Calcutta region. But unfortunately in that train many passengers find a great difficulty in getting accommodation. This Coal Field Express also runs during the office hours and as a result of that too much crowd is there in this train. If some fast moving trains are also introduced during office hours apart from this one, it may reduce crowding of passengers in the Coal Field Express. Because of over-crowding in that train there is no distinction between first class and third class passengers. During office hours a train also comes from Rampurhat and if that train is speeded it will reduce the crowding of passengers in the Coal Field Express. If all these points, made by me, are considered by the Government, the passengers will enjoy more convenience. With these words, I conclude my speech.

SHRI VAYALAR RAVI (Chirayinkil): I come from a State which has been ignored by the Railway Administration since independence. We know that the Railways are one of the biggest public sector undertakings in this country, employing more than 14 lakhs people. But it has to improve its functioning in every respect. It is expected to give more facilities and convenience of travel to the public, but I am sorry to say that it has not been able to render better service to the people. To be able to render better service, it needs the cooperation of the entire Railway employees, but I feel that this is lacking. Every worker in the

Railways feels that the officers are bureaucrats, more strict and bitter than the Britishers. The Railway Board represents the old bureaucrats, the I.C.S. and I.A.S. Officers. They come from the Administration and they only know objection and red-tapism. We must see that non-officials who are technicians and experts are appointed in the Railway Board, those who have a social outlook and who share the commitment of the Government. Our Government is committed to certain ideals, and so the people who are at the top of the administration should share that commitment and have faith in that policy. So I suggest that we must have new people, technicians, professors and qualified people from public life, so that they can run the Railways in a proper manner.

Coming to my State, you will be surprised to know that though in the last three Five Year Plans we have spent more than Rs. 3,191 crores, Kerala has been allotted only Rs. 5 crores. This is how my State has been ignored. On a *per capita* basis my State should get more than Rs. 200 crores. Every Railway Minister thinks that the country end with the Western Ghats. They are forgetting that there is a State of Kerala with 20 million people beyond that who are lacking in Railway facilities. We have only one Railway line. Trivandrum which is our capital is in the extreme south. A person who wants to go to Trivandrum from Kasargod takes two days. It takes two days to reach the capital of our State to cover a distance of 300 miles. Half the distance is metre gauge and half the distance is broad gauge. All the hon. Members from Kerala have been demanding for so many years that there should be broadgauge from Ernakulam to Trivendrum. That has not been given. They have just spend Rs. 5 crores and no new line has been set up except Ernakulam-Quilon. People are demanding a coastal railway to Alleppey; the city is going down. Every State has got broadgauge railway at the rate of 10.915 kms for one lakh of people but my State has got only three kms. We have been ignored for the last so many years. This indifference should go and proper share should be given to Kerala. We do not want many lines; we need only a few lines. I invite Mr. Quereshi to come to Kerala. You will be surprised that not a single railway station has been rebuilt or reconstructed; all the railway stations are just as they were originally built; there has been no charge. Vaikala, my own

constituency, is a pilgrim centre and more than fifty lakhs of people of my State worship that place. From all parts of the country pilgrims come there. For nine months in year it rains in our place because of this or that monsoon and people there have been demanding the construction of a new railway station so that people who come to that centre could at least protect themselves against rain but that has not been done. The fast trains do not stop there. We demanded that those trains should stop at Varkala; after all trains run for the convenience of the people. But these things are decided at Madras. There is no divisional office for metre-gauge in Kerala; they are located at Madura and Trichy. We are demanding that there should be a divisional office at Quilon or Trivandrum, I prefer Trivandrum. If something is wrong, the Olavakot man will say: it is none of my business, it is all at Trichy. One division is at Olavakot and the other is at Trichy. I do not know how it is functioning. There should be a coastal railway line from Ernakulam to Alleppey.

You know about Guruvayoor which has a famous temple. It caught fire recently. A lot of people are coming there every day; it is a place like Tirupathi. People are demanding extension of railway line from Trichur to Guruvayoor. That has not been done. The hon. Minister should look into these things.

The capital city Trivandrum is a growing city and has all facilities for a workshop. Still there is no railway workshop in Kerala. Lots of trains are running there. In Shoranur too there is no workshop. Locos are taken to Madura or Trichy for repairs; it is a loss to the Government. Government should consider having a workshop either in Trivandrum or Quilon, Sreekantan Nair's constituency; but I prefer Trivandrum. People from Kasergod should be able to reach Trivandrum the same day. Now the Railways are incurring losses because people go by bus as there is no proper connecting trains. This administrative indifference should go. We do not want to indulge in the burning of wagons or adopt other agitational approach to bring pressure; we do not like to do so. Of course, people sometimes resort to that kind of agitation and get something done. But we are not doing it. So, I do hope that the Minister will look into this. I want only Rs. 5 crores more out of Rs. 3,000 crores. What more can I say about this? Only Rs. 5 crores out of Rs. 3,000 crores. I

demand that Kerala should get its due share. Perhaps it may need Rs. 100 crores. But I do not want to ask Rs. 100 crores. I want only Rs. 5 crores more. This can be done by the Government.

16 hrs.

One thing more I have to say. It is about the loco-drivers. I happened to meet some of them in Madras. Shri Viswanathan will admit and Shri Murasoli Maran will also remember that Shri Karunanidhi, the Chief Minister of Madras, intervened in their strike years ago. Shri Karunanidhi has given an assurance that he would pursue the matter with the Central Government to withdraw all the cases against the loco-drivers. I am told, however, that the cases have not been withdrawn yet. It is because the Railway Board, the bureaucrats, do not want to withdraw those cases, and they inflict more hardship on the poor drivers. I request the Minister to look into this matter and withdraw the cases against those poor loco-drivers.

The authorities should also recognise their organization. There is an organization which represents the entire loco-drivers in the country. You must recognise their organization and meet their legitimate demands. I hope the Minister will do so.

With these words, I support these Demands. I also hope that the Minister will consider the requests for Kerala, especially the demands of mine about Varkala and the facilities for Kerala.

श्री नवल किशोर सिंह (मुजफ्फरपुर) :
समापति महोदय, मैं इस मांग का समर्थन करने के लिये खड़ा हुआ हूँ। इस मांग का समर्थन करते हुए रेलवे शासन के सम्बन्ध में कुछ राष्ट्रीय महत्व की आवश्यकताएँ हैं, उनके सम्बन्ध में दो चार बातें कहना चाहता हूँ।

रेलवे बोर्ड के सम्बन्ध में, समापति महोदय, इस सदन में कुछ सुनने को मिल रहा है। मैं नहीं जानता कि वे बातें कहां तक सही हैं और रेलवे बोर्ड में क्षमता और दूरदर्शिता की कितनी कमी है, लेकिन दो-चार बातें जो हमारी राय में सामने आई हैं, उनका विवरण प्रस्तुत कर देना, मैं उपयोगी समझता हूँ।

[श्री नवल किशोर सिंह]

माननीय सभापति जी, आप जानते हैं कि बिहार में बहुत सारे खनिज पदार्थों के खान हैं, कुछ तो ऐसे हैं जो सारे संसार में सब से ज्यादा शायद बिहार में हों, लेकिन उनका शोषण उचित रीति से नहीं हो रहा है और जो शोषण होता है, वह इकनामिक नहीं होता है। उसका कारण यह है कि उनकी दुलाई का उचित प्रबन्ध नहीं है। उनको पोर्ट तक लेजाने की उचित व्यवस्था नहीं है। यहां तक कि उस कच्चे माल की जिन कारखानों में खपत की जायगी, वहां भी उसको ले जाने के लिये यातायात के उचित साधन नहीं हैं। उस दिन जब मैंने माननीय इस्पात मंत्री जी का ध्यान इस ओर खींचा था तो उन्हें यह बात ससन्न में नहीं आई थी, लेकिन थोड़े दिनों में वे इस बात को समझ जायेंगे। मैं बिहार के खान क्षेत्रों की ओर इशारा कर रहा हूँ, चाहे वे लाइम-स्टोन, ग्रेफाइट, बौक्साइट आयरन-ओर या माइका के हों, इन क्षेत्रों में यातायात के साधनों की कमी है, जिसके कारण राष्ट्रीय महत्व के इन पदार्थों की दुलाई और उचित शोषण नहीं हो रहा है। मैं नहीं जानता कि इनको राष्ट्रीय प्राथमिकता दी जा सकती है या नहीं, लेकिन यदि रेल्वे और कम्प्यूनिकेशन की ठीक व्यवस्था हो जाय तो इससे देश को बहुत लाभ हो सकता है। इसलिये मैं समझता हूँ कि इनको राष्ट्रीय महत्व की योजनाये बनाना चाहिये।

दूसरी बात—पटना में गंगा नदी पर एक पुल बनाया गया था—राजेन्द्र पुल। जिस समय वह पुल बना था, उस समय उस पर एक ट्रेक लाइन रखी गई थी। उस समय यह सुझाव आया था कि उस पर डबल ट्रेक रखना उपयोगी होगा, क्योंकि थोड़े ही दिनों में उस पर इतना बोझ पड़ जायगा कि एक ट्रेक कम मालूम होने लगेगा। लेकिन हमारे रेल्वे बोर्ड के जो अधिकारी थे, उन्हें वह सुझाव पसन्द नहीं आया, लेकिन अब दो-चार साल के अन्दर ही ये सब लोग महसूस करने लगे कि यह भारी गलती हो गई। अब एक दूसरा पुल उसी गंगा पर बिहार में बन

रहा है, बिहार सरकार का पी० डब्लू० डी० विभाग उस पुल को बनवा रहा है, शायद कुछ कर्ज या अनुदान के रूप में भारत सरकार मदद देगी। मेरी जानकारी यह है कि जब रेल्वे से कहा गया कि वह भी इसमें पार्टिसिपेट करे और उस पर अपनी डबल ट्रेक लाइन बिछाये ताकि जो गलती राजेन्द्र पुल के मामले में हुई थी, उसका प्रक्षालन हो तो फिर रेल्वे बोर्ड ने उसको नामन्जूर कर दिया है। मैं समझता हूँ कि गंगा जैसी नदी पर बार बार पुल नहीं बनाया जा सकता है, पुल बनाना बड़ा खर्चीला होता है। अगर यह पुल बिहार सरकार अपनी ताकत से बना रही है तो इसमें भारत सरकार को पूरी शक्ति लगानी ही चाहिये, रेल्वे को इसमें पार्टिसिपेट करना ही चाहिये और जो गलती मुकामा पर हुई थी, राजेन्द्र पुल के निर्माण में, उस गलती को यहां पर गंगा के पानी में धो लेना चाहिये और वहां पर रेल्वे की डबल ट्रेक करनी चाहिये।

इसी सिलसिले में, सभापति महोदय, उस दिन आपने डा० के० एल० राव का भाषण सुना उन्होंने यह कहा कि सारे देश में बिजली की सब से ज्यादा कमी वाला क्षेत्र उत्तर बिहार है और सचमुच इलेक्ट्रिसिटी का पर-कैपिटल कन्जम्पशन सारे देश में शायद उड़ीसा को छोड़ कर कम उत्तर बिहार में ही है। उन्होंने कहा कि हम उत्तर बिहार में कहीं पर एक थरमल पावर स्टेशन बनाना चाहते हैं। उन्होंने मुजफ्फरपुर का नाम लिया था और कहा कि हमारी सारी योजना इसलिये ठप्प पड़ी हुई है कि रेल्वे इस बात का फैसला नहीं कर सका है कि हम ब्राड-गेज लाइन जो रकसौल जा रही है, वह किस तरफ से ले जाय। जाहिर है अगर थरमल पावर स्टेशन मुजफ्फरपुर में बनाना है, जैसा कि डा० राव की इच्छा मालूम होती है, तो समस्तीपुर से मुजफ्फरपुर की लाइन को मीटर गेज से ब्राड गेज करना चाहिये। मैं पैसेंजर या यातायात की सुविधा की दृष्टि से इस बात को नहीं कह रहा हूँ। मैं अन्तिम

आदमी होऊंगा जो पैसेंजर की सुविधा या चलने फिरने के आराम की दृष्टि से कहूंगा, राष्ट्रीय प्राथमिकता की दृष्टि से यदि लोगों को कुछ तकलीफ उठानी पड़ती है तो उसे उठाना चाहिये, अगर उससे कोई बड़ी राष्ट्रीय योजना सफल होती है तो उसे प्राथमिकता देनी चाहिये, लेकिन यह तो सारे उत्तर बिहार के जीवन मरण का प्रश्न है। अगर उसको बिजली नहीं मिलती है तो सिंचाई नहीं होती है, उस ज़रखेज क्षेत्र में अकाल पड़ने की सम्भावना बनी रहेगी और वहां पर बिजली पैदा करने का एक ही रास्ता है कि वहां पर थर्मल पावर स्टेशन हो, चाहे मंहगी मिले, लेकिन लोगों को बिजली मिलनी चाहिये। डा० राव के मुताबिक थर्मल पावर स्टेशन की वहां पर बड़ी आवश्यकता है, लेकिन जब तक समस्तीपुर से मुजफ्फरपुर तक ब्राडगेज नहीं होगी तब तक थर्मल पावर स्टेशन नहीं बन सकता है।

इसलिये मैं रेल्वे मंत्री जी से अनुरोध करूंगा कि वे मेरी इन तीन बातों पर विचार करें ताकि राष्ट्रीय आवश्यकता की ये तीन मर्दे पूरी की जा सकें।

SHRI C. JANARDHANAN (Trichur): Sir, it has become the practice of this government now every year to raise the passenger fares and the freight charges. At the same time, whenever any demand is made to the government about the amenities to the passengers or the improvement of the conditions of the workers they turn a deaf ear to that. As long as the government adopt such an attitude, I have no hesitation in saying that they have no moral right to run a public utility concern. Until they change their attitude radically they cannot serve the people of this country effectively.

All categories of railway employees, station masters, assistant station masters, clerks and gangmen have been continuously agitating for better service conditions and improved wages. Some of them are thinking of even resorting to direct action in some places. Yet, government do not listen to their grievances and when they listen, they do it half-heartedly. This shows the callousness of the government to the needs of the workers who are their own employees.

The lowest category of employees connected with the railways is the licensed porters. Usually nobody takes up their cause or brings to the notice of the House their pitiable condition. For the last so many years these people have been demanding so many things. Because of their continuous agitation, government appointed a committee, which went into the whole matter and submitted a report some years back. Even though some years have passed after the submission of that report, nothing has been done to improve their conditions. Not to speak of the old stations, even in the new railway stations that are coming up the licensed porters are not provided any rest rooms.

Then, there are so many unions of railway employees which are not recognised. Even though they have been continuously pressing for that, government are reluctant to recognise them. Unions like the Northern Railway Workers' Union, North Eastern Railway Workers' Union, Indian Railwaymen's Federation, All India Station Masters' Association, Indian Railway Loco Mechanical Staff Association etc. are demanding recognition but the government are not conceding their demand because of which they cannot take part in the negotiations, which is an unsatisfactory state of affairs.

Coming to amenities to passengers, some hon. Members have referred to the catering system. Even though everybody is suggesting that catering should be improved, there has been no visible change in the situation for the better so far. Even though we want the contract system should go, it still persists. Whether it is a question of stopping pilferage or ticketless travel, or doing away with the contract system, or reducing the huge salaries of the Railway Board members, whenever any demand is made the government turn a deaf ear to that. I say that the working of the railways cannot be improved unless they change their basic attitude.

There is no change in the attitude of the government when we demand new lines or some new trains. There are thousands of Malayalees who have come out of Kerala in search of employment and are residing in far away places like Bombay, Delhi or Calcutta. At the end of the year whenever they get leave for a month or a fortnight they find it very difficult to get facilities to go home in comfort. After continuous agitation for a number of

[Shri C. Janardhanan]

years for a direct train from Cochin to Bombay six direct bogies were agreed to from Cochin to Bombay though not a direct train. Similarly, from Calcutta to Cochin also, even though we demanded a direct train only one bogie was conceded. So also from Delhi to Cochin. The result is that hundreds of passengers wait in the queue to get a seat in the direct compartment and most of them have to go back disappointed because of the great rush.

Coming to the introduction of new trains, about ten days back when I asked a question, which was unfortunately treated as Unstarred, whether there is any proposal to run some fast trains between Cochin and Madras and Cochin and Mangalore the answer was that there is no such proposal.

Now, some three or four days back I saw in the Kerala papers a statement by the Divisional Superintendent, Olavakkot Division, Southern Railway, that there was a proposal before the Government, that the Railway Board was considering running a new fast train between Cochin and Ernakulam and Cochin and Madras. I do not know who is correct, whether the Minister or the Divisional Superintendent. I think and I hope, the Divisional Superintendent is correct. We are asking questions here to elicit information from these Ministers but if they are not ready to give information to us, I do not know what is the fun of our asking questions in this House.

The other day when some of my hon. friends, Shri Chandrappan and Shri Krishnan asked about a railway in Kerala, the Minister took a peculiar line. My hon. friend, Shri Ravi, from Kerala spoke from the other side and I whole heartedly endorse what he said but I wish to add something more. When the question about the new line proposed from Cochin to Quilon *via* Alleppey came here, the Minister, Shri Hanumanthaiya, said that it was a parallel line, that they had finished the survey but because it was a parallel line they were not taking it up. It is a peculiar argument. Of course, the width of Kerala is not much as that of Madhya Pradesh or of some other State. We can reach Calcutta *via* the present route and *via* Delhi also, but by no stretch of imagination can you say that these two lines are parallel. The Cochin-Quilon line goes through an area where there is the most congested population. The people need a railway not only for passenger service but because the

whole area is undeveloped. No industry will come unless a railway line is there. That is the position regarding the whole coastal line.

Shri Ravi told you about the Guruvayoor line connecting Trichur and Kuttipuram. About 12,000 pilgrims are coming daily to the Guruvayoor temple. They are mostly from southern States. About 50 buses are coming from Tamil Nadu and Mysore alone to the Guruvayoor temple. There is no railway line. So, they are coming through road transport and are put to much difficulty.

The same thing is there with Tellicherry in Mysore. So, this will open up a new line and a new possibility to the whole State. Unless you put up a railway line, you cannot industrialise a State. These lectures and theories about industrialising the whole State within a short time are meaningless.

The Minister said the other day that we have got a new line. What is that new line? They are converting the metre gauge into broad gauge. That is the new line. Of course, it is good that you are going to change that metre gauge to broad gauge, but the Kerala Government has proposed eight new lines and all of them on a priority basis. This Government is not conceding a single line. And then they are saying that they are giving a new line! At least stop this business. Give new lines. If you want to help the people of Kerala, you must give new lines. Then only you can industrialise that State. If you are not going to help the people all over India by constructing new lines and giving new trains, you have no moral right to charge the people higher for their goods and travel. That is my contention.

सभापति महोदय : श्री राजा कुलकर्णी,
श्री विभूति मिश्र, श्री सी० ई० मट्टाचार्य ।

कोई भी माननीय सदस्य उपस्थित नहीं हैं ।

इस बात को सरकार नोट कर ले कि जो माननीय सदस्य बोलने के लिये अपने नाम दें वह कम से कम हाउस में रहें ।

श्री मूलचन्द डागा (पाली) : सभापति महोदय, मैंने रेलवे की बाबत दो, तीन बातें कहीं थीं, और लोकल बात भी कही थीं । राज-

स्थान के अन्दर कई हिस्से बहुत पिछड़े हैं, मैंने कई बार बतलाया फौलाद से आबु तक एक रेलवे लाइन डाली जाय। मेरे पत्र का उत्तर दिया गया कि यह लाइन प्लान में नहीं है। एक तो राजस्थान में वैसे ही रेलवे लाइनें कम हैं, लेकिन इस लाइन के बारे में मैं बताना चाहता हूं कि यह लाइन एक बहुत पिछड़े हुए हिस्से को फ्रीड करेगी। इस लाइन का पहले प्लान बन गया राजा महाराजाओं के समय में इसके लिये ब्रिज बन गये, फिर इसको न बनाने का क्या कारण है, यह मेरी समझ में यहीं आता है। इस एक रेलवे लाइन डालने से राजस्थान का जो पिछड़ा हुआ इलाका है, जो अनुसूचित और अनुसूचित जनजातियों का क्षेत्र है, जो कि पहाड़ों में रहते हैं, उनका बड़ा लाभ होगा। आप एक तरफ तो कहते हैं कि हम सोशललिस्टिक पैटर्न आफ सोसायटी बनाना चाहते हैं, और जब हम कहते हैं कि पिछड़े हुए इलाके में रेलवे लाइन दीजिये तो उसको आप देने को तैयार नहीं हैं। उस क्षेत्र में आवागमन का कोई रास्ता नहीं है। फौलाद से आबु तक की रेलवे लाइन के लिये दो बार मैंने कहा लेकिन उस तरफ रेलवे मंत्री ने कोई ध्यान नहीं दिया। मैं चाहता हूं कि इस रेलवे लाइन को डालना बहुत आवश्यक है क्योंकि यह सारा पहाड़ी इलाका है, और काफी पिछड़ा हुआ है। रेलवे लाइन आ जाने से वहाँ के लोगों की आर्थिक उन्नति में सहायता होगी।

एक बात मैं पाली (मारवाड़) के बारे में कहना चाहता हूं। यह बहुत पुराना इंडस्ट्रियल टाउन है। इस रेलवे स्टेशन को देखने से मालूम हो जायगा कि कितना खराब इंतजाम सफ़ाई का वहाँ रहता है। स्टेशन की सराउन्डिंग्स में इतनी गंदगी और सड़न है कि वहाँ खड़ा होना कोई पसन्द नहीं करेगा। आप वहाँ का ठीक इंतजाम कराइये। मैंने उस बारे में लिखा पढ़ी की तो रेलवे वाले कहते हैं कि यह म्युनिसिपैलिटी का काम है। मैंने कहा कि म्युनिसिपैलिटी का काम नहीं है क्योंकि जमीन आप की है, आप की हद-बन्दी में यह आती है, वहाँ की सफ़ाई का इंतजाम रेलवे को ही करना चाहिये, तो उन्होंने कहा कि

यह काम म्युनिसिपल बोर्ड का है, रेलवे का नहीं मैंने यह भी लिखा था कि आप उस एरिया के चारों तरफ़ तार खिचवा दीजिये कि जिससे गंदगी न हो सके, वह भी आपने नहीं माना। ऐसा लगता है कि सफ़ाई के लिये जो पैसा रखा जाता है उसका ठीक इस्तेमाल नहीं होता है।

रेलवे लाइन को ऊपर उठाने के लिय बराबर पत्र लिख रहा हूं, डिप्टी कमिशनर मैनेजर को स्पॉट पर ले भी गया और उन्होंने कहा कि बात आपकी ठीक है, लेकिन बाद में नोट निकलता है हमें इस की जरूरत नहीं है। म्युनिसिपल बोर्ड इसको देखेगा। अगर रेलवे लाइन को थोड़ा ऊपर उठा कर एक छोटा-सा ब्रिज बना दिया जाय तो 300 मकान डूबने से बच जाते हैं। लेकिन इस तरफ़ विभाग कोई तबज्जह देने को तैयार नहीं है। अगर लेबरर्स लगा कर हम खुद काम करायें तो दफ़ा 447 के मातहत रेलवे विभाग हमारे खिलाफ़ ऐक्शन ले लेगा। गरीबों की शोपड़ियां पानी से हर साल डूबती हैं, पर कोई ध्यान नहीं देता। चार साल से टाउन का चैयरमेन होने के नाते मैं लिख रहा हूं कि महाराजा श्री उमेद मिल तक जो रेलवे लाइन जाती है उस लाइन को ऊपर उठा कर उसके नीचे एक छोटा-सा ब्रिज बनाने से सारा पानी निकल जायगा और गरीबों के मकान नष्ट होने से बच जायेंगे। लेकिन कोई ध्यान उस बारे में नहीं दिया जाता है। इस कार्य में कोई ज्यादा खर्चा भी नहीं आयेगा, डिप्टी कमिशनर मैनेजर सहमत हैं कि लाइन को ऊंचा होना चाहिये, फिर भी समझ में नहीं आता कि किस कारण से इस काम को हाथ में नहीं लिया जा रहा है।

मैंने एक सुझाव यह भी दिया कि टारिंग करा कर कार पार्किंग और इक्कों के लिये जगह छोड़ दें, रेलवे अधिकारी कहते हैं कि बात आपकी ठीक है। लेकिन अभी तक वह काम भी नहीं हो पाया है। इतनी छोटी-छोटी बातों के लिये इतना समय लगना उचित प्रतीत नहीं होता और विभाग की कार्यकुशलता को भी गिराता है।

[श्री मूलचन्द्र झाणा]

दूसरी बात मैं रेलवे के केसेज के बारे में कहना चाहता हूँ। ऐसा लगता है कि रेलवे के लीगल विभाग में कम पढ़े-लिखे लोग हैं और एक रूटीन तरीके में सब पॉइंट्स पर वकीलों को राय दे देते हैं। समझ में नहीं आता कि जब लोगों को ला की पूरी जानकारी नहीं है तो ऐसे लोगों को लीगल डिपार्टमेंट में रेलवे क्यों रखता है। मैं वकील हूँ, एक्ट्स में कितने संशोधन हो गये हैं, इनके लीगल डिपार्टमेंट के लोगों को अपटु-डेट जानकारी ही नहीं होती। रेलवे को कमी भी क्लेम नहीं मिलता है क्योंकि न तो गवाह आ सकते हैं और न ही केस जीतने के लिये प्रोसीजरल मैटर्स को सही तरीके से फ़ौलो किया जाता है। नतीजा यह होता है कि रेलवे को लाखों रुपये के क्लेम देने पड़ते हैं। हम लोग राय देते हैं कि रेलवे केस नहीं जीतेगा, फिर भी विभाग नहीं मानता और तीन, चार पॉइंट्स पीले कागज पर लिख देता है कि प्लीज नोट दीज पॉइंट्स। यह होता इसी कारण से है कि आपके लीगल डिपार्टमेंट में कोई इंटरैस्ट नहीं लेता जिसकी वजह से 90 परसेंट क्लेम्स के केसेज में विभाग के खिलाफ़ डिक्री होती है। अगर लीगल डिपार्टमेंट में एक्सपर्ट्स को रखा जाय तो वह ठीक सलाह देंगे जिससे खर्चा भी कम होगा और जो बेकार की अपीलें दायर करायी जाती हैं उनमें भी कमी हो सकती है। कारण हो या न हो, केस हार जाने पर विभाग पहली अपील और जरूरत पड़े तो दूसरी अपील भी करता है। पूरा आफ़िस का आफ़िस अपील करने में इंटरैस्टेड रहता है जब कि मालूम है कि केस हमारे खिलाफ़ जायगा। कम्पेनसेशन के केसेज में 90 परसेंट आपके खिलाफ़ डिक्री होती है।

अधिक न कह कर मैं फिर अपनी बातों को दोहराना चाहता हूँ। मैंने पाली (मारवाड़) के बारे में जो कहा है मंत्री जी को उस बारे में देखना चाहिये। रेलवे विभाग मानता है कि बात उचित है, फिर भी उस पर अमल नहीं होता है। बरसात आयेगी और फिर दो, तीन

सो कच्चे मकान लोगों के बरसात में ढह जायेंगे। और अगर हम लाइन को ऊँचा करते हैं तो पुलिस आ जाती है।

सड़क पर कोल टार बिछा कर कार पार्किंग और इक्कों के लिये सुरक्षित कर दिया जाय तो काफी सुविधा लोगों को हो जायगी। साथ ही स्टेशन के चारों तरफ जो गंदगी है उसको साफ़ कराने का उचित प्रबन्ध कराया जाय। आप उस एरिया को फ़्रेंस करा दीजिये तो अपने आप गंदगी कम हो जायगी। आप कहते हैं कि जनतंत्र है, लेकिन आप हमारी सही बात को भी मानने को तैयार नहीं हैं। तो कैसे काम चलेगा। आपको हम लोगों की बात पर सोच विचार करना चाहिये इसीलिये मैंने इन बातों की तरफ़ मंत्री महोदय का ध्यान दिलाया है।

श्री मोहम्मद ताहिर (पूर्णिया) : जनाब चैयरमेन साहब, मैं बहुत मुस्तसरन अल्फ़ाज में दो, चार बातें रेलवे मिनिस्ट्री से कह देना चाहता हूँ।

पहली बात तो यह है कि रेलवे लाइन के बारे में बहुत मांग हमारे मुल्क में है। लेकिन, मैं यह अर्ज करूंगा कि रेलवे लाइन बनाने में या ब्राइगेज करने में सबसे पहले नेशनल इम्पोर्टेन्स का ख्याल रखना चाहिये। मसलन आप देखिये कि दिल्ली से अगर आसाम जाना चाहें तो कोई डायरेक्ट ट्रेन नहीं है। हम जब आसाम मेल से जाते हैं तो बरौनी में रुकना पड़ता है और फिर वहां से मीटरगेज शुरू होती है। यह बहुत इम्पोर्टेंट रूट है। आसाम बौर्डर पर है, वहां न जाने कब कौसी जरूरत पड़ जाय। उसके लिए हमें हमेशा तैयार रहना चाहिए। इसलिए मैं कहूंगा कि कम से कम बरौनी से बारसोई तक ब्रौड गेज होनी चाहिए। कटिहार से बारसोई तक ब्रौड गेज हो चुकी है। अब बरौनी से कटिहार तक ब्रौड गेज हो जानी चाहिए। अगर कटिहार तक ब्रौड गेज कर दें तो काफी काम हो जायगा। बरौनी से कटिहार तक आप को ब्रौड गेज लाइन करनी चाहिए। अगर आपके नेशनल इम्पोर्टेन्स

का खयाल है तो जल्द से जल्द इस काम को करने की जरूरत है।

दूसरी बात मुझे यह अर्ज करनी है कि पूर्णिया टाउन में पूर्णिया जंक्शन के पास नेशनल हाईवे पर रेलवे लाइन क्रास करती है। वहां एक ओवर-ब्रिज होना जरूरी है। एक तो यह एक नेशनल हाईवे है दूसरे यह कि नेशनल हाईवे पर रेलवे लाइन से चौबाई मिल के फासले पर सब से बड़ी मार्केट गुलाबबाम है। जहां पर बहुत सा गल्ला और जूट बगैरह का काम होता है और बहुत ही कंजस्टेड एरिया है। किसी किसी वक्त पर तो वहां इस तरह से गाड़ियों का ढेर हो जाता है कि निकलने में मुश्किल हो जाती है। कभी आपको पूर्णिया जाने का मौका मिले तो आपको मैं उस रूट से पास कराने की कोशिश करूंगा तब आपको मालूम होगा कि वहां कितनी देर तक ठहरना पड़ता है। इसलिये अगर वहां पर ओवरब्रिज बना दिया जाये तो बहुत आसानी हो जायेगी।

तीसरी बात मैं यह अर्ज करना चाहता हूं कि हमारे नार्दर्न रेलवे के जनरल मैनेजर ने एक सर्कुलर इश्यू किया है जिसके मुताबिक इस्लामिक इन्स्टिट्यूशन के जो स्टूडेंट्स हैं उनको जो रेलवे कंसेशन एक जमाने से मिलता था उसको वापस ले लिया गया है। अगर आपको सर्कुलर की कापी चाहिए तो मैं दे सकता हूं। मुरादाबाद, सहारनपुर, अमरोहा, लखनऊ, देवबन्द बगैरह में जो इस तरह के मदरसे हैं वह वर्ल्ड फेम के इन्स्टिट्यूशन हैं और वहां पर काफी फारेन कंट्रीज के लोग आया करते हैं। वहां के लिये नार्दर्न रेलवे अब वह कंसेशन देने के लिए तैयार नहीं है। उनका कहना है कि यह मदरसे रिकग्नाइज्ड नहीं है। चूंकि वह अनरिकग्नाइज्ड हैं इसलिये उनको यह कंसेशन नहीं दिया जा सकता। मैं कहना चाहता हूं कि इतने दिनों तक यह कंसेशन इन मदरसों को आप देते रहे हैं इसलिये रिकग्नाइज्ड होने या न होने का सवाल नहीं है। यह कांस्टिट्यूशनल-राइट है मुसलमानों का कि वह इस तरह के इन्स्टिट्यूशन कायम करें और उन्होंने ऐसा किया। पहले भी इन मदरसों के लड़कों को यह

कंसेशन मिला करता था। आपने वादा किया है अपने एलेक्शन मैनिफेस्टो में कि जो कांस्टिट्यूशनल राइट्स हैं उनको आप मेनटेन करेंगे। लेकिन अफसोस मालूम होता है कि आपके जनरल मैनेजर ने इस किस्म का सर्कुलर निकाल दिया कि उनको कंसेशन नहीं दिया जायेगा। आज इन मदरसों में हजारों लड़के पढ़ते हैं। मैं गुजारिश करूंगा कि मेहरबानी करके जनरल मैनेजर ने जो सर्कुलर इश्यू किया है उसको वह वापस ले लें।

इन चन्द अलफाज के साथ मैं इन डिमान्ड्स को सपोर्ट करता हूं।

[شری مسعود طاہر (پورنہا) جناب
چیمبر مین صاحب۔ مختصر الفاظ میں
دو چار باتیں ریلوے منسٹری کے بارے
میں کہہ دینا چاہتا ہوں۔

پہلی بات تو یہ ہے کہ ریلوے لائن کے بارے میں بہت مانگ ہمارے ملک میں ہے۔ لیکن میں یہ عرض کروں گا کہ ریلوے لائن بنانے میں یا براؤنگیز کرنے میں سب سے پہلے نیشنل امپورٹیلز کا خیال رکھنا چاہیے۔ مسئلہ آپ دیکھئے کہ دہلی سے اگر آسام جانا چاہیں تو کوئی ڈائریکٹ ٹرین نہیں ہے۔ ہم جب آسام میل سے جاتے ہیں تو برونئی میں رکنا پڑتا ہے۔ اوو پھر وہاں سے منگولیز شروع ہوتی ہے۔ یہ بہت ہی امپورٹیلز روت ہے۔ آسام بارڈر پر ہے۔ وہاں نہ جانے کل کھسی ضرورت پڑ جائے۔ اس کے لئے ہمیں ہمیشہ تیار رہنا چاہئے۔ اس لئے میں کہوں گا کہ کم سے کم بیرونی سے بار سوئی تک براؤنگیز ہونی چاہئے۔ کٹیہار سے بار سوئی تک براؤنگیز ہو چکی ہے۔ اب برونئی سے کٹیہار تک براؤنگیز ہو جانی چاہئے۔ اگر کٹیہار تک براؤنگیز کر دیں تو کافی کام ہو جائے گا۔ بیرونی سے کٹیہار تک آپ کو براؤنگیز لائن کرنی چاہئے اگر آپ کو نیشنل امپورٹیلز کا خیال ہے تو جلد سے جلد اس کام کو کرنے کی ضرورت ہے۔

[شہری مسعود طاہر]

دوسری بات مسجھے یہ عرض کرتی ہے کہ پورنیا ٹاؤن میں پورنیا چلکشن کے پاس نیشنل ہائی وے پر ریل وے لائنیں کروس کرتی ہے۔ وہاں ایک اوور برج ہونا چاہیئے۔ ایک تو یہ ایک نیشنل ہائی وے ہے۔ دوسرے یہ کہ نیشنل ہائی وے پر ریل وے لائن سے چوتھائی میل کے فاصلے پر سب سے بڑی مارکیٹ گلاب باغ ہے۔ جہاں پر بہت سارا فلو اور جوت وغیرہ کا کام ہوتا ہے اور بہت ہی کنبجسٹریڈ ایریا ہے۔ کسی کسی وقت پر تو وہاں اسطرح گاڑیوں کا قہر ہو جاتا ہے کہ نہ کنبجسٹریڈ میں مشکل ہو جاتی ہے۔ کبھی آپ کو پورنیا آنے کا موقع ملے تو میں آپ کو اس روٹ سے پاس کرانے کی کوشش کرونگا۔ تب آپ کو معلوم ہوگا کہ وہاں کتنی دیر ٹھہرنا پڑتا ہے۔ اس لئے اگر وہاں پر اوور برج بنا دیا جائے تو بہت آسانی ہو جائے گی۔

تیسری بات میں یہ عرض کرونگا کہ ہمارے ناردرن ریلوے کے جنرل مینجیجر نے ایک سرکیولر جاری کیا ہے جس کے مطابق اسلامی انسٹیٹیوٹسز کے جو اسٹوڈینٹ ہیں انکو جو ریلوے کلبسیشن ایک زمانے میں سے ملتا تھا۔ اس کو واپس لے لیا گیا ہے۔ اگر آپ کو سرکلر کی کاپی چاہیئے تو میں دے سکتا ہوں۔ مراد انعام - سپارنہور - امرہا - لکھنؤ - دیوبند وغیرہ میں جو اس طرح کے مدرسے ہیں وہ ورلڈ فیم کے انسٹیٹیوٹس ہیں اور وہاں پر کافی فارین کمنٹریز کے لوگ آیا کرتے ہیں۔ وہاں کے لئے ناردرن ریلوے اب وہ کلبسیشن ڈیپٹے کے لئے تیار نہیں ہے۔ اسکا کہنا ہے کہ یہ مدرسے دیکھنا تو نہیں ہیں۔ کھونکے وہ ان دیکھنا تو ہیں اس لئے انکو یہ کلبسیشن نہیں دیا جا سکتا۔ میں کہتا چاہتا ہوں کہ اتنے دنوں تک یہ کلبسیشن ان مدرسوں کو آپ دیتے رہے ہیں۔ اسلامی

دیکھنا تو ہونے یا نہ ہونے کا سوال نہیں ہے۔ یہ کانسٹیٹیوٹسز رالیت ہے مسئلہ ماٹوں کا کہ وہ اسطرح کے انسٹیٹیوٹسز قائم کریں اور انہوں نے ایسا کیا۔ پہلے بھی ان مدرسوں کے لوگوں کو یہ کلبسیشن ملا کرتا تھا۔ آپ نے وعدہ کیا ہے اپنے الیکشن مینیفیسٹو میں کہ جو کانسٹیٹیوٹسز رالیتس ہیں انکو آپ مینٹین کریں گے۔ لیکن افسوس۔ معلوم ہوتا ہے کہ آپ کے جنرل مینجیجر نے اس قسم کا سرکیولر نکال دیا کہ انکو کلبسیشن نہیں دیا جائیگا۔ آج ان مدرسوں میں ہزاروں لڑکے پڑھتے ہیں۔ میں گزارش کرونگا کہ مہربانی کر کے جنرل مینجیجر نے جو سرکلر جاری کیا ہے اسکو اب واپس لے لیں۔

ان چند الفاظ کے ساتھ میں ان ریمانڈرز کو سہورت کرتا ہوں۔ [

بھی غار۔ وی۔ بڈے (خارگون) : سہماپتی مہودے، ریلوے بڈٹ کی جو ڈیمانڈس ہے ان پر مینے تین کٹ-موشن دیے ہیں۔ پہلا یہ ہے کہ :

Failure to stop train running from Khandwa to Indore at Kodalyakhedi station where new platform is constructed.

خاندوا سے جو گاڑی ہندویر جاتی ہے وہاں کی پبلک نے بہت آندولن کیا کہ کوڈلےکھیڈی پر پلٹفارم بنایا جائے تب وہاں پر پلٹفارم بنایا گیا، لیکن وہاں پر گاڑی کھڑی نہیں ہوتی ہے۔ اس کے بارے میں مڈھ پردھ کے شاسن نے بھی اور وہاں کے ایم ایل اے نے بھی کافی کوشش کی تو کہا کہ بی مینٹر ڈھ پینڈنگ۔ تین مہینے سے مینٹر پینڈنگ ہے۔ میں کہنا چاہتا ہوں کہ اس پینڈنگ ماملے کو وہاں سے نیکال کر کم سے کم اسکو ایک بڈکا تو دے تاکہ اسکا کچھ فیسلا ہو سکے۔

دوسری بات میں نے یہ بھی ہے کہ :

Conversion of Ajmer-Khandwa metre gauge line into a broad gauge.

उसका कारण यह है कि जितने भी मिलिटरी आफिसर्स दिल्ली से मद्रास को जाते हैं उनको पहले रतलाम में चेन्ज करना पड़ता है। मद्रास में मिलिटरी आफिसर्स का बड़ा भारी ट्रेनिंग सेन्टर है। दिल्ली से रतलाम जाने में तो करीब 12 घण्टे लगते हैं जो कि काफी लम्बा रास्ता है, लेकिन रतलाम से मद्रास जाने के लिये कम से कम पाँच या छः घण्टे लगते हैं। रतलाम से मद्रास तक गाड़ी धरड़ धरड़ कर के रोते रोते चलती है। आज खण्डवा तक ब्राड गेज है, रतलाम तक ब्राड गेज है। लेकिन बीच में जो बीस मील की लाइन है जिसको ब्रिटिश जमाने में आर० एम० आर० कहा करते थे वह बैसी की बैसी ही चल रही है। अगर यह ब्राड गेज हो जाये तो मिलिटरी की दृष्टि से बड़ा महत्वपूर्ण काम हो जाये और जनता को भी सुविधा हो जाये।

तीसरा कट-मोशन मैंने यह दिया है कि :

Failure to construct a new line from Khandwa to Dahod covering all Adivasi area West Nemad and Zabua.

हमारे मध्य प्रदेश में 56 लाख आदिवासी रहते हैं। उनका भला करने के वास्ते शासन ने नारा लगाया है। लेकिन मैं देखता हूँ आदिवासी उनसे सब से अधिक नाराज हैं। कांग्रेस शासन से उनके नाराज होने का कारण यह है कि जो डेवेलपमेंट होता है जिसको व्हाइट एलिफेंट कहते हैं वह इन्दौर और बड़े बड़े शहरों में होता है। आदिवासियों वगैरह की जो झोपड़ियाँ थीं वह बैसी की बैसी कायम हैं। वेस्ट निमाड़ में खंडवा ईस्ट निमाड़ और वेस्ट निमाड़ में खरगोन, जहाँ से मैं आया हूँ, वहाँ से झाबुआ तक कोई लाइन नहीं है। झाबुआ से वेस्टर्न रेलवे से दोहद तक बड़ी लाइन जाती है। अगर यह पूरा नर्मदा बैली का एरिया ब्राड गेज हो जाये तो वहाँ का काफी लाभ हो सकता है। वहाँ पर काटन ग्राइंग एरिया है और ग्राउन्ड नट भी होता है। वहाँ पर 250 जिनिंग मिल्स और 250 तेल निकालने के कारखाने हैं। जब श्री शास्त्री रेलवे मिनिस्टर थे तब वह मध्य प्रदेश आये थे। हमने उस समय उनसे कहा था कि वहाँ पर रेलवे लाइन

चाहिये। उन्होंने कहा था कि हो जायेगी। लेकिन बाद में कह दिया कि इट इज नाट फीजिबल। जब भी हमारे यहाँ का कोई कैंडिडेट चुनाव में खड़ा होता है तब रेलवे करवा देने का वादा करता है। जब वहाँ से पिछली बार माननीय श्री शशि भूषण आये थे, जिन्होंने मुझ को हराया था, तब उन्होंने नारा लगाया था कि इन्दिराजी से मेरे बहुत अच्छे सम्बन्ध हैं और मैं रेलवे लाइन वहाँ ले आऊंगा। चूँकि वह इन्दिराजी के खास आदमी थे इसलिये जनता ने भी उनको वोट दिये। लेकिन पता नहीं पूरे पाँच साल तक वहाँ रेलवे क्यों नहीं आ पाई। पहले वहाँ से श्री के० एल० खादीवाला थे, उन्होंने भी वही वादा किया था। जब भी कोई आदमी यहाँ आता है तब इसके लिये वादा कर के आता है, लेकिन वहाँ पर आज भी रेलवे लाइन नहीं है। परिणाम यह हुआ कि वह पूरा एरिया अनडेवेलप्ड है। यदि उस पिछड़े एरिया के लिये रेलवे लाइन दी जा सके तो मैं कहता हूँ कि वह पूरा का पूरा एरिया डेवेलप हो जायेगा। इसके बारे में मैंने डा० राम सुभग सिंह से भी कहा था जब वह रेलवे मिनिस्टर थे। 1963 में भी उन्होंने कहा था कि अगर डिफेन्स की दृष्टि से वह महत्वपूर्ण होगी तब हम रेलवे लाइन देने के लिये तैयार हैं। डिफेन्स की दृष्टि से वह एरिया कैसा है यह मैंने उनको बतलाया कि जब बम्बई से रतलाम गाड़ी जाती है, दिल्ली को जाती है दूसरी गाड़ी बम्बई से खण्डवा जाती है तब यह क्रास लाइन हो जायेगी। इसलिये खण्डवा से दोहद तक लाइन होनी चाहिये। उन्होंने कहा कि उसका बार्डर के रूप में कोई महत्व नहीं है। हमको पहले बार्डर की रेलवे बनानी है। हम ने कहा कि कम से कम उनका सर्वे तो आप करा लें ताकि लोगों के मन में यह बात आ जाये कि वहाँ कभी न कभी रेलवे हो जायेगी। लेकिन वहाँ एक भी रेलवे लाइन नहीं बनी है।

मैं फिर मंत्री महोदय से कहना चाहता हूँ कि बम्बई से जितना माल इन्दौर जाता है वह सब मोटर ट्रक से जाता है। हर पाँच मिनट में एक मोटर ट्रक उधर से जाता है और हर पाँच

[श्री आर० वी० बड़े]

मिनट पर एक ट्रक वापस जाता है। इस तरह पांच मिनट के अन्दर वहाँ से दो ट्रक पास होते हैं, इतना माल आया करता है। रेलवे लाइन न होने के कारण रेलवे विभाग को इतना लास होता है। इस तरफ उसको पूरा ध्यान देना चाहिये। वहाँ पर माल ढोने के लिये मोटर ट्रक और माल ट्रक ही असली कम्पटीटर है। जब तक रेलवे लाइन का निर्माण नहीं होगा तब तक यह नुकसान रेलवे को होता रहेगा।

तीसरी बात मैं यह कहना चाहता हूँ कि जगदलपुर में बस्तर आदिवासियों का एक बहुत बड़ा क्षेत्र है। वहाँ बेलाडीला है, दण्डकारण्य है, बेलाडीला को लोहा ले जाने के वास्ते विशाखापटनम् से जगदलपुर तक जापान की रेलवे है, जगदलपुर से रायपुर आने के वास्ते 184 मील का पूरा डिस्टेंस क्रॉस करना पड़ता है। अगर जगदलपुर से रेलवे हो जाय तो सारा गोंड आदिवासी एरिया डेवेलप हो जाये। जो आयरन जाता है विशाखापटनम् को वह 149 टनलज में से हो कर जाता है। जब जापान वालों को इस रास्ते से दूसरे माल को ले जाने के लिए कहा गया तो उन्होंने कहा कि दस साल तक हम लोग आयरन ले जाएंगे उसके बाद देखेंगे। मैं आपसे कहूंगा कि आप जापान वालों पर प्रेशर डालें कि इस रेलवे लाइन का वह हमें भी उपयोग करने दें। इस लाइन को हमें भी इस्तेमाल करने की इजाजत होनी चाहिये।

माना कैम्प रायपुर के पास है। वहाँ से दंडकारण्य को भी जाते हैं। यदि रायपुर से जगदलपुर तक रेल हो जाए तो पूरा यह जो एरिया है यह डेवेलप हो जाएगा। मैं चाहता हूँ कि इस ओर आप ध्यान दें।

यदि आपको आदिवासियों का मला करना है तो आपको इस ओर ध्यान देना ही होगा। सब से ज्यादा संख्या में हिन्दुस्तान में अगर किसी प्रान्त में आदिवासी हैं तो वे मध्य प्रदेश में ही हैं। मैं आप से पूछना चाहता हूँ कि आपने अभी तक आदिवासी क्षेत्रों में कहाँ कहाँ रेलवे लाइनों का

निर्माण किया है? यदि आपका उत्तर यह हो कि आपने नहीं किया है तो मैं चाहता हूँ कि आप सबसे पहले मध्य प्रदेश में खंडबा से दोहद तक रेलवे लाइन का निर्माण करें ताकि जो पिछड़ा हुआ आदिवासी एरिया है, वह डेवेलप हो सके।

श्रीमती सहोदरा बाई राय (सागर) : सभापति महोदय, कई बार रेलवे मंत्रालय से मध्य-प्रदेश के बारे में कहा गया है लेकिन हमारी कोई सुनवाई नहीं हुई है। उत्कल गाड़ी जो दिल्ली से उस तरफ जाती है उड़ीसा में वह गाड़ी सागर होकर जाती है। यह गाड़ी आठ दिन में दो बार चलती है। इस गाड़ी को रोजाना किया जाए। इस गाड़ी का रोजाना जाना बहुत जरूरी है। वहाँ पब्लिक बहुत है और कोई गाड़ी ऐसी नहीं है जो एक्सप्रेस हो। उत्कल गाड़ी जो दिल्ली से चले वह सीधे सागर होकर उड़ीसा जाए और वह प्रति दिन चलनी चाहिये। दो गाड़ियां उधर से आएँ और दो ही गाड़ियां इधर से जाएँ। आठ दिन में इसको चलाना न चलाने के बराबर है।

सागर और दमोह के बीच में मकरौनिया स्टेशन है। वहाँ यूनिवर्सिटी खुली हुई है। कई देशों के लड़के वहाँ पढ़ने के लिए आते हैं। वहाँ ओवर ब्रिज नहीं है जिसके कारण प्रतिदिन एक्सीडेंट हो जाते हैं। इसलिए वहाँ ओवर ब्रिज का बनना बहुत जरूरी है। कई बार इसके बारे में प्रार्थना की गई है लेकिन कोई सुनवाई नहीं हुई।

दमोह में पथरिया फाटक में भी कोई ओवर ब्रिज नहीं है। इस कारण से वहाँ भी प्रति दिन एक्सीडेंट होते हैं। वहाँ भी ओवर ब्रिज का होना बहुत जरूरी है।

कई बार रेलवे मिनिस्टर से प्रार्थना की गई है कि सागर से सायागढ़ और पन्ना रीवा तक गाड़ी होनी चाहिये। इस के न होने से बड़ी तकलीफ होती है। बरसात के जो चार महीने होते हैं, तब मोटरों का आवागमन बिस्कुब बन्द हो जाता है और लोगों को बड़ी तकलीफ होती है।

इस गाड़ी का होना बहुत जरूरी है। जनता को बड़ी तकलीफ है। इसके होने से जनता को सुविधा हो जाएगी।

हमने यह भी प्रार्थना की थी कि सागर से बड़ी देवरी और बरमान से करेली स्टेशन को मिला दिया जाए। वहां बिल्कुल लाइन नहीं है। कई बार मिनिस्टर से प्रार्थना इसके बारे में की गई है लेकिन कोई सुनवाई नहीं हुई है। नर्बदा तथा दूसरी बड़ी बड़ी नदियां बीच में पड़ती हैं और बरसात की वजह से चार महीने जनता को बड़ी तकलीफ रहती है। इसलिए वहां इस लाइन का बिछाया जाना बहुत जरूरी है। दूसरी जगहों पर तो दस दस लाइनें दे दी जाती हैं लेकिन जो बैक्वर्ड एरियाज हैं, उनका बिल्कुल खयाल नहीं किया जाता है। सागर से सायागढ़ और छतरपुर को पन्ना लाइन से मिलाना बहुत जरूरी है। मैं प्रार्थना करती हूँ कि इस और आप अवश्य ध्यान दें। वहां अगर रेलवे लाइन खोली जाए तो हमें सुविधा हो जाएगी, जनता को सुविधा हो जाएगी।

बीना से कोटा जाने वाली लाइन पर बीच में गेट नं० 8 सेमरखेड़ी बीना मूंगावली के बीच में चौकी स्टेशन है। रात को वहां यात्री उतरते हैं। वह डाकू ग्रस्त क्षेत्र है। वह स्टेशन बन्द पड़ा है। उसको खोल दिया जाए और वहां टिकट मिल जाये करें। रेल में ही टिकट दिये जाते हैं स्टेशन बनाया जाये आगासोद ग्राम के पास।

सागर से दमोह जब जाते हैं तो रास्ते में डांगीडार स्टेशन बना हुआ है। वह बन्द पड़ा है। उसको चालू कर दें। वहां जनता को बड़ी तकलीफ होती है।

और भी इस तरह की बहुत सी छोटी छोटी बातें हैं जिन की तरफ आपका ध्यान जाना चाहिये। गरीबों को नौकरी मिलनी चाहिये। उनको मान्यता मिलनी चाहिये। वे बेचारे मारे मारे फिरते हैं। उच्च जाति के लोग कोई सुनवाई नहीं करते हैं। छोटी छोटी जगहों पर नौकरियों में इन गरीब लोगों को जरूर भरती किया जाना चाहिये। अक्सर उन लोगों से

महीना दो महीना काम कराते हैं और फिर उनको भगा देते हैं। उनको पक्की नौकरी नहीं दी जाती है। रेलवे सरकार का सब से बड़ा डिपार्टमेंट है। इसलिए हरिजनों और आदिवासियों को उसमें ज्यादा से ज्यादा नौकरियां दी जानी चाहिए, ताकि वे गरीब लोग अपना निर्वाह कर सकें और देश की बेकारी की समस्या दूर हो।

मैं आशा करती हूँ कि मैंने जो मुझाव दिये हैं, मंत्री महोदय उन पर विचार करेंगे और उन को अमल में लायेंगे।

श्री मुल्की राज सैनी (देहरादून) : सभापति महोदय, मैं कोई बहुत बड़ी बात कहने के लिए खड़ा नहीं हुआ हूँ। मैं न कोई लाइन बनावाने की बात कहना चाहता हूँ और न कोई स्टेशन। जो बात रेलवे मिनिस्टर की बजट स्पीच के पैराग्राफ 45 में कही गई थी, मैं उस को याद दिलाना चाहता हूँ। उस में यह कहा गया कि हिंदुस्तान के सब रेलवे स्टेशनों पर पीने के पानी का इन्तजाम कर दिया गया है। मैंने मिनिस्टर महोदय को एक नोट दिया कि क्या देहरादून के दो स्टेशनों, हरिबाला और रायबाला जंक्शन, पर पीने के पानी का कोई इन्तजाम हुआ है। वहां से यह जवाब आया कि वहां पर टंकियां लगी हैं, पाइप लाइन बिछी हुई हैं, हम ने देहरादून नगरपालिका से पानी लेने की कोशिश की थी, लेकिन अब उस ने इन्कार कर दिया है, हम दूसरी एजेन्सी से बात कर रहे हैं, अब वहां पर पानी का प्रबन्ध हो जायेगा। एक तरफ मंत्री महोदय कहते हैं कि हम सब स्टेशनों पर पानी का इन्तजाम कर चुके हैं और इन स्टेशनों के बारे में कहा जाता है कि हम इन्तजाम करेंगे।

रायबाला जंक्शन की खास पोजीशन है। वह टिम्बर का बहुत बड़ा सेंटर है। वहां पर पहाड़ की लकड़ी का बहुत लदान होता है। वहां मिलिटरी की छावनी है और बहुत कर्मचारी रहते हैं। वहां टंकियां भी लगी हैं और पाइप-लाइन भी बिछी हुई हैं, लेकिन पानी नहीं है। मुझे जो नोट मिला है, उसमें कहा गया है कि

[श्री मुल्की राज सैनी]

पहले जो ट्यूबवेल लगाने की स्कीम थी, वह फेल हो चुकी है, अब एक दूसरी स्कीम बन रही है, जिस पर 83,000 रुपया खर्च होगा और उस के बाद पानी का इन्तजाम होगा।

पीने के पानी की जो व्यवस्था इन दो स्टेशनों पर है, उस को देखते हुए हम मिनिस्टर महोदय की स्पीच के पैराग्राफ 45 में कही गई इस बात पर क्या एतबार करें कि सब स्टेशनों पर पानी का इन्तजाम हो चुका है।

जब मैं यहां चुन कर आया, तो मैंने मिनिस्टर महोदय को एक नोट दिया, रायसी स्टेशन की कम्प्लेंट बुक में भी लिखा और सीधे रेलवे बोर्ड, बड़ौदा हाउस, को एप्लिकेशन भी भेजी, जिसमें उनका ध्यान रेलवे के टाइमिंग को सही करने की बात कही। कल 13 तारीख को मुझे इस बात का अमली तजुर्बा भी हुआ। मैं मुरादाबाद में पिछड़ा वर्ग संघ के एक जल्से में गया था। मुरादाबाद से आकर लक्सर के पास डोंसनी के एक गांव में एक जल्से में मुझे शरीक होना था। मुरादाबाद से वन-एम एच गाड़ी 6-30 पर हरिद्वार को जाती है। वह 6-35 पर चली। अगर उसका टाइम ठीक रहता, तो वह 11 बजे लक्सर पहुंच जाती, जहां से हम सहारनपुर जानेवाली गाड़ी को पकड़ सकते थे और इस तरह ठीक टाइम पर जल्से में पहुंच सकते थे। लेकिन वह गाड़ी 6-35 पर चलने के बाद रास्ते में इस रफतार से चली कि घंटा, सवा घंटा लेट हो गई और 12½ बजे लक्सर पहुंची। सहारनपुर जाने वाली गाड़ी निकल चुकी थी। किस तरह हम जल्से में पहुंचे, वह एक अलग कहानी है। वहां कोई सवारी नहीं है, कोई तांगा नहीं है। सहारनपुर जाने वाले कई सौ मुसाफिर तीन-तीन घंटे तक लक्सर में पड़े रहे और उनको बहुत परेशानी हुई।

टाइम को ठीक करने के बारे में दरखास्त दी जाती है, कम्प्लेंट बुक में लिखा जाता है और रेलवे बोर्ड को लिखा जाता है। उस सब के बाद वही तरीका रह गया है कि हिन्दुस्तान का जो

सबसे बड़ा हाउस है, जिसमें माना जाता है कि लाखों लोगों के चुने हुए प्रतिनिधि आकर बैठते हैं, उसमें अपनी बात रखी जाय। यह समझा जाता है कि जो बात यहां कही जायेगी, वह मानी जायेगी। लेकिन हम देखते हैं कि यहां पर हम लोगों के द्वारा जो बात उठाई जाती है, वह लेमेन, साधारण नागरिकों, की बात समझी जाती है। हमारे मिनिस्टर महोदय उस वक्त तक जनता के होते हैं, जब तक कि जनता उनको बोट देती है। जब जनता का प्रतिनिधि उनको लोगों के दुख-दर्द की बात कहता है, क्योंकि लोग हमारे पास कमेटियों और जल्सों में आते हैं, तो हमारी बात को एक लेमेन की बात समझ कर उड़ा दिया जाता है। हमें मिलने तक का समय नहीं मिलता है। एम० पीज० के साथ स्टेपमदरली ट्रीटमेंट होता है। उनकी बात पर कोई तवज्जुह नहीं दी जाती है।

सहारनपुर से दिल्ली तक एस० एस० लाइट रेलवे चलती थी। वह दो साल से बन्द है। यहां पर श्री रामचन्द्र विकल ने हाउस में इस प्रश्न को उठाया। मैंने भी इस बीच में इस सवाल को रखा। मैंने खुद अपना निजी नोट मंत्री महोदय को भेजा, विकल जी ने भेजा। और कई एक एम पीज ने भेजा। लेकिन एक ही जवाब आता है कि वह लाइन तो प्राफिटेबल नहीं है। उस पर नुकसान होता है। अगर सिर्फ यही सिद्धांत है तो 33 करोड़ का घाटा रेलवे पर हो रहा है, फिर तो सारी रेलों को बन्द कर देना चाहिए क्योंकि घाटे पर चलाने का सिद्धांत तो आपका है ही नहीं। वास्तव में देखना यह था कि जिस वक्त यह रेलवे लाइन बन्द हुई थी उस वक्त घाटा क्यों हो रहा था। हमने निवेदन किया कि जो मार्टिन एंड बर्न कम्पनी है उसका हेड आफिस कलकत्ते में था। उस पर 45 परसेंट आमदनी खर्च हुआ करती थी। अब सरकार उसको चलाने की बात करेगी तो वह खर्च कम किया जा सकता है या खत्म किया जा सकता है। दूसरी बात यह कही कि जिस वक्त वह लाइन बन्द हुई थी उस वक्त और आज के हालात में

कितनी तब्दीलियां हो गई हैं। सवारियों को देख लीजिए, मंडियां इस तरफ कितनी डेवलप हो गई हैं? रामपुर और नानौता चावल की बहुत बड़ी मंडी बन गई है। शामली है, बड़ौत है, लूनी है यह तमाम गुड़ और शक्कर की मंडियां बन गई हैं। दूध वाले बहुत काफी दूध लाते हैं। दिल्ली के कर्मचारी हजारों की तादाद में इधर से उधर आते जाते हैं। लेकिन पता नहीं, रेलवे बोर्ड है कि बात है या किसकी बात है, रेड टेपिज्म इस दजे तक तगड़ा हो गया है कि किसी बात के ऊपर कोई ध्यान ही नहीं देता। हम लोगों को रेलों में जगह तक नहीं मिलती है। जो सीट्स की बात है उसमें भी कितनी दिक्कतें होती हैं। आज नीचे से लेकर ऊपर तक ऐसा तरीका हो गया है कि हम लोग जो चुने हुए नुमाइन्दे हैं, हमारी इज्जत खतरे में पड़ी हुई है, हमारी लोक-प्रियता खतरे में पड़ी हुई है। हम जो वादे करते हैं उनको निभाना कठिन हो गया है। तो इस एस० एस० लाइट रेलवे को मंत्री महोदय किसी तरह भी देखें, यह नुकसान का सौदा नहीं है, यह मुनाफे की लाइन है। अगर वह इसका तजुर्बा करना चाहें तो एक दिन बस में बैठ कर दिल्ली से सहारनपुर चले जायें। उनको रास्ते में देखने को मिलेगा कि कितनी कितनी सवारियां कितने कितने घंटों से इंतजार में खड़ी रहती है, गर्मी, सर्दी, बरसात कुछ भी हो, सारी तकलीफें उठा कर इंतजार में खड़ी रहती हैं, बच्चे बिलबिलाते हैं, औरतों के लिए बस वाले कह देते हैं कि जगह नहीं है, यह रास्ते में परेशान करेंगी, उनको लेते नहीं, इस तरह उनको बसों में जगह नहीं मिलती। तो यह छोटी छोटी इन्तजामिया चीजों को सुधारने में भी हम लोगों को दिक्कतें होती हैं जिसमें पैसा भी खर्च नहीं होता तो फिर और क्या आशा की जा सकती है? लेकिन फिर भी आशा करनी होती है और मैं अपने मंत्री महोदय से यह निवेदन करता हूं कि इन छोटी-छोटी समस्याओं के ऊपर वह विचार करें। इनको दूर कर देने से जनता को सुख और सुविधाएं मिलेंगी। सुख सुविधाओं की बातों पर राजनीति बदल जाया करती है। इन शब्दों के साथ मैं पुनः निवेदन करता हूं कि वह इन छोटी-छोटी बातों का

इंतजाम करें और जनता को सहूलियतें पहुंचाएं।

SHRI M. SUDARSANAM (Narasaraopet):
Mr. Chairman, Sir, while supporting the Demands for Grants of the Railway Ministry I would like to make a few observations for their consideration.

Unfortunately, efficiency in the working of the railways has not come up to the level. Some good thinking is essential for this, and unless we improve efficiency, the railways cannot really maintain good budget.

There is a lot of theft going on in the railways and this must be remedied at once. Again, there is overtime wage payment to most of the employees, and this should also be avoided to a great extent.

Then, to meet the social obligations, the railways have to put up new lines here and there. For investment on these new lines—when the lines are not remunerative—there should be no charge of interest on such investments from the Government. I think this will really go a long way to reduce the loss burden of the railways.

Again, to meet the social obligations, the railways will have to do a lot, even for food supplies. Food supplied by the railways, is to a great extent, good. It is cheaper when compared to the outside hotels. Subsidisation also is essential in certain areas. I compliment the railways on the working of the Rajdhani Express. It is really excellent. We should think of running some more Rajdhani Expresses between Madras and Delhi, and between Bombay and Delhi. I hope the minister will consider it in the near future.

16.56 hrs.

[SHRI SEZHIYAN in the Chair]

Whenever there are some political agitations, railways become the victims and they have to incur a heavy losses. This should be compensated by the Government to reduce the burden on the railways.

I am sorry to say that branch lines get step-motherly treatment from the Railway Board. Even the recommendations of the zonal committees are not cared out. Even

[Shri Sudarshanam]

discussions with the General Manager and even with the Minister, who is the Chairman during such discussions, are not of much help so far as branch lines are concerned. There is no drinking water at Vinukonda, a station on Guntur-Guntakal line. I have made complaints to the Divisional Superintendent and written letters to the General Manager about it. In this hot weather, if there is no drinking water, you can imagine the hardship of the passengers. A well has to be erected there. You have got the technical equipment. Even this small thing is not done. I request the minister to look into it.

We have sunk Rs. 170 crores into the Nagarjunasagar project. One million acres have come under irrigation and several million acres more will come under irrigation when the canals are ready. There will be big produce which will have to be carried to various markets in Madras, Hyderabad, Bombay and Delhi. But we have only got a MG line which is not suitable for carrying this heavy traffic. Therefore, the line from Guntur to Macherala should be converted into BG. This is most urgent.

The distance between Madras and Hyderabad has to be reduced, so far as railways are concerned. Also, the large accumulation of goods and passenger traffic at Vijayawada has to be reduced. The Andhra Pradesh Government also has made representations to the Government of India. A survey has been completed for putting up a new line from Nadikudi to Babynagar. It is a short distance of about 100 KM. The cost is not much, but this will reduce the distance from Madras to Hyderabad by about 100 KM. This will make it economic for the railways to carry goods and passengers from Madras to Hyderabad and also to Bombay by this route. This line must be given top priority. I think the Andhra Chief Minister has also written to the Railway Minister about it. It must be taken up in the current plan itself.

Short distance traffic in goods and passengers is neglected by railways. It is not correct. There is competition from road transport for short distance traffic. I am sure the Railway Board will consider it.

Since you are about to ring the bell, I conclude, by complimenting the Railway

Board for the good work they have done. Still they have to do a lot, I am sure they will look into all these things. "

MR. CHAIRMAN: The cut motions are also now before the House.

*SHRI THA. KIRUTTINAN (Sivaganga): Mr. Chairman, Sir, the hon. Minister of Railways has sought the vote of the House for the Demands of his Ministry. I would like to state categorically that I cannot extend my wholehearted approval to all the Demands of the Railway Ministry. If I were to approve them, I would not have moved so many Cut Motions, which number nearly 78. I am sure that the hon. Minister would have been briefed on these Cut Motions by the officials of the Railway Administration. I cannot expect that they would have considered favourably anyone of the Cut Motions moved by me. The tell-tale reason for this attitude is that all the Cut Motions moved by us point out the lapses on the part of the Railway Administration. Naturally, they would have attempted to cover up their lapses by putting forth devious justification. But, I would request the hon. Railway Minister to bestow his personal attention to the matters raised in these Cut Motions and to take appropriate remedial steps.

17 hrs.

Mr. Chairman, Sir, to cite an example, I

would like to refer to my Cut Motion at No. 344, which reads:

"Need to increase the percentage of Class IV khalasis at G.S.D. Madras to be absorbed to the Perambur shops in Southern Railway."

At the moment, interviews are going on for direct recruitment of 1600 candidates to the Perambur Shops in Southern Railway. As per the present rules, only 1% of the Class IV Khalasis at the General Stores Department, Madras could be considered for appointment in the Perambur Shops, which in fact means that only 16 Class IV Khalasis would be able to secure appointment in the Perambur Shops, while their total strength is approximately 200 to 300. This rule should be amended in such a way that more number of Class IV Khalasis are recruited to the Perambur Shops. With this intention only, I have moved my Cut Motion. I am sure that even this very just demand would have been contested by the Railway Administration. I would request the hon. Minister to look into this question and take steps to enable more number of this category of employees secure appointments in the Perambur Shops.

Similarly, there is a proposal to shift the Stores Depot at Nagappattinam to Golden Rock. There is also another proposal to shift the Tanjore loco shed to some other place in Southern Railway. I totally disagree with these decisions of the Railway Administration and that is why I have moved by Cut Motion at No. 345. In my view, these changes which will result in wasteful expenditure, are unnecessary and unwarranted. If you shift the Nagappattinam Stores Depot to Golden Rock, a new building will have to be constructed at Golden Rock, which is an avoidable expenditure. Likewise, when the Tanjore Loco Shed is shifted to some other place, you can imagine the huge expenditure involved. I would also mention here that hundreds of families of the employees at present working in the Tanjore Loco Shed would be put to a lot of inconvenience and hardship by this unnecessary shifting. I would appeal to the hon. Minister to examine this question in all details and reverse these decisions.

*The original speech was delivered in Tamil.

Mr. Chairman, Sir, the Railway Administration has failed miserably in filling up the existing vacancies. In these vacancies, a large number of low-paid employees are working in officiating capacity. I would suggest that the Railway Administration should take immediate steps to make the temporary posts permanent and to fill the vacant posts expeditiously.

Under the head "Working Expenses", I have moved my Cut Motion at No. 363 which reads:

"Failure to provide buildings for General Stores Department, Madras in Southern Railway."

The General Stores Department at Madras is woefully lacking in accommodation. When we approached the concerned officials, we were told that the estimates for construction of buildings have been approved and the required funds have been allocated. But the construction of the new building has not yet been undertaken and there is an unconscionable delay. I may state here that Class I and Class II Officers, who are working in this Department, are greatly handicapped. Stores worth crores of rupees are under the custody of this Department. Therefore, a new building for this Department is very essential and the construction should be immediately undertaken. I may bring to the attention of the hon. Railway Minister that there is no provision for pipeline drinking water facility inside the existing building. I would request the Minister to look into this problem and do the needful.

Under the heading "Staff Welfare", I have drawn the attention of the Minister through my Cut Motions to the inadequacy of facilities available to staff. They have also not been given proper incentives to put their heart and soul in their work. I would request the hon. Railway Minister to provide the employees enough facilities and incentives so that they extend their hearty cooperation in the day to day work of the Administration, without which the efficiency of the Railways cannot be improved.

Mr. Chairman, Sir, at Gudur in Southern Railway the Class IV employees have erected huts on the Railway land and they are living there for a number of years. Now, the Railway authorities want to take possession of the

land by evicting these employees. As the Railways are not in such an urgent need of this land, I feel that the requisitioning of this land by the Railways is totally uncalled for and unjust. I took up this matter with the General Manager, as a result of which the action of eviction was temporarily stayed. Till such time they are provided with alternative accommodation, I would suggest that the Railways should permit the Class IV employees to continue to stay there, if necessary by charging a nominal rent.

The catering employees working in Grant Trunk and Southern Express trains are not being provided with winter clothing, while their counterparts in other Railways are given winter clothing every two years. For a long time these employees are serving the Railways, weathering the winter with their physical energy. I, therefore, appeal to the Minister that these employees should be given winter clothing.

I would like to raise another very important issue which I have mentioned in my Cut Motion at No. 396. I would demand even a Division if my request is not acceded to. My Cut Motion reads as follows:

"Failure to give monetary benefits of H.R.A. and C.C.A. to Railway employees at Tambaram in Southern Railway which is declared contiguous to Madras City in terms of G.O. of Government of Tamil Nadu."

I would mention the anomaly prevailing at the moment. The employees, who work at Tambaram but live in Madras are given the H.R.A. and C.C.A. But those employees, who work in Tambaram and live there, are not getting the House Rent Allowance and the City Compensatory allowance. The Government of Tamil Nadu through their Order have declared Tambaram as contiguous to Madras City and they are giving H.R.A. and C.C.A. to their employees living at Tambaram. I have already referred to this problem in my earlier speech. I am afraid that the Minister would have been briefed in a different way. This is a just and genuine demand of the employees and I request the Minister to look into this problem. I would emphatically stress here that the employees working in Tambaram and living in Tambaram must be given the H.R.A.

[Shri Tha. Kiruttinan]

and the C.C.A. This biggest lapse on the part of Railway Administration must be remedied immediately.

I would read my Cut Motion No. 397:

“Need to give “Breakdown Allowance” to the Engineering and Medical Staff who are deputed for duty on break-down specials as is extended to those Mechanical and Electrical Staff.”

The cut motion is self-explanatory. I request the Minister to grant breakdown allowance to the Engineering and Medical Staff who are deputed on breakdown specials.

I was surprised to find that no amount has been allocated for the purpose of conducting survey of new lines. There are many backward areas in Tamil Nadu. If these backward areas are to be industrially developed, the railway lines are the imperative necessity. We should create the climate of industrial development by conducting surveys for new lines, without which there can be no progress in these areas. While the Tamil Nadu Government are making massive efforts for industrialising these backward areas, I would say that it is incumbent on the part of Railway Administration to supplement their efforts by laying new railway lines. This must be done if the efforts of the Tamil Nadu Government are not to be frustrated. I hope that the Minister would take note of the lapse in not providing funds for survey this year and he would ensure that at least next year adequate provision is made for survey of new lines in Tamil Nadu.

I would mention here that the survey of Tirunelveli-Cape Comorin line has been in progress for sufficiently long time now. Recently, Shri Quereshi, the Deputy Minister of Railways, stated in the Rajya Sabha the other day that it will take four months more to complete the re-assessment of survey. But he has not given any indication as to when the work would start after the completion of the survey. At the time when the Congress was a united party and Shri Kamaraj contested the election to this House from this area, orders were passed by the Administration for completing the re-assessment quickly. The people of this area entertained the hope that because Shri Kamaraj was seeking election from their area, a new rail-line would come up soon. But the Congress

is not united now and the Great Split has thrown out Shri Kamaraj. Just because Shri Kamaraj is not there, the situation should not arise that there would be no railway line in this area. Similarly, when Shri O. V. Alagesan from Tamil Nadu was the Railway Minister, a new railway line connecting Bangalore and Salem was laid. It looks as though that there should be a Minister from Tamil Nadu and then only there can be new railway lines laid in Tamil Nadu. One may deduce that because the D. M. K. Party is in power in Tamil Nadu, there will be no new lines in Tamil Nadu. It may also happen that the D.M.K. will continue to rule the State for decades and there may be no new lines at all for decades in Tamil Nadu. I would like to issue a warning that the D.M.K. will continue to win in Tamil Nadu and if it is said that there will be no new rail lines in Tamil Nadu, it will definitely lead to an explosive and dangerous situation.

I would refer to the assurances given to Tamil Nadu for new rail links between Tirunelveli and Cape Camorin, Cape Camorin and Tuticorin and Trivandrum to Tuticorin via Nagercoil. I would request the hon. Minister to take immediate steps for the construction of these lines. No tangible steps have been taken for electrification of Madras-Arkonam line. It has been repeatedly mentioned in this House that Madras is expanding so fast that it will reach Arkonam, Vijayawada and so on. Though preliminary work has been done for electrification of this line, the work of electrification has not yet started. I would appeal to the Minister that he should expedite this work.

I happen to be the President of the Railway Employees Progressive Union, started recently in Southern Railway. Thousands of Railway employees have become Members of this Union, particularly the employees in Tiruchy and Madras Divisions. The employees from other recognised Unions want to join this Union. Because the Railway Employees Progressive Union is not yet recognised, the employees who have joined this Union are being harassed and victimised by the officials. I would request the hon. Minister to recognise to Railway Employees Progressive Union immediately and he should take steps to stop the victimisation of the employees joining this Union. I would stress again that the chapter of victimisation should be closed once and for all.

Finally, it has been incessantly and repeatedly mentioned in this House that a fast train should be run between Delhi and Madras. The Grant Trunk Express should be speeded up. We see that after reaching Faridabad, the G. T. is delayed by one hour, as it is made to halt there unnecessarily. The running time of G.T. could be easily reduced by two hours. I would suggest that an express like Rajdhani Express should be run between Delhi and Madras. Such a fast train would earn enormous revenue to the Railway Administration. With this request to the hon. Minister, I would conclude.

श्री कै० एन० तिवारी (बेतिया) : समा-
पति महोदय, उस रोज जवाब देते हुए रेल मंत्री
ने पैसेन्जर्स की सेफ्टी के बारे में जो सवाल
उठाया गया था, शार्ट नोटिस क्वेश्चन जो उठाया
गया था और जिसकी आशा स्पीकर साहब ने
दी थी, कि मंत्री जी उसका उत्तर अपने जवाब में
दें, मुझे यह कहते हुए दुःख होता है कि ऐसा
जंगली जवाब हमने किसी मिनिस्टर से आज तक
नहीं सुना था। मेरी सभ्यता में नहीं आता है कि
जब रेलवे मिनिस्टर का यह एटीट्यूड हो तो
पैसेन्जर्स की सेफ्टी की क्या हालत होगी। इसी
सवाल को लेकर आज के इंडियन एक्सप्रेस में जो
समाचार निकला है, उसको मैं पढ़कर आपको
सुमाना चाहता हूँ :

**'Police connivance in decoities alleged:
Patna, June 12.**

There was a flutter in the Bihar Assembly today when Mr. Radhanandan Jha (Cong-R) alleged that police officials had maintained in the series of train decoities in Bihar over the last three months.

मेरे खयाल में रेल मंत्री जी ने रेलवे के रूल एंड
रेग्युलेशंस की अभी तक कोई किताब नहीं पढ़ी
है और न वह उनसे वाकिफ हैं। एक हाई पावर
कमेटी मुकर्रर हुई थी। जिसने 1968 में अपनी
रिपोर्ट दी थी। लाइफ एंड प्रापर्टी का सवाल
बहुत दिनों से चला आ रहा है इस वास्ते उस
रिपोर्ट के पेज 35 से ही मैं कोट करना चाहता
हूँ। इसके 35 पेज पर 148 में यह लिखा हुआ है :

Anyone who has watched the proceedings of Parliament must have noticed that whenever questions of 'law and order' on the Rail-

ways are asked, the answer given is that under the Constitution, the maintenance of law and order on the Railways, being a State subject, the responsibility for it rests on the States. It is to be noted that the Members of Parliament are not concerned whether it is the Railway police as it is at present constituted, or some other agency that is responsible for protection of the life and property of the travelling public. They are interested in the results. This has been emphasised time and again, as will also appear from the ensuing extract from the proceedings of Parliament of September, 1958, when the Hon'ble Speaker of the Lok Sabha observed as follows:—

"Therefore, additional Police must be kept there in the train itself. The Hon'ble Minister should consider it. Hon'ble Members bring it to the notice of the hon'ble Minister and there is no good his simply saying it is a matter for the State and the State saying it is connected with a railway train; it is a matter for the Centre. What can we do after the bird has flown; what is the good of trying to catch it? Hon'ble Minister should try to look into this problem. It is very serious; all people will go to the forest and not get into the train. No, no, that should not be the attitude of the Minister."

यह बात 1958 में आनरेबल स्पीकर ने कही थी।
उस रिपोर्ट में भी पैसेन्जर्स की लाइफ एंड प्रापर्टी
का जो सवाल है, उसको बहुत इम्पोर्टेंट सवाल
माना गया है। अगर लोगों के अन्दर यह भावना
आ जाए कि उनकी लाइफ और प्रापर्टी सेफ नहीं
है तो ट्रेवलिंग पब्लिक से रेलवे को जो सबसे
ज्यादा इनकम होती है वह बन्द हो जाएगी।
हालत यहां तक आ पहुंची है कि रेलवे मिनिस्टर
ने अपने विभाग को लिख कर दे दिया है कि
अगर किसी मेम्बर का खत उसके पास आए और
उसका अगर जवाब नकारात्मक हो तो नकारात्मक
जवाब मेम्बर को भेजने की जरूरत नहीं है। मैं
नहीं समझता कि कोई भी सही विभाग वाला
मिनिस्टर कहेगा कि अगर कोई मेम्बर किसी मंत्री
को खत लिखता है, तो "हां" का जवाब तो दिया
जाये और "न" का जवाब न दिया जाये।

ऐसी हालत में मैं इस सदन के सामने विचार
के लिए यह बात रखना चाहता हूँ कि क्या मंत्री

[श्री के० एन० तिवारी]

महोदय का यह एटीट्यूड सही है। हम लोगों को यह फीलिंग है कि ऐसे मंत्री को रेलवे जैसा बड़ा पब्लिक अंडरटेकिंग अपने पास नहीं रखना चाहिए, जो इतने बड़े पब्लिक अंडरटेकिंग को संभाल नहीं सकता है, जिसमें 3500 करोड़ रुपये लगे हुए हैं और जिसका देश के हर एक व्यक्ति से सम्बन्ध है। सभी माननीय सदस्यों की कांस्टीट्यूएन्सीज में रेलवे ही ऐसा विषय है, जिससे वे सम्बन्धित हैं। इससे सम्बन्ध रखने वाली जितनी बातें हैं, उनके बारे में लोग सदस्यों के पास पहुंचते हैं।

अगर मंत्री महोदय का यह एटीट्यूड हो, तो हम अपनी कांस्टीट्यूएन्सी की किस बात से सेवा करेंगे? अगर रेलवे विभाग कह दे कि हम सदस्यों की चिट्ठी का जवाब नहीं देंगे, उसको वेस्टपेपर बास्केट में फेंक दिया जायेगा, अगर दूसरे मंत्री भी यह फैसला कर लें कि नकारात्मक जवाब नहीं दिया जायेगा, तो फिर हम किस तरह अपनी कांस्टीट्यूएन्सी की सेवा कर सकते हैं? यह बहुत सीरियस बात है और मैं बड़े जोर के साथ कहना चाहता हूँ कि मंत्री महोदय का यह एटीट्यूड बदलना चाहिए।

हम पीपल के रिप्रेजेन्टेटिव हैं, हम इस गवर्नमेंट के रिप्रेजेन्टेटिव नहीं हैं। लोग हमारे पास हर तरह की शिकायत और बात लायेंगे। हमने जो ओथ ली है, उसके मुताबिक जो भी बात पब्लिक इन्ट्रेस्ट में होगी, हम उसको मंत्री के सामने रखेंगे और मंत्री का कर्तव्य है कि वह उस पर ध्यान दे। चाहे सदस्य किसी भी पार्टी का हो, आपोजीशन का हो या इस साइड का, अगर वह पब्लिक इन्ट्रेस्ट में मंत्री को चिट्ठी लिखे, तो मंत्री उसका जवाब दे—अगर करना है, तब भी जवाब दे और अगर नहीं करना है, तब भी जवाब दे। यह हमारी रेसपांसिबिलिटी है और हम इससे बच नहीं सकते हैं।

जब भी इस हाउस में रेलवे पर डीबेट होती है, तो हम लोग तीन चार बातों को बार-बार दोहराते हैं। एक बात तो यह है कि गाड़ियां समय पर

नहीं चलती हैं। पहले तो जब हम लोग शिकायत करते थे, तो गाड़ी ठीक टाइम पर चलने लग जाती थी। लेकिन अब तो गाड़ियों के टाइम का कोई ठिकाना नहीं है। वे दस, बीस, चौबीस घंटे लेट हो सकती हैं। यह भी पता नहीं होता है कि गाड़ी आयेगी या नहीं, चलेगी या नहीं। आज कोई ट्रेन अपने टाइम पर नहीं चल रही है।

दूसरी शिकायत रही है कैंटीन के बारे में। हमारे आपोजीशन के भाई चार बातों पर बड़ा जोर देते हैं। कोई भी बात हो, वे कहते हैं कि इसको पब्लिक सैक्टर में ले लो, इसको कार्पोरेशन बना दो, इस मामले को सी० बी० आई० में दे दो और इस बात की जुडिशियल एनक्वायरी कराओ। हमारे यहां एक बैच है, जो नाक, कान, पेट और हाथ सब की एक ही दवा बेचता फिरता है। इसी तरह हमारे दोस्तों के पास भी हर एक बीमारी के लिए ये चार औषधियां हैं। कहीं भी कोई गड़बड़ हो, उनके पास उसका यही इलाज है कि पब्लिक सैक्टर में ले लो या कार्पोरेशन बना दो। उनके पास और कोई इलाज नहीं है। लेकिन रेलवे की कैंटीन की आज जो हालत है, उससे उन्हें मालूम हो जाना चाहिये कि पब्लिक सैक्टर या कार्पोरेशन में क्या होता है।

रेलवे की कैंटीन पब्लिक सैक्टर में है। माननीय सदस्य अपने दिल पर हाथ रख कर बतायें कि क्या आज कोई भी कैंटीन लास में चलती है। कोई छोटे से छोटा दुकानदार अगर चाय की दुकान करता है, तो वह भी दो पैसे कमा लेता है। लेकिन रेलवे की कैंटीन नुकसान में चली जा रही है।

श्री इसहाक सम्भली: करप्ट ऐडमिनिस्ट्रेशन की वजह से।

[شری اسحاق سمبلی - کرپٹ ایڈمنسٹریشن کی وجہ سے -]

श्री के० एन० तिवारी: अब जिसकी वजह से भी हो, यह तो आप बतलाइएगा। इस तरह इन बातों के बारे में मैं अधिक नहीं जाना

चाहता : लेकिन यहां हमारे डिप्टी मिनिस्टर साहब रेलवे के बैठे हुए हैं। हम इनका ध्यान दिलाना चाहते हैं, यंग ब्लड, यंग ब्लड, यंग ब्लड बहुत कहा जाता है, यह भी यंग ब्लड हैं, अब पता नहीं मिनिस्टर साहब के साथ साथ इनका भी ब्लड ठंडा हो जायगा या गरम रह जायगा, मैं कुछ कह नहीं सकता, इनसे हम निवेदन करना चाहते हैं कि जहां तक केन्टीन का सवाल है जो बराबर हम लोग शिकायत करते हैं, टाइमली रनिंग आफ दी ट्रेन की जो शिकायत है, यह जितनी भी इस तरह की शिकायतें हैं उनके ऊपर वह ध्यान दें।

अन्त में एक बात मैं अपनी कांस्टीट्यूएन्सी से सम्बन्धित कहना चाहता हूं कि एक बड़ी लाइन दरभंगा से निकलने वाली है। उसके लिए दरभंगा और मुजफ्फरपुर दोनों तरफ से सर्वे हुआ है। दरभंगा की तरफ से करने में ज्यादा खर्च पड़ता है क्योंकि पुल बगैरह ज्यादा बनाने पड़ते हैं, मुजफ्फरपुर की तरफ से करने में कम खर्च करना पड़ेगा। इसलिए रेलवे का खर्च जिधर से कम हो उधर से ही बड़ी लाइन बनाई जानी चाहिए, यही मुझे निवेदन करना है।

श्री इसहाक सम्भली (अमरोहा) : सभा-पति महोदय, मैं तो दो ही बातों की तरफ ध्यान दिलाना चाहूंगा। सबसे पहली चीज यह कि यह बहुत ज्यादा शोर होता है कि रेलवे लास में चल रही है और यह सही भी है। मैं हाल ही की एक चीज बताना चाहता हूं। मालूम नहीं, रेलवे जो इतनी बड़ी पब्लिक अंडरटेकिंग है उस को किस तरह चलाया जा रहा है? मुरादाबाद डिबीजन और लखनऊ डिबीजन में जितनी पैसेन्जर ट्रेन्स इस वक्त चल रहीं हैं वह सब बिदाऊट टी टी ई चल रही हैं। एक भी पैसेन्जर ट्रेन ऐसी नहीं जिसमें टी टी ई चलता हो। अभी मेरे भाई मुल्की राजजी फरमा रहे थे, उन्होंने बिलकुल सही कहा, मुरादाबाद-हरिद्वार पैसेन्जर चलती है बगैर किसी टी टी ई के। जितने भी टी टी ई थे वह ले लिए गए, आर्टि-फिशियल एकोनामी दिखलाने के लिए और वह टू टायर में लगा दिए गए। नया रैक्रूटमेंट

नहीं हुआ और इसका नतीजा यह है कि केवल बगैर टी टी ई के पैसेन्जर ट्रेन चलने से हजारों रुपये रोजाना का नुकसान हो रहा है। लेकिन इस नुकसान से भी बढ़ कर जो चीज हो रही है वह यह कि लोग बगैर टिकिट चलने के आदी हो रहे हैं। लोगों को एक बार बगैर टिकिट चलने का आदी बना कर के फिर उनको टिकिट लेकर चलने का आदी बनाना कठिन हो जायगा। इसलिए इसमें कंजूसी से काम नहीं लेना चाहिए। टी टी ई को बहां रखना इन्वेस्टमेंट है। इसकी बजह से फायदा होगा और लोग बिना टिकिट चलने के आदी नहीं बनेंगे। मैं उम्मीद करता हूं कि मंत्री महोदय इस पर फोरी तौर से तबज्जह देंगे।

दूसरी चीज मैं कहना चाहता हूं, यह हैरत की बात है, लास लास कहा जाता है, मैं अभी मोगलसराय गया था। मुझे मालूम हुआ कि मोगलसराय में नन्दाजी जब रेलवे मिनिस्टर थे तो उन्होंने वहां कुछ काम किया। उनसे कोई इत्फाक करे या न करे लेकिन एक काम उन्होंने अच्छा किया कि मोगल सराय के आस पास के गांवों के रहने वाले लोग जिनकी जमीन बंजर है, जहां पर सिंचाई का कोई इन्तजाम नहीं है, उन लोगों को कहा कि इनको कैजुअल लेबर के तौर पर भर्ती किया जाय। उनको भर्ती किया गया। उसका नतीजा यह हुआ कि 50 परसेन्ट चोरियां कम हो गईं। लेकिन जैसे ही नन्दाजी हटे, उन लोगों को एक एक कर के छांटना शुरू कर दिया क्योंकि अफसरों को तो वह लोग चाहिए कि जिनके घर बार वहां न हों, जो आधे वक्त रेलवे का काम करें और आधे वक्त अफसरों के घरों का काम करें। नतीजा यह हुआ कि एक एक कर के उनकी छटनी शुरू हो गई और हजारों आदमी जो आस पास के गांवों के लग गए थे, वह अलग कर दिए गए, जिसका नतीजा यह हुआ कि फिर चोरियां उसी तरह से, उसी मंजिल पर, उसी मयार पर पहुंच गईं। मैं दर-खास्त करूंगा कि शायद रेलवे का लास खत्म किया जा सकता है अगर केवल चोरियों को रोका जाय। कोयले की चोरी, यार्ड्स की चोरी,

[श्री इतहास सम्मेली]

टिकिटों की चोरी, कैंटीन की चोरी अगर खाली इन चोरियों को रोक दिया जाय तो यकीनन रेलवे बहुत बड़े फायदे में चल सकती है।

एक चीज की तरफ मैं और तबज्जह दिलाना चाहूंगा। यह एक अजीब बात है कि रेलवे का इतना बड़ा डिपार्टमेंट है, लेकिन मेरा ख्याल है कि न जाने क्या रेलवे बोर्ड ने कसम खा रखी है कि वह हर सेक्शन को तकलीफ में रखेंगे, नाराज रखेंगे। आल इण्डिया रेलवे गार्ड्स कौन्सिल, रेलवे गार्ड्स की एकमात्र नुमाइन्दा आर्गेनाइजेशन है। लेकिन उसको रिकगनीशन नहीं दिया जा रहा है। आल इण्डिया रेलवे स्टेशन मास्टर्ज कान्फेस एक ही स्टेशन मास्टर्ज की नुमाइन्दा जमायत है, उसको रिकगनीशन नहीं दिया जाता है। रेलवे गार्ड्स की कितनी तकलीफें हैं मुझे बतलाने की जरूरत नहीं है। मैं परसों आल इण्डिया रेलवे गार्ड्स कान्फेन्स में गया था और जो मैंने वहां पर सुना, उससे ताज्जुब होता है, मामूली से मामूली तकलीफें भी दूर नहीं की जा रही हैं।

हालात ये हैं कि मैं आपको एक ही एक्जाम्पल दूंगा—रेल्वे में एक डा० उस्मानी और डा० मिसेज उस्मानी हैं, दोनों हस्बैंड और वाइफ कानपुर में थे। डा० उस्मानी को डेपुटेशन पर तीन महीने के लिये किसी अरब कंट्री में भेजा गया। कोई रेल्वे के अफसर साहब शायद उनसे खुश नहीं थे, मुमकीन है कि वह तोहफे वगैरह न दे पाते हों। नतीजा यह हुआ—आम तौर से जब तीन महीने के डेपुटेशन पर कोई जाता है तो उसका ट्रांसफर नहीं किया जाता है, लेकिन उनका ट्रांसफर मुरादाबाद कर दिया गया। जब उनकी वाइफ ने दरखास्त दी कि मेरा भी ट्रांसफर कर दिया जाय, तो उनका ट्रांसफर नहीं किया गया। उसके बाद उनको बीकानेर भेजा गया और किस तरह से चेयरमेन साहब, जैसे कोई बदला लिया जा रहा हो, हस्बैंड को बीकानेर शहर में रखा गया और वाइफ को 8 मील के फासले भेजा गया, ताकि वहां रोज आये-जाये।

यह कौन सा इन्साफ है, इस तरह से क्या रेल्वे की सर्विसिज से कोई अच्छा काम लिया जा सकता है। फार्सी का एक मकूल है—

मजदूर दिल खुश कुनद कार बेश।

मुझे अफसोस के साथ कहना पड़ता है कि इस तरफ तबज्जह नहीं दी गई।

इसी तरह से नई रेल्वे लाइनों के लिये तरह-तरह के बहाने दिये जाते हैं। मैं याद दिलाना चाहता हूं कि चन्दौसी से गजरोला रेल्वे लाइन निकालने के लिये, जिस पर मेरी कांस्टीट्यूएन्सी का काफी हिस्सा पड़ता है, किसी जमाने में सबे' भी हुआ था। उसके लिये बार-बार तबज्जह दिलाई गई, रिप्रेजेंटेशन किये गये, लेकिन आज तक वहां कोई कदम नहीं उठाया गया—इस तरफ फौरन तबज्जह दी जानी चाहिये।

आखीर में एक चीज की तरफ तबज्जह दिलाना चाहता हूं, जिस पर कोई खर्च नहीं है, महज तबज्जह देने की जरूरत है। अब न जाने किस तरह से टाइम-टेबिल बनाये जाते हैं, एक ट्रेन एक स्टेशन पर पहुंचेगी, तो सिर्फ 5 मिनट पहले ही दूसरी ट्रेन वहां से रवाना हो जायगी। किस तरह से टाइम-टेबिल बनाये जा रहे हैं। मेरी दरखास्त है कि इन चीजों की तरफ तबज्जह दी जाय और मैं चाहूंगा कि डा० उस्मानी और मिसेज डा० उस्मानी के बारे में मुझे बतलाया जाय कि क्यों इस तरह के बदले की कार्यवाही उनके साथ की गई।

مجھے معلوم ہوا کہ مغل سرائے میں
ننداجی جب ریلوے ملتری تھے تو
انہوں نے وہاں کچھ کام کیا - اُن سے کوئی
اتفاق کرے یا نہ کرے لیکن ایک کام
انہوں نے اچھا کیا کہ مغل سرائے کے اُس
پاس کے گاؤں کے دھننے والے لوگ جنکی زمین
بلنچر ہے جہاں پر سہلچالی کا کوئی
انتظام نہیں ہے - اُن لوگوں کو کہا کہ
اُن کو کھڑول لہر کے طور پر بھرتی کیا

جائے - اُن کو بھرتی کیا گیا - اسکا نتیجہ
یہ ہوا کہ پچاس فی صدی چوریاں کم

اور جو اُدھے وقت ریلوے کا کام کریں اور
اُدھے وقت افسروں کے گھروں کا کام کیا
کریں - نتیجہ یہ ہوا کہ ایک ایک
کر کے اُنکو چھٹنی شروع ہو گئی - اور
ہزاروں آدمی جو اُس پاس کے گاؤں کے
لگ گئے تھے وہ الگ کر دئے گئے - جس
کا نتیجہ یہ ہوا کہ پھر چوریاں اسطرح
سے - اس منزل پر - اس معیار پر پہنچ
گئیں - میں درخواست کروں گا کہ شاید
ریلوے کا لاس ختم کیا جا سکتا ہے اگر
صرف چوریوں کو روکا جائے - کوئی ایسی
چوری - پارتز کی چوری - ٹکٹوں کی
چوری - کھلتی کی چوری - اگر ساری
اُن چوریوں کو روک دیا تو یقیناً ریلوے
بہت بڑی فائدے میں چل سکتی ہے -

ایک چیز کی طرف میں اور توجہ
دلانا چاہوں گا - یہ ایک عجیب بات ہے
کہ ریلوے اتنا بڑا دیہارت مہلت ہے -
لیکن میرا خیال ہے نہ جانے کیا ریلوے
ہورنے قسم کہا رکھی ہے - کہ وہ ہر سیکشن
کو تکلیف میں رکھیں گے - ناراض رکھیں گے -
آل انڈیا ریلوے گارڈ کونسل ریلوے گارڈز کی
واحد نمائندہ آرگنائزیشن ہے - لیکن
اس کو ریکگلائز نہیں کیا جا رہا ہے -
آل انڈیا ریلوے سٹیشن ماسٹرز کانفرنس
ایک ہی سٹیشن ماسٹر کی نمائندہ
جماعت ہے - اسکو ریکگلائز نہیں دیا
جاتا ہے - ریلوے گارڈز کی کتنی
تکلیفیں ہیں مجھے بتانے کی ضرورت
نہیں ہے - میں پرسوں آل انڈیا ریلوے
گارڈز کانفرنس میں گیا تھا - اور جو
میں نے وہاں پر سنا اُس سے تعجب
ہوتا ہے - معمولی سے معمولی تکلیف
بھی دوز نہیں کی جا رہی ہے -

[श्री इस्हाक खम्मली]

حالات ہی یہ ہے کہ میں آپکو ایک ہی ایکز امپل دونگا۔ ریلوے میں ایک ڈاکٹر عثمانی اور ایک ڈاکٹر مسز عثمانی ہیں۔ دونوں مہلے بھی کانیہوز میں تھے۔ ڈاکٹر عثمانی کو دیپو تھیشن پر تین مہلے کے لئے کسی عرب کلتی بھیجا گیا کوئی ریلوے کا افسر صاحب شاید اُن سے خوش نہ تھے۔ مسکن کے وہ تحفے وغیرہ نہ دیے گئے۔ نہ تھیکہ یہ ہوا کہ آم طور سے جب تین مہلے کے دیپو تھیشن پر کوئی جاتا ہے تو اُسکا ٹرانسفر نہیں کیا جاتا ہے۔ لیکن اُنکا ٹرانسفر مراد آباد کر دیا گیا۔ جب اُن کی وائف نے درخواست کی کہ میرا بھی ٹرانسفر کر دیا جائے تو اُنکا ٹرانسفر نہیں کیا گیا۔ اسکے بعد اُنکو بھکانہر بھیج دیا گیا۔ اور کسی طرح سے چھوڑ۔ میں صاحب چھوڑے کوئی بدلا جا رہا ہو ہزبیل کو بھکانہر میں رکھا گیا اور وائف ۸ میل دور کے فاصلے بھیجا گیا تاکہ وہاں روز آئے جائے۔ یہ کونسا انصاف ہے۔ اس طرح سے کیا ریلوے کی سروسز سے کوئی اچھا کام لیا جاسکتا ہے۔ فارسی کا ایک معقول ہے۔

مزدور دل خوش کلد کاربھی

مجھے افسوس کے ساتھ کہلا پڑتا ہے
کہ اسطرح توجہ نہیں دی گئی۔

اس طرح نئی ریلوے لائنیں کے لئے طرح طرح کے بھانے دیئے جاتے ہیں۔ میں پان دلانا چاہتا ہوں کہ چاندوسی سے گجولا ریلوے لائن نکالنے کے لئے جس ہر مہری کانسٹیبلیشن کا کافی حصہ پڑتا ہے۔ کسی زمانہ میں سروے بھی ہوا تھا اسکے لئے بار بار توجہ دلائی گئی، ریپریٹیشن کیا گیا لیکن آج تک وہاں کوئی قدم نہیں اُٹھایا گیا۔ اس طرف فوراً توجہ دی جانی چاہئے۔

آخر میں ایک چیز کی طرف توجہ دلانا چاہتا ہوں۔ جس پر کوئی خرچ نہیں ہے مہر توجہ دینے کی ضرورت ہے۔ اب نہ جانے کس طرح سے ٹائم ٹیبل بنائے جاتے ہیں۔ ایک ٹرین ایک سٹیشن پر پھونچتی تو صرف پانچ منٹ دینے ہی دوسری ٹرین وہاں سے روانہ کی جائیگی۔ کس طرح سے ٹائم ٹیبل بنایا جا رہا ہے۔ میری درخواست ہے کہ اُن چیزوں کی طرف توجہ دی جائے۔ اور میں چاہوں گا کہ ڈاکٹر عثمان اور مسز ڈاکٹر عثمان کے بارے میں مجھے بتایا جائے کہ کہوں اس طرح کے بدلے کی کاروائی ان کے ساتھ کی گئی۔

श्री परिवर्तननन्द वैष्णवी (टिहरी-गढ़वाल):
सभापति महोदय, मैंने रेलवे मंत्री जी को पत्र भेजा, मुझे जवाब नहीं मिला, सोचा कि डाक-खाने की गलती होगी। फिर स्वयं उन्हें यहां पत्र दिया उस पर भी गौर नहीं हुआ। मैंने समझा कि शायद यह इसलिये हुआ कि मैं उस क्षेत्र से आता हूं जहां रेलवे लाइन नहीं चलती है। किन्तु आज मुझे तसल्ली हुई कि रेलवे मंत्री की परम्परा है कि एम० पी० की चिट्ठियों का जवाब न दिया जाय।

सभापति महोदय, उत्तर प्रदेश के जिस पर्वतीय क्षेत्र का मैं प्रतिनिधित्व करता हूं, यह ठीक है कि वहां रेलवे लाइन नहीं चलती, किन्तु वहां से लाखों की संख्या में यात्री सफर करते हैं और उन्हें किसी प्रकार की सुविधा नहीं मिलती है। इसी प्रकार मैदानी क्षेत्रों से हर साल लाखों की संख्या में तीर्थ यात्री ब्रह्मनाथ, केदारनाथ और दूसरे पर्यटक स्थलों को जाते हैं, जिनमें कई शीलें हैं और पर्वतारोही बल जाते हैं, किन्तु उनको किसी प्रकार की सुविधा प्राप्त नहीं होती है। मेरा निवेदन है कि इस प्रकार के तीर्थ यात्रियों के लिये जी रेलवे कमिशन उसी प्रकार से मिलता-जुलता, जिस प्रकार अन्य हिल स्टेशन पर जाने वाले पर्यटकों को प्राप्त होता है।

दूसरा निवेदन यह है कि यात्रा के सीजन के दिनों में, जैसे आज कल, रेलों की संख्या अधिक बढ़ाई जानी चाहिये। मैं हर हफ्ते देहरादून जाता हूँ, तीसरे दर्जे के यात्रियों पर बहुत तरस आता है। किस तरह का व्यवहार उनके साथ किया जाता है, भेड़ बकरियों की तरह से सी-सी और डेढ़ सी आदमी एक-एक डिब्बे में भर जाते हैं और उनकी सुख-सुविधाओं को बेखर्चे वाला कोई नहीं है। इसलिये सीजन के दिनों में प्रतिदिन जनता एक्सप्रेस गाड़ी अतिरिक्त चलाई जाय और हरिद्वार, ऋषिकेश, कोटद्वार और देहरादून से जो गाड़ियाँ चलती हैं, उनके डिब्बों की संख्या बढ़ाई जाय ताकि यात्रियों को सुविधा हो सके। मैं आपसे यह भी निवेदन करना चाहता हूँ कि देहरादून से कालसी तक रेलवे लाइन बढ़ा दी जानी चाहिए। इसी प्रकार से ऋषिकेश से लक्ष्मण झूला तक रेलवे लाइन बढ़ा दी जानी चाहिये। देहरादून से कालसी तक रेल बिछाने के लिए कई वर्ष पहले सर्वे हो चुका था, वह लाइन चार पाँच करोड़ में बन जाती। आपको मालूम होगा कि डाक पत्थर में यमुना प्रोजेक्ट पर अरबों रुपया व्यय हो चुका है। रेलवे लाइन न होने की वजह से बहुत सारा सामान ट्रकों के द्वारा भेजा जा रहा है। यदि रेलवे लाइन वहाँ पर बिछ गई होती तो बहुत कुछ रुपया अबतक वसूल हो गया होता। पता नहीं सरकार ने वहाँ पर अभी तक रेलवे लाइन क्यों नहीं बिछाई है। इसके अतिरिक्त वहाँ पर बहुत बड़ी तादाद में लाइम-स्टोन, चूने का पत्थर जिप्सम होता है जोकि सीमेन्ट के काम में आता है और जोकि बहुत बड़ी तादाद में दूसरे स्थानों को भेजा जाता है। अगर इस समय भी वहाँ पर रेलवे लाइन नहीं बिछाई गई तो सीमेन्ट फेक्टरी, जिसका प्रस्ताव प्रदेश सरकार और सीमेन्ट कार्पोरेशन ने किया है उसमें अधिक विलम्ब हो सकता है और बहुत बड़े बड़े बांध जिनके लिए सीमेन्ट की नितान्त आवश्यकता है उनके लिए भी कठिनाई का सामना करना पड़ेगा। इसलिए मेरा निवेदन है कि दोनों स्थानों पर रेलवे लाइन तुरन्त बिछाने की व्यवस्था की जावे।

मैं मन्त्री महोदय से एक निवेदन और करना चाहता हूँ कि रेलवे की सर्चिसेज में पर्वतीय क्षेत्र के लोगों को, चाहे वे उत्तर प्रदेश के हों, हिमाचल प्रदेश के हों या अन्य पहाड़ी स्थानों के हों, कोई स्थान नहीं दिया जाता है। एम्प्लाय-मेन्ट एक्सचेंज से उनके नाम भेजे नहीं जाते हैं और उनको कोई सूचना नहीं दी जाती है। यदि कोई सूचना दी भी जाती है तो वह उस समय दी जाती है जबकि वे स्थान भर जाते हैं। इसलिए मेरा निवेदन है कि पर्वतीय क्षेत्र के लोगों को रेलवे सेवा में स्थान मिलना चाहिए। इसी प्रकार से रेलवे यूजर्स कमेटीज में तथा अन्य कमेटीयों में पर्वतीय क्षेत्र के लोगों को भी प्रतिनिधित्व मिलना चाहिए।

मैंने रेल मन्त्री महोदय को लिखकर जो एक निवेदन किया था उसको यहाँ पर पुनः दोहराना चाहता हूँ कि देहरादून शहर में बुकिंग-आफिस होना चाहिए। इसके अतिरिक्त ऋषिकेश रेलवे स्टेशन पर शोड का अभाव है। जो शोड वहाँ पर है भी वह बहुत छोटा है। चूँकि आजकल उद्योग-धंधे बढ़ रहे हैं इसलिए वहाँ पर लोगों का माल बहुत अधिक आता है लेकिन वहाँ पर कोई शोड या छत न होने की वजह से बहुत सा माल बर्बाद हो जाता है। मेरा निवेदन है कि रेल विभाग इस बात की ओर तुरन्त ध्यान दे।

एक बात जो हम महसूस करते हैं वह यह कि रेलवे विभाग के कर्मचारी यात्रियों के साथ अच्छा व्यवहार नहीं करते हैं इसलिए यात्रियों के साथ उनका अच्छा व्यवहार होना चाहिए। इसी प्रकार रेल मन्त्री महोदय यदि संसद सदस्यों के पत्रों का उत्तर देने की परम्परा शुरू करें तो सम्भवतः उनके विभाग के अन्य कर्मचारी भी उसी प्रकार का आचरण करने लगेंगे। इन शब्दों के साथ मैं इन मांगों का समर्थन करता हूँ।

श्री सत्यपाल कपूर (पटियाला) : चेयरमैन महोदय, मैं वैसे तो इस डिमाण्ड की सपोर्ट में खड़ा हुआ हूँ लेकिन सवाल यह पैदा होता है कि रेलवे विभाग का काम कभी सुधरेगा या नहीं। यहाँ पर कहा जाता है कि रेलें सेट

[श्री सतपाल कपूर]

चलती हैं, रेलवे में करप्शन है और रेलवे गुड्स का काम ठीक नहीं है—तो हमारे मिनिस्टर साहब इन मामलों को दूर करने के लिए क्या करना चाहते हैं? रेलवे का काम कुछ ऐसा है कि रेलवे बोर्ड में या रेलवे मिनिस्ट्री में जो आता है वह डिमारलाइज हो जाता है। मुझे महसूस होता है कि रेलवे मिनिस्ट्री में जाकर एडमिनिस्ट्रेटिव रिफार्म्स कमीशन के पुराने चेयरमैन ने अपनी डिफीट मान ली। आज जरूरत इस बात की थी कि रेलवेज जोकि इस देश का सबसे बड़ा पब्लिक सेक्टर है उसके हर शोबे, हर सेक्शन में जो खराबियां हैं—गाड़ियां लेट चलती हैं, शिकायत करो तो कोई सुनने वाला नहीं है—इन तमाम बातों को दूर किया जाता। आज हमारे पंजाब और हरियाणा में लाखों मन गन्दुम खराब हो गया क्योंकि रेलवे वेगन्स सप्लाई नहीं कर सकी, लाखों आदमी इसलिए बेकार हो गए क्योंकि रेलवे कोयला नहीं दे सकी। तो इन बातों को हम रोकेंगे या नहीं—यह एक सबसे बड़ा सवाल आज हमारे सामने है। इस पार्लियामेंट को इस सवाल पर सोचना पड़ेगा। ग्रान्ट पास करना तो एक रूटीन बात है। अगर कोई आदमी कटमोशन देता भी है तो उसको रेजेक्ट ही होना है। इसलिए उसका कोई सवाल यहां पर नहीं है। मैं तो समझता हूं पार्लियामेंट को एक कमीशन बनाना चाहिए।

और वह कमीशन तीन महीने के अन्दर बैठ कर सोचे कि आज जो गड़बड़ हो रही है इसको किस तरह ठीक किया जा सकता है। आज रेलवे बोर्ड में ब्यूरोक्रेसी का राज्य है। मंत्री जी मेरे दोस्त हैं, जब भी मैंने कोई काम के लिये कहा है उसकी तरफ उन्होंने ध्यान दिया है। लेकिन आम जनता का जहां तक सवाल है उन का काम मंत्री महोदय नहीं कर पाते क्योंकि बोर्ड में ब्यूरोक्रेसी का राज्य है। रेलवे बोर्ड देश के लोगों की नुमाइन्दगी नहीं करता। कारण इसका यह है कि ब्यूरोक्रेसी के आगे मिनिस्टर सहिबान बिल्कुल बेकार हो जाते हैं। इसको

आप कैसे बदलें? मेरी राय में अगर ब्यूरोक्रेसी को चेन्ज करने के लिये रूल्स को भी बदलना पड़े तो उसमें किसी तरह की हिचकिचाहट नहीं होनी चाहिये। इस काम को करने के लिये अगर आपको सर्विस की गारन्टी का भी बिदवा करना पड़े तो वह कर लेना चाहिये। जब तक आप सिस्टम को चेन्ज नहीं करते हैं तब तक रेलवे में सुधार नहीं होगा। सारी मशीनरी करप्ट है। हर लेबिल करप्ट है। एटु जेड करप्ट है। फिर आप कैसे इमप्रूव कर सकते हैं? इसको इमप्रूव करने का एक ही तरीका है और वह यह कि पार्लियामेंट एक कमेटी मुकर्रर करे जो सोच विचार करके सरकार को रिपोर्ट दे।

आप ने बोर्ड बनाया हुआ है, उसके रूल्स की तरफ देखिये। आज आप किसी की रेस्पॉन्सिबिलिटी फिक्स नहीं करते हैं। पंजाब और हरियाणा के किसानों का करोड़ों रु० का नुकसान हो गया क्योंकि वेगन नहीं मिले। एक तरफ तो आप किसानों से कहते हैं कि ज्यादा गल्ला पैदा करो और दूसरी तरफ उनका गेहूं बारिश में सड़ जाता है क्योंकि उसको ले जाने के लिये वेगन्स नहीं देता है रेलवे डिपार्टमेंट। इस की जिम्मेदारी किसी पर फिक्स नहीं की जाती है। लाखों आदमी कोयला न देने की वजह से बेकार हो गये। उसकी आप रेस्पॉन्सिबिलिटी फिक्स नहीं करते। आपको ऐसा सिस्टम निकालना पड़ेगा जिससे अधिकारियों की जिम्मेदारी फिक्स की जाये तभी रेलवे की वर्किंग में सुधार हो सकता है। अगर चालू सिस्टम को नहीं बदला जाता तो पार्लियामेंट के सदस्यों को पार्टी लेबिल से ऊपर उठ कर सोचना पड़ेगा कि आखिर इसको कैसे सुधारा जाय। लाखों आदमी इसलिये बेकार कर दिये कि कोयला नहीं पहुंच सका।

आज रेलवे में कितना करप्शन है इसको मैं जानता हूं। जो रुपया वे उसको वेगन अलाट होता है, और जो रुपया न दे उसको वेगन नहीं अलाट होता है। इसका यह है कि मिनिस्टर जो आर्डर करता है उसका इम्प्लीमेंटेशन नहीं होता।

मिनिस्टर की कोई बात नहीं सुनता। फिर मिनिस्टर क्या जवाब दे। तो बेबस मिनिस्टर को मैं क्या कहूँ, यह सवाल मेरे सामने है। रेलवे की बकिंग में सुधार करने के लिये पार्लियामेंट के तमाम मेम्बर्स को ध्यान देना चाहिये।

हम लोग हर बात ट्रेड यूनियन में लेते हैं। आष फिक्स कर दीजिये कि क्लास 1 गजेटेड अफसर की क्या जिम्मेदारी है। फिर आप स्पेशल स्केल अफसर रखते हैं जैसे डिप्टी जनरल मैनेजर, जनरल मैनेजर, सेक्शन मैनेजर इनकी क्या जिम्मेदारी है, और उनको आप कैसे पनिस करेंगे, इस बारे में भी आपको विचार करना चाहिये। जब तक आप जिम्मेदारी फिक्स नहीं करते तब तक रेलवे के काम में सुधार नहीं हो सकता है।

इस मुल्क के लोगों पर आप रहम कीजिये। वह लोग टैक्स देते हैं, किराया देते हैं, मेहनत करते हैं। लेकिन आप उनको बेकार करते हैं। किसान अनाज पैदा करता है लेकिन वह बेकार जाता है क्योंकि बैगन नहीं मिलते। इसलिये इस चैलेन्ज को कबूल करने का सवाल है कि आज आप इतनी हिम्मत रखते हैं कि नहीं। इसका फैसला माननीय हनुमन्तैयाजी को करना है। मुझे पता लगा है कि श्री हनुमन्तैया ने फाइल वर्क तकसीम कर दिया है। असल में उन्होंने अपनी मिनिस्ट्री में वर्क डिस्ट्रिब्यूट कर दिया है ऊपर से लेकर लोअर लेबेल तक। अगर आज कोयला नहीं है तो कहते हैं डायरेक्टर से बात करो, अगर क्रेटरिंग ठीक नहीं है तो उससे बात करो, कोई दूसरी बात है तो दूसरे से बात करो। जिस तरह से हमारे आई सी एस और आई ए एस का सिस्टम चलता है उसी तरह से श्री हनुमन्तैया एडवान्स करते करते उसी सिस्टम के आदी हो गये और उन्होंने डिस्ट्रिब्यूशन आफ वर्क कर के अपना काम खत्म कर दिया। लेकिन इस तरह से देश खत्म हो जायेगा। इस देश के खत्म होने पर हनुमन्तैया के खत्म होने न होने का सवाल नहीं है, एक हनुमन्तैया आये या हजार हनुमन्तैया आयें लेकिन इस सिस्टम को बदलना होगा, यह सबसे बड़ा सवाल है। यहां पर मिनिस्टर साहब

तो हैं नहीं, मैं आपकी माफत डिप्टी मिनिस्टर साहब से कहना चाहता हूँ कि इस देश के लोगों ने कोई कसूर नहीं किया, उन्हें माफ कीजिये, नहीं तो लोग आप को माफ नहीं करेंगे।

SHRI K. BASAPPA (Chitradurga): Sir, while supporting the demands of the Railways, I would make some suggestions. The Government's policy of converting MG into BG is very slow and at present there are about 30,000 KM of MG. At the present rate, it will take several decades before they are converted into BG. Therefore, I would suggest the introduction of diesel engines on these lines so that the travelling public would be benefited. For example, taking the two routes Bangalore-Madras-Delhi and Bangalore-Guntakkal-Secunderabad-Delhi, the latter route is 200 KM less than the other one. If they run faster trains with diesel engines, it would meet the immediate needs of the travelling public.

Coming to railway administration, in Davangere in my constituency, there are four railway retiring rooms. When I went to reserve a retiring room recently, I came to know that in one retiring room, the office is working. The veranda is also occupied by the office. One retiring room is occupied by an employee permanently. So, only two retiring rooms are left. Is it for the purpose of running the office that retiring rooms are built? I would request the Minister to look into this immediately.

There are a few railway lines which have been demanded for a long time. A line from Hubli to Karwar is a long-standing demand. For the Dolamali iron ore project, Karwar is the nearest port. Therefore, this line should be constructed urgently to transport the iron ore.

Then, another long-standing demand is for the conversion of the MG line from Miraj to Bangalore into BG. If this is done, it will go a long way to help the travelling public and also to transport goods quickly.

Another line we want is the Chamaraj-nagar-Coimbatore line. Coimbatore is one of the important trade centres, particularly in textile fabrics. For the last three decades, the demand for this line is there. Now that the Railway Minister is coming from Mysore State, I hope that the demand for this railway line would be met and it would not be considered as out of the way.

[Shri K. Basappa]

Another line would be from Rayaldurg to Chitaldurg, which is a famine-stricken area. There are many important handloom products made in Molkarmorulu, Rayaldurg and Chitaldurg. So, if this line is constructed all the important trade centres would be connected. It will also provide a lot of employment. Though this demand has been made from 1940 onwards nothing has been done so far. I hope the Government of India will take it up at least now.

The Bhadravathi railway station was constructed when the iron works were started in 1916. Even today it is in the same condition as it was. Since it is an important industrial centre, the Railway Ministry should give that railway station a new and decent look.

The Poona-Bangalore line passes through many cities like Tumkur, Tiptur, Birur, Chikkajalur, Kodaganur, Davangere and Harihar. In all these cities the railway line passes through the cities and for want of over-bridges and under-bridges the city-dwellers are put to a lot of inconvenience. Whenever any train passes that way the traffic on both sides of the railway line come to a standstill for half an hour and people are put to a lot of inconvenience. Therefore, the railways should seriously take up the question of providing over-bridges and under-bridges at least in the important cities.

Now there is no direct line from Bangalore to Talguppa. So, a direct line should be provided. From Berur to Talguppa only a third class train is run. Why are they not providing first class and second class? Do they think that there are no passengers to travel in first class there? Since there are important commercial towns, the railways should introduce first and second classes immediately in that train.

Now there is a proposal to run another Rajdhani express from Delhi to Secunderabad. Why not run it up to Guntakkal and then on to Bangalore, as that would go a long way to help us?

With these words, I support the Demands for Grants relating to the Ministry of Railways.

श्री नवल किशोर शर्मा (दोसा) : समाप्ति महोदय, रेलवे विभाग की मांगों के सिलसिले में मैंने कुछ कट मोशंज दी हैं और जूनी की ओर

में मंत्री महोदय का ध्यान दिलाने के लिए खड़ा हुआ हूँ। रेलवे विभाग हमारे देश में एक ऐसा विभाग है जो आदर्श एम्प्लॉयर भी हो सकता है और साथ ही जनता की सुख सुविधाओं की तरफ अगर ध्यान दे तो लोगों को बहुत राहत भी पहुंच सकती है। लेकिन देखने में आया है कि पिछले कुछ सालों से इस विभाग की हालत दिनों-दिन खराब ही होती जा रही है और जितनी इसको सुधारने की बात कही जाती है, उतना ही बिबाड़ इसमें आता जा रहा है या बों कहिए कि ज्यों-ज्यों दवा की, त्यों-त्यों मर्ज बढ़ता गया। यही हिसाब रेलवे का हो रहा है।

रेलवे विभाग के बारे में मैं इतना ही कहूंगा कि अभी माई सतपाल कपूर कह रहे थे इसकी आटोमैसी के बारे में और मैं भी इसके दो एक उदाहरण ही आपको देना चाहूंगा। मेरे क्षेत्र में से एक गाड़ी चलती है 213 और 214 पेसंजर ट्रेन। यही एक मात्र गाड़ी है जो तीसरे दर्जे के यात्रियों को दिल्ली लाती है। मेरे क्षेत्र के करीब हजार, बारह सौ या दो हजार मजदूर रोज दिल्ली आते हैं। वे इसी गाड़ी के जरिये आते हैं क्योंकि यही एक मात्र पेसंजर गाड़ी है और कोई दूसरी गाड़ी नहीं है जो कि छोटे स्टेशनों पर ठहरती हो। इस वास्ते इस गाड़ी में बड़ी भीड़ रहती है। मैंने रेल मंत्रालय का ध्यान आकर्षित किया कि मेहरबानी करके इस गाड़ी पर चलने वाले पेसंजर्स की सुख-सुविधा के लिए जिसमें ज्यादातर गरीब मजदूर और हरिजन माई दिल्ली आते हैं और ये वे माई हैं जिन्होंने दिल्ली को आलीशान बनाया है और बना रहे हैं, उनकी तरफ कुछ ध्यान दिया जाए और अगर आप कोई और गाड़ी उनके लिए नहीं चला सकते हैं तो इस गाड़ी में ही कुछ डिब्बे और बढ़ा दीजिये।

जवाब मिला कि लोड एलाऊ नहीं करता है। हम ने कहा कि कोई हर्ज नहीं है; अगर आपका लोड एलाऊ नहीं करता है, तो इस गाड़ी में फर्स्ट क्लास के जो दो डिब्बे चलते हैं, उनमें से एक खाली जाता है, इसलिए एक डिब्बे को निष्काशन दीजिये, एक ही काफ़ी रहेगा। अगला

मिला कि यह नहीं हो सकता है, उसमें नब्बे परसेन्ट आकुपेशन है।

हमने कान्सल्टेटिव कमेटी की मीटिंग में कहा कि हम इस बात को चैलेंज करते हैं, ये बिल्कुल झूठे आंकड़े हैं, हमारे पास पूरा चार्ट है कि कौन सी तारीख को, कौन से स्टेशन से किस क्लास के कितने टिकट इस्यू हुए। इसका नतीजा यह हुआ कि उन्होंने फौरन एक फर्स्ट क्लास के डिब्बे को खत्म कर दिया। लेकिन उन्होंने गरीबों को सुविधा देने के लिए ऐसा नहीं किया। फिर उन्होंने अपनी अक्ल लगाई और उस गाड़ी में टू-टायर स्लीपर लगा दिया। मैंने यह मांग की थी कि चूँकि जयपुर के बाद के स्टेशनों से इस गाड़ी में रश होता है, खास तौर से बसी, दीसा और बांदीकुई के हज़ारों मज़दूर रोज़ इस गाड़ी से आते हैं, इसलिए उनकी सुविधा के लिए डिब्बा बढ़ाइये। अगर थर्ड क्लास का डिब्बा बढ़ता, तो वे बेचारे गाड़ी में बैठ पाते। लेकिन वास्तव में

रेलवे प्रशासन ने सुविधा दी उन लोगों के लिए, जो थोड़े वेल-टु-डू हैं।

असल में इस एडमिनिस्ट्रेशन की क्या थिंकिंग है, यह तो भगवान ही जाने।

श्री अटल बिहारी वाजपेयी (ग्वालियर) : मुझे शक है कि भगवान भी जानता है या नहीं।

श्री नवल किशोर शर्मा : मैं माननीय सदस्य की बात से सहमत हूँ।

मैं कई और बातों की तरफ़ रेलवे मन्त्री का ध्यान दिलाना चाहता हूँ।

Obituary Reference

MR. SPEAKER : I have to inform the House of the sad demise of Dr. Sisir Kumar Saha who passed away at Danapur on the 9th June, 1971 at the age of 76.

Dr. Sisir Kumar Saha was a Member of the Third and Fourth Lok Sabha during the years 1962-70 representing Birbhum constituency of West Bengal. He was a very amiable person and used to take active interest in the welfare of labour and backward classes.

We deeply mourn the loss of this distinguished friend and I am sure the House will join me in conveying our condolences to the bereaved family.

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF HOME AFFAIRS AND MINISTER OF INFORMATION AND BROADCASTING (SHRIMATI INDIRA GANDHI) : Mr. Speaker, Sir, we join you in expressing our grief over the passing away of Dr. Sisir Kumar Saha. As you have said, as a Member of the Lok Sabha for two terms and earlier as a legislator in the West Bengal Assembly, Dr. Saha made many friends and left an impress of dedicated and selfless work. He was deeply interested in the upliftment of Harijans specially, and of the rural people as a whole. I shall be grateful if you would

kindly convey our deep sympathy and condolences to the late Dr. Saha's son and other members of his family.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : Sir, Dr. Sisir Kumar Saha is a great loss to all of us. Dr. Saha was not only a good doctor but he did a lot for the district which he represented here and also for the upliftment of backward classes. I will request you to kindly convey on my behalf and on behalf of my party our deep sympathy and condolences to the bereaved family.

SHRI SEZHIYAN (Kumba Konam) : Sir, on behalf of the D.M.K. Party, I associate myself with the sentiments expressed by you and the leader of the House at the sad demise of Dr. Sisir Kumar Saha. He was a member of the Third and Fourth Lok Sabha and he made a great contribution in championing the cause of the poor, down-trodden, labour and backward classes in the country. I request you to kindly convey our deep sympathy and condolences to the bereaved family.

DR. RANEN SUN (Batasat) : Sir, I associate myself with the sentiments expressed here at the sad demise of Dr. Sisir Kumar Saha. He was along with us in this House. He was an able parliamentarian and an old political worker of West Bengal. On my behalf and on behalf of the CPI group in Parliament, I request you to convey our condolences to the bereaved family.

श्री अटल बिहारी वाजपेयी (ग्वालियर) :
प्रध्यक्ष महोदय, मैं अपनी ओर से और अपने
दल की ओर से डा० साहा के दुखद देहांतान
पर गहरा शोक प्रकट करता हूँ और परमात्मा से

प्रार्थना करता हूँ कि उनकी आत्मा की सद्गति प्रदान करे। लोक सभा के सदस्य के नाते डा० साहा हम लोगों से परिचित थे। वह बोलते कम थे लेकिन ठोस काम करने में विश्वास करते थे। उनके निधन से जो क्षति हुई है उससे हम सब लोग दुखी हैं। आप उन के शोक सन्तप्त परिवार तक हमारी समवेदना पहुंचा दें।

DR. MELKOTE (Hyderabad) : Some of us were his colleagues in the Third and Fourth Lok Sabha. He was a man with very few words but extremely good-mannered. I associate myself with the sentiments expressed by you and by the Leader of the House and I request you to convey on behalf of our party our sentiments to the bereaved family.

SHRI SHYAMNANDAN MISHRA (Begusarai) : I associate myself with the sentiments expressed by you and by the Leader of the House on the passing away of Dr. Sisir Kumar Saha.

SHRI P. K. DEO (Kalahandi) : On behalf of the Swatantra Party I offer my condolences to the bereaved family.

PROF. S. L. SAKSENA (Maharajganj) : I offer my condolences on the death of Dr. Sisir Kumar Saha. I have known him only during the Fourth Lok Sabha. I am so very sorry that he has passed away so quickly. I offer my condolences to the bereaved family.

MR. SPEAKER : The House may stand in silence for a short while to express its sorrow.

[The members then stood in silence for a short while.]

ORAL ANSWER TO QUESTIONS

साइकिल टायरों के मूल्य में वृद्धि

*481. श्री अटल बिहारी वाजपेयी : क्या औद्योगिक विकास मंत्री यह बनाने की कृपा करेंगे कि :

(क) क्या इनलप इंडिया ने हाल ही में साइकिल टायर का मूल्य 5 रुपये 85 पैसे प्रति टायर से बढ़ाकर 6 रुपये 50 पैसे प्रति टायर कर दिया है ; और

(ख) यदि हां, तो क्या इस मूल्य वृद्धि से पूर्व कम्पनी ने सरकार की अनुमति मांगी थी ?

औद्योगिक विकास मंत्रालय में उप-मंत्री (श्री सिद्धेश्वर प्रसाद) : (क) जी, हां।

(ख) जी, नहीं, इसकी आवश्यकता नहीं थी।

श्री अटल बिहारी वाजपेयी : दाम बढ़ाया आवश्यक नहीं है या इजाजत लेना आवश्यक नहीं है ?

श्री सिद्धेश्वर प्रसाद : इजाजत लेना। आने इजाजत लेने के बारे में पूछा है।

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, क्या यह सच है कि 1 मार्च 1971 को जब सरकार ने रेशन धागा डोरी और फैब्रिक्स की कीमतों में 2 रुपये प्रति किग्रा की कमी की थी तो यह कहा था कि टायरों के निर्माताओं का अधिक मूल्य बढ़ाने की इजाजत नहीं दी जाएगी। क्या यह सच है कि इनलप कम्पनी ने जो दाम बढ़ाए उस के परिणामस्वरूप टायरों की कीमतें 11 प्रतिशत बढ़ गयी हैं और उस के फलस्वरूप आम आदमी के काम में आने वाली

साइकिल 1 रुपया 30 पैसा ज्यादा महंगी हो गई है।

श्री सिद्धेश्वर प्रसाद : माननीय सदस्य ने सवाल साइकिल टायरों के बारे में पूछा है लेकिन अभी वह रैयन धागे का बात कर रहे हैं जिसका इस्तेमाल साइकिलों के टायरों के बनाने में नहीं होता है...

श्री अटल बिहारी बाजपेयी : होता है। मुझे खेद है कि मंत्री महोदय को जानकारी नहीं है। रैयन टायर यान कार और फाब्रिक्स यह 40 प्रतिशत काम में आता है टायर बनाने में। यह जानकारी मैं विशेषज्ञों से टकटका का हूँ मैं मानता हूँ कि मंत्री महोदय विशेषज्ञ नहीं हैं, न मैं विशेषज्ञ हूँ। लेकिन यह पता लगा ले कि रैयन टायर यान कार और फाब्रिक्स इस्तेमाल में आते हैं या नहीं ?

मैं दूसरा प्रश्न पूछता हूँ। मंत्री जी ने कहा कि सरकार से इजाजत लेना जरूरी नहीं है। क्या इसका अर्थ यह है कि पक्के माल के निर्माता अपने दामों में अनाप शनाप वृद्धि कर सकते हैं ? क्या कोई ऐसी प्रक्रिया नहीं है जिस के अन्तर्गत निर्माताओं को विवश किया जा सके कि माल बनाने की जितनी लागत होती है उस में उचित मुनाफा मिला कर वह दाम तय करें और क्या टायरों की कीमत का मामला भी सरकार किम्मा ऐसे बोर्ड को सौंपने का विचार कर रही है जो इस संबंध में उचित निर्णय दे सके।

श्री सिद्धेश्वर प्रसाद : श्रीमान्, टायर का सवाल और साइकिल टायर का सवाल दोनों अलग बोजे हैं। साइकिल का टायर बनाने में सूती धागे का इस्तेमाल होता है और मोटर तथा ट्रैक्टर के टायर बनाने में रैयन या नायलॉन

धागे का इस्तेमाल होता है। इसी लिये मैंने यह बात शुरू में ही स्पष्ट कर दी थी।

जहाँ एक माननीय सदस्य के प्रश्न के दूसरे अंश का सवाल है कि सरकार उस पर विचार करे और साइकिल टायर के निर्माताओं के साथ बात करे और उसके द्वारा जो काम कराने का सुभाव उनके सामने रखे और इस के लिए प्रयत्न करे- यह मुन्दर गुन्गाव है, सरकार इस पर विचार करेगी।

श्री नाथूराम अग्रिवार : एक तरफ सरकार कहती है कि हम टायर बनाने वालों से कुछ कर मागतें करेंगे दूसरी तरफ किसान जो गल्ला पैदा करता है, उसका कर्मा नहीं पूछती कि कितना भाव रखना चाहिए, सरकार को उन से भी इस के बारे में पूछना चाहिए।

अध्यक्ष महोदय : जैसे इनका सजैश्चन मान लिया है वैसे आपका भी मान लिया है।

श्री अटल बिहारी बाजपेयी : कहाँ माना है।

SHRI G. VISWANATHAN : In view of the fact that the tyre prices have already gone up and they are sold in the market at abnormal prices to the consumers and so much blackmarketing is going on in the distribution of tyres, may I know what steps will be taken by Government to enable the consumers to get the tyres at normal prices without having to get them in the blackmarket ?

SHRI SIDDHESWAR PRASAD : We have issued orders under the Essential Commodities Act, and we have requested the State Governments to take necessary action in the matter.

**Land for Rehabilitation of Pong
Dam Oustees**

*483. SHRI VIKRAM CHAND MAHAJAN : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether only 90,000 acres of land is available in Rajasthan for the rehabilitation of Pong Dam oustees against the total demand of 1.25 lakh acres by June, 1971 and 3 lakh acres on the completion of the Dam itself ;

(b) if now, how much land is available at present and where ; and

(c) how much land will be available on the completion of Pong Dam and in which regions of Rajasthan ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER SHRI B. N. KUREEL (a) to (c) : A total area of 2.25 lakh acres is to be made available in the Rajasthan Canal area for resettling the Pong Dam (Reservoir) Oustees. 1.12 lakh acres is already available for allotment to the oustees this year. About 90,000 acres more will become available on completion of Stage-I by 1973-74 and the balance under Stage-II of the Rajasthan Canal Project.

SHRI VIKRAM CHAND MAHAJAN : Last year, a team of MPs visited Rajasthan and they gave a report that only 95,000 acres were available and the balance was not there ; in fact, the *khata* numbers of the lands were given by the Rajasthan Government to the MPs, and in that list, it was specifically mentioned that only 95,000 acres were available, and the Union Minister had promised that the balance also would be made available from the Jatsar farms which had 30,000 acres. May I know from the hon. Minister wherefrom the Rajasthan Government have made available the balance of the land ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : We have approached the Agriculture Ministry and they have kindly allotted some land out of the Jatsar lands, and we have to get the lands. We have also found some areas in the canal irrigated area, and altogether, 1.12 lakh acres are available.

SHRI VIKRAM CHAND MAHAJAN : So far as the second stage is concerned, the Dam is expected to be completed by 1973 whereas the balance of the land of 90,000 acres and the additional land of 75,000 acres are to be available after the completion of the Rajasthan Canal, and 60 miles of that canal is still to be completed. Past experience shows that that particular portion of the Rajasthan canal would take ten years to complete, whereas the dam is going to be completed within two years. May I know from the hon. Minister how he will rehabilitate the oustees in that particular region without water and land ?

DR. K. L. RAO : The balance of land to be found is very little, because 1.12 lakhs are already there, and 90,000 acres will become available in 1973-74 on completion of Stage I, and that leaves only a small amount of about 23,000 acres, and for this, we have requested the Planning Commission to give us some extra funds to proceed with the second stage, and from the first portion of the second stage, we propose to allot the lands.

**Pending Applications for Industrial
Licences from Orissa**

*484. SHRI P. K. DEO : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the number of applications for industrial licences forwarded by the Government of Orissa which are pending with the Government of India ;

(b) the names of industries for which licences have been sought and the capital investment in each of them ; and

(c) the reasons for the delay in giving licences ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT SHRI SIDDHESHWAR PRASAD (a) to (c) : A statement is placed on the Table of the House.

Statement

(a) and (b) : During the last three years, i.e. 1968, 1969 and 1970, in all 59 applications were received for industrial licences for Orissa. Of these applications, licences have been issued in 6 cases and letters of intent in 12 cases. 17 applications have been rejected and 8 have otherwise been disposed of. The remaining 10 applications are under consideration. All these pending applications relate to 1970. Besides, 5 applications received during the current year (upto 30th April), are also under consideration. Details of the applications, on which decisions are yet to be taken, are not normally disclosed :

(c) Consideration of industrial licence applications necessitates fairly detailed examination of various aspects of the proposals and disposal of particular applications is often delayed due to various factors. In some of these cases, the applications did not provide all necessary particulars and additional information had to be obtained. In certain other cases, policy decisions on the industry as a whole had to be arrived at. However, efforts are being constantly made to dispose of the pending applications as quickly as possible.

SHRI P. K. DEO : The statement is very sketchy and misleading. There is no mention of the names of the industries and the capital investment, which have been asked for in reply to part (b) of the main question. I hope the hon. Minister will

come out with a full reply to my supplementary question. Even though we are swearing day in and day out by socialism and public sector undertakings, is it not a fact that the Industrial Development Corporation of Orissa asked for a licence for a sponge iron and polyester fibre plant but the licences were actually given to private people just before the elections ?

SHRI SIDDHESHWAR PRASAD : The hon. Member has referred to a particular project of which I am not aware. I require notice.

SHRI P. K. DEO : It is a very pertinent question.

MR. SPEAKER : He wants notice.

SHRI P. K. DEO : Are Government aware that basing their findings on the accepted principle that the allocation of industries is being made on political grounds and on the basis of the various pulls by the States on the Centre, the Rajamannar Committee has made a specific recommendation :

"All important industries have been brought under the control of Parliament, leaving practically no scope for initiative with the State Governments".

and they have recommended that entry 52 in the Union List should be suitably amended so that the State Government could get more powers.....

MR. SPEAKER : Let the hon. Member ask a straight question.

SHRI P. K. DEO : Government would not supply the details.

If I ask about particular industries, Government have no answer. If I ask him on policy matters, you say that I can not ask.....

MR. SPEAKER : Let him ask a direct question.

SHRI P. K. DEO : Is it not high time that the licensing system should be decentralised ?

SHRI SIDDHESHWAR PRASAD : That is not under contemplation.

श्री नवल किशोर सिंह : मैं जानना चाहता हूं कि इण्डस्ट्रीयल लाइसेंस के निस्तार के लिये कोई अवधि सरकार ने निश्चित की है कि इतने दिनों में जहां कोई खामी नहीं होगी, उसका अवश्य निस्तार (डिस्पोजल) कर दिया जायगा ?

MR. SPEAKER : The statement has been laid on the Table of the House.

SHRI N. K. SINHA : The statement says nothing about any time-limit for disposal of applications.

श्री सिद्धेश्वर प्रसाद : श्रीमन्, आमतौर पर कोशिश यह की जाती है कि तीन महीने में इण्डस्ट्रीयल लाइसेंस ईशू कर दिया जाय, लेकिन जैसा कि स्टेटमेंट में स्पष्ट किया गया है, कभी कभी ऐसी दरखास्ते आती हैं, जिन में जो जानकारी मांगी जाती है, वह पूरी नहीं दी जाती है, उन से जानकारी मंगाने में देर लग जाती है। कभी कभी जो इण्डस्ट्रीयल लाइसेंस मांगे जाते हैं, उन का कई पार्टियों से सम्बन्ध होता है, उन की छानबीन में देर हो जाती है।

RE : Q 485

MR. SPEAKER : Next question. Shri Hukam Chand Kachwai.

श्री अटल बिहारी वाजपेयी : उन को पुलिस ने गिरफ्तार कर लिया है, वह जेल में हैं सबाल कैसे पूछेंगे ?

अध्यक्ष महोदय : वह अपने आप उस तरफ चले गये. हम से तो पूछा नहीं। अगर हम से पूछ कर गये होते तो हम देखते।

Railway Ticket Racket

*487. SHRI B. K. DASCHOWDHURY : Will the Minister of RAILWAYS be pleased to state :

(a) whether a Railway ticket racket has recently been unearthed in Northern Railway ;

(b) if so, whether some arrests have been made in this regard ; and

(c) the steps Government propose to take in the matter ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No, Sir.

(b) This does not arise in view of reply to part (a) above.

(c) Checks at various levels are prescribed and all possible preventive measures are taken to deal with malpractices connected with tickets. I want to clarify that this reply to part (a) of the question does not mean that there is no racket at all. It is in reply to the specific question whether recently a racket has been unearthed.

As hon. Members are aware, I am not one of those who want to hide things. because the administration is as much yours as mine. Rackets are going on, and all possible efforts are being made. In fact, I am also going on inspection, and there is a non-official organisation on ticketless travel. I am happy to tell the House that only the day before yesterday an entire marriage party of 75 persons including

the newly wedded bride and bridegroom, found their way to the lock-up for travelling without tickets in the Khat-Gaya Passenger train. They were caught in a surprise magisterial check near Jammuwan Railway Station. They were summarily tried and fined Rs. 75,000 and in default they were sent to jail. The marriage party had come from Pekai village, Musai Thana of Patna District.

Therefore, this ticketless travelling has become a feature of our administration, and I for one want to take very many steps to check this ticketless travel.

SHRI B. K. DASCHOWDHURY : I am glad my question has helped the Minister come out with a frank statement. However, the hon. Minister has confused two things. Here the specific question is whether the Railway Administration has unearthed a Railway ticket racket.

On the 19th May there appeared a press statement in the *Indian Express* by an officer of the Northern Railway, Mr. Kohli, who is the Divisional Superintendent. He has admitted that racketeering is going on within the four corners of the law, and that it is very difficult for the railway authorities to check it. So, my question is whether any instructions have been given to the Vigilance Department to investigate into this ticket racketeering and whether the Vigilance Department has totally failed, and secondly whether this racketeering in the Northern Railway has been going on because of some railway officials and unauthorised travel agents being in league.

SHRI HANUMANTHAIYA. In regard to the statement by Mr. Kohli, I have got that information. I concede that the Vigilance Department should work with better efficiency. I may inform the House that today I met the officers connected with this question and I have proposed very many modifications and improvements in the methods of finding out these rackets, and I will pursue it,

SHRI B. K. DASCHOWDHURY: The hon. Minister has not replied to my question about the vigilance department. He merely made a little observation.

MR. SPEAKER : In your case I have noticed that you do not come out direct with the question ; you add introductions and later on explanations. Kindly conform to the rule and put a straight question.

SHRI B. K. DASCHOWDHURY : My straight question is whether the ticketless travel racket is going on in collusion with some railway officials and some unauthorised travel agents.

SHRI HANUMANTHAIYA: Yes, Sir.

MR. SPEAKER : That is the best way of answering a question Yes, Sir ; or No, Sir.

SHRI HANUMANTHAIYA : The hon. Member wanted to know whether some unauthorised travel agents and some railway officials were involved and I made a straight answer. These people are involved and we are trying to find out. That is the real trouble... (*Interruptions*)

श्री एस० एन० पांडे : क्या मन्त्री जी बताने की कृपा करेंगे कि जब आपको मालूम है कि इस तरह की रैकेटिंग चल रही है तो उसको दूर करने के लिए आपने कौन से स्टेप लिए हैं और पहली बार आपको यह मालूम हुआ था ?

SHRI HANUMANTHAIYA: So far as the steps on the concerned, I have got a series of steps that have been taken and if you permit me I shall lead them ; they are about two pages.

MR. SPEAKER : You can lay it on the Table of the House.

SHRI HANUMANTHAIYA : The point is that we are taking continuous steps. We have to go on pursuing. There is no final solution to these matters.

**Conversion of Howrah-Amta Section
into Broad Gauge**

*490. **SHRI JYOTIRMOY BOSU :** Will the Minister of RAILWAYS be pleased to state :

(a) whether it has been represented to Government that the Howrah-Amta Section, which was closed down recently, if converted into broad gauge and extended, may provide an alternative route between Howrah and Kharagpur which is considered essential for the smooth running of South Eastern Railway trains; and

(b) if so, the action, if any, taken on the said representation ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes, Sir.

(b) The major portion of the alignment of the Howrah-Amta Light Railway is on the District Board Roads. If a Broad Gauge is to be constructed, a different alignment would be essential. An alternative route between Howrah and Kharagpur is not considered necessary from the point of view of the existing rail facilities.

SHRI JYOTIRMOY BOSU : Is it not a fact that it was the opinion of people in the railways that the track between Howrah and Kharagpur was much too overworked and, if so, what steps do the Railways propose to take on that opinion ?

SHRI HANUMANTHAIYA : I have already answered that was not the opinion of the railway administration,

They have given me the information that between Kharagpur and Howrah, there are two lines and three lines track and they will be able to take all the traffic that can be secured.

SHRI JYOTIRMOY BOSU : I regret I am unable to accept this because I was told by very competent persons that the tracks were not enough. Anyway, I do not like to go into that *jagda* now. Would you kindly tell us if in view of the density of population that exists in that area, and also from the point of view of serving the industries, this conversion of the light railway into broad gauge will mean new business for the railways and, at the same time, whether production will go a long way ?

SHRI HANUMANTHAIYA : The hon. Member may be right in his assessment on the situation, but the fact is that we have no money for opening new lines and the proposal, if implemented, would cost Rs. 8 crores to Rs. 9 crores, and there is no money available in the plan expenditure for that purpose. In fact, the hon. Member knows we want the restoration of the cut of Rs. 250 crores, and if that cut is restored we will be able to think about this thing.

SHRI A. P. SHARMA : The Minister has explained the difficulties in converting the narrow gauge line into broad gauge. But is this difficulty only in the case of the Howrah-Amta light railways or in the case of the other light railways also like the Shahdara-Saharanpur line, because, in that case it will altogether a major policy decision. We would like to see that wherever these lines are closed, they should be converted into broad gauge, because perhaps.

MR. SPEAKER : I admire your way of putting it (*Interruption*)

AN HON. MEMBER : What is the answer ?

SHRI HANUMANTHAIYA : I agree with the hon. Member that there are many lines in India which deserve the kind of treatment that the hon. Member suggests. The only question is, its one of availability of funds and priority in the matter of taking up these lines.

श्री ईश्वर चौधरी : क्या रेल मंत्री महोदय बतायेंगे कि राष्ट्रीय महत्व की दिल्ली-हावड़ा ग्रान्ड ट्रंक रोड पर बिहार प्रान्त के गया जिला-न्तर्गत शेरघाटी पुल टूट जाने से सड़क यातायात बिल्कुल बन्द हो गया है जिस की वजह से रेल स्टेशनों पर पर्याप्त मात्रा में भीड़ जमा हो गयी है और यात्रियों को बड़ी कठिनाइयाँ हो रही हैं। इसलिए क्या आप मुगलसराय से धनबाद तक आप और डाउन गाड़ी बढ़ाने जा रहे हैं?

SHRI HANUMANTHAIYA : This is a new question.

श्री ईश्वर चौधरी : सम्भवतः मंत्री महोदय मेरा प्रश्न समझ नहीं पाये, मैं फिर दोहराते देता हूँ। मैं जानना चाहता हूँ कि राष्ट्रीय महत्व के दिल्ली-हावड़ा ग्रान्ड ट्रंक रोड पर गया जिले में शेरघाटी पुल के टूट जाने से सड़क यातायात बन्द है और इस वजह से रेलों पर यात्रियों की काफी भीड़ होने लगी है और गाड़ियाँ कम होने की वजह से यात्रियों को बड़ी कठिनाइयाँ हो रही हैं। इस बात को ध्यान में रखते हुए क्या मंत्री जो मुगलसराय-धनबाद के बीच में आ और डाउन गाड़ियों की व्यवस्था करने जा रहे हैं ताकि यात्रियों को आराम मिले?

अध्यक्ष महोदय : यह सवाल तो हावड़ा-आमता सेक्शन तक महसूस है।

Separation of Judiciary from the executive.

*491. SHRI S. M. BANERJEE : Will the Minister of LAW AND JUSTICE be pleased to state :

(a) the steps taken to separate Judiciary from Executive in various States ;

(b) the number of States which have not yet done so and the reason therefor; and

(c) the reaction of the Central Government in this regard.

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITIRAJ SINGH CHAUDHARY) : (a) A statement is laid on the Table of the House.

(b) and (c). The Government of Nagaland have expressed their inability to effect separation because of special situation prevailing in that State. The Code of Criminal Procedure is not in force in Nagaland but certain rules made under Section 6 of the scheduled Districts Act, 1874, govern the trial of offenders in the State. A—11 criminal cases, except heinous crimes are settled according to local customary laws. The State Government in the circumstances do not consider it necessary to separate Judiciary from the Executive.

The subject 'Administration of Justice' falls in the State's sphere. It is primarily the responsibility of the State Government to take action for separation of the Judiciary from the Executive in Nagaland.

The Central Government have introduced a Bill in Parliament for the enactment of a new Code of Criminal

Procedure under which separation of the Judiciary will be made on an All India basis. The Bill is now before a Joint Committee of Parliament.

Statement

The Judiciary has been separated from the Executive in Gujarat, Haryana, Jammu and Kashmir (except Poonch Sessions Division) Maharashtra, Mysore, Punjab and West Bengal by Statute and by executive order in Kerala, Madhya Pradesh, Orissa, Tamil Nadu, Bihar, over substantial areas of Andhra Pradesh, Uttar Pradesh and in some areas of Assam and Rajasthan. The Punjab Separation of Judicial and Executive Functions Act, 1964, is in force in that part of Himachal Pradesh State which formed part of Punjab prior to 1.11.1956.

2. Among Union territories, statutory separation exists in Chandigarh where the Punjab Separation of Judicial and Executive Functions Act, 1964, is in force. The Union Territories (Separation of Judicial and Executive Functions) Act was enacted in 1969. It came into force in all the areas of the Union territory of Delhi with effect from 2nd October, 1969, and in all areas of the Union territory of Nicobare, Minicoy and Amindivi Island with effect from the 1st day of March, 1970. In relation to the Union territory of Goa, Daman and Diu, 1st July, 1971, has been appointed as the date on which the said Act shall come into force in the Union territory. In other Union territories the Act has yet to come into force.

SHRI S. M. BANERJEE : From the statement it appears that the judiciary has been separated from the executive, in Gujarat, Jammu and Kashmir (except Poonch Sessions Division) etc. and "over substantial areas of Andhra Pradesh", etc. What exactly is the definition of "over substantial areas" ? Why has it not been separated in the entire State ? Also, why has Poonch Sessions Division been omitted in Jammu and Kashmir ?

SHRI NITIRAJ SINGH CHAUDHARY : As I said, the administration of justice is a State subject. It is for them to separate the judiciary from the executive. Under article 50 of the Constitution, the Centre can give them advice and that is what we are doing. It is for the State Governments to decide where they should separate it and where they should not. As I said, we are amending the Criminal Procedure Code, so that the judiciary is separated from the executive on an all-India basis.

SHRI S. M. BANERJEE : About amending the Cr. P. C. may I know whether the views of State Governments have been obtained and if so, whether there is unanimity among them or whether there is difference of opinion ? If so, which are the States which differ ?

SHRI NITIRAJ SINGH CHAUDHARY : The Bill is before the Select Committee and all these aspects that have been raised will be considered.

MR. SPEAKER : He is asking whether the views of the State Governments have been ascertained on this.

SHRI NITIRAJ SINGH CHAUDHARY : I require notice of that question.

SHRI DINESH CHANDRA GO-SWAMI : Will the minister please state whether his attention has been drawn to certain opinions expressed by persons of eminence in the legal field that appointments of Judges of High Courts and Supreme Court either on the eve of their retirement or after retirement on deferred commissions affects the integrity and independence of the judiciary, because it is kept under the control of the executive ?

MR. SPEAKER : I am sorry it does not arise out of this question. Are you a lawyer ?

SHRI DINESH CHANDRA GO-SWAMI : Yes. Indirectly it arises because.....

MR. SPEAKER : Separation of the judiciary from the executive is a specific subject. You can give separate notice of this question.

SHRI R. V. BADE : The statement says that judiciary has been separated from the executive in M. P. But cases under sections 107, 117C and 145 of the Cr. P.C. are tried by revenue officers and not by judicial officers. How can you say that they have been separated ?

SHRI NITIRAJ SINGH CHAUDHARY : Sections 107 and 110 deal with offences relating to law and order questions. They are tried by revenue officers, who are also magistrates. In Madhya Pradesh in all other matters there is complete separation.

SHRI B. R. SHUKLA : In Uttar Pradesh there used to be complete separation of the judiciary from the executive with the result that magistrates attached to the executive side were not deciding cases arising under the Indian Penal Code. This policy was reversed by the government headed by Shri Charan Singh with the result that...

MR. SPEAKER : No speeches. Let him come to the question.

SHRI B. R. SHUKLA : May I know whether the executive magistrates in UP are now deciding cases arising under the Indian Penal Code ?

MR. SPEAKER : This is a specific question about separation of the judiciary from the executive.

SHRI B. R. SHUKLA : May I know whether there is any separation of judiciary from the executive with respect to the trial of cases arising under the Indian Penal Code in Uttar Pradesh ? I think my question is very very specific.

SHRI NITIRAJ SINGH CHAUDHARY : In the statement it has been

mentioned that in UP there is separation of the judiciary from the executive by an executive order.

श्री सतपाल कपूर : मैं आप की मार्फत मिनिस्टर साहब से जानना चाहता हूँ कि जिन स्टेट्स में अभी तक जुडिशियरी एग्जिक्यूटिव से अलग नहीं हुई है क्या उन स्टेट्स का सेंट्रल गवर्नमेंट कोई हिदायत देगी कि कब तक जुडिशियरी एग्जिक्यूटिव से अलग कर दिया जाये ?

श्री नीतिराज सिंह चौधरी : अटिकल 50 के अनुसार हमें सलाह देने का अधिकार है हिदायत देने का नहीं। हम सलाह दे रहे हैं और कोशिश कर रहे हैं कि जुडिशियरी से एग्जिक्यूटिव को अलग कर दिया जाये।

SHRI B. K. DAS CHOWDHURY : May I know whether it is a fact that in view of the financial stringency in West Bengal the process of separation of judiciary from the executive has not yet been completed and whether the State Government of West Bengal has already approached the Centre for certain financial relief to complete this process of separation, as directed by the Constitution ?

SHRI NITIRAJ SINGH CHAUDHARY : I know it for a fact that in the State of West Bengal separation of the executive from the judiciary is not complete, but the reasons are not known to me. At least the Ministry is not aware of them.

Development of Light Industries Abroad with Indian Collaboration

* 402 **SHRI C. JANARDHANAN :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether many nations sought India's help in developing light industries in their respective countries;

(b) if so, the names of those countries; and

(c) whether Ghana asked for help and collaboration ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) Yes, Sir,

(b) The countries which have sought India's assistance to set up small scale industries including light engineering industries, include Malaysia, Iran, Afghanistan, Kenya, Mauritius, Libya, Fiji, Nepal, Bhutan, Zambia, Western Nigeria, Trinidad, Surinam, Tobago, Egypt, Ghana etc.

(c) Ghana had asked for India's assistance to set up an industrial estate and a workshop for the development of small scale industries. Machinery worth about Rs. 4.02 lakhs is being supplied to Ghana and shortly an officer of the Small Scale Industries Development Organisation may go to Ghana for its installation and putting it into operation.

SHRI C. JANARDHANAN : May I know the character of the assistance given to the various countries ? Is it limited to technical know how and machinery or are we establishing some industries there ?

SHRI SIDDHESHWAR PRASAD : It varies from country to country. To some countries we are giving only technical know-how while in the case of some other countries we are assisting them in the installation of industries. There are certain cases where we have joint ventures also.

SHRI C. JANARDHANAN : What are the agencies involved in giving assistance to the various countries—only the public sector industries or the private

sector also ? If the private sector is involved, are there any of the 75 monopoly business houses mentioned in the Report of the Monopoli Commission ?

SHRI SIDDHESHWAR PRASAD : There are some monopoly houses also involved in this, but mostly it is the Small Scale Industries Development Organisation which gives them technical know-how and helps them in erecting small-scale industries.

SHRI M. RAM GOPAL REDDY : What is the exact objection of the Government to allowing the monopoly houses to establish industries in other countries ?

SHRI SIDDHESHWAR PRASAD : I have just now replied to it.

SHRI M. RAM GOPAL REDDY : Why should we not give them full freedom ?

MR. SPEAKER : Nothing about this was mentioned in his reply so that it might prompt a question from you.

SHRI INDER J. MALHOTRA : One of the monopoly houses, that is the Birla group, had set up factories in Ethiopia and other African countries. Have any complaints from those governments been received about the working of the Birla group in those countries ?

MR. SPEAKER : This is going too much beyond the scope of the question.

SHRI SIDDHESHWAR PRASAD : The Birla group of industries have established some industries in some countries but I do not have the details with me.

DR. RANEN SEN : Will the Minister give us a rough figure as to the amount of help rendered by the public sector agencies in India to such countries in Africa and

the ratio it bears to the help rendered by the Indian big business to such countries ?

SHRI SIDDHESHWAR PRASAD : I do not have the figures with me at the moment.

SHRI SHYAMNANDAN MISHRA : Have Government any estimate of the amount of private investment that has taken place overseas and can they give us an idea about this ?

SHRI SIDDHESHWAR PRASAD : I do not have the total figures with me. In certain countries the private sector has gone and has established industries. But what is the total amount of investment, I do not have the figures with me.

SHRI SHYAMNANDAN MISHRA : What is the use of our asking question if he does not have the figures with him ?

SHRI PRABODH CHANDRA : Will the Minister be pleased to say if any of these big business houses have repatriated any foreign exchange earned by them by setting up factories outside India ?

SHRI SIDDHESHWAR PRASAD : These figures are with the Ministry of Finance.

Announcements in Hindi on Railway Stations in Hindi-Speaking States

* 495. SHRI SAMAR GUHA : Will the Minister of RAILWAYS be pleased to state :

(a) whether in Hindi-Speaking States announcements at Railway Stations are made exclusively in Hindi; and

(b) whether Government propose to issue directions to the effect that Hindi announcements in Hindi-Speaking areas should be followed by English versions ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No Sir.

(b) As per existing practice announcements are made in Hindi and English in Hindi-speaking areas.

SHRI SAMAR GUHA : The Minister says, "No". What am I to believe, his 'No' or my own ears ? I have heard it in many places while coming from Howrah to Delhi. At many stations only Hindi announcements are made and not English. It may be a mistake, but it is being done in many places. I will be satisfied if the Government categorically says that it may be an individual lapse but it should not be done and everywhere in English, Hindi and regional language announcements should be made. If this is a categorical directive, I have no grudge.

SHRI HANUMANTHAIYA : I have stated the position so far as the railway administration is concerned. If in any place the direction of the railway administration is not carried out, as my hon. friend suggests, he may bring it to my notice and I will rectify matters.

SHRIMATI LAKSHMIKANTHAM-MA : How many people know English ? Announcements in English will not help many people ; so, it should be only in Hindi. What objection has the Minister got ?

(इन्टरव्यू) देश के कितने लोग अंग्रेजी जानते हैं ? दो, तीन या चार परसेंट ? मुझे अपने प्रश्न का उत्तर चाहिये । क्या मंत्री महोदय रेलवे स्टेशनों में अंग्रेजी एनाउन्समेंट्स को हटावेंगे ?

MR. SPEAKER : This is not a question but a suggestion for action.

SHRIMATI LAKSHMIKANTHAM-MA : I want to know whether they

are going to remove English announcements at the stations.

SHRI HANUMANTHAIYA : The Railway Administration cannot have a policy of its own in this matter. Whatever the hon. House decides we are going to have.

SHRI ATAL BIHARI VAJPAYEE : The House has decided that there should be bilingualism for sometime to come. May I know what is being done at the railway stations which are situated in non-Hindi speaking areas ? Are announcements being made in Hindi also there ?

SHRI HANUMANTHAIYA : The instructions are clear and, in fact, as the hon. Member knows, in south, the names are written in Hindi..... (*Interruption*)

SHRI ATAL BIHARI VAJPAYEE : Not in Tamil Nadu.

SHRI HANUMANTHAIYA : Whatever the directions, they have to be implemented all over India.

Broad gauge line from Rohtak to Bhiwani (Northern Railway)

*501. **SHRI MANI RAM GODARA :** Will the Minister of RAILWAYS be pleased to state :

(a) whether any representation from the citizens of Bhiwani in Hissar District for a broad gauge line connection from Rohtak to Bhiwani was received; and

(b) if so, the action taken by the Railway Administration to meet the demand of the people ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes, Sir.

(b) The representation was given due consideration, but it was found that sufficient traffic would not be generated to

make the proposed rail link economically viable. Its construction is therefore not being considered at present.

श्री मनोराम गोदरा : मंत्री महोदय ने उत्तर म कहा है कि इस पर विचार किया गया था लेकिन यह पाया गया कि यह रेल लिंक इकानामिकली वायबल नहीं होगा। मैं जानना चाहता हूँ कि कौन सा क्रायि-रिया अनाया गया जिससे आप इस नतीजे पर पहुँचे ?

MR. SPEAKER : He wants to know : What criteria were applied for arriving at this decision ?

SHRI HANUMANTHAIYA : It is the financial criteria.

श्री मनोराम गोदरा : यह रेल लिंक मुनाफा नहीं देगा इस फैसले पर जब आप पहुँचे तो कौन कौन से फैक्टर्स आपने कंसिडर किये थे। ट्रैफिक का किया था, लोडिंग का किया था, किस तरह के फैक्टर्स आपने कंसिडर किये थे ?

SHRI HANUMANTHAIYA : All these loadings and other things have ultimately to be measured in terms of income.

श्री भान सिंह भौरा : जब भी पत्र लिखे जाते हैं यही जवाब दे दिया जाता है। मैं जानता हूँ कि सर्वे करने वाली पार्टी में कौन कौन से अफसर होते हैं ? यही जवाब हर एक का होता है। मैं जानना चाहता हूँ कि कौन सी एजेंसी है जो इनवेस्टीगेट करती है ?

SHRI HANUMANTHAIYA : That is hardly a question for me to answer.

श्री मनोराम गोबरा : इन्होंने फेक्टज बताये हैं जिनकी वजह से मंत्री महोदय हर सिक का पेंडिंग शी साउंड नहीं समझते हैं। जिस तरह स इंडस्ट्री बढ़ रही है, एग्रीकल्चर का पैदावार बढ़ रहा है, उसका देखते हुए आज बहुत फरक पड़ गया है और पड़ता जा रहा है। मैं जानना चाहता हूँ कि इन चीजों की ध्यान में रखते हुए क्या और इसका चुनाव सब कराया, चुनाव पता लगाया कि फायरशॉट यह रेल लाइन खूद करती है या नहीं करती है।

SHRI HANUMANTHAIYA : I have advisedly said 'at present'. If in future there is a possibility of this line being made financially viable, we shall consider that.

श्री सतपाल कपूर : जिन सरियाज स रिप्रिजेंटेशन आता है कि वहाँ रेलवे लाइन खाली जाए, वहाँ जब आपको सर्वे पार्टी जाती है तो उस सर्वे पार्टी के साथ उस एरिया के मंत्री आफ पार्लियामेंट को भी सम्बद्ध किया जायगा, उसके साथ उसकी भी रखा जायगा ताकि वह पता कर सकें कि यह प्रोपोजेक्ट फाइनेसली वायविल है ?

SHRI HANUMANTHAIYA : The technical people make survey. Whatever the survey may be, the survey report will be made available to Members if they want to see. I have no secrecy about it.

Development of Haldia Industrial Complex

*503. DR. RANEN SEN : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government propose to develop Haldia as a big industrial area in order to give fillip to the industries in West Bengal; and

(b) if so, the steps taken by Government in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD): (a) and (b). A number of steps are being taken to develop Haldia as an industrial area. A petroleum refinery is expected to be completed by the end of 1972. The Haldia Dock project is expected to be commissioned by middle of 1972. Besides there are certain proposals under consideration for setting up a fertiliser and petro-chemical complex and a shipyard in the Haldia region. The State Government are acquiring land for developing Haldia as a large industrial area. Industrial Estates are also planned by the West Bengal Industrial Development Corporation.

DR. RANEN SEN : May I know what is the progress made so far in respect of this project which is being contemplated to be started in Haldia ? (Interruption) What is the progress made so far ?

SHRI SIDDHESHWAR PRASAD : I have pointed out that the Petroleum refiner is supposed to be completed by the end of 1972 and the Haldia Dock Project is expected to be commissioned by this middle of 1972. Unless for other industrial estate and projects the land is acquired, progress cannot take place.

DR. RANEN SEN : May I know whether it is a fact or not that the West Bengal Government has already acquired the land and facilities are being given to the Government of India to establish this fertiliser plant and other ancillary industries. It is the Government of India which is negligent towards development in Haldia.

SHRI SIDDHESHWAR PRASAD : It is a situation we are faced with, namely, difficulty of getting land. Now, as the

hon. Member has stated, if it is correct, then, naturally other steps will be taken for the completion of the project.

DR. RANEN SEN : He neither agrees nor denies. That is my information. I want to know whether that is correct or not.

SHRI S. C. SAMANTA : Is it not a fact that the Government of India has recently informed us that the Haldia project will go on working from 1973 ? In that context may I know why the Government is making delay in asking industrialists to come and provide them with all facilities in the area ? I would like to know whether this area is going to be regarded as free trade zone.

SHRI SIDDHESHWAR PRASAD : As far as the free trade zone, as far as I am aware, no decision has been taken. As to the other two points; two steps have been taken in this direction. One is that a cell has been created in the Home Ministry to look into West Bengal's problem including Haldia. Another is that the West Bengal Reconstruction Corporation has been set up and they will look into the financial aspects of West Bengal including Haldia.

SHORT NOTICE QUESTION

Supply of Power from Korba Thermal Plant to Uttar Pradesh

SN Q. 2. SHRI N. N. PANDEY: Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the Madhya Pradesh Government have discontinued the supply of Power from Korba Thermal Plant to Uttar Pradesh from the 8th June, 1971;

(b) if so, the reasons therefor; and

(c) whether the Central Government are proposing to resolve this matter ?

THE MINISTER OF IRRIGATION AND POWER DR. K. L. RAO : (a) Madhya Pradesh Electricity Board discontinued the bulk power supply to Uttar Pradesh from midnight of 8th June, 1971.

(b) The Madhya Pradesh Electricity Board had agreed to supply about 35 to 55 MW of bulk power to Uttar Pradesh State Electricity Board from their Korba power system on a mutually agreed basis. The power supply was commenced with effect from 24th August, 1970, and a tariff rate which worked out to an average of 8 paise per kwh was agreed to. However, the Madhya Pradesh Electricity Board had, by stages, increased the rate to an average of about 12 paise per kwh between the period of August, 1970 to May, 1971. The Uttar Pradesh State Electricity Board had been making payments on the basis of average rate of 8 paise per kwh plus coal surcharge as indicated by Madhya Pradesh Electricity Board from time to time. On the other hand, according to Madhya Pradesh Electricity Board the arrears of payment were of the order of about Rs. 1.23 crores in line with various increases intimated by them to Uttar Pradesh State Electricity Board.

(c) The power supply has been resumed with effect from 6 P. M. on 12th June, 1971, as a result of the discussions between the Chief Ministers of Madhya Pradesh and Uttar Pradesh.

श्री एन. एन. पांडे : मैं मंत्री महोदय से यह जानना चाहता हूँ कि जब सेंट्रल वाटर एंड पावर कमिशन की इन्टरवेन्सन से 8 पैसे पर यूनिट का एक रेट तय हो गया, तो फिर यकायक रेट को 70 परसेंट बढ़ाने और हर साल बढ़ाते रहने का क्या कारण था और क्या सेंट्रल वाटर एंड पावर कमिशन ने कोई ऐसा स्टैप लिया, जिस से यह डिस्पूट रिजाल्ट किया जा सके।

DR. K. L. RAO : It is true there is some rise in the charges. But the MP Electricity Board contend that they have to get coal from a longer distance and therefore they have increased the rate. But this was not discussed between them. It is regrettable that power was cut off suddenly.

Apart from this, the Government of India has got an organisation, the Central Electricity Authority which acts as arbitrator in these disputes. Unfortunately, this case was not referred to them. I think now it will be taken up by the Central Electricity Authority.

श्री एस. एन. पांडे : इस बात को देखते हुए कि उत्तर प्रदेश में इलेक्ट्रिसिटी की कमी है, क्या मंत्री महोदय एक सेंट्रल पावर प्राजेक्ट बनाने पर विचार कर रहे हैं, जिस से इस कमी को दूर किया जा सके ?

DR. K. L. RAO : It is true there is a heavy shortage of power in UP. It is as much as 5 million units a day. We are fully aware that we should try to make it up as early as possible. We are trying to get power from DVC; we are also trying to see whether some more projects could be set up to produce power.

SHRI S. M. BANERJEE : Is the hon. Minister aware that the Irrigation and Power Minister of UP repeatedly approached the Central Government and apprised them of the serious power crisis in UP resulting in closure and partial closure of many textile and engineering units and even defence units ? If so, what steps have been taken by Government to see that the Central Government comes to the rescue of the UP Government in the matter of supplying power from other States ? Also, is it a fact that the agreement signed with the Birlas regarding power supply from the Rihand Dam to their Aluminium Corporation is for 25 years ? Is this not

a humiliating agreement by which they are bound to supply power at the cheapest rate to Birlas at the expense of the peasants and small industrialists ? Will this agreement be scrapped and power supplied to other units ?

DR. K. L. RAO : I have already said there is a heavy shortage of power in UP by as much as 5 million units a day. We are trying to get it from DVC as also from Madhya Pradesh and partly from Delhi. Bhakra is just picking up and there will be some surplus in Delhi which can be sent to UP. We are requesting Badarpur to come up in the next year. If it does, the shortage will be less. Still I would submit that for two or three years the power position in Uttar Pradesh will be difficult.

SHRI S. M. BANERJEE : What about scrapping the agreement with Birla ? It seems the Rihand Dam was constructed spending a huge amount only to supply to Birla's Aluminium Corporation as seen by the 25-year agreement of which there are still ten more years to run. The UP Government is ready to scrap the agreement. What about the Central Government.

MR. SPEAKER It is not connected with this question.

श्री जशि भूषण : माननीय मिनिस्टर साहब जानते हैं कि मध्यप्रदेश में भी पावर शॉर्टेज बहुत ज्यादा है। मध्य प्रदेश में जो देश में सब से बड़ी और सब से तेज बहने वाली नदी नर्मदा है, अभी तक सरकार ने उस पर कोई बिजली उत्पादक बांध नहीं बनाया है। उत्तर प्रदेश को बिजली देने का क्या फायदा है जब वहाँ पर बिड़ला को वह बिजली तीन पैसा प्रति यूनिट के हिमाब से दे दी जाये ? पहले उत्तर प्रदेश यह व्यवस्था करे कि बिजली को सही जगह

पिछड़े इलाके की तरक्की को इस्तेमाल किया जायेगा, वर्ना मध्य प्रदेश सरकार ने यह बहुत अच्छा फैसला किया है। क्या मंत्री महोदय इस बारे में कोई उत्तर देंगे ?

MR. SPEAKER : This is a suggestion for action.

श्री शशि भूषण : उत्तरप्रदेश में, सस्ता बिजली से बिड़ला एलुमिनियम बनाते हैं और दूसरे इलाकों में, प्रांतों में ले जाता है। उत्तर प्रदेश के पूर्वी जिलों में एक भी इंडस्ट्री नहीं बनाई गई है। एलुमिनियम द्वारा सिर्फ वह एक्सप्लायट कर रहा है। सरकार ने गर्वदा पर भी कोई बाँध नहीं बनाया है। बिजली कहां से पैदा होगी ?

SHRI R. V. BADE : The MP Government stopped supply of power to UP because the UP Government refused to pay arrears outstanding against them. Is this a fact ? If so, what is the total of arrears outstanding ?

DR. K. L. RAO : It is an agreement for transfer of power temporarily, for a few months. The agreement was entered into between UP and MP. Madhya Pradesh contend that in terms of agreement, they are entitled to further charges regarding duty and so on. UP contend that under the agreement that is not entertainable. So there is a dispute between the two and this can be settled by an arbitration body like the Central Electricity Authority.

SHRI D. N. TIWARI : The Minister said he will make up the deficit of power for UP from DVC. Have the requirements of power of Bengal and Bihar being met from DVC or is there any shortage of electricity in North Bihar and there is no supply from DVC ?

DR. K. L. RAO : There is no shortage as such in the eastern sector. By and large, the position is 'satisfactory'. The hon. member is asking an entirely different question about Northern Bihar. In Northern Bihar, there is no power system.

SHRI D. N. TIWARY : Why not set up one ?

DR. K. L. RAO : We have got to establish it. This power we are also trying to get from Gaya, but there are no transmission lines. We have to establish large power stations in North Bihar. We are trying to do that.

SHRIMATI LAKSHMIKANTHAMMA : The Minister said the other day that there is nothing like Telengana power or Andhra power. So also there should be nothing like Madhya Pradesh power, U.P. power or Madras power. May I know whether the Minister knows that Madras has been reluctant to give Kalpakkam power to Andhra Pradesh, and if so, whether the Centre will intervene and see that power is supplied to the deficit areas of Andhra Pradesh.

MR. SPEAKER : This is not relevant.

SHRI PARIPOORNAND PAINULI : The other day hon. Minister was pleased to state on the floor of the House that he would go to Tehri and examine the feasibility of the Tehri dam. Would he be good enough to explain here what his final decision is about the construction of the dam at Tehri ?

DR. K. L. RAO : It is going to be taken up. I have examined the site. I visited the Tehri dam site. We are expecting to put up a power station. But unfortunately it is a big work, and it will take ten years before the power is commissioned.

WRITTEN ANSWERS TO QUESTIONS

Setting up of Hydel Power Station
at Jammu.

* 482. SHRI NIHAR LASKAR :

SHRI P. GANGADEB :

Will the Minister of IRRIGATION
AND POWER be pleased to state :(a) whether the Union Government
have approved the proposal of the Jammu
and Kashmir Government to set up one
more hydel power station at Jammu;(b) if so, the total expenditure invol-
ved; and(c) when the work is likely to be
started ?

THE MINISTER OF IRRIGATION
AND POWER (DR. K. L. RAO) : (a).
No proposal has been received from the
Government of Jammu & Kashmir for
setting up any new hydel power station
near Jammu. At present Chenani is the
only sizeable hydro generating station, the
first stage of which is at an advanced
stage of construction. It envisages the
installation of three Units of 4.6 MW
each. Two more sets of 4.6 MW will be
installed in stage II during the Fourth
Plan.

The other hydel project with an instal-
led capacity of 270 MW comprising 3
generating sets of 90 MW each using the
water of river Chenab at a head of
300 ft.

(b) The estimated cost of Salal Hydro
Electric Project is Rs. 55.16 crores and
that of Chenani is Rs. 8.8 crores.

(c) Preliminary works for Salal project
have already commenced and project is
expected to be completed by 1975-76.

Constitution and functions of Paper
Corporation

* 485. SHRI S. R. DAMANI : Will
the Minister of INDUSTRIAL DEVE-
LOPMENT be pleased to state :

(a) the date on which the Paper
Corporation was constituted;

(b) its capital structure and names of
its Chairman and Members of the Board
of Directors; and

(c) the schemes which the Corporation
proposes to take up and the progress
made in implementing them ?

THE MINISTER OF STATE IN THE
MINISTRY OF INDUSTRIAL DEVE-
LOPMENT (SHRI GHANSHYAM OZA) :

(a) The Hindustan Paper Corporation
was registered on 29th May, 1970.

(b) The capital structure of Hindustan
Paper Corporation is as under :

Authorised capital	Rs. 30 crores
Subscribed capital	Rs. 30 crores
Paid-up Capital	Rs. 7.27 lakhs

The names of the Chairman and
Members of the Board of Directors are
as under :

1. Shri Abid Hussain Jt. Secy. Ministry of Industrial Development	Part - time Chairman- cum-Manag- ing Director
2. Shri P. D. Kasbekar Jt. Secy. Ministry of Finance.	Director
3. Shri N. Narasimhan	Director

(c) The Hindustan Paper Corporation
have been entrusted with the implementa-
tion of the following projects :

1. Nagaland Pulp/Paper Project, Nagaland
2. Kerala Newsprint Project, Kerala.
3. Assam Pulp/Paper Project, Assam

The progress made in respect of the above three projects is indicated below :

(i) *Nagaland Pulp & Paper Project.*

The site for this project has been acquired and developed. The agreement for technical consultancy on turnkey basis between the Government of Nagaland and National Industrial Development Corporation is being negotiated. The Revised Detailed Project Estimates have been got prepared by the N.I.D.C. and these are under examination. The laboratory and factory tests of the raw materials have been completed.

(ii) *Kerala Newsprint Project*

The site for the project has been identified and land-prices have been frozen by the Government of Kerala. Work relating to the preparation of the detailed Project Report has been entrusted to the National Industrial Development Corporation. The raw material tests are in progress.

(iii) *Assam Pulp & Paper Project.*

A candidate site in Assam has been selected for the project. On receipt of requisite data from the State Government, the site will be finalised. Work relating to the preparation of the Detailed Project Report has been entrusted to the National Industrial Development Corporation.

Besides arrangements have also been made for training of selected personnel

for all the above three projects in the Institute of Paper Technology at Saharanpur.

राजधानी एक्सप्रेस में नई दिल्ली से हावड़ा जाने वाले यात्रियों से अर्जित आय

*486. श्री हुक्म चन्द कछवाय: क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) गत एक वर्ष के दौरान राजधानी एक्सप्रेस में नई दिल्ली से हावड़ा जाने वाले यात्रियों की प्रति दिन औसत संख्या कितनी थी;

(ख) गत वर्ष के दौरान इस गाड़ी से किराये के रूप में सरकार को प्रतिदिन औसतन कितना लाभ हुआ है ; और

(ग) गत वर्ष में इस गाड़ी के रखरखाव और संचालन पर सरकार द्वारा खर्च की गई प्रति दिन औसत राशि कितनी है ?

रेल मंत्री (श्री हनुमंतया) : (क) वातानुकूल शयन दर्जे में 17 और वातानुकूल कुर्सीयान दर्जे में 307 ।

(ख) लगभग 35 हजार रुपये प्रति फेरा ।

(ग) खर्च का लेखा-जोखा अलग-अलग गाड़ियों के हिसाब से नहीं रखा जाता । लेकिन राजधानी एक्सप्रेस के संचालन पर प्रत्यक्ष व्यय, अर्थात् डीजल तेल की खपत, इंजन कर्मियों, गाड़ी कर्मचारियों आदि की लागत, सवारी डिब्बों और इंजनों पर व्याज और मूल्यहास के

रूप में प्रति मास 2.40 लाख रुपये के खर्च का अनुमान लगाया गया है। इसमें गाड़ी के अन्दर की खान-पान सेवा का खर्च शामिल नहीं है। रेल पथ की व्यवस्था और उसका अनुरक्षण, सिगनल और दूर-संचार आदि तथा ऊपरी उपस्कर जैसी अन्य मदों के खर्च को जिससे अन्य गाड़ियों का भी सम्बन्ध है, इसमें शामिल नहीं किया गया है।

तबनुसार सामान्यतः वातानुकूल कुर्सीयान और 1 वातानुकूल शयनयान वाली राजधानी एक्सप्रेस पर प्रति फेरा 14,000 रुपये का प्रत्यक्ष व्यय आता है। भीड़ के दिनों में जब एक अतिरिक्त वातानुकूल कुर्सीयान लगाया जाता है, तो प्रति फेरा 1,000 रुपया अतिरिक्त व्यय आता है।

Revision of Electoral Rolls in West Bengal

*488. SHRI INDRAJIT GUPTA :
Will the Minister of LAW & JUSTICE
be pleased to state :

(a) whether the Chief Election Commissioner has decided that revision of the electoral rolls in West Bengal cannot be undertaken at present;

(b) if so, the reasons for this decision ;

(c) whether almost all political parties have complained that the said rolls are seriously defective and require early revision ;

(d) whether the authorities of 8 Districts have pleaded that due to heavy influx therein of evacuees from Bangla

Desh, revision of electoral rolls should be indefinitely postponed; and

(e) the reasons why this work cannot begin at least in the remaining Districts ?

THE MINISTER OF STATE IN
THE MINISTRY OF LAW AND
JUSTICE (SHRI NITIRAJ SINGH
CHAUDHARY) : (a). Yes, Sir. The
Election Commission had decided that
the revision of the electoral rolls in West
Bengal should be postponed for the time
being.

(b) The reasons are that all the District Election Officers and Collectors of all the Districts had pleaded in a Conference with the Chief Election Commissioner at Calcutta on the 9th May last that, owing to the heavy influx of refugees the district administration in all the districts was strained to the utmost and that it would be neither practicable nor desirable to undertake revision of the electoral rolls at present. If the electoral rolls are revised now, it would be practically difficult to exclude from the rolls, a large number of the refugees who have already mixed themselves with the general population in all the districts, including Calcutta. The inclusion of the names of the refugees in the rolls may give rise to the presumption that they are citizens of India.

(c) No, Sir. No such complaint has been received in the Election Commission.

(d) Yes, Sir.

(e) The Election Commission is presently considering whether the work of revision could begin in the non-border districts of West Bengal where the problems created by the influx of refugees are not as acute as in the border districts.

**Low Production in Private Small and
Medium Scale Industries in
West Bengal**

***489. SHRI SUBODH HANSDA :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the existing private small and medium scale industries in West Bengal are not running to their capacities due to short supply of raw materials;

(b) whether the present distribution system of raw materials is one of the causes for low production; and

(c) if so, how Government propose to remove this bottle-neck ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) There is a general shortage of certain industrial raw-material like steel, including stainless steel, Caustic Soda, Soda Ash and Calcium Carbide etc. which is affecting the industrial production in certain industries throughout the country inclusive of West Bengal.

(b) By and large, the existing distribution system formulated by the various Ministries is working reasonably satisfactorily and is subject to periodical review from time to time depending on prevailing circumstances. The distribution system by itself is not the cause of low production, but is a device to avoid hardships resulting from shortage of raw materials.

(c) Supply position in respect of industrial requirements is reviewed periodically in order to identify shortages wherever they exist and to consider the necessary correctives to be applied. A number of steps have been taken to increase the production of items, which are currently in short supply and are likely to be in short supply in the near

future. A Press Note inviting applications for the grant of industrial licences in respect of 123 items which are or are likely to be in short supply, was issued in 1970. In addition, the licensing registration policy of the Government has been liberalised and the banned list for industrial licensing has been done away with.

The import policy concerning the import of industrial raw materials is being reviewed from time to time by the standing internal departmental committee to meet the short-term scarcity conditions. The import policy of 1971-72 contains special provisions for import of items which are in world short supply. The industries which are affected due to short supply of raw-materials arising from the world shortage are being permitted to apply for import of raw materials for over a period of six months at a time.

The import policy also provides for review of entitlements of Actual Users. The cases of Actual Users in which it is established that the operation of existing import policy has caused undue hardship and is likely to affect industrial production, will be considered for imports by the Sub-Committee under the C.C.I. & E. This arrangement is applicable particularly to small scale units.

**Absorption of Educated Unemployed
in Public Sector Undertakings.**

***493. SHRI P. VENKATASUBBAIAH :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether any guidelines were prepared as to make private sector to supplement the Government's efforts to absorb educated unemployed in the country; and

(b) if so, what are the proposals or guidelines ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). While no such specific guidelines have been drawn up, one of the main objectives of Government's industrial licensing policy is to stimulate industrial growth and, while doing so, to give preference to employment-oriented units. Reservation of more and more items for manufacture exclusively by the small-scale sector is also intended to provide more employment opportunities. A scheme for training engineers to take up new industries in the small scale sector and for providing financial assistance to engineers, entrepreneurs has been drawn up by Government. With a view to providing wider and greater freedom to newer and smaller entrepreneurs and also to the established entrepreneurs, so as to create more employment opportunities in the country, Government have made significant liberalisations in industrial licensing policy by raising the exemption limit up to Rs. 1 crore from Rs. 25 lakhs and also providing for substantial expansion of industrial units without a licence by a maximum of Rs. 1 crore within the ceiling of Rs. 5 crore.

Setting-up of Industrial Projects in Madhya Pradesh during Fourth Plan

* 494. **SHRI R. S. PANDEY :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the names of industrial projects which have been allocated under the public sector to be set up in Madhya Pradesh during the Fourth Plan;

(b) whether the State Government has asked for more aid to encourage setting up of industries in the backward areas; and

(c) if so, the reaction of the Central Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) The names of industrial projects to be set up during the Fourth Five Year Plan are given on pages 326-330 of the Fourth Plan document. The projects to be located in Madhya Pradesh during the Fourth Plan are also specified. A coal based fertilizer project at Korba and a paper and pulp plant in the Dandkarnva region in Madhya Pradesh are also likely to be taken up during the Fourth Plan.

(b) and (c). In deciding the location of public sector industries techno-economic and other considerations including the relative industrial backwardness of different regions have to be taken into account and subject to this, proposals for locations would certainly be given consideration. The following industrially backward districts of Madhya Pradesh have been selected for concessional finance from financial institutions for promotion of industries :

Bastar, Mandla, Surguja, Seoni, Jabua, Balaghat, Bilaspur, Sindhi, Betul, Raigarh, Raipur, Dhar, Tikamgarh, Rajgarh, Kharagone, Shajapur, Shyampur, Chindwara, Rewa, Panna, Dewas, Mandsaur, Chhatarpur, Guna, Datia, Morena, Vidisha, Narsimhapur, Raisen, Hoshangabad, Damoh, Bhind, and Sagor.

Reduction in Licence Fee of Licensed Railway Porters

* 496. **SHRI CHINTAMANI PANIGRAHI :** Will the Minister of RAILWAYS be pleased to state :

(a) whether Government are aware that the Study Group appointed to enquire into the conditions of the licensed porters on the Railways has recommended to reduce the present licence fee of the licensed porters; and

(b) if so, whether Government are considering to reduce this; if so, when and to what extent ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) While no specific recommendation has been made by the Study Group for the reduction of licence fees of porters, they wanted the cost of supervision to be kept out of the licence fee which, if acted upon, might result in a reduction of the licence fee. This recommendation was not accepted by the Ministry.

(b) Does not arise.

Rise in the price of Tyres

497. SHRI FATEHSINGHRAO GAEKWAD :

DR. KARNI SINGH :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the prices of rayon tyre-yarn, cord and fabrics had been reduced by the Government on the express condition that the tyre manufacturers would sell tyres at lower rates;

(b) if so, whether some of the leading tyre manufacturing companies have raised the prices of bicycle tyres by about 15 per cent after the above reduction in price by the Government; and

(c) if so, the steps Government propose to take against the defaulting companies ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) By a Resolution of the Ministry of Foreign Trade dated the 27th February, 1971, Government have accepted the recommendations of the Tariff Commission for a reduction in the prices

of rayon tyre-cord materials. The benefit of this reduction, when it has been effected, is to be passed on to the ultimate consumer by the automobile tyre manufacturers.

(b) and (c). The increase in the price of bicycle tyres is not related to the price of rayon cord material, as this is not used at all in the manufacture of bicycle tyres.

Broad Gauge Line for Jodhpur-Delhi Section (Northern Railways)

*498. RAJMATA KRISHNA KUMARI Jodhpur : Will the Minister of RAILWAYS pleased to state :

(a) whether Government are aware of the increased traffic load on the Jodhpur-Delhi section of the Northern Railway;

(b) if so, whether Government propose to convert the existing metre gauge line into broad gauge and if so, by when; and

(c) if not, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes, Sir.

(b) and (c). Though there has been some increase in the train services during the last few years, the existing capacity on the Delhi-Jodhpur metre gauge section is adequate to cater to the requirements of present traffic, as well as any likely increases in the near future. This section has therefore not been included in the perspective Plan of gauge conversions on the Indian Railways to be implemented in the next ten to fifteen years or so.

Criteria Adopted for Location on Industrial Projects in States

*499. SHRI RAJDEO SINGH : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the criteria adopted by the Central Government for location of Industrial projects in the States; and

(b) the names of the States which have preferred claims for the location of such projects during the last three years ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). Requests from several States have been received from time to time for setting up various industries in their States. In deciding the location of public sector industries, techno-economic and other considerations including the relative industrial backwardness of different regions have to be taken into account and subject to this proposals for locations are given consideration.

Criteria for categorising Kashmir as a backward State

*500. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government of India have declared Kashmir as a backward State for the purpose of industrial development ;

(b) the criteria followed in categorising the State as a backward state; and

(c) whether any deviation has been made in evolving the present criteria from

the established ones and if so, the particulars of the deviations made and the reasons for the same ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) to (c). Jammu and Kashmir has been declared as a backward State for the purpose of industrial development. The main criteria adopted by the Working Group for identification of Industrially Backward States and Union Territories were :

- (i) Total *per capita* income ;
- (ii) *per capita* income from industry and mining ;
- (iii) number of workers in registered factories ;
- (iv) *per capita* annual consumption of electricity ;
- (v) length of surfaced road in relation to (a) the population, and (b) the area of the State; and
- (vi) Railway mileage in relation to (a) the population, and (b) the area of the State.

In the past different committees like the Committee on Dispersal of Industries, Working Group on Rural Industries Project and the Planning Study Group for the Fourth Plan formulated their own different criteria for their purposes. The objective underlying the terms of reference of the Pande Working Group was to correct or to minimise regional imbalances by encouraging the establishment of industries of all sizes in selected backward areas or regions through financial and fiscal incentives including investments from financial and banking institutions. This Group

evolved its own criteria which are detailed above.

**Consideration of R. presentations from
Unrecognised Unions Association.**

***502. SHRI CHANDRIKA PRASAD :**
Will the Minister of RAILWAYS be pleased to state :

(a) whether the Railway employees in the most of the categories have formed their own categorical Unions/Associations supported by majority of the employees ;

(b) whether these categorical Unions/Associations have formed into a new Confederation recently;

(c) whether there is any proposal to recognise the new Confederation on their claim of membership ;

(d) whether there were instructions from Government to consider the representations coming from unrecognised unions also; and

(e) whether these instructions are now changed and only representations from recognised Unions are being considered and if so, the reasons for such change ?

**THE MINISTER OF RAILWAYS
(SHRI HANUMATHAIYA) :** (a) As far as Government are aware, there are about 60 category-wise Unions/Associations on the Railways. Government have no precise information about their membership. The majority of Railwaymen are, however, members of the recognised Unions affiliated to the National Federation of Indian Railwaymen and the All India Railwaymen's Federation.

(b) It is understood that 15 such category-wise Unions/Associations have formed into a Confederation,

(c) No, Sir.

(d) Instructions were issued to the Railways to the effect that genuine, grievances of staff coming from any source, including unrecognised unions, should receive the attention of the appropriate authorities, but that no correspondence should be entered into with unrecognised bodies.

(e) These instructions are still in force.

**Utilization of Maximum Licensed
Capacity of Moped Manufacturing
Unit, Tirupati (A.P.)**

***504 SHRI P. NARASIMHA REDDY :**
Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the production at the Mopeds manufacturing Unit in Private Sector located at Tirupati (A.P.) has attained maximum licensed capacity; and

(b) whether any expansion of capacity has been licensed for that Unit ?

**THE MINISTER OF STATE IN THE
MINISTRY OF INDUSTRIAL DEVELOPMENT
(SHRI GHANSHYAM OZA) :**
(a) The rate of production during the last few months has been about 700 mopeds which corresponds to an annual capacity of more than 8,000 as against their original licensed capacity of 7,500 per year.

(b) An industrial licence has been granted to the party on 18.2.71 for expansion of their capacity to 15,000 mopeds per annum on double shift working.

Statement of water disputes between States

***505. SHRI SHASHI BHUSHAN :** Will the Minister of IRRIGATION & POWER be pleased to state :

(a) the names of States which have water disputes with other States;

(b) the stage at which each of these water disputes is at present;

(c) whether another water dispute has arisen between the States of Madhya Pradesh and Bihar over the waters of the Sone river;

(d) if so, the main points of dispute; and

(e) how Government propose to settle these disputes amicably between the States and the time by which a settlement is likely to be reached ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : (a) to (e). Water disputes on the Krishna between Andhra Pradesh, Maharashtra and Mysore; the water disputes on the Godavari between Andhra Pradesh, Mysore, Maharashtra, Madhya Pradesh and Orissa, and water disputes on the Narmada between Madhya Pradesh, Gujarat, Maharashtra, and Rajasthan have been referred for adjudication to the Tribunals constituted under the Inter-State Water Disputes Act, 1956. While efforts are being made by the Tribunals to complete their work as expeditiously as practicable, it is not possible at this stage to indicate when the adjudication proceedings are likely to be over.

All the aspects of the disputes over the Cauvery waters amongst the State of Kerala, Mysore and Tamil Nadu are under careful consideration of Central Government with a view to finding out how the differences can be resolved.

On the Sone River, the Madhya Pradesh Government have proposed the Bansagar Project. The Government of Bihar have protested against the Bansagar Project as proposed by the Government of Madhya Pradesh involving diversion of the Sone waters to the Tons river, on the ground that it will affect the large irrigation system in Bihar from the Sone lower down where the position of supplies is stated to be already critical.

The Government of Uttar Pradesh have been urging that the Bansagar Project is the only source of irrigation to the famine stricken plateau areas in Mirzapur district and that the Bansagar Project proposed by the Madhya Pradesh Government should be modified to make provision for irrigation in this area also.

Efforts are being made by engineers of the Central Government in consultation with engineers of Madhya Pradesh, Uttar Pradesh and Bihar Governments to evolve, as early as possible, revised proposals for the Bansagar project which might be acceptable to all the three States.

**Increase in rent of Railway Quarters
(Southern Railway)**

***506. SHRI PRAVINSINH SOLANKI :** Will the Minister of RAILWAYS be pleased to state :

(a) on how many occasions the rent of Railway Quarters was increased during the last ten years;

(b) whether there was any additional capital outlay on the existing Quarters justifying the increase;

(c) whether it is the policy of Government to increase the rent periodically, without any additional investment;

(d) whether the periodical maintenance of Railway quarters is not being done on the Southern Railway; and

(e) if so, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) The rents on Southern Railway were revised in 1961, 1964 and 1967.

(b) Expenditure is incurred on some of the existing old quarters in providing certain amenities and in making improvements. The increase of rent, however, is not due only to such expenditure. The rent is not calculated separately but by pools of quarters. The assessed rent of quarters in each pool is worked out periodically on the basis of 6% of the total cost of the pool, to take into account the cost of quarters constructed since the last revision. At the cost of construction is going up the assessed rents of quarters in a pool including those for old quarters tend to rise over a period. The recovery of rent from the staff is however limited to 10% of the emoluments or the assessed rent whichever is lower; in the case of staff drawing below Rs. 220/- per mensem in the authorised scales, a lower limit of 7½% of emoluments applies.

(c) In order to bring the position at par with the other Departments of the Government as recommended by the Pay Commission in 1959, instructions were issued in 1960 to refix the assessed rent of the quarters so as to give a return of 6% instead of 4% as hitherto on the costs of the quarters in each class. Apart from this whole sale revision carried out in 1961 the increase of assessed rents has been the result of additional investments either in making improvements in the old quarters or in constructing new quarters falling in a pool as explained above in reply to (b) above.

(d) Systemtic periodical maintenance of quarters is being done on Southern

Railway.

(e) Does not arise.

A.R.C.'s recommendation regarding setting up of a standing Committee of Parliament to scrutinise working of Railways.

* 507. SHRI M. KALYANASUNDARAM : Will the Minister of RAILWAYS be pleased to state the action taken on the recommendation of the Administrative Reforms Commission for setting up a Committee of Parliament to scrutinise the working of the Railways ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : The recommendation is under the consideration of the Government.

Generation of electricity in Kerala

* 508. SHRIMATI BHARGAVI THANKAPPAN : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Government propose to conduct any survey with a view to generating electricity from the waters of various rivers in Kerala;

(b) if so, the number of places where electricity can be produced for commercial purposes as also its quantity; and

(c) the number of places out of them where generation of electricity has been started and the amount of electricity being produced and the criterion followed in its distribution ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : (a) Between 1952 to 1959, the Central Water and Power

Commission conducted a preliminary country-wide hydro electric survey of the river basins in the country including Kerala on the basis of available to photographic data. The Kerala State authorities are conducting detailed investigations at present.

(b) A statement giving the sites in Kerala where electricity can be produced

together with their firm power potential is given in *Statement I*.

(c) A statement giving the places where generation of electricity has started together with the quantity of electricity produced therein is given in *Statement II*. The power generated at the various sites are fed into the Kerala Grid net-work and utilised for domestic, commercial, agricultural and industrial purposes.

Besides, the above, the Kuttiadi Project and the Idikki Hydro Electric Project are under construction. The Kuttiadi Project, with an installation of 75 MW (3x 25 MW) is expected to be completed by July, 1971. The first stage of the Idikki Project envisages installation of 3 units of 130 MW each. The first unit of 130 MW at this station is expected to be commissioned in 1973-74 and other two units in early Fifth Plan period. The second stage extension of this project involving installation of three more units of 130 MW, which would enable the station to be operated as a peaking station, has recently been cleared for implementation by the Advisory Committee. 245 million kwh will be available from Kuttiadi and about 1865 million kwh from Idikki Project respectively.

Ring Railway for De hi

* 509. SHRI A. N. CHAWLA : Will the Minister of RAILWAYS be pleased to state :

(a) whether the construction of Ring Railway in Delhi will be completed according to the time schedule;

(b) the present stage of construction of this Railway; and

(c) by which date this Railway will commence operation ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) to (c). There is no proposal for the construction of a Ring Railway in Delhi.

A Study Team on Metropolitan Transport was set up by the Planning Commis-

sion, in 1965, to study the transport requirements of Calcutta, Bombay, Delhi and Madras. The preliminary investigations by this Team indicated that a Mass Rapid Transit System (Metropolitan Railway System) would be required for Delhi.

The comprehensive Traffic & Transportation Study for Delhi, entrusted by the Metropolitan Transport Team to the Central Road Research Institute, has been completed. From a consideration of the data available from the Study, the Metropolitan Transport Team is expected to arrive, shortly, at conclusions as regards the 'corridors' along which Metropolitan Rail Lines are required; i.e., whether radial, circular or other alignments. After the Metropolitan Transport team's recommendations are available, the Railways would take up the Techno-economic Feasibility Studies to decide on the most suitable system; overhead or underground—for Metropolitan Rail System for Delhi. Provision of funds has been made in the Railways' Budget for the current year for these Studies.

**Broad-Gauge line between
Salem and Neyveli**

*510. SHRI BHUVARAHAN: Will the Minister of RAILWAYS be pleased to state :

(a) whether there is any proposal under consideration of Government to introduce a Broad Gauge line between Salem and Neyveli in view of the importance of the Salem Steel Plant; and

(b) if so, when the work in that connection will be started ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA): (a) No, Sir,

(b) Does not arise,

**Writ Petitions filed in High Courts
by staff of Railway
Electrification**

2109. SHRI S. M. BANERJEE: Will the the Minister of RAILWAYS be pleased to state :

(a) whether a majority of Class III staff of Railway Electrification have filed writ petitions in different High Courts;

(b) whether in most of the cases, the Railway administration have lost the cases and a large expenditure has been incurred by Government in this connection;

(c) if so, the expenditure including salaries of staff concerned; and

(d) whether some Members of Parliament have requested the Railway authorities to settle all these matters through negotiations and if so, the action taken thereon ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA): (a) to (d). The information if being collected and will be laid on the Table of the Sabha.

**मध्य रेलवे पर कुछ गाड़ियों का चलाना
बंद करना**

2110. श्री गंगा चरण दीक्षित : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने मध्य रेलवे पर कुछ यात्री रेलगाड़ियों का चलाना बंद कर दिया है ; और

(ख) यदि हां, तो इसके क्या कारण हैं ?

रेल मंत्री (श्री हनुमंतैया) : (क) और (ख). जी हां, भुसावल-इटारसी खण्ड पर एक जोड़ी गाड़ी नं० 349/350 रद्द कर दी गयी और यवतमान-अचलपुर छोटी लाइन खण्ड पर दो जोड़ी मिली-जुली गाड़ियां, अर्थात् 633/334 और 641/642 तथा जालंब-खामगांव खण्ड पर एक जोड़ी मिली-जुली गाड़ी अर्थात् 425/424 रद्द कर दी गयी ।

गाड़ी नं० 349/350 अगस्त 1968 में रद्द की गयी थी ताकि पश्चिम रेलवे की उन गाड़ियों के लिये लाइन उपलब्ध हो सके जिन्हें पश्चिम रेलवे पर टूट-फूट के कारण भुसावल-इटारसी मध्य रेलवे मार्ग होकर चलाना पड़ा था ।

लेकिन इस खण्ड के कुछ महत्वपूर्ण स्टेशनों पर नं० 57/58 और 41/42 एक्सप्रेस गाड़ियों को ठहराने की मंजूरी देकर एक वैकल्पिक गाड़ी की व्यवस्था की गयी थी । इसके अलावा 1-4-71 से भुसावल-इटारसी खण्ड में नं० 457/358 सवारी गाड़ी के समय में भी हेर-फेर किया गया है ताकि वे प्रभावित यात्रियों के लिए सुविधाजनक हो सके । 633/634 और 641/642 नं० की छोटी लाइन की मिली-जुली गाड़ियां रद्द कर दी गयीं जिसका कारण यह था कि इंजन गलत हो गये थे और उनकी सेवा असन्तोषजनक थी तथा मेट्रोल प्राइस रेलवे कम्पनी, जो इन इंजनों की मालिक है और जिसकी ओर से मध्य रेलवे इस छोटी लाइन का काम संभालती है, इनके बदलाव का खर्च उठाने को राजी नहीं हुई । 1-4-71 से नं० 641/642 मुरतजापुर-यवतमान मिली-जुली गाड़ियां फिर चालू कर दी गयी हैं ।

बम्बई दिल्ली और बम्बई-इलाहाबाद के बीच नई गाड़ियों का चलाया जाना

2111 श्री गंगा खरण दीक्षित : क्या रेल मंत्री यह तथाने की कृपा करेंगे कि :

(क) क्या यह सच है कि अनेक वर्षों से बम्बई-दिल्ली और बम्बई-इलाहाबाद के बीच स्थानीय गाड़ियों की कमी होने के बावजूद भी, केवल जनता एक्सप्रेस को छोड़कर इन नगरों के बीच और किसी नई गाड़ी को नहीं चलाया गया है ;

(ख) क्या सरकार का विचार उक्त मार्ग पर कोई नई गाड़ियां चलाने का है ; और

(ग) यदि हा. तो ये गाड़ियां कब तक चलाई जायेंगी ।

रेल मंत्री (श्री हनुमंतैया) : (क) जी नहीं । 1-4-1970 से बम्बई और इलाहाबाद के बीच एक जनता एक्सप्रेस गाड़ी सप्ताह के पांच दिन और चलाई गई है । पहले यह गाड़ी सप्ताह में दो दिन चलती थी जो अब मातों दिन चला करेगी । 1-4-1971 से इलाहाबाद होकर चलने वाली नं० 7/8 बम्बई-हावड़ा डाकगाड़ी डीजल इंजन से चलाई जा रही है और इनमें तीन और सवारी डिब्बे बढ़ा दिये गये हैं । बम्बई-दिल्ली मार्ग पर नं० 5/6 पंजाब डाक और नं० 57/58 अमृतसर एक्सप्रेस गाड़ी डीजल रेल इंजन से चलाई जा रही है जिसके परिणामस्वरूप प्रतिदिन 6 और सवारी डिब्बों की व्यवस्था हो गयी है ।

(ख) और (ग). बम्बई बी. टी. और बीना के बीच एक साप्ताहिक जनता एक्सप्रेस गाड़ी चलाने के प्रस्ताव पर विचार किया जा रहा है । इस प्रस्ताव का क्रियान्वयन बीना में

मुसावल और इटारसी रेलवे स्टेशन के बीच यात्री गाड़ियों की कमी

(क) क्या भुसावल और इटारसी रेलवे स्टेशनो के बीच चलने वाली गाड़ियों को बंद कर देने के बाद उन स्टेशनो पर गाड़ियों की भारी कमी अनुभव की जा रही है ;

(ग) यदि हाँ, तो क्या सरकार का विचार उक्त क्षेत्र में यात्री गाड़ियों की संख्या में वृद्धि करने का है ; और

रेल मंत्री (श्री हनुमंतया) : ज।
नहीं

तरह सब उन्हें इटारसी की तरफ जाने के लिए सुबह की सुविधाजनक गाड़ी और इटारसी से खण्डवा की तरफ के लिए शाम की गाड़ी उपलब्ध हो गयी है। उनमें से कुछ स्टेशनों पर नं. 57/58 और नं. 41/42 एक्सप्रेस गाड़ियों के ठहराव की व्यवस्था भी कर दी गयी है, ताकि प्रभावित यात्रियों की आवश्यकता पूरी हो सके।

Quick disposal of pending cases in Courts

(a) the number of appeals that are pending in different High Courts of India pertaining to industrial disputes between owners and labourers regarding their demands and for how long;

(b) how many of them have been decided last year; and

(c) whether Government of India have instructed the High Courts of different States to dispose them of immediately ?

THE MINISTER OF LAW AND JUSTICE (SHRI H. R. GOKHALE) :
(a) to (c). The information is being collected and will be laid on the Table of the House.

**Rajdhani Express between
Delhi and Ahmedabad**

2114. SHRI SOMCHAND SOLANKI:
Will the Minister of RAILWAYS be
pleased to state :

(a) whether Government have any
proposal to run a Rajdhani Express
between Delhi and Ahmedabad on Metre
Gauge line;

(b) if so, when the proposal will be
implemented; and

(c) if not, the reasons therefor ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA): (a) Ministry
of Railways have accepted in principle
the need for introduction of a Rajdhani
Express between Delhi and Ahmedabad
on Metre Gauge line.

(b) and (c). The introduction of this
train would depend on the out-come of
the feasibility studies, which are being
carried out.

**Removal of Tariff Control on
Paper Industry**

2115. SHRI MANORANJAN HAZRA:
Will the Minister of INDUSTRIAL
DEVELOPMENT be pleased to state :

(a) whether prices of blue match
paper and other varieties of paper required
for the match Industry were increased
abnormally during the last two years
because of the removal of tariff control
on paper industry ;

(b) if so, the reasons for the removal
of tariff control; and

(c) the steps taken by the Govern-
ment to control the prices of blue match
paper and other varieties ?

THE DEPUTY MINISTER IN THE
MINISTRY OF INDUSTRIAL DEVE-
LOPMENT (SHRI SIDDHESHWAR
PRASAD) : (a) to (c). Statutory control
on paper, including match paper was
lifted in May 68. The prices of paper
of different varieties are now up by
about 20% over what they were in
May '68.

The control was removed so as to
encourage more paper production in the
country. The Paper Industry requires
fairly heavy investment, which was not
forthcoming during the period of control.
Also the supply position in 1968 was
compatively easy.

The Central Government has set up
and *Ad-hoc* Paper Committee with
representations of manufacturers, con-
verters, users and of government to
keep a constant watch on the situa-
tion and to take such remedial
measures as are called for in regard to
manufacture, supply, prices and other
connected aspects. This Committee has
been meeting frequently and has taken
suitable action as required.

**Expansion of Pinjore Unit of
H. M. T.**

2116. SHRI S. M. BANERJEE :
SHRI D. K. PANDA :

Will the Minister of INDUSTRIAL
DEVELOPMENT be pleased to state :

(a) whether Hindustan Machine Tools
Ltd., has planned for further expansion
in Pinjore;

(b) if so, the salient features thereof;
and

(c) whether employment potential
will also increase along with this expan-
sion ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) • A tractor project is proposed to be set up in the Pinjore Unit of Hindustan Machine Tools Limited during the Fourth Five Year Plan period.

(b) and (c). It is envisaged that the tractor project at full production would produce 12,000 'HMT-ZETOR' tractors valued at approximately Rs. 20 crores per annum, in technical collaboration with Messrs Motokov Foreign Trade Corporation, Praha (Czechoslovakia). The Company has taken up preparation of the Detailed Project Report. The investment in this project is expected to be of the order of Rs. 4.91 crores. The total number of persons estimated to be employed additionally in the project at full production in respect of this project will be known only after the Detailed Project Report is completed.

Talks between India and Pakistan of Farakka issue

2117. **SHRI H. M. PATEL :** Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Government of India or Pakistan have taken any initiative to renew talks on the Farakka issue ; and

(b) if so, the result thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION & POWER (SHRI B. N. KUREEL) : (a) and (b). In their communication in January, 1971, the Government of India suggested the holding of a meeting between India & Pakistan at the level of Secretaries. This has been agreed to by the Government of Pakistan. The date of the meeting has not yet been decided.

Price of Amul Baby Food

2118. **SHRI DINESH BHATTACHARYYA :** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government were approached by the Amul Baby Food producers to increase the price of the baby food by about 8 per cent; and

(b) if so, the reaction of Government thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) Yes, Sir.

(b) The firm have been authorised to increase the price of milk food for infants by 4% as an interim measure, pending further detailed examination.

Stealing of Copper Wire from Delhi Electric Supply Undertaking Godown

2119. **SHRI K. LAKKAPPA :** Will the Minister of IRRIGATION & POWER be pleased to state :

(a) whether a case of theft of copper wire from the Delhi Electric Supply Undertaking Godown at Rohtak Road, Delhi, was reported in the year 1968;

(b) whether any inquiry had been made and if so, the result thereof; and

(c) the action taken by Government against the persons found guilty ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION & POWER (SHRI B. N. KUREEL) : (a) Yes, Sir. Cables of various sizes totalling 935 meters were found missing from the drums in the Delhi Electric Supply Undertaking godown at Rohtak Road on 6-12-1968.

(b). On the basis of the report of theft lodged with the Punjabi Bagh Police Station, a case under Section 409 of the Indian Penal Code was registered. However, as no clue of the alleged theft could be found, the case was filed as untraced by the Police on 25-3-1969. It is understood that the Delhi Municipal Corporation has recently decided to refer the matter to C.B.I.

(c) Does not arise in view of reply to (b) above.

Pending Cases before Mysore High Court

2120. SHRI K. LAKKAPPA : Will the Minister of LAW AND JUSTICE be pleased to state :

(a) the number of cases pending before the Mysore High Court as on 1st April, 1971;

(b) the number out of them which are pending for more than one year; and

(c) whether Government propose to appoint some more Judges to finalise the pending cases in the High Court of Mysore and if not, the reasons thereof ?

THE MINISTER OF LAW AND JUSTICE (SHRI H. R. GOKHALE) : (a) 18,877 as on 1st January 1971. The figures as on 1st April, 1971 are not readily available.

(b) 7,220.

(c) It is for the State authorities to propose increase in the Judge strength if the existing strength is not considered adequate to cope with the institutions and the pendency. No proposal for such increase in the Judge strength has been received by the Government of India.

Reported observation of Chief Justice of India regarding undermining the prestige of judiciary

2121. SHRI H. M. PATEL : Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether attention of Government has been drawn to the views expressed by the Chief Justice of India while inaugurating the Punjab and Haryana High Court Bar Association Conference, as reported in the *Sunday Standard* of 14th March, 1971, deploring the "insidious efforts being made in some quarters to undermine the prestige of the judiciary in the country"; and

(b) if so, the reaction of Government in regard thereto ?

THE MINISTER OF LAW AND JUSTICE (SHRI H. R. GOKHALE) : (a) Government have seen the Press Report referred to.

(b) Government are not aware of any such attempts being made to undermine the prestige of the judiciary. The independence of judiciary is fully guaranteed by the Constitution.

विद्युत कर्मचारी संघ, मध्य प्रदेश द्वारा ज्ञापन

2122. श्री हुकमचन्द कछबाय : क्या सिबई और विद्युत मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को विद्युत कर्मचारी संघ कोरबा (मध्य प्रदेश) से कोई ज्ञापन मिला है जिसमें तापीय बिजली घर, कोरबा के कार्य-करण की उच्चस्तरीय जाँच कराने की माँग की गई है ;

(ख) यदि हाँ, तो उसमें किन आरोपों का उल्लेख किया गया है ; और

(ग) इस सम्बन्ध में सरकार ने क्या कार्य-वाही की है ?

सिंचाई और विद्युत-मंत्रालय में उपमंत्री (श्री बंजनाथ कुरील) : (क) जी, हाँ।

(ख) और (ग). प्रश्न नहीं उठता।

2123. SHRI SHYAMNANDAN MISHRA : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) the progress made in the work of the Irrigation Commission so far; and

(b) whether the Commission has been asked to submit any interim report ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) The Commission has visited Andhra Pradesh, Gujarat, Jammu & Kashmir, Kerala, Madhya Pradesh, Maharashtra, Mysore, Nagaland, Tamil Nadu and Uttar Pradesh, and has held discussions with the State Governments, Heads of Departments, M.Ps. M.L.As. and farmers. Data has been collected from various Central agencies. Replies to Questionnaire received from the States have been examined. The Commission is at present engaged in drafting its Report.

(b) No request has been made to the Commission to submit an interim report as the report is expected to be submitted by the end of the current financial year.

Licence for manufacture of Tractors in collaboration with Japan

2124. SHRI SHASHI BHUSHAN : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether a licence has been given to a firm for manufacture of tractors in collaboration with Japan;

(b) if so, the location of the proposed factory and capital likely to be invested therein;

(c) the estimated annual production and when the tractors manufactured in this factory would come in the market; and

(d) the foreign components of these tractors and the estimated cost at which it would be sold to the individuals ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) No, Sir. A letter of intent has however been issued on 12-11-1970 for grant of an industrial licence to M/s. Byford Private Ltd., New Delhi for setting up a new industrial undertaking for the manufacture of 'Shibaura' (37 HP) Agricultural tractors in collaboration with a Japanese firm.

(b) The party proposes to set up the factory at village Mohali, near Chandigarh, with a total capital of Rs. 3.55 crores.

(c) Letter of Intent has been granted to the firm for a manufacturing capacity of 6,000 tractors per annum. It is not possible at this stage to say categorically as to when the tractors proposed to be manufactured by the firm will be made available for sale to the public.

(d) They would start manufacture with 50% foreign components in the first year, and will reach as near 100% indigenous manufactures possible in the third year of production. They have, however, estimated that the ex-factory cost of the tractor would be amount Rs. 21,000/-

(ग) ऐसी परियोजनाओं की संख्या तथा नाम क्या हैं जिन पर प्रारम्भिक कार्य आरम्भ कर दिया गया है ?

सिंचाई और विद्युत मंत्रालय में उपमन्त्री (श्री बंजनाथ कुरील) : (क) और (ख). मध्य प्रदेश की चौथी योजना में शामिल करने के लिए निम्नलिखित पाच नई स्कीमें योजना आयोग द्वारा स्वीकृत हो गई हैं :

स्कीम का नाम	अनुमानित लागत (लाख रुपये)
1. बारगूर	71.74
2. पुटकानाला	63.53
3. जमनी बाँध	61.26
4. मयाना टेंक	51.40
5. कंवरपुर	98.83

(ग) योजना आयोग ने किन्हीं अन्य परि-योजनाओं पर प्राथमिक अथवा अन्य कार्य प्राधिकृत नहीं किये हैं।

Penalisation of industrialists for shortages due to pilferages in trains

2128. SHRI RAJDEO SINGH : Will the Minister of RAILWAYS be pleased to state :

(a) whether Industrialists and Small Scale Enterprises are being heavily penalised for the shortages on account of pilferages in the trains and due to delay in settling their claims; and

(b) if so, the steps proposed by Government to redress their grievances ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No.

(b) Does not arise.

Plans to prevent floods in Uttar Pradesh

2129. SHRI RAJDEO SINGH : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the Central Government have recommended to the Government of Uttar Pradesh to make detailed plans to prevent floods in the State; and

(b) if so, the response of the State Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) The Central Flood Control Board, at their 15th meeting held in November 1970, had recommended preparation of a comprehensive plan of flood control indicating the priority works, within two years

Accordingly all State Governments including the Government of Uttar Pradesh have been requested to prepare their plans by the end of 1972.

(b) The Government of Uttar Pradesh have stated that an estimate of Rs. 93 lakhs has been prepared to carry out necessary surveys and investigations of the various rivers in the State in connection with the preparation of the comprehensive plan and the same is being processed.

नीब लूनाकरण उठाऊ सिंचाई नहर के दोनों ओर के देहातों में पीने के पानी की व्यवस्था

2130. श्री पन्ना लाल बारूपाल : क्या सिंचाई और विद्युत मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या लूनाकरण उठाऊ सिंचाई नहर जो कि राजस्थान नहर की एक शाखा है के दोनों ओर स्थित देहातों के निवासियों की पीने के पानी की समस्या को हल करने के विचार से कोई योजना बनाई गई है ;

(ख) यदि हाँ, तो उपर्युक्त योजना कब तक पूरी हो जाएगी ; और

(ग) क्या उठाऊ सिंचाई योजना के अन्तर्गत बीकानेर जिले के ग्रामीण क्षेत्रों को सिंचाई और पीने के पानी की सुविधाएँ दी जाएंगी ?

सिंचाई और विद्युत मन्त्रालय में उपमन्त्री (श्री बैजनाथ कुरील) : (क) और (ख). पीने के वास्ते पानी सप्लाई करने के लिए कोई अलग स्कीम नहीं है। राज्य में प्रचलित पद्धति के अनुसार उन सब ग्रामों को, जो नहर के क्रमान क्षेत्र के अन्तर्गत आते हैं, नहर से पीने का पानी

दिया जाता है। लूनकरणसार बीकानेर लिफ्ट सिंचाई स्कीम के 1972-73 के अन्त तक पूर्ण होने की सम्भावना है।

(ग) इस स्कीम से लूनकरणसार तहसील के 35 ग्राम तथा बीकानेर तहसील के 41 ग्राम लाभान्वित होंगे।

गंगानगर संसदीय निर्वाचन क्षेत्र में
फर्मों को माल डिब्बों के आबंटन
में कथित भेदभाव

2131. श्री पन्ना लाल बारूपाल : क्या
रेल मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या राजस्थान के गंगानगर संसदीय निर्वाचन क्षेत्र में किसी फर्म को गत मार्च में श्रीखपुर, केसरी सिंहपुर, कलयामार्कीट और रामगिहपुर मार्कीट में 20 माल डिब्बों के हिसाब से 80 माल डिब्बे अलाट किये गये थे जबकि अन्य व्यापारियों को जिन्होंने इस प्रकार की प्रार्थनाएं की थीं, एक भी माल डिब्बा अलाट नहीं किया गया था ; और

(ख) यदि हाँ, तो इसके क्या कारण हैं ? रेल मन्त्री (श्री हनुमंतैया) : (क) जी नहीं। मार्च, 1971 के अन्त में बीकानेर एण्डल में रामसिंहपुर और श्री विजय नगर स्टेशनों से एक फर्म को सरसों से लदे केवल 6 माल डिब्बों के संचलन के लिए तदर्थ सहायता दी गयी थी क्योंकि फर्म ने उत्तर रेल प्रशासन को लिखा था कि तेल की मिल को बन्द होने से बचाने के लिए उसे संकटकालीन माल डिब्बों का आबंटन किया जाये। अप्रैल, 1971 में इस क्षेत्र के स्टेशनों से चार अन्य

फर्मों को भी सरसों की दुलाई के लिए इसी तरह की तदर्थ सहायता दी गयी थी।

(ख) जब कभी भी किसी विशेष मार्ग के रास्ते माल की बुकिंग पर प्रतिबन्ध लगा रहता है या माल की बुकिंग को लम्बे अरसे तक नियमित करना पड़ता है, तो उद्योगों को बन्द होने से बचाने के लिए उचित मामलों में फर्मों को कुछ माल डिब्बों के संचलन के लिए तदर्थ सहायता दी जाती है।

Commission of theft in station
on North Lakhimpur Railway
Station

2132. SHRI MUHAMMAD SAERIEF :
SHRI B. K. DASCHOWDHURY :

Will the Minister of RAILWAYS be
pleased to state :

(a) whether any enquiry was held into the theft from the office of the Station Master, North Lakhimpur Railway Station on the night of 13th May, 1971; and

(b) if so, the action taken by the Government in the matter ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) Yes.

(b) The Government Railway Police, North Lakhimpur have registered a case and arrested the Station Master and Assistant Station Master, North Lakhimpur. Departmental action against other delinquent staff is also in progress.

Deployment of additional staff in
Foreign Traffic Accounts Office
Western Railway Delhi

2133. SHRI MOHAMMAD ISMAIL :
SHRIMATI BIBHA GHOSH :

Will the Minister of RAILWAYS be
pleased to state :

(a) the justification submitted by the Western Railway, for the develop-

ment of additional staff in the Foreign Traffic Accounts Office, Western Railway, Delhi for the 'increased quantum of work;

(b) the items of work for which staff has been sanctioned; and

(c) the items of work for which staff has not been sanctioned and reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) to (c). The Western Railway Administration asked for Railway Board's approval to the creation of 33 clerical posts for the Foreign Traffic Accounts Office, Delhi and the deployment of surplus staff against the posts to be so created. Their justification covered two aspects—

- (i) increase in quantum of traffic and the resultant increase in the work-load; and
- (ii) additional requirements for the processes connected with simplification and mechanisation of accounting procedures relating to Traffic Accounts.

Keeping in view the need for economy in administrative expenditure and after careful examination and taking in view the overall position, creation of 17 posts only was agreed to; these posts were to be utilised by the Railway Administration for such items of work as were considered necessary.

Re-instatement of Casual Employees of Railways Electrification

2134. SHRI CHANDRIKA PRASAD :
SHRI S. M. BANERJEE :

Will the Minister of RAILWAYS be pleased to state ;

(a) whether a large number of casual employees of Railway Electrification who went to jail have not been taken back to duty inspite of the then Railway Minister's orders for re-instatement of all the casual employees;

(b) whether complaints have been received that the controlling officers of Railway Electrification are not re-instating casual employees according to their seniority;

(c) whether the addresses of these casual employees are available in the records of the different subordinate offices; and

(d) if so, the reason for reinstating junior staff ignoring the claim of seniors ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) and (d). At no stage was a decision taken to re-engage all discharged casual labourers irrespective of availability of work. Due to reduction in work, the Railway Electrification Organisation cannot hold on to as many casual labourers as were in position before the casual labourers went to jail. Those among the discharged casual labourers who were more suitable were taken back displacing outsiders. In some cases juniors presented themselves immediately when they were required for employment. Addresses of casual labourers were not available in some cases.

Reduction in expenditure of Railways

2135. SHRI NIHAR LASKAR :
SHRI S. M. KRISHNA :

Will the Minister of RAILWAYS be pleased to state :

(a) whether Railways are considering some proposals by which expenditure on Railways could be reduced;

(b) if so, what are the items on which the expenses would be cut; and

(c) what is the total amount likely to be saved thereby?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) Yes, Sir.

(b) *Adhoc* reductions under ordinary working expenses of the Railways are proposed to be made.

(c) it is too early to give a firm estimate of the saving on this account at this stage.

**Suggestions by Wanchoo Committee
on Railways**

2136. SHRI N. SHIVAPPA : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government have examined the suggestions made by Wanchoo Committee on Railways; and

(b) if so, the decisions taken by Government in that regard?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) Yes.

(b) The Railway Accidents Inquiry Committee 1968 (Wanchoo Committee) submitted their Report in two parts—first part in November, 1968 and the second and final in August, 1969 respectively.

Part I of the Report was examined in detail and the "Views of the Ministry of Railways (Railway Board)" on this part of the Report were incorporated in a printed pamphlet, copies of which were circulated along with the Railway Budget

documents in February, 1969. There are in all 229 items in this Part, of which 139 are in the nature of observations and 90 are recommendations. All these recommendations have since been accepted.

Part II of the Report which covers many facets of railway working has also been examined in detail and the "Views of the Ministry of Railways (Railway Board)" on this Part of the Report were incorporated in a printed pamphlet, copies of which were laid on the Table of the House on 24-2-1970. There are in all 500 observations and recommendations contained in this Part of the Report, of which 51 are essentially in the nature of observations and remaining 449 in the nature of recommendations. Of these, 292 recommendations (including 74 which are in conformity with the policy or practice in vogue) have been accepted, another 29 partially accepted and 63 recommendations have not been accepted. The remaining 65 recommendations are being examined as many of these require consultation with other departments or Ministries and others involve a detailed examination of their implications. The examination is being processed and a close watch is being maintained with a view to expediting the finalisation of decisions on these recommendations.

Action, as necessary, on the various items of observations and recommendations in both the parts of the Report along the line of the "Views of the Government" on these has already been initiated and the implementation is being vigorously watched. Several of the accepted recommendations have already been implemented.

**Loss to Railways due to Pilferage of
Goods, Wagon breaking, etc.**

2137. SHRI RAMAVATAR SHASTRI : Will the Minister of RAILWAYS be pleased to state :

(a) the amount of loss sustained by the Railways on account of pilferage of

parcels and goods during the years 1968-69 and 1969-70.

(b) the amount of loss sustained by the Railways on account of wagon breaking during the same period;

(c) the total loss sustained on account of theft of Railway properties during the said period;

(d) the amount spent during the period on the maintenance of Railway Protection Force for prevention of theft/pilferage/wagon breaking etc; and

(e) the remedial measures adopted by the Railway Administration in this regard ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHALYA): (a) The only reliable index for losses sustained by the Railways on account of pilferage is the amount of compensation paid under this head. The amount of compensation paid on account of pilferages during the years 1968-69 & 1969-70 are Rs. 4,33,76,371 and Rs. 4,87,29,403 respectively.

(b) The figures of losses sustained by the Railways on account of wagon breaking are not maintained separately.

(c) The total loss sustained by the Indian Railways on account of theft of Railway properties during the above period is Rs. 32.08 lakhs and Rs. 35.68 lakhs respectively.

(d) The amounts spent on maintenance of Railway Protection Force during the period 1968-69 and 1969-70 was Rs. 10.82 crores and Rs. 11.40 crores respectively.

(e) A statement is laid on the Table of the House. [Placed in Library See No. LT. 412/71].

Shifting of Major Law Courts of Manipur to new sites

2139. SHRI N. TOMBI SINGH : Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether Government of Manipur is considering a plan to shift the major Law Courts of Manipur to a new site; and

(b) if so, the main features thereof ?

THE MINISTER OF LAW AND JUSTICE (SHRI H. R. GOKHALE): (a) Yes, Sir.

(b) Civil and Sessions Courts are proposed to be shifted to Lamphelpat and a plan has been prepared for this purpose. A site has also been provisionally selected for construction of High Court building as and when this becomes necessary.

Quick disposal of cases in the Law Courts of Manipur.

2140. SHRI N. TOMBI SINGH : Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether any step has been taken to quicken the disposal of cases in the law courts of Manipur; and

(b) if so, the details thereof ?

THE MINISTER OF LAW AND JUSTICE (SHRI H. R. GOKHALE): (a) Yes, Sir.

(b) Instructions have been issued by the Judicial Commissioner directing the District & Sessions Judge to hold a monthly meeting with the Presiding Officers of

the Courts under the administrative control of the Judicial Commissioner to determine ways for early disposal of old cases. The District and Sessions Judge has been directed to submit a monthly statement in respect of each Sessions case and time taken in its investigation, committal proceeding and trial. Such statements are personally examined by the Judicial Commissioner and if any officer is found to have committed laxity, report is called for from the Presiding Officer and where necessary, suggestions are made for guidance in future. In FIR cases, the Inspector General of Police has been advised to instruct the investigation officers to submit the charge sheets within a reasonable time from the registration of the case. The Judicial Commissioner personally inspected all the Courts under his administrative control and issued necessary instructions on the basis of the lacuna found during inspections as to how to avoid adjournments and expedite disposal of the cases. As a result of steps taken by the Judicial Commissioner, the figures of old pending cases have considerably come down. Pending cases in the Court of Judicial Commissioner have come down from 397 on 30-4-1969 to 214 on 30-4-1971. Similarly, during the above period pending cases in the Court of District and Sessions Judge have come down from 180 to 141, in the Court of Additional District & Sessions Judge from 166 to 94, in the Court of Sub-Judge from 395 to 186 and in the Court of the five Munsiff Magistrates from 1140 to 633.

**Setting up of Industries based on
Forest products in Manipur**

2141. SHRI N. TOMBI SINGH : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state whether Government have taken up any measures to establish suitable industries from forest products of Manipur ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : In the Annual Plan for 1971-72,

a scheme for setting up of a paper mill based on pine and bamboo resources in the Union Territory of Manipur was suggested by the Manipur Administration. This was considered by the Working Group for Large and Medium Industries in the Planning Commission which recommended that a forest survey was necessary to fully prove the availability of forest resources for the project. A token provision for the scheme has been made for preparing a feasibility report after completion of the forest survey.

**Extension of Railway lines upto Jiribam
Sub-Division of Manipur**

2142. SHRI N. TOMBI SINGH : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government are considering a proposal to extend Railway lines from a convenient station in Cachar upto Jiribam Sub-division of Manipur; and

(b) if so, when a decision is likely to be taken in the matter ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No.

(b) Does not arise.

**Applications for Licence for manu-
facture of Auto-cycles**

2143. SHRI S. N. MISHRA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the particulars of applications for licence for manufacture of auto-cycles received in his Ministry during the last three years;

(b) whether any licence for manufacture of auto-cycles has been granted to any firm; and

(c) if so, the name of the firm, the place where auto-cycles will be manufactured and the cost estimate of the Project ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) The following applications were received for the manufacture of auto-cycles since 1968 :

1. M/s. Madras Machine Tool Manufacturers Ltd., Coimbatore. They submitted their application in November 1969 for setting up a new unit at Coimbatore for manufacture 3,600 auto-cycles per annum. They later on withdrew their application.
2. M/s. Pradeep Industries, New Delhi. They submitted their application in January, 1970 for

setting up a new unit at Palwal in Haryana for the manufacture 10,000 auto cycles per annum. Since the application was not covered under the provisions of the Industries (Development and Regulation) Act, 1951, they were advised to approach the concerned authority and their application was therefore treated as withdrawn.

3. M/s. Kanpur Industrial Cooperative Society Ltd., Kanpur. They submitted a composite scheme for the manufacture of scooters as well as auto-cycles in January, 1970. As their scheme was not properly conceived, it has been rejected.

(b) and (c). The following firms have been granted industrial licences for the manufacture of auto-cycles with an annual capacity of 50,000 units each during the last three years:—

Name of the party	Date of issue of industrial licence	Location	Cost of project as indicated by the firm in their application

(b) if so, whether any scheme has been drafted for the purpose ; and

(c) the time by which it is likely to be given effect to ?

THE MINISTER OF LAW AND JUSTICE (SHRI H. R. GOKHALE) : (a) No, Sir.

(b) and (c) Do not arise.

Complaints against officials regarding issue of Industrial Licences

2147. SHRI S. N. MISRA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether serious complaints have been made against the Officials responsible for Industrial Licensing and no Committee Officials, or otherwise, have been appointed to investigate about such loopholes and conduct ; and

(b) whether Government propose to appoint a Committee of the Members of Parliament to look into the complaints made about the licensing of Industrial Development concerns ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) No serious complaints against any individual Officials responsible for industrial licensing has been received lately. As and when complaints are received about delay or discrimination in the processing of licensing applications, the matter is always enquired into and grievances, if any, redressed.

(b) Does not arise.

Railway line Linking Tarakeswar and Bankura Via Arambagh

2148. SHRI ROBIN SEN : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government have any

plan to open new Railway line linking Tarakeswar and Bankura via Arambagh ; and

(b) if so, the time to be taken for implementing the scheme ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No.

(b) Does not arise.

**Breaking of seals of Goods Wagons
on Gorakhpur to Nautanwa
Branch Line**

2149. PROF. S. L. SAKSENA : Will the Minister of RAILWAYS be pleased to state :

(a) the number of occasions when seals of Railway goods wagons had been broken and goods stolen during the last two years on Gorakhpur to Nautanwa Branch Line ;

(b) the amount of money paid as compensation claims, on each occasion ; and

(c) in how many cases the thieves were arrested and convicted ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Two cases in 1969-70 and three cases in 1970-71 of thefts from wagons in yards and running trains were reported in this sections ;

(b) The information is being collected and will be placed on the table of the House.

(c) No arrests have been made.

Shortage of Raw Materials in Industry

2150. SHRI S. R. DAMANI :
SHRI T. S. LAKSHMANAN :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state ;

(a) whether Government have under taken a study to identify industrial raw materials, components and other consumer items which are in acute short supply ;

(b) if so, the nature of the studies made and the items so identified ; and

(c) the steps taken either to increase their internal production or to import them in order to meet the demand fully ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) to (c). The supply position in respect of industrial requirements is kept in constant review. Whenever any serious shortage comes to or is brought to the notice of Government steps are taken to overcome the shortages. Recently, for instance, applications for grant of industrial licences have been invited in respect of 123 items which are currently in short supply. Another 121 items, in which technological gaps exist at present, have also been identified and publicised. In addition, the licensing registration policy of the Government has been substantially liberalised and the banned list for industrial licensing has been done away with so that production and supply of industrial goods might not suffer.

Further, a Standing Inter-departmental Committee meets periodically to review the import policy concerning the import of industrial raw materials and components etc. The import policy for 1971-72 contains special provision for the import of items which are in world shortage. Industries with long delivery dates of supply of raw materials arising from world

shortage have been permitted to apply for their import requirements over a period longer than six months at a time. The policy also provides for review of entitlement of Actual Users. The cases of Actual users in which it is established that the operation of the existing import policy creates undue hardship and is likely to affect industrial development is considered for imports by a Special Committee under the Chief Controller of Imports and Exports.

**Applications for setting up of Industries
in Backward Areas**

2151. SHRI S. R. DAMANI : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the number of applications received during 1970-71 for starting industries in backward areas and for which items ;

(b) the number out of them approved and for which items ;

(c) whether any party or parties asked for special concessions or relaxations and if so, Government's reaction thereto ; and

(d) the number of applications rejected and the reasons thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a), (b) and (d). Separate statistics of applications on area-wise or district-wise basis are not maintained at present. Such figures are maintained on a State-wise basis only.

(c) The applications for industrial licences are dealt with in the various Ministries Departments concerned. It is likely that some the applicants may have approached the Ministries/Departments

concerned, for certain concessions or relaxations. Such requests are dealt with on merits as and when they arise. However, data in this regard is not collected and maintained in any central place.

Profit or Loss resulting from Departmental Catering Service on Railways

2152. SHRI S. R. DAMANI : Will the Minister of RAILWAYS be pleased to state :

(a) the profit or loss resulting from the departmental catering service on the Railways during 1970-71 and how it compares with the previous two years' working ;

(b) whether complaints have been received about the large-scale pilferage and the poor service rendered ; and

(c) the action taken to improve the quality of service ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) The profits earned by the Departmental Catering units on Indian Railways during the year 1970-71 amounted to Rs. 26.12 lakhs approximately, as compared with profits of Rs. 23.42 lakhs and Rs. 20.61 lakhs earned during 1968-69 and 1969-70 respectively.

(b) There have been no complaints about large scale pilferage in the Departmental Catering but some complaints have been received about poor quality of service.

(a) the details of new investment in West Bengal (industry-wise) during 1969-70 and 1970-71 (month wise) and during the

first month of the current year; and

(b) the factors responsible for increase or decrease in investment in each case ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) and (b). Details of new investment actually made in West Bengal

(industry-wise) during 1969-70 and 1970-71 are not available. However, some information about estimated investments which

is limited to letters of intent issued for industrial projects in West Bengal as from May 1970 onwards is given below:—

Month	Industry	Investment (Rs. in lakhs)
May, 1970	Glass Bottles	12.75
June, 1970	Potentiometer	85.20
July, 1970	Baby Food, Aerial, rope way	71.00
August, 1970	Aluminium, Card Staves, Aerodrome Runway Lamps	0.38
November, 1970	Industrial Furnace	Not available
December, 1970	G.L.S. Lamps	17.11
January, 1971	Truck mounted cranes, Disc Tumbler, Locking Devices, Door Lock Remote Control and Window Regulators.	7.00
February, 1971	Industrial X-Ray Machines Record Playing Equipment	6.15
March, 1971	Stereo Cartridges, Automatic Train Control Equipment, Agricultural Tractors, Pulp and Paper	254.64
April, 1971	OTS Cans General line containers, Vision Sighting Equipment, Band change switches, Hacksaw Blades, Recorders and Indicators, Scooters.	207.75
TOTAL :		66.198

Generally during 1969, 1970, a number of factors, including recession in certain industrial sectors, shortage of raw materials, strikes and lock-outs, and difficult labour-management relations have contri-

buted towards slowing down of industrial growth in West Bengal.

Going by the figures of the number of letters of intent issued up to April, 1971,

and the number of licences granted as compared to the previous year, 1970, the industrial situation appears to be picking up.

Generation of power by the recently developed 'Gas Producer'

2181. SHRI JYOTIRMOY BOSU : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether India's entire power needs can be met and there would even be a surplus capacity if the "Gas Producer" recently developed is used for generation of power;

(b) if so, the particulars of the 'gas producer' developed; and

(c) whether Government have made study of the process and if so, the result thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) to (c). Gas producer plants have been in use in the past for feeding gas engine driven generating sets, but have not proved economical. Power generation from producer gas obtained from burning coal has also not proved economical when compared with large modern coal burning stations. Techniques of underground gassification of low grade coal are being developed in recent years in some countries. These may be of significance for India when developed sufficiently. Presently, these are uneconomical for Indian conditions.

Quota for allotment of quarters to staff of Foreign Traffic Accounts Office, Delhi (Western Railway)

2182. SHRI JYOTIRMOY BOSU : Will the Minister of RAILWAYS be pleased to state :

(a) whether question of fixation of the quota for allotment of quarters to

the staff of the Foreign Traffic Accounts Office of the Western Railway at Delhi by the Northern Railway is under examination ; and

(b) if so, when a decision is likely to be taken in this regard ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) and (b). The matter is under examination and a decision is likely to be taken shortly.

Pending applications for licences letters of intent from Madhya Pradesh

2183. SHRI JAGANNATH RAO JOSHI: DR. LAXMINARAIN PANDEY:

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the number of applications pending with the Government of India for granting licences/letters of intent for setting up of industries in Madhya Pradesh;

(b) the reasons for the pendency of these applications; and

(c) the time by which a decision is likely to be taken thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD)

(a) During the last three years i.e. 1968, 1969 and 1970, in all 63 applications for the setting up of New Industrial Undertakings in Madhya Pradesh were received. Of these applications, licences have been issued in 3 cases and letters of intent in 7 cases. 23 applications have been rejected and 4 have otherwise been disposed of. The remaining 26 applications are under consideration. Besides, 13 such applications received during the current

year (upto 30th April) are also under consideration.

(b) and (c). Consideration of industrial licence applications necessitates fairly detailed examination of various aspects of the proposals and the disposal of particular applications is often delayed due to various factors. In some of these cases, the applications did not provide all necessary particulars and additional information had to be obtained. In certain other cases, policy decisions on the industry as a whole had to be arrived at. It is difficult to indicate precisely the time by which the pending applications will be disposed of. However, Government are conscious of the need for expeditious disposal of all licence applications and it is being sought to ensure that, as far as possible, decisions on licence applications are taken within 3 months of receipt of application or receipt of full information from the applicant party, whichever is later.

**Delay in Completion of Jarau-Harabhangi
Irrigation Project, Orissa**

2184. SHRI D. K. PANDA : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether 'Jarau Harabhangi' Irrigation Project in Ganjam District in the State of Orissa was included in the Third Five year Plan and whether the same is under investigation;

(b) the reasons for its non-inclusion in the Fourth Five Year Plan;

(c) whether Government had received the first report in 1963 and second report in 1967 relating to the 'Jarau-Harabhangi' Irrigation Project; if so, the reasons for not taking up the work this year; and

(d) when the Project will be completed?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL): (a) to (d). A preliminary report on the Jarau Harabhangi Scheme was received by the Central Water & Power Commission in 1964. It was suggested to the State engineers that detailed investigations might be carried out. In June 1967, the Union Minister of Irrigation and Power inspected the site and suggested that an alternative site for the dam, a spillway and water conductor system might be investigated with a view to economising on the cost of the scheme. It is reported by the State Government that these investigations are still in progress.

The project can be considered for inclusion in the developmental plans of Orissa after the project report, based on detailed investigations, is received from the State Government.

**Payment of Honorarium to Staff of
Foreign Traffic Accounts Office,
Delhi and Traffic Accounts
Office, Ajmer**

2185. SHRI SAMAR MUKHERJEE : Will the Minister of RAILWAYS be pleased to state :

(a) whether the work regarding extraction of branch line earnings for the year 1969-70 was done by the staff of the Foreign Traffic Accounts Office, Western Railway, Delhi and Traffic Accounts Office at Ajmer on honorarium basis;

(b) if so, whether the honorarium has since been paid to the staff; and

(c) if not, the reasons for the delay and when its payment will be made ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA): (a) Yes

(b) No.

(c) The information compiled by the staff detailed out to work on honorarium basis was test checked and certain variations in the earnings figures of some of the branch lines were noticed. A review is in hand. However, pending further scrutiny, the payment of honorarium to the staff is under process and the payment is expected to be made shortly.

**Strenght of Traffic Accounts

Devgarh—Orissa**

2187. SHRI P. GANGADEB : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Government propose to supply hydro-electricity to Devgarh in Orissa by the end of 1972 ; and

(b) if so, whether the sanctioned scheme of extending the said electricity, from Bonai to Barkote and from Barkote to Devgarh will be implemented before the end of 1971 ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) Yes, Sir,

(b) The 33 KV transmission line from Bonai to Barkote and from Barkote to Devgarh is expected to be commissioned by the end of 1971.

**Supply of Cheaper Power to Aluminum
Corporation of Birlas from
Rihand Dam**

2188. SHRI S. M. BANERJEE : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the power supplied to Aluminium Corporation of Birlas from Rihand Dam is cheaper than the power supplied to the peasants and small units in that area ;

(b) if so, whether any agreement was executed with Birlas for 25 years ;

1. not (c) whether as a result of this agreement Government have suffered heavy financial loss ; and
(d) com

(d) if so, the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) Yes, Sir.

(b) An agreement exists between the U. P. Government and the Hindustan Aluminium Corporation Ltd. for supply of power to the latter from Rihand Hydro Electric Project. The period of agreement is 25 years, but the rate is firm for a period of 16 years from the commencement of supply. Thereafter, the rate could be revised and enhanced subject to the condition that the enhancement does not exceed 10% of the specified rate

(c) and (d). There is no indication of the Government having suffered heavy financial loss on account of this agreement.

**Appendix II-A Examination qualified
Clerks Grade II**

2189. SHRI MANORANJAN HAZRA : Will the Minister of RAILWAYS be pleased to state the total number of Clerks Grade II in the Accounts Department on each Zonal Railway who are Appendix II-A Examination qualified and unqualified separately ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : Information is being collected and will be laid on the Table of the Sabha).

**Irregular Provision of Clerks Grade-I
Foreign Traffic Accounts Office, Delhi
(Western Railway)**

2190. SHRI MANORANJAN HAZRA : Will the Minister of RAILWAYS be pleased to state :

(a) whether the former Railway Minister received a representation dated the 18th October, 1970 regarding the procedure followed for promotion rever-

sion of Clerks Grade—I in the Accounts Department of the Western Railway and also the irregular reversion of certain officiating Clerks Grade-I in the Foreign Traffic Accounts Office, Western Railway, Delhi; and

(b) if so, the decision taken in the matter?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA): (a) Yes.

(b) The matter is under consideration.

Corporation to Manufacture Wheels Axles and Steel Tyres for Railways

2191. SHRI C. JANARDHANAN: Will the Minister of RAILWAYS be pleased to state:

(a) whether Government propose to set up an autonomous Corporation to manufacture wheels, axles, and steel tyres for the Railways; and

(b) if so, when the Corporation is likely to be set up?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA): (a) A proposal for setting up a wheel and Axle plant as a Departmental Unit or in the Public Sector is under consideration.

(b) Does not arise at this stage.

गाजियाबाद से चलने वाली रोहतक शटल गाड़ी को गाजियाबाद की बजाय दनकोर से चलाना

2162. श्री कमल मिश्र मधुकर: क्या रेल मंत्री यह बतान की कृपा करेंगे कि:

(क) क्या रोहतक शटल गाड़ी पहले

गाजियाबाद से प्रातः 7 बजेकर 50 मिनट पर चलती थी;

(ख) क्या उक्त शटल गाड़ी गाजियाबाद के बजाय अब दनकोर से चलती है और प्रायः देरी से चलती है;

(ग) उक्त शटल गाड़ी के गाजियाबाद के बजाय दनकोर से चलने के क्या कारण हैं; और

(घ) उक्त शटल गाड़ी को दनकोर के बजाये गाजियाबाद से चलने अथवा यह सुनिश्चित करने के लिए कि गाड़ी विलम्ब से न चले सरकार का विचार कुछ प्रबन्ध करने का है?

रेल मंत्री (श्री हनुमन्तैया) (क) जी हाँ।

(ख) और (ग). दैनिक यात्रियों की मांग के जवाब में पहले की। और डी जी गाजियाबाद-रोहतक शटल का चालन क्षेत्र बढ़ा कर उसे 10-10-70 से दनकोर से और 1-6-71 से खुर्जो से रोहतक तक चलाया जाने लगा है। बढ़े हुए चालन क्षेत्र वाली इस गाड़ी का समय पालन प्रायः सन्तोषजनक रहा है।

(घ) सवाल नहीं उठता।

Construction of Srisailem Hydro Electric Project Andhra Pradesh

2193. SHRI P. VENKATASUBBAIAH: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the progress made so far with regard to the construction of Srisailem Hydro Electric Project in Andhra Pradesh;

(b) whether the construction of the Project will be completed within the target date ; and

(c) the amount so far spent out of the total sanctioned amount ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) The work on the main dam in both the spillway portion as well as gravity dam portion is in progress. The difficult works of foundations in the deep river bed portion have been completed and masonry filling has been brought up to the average river bed level. Drilling and grouting in the deposit foundations in the river bed have been completed. The same are in progress in the higher elevations of foundations. The problems regarding foundations at the abutments have also been resolved and the work on these is in progress. A number of special instruments like stress meters, rock deformation meters, etc., are being installed in the dam in the course of construction work. The power house location has been finalised and the work thereon is being taken up.

(b) The project was earlier scheduled to be completed by 1975-76. However, in a recent meeting of the Project Working Committee, progress of construction was revised, according to which it would be possible to commission the first set during 1977-78 and the remaining three sets in 1978-79.

(c) The expenditure incurred upto the end of February, 1971 was Rs. 28.36 crores.

Decision of the tribunal on Krishna-Godavari river waters dispute

2194. SHRI P. VENKATASUBBIAH : Will the Minister of IRRIGATION AND POWER be pleased to state ;

(a) whether the Tribunal constituted

to settle the Krishna-Godavari River Waters Dispute has concluded its deliberations; and

(b) if so, the time by which the Tribunal is going to give its award ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). The Krishna Water Disputes Tribunal and the Godavari water disputes were constituted by the Central Government on 10-4-1969 and the adjudication proceedings are in progress. While efforts are being made by the Tribunals to complete their work as expeditiously as practicable, it is not possible at this stage to indicate when the adjudication proceedings are likely to be over.

Rate of production of Rail Wagons

2196. SHRI R. S. PANDEY :

SHRI P. NARASI MAH REDDY :

Will the Minister of RAILWAYS be pleased to state :

(a) the present rate of production of Rail wagons of various types in the country;

(b) the present requirements of Rail wagons in the country which have a demand abroad; and

(c) whether it is proposed to give licence to the private industrialists to manufacture Rail wagons to meet the demands in the country and abroad ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) The average rate of production of various types of wagons in the country during the last three years is about 14000 wagons per year in terms of four-wheelers.

(h) The requirement of wagons on Indian Railways is worked out on the anticipated development of traffic during a Five Year Plan period and annual procurement is undertaken to suitably phase out the production load. There is, therefore, no fixed requirement of wagons as such.

The present installed capacity in the country is sufficient to meet the internal as well as export demands.

(c) Does not arise.

Keeriakitti Kerappan Irrigation scheme, Kerala

2197. SHRI M. K. KRISHNAN : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether the attention of Government has been drawn to the urgent need for taking up Keeriakitti Kerappan Irrigation Scheme in Palghat District, Kerala;

(b) if so, the main features of the Scheme;

(c) whether Government have received any memorandum from the Members of Parliament from Kerala regarding this issue; and

(d) if so, the action taken by Government thereon ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) to (d). Some Members of Parliament urged the undertaking of the Keeriakitti Kerappan irrigation scheme. Since no proposals have been received about this project, enquiry was made from the Government of Kerala who have indicated that investigations for this project are, about

to be completed and that the project report and estimates are under preparation.

(a) whether there are 50 senior casual labourers working as substitute Gangman under P.W.I., Kalupara Ghat on South-

Eastern Railway for the last 7 years against regular vacancies, but havenot been regularised so far;

(b) whether Government are aware of that these labourers have put in more than 10 years service as casual labourers prior to their appointment as substitutes; and

(c) when the Administration propose to put them as permanent Gangman?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA): (a) to (c). The information is being collected and will be laid on the Table of the Sabha.

Handling Rate for Hम्मials working at Goods Shed, Puri Station. (South Eastern Railway)

2200. SHRI CHINTAMANI PANI-GRAHI : will the Minister of RAILWAYS be pleased to state :

(a) whether the Hम्मials working at Goods Shed at Puri Station on the South-Eastern Railway argetting handling rate at 6 paise per quintal, that is Rs. 25.00 for 400 quintals;

(b) whether Government propose to increase this handling rate immediately;

(c) the name of the contractor entrusted with this work at Puri Station; and

(d) the reasons for the continuation of the "handling contract system" of 1857 of the Railways Act at Puri even now?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes.

(b) No.

(c) The Station Master Puri.

(d) The reference to "Handling Contract System of 1857 of the Railway Act" is not understood. This system of handling contracts is generally in vogue on the Indian Railways.

Lack of Resting Accommodation for licensed porters in stations in Khurda Division of South Eastern Railway

2201. SHRI CHINTAMANI PANI-GRAHI : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government are aware of the lack of resting accommodation for the licensed porters in all the stations in Khurda Division of the South Eastern Railway; and

(b) if so, whether Government are considering to provide them with suitable resting accommodation ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Licensed Porters on the Khurda Division have been permitted to make use of the facilities at III Class waiting Halls provided at the stations where they are licensed to work.

(b) Does not arise.

रतलाम और नीमच (पश्चिम रेलवे) पर लोकोशेडों का बिस्तार

2202. डा० लक्ष्मीनारायण पांडे : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या रतलाम और नीमच के लोकोशेडों का बिस्तार किया जा रहा है;

(ख) क्या हां, तो रतलाम बड़ी रेलवे लाईन, छोटी रेलवे लाईन रतलाम और नीमच की छोटी रेलवे लाइनों पर इस समय कितने इंजन चल रहे हैं और लोकोशेडों की कितनी समता है; और

(ग) प्रस्तावित विस्तार योजना से उप-रोक्त स्थानों पर कितनी अतिरिक्त क्षमता बनाने की सम्भावना है और प्रस्तावित कार्य कब तक आरम्भ हो जायेगा ?

रेल मंत्री (श्री हनुमंतैया) : (क) रतलाम में बड़ी लाइन के डीजल इंजन शेड का विस्तार किया जा रहा है ताकि उसमें बड़ी लाइन के 100 इंजन खड़े किये जा सकें। रतलाम और नीमच के मीटर लाइन के भाप इंजन शेडों का विस्तार नहीं किया जा रहा है।

(ख) रतलाम और नीमच में भाप के और डीजल शेडों की क्षमता तथा वहाँ खड़े किये गये इंजनों की संख्या इस प्रकार है :—

शेड	क्षमता	खड़े किये इंजनों की संख्या
रतलाम डीजल (बड़ी लाइन)	50	75
रतलाम भाप (बड़ी लाइन)	100	42
रतलाम भाप (मीटर लाइन) (बाहरी)	कुछ नहीं	कुछ नहीं
नीमच भाप (मीटर लाइन)	35	34

(ग) रतलाम डीजल इंजन शेड का विस्तार करने का विचार है ताकि उसमें बड़ी लाइन के 100 डीजल इंजन खड़े किये जा सकें और चालू वर्ष में यह काम शुरू कर दिया जायेगा।

मध्य रेलवे के तत्पुरा स्टेशन, मंदसौर पर
सवारी गाड़ी का ठहरना

2203. डा० लक्ष्मीनारायण पांडे : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य रेलवे के मंदसौर जिले के तत्पुरा रेलवे स्टेशन पर सवारी गाड़ी ठहरती है;

(ख) क्या यात्रियों को उस स्टेशन से अगले स्टेशनों के लिए टिकट नहीं मिलते यद्यपि उस स्टेशन पर आवश्यक कर्मचारियों की व्यवस्था है;

(ग) क्या उक्त स्टेशन पर यात्रियों के लिए शेड की व्यवस्था नहीं है; और

(घ) यदि हाँ, तो इस सम्बन्ध में कब तक आवश्यक सुधार किये जाने का प्रस्ताव है ?

रेल मंत्री (श्री हनुमंतैया) : (क) मध्य रेलवे पर मंदसौर जिले में तत्पुरा नाम का कोई यात्री बुकिंग स्टेशन नहीं है।

(ख) से (घ). सवाल नहीं उठता।

खण्डवा और अजमेर के बीच 70 पाउण्ड
की रेल पट्टरी डालना

2204. डा० लक्ष्मीनारायण पांडे : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या खण्डवा और अजमेर के बीच की छोटी रेलवे लाइन को 70 पाउण्ड रेलवे लाइन में परिवर्तित कर दिया गया है;

(ख) यदि हाँ, तो खंडवा और अजमेर के बीच रेलवे लाइन के कितने भाग को परिवर्तित कर दिया गया है और कितना भाग अभी परिवर्तित किया जाना बाकी रह गया है;

(ग) उक्त मार्ग पर 70 पाउण्ड की रेलवे लाइन डालने के क्या कारण हैं;

(घ) क्या इस मार्ग पर यह परिवर्तन मेल रेल गाड़ियाँ चलाने के लिये किया गया है जिस के लिये उस क्षेत्र के लोग बार-बार मांग करते रहे हैं; और

(ङ) यदि हाँ, तो इस बारे में क्या कार्यवाही की जा रही है ?

रेल मंत्री (श्री हनुमंतैया) (क) जी नहीं ।

(ख) से (ङ). सवाल नहीं उठता ।

इस खण्ड में डाक गाड़ी चलाने का भी कोई प्रस्ताव नहीं है ।

गोधरा से कोटा तक रेलवे लाइन

2205. डा० लक्ष्मीनारायण पांडे : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या रेलवे बोर्ड को एक ज्ञापन प्राप्त हुआ है जिसमें गोधरा (गुजरात) से कोटा (राजस्थान) तक एक नई रेलवे लाइन का निर्माण करने की मांग की गई है; और

(ख) यदि हाँ, तो इस सम्बन्ध में सरकार ने क्या कार्यवाही की है ?

रेल मंत्री (श्री हनुमंतैया) : (क) जी नहीं ।

(ख) सवाल नहीं उठता ।

मध्य प्रदेश में पुनासा सिंचाई परियोजना

2206. श्री गंगा चरण बीक्षित : क्या सिंचाई और विद्युत मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश की पुनासा सिंचाई परियोजना का इस बीच अनुमोदन कर दिया गया है;

(ख) यदि हाँ, तो परियोजना पर कितनी लागत आयेगी; और

(ग) परियोजना की क्रियाविति में कितनी प्रगति हुई है ?

सिंचाई और विद्युत मंत्रालय में उपमंत्री बंजनाथ कुरील : (क) भारत सरकार यह उचित नहीं समझती कि नर्मदा बेसिन में किन्हीं नई परियोजनाओं की स्वीकृति पर विचार किया जाए जबकि नर्मदा नदी और उसकी घाटी के बारे में जल-विवाद न्यायाधिकरण के विचाराधीन है ।

(ख) और (ग). प्रश्न नहीं उठता ।

बम्बई तथा अमृतसर के बीच चलने वाली अमृतसर एक्सप्रेस रेलगाड़ी

2207. श्री गंगा चरण बीक्षित : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बम्बई और अमृतसर के बीच चलने वाली एक्सप्रेस रेलगाड़ी अन्य एक्सप्रेस गाड़ियों की तुलना में धीमी गति होने के कारण वह लोकप्रिय नहीं है; और

(ख) यदि हाँ, तो इस एक्सप्रेस रेलगाड़ी

की गति तेज करने के लिए सरकार ने क्या कार्यवाही की है ?

रेल मंत्री (श्री हनुमंतैया) : (क) जी नहीं, मार्ग में अधिक स्टेशनों पर ठहरने तथा मनमाड, चाम्नीसगांव भुसावल और अन्य स्टेशनों पर ग्लिप और निर्धारित कार्यक्रम के अनुसार चलने वाले डिब्बों की दौटिंग के लिए अधिक समय तक टहरने के कारण 57 डाउन/58 अप एक्सप्रेस गाड़ी का यात्रा समय 5'6 डाक गाड़ी के यात्रा समय से लगभग 5 घंटे अधिक है। इस तथ्य के बावजूद भी बम्बई और अमृतसर के बीच चलने वाली 57 डाउन/57 अप एक्सप्रेस गाड़ियों में काफी संख्या में यात्री चलते हैं।

(ख) सवाल नहीं उठता।

Supply of Power at Cheaper Rates to small Farmers

2208. SHRI RAJDEO SINGH : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Government have formulated certain schemes to increase agricultural production in the country by providing power to the farmers at cheaper rates;

(b) whether small farmers have to pay more charges for power in comparison to commercial concerns; and

(c) if so, the attempts Government have made to remove the difficulty of small farmers ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI KUREEL) : (a) : The State Electricity Boards fix different tariffs for supply of electricity, having

regard to the nature of supply, the purpose for which supply is required and other relevant factors. With a view to encourage agricultural production, promotional tariffs for agricultural purposes have been introduced by the State Electricity Boards. The Rural Electrification Corporation has been set up in the Central Sector for financing the schemes of rural electrification of State Electricity Boards, with a bias towards energisation of irrigation pumping sets. The Corporation sanctions loans on concessional terms for rural electrification schemes in backward areas.

(b) and (c). Power supply for agriculturists is generally at 400 volts involving expenditure on transformation from high voltage. As compared with the rates of small industries which are also supplied at the same voltage as the agriculturists, the tariff rates for agricultural purposes are either the same or lower in most of the States.

Loans given to U.P. Industrial Concerns

2209. SHRI RAJDEO SINGH : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the amount of loans granted to industrial concerns in Uttar Pradesh by the Central Government during 1968-69 and 1969-70; and

(b) the purposes for which the said loans were granted and the terms and conditions thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) and (b). No loans have been granted during the period to the individual private industrial concerns in Uttar Pradesh by the Ministry of Industrial Development directly. However, the Government of India provides loans to

State Governments for granting loans to Small Scale industries under the State Aid to Industries Act/Rules. During 1968-69 the Government of Uttar Pradesh had sanctioned 138 loans and disbursed Rs 37.53 lakhs. Similar data for 1969-70 is not available.

Central Industrial Projects

2210. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) the number of Central Industrial Projects which will be launched for the first time in 1971;

(b) the number of industrial projects that will be launched in 1971 in Collaboration with foreign firms in India; and

(c) the total amount of Foreign investment that will be made in both the spheres separately ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) to (c). The names of Central Industrial projects to be set up/completed during the Fourth Plan are mentioned on pages 326-330 of the Fourth Five Year Plan Report. The continuing and new schemes and the outlay proposed thereon are also mentioned. While it is not possible, at this stage to specify as to which central industrial project will be launched or commissioned for the first time in 1971, a list of important industrial projects in the Central sector on which preparatory work/construction is expected to be taken up during 1971-72 is given below :

1. Expansion of Bhilai Steel Plant.
2. Refractory plant.
3. Expansion of Alloy Steel Plant, Durgapur.

4. New Steel Projects at Salem, Vizag and Hospect.

5. HMT Watch Factory in J & K.

6. Zinc Smelter, Vizag.

7. Assam Refinery.

8. Pump and Compressor Project.

9. Expansion of Trombay Fertilizer Project.

10. Fertilizer Projects at Talcher and Ramagundam.

A substantial industrial base having been created and foreign collaboration already extended to various fields of industry, both capital and consumer goods, a greater degree of selectivity is now being exercised with a view to ensure that foreign investment and collaboration is not unnecessarily channelised in sectors where technical know-how has developed at an adequate level within the country. Proposals for foreign collaboration and participation in investment are considered on merits and subject to certain conditions.

"Wage Freeze" for Railway Employees

2211. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of RAILWAYS be pleased to state :

(a) whether Government have under consideration any scheme to introduce "Wage Freeze" for Railway employees or to link wages to productivity;

(b) if so, the reasons therefor; and

(c) the main features of the scheme ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) No.

(b) and (c). Do not arise.

Inter-Division transfers of Class II Officers (Southern Railway)

2212. SHRI C. CHITTIBABU : Will the Minister of RAILWAYS be pleased to state :

(a) how many class II Officers are attached to signal and Telecommunications Department on Southern Railway Division R.M. Workshops and M/W separately;

(b) the number out of them who are in the same division for over three years;

(c) whether some Class II officers of the Singal and Telecommunications Department are in the same division for over three years ever since their promotion to Class II, and

(d) if so, the reasons for not effecting inter-divisional transfers of such of those, Class II officers promoted in the same division from Class III ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) The number of Class II officers of the Signal and Telecommunication Department working on Southern Railway is as under :

(i) Headquarters	...	3
(ii) Divisions	...	5
(iii) Remodelling/Works Construction	...	3
(iv) Workshop	...	1
(v) Microwave Construction	...	1
Total :		13

(b) Two in the Divisions.

(c) Yes, one in the Division.

(d) No rigid period of stay of officers at one place has been fixed. Transfers are periodically made keeping in view the administrative requirements.

Non-Payment of Night Duty Allowance to Certain Staff (Southern Railway)

2213. SHRI C. CHITTIBABU : Will the Minister of RAILWAYS be pleased to state :

(a) whether the Night Duty Allowance even though coming under the purview of the payment of Wages Act has not been paid to staff of the Signal and Telecommunications Department and Engineering Gangmen on the Madras Division since February 1971 and to Wireless Operators at Guntakal since October, 1970 ;

(b) whether several categories of staff on all Divisions of Southern Railway are not being paid Night Duty Allowance within the Statutory time limits;

(c) whether at times Night Duty Allowance Bills are delayed in the Divisional Accounts Office thus infringing the payments of Wages Act; and

(d) if so, the remedial steps taken by Government in the matter ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) (a) : Night Duty Allowance to Signal & Telecommunication staff of Madras Division, except in a few cases, has been paid upto April, 1971.

In the case of Gangmen of a number of Engineering Units, bills for Night Duty Allowance have been sent to the Divisional Accounts Office for arranging payment.

As for the Wireless Operators of Guntakal Division, Night Duty Allowance for the months of October and November 1970 has been paid to them, Allowance due for the months of December '70 to April '71 has been claimed and the bills sent to Divisional Accounts Office, Guntakat, for arranging payment to the staff concerned.

(b) Efforts are invariably made to make payment of Night Duty Allowance to most of the staff within the stipulated time limit as far as possible.

(c) Bills are generally passed by the Divisional Accounts Officers for payment without avoidable delay. However, in actual practice there is delay in receipt of the claims for various reasons such as:

(i) Wage period for all departments is not the same.

(ii) Payment of allowances is claimed on assumed attendance making adjustments as may be necessary in the subsequent wage period.

(iii) Night Duty Allowance can be preferred only after the closure of the wage period on receipt of the claims from various units and the Bill Drawing Officers have to prepare bills for the full wage period after checking the claims, obtaining appropriate sanction and forwarding the bills to Accounts for arranging payment.

(d) Instructions have been issued to all concerned reiterating the need for adhering to the time limit laid down for payment of Night Duty Allowance.

Decline in the strength of Commercial Clerks

2214. SHRI CHANDRIKA PRASAD :
SHRI PILOO MODY :

Will the Minister of RAILWAYS be

pleased to state

(a) the number of staff in the categories of Assistant Station Masters, Guards, Travelling Ticket Examiners, Ticket Collectors, Office Clerks, Commercial Clerks, Accounts Clerks, Class I & II Officers in Railway in each Zone, Division-wise, as on 1st January, 1968 and 31st March, 1971;

(b) whether the strength of the Commercial Clerks has shown a steady decline during the period, inspite of overall increase in traffic; if so, the reasons therefor;

(c) the number of posts surrendered in the category of Commercial Clerks during the period from 1st January 1968 to 31st March, 1971 in each Zone, Division-wise; and

(d) the number of posts so surrendered in the categories of Assistant Station Masters, Guards, Travelling Ticket Examiners, Ticket Collectors, Office Clerks, Accounts Clerks, Class I & II Officers ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) to (d). Information is being collected and will be laid on the table of the Sabha.

Free Uniforms to Trainees of Refresher Courses at Zonal Training School Udaipur (Western Railway)

2215. SHRI CHANDRIKA PRASAD :
Will the Minister of RAILWAYS be pleased to state :

(a) whether the Railway employees attending the Refresher Courses at Zonal Training School, Western Railway, Udaipur, are required to put on certain specific uniform while under Refresher Course training;

(b) if so, the description of the uniform prescribed by the above said school authorities and its appropriate cost;

(c) whether some of the trainees who are not provided free uniform are compelled to purchase the prescribed uniform at their own cost;

(d) the reasons for which the employees are compelled to purchase the uniform for only 15 or 20 days while attending the Refresher Course training; and

(e) whether Government now propose to provide free uniforms to all trainees?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) to (e). The information is being collected and will be placed on the table of the Sabha.

Outstanding amount of Undercharges on the Consignments

2216. SHRI CHANDRIKA PRASAD : Will the Minister of RAILWAYS be pleased to state :

(a) whether green chillies, onions and potatoes are charged at some higher rate

than the rates applicable to other vegetables when booked by passenger train;

(b) if so, the reasons therefor;

(c) whether the Railway Accounts Offices have worked out the huge undercharges on the consignments of the commodities referred to in part (a) above booked during April, 1970 to January, 1971;

(d) if so, the total amount of undercharges worked out alongwith the amount recovered and outstanding separately of each of the Zonal Railway; and

(e) the arrangements made by the Railways to recover the undercharges?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes.

(b) It is considered that vegetables of comparatively more perishable nature deserve a lower scale of charges.

(c) and (d). A statement furnishing the requisite information is attached.

(e) Efforts are being made to recover the balance amount of the undercharges.*

**Railway lines in Rewa-Sidhi-Sahdol
Region of Madhya Pradesh**

2218. SHRI RANABAHADUR SINGH:
Will the Minister of RAILWAYS be
pleased to state :

(a) whether any survey regarding the
feasibility of the construction of Railway
line in the Rewa-Sidhi-Sahdol region of
Madhya Pradesh in order to exploit the
rich mineral deposits of that region is
being conducted;

(b) if not, the reason therefor; and

(c) whether Government propose to
order the feasibility study in the current
Plan period ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) No.

(b) Due to paucity of funds and
lack of adequate traffic justification,
construction of a railway line in Rewa-
Sidhi-Sahdol regions cannot be considered
at present.

(c) No.

**Divisional Headquarters Office
at Rangiya**

2219. SHRI DHARNIDHAR DAS
Will the Minister of RAILWAYS be
pleased to state :

(a) whether the technical feasibility
survey of the site for Divisional Head-
quarters at Rangiya on the Northeast
frontier Railway has been completed;

(b) if so, when the construction
work at the site will be started; and

(c) the probable time for completion
and inauguration of the Regional Head-
quarters at Rangiya?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) The
Railways have accepted the Assam
Government's proposal of a joint
investigation by a technical committee
consisting of the representatives of the
State Government and the Railways for
selecting a suitable site after a thorough
study of all the relevant factors. While
the Railways have nominated their
representative, the State Government
have yet to do so. Investigation work
will be taken up as soon as the committee
is fully constituted.

(b) and (c). In view of the reply to
part (a), it is not possible at this stage to
indicate the probable date of commence-
ment of construction work. For the
same reasons it is also not possible to say
when construction work will be completed
and the divisional headquarters inaugurated.

**Overbridge at Level Crossing in Kuppam
Town, Andhra Pradesh
(Southern Railway)**

2220. SHRI P. NARASIMHA REDDY:
Will the Minister of RAILWAYS be
pleased to state :

(a) whether the proposal for providing
an overbridge at the level crossing in
Kuppam Town in Chittoor District in
Andhra Pradesh had been sanctioned; and

(b) if so, when it is likely to be
implemented ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA): (a) Proposal
to provide a road under bridge (and not
road over-bridge) near Kuppam at km.
250/14-15 in lieu of existing level crossing
at Km 250/14-15 on the Jolapettai-Bangalore
City section has already been included
in the Railway's Works Programme for
1971-72.

(b) The detailed plans and estimates
are still to be finalised/sanctioned in
consultation with the State Government.
When these are finalised/sanctioned and the
State Government are also in a position
to take up work on the approaches, the
Railway will execute the work on the
bridge structure, so that these two works
are completed simultaneously.

**Overbridge at level crossing in Chittoor
Town, Andhra Pradesh
(Southern Railway)**

2221. SHRI P. NARASIMHA
REDDY: Will the Minister of RAIL-
WAYS be pleased to state :

(a) whether the proposal to provide
an overbridge at the level crossing in
Chittoor town in Andhra Pradesh has been
sanctioned; and

(b) if so, when it is likely to be
implemented ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA): (a) Yes.

(b) The State Government has recently
furnished a revised estimate for the
approaches. Accordingly, the estimate for
the Railway's portion of the work is being
revised. The Railway will take up the
work on bridge structure after the detailed
estimate is sanctioned and the State
Government are also in a position to take
up their portion of the work on the appro-
aches so that the bridge proper and the
approaches are completed simultaneously.

**Observations on the performance of
Traffic and Movement Inspector
(Western Railway)**

2222. SHRI ONKAR LAL BERWA :
SHRI CHANDRIKA PRASAD :

Will the Minister of RAILWAYS be
pleased to state :

(a) whether the General Manager, of
Western Railway had made certain obser-
vation in regard to the performance of
Traffic Inspectors and Movement Inspe-
ctors after his Inspection;

(b) whether these observations were
circulated by Divisional Superintendent
vide his letter No. 1394/23-Vol. II, dated
the 18th December, 1970; and

(c) whether Government propose to
lay on the Table of the House a copy of
the observations of the General Manager,
Western Railway as well as a copy of the
letter referred to in part (b) ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA): (a) to (c).
Information is being collected and will be
laid on the Table of the Sabha,

**Expenditure incurred on Traffic
Inspectors and Movement
Inspectors**

2223. SHRI ONKAR LAL BERWA :
SHRI CHANDRIKA PRASAD :

Will the Minister of RAILWAYS be pleased to state the total expenditure incurred on Traffic Inspectors and Movement Inspectors, separately, by way of pay allowances including travelling allowance and other facilities enjoyed by them (Zone-wise) during the years 1969 and 1970 ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : Information is being collected and will be laid on the Table of the Sabha.

**Officers of Transportation and Com-
mercial Departments-Inter
chargeable**

2224. SHRI ONKAR LAL BERWA :
SHRI PRAVINSINGH
SOLANKI :
SHRI CHANDRIKA PRASAD

Will the Minister of RAILWAYS be pleased to state :

(a) whether Transportation and Commercial are the twin branches of Traffic Department and the officers, class I and II, of one category can be placed in another;

(b) whether the employees of the Transportation Branch are only eligible for posting as 'Station Master' so far on the Railways; and

(c) if so, the reasons therefor ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) Yes.

(b) Yes.

(c) Station Masters are classified as class III. Staff of this category are not interchangeable as Station Masters have to supervise both Transportation and Commercial working. Only staff who have had training and experience in both the branches are posted as Station Masters.

**A.R.C.'s observations regarding func-
tioning of commercial department
of Railways**

2225. SHRI ONKAR LAL BERWA :
Will the Minister of RAILWAYS be pleased to state :

(a) whether the Administrative Reforms Commission has made certain observations in regard to the functioning of the Commercial Department of the Railways; and

(b) if so, the action taken by Government on those observations ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : (a) Yes.

(b) The recommendations are under consideration of the Government.

**Theft and Pilferages of costly Goods
on North Eastern Railway**

2226. SHRI ISHAQ SAMBHALI :
Will the Minister of RAILWAYS be pleased to state :

(a) whether Guards of Lucknow Division of North-Eastern Railway have sent a number of complaints regarding thefts and pilferages of costly goods especially from the wagons loaded from Aishbagh Railway Station to Haldwani and Izatnagar; in spite of the fact that proper armed escort of Railway Protection Force accompanied the train ;

(b) whether the Railway Administration has started harassing the guards concerned ; and ,

(c) if so, the action taken by the Administration on the complaints made to the General Manager, North-Eastern Railway by a number of Guards in April, 1971 ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA): (a) Yes.

(b) No.

(c) The complaints are being looked into. The Railways administration is already seized of the problem of running train thefts and is taking necessary steps to strengthen the security arrangements, particularly in the effected sections.

Confirmation of Guards in Higher Grade (South Eastern Railway)

2227. SHRI ISHAQ SAMBHALLI : Will the Minister of RAILWAYS be pleased to state :

(a) whether the Guards Grade 'C' of Kharagpur Division of the South Eastern Railway have been officiating in higher grade i.e. 'B' for more than five years against permanent vacancies satisfactorily;

(b) whether under the rules, any employee officiating in a higher post against permanent vacancy for more than 18 months should be confirmed ;

(c) the reasons why only Chakradharpur Adra and Kharagpur Divisions of the South Eastern Railway are conducting suitability test while promoting Guards grade 'C' to 'B' ; and

(d) the reasons for not confirming staff who are officiating in higher grade against permanent vacancies ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) to (d). The information is being collected and will be laid on the Table of the Sabha.

Assessment of work load and Staff requirements of typists for Ajmer Division (Western Railway)

2228. SHRI P. L. BARUPAL: Will the Minister of RAILWAYS be pleased to state :

(a) the prescribed yardstick for the Typists working on Railways according to the Railway Finance Manual;

(b) the total strength of Typists working in Ajmer Division of Western Railway as on 31st March, 1971;

(c) whether any Job-analysis for assessing the workload of the Typists working in Ajmer Division has ever been carried out within the last three years;

(d) if so, the total number of additional posts of Typists justified according to the workload and prescribed yardstick; and

(e) the reasons for not making up the deficiencies if any ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) 500 to 600 lines per typist per day.

(b) 25.

(c) Yes, job analysis was conducted in the Divisional office in May, 1969.

(d) 6 posts.

(e) The additional posts justified on the basis of Yardstick have not

been provided as a measure of economy in administrative expenditure.

**Increased workload for Typists
in Ajmer Division
(Western Railway)**

2229. SHRI P. L. BARUPAL : Will the Minister of RAILWAYS be pleased to state ;

(a) whether there has been a ban on the recruitment of Typists on Indian Railways ;

(b) if so, the date on which the ban was imposed and the reasons therefore ;

(c) the total number of deficiencies in the strength of Typists in Ajmer Division of Western Railway, according to the job analysis and Prescribed yardstick ; and

(d) how the increased work of Typists is being managed when there is a ban on recruitment of the Typists ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) and (b). There has been a ban on the creation of posts for all categories of staff in offices including typists. For recruitment, prior approval of the Railway Board is necessary before an indent is placed on the Railway Service Commission.

(c) and (d). Against total strength of 25, there are two vacancies and six more posts are required according to the yardstick as a result of the job analysis. The work is being managed by restricting the typing work to the extent possible and also by resorting to copying as far as possible.

**Payment of Honorarium and overtime
to Typists of Railway Board and
Divisional Offices of
Western Railway**

2230. SHRI P. L. BARUPAL : Will the Minister of RAILWAYS be pleased to state :

(a) whether the Honorarium/Overtime working has been sanctioned from time to time for the Typists working in Railway Board's offices and Divisional offices of Western Railway ;

(b) if so, the total amount paid as Honorarium/Overtime during the years, 1968, 1969 and 1970 (monthwise) separately for Railway Board and Divisional Offices of the Western Railways ; and

(c) the reasons for the payment of Honorarium/Overtime to the Typists working in the Railway Board's offices and Divisional Offices of the Western Railway ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Yes. There is no separate category of Typists in the Railway Boards' office. The Lower Division Clerks in the Board's office attend also to typing work and they are allowed honorarium/overtime on the same basis as in the other Ministries of the Government of India. The Typists in the Divisional offices of the Western Railway earn honorarium/overtime as per rules applicable to the staff on the zonal railways.

(b) The required information is given in the statements laid on the Table of the House. [*Placed in Library. See No. LT-418/71*]

(c) Honorarium/Overtime is authorised only when this is considered to be necessary in administrative interest.

**Increase in the strength of Assistant
Booking Clerks at Quilon and
Trivandrum (Southern
Railway)**

2231. SHRI PRAVINSINH
SOLANKI :

SHRI CHANDRIKA PRASAD :

Will the Minister of RAILWAYS be

pleased to state :

(a) whether the number of Assistant Booking Clerks available at Quilon and Trivandrum Central Booking Offices on Southern Railway is inadequate to manage the work in view of the increased amenities provided to the passengers and consequent increase in workload;

(b) whether any representation has been received from the All India Railway Commercial Clerks' Association in this respect; and

(c) if so, the action taken thereon and further action proposed to be taken by Government ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) and (c). The strength of Assistant Booking Clerks at Quilon is adequate. The strength of Assistant Booking Clerks at Trivandrum Central is proposed to be increased from 5 to 6.

(b) No.

Senior Commercial Clerks performing duties as Enquiry-Cum-Reservation Clerk, Madras Division (Southern Railway)

2232. SHRI PRAVINSINH SOLANKI :

SHRI CHANDRIKA PRASAD :

Will the Minister of RAILWAYS be pleased to state :

(a) whether the Senior Commercial Clerks in Madras Division of Southern Railway are asked to work as Enquiry-cum-Reservation Clerk without actually selecting them for such posts; and

(b) whether such action is an indirect reduction of Commercial Clerks posts, as

no substitutes are provided vice those who are detailed to work as Enquiry-cum-Reservation Clerks ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Some Booking Clerks in scale Rs. 150-240 have been posted to work at Booking-cum-Reservation counters at Madras Egmore station purely as a temporary measure pending review of the cadre of Enquiry-cum-Reservation Clerks in scale Rs. 150-240 for creation of additional posts.

(b) An equal number of posts of Booking Clerks in scale Rs. 110-200 have been created in lieu of posts of Booking Clerks in scale Rs. 150-240 who are being utilised at Booking-cum-Reservation counters. Therefore, there is no reduction in the cadre of Commercial (Booking) Clerks.

Downgradation of the post of Chief Booking Clerk at Guntakal Station (Southern Railway)

2233. SHRI PRAVINSINH SOLANKI : Will the Minister of RAILWAYS be pleased to state :

(a) the total daily collection of Cash at Guntakal Station of Southern Railway which the Chief Booking Clerk is to handle;

(b) the total value of tickets under his charge;

(c) the grade of that post in 1964 and at present; and

(d) the reason for the downgradation of the above post ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) About Rs. 7685/-.

(b) About Rs. 16 lakhs.

(c) The post was in the grade of Rs. 250-380 in 1964 and now it is in the grade of Rs. 205-280.

(d) The post was downgraded on the basis of the worth of the charge and the higher grade was allotted to another unit in the Division.

Industrial survey of Bahraich District (U.P.)

2234. SHRI B. R. SHUKLA : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether a survey of industrial potentialities was made some time back in the District of Bahraich (U.P.) and if so, what industries were suggested to be set up; and

(b) whether any action has been taken by Government to set up any public undertakings or to aid any private enterprise to industrialise the district ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) and (b). Bahraich is one among the 35 backward districts of U.P. which are eligible for grant of concessional finance from Financial Institutions for starting industries. A techno-economic survey of these backward districts has also been undertaken by the State Directorate of Industries in collaboration with the Small Industries Service Institute and different Corporations of the State, namely, the U.P. Financial Corporation, the U.P. State Industrial Corporation and the U.P. Small Industries Corporation. A Joint Team sponsored by the Industrial Development Corporation of India, Industrial Finance Corporation, Industrial Credit and Investment Corporation of India, Reserve Bank of India and the Agricultural Refinance Corporation has completed a survey of U.P. with a view to identifying the industrial potentiality

of the State. The survey report is under preparation. In addition, a survey of this district was made by the Small Industries Service Institute, Kanpur, in January 1970 wherein certain suggestions in regard to small industries have been made. The U.P. Government and Small Industries Organisation are engaged in locating prospective entrepreneurs for the setting up of industries in Bahraich. The actual setting up of industries in these districts would mainly depend on the initiative of the entrepreneurs themselves and State agencies engaged in promotion of industries.

Enrolment of Bangla Desh refugees in the Voters List

2236. SHRI BIREN DUTTA : Will the Minister of LAW AND JUSTICE be pleased to state :

(a) whether a number of displaced persons from Bangla Desh are being enlisted in the voters lists in Tripura; and

(b) if so, the steps Government propose to take to prevent this ?

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITIRAJ SINGH CHAUDHARY) : (a) No, Sir.

(b) Does not arise.

लघु उद्योग विकासायुक्त कार्यालय के तकनीकी अधिकारियों का विदेशों में भेजा जाना

2237. श्री जे. एन. मंडल : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) लघु उद्योग विकासायुक्त कार्यालय के तकनीकी अधिकारियों को विदेश भेजने के क्या आधार हैं;

(ख) पिछले तीन वर्षों के दौरान विदेशों को भेजे गये तकनीकी अधिकारियों के नाम तथा पद क्या हैं; उन्होंने किन देशों का दौरा किया और कितनी अवधि के लिए वे वहां ठहरे वहां उन्होंने किस प्रकार का कार्य किया तथा उन पर विदेशी मुद्रा का कितना व्यय हुआ; और

(ग) उन्हें विदेश भेजने समय उनकी वरिष्ठता को किस सीमा तक ध्यान में रखा गया ?

औद्योगिक विकास मंत्रालय में उप-मंत्री (श्री सिद्धेश्वर प्रसाद) : (क) अधिकारियों का चुनाव मुख्यतः उनकी उपयुक्तता के आधार पर उनके द्वारा किए जाने वाले कार्य, उनके अनुभव और अधिकारियों की क्षमता को ध्यान में रख कर किया जाता है ।

(ख) पिछले तीन वर्षों में विदेश भेजे गए अधिकारियों के नामों और पदों को दिखाने वाला विवरण सभा पटल पर रखा जाता है । [ग्रन्थालय में रख दिया गया । देखिये संख्या LT—419/71] अधिकांश प्रतिनिधि मण्डल/डेप्युटेशन विदेशी सरकारों के निमन्त्रण पर गये थे । अधिकारियों को दी गई अथवा उनके द्वारा खर्च की गई विदेशी मुद्रा की राशी की सूचना प्राप्त की जा रही है और सभा पटल पर रख दी जाएगी ।

(ग) अधिकारियों का चुनाव केवल वरीयता के आधार पर ही नहीं किया जाता है । फिर भी, विदेश भेजे जाने वाले अधिकारियों का चुनाव करते समय अन्य चीजों के साथ अनुभव और वरीयता को भी ध्यान में रखा जाता है ।

पूँजीगत वस्तुओं के आयात हेतु लघु उद्योग के विकासायुक्त द्वारा स्वीकृत आवेदन पत्र

2238. श्री जे. एन. मण्डल : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि : विकासायुक्त (लघु उद्योग) के कार्यालय के अधीन लघु उद्योगों विषयक समिति ने पिछले तीन वर्षों के दौरान पूँजीगत वस्तुओं के आयात हेतु कितने आवेदनपत्र स्वीकृत किये और पूँजीगत पदार्थों के व्योरे तथा उनके मूल्य सहित आवेदन पत्रों की राज्यवार संख्या क्या है ?

औद्योगिक विकास मंत्रालय में उप-मंत्री (श्री सिद्धेश्वर प्रसाद) : विगत तीन वर्षों में विकास आयुक्त, लघु उद्योग की लघु उद्योग समिति द्वारा स्वीकृत किए गये मामलों की संख्या नीचे दी गई हैं :—

वर्ष	स्वीकृत किये गये मामले	मूल्य (करोड़ रु० में)
1968-69	265	3.26
1969-70	305	3.64
1970-71	371	5.51
योग :—	940	12.41

Production of Diesel Engines

2239. SHRI BISHWANATH ROY : Will the Minister of RAILWAYS be pleased to state whether the production of rail diesel engines has improved to the extent of meeting more external demands of other countries and if so, to what extent ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : The production of diesel locomotives has not reached a surplus stage. However external demands of other countries are considered within the existing capacity keeping in view the requirements of Indian Railways.

Electrification of Madras-Waltair Line

2240. SHRI B. S. MURTHY : Will the Minister of RAILWAYS be pleased to state :

(a) when the work of electrification on Madras-Waltair line was taken up and the mileage covered; and

(b) how long will it take for completing the whole line ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) Electrification of Madras-Waltair line has not so far been taken up. However, electrification of Madras-Vijayawada section, which forms part of the Madras-Waltair line, has been included in the 4th Plan.

(b) There is no proposal yet for taking up electrification of the Waltair-Vijayawada section.

Railway Bridge at Rajahmundry (South Central Railway)

2241. SHRI B. S. MURTHY : Will the Minister of RAILWAYS be pleased to state :

(a) when the construction of the

second Railway bridge at Rajahmundry on Godavary river was taken up;

(b) the progress achieved; and

(c) when the bridge is likely to be commissioned ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) August, 1964.

(b) The entire work on foundations substructure has been completed. Steel girders for eleven spans of 300 ft. and one span of 150 ft. have been erected. Erection work of the remaining spans is in progress.

(c) June, 1972.

New railway line on South Central Railway Zone during the Third and Fourth Plan periods

2242. SHRI B. S. MURTHY : Will the Minister of RAILWAYS be pleased to state :

(a) whether any traffic and economic surveys were made on the South Central Railway Zone for laying new lines during the Third and Fourth Plan periods;

(b) if so, the outcome of these survey reports; and

(c) what new lines are contemplated in this Zone by the end of the Fourth Plan ?

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : (a) and (b). Surveys or studies carried out for new lines in the South Central Railway Zone, in the Third and Fourth Plan periods are as under :

(i) *Bhadrachalam Road-Kovvur*
(B.G. 148.06 Kms)

A cost-cum-feasibility Study was carried out in 1965-66. Since this revealed that this line would not be financially viable, this project was deferred. However, with a view to finding out the present traffic prospects of this line, a reassessment of the earlier feasibility study report is now in progress.

(ii) *Secunderabad-Nadikude B.G. line with the Conversion of the Guntur-Macherla M.G. section into B.G.*
(280.86 Kms).

Preliminary Engineering and Traffic Surveys have recently (1969-70) been carried out for this project and the survey reports are, at present, under examination. According to the survey reports, the project may cost about Rs. 20.13 crores (gross). A final decision regarding this project will be taken after the examination of the reports is completed from all

(c) The details of new lines to be taken up in the Fourth Plan have not yet been finalised. It is, therefore, not possible to say at this stage which lines, if any, will be taken up on the South Central Railway.

Development of Jhalawar District in Rajasthan.

2243. SHRI BRIJ RAJ SINGH KOTAH: Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government proposed to develop industries in 200 special Districts in India owing to their backwardness ; and

(b) if so, what plans are being made for Jhalawar District in Rajasthan ?

THE DEPUTY MINISTER IN THE
MINISTRY OF INDUSTRIAL DEVELOP-

MENT (SHRI SIDDHESHWAR PRASAD):
(a) and (b). Government have selected certain districts/areas, as per list laid on Table of the House, for grant of concessional finance from the financial institutions for starting industries there. [Placed in Library. See No. LT—420/71] Jhalawar in the State of Rajasthan is one of the districts selected for the purpose. The concessions and the facilities to be allowed by the financial institutions will help to accelerate the pace of industrial development in these districts and it is hoped that entrepreneurs would take full benefit of the various concessions.

Bogie for II and III class passengers with
Frontiers Mail running between
Delh' and Bombay

2244 RAJMATA KRISHNA KUMARI—
JODHPUR : Will the Minister of
RAILWAYS be pleased to state :

(a) whether in the Frontier Mail running between Delhi and Bombay, only one bogie is attached for II class and III class passengers;

(b) if so, the reasons therefor; and

(c) the steps taken to provide more bogies for II class and III class passengers ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) (a) : No, there are two III class sleeper coaches, one ordinary III class coach, one composite III class-cum-luggage and brakevan, one composite III class-cum-postal van and one II class sleeper coach in the composition of 3 Dn/4 Up Frontier Mail.

(b) and (c). Do not arise.

Salaries of the Judges

2245. RAJMATA KRISHNA KUMARI—
JODHPUR : Will the Minister of LAW
AND JUSTICE be pleased to state :

(a) whether Government are aware

that the inadequate salaries of the Judges have tended to erode the status and independence of the judiciary; and

(b) if so, the steps Government propose to take to raise the salaries of the Judges ?

THE MINISTER OF STATE IN THE MINISTRY OF LAW AND JUSTICE (SHRI NITIRAJ SINGH CHAUDHARY):

(a) and (b). There is a feeling that the salaries of Judges as provided in the Constitution are not attractive enough in the changed conditions and that able members of the Bar are not willing to accept Judgeship. It would however not be correct to say that this has tended to erode the status and independence of the Judiciary. A proposal was considered by Government recently to raise the salaries of the Judges of the High Courts and Supreme Court by Rs. 500 - per month. As the proposal involved constitutional amendment, the leaders of political parties in Parliament were consulted but the consensus of opinion was not in favour of raising the salaries of Judges. The proposal had therefore to be dropped.

Appointment of Foreign Consultants in Private and Public Sector Projects.

2246. SHRI K. C. PANDIY : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether in several public and private sector projects, consultants of foreign nationals have been appointed;

(b) whether several Indian firms consultants have already offered to provide consultancy service to such sectors on cheaper basis; and

(c) if so, the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOP-

MENT (SHRI SIDDHESHWAR PRASAD):

(a) Yes, Sir.

(b) and (c). It is now the Government's policy not to encourage foreign consultancy services in industries where the requisite consultancy services are indigenously available. Foreign consultancy services have been permitted only in those fields where either such services are not indigenously available or where services available are not considered adequate. However, even where foreign consultancy is permitted, a condition is now being stipulated that Indian consultants should also be associated from the very beginning and, as a rule, be the prime agency employed for consultancy.

Production of Paper

2247. SHRI YAJNIK : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the ad-hoc Committee on paper has made any recommendations to Government after considering the representation of the Federation of Publishers and Booksellers regarding the rising prices of popular varieties of paper ;

(b) whether Government have urged the paper industry to adhere to the 1968 pattern of production of paper biased in favour of lighter paper;

(c) whether any licences have been issued to any company with the condition to use new capacity exclusively for producing white paper ;

(d) whether any crash programme for production of one lakh ton of white paper has been implemented; and

(e) the result of the measures taken by Government ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD): (a) No, Sir.

(b) Yes, Sir.

(c) In the letters of intent issued for setting up of new units and for expansion of capacity of the existing units, it has been stipulated that a certain percentage of the production shall be specifically earmarked for low-grammage writing and printing paper.

(d) and (e). The crash programme is under implementation. Letters of intents and capital goods clearance have been issued in the majority of cases. Remaining are in different stages of examination. It is expected that crash programme when fully implemented will, to a certain extent, relieve the shortage of white printing and writing paper.

Formation of a Coconut-based industrial complex

2248. **SHRI MADHURYYA HALDAR:** Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government plans to form a coconut-based industrial complex with an attached coconut farm; and

(b) if so, the particulars thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD): (a) and (b). There is no coconut-based industrial complex under consideration at present.

Centrally sponsored and subsidised schemes taken up in Bijpur District

2249. **SHRI B. E. CHOUDHARI:**

Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Bijapur district has been declared as a backward district;

(b) if so, what are the Centrally sponsored and subsidised schemes taken up in the said area;

(c) the amount so far invested and yields on such investments ;

(d) whether any of the rural instructing schemes recently sanctioned to Mysore State is proposed to be located in Bijapur; and

(e) whether any of the rural industries allotted for Mysore State is proposed to be located in Bijapur ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL): (a) Yes. Bijapur is one of the districts selected for the Rural works projects in drought prone areas programme of the Ministry of Agriculture; and also under the programme for concessional finance from the financial institutions.

(b) and (c). One Rural Works Project and one Pilot Project for dry land farming have been sanctioned by the Ministry of Agriculture.

(d) and (e). The Ministry of Industrial Development have indicated that there is at present no proposal to have a rural industries project in Bijapur district.

राजस्थान के सेलखड़ी उद्योग के लिए रेल डिब्बों की कमी

2250. **श्री नवल किशोर शर्मा:** क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या राजस्थान के सेलखड़ी उद्योग

को रेल डिब्बों की कमी का सामना करना पड़ रहा है;

(ख) क्या न्योग द्वारा इस दिशा में बार-बार प्रयत्न किये जाने के बावजूद स्थिति में सुधार नहीं हुआ है; और

(ग) यदि उपरोक्त भाग (ख) का उत्तर स्वीकारात्मक हो तो स्थिति को सुधारने के बारे में सरकार का क्या कार्यवाही करने का विचार है ?

रेल मंत्री (श्री हनुमंतैया) : (क) से (ग). सेलखड़ी उदयपुर और जयपुर क्षेत्रों के स्टेशनों से और भीलवाड़ा से भेजी जाती हैं। इन क्षेत्रों से चलने वाले अन्य आवश्यक उच्चप्राथमिकता वाले यातायात की तरजीही आधार पर भेजने के बचन को निभाते हुए, सेलखड़ी के यातायात के लिए अधिकतम संख्या में माल डिब्बे सप्लाई करने का प्रयास किया जाता है। जनवरी से मई, 1971 तक की अवधि में सेलखड़ी के 3689 डिब्बों का नदान हुआ जबकि पिछले वर्ष इसी अवधि में 3340 माल डिब्बों का नदान हुआ था।

Inclusion of rural areas inhabited by Harijans in rural Electrification scheme

2251. **SHRI DEVINDER SINGH GARCHA :** Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether Central Government have asked the State Government to include village areas inhabited by Harijans in their Rural Electrification scheme;

(b) the number of villages inhabited by Harijans in Punjab which still remain MINIST electrified; and

(c) the time Government will take to provide electricity to all the villages in Punjab which are inhabited by Harijans ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER, (SHRI B. N. KUREEL) : (a) to (c). The emphasis in rural electrification schemes is on the energisation of pumpsets for agricultural production; village electrification is an incidental part of this programme. Priority is, therefore, given to electrification of villages with potential for energisation of irrigation pumpsets. It has been resolved by the Fifth Conference of Chairmen of State Electricity Boards held in May, 1971, the schemes for electrification of such villages should also provide street lighting in localities inhabited by Harijans. Out of a total of 11,947 villages in Punjab, 6132 have been electrified as on 31.3.1971. In these villages electrification facilities are available to all sections of the community including harijans. By the end of the Fourth Plan, 9600 villages would be electrified in the State. The time taken for the electrification of all the villages in Punjab and the provision of street lighting facilities to all Harijan localities would, *inter alia*, depend upon the resources available for rural electrification in the subsequent Plans.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

FURTHER INCREASE IN DEARNESS ALLOWANCE OF CENTRAL GOVERNMENT EMPLOYEES

SHRI S. M. BANERJEE (Kanpur) : I call the attention of the Minister of Finance to the following matter of urgent public importance and I request that he may make a statement thereon :

"The reported 10-Point rise in Cost of Living Index justifying further increase in Dearness Allowance of Central Government employees".

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH). The Dearness Allowance Commission headed by Dr. P. B. Gajendragadkar had given a formula for regulating Dearness Allowance admissible to Central Government employees, according to which increase in additional Dearness Allowance were to be made with reference to every ten-point rise in the twelve-monthly average of the All India Working Class Consumer Price Index. The last increase in Dearness Allowance, according to this formula, was given with effect from 1st September, 1968, when the 12-monthly average of the Index reached 215. Under the formula, the next increase in the rates of dearness allowance would have become due on the 12-monthly average of the Cost Index reaching 225. The Gajendragadkar Commission had recommended that their recommendations should remain in force until the expiry of two years from the date of their acceptance or until the twelve-monthly average of the Index reached 245, whichever was earlier. On the expiry of that period, Government was to undertake revision of pay scales. The two year period specified by the Commission expired in September, 1969 and during this period, the 12-monthly average of the Index was less than 225.

As the Hon'ble Members are aware, the Third Pay Commission was set up in April, 1970 to enquire into and make recommendations, *inter alia*, on the principles which should govern the structure of emoluments and the conditions of service of Central Government employees. The Commission were specifically requested to make recommendations for the grant of interim relief in the event of the need for consideration of such relief arising during the course of their deliberations. The Commission submitted an Interim Report in September, 1970, recommending the grant of interim relief ranging from Rs. 15 to Rs. 45 for pay ranges upto Rs. 1,250/- with effect from 1st March, 1970. These recommendations have been accepted and implemented. The rates of interim relief recommended by the Com-

mission take into account higher levels of neutralisation of the increase in the cost of living compared to the previous bodies that had examined the question of dearness allowance for Central Government employees.

In this connection, the following observations of the Third Pay Commission in their Interim Report are worth noting :—

"We are accordingly not suggesting any automatic changes with the price level in the Quantum of interim relief we are recommending for the duration of our work. If, however, the price situation remains intractable despite all the measures the Government may take, a review may be called for when the 12-monthly average of the Index reaches 228. We have not considered it advisable at this stage to depart from the existing practice of making adjustments in the dearness allowance only when the 12-monthly average of the index rises by 10 points".

It will, therefore, be appreciated that interim relief already given to the employees covers the cost of living upto the 12-monthly average index figure of 218 and that a further review is to be made only when it reaches 228. The Pay Commission to whom the matter was specifically referred have confirmed this reading of their recommendation. In the circumstances, there is no occasion for a review of the dearness allowance until the 12-monthly average of the Cost Index reaches 228. The 12-monthly average for the period ended April, 1971 is only 225.83.

SHRI S. M. BANERJEE: I am surprised that the hon. Minister has quoted a para from the interim report submitted by the commission while conveniently omitting the other part which I shall quote. He has quoted the portion which says:

"If, however, the price situation remains intractable despite all the

[Shri S. M. Banerjee]

measures the Government may take, a review may be called for when the 12-monthly average of the index reaches 228".

In para 26 of their interim report the commission have observed :

"In view of what has been stated earlier we feel that it would be inappropriate to treat the interim relief we have recommended as though it was dearness allowance as the two concepts differ."

The Commission was not asked to give any report on the dearness allowance. It was made abundantly clear that the interim relief which they recommended had nothing to do with dearness allowance and that when there is a ten point rise the dearness allowance should be paid. That is the recommendation. The Government entered into an agreement with the employees that the dearness allowance would be paid at the rates specified by the Gajendragadkar commission, whenever there is a rise of ten points on the 12 monthly average. Government is now delaying payment of additional dearness allowance on the plea that it has reached only 225.83. The Government is mixing up the question of interim relief with the question of dearness allowance. In para 25 of their report after discussing the various recommendations of different commissions on dearness allowance the pay commission concludes :

"In view of what has been stated earlier we think it would be inappropriate to treat the interim relief we have recommended as though it was dearness allowance as the two concepts differ."

I have quoted this once before. It is clear that the commission has specifically stated that dearness allowance is not to be connected in any way with the interim

relief. While stating that a review of the interim relief would be called for only when the average of the index reaches 228, they also say : we have not considered it advisable at this stage to depart from the existing practice of making adjustments in the dearness allowance only when the 12-monthly average of the index rises by ten points. By no stretch of imagination have the commission suggested that there should be a departure from the old practice. What was the old practice? It was the recommendation of Gajendragadkar Commission and the Das Commission. The Commission has not come in the way of any increase in the dearness allowance. The Government found that they were unable to hold the price line and they miserably failed to hold the line and prices have risen far beyond expectation and the Gajendragadkar formula of ten points average came to 225. The Central Government employees legitimately and genuinely became entitled to a dearness allowance rise. But the Government then came with the sentence that the Commission has recommended 228. The Commission has no business to recommend it. They have clearly stated that these are two different concepts. I do not know why this matter was referred to the Commission, in stead of referring it to somebody who could be impartial in the matter.

My submission, therefore, is this. It would be seen that the interim relief is a separate element which should be considered as an advance payment, and the dearness allowance is given on the existing agreement.

MR. SPEAKER : The Hon-Member's time is up.

SHRI S. M. BANERJEE : Sir, it is a very important matter.

MR. SPEAKER : I know it and that is why I allowed it.

SHRI S. M. BANERJEE : Sir, it is only myself and Dr. Ranen Sen who are

taking it up now. The other two are not present. So, I request you to give me two or three minutes more.

MR. SPEAKER : You may take as much time as you like. But put in the shape of a question ; do not make it a long speech.

SHRI S. M. BANERJEE : Yes, Sir. My question is simple. I would like to know from the Hon. Minister whether it is a fact that this interim relief has anything to do with dearness allowance. In the National Council of the Joint Consultative Machinery, at its meeting held on the 4th and 5th June, 1971 the Chairman of the Council, who is the Cabinet Secretary, who was presiding over the meeting held on the 4th and 5th June, 1971, after hearing the arguments of the staff, the representatives of the Central Government employees and the officials—both sides—agreed to give a ruling on the interpretation. The subject, therefore, is still under the consideration of the Government. In the JCM, when the matter was *sub-judice*, when the Cabinet Secretary has agreed to give a ruling on the interpretation whether this should be on 225 or on 228, when the decision is awaited, is it fair on the part of the Government when in both the Houses, they came out with the old argument that unless it reaches 228, nothing is going to happen. It had already reached 225. The Chairman had agreed to give a ruling at the earliest, and the same is binding on both the sides. The staff would abide by the ruling, because the Chairman of the JCM Council is the Cabinet Secretary.

So, I would request the hon. Minister to kindly tell us, in view of what I have quoted both from the interim report of the Commission and the deliberations of the JCM, whether he is going to reconsider the entire decision, sit and discuss with the employees and see that the dearness allowance on the basis of 225 is paid. I am not trying to threaten the hon.

Minister, but then the Central Government employees are very sure about it, that their legitimate due is being denied to them. I can understand the Government coming forward and saying "We have no money to pay you. Your demand is justified, but we have no money to pay." That, I can understand....

श्री विभूक्ति मिश्र (मोतीहारी) : अध्यक्ष महोदय, कल हमारी पार्टी के एक आदमी पूछ रहे थे तो आपने कहा कि भाषण दे रहे हैं, आप ने उनको रुल समझाया और पढ़ कर सुनाया। आज ये बोल रहे हैं तो आप कुछ नहीं बोल रहे हैं।

श्री विक्रम चन्द महाजन (कांगड़ा) : 15 मिनट हो गये हैं।

श्री एस० एम० बनर्जी : यह पार्टी का संघर्ष नहीं है, इनको समझाइये।

श्री विक्रम चन्द महाजन : तो फिर सारा दिन उनको बोलने दीजिए।

MR. SPEAKER : I have already told you that you can ask a question, or a clarification. But you are extending it to a regular debate (*Interruption*)

SHRI S.M. BANERJEE : I am putting my last question. Let me finish it Sir, within a minute.

This is a grave injustice being done to the central Government employees. They have been deprived of their legitimate due ; I want to know whether the Government is going to reconsider the entire issue and sit with the Central Government employees and have an open talk with them and not set their face against it on the ground that the Pay Commission has recommended 228. The

[Shti S. M. Banerjee]

Pay Commission has not recommended 228. This is an absolutely wrong recommendation, which is not binding on the employees.

SHRI K. R. GANESH : I am conscious of the fact that this is a very major problem agitating the minds of the employees, and I would request Mr. Banerjee to bear with me. Firstly, there is some difference in the interpretation. There is no question of not giving an increase in DA when there is a ten point increase in the cost of living index. But the question is at what index this has to be given. The only difference between the staff and government is this the staff feels that should be given at 10 points above 215, but the Government's contention which has also been accepted by the Pay Commission is, it should be given at 10 points above 218, which would mean when the cost of living goes up by 10 points from 218 to 228. This is the crux of the matter. If this is not the correct position, honourable trade union members from all sides of the House, who are very powerful, have got tremendous channels to discuss this matter with the Government. But when a calling attention is admitted here, Government has to state its position.

He has referred to para 26 of the Pay Commission's interim report. A distinction is sought to be made between interim relief and DA. I would request him to read it again. It refers to the question of linking this allowance, whether you call it interim relief or DA, with pensionary and other benefits. It does not argue that the Pay Commission has come to the conclusion that interim relief is something different from DA. I have read it very carefully. I knew I have to answer Mr Banerjee's question. When the representative of the Central Government employees came to me, I got this and I also got the other connected papers and read them. I am speaking, not with authority, but with some conviction after having gone into it thoroughly.

If you take the reference that the Government made to the Pay Commission para 4 says :

"In case, in view of increase in cost of living, the need for consideration of relief of an interim character arises during the course of the deliberations of the commission, the commission may consider the demand for relief of an interim character and send a report thereon. In the event of the commission recommending any interim relief, the date from which the relief should take effect will be indicated by the commission."

So, the reference indicated that in the interim period, if the cost of living index goes up, relief of an interim character may be recommended by the commission. After the Gajendragadkar Commission report was implemented, when the two-year period had elapsed, government set up a Pay Commission. Having set up the Pay Commission, which has to go into the entire structure of the pay, emoluments, allowances, pension, gratuity and other fringe benefits to the employees; because the cost of living was going up, Government thought that pending the finalisation of the report relief of an interim character was called for; I am not using the term 'interim relief' but relief of an interim character. It may include increased allowances or other benefits and various other things. It may be that when recommendations of the Pay Commission are finalised they may recommend that a part of the dearness allowance should be included as part of pay because the whole structure of the pay and allowances of the Central Government employees has got to be gone into by the Pay Commission. Therefore, in the context of the increase in the cost of living it was felt that relief of an interim character was called for, which the Pay Commission gave and the Government accepted it. Now the Pay Commission itself has conceded that it may be that even after the relief has been given, before it finalises its recommendations,

the price position may become intractable and another relief may be called for. At what point this relief is called for is indicated by the Pay Commission. They say that whenever there is a rise by ten points relief is called for which, according to the Pay Commission, which they have confirmed, will be 228. That is the exact position which the government takes. I do not think there is any difference of opinion on that. The Pay Commission themselves have stated that till they finalise their recommendations, till they come to the conclusions on the criteria for dearness allowance, the quantum of dearness allowance, whether it should be based on the Das Commission Report or the Gajendragadkar Commission Report or it should be based on other considerations, because the employees' federations have demanded various other things like need-based minimum wage and so on which the earlier Pay Commissions had not taken into account, they said that till they finalise their recommendation they do not wish to depart from the practice of relief after ten point increase which was given by the Gajendragadkar and other Commissions.

SHRI A. P. SHARMA : (Buxar) How long is the Pay Commission going to take to give its report? How long the employees have to wait? He has not made that clear.

SHRI S. M. BANERJEE : Sir, he has not answered my last question. The entire matter has been referred to the Cabinet Secretary, who is the Chairman of the JCM. He has heard both sides and he has reserved his interpretation which he will give at the earliest opportunity. What is the reaction of government to that?

DR. RANEN SEN (Barasat) : It is quite evident from the statement of the hon. Minister that he is standing on prestige. Because, in his statement he has conceded that the index figure for April 1971 was 225.83 which means nearly 226. It is also known to the Minister that in the computation of the cost of

living index a number of difficulties arise in regard to the price of materials on which the computation is made. The Minister is also aware that in Bombay the workers were deprived of crores of rupees because of the peculiar way in which the computation of the cost of living index was made. Later on, it was corrected as a result of which the workers got back crores of rupees.

In regard to the computation of the cost of living index also, it would be admitted by the Minister himself, that there may be a little mistake also. Now, we have reached 226 in April 1971, according to his statement, and it is known that after this Budget, these two points must have been covered. As stated by Shri S. M. Banerjee in his last question, which has not been answered, the Cabinet Secretary has himself admitted that there is some relevance in the arguments raised by the employees in the JCM. Therefore, simply on the question of two points in April 1971, is it advisable for the Government to pick up a quarrel with the employees, knowing fully well that in the mean time, after the Budget has been presented, at least there has been a rise of more than two points in the cost of living index? Therefore, I would request the Minister to consider this point and make a statement here on these particular two points.

SHRI K. R. GANESH : I think, I have covered most of the points that the hon. Member has raised. There is no question of standing on prestige. It is a question of difference in interpretation; I do not think the Government is going to stand on this question on prestige. There is no question about it. It is a clearcut position. The Government will be committed to an increase in dearness allowance when the 12-monthly average of the cost of living index goes to 228. The only difference between the Government and the employees is whether it should be at 225 or at 228.

SHRI A. P. SHARMA : Even this point needs arbitration.

SHRI K. R. GANESH : As to the point raised by the hon. Member about the increase as a result of the Budget, I wish to submit that till April the cost of living index has been steady at 224. Because of factors that the hon. member has mentioned and others factors that usually go into it, in the next few months probably the cost of living index may undergo a change. But the fact remains that the cost of living index, right from January, has been steady at 224.

I have stated the position of Government in relation to the demand for increase of dearness allowance. As I submitted earlier, a very senior Member is raising this point and I think he has so many other channels to discuss this problem.

SHRI A. P. SHARMA : The channel is only up to the Cabinet Secretary, not up to your Cabinet.

SHRI K. R. GANESH : When you commit the Government to reply to a calling-attention notice, this is bound to be the reply. I have stated the position.

SHRI S. M. BANERJEE : Sir, I rise on a point of order. In reply to the calling-attention, the last sentence of the hon. Minister was, "If you want a reply to the calling-attention notice, the reply would be like this." This is actually an insult to the entire House.

SHRI P. K. DEO (Kalahandi) He should withdraw it.

MR. SPEAKER : He is very much correct. It is not a point of order.

SHRI S. M. BANERJEE : I have all the respect for Shri Ganesh. He is a very good friend of mine.

MR. SPEAKER : If you go on speaking without my permission, nothing will go on record.

SHRI S. M. BANERJEE : The same question has been asked by two Members and the Minister does not reply to it.

MR. SPEAKER : The Minister says that in his position as a Minister, he has to take up certain positions. But during negotiations, something else may come out. So far as the position of Government is concerned, he has stated like that. Why don't you appreciate it ?

DR. RANEN SEN : The last point that I had raised and which was also raised by my hon. friend, Shri S. M. Banerjee, was not answered. Since the Cabinet Secretary is seized with the matter, will the Government relent to a better position or will they stick to that ?

MR. SPEAKER : I asked him. If he is not in a position to answer, I cannot force him.

SHRI K. R. GANESH : I will answer it. I was trying to answer it. Let me in all humility submit to you that I was trying to see that you do not commit me to this. This is the position of the Government at the highest level.

SHRI S. M. BANERJEE : We will see that the JCM is not sabotaged like that. We will see that nobody attends the J.C.M. The J.C.M. cannot become a tool in the hands of the Indira Gandhi Government.

MR. SPEAKER : The papers to be laid.

SHRI JYOTIRMOY BOSU : (Diamond Harbour) : I want to draw the attention of the House to the strike of the J.K. Rayon, Kanpur.....

SHRI SPEAKER : I am not allowing.

MR. JYOTIRMOY BOSU : The U.P. Government is illegally trying to suppress

it by taking regressive measures. The Labour Minister, Mr. Khadilkar should intervene in the matter.

MR. SPEAKER : I am not allowing it.

SHRI S.M. BANERJEE : Why can't the Labour Minister intervene in the case of J.K. Rayon ?

MR. SPEAKER : The papers to be laid.

SHRI VIKRAM CHAND MAHAJAN: Yesterday, we had raised a matter relating to the dissolution of the Punjab Assembly. What about that ?

MR. SPEAKER : I said, "later on" which does not mean today.

SHRI VIKRAM CHAND MAHAJAN: At least you convey our feelings that the Governor should be recalled.

MR. SPEAKER : May I request you to sit down. You are a lawyer yourself. Yesterday, you wanted to ask something about the dissolution of the Punjab Assembly. The Prime Minister was here I will look into it. But if you want to go into the question of recalling the Governor or anything like that, that will amount to discussing the conduct of the Governor which is not permissible under the rule.

SHRI N. K. SHARMA (Dausa) : You allow us an opportunity to have a discussion.

MR. SPEAKER : You will have an opportunity.

SHRI N. K. SHARMA : This is an important issue. The time should be fixed for that,

MR. SPEAKER : Everything is important.

SHRI N. K. SHARMA : This is more important.

MOTION RE : CONSTITUTION
OF JOINT COMMITTEE ON
OFFICES OF PROFIT

THE MINISTER OF STATE IN THE
MINISTRY OF LAW AND JUSTICE
(SHRI NITIRAJ SINGH CHAUDHARY):
Sir, I beg to move :

"That a Joint Committee of the House to be called the Joint Committee on Offices of Profit be constituted consisting of fifteen members, ten from this House and five from the Rajya Sabha, who shall be elected from amongst members of each House according to the principle of proportional representation by means of the single transferable vote ;

That the functions of the Joint Committee shall be—

- (i) to examine the composition and character of all existing 'committees' and all 'committees' that may hereafter be constituted, membership of which may disqualify a person for being chosen as, and for being, a member of either House of Parliament under article 102 of the Constitution ;

- (ii) to recommend in relation to the 'committees' examined by it what offices should disqualify and what offices should not disqualify ;

- (iii) to scrutinise from time to time the Schedule to the Parliament (Prevention of Disqualification) Act, 1959, and to recommend any amendments in the said Schedule, whether by way of addition, omission or otherwise ;

That the Joint Committee shall from time to time, report to both Houses of Parliament in respect of all or any of the aforesaid matters ;

That the members of the Joint Committee shall hold office for the duration of the present Lok Sabha ;

That in order to constitute a sitting of the Joint Committee, the quorum shall be one-third of the total number of members of the Committee;

That in other respects, the Rules of Procedure of this House relating to Parliamentary Committees will apply with such variations and modifications as the Speaker may make ; and

That this House recommends to the Rajya Sabha that the Rajya Sabha do join in the said Joint Committee and to communicate to this House the names of members to be appointed by the Rajya Sabha to the Joint Committee."

MR. SPEAKER : The Motion is before the House.

SHRI N. SREEKANTAN NAIR (Quilon) : In this connection I want to bring to the urgent notice of this House that the functioning of the Joint Committee on Offices of Profit had been too technical and retrogressive. It was such an interpretation of Art. 102 by the Election Com.

mission that compelled the Parliament to enact the Parliament (Prevention of Disqualification) Act, 1959.

The Joint Committee had not been adopting the principles incorporated in the Act of 1959. While the membership of Board of Directors of the Air India and the State Trading Corporation of India and several other very important companies in the public sector have been taken out of the ambit of the offices of Profit by the Act of 1959 and its Schedule, the Coir Corporation of Kerala (another public sector undertaking of the Kerala Government and many other similar State-owned companies were dubbed as offices of profit by the Joint Committee.

Therefore, Sir, if you do not give a specific directive that the principles adopted in enacting the Parliament (Prevention of Disqualification) Act 1959, should be followed by this Committee, it becomes a very difficult process for the Parliament to throw out recommendations made by a Joint Committee of both the Houses of Parliament, because a Joint Committee is a miniature Parliament.

MR. SPEAKER : You have made your suggestion. It will be conveyed to them. Now, the question is :

“That a Joint Committee of the Houses to be called the Joint Committee on Offices of Profit be constituted consisting of fifteen members, ten from this House and five from the Rajya Sabha, who shall be elected from amongst members of each House according to the principle of proportional representation by means of the single transferable vote ;

That the functions of the Joint Committee shall be—

- (i) to examine the composition and character of all existing ‘committees’ and all ‘committees’ that

may hereafter be constituted, membership of which may disqualify a person for being chosen as, and for being, a member of either House of Parliament under article 102 of the Constitution ;

- (ii) to recommend in relation to the ‘committees’ examined by it what offices should disqualify and what offices should not disqualify ;
- (iii) to scrutinise from time to time the Schedule to the Parliament (Prevention of Disqualification) Act, 1959, and to recommend any amendments in the said Schedule, whether by way of addition, omission or otherwise ;

That the Joint Committee shall, from time to time, report to both Houses of Parliament in respect of all or any of the aforesaid matters ;

That the members of the Joint Committee shall hold office for the duration of the present Lok Sabha ;

That in order to constitute a sitting of the Joint Committee, the quorum shall be one-third of the total number of members of the Committee ;

That in other respects, the Rules of procedure of this House relating to Parliamentary Committees will apply with such variations and modifications as the Speaker may make ; and

That this House recommends to the Rajya Sabha that the Rajya Sabha do join in the said Joint Committee and to communicate to this House the names of members to be appointed by the Rajya Sabha to the joint Committee.

DEMANDS FOR GRANTS (RAILWAYS)
1971-72—Contd.

MR. SPEAKER : Now we will take up the discussion on the Demands for Grants for Railways. Shri N. K. Sharma was on his legs.

SHRI S. M. BANERJEE (Kanpur) : When is the Minister likely to reply ?

MR. SPEAKER : How much time does the hon Minister want ?

THE MINISTER OF RAILWAYS
(SHRI HANUMANTHAIYA) : About an hour.

MR. SPEAKER : The balance time is 35 minutes. You want one hour. So about one and a half hours still for discussion to be utilised by the Members. So near about 3.30 he will reply.

Mr. Nawal Kishore Sharma.

श्री नवल किशोर शर्मा (दोसा) : अध्यक्ष महोदय, मैं कन कइ रहा था कि 213 अप और 214 डाउन ट्रेन में थंडे क्लास के यात्रियों के लिये बड़ी दिक्कत रहती है। इस के लिए रेलवे मंत्री कदम उठाये और यह देखें कि मजदूरों को और जो गरीब लोग हैं उनको अधिक सुविधा मिल सके, उनको परेशानी का सामना न करना पड़े।

इसी के साथ-साथ मैं रेलवे मंत्री जी का ध्यान जो तीन गाड़ियां जयपुर से चलती है, 4 डाउन चेतक एक्सप्रेस, 7 अप और 8 डाउन पैसेन्जर, इनकी टार्डिंग्स की तरफ दिलाना चाहता हूँ। यह तीनों गाड़ियां जयपुर से आधे-आधे घंटे के अन्तर से चलती हैं। जयपुर और

दिल्ली के बीच में। ज्यादा अच्छा हों कि इन तीनों गाड़ियों की टार्डिंग्स ऐसी हो जिससे पैसेन्जरों को अधिक सुविधा हो सके। साथ ही इससे रेलवे की आमदनी बढ़ने का जरिया भी हो जायेगा, क्योंकि एक ही घंटे के अन्दर तीन गाड़ियों का जयपुर से, जो कैंपिटल है, निकलना कोई मतलब नहीं रखता है। इस पर मंत्री महोदय को जरूर ध्यान देना चाहिये। अगर गाड़ियां ज्यादा समय के अन्तर से चले तो आमदनी भी बढ़ेगी। इसी तरह से शाम को भी इन गाड़ियों का समय बदलना चाहिये।

इसके बाद मैं रेलवे मंत्री जी का ध्यान उनके स्टाफ की जो दिक्कतें हैं उनकी तरफ दिलाना चाहूंगा। उनके विभाग में कुछ अध्यापक काम करते हैं। उन अध्यापकों को यूनियन का मेम्बर होने का अधिकार नहीं है। पाबन्दी लगाते समय यह कहा गया है उनसे कि वे उस कटेगरी में नहीं आते जिसमें दूसरे एम्प्लोयीज आते हैं। इसलिये वे लोग ट्रेड यूनियन के मेम्बर नहीं बन सकते। दूसरी ओर जो उनकी अपनी एगोशिएशन है, जिसके जरिये से वे अपनी ग्रीवान्सेज आप तक पहुंचा सकते हैं, उसको मान्यता प्रदान नहीं करते। या तो आप उन टीचर्स को यूनियन का मेम्बर बनने का अधिकार दीजिये, या फिर अगर आप ऐसा नहीं कर सकते तो उनकी दिक्कतों को सुनने का कोई दूसरा जरिया निकालिये। इसलिये आप उनकी ऐसोशिएशन का रिकग्नाइज कीजिये ताकि इस जरिये से अपनी समस्याओं का समाधान कर सके।

इसी सन्दर्भ में मैं आप का ध्यान श्री नन्दा द्वारा मुझे लिखे गये उस पत्र की ओर दिलाऊंगा जो उन्होंने रेलवे मंत्री होते हुए मुझको लिखा था। मैंने श्री नन्दा को लिखा था कि जब दूसरे सेंट्रल गवर्नमेंट के टीचर्स को 1967 वाली

ग्रेड दे दी गई थी। कौठारी कमीशन की सिफारिशों के अनुसार, तब रेलवे के टीचर्स को 1959 से न्यायसंगत नहीं है। टीचर्स गरीब लोग होते हैं, उनकी दशा सुधारने का दायित्व आपका है। श्री नन्दा ने जवाब दिया था कि मैं इस पर विचार कर रहा हूँ और इसका जवाब जल्दी दिया जायेगा। मैं आप से निवेदन करना चाहूँगा कि आप इसका जल्दी फैसला करें।

इसके बाद मैं आपका ध्यान इस ओर दिलाना चाहूँगा कि राजस्थान में हमेशा ही रेलवे का अभाव रहा है। रेलवे ने राजस्थान की हमेशा उपेक्षा की है। जयपुर राजस्थान की कैपिटल है। उस क्षेत्र में जयपुर तक पहुँचने के लिये, अलवर से जयपुर तक कोई पैसेन्जर ट्रेन नहीं है सबेरे से लेकर शाम के पाँच बजे तक। हर आदमी चाहता है कि राजधानी से रात के साढ़े दस-ग्यारह बजे तक घर पहुँच जाये। इसके लिये पहले एक शटल ट्रेन चला करती थी, लेकिन अब वह बन्द हो गई। मैं माँग करता हूँ कि अलवर से जयपुर के बीच में एक शटल ट्रेन शुरू की जाये जो 10 और 11 के बीच दिन में जयपुर पहुँचे और शाम को वापस अलवर पहुँच जाये। अगर इस तरह की शटल ट्रेन चलाई जाये तो रेलवे को ट्रैफिक से आमदनी भी ज्यादा होगी और रेलवे जो एक पब्लिक अन्डरटेकिंग है, वह निश्चित रूप से लोगों को सुख-सुविधा पहुँचा सकेगी।

इसी तरह से पहले एक शटल ट्रेन रेवाड़ी और रींगस के बीच में चला करती थी। यह शटल ट्रेन अब बन्द हो गई। एक घण्टा आया जब यह निजामपुर तक शुरू हुई। मेरी माँग है कि यह शटल ट्रेन रेवाड़ी से निजामपुर नहीं बल्कि रेवाड़ी से रींगस तक चलनी चाहिये।

इसी के साथ-साथ मैं इस ओर भी आपका ध्यान दिलाना चाहूँगा कि जयपुर राजस्थान की राजधानी है। आज कल जयपुर का ओर ईस्टर्न राजस्थान का विकास रुका पड़ा हुआ है और लोगों को बड़ी शिकायत है। पहले राजस्थान में राजाओं का राज था और उसके आसपास उस जमाने में रेलों का विस्तार कभी नहीं हुआ। अब जब राजाओं के राज्य के बाद आप का राज्य आया है तब भी हालत कोई ज्यादा नहीं सम्भली। मैं माँग करता हूँ कि एक कमीशन अर्वाइंट किया जाये और वह इस बात की जाँच करे कि राजस्थान में रेलों के विस्तार के लिये कितना धन खर्च हुआ और उसकी क्या आवश्यकताएँ हैं तथा उन आवश्यकताओं को किन स्टेप्स के द्वारा पूरा किया जा सकता है। राजस्थान में एक हिम्मतनगर की लाइन थी है, लेकिन अगर वह बनी है तो गुजरात के फायदे के लिए बनी है, राजस्थान का उससे कोई फायदा नहीं है। श्री लालबहादुर शास्त्री सन् 1954 में दोसा (राजस्थान) गये थे। उस वक्त उन्होंने वहाँ यह ऐश्वर्योरेण दिया था कि सवाई माधोपुर से जयपुर तक के लिये बड़ी रेलवे लाइन बनायेंगे। चूँकि खेतड़ी में वास्ट कार डिपॉजिट्स हैं इस लिये मैं माँग करता हूँ कि सवाई माधोपुर से खेतड़ी की बड़ी लाइन का सर्वे किया जाये और यह लाइन बिछाई जाये।

उसी तरह से मैं आप का ध्यान इस बात की तरफ भी दिलाना चाहूँगा कि राजस्थान में जो खेतड़ी माइन्स हैं उसमें लाइन बिछाने के काम को जल्दी किया जाये। इसके अभाव में राजस्थान को जहाँ नुकसान है वहाँ सेंट्रल गवर्नमेंट को भी काफी नुकसान होता है। आप करोड़ों रुपये का कापर इम्पोर्ट करते हैं जिससे आपका फारेन एक्सचेंज खराब होता है।

मैं आशा करता हूँ कि मेरे सुझावों पर अवश्य ध्यान दिया जायेगा।

MR. SPEAKER : Now Shri Somchand Solanki. The hon. Members' cut motions have come in too late, and so, I am not allowing them to be moved now. But he can speak on them now. Similarly, Shri S. L. Saxena's cut motions are also too late. But he can mention them in the course of his speech. As for P. K. Deo's cut motions, they are in time and I am allowing them.

SHRI SOMCHAND SOLANKI (Gandhinagar) : I would like to mention just four or five points. The first is regarding reservations for Scheduled Castes and Scheduled Tribes in the railways. I have to mention this very firmly that the percentage of reservation is not observed in this Ministry. I have received so many complaints to the effect that persons are qualified and they have applied for the posts, but they are not called for interview and their applications are not taken up.

This has become a difficult and dangerous problem for the Scheduled Castes and Scheduled Tribes. I have written to the authorities in the Western Railway about the need to have the requisite percentage of the Scheduled Castes and Scheduled Tribe people.

Now there are so many things about these candidates.

MR. SPEAKER : He can continue after the lunch recess.

13.01 hrs.

The Lok Sabha adjourned for Lunch till Fourteen of the Clock.

The Lok Sabha re-assembled after Lunch at five minutes past Fourteen of the Clock.

[MR. DEPUTY-SPEAKER in the Chair]
DEMANDS FOR GRANTS (RAILWAYS),
1971-72—Contd.

SHRI SOMCHAND SOLANKI
I was mentioning about the transfer of Scheduled Castes and Scheduled Tribes employees working in the railways. They have a tenure of five years, but within this period they are transferred from one place to another twice or thrice a year. If they are transferred in this manner, difficulty arises about the education of their children. So, I request the hon. Railway Minister to look into this matter.

When persons are only Members of Parliament and not Ministers, they speak against the Government's policy of increasing fares but when they become Ministers they forget all these things. I have heard our present Railway Minister also speaking against increase in fares of third class passengers when he was a private Member. If you want to increase the earnings of the railways, you must find out some other ways and means. To increase the third class fare is not fair according to me.

Next I have to mention about the conversion of the narrow and metre gauge lines in Gujarat into broad gauge. This was promised by the Railway Minister and the Government. As there is no broad gauge line in Saurashtra, there is a proposal that the metre gauge line from Viramgam to Okha should be converted into broad gauge. It has also been decided by the Government and the Railway Board. So, I request the hon. Railway Minister to take immediate steps in this regard.

Viramgam is in my constituency. There is a railway crossing near Viramgam on the western side. Due to shunting it is closed practically for the whole day and transport comes to a standstill and the public is harassed. So, I request the hon.

Minister to construct an underground bridge near this station.

The Mewar Express which starts from Ahmedabad goes to Udaipur. I request the hon. Minister to see that it stops at Dabhoda, as this will help the large number of textile workers are coming from there daily to Ahmedabad.

I do not want to say anything about facilities to the passengers, as many Members have mentioned this, but I feel that there must be regularity of time observed by the passenger trains, so that the people coming from distant places to Ahmedabad are not put to inconvenience. Labourers from surrounding come to Ahmedabad. I have no time; within the short time at my disposal I have mentioned some of the important points and I request the hon. Railway Minister to look into this matter.

डा० कैलास (बम्बई दक्षिण) : माननीय उपाध्यक्ष महोदय में रेल मन्त्री का ध्यान सिर्फ उस और खींचना चाहूंगा जिस से कि रेल विभाग में भी समाजवाद का चित्र स्पष्ट दिखाई देने लग जाय। मुझे कुछ ऐसा लगता है कि प्रति वर्ष लोक सभा सदस्य सुझाव देते हैं लेकिन उन सुझावों पर पूरा पूरा ध्यान नहीं दिया जाता या अगर दिया भी जाता है तो जो आवश्यक बातें हैं, जो आवश्यक सुझाव हैं उन पर मैं ऐसा मानता हूँ कि मन्त्री जी चाहें यह चाहते हों कि उन पर ध्यान जाय लेकिन इन के कुछ अधिकारी जिन्हें शायद समाजवाद ठीक नहीं लगता या वह रेल के यात्रियों की कठिनाइयों को नहीं समझ पाते, उन के कारण वे सब सुझाव कहीं पड़े रह जाते हैं। मैं रेल मन्त्री से यह पूछना चाहता हूँ कि कंजुमल लेबर की एक श्रेणी वनों से चली आ रही है, उस की कितनी संख्या है? मैं तो मानता हूँ कि उस की संख्या दो या छह लाख है। क्या यह कंजुमल लेबर की संख्या

धीरे धीरे कम हो कर समाप्त भी होगी या नहीं? यह श्रेणी बिलकुल निकाबी जायगी या नहीं और वह कब तक निकल पाएगी? ठीक इसी प्रकार हम ने कुछ लाइसेंस कुली हर स्टेशन पर रख छोड़े हैं। मैं देखना हूँ कि उन कुलियों की उम्र तीस से चालीस वर्ष की होती है। लेकिन कुछ ऐसे कुली भी होते हैं जिन को अपनी उम्र के 55 और 60वें वर्ष में भी काम करना पड़ता है। इसी सदन में पिछले वर्ष इंडस्ट्रियल लेबर के लिए पेंशन का कानून बनाया गया था। मैं रेल मन्त्री महोदय से यह प्रार्थना करूँगा कि इन प्लेटफार्मों पर काम करने वाले जो कुली हैं उन्हें भी पेंशन मिले। जब हम समाजवाद की भाषा बोलते हैं तो हमें चाहिए कि इन कुलीज का भी दर्जा उस में गिना जाना चाहिए जिस से कि वह पेंशन के हकदार हो जायें।

तीसरे दर्जे में इतनी भीड़ रहती है कि स्त्रियों और बच्चों को वहाँ पर खड़े रहना भी मुश्किल होता है बैसना तो नामुमकिन है। मैंने यात्रियों को डब्लू० सी० पकाने में भी खड़े रहते देखा है। इतने ज्यादा टिकट क्यों दिए जाते हैं और टिकट दिए जाते हैं तो उन पर यह प्रतिबन्ध होना चाहिए कि वह दूसरी रेल में सवार हो कर अपने स्थान पर जायें। रेलों में आज तीसरे दर्जे के डिब्बों को लगाने की जो व्यवस्था है उस में वृद्धि करने की आवश्यकता है। आज हम एयर कंडीजन्ड और फर्स्ट क्लास के डिब्बे ज्यादा बढ़ाते जा रहे हैं लेकिन तीसरे दर्जे के डिब्बों को जितना सभ्य में बढ़ाना चाहिए उतनी संख्या में नहीं बढ़ाया है। कुछ बड़े हैं अवश्य। एक बात की ओर मैं मन्त्री जी का ध्यान अवश्य दिखाना चाहता हूँ कि तीसरे दर्जे के डिब्बे की जो खिड़कियाँ हैं उन पर सलाखें नहीं लगाई गई हैं। कुछ लोग अपना

[डा० कंलास]

सामान बाहर से फेंकते हैं। अम्बर यात्री बैठे हैं, स्त्रियाँ बैठी हैं, बूढ़े बैठे हैं, उस की ओर ध्यान न देते हुए सामान अन्दर फेंका जाता है और लोग खिड़कियों में से अन्दर चढ़ जाते हैं। जबदस्ती करते हैं। आखिर किसी को जाना है तो वह सब उपायों को देखता है। लेकिन अगर हम वहाँ सलाख लगा दें तो जो अड़चने अन्दर बैठने वालों की होती हैं वहाँ नहीं होंगी। कई रेलों के डिब्बों में वह सलाखें नहीं लगी हैं, इस की ओर भी मंत्री जी ध्यान देंगे।

मंत्री जी ने अपने भाषण में रेलें देर से क्यों पहुँचती हैं उस का एक कारण बताया था कि जंजीर खींची जाती है। मैं अपने अनुभव से कह सकता हूँ कि यात्रियों को जंजीर खींचने का शौक नहीं है। ज्यादातर जो जंजीरें खींची गई हैं, मैं आप के दिल्ली स्टेशन की बात कह सकता हूँ, वह इसलिए खींची गई हैं कि अधिकारियों ने रिजर्वेशन चार्ट तीसरे दर्जे के स्लीपर का या चेयर डिब्बे का गाड़ी चलने से दस मिनट या पाँच मिनट पहले लगाए हैं। मैं खुद जब उस अधिकारी के पास गया और पूछा कि भाई इतनी देर चार्ट लगाने में क्यों कर रहे हो तो उत्तर यह दिया गया कि सब लोगों को बैठ जाना चाहिए और बैठने के बाद अपना अपना स्थान यह ठूँढ़ सकने है। मेरा यह तजुर्बा उस गाड़ी का है जिसे हम डी-सक्स कहते हैं। कोई व्यक्ति वहाँ पर बड़े सामान ले कर नहीं आता, ज्यादा सामान ले कर नहीं आता। लेकिन अगर रिजर्वेशन चार्ट न होने से उसे अपनी जगह का ठीक पता नहीं मालूम है और वह गलत डिब्बे में बैठ जाता है तो कितनी कठिनाई उसे होती है? मैंने यह भी देखा है कि पुरुष वगैरह तो चढ़ जाता है, स्त्रियाँ नहीं चढ़ पाती हैं, वह इन्तजार करती रहती हैं रिजर्वेशन चार्ट का और नतीजा यह

होता है कि स्त्रियाँ चढ़ ही नहीं पाती हैं और गाड़ी चल पड़ती है। यह जाहिर है कि बेन खींचने के सिवाय और कोई रास्ता नहीं रह जाता। किस दिन यह वाक्या हुआ मैं रेल मंत्री जी को अवश्य लिख कर भी दे दूंगा। मैंने लिखित कम्प्लेंट भी वहाँ दी है और उसका उत्तर भी हमारे पास आया है। लेकिन यह कम्प्लेंट अवश्य रह जाती है कि देगी से चार्ट लगने के कारण यह कठिनाई आती है।

दूसरा अनुभव जो मुझे हुआ वह यह कि तीसरे दर्जे के कम्पार्टमेंट में यात्रियों की टट्टी में पानी नहीं है। गरमी पड़ रही है, पंखा नहीं है। एक स्टेशन गया, दूसरा स्टेशन गया। कन्डक्टर से कहा, गाई से कहा, जंक्शन पर स्टेशन मास्टर से कहा। लेकिन कोई सुनने वाला नहीं कि बिजली का पंखा ठीक किया जायगा या नहीं, पानी दिया जायगा या नहीं। तो ऐसी हालत में यात्री गुस्से में आकर या नाराज होकर या यह दिखाने के लिए कि अधिकारी इतने लापरवाह है, जंजीर खींचते हैं। अगर जंजीर खींचने के कारणों की आप जांच करें तो उनमें यही देखने को मिलेगा कि कारण हम प्रकार के ज्यादा हैं।

अन-मैन्ड क्रासिंग की बात हम सुनते आये हैं जहाँ वर्ष में सैकड़ों ही जानें जाती हैं। कई हमारे जानवर वर्ष में मर जाते हैं इन अन-मैन्ड क्रासिंग के ऊपर। तो यह अनमैन्ड क्रासिंग कब तक रहने वाली है। क्या हमारे पास कोई प्लान है कि इनको हम धीरे-धीरे घटा सकते हैं? पाँच वर्ष में हम बात करते हैं बेकारी को दूर करेंगे। बेकारी को दूर करने का तरीका एक यह भी हो सकता है कि इन अनमैन्ड क्रासिंग की ठीक तरह से व्यवस्था हम कर दें। समाजवाद का चित्र लाने की बात हम करें और एक गरीब आदमी का बैल कट जाय, उसकी

परवाह नहीं, हम रेलवे क्रॉसिंग पर एक फाटक नहीं लगा सकते, एक चौकीदार नहीं रख सकते, यह कुछ मेरी ससझ में नहीं आता।

मैं बम्बई से आता हूँ। बम्बई में सबर्बन रेलों का क्या हाल है यह मैं जानता हूँ। सेंट्रल रेलवे पूरी कोशिश कर रही है। वेस्टर्न रेलवे भी पूरी कोशिश कर रही है। लेकिन फिर भी मैं ऐसा मानता हूँ कि जब तक ग्रन्डरग्राउन्ड रेलवेज का नक्शा हमारे सामने नहीं आ जायगा तब तक हालत सुधरने की कोई आशा नहीं है। हम सुनते हैं कि कलकत्ते में ग्रन्डर ग्राउन्ड रेलवे होने वाली है, बम्बई में भी होने वाली है, लेकिन उसका नक्शा वहाँ पहुँच रहा है यह नहीं मालूम। रेल मंत्री जी यदि उसके लिये कदम बढ़ाते हैं। उन्होंने शायद पहले बढ़ाया हो, लेकिन वह वैसा ही रह गया, अब यदि वह इसकी ओर कदम बढ़ाते हैं तो शायद दस सान बाद या बीस सान बाद ग्रन्डर ग्राउन्ड रेल हो जायेगी। जब जनसंख्या बढ़ती चली जा रही है तो यह आवश्यक हो जाता है कि हम ग्रन्डर ग्राउन्ड रेल की प्लानिंग को आज पूरा करें :

रेलवे बोर्ड के विषय में काफी चर्चा, काफी कटु शब्द कहे गये हैं। मैं उनको दोहराना नहीं चाहता। मंत्री जी शायद बन्दी हैं रेलवे बोर्ड के जिसके उदाहरण एक नहीं पचासों दिये जा सकते हैं। डेढ़ करोड़ रुपया रेलवे बोर्ड पर खर्च होता है। रेलवे बोर्ड के अधिकारी सदन में आ कर बैठते हैं, सुनते भी हैं, शायद इस कान से सुनकर उस कान से निकाल देते हैं, क्या कठिनाइयाँ हैं कि देश के इस विभाग को वे पूरी ताकत से नहीं संभाल पाते। लेकिन क्या हम रेलवे बोर्ड की बजाय जनरल मैनेजर्स की एक कमेटी नहीं बना सकते जो हमारे मंत्री जी की सहायता कर सके। जिससे कि जो कुछ यहाँ पर सब्सिडियों की मांगें हैं, अपने क्षेत्र से लेकर नेशनल

लेवल तक उसको राष्ट्रीय ढग से पूरा करें। मैं रेलवे बोर्ड का विरोधी नहीं हूँ, लेकिन बोर्ड के सदस्य अगर इस ध्यान से काम करने लग जायें कि वे राष्ट्रीय हित में कर रहे हैं, न कि किसी को खुश करने या नाखुश करने के लिए कर रहे हैं, तो ठीक कार्य हो सकेगा।

इन शब्दों के साथ मंत्री जी ने जो डिमाण्ड्स रखी हैं, उनका समर्थन करता हूँ।

SHRI P. K. DEO (Kalahandi): Sir, instead of beating about the bush, I would confine my observations to the cut motions which I have moved and I would like to get categorical answers to those points.

The most important line is the Talcher-Bimlagarh line. It is a matter of life and death for Orissa. The minister visited Orissa the other day, and he must have been seized of this problem. I was glad to see his photograph with a bouquet of flowers. We are hospitable people and we treat our guests with garlands and bouquets. Otherwise, as the situation developed after the statement of the minister that the techno-economic survey has suggested that this line is going to be uneconomic, he would have received brickbats. But we do not like to go that extent. But he must have realised the commotion and dissatisfaction among the people of Orissa by not giving clearance to this small link of 50 miles, which will link the deepest seaport of this country-Paradip-with the hinterland which is rich in mineral and other natural resources. It is in a sense the Ruhr of India. Orissa boasts of the largest iron ore deposits in this country. A survey has been made by the Orissa Geological Department and they have come to the conclusion that besides the needs of various steel plants in India, Orissa alone would be able to export high grade iron ore to the extent of 560 million tonnes. Paradip is specially meant for export of iron ore for which there has been a continuously increasing demand from Japan and other countries.

[Shri P. K. Deo]

It is no use saying that iron ore from Kiriburu and Bolani will be diverted to Vizag and ore from Barbil-Banspani area would be diverted to Haldia port.

The previous government had brought it to the notice of the Government of India and we have got the most surprising and disappointing reply. The reply was that the route would be much more if the iron ore is transported to Paradip than to Haldia. The distance from this iron belt to Haldia is 399 kilometres and to Paradip 431 kilometres. Only for 32 kilometres such a strong case of Orissa is going to be sacrificed at the altar of partisanship. So, I would most emphatically request that this link which is so vital from the point of view of Orissa, should be taken up and no plea or excuse should be tolerated.

Secondly, if it is not possible, then Jakpura-Banspani railway line should be taken up.

Sometime back we, the leaders from this side of the House, have jointly addressed a letter to the Railway Minister to have an east-coast west-coast express; that is to say, to extend the Bombay-Nagpur Express to Visakhapatnam so that the naval headquarters of the east coast and west coast could be connected. That will go a long way to meet the demands of the local people, especially because Visakhapatnam has been neglected all along and there is no express train to that place. I hope the Railway Minister will not throw this letter in his waste paper basket, as some people say. I hope there is no truth in these allegations. If there is any truth in the allegation that the Railway Minister has issued instructions that the letters of Members of Parliament need not be replied to, then I have nothing to say.

Then, it is high time that we should consider the shifting of the headquarters of the South-Eastern Railways to some central place. Calcutta is getting congested. To

relieve the congestion in Calcutta some very good decision was taken some years back to shift some of the offices of the North Eastern Railways to Gorakhpur. Similarly, the offices of the south eastern railways should be shifted to a central place like Bhubaneswar or Jaspada. The Orissa Government has already approached the Railway Ministry in this connection. I hope the Railway Minister will give his most sympathetic consideration to this matter.

SHRI CHAPAL BHATTACHARYYA (Giridih): Sir, I would not go into the major questions which were raised during the general budget discussion, namely, the capital invested, the working ratio, the 1965 convention, the differences in the projection as regards freight and passenger traffic given by railways as well as those mentioned in the Fourth Plan. These differences have to be reconciled and only then we may arrive at a more correct picture of the economy of the railways.

I would like to look at the working of the railways from the opposite end of the telescope as it were. I would not confuse the task of managing human nature with the task of transmuting it. The management of human nature has become the prime requisite in this biggest public sector undertaking; namely, the railways. Here the South Eastern Railways and the North Eastern Railways, which should have been gold mines, are becoming copper mines. May be, they may be relegated even to the position of an iron ore mine, but they could have been a gold mine in the matter of revenue receipts and earnings.

How has this come about? A deep probe is necessary. An attack against the Railway Board is beside the point, although the Railway Board has not helped very much. '*Yad yad acharati srishtha*' says the Gita. Fish rots from the head. We must make sure that the failure in the working and the economics of the railways has not come about from the top of the top.

Granting that, I would repeat, the major problem, is the task of managing human nature. We know that after goods are loaded into the wagons, the train gets stopped at wayside station and the goods are unloaded and compensation asked and paid for. Before dieselisation and electrification this was a very common occurrence and experience. Because of the increase in speed this has stopped a bit, but by and large the built-in corruption and malpractices in the operation of the railway system remains.

The mere fact that we came to ask for an crease in in freight and fares is itself a confession of the failure to tackle corruption and malpractices. Only the other day I was coming from my constituency to Delhi. At the railway station I asked if on the Amritsar Mail any berth was available. "No, no berth," the conductor blandly assured me. I told him "You are making a stement; you may be in difficulty if there is a berth." "oh, yes you can come along; I will give you one," he said. But the first class bogies were in the rear and it was dead of night, 1.30. "All right, put me in the air-conditioned which was just near about," I said. Then the entire trouble started. I got into the air-conditioned class. I wanted to pay the extra money but the conductor guard will not give the certificate. The guard will not give the certificate because I held no platform ticket. The identity card did not help. The conductor guard got down at Madhupur; the other person got down at Jhajha and by the time I reached Patna there was nobody to say from where I travelled and there was nobody to accept the money except after an hour's wait. I make a positive statement. If this can happen with a passenger like me. I do not know what is happening to the vast majority of honest, *bona fide* passengers and there are quite a lot of them. They are being forced. They are told, "why pay to the railways; you share it with us."

As I said, it is the task of managing human nature. I want the Railway Board;

the Railway Ministry and the General Managers to evolve certain practices and *modus operandi* by which the honest and *bona fide* traveller could be protected against the operations of such railway employees. If that is done, I am quite sure, this deficit will be converted into surplus and our Railway Minister would have wrung out the surplus from the jaws of the deficit.

Now, coming to certain local problems, there should be a link line between Giridih and Gomoh. The main line and the grand chord will then get linked up. There was a proposal to link Giridih with Hazaribad Road. But because Gomoh is now becoming the hub of an industrial complex, I suggest, on the ground of traffic density and possible freight load, this issue has to be seriously investigated. I go further to say that if Giridih-Madhupur line is extended and linked with Bhagalpur via Dumka, we shall have north to south railway system, linking Bhagalpur to Rourkela. It will have strategic importance also. So, that aspect may also be looked into.

After all, the railway is a monopoly and it is a public sector monopoly. The consumer is not always wrong. In fact, the consumer should be presumed to be right. That has been given a go-by. We have stringent provisions of law against ticketless travel. I welcome that. Only the law should not be turned against the *bona fide* traveller.

One of the major points of this built up corruption that I was going to say was pith regard to the railway protection Force and one of the major centres is Andal. I think, I have given sufficient hint for the Railway Minister to work on it.

डा० गोबिन्द दास रिछारिया (काँसी) :
प्रध्यक्ष महोदय, मैं रेलवे बजट पर सरकारी माँगों का समर्थन करते हुए आपके द्वारा रेलवे मन्त्री महोदय से कुछ अनुरोध करना चाहता

[डा० गोविन्द दास रिछारिया]

हैं। पहली चीज यह है कि रेलवे भारत सरकार का सबसे बड़ा संस्थान है जोकि सरकारी तौर पर चलाया जा रहा है। आज जब कि लोक सभा की तरफ से देशवासी यह महसूस करते हैं कि यह समाजवाद की तरफ कदम बढ़ाना चाहती है तो मेरा रेलवे मन्त्री जी से अनुरोध है कि रेलवे प्रशासन में इस तरह का परिवर्तन करे, उसमें इस तरह की गति पैदा करें कि उसका छोटे से छोटा मजदूर, उसके इंजन चलाने वाले ड्राइवर, उसके बल्क और उसके सभी कर्मचारी यह महसूस करें कि रेलवे के प्रशासन में उनका भी हिस्सा है। आज रेलवे का सरकारीकरण तो है, भारत सरकार उसको चलाती है लेकिन जिस तरीके से उसका प्रशासन चल रहा है उसको हम समाजीकरण नहीं कह सकते हैं। उसमें निश्चित तौर से, या तो एक कमेटी बनाकर या जिस तरह से भी रेल मन्त्री उचित समझे, उसमें परिवर्तन लायें और हर एक स्तर पर उसके प्रशासन में, चाहे यूनियनों के द्वारा चाहे दूसरी तरह, उसके जो मजदूर हैं, जो छोटे कर्मचारी हैं, जो उसके कारखानों के कर्मचारी हैं उनका भी प्रशासन में हिस्सा हो। यह परिवर्तन करना आज अत्यन्त आवश्यक है।

दूसरी बात यह है कि आज ट्रेनों में जो असुरक्षा की भावना पैदा हो गई है उसको शीघ्र से शीघ्र दूर किया जाये ताकि उसके यात्री और उसमें चलने वाले रेलवे कर्मचारी अपने को सुरक्षित महसूस कर सकें। इसी प्रकार से आज रेल देश से पहुँचने की आदी सी हो गई है, खासकर ब्रांच लाइनों पर तो यह स्थिति है कि हर ट्रेन देरी से पहुँचती है इसलिए इसमें भी शीघ्र ही सुधार करने की आवश्यकता है।

मैं आपके द्वारा मन्त्री जी को कुछ साधारण

से सुझाव देना चाहता हूँ। भाँसी में सागर जो नेशनल हाईवे है उसको भाँसी मानिकपुर रेलवे लाइन भाँसी के पास काटती है तो उसकी क्रॉसिंग पर एक पुल होना अत्यन्त आवश्यक है। इसी तरह से भाँसी से दिल्ली जो सड़क है उसको भी रेलवे लाइन जहाँ काटती है वहाँ पर एक पुल का होना अत्यन्त आवश्यक है।

एसी प्रकार से मुझे यह निवेदन करना है कि भाँसी के पास ही एक बहुत बड़ा कारखाना है जिसके सारे मजदूर रेलवे लाइन के दोनों तरफ रहते हैं और वहाँ पर आने जाने में उनको कष्ट है। वहाँ पर एक पुल उनकी सुविधा के लिए बनना अत्यन्त आवश्यक है।

इसी तरीके से बड़े-बड़े स्टेशनों पर जैसे बरगसा सागर, मऊरानीपुर और मोंठ पर गैड बनाये जायें।

आपको ज्ञात है कि उत्तर प्रदेश की राजधानी लखनऊ से हजारों मजदूर बम्बई जाते हैं। लेकिन कोई सीधी मेल ट्रेन लखनऊ से बम्बई के लिए नहीं जाती है। अतः एक डाइरेक्ट ट्रेन वाया भाँसी लखनऊ से बम्बई की तरफ चलाई जाये।

दिल्ली से बम्बई या दिल्ली से मद्रास के लिए जितनी ट्रेनें चलती हैं उनमें स्लीपर्स की संख्या बढ़ा दी जाय ताकि मध्यम वर्ग के लोग जो स्लीपर में चलना पसन्द करते हैं, उसका लाभ उठा सकें। अभी स्लीपर आवश्यकता को देखते हुए कम लगाये जाते हैं।

इसी तरीके से एक सड़क भाँसी स्टेशन से शहर की तरफ जाती है जो कि रेलवे एरिया के अन्तर्गत है। वह बहुत कम चौड़ी है। उसको चौड़ा किया जाय जिससे आधुनिक याता-यात समुचित तरीके से चल सके।

इन शब्दों के साथ मैं रेलवे बजट का समर्थन करते हुए आपको धन्यवाद देता हूँ।

SHRI TRIDIB CHAUDHURI (Berhampore): I decided to participate on the discussion on the Railway Grants only to pin-point the grievances of the Sealdah Division of the Eastern Railway and one particular line of the Howrah Division, the BAK Loop which connects Barharwa and Farakka with Howrah. I could have as well agitated these points in the Divisional level MPs' Consultative Committee that we have, but, unfortunately, my attempt of doing so has till now produced no results.

We are all by now conversant with the vigorous campaign that has started in the Railways—I do not know how long it will continue—under the aegis of the Railway Minister himself about punctuality. The problem in Sealdah Division, particularly, in the Lalgola section of the Sealdah Division is not punctuality. We should thank the Heavens if out of the seven up and down trains that we have at least if they reach two to three hours late. It is not due to law and order problem alone. Upto Krishnanagar there is electric traction where theft and other troubles have become almost endemic. That apart, over half of the Sealdah Division the traction is by steam and for three days now all steam-driven trains have been stopped. That means that at least the one district which I represent has been notified that they have to go without trains for an indefinite period of time.

Here is an advertisement issued by the Divisional Superintendent (Sealdah Division); which I have got, with me. He has notified this, that because of the stoppage of work of the labourers of the local coal contractor, Ranaghat, the entire steam-driven engines have been stopped working on this line. Till yesterday no news have come that the trains have started working, or what steps have been taken by the Railway Administration to resume the Railway Services.

I don't have much time, but I would like to impress this upon the Railway Minister and through him on the Railway Administration.

Ministers come and go. The Railway Board and the Railway Administration have a permanent lease of life. Let them explore the potentialities of two lines. One is the BAK loop-line. It can be our fifth alternative route on the very heavily congested Eastern Railway. They should also explore this in view of the economic and traffic potentialities of the Lalgola Section in the Sealdah Division. If that line is modernised, if the tracks are renewed properly, if proper attention is paid, then it could give us the sixth alternative route on the Eastern Railway and connect upper India with the port of Calcutta.

I would particularly like the Railway Minister to explore and investigate about the percentage of the over-aged engines that work in the Sealdah Division particularly. It seems to me somehow that all the over-aged engines, steam-engines particularly, are dumped over in that section. Somehow or other, the Railway Administration seem to have given up the Sealdah Division as lost for many reasons. So, all the over-aged engines, engines which every now and then, develop troubles, are dumped on this Railway.

* Let him look into the Works Programme in these Railways. I find that many plans, many schemes have been sanctioned as early as 1966-67. One such is the over-bridge in the Berhampore court station, sanctioned as early as 1966-67. It has not been taken up till now. Whenever we ask, they say, this is going to be taken up immediately. Sanction is there; money is sanctioned; but nothing is being done. Why should such things be allowed to happen?

I request the hon. Railway Minister kindly to look into these points which I have mentioned.

SHRI DHAMANKAR (Bhiwandi) : A circular has been issued by the Member (Transportation) Railway Board. That has been circulated by the hon. Minister. I hope it will be implemented and that punctuality becomes the order of the Railways.

We, Members of Parliament, bring out certain grievances or certain points to the notice of the Chairman (Railway Board). There is no acknowledgment or any reply from the Chairman (Railway Board.) I don't know whether that is considered a supreme body, more supreme than this honourable House. That is our very sad experience. I request the hon. Minister to change these things.

I want to stress on the expansion of the Konkan Railway. This line is to be from Diva to Dasgaon. But it goes up to Uran only. The Railway Minister should expedite the work and complete this line as early as possible.

The Adibasi area of Thana district has been without a railway so many years. In the Second Five Year Plan and also the Third Five Year Plan, the Maharashtra Government had been proposing the construction of a railway line connecting the Western Railway from Dahanu and Palghar to Kalyan and Diva. Now, there is some survey going on for connecting Bassein to Diva. It will serve the purpose to some extent, but I would request the Railway Minister to issue instructions to the railway authorities doing the survey work that they should contact the local MPs so that the railway line, instead of going through the barren area, could go by the side of the villages, so that there would be an opening for those villages.

As regards suburban trains, Bombay is a big city and it has big problems. There are commercial offices, industrial offices and railway offices centered in Bombay. There is not enough living accommodation in Bombay, and so, the people prefer to stay in suburbs up to

Karzat and Kopoli on the central Railway and Palghar and Saphala on the Western Railway. I would request the Railway Minister to extend the electrification work up to Karzet and Kopoli so that the suburban train from Bombay could run up to Kopoli. Kopoli is fast developing into an industrial area, and very big industries are coming up there, and it is giving employment to thousand of villagers from that area. There are trains up to Virar and Palghar and Saphala, but these are not sufficient. If shuttle trains could be run or the local trains could be extended up to Dahanu, it will relieve the congestion on the local trains and give relief to the passengers who go to Bombay for their daily maintenance. The Dahanu area also should be linked to Bombay by local trains or suburban trains or shuttle service.

The Ambernath area is also fast developing and new industries are coming up there. I would suggest to the hon. Minister the introduction of another small station between Batlapur and Ambernath, because it will help the factory and also the factory workers.

Then, the Matheran hill station is developing very fast and it is quite suitable for middle class people. The Maharashtra Government are encouraging its development as a hill-station. But we find that the railway authorities are increasing the fares; even third class fares are very high. Of course, the first class fares are very high too. No concessions have been given either to students or others. The Maharashtra Government and the Central Tourism Department want to encourage tourism and give facilities to the middle class people to reach this hill-station as a health resort. But all concessions have been denied for the Matheran hill-station on the plea of economy. I can understand grounds of economy, because Railway runs only for a very few months. But this service should be run efficiently. The railway engines there are out of order for days together. I would suggest that the coal engines should be replaced by diesel engines.

Another strange thing is that the staff at Matheran are not given hill-station allowance, because the height of Matheran is slightly less than the schedule fixed by the railways some years ago. I would submit that people at hill-stations should get hill-station allowance not because of the height of the hill-station but because of the living conditions there. Everything is very costly there, and the common man who goes there has to spend more. Therefore, I would submit that the railway staff there should get the hill-station allowance.

I would like to make now a few suggestions in regard to the Poona Mail. The railways have been kind enough to have a Mahalaxmi Express from Bombay to Kolhapur. This has given relief to thousands of passengers. But it has created some new problems. The Poona Mail has been discontinued. I would request the Railway Minister to re-start the Poona Mail because the commuters, traders, and servants who go daily from Poona to Bombay do not get any accommodation in the Mahalaxmi Express since it is already crowded from Kolhapur and Sangli and other stations. If the Poona Mail is re-started, it would help the people travelling from Poona and Lonavla to Bombay.

Lastly, I would suggest to the hon. Minister to enforce economy on the railways. Absence of economy and corruption are the two things which are hampering the economy of the railways. This Protection Force, instead of giving protection to passengers, becomes a nuisance to them. In suburban trains, I find they come in and squeeze the passengers and enjoy the facilities rather than give protection to the passengers. I would request the Railway Minister to look into this. In fact, there is some duplication of work; we have the Railway Police and along with that the Railway Protection Force. Of course, in railway yards and sheds, where theft, looting and pilferage is there, they do some good work and that has to be

appreciated. But in suburban trains, they cause nuisance to the travelling public.

With these words, I thank you for the opportunity given to me.

श्री रुद्र प्रताप सिंह (बाराबंकी): उपाध्यक्ष महोदय, मैं आपका हृदय से आभारी हूँ जो आप ने रेलवे बजट पर अपने विचार प्रकट करने का अवसर मुझको दिया।

एक रेलवे मंत्री का उत्तरदायित्व बड़ा कठिन होता है। उसका एक ऐसा विभाग होता है जिसका सम्बन्ध देश के गरीब, अमीर, औरत, मर्द, बच्चे, नौजवान और बूढ़े सबसे होता है, और उसके कारण यह स्वाभाविक है कि जब देश के प्रत्येक वर्ग से इस विभाग का इतना घनिष्ठ सम्बन्ध हो, तो उसके सम्बन्ध में माननीय सदन में अधिक से अधिक चर्चा हो। हम एक ओर यह चाहते हैं कि रेलवे से जनता को अधिक से अधिक सुविधायें प्राप्त हों, दूसरी ओर हम यह भी चाहते हैं कि रेलवे का बजट घाटे का बजट न हो। यह दोनों चीजें एक साथ होनी कितनी कठिन हैं इसको इस सदन के माननीय सदस्य स्वयं समझ सकते हैं। फिर भी इस बजट के द्वारा मंत्री महोदय ने बजट को जो एक नई दिशा देने का प्रयत्न किया है वह अत्यन्त सराहनीय है। मैं इस बजट का समर्थन करता हूँ।

यात्री यातायात की आमदनी से रेलवे खर्च को नहीं निकाला जा सकता यह बात सही है, मगर यह भी सही है कि आज भी बहुत से यात्री गाड़ियों में लोग बिना टिकट चलते हैं, और उस में थोड़ा बहुत हाथ अधिकारियों का भी होता है। उन पर रोक लगाने की आवश्यकता है। इस बात की आवश्यकता है कि शीघ्र से शीघ्र इसका उपाय निकाला जाय जिसमें कि बिना

[श्री रुद्र प्रताप सिंह]

टिकट यात्रियों के चलने से रेलवे को जो घाटा हो रहा है वह समाप्त हो सके।

इसके साथ साथ यह भी आवश्यक है कि अधिक हास-पावर वाले एंजिन चलाये जायें जो कि अधिक बड़ी गाड़ियों और अधिक डब्बों को ले चल सके। इससे एक तरफ तो पैसेजर्स को यात्रा की सुविधा प्राप्त होगी और दूसरी ओर एक ही इंजिन से जितने लोग आज काम कर रहे हैं सिर्फ उतने ही लोगों से आप ज्यादा काम ले सकते हैं। इसमें एक तो आमदनी ज्यादा हो सकेगी, साथ ही साथ कम दर वाली वस्तुओं से जो हानि होगी उसके सम्बन्ध में यातायात की लाभदायकता को भी सुनिश्चित करना होगा।

आज यह कहा जाता है कि कार्य-संचालन की लागत में वृद्धि हो रही है। जब हम चाहते हैं कि रेलवे का विकास हो और प्रगति हो तो इस दिशा में लागत में वृद्धि बड़ी स्वाभाविक बात है। साथ ही कर्मचारियों के वेतन भत्ते में जो वृद्धि हो रही है वह भी हम समझते हैं अधिक दृष्टि से एक बड़ी न्याय-संगत बात है। इन कमियों को पूरा करने के लिए माननीय मंत्री महोदय ने कम दर की वस्तुओं का पुनर्वर्गीकरण करने, कोयला, कोक, लोहा और इस्पात की ढलाई पर कर में वृद्धि करने का जो प्रस्ताव किया है, मैं समझता हूँ कि वह उचित प्रस्ताव है। उसका असर अभी-अभी पर पड़ने जा रहा है, हिन्दुस्तान को करोड़ों गरीब जनता पर उसका भार पड़ने नहीं जा रहा है।

मैं मंत्री महोदय से इस बात का अनुरोध करना चाहता हूँ कि तृतीय श्रेणी के यात्रियों के किराये में जो वृद्धि की जा रही है वह उचित बात नहीं है। अभी-अभी लोकसभा के मध्यावधि चुनाव हुए हैं। इसमें जनता ने हमको एक मैसेज

दिया है, एक आदेश दिया है और वह है सामाजिक और आर्थिक विषमता को समाप्त करने का। उसको दृष्टि में रखते हुए यह उचित प्रतीत होता है कि मंत्री महोदय ने तृतीय श्रेणी के किराये में जो वृद्धि का प्रस्ताव किया है, उस को वह वापिस ले लें।

15.00 hrs.

साथ ही साथ इस बात के लिये मैं मंत्री महोदय की सराहना करना चाहता हूँ और विभाग की प्रशंसा भी करना चाहता हूँ कि इस बजट में यह बात कही गई है कि बहुत सा घाटा विभाग में मितव्ययता करके और कार्यकुशलता बढ़ाकर पूरा कर लिया जायगा। निश्चित रूप से अगर यह कदम उठाया गया तो हमें विश्वास है कि इस विभाग का घाटा बहुत हद तक इससे कम हो जायेगा और तृतीय श्रेणी के किराये में वृद्धि आपको नहीं करनी पड़ेगी।

तृतीय श्रेणी में जो लोग यात्रा करते हैं उनकी स्थिति बहुत ही दयनीय है। डिब्बों की कमी होने की वजह से यात्रा में उन लोगों को बहुत असुविधा उठानी पड़ती है। अनेक माननीय सदस्यों ने कहा है कि स्त्रियों और बच्चों को तो बहुत ही कठिनाई का सामना करना पड़ता है और यह सही बात भी है। इसलिए इस बात की आवश्यकता है कि तृतीय श्रेणी के डिब्बों में वृद्धि की जाये और इस वृद्धि के साथ साथ यह भी आवश्यक है कि ऐसे इंजन लगाये जायें जिन में और अधिक डिब्बों को ले जाने की शक्ति और क्षमता हो। इससे लागत में अधिक वृद्धि नहीं होगी और हम यात्रियों को अधिक सुविधायें भी प्रदान कर सकेंगे।

सरकार द्वारा तत्काल रोजगार देने की दिशा में जो कदम उठाये जा रहे हैं उनमें एक कदम यह भी है कि नीचे और ऊपर के पुलों का

निर्माण किया जाए। यह अच्छी बात है। मैं एक सुझाव देना चाहता हूँ। बहराइच और बाराबंकी के बीच घाघराघाट पर रेल पुल के ऊपर सड़क के पुल का निर्माण किया जाये तो फैजाबाद डिबीजन पर भी जनता को लाभ हो सकता है। इससे उसका बहुत बड़ा कल्याण होगा और बहुत बड़ी उन्हें सुविधा प्राप्त होगी।

प्रशासनिक सुधार और समय पालन की जो बात कही गई है वह बहुत अच्छी बात है। इसके बारे में जनता को बड़ी शिकायत है। हम समझते हैं कि इसको कर देने से जनता को लाभ पहुंचेगा। चूंकि समय बहुत कम है, इस वास्ते में अपनी बात यही समाप्त कर दूंगा। जनहित को दृष्टि में रखते हुए भी इस विभाग में आर्थिक लाभ हो सकता है। उसको दिखाकर रेलवे विभाग को एक ज्वलंत उदाहरण प्रस्तुत करना होगा और यदि उसने ऐसा किया तभी हमारे समाजवाद का भवन अधिक मजबूत हो सकेगा। संभव है कि केवल एक बजट के द्वारा सारी समस्याओं का निराकरण न हो सके। फिर भी तीव्रता के साथ हम उस और अग्रसर हो रहे हैं। उसमें कोई सन्देह नहीं है।

मंजिल मिले, मिले, न मिले, इसका गम नहीं। मंजिल की जुस्तजू में मेरा कारवां तो है।।

इन शब्दों के साथ मैं रेलवे बजट का हार्दिक स्वागत करता हूँ।

श्री जांबुवंत धोटे (नागपुर) : उपाध्यक्ष महोदय, रेल विभाग के ऊपर सदन में काफी बहस हुई है। इस बहस के दौरान रेल मंत्री के ऊपर काफी करारा हमला भी किया गया, उन तीव्र टीका टिप्पणी भी की गई। मैं रेल मंत्री के ऊपर या उनके कारोबार के ऊपर टीका टिप्पणी करने नहीं जा रहा हूँ। दरअसल मैं

रेलवे में जो गड़बड़ी है, इसकी जिम्मेदारी रेल मंत्री के ऊपर आती है या नहीं, यह भी हमें देखना चाहिए। आज इस देश में सरकार किस की चल रही है, इसके ऊपर भी गौर करना चाहिए।

हमारे देश में प्रजातन्त्र है या हुकमशाही है या नौकरशाही है, यह बतलाना बड़ा मुश्किल है। अगर साफ शब्दों में कहना पड़े तो कहना होगा कि इस देश में खासतौर पर रेल विभाग में ब्यूरोक्रेटिक डेमोक्रेसी चल रही है। जब नौकरशाही ही हुकूमत कर रही है तब ऐसे वक्त में हम बेघारे रेल मंत्री को क्या कहें? रेल विभाग में क्या चल रहा है और क्या नहीं चल रहा है इसकी मालूमात रेल मंत्री तक पहुंचती है या नहीं इसमें मुझे शक है। इस वास्ते कई बातें जो होती हैं उनके ऊपर गौर नहीं होता है। मंत्री लोग आते हैं और चले जाते हैं। मैंने देखा है और पढ़ा है कि हर रेल बजट जब आता है तो मंत्रियों पर करारी चोटें होती हैं। यहां लोक-सभा में भी करारी चोटें की जाती हैं। मंत्री चला जाता है, डिपार्टमेंट वहीं का वहीं रह जाता है। उसमें कोई तबदीली नहीं होती है, उसका जो दृष्टिकोण है वह वैसे का वंसा रहता है। जो बेढंगा काम होता है वह वैसे का वंसा चलता रहता है। आज सवाल है कि इस ब्यूरोक्रेटिक डेमोक्रेसी को हमें खत्म करना है या नहीं? या नौकरशाही के भरोसे ही हमें सरकार चलाना है? मंत्री ने कभी चाहा है क्या कि रेल विभाग में कुछ तबदीली करें, कुछ बदल करें, मुझे नहीं लगता। और अगर चाहा भी है और बोशिश भी की है तो यह बदल करने में सफल नहीं हो सका।

हर बार घाटे का बजट लाया जाता है और उसकी आलोचना होती है। समाजवाद की बात हम कहते हैं, समाजवादी ढंग से हम चलना

[श्री जादुवंत बोटे]

चाहते हैं और समाजवाद का ढिंढोरा हम सारे संसार में और इस देश में पीटते हैं, ऐसे वक्त में हमारी जो योजनाएँ हैं वे सही मानों में समाजवाद के सिद्धान्तों को लेकर बनाई जाती हैं या नहीं यह भी हमें देखना चाहिये। डाक्टर बी. बी. कृष्णामूर्ति नाम के एक बड़े नामी इकोनोमिस्ट हैं। उन्होंने एक प्रबन्ध लिखा है जिसका शीर्षक है 'प्राइसिंग इन प्लांड इकोनोमी'। इस शास्त्रीय प्रबन्ध में डाक्टर बी. बी. कृष्णामूर्ति ने बताया कि समाजवादी अर्थव्यवस्था में रेल का किराया, भाड़ा कभी बढ़ता नहीं है बल्कि वह दिन प्रति दिन घटता ही जाता है। वह प्रबन्ध इतने अच्छे ढंग से लिखा गया है, वह ग्रन्थ इतना अच्छा लिखा गया है कि उनकी तारीफ सारे संसार में हुई है और इस देश में भी हुई है। वह किताब इस ब्यूरोक्रेसी ने पढ़ी है या नहीं, नौकरशाही ने पढ़ी है या नहीं, मुझे मालूम नहीं है। लेकिन मैं आपके माध्यम से, उपाध्यक्ष महोदय, मंत्री महोदय से दरखास्त करता हूँ कि वह इस किताब को, 'प्राइसिंग इन प्लांड इकोनोमी' को पढ़ें। वह न केवल इस किताब को पढ़ें बल्कि जो उसूल और सिद्धान्त उसमें बताये गये हैं, उनको अपनाकर उस रास्ते से अगर हमारा रेल विभाग और रेल मंत्री चलें तो आप देखेंगे कि हर साल आपको किराया, भाड़ा बढ़ाने की आवश्यकता महसूस नहीं होगी बल्कि वह हर साल कम होता चला जायेगा। अब होता यह है कि हर साल रेल का किराया बढ़ने के साथ साथ लोगों की दिक्कतें भी बढ़ जाती हैं। जिस तरह से रामायण में कहा गया है कि हनुमान की दुम की कोई सीमा नहीं और बढ़ती ही जाती है, लम्बी ही होती जाती है, उस पर कोई रुकावट नहीं, उसी प्रकार से जो रेलों का किराया, भाड़ा है वह शुरू से ही ग्रीष्म खासतौर पर पिछले पच्चीस साल से बराबर

बढ़ता ही चला गया है।

यह कहा जाता है कि चूंकि रेलों को घाटा होता है, इस वास्ते घाटे का बजट पेश करना पड़ता है। यह क्या सही है? मैंने जो पढ़ा है, जो अध्ययन किया है, उसके अनुसार मैं आपके माध्यम से रेल मंत्री जी को बतलाना चाहता हूँ कि हमारा रेल बजट घाटे में कभी भी नहीं चला है और इन पिछले पच्चीस साल से कभी घाटे में चला ही नहीं है बल्कि हर साल रेल विभाग से सरकार की तिजोरी में करोड़ों रुपया जमा किया जाता रहा है। इसको बहुत थोड़े वक्त में रेल मंत्री जी को आपके द्वारा बतलाना चाहता हूँ।

जो पैसा सरकारी तिजोरी में जमा किया जाता है, वह मुनाफा है। वह पिछले पच्चीस सालों में हमेशा सरप्लस रहा है। मैं कुछ सालों के आंकड़े देता हूँ। कुछ सालों की टोटल आमदनी यह है :—

1951-52	290.82 करोड़ रुपये
1955-56	316.29 करोड़ रुपये
1960-61	456.80 करोड़ रुपये
1965-66	733.57 करोड़ रुपये
1969-70	951.28 करोड़ रुपये
1970-71	1004 करोड़ रुपये
1971-72	1044 करोड़ रुपये

इन आंकड़ों से प्रकट होता है कि पिछले बीस सालों में रेलवे की टोटल आमदनी 290 करोड़ रुपये से 1044 करोड़ रुपये तक पहुँच गई है। खासतौर से तीसरी पंच-वर्षीय योजना से लेकर आज तक इन दस सालों में रेलवे की आमदनी दुगुनी हो गई है।

इन सालों में रेलवे का जो इनपुट खर्चा हुआ है, अर्थात् प्रसासन, रिपेयरिंग, फ्यूल, ल,

कोयले और तेल आदि पर खर्चा, वह इस प्रकार

1951-52	137.62 करोड़ रुपये
1955-56	151.96 करोड़ रुपये
1960-61	229.14 करोड़ रुपये
1965-66	355.63 करोड़ रुपये
1969-70	501.42 करोड़ रुपये
1970-71	532.13 करोड़ रुपये
1971-72	557.14 करोड़ रुपये

1969-70	284.72 करोड़ रुपये
1970-71	227.64 करोड़ रुपये
1971-72	290.59 करोड़ रुपये

1971-72 में भी रेलवे विभाग से सरकारी तिजोरी 290.59 करोड़ रुपये जाने वाले है। इसके बावजूद हमें बताया जाता है कि रेलवे का बजट घाटे में है। अगर मंत्री महोदय 'प्राइसिंग इन प्लाड इकोनामी' को पढ़ लें, तो वह हर साल किराया और भाड़ा बढ़ाने के बजाय उनको घटायेंगे।

इन इनपुट खर्चों में मजदूरों की मजदूरी और कर्मचारियों की तन्ख्वाह नहीं मिलाई जाती है। मजदूरों की तन्ख्वाह सालाना हिसाब इस प्रकार है :—

1951-52	42.53 करोड़ रुपये
1955-56	54.76 करोड़ रुपये
1960-61	73.12 करोड़ रुपये
1965-66	121.16 करोड़ रुपये
1969-70	165.14 करोड़ रुपये
1970-71	184.23 करोड़ रुपये
1971-72	196.27 करोड़ रुपये

अगर इनपुट खर्चों और मजदूरी तथा तन्ख्वाहों पर खर्चों को मिला दिया जाये और उसको टोटल इनकम से निकाला जाये, तो रेलवे विभाग को जो मुनाफा होता है, जो सरकारी तिजोरी में जमा होता है, वह इस प्रकार है :—

1951-52	110.67 करोड़ रुपये
1955-56	109.67 करोड़ रुपये
1960-61	154.54 करोड़ रुपये
1965-66	256.78 करोड़ रुपये

रेलवे विभाग में जो मुनाफा होता है, वह डेवलपमेंट फंड, रिजर्व फंड और रेलवे के खसारा फंड में और केन्द्रीय सरकार के बजट को मदद देने के लिए तबसीम किया जाता है। रेलवे और सरकार के बीच में जो एग्रीमेंट है, उसके अनुसार यह रकम देने की व्यवस्था है। पूंजीवादी अर्थ-व्यवस्था में और खासतौर से प्राइवेट सेक्टर में जो संगठित उद्योग चलते हैं, उनमें जो ऐसा खर्चा बताया जाता है, अर्थशास्त्र के सिद्धान्त के अनुसार हम उस को खर्चा नहीं मानते हैं, बल्कि आमदनी मानते हैं।

यह कहना एकदम भ्रूष है, सफेद भूष है कि रेलवे विभाग को नुकसान होता है। मेरी प्रार्थना है कि रेल मंत्री गहराई में जाकर देखें कि उस की इकानोमिक्स क्या है, उसका सिद्धान्त क्या है, उसका उसूल क्या है।

समाजवादी अर्थ-व्यवस्था के अन्तर्गत राष्ट्रीय सम्पत्ति में, राष्ट्रीय आमदनी में, पब्लिक सेक्टर के उद्योगों के कर्मचारियों का हिस्सा बहुत ज्यादा होता है। लेकिन हमारे पब्लिक सेक्टर में, रेलवे में, राष्ट्रीय सम्पत्ति में कर्मचारियों का हिस्सा बहुत कम होता है।

[श्री जाबुवंत षोटे]

1970-71 में राष्ट्रीय ग्रामदनी में कर्मचारियों, कामगारों, का हिस्सा 39 प्रतिशत और 1971-72 में 40 प्रतिशत है। इसकी तुलना में संगठित उद्योगों में, जो प्राइवेट सेक्टर में हैं, पब्लिक सेक्टर में नहीं, राष्ट्रीय ग्रामदनी में कर्मचारियों का हिस्सा 54 प्रतिशत होता है।

मैं निवेदन करना चाहता हूँ कि रेलवे मंत्री आते हैं और जाते हैं, लेकिन ब्यूरोक्रेसी वहीं कायम रहती है। वह कोई भी सिद्धान्त रेलवे मंत्री के सामने नहीं आने देती है। ब्यूरोक्रेसी पब्लिक सेक्टर और समाजवाद के खिलाफ है, इसलिए उसकी यह कोशिश रहती है कि समाजवाद और पब्लिक सेक्टर कैसे बदनाम हो। जब तक हम इस ब्यूरोक्रेसी को नहीं तोड़ते हैं, तब तक हम किसी भी प्रकार का समाजवाद, या कम से कम शास्त्रीय समाजवाद, इस देश में नहीं ला सकते हैं। मैं समझता हूँ कि रेल मंत्री इन बातों पर विचार करेंगे।

श्री अताप सिंह नेगी (गढ़वाल) : उपाध्यक्ष महोदय, मैं एक ऐसे चुनाव-क्षेत्र से आता हूँ, जिस में केवल आधा किलोमीटर रेलवे लाइन है। मैं आपको बताना चाहता हूँ कि यहाँ राजधानी में मेरे चुनाव-क्षेत्र के अरसी हजार के करीब लोग बसने हैं। लेकिन मुझे बड़ा ताज्जुब होता है कि कोटद्वार जाने वाली गाड़ी में, मसूरी एक्सप्रेस में, जो तीन डिब्बे लगाये जाते थे, मेरे चुनाव से कुछ दिन बाद उनमें से एक को काट दिया गया। जब मैंने मालूम किया कि वह डिब्बा कैसे कटा, तो मुझे पता लगा कि मसूरी के लिए एक वातानुकूलित डिब्बा लगाया गया और इस तरह तीसरे दर्जे के डिब्बे को काट कर गरीब यात्रियों को मुसीबत में डाल दिया गया।

मैंने इस बारे में रेल मंत्री को 1 मई को

पत्र लिखा। जब मुझे उसका उत्तर नहीं मिला, तो मैंने 19 मई को दूसरा पत्र लिखा। जब मुझे फिर भी कोई उत्तर नहीं मिला, तो मेरे इलाके के जो लोग यहाँ पर रहते हैं, उन्होंने मुझे लिखकर दिया कि हम तुम्हारे यहाँ प्रदर्शन करेंगे। मैंने उनसे कहा कि प्रदर्शन का स्थान मेरे यहाँ नहीं है, मेरे यहाँ प्रदर्शन क्यों करते हैं, मैं तो आपकी तरफ से काम कर रहा हूँ, मैं तो बराबर इस बात का प्रयत्न कर रहा हूँ कि उस गाड़ी में डिब्बा लगाया जाए; आप लोग यदि प्रदर्शन करना ही चाहते हैं तो रेलवे मंत्री के यहाँ प्रदर्शन कीजिए।

मुझे अफसोस के साथ कहना पड़ता है कि इन पत्रों के बाद मुझे 26 मई को फिर पत्र लिखना पड़ा। तब कहीं जाकर मुझे 10 जून को उत्तर मिला। लेकिन उस उत्तर से ऐसा मालूम हुआ कि रेलवे मंत्री ने मेरे पत्र पढ़े नहीं। मैंने यह माँग की थी कि जो डिब्बा काटा गया है, उसको लगा दिया जाए। मैंने यह भी लिखा था कि कोटद्वार तक डायरेक्ट गाड़ी लगाई जाये, जिसका नाम बद्रीनाथ एक्सप्रेस हो। लेकिन जब तक उसका इन्तजाम होता है तब तक के लिए जो डिब्बा काटा गया है उसको फिर से मसूरी एक्सप्रेस में जोड़ दिया जाय। मुझे जवाब यह मिला है कि यात्रियों की संख्या वहाँ पर मई 70 से जून 70 तक और दिसम्बर 70 से जनवरी 71 तक क्रमशः 105 समर में और 78 विटर में है और अपर क्लास में केवल 3 मुसाफिरों का ही औसत कोटद्वार आने जाने का है। मैं 11 तारीख को कोटद्वार जाने को था। संचार मंत्री के साथ मेरा प्रोग्राम बना हुआ था। मुझे वहाँ एक सम्मेलन की अध्यक्षता करनी थी जिस का उद्घाटन संचार मंत्री को करना था। लेकिन चूँकि रेल मंत्री का पत्र मुझे मिला जिसमें लिखा हुआ था कि केवल तीन एक्जप्रेस क्लास के

मुसाफिर वहाँ जाते हैं तो मैंने जानबूझ कर दिन में अपना रिजर्वेशन नहीं कराया और मैं गाड़ी पर गया। वहाँ मैंने देखा कि गाड़ी में दस की दस अपर क्लास की सीटें रिजर्व हो चुकी थीं और लोअर क्लास यानि थर्ड क्लास की हालत यह थी कि मुसाफिरों को तिल रखने की जगह नहीं मिल रही थी। यह पिछली 11 तारीख की बात है। मैं लौटकर घर वापस आ गया क्योंकि जगह नहीं थी। फिर 12 तारीख को मैं दुबारा गया क्योंकि जाना जरूरी था। इसलिए एह्तियातन मैंने दिन में रिजर्वेशन करा लिया था। लेकिन जब मैं वहाँ पहुँचा तो मैंने देखा कि अपर क्लास की दस की दस सीटें रिजर्व हो गई हैं और लोअर क्लास का फिर वही हाल है कि मुसाफिर धक्के खा रहे हैं और वह मेरे सिर हो रहे हैं कि आप कहते क्यों नहीं वहाँ जाकर हमारा डिब्बा आपके आने के बाद कटा है, इसके पहले तक चलता था। इस तरह भीड़ वहाँ थी। और वातानुकूलित डिब्बे को देखकर मुझे ताज्जुब हुआ। एक तरफ तो हम समाजवाद का नारा बुलन्द करते हैं और दूसरी तरफ हम देखते हैं बड़े बड़े पूंजीपतियों के लिए, बड़े बड़े धनपतियों के लिए और बड़े बड़े अधिकारियों के लिए वातानुकूलित डिब्बे बढ़ाये जाते हैं लेकिन गरीब जनता की तरफ हम ध्यान नहीं देते हैं जिसके बल पर हम लोग यहाँ बैठे हैं। हम भूल जाते हैं कि उन्होंने हमें अपना प्रतिनिधि बना कर भेजा है। हमारा भी कोई कर्तव्य है। मैं आपके द्वारा यह नम्र निवेदन कर देना चाहता हूँ कि जब मैं कोटद्वार से लौटकर आया 13 तारीख की शाम को तो उस दिन भी मैंने देखा कि अपर क्लास की दस की दस सीटें कोटद्वार से भी रिजर्व थीं और लोअर क्लास में भीड़ के कारण कोई जगह किसी को नहीं मिल रही थी। भीड़ लगी हुई थी। मैं मंत्री महोदय से निवेदन करना चाहता हूँ कि उन गरीबों का कुछ ध्यान

रखिये जिनके लिए हम गला फाड़-फाड़ कर चिल्लाते रहे कि हम समाजवाद लायेंगे, हम अमीर और गरीब की खाई को मिटा देंगे। खाई मिटाने के लिए यह बहुत जरूरी है कि हम लोग गरीबों की तरफ ध्यान दें। मैं आपको बता देना चाहता हूँ कि कल ही मुझे एक नोटिस मिला है उन पीड़ित लोगों की तरफ से जिसमें कि उन्होंने लिखा है कि हम प्रदर्शन करने जा रहे हैं और हमारा नेतृत्व कीजिये। मैंने कहा कि खुदा के लिए मुझे तो बख़्शो। मैं तो प्रदर्शन करने आप के साथ नहीं जाऊंगा। आप जो चाहें करिये। मैं तो जो कर सकता हूँ वह मैं कर रहा हूँ।

इन शब्दों के साथ मैं आपको धन्यवाद देता हूँ कि आपने मुझे बोलने का समय दिया।

श्री महा बीपक सिंह (कासगंज): उपाध्यक्ष महोदय, मैं आपके माध्यम से रेल मंत्री महोदय तक अपने विचारों को पहुँचाना चाहता हूँ। आज से लगभग 20 वर्ष पूर्व इस समाजवादी सरकार का जन्म हुआ और देश की 90 प्रतिशत जनता की आंखें समाजवाद की ओर लगी रहीं। मगर दर्द बढ़ता गया ज्यों ज्यों दवा की, वाली कहावत को चरितार्थ कर दिया। इस सरकार ने जनता के सामने यह विश्वास दिलाया कि सदन में हमारा स्पष्ट बहुमत नहीं है, तो उस बात को भी जनता ने प्रत्यक्ष मत देकर स्पष्ट कर दिया। लेकिन जनता को जिस सुख की आकांक्षा थी जिसकी तरफ उसको नहीं मिल सका। इसका कारण क्या था ? इसका यही कारण था कि भले ही कुछ विभागों के द्वारा जनता को राहत मिली हो लेकिन यातायात सम्बन्धी कोई भी सुविधा रेलवे विभाग द्वारा जनता को उस प्रकार से प्रदान नहीं की जा सकी जिस प्रकार से कि प्रदान की जानी चाहिये थी। मैंने अब से 20 वर्ष से पूर्व देखा कि यहाँ पर जो रेल की व्यवस्था कुछ कम्पनियों के अधीन थी, कम्पनियों का

[श्री महादीपक सिंह]

सुपरविजन था और कम्पनियों की देखरेख में वह चलती थीं। जैसे ईस्ट इंडिया और जी० आई० पी० इत्यादि रेलवे उस समय थीं। उस समय इतना अच्छा इन्तजाम था कि प्रत्येक गाड़ी अपने निश्चित समय पर आती जाती थी। अधिक गाड़ियाँ भी अबके बनिस्पत चलाई जाती थीं। भले ही रेलवे स्टेशनों पर उस वक्त कुछ कमी हो परन्तु वहाँ का इन्तजाम सुनिश्चित होता था। मेरा कहने का तात्पर्य यह नहीं कि रेलवे का इन्तजाम कम्पनियों के हाथ में होना चाहिये। मेरी मंशा केवल यह है कि जब रेलवे का कार्य भारत सरकार के हाथ में आया तो कम्पनियों से अच्छा और सुनियोजित होना चाहिये था। परन्तु ऐसा नहीं हुआ। सरकार के हाथ में आने पर यात्रियों को सुख-सुविधाओं की प्राप्ति होनी चाहिये थी। परन्तु सहूलियतें न बढ़ कर वृद्धि हुई है रेलवे के किराये में, हत्याओं में, अस्वच्छता में, अव्यवस्था में और गाड़ियों के समय पर न आने जाने में। मैंने देखा है कि पूर्वोत्तर रेलवे लाइन पर नित्य चलने वाली गाड़ियों की संख्या इतनी कम है कि प्रत्येक स्टेशन पर इतनी भीड़ हो जाती है कि कुछ यात्री तो डिब्बे के बाहर लटके दिखाई पड़ते हैं और कुछ छत पर बैठकर चलते हैं। थर्ड क्लास के डिब्बों में तो जैसे बोरे भरे जाते हैं इस प्रकार यात्री भर जाते हैं। मैंने पूर्वोत्तर रेलवे स्टेशन सोरो का निरीक्षण किया। वह बी क्लास का स्टेशन है। लेकिन इस तरह अस्वच्छता है, गन्दगी है कि उसको वर्णन नहीं किया जा सकता। कारण यह है कि वहाँ पर केवल एक ही नौकर सफाई के लिए है जहाँ कि कम से कम चार होने चाहियें। वह बी क्लास स्टेशन है। हिन्दुओं का एक तीर्थ-स्थान है जहाँ पर लाखों और हजारों की संख्या में यात्री जाया करते हैं। लेकिन पीने के पानी का ऐसी अव्यवस्था है कि यात्री प्यासे मरते हैं। सरकार उस

तरफ ध्यान दे और वहाँ पर एक ट्यूबवेल और पानी की टंकी बनाये।

इसी प्रकार एक ब्रांच लाइन जो ढूँडला से एटा जाती है शुरू से अब तक उसका बजट घाटे में ही रहा है। सरकार ने कभी इस तरफ विचार नहीं किया कि आखिर इसका कारण क्या है? वहाँ पर एक गाड़ी सुबह को जाती है और शाम को वापस लौट आती है। पैसेंजर इतने कम निकलते हैं कि रेलवे का बजट घाटे में ही रहना चाहिए। यदि उस रेलवे लाइन को धुमरी, असी-गढ़, सराय अदत से होते हुए मुहम्मदाबाद स्टेशन तक जो बड़ी लाइन का है कर दिया जाय तो यह बजट भी पूरा हो जाय और साथ में वह क्रिमिनल एरिया जो एटा, मैनपुरी इत्यादि का पड़ता है उसमें भी कुछ सुधार हो जाय।

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA): Sir, the hon. House has looked at the problem of railways from various points of view. More than 965 cut motions have been tabled; thereby showing the various shortcomings and the needs that have to be fulfilled. 28 hon. Members have participated in the debate. So far as I am concerned I take it, these are things which not merely give information to the Railway Minister but inspiration as well. I am one of those who from my younger days did what I could do a little along with numerous others for the establishment of parliamentary democracy in the country. Many of my friends know what are the travails we have all gone through. I am not merely a person who has become a votary of parliamentary system of democracy for the sake of Ministership. We fought our battle for this purpose long before we ever dreamt of parliamentary democracy. You will, therefore, see that I will be the last man to disregard the views of Members of Parliament.

Some uncharitable remarks were passed that I have given instructions

that letters of the Members of Parliament may be thrown into the waste paper basket and that; if there is a negative reply, no reply, need be given. Any of my hon. friends who would have thought of it a little seriously would have surely seen that I will be the last person to give such instructions. One or two friends of mine having got themselves worked up to a pitch of frenzy derailed themselves on this point. That is all I can say.

Anyhow, those friends of mine have given me an occasion to place certain facts before the House. I have been the Minister for Railways for less than three months. I have received 704 letters from the Members of Parliament. The Ministers also, my colleagues, for various needs of their constituencies, have written to me. Their number is 93. In addition to that, the Members of the State Legislatures and Ministers of the State Governments have also written to me. Their number is 88. Altogether, I have received upto today 885 letters. I have acknowledged 259 letters. I have given final replies to 64. 562 letters are to be replied. I have given instructions to the Railway Board to expedite these replies. If a reply is delayed for one or two weeks, it is not that I do not want to give the reply.

As the hon. House will see, if the hon. Member wants an amenity at some railway station or some other facility or stoppage of a train, I have to write to the authorities concerned spread all over the country to get the information. After getting the information, I have to discuss it with the Board Member concerned with anxiety to concede the point made by the hon. Member. Therefore, gathering the necessary information takes a little time. India is not a country of small dimensions. If a Member of Parliament from Assam or Manipur or Kerala writes to me, I have to address the people concerned and get the information all the way from those distant parts. If a final reply is received in a month's time, none of you would

think it is an unreasonable delay.

I would request the hon. Members not to give credence or currency to the funny views expressed by some Members that I have given instructions that the letters should not be replied to or that the letters should be thrown into the waste paper basket.

SHRI D. N. TIWARY (Gopalganj) :
At least acknowledgement should be sent.

SHRI HANUMANTHAIYA : I am sending acknowledgement. 216 acknowledgements have been sent. Sometimes, when I am busy, in order to sign some letters, it may take one or two days. I assure every Hon. Member that I am most anxious to see that replies are sent and, if possible, in the affirmative way. That is the spirit.

I would not have dilated upon this point at such a length. I know my hon. friend, Shri K. N. Tiwary. He has been an old friend of mine since the days of the Constituent Assembly. That such a person, instead of ascertaining the facts directly from me: should make a statement characterising my work as *jungle* has hurt me very deeply. Any hon. Member who might entertain such an idea ought to first ask me whether I have given such instructions. And then if he feels aggrieved, he can by all means make an attack on me in the House or anywhere-else. But to attack an innocent person, that too to attack persons who are anxious to serve them, is not a chivalrous act. (*Interruptions*)

AN HON. MEMBER : What about Railway Board ?

SHRI HANUMANTHAIYA : In the course of my reply I will speak about Railway Board also.

Several Hon. Members referred to the

[Shri Hanumanthaiya]

need for better amenities and facilities for the Railway employees. Out of a total of nearly 14 lakhs of the Railway staff, 5.1 lakhs have been provided with quarters, the accent being to provide more number of quarters for the lower grade staff and essential categories like drivers, firemen and guards. We have a significant programme during the Fourth Plan at a cost of Rs. 30 crores for provision of additional quarter. Apart from the Armed Forces, there is no other Department or Ministry in the Government of India which caters to the medical needs of its staff as the Railways do. We have a full-fledged medical organization which has a network of 97 hospitals and 547 health units with a bed strength of 10302 which works out to 1.33 beds for 1006 of the railways population. On medical, health and welfare services the total expenditure last year was as much as 19½ crores of rupees which works out to Rs. 169 per head. The Railways also run as many as 749 educational institutions ranging from Higher Secondary and Primary Schools located primarily at places where other educational facilities are inadequate. The various other measures are the provision of recreation centres, commonly known as institutes, numbering 733, handicrafts centres, homoepathic dispensaries, co-operative credit societies and stores and so on.

To serve the needs of employees posted to small wayside stations, there is regular provision of doctors who travel on the sections, attend to the patients and dispense the necessary medicines. They visit the stations according to the time table notified in advance twice or thrice a week. *(Interruptions)* The hon. Member may not be interested to listen to these facts, but other members are more particular about them.

AN HON. MEMBER : Some of the facts he stated are not correct. In Olavakkot...

SHRI HANUMANTHAIYA : This is not an occasion for a second speech.

A unique feature of the Railway's welfare activities is the institution of a Staff Benefit Fund to which Government makes an annual grant at the rate of Rs. 4.50 per railway employee. This fund is used for relief of distresses of sick employees or family members, development of sports and grant of technical scholarships for higher education of railwaymen's children, the number of such scholarships being about 1150 currently. There is also a Railway Minister's Welfare Fund which is used exclusively for the benefit of the railway employees and their families who are in distress either due to long sickness, injury or death of the employee or of members of the family.

Some hon. Members referred to abolition of contract labour. I appreciate the anxiety expressed by some hon. Members about its continuance.

As the House must be aware, the question of regulation and abolition of contract labour has been under consideration of the Government for a long time and the matter was also discussed at various meetings of Tripartite Committees. Ultimately, legislation was introduced by the Government and the House is aware that the Contract Labour (Regulation and Abolition) Act was passed in 1970.

The principal feature of the Act is the power given to the appropriate Government to prohibit by notification the employment of contract labour in any process of operation or otherwise in any establishment subject to certain criteria being fulfilled. And, detailed provisions for regulating service conditions of contract labour where its abolition is not possible are being provided and rules are being provided under the Act. The Ministry of Labour are setting up the statutory Central Board after consulting which the Government can notify the abolition of contract labour in such areas

of work as fulfil the prescribed criteria. As soon as the statutory board's recommendations are considered and notified by Government contract labour will be eliminated in such areas of work including railway sector as specified by Government.

AN HON. MEMBER : How much is the cost ?

SHRI HANUMANTHAIYA : I have not calculated.

The most important point made by hon. Members is about new lines. In the course of the general discussion I met this point. Several Members made the same point again and I again place the point of view of the Railway Ministry. I hope I will be able to see how far these demands can be met and how far these demands cannot be met. Personally I am convinced that this is an opportune time to expand Railways to the maximum extent possible. These are days of unemployment. I learn from old records that not only the British Government, but the Company that was running the Railways then and even some of the Princely States constructed quite a large number of railway lines during the famine-time, to provide employment as well as to secure permanent assets to the country. Now we may not have famine God forbid. The green revolution has been a success and I am much obliged to the people of Haryana and Punjab for this great success. These new lines have to be constructed not to meet famine conditions, but to meet the unemployment problem. It can give work to millions and millions of people, skilled, unskilled, graduates and engineers. That is the reason why I made a plea before this House that the cut that has been effected in the Railway Plan allotment of about Rs. 250 crores must be restored. I have placed this matter before the Planning Commission and the Prime Minister. The Plan is being reviewed, as you know. Your goodwill and your support will get more money for the Railways which would

necessarily and naturally go to meet many of the demands made by the hon. Members of this House.

SHRI P. K. DEO : Who talked about bouquets and brickbats is not here. I concede that the Orissa State need more Railways. The other day the hon. Member from Hyderabad made the point that not a single railway line was constructed after the Integration took place, as a result of States Reorganisation. That is also true. There are many lines that have to be constructed in Rajasthan, Bihar, Madras, Mysore, Kerala and also Madhya Pradesh.

SHRI PILOO MODY (Godhra) : And Gujarat.

SHRI HANUMANTHAIYA : Since my hon. friend Shri Piloo Mody who is a very self-satisfied man makes the demand, I would be very happy to say 'No' to him, because Gujarat has a much bigger railway network than any other part of the country, if you look at the map. But even so,.....

SHRI PILOO MODY : This is the greatest discrimination.

SHRI HANUMANTHAIYA : Even so, according to the perspective plan that we have framed, he will get not only his share but somewhat of an extra share which probably he deserves.

Therefore, let no Member be under the impression that the Railway Ministry is constrained by this consideration or that consideration in the matter of constructing railway lines or conversion of metre gauge into broad gauge. The only question is one of finance. Fortunately for us, and fortunately for me in particular, we have reached the stage of plan performance where a review has become necessary. We have to review our plans with a view to solve the unemployment problem in particular. Let us hope that all of us, whether in the Ministry or in

[Shri Hanumanthaiya]

the House, will be able to put our heads together and acquire more resources for this enterprise.

Some Members referred to project allowance. My hon. friend Shri A. P. Sharma and other leaders of the labour sector are very particular that the emoluments of labour must increase. That is a legitimate demand. Nobody would be able to say 'No' to them.

SHRI PILOO MODY : What about commercial clerks ?

SHRI HANUMANTHAIYA : But I am sure hon. Members would agree that the question has to be examined on the basis of justice and fairplay. It is not that we can give money to everybody according to his wish. Though the phrase 'to everybody according to his need' sounds exhilarating, in performance, it cannot do so. The distribution of national wealth in terms of wages and salaries can only be based upon the production achieved.

In the last session, the employees in this area, namely the Gharara and Baranni area were on strike, and I had already made a statement that the question of payment of project allowance in respect of railwaymen employed in Farakka barrage and the Dandakaranya project areas had been under negotiation between the Railway Board and the two recognised federations of railway employees. As no complete agreement could be arrived at, the question had been referred to the board of arbitration under the joint consultative machinery. I made it clear that as soon as the award of the board of arbitration was received, the question of grant of such allowance to the staff in the Gharara area would also be finalised on the basis of the award, if necessary after consulting the recognised federations. In fact, I made an appeal to the striking employees explaining the position. They complied with my request rather late, after

causing much loss and inconvenience to the country. That apart, I am glad to say that the award has been received today, I have not read it because I was engaged in the work of the House. We shall go through the award, and as I have said, on the basis of the award, we shall see what can be done.

In this connection, I want to make one policy statement. All these three months I have been in administration, and most of my time has been taken by the Members of the Railway Board or the concerned officers in the Railway Board or the General Managers. It is rightly so because everyday I have to do some administrative work and they have to get orders, advice or guidance-whatever it is. But I have not been able to meet leaders of labour. I attach the greatest importance to labour who constitute the basic factor in running our railways. I therefore propose to set apart half a day in the week to meeting labour leaders and discussing various problems with them, which will be able to bring some satisfaction at least to that sector. I therefore want the labour leaders to unhesitatingly place their problems before me. I know they are responsible leaders of the country. It may be that I am elected from a general constituency and they have evolved into leadership out of service in the labour field. Therefore, I make no distinction between my capacity and theirs. I invite their co-operation and guidance so that together, jointly, we may be able to evolve a happy labour relationship.

My hon. friend, Shri A. P. Sharma, made the point the other day that labour participation in management should be not only recognised but implemented. I am all for it. But I have explained in the other place, and I do so here now, that a person who comes to the level of management has to behave with the responsibility of a management. He cannot be a striking, irritable labour leader and at the same time, be a responsible, wise and national leader.

SHRI K. MANOHARAN (Madras North): His doubt is whether Sharmaji would behave?

SHRI HANUMANTHAIYA: I know both the leader of the DMK and Sharmaji are men of experience and, if at all, they will give advice which will be valuable to the country.

SHRI PILOO MODY Which country?

SHRI HANUMANTHAIYA: I have no misgiving on that score. So we have to discuss this problem, in what shape and in what manner we have to effect participation in management. It is not a matter of a unilateral pronouncement on the subject. It cannot carry conviction. Therefore, out of mutual discussion, imbued with a sense of responsibility for production and satisfactory service to the country, we have to jointly deliberate and evolve solutions to these problems.

I will now come to some minor points—individual requests. In the course of the general discussion members asked for new trains. Some of them could be accepted. I am happy to announce two or three. An additional Janta Express between Bombay and Nagpur to run once a week will be introduced this year. An additional Maharashtra Express train between Poona, and Nagpur will be run from 1-10-71. An additional Janta Express will be run once a week between Bombay and Poona. As some hon. members suggested, the Deluxe Express (Paschim Express) will be dieselised with effect from October 1971. Also unreserved third class accommodation will be provided on the Deluxe Express after dieselisation.

My hon. friend Shri A. P. Sharma urged that a deluxe service *via* Patna can be run twice a week. I accept the suggestion. It will be run from 1st July, 1971, or if there is a little delay, it will be from 15th August, 1971.

My hon. friend Shri Naval Kishore Sharma merely asked for shuttle trains, not deluxe trains. I am inclined to accept it; but as a Minister I have to get the necessary data and then take the decision. If it is only my relationship with my hon. friend, I will be able to do anything for him. I shall discuss this and see how far this request of his can be granted.

Shri Mulchand Daga spoke about insanitary conditions outside the Pali-Marwar Railway Station. The Railway Station building upto the goods shed line is paved and kept clean. The area between the line and the boundary wall, particularly towards the Marwar and of the bazaar, is used by the local inhabitants not only as a dumping ground of refuse, but also as an open latrine. The area has been cleaned a number of times by the railways by engaging special labour. Since, however, it is difficult to keep it clean under the existing conditions, the local municipal authorities have been consulted to devise ways and means to stop this unauthorised dumping of refuse inside the railway premises by outsiders. Provision of fencing will not solve the problem.

SHRI NATHU RAM MIRDHA (Nagaur): He is himself the Chairman of the Municipality. So, coordination is easy.

SHRI HANUMANTHAIYA: We can sit together and discuss it. I am sure we can solve the problem in five minutes.

SHRI MANORANJAN HAZRA (Arambagh): The hon. Minister seems to be speaking among his party members. We want to have his impressions about our cutmotions.

SHRI HANUMANTHAIYA: Let not my hon. friend be under the impression that I am partial to members of my party. As I have already explained,

[Shri Hanumanthaiya]

I am partial to all Members of Parliament.
(*Interruption*)

16.00 hrs.

I want to inform the hon. Members on the left side that I have no intention of making any discrimination. If I have not been able to mention their names, it is because I do not know some of their names. I should be able to meet them personally and I assure them that whatever things can be done in the small scale, as I have said, I shall try to do. They need not have any misgivings on that score. Shri Mulchand Daga mentioned another point. The jhuggies located in a low lying area outside the railway station between P.W.D. road and the mill siding have normal drainage; a 12" pipe is already provided under the siding. However during heavy showers some water accumulates in the area and for additional drainage it would be necessary to increase the waterway under the siding and provide a connecting drain towards the west. Since this falls outside the railway boundary the cost of the increased water way is to be borne by the mill authorities and the drain has to be provided by the municipality. The railways have already asked the mill authorities for giving their acceptance of the estimates as the cost will have to be borne by them. So far as Pali is concerned I have stated the proposition clearly and I seek your co-operation to eliminate once for all the local complaint that exists there.

SHRIMATI JYOTSNA CHANDA
(Cachar): May I ask from the hon. Minister whether he will neglect Assam this year again?

SHRI HANUMANTHAIYA: Several Members have asked for overbridges and underbridges, hon. Members from the opposite side have also asked. I have already enunciated the policy. This

year if all of us work with the utmost earnestness and speed, we shall be able to spend Rs 10 crores; otherwise even that amount cannot be spent. Therefore, it is not a question of want of money; I am prepared to give any amount. But the real snag is not my intention or the allocation in the Railway budget. Under the existing rules the State Governments have to bear half the expenditure and the railways have to bear the other half. Even there the State Governments need not spend money out of their pocket. There is already a railway safety fund. Each State has got some allotment and out of that fund they have to spend. The concerned State Governments have to do their part of the work expeditiously such as the acquisition of the necessary land for the road, putting up a bund or excavation, etc. as the case may be. If the State Government take up this work in earnest the demands for overbridges and underbridges could be met. I would request the hon. Members to move their respective State Governments so that this demand at least could be fully met.

The hon. lady Member asked me whether I was neglecting Assam. Not in the least. During the general discussion on this budget I had promised that I might pay a personal visit to Assam to determine exactly what could be done. I do not believe in general promises nor do I believe in big promises. If possible we shall do something to satisfy the demands of the people of Assam. So also Orissa. We have already the survey reports on the lines that the hon. Member suggested. I was not able to make a pronouncement about Orissa here straightaway, because the survey reports have to be examined; there are two or three lines, and after all, priority.

SHRI P. K. DEO (Kalahandi): It is the vested interest of Orissa with Visakhapatnam which is standing in the way of development of these railway lines.

SHRI HANUMANTHAIYA : My hon. friend will see it may not be possible for any railway administration to straightaway construct all the railway lines that are needed for Orissa. One has to be done after the other. Therefore, I will examine all these proposals and I assure the hon. Member I am myself inclined to take up one of these projects.

SHRI P. K. DEO : Thank you.

SHRI HANUMANTHAIYA : The only condition is that I must get the cut of Rs. 250 crores restored.

SHRI P. K. DEO : Why put such a big 'if'? Why not say no ?

SHRI HANUMANTHAIYA : If you want it you can take it like that; I have no objection.

SHRI S. A. SHAMIM (Srinagar): How about Kashmir ?

SHRI HANUMANTHAIYA : The Kashmir line is already under construction.

श्री कमल मिश्र मधुकर (केसरिया) : अभी बरीनी में हड़ताल हुई थी और मजदूरों का विक्टिमाइजेशन वहां हुआ है। उन को सस्पेंड किया गया है, उन पर तरह तरह के जुल्म डाये गये हैं। इस के विषय में मंत्री महोदय ने कुछ नहीं कहा है। उन लोगों पर जुल्म हो रहा है जिस को हम देख रहे हैं। जब लेबर मंत्री वहां गये थे तब बयान दिया गया था कि वहां पर लोगों को विक्टिमाइज नहीं किया जा रहा है, जब कि उन को खूब विक्टिमाइज किया जा रहा है। इस के बारे में मंत्री महोदय स्पष्ट जवाब दें।

SHRI HANUMANTHAIYA : Many Members made reference to the Railway

Board, and my hon. friend Shri Dhote made a very powerful speech. I know most of you feel that there should be economy in expenditure, especially in the establishment of the Railway Board. I am aware of it. I have to process the recommendations of the Administrative Reforms Commission and see how far this Board could be streamlined. This decision cannot be taken off hand or *ad hoc*. We have to bestow thought as to what are the posts that are redundant and what is the economy that has to be effected. You would certainly agree that I need at least one or two months to go through the whole hierarchy and see what economy can be effected. I am at it. In fact I have already prepared a note. The Administrative Reforms Commission report is available; the study team report of Shri Hridaya Nath Kunzru is also there; and there are several other reports. We will be able to process them and come to some decisions in one or two months. I am with you, and I am of your opinion that in administration it is necessary to streamline, and I have myself read a lot on administration. (*Interruption*). Bureaucracy, according to Mr. Parkinson, has a habit of growing itself into bigger and bigger proportions with time, and it has always to be pruned. Even as a shrub in a beautiful garden has to be all the time pruned, as otherwise it will grow into a wide forest, so too things have to be done, and continuously, in the bureaucratic field. It is good that Parliament Members go on reminding us of it, go on persisting that it should be done. I will be merely carrying out their mandate if some pruning is done. I hope in about two or three months, I would be able to announce what has been done.

SHRI K. N. TIWARY (Bettiah) : Please say something about the safety of life and property of passengers. This is agitating our minds.

SHRI HANUMANTHAIYA : It is good he is very serious about it. I have taken it much more seriously than anybody else because I have been entrusted

[Shri Hanumanthaiya]

by Parliament with this responsibility. I specially flew to Calcutta and met various officers. I have also contacted the Chief Ministers of Bihar and West Bengal and had discussions with them. We are contemplating to take some very serious steps. I am happy to say that the State Governments are equally enthusiastic and cooperative in this matter. But however much one may dispute it, the constitutional position cannot be changed. The Constitution has fixed certain responsibilities on the State Governments as well as on the Central Government. Merely because some of you press me, I cannot take away the powers of the State Governments, even if I want to. Let us not run away with the idea that everything is in the hands of the Central Government and the State Governments can be pushed about this way or that. It is only cooperation that can help in the existing circumstances. We have all moved in that direction and we have been able to come to some decision. The Prime Minister also is very particular that railways must be run smoothly, satisfactorily and safely. I hope we would be able to produce results within the coming weeks or months. My friend, Mr. Tiwary, may wait and pronounce his final opinion after one or two months, after seeing the results produced by the steps we are going to take.

श्री ईश्वर चौधरी (गया) : मुगलसराय से घनबाद एक ही गाड़ी है। लाखों की संख्या में लोगों के मन में आशा बंधी थी कि मंत्री महोदय अपने भाषण में इसके बारे में कोई आश्वासन देंगे। लेकिन मंत्री महोदय ने कोई उत्तर नहीं दिया है। इसको डबल किया जाए। मैं चाहता हूँ कि मंत्री महोदय इस पर भी बोलें। पूर्वी रेलवे के गया स्टेशन के पूर्व रेलवे कालोनी की बगल में शिव लिंग है। उसे तोड़ने पर इंडियन आयल वाले उतारू हैं। इसकी रिपोर्ट आपके पास आई है। यह जो अभियोग मैंने लगाया था

इसका भी कोई उत्तर नहीं दिया गया है। मैं चाहता हूँ कि.....

SHRI HANUMANTHAIYA : I am yielding.

Hon. members have expressed serious concern about the unpunctuality of our trains. We are taking steps in this regard. I hope the circular that has been issued is in the hands of hon. members. We are going to pursue punctuality of trains in that spirit and in that way.

The second point I am very particular about in the railways is corruption. I straightaway concede that there is a lot of corruption. In fact, sometimes I laugh within my sleeves. I will take you into confidence. Annually we are paying Rs. 12 crores as damages for thefts, pilferages and things of that nature. At the same time, we are spending Rs. 14 crores on RPF. Because of the employment of the RPF at a cost of Rs. 14 crores the loss has not been reduced even by one crore of rupees. On the one hand we say that we should employ more of RPF so that the thefts may get reduced. At the same time, we find that the thefts are not getting reduced. So, I am seriously examining the very structure of the RPF and its utility in the context of footing out corruption from the railway administration.

Similarly, we are spending quite a big amount on vigilance. Yet, in spite of these establishments of huge proportions I am not able to see any visible improvement in eradicating corruption. This aspect also I am examining with the Railway Board. We are taking it up very seriously and we will do something to see that corruption may at least come down if we cannot completely remove it.

Corruption in any body politic is inherent. Let us not go away from with the idea that corruption can be prevented

for all times, nor can corruption be eradicated completely. Those who come from the villages know that as soon as we sow a crop automatically weed also starts growing. We have to remove the weed all the time. Therefore, whatever may be our intentions in the Railway Board, corrupt people and corrupt practices will be there like weeds and it is our constant endeavour to remove them. So far as economy and corruption are concerned, I want to borrow a poem recited by my hon. friend, Shri Rudra Pratap Singh :

मंजिल मिले, मिले न मिले, इसका गुम नहीं
मंजिल की जुस्तजू में मेरा कारवां तो है ।

So, I will make constant endeavour to bring down corruption and to effect economy. In that I want the goodwill and co-operation of hon. Members.

SOME HON. MEMBERS *rose* :—

SHRI THA KIRUTTINAN (Sivaganja) : Though I have moved so many cut motions, the Minister has not referred to them in this speech. What about house rent and city compensatory allowance to employees at Tambaram ?

SHRI HANUMANTHAIYA : If any hon. Member wants to raise any particular point, let him come and discuss it with me so that I could see what I can do.

SOME HON. MEMBERS *rose (Interruptions)*

MR. DEPUTY-SPEAKER : I have to go by certain rules and procedure. There cannot be another speech now.

SHRI R. V. BADE (Khargone) : It is a question.

MR. DEPUTY-SPEAKER : While the hon. Minister was speaking, I allowed

many Members to put questions. He answered some questions and some he did not. I cannot do anything now.

There are a number of cut motions which have been moved. Unless any hon. Member wants that any particular cut motion be put to the House separately, I am putting all of them together to the vote of the House.

All the cut motions were put and negatived.

SHRI THA KIRUTTINAN : I want cut motion No. 396 to be put separately.

MR. DEPUTY-SPEAKER : Now it is all over.

The question is :

“That the respective sums not exceeding the amounts shown in the fourth column of the order paper be granted to the President *to complete* the sums necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1972, in respect of the following demands entered in the second column thereof—

Demands Nos. 1 to 11, 11A,
12 to 17 and 20.”

The motion was adopted.

[The motions for Demand for Grants, which were adopted by the Lok Sabha, are reproduced below—Ed.]

APPROPRIATION (RAILWAYS)
NO. 2 BILL, 1971*

THE MINISTER OF RAILWAYS (SHRI HANUMANTHAIYA) : Sir, I beg to move for leave to introduce a Bill to authorise payment and appropriation of certain sums from and out of the Consolidated Fund of India for the service of the financial year 1971-72 for the purposes of Railways.

MR. DEPUTY-SPEAKER : The question is :

"That leave be granted to introduce a Bill to authorise payment and appropriation of certain sums from and out of the Consolidated Fund of India for the service of the financial year 1971-72 for the purposes of Railways."

The motion was adopted.

SHRI HANUMANTHAIYA : Sir, I introduce† the Bill.

Sir, I move† :

'That the Bill to authorise payment and appropriation of certain sums from and out of the Consolidated Fund of India for the service of the financial year 1971-72 for the purposes of Railways, be taken into consideration.'

MR. DEPUTY-SPEAKER Motion moved :

"That the Bill to authorise payment and appropriation of certain sums from and out of the Consolidated Fund of India for the service of the financial year 1971-72 for the purposes of Railways, be taken into consideration."

With regard to discussion on the Appropriation Bill I would like to draw the attention of the House to the following rule : —

"The Speaker may, in order to avoid repetition of debate, require members desiring to take part in discussion on an Appropriation Bill to give advance intimation of the specific points they intend to raise, and he may withhold permission for raising such of the points as in his opinion appear to be repetitions of the matters discussed on a demand for grant or as may not be of sufficient public importance."

I have two names before me, those of Shri Jyotirmoy Bosu and Shri Dasaratha Deb. They have given advance notice and they have also given the points. I will allow them to say something on the Appropriation Bill. Shri Deb can speak now and Shri Bosu during the third reading.

* Published in Gazette of India Extraordinary, Part II, Section 2, dated 15-6-71.

† Introduced/Moved with the recommendation of the President,

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : Allow other Members also.

MR. DEPUTY-SPEAKER : No. There should be advance notice. I have just now read out the rule. Shri Deb.

SHRI DASARATHA DEB (Tripura East) : Sir, I have given a patient hearing to the reply by the Railway Minister to the debate. In my cut motion itself I drew the attention of the Railway Minister to the urgent necessity of constructing a railway line connecting Dharmanagar to Agartala in Tripura which has so far no railway line at all.

The Railway Minister in his Budget speech says on page 12 regarding gauge conversion that the multiplicity of gauges is a British legacy. I agree with him. He also said :—

“The existing four gauges are an economic drag on the progress of India. This drag has to be done away with as soon as possible.”

That is all right.

He says further :—

“To begin with, we have to make at least a policy decision that no more metre gauge and narrow gauge lines will be built, that every new line should be broad gauge and that from now on, the gradual conversion of metre gauge lines to broad gauge should begin.”

16.25 hrs.

[SHRI K. N. TIWARY *in the chair*]

Here, it is a policy matter. I want to raise a very important question on that. Here, I find, everybody wants to have

broad-gauge line. I admit it. But if you take this principle, unless all the metre gauge and narrow gauge lines are not converted into broad gauge, the Government is not going to construct new lines. Then, I think, the people in the backward areas have to wait to even see the railway line for 20 to 30 or even 50 years, if not more. That should not be the policy of the Government.

I am speaking particularly about the north-eastern region. Take, for example, Assam. Uptill now Assam is connected by the metre gauge from Barauni onwards. Then, you will take a long time to connect that line from Barauni to Tinsukhiya and then from Lumding to Dharmanagar. If you have to convert this metre gauge into broad gauge, I think, the people of Tripura will not have any railway line in the next 30 years to come. That is why I oppose this policy of the Government. I request the Government to change that and they should see that it is not strictly followed. It should not be the rigid policy of the Government.

Then, our people have been demanding for a long time and, since 1952, I have been pressing this demand, whenever I have come to this House, that Tripura State should be connected with railway links. It is a very backward area. Without railway links, without railway communication and transport facilities, we cannot think of developing that backward area. In Manipur and Tripura, in the NEFA area and also in Assam, there is a tremendous potentiality for starting paper mills and other industries. Now, you carry all the raw materials to Calcutta and then convert it into paper. Why should not the paper mills be started in our own place. We cannot think of it because we cannot carry heavy machinery, heavy tools, etc.

That is why I want to raise this matter even at the far end of the debate so that the Government should not follow this

(Shri Dasharthaa Deb)

policy rigidly. They say, "If you want to convert metre gauge into broad gauge, whatever money you have will be exhausted in that year alone and there will then be very little amount left for opening new lines in backward areas." I do not believe that the Government of India have no money. It is a question of approach; it is a question of priority. If you give priority, then, I think, you will get money. How much of money are you spending on water-fountains in Delhi? How much money are you sending on constructing huge bulidings and on demolishing old buildings? In Delhi, I have seen, since 1957, because a particular bungalow was not to the liking of some Minister, it was demolished and reconstructed, spending a lot of money like that. Gigantic hotels, etc. are built just to attract the people. Living in a backward and poor country, before giving minimum amenities to the large sections of the people, you cannot think of all this. I recollect the word of Ho Chi Minh, the President of the Peoples Republic of Viet Nam, He was asked by some people: Why don't you convert your metre gauge lines into broad gauge lines?

Since you are building socialism, you need them. He says, 'Yes'. Your suggestion is quite good. But I want the railway facilities to be extended to all sections of the people in the country first. If I want to convert all the metre gauge into broad gauge, then the money which I have from my own resources and which I borrowed from outside, the entire money will be spent on that alone and our people will not find any new railway line for many years. So, give minimum facilities to all sections of the people. Then, gradually you carry out all these improvements. That is why is I said that the area where the broad gauge already exists, you open a new railway line connecting the broad gauge and where we have got only the metre gauge you construct a metre gauge railway line connecting with that line and in that way

at least a network of railway lines must be built up in our country if we want to develop all our backward areas.

That is why at this fag end I want to riase this point. . Secondly, I do not want to take much time of the House. About the Light Railways, I urge upon the Government that they should nationalise these Light Railways and see that they are run properly.

SHRI HANUMANTHAIYA : My hon. friend, Mr. Deb, has needlessly misunderstood the speech I have made. It was not my intention that no new line should be constructed until the conversion process concludes. That inference which he has drawn is not correct. Therefore, he will feel happy that he is incorrect. What I have stated was that new lines have to be constructed. Simultaneously, this work also has to be done. Therefore, there is no question of any rigidity. The two things have to go side by side. Otherwise it will result in an incongruity of the worst type. Therefore, he need not feel any apprehension on that count.

Secondly, Tripura and Manipur deserve railway lines. I have already made the point. It is not a question of deserving. It is a question of resources. If you say that some buildings are demolished and that money can be utilised for railway construction, all that money will not be able to build even two miles of railways. Railways need much more capital expenditure are well as runing expenditure. Unless the Plan provision is there, we will not be able to provide for new lines in the budget. We have a system of strict budget control. In a democracy, first it has to come in the plan, then subsequently I have to ration it out in the budget for five years. Therefore, much depends upon plan provisions.

MR. CHAIRMAN : Now, the question is :

"That the Bill to authorise payment and appropriation of certain sums from

and out of the Consolidated Fund of India for the service of the financial year 1971-72 for the purposes of Railways, be taken into consideration."

The motion was adopted.

MR. CHAIRMAN : Now, the question is :

"That Clauses 2 and 3, the Schedule, Clause 1, the Enacting Formula and the Title do stand part of the Bill."

The motion was adopted.

Clauses 2 and 3, the Schedule, Clause 1, the Enacting Formula and the Title were added to the Bill.

SHRI HANUMANTHAIYA : I beg to move :

"That the Bill be passed."

MR CHAIRMAN : Motion moved :

"That the Bill be passed."

SHRI JYOTIRMOY BOSU : (Diamond Harbour) : I have got a few suggestions to make to the Railway Minister.

The Indian Railways is the largest public sector venture involving nearly 4,000 crores of rupees of people's money. It is in doldrums for the past 23 years. It is deteriorating every day and the deterioration has not been arrested yet. As a result, even a person who does not use the Railway is made to bear the loss. He has to meet the loss through taxation, because, when a public sector venture loses money, it has to be borne by everybody in this country.

What they have shown as loss is much less than the actual thing. The actual loss will be much more. One should accept this position. I say that the Railway

Minister has no effort to tell this House about the specific remedial measures that they are going to take in order to arrest the continuing deterioration in the Indian Railways. We have heard about 11-point programme, 7-point programme, Sadhu Samaj, puri halwa and everything else.

We are interested in running the Railways on proper lines. You are given the monopoly right of running the Railways. It should easily make a contribution of Rs. 500 to the Exchequer apart from the interest paid, provided it is run properly. But, that has not happened.

Therefore, I am making a few suggestions for the consideration by the hon. Minister. It could be divided into three broad categories. They are :

- (1) How to increase the revenue ?
- (2) How to stop wasteful expenditure and effect economy ? and
- (3) General items.

What has happened in the Indian Railways ? The Indian Railways has become a hunting ground for monopolists and high power salesmen dictate the planning and design of the Indian railways. In effect, the railways have lost.

I would now suggest a few ways in which the revenue could be increased. The Railways have got vast unutilised real estates. These should be settled or disposed of. Use should be made of all possible space for hoarding in railway stationary, rolling stock and buildings. This will bring big revenue without much expenditure.

I would suggest that revenue and utility oriented coach wagons and building designs should be immediately taken in hand. We should look into the cubicle space utilised and the deadweight *cum* payload space utilised. The ratio is much

[Shri Jyotirmoy Bosu]

too low. The railway coach design has to meet all the rolling stock and the load and weight of the payload but the ratio is really very alarming. Can you not ask the RDSO to find out whether the level of the coach floor could be reduced so that the cubicle content could be more utilised by making it more multi-tier? This is one suggestion I would like to make.

Also, what about introduction of doubledecker trains in suburban trains?

SHRI S. M. BANERJEE (Kanpur) :
Like Jumbo Jet.

SHRI JYOYTIRMOY BOSU : Shri S. M. Banerjee would like to fly in Jumbo Jet. What about taking to cheap air cooling and dust-proofing? I am told that in Australia their National Laboratory has invented some sort of cheap air-cooling process. You are wasting power at two points, one, with the axle rotation and the other with the air pressure on the top of the roof. You have not done any research yet. This could be done and simultaneously the compartments will be dust-proof.

What about organising extensive rail-cum-road transport and more extensive collection and delivery system to get back the lost high-rated traffic from the Roadways? This should be done. I hope the hon. Minister will consider it.

Also, they should re-examine the freight structure wherever possible, so that they may attract their old customers whom they have lost.

Then, about wasteful expenditure, I would only give some broad lines. Stop ruthlessly over-capitalisation. The Indian Railways are really a show-piece for that. Where an investment of a lakh of rupees could do the things, could deliver the goods and could do the job, the railways

will put Rs. 10 lakhs and expect the same amount of eggs out of it. I would suggest that the hon. Minister may appoint a committee of persons who understand capitalisation and investment, a high-powered committee to go through the capitalisation structure of the Indian Railways. It is terribly over-capitalised, and the railways cannot see the face of profit at this rate.

Then, much more is spent in rolling-stock for giving visual comfort to passengers but no material comfort. We have been requesting the railways to give at least drinking water tanks in the bogies of third class passengers and to provide some cushion with canvas hoofing which will cost *per sea* not more than Rs. 4. For a man to travel one thousand miles on a wooden bench is really a torture. But the hon. Minister is not willing to provide even that. The railways have become a victim of those high-power monopoly salesman.

Again, take the laminated plastics lining. It costs Rs. 6 per sq. ft, and it is used for decorating the walls of third class and first class compartments.

Similarly, the railways have gone in for purchase of chequered aluminium plates at Rs. 7 per sq. feet for covering the floor. I used to be a first class passenger when I was a boy of 21 and was an Army officer. In those days, the compartments were much better even with wooden floor below. But now, the railways have gone in for linoleum. Why? Since Mr Birla produces linoleum as a monopolist, therefore, the railways must buy all his products for use in the Indian railways

Again, what about re-scheduling of structural specifications? The structural specifications of the railways were designed and drawn when bricks used to cost one-tenth of the present price, and when steel used to cost one-tenth of its present price. The structural specifications of the railways are far too conservative. The

hon. Minister may Kindly get this re-examined.

Then, I would suggest that the railways should reduce their expenditure on maintenance particularly on buildings, and they should confine themselves for the time being, till they are out of the woods, to saving their assets from wear and tear from sun and rain. Shri Hanumanthaiya's room in the Rail Bhavan is perhaps distempered or plastic-emulsion-painted every three months. Let him wait for three years. Let him first bring the railway accounts....

SHRI HANUMANTHAIYA : Agreed.

SHRI JYOTIRMOY BOSU : How can he disagree here ? Let the railways reduce expenditure on maintenance, particularly on buildings.

Further, let them stop further dieselisation. Dieselisation is killing the Indian railways. Their principal business is traction. For that principal business, they have deliberately walked into the trap of the American diesel engine manufacturers and spares manufacturers and oil suppliers and increased the cost of rotation. Every time the wheel moves, they cannot make profit. So, let them stop dieselisation. Whatever they have done, let them stop at that; let them not go in for further dieselisation. Let them stick to their old steam and electric traction, because these will do them good.

Let them reduce to minimum equipment and store holding. Let them take to the hand-to-mouth theory. Let them not block billions of rupees in stores and pay for storing them and for maintaining them. Let them sell those out. Even if it means loss, let them dispose of it. Let them get their money back. Let them not block their capital in surplus stores everywhere. I have already dealt with the question of structural specifications.

Why is it that they are anxious to use so much steel when there is so much

scarcity of steel ? Why should they not go in for RCC works ? Steel could be replaced by reinforced concrete. Let the railways replace steel fabrications wherever possible by RCC.

The railways that are rejected here are bought over by some foreign countries. Why not re-condition them and use them here itself ? A shipper was asking me how to get some Indian rail rejects. There are ready buyers in far eastern and middle eastern countries. Can you not recondition your rails and sell them at Rs. 300 a tonne ?

SHRI HANUMANTHAIYA : We are reconditioning.

SHRI JYOTIRMOY BOSU : Then the catering Service needs to be re-examined. Do not touch the employees. If the caterer charges the passenger the true value of the food, taking into account the traction cost, each dinner will cost Rs. 55. You cannot do that. You cannot make a man in the field pay for Shri Shamini's dinner in the first class coach in Kalka Mail. Kindly look into this matter. You cannot do like this.

Then liberalise safety margins as far as possible. Why not get the nationalised insurance companies to tackle the compensation claims ? Let there be a dual control so that every claim case is checked by two institutions.

Now a few general points. You have not treated your workers fairly. They are very disgruntled and demoralised. Take them into confidence and bring them into the management. Offer economic bounties to the maintenance and repair workers. Make full effort to see that every expenditure is utility—and/or revenue oriented.

Shift outdated conservative engineers and designers from planning design. Make it compulsory for railway officials to travel in ordinary compartments so that they could see things for themselves.

[Shri Jyotirmoy Bosu]

As for surplus steel scrap, the Government is now giving licence for mini steel plants. Railways should have one of these so that they can get the scrap and surplus steel disposed of.

I am aware that, although I have said all this, the balance sheet of the railways cannot show anything different from the general economic condition of the country. There your scope is limited. You cannot do anything.

Now, one or two small things. There is an age-old Muslim institution at Deoband. You used to give it railway concession for its students. You have discontinued it. That it is not nice.

As regards the Sealdah Division, the moment you take money in advance and give a monthly ticket—Shri Jaganath Rao seems to have forgotten his law since he went into the cabinet—you enter into a contractual agreement with Mr. X on the basis of the time-table that 'I shall run 20 trains between Diamond Harbour and Sealdah'. On that understanding, the passenger purchases a monthly ticket for Rs. 35. Then what do you do? You take the money. Next morning, you say 'I cancel my train'. Why? Something has been stolen. That is not the lookout of the other contractual party. It is none of his business. So the Sealdah Division, specially the south section, requires very very special treatment. At the moment, the railway have come to a standstill. The railways are not functioning. People will forget about the railways. The roadways will left the traffic out of the railways. Therefore, kindly depute a special team so that they can go into it and see that this Sealdah Division runs properly.

SHRI D. N. TIWARY (Gopalganj) : Bihar Members while speaking had demanded the starting of a Service Commission in Bihar. Secondly, they asked for another DS in Sonapur (N.F.). The Minister may clarify these two point in his reply.

SHRI K. SURYANARAYANA (Eluru): Also the demand made by Andhra members for diverting a particular passenger train to Waltair may be answered.

SHRI HANUMANTHAIYA : Shri Jyotirmoy, Bosu, must admit, has made very useful suggestions. Whatever the party of the members, if useful suggestions emanate from them, I for one wholeheartedly welcome them, not only welcome them but also welcome their co-operation and advice in the matter of evolving remedies for the deficiencies that may be found in the railways. In fact, we are at economising expenditure as also increasing revenues. He asked how the Budget was balanced. The Budget Speech contains the way in which we have tried to balance the Budget. In fact, I have said that the deficit of nearly Rs. 7 crores has been left uncovered as a challenge to the railway administration to wipe it out by economy measures and by increasing revenues. Therefore, I have personally involved everyone from top to bottom in the railway administration to do his very best in the two ways suggested.

About re-designing of coaches and wagons, I am not ashamed to own that I am not an expert, but I will certainly call the head of the Research Department and examine these proposals.

Regarding utilisation of real estates, we have already taken steps.

He also referred to organisation of more extensive collection and delivery system. These three or four points cover the same topic, namely how far the railways will be able successfully to stem the onslaught of road transport. Many of you know that the roadways are also nationalised. The railway is also a nationalised undertaking. It is, therefore, unfortunate that thoughtlessly in many a line both the buses and lorries on the one hand and the passenger and goods trains on the other run in competition. A Committee had been appointed for this

purpose and they made a number of suggestions. The concerned Ministers in the States and the Railway Administration officials and Ministers have to meet and come to some understanding so that this unhealthy competition may be eliminated and both of them can run at a profit. I am not disclosing my mind, this is not a decision. Many people ask for new lines, but I do not think I will accept any such proposition unless the State Government undertakes not to compete with the railways in that line. In Punjab, in one particular case, they gave such an assurance, but they violated it with impunity and they are asking for further lines. Therefore, the functionaries in charge of buses and lorries on the one hand and railway transport on the other have to see what is the common good and we have to pursue those measures. I propose to have meetings either in the States or at the Centre periodically for this purpose.

So far as over-capitalisation is concerned, it happens to be a general complaint levelled against all our public undertakings. The other day Shri Jyotirmoy Bosu quoted Mr. Khrushchev who made a statement that there is so much over-capitalisation in this country on buildings and materials. In fact, that Statement was made by Mr. Khrushchev when I was with him in Bangalore. When he went round the public undertakings in Bangalore he made that remark. But somehow the Government of India and the State Government are so huge organisations and no man has been able to make them go along a certain line.....

SHRI ATAL BIHARI VAJPAYEE : Not even the Chairman of the Administrative Reforms Commission.

SHRI HANUMANTHAIYA : Not even the Chairman of the Administrative Reforms Commission and much less a leader who happens to be one of our biggest leaders.....(*Interruptions*)

There are so many things and they function in a vicious circle. Many hon.

Members say that the Government and the Ministers should not manage them and they should hand them over to be managed by corporations. It is these corporations, as you will see, which are autonomous that have incurred the liability of over-capitalisations by having posh clubs and swimming pools. They work in such a way that production is no consideration ; national good is no consideration but only their convenience and posh living. As Chairman of the ARC, I have seen the bungalows of so many chairmen and managing directors of public undertakings and I assure you that many of them are better than the bungalows of Our Prime Minister or any one of us. The corporation idea sponsored with good intention of making them autonomous has resulted in the byproduct of overcapitalisation. Salaries are going skyhigh irrespective of production and productivity. The worst example, as you yourself could scrutinise, is the Air India. It is a corporation where the pilot gets much more than the salary of the Air Marshall who manages the whole of it ; he does not get as much salary or emoluments as an ordinary captain. Corporations have been taken advantage of by the concerned people to bolster up their salaries and emoluments. This is a fact we have to deal with. When Shri Bosu compares the salary of the members of the Board with some corporations, they do not get even half of the emoluments. Besides, their daily allowance is nowhere near that of an ordinary Pilot. Besides the big salary, the pilot gets Rs. 50 or 55 as daily allowance for one meal. The Railway Board member does not get even Rs. 20 for a whole day. When you compare the Railway Board with other corporations, you will find that the railway board members get less salary, less daily allowance though they are the biggest public undertaking in this country.

So far as dieselisation is concerned, it is a controversial subject. You will concede that I am not an American stooge ; no body is a stooge here. I shall disclose to you that I am not giving interviews to contractors of

[Shri Hanumanthaiya]

this kind because I do not want to involve myself and my name by even seeing those people. I leave it to the proper authorities. Therefore you may be assured that I am not a person in the pocket of any monopolist or capitalist.

SHRI A. P. SHARMA (Buxar) : What is dieselisation got to do with that ?

SHRI HANUMANTHAIYA : He made a point about that. The appropriate authority and the Board will assess the profitability of any purchase or manufacture and decide solely on that issue.

So far as dieselisation is concerned, you will yourself see, being a man of knowledge, that diesel engines are far more economical ultimately than steam-engines.

17.00 hrs.

SHRI JYOTIRMOY BOSU : Provided costing is done properly.

SHRI HANUMANTHAIYA : Therefore, if you remove diesel engines straightaway, you will cut down the speed of the trains, and cut down what is called the bulk tonnage carrying capacity.

The 10th point my hon. friend made was, reduction in structural specification and safety margin wherever possible. I will investigate and look into that point. Then, drastic reduction in stores and material holdings. That is a good point. In fact, three days ago, I saw the report of the Wanchoo Committee on the subject, and they have made a specific Proposals regarding stores and the delegations of powers. I am in the process of implementing those recommendations. ... (*Interruptions*)

The only point that remains in this. There was a suggestion made that the trains should be double-deckers.

SHRI JYOTIRMOY BOSU : For suburban lines.

SHRI HANUMANTHAIYA : Even for suburban lines, we have to reconstruct all the bridges. Therefore, it is not such a simple matter that we can straightaway do that. I do not know how many bridges have to be reconstructed for that purpose. In any case, that is not a workable proposition.

SHRI JYOTIRMOY BOSU: The track occupation problem will be solved.

MR. CHAIRMAN: Order, order. Let him finish.

SHRI HANUMANTHAIYA: My hon. friend Shri D.N. Tiwary had made two points; one is regarding the Public Service Commission, and the other about the location of D.S. Office at Sonapur. I want to think aloud with you. The distribution of government offices and concerns should be on an equitable basis. No State should feel aggrieved that it has been deprived of these facilities. The British imperialism that shaped things for us in the previous century had only three cities in mind: Madras, Bombay and Calcutta. Today, Calcutta has the headquarters of two zones; Bombay has got headquarters of two zones. Likewise, the Public Service Commissions have been located in these three cities. I for one see a Justification for redistribution of these offices. But on this, I cannot straightaway announce what can be done or what should be done. It is here that I want the co-operation of all of you so that if I try to remove the zonal headquarters from one State, they should not kick up a row. It must be more or less based upon considerations of justice and equality of treatment that zonal headquarters should be properly distributed.

About the Public Service Commissions, I have an idea. Why should the Public Service Commissions be located in one or two States alone, thus depriving other States of the opportunities and giving cause for complaints? I want to make them work

on a rotation basis. The Public Service Commission is only a small body - one Chairman, one Secretary and a few clerks and at least I will rather see that it goes by rotation to each State, instead of allowing this kind of overcentralisation in one or two or three States. But this is a matter of policy and I have to obtain almost a unanimous approval, as well as that of the Cabinet.

Thank you.

MR. CHAIRMAN : The question is :

MR. CHAIRMAN : The result[†] of the division is as follows :

Ayes : 96; Noes : 38

The motion was adopted.

17.10 hrs.

**SALARIES AND ALLOWANCES OF
OFFICERS OF PARLIAMENT
(AMENDMENT) BILL**

THE MINISTER OF PARLIAMENTARY
AFFAIRS, AND SHIPPING AND
TRANSPORT (SHRI RAJ BAHADUR) : I
beg to move** :

"That the Bill further to amend the Salaries and Allowances of Officers of Parliament Act, 1953, be taken into consideration."

The Bill, as you will see, is a non-controversial piece of legislation and I trust it would be supported by all sections of the House.

As the House may be aware, the Salaries and Allowances of Officers of

Parliament Act, which came into force with effect from 1953, had fixed the salary of the Deputy Chairman and the Deputy-Speaker at Rs. 2,000 per mensem. Because of the position that they have to occupy and considering their nature of work they were given the status equivalent to that of a Minister of State. The necessary amendment had to be made in their salaries also. For one reason or another, the Bill could not be brought forward earlier. By this Bill the salary of these two officers of the Parliament is sought to be made equal to that of a Minister of State.

The Deputy Chairman and the Deputy Speaker have to meet many official obligations. So, it is also proposed to grant them a sumptuary allowance of Rs. 250 per mensem.

Since this Bill relates to officers of Parliament who preside over the two Houses of Parliament, it would be better if the Bill is adopted without any discussion.

MR. CHAIRMAN : Motion moved :

"That the Bill further to amend the Salaries and Allowances of Officers of Parliament Act, 1953, be taken into consideration."

"That the Bill further to amend the Salaries and Allowances of Officers of Parliament Act, 1953, be referred to a Select Committee consisting of 10 Members, namely :—Shri Murasoli Maran, Shyamnandan Mishre, Shri Piloo Mody, Shri Saroj Mukherjee, Shri Shibban Lal Saksena, Shri S.A. [Shri R. D. Bhandare : *in the chair*]

This is a Bill which is intended to raise the remuneration and benefits of two persons who are holding a high position in the national forum. At a time when there is terrific economic distress, when the cost of living and unemployment are rising day by day, when we do not have enough funds to provide employment, when in the same House the peon draws a salary of Rs. 110, when an average Indian is not spending more than 36 paise a day, when we cannot spend more than one rupee per refugee for all his needs, when we need money for so many other things, when we are the people who are to decide about remuneration and things like that, I feel that this is not a Bill

which should be decided by us here in this House. It should be sent to the people outside for their verdict. So, I would request you, Sir, to put the amendment before the House for a decision so that the House accepts in principle the necessity of sending this Bill to the people for eliciting public opinion and then we can take a decision on that.

श्री कमल मिश्र मधुकर (केसरिया):

सभापति महोदय, इस बिल में आज जो देश की आवश्यकताएँ हैं, पार्लियामेंट में काम करने वालों की जो आवश्यकताएँ हैं, उन बातों पर ध्यान दिये बगैर इस बिल को यहाँ पर लाया गया है। यह बात नहीं है कि हम डिप्टी स्पीकर के प्रति कोई असम्मान प्रकट करना चाहते हैं, लेकिन उन की आवश्यकताओं को ध्यान में रखने के साथ साथ इस देश के जो साधारण लोग हैं, उन की जो आवश्यकताएँ हैं, उस को दृष्टि में रखते हुए, यह बिल नाजायज बिल है इस की आवश्यकता नहीं है।

मैं साफ तौर पर यह बात कहना चाहता हूँ— इस बिल को पेश करते हुए आपने कहा कि इस बिल में उन को मिनिस्टर आफ स्टेट की हेसियत में लाने की बात है। मैं उस पर नहीं जाना चाहता, लेकिन जब यह बिल लाया गया है तो आप ने इस बात पर ध्यान क्यों नहीं दिया कि पार्लियामेंट के अन्दर काम करनेवाले भी साधारण कर्मचारी हैं, उनकी अपनी आवश्यकताएँ हैं, मंहगाई बढ़ती जा रही है, उनके वेतन में, उनकी सुविधाओं के लिए आप ने क्या किया है और आप ने ऐसा क्या प्रयत्न किया है कि जिस के जरिये ऐसा हो कि वास्तविक सुविधाएँ उन को मिल जायें। ऐसे कर्मचारी हैं जो 12—12 मील से, 10—10 मील से आते हैं, उन को साइकिल पर आना।

पड़ता है, दूसरी बहुत सी सुविधायें हैं, बत्तों की कठिनाइयाँ हैं इन चीजों पर आप ने ध्यान नहीं दिया है। सब से पहले उन की कठिनाइयों को दूर किया जाय, उन के जीवन-यापन को सुधारा जाय, उन को उचित वेतन और दूसरी सुविधायें दी जायें।

दूसरी तरफ—आप इस बिल को लायें ताकि डिप्टी चेयरमैन और डिप्टी स्पीकर का वेतन बढ़ा दिया जाय। इस का मतलब है कि आपने सिद्धान्त को नहीं देखा है, आज जब वेतन में इतना बढ़ा अन्तर है, उस अन्तर को पाटने की दिशा में आप ने कौन सा कदम उठाया है।

आपने समाजवाद की बात कही है, आपने एलेक्शन के दमियान में एलान किया था लेकिन अब जो काम कर रहे हैं उनमें ऐसा लगता है कि न्यूनतम वेतनभोगी और अधिकतम वेतनभोगी कर्मचारियों के बीच की जो खाई है उसका पाटने के बजाये उस खाई को और बढ़ाने की तरफ आपके कदम बढ़ रहे हैं। इसलिए सिद्धान्त रूप में इस बिल का बिल्कुल ही विरोध होता चाहिए और मेरा विश्वास है कि सदन उसको बिल्कुल ही रजेक्ट कर देगा। यह जरूर है कि डिप्टी स्पीकर और डिप्टी चेयरमैन के प्रति जो रеспेक्ट और सम्मान है उसमें कोई दो राय नहीं हो सकती लेकिन इस बिल में जो सिद्धान्त रखा गया है वह इन नये उद्देश्यों के खिलाफ है। ऐसी दशा में मैं इसका विरोध करता हूँ और चाहता हूँ कि वेतन बढ़ाने के सम्बन्ध में जो यह बिल लाया गया है इस को वापिस लिया जाये। जब इस देश में नयी तरक्की हो और इस संसद भवन में जो न्यून वेतन भोगी कर्मचारियों हैं उनके वेतनों में बढ़ोतरी कर दी जाये तब आप दूसरों के लिए भी ऐसा बिल लायें तो वह ठीक रहेगा अन्यथा आज की

स्थिति में यह बिल्कुल नाजायज़ बिल और किसी काम का नहीं है।

श्री पन्नालाल बारूवाल : समापति महोदय, मुझे खेद के साथ कहना पड़ता है कि हमने समाजवाद का नारा लगाया, आज संसद सदस्यों के वेतन भत्ते बढ़ते हैं और वे पेंशन लेने के इच्छुक हैं लेकिन अफसोस की बात है कि इस सदन में जो छोटे कर्मचारी काम कर रहे हैं, मैं बीस सालों से उनकी परेशानियों को जानता हूँ कि कितने बजे वे आते हैं और कितने बजे रात को उनको जाना पड़ता है इसलिए मेरा अनुरोध है कि इस बिल में छोटे कर्मचारियों को सुविधा देनी चाहिए नहीं तो यह समाजवाद का नारा थोड़ा और भ्रमात्मक है।

SHRI KRISHNA HALDER (Ausgram): Mr. Chairman, I oppose the Bill. At the outset I wish to say that we have nothing to say against the Deputy chairman of the Rajya Sabha; rather I have got high regard for them. But, at the same time, I wish to point out that our objection is based on principle.

When the agricultural workers in the countryside, when the workers in the industrial sector, when the employees of the Government are demanding more wages to maintain their livelihood, to neutralise the increasing cost in prices, the same Central Government, the same Congress Government is rejecting their demands and is telling that the country is facing financial crisis and the employees should not ask for more wages. The Government is refusing to take stern measures to control the increase in prices. When the employees demand more DA and wages, the Government never hesitate to send the police, CRP and the military to crush the movements of the employees. At the same time it wants to raise the salary of the Deputy Speaker and the Deputy Chairman from Rs. 2,000 to Rs. 2,250 in order to give

[Shri Krishna Halder]

them the status of a Minister of state. The Government is very much bothered about the dignity, decency and status of higher officials, but it is not bothered about the poverty-stricken employees, workers and other toiling people.

Not only that it is morally indefensible but it is also criminal to increase salaries of high ranking people who have got their hands on the lever of power, when so many of our countrymen are dying in poverty and hunger. One should also think of the refugees who are coming from Bangla Desh—who have no shelter, no food no security about the future, and many of whom are going to die of cholera.

SHRI PILOO MODY (Godhra): They are all in the Deputy-Speaker's area also.

SHRI KRISHNA HALDER: An agricultural labourer in the countryside is getting an average wage of 40 paise per day. I am not giving these figures; the National Sample Survey gives this shocking news. 28 lakhs of the Central Government employees, including employees of Parliament House, are getting less than Rs.100 every month as their basic pay. In this connection, I would like to request the hon. Minister to enhance the pay of the employees of Parliament House.

When the Central Government employees are demanding more D.A. pointing out the high increase in the price index which has crossed 225 points, the Government is telling that the price index has not crossed 225 points, and that only the Government can consider their demands. The Government is talking of accuracy when the low salaried employees are concerned. It is refusing to give them the due which it has to give. It is not bothered about that. But it is bothered about the dignity and status of Deputy-Speaker and Deputy Chairman.

The Government is talking about the notorious wage freeze when the workers, employees, are concerned. But it is will-

ing to give more salaries and allowance to the high-ranking officials.

The hon. Minister, Shri Raj Bahadur, is acting like Raja Bahadurs of Middle ages when Raja Bahadurs obliged their Ranis or queens by handsome gifts.

श्री एम० रामगोपाल रेड्डी (निजामाबाद): सभापति महोदय, पहले तो मैं अपोजीशन को बधाई देना चाहता हूँ कि उसने अपने नेचर को बनाये रखा, यानी अपोजीशन फौर दी सेक आफ अपोजीशन। चाहे कोई बात कितनी ही अच्छी क्यों न हो उस को भी अपोज करते हैं। यह एक सीधा साधा बिल है। हमारे, डिप्टी स्पीकर और डिप्टी चेयरमैन की स्टेट मिनिस्टर के बराबर हैसियत है और उन की तनख्वाह बढ़ाने के लिए यह बिल लाया गया है। अगर इस पर लोगों को इतराज है तो मैं आनरेबिल मेम्बरान से कहूंगा कि जो रोजाना 51 रु० डी० ए० लेते हैं और 500 रु० माहवार तनख्वाह लेते हैं उस पर भी उन को एतराज होना चाहिये। अगर अपोजीशन के मेम्बरस उस पर भी एतराज करते हैं तो वह अपनी अपनी तनख्वाह से वोलेंटरा तरीके से कटौती करवा कर रोजाना 36 पैसे लेते तो अच्छा होता।

मेरी समझ में नहीं आता कि जब डिप्टी स्पीकर और डिप्टी चेयरमैन की बात चल रही है तो रिफ्यूजीज की बात कहाँ से लायी जा रही है। इस प्रागस्ट हाउस के इतने बड़े अधिकारी का मुकाबला रिफ्यूजीज से कैसे किया जा रहा है? क्या हमारी प्रकल पर पत्थर पड़ गये हैं जो ऐसी बात करते हैं।

SHRI PILOO MODY: I object. It is very unfair to the refugees.

श्री एम० रामगोपाल रेड्डी: अपोजीशन वाले अपोज करते हैं, लेकिन बदकिरमती है कि हमारे यहाँ ऐसे भी सोशलिस्ट निकले हैं जो

महुत जोर से बोल रहे हैं कि 20 साल से नाइंसाफ़ी हो रही है।... ..

श्री पन्नालाल बारूपाल: मुझे इस पर एतराज नहीं हैं। मुझे तो आपत्ति यह है कि उस के साथ साथ कर्मचारियों को भी दिया जाय।

SHRI PILOO MODI : I like to move an amendment. Every employees of the Lok Sabha must get commensurate increase.

MR. CHAIRMAN : Mr. Pilo0 Modi, you must follow certain rules, certain procedures. You cannot just say that you like to move an amendment and make light of the discussion.

श्री एम० राम गोपाल रेड्डी: अगर पालियामेंट के कर्मचारियों का सवाल है तो वह सवाल पूरे भारत के कर्मचारियों के साथ लगा हुआ है। यहाँ के कर्मचारियों को अलग से नहीं दिया जा सकता लेकिन डिप्टी स्पीकर तो पूरे देश में एक है। इस वास्ते उन के लिए यह बिल लाया जा रहा है।

मैं इस की पुरजोर तारीफ़ करता हूँ और मेम्बरों से अपील करता हूँ कि वह इस को स्वीकार करें।

श्री जांबुवंत धोटे (नागपुर) : सभापति महोदय, हमारा देश एक भयंकर रिश्ति से गुजर रहा है। बंगला देश का मसला हमारे देश के सामने खड़ा है। इस देश के सारे केन्द्रीय कर्मचारी, टैक्स बढ़ाने की वजह से महंगाई बढ़ रही है, इसलिये माँग कर रहे हैं कि उन का महंगाई भत्ता बढ़ना चाहिये। यह माँग लेकर लोग आ रहे हैं राज्य कर्मचारियों की तन्स्वाह और महंगाई भत्ता भी केन्द्रीय कर्मचारियों जितना होना चाहिये, यह माँग लेकर राज्यों के कर्मचारी आने आ रहे हैं। ऐसी अवस्था में

डिप्टी स्पीकर की तन्स्वाह बढ़ाने के लिये यह बिल आता है यह दुर्भाग्य की बात है।

जिस वक़्त मध्यावधि चुनाव हुए उस के दौरान गरीबी हटाओ का नारा लगाया गया, लेकिन मध्यावधि चुनाव के बाद लोगों की गरीबी हटाने के पहले डिप्टी स्पीकर की गरीबी हटाई जाय, यह एक अजीब बात है। क्या डिप्टी स्पीकर की गरीबी हटाने के लिए यह मध्यावधि चुनाव किया गया था ? डिप्टी स्पीकर साहब अगर बहुत गरीब हैं और उन की गरीबी हटाने के लिए मध्यावधि चुनाव किया गया होता तो बात दूसरी थी।

SHRIMATI LAKSHMIKANTHAMMA (Khamman) : We are discussing about the salary of the Deputy-Speaker which is a sanctified subject about which we should not use all kinds of language.

श्री जांबुवंत धोटे : अब सवाल यह आता है कि क्या उपाध्यक्ष बहुत ही गरीब हैं उन की हालत बहुत ही बुरी है, खस्ता हो गई है और उन की बुरी हालत को ठीक करने के लिये, उन की गरीबी को हटाने के लिये यह बिल लाया गया है ?

जिस समय इस देश के कर्मचारी, खास तौर पर भारत के गरीब लोग, बहुत परेशान हैं, हालांकि अभी यहाँ गरीबी की परिभाषा होना शेष है, गरीब आदमी दाने दाने के लिए मोहताज है चपरासी अर्थात् पट्टे वाला प्यून, जिस की तन्स्वाह पूरी नहीं होती, जो सादी रोटी न खुद खा सकता है और न बच्चों को ही खिला सकता है, न कपड़ा ले सकता और न पहन सकता है ऐसी अवस्था में केन्द्रीय कर्मचारियों और राज्य कर्मचारियों की तन्स्वाह बढ़ाने के बजाय, उन के अलाउंसेज बढ़ाने के बजाय डिप्टी स्पीकर की तन्स्वाह बढ़ाने के लिये बिल आया है। हो सकता है कल

[श्री जांबुवंत धोटे]

दूसरा बिल आये कि प्राइम मिनिस्टर की तनखा बहुत कम होती है, उस को बढ़ाया जाये, परसों तीसरा बिल आये कि श्री राज बहादुर जो है, राजाओं में बहादुर, उन की तनखा भी बढ़ाई जाये।

ऐसी अवस्था में यह जो सार्वभौम लोक सभा है उस के सामने सवाल आता है कि जब हमने गरीबी हटाने का नारा बुलन्द किया है तब जो इस देश के गरीब लोग हैं उन की गरीबी को हटाने के लिए इस हाउस को क्या करना है। चुनाव के दौरान गरीबी हटाने का नारा लगाया गया, लेकिन चुनाव होते ही चुनाव जीतते ही वह नारा बदल गया और कांग्रेस के जिम्मेदार लोग कहने लगे कि गरीबी हटाना कांग्रेस का काम नहीं है, सरकार का काम है। यह काम कांग्रेस का नहीं, सरकार का है, यह मैं कबूल करता हूँ। वही सवाल आज सरकार के सामने आया है, वही सवाल इस सदन के सामने आया है कि हम लोगों की गरीबी हटानी है उन लोगों की या डिप्टी स्पीकर की। ऐसी स्थिति में इस सदन को इस बिल के बारे में बड़ी गम्भीरता से सोचना होगा, बड़ी गम्भीरता से विचार करना होगा। यह जो बिल आया है वह न तो प्रजातान्त्रिक है न जो नारा हमने दिया था गरीबी हटाने का उस के ही अनुरूप है, न ही जो आश्वासन हमने दिया है उस को ही पूरा करता है।

हमारे यहाँ एक कहावत है कि राजा दुनिया का उपभोग—शून्य स्वामी होता है। लेकिन यहाँ जो राजा बैठे हैं वह केवल उपभोग करने के लिए बैठे हैं तो यह सवाल लोगों के सामने, आम जनता के सामने, खड़ा हो जायेगा—यदि उपभोग करने के लिये राजा यहाँ बैठे हैं, और राज बहादुर वैसे ही त्रिल पेश करते

हैं तो फिर लोगों का विश्वास प्रजातन्त्र से उठेगा और उनको सोचना होगा। लोगों का विश्वास प्रजातन्त्र में रखना है या नहीं, हम को देश में प्रजातन्त्र चलाना है या नहीं, यह इस सदन को सोचना होगा। आप देश को प्रजातंत्र के अच्छे रास्ते पर ले जाना चाहते हैं या देश को हुकमशाही या लश्करशाही की ओर ले जाना चाहते हैं यह सवाल आज देश के सामने है। गरीबी हटाने का आपने नारा दिया था। लेकिन यहाँ पर आप डिप्टी स्पीकर और डिप्टी चेयरमैन की गरीबी ही हटाने लगे हैं। क्या इस तरह से देश का कल्याण हो सकता है? क्या यह लोगों के साथ अन्याय करना नहीं है? अगर आप इस तरह से पेश आयेंगे तो लोग मशालें लेकर आएंगे। यह जो डेमोक्रेसी है, यह जो प्रजातंत्र है, इस को ही आप खत्म कर देंगे। आप देखेंगे कि यह सकार भी जल जाएगी और लोग इसको भी जला देंगे।

प्रजातंत्र का ख्याल आप रखो। समाजवाद को मैं थोड़ी देर के लिए अलग रख देता हूँ। समाजवाद क्या है, उसका परिभाषा करने की भी जरूरत है। क्या यह समाजवाद है जो आप कर रहे हैं? क्या यह अमरीका का समाजवाद है? क्या यह बर्तानिया का समाजवाद है? क्या पाकिस्तान का समाजवाद है? कौन सा यह समाजवाद है? समाजवाद की परिभाषा होनी चाहिए। अगर आपको समाजवाद की स्थापना करनी है तो शास्त्रीय समाजवाद आप स्थापित करें। क्या यह बिना शास्त्रीय समाजवाद के अनुरूप है? क्या उसकी परिभाषा पर यह खरा उतरता है? समाजवाद का नाम आप छोड़ दीजिये। लेकिन प्रजातंत्र को बचाने के लिए क्या यह बिल सहायक हो सकता है? क्या उस कसौटी पर यह खरा उतरता है? इसको आप सोचें। इसको पास करके हम आने आपको लोगों की नज़रों में

बेवर्ष साबित करेंगे। इसको पास करना लोगों को राय के खिलाफ जाना है, उनकी भावनाओं को ठेस पहुंचना है। यदि ब्रूट मैजोरिटी का सहारा ले कर इस विधेयक को मंजूर किया गया... ..

श्री एम० राम पोपाल रेड्डी: ब्रूट माइनोरिटी।

श्री जांबुवंत धोटे: मैं फिर कहता हूं कि अगर ब्रूट मैजोरिटी का सहारा लेकर इस विधेयक को मंजूर किया गया तो लोक सभा पर से लोगों का विश्वास उठ जाएगा और यह चीज बहुत खतरनाक होगी।

मुझे प्रसन्नता हुई कि पार्टी इन पावर के कुछ माननीय सदस्यों ने भी इसके खिलाफ आवाज बुलन्द की है। यह उनके दिल की आवाज है। मैं कहूंगा कि सभी को डिप्टी स्पीकर की तरफ़ाह और फंसिलिटीज बढ़ाने का यह जो बिल है इसका विरोध करना चाहिए और डट कर विरोध करना चाहिये। सत्ताधारी दल में से कुछ बहादुर लोग उठे हैं और उन्होंने इसका विरोध किया है। मैं भी इस विधेयक का विरोध ही नहीं बल्कि कड़ा विरोध करता हूँ और गरीबी हटाओ का जिन्होंने नारा दिया है उन से अपील करता हूँ, उन से दरखास्त करता हूँ कि वे इस पर गम्भीरता से विचार करें और सोचें कि क्या यह जो हमारी समाजवादी घोषणायें हैं उसके अनुरूप हैं? यदि नहीं है तो मैं आशा करता हूँ कि हमारे राज बहादुर जी इसका खयाल करते हुए इसको वापिस ले लेंगे।

श्री आर० बी० बड़े (खारगोन): यह जो बिल है इसका मैं विरोध नहीं करता। जितने भी भाषण अभी तक हुए हैं उनका दृष्टिकोण रहा है वह गरीबी हटाओ और समाजवाद के सिद्धान्तों का रहा है और इसी दृष्टिकोण

से उन्होंने इसका विरोध किया है। वास्तव में देखा जाए तो जो स्टेटस है डिप्टी स्पीकर का और डिप्टी चेयरमैन का वह पार्लिमेंट का स्टेटस है और अगर उनका स्टेटस बढ़ता है तो पार्लिमेंट का स्टेटस भी बढ़ेगा। क्या इसको माननीय सदस्य नहीं चाहते हैं? मैं समझता हूँ कि सभी चाहते हैं कि उनका स्टेटस बढ़ना चाहिए। इस बिल के स्टेटमेंट आफ आबजैक्ट्स एंड रीजन्स में लिखा हुआ है कि उनको मिनिस्टर आफ स्टेट का स्टेटस मिलना चाहिए। यदि उनका स्टेटस बढ़ाया जाता है तो किसी को इसका विरोध नहीं करना चाहिये।

रिफ्यूजीज के सवाल को भी उठाया गया है। मैं जानना चाहता हूँ कि प्रत्येक मेम्बर ने उनके लिए कितना त्याग किया है? यदि उन्होंने त्याग नहीं किया है तो उनको चाहिये था कि वे रिफ्यूजीज का सवाल न उठाते।

मैं समझता हूँ कि जो विरोध में भाषण किये गए हैं वे एक विपरीत दृष्टिकोण से किये गये हैं। अगर वे सोचते कि डिप्टी स्पीकर और डिप्टी चेयरमैन का स्टेटस वही है जो मिनिस्टर आफ स्टेट का है और जो सुविधायें मिनिस्टर आफ स्टेट को मिलनी हैं वहीं इनको भी मिलनी चाहिये तो वे इसका विरोध नहीं करते। साथ ही साथ पार्लिमेंट में काम करने वाले जो कर्मचारी हैं उनकी ओर लक्ष्य नहीं किया गया है। यदि इस बिल के साथ यह भी होता कि पार्लियामेंट के जितने कर्मचारी हैं उनका पगार भी बढ़ाया जाता है तो मैं समझता हूँ कोई विरोध नहीं होता। लोगों के ख्याल में यह है कि केवल डिप्टी स्पीकर और डिप्टी चेयरमैन का पगार बढ़ाया जा रहा है, दूसरों का नहीं बढ़ाया जा रहा है। उनका भी बढ़ना चाहिये था।

[श्री आर० बी० बड़े]

1962 में लोक सभा का सदस्य था। उस वक़्त एक मੈम्बर को केवल 21 रुपये दैनिक भत्ता मिलता था। अब 51 रुपये मिलते हैं हर एक पार्लियामेंट के मेम्बर को। उस वक़्त किसी ने नहीं कहा कि हम को 51 रुपये नहीं चाहिए। पहले सदस्यों को 400 रुपये वेतन और 21 रुपये डेली एलाउंस मिलता था जब कि अब उन्हें 500 रुपये वेतन और 21 रुपये डेली एलाउंस मिलता है। इस दौरान में पार्लियामेंट के किसी कर्मचारी की पगार नहीं बढ़ी है। अब गरीबी हटाओ और समाजवाद के धोखे नारे के आधार पर इस बिल का विरोध किया जा रहा है।

मैं इस बिल का समर्थन करता हूँ। डिपुटी स्पीकर और डिपुटी चेयरमैन की पगार बढ़नी चाहिए यह बिल उनके स्टेटस को बढ़ाने के लिए लाया गया है उन का स्टेटस बढ़ने से पार्लियामेंट और इस हाउस का स्टेटस भी बढ़ेगा।

श्री हुकम चन्द कछवाय (मुरैना); सभापति महोदय जो बिल हमारे सामने आया है, अगर सरकार उस के बारे में सभी विरोधी दलों के नेताओं से चर्चा करके उस को लाती तो अच्छा होता। सरकार द्वारा जो टैक्स लगाये गये हैं, उन से सरकारी कर्मचारियों पर बोझ बढ़ गया है। इस लिए उन का वेतन और महंगाई भत्ता बढ़ाया जाना चाहिए। इन टैक्सों के विरोध में मैंने एक प्रदर्शन में भाग लिया था। मुझे पकड़ लिया गया। मैं अभी जेल से छूट कर आ रहा हूँ आज सरकारी कर्मचारियों की तनखाह और महंगाई भत्ता बढ़ाना बहुत आवश्यक है। मुझे आशा है कि सरकार इस बारे में कदम उठायेगी। जैसा कि श्री बड़े ने कहा है, पार्लियामेंट के कर्मचारियों की तनखाहें बढ़नी चाहिए और देश भर के सरकारी नौकरों

का महंगाई भत्ता बढ़ना चाहिए।

मैं इस बिल का समर्थन करता हूँ।

श्री मोहम्मद ताहिर (पूणिया): चेयरमैन साहब, मैं समझता हूँ कि मेम्बर साहबान ने इस बिल को गलत तौर पर समझा। डिपुटी चेयरमैन और डिपुटी स्पीकर की तनखाह बढ़ाई नहीं जा रही है। बात यह है कि यह फ़ैसला कर लिया गया है कि उन का स्टेटस मिनिस्टर आफ स्टेट के बराबर होगा। फ़ैसले के बाद गवर्नमेंट के लिए यह लाजिमी है कि वह डिपुटी चेयरमैन और डिपुटी स्पीकर की तनखाह को मिनिस्टर आफ स्टेट की तनखाह के बराबर लाने के लिए उस में इजाफ़ा करे।

17.38 hrs.

[Shri Sezhiyan in the chair]

सरकार बिल्कुल सही बिल लाई है। चूँकि हमने पहले यह फ़ैसला किया है कि डिपुटी चेयरमैन और डिपुटी स्पीकर का स्टेटस मिनिस्टर आफ स्टेट के बराबर होगा, इस लिए उस फ़ैसले पर अमल करने के लिए यह बिल लाया गया है। उन की तनखाह को बढ़ाया नहीं जा रहा है।

شری محمد طاہر ایڑیہ: چیئرمین صاحب۔ میں سمجھتا ہوں کہ ممبر صاحبان نے اس بیل کو غلط طور سے سمجھا ہے۔ ڈپٹی سپیکر اور ڈپٹی چیئر مین کی تنخواہ بڑھانی نہیں جا رہی ہے۔ بات یہ ہے کہ فیصلہ کر لیا گیا ہے کہ ان کا سٹیٹس منسٹر آف اسٹیٹ کے برابر ہوگا۔ اس فیصلے کے بعد گورنمنٹ کے لئے یہ لازمی ہے کہ وہ ڈپٹی سپیکر اور ڈپٹی چیئر مین کی تنخواہ کو منسٹر آف اسٹیٹ کی تنخواہ کے برابر لانے کے لئے اس میں اضافہ کریں۔

[Shri Sezhiyan in the chair]

سرکار بالکل صحیح بیل لائی ہے۔ پہلے فیصلہ کیا ہے کہ ڈپٹی سپیکر اور ڈپٹی چیئر مین کا سٹیٹس منسٹر آف اسٹیٹ کے برابر ہوگا۔ اس لئے اس فیصلے پر عمل کرنے کے لئے بیل لایا گیا ہے۔ ممبران کو بڑھانا نہیں جا رہا ہے۔

SHRI S. M. BANERJEE (Kanpur) : My hon. friend Shri K.M. Madhukar, the speaker from my group, has already opposed the Bill. I am opposing this Bill on principle. I have no quarrel with Shri Bade when he says that the status of the Deputy-Speaker and Deputy Chairman should be raised so that the stature of Parliament is raised. I would only request Shri Raj Bahadur to refer this entire question to the Pay Commission. After all, the Pay Commission is a very high-powered commission. It is only when the cost of living index goes beyond 228 that their salaries could be raised.

I want that these two aspects should be borne in mind. Firstly; nothing should be done unless the figure touched 228. When it reaches 228, the Central Government employees will get their dearness allowance and the Deputy-Speaker and Deputy Chairman will get their salaries too. I would like this question to be referred to the Pay Commission, for another reason also. Other wise, there will be a feeling in the country that each Member is anxious to pass legislation for the betterment of his salary and the salary of the Deputy-Speaker and others. When the Pay Commission is sitting, I would submit that nothing should be done unilaterally. First, this matter should be referred to the Pay Commission. After all, the Pay Commission is going to submit its report, we are told, in 1972. Heavens are not going to fall if this Bill is not passed today. We shall give more status without salary to the Members and to the Deputy-Speaker and Deputy Chairman till then. But the matter should be referred to the Pay Commission.

SHRI A. P. SHARMA (Buxar) : I rise to support this Bill. I entirely disagree with the previous speaker who said that this question should be dealt with in the particular manner he has suggested

SHRI S.M. BANERJEE : Pay Commission.

SHRI A. P. SHARMA : Definitely not.

Because this is a matter for the House to decide. I am glad the Bill has come and I support it.

At the same time, I agree with the other suggestion made by some hon. members, Shri Bade and many others, that the question of the employees of Parliament should also have been considered. As far as I know, the pay and allowances of the employees of the Parliament are not governed by the recommendations of the Pay Commission, neither the First nor the Second, although in matters of DA they are paid at par with other Central Government employees. Their service conditions are also different. Therefore, I would have been very happy if the hon. Minister of Parliamentary Affairs had also brought a similar Bill revising the pay scales of the employees of the Parliament Secretariat. I suggest that along with this Bill, if it is possible, this should be considered.

I support the Bill.

श्री बिभूति मिश्र (मोतीहारी). महाशय, मेरा उस बिल के सम्बन्ध में एक अमेंडमेंट है और मैं अपने उस अमेंडमेंट का समर्थन करता हूँ। मेरा एक और अमेंडमेंट था जिस के ऊपर राष्ट्रपति जी ने अपनी स्वीकृति नहीं दी। उस में मेरा यह कहना था कि स्पीकर का और चेयरमैन का एक स्टेटस है, इन की तनखाह बढ़ाई जाय। चेयरमैन का इसलिए मैं ने कहा था कि चेयरमैन वाइस प्रेसीडेंट होते हैं और जब प्रेसीडेंट नहीं रहते हैं तो वाइस-प्रेसीडेंट उन की जगह रहते हैं इसलिए उन का दर्जा बड़ा है। इसी तरह से अपने लोक सभा के स्पीकर का भी दर्जा ऊँचा है। लेकिन उस को राष्ट्रपति जी ने स्वीकृति नहीं दी। अब इस में सवाल यह है कि डिप्टी स्पीकर और डिप्टी चेयरमैन को एक दर्जा दे

[श्री विभूति मिश्र]

रहे हैं। यहाँ पर हम लोग 523 मेम्बर हैं और वहाँ 238 मेम्बर हैं और जो मुझको आँकड़े मिले हैं उन आँकड़ों के अनुसार राज्य सभा बैठी 1969 में 143 दिन और हमारा हाउस बैठा 1969 में 168 दिन। 1970 में राज्यसभा बैठी 154 दिन और हमारा हाउस बैठा 170 दिन। हाउस में 523 मेम्बर हैं और वहाँ 238 मेम्बर हैं। इस में कुछ वैरी किया है, एकाध इधर उधर। अब आप बताइए कि जो 523 मेम्बर का काम करे और 238 मेम्बर का काम करे, दोनों का स्टेटस बराबर, दोनों की तनख्वाह बराबर यह कैसे उचित हो सकता है? इस के ऊपर जरा ख्याल करना चाहिए। राजबहादुर जी यह बिल लाए, मैं उन से कहना चाहता हूँ, यहाँ ऊपर लिखा हुआ है, धर्मचक्र प्रवर्तनाय, उस को ख्याल में रख कर हम ने विधान की शपथ ली कि सामाजिक न्याय करेंगे, क्या यही सामाजिक न्याय है कि जो हाउस 11 बजे से 5 बजे तक बैठे और जो 11 से लेकर 6, साढ़े छः तक बैठे, जिसका सैटरडे काट दिया जाय, दोनों को बराबर एक समान स्तर पर रखा जाय और जो आदमी यहाँ का काम करे और जो वहाँ का काम करे दोनों का दर्जा बराबर का दिया जाय, दोनों की सैलरी बराबर हो? यह मेरी समझ में नहीं आता और राजबहादुर जी और इनकी कैबिनेट जिस के यह सदस्य हैं, जिन्होंने शपथ ली है कि सामाजिक न्याय करेंगे, मैं उन से जानना चाहता हूँ कि क्या यह सामाजिक न्याय कर रहे हैं? यह सामाजिक न्याय नहीं कर रहे हैं, यह सामाजिक अन्याय कर रहे हैं। क्यों कि हमारे यहाँ यह जो लेफ्टिस्ट भाई कहते हैं कि जो जितना काम करे उस के अनुसार उस की मजदूरी होनी चाहिए, समान काम के लिए समान मजदूरी मांगते हैं तो इस में तो यह

बात नहीं है। मैं कोई राज्य सभा के डिप्टी चेयरमैन के खिलाफ नहीं हूँ। वह भले आदमी हैं। लेकिन सवाल यह है कि इन को भी 250 रुपया सम्पुचुअरी एलाउंस मिले और उन को भी 250 रुपया सम्पुचुअरी एलाउंस मिले और यह सम्पुचुअरी एलाउंस उन को कितने आदमियों को खिलाना पड़ता है और इन को कितनों को खिलाना पड़ता है। चेयरमैन साहब हम लोग अपने क्षेत्रों से चुन कर आते हैं, हम लोगों के घरों में 2—4—10 आदमी बराबर पड़े रहते हैं, उस के लिए राजबहादुर जी कभी बिल नहीं लाये। इतना ही नहीं—ये सरकारी स्टेशनरी, सरकारी कागज़, सरकारी दफ्तर के आदमी, सरकारी गाड़ी का इस्तेमाल करते हैं और उस से ही अपनी कांस्टीचूएन्सी को नर्स करने के लिए जाते हैं। लेकिन हम लोगों के लिए कोई चीज़ नहीं है, हम लोगों को जो कुछ मिलता है, उस से ही हम अपनी कांस्टीचूएन्सी को नर्स करते हैं कांस्टीचूएन्सी में जाय तो अपनी जेब से पेट्रोल का पैसा खर्च करें, अपने आदमियों को, अपने साथियों को उसी में से दक्षिणा दें। तो हम लोगों के लिए कुछ नहीं है।... .. (व्यवधान)... .. ये तो कैपिटलिस्ट लोग हैं, पूँजीपति हैं, इन में किसी को कहीं से पैसा आता है, किसी को कहीं से आता है लेकिन हम लोगों के पास तो कहीं से आता नहीं है, अपने पास से ही खर्च करना पड़ता है...

श्री अटल बिहारी वाजपेयी (ग्वालियर) :
60 लाख रुपया कहाँ से आया ?

श्री विभूति मिश्र : अरे, आपको तो महारानी ग्वालियर दे देती हैं, हम लोगों के पास तो कुछ नहीं है।

श्री हुकम चन्द कछबाय : आपको इन्दिरा महारानी पैसा देती हैं

श्री बिभूति मिश्र : गरीब हमारे हाथ में हैं। इसलिए हमको वोट मिला और आपकी पार्टी की जमानत जन्त कराई। पांच बार उस बांस्टीचूऐन्सी से चुन कर आया हूँ, आपकी पार्टी को हरा कर।

इसलिए मैं राजबहादुर जी से कहूँगा कि न्याय कीजिये, आपने जो शपथ ली है कि सामाजिक न्याय होगा, उसके अनुसार मंत्री-मंडल में निर्णय कीजिये, कि किसको कितना मिलना चाहिये, एक ही फार्मूले में राज्य सभा और लोक सभा—दोनों को मत बाँधिये। मेरा अपना निजी ख्याल तो यह है कि राज्य सभा रहनी ही नहीं चाहिए। जो हमारा संविधान बनाने वाले थे, वे सब अंग्रेजी पढ़े हुए आदमी थे, अंग्रेजों का दिमाग उन के दिमाग में घुसा हुआ था, वे लोग इंग्लैंड गये, अमरीका गये, उनको देखकर यहाँ भी हमारे सिर पर सैंकेण्ड हाउस लाद दिया, स्टेटों में भी जहाँ-तहाँ सैंकेण्ड हाउस लाद दिया मैं राज बहादुर जी से पूछना चाहता हूँ कि जितने बिल हमारे यहाँ से पास हुए, उनमें से कितनों को राज्य सभा में रिवाइज किया, कितना उनमें हेर फेर किया। चेयरमैन साहब, जो कोई रिवाजन का काम करता है कापी देखता है और उसको दूसरा देखे, तो बहुत थोड़ा समय लगता है। जैसे कोई वकील एक मसौदा बनाता है, जब दूसरा सीनियर वकील उसको देखता है तो थोड़ा बहुत हेर-फेर करके उसको मंजूर कर लेता है। जितने दिन हम यहाँ बैठते हैं, उससे थोड़े दिन आगे-पीछे वे लोग बैठते हैं।

अभी हमारा बजट आया, जनता पर टैक्स लगा, उस टैक्स का पैसा किस प्रकार से खर्च करना है, यह देखना आपका काम है। लेकिन यह न समझिये कि इस तरह से तनखाह बढ़ाते जायँ और कहें कि तनखाह बढ़ा कर स्टेटस बढ़ा

रहे हैं। इससे स्टेटस नहीं बढ़ता है, चाहे स्टेट मिनिस्टर हो, डिप्टी चेयरमैन हो, स्पीकर हो, डिप्टी स्पीकर हो, इसमें स्टेटस की कोई बात नहीं है, अगर चुनाव में हार जाय तो स्टेटस घरा रह जायगा। कितने डिप्टी स्पीकरों को हरा कर हम यहाँ आते हैं, रुपये पैसे से स्टेटस नहीं होता है, गांधी जी का कोई स्टेटस नहीं था, लेकिन आज उनको राष्ट्रपिता कहा जाता है। इसलिए मैं राजबहादुर जी से कहूँगा कि न्याय करें। जनता के पैसे को जिसका जैसा काम है उसके अनुसार खर्च करें। उसके अनुसार बिल ला कर दें

श्री हुकम चन्द कछवाय : इनको मिनिस्टर बनवा दीजिये, नहीं तो खतरनाक हो जायेंगे।

श्री बिभूति मिश्र : आप घबराइये नहीं, हम लोग तो वैसे ही खतरनाक हैं। इसलिए मैं राज बहादुर जी से कहूँगा कि वे इस बिल के ऊपर सोचें और इस पर जो मेरा अमेन्डमेन्ट है उसको स्वीकार कर लें। (व्यवधान)... मैं चाहूँगा कि वे इस बात को अच्छी तरह से सोचें। राज्य सभा में बूढ़े लोग जाते हैं। वहाँ पर यह समस्या रहती है कि कौन आदमी बोले ताकि ग्यारह से पाँच तक का समय कटे। दूसरी तरफ यहाँ लोक सभा में राज बहादुर जी को दिन भर तंग किया जाता है, सदस्य कहते हैं कि हमको बोलने के लिए समय दिया जाये लेकिन फिर भी यहाँ पर सदस्यों को बोलने के लिए समय नहीं मिल पाता है ... (व्यवधान)

MR CHAIRMAN: Please do not make any reflection on the other House.

AN HON. MEMBER: He has already made it, Sir.

MR CHAIRMAN: Please do not do so. It is not good.

श्री बिभूति मिश्र : अगर मेरी बात चले तो मैं कहूँगा कि लोकसभा चुनी हुई है, इसको कांस्टीट्यूट असेम्बली मानकर नया संविधान बनाया जाये। अंग्रेजों से लड़ने के लिए असेम्बली में कांफ्रेंस गई थी। उसी से लोग चुनकर गये और कांस्टीट्यूट असेम्बली का निर्माण किया गया। इन लोगों ने वर्तमान संविधान को बनाया। मैं तो चाहूँगा कि हिन्दुस्तान का संविधान लोक सभा बनाये चूँकि एडल्ट फ्रेन्चाइज के बेसिस पर इसको चुना गया है। राज्य सभा की तो जरूरत नहीं है और इस हाउस के साथ न्याय मिलना चाहिए। डिप्टी स्पीकर की तनख्वाह बढ़नी चाहिए लेकिन डिप्टी चेयरमैन की नहीं बढ़नी चाहिए।

SHRIMATI LAKSHMIKANTHAMMA
Mr chairman, Sir, I regret very much...

श्री पीलू मोदी : हिन्दी में बोलिए।

श्रीमती लक्ष्मीकान्तम्मा : मैं हिन्दी में जरूर बोलूँगी लेकिन जब वाजपेयी जी ने हिन्दी छोड़ दी तब मैं क्या कहूँ। It is very unfortunate that we are discussing this matter as such length. I wish the hon. members had conceded the request of the hon. minister of Parliamentary Affairs and passed the Bill without discussion. This place is very sacred place and I think in this House we do not discuss the President.

SHRI PILOO MODY: How does it become sacred ?

SHRIMATI LAKSHMIKANTHAMMA:
Have you got any objection to say that it is a *pavitra sthan*?

MR CHAIRMAN: The hon. member may address the chair and continue her speech.

SHRIMATI LAKSHMIKANTHAMMA:
In this House, we do not discuss the President.

SHRI PILOO MODY: Why not?

SHRIMATI LAKSHMIKANTHAMMA:
Yes, it is there in the Constitution. So also, I think we should not refer to extraneous points here. This is not a very serious matter to drag the Members to bring in all sorts of discussion - socialism, communism, social justice and what not. I do not think there was any need for it, especially in regard to Shri Pilloo Mody sitting there all the time and brooding over socialism. I think usually the psychology is that when you have an enemy, you always think of that enemy. So, also he is always thinking of socialism. I would not be surprised if a day comes when he becomes a socialist himself.

SHRI PILOO MODY: In my case those days are gone.

श्रीमती लक्ष्मीकान्तम्मा : इसको कहते हैं—
विरोधभक्ति।

So many members have discussed it and they have given their impression. In this very House, a Bill was passed to increase the salary of members. Now, I I would like to ask all those Members who spoke about socialism and about their faith in socialism and equality, how many of them have surrendered, - including my Gandhian friend, Shri Bibhuti Mishra - when they spoke about the increase of salaries on that occasion?

Some of them could have set an example by surrendering the increase in their salaries. Now the Deputy Chairman and the Deputy-Speaker will get a sum of Rs 250 more per month. Their salary is being made equal to that of a Minister.

ter of State. I think this should be given retrospective effect.

I express regret on behalf of those members who dragged the name of the Deputy-Speaker for just giving him Rs 250 to which he was entitled. I agree with labour leaders like Mr Banerjee from that side and Mr. A.P. Sharma from this side that the salary of the staff in Parliament should also be increased. I am not asking for an increase in the salary of MPs. If you want, you may reduce it. But the staff in Parliament are working under great difficulties. They have to deal with so many members and it is like walking on razor's edge for them. You do not know when you may displease them. The staff are very good and they are very prompt. Whenever some work is given, they do it very promptly. So, I think their salary should be increased.

SHRI K. DASSAPPA (Chitradurga): Sir, I am surprised why members of the opposition have taken

this matter so light-heartedly. After all, the Deputy-Speaker and Deputy Chairman are respected members of Parliament. They are non-officials working like any one of us. In the statement of objects and reasons, it is clearly said that the Deputy Chairman and Deputy Speaker were given the status of Minister Of State in 1962 itself for purposes of warrant of precedence and travelling and daily allowance. But their salary was not made equal to that of a Minister of State. Now it is being done and the sum involved is just Rs 12,000 per annum. I do not know why the opposition members are so much worried by this. As I said, the Deputy Chairman and Deputy Speaker are respected members of Parliament and they deserve all sympathy and consideration.

With these words; I support the Bill.

ORAL ANSWERS TO QUESTIONS

भारत से काश्मीर को अलग करने के बारे में
शेख अब्दुल्ला का कथित वक्तव्य

+

*511. श्री नाथू राम अहिरवार :

श्री चन्द्रिका प्रसाद :

क्या गृह मंत्री यह बताने की कृपा करेंगे
कि :

(क) क्या सरकार का ध्यान भारत से
काश्मीर को अलग करने के उनके अपने निश्चय
के बारे में शेख अब्दुल्ला द्वारा दिये गये उस
वक्तव्य की ओर दिलाया गया है जो 10 मई,
1971 के दैनिक "हिन्दुस्तान" में प्रकाशित
हुआ था ; और

(ख) यदि हां. तो इस सम्बन्ध में सरकार
की क्या प्रतिक्रिया है और इस प्रकार की राष्ट्र
विरोधी गतिविधियों को रोकने के लिए सरकार
द्वारा क्या कार्यवाही की जा रही है ?

गृह मंत्रालय में राज्य मंत्री (श्री कृष्ण
चन्द्र पन्त) : (क) सरकार ने समाचार पत्रों
में खबर देखी है ।

(ख) सरकार प्रकाशित भाषण को बिल-
कुल गलत और विवेकहीन समझती है ।

देश की अखण्डता का आघात पहुंचाने की
चेष्टा वाली किसी भी गतिविधि को विफल
करने के लिए सरकार ने आवश्यकता पड़ने पर
कानून के अन्तर्गत कार्यवाही की है और
करेगी ।

श्री चन्द्रिका प्रसाद : मुख्य न्यायाधीश
जम्मू काश्मीर ट्राइब्यूनल ने पूरे प्लेबिसाइट
फ्रंट को अवैधानिक कहा है और उसके सदस्यों
के भाषण देने, घूमने फिरने आदि पर रोक
लगाई है । अदालत की राय में शेख अब्दुल्ला
और उनके साथ जो कर रहे हैं वह देशद्रोह का
काम है । क्या भारत सरकार अदालत की राय
के आधार पर कोई सख्त कार्रवाई करने का
विचार कर रही है ?

श्री कृष्ण चन्द्र पन्त : इससे ज्यादा सख्ती
और क्या हो सकती है कि इस संस्था को अवै-
धानिक घोषित कर दिया गया ?

श्री चन्द्रिका प्रसाद : अदालत ने इस बात
को माना है कि यह लोग देशद्रोह का काम
कर रहे हैं, लेकिन भारत सरकार ने उनका
भत्ता 1,000 रु० से बढ़ाकर 1,200 रु० कर
दिया है, रहने की सुविधा भी दी है । क्या
भारत सरकार इन सुविधाओं को छीनने का
आदेश करेगी ?

श्री कृष्ण चन्द्र पन्त : भारत सरकार ने
रुपया नहीं बढ़ाया । यह जम्मू और काश्मीर
सरकार ने बढ़ाया और यह उनके अधिकार
की चीज है । जहां तक रहने की सुविधा का
प्रश्न है, उसको बढ़ाया नहीं गया है । जहाँ
वह पहले रहते थे वहीं आज भी रहते हैं और
उसका किराया भी देते हैं, बिजली पानी का
खर्च भी देते हैं । किराया कंसेशनल रेट पर
पर जरूर है ।

SHRI S. A. SHAMIM : Is the Government aware of the statement that Shri Sheikh Abdulla made to the effect that India being mine motherland my primary interest would be to see that my as well as any one else's conduct does not adversely affect the honour of India. Shri Mirza Afzal Beg has also stated before the Tribunal that he does not support secession. In view of this, would the Government of India clarify its position with regard to Shiekh Abdulla and his other associates ?

SHRI K. C. PANT : In the Unlawful Activities Act the term "secession" has been defined in the following terms :

"Secession of a part of the territory of India from the Union includes the assertion of any claim to determine whether such part will remain part of the territory of India."

In this context, any claim that the fact of accession of a part of the country is yet to be determined does come under the definition of the term "secession".

श्री अटल बिहारी वाजपेयी : क्या सरकार का ध्यान शेख अब्दुल्ला साहब के उस बयान की ओर गया है जिसमें उन्होंने पूर्वी बंगाल में पाकिस्तानी फौजों द्वारा किये जा रहे नरसंहार और अत्याचार की निन्दा करने से इन्कार किया है ? क्या यह भी सच है कि मुस्लिम मुशव्वरात की जिस बैठक में पूर्वी बंगाल में होने वाले अत्याचारों की निन्दा करने से इन्कार कर दिया गया था उसमें शेख साहब मौजूद थे ?

श्री कृष्ण चंद्र पन्त : यह प्रश्न इससे उठता तो नहीं है, लेकिन यह बात सही है कि शेख साहब उसमें थे। जो मुशव्वरात की सभा हुई उसमें उन्होंने शिरकत की। लेकिन उन्होंने कई बातें कही हैं। अखबारों में उनकी एक इन्टरव्यू की खबर भी आई है। हैदराबाद में जो इन्टरव्यू उन्होंने दी थी उसमें कुछ बातें कही हैं जो हमें पसन्द नहीं हैं। लेकिन उसमें उन्होंने यह भी कहा है कि पूर्व बंगाल में पाकिस्तान ने ठीक रबैया अस्त्यार नहीं किया। इस

तरह से दोनों तरह की बातें उन्होंने इन्टरव्यू में कही हैं।

श्री रामचन्द्र विकल : क्या गृह मंत्री जी का ध्यान इस समाचार की तरफ गया जिसमें काश्मीर गवर्नमेंट ने शेख अब्दुल्ला और उनके साथियों के ऊपर से पाबन्दी हटाने की बात कही है। यदि गया है तो सरकार इसके बारे में क्या सोच रही है ?

अध्यक्ष महोदय : आप इसमें ज्यादा चले गये। डेली हिन्दुस्तान में जो स्टेटमेंट छपा है उसके बारे में यह सवाल है।

श्री रामचन्द्र विकल : यह स्टेटमेंट छपा है काश्मीर गवर्नमेंट की तरफ से।

श्री एस० ए० शमीम : ऐसा कोई स्टेटमेंट नहीं है। वह बैन उठाना ही नहीं चाहते।

श्री रामचन्द्र विकल : तो गवर्नमेंट कहे कि वह नहीं उठाना चाहती, या काश्मीर गवर्नमेंट ऐसा कहे। मेरी जानकारी यह है कि यह समाचार छपा है। गवर्नमेंट मना कर दे कि ऐसा समाचार हमने नहीं देखा।

अध्यक्ष महोदय : डेली हिन्दुस्तान में जो निकला है उसका जवाब मन्त्री जी दे चुके हैं।

श्री रामचन्द्र विकल : हिन्दुस्तान में यह समाचार भी छपा है जो मैं निवेदन कर रहा हूँ। काश्मीर गवर्नमेंट की तरफ से छपा है।

अध्यक्ष महोदय : सवाल में 10 मई के दिन जो लिखा है उसके बारे में पूछा गया है।

SHRI TARUN GOGOI : May I know from the hon. Minister whether the alleged statement of Sheikh Abdullah, as it appeared in *Daily Hindustan*, violated any provision of the law ; if it did, why has no action been taken so far ?

SHRI K. C. PANT : It is not only a legal question but in these matters a final decision has to be taken about the action to be taken, when it is to be taken and the manner in which it has to be taken,

**Pak Spies Arrested on Border of Rann
of Kutch**

+

***513. SHRI P. GANGADEB :
SHRI NIHAR LASKAR :**

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether four spies were arrested on the border of Rann of Kutch near Dihara on the 8th May, 1971 ;

(b) whether the spies were trying to enter the mainland of Kutch to disturb the situation in India ; and

(c) if so, what action Government are taking to see that spies do not enter the boundary and create trouble ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS, AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) No, Sir.

(b) Government have to such information.

(c) The utmost vigilance is maintained by all concerned agencies of Government.

SHRI P. GANGADEB : May I know precisely the specific measures taken to curb spying activities of Pakistanis on the border of Rann of Kutch ?

SHRI RAM NIWAS MIRDHA : The utmost vigilance is maintained by the Central Government agencies as well as the State Government agencies on the border of Kutch as well as on other borders of our country. At our instance recently the Finance Ministry has issued instructions to the customs authorities to hand over to civil police smugglers who have been arrested in the border areas. Then, the various legal provisions are also invoked from time to time so that undesirable elements are not allowed to harm the interests of the country. As a matter of fact, this is mostly the concern of the State Governments, who have the primary responsibility in this respect, but all assistance is given and consultations do take place between the Central Government and the State Governments.

SHRI P. GANGADEB : These Pakistani spy rings are not only active in the Rann of Kutch but all over India ; it is a

regular feature now. Therefore, may I know as to what will be the yearly financial assistance given to the States to tackle this problem which is assuming alarming proportions now ?

SHRI RAM NIWAS MIRDHA : Whatever assistance is necessary to strengthen the police force in the States is given from time to time. We supply them with wireless sets, mobile vehicles and other things. If any special request comes from the State Governments, it is always met.

DR. RANEN SEN : In view of the events taking place on the eastern border of India and the turmoil that is going on in Bangla Desh, has the Government thought over the question of strengthening anti-espionage measures in the Rann of Kutch and other western frontiers of India ? He has said that State Governments and Central Government agencies are responsible. Have the Government of India checked up those measures taken in the Rann of Kutch and other areas of the western border ?

SHRI RAM NIWAS MIRDHA : The Central Government always checks up all the measures that the State Governments take as well as whatever the Central agencies do. We are in constant touch with them. A sort of cooperation exists between the State Governments and the Central Government and all measures that are decided are vigorously enforced.

DR. RANEN SEN : In view of the conditions in Bangla Desh, on the eastern border have any special measures been taken ?

MR. SPEAKER : He has replied to that.

श्री नाथू राम अहिरवार : मैं जानना चाहता हूँ कि जो गुप्तचर पकड़े गये हैं। उनके नाम क्या हैं और उनके पास से क्या सामान पकड़ा गया है ?

श्री रामनिवास मिर्धा : उत्तर में मैंने कहा है कि कोई गुप्तचर नहीं पकड़े गए हैं। बोर्डर पर चार व्यक्ति पकड़े गये थे जो उधर घूम कर आ गये थे लेकिन जांच करने पर पता लगा कि वे स्मगलिंग के काम में लगे हुए थे। उनको किसी भी उतरह से गुप्तचर नहीं कहा जा सकता।

Replantation of Tea Gardens

*516. SHRI C. K. CHANDRAPPA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether many tea plantation owners are neglecting the replantation of their gardens ; and

(b) if so, the steps taken to ensure timely replantation in future ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). A statement is laid on the Table of the House.

Statement

The rate of replanting of tea has been much less than the desired level of two per cent per annum. In order to induce tea estates to undertake replanting by replacing old tea bushes by high yielding and better quality bushes, a Replanting Subsidy Scheme is being operated by the Tea Board. In addition, the Tea Board is operating a Plantation Finance Scheme under which Tea Estates can take loans for replanting, replacement and extension of tea areas.

SHRI C. K. CHANDRAPPA : I would like to know from the hon. Minister whether they have taken any step for having an all-India scheme for replantations of tea all over the country. As you know, the produce of tea plantations constitutes more than 50 per cent of our foreign exports in plantation produces and the foreign planters, particularly, the British planters are not doing replantation fearing a possible nationalisation in future. So, in the interest of our exports, I would like to know from the Government whether they have any plan, any scheme, to have an all-India programme for replantation of tea.

SHRI A. C. GEORGE : I agree with the hon. Member that tea industry is a very vital sector in our export trade. At present, the Government have three definite schemes for replantations. The Tea Plantation Finance Scheme provides for Rs. 7400 per hectare in the plains and Rs. 9900 per hectare in the hills for replantation. It is given as a loan. Apart from this, under the Tea Replanting Subsidy Scheme, Rs. 3500 are given for replantation in the plains and Rs. 4500 for replantation in the hills. Over

and above this, we are giving help in the matter of tea machinery and equipment under hire-purchase scheme. As far as foreign companies and others are concerned, and the present target is that we must have replantation at least to the extent of 2 per cent every year, I do agree that foreign companies as well as Indian companies are falling short of our expectations in the matter of replantations.

SHRI C. K. CHANDRAPPA : A small country like Ceylon is ahead of us in the export of tea. They have a comprehensive scheme of replantation. I would like to know whether the Government will make replantation compulsory in our country. The foreign planters are deliberately trying not to replant in the name of lack of finances. So, I want to know whether the Government will enforce replantation, and if that programme is resisted will nationalise foreign plantations and see that the interest of the country is secured.

SHRI A. C. GEORGE : I believe, I have explained in detail. We have a comprehensive scheme to encourage replantation by giving loans, subsidy and other help. As far as the suggestion of nationalisation is concerned, at present, we do not have any programme in mind.

SHRI VARKEY GEORGE : In view of the fact that tea industry which earns substantial foreign exchange is now facing crisis due to uneconomic working results, will the Government come to the aid of this tea industry by reducing the excise duty on tea ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : The tea industry is not facing crisis at the moment. As a matter of fact, last year was a good year and this year is also going to be good year. There is no proposal to reduce excise duty or to give any tax relief to the tea industry. It is picking up market. Last year's performance of tea exports has been really quite good.

MR. SPEAKER : Mr. George, you have asked one question already.

SHRI VARKEY GEORGE : One more question, Sir.

MR. SPEAKER : No, please. I am sorry.

श्री रतनलाल बाह्यल : जितने चाय बागान अभी तक बन्द हुए हैं उनको खुलवाने की व्यवस्था आपकी तरफ से क्या की जा रही है ?

जितने नये बागान मालिक होते हैं और इन बागान को खरीदते हैं वे एक दफा मुनाफा करके चले जाना चाहते हैं और बागान को नष्ट कर देना चाहते हैं। मैं जानना चाहता हूँ कि क्या इसके ऊपर भी आपने ध्यान दिया है ?

श्री एल० एन० मिश्र : मेरे साथी ने बताया है कि जिस बाग की हालत खराब होती है उसको हम सुधारने की कोशिश करते हैं, कर्ज देते हैं, सबसिडी देते हैं, मशीनरी देते हैं, सिंचाई की व्यवस्था करते हैं। दो परसेंट गार्डनज को हर साल उनको नया करना चाहिए पुरानी झाड़ियों को हटा देना चाहिये। जहाँ तक दार्जिलिंग इलाके का सवाल है, यह सही है कि तीन गार्डनज वहाँ बन्द हैं। एक तो रक्षा के काम में आया है और दो अनइकोनामिक होने की वजह से बन्द हुए। उसको खुलवाने का इरादा नहीं है क्योंकि अन्यत्र इसको हम बढ़ा रहे हैं, दक्षिण भारत में भी और बंगाल में भी।

SHRIMATI JYOTSNA CHANDA : Whether the Government is aware that in my District of Cachar, tea is not replanted ? May I know whether the owners of the tea-gardens have taken up schemes to re-plant tea ?

SHRI L. N. MISHRA : It is a general question about Cachar District. I will find out the position.

SHRI N. SREEKANTAN NAIR : In view of the fact that good tea is not available for people in India and for people outside as tea is always given there as a mixture of so many teas—Indian tea, Chinese tea and Ceylon tea—may I know whether the Government intends to go forward with their scheme of packing tea in India and distributing it so that the replanted areas will find proper market in the world ?

SHRI L. N. MISHRA : It depends upon the taste. Some people like me

coming from Eastern India like good-flavoured tea. Some people from Southern India go for Ceylon tea. Good quality tea is available but we make our endeavour to export good quality tea to earn the hard currency.

SHRI R. S. PANDEY : Is it not a fact that whatever scheme we have formulated, the tea plantation owners have taken the money from the Government and not utilised it for development ?

MR. SPEAKER : I was allowing members from the tea-growing areas. But I thought you might add something new.

SHRI R. S. PANDEY : Madhya Pradesh also grows tea, Sir.

SHRI A. C. GEORGE : Our information is that whatever money has been taken, has been well utilised.

SHRIMATI LAKSHMIKANTHAMMA : Apart from the replantation by the individual, there is a vast area under forests and there is a place like Arakkur Valley in Andhra Pradesh...

MR. SPEAKER : There is no new plantation. It is about replantation.

SHRIMATI LAKSHMIKANTHAMMA : I am asking whether in view of the national importance of tea, the Department concerned will be asked to take up coffee and tea plantation.

MR. SPEAKER : Replantation of M.P's. in this House is also taken up.

SHRI DASARATHA DEB : Whether there is any scheme of giving loans to the tea plantation owners of Tripura ?

SHRI A. C. GEORGE : This will definitely receive our attention.

SHRI DASARATHA DEB : If it was given, whether there is any check on the tea garden owners to see if they executed those schemes ?

SHRI A. C. GEORGE : We have not received any complaints so far.

PROF. S. L. SAKSENA : Have the Government any machinery for the supervision of the tea gardens to see that they are not destroyed by hostile tea planters ?

MR. SPEAKER : He has already replied it earlier. That was the first question he replied.

Pension to Former Revolutionaries and Political Prisoners

+

*517. **SHRI SAMAR GUHA :**
SHRI RAMACHANDRAN
KADANNAPPALLI :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government have agreed to make a reappraisal of their policy regarding honorarium in the form of pension to former revolutionaries and political prisoners who suffered long term imprisonment either as detainee or political convict ;

(b) whether appeals were made to Government to extend same facilities and honorarium to other revolutionaries and political prisoners of the freedom struggle days who passed five years or more in British jails or detention camps as have been extended to the Andaman Prisoners ; and

(c) if so, whether Government have arrived at any final decision on this matter ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) to (c). Government have formulated a scheme of pension for freedom fighters who were imprisoned in the Andamans or were deported to jails outside the country. Some representations have been received that the benefit of the scheme should be extended to other freedom fighters who had suffered long terms of imprisonment in the mainland jails. These suggestions are under consideration.

SHRI SAMAR GUHA : Sir, the matter was raised last December in the course of a Call Attention Motion in this House. Almost the whole House made an appeal to the Government. It is 2½ decades almost and the Government has done practically nothing for those freedom fighters. They have dedicated their lives for the freedom of the country, on account of which you are there now. This is a matter of shame for the Government. Cannot they spend at least Rs. 1 crore for those persons ? I want that the Prime Minister should reply.

MR. SPEAKER : Please ask a question only.

SHRI SAMAR GUHA : The whole House was almost unanimous in its appeal. Mr. K. C. Pant said : We will consider also those who spent time in jails abroad, for instance, Portugal etc. We will consider freedom fighters also, and other prisoners. That is what has come out. They have made commitment in the House. I want to know how long they will take to decide about the question of extension of the national honorarium to those who have spent their lives in jails, either as detainees or as prisoners in connection with freedom movement etc. I would like to know how long it will take them to come to a final conclusion to say whether honorarium will be given to them or not.....

SHRI SREEKANTAN NAIR : So that some of us may also get it...

SHRI K. C. PANT : There can be no question of any lack of feeling on the part of the Government in regard to the debt that the country owns to the freedom fighters. But that debt cannot be made up in terms of honoraria and pensions. Primarily it is for the State Governments to pay pensions and this is left to the State Governments to provide for the freedom fighters. Most of the State Governments have got schemes of their own and they have taken various steps for the last 22 years, to which Mr. Guha referred to. These include lumpsum cash grants, land grants, monthly pensions, refund of fines imposed for participation in freedom movement, restoration of confiscated property, rehabilitation loans, educational concessions to their children, preference for employment in Government service, relaxation of age-limit, etc. It is not correct to say that nothing has been done.

Regarding extension of the scheme to those who are deported outside the country I have said in my reply itself that the scheme is extended now to those who were deported to jails outside the country. As to the extension of the scheme to other freedom fighters, I said, that is under consideration.

SHRI SAMAR GUHA : On the 14th December Government mentioned that State Governments are giving pensions to the political prisoners.

These freedom-fighters had sacrificed their all and had spent a major portion of

their life in jail in the British days not only for the freedom of different States only but also for the freedom of the whole country. It is not a fact that in the States only nominal pension of Rs. 25 or 30 or at most Rs. 50 is given to them? If so, it is a matter of shame, I should say...

SHRI NATHU RAM MIRDHA : In my State, they are given pensions of the order of Rs. 250 or Rs. 300 or even Rs. 400. So, it is wrong to say that the amount of pensions is very low. Further, we have given them lands also. So, my hon. friend cannot make a general statement in respect of all States that the pension amount is low.

श्री हुकम चंद कछवाय : अपने चापलूसों को देते होंगे ।

SHRI NATHU RAM MIRDHA : There is no question of *chaploosi* here. It is a fact. (Interruption).

MR. SPEAKER : The hon. Member should know that that was not directed against him. He did not feel the implications of what was said, namely that the lowest amounts were of that order...

SHRI NATHU RAM MIRDHA : It was a question of his stating wrong facts. Therefore, I wanted to correct him.

MR. SPEAKER : But he cannot get up and speak without my permission. He is a very senior Member. Why should he do so?

SHRI SAMAR GUHA : I am surprised to find that at least there is one living coward for the standing for this Government, the standing shame of two and a half...

MR. SPEAKER : That was what I feared he might say.

SHRI SAMAR GUHA : I want to know from Government whether these revolutionaries and freedom-fighters had sacrificed their lives for the freedom of the States only or for national freedom, and if they have sacrificed their all for national freedom, then whether Government would not take up the responsibility of considering the whole matter from the national plan and draw up a national plan for giving national honoraria to the freedom-fighters?

May I also know whether it is a fact that some States have extended the age-limit up to 60, as for instance in West Bengal, for the freedom-fighters who have entered Government service, and if so, whether the Central Government are going to give this benefit to those who are employed under the Central Government by extending their service period up to 60 years because most of them had joined Government service very late?

MR. SPEAKER : There are so many 'ifs' and 'buts'.

SHRI K. C. PANT : He has put a number of questions.

MR. SPEAKER : But he can give one reply.

AN HON. MEMBER : He may reply to the last part of the question.

MR. SPEAKER : The hon. Member seems to be lost in the question himself.

SHRI K. C. PANT : The amount of pension given by the different States varies ; it is Rs. 20 to 50 in Gujarat...

SHRI S. A. SHAMIM : Rs. 25 for those who have spent six months or more in jail?

SHRI K. C. PANT : It goes up to Rs. 75 in Jammu and Kashmir, and in Madhya Pradesh up to Rs. 100, and in Rajasthan, up to Rs. 250 and so on. It is different in the different States...

SHRI ISHAQ SAMBHALLI : What about UP?

SHRI K. C. PANT : My hon. friend has raised the point with regard to the calling-attention-notice and has asked whether we took any notice of what was said in the House. We did take notice of it naturally, and in fact, we wrote to all the State Governments conveying to them the sentiments that were expressed in this House and specifically telling those States where the pensions were low that the amount was not enough and that it should be raised ; and we had pointed out to them that in some of the States the pension amounts were more and we had advised those who were paying less to increase the amount. That was what we had done in

February this year. We have also given more assistance to freedom-fighters and revolutionaries for self-employment and extended the same facilities to the INA men who had joined the Azad Hind Fauj movement.

So we have taken note of all these suggestions and have written to all the State Governments. The broad approach so far of the State Governments has been that those who are in need should be given these pensions.

SHRI SAMAR GUHA : What about extension of service ? Some of them joined very late. Some States have extended the age to 60. What about those who have been employed in the Central Government...

MR. SPEAKER : Please sit down. Do not do like this. I am sorry.

SHRI SAMAR GUHA : You should also pull up this Government.

SHRI RAMACHANDRAN KADANNAPPALLI : The Kerala Government have sanctioned a pension of Rs. 50 per mensem to freedom fighters. The total annual recurring expenditure would come to Rs. 17 lakhs. The Kerala Government have sought 50 per cent financial assistance from the Government of India.

May I know whether the Government has received any request from the State Government for assistance and whether any action has been taken on that request ?

SHRI K. C. PANT : I could not here the question. The Kerala Government have decided to grant Rs. 50 per mensem. All the details are being settled.

श्री भारत सिंह चौहान : अध्यक्ष महोदय, यह मामला बहुत सीरियस है। मैं 25 साल से इस सम्बन्ध में प्रयत्नशील हूँ और पिछली लोक सभा में भारतीय क्रान्तिकारी लोगों के लिए आवे घंटे की चर्चा हुई थी जिसमें शासन ने यह आश्वासन दिया था कि उनके लिये जो करना चाहिये था वह हमने नहीं किया और यह उचित है कि हम उनके लिए और भी कुछ करें। लेकिन अभी तक दो साल हो गये, वह आवे घंटे की चर्चा जो इस सदन में हुई थी

उसमें जो बड़े-बड़े आश्वासन दिए गये थे उसकी पूर्ति नहीं की गई और अलग-अलग राज्यों में जो अपर्याप्त पेंशन दी जा रही है उसे बढ़ाने की व्यवस्था नहीं की गई। मैं चाहता हूँ कि अखिल भारतीय स्तर पर उनके लिए कुछ किया जाय। उनकी प्रतिभा का लोभ देश को मिल सके इसके लिए**

MR. SPEAKER : I am asking the Reporters not to record it. I am repeating this every day. Why are you not caring for it ?

SHRI P. NARASIMHA REDDY : In view of the fact that all the States in the Indian Union are not in a position to introduce such a scheme. Will the Government take over such schemes and offer incentives to the State so that such schemes are adopted all over the country ?

SHRI K. C. PANT : I think there is no State in the country which is so poor as not to afford this little money to the revolutionaries.

SHRI KARTIK ORAON - The tribes have never been found lagging behind in the national movement. I would like to particularly draw the attention of the Government to the cases of Thana Bhagats of Bihar who participated in the non-co-operation movement, as a result of which all the lands have been confiscated and auctioned. The Government have given a number of assurances at different times, but nothing has been done so far. I would like to know from the Government categorically as to what steps they have taken or are going to take to restore the lands in those areas.

SHRI K. C. PANT : We respect the contribution of Thana Bhagat and the others in the freedom movement. It would be invidious to single out any group or person because the whole country participated in that movement. As to what is being specifically done about their land, I require notice. I shall have to find out from the State Government.

PROF. MADHU DANDEVATE : Is it true that though the army men who joined the Indian National Army founded by Netaji Subhas Chandra Bose were essentially

revolutionaries and freedom fighters, they are denied the facilities of pension, while the army men who remained loyal to the British Army were given these facilities, and if so, does the Government propose to move in the matter and give facilities of pension to the ex-INA men ?

SHRI K. C. PANT : Ex-INA personnel have also been treated as political sufferers for the purpose of giving financial assistance.

**Deterioration in Quality of I. A. S/
I. F. S. Entrants**

*518. **SHRI SHYAMNANDAN MISHRA :** Will the PRIME MINISTER be pleased to state :

(a) whether the quality of entrants to the Indian Administrative Service/Indian Foreign Service has been deteriorating for the last fifteen years ; and

(b) if so the steps Government propose to take to rectify the situation ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and (b). Recruitment to the Indian Administrative Service and the Indian Foreign Service is made on the basis of a competitive examination conducted by the Union Public Service Commission every year. The Union Public Service Commission has set norms for the selection to these services keeping in view the requirements of the positions of responsibility, the members of these services are required to occupy.

A study made by the Government some-time back revealed a gradual fall in the proportion of first class graduates appearing at the Combined Competitive Examination, on the basis of the results of which recruitment is made, *inter-alia*, to the Indian Administrative Service and the Indian Foreign Service. The reasons for this fall as also its effect on the quality of entrants are being studied in depth. The action to rectify the situation will be decided on the basis of results of this study.

SHRI SHYAMNANDAN MISHRA : If the Government receive regular reports

on their performance, and I assume that they do, then, what is their assessment about the ability and integrity of the personnel of the IAS ?

SHRI RAM NIWAS MIRDHA : As a whole, the performance of the Indian Administrative Service has been very satisfactory.

SHRI SHYAMNANDAN MISHRA : The hon. Minister was pleased to say that there has been a fall in the number of first class graduates appearing for IAS. What exactly are the reasons for this ? Are the reasons, firstly, that they are attracted to some other branches, and secondly, that there is less sense of security in the IAS ?

SHRI RAM NIWAS MIRDHA : As I said, the whole thing is being studied in depth as to why first class graduates do not appear in the IAS examination and do not get selected in enough numbers. There could be various broad reasons for this. There are a lot of other competing attractions in business and industry where they might like to go. It is not possible to generalise about first class graduates because standards vary from university to university and it can sometimes well be that a second class graduate from one university is as good as, if not better than, a first class graduate in another university.

SHRI A. P. SHARMA : In view of the fact that the Administrative Reforms Commission has recommended that the maximum age limit of recruitment for the IAS should be increased to 26 years, may I know whether the Government has accepted that recommendation and if so what action has been taken to implement it ?

SHRI RAM NIWAS MIRDHA : This recommendation of the Administrative Reforms Commission is under the consideration of Government.

SHRI S. M. BANERJEE : The hon. Minister states that this matter is being investigated in depth. Is it not a fact that they start on a very low salary and because of that the competent people are more attracted by the private sector than the IAS and IFS ? In that case would the Government increase their salaries and make them more lucrative as there is a braindrain in favour of the private sector,

SHRI RAM NIWAS MIRDHA : The present scales of pay may be one reason why enough competent persons are not attracted. That is why this question has been referred to the Third Pay Commission ; this is the first time that their scales had been referred to any pay commission. I think the commission is going into the matter in a comprehensive way considering the responsibilities of the job, our capacity to pay, etc.

श्री विभूति मिश्र : क्या यह सही है कि आई०ए०एस० के लोगों का स्टैंडर्ड गिर जाने का कारण यह है कि विभिन्न यूनीवर्सिटीज में जो थर्ड क्लास में पास होते हैं, उनके नम्बर बढ़ाकर फर्स्ट क्लास कर दिया जाता है और जब वह इसमें एपीयर होते हैं तो यहां भी कुछ इसी तरह की हालत होती है ? क्या सरकार इस सम्बन्ध में कोई कार्यवाही करेगी कि जो शिक्षार्थी बी० ए०, एम० ए० की परीक्षा में या किसी कम्पीटीशन में बैठे, वहां उनको ईमानदारी से नम्बर मिलें ? जब तक ऐसी व्यवस्था नहीं होगी, उनका स्टैंडर्ड नहीं बढ़ेगा—क्या इसके लिए सरकार कुछ सोच रही है ?

अध्यक्ष महोदय : आप तो सजेशन दे रहे हैं ।

श्री विभूति मिश्र : इसका कारण है, आप उनका स्टैंडर्ड देखिये । बिहार में एक मेडिकल कालिज है...

श्री रामनिवास मिर्धा : माननीय सदस्य ने एक ऐसी बात कही है कि जिसका तथ्यपूर्ण तरीके से विवेचन नहीं किया गया है । यह कह देना कि सब विद्यालयों में ऐसा होता है कि तीसरे दर्जे के विद्यार्थियों को पहला दर्जा दे दिया जाता है, यह हमारे विश्वविद्यालयों पर आक्षेप है, जो हमें नहीं करना चाहिये ।

SHRIMATI LAKSHMIKANTHAMMA: Women are very good at administrative jobs.

SHRI PILOO MODY : Give me one good example.

SHRIMATI LAKSHMIKANTHAMMA: In your own Gujarat I was told that there are stories about how women officers had acted in responsible positions. The few women officers that had been recruited have proved exemplary but I was told that there is some restriction that married women are ineligible for IAS and IFS. Why should this restriction be there ? When I became a graduate I myself wanted to appear for the IAS and I was told that because I was married I was not eligible. The restriction should be removed.

SHRI RAM NIWAS MIRDHA : It is very fortuitous that the hon. Lady Member did not get selected in IAS. What is possible loss to IAS is a positive gain to this House.

SHRIMATI LAKSHMIKANTHAMMA: It is unjust that married woman is not eligible while married man is eligible... (Interruptions)

MR. SPEAKER : Order please. He does not say anything bad. He just said something good about you. (interruption).

SHRIMATI LAKSHMIKANTHAMMA : I am not bothered about myself. I am concerned about women in general.

MR. SPEAKER : She should keep waiting for sometime.

SHRI JYOTIRMOY BOSU : Will the hon. Minister kindly tell us whether it is a fact that more than half of the number of IAS comes from the service class families, that the representation from the majority of agricultural and business community is very poor, that the majority of the fathers of successful candidates are in the monthly income-group of Rs. 1,000 and above, and also about 44 percent—

MR. SPEAKER : I am not going to allow such things. Please ask a specific question.

SHRI JYOTIRMOY BOSU : This is a fact. I am putting a specific question. May I know why most members of the IAS come from the service class families, why the representation of agricultural and business communities is poor, and also that the fathers of successful candidates are in the

monthly income-group of Rs. 1,000 and above and about 44 per cent of the successful candidates had their schooling in the public schools ?

SHRI RAM NIWAS MIRDHA : The hon. Member is quoting from a survey which was made by the Allahabad University. But the survey being of a very limited nature, it is not possible to generalise.

**Modification in fourth plan due to
Influx of Refugees from East
Pakistan**

***520 SHRI K. M. MADHUKAR :** Will the Minister of PLANNING be pleased to state :

(a) whether Government have taken a decision to modify the Fourth Five year Plan in view of large influx of refugees from East Pakistan ; and

(b) if so, the main changes proposed to be made ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) and (b). An appraisal of the Fourth Five Year Plan is being undertaken. It will take note of the emerging social and economic situation, including the influx of evacuees from East Pakistan.

श्री कमल मिश्र मधुकर : अध्यक्ष जी, इन शरणार्थियों का सवाल देश में एक भयंकर सवाल बन गया है। चाहे अमरीका हो, इंग्लैंड हो, ये तमाम देश यह चाह रहे हैं कि बंगला देश की समस्या हल न हो और इसके चलते इनप्लक्स आफ रिफ्यूजीज बढ़ता जा रहा है। ऐसी स्थिति में आपकी आर्थिक अवस्था पर बड़ा संकट आने वाला है। मैं सरकार से कहना चाहूंगा कि क्या सरकार कोई ऐसी योजना बना रही है जिसके जरिये या चौथी योजना में उसको सम्मिलित करके ऐसी व्यवस्था की जाय कि जो रिफ्यूजीज आए हुए हैं उनको रोजगार मिल सके और वे अपना जीवन गुजार सकें। साथ ही मैं यह जानना चाहूंगा कि आपकी आर्थिक अवस्था पर इसका क्या असर पड़ने वाला है।

SHRI MOHAN DHARIA : It is known that it is not the policy of the Government to retain all the refugees who have come from East Pakistan into India. (*Interruption*). The policy of the Government is very clear; that those who have come from East Pakistan or Bangla Desh shall have to go back to their original country. It is a temporary phase, and in the budget which was placed before the House an allotment of over Rs. 60 crores has been made for this purpose while making a reappraisal of the Fourth Plan, if some additional amount is required, of course it will be taken into consideration.

श्री कमल मिश्र मधुकर : क्या कोई ऐसी डेड-लाइन बना पाये हैं कि इतने दिनों तक ये रिफ्यूजीज यहां रहने जा रहे हैं और उसके बाद हटाये जाने वाले हैं ?

SHRI MOHAN DHARIA : The question is in relation to the reappraisal of the fourth Plan. I do not think this supplementary arises from this question.

SHRI INDER J. MALHOTRA : The fourth Plan has been, in the past, reviewed, pruned and revised also so many times. May I know whether, even at this moment, when the Government is again going to review the Plan, the basic Principles will remain the same as far as the fourth Plan is concerned ?

SHRI MOHAN DHARIA : The basic principles of planning are certainly consistent with the objectives that we have declared. The basic principles will remain the same. The main questions would be concerning priorities and mobilisation of resources.

Decline in Textile Exports

***521. SHRI B. S. BHAURA :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the cotton textile exports had suffered a set-back during the four month period ended April in the current year ;

(b) if so, the reasons therefor ;

(c) the actual fall in exports during this period ; and

(d) the steps taken to step up the cotton exports ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) to (d). A statement is laid on the Table of the House.

Statement

The exports of cotton textile during the four months period January—April, 1971 are approximately Rs. 6.60 crores less than the exports during the corresponding period in 1970.

Inadequate availability and high prices of domestic cotton coupled with high cost of conversion due to inadequate modernisation in the Textile Industry have adversely affected the competitiveness of Indian cotton textiles in the foreign markets.

The steps taken to increase export include :

- (i) stringent regulation of stocks, credit control and other trading facilities to arrest rise in prices of cotton.
- (ii) Arranging import of large quantity of foreign cotton.
- (iii) Allotment of foreign cotton to exporting mills.
- (iv) Encouraging modernization of exporting mills by arranging soft loans for them and allowing them to import machinery.

SHRI B. S. BHAURA : In view of the fact that the British Government have levied 15 per cent import duty on cotton textiles and this has adversely affected our trade, may I know what action Government is going to take to counter this and get the decision of the British Government revised ?

SHRI L. N. MISHRA : I have already answered this question at a considerable length in the form of a calling attention. I have explained the position of the Government of India and how it will affect our exports.

MR. SPEAKER : This question was admitted earlier than the calling attention. I think this has been sufficiently discussed. Next question.

ब्रिटेन, अमरीका और रूस को सूती कपड़े का निर्यात

*524. डा० लक्ष्मी नारायण पाण्डे : क्या बिदेश व्यापार मन्त्री यह बताने की कृपा करेंगे कि :

(क) ब्रिटेन, अमरीका और रूस को भारत से प्रतिवर्ष कितनी मात्रा में सूती कपड़े का निर्यात होता है ;

(ख) उक्त देशों द्वारा उन पर कितने प्रतिशत प्रशुल्क लिया गया ;

(ग) क्या उक्त कपड़े पर अमरीका 15 प्रतिशत प्रशुल्क लेना चाहता है ; और

(घ) यदि हां, तो इस बारे में क्या कार्यवाही की गई है ?

बिदेश व्यापार मन्त्री (श्री एल० एन० मिश्र) : (क) से (घ). एक विवरण सभा पटल पर रखा जाता है ।

विवरण

वर्ष 1970 में हुए निर्यातों की अनुमानित राशि निम्नलिखित है :—

ब्रिटेन	1538.7 लाख रु०
संयुक्त राज्य अमरीका	1033.0 "
रूस	1688.6 "

भारत से किए जाने वाले आयातों पर ब्रिटेन तथा रूस में कोई आयात शुल्क नहीं लगता । संयुक्त राज्य अमरीका घागे तथा सूती वस्त्रों पर 6.27 प्रतिशत से 18.18 प्रतिशत तक शुल्क लेता है । सिले-सिलाए परिधानों पर शुल्क 8.5 प्रतिशत से 38 प्रतिशत तक है ।

संयुक्त राज्य अमरीका की ओर से प्रशुल्क बढ़ाने का कोई प्रस्ताव नहीं है । परन्तु ब्रिटेन की सरकार ने भारत से किये जाने वाले सूती वस्त्रों के आयातों पर 1-1-1972 से 15 प्रतिशत प्रशुल्क लगाने के अपने इरादे का एलान

किसा है। मामले पर ब्रिटेन सरकार से बत-
नीय की गयी है ताकि उन्हें शुल्क व लगाने के
लिए राजी किया जा सके।

श्री० लक्ष्मी नारायण पांडे : अध्यक्ष
महोदय, मन्त्री महोदय ने अपने विवरण में
बतलया है कि मामले पर ब्रिटेन सरकार से
बातचीत की गई है तो क्या मन्त्री महोदय
बतायेंगे कि ब्रिटेन की सरकार से बातचीत का
क्या परिणाम निकला है? और यदि बात-
चीत का कोई संतोषजनक परिणाम नहीं
निकला है तो इस सम्बन्ध में सरकार कौन सी
ऐसी कार्यवाही करने जा रही है ताकि ब्रिटेन
की सरकार किसी ठीक नतीजे पर अपने के
लिए बाध्य हो सके?

श्री एल० एन० मिश्र : जैसा कि मैंने
पिछली बार भी कहा था कि अभी तक कोई
संतोषजनक निष्कर्ष तो नहीं निकला है।

श्री० लक्ष्मी नारायण पांडे : मैं मन्त्री
महोदय से जानना चाहूंगा कि इस निर्णय के
प्रतिफल-स्वरूप आप कोई ऐसा निर्णय करने
जा रहे हैं या ऐसा विचार आपके समक्ष है कि
कामनवेल्थ से अपने सम्बन्ध आप तोड़ दें या
तोड़ने पर विचार करेंगे?

श्री एल० एन० मिश्र : यह बहुत बड़ी
बात है, इसके विषय में मैं कुछ नहीं कह सकता।
यह बात सही है कि इससे हमको बहुत धक्का
लगने वाला है और इस पर इस देश में और
संसद में बड़ा असंतोष है और यह बात उनको
बतला दी गई है।

श्री सतपाल कपूर : मिनिस्टर साहब
ने कहा कि ब्रिटेन के एटीट्यूड से हमें बहुत
धक्का लगने वाला है। अगर हमें बहुत नुकसान
होने वाला है तो गवर्नमेंट आफ इण्डिया इस
सारी पालिसी, कामनवेल्थ में रहने की पालिसी
को फिर से रिव्यू क्यों नहीं करती है?... (व्यव-
धान)... अगर उनका एटीट्यूड चेंज नहीं होता
है तो हम कामनवेल्थ छोड़ सकते हैं।

अध्यक्ष महोदय इसका जवाब तो आ
चुका है।

SHRI JYOTIRMOY BOSU : May I
know what percentage of our textile export
constitutes semi-finished textiles and what
percentage constitutes finally finished
textiles?

SHRI L. N. MISHRA : I require
notice.

MR. SPEAKER : Too much statistical
information is asked for.

THRI JYOTIRMOY BOSU : We are
losing billions of rupees in foreign exchange.

MR. SPEAKER : Give a separate notice.

SHRI JYOTIRMOY BOSU : It does
not come. We have tried a number of
times.

श्री अटल बिहारी वाजपेयी : अध्यक्ष जी,
सभा पटल पर रखे गए वक्तव्य के अनुसार
संयुक्त राज्य अमरीका घाने तथा सूती वस्त्रों
पर 6.27 प्रतिशत से 18.18 प्रतिशत तक
शुल्क लेता है और सिले सिलावे परिधानों पर
भी शुल्क लेता है तो क्या सरकार ने इस बात
का प्रयत्न किया है कि इस शुल्क की राशि में
भी कमी हो?

श्री एल० एन० मिश्र : जी हां, हमने
प्रयास किया है। हाल ही में हमारे कुछ वरिष्ठ
अधिकारी अमरीका गए हुए थे, वहां पर उन्होंने
बातचीत की। अब कोटा भी बढ़ाया गया है
और उन्होंने कहा है कि यह जो ड्यूटी है वह
घटाई जाये ताकि उनके साथ हमारा एक्सपोर्ट
बढ़ सके।

विकसित देशों की अधिमानात्मक व्यवहार
योजना के अन्तर्गत भारत का निर्यात

*528. श्री नरेन्द्र सिंह बिष्ट : क्या
विदेश व्यापार मन्त्री यह बताने की कृपा करेंगे
कि :

(क) क्या विकसित देशों की अधिमा-
नात्मक व्यवहार योजना के अन्तर्गत निर्यात

बढ़ाने के लिए उनके मन्त्रालय ने कोई कार्यक्रम बनाया है ;

(ख) यदि हां, तो उसका व्यौरा क्या है ; और

(ग) उक्त योजना के अन्तर्गत किन-किन उद्योगों का विकास तथा विस्तार किया जायेगा और इस कार्यक्रम की क्रियान्विति के परिणाम-स्वरूप भारत का निर्यात व्यापार किस सीमा तक बढ़ेगा तथा इसके अन्तर्गत कितने व्यक्तियों को रोजगार मिलेगा ?

विदेश व्यापार मन्त्री (श्री एल० एन० मिश्र) : (क) से (ग). एक विवरण सभा-पटल पर रखा जाता है ।

विवरण

अधिमान सम्बन्धी अंकटाइ की विशेष समिति ने विस्तृत और लम्बी बातचीत के बाद अपना काम पूरा किया और सभी विकास-शील देशों के पक्ष में अपारस्परिक तथा विभेद-रहित आधार पर अधिमानों की व्यापक योजना से सम्बन्धित नई दिल्ली अंकटाइ-द्वितीय संकल्प 21 (2) के कार्यान्वयन के लिए 12 अक्टूबर, 1970 को कतिपय सम्मत निष्कर्ष स्वीकार किये ।

भारत सरकार ने अच्छी निर्यात संभाव्यता वाली निर्मित मर्दों के सम्बन्ध में अनेक कार्यकारी दल गठित किए हैं । ये दल अधिमानों की व्यापक प्रणाली के अन्तर्गत भारत को प्राप्य अवसरों की निरन्तर समीक्षा कर रहे हैं । ताकि उपयुक्त अनुवर्ती कार्यवाही की जा सके ।

भारतीय विदेश व्यापार संस्थान ने जो इस विषय पर विस्तृत और व्यापक अध्ययन कर रहा है, 'न्यू एपारच्युनिटीज फार इण्डियाज एक्जपोर्ट्स' शीर्षक से एक अन्तरिम प्रतिवेदन प्रकाशित किया है जिसमें अधिमानों की व्यापक प्रणाली के अन्तर्गत औद्योगिक दृष्टि से उन्नत

देशों के सभी बाजारों में भारत को जो टैरिफ रियायतें प्राप्त होंगी उनकी व्याख्या की गई है ।

समस्त निर्यात संवर्धन परिषदों, भारतीय निर्यात संगठन संघ, भारतीय वाणिज्य तथा उद्योग मंडल संघ, व्यापार विकास प्राधिकरण, लघु उद्योगों के विकास-आयुक्त और अन्य प्राधिकरणों को अधिमानों की व्यापक योजना के अधीन भारत के व्यापार को प्राप्त होने वाले संभावित लाभों से पूरी तरह से अवगत करा दिया गया है और उनसे इस योजना के अधीन मिलने वाले लाभ हासिल करने के लिए उप-युक्त कार्यवाही करने के लिए भी अनुरोध किया गया है ।

इन लाभों के जटिल स्वरूप को देखते हुए इस सम्बन्ध में ठीक-ठीक आकलन करना संभव नहीं है कि इस योजना के अधीन प्रत्येक उद्योग का किस सीमा तक विस्तार करना चाहिये । इस अवस्था में यह भविष्यवाणी भी नहीं की जा सकती कि इस योजना के कार्यान्वयन के फलस्वरूप भारत के निर्यात व्यापार के किस हद तक बढ़ने की सम्भावना है और इससे कितने लोगों को रोजगार मिलने की सम्भावना है । ये लाभ सभी विकासशील देशों को उपलब्ध होंगे । व्यापार के अंश में वृद्धि प्रत्येक देश की प्रतिस्पर्धाक्षमता पर निर्भर करेगी । केवल इतना ही कहा जा सकता है कि विकसित देशों द्वारा इस योजना को शुरू करते ही उल्लेखनीय लाभ हासिल होने की सम्भावना है ।

अभी तक केवल यूरोपीय आर्थिक समुदाय द्वारा 1-7-1971 से योजना के कार्यान्वयन की सम्भावना का संकेत दिया गया है । औद्योगिक दृष्टि से विकसित अन्य देशों ने यद्यपि इस योजना के कार्यान्वयन सम्बन्धी तिथियों का अभी तक सरकारी तौर पर उल्लेख नहीं किया है, फिर भी समाचार पत्रों में ऐसे संकेत दिये गये हैं कि जापान द्वारा 1 अक्टूबर, 1971 तक अपनी योजना क्रियान्वित कर दी जायेगी ।

श्री नरेन्द्र सिंह बिष्ट : अध्यक्ष महोदय, इस विवरण में लिखा हुआ है कि 12 अक्टूबर 1970 को कतिपय सम्मत निष्कर्ष स्वीकार किए, तो इन पिछले 8-9 महीनों में सरकार ने क्या कार्यवाही की है यह मैं जानना चाहता हूँ।

श्री एल० एन० मिश्र : उनसे बातचीत चल रही है लेकिन अभी हम किसी डेफिनिट या पाजिटिव स्टेप पर हम नहीं पहुँच सके हैं।

श्री नरेन्द्र सिंह बिष्ट : किसी निश्चित निर्णय पर न पहुँचने के क्या कारण हैं ?

श्री एल० एन० मिश्र : जैसा कि माननीय सदस्य जानते हैं इसमें एक देश तो है नहीं, 5-10 देशों से ताल्लुक है। पुराने अधिवेशन में विचार विनिमय और फैसले हुए थे और बातचीत अभी चालू है।... (व्यवधान)...

Boundary Commission for Punjab, Haryana and Himachal Pradesh

*529. SHRI MANI RAM GODARA : Will the Minister of HOME AFFAIRS be pleased to state :

(a) the steps so far taken by Government for the appointment of the Boundary Commission for Punjab, Haryana and Himachal Pradesh as proposed in the Prime Minister's Award of the 29th January, 1970 on Chandigarh ;

(b) whether any representation has been received by Government from the Governments of Haryana and Punjab for the implementation of the Award ; and

(c) if so, what steps are being taken in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) According to the announcement made on the 29th January, 1970, the terms of reference of the Boundary Commission are to be settled in consultation with the Governments of Punjab, Haryana and Himachal Pradesh. Discussions have been held with the Chief Ministers but no consensus has emerged so far.

(b) and (c). No such representations have been received but Government are anxious to implement the decisions as early as possible.

श्री मनीराम गोबरा : मन्त्री महोदय ने बतलाया कि राज्य सरकारों से टर्म्स आफ रेफरेंस की बाबत मसिवरा किया गया था लेकिन किसी फाइनल नतीजे पर नहीं पहुँचे। मैं जानना चाहता हूँ कि क्या सेन्ट्रल गवर्नमेंट अपनी तरफ से टर्म्स एंड रेफरेंस लगाकर कमीशन मुकर्रर करने की धारणा रखती है या इस पर विचार कर रही है ?

श्री कृष्ण चन्द्र पन्त : अभी तक हम इसी प्रयास में थे कि मुख्य मंत्रियों से बातचीत करके, उनका आपस में समझौता कराके कोई रास्ता निकालें लेकिन जैसा मैंने प्रश्न के उत्तर में बतलाया कि अब ऐसा लगता है कि किसी निर्णय तक पहुँच नहीं पायेंगे क्योंकि आपस में कोई समझौते की बात या समझौते से निकलने वाली बात नहीं दीखती। अब आइन्दा किस तरह से चलना है इस पर हम विचार कर रहे हैं।

श्री मनीराम गोबरा : क्या मन्त्री महोदय बतायेंगे कि जब कैबिनेट का डिसीजन लिया गया उस डिसीजन को लेते समय राज्य सरकारों के निर्णय की बात नहीं सोची गई थी तो इस टर्म्स आफ रेफरेंस में राज्य सरकारों से विचार-विमर्श और उनके निर्णय लेने की बात कहां से पैदा होती है ? इसी के साथ दूसरी बात क्या मन्त्री जी यह भी बतलायेंगे कि किसी राज्य सरकार ने आपके सामने यह सुझाव रखा कि जो कैबिनेट ने फैसला किया है उसी फैसले को लागू कर दिया जाये, कमीशन मुकर्रर करने की जरूरत ही नहीं है क्योंकि टर्म्स आफ रेफरेंस पर सरकारें एकमत नहीं है तो इसकी बाबत मन्त्री महोदय का क्या मत है ?

श्री कृष्ण चन्द्र पन्त : अभी तक जो बातचीत रही थी यह टर्म्स आफ रेफरेंस की बारीकियों पर नहीं थी बल्कि इस बात पर थी कि अगर दोनों राज्य सरकारें सहमत हो जायें और

आपस में समझौते से कुछ गांव—इधर से उधर और इधर से उधर दे दे तो जो सरकार का निर्णय है—सरकार का आज भी वही निर्णय है जो कि 29 जनवरी, 1970 को प्रकाशित किया गया था—उस निर्णय पर सरकार चल सके और समझौता नहीं होने पर अब दूसरे रास्ते जो चलने की बात में करता है उसके मायने यह नहीं है कि वह निर्णय बदला है बल्कि वह निर्णय जहां पर पहले था वही पर आज भी है।

WRITTEN ANSWERS TO QUESTIONS

Allotment of News Print to News Papers and Periodicals

*512. SHRI S. R. DAMANI : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) the criteria followed for allotment of newsprint to the regional language dailies ; and

(b) the machinery set up for examining complaints from such newspapers and the extent of discretionary powers exercised by it in the disposal of cases ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRIMATI NANDINI SATPATHY) : (a) The criteria for the allotment of newsprint to newspapers and periodicals including regional language dailies are announced annually as part of Government's import policy for the year in regard to newsprint. The newsprint allocation policy for the year 1971-72 was announced on April 7, 1971, *vide* Public Notice No. 36-ITC(PN)/71, a copy of which was laid on the table of this House on 26th May, 1971.

(b) The complaints against the allocation of newsprint to individual newspapers are ordinarily dealt with by the Registrar of Newspapers on the basis of available data regarding circulation, etc. Any complaints made to the Ministry are examined in order to ensure that the policy of newsprint allocation is being properly implemented.

Influence of Foreign Money on Newspapers

*514. SHRI DHARAMRAO AFZALPURKAR : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the C.B.I. has brought to the notice of Government certain cases regarding the influence of foreign money on certain newspapers in the country ; and

(b) if so, the action taken by Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) and (b). On a careful study of the reports of the Intelligence Bureau in regard to the role of foreign money tentative legislative proposals have already been formulated to impose suitable restrictions on the receipt of funds from foreign organisations, agencies or individuals, other than in the course of ordinary and *bona fide* business transactions. Steps are being taken to discuss as early as possible the principles underlying the proposed legislation with the leaders of the opposition parties.

New Formula for solution of Telengana Problem

*515. SHRI T. S. LAKSHMANAN : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether a new formula for finding a political solution of the Telengana problem has been submitted by the Telengana leaders to the Centre ;

(b) if so, the main points thereof ; and

(c) when Government will take a decision on the formula ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) to (c). Some Telengana leaders have discussed the problems of Telengana region on various occasions. The discussions are continuing.

Streamlining of working of Tea Board

*519. SHRI PHOOL GHAND VERMA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) The number of cases lying pending with Government for streamlining the

working of the Tea Board for the last three years ; and

(b) the reasons for delay and the steps proposed by Government to improve the working of the Tea Board ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) There is no such case pending with Government.

(b) Does not arise.

Agreement between Sovexport and I.M.P.E.C. for Export of Indian Films

*522. SHRI MUHAMMED SHERIFF : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether any agreement has been signed by the Sovexport Film and the Indian Motion Pictures Export Corporation Ltd., for the export of Indian films to Soviet Union ; and

(b) if so, the main features thereof and the foreign exchange earned from the deal ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) An agreement valid for 5 years was concluded on 31st October 1969 and was made effective from 13-3-70. The quantum of annual imports and exports of films is to be determined each year. The programme for the year 1971 has been finalised on the basis of the agreement reached on 17-5-71. Under the annual programme finalised on 17-5-71 Sovexport Moscow will import Indian films to the tune of Rs. 20.6 lakhs during the year 1971.

(b) The salient features of the agreement are as follows :

- (i) The S.T.C. will annually import 25 feature films along with an equal number of documentaries or popular science films and cartoon films in all not exceeding 15 lakhs feet in length.
- (ii) The Soviet Export Film Moscow will import a minimum of Rs. 8 lakhs of Indian films every year.

The arrangement will be valid for a period of 5 years effective 13-3-70.

The total value of Indian films exported to USSR during the years 1967-68 to 1970-71 is as follows :—

	Value in Rs. lakhs
1967-68	4.89
1968-69	4.98
1969-70	4.16
1970-71	1.53
(upto Nov. '70)	

Financial Assistance to Film Finance Corporation

*523. SHRI BRIJ RAJ SINGH-KOTAH : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether Government have extended some additional financial assistance to the Film Finance Corporation ; and

(b) if so, the nature and extent of the assistance and the projects to which the assistance was extended ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRIMATI NANDINI SATPATHY) : (a) and (b). Yes, Sir. The Central Government have granted loans totalling Rs. 32.50 lakhs to the Film Finance Corporation during the year 1970-71 to finance the production of films and to lease theatres for the exhibition of films. A provision of Rs. 30 lakhs has also been made in the budget estimates for 1971-72 to finance the production of films and to meet the expenditure on distribution and exhibition. It has further been decided to grant a subvention at the rate of 10% of the total quantum of loans sanctioned by the Film Finance Corporation for the production of films each year for a period of five years. A provision of Rs. 3 lakhs has been made in the budget estimates for the year 1971-72 for giving sub-vention to the Corporation during the year 1971-72.

Communal Disharmony due to Writings in Urdu Papers

***525. SHRI P. VENKATASUBBAIAH:** Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether Government are aware that since the genocide started by the military junta of Pakistan on the people of East Pakistan, most of the Urdu Press in the country has been taking a critical view of the actions of our Government ;

(b) whether Government are aware that some of the Urdu papers are indirectly creating communal disharmony in the country ; and

(c) if so, the steps Government propose to take to avoid such things ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRIMATI NANDINI SATPATHY) : (a) No, Sir. This is not true of most or even a majority of the Urdu Press.

(b) and (c). Government are keeping a close watch and will take appropriate action if and when necessary.

Import Policy

***526. SHRI S. M. BANERJEE :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether 51 additional items will be imported by the Public Sector agencies during 1971-72 ; and

(b) if so, which are those agencies in addition to the State Trading Corporation ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) Yes, Sir.

(b) Minerals & Metals Trading Corporation. Hindustan Steel Ltd., Indian Oil Corporation and Metal Scrap Trading Corporation.

Exports of Coir Goods from Kerala

***527. SHRI M. K. KRISHNAN :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether demand for exporting coir goods of Kerala is increasing day by day in

Socialist countries like Rumania, Hungary, Czechoslovakia etc. ;

(b) whether Government propose to take specific steps to increase the exports of coir goods to these countries ; and

(c) if so, what are those steps ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) and (c). Exports of coir goods from India to East Europe have been showing a satisfactory increase in recent years. Quantum and value of such exports are indicated below :

Year	Quantity (quintals)	Value (Rupees)
1968	1,30,034	2,92,33,962
1969	1,49,995	3,51,40,915
1970	2,03,767	5,29,64,861

The Government have been taking measures of a general nature aimed at promoting exports of coir goods, viz., product improvement, quality control, preshipment inspection etc. Steps are under way to re-organise the infra-structure of the Coir industry and to modernise production methods so as to generate greater demand for Indian coir goods. These steps are intended for promoting exports to all international markets and not specifically to socialist countries in Europe.

The Coir Board has been carrying out publicity work in East Europe by participating in Trade Fairs and Exhibitions.

Economic Development of Backward Regions

***530. SHRI INDRAJIT GUPTA :** Will the Minister of PLANNING be pleased to state :

(a) whether there is any proposal before Government to take special measures for the development of Eastern regions of U.P., Bastar region and the District of Sreeakulam, considering the backwardness of these regions economically and socially ; and

(b) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) and (b). In the Fourth Five Year Plan of Rs. 965 crores for Uttar Pradesh an outlay of Rs. 219.6 crores has been provided by the State Government for eastern districts under the different sectors of development. In Bastar and Sreekakulam districts which are predominantly tribal areas, tribal development blocks under a Centrally sponsored schemes

are operating. The question of taking up other programmes for accelerating the development of these tribal areas is also under consideration.

Besides the crash scheme for rural employment which will benefit all districts in the country, other Central programmes which are likely to benefit the above mentioned areas are :

Programme	District

(vi) Dry land farming project	Ghazipur
<i>Bastar District</i>	
Concessional finance for industrially backward areas	Bastar
<i>Sreekakulam District</i>	
Small Farmers Development Agency	Sreekakuldm

Bikaner-Delhi Trunk Line

*531. DR. KARNI SINGH : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether Government have under consideration a proposal to put into operation the disturbed Bikaner-Delhi trunk line with new cable during the current year ; and

(b) if so, the main features thereof ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) Yes, Sir.

(b) A new operator dialling circuit from Bikaner to Delhi and two Manual Circuits are already working on the direct coaxial

system. The remaining two circuits are kept on original mixed (open wire and coaxial) route. They will be shifted to work completely on coaxial by middle of July, 1971.

Introduction of Wall Newspapers in Cities and Villages

*532. SHRI R. S. PANDEY : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether Wall newspapers were introduced some time back and, if so, the main objectives thereof ;

(b) the cities where Wall newspapers have been introduced, their frequency and

types of events to be highlighted in the papers ;

(c) whether Wall newspapers have been introduced in villages also ; and

(d) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRIMATI NANDINI SATPATHY) : (a) Yes, Sir. The Wall newspaper, HAMARA DESH, Hindi and English was started on January 20, 1970, to highlight developmental activities and achievements in various fields in the country. Subsequently, editions in Bengali, Marathi, Tamil and Urdu has been started.

(b) to (d). The Wall newspaper is published weekly and its copies are displayed in urban and rural areas all over the country through Central Government Field Publicity Units, State Governments and direct mail. Events relating to developmental achievements including those in rural areas are published in the wall newspapers.

Inordinate Delay in Delivery of Postal Mails in and from West Bengal

*533 SHRI TRIDIB

CHAUDHURI :

SHRI SUBODH HANSDA :

Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether he has received complaints of inordinate delays in regard to delivery of postal mails inside West Bengal Circle and from West Bengal Post Offices to outside stations on account of the disruption of Railway communications in the West Bengal portions of Eastern and South-Eastern Railways and lack of security for postal mail despatching and delivery personnel on account of disturbed law and order conditions in that State ; and

(b) if any remedial measures have been taken in consultation with the Government of West Bengal in order to minimise the delay ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) Complaints of delays in delivery of mail in West Bengal and to mail emanating from West Bengal have been received. Many

of these are attributable to the disturbed conditions in the State and also to the occasional disruption of railway communications in West Bengal.

(b) Liaison is being maintained with the local police and the State authorities and their assistance sought, whenever necessary, to ensure that postal communications are regularly maintained.

उत्तर प्रदेश के मिर्जापुर जिले में चीनी साहित्य खादि से भरा पाया गया बक्सा

*534. श्री धार० बी० बड़ै : क्या गृह मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या मई, 1971 के उत्तरार्ध में उत्तर प्रदेश-बिहार सीमा पर मिर्जापुर जिले के एक निर्जन स्थान पर एक ग्रामीण को एक बक्सा मिला था जिसमें चीनी साहित्य, फोटो, कमरे ट्रांजिस्टर और बैटरियां भरी हुई थी ; और

(ख) क्या इस सम्बन्ध में राज्य सरकार द्वारा इस बीच कोई जांच की गई है ?

गृह मंत्रालय में राज्य मंत्री (श्री के० सी० पन्त) : (क) और (ख). उत्तर प्रदेश सरकार से प्राप्त सूचना के अनुसार जिला मिर्जापुर, पुलिस थाना पानूगंज के अन्तर्गत केओत्तम गांव के निकट एक जंगल में दिनांक 18 मई, 1971 को कुछ पोलिथीन सामग्री और कोमिटाना चीनी साहित्य के साथ एक गत्ते का डिब्बा पाया गया था। अमेरिकन 6 बोल्ट बैटरी के साथ एक ट्रांसमीटर/रिसीविंग सेट, बिद्युत रोधी पदार्थ के 6 खण्डों से ढका हुआ एक छोटे टिन के डिब्बे में कुछ क्षारीय बोल, एक लोचदार अन्दर पहनने का कपड़ा और एक बटन, जो सम्भवतः गणतंत्र चीन की 60वें वर्ष गांठ मनाने का स्मरण पदक हो, पाये गये थे। लगभग 20 पाण्ड वजन के इस साहित्य में च्यंगकाई शेख समर्थक कागज और उसके भाषणों का संक्षेप है। मालूम पड़ता है संबंध का तात्पर्य मौसम विज्ञान सम्बन्धी रिपोर्ट

भेजने के लिए हैं। हर तरह सम्भव है कि वे मौसम विज्ञान सम्बन्धी बैलूनों में आए और चीन की मुख्य भूमि के लिए छोड़े गये थे तथा हवा के बहाव से भारत में गिर गये।

Statehood for Tripura and Manipur

*535. SHRI DASARATHA DEB : Will the Minister of HOME AFFAIRS be pleased to state whether Government propose to introduce a Bill to confer Statehood to Tripura and Manipur during the current session of Lok Sabha ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : Efforts are being made to get the Bill ready for introduction as early as possible.

Reservation for Scheduled Castes/Scheduled Tribes for Recruitment to Government Service

*536. SHRIMATI BHARGAVI THAN-KAPPAN : Will the PRIME MINISTER be pleased to state :

(a) whether Government have under consideration any proposal to increase the percentage of reservation for the Scheduled Castes and Scheduled Tribes for recruitment to Government service on the basis of their increasing strength in the present population ; and

(b) if so, the particulars thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and (b). The percentages of reservations for Scheduled Castes and Scheduled Tribes in the services under the Government of India have already been increased w. e. f. 25th March, 1970, so as to be in keeping with the proportion of these communities in the total population of the country according to the 1961 Census, vide Ministry of Home Affairs Resolution No. 27/25/68-Ests. (SCT) dated the 25th March, 1970. A copy of the Resolution is laid on the Table of the House. [Placed in Library. See No. LT-429/71]. The figures of population of Scheduled Castes and Scheduled Tribes on

the basis of the 1971 Census are not yet available, and therefore the question of any further revision in the percentage of reservation does not arise at this stage.

Setting up of Dry Port in Delhi

*537. SHRI H. K. L. BHAGAT : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government are considering a proposal for setting up a Dry Port in Delhi ; and

(b) if so, when the proposal is likely to be implemented ?

Relationship between Planning Commission and State Planning Bodies

*539. SHRI B. S. MURTHY : Will the Minister of PLANNING be pleased to refer to the reply given to Starred Question No. 61 on the 26th May, 1971 and state :

(a) how the Planning Commission functions vis-a-vis the State Planning bodies ;

(b) whether any norms have been evolved in this behalf ;

(c) whether there are Planning Cells working in the State independently ; and

(d) if so, the relationship of these Cells with the Planning Commission ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) to (d). The State Planning bodies are to aid and advise the State Governments in Plan matters. The State Planning Departments in their turn deal with the Planning Commission in matters relating to the Five Year and Annual Plans.

The State Governments have Planning organisations to suit their own requirement. Generally speaking, there is a separate Planning Department in each of the States ; in some States, the Planning organisation forms part of a Department dealing with Finance, General Administration, etc. The arrangement in the other Departments and subordinate bodies do also differ from State to State. These do not function independently either of the State Governments or of the Departments of which they form parts. The Planning Commission deals with the State Departments dealing with planning.

Harijan's Houses Burnt in Mysore District

2252. SHRI S. M. SIDDAYYA : Will the Minister of HOME AFFAIRS be pleased to state :

2. Giving the public confidence that their grievances are being properly represented and attended to.

3. Advising the Department on the betterment of local and trunk service.

4. Giving publicity to the action being taken by the Department to improve the telephone service.

5. Assisting the Department to tide over the present situation by invoking co-operation and patience from the public.

6. Assisting the Department in the opening of new connections on fair and equitable basis by assessing merits and the comparative nature of the importance of the activities of the applicant and in conformity with the policies of the Government.

Closure of Kadi Durga Cotton Mill in Gujarat

2262. SHRI SOMCHAND SOLANKI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government are aware that Kadi Durga Cotton Mill in Gujarat is closed for the last seven years and no decision has been taken to run the mill to provide employment to the Labourers; and

(b) if so, the latest position in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. G. GEORGE) : (a) and (b). Shri Durga Cotton Mills (Kadi) Pvt. Kadi, is lying closed since 12th September, 1965. The mill has been considered fit to be scrapped. Moreover, the property of the mill has been ordered to be attached by the Court.

Alleged violation of Provisions of press and Registration of Books Act

2263. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether about 40 per cent of newspapers in India did not furnish data to the Registrar of Newspapers, as required under the Press and Registration of Books Act, during the last year as per 14th Report of the Registrar of Newspapers;

(b) if so, the action so far taken to invoke the punitive measures against such defaulters;

(c) whether any enquiry was conducted or is contemplated by Government to find out why such a large percentage of Newspaper organisations were unresponsive, as suggested by the Registrar himself in his Report; and

(d) if not, whether any steps are contemplated to make the law more stringent?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) Yes, Sir. Of the 10,281 newspapers on the records of the Registrar of Newspapers for India on December 31, 1969,

publishers of 3,928 newspapers failed to submit their annual statements for the year 1969 within the prescribed date i.e. February 28, 1970.

(b) Notices have been issued to 831 defaulting newspapers asking them to furnish the requisite particulars. Prosecutions will be launched against them if they fail to do so.

(c) No formal enquiry has been conducted or is contemplated.

(d) Since most of the defaulting newspapers are small, there is no proposal at present to make the law more stringent.

Setting up of an Atomic Energy Plant in Punjab

2266. SHRI DEVINDER SINGH GARCHA : Will the Minister of ATOMIC ENERGY be pleased to state :

(a) whether Government have under consideration a plan to set up an atomic energy plant in Punjab to tide over the power crisis there ; and

(b) if so, the particulars of this plan ?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF HOME AFFAIRS AND MINISTER OF INFORMATION AND BROADCASTING (SHRIMATI INDIRA GANDHI) : (a) and (b). The Government is examining the possibility of setting up atomic power stations in the Northern, Western and Southern Electricity Regions. A Site Selection Committee has been appointed to

select suitable sites for the purpose. The exact location of future atomic power stations can be decided only after the report of the Committee is received and considered by the Government.

Appointment of President of N.D.M.C.

2267. SHRI DEVINDER SINGH GARCHA : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the Administrative Reforms Commission has recommended that a non-official should be elected to be the President of the N.D.M.C. ;

(b) whether an official of the Defence Ministry has been appointed to this post ; and

(c) if so, the reasons for a decision contrary to the recommendation of the Administrative Reforms Commission ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) to (c). The recommendation of the Administrative Reform Commission is that the President of the Committee should be nominated by the Central Government but he need not invariably be an official. The post of the President, N.D.M.C., is borne on the Union Territory Cadre of the I.A.S. As such, an officer of the Union Territory Cadre who was on deputation to the Ministry of Defence, has been appointed to the post.

Per Capita Income in Bihar

2268. KUMARI KAMLA KUMARI : Will the Minister of PLANNING be pleased to state :

(a) whether the per capita income in Bihar State is the lowest in the country and the per capita income of Palamau District is the lowest in Bihar ;

(b) if so, the reasons therefor and the steps being taken by Government to raise the per capita income in Bihar ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) and (b). According to the comparable estimates of the

State incomes furnished by the Central Statistical Organisation for the years 1962-63 to 1964-65, Bihar's per capita income is the lowest. Reliable information about per capita income in various districts is not available.

The difference in the level of development between various States and between different districts within a State, depends upon a variety of complex factors *e.g.* physico-geographical, socio-economic, etc. The measures to accelerate the pace of development in Bihar in the Fourth Plan so as to raise the per capita income in the State are :—

(i) Allocation of Higher Central assistance for the State Plan.

(ii) Sizable investment in Central Industrial Projects.

(iii) Central subsidy amounting to one-tenth of the fixed capital investment of new units having a total fixed capital investment upto Rs. 50 lakhs, in two selected industrially backward districts.

(iv) Concessional finance by financial institutions in industrially backward districts including Palamau implementation of special programmes for small farmers, sub-marginal farmers and agricultural labourers, dry farming, etc. and the rural works programme which are to be financed by the Central Government. The State Government has also been advised to pay special attention to the accelerated development of backward regions through the adoption of Area Planning Approach, the creation of infra-structural facilities, the development of natural resources, potential, etc. The extent of increase in the per capita income of the State, however, will depend upon a large number of other factors *e.g.* investment in the private sector, availability of resources from the financial institutions, etc.

All-Party Delegation from Kerala Re: Cashew Industry

2270. SHRI N. K. SANGHI :

SHRI C. K. CHANDRAPPA :

Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether an all-party delegation from Kerala recently visited Delhi to acquaint the Centre of the crisis in the cashew industry in the State, resulting in the closure of a large number of cashew processing factories for the main reason of inadequate supply of nuts at reasonable price ;

(b) whether Government have previously received any representation either from the Government of the State or from the factory owners against the Cashew Development Corporation regarding inadequacy of supplies of imported nuts at competitive price and, if so, the action taken thereon ; and

(c) the suggestions made by the all-party delegation in this regard and decision of the Centre ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) No, Sir.

(c) A Central team was deputed to Kerala for on the spot study of the problems. The report of the team is under consideration.

Assistance by Trade Development Authority to Small Scale Industry for Exports

2271. SHRI VISHWANATH JHUNJHUNWALA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the Trade Development Authority has formulated plans to give assistance to small scale industrial units which can supply components and parts to Japanese buyers ;

(b) if so, whether similar scheme also exist for small scale unit manufacturers engaged in exports to countries other than Japan ; and

(b) if not, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). Yes, Sir.

(c) Does not arise.

Property Seized during Indo-Pak 1965 Conflict

2272. SHRI S. M. KRISHNA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the names of Indian Nationals whose properties were seized by Pakistan during 1965 conflict ;

(b) the value thereof ;

(c) the value of property of Pakistani nationals seized by the Indian Government ; and

(d) how this property compares with the properties seized of Indian Nationals ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) to (d). The claims of the Indian nationals and Companies whose properties have been seized by Pakistan are of the order of 5600. The efforts in compiling the names and addresses which may run into more than 100 pages, will not be commensurate with the time and labour involved. बनारस हिन्दू विश्वविद्यालय के विद्यार्थी संघ
के अध्यक्ष की हत्या के पीछे कथित राजनीति
बड़यंत्र

2273. श्री कृष्ण चन्द्र पांडे :

श्री तेजा सिंह स्वतन्त्र :

श्री सी० के० चन्द्रप्पन :

क्या गृह मंत्री यह बताने की कृपा करेंगे
कि :

(क) क्या सरकार को पता है कि बनारस
हिन्दू विश्वविद्यालय के विद्यार्थी संघ के अध्यक्ष
श्री संतोष कुमार कपूरिया की नृशंस हत्या के
राजनीतिक षड़यन्त्र था ;

(ख) यदि हां, तो उपर्युक्त हत्या के लिये
जिम्मेदार राजनीतिक दल का नाम क्या है ;
और

(ग) विश्वविद्यालय में शिक्षा का बाता-
वरण पुनः स्थापित करने और शांति तथा
व्यवस्था बनाये रखने के लिये सरकार क्या
कार्यवाही कर रही है ?

गृह मन्त्रालय में राज्य मन्त्री (श्री कृष्ण
चन्द्र पन्त) : (क) से (ग). श्री संतोष कुमार
कपूरिया की मृत्यु से सम्बन्धित मामले की जांच
केन्द्रीय जांच ब्यूरो द्वारा की जा रही है और
अपराध में अन्तर्गस्त लोगों के विरुद्ध कानूनी
कार्यवाही की जायेगी ।

Delhi University Teachers Involved in Naxalite Activities

2274. SHRI N. SHIVAPPA : Will
the Minister of HOME AFFAIRS be pleased
to state :

(a) whether some Delhi University
teachers involved in Naxalite activities and
a number of students had been sent for
training camps in Bihar and West Bengal
from Delhi ; and

(b) if so, whether Government have
made any enquiry regarding these so called
Naxalities ?

THE MINISTER OF STATE IN THE
MINISTRY OF HOME AFFAIRS (SHRI
K. C. PANT) : (a) and (b). Government
have no definite information in this regard.
Government have, however, information
that some students of Delhi University have
left their hostels and there are reasons to
suspect that they have come under Naxalite
influence. Necessary vigilance is being
maintained.

Action against Correspondent of Columbia Broadcasting Corporation

2275. SHRI M. M. JOSEPH : Will
the Minister of INFORMATION AND
BROADCASTING be pleased to state
whether any action was taken by Govern-
ment against the correspondent of the
Columbia Broadcasting Corporation who
was quoted by the Pakistani Radio for the
supply of mischievous news ?

THE DEPUTY MINISTER IN THE
MINISTRY OF INFORMATION AND
BROADCASTING (SHRI DHARAM BIR
SINHA) : Enquiries made by Government
reveal that no such message was filed by
the Columbia Broadcasting System's accre-
dited Correspondent at New Delhi. Hence
there has been no occasion for taking any
action against that correspondent. Accord-
ing to available information, Sheikh Mujibur
Rehman and his party had not planned a
military campaign. The news items seems
to be a part of Pakistan's policy of making
baseless accusations.

Exemption of Age Limit for Government Service for Candidates Registered with Employment Exchanges

2276. SHRI C. K. CHANDRAPPA :
Will the PRIME MINISTER be pleased to
state :

(a) whether Government are ready to
give exemption from age bar to all those
who had got themselves registered in the
Employment Exchanges before they were 25,
but could not obtain a job due to acute
unemployment situation and thus crossed
the age of 25 ; and

(b) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and (b). The minimum and maximum age limits for recruitment to different posts under Government as obtaining at present were fixed in 1959 after taking into account the recommendations made in this regard by the Public Services (Qualifications for Recruitment) Committee under the Chairmanship of Dr. A. Ramaswamy Mudaliar which had gone into this matter in great detail. The Administrative Reforms Commission, have, however, recommended raising of age limits for the non-technical higher services to 26 years so that candidates who might have pursued higher studies in specialised fields or have received training abroad may be eligible to appear at the competitive examinations for such services. This recommendation is under examination. Similarly, a suggestion made by the Staff side in a recent meeting of the National Council of the Joint Consultative Machinery for raising the upper age limit for recruitment to Class III ministerial posts is also under examination. However, relaxation of the upper age limit of 25 wherever such an age is or may be prescribed in respect of those who had got themselves registered with the Employment Exchanges but could not obtain Employment before attaining that age, would not be feasible as such a course would amount to going beyond the prescribed age limit in such cases only and would amount to discrimination.

Unemployment due to Closure of Cashew Processing Factories in Kerala

2277. SHRI N. K. SANGHI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the number of employees thrown out of employment due to large closure of cashew processing factories in Kerala and the reasons for the closure ;

(b) whether the employers of some factories are shifting their factories to the neighbouring States and if so, the reasons therefor ; and

(c) whether Centre has offered aid to ameliorate the lot of the suffering unemployed and, if so, the amount of aid and the manner of distribution ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Exact information is not available.

(b) Most of the factories close for some period every year. There was some delay in reopening of the factories, partly because there was some accumulation of kernel stocks and partly because processing was being done in unauthorised units. We have no information regarding shifting of factories to other States.

(c) A Central team was deputed to Kerala to make an on the spot study. The report of the team is under consideration of the Government.

Estimate of Production of Jute

2278. SHRI BISHWANATH JHUNJHUNUWALA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have made any estimate of the production of jute this year ;

(b) if so, how much of it can be utilised for export purposes ; and

(c) what would be the import content of jute this year ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) The jute and mesta production in 1970-71 (July-June) is estimated at or about 61.94 lakh bales.

(b) Only a small quantity of jute is allowed for export to the U.S.S.R. Exports of 45,974 bales have been authorised during the period July 1970 to May 1971.

(c) No imports of jute or mesta have been authorised during 1970-71 season.

Dainik Basumati, Calcutta

2279. SHRI JYOTIRMOY BOSU : Will the Minister of INFORMATION AND BROADCASTING be pleased to state whether the Management of the Dainik Basumati received, on the eve of the Bengali Puja Holidays in 1970, money as advance payment on account of advertisements from the Information and Broadcasting Ministry ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARM BIR SINHA) : No advance payment on account of advertisements was made by the Ministry to Dainik Basumati during 1970.

Unemployed Engineers

2280. **SHRI RAMACHANDRAN KADANNAPPALLI :**
SHRI NIHAR LASKAR :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) the number of Engineers, Degree-holders and Diploma-holders, unemployed upto 31st May, 1971 ;

(b) the number of Engineers who got employment during the years 1969-70 and 1970-71, State-wise ; and

(c) the further steps taken by Government to provide employment to unemployed Engineers at the earliest ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT): (a) Precise estimates of the number of unemployed engineers in the country are not available. The number of engineers registered with the employment exchanges gives an indication of the extent of unemployment among them. On the 31st December, 1970, there were 16,466 engineering graduates and 47,350 engineering diploma-holders registered with the employment exchanges.

(b) No estimates of the number of engineers who got employment during the past two years, state-wise, have been made. However, from the data on the out-turn of engineers from engineering institutions and the registration of engineers with the employment exchanges during the past few years, it can be broadly reduced that about 30,000 engineers in 1969 and another 33,300 in 1970 could not employment throughout the country.

(c) Attention of the Honourable Members is invited to the statement laid on the Table of the House in reply to Starred Question No. 46 on 31st March, 1971, which describes the steps taken by Government to tackle the problem of unemployment amongst engineers.

Exports of Textiles to U.K.

2281. **SHRI SHYAMNANDAN MISHRA :** Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Duty free entry into the United Kingdom of industrial goods from

developing countries has come a step nearer due to the 1971. Finance Bill of the United Kingdom ;

(b) what would be the position of cotton and some other textiles in this scheme ; and

(c) whether Government have examined its implications in terms of its total export to the United Kingdom ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) Cotton and silk textiles have been excluded in the offer of the United Kingdom under Generalised System of Preferences. Wollen and other textiles have been offered duty-free treatment from developing countries. Provision has been made in the Bill for Special treatment to be accorded to cotton and silk handloom articles.

(c) Yes, Sir.

Allocations for Rajasthan during Fourth Plan

2282. **SHRI N. K. SANGHI :** Will the Minister of PLANNING be pleased to state :

(a) the total investment proposed in the Fourth Plan for Rajasthan and the percentage thereof to the total investment in the country ; and

(b) how much of the proposed investment in Rajasthan is meant for new schemes to be started in the Fourth Plan period ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) An outlay of Rs. 302 crores have been approved by the Planning Commission for the Fourth Five Year Plan of Rajasthan. This works out to about 4.3% to the total Fourth Plan outlay for all the States in the country.

(b) The investment on new schemes included in the State's Fourth Five Year Plan is estimated at Rs. 131 crores.

Unearthing of Foreign Exchange Rackets in Trivandrum

2283. **SHRI A. K. GOPALAN :** Will the PRIME MINISTER be pleased to state the total number of cases involving foreign Exchange detected by the Vigilance Wing, Trivandrum, during the year 1970 ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): The Sub-Regional Unit of the Enforcement Directorate at Trivandrum detected 105 cases of suspected violation of various provisions of the Foreign Exchange Regulation, Act, 1947, during the year 1970.

Gross National Production

2284. SHRI D. D. DESAI : Will the PRIME MINISTER be pleased to state the State-wise break-up of the Gross National Production and disbursement out of the total Gross National Production in the country from 1967 to 1970 ?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF HOME AFFAIRS AND MINISTER OF INFORMATION AND BROADCASTING (SHRIMATI INDIRA GANDAI) : No estimates of the State-wise break-up of the gross domestic product and expenditure are available.

Central Assistance to States

2285. SHRI P. K. DEO :

SHRI RAJDEO SINGH :

Will the Minister of PLANNING be

pleased to state :

(a) whether some State Governments, particularly, the backward States, have been urging the Central Government that a more clear pattern of Centre-State financial relationship should be evolved with a view to giving more Central assistance to the States ;

(b) whether Government have taken any decision for giving Central assistance to the States during the year 1971-72 ; and

(c) if so, the amount of assistance asked for by each State Government and the amount proposed to be given to each State during the current financial year ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) Yes, Sir. Requests have been made by certain States for a revision of the pattern of Centre-States financial relationship. The object of these requests is to improve the financial position of those States.

(b) Yes, Sir,

(c) A statement is laid on the Table of the House.

Statement

Central Assistance, 1971-72

(Rs. in crores)

State	State's Proposals 1971-72			Central Assistance Allocated 1971-72

All States	1465.18			719.50

*Incomplete Estimates.

Note Draft Plan proposals of States for the Annual Plan 1971-72 have not clearly indicated, in all cases, the States proposals for Central assistance. Figures in parantheses should not be taken as proposals for Central assistance since the gap in resources (proposed outlay minus States' resources) would have to be filled by additional resource mobilisation, withdrawals from reserves, etc. besides Central assistance.

राज्यों में प्रति व्यक्ति विकास व्यय

2286. श्री कमल मिश्र मधुकर : क्या योजना मन्त्री यह बताने की कृपा करेंगे कि :

(क) चौथी पंचवर्षीय योजना तक सब राज्यों में प्रति व्यक्ति विकास व्यय समान नहीं रहा है और कुछ राज्यों में प्रति व्यक्ति विकास व्यय 200 रु० तक पहुँच गया है जबकि अन्य राज्यों में यह व्यय 90 रुपये से अधिक नहीं हुआ है ;

(ख) उन राज्यों के नाम क्या हैं जहाँ उपर्युक्त व्यय 200 रुपये है और जहाँ पर यह व्यय कम है ;

(ग) उपर्युक्त व्यय में इस भेदभाव के कारण क्या हैं ; और

(घ) इन राज्यों की पिछड़ेपन की शिकायतों को दूर करने हेतु इनमें प्रति व्यक्ति

विकास व्यय बढ़ाने के लिए सरकार क्या कार्यवाही कर रही है ?

योजना मन्त्रालय में राज्य मन्त्री (श्री मोहन धारिया) : (क) और (ख). सभी राज्यों में प्रति व्यक्ति योजना व्यय समान नहीं रहा है। सभा पटल पर रखे गये विवरण-1 में पहली, दूसरी तथा तीसरी पंचवर्षीय योजना के तथा 1966 से 1969 तक की वार्षिक योजनाओं के तत्सम्बद्ध आंकड़े दर्शाये गए हैं। [मन्त्रालय में रख दिया गया। देखिये संस्था LT-430/71]

(ग) प्रति व्यक्ति योजना व्यय का निर्धारण प्रत्येक राज्य की योजना के समग्र आकार के आधार पर किया जाता है तथा योजना का आकार केन्द्रीय सहायता एवं राज्य द्वारा जुटाए जाने वाले योजना संसाधनों के आधार

पर निर्धारित किया जाता है। जैसा कि सभा पटल पर रखे गये विवरण-2 से स्पष्ट हो जायेगा कि जिन राज्यों का प्रति व्यक्ति योजना व्यय सभी राज्यों के औसत से कम रहा है सामान्यतया उन्होंने स्वयं प्रति व्यक्ति कम संसाधन जुटाये हैं। [ग्रन्थालय में रख दिया गया। देखिये संख्या LT-430/71]

(घ) राष्ट्रीय विकास परिषद की मुख्य मन्त्री समिति ने, जिसने चौथी पंचवर्षीय योजना अवधि में केन्द्रीय सहायता के आवंटन के लिए एक सूत्र निर्धारित किया, कुछ राज्यों के सापेक्षिक पिछड़ेपन को भी ध्यान में रखा। सीमान्त राज्य असम, जम्मू तथा कश्मीर एवं नागालैंड को विशेष स्थान दिया गया है। इसके अतिरिक्त जनसंख्या के आधार पर केन्द्रीय सहायता के 60 प्रतिशत आवंटन से तथा प्रति व्यक्ति आय के आधार पर 10 प्रतिशत आवंटन से, अन्य बातों के साथ, बिहार, केरल, मध्य प्रदेश, उड़ीसा, राजस्थान तथा उत्तर प्रदेश जैसे पिछड़े राज्यों को लाभ पहुंचा है। सरकार ने उन राज्यों के लिए 795.23 करोड़ रुपये तक की विशेष व्यवस्था की है जहां गैर-योजना के कारण बजट सम्बन्धी अन्तराल थे। ऐसा इसलिए किया गया ताकि सम्बन्धित राज्य चौथी योजना अवधि में अपनी योजनाओं के लिए अपने द्वारा जुटाए जाने वाले साधनों में वृद्धि कर सकें।

चौथी योजना के दौरान पिछड़े राज्यों को सहायता

2287. श्री कमल मिश्र मधुकर : क्या योजना मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या राष्ट्रीय विकास परिषद् द्वारा कुल परिव्यय का 10 प्रतिशत भाग बिहार, राजस्थान, उत्तर प्रदेश और उड़ीसा जैसे पिछड़े राज्यों को विशेष सहायता के रूप में दिये जाने की स्वीकृत नीति और निर्णय लेने के बावजूद भी उक्त राज्यों में प्रशंसनीय प्रगति होने की सम्भावना नहीं है ;

(ख) यदि हां, तो क्या उपर्युक्त बातों को ध्यान में रखते हुए सरकार ने चौथी पंचवर्षीय योजना में कुछ परिवर्तन करने का निर्णय किया है ; और

(ग) क्या सरकार महसूस करती है कि इन राज्यों के लिए 10 प्रतिशत की विशेष सहायता पर्याप्त नहीं है ?

योजना मन्त्रालय में राज्य मन्त्री (श्री मोहन धारिया) : (क) चौथी योजना अवधि के दौरान बिहार, राजस्थान, उत्तर प्रदेश तथा उड़ीसा में कुछ मुख्य विकास क्षेत्रों के अन्तर्गत प्रत्याशित प्रगति का ब्यौरा सभा पटल पर रखे गये विवरण में दर्शाया गया है। [ग्रन्थालय में रख दिया गया। देखिये संख्या LT-431/71]

यह बात स्पष्ट हो जानी चाहिए कि केन्द्रीय सहायता के सम्बन्ध में राष्ट्रीय विकास परिषद द्वारा नियुक्त मुख्य मन्त्री समिति ने जो सूत्र निर्धारित किया है उसमें इन राज्यों के विकास कार्यक्रमों के कुल परिव्यय के 10 प्रतिशत अंश की विशेष अनुदान के रूप में व्यवस्था नहीं की गई है। सूत्र के अनुसार केन्द्रीय सहायता के लिए उपलब्ध राशि का 10 प्रतिशत अंश उन राज्यों में बांट दिया जाना चाहिए जिनकी प्रति व्यक्ति आय राष्ट्रीय औसत आय से कम है। इनमें ये चारों राज्य भी सम्मिलित हैं।

(ख) राज्य योजनाओं के कार्यान्वयन के दौरान आने वाली समस्याओं के आधार पर उनमें (राज्य योजनाओं में) समय-समय पर परिवर्तन किए जाते हैं। अब सभी राज्यों की योजनाओं के पुनर्मूल्यांकन के लिए भी कदम उठाये जा रहे हैं। बिहार, राजस्थान, उत्तर प्रदेश तथा उड़ीसा की योजनाओं में परिवर्तन का विचार, यदि कोई परिवर्तन हो, इन योजनाओं का पुनर्मूल्यांकन हो जाने के बाद ही किया जायेगा।

(ग) प्रश्न ही नहीं उठता।

Assistance for Building Haryana's Capital

2288. SHRI S. C. SAMANTA : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether any allocations have been made for building up of the capital for Haryana ;

(b) if so, the manner in which it is to be remitted to the State Government and the percentage it will form of the amount to be spent ;

(c) whether this satisfies the demands of the State Government ; and

(d) when and at what place, the work is to be started ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) No allocation has been made for this purpose in the current year's budget.

(b) and (c). Does not arise.

(d) These details are not available now as the State Government have not yet selected the site for the capital.

Safeguarding of India's Commercial Interests Consequent on Britain's Entry into E. C. M.

2289. SHRI R. S. PANDEY : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government are aware that fresh negotiations are taking place between Britain and the European Common Market countries for Britain's entry into E.C.M. ;

(b) if so, whether any consultations have also been held with India with regard to safeguarding its commercial interests in that event ; and

(c) if so, the outcome thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) and (c). Government of India are not directly involved in the negotiations. However, close contacts are being maintained through diplomatic channels so that

the negotiating sides might be kept aware of the problems that would arise for India's trade following UK's membership of the Community. The Government of India are also doing their best through the diplomatic channels to secure from these negotiations the best possible safeguards for India's interests.

Export Business through Offices attached to Indian Embassies in Foreign Countries

2290. SHRI S. N. MISRA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the number of the Indian Embassies and Offices of the Ministry outside India which have attached with them the requisite Departments for pushing the sale of Indian goods and thus capture the Export Market ; and

(b) the details of Export business put through by the Embassies and offices in the financial year ending 31st March, 1971 individually in respect of each of such Offices ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) There are, at present, 57 Indian Trade Missions and Commercial Sections abroad.

(b) Indian Trade Representatives abroad do not negotiate and are not authorised to negotiate export business for and on behalf of Indian exporters. Their principal task is to assist the Ministry of Foreign Trade by promptly supplying such information as may be required of them, and in particular, such information as will help the Ministry of Foreign Trade in formulating its economic and trade policies.

Suggestions by Indian Statistical Institute for Creating a Quality Development Fund in Engineering Industry

2291. SHRI NIHAR LASKAR :
SHRI S. M. KRISHNA :

Will the PRIME MINISTER be pleased to state :

(a) whether the Indian Statistical Institute had organised a series of All India Conferences to promote Quality Control ;

(b) if so, whether they have suggested that a quality development fund be created in the engineering industry ;

(c) other suggestions made in regard to development of engineering industry ; and

(d) how far Government have accepted them ?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF HOME AFFAIRS AND MINISTER OF INFORMATION AND BROADCASTING (SHRIMATI INDIRA GANDHI) : (a) Yes, Sir.

(b) to (d). The recommendations of the Fifth All India Conference on Quality Control, organised by the Indian Statistical Institute in March, 1971, have not yet been received in the Cabinet Secretariat, Department of Statistics.

Supply of Cotton Yarn to Manipur Handloom Weavers

2292. SHRI N. TOMBI SINGH : Will the Minister of FOREIGN TRADE be pleased to state whether the Government of Manipur have arranged to supply cotton yarn to handloom weavers of Manipur at subsidised or reasonable rates ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : There is no distribution or price control over yarn. However, Government, with a view to removing the difficulties of the handloom weavers of Manipur, are, with the assistance of some mills, trying to arrange for regular supply of their monthly requirements of yarn at reasonable rates.

Appointment of Counsellor to Study Conditions of Jute Industry

2293. SHRI S. M. KRISHNA :
SHRI P. GANGADEB :

Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the Union Government had appointed a Counsellor to study the conditions of the jute industry ;

(b) whether he has submitted any report ; and

(c) if so, the main features of the suggestions made therein ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) No, Sir.

(b) and (c). Do not arise.

कपड़ा उद्योग द्वारा नियंत्रित कपड़े का उत्पादन

2294. श्री हुकम चन्द कछवाय :

श्री लक्ष्मीनारायण पांडे :

क्या विदेश व्यापार मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या नियंत्रित क्रिस्मों के 40 प्रतिशत कपड़े का उत्पादन सुनिश्चित करने हेतु कपड़ा उद्योग पर प्रतिबन्ध लगाने की कोई योजना सरकार के विचाराधीन है ;

(ख) उससे जनता को क्या लाभ पहुँचेगा ; और

(ग) कपड़े के उत्पादन पर उसका क्या प्रभाव पड़ेगा और इस योजना के परिणाम-स्वरूप कपड़ा मिलों को कितनी हानि अथवा लाभ होने की सम्भावना है ?

Grant of Licence to Foreign Companies for Manufacture of TV Sets.

2295. SHRI B. K. DASCHOWDHURY :
SHRI C. CHITTIBABU :

Will the PRIME MINISTER be pleased to state :

(a) the number of TV Sets produced during the current year and their estimated cost.

(b) the estimated demand of TV Sets, State-wise for the current year ;

(c) whether Government are considering to issue licences to foreign companies for the manufacture of TV Sets ;

(d) whether Government are aware that some manufacturers have produced model 19 TV sets at a lower price ; and

(e) the steps Government propose to take to encourage cheap TV set producers ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) 7980 T.V. sets were manufactured during 1970-71. The prices for indigenously manufactured T.V. receivers available in the market are Rs. 1900/- and Rs. 1700/- for 23" and 19" screens respectively, exclusive of all taxes.

(b) The annual demand of T.V. sets to meet the requirements of the only TV Station functioning at Delhi has been estimated as 30,000 sets. With the setting up of T.V. stations at Bombay (with relay station at Poona), Madras, Lucknow (with relay station at Kanpur), Calcutta and Srinagar, during the Fourth Plan Period, the demand is estimated to rise to 2,00,000 sets per annum. The percentage break-up of estimated demand by 1975 for each Station would be as under :-

Delhi	21%
Bombay-Poona	37%
Calcutta	23%
Madras	9.5%
Kanpur-	
Lucknow	6.5%
Srinagar	3.0%
	100%

(c) All applications for manufacture of T.V. sets, including those from firms with foreign equity, received in response to the public notice, are under examination. The decision on these applications will be taken in accordance with the industrial policy.

(d) Government is aware of statements made to this effect.

(e) While taking a decision on the application received for creating additional TV sets, this aspect will be given due consideration along with other relevant factors.

Supply of cotton to mills in Kerala

2296. SHRI PHOOL CHAND VERMA: Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the Government of Kerala had approached the Central Government for the direct supply of cotton for the mills in the State ; and

(b) if so, the reaction of the Central Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). Kerala Government had approached for an *ad-hoc* allocation of cotton from the buffer stock of the Cotton Corporation of India or the National Textile Corporation, in favour of two mills located in that State, which had been asked by the Kerala Government to supply yarn, at concessional price to the weavers. In the absence of any buffer stock with these Corporations, the request for *ad-hoc* allocation could not be met. The two mills in Kerala, however received their due allocation of the imported cotton distributed on the basis of spindle-working. Besides, a scheme was introduced for supply of additional imported cotton to those cotton textile mills who agreed to supply cotton carded yarn of prescribed counts at prescribed rates into a yarn pool created for supplying yarn to the de-centralised sector.

U. N. Survey Re. Computers

2297. SHRI SAMAR MUKHERJEE ; Will the PRIME MINISTER be pleased to state :

(a) whether according to the U. N. Survey, India is having the largest number of computers among the 51 developing nations ; and

(b) if so, the gist of the U. N. Survey ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) Yes, Sir.

(b) The survey was conducted for the preparation of the Report of the Secretary-General on "The Application of Computer Technology for Development", as desired by the General Assembly in its Resolution adopted at its twenty-third session. The

survey was conducted with the aim of obtaining an idea of the number of computers in developing countries, and their use. The survey brought out that amongst the developing countries, three had no computers and five had only one computer each. The computers installed in India in 1968 were 111, (though the number in 1970 rose to 126), followed by 33 in Chile and 14 each in the Republic of Korea, Trinidad and Tobago. The survey has brought out that the computers in developing countries are used for work relating to demography, census and Government Administration and accounting. These applications are similar to those first made, when computers were introduced in the public sector, in the industrially advanced countries. The survey adds that computers are especially important in the essential role technology has to play in reducing disparities between the rich and the poor countries.

Applications for expansion and extension of Jute factories in West Bengal

2298. SHRI DINEN BHATTACHARYYA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether a large number of applications for expansion and extension of Jute Textile factories located in West Bengal are lying with the Government ; and

(b) if so, the reasons for not granting permission to these factories ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). No, Sir. Only 2 cases relating to expansion of capacity for production of carpet backing cloth are pending. Both have been considered by the Licencing Committee, but in one case permission under the MRTP Act has not yet been obtained by the applicant while in the other case certain factual information is being checked.

Services of Employees Dispensed with due to Introduction of Computers

2299. SHRI MANORANJAN HAZRA: Will the PRIME MINISTER be pleased to state :

(a) the total number of computers in India, Industry wise ;

(b) the cost of these computers and other servicing charges paid by Government thereon ; and

(c) the number of workers and employees replaced by the computers ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) The number of computers installed in the country upto 1970 was 126 with the following breakup :—

	No. of Installations
1. Chemical and Allied Industries	9
2. Communications	3
3. Electricity	2
4. Engineering General	13
5. Electrical Engineering	2
6. Automobile Engineering	2
7. Insurance and Banking	6
8. Petroleum and Allied Industries	5
9. Textiles	7
10. Transport : Rail and Air	16
11. Computer and Consultancy Service	10
12. Government Departments	7
13. Steel	5
14. Miscellaneous	5
<i>Research Group</i>	
Research and Educational Institutions	34
Total	126

(b) These 126 computers are owned not only by Government but also by the Private Sector, Universities, Research Institutions etc. The cost of 111 computers which were installed upto 1968 has been estimated to be about Rs. 24 crores (inclusive of ancillary plant and off-line equipment ; this figure provides a reasonable indication of the computer power available in financial terms and does not represent the exact amount in rupees that was spent). The total cost of 126 computers is not readily available.

(c) the Model Agreement on Rationalisation does not permit retrenchment. No complaints of actual loss of jobs due to installation of computers have been received, in establishments within the purview of Central Government. According to a recent survey conducted there has been no adverse effect on the existing employment situation following the use of computers.

**Taking over Somasundara Mills,
Coimbatore**

2300. SHRI A. K. GOPALAN : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have received any memorandum from the Coimbatore District Mill Workers' Union to take over the closed Somasundara Mills through the Textile Corporation of India ; and

(b) if so, the decision taken in the matter ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) No. Sir.

(b) Does not arise.

Census data about Ladakh

2301. SHRI C. K. CHANDRAPPA : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the Census data about Ladakh has shown remarkable changes in the socio-economic life of the people of that region during 1961-71 ; and

(b) if so, the main features thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI MOHSIN) : (a) and (b). Changes in the socio-economic life of the people of Ladakh District 1961-71 will be known when the census schedules are fully processed. However, the provisional population figures of 1971 Census reveal the following main features of changes in Ladakh District :

(i) Population

Export of Iron Ore through M.M.T.C.

2302. SHRI BIBHUTI MISHRA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether iron-ore export has provided to be a losing proposition for the Minerals and Metals Trading Corporation ;

(b) if so, whether this export loss is affecting the overall profitability of the Corporation ; and

(c) if so, the action to be taken in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) It is a fact that the export of iron ore has in recent years involved the MMTC in loss, in strict financial terms, although the loss is marginal.

(b) and (c). The overall profitability of the Corporation has to be considered with reference to the entire range of commodities dealt with, and on its overall business the Corporation is showing profits for the last two years. While the Corporation on its side is endeavouring to secure better prices wherever possible for its exports and otherwise to improve its profitability.

Committee on Production of Controlled Varieties of Cloth

2303. SHRI BISHWANATH JHUN-JHUNWALA : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether Government have set up a Committee to suggest increase in the production of controlled varieties of cloth in the country ;

(b) if so, the composition of the Committee ;

(c) whether the Committee has taken evidence of the representatives of the Industry about their difficulties in maintaining such production at the price fixed by the Government before arriving at the decision ; and

(d) if so, the findings of the Committee ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). A Committee consisting of the following was set up to suggest measures to increase production of controlled cloth :—

1. Shri C. S. Ramachandran, Addl. Secretary, Ministry of Foreign Trade—Chairman.

2. Shri K. Kishore, Textile Commissioner.
3. Shri B. D. Kumar, Jt. Secretary, Ministry of Foreign Trade and Convenor.
4. Shri N. S. Kulkarni, Chairman and Managing Director, Cotton Corporation of India.
5. Shri K. K. Dhar, Managing Director, N.T.C.
6. Shri C. Venkataraman, Director (Finance) Ministry of Finance.
7. Shri K.M.D. Thackersey.
8. Shri Madan Mohan Mangaldas.
9. Shri Pratap Singh
10. Shri K. N. Modi.
11. Shri Bhasker G. Kakatkar.

(c) and (d). The committee was set up to make suitable recommendations for ensuring that the cotton textile mills fulfil their obligation to produce controlled cloth. Representatives of the industry were included in the Committee. A statement containing the details of the scheme evolved by the Committee is attached.

Statement

Under the scheme the industry will produce 100 million sq. metres of controlled varieties of cloth during the quarter beginning from 1st June, 1971. The production

will be subsidised to the extent of 50 paise per sq. metre from the funds to be raised by the industry as follows :

(i) Premium of Rs. 300 per bale on 1,25,000 bales of foreign cotton			Rs. 3.75 crores
(ii) Contribution from the fund collected from the industry under the Package Scheme evolved in 1968 at the rate of 6 paise per sq. metre from mills which did not produce controlled cloth			Rs. 0.75 crores
(iii) Contribution from mills producing non-controlled varieties of Medium A, fine and superfine cloth at the following rates :—			
Medium A	6 paise per sq. metre on 20% packing minus export of this category.		
Fine	12 paise	—do—	
Super-fine	15 paise	—do—	Rs. 0.60 crores.

The amount to be realised from each mill will be calculated on the packing during February/April, 1971 quarter.

2. The Scheme has come into force

with effect from 1st June, 1971 and is being implemented by the Indian Cotton Mills Federation under the supervision of the Textile Commissioner.

राजस्थान के विधान सभा सदस्य श्री अब्दुल हादी द्वारा पाकिस्तानी सेना और मुजाहिदों की कथित सहायता देना

2304. श्री नाथूराम अहिरवार : क्या गृह मंत्री यह बनाने की कृपा करेंगे कि :

(क) क्या राजस्थान के छोटन निर्वाचन क्षेत्र के विधान सभा सदस्य श्री अब्दुल हादी ने 1965 के भारत-पाक संघर्ष के दौरान कुछ पाकिस्तानी जासूसों का स्वागत किया था और पाकिस्तानी सेना एवं मुजाहिदों की सहायता की थी ;

(ख) क्या इस बारे में उनके कुछ पत्र भी बरामद हुए हैं ; और

(ग) यदि हां, तो इस बारे में सरकार की क्या प्रतिक्रिया है ?

गृह मन्त्रालय और कार्मिक विभाग में राज्य मंत्री (श्री राम निवास मिर्धा) : (क) सरकार के पास ऐसी कोई निश्चित सूचना नहीं है जिससे ऐसे आरोप साबित होते हों ।

(ख) जी नहीं, श्रीमान् ।

(ग) प्रश्न नहीं उठता ।

रेलवे के उपकरणों की सप्लाई के लिए विदेशों से प्राप्त क्रयादेश

2305. श्री जगन्नाथ राव जोशी :

श्री हुकम चंद कछवाय :

क्या विदेश व्यापार मंत्री यह बताने की कृपा करेंगे कि वर्ष 1971-72 के दौरान अब तक रेलवे के उपकरणों की सप्लाई करने के लिए विदेशों से कुल कितने मूल्य के क्रयादेश प्राप्त हुए हैं और इस वर्ष के दौरान विदेशों को लगभग कितने मूल्य के सामान के निर्यात होने की सम्भावना है ?

विदेश व्यापार मन्त्रालय में उप-मंत्री (श्री ए० सी० जार्ज) : लगभग 57 करोड़ रु०

मूल्य के रेल माल डिब्बों, सवारी डिब्बों और अन्य रेलवे उपकरणों की पूर्ति के लिये क्रयादेश प्राप्त हुए हैं । इनमें से 21 करोड़ रुपये मूल्य का सामान वर्ष 1971-72, में निर्यात किये जाने की सम्भावना है ।

वैध पारपत्रों द्वारा जम्मू तथा काश्मीर राज्य में आने वाले पाकिस्तानी राष्ट्रिक

2306. श्री जगन्नाथ राव जोशी :

श्री हुकम चंद कछवाय :

क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) 1 जनवरी, 1968 से लेकर अब तक वैध पारपत्रों द्वारा जम्मू तथा काश्मीर राज्य में आए पाकिस्तानी राष्ट्रिकों की संख्या कितनी है ;

(ख) इनमें से ऐसे लोगों की संख्या कितनी है जो उक्त अवधि के दौरान अपने पारपत्रों की अवधि पूरी हो जाने से पूर्व पाकिस्तान लौट गये ;

(ग) इस अवधि के दौरान कितने पाकिस्तानी राष्ट्रिकों को राज्य से निष्कासित किया गया ; और

(घ) ऐसे पाकिस्तानी राष्ट्रिकों की संख्या कितनी है जो इस समय लापता हो गये हैं ?

गृह मन्त्रालय में राज्य मंत्री (श्री कृष्ण चंद्र पंत) : (क) से (घ). जम्मू व काश्मीर सरकार ने सूचित किया है कि 1 जनवरी, 1968 से 31 मई, 1971 तक की अवधि में 450 पाकिस्तानी राष्ट्रिक वैध वीजा पर राज्य में आये, 92 ठहरने की अधिकृत अवधि की समाप्त होने से पूर्व राज्य से पाकिस्तान चले गए किसी को भी राज्य से निष्कासित नहीं किया गया और एक लापता हो गया है । 317 पाकिस्तानी राष्ट्रिक अपने ठहरने की अवधि बढ़वाने के बाद राज्य से पाकिस्तान चले गए ।

केन्द्रीय सरकार के सरकारी कार्य में हिन्दी का प्रयोग

2307. श्री-शिव कुमार शास्त्री : क्या गृह मन्त्री यह बताने की कृपा करेंगे कि :

(क) केन्द्रीय सरकार के सरकारी कार्य में हिन्दी के प्रयोग की प्राथमिकता देने में आगे क्या प्रगति हुई है ;

(ख) हिन्दी भाषी राज्यों के साथ पत्र व्यवहार केवल हिन्दी में करने सम्बन्धी निर्णय को अभी तक क्रियान्वित न करने वाले विभागों के नाम क्या हैं ; और

(ग) इसके मुख्य कारण क्या हैं ?

गृह मन्त्रालय और कार्मिक विभाग में राज्य मंत्री (श्री राम निवास मिर्चा) : (क) से (ग). भारत सरकार के कार्यालयों में सरकारी कार्य के लिए हिन्दी के प्रयोग को बढ़ावा देने की दृष्टि से एक वार्षिक कार्यक्रम तैयार किया जाता है और आवधिक प्रतिवेदनों के द्वारा इसके कार्यान्वयन जांच की जाती है। द्विभाषिक रूप में जारी किए जाने वाले संकल्पों, सामान्य आदेशों, नियमों, अधिसूचनाओं और प्रशासनिक तथा अन्य रिपोर्टों को जारी करने में बराबर प्रगति हुई है। तथापि, कुछ कठिनाइयों के कारण संविदाओं, लाइसेंसों, परमिटों आदि जैसे कागजातों के बारे में अधिक प्रगति नहीं हो सकी है।

जनता, सरकारी कर्मचारियों और जिन राज्य सरकारों ने हिन्दी को अपनी राजभाषा के रूप में स्वीकार किया है, उनके साथ होने वाले पत्र-व्यवहार के लिए भारत सरकार के विभिन्न मन्त्रालयों और विभागों में हिन्दी का प्रयोग बढ़ रहा है।

केन्द्रीय सचिवालय में जिन अनुभागों में टिप्पण और आलेखन के लिए हिन्दी का प्रयोग किया जा रहा है, उनकी संख्या ता० 31-3-1969 को 176 थी, जो बढ़कर ता० 3-3-1970 को 250 हो गई।

Imports through S.T.C.

2309. SHRI S. R. DAMANI : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the items which are exclusively channelled for import through the State Trading Corporation and what is the profit margin on such deals ;

(b) the percentage of commission charged on imports of industrial raw materials and the criteria for fixing it ; and

(c) the total income from these sources during 1970-71 ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) and (b). A list of items canalised for import through the STC is laid on the Table of the House. [Placed in Library. See No. LT-432/71].

As regards profit margin on imports, it differs from item to item and is fixed having regard to the guidelines provided by Government (through Intern-Ministerial Committees, where necessary), laying down the procedure for fixation of prices after taking into account various factors such as import prices, domestic prices, etc. Normally some margin of profit is added to the landed cost where there is no indigenous production. But in the case of items in which there is indigenous production of the same materials or of substitutes, the release price is fixed at a level slightly lower than that of indigenous material or of substitutes.

(c) The gross profit of the STC in 1970-71 is estimated at Rs. 15.9 crores.

Export of Tea, Coffee, Cashewnuts and Textiles

2310. SHRI S. R. DAMANI : Will Minister of FOREIGN TRADE be pleased to state :

(b) if so, the reaction of the Government of Tripura in the matter ; and

(c) what steps are being taken to prevent infiltration of non-tribals in the tribal compact areas of Tripura ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) to (c). The Government of Tripura have intimated that there have been demands for extension of the fifth Schedule of the Constitution to the Union Territory of Tripura. Further after the publication of the Report of the A.R.C. on the Administration of Union territories and NEFA, there have been demands for the constitution of autonomous regions for tribals in Tripura on the pattern recommended for Manipur. These demands are being examined by the Government of Tripura. The Government of Tripura have also intimated that the order issued in 1943 by the Ex-Ruler of Tripura to prevent infiltration of non-tribals into Tribal Reserved Areas is still in force.

Production and Demand of T.V. Sets

2313. SHRI BHOGENDRA JHA :
SHRI H. K. L. BHAGAT :

Will the PRIME MINISTER be pleased to state the total production and demand of Television Sets at present and the concrete steps being taken to expand the same during the Fourth Five Year Plan ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. BANT) : 10,360 television sets have been manufactured in India by four manufacturers upto 31st March, 1971.

At present only one television station is operating at Delhi. The estimated annual demand to cater to the needs of the area covered by this station, is 30,000 sets. With the decision to set up television stations at Bombay (with relay station at Poona), Calcutta, Madras, Lucknow (with relay station at Kanpur) and Srinagar during the Fourth Five Year Plan period, the annual demand is estimated to increase to 2,00,000 sets. Applications received for the issue of industrial licences for the establishment of the new estimated capacity are under consideration.

2315. SHRI MANORANJAN HAZRA : Will the Minister of HOME AFFAIRS be state :

(a) the procedure for recruitment to the Central Reserve Police ;

(b) the total number of persons recruited to Central Reserve Police in the last one year, State-wise ; and

(c) what are the guide-lines in regard to the conduct and the responsibilities to be discharged by the Central Reserve Police ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) Posts in the Central Reserve Police Force are filled by—

(i) recruitment from the open market through the Employment Exchanges and the Directorate General of Resettlement ;

(ii) promotion within the force ;

(iii) obtaining serving police and army officers on deputation basis ; and

(iv) re-employment of retired army and police officers when adequate personnel are not available from sources (i) to (iii) above.

(b) The information is being collected and will be laid on the Table of the Sabha.

(c) Allegiance to the Constitution, discipline, integrity, obedience, loyalty, "sense of dedication to their duty and the Nation, and being in a State of constant training and preparedness are the guidelines of conduct for the Central Reserve Police Force. The role of the Force is mainly to go to the assistance of State Governments in the restoration and maintenance of law and order and for internal security. The Force can also be deployed for border security duties, guarding vital installations and protecting Central Government property.

(c) whether according to an expert team, what is available with Thailand now is not Jute but chaff which may not be very useful in the country ; and

(d) if so, whether Government would proceed further with this proposed purchase and how the short-fall is going to be met ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) to (d). The question of importing jute/mesta had been taken up in September, 1970. The prices of fibre abroad had affirmed up by the time decision was taken to import. Since mills evinced no interest in imported jute at high prices and in view of reports that the quality of fibre available was very poor, no imports have been made. There was, however, no shortage of fibre in the country.

The 1971-72 jute and mesta crop in the country is expected to be good and no shortage of fibre is anticipated in the next season. The imports of fibre will also be considered if such a measure is found essential.

Export of Pepper under Manila Pact

2319. SHRI T. S. LAKSHMANAN :
SHRI MADHURYA
HALDAR :

Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether export of pepper will not improve as a result of the Manila Pact signed by India, Indonesia and Malaysia ;

(b) whether Indonesia is exporting pepper in contravention of this Pact ; and

(c) if so, the steps taken by Government to protect India's interests ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) to (c). No 'Pact' as such has been signed. Perhaps the reference is to the proposed Pepper Community, the agreement of which was signed by India, Indonesia and Malaysia in Manila. As no trading arrangement has been considered under the Agreement, the question of Indonesia exporting pepper in contravention of Pepper Agreement does not arise.

Introduction of Generalised System of Preferences by E.E.C.

**2320. SHRI T. S. LAKSHMANAN :
SHRI C. CHITTIBABU :**

Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the European Economic Community will be introducing a generalised system of preference from July, 1971 ;

(b) if so, the main features of the scheme ; and

(c) whether India will be benefited by this system and, if so, the manner thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) Under the G.S.P., the E.E.C. has offered duty free entry for all manufactured and semi-manufactured products falling under Chapters 25-99 of the Brussels Tariff Nomenclature originating in all developing countries including India. Items falling in the Agricultural Sector (Chapters 1-24 of BTN) have been included on a selection basis. These will enjoy only a small reduction in the Common External Tariff.

(c) Yes, Sir. All the non-traditional items of exports from India will be benefited in varying degrees.

Murder of Shri Hemantha Kumar Basu

2321. SHRI SAMAR GUHA : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the Central Government have asked the State Government to make all possible efforts for unearthing the plot that led to the murder of Shri Hemantha Kumar Basu, a veteran political leader, in view of the fact that several representations were made to Government regarding the matter ;

(b) whether a colleague of late Hemantha Kumar Basu, Shri Ajit Biswas, who was a candidate in the Byelection in the Constituency of Shri Basu, was also brutally killed recently ;

(c) if so, whether a special investigation committee under the C. B. I. is proposed to be set up to enquire into these double tragedies and haul up the criminal ; and

(d) if so, the reasons therefor and the alternative steps taken by Government ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : (a) and (b). Yes, Sir.

(c) and (d). No, Sir. The investigations into the two murders are already in progress. The Central Government will however provide all necessary assistance as may be sought by the State Government, in the investigations.

Team from Centre to study Cashew Industry in Kerala

**2322. SHRI C. CHITTIBABU :
SHRIMATI BHARGAVI
THANKAPPAN :**

Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether a Central Team Visited Kerala State recently to study the problems of Cashew industry there ;

(b) if so, the results of this study ; and

(c) the follow-up action Government have taken or propose to take ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) and (c). The report has been received only a few days back and is under the consideration of the Government.

Special Courts for Summary Trials in Areas affected by Communal Trouble

2323. SHRI ESWARA REDDY : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government are considering a proposal to set up special courts to hold

summary trials in areas affected by communal trouble ; and

(b) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and (b). Government intend to introduce in Parliament a Bill seeking to empower State Governments to set up special Courts in areas affected by disturbances, for expeditious trial of offences arising out of such disturbances.

गढ़वाल (उत्तर प्रदेश) में शाखा डाकघर

2324. श्री प्रताप सिंह नेगी : क्या संचार मन्त्री यह बताने की कृपा करेंगे कि :

(क) इस समय उत्तर प्रदेश के गढ़वाल जिले में कार्य कर रहे शाखा डाकघरों की कुल संख्या कितनी है ;

(ख) इनमें से कितने डाकघरों का निकट भविष्य में उप डाकघरों के रूप में दर्जा बढ़ाये जाने का प्रस्ताव है ;

(ग) किन-किन डाकघरों में टेलीफोन सुविधायें उपलब्ध की गई हैं ; और

(घ) किन-किन डाकघरों में निकट भविष्य में टेलीफोन सुविधायें उपलब्ध किये जाने का प्रस्ताव है ?

संचार मन्त्री (श्री हेमवती नन्दन बहु-गुणा) : (क) 8-6-71 को उत्तर प्रदेश के गढ़वाल जिले में 366 शाखा डाकघर काम कर रहे हैं ।

(ख) उपर्युक्त शाखा डाकघरों में से 8 का दर्जा बढ़ाकर उन्हें निकट भविष्य में उप डाकघर बनाये जाने का प्रस्ताव है ।

(ग) गढ़वाल जिले में आदबदरी और सिमाली 2 डाकघरों में टेलीफोन सुविधाओं की व्यवस्था की गई है ।

(घ) इस समय गढ़वाल जिले के किसी अन्य डाकघर में टेलीफोन सुविधाओं की व्यवस्था करने का प्रस्ताव नहीं है ।

कोटद्वार और पौड़ी का दिल्ली और लखनऊ से सीधा टेलीफोन सम्पर्क

2325. श्री प्रताप सिंह नेगी : क्या संचार मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या उत्तर प्रदेश के कोटद्वार और पौड़ी को सीधी टेलीफोन व्यवस्था द्वारा दिल्ली और लखनऊ से मिलाने की मांग की गई है ;

(ख) यदि हां, तो यह व्यवस्था कब तक की जाएगी ; और

(ग) यदि नहीं, तो उसके क्या कारण हैं ?

संचार मन्त्री (श्री हेमवती नन्दन बहु-गुणा) : (क) ऐसी कोई मांग प्राप्त नहीं हुई ।

(ख) प्रश्न ही नहीं उठता ।

(ग) कोटद्वार और दिल्ली के बीच प्रति दिन बुक की जाने वाली कालों की औसत संख्या 10 है और पौड़ी और लखनऊ के बीच प्रतिदिन औसतन 3 काल बुक किये जाते हैं । इतने कम ट्रंक परियात के लिए सीधे सर्किटों का औचित्य नहीं है ।

Frequent Stoppage of Broadcastings from Calicut All India Radio Station

2326. SHRI A. K. GOPALAN : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether the attention of Government has been drawn to frequent stoppage of broadcastings from the Calicut All India Radio Station ;

(b) if so, the reasons therefor ; and

(c) the steps taken in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) Yes, Sir.

(b) The breakdown are mainly due to the failure of electric supply.

(c) The matter was taken up with Kerala State Electricity authorities, who have informed that as soon as Kuttikattur sub-Station is commissioned an alternate supply feeder to the Transmitting Station will be provided. This will improve the position.

**Setting up of a Vigilance Commission
to look into Complaints of
Minorities**

2327. SHRI SHYAMNANDAN MISHRA : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether Government's attention has been drawn to the speech of the Chief Justice of India at a Seminar on "Law and the Minorities in India", where he suggested the establishment of a Vigilance Commission to look into the complaints of the minorities as the protection offered by the courts is not enough ; and

(b) whether Government are in favour of such a Vigilance Commission ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) Government's attention has been drawn to the said speech. The Chief Justice of India had *inter-alia* observed as follows :

"The exact content of the fundamental rights of the minorities can easily be settled by the courts. But is the institutional protection of the courts enough ? Would it be advisable to appoint a Vigilance Commissioner of Minorities to look into the complaints of the minorities ?"

(b) Article 350-B of the Constitution already provides for the appointment of a Special Officer for the linguistic minorities and also lays down that it shall be the duty of the Special Officer to investigate all matters relating to the safeguards provided for the linguistic minorities in the Constitution and report to the President on those matters. Copies of such reports are also required to be laid before each House of Parliament. Government are also of the view that administration at different levels should promptly inquire into complaints or grievances of the minorities and take all necessary action under law to remove them and afford protection to the minorities. Such a concerted administrative effort will be more productive of results.

**Recruitment of Scheduled Castes and
Scheduled Tribes**

2328. SHRI PHOOL CHAND VERMA : Will the PRIME MINISTER be pleased to state :

(a) the number of Scheduled Castes and Scheduled Tribes recruited under the Central Government Categorywise, during 1969-70 ; and

(b) the percentage of the reserved vacancies for the Scheduled Castes and Scheduled Tribes cancelled on account of non-availability of suitable candidates ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) and (b). The information is being collected from the Ministries/Departments and will be laid on the table of the House as soon as possible.

Radio Station at Kotah

2329. SHRI ONKAR LAL BERWA :
SHRI BRIJ RAJ SINGH –
KOTAH :

Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) the criteria for opening a Radio Station ;

(b) the conditions not fulfilled by Kotah in this regard ;

(c) whether Government had discussed the matter with the State Government so as to meet that requirement ; and

(d) if not, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINGH) : (a) Proposals for setting up new radio stations in the Fourth Plan were prepared with a view to achieving the following objectives :—

- (i) Extending medium wave coverage in each State to at least 80% of its population.
- (ii) Extending coverage to border areas, tribal areas, etc.

(b) Kota is already receiving adequate medium wave service from Ajmer and Indore stations. Projects for setting up stations at Jodhpur and Suratgarh in Rajasthan State were accorded higher priority. The question of setting up a station at Kota can be examined after higher priority schemes have been implemented.

(c) and (d). Do not arise.

सरकारी अधिकारियों और कर्मचारियों
के विरुद्ध केन्द्रीय जांच ब्यूरो द्वारा
की गई जांच

2330. श्री हुकम चन्द कछवाय : क्या
प्रधान मंत्री यह बताने की कृपा करेंगे कि :

(क) गत दो वर्षों में केन्द्रीय जांच ब्यूरो
द्वारा कितने सरकारी अधिकारियों और कर्म-
चारियों के विरुद्ध जांच की गई ;

(ख) उनमें राजपत्रित अधिकारियों की
संख्या कितनी थी ;

(ग) जांच के परिणामस्वरूप कितने अधि-
कारी और कर्मचारी न्यायालय द्वारा दोषी पाये
गये ; और

(घ) उनमें से कितने व्यक्तियों के विरुद्ध
विभागीय जांच की गई थी ?

गृह मंत्रालय और कार्मिक विभाग में
राज्य मन्त्री (श्री राम निवास मिश्रा) : (क)
10-6-69 से 9-5-71 की अवधि में केन्द्रीय
जांच ब्यूरो द्वारा 4801 सरकारी कर्मचारियों
के विरुद्ध जांच की गई ।

(ख) 1060

(ग) न्यायालयों द्वारा अब तक 90 को
दोषी पाया गया ।

(घ) 2282.

T. V. Stations in Rajasthan

2331. SHRI BRIJ RAJ SINGH—
KOTAH : Will the Minister of INFOR-
MATION AND BROADCASTING be
pleased to state :

(a) the number of T.V. Stations set up
by Government in the State of Rajasthan
during the last three years ; and

(b) the source through which T.V. sets
are made available in the State ?

THE DEPUTY MINISTER IN THE
MINISTRY OF INFORMATION AND
BROADCASTING (SHRI DHARAM BIR
SINHA) : (a) None.

(b) Through normal trade channels.

जाधोरा में 200 एस०ए०एक्स० क्षमता
वाली मशीन का लगाया जाना

2332. डा० लक्ष्मी नारायण पांडे :
क्या संचार मन्त्री यह बताने की कृपा करेंगे
कि :

(क) क्या मध्य प्रदेश के रतलाम जिले के
जाधोरा स्थित टेलीफोन केन्द्र में 200 एस०
ए०एक्स० क्षमता वाली मशीन लगाकर उसकी
क्षमता में वृद्धि की जा रही है ;

(ख) यदि हां, तो किस तारीख से यह
कार्य चल रहा है और कितना कार्य पूरा हो
चुका है ;

(ग) शेष कार्य को पूरा करने में कितना
समय लगने की सम्भावना है ;

(घ) क्या जाधोरा के निवासियों ने नये
टेलीफोन कनेक्शनों के लिए आवेदन पत्र दिये
हैं और उनकी मांगे काफी समय में टेलीफोन
केन्द्र की क्षमता में वृद्धि न किये जाने के कारण
पूरी नहीं की जा सकीं ; और

(ङ) टेलीफोन कनेक्शनों के लिए उनकी
मांगें कब तक पूरी किये जाने की सम्भावना है ?

संचार मन्त्री (श्री हेमवती नंदन बहुगुणा) :
(क) जी हां ।

(ख) जाधौरा में मौजूदा एक्सचेंज के स्थान पर 200 लाइनों का स्वचालित एक्सचेंज लगाने की योजना बनाई गई है। इसका संस्थापन कार्य अगस्त, 1970 में आरम्भ हुआ था। लोहे का कार्य, केबिल बिछाना और तार लगाने का काम पूरा हो गया है।

(ग) अक्टूबर, 1971 तक

(घ) जी हां।

(ङ) आशा है कि इस संस्थापन के चालू हो जाने से अतिरिक्त टेलीफोन कनेक्शनों की व्यवस्था की जा सकेगी।

रतलाम जिले (मध्य प्रदेश) में टेलीफोन केन्द्र खोला जाना

2333. डा० लक्ष्मी नारायण पांडे : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश में रतलाम जिले में ताल, बड़ावड़ा, सनखेडा और रिंगनौड जैसे बड़े शहरों में टेलीफोन केन्द्र स्थापित करने की जनता द्वारा बराबर मांग की जा रही है

(ख) यदि हां, तो इस सम्बन्ध में अब तक क्या कार्यवाही की गई है ; और

(ग) उक्त शहरों में टेलीफोन केन्द्र कब तक कार्य करना आरम्भ कर देंगे ?

संचार मंत्री (श्री हेमवती नन्दन बहुगुणा) : (क) इन स्थानों पर टेलीफोन सुविधा दिये जाने के लिए जनता की मांग बरकरार है।

(ख) आवश्यकता का सर्वेक्षण करने के बाद और आय-व्यय का हिसाब लगा लेने पर प्रत्येक मामले में निम्नलिखित कार्यवाही की गई है :

1. ताल : एक सार्वजनिक टेलीफोन घर की मंजूरी दे दी गई है। अलबत्ता ए०सी० एस०आर० तार की भारी कमी है। इस तार की सप्लाई की स्थिति में सुधार होने के बाद सार्वजनिक टेलीफोन घर खोल दिया जायेगा।

2. बड़ावड़ा : सही नाम रतलाम जिले में बड़ावड़ा जान पड़ता है। यहां के लिए एक सार्वजनिक टेलीफोन घर की मंजूरी दे दी गई है। अलबत्ता ए०सी०एस०आर० तार की भारी कमी है। ज्योंही इस तार की सप्लाई की स्थिति में सुधार होगा, सार्वजनिक टेलीफोन घर खोल दिया जायेगा।

3. सनखेडा : सही नाम सुखेडा जान पड़ता है यहां सार्वजनिक टेलीफोन घर खोलना लाभकारी नहीं है। मध्य प्रदेश राज्य सरकार और ग्राम पंचायत को यह बता दिया गया है कि यदि कोई पार्टी किराया और गारंटी के आधार पर सार्वजनिक टेलीफोन घर खुलवाना चाहें तो यह खोला जा सकता है। उनके उत्तर की प्रतीक्षा की जा रही है।

4. रिंगनौड : 14-11-70 को एक सार्वजनिक टेलीफोन घर खोला गया था। इस समय इस स्थान पर टेलीफोन एक्सचेंज खोले जाने का औचित्य नहीं है।

(ग) इस समय उपर्युक्त स्थानों पर टेलीफोन एक्सचेंज खोलने के लिए पर्याप्त मांग और औचित्य नहीं है। मांग में पर्याप्त वृद्धि होने और योजनाओं के लाभकर होने पर यथाशीघ्र टेलीफोन एक्सचेंज खोल दिये जायेंगे।

मन्दासौर और रतलाम जिलों (मध्य प्रदेश) में डाक और तार घरों और टेलीफोन एक्सचेंजों के लिये स्थान

2334. डा० लक्ष्मी नारायण पांडे : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) मध्य प्रदेश सर्किल में उन स्थान के नाम क्या हैं जहां डाक और तार घर और टेलीफोन एक्सचेंज समुचित इमारतों में स्थित नहीं ;

(ख) क्या इसके परिणामस्वरूप न केवल जनता को कठिनाइयों का सामना करना पड़े

रहा है बल्कि उक्त कार्यालय भी दक्षतापूर्वक कार्य नहीं कर पा रहे हैं ; और

(ग) मन्दसौर और रतलाम जिलों में किन-किन स्थानों पर उक्त कार्यालयों को स्थान देने या उनके लिये इमारतों का निर्माण करने का सरकार का विचार है ?

संचार मंत्री (श्री हेमवती नन्दन बहु-गुणा) : (क) भोपाल के पोस्टमास्टर जनरल के पास उपलब्ध सूचना के अनुसार मध्य प्रदेश सर्कल में निम्नलिखित कार्यालय समुचित इमारतों में काम नहीं कर रहे हैं :—

डाकघर

1. भिंड
2. गोहाद
3. बैलाडिला

टेलीफोन एक्सचेंज

1. इटारसी
2. होशंगाबाद
3. घमनोद

(ख) हालांकि इन इमारतों में समुचित स्थान उपलब्ध नहीं है, फिर भी सुचारू सेवा पर इसका बुरा असर नहीं पड़ा है ।

(ग) मन्दसौर और रतलाम जिलों के सभी कार्यालय समुचित इमारतों में हैं । इसलिए इनके लिये इमारतों के निर्माण का प्रश्न ही नहीं उठता ।

मध्य प्रदेश में प्रयोगात्मक डाकघर

2335. डा० लक्ष्मी नारायण पांडे : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) मध्य प्रदेश में मन्दसौर और रतलाम जिलों के ग्रामीण क्षेत्रों में उन स्थानों के नाम क्या हैं जहां चालू वर्ष में प्रयोगात्मक डाक घर खोले जाने का विचार है ;

(ख) इस प्रकार के डाकघरों अथवा डाक-सुविधाओं की व्यवस्था करने के सामान्य नियम क्या हैं ; और

(ग) उपर्युक्त दो जिलों के उन स्थानों के नाम क्या हैं जहां की जनता ने इस प्रकार की डाक सुविधाओं की मांग की है ?

संचार मंत्री (श्री हेमवती नन्दन बहु-गुणा) : (क) मध्य प्रदेश के मन्दसौर और रतलाम जिलों के ग्रामीण क्षेत्रों के उन स्थानों के नाम नीचे दिये गये हैं जहां 1971-72 वर्ष के दौरान प्रयोगात्मक डाकघर खोलने का प्रस्ताव है :

Government Advertisements to Newspapers

2336. SHRI JYOTIRMOY BOSU :
SHRI M. K. KRISHNAN :
DR. KARNI SINGH :

Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) the circulation and number of the newspapers which had been given Government advertisements in 1969-70 and 1970-71; and

(b) the names of such newspapers with amounts paid to each ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) and (b). Information regarding details of advertisements released to individual newspapers and the amounts paid to them is treated as confidential between the Directorate of Advertising and Visual Publicity and the individual papers. It would not be good business ethics to divulge this information unilaterally without the prior consent of the papers concerned.

India's Share in World Export Trade

2337. SHRI JYOTIRMOY BOSU :
Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether world exports have more than doubled from \$1,36,100 million to an estimated \$ 2,78,000 million between 1963 and 1970 ;

(b) whether India's share in total world exports has shrunk from 2.1 per cent in 1951 to 1.2 per cent in 1963 and 0.7 per cent in 1970, and if so, the causes thereof ;

(c) the statistical picture of our place in the world export trade in 1951, 1963 and 1970 ; and

(d) the share of underdeveloped and developed countries in the total export trade in 1951, 1963 and 1970 ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) : (a) Yes, Sir.

(b) Yes, Sir. Both external and internal factors have, contributed to a decline in India's share of world trade. It is well known that the world demand for our major traditional exports is not growing fast enough. Commodities like tea have been faced with the problem of excess production and low prices for the last many years. The exports of jute manufactures have been affected by the growth of synthetic substitutes as well as increased competition from Pakistan. Import substitution in other developing countries as well as quota restrictions in developed countries have affected exports of cotton textiles. On the domestic front, in recent years there have been shortages of some critical inputs like steel which have undoubtedly hampered the growth of exports. Output of some commercial crops which enter into our export trade has also been inadequate and this has affected surpluses available for ex-

Dacca Station of Pakistan Radio Jamming of A. I. R. Broadcast

2339 SHRI S. M. BANERJEE : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether the Radio Pakistan, which has been blacking out Bangla Desh in its broadcasts, is now trying to deprive East Bengalis from listening to All India Radio broadcasts ;

(b) whether Dacca Station of the Pakistan Radio has been jamming All India Radio broadcast frequencies ; and

(c) if so, the steps taken by Government to counteract this ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) Government have no information regarding conditions of radio listening in East Pakistan.

(b) No, Sir, not as far as can be judged by listening in India.

(c) Does not arise.

देवनागरी लिपि में दिये जाने वाले तारों का विलम्ब से भेजा जाना

2340. श्री नरेन्द्र सिंह बिष्ट : क्या संसार मंत्री यह बनाने की कृपा करेंगे कि :

(क) क्या देवनागरी लिपि में बुक किये गये तार, अंग्रेजी भाषा में बुक किये गये तारों की अपेक्षा विलम्ब से भेजे जाते हैं ;

(ख) क्या उपरोक्त कारणवश लोग अपने तारों को देवनागरी लिपि में बुक कराने में हिचकिचाते हैं ; और

(ग) सेवा में सुधार करने के लिए सरकार ने क्या कार्यवाही की है ?

संसार मंत्री (श्री हेमवती नन्वन बहु-गुणा) : (क) जी नहीं ।

(ख) ऐसा कोई मामला डाक-तार विभाग के देखने में नहीं आया ।

(ग) देवनागरी गाइड सभी देवनागरी तारघरों में हवाले के लिए सप्लाई कर दी गई हैं और यह सार्वजनिक विज्ञापन के लिए भी उपलब्ध है । देवनागरी तार सेवा के सम्बन्ध में समय-समय पर प्रचार किया जाता है ताकि देवनागरी लिपि में उपलब्ध सेवाओं के बारे में आम जनता को जानकारी दी जा सके । दिल्ली में केवल देवनागरी फोन तार बुक करने के लिए ही 23-5-1971 से एक अलग टेलीफोन नम्बर (184) अलॉट किया गया है । 1970-71 वर्ष के दौरान देवनागरी लिपि में 3600 तारघरों में जहाँ से ये तार भेजे जाते हैं, 10 लाख तार बुक किये गये ।

राज्य लोक सेवा आयोग द्वारा ली जाने वाली प्रतियोगी परीक्षाओं में अंग्रेजी को अनिवार्य विषय के रूप में नहीं मानना

2341. श्री नरेन्द्र सिंह बिष्ट : क्या प्रधान मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या कुछ राज्य सरकारों ने अपने लोक सेवा आयोग के द्वारा ली जाने वाली प्रतियोगी परीक्षाओं में अंग्रेजी को अनिवार्य विषय के रूप में नहीं मानने का निर्णय किया है और यदि हा, तो उन राज्यों के क्या नाम हैं ,

(ख) क्या केन्द्रीय सरकार का भी इसी प्रकार का निर्णय करे का विचार है ; और

(ग) यदि हा, तो उक्त निर्णय के कब तक लिये जाने की संभावना है ?

गृह मन्त्रालय और कार्मिक विभाग से राज्य मंत्री (श्री राम निवास मिर्धा) : (क) इस सम्बन्ध में सूचना तत्काल उपलब्ध नहीं है । इसे एकत्रित किया जायेगा और यथाशीघ्र सदन के पटल पर रखा जायेगा ।

(ख) जी नहीं, श्रीमान ।

(ग) प्रश्न नहीं उठता ।

Indian Films Purchased by Foreign Countries

2342. SHRI B.K. DASCHOWDHURY Will the Minister of FOREIGN TRADE be pleased to state .

(a) the names of countries which purchased Indian films during the year ending 31st March, 1971 ;

(b) the language of films purchased, country-wise ; and

(c) the total amount (Indian currency) earned through the sale of these films ?

THE DEPUTY MINISTER IN THE MINISTRY OF FOREIGN TRADE (SHRI A. C. GEORGE) . (a) and (c). A statement giving the information is attached

(b) Information relating to language of films exported is not available as export statistics of films according to language are not recorded in Trade accounts.

Rentals for Plug, Socket and Extra Cord with Telephones

for plug, socket and extra cord with telephones ; and

2343. SHRI S. N. MISRA : Will the Minister of COMMUNICATIONS be pleased to state :

(a) on what basis the rentals are fixed

(b) whether he considers the rental, which is 10 times the value of the material, is incompatible with the capital outlay ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) :

(a) The rentals for plug and socket arrangement and long cord have been fixed on the basis of recommendations of the Telephone Tariff Revision Committees 1956 and 1964 and take into account the annual recurring expenditure incurred in provision of these facilities. The annual recurring expenditure includes the cost of maintenance and depreciation which are quite high of these facilities.

(b) The rentals are not excessive considering the increased cost of maintenance as observed in actual practice. The plug and sockets are subject to heavy wear owing to frequent holding and movement, Similarly a long cord involves high expenditure on maintenance as the extra length trailing on the floor is liable to frequent damage and faults. The maintenance effort is also high in view of the increased fault liability. All these aspects have been taken into account while fixing the rentals for these facilities.

Wrong Telephone Bills

2344. **SHRI S. N. MISRA :** Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether any complaints have been received from Allahabad in connection with wrong billings for telephone calls made from some other numbers ; and

(b) if so, the steps taken in the matter ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) :

(a) 3 complaints were received from Allahabad regarding alleged wrong billing during 1970. No complaints have so far been received during 1971.

(b) The complaints received are investigated and if wrong billing is established rebate as admissible is sanctioned.

बड़ा चकिया में टेलीफोन एक्सचेंज

2345. **श्री कमल मिश्र मधुकर :** क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बड़ा चकिया को मुजफ्फरपुर, घटना आदि के साथ सीधे टेलीफोन लाइन से

नहीं जोड़ा गया है अतः बिहार के बड़ा चकिया बाजार में टेलीफोन केन्द्र की स्थापना के इच्छात टेलीफोन धारियों की सख्या वहाँ घट रही है ;

(ख) इस कमी को दूर करने के लिए सरकार ने कोई कार्यवाही की है ; और

(ग) यदि हा, तो तत्सम्बन्धी व्यौरा क्या है ?

संचार मन्त्री (श्री हेमवती नन्दन बहुगुणा) : जी नहीं। बड़ाचकिया में 1966 में एक लघु आटो एक्सचेंज खोला गया था। उस समय टेलीफोन उपभोक्ताओं की सख्या 6 थी। इसका मूल एक्सचेंज मोतीहारी था। अब टेलीफोन उपभोक्ताओं की सख्या बढ़कर 2 हो गई है।

Utilisation of Services of Evacuee Artists' and others of East Bengal Radio Stations

2347. SHRI TRIDIB CHAUDHURI : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether Government have considered utilising the services of former Radio broadcaster, musicians and staff artistes as well as technicians associated with the Dacca Rajshahi and Chittagong Radio Station in East Bengal who have come over to India as evacuees from that country after March 25, 1971; and

(b) the number of persons of the above description who have been provided with employment, part-time or otherwise, up till now ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) Services of suitable evacuee artists will be utilised by All India Radio depending on its programme needs. The employment as staff of All India Radio on a regular basis, is not being considered.

(b) Does not arise.

per Capita Income In Uttar Pradesh

2348. SHRI RAJDEO SINGH : Will the Minister of PLANNING be pleased to state :

(a) the *per capita* income in Uttar Pradesh ; and

(b) the steps Government propose to take to raise the *per capita* income in Uttar Pradesh ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) The *per capita* income in Uttar Pradesh was Rs. 248 (at constant prices—base 1960-61) for the year 1968-69 which is the latest year for which such information is available.

(b) Apart from investments in the private sector and those in the Central and Centrally sponsored sectors of the Fourth Five Year Plan, which are designed to benefit the country as a whole including Uttar Pradesh, the outlay of Rs. 969 crores which

has been approved for the State's Fourth Five Year Plan, is designed for the direct improvement of the economy of the State. In addition, liberal allocations have been made for Uttar Pradesh under the Rural Works programme the SFDA/MFAL programme and the Crash Scheme for Removing Unemployment which have been taken up by the Government of India. Further, 36 industrially backward districts of the State have been identified for providing finance to new industries which may be set up in those districts, through public financial institutions at concessional rates of interest, and two such districts have been selected for grant of subsidy at the rate of 10% of the total capital investment to new industrial units having a capital base of not more than Rs. 50 lakhs each.

Opening of New Post Offices (E.D.B.O.) in Rural Areas of West Bengal

2349. SHRI SUBODH HANSDA : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether there is any plan for the opening of new Post Offices (Extra Departmental Branch Office) in rural areas in the Districts of Midnapur, Bankura and Purulia; and

(b) if so, the number thereof ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) Yes, Sir.

(b) Number of extra departmental branch post offices proposed to be opened in the rural areas of the three districts of Midnapore, Bankura and Purulia is as follows :—

Name of District	Number of extra departmental branch post offices proposed to be opened.	
	During 4th Plan period	During the year 1971-72
Midnapore	250	100
Bankura	75	25

2350. श्री हुकम चन्द कछवाय : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) मध्य प्रदेश के सेहोर जिले में इस समय कुल कितने टेलीफोन कनेक्शन हैं ;

(ख) इस समय टेलीफोन कनेक्शनों के लिए कितने व्यक्तियों के आवेदन पत्रों पर सरकार विचार नहीं कर पाई है ; और

(ग) गत दो वर्षों में उक्त जिले के कितने व्यक्तियों के इस प्रयोजन के लिये आवेदन-पत्र दिये थे तथा उन्हें टेलीफोन कनेक्शन दिये जाने में देरी के क्या कारण हैं और इस कठिनाई को कब तक दूर किए जाने की सम्भावना है ?

संचार मंत्री (श्री हेमवती नंदन बहुगुणा) :

(क) 3911

(ख) 377

(ग) 377। टेलीफोन एक्सचेंज की क्षमता और आवश्यक लाइन सामग्री की कमी के कारण इन आवेदनकर्ताओं को कनेक्शन नहीं दिये जा सके। इन्हें आगामी 9 महीने से एक वर्ष के अन्दर कनेक्शन दिए जाने की सम्भावना है।

Pak Shelling on Joynagar-Ramnagar area of Agartala

2351. SHRI BIREN DUTTA :
SHRIMATI BHARGAVI
THANKAPPAN :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the Pak army shelled Joynagar-Ramnagar area of Agartala in the near past ;

(b) if so, the number of people killed and wounded in that shelling ; and

(c) whether any relief has been given to the victims of Pak aggression ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) There was no shelling of Joynagar-Ramnagar area of Agartala by Pak Army. However, on two occasions i.e. on 11th May and 15 May, 1971 Pak Army, while engaged with the Mukti Foj in East Bengal, fired indiscriminately from Pak area opposite Agartala area and some bullets landed in Indian territory.

(b) Two Pak refugees were killed and 11 Indian nationals and 4 Pak refugees were injured in these incidents.

(c) Necessary relief and assistance were given in these cases.

Pattern of Uniforms for Postmen and Class IV Employees of P & T Department

2352. SHRI CHINTAMANI PANI-GRAHI : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether the Postmen and the Class IV employees of the P & T Department have expressed their grave discontentment against the existing pattern of uniforms;

(b) whether Government are considering to change their present pattern of dresses ; and

(c) whether Government are also considering the question of giving them an yearly allowance so that they themselves can make the khadi dressed in Government model ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) Some complaints have been received about misfits of uniforms. It has been found that misfits were generally due to the wrong sizes asked for.

(b) This matter is constantly under review and recently was discussed at the meeting of heads of Circles, whose recommendations are receiving Government's urgent attention.

(c) Yes. A proposal was mooted in the Heads of Circles Conference held in May, 1971 for payment of cash-allowance or unstitched cloth in lieu of uniforms and the same is under examination.

Housing Accommodation for Postmen and Class IV employees in Puri Division

2353. SHRI CHINTAMANI PANIGRAHI : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether Government are aware that the Postmen and the Class IV employees working in the Puri Division are not provided with proper housing accommodation ; and

(b) if so, whether Government are considering any proposal to help them to overcome these difficulties ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) 9.2% employees have been allotted residential accommodation. Besides 16 Type 1 quarters are under construction.

(b) Question of further increase in such type of quarters will be given due consideration as the Plan programme is continued.

Cycle Allowance to Postmen and Class IV Employees

2354. SHRI CHINTAMANI PANIGRAHI : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether Government are aware that the Postmen and the Class IV employees are getting a cycle allowance of Rs. 4 per month only ;

(b) whether Government intend to increase this allowance ; and

(c) if so, to what extent ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) Yes.

(b) No.

(c) Does not arise.

Recruitment of Ex-Army Officials in Directorate of Civil Defence and Home Guards, Delhi

2355. SHRI P. L. BARUPAL : Will the Minister of HOME AFFAIRS be pleased to state :

a) The number of Ex-Army Officials recruited in the Directorate of Civil Defence

and Home Guards, Delhi on being sponsored direct by the Directorate of Resettlement, Army Headquarters, without referring to the Central Employment Exchange, Delhi/New Delhi ;

(b) whether the persons once employed in the Department through the Director of Resettlement, Army Headquarters were again sponsored for higher posts in the same Department though they had by then become departmental candidates ; and

(c) if so, whether the procedure was in accordance with the rules of the Central Government ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI MOHSIN) : (a) to (c). The required information is being collected and will be laid on the Table of the House as soon as it is received.

Unsatisfactory working of Telephone Exchange at Bahraich

2356. SHRI B. R. SHUKLA : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether there is no waiting shed for persons who go to the Public Call Office for booking calls and also for those who go there for Telegrams in the Telephone Exchange building at Bahraich (U. P.) ;

(b) whether the working of the Public Telephone Exchange Office is so unsatisfactory that the calls do not materialise for hours together even for the whole day ; and

(c) if so, the reasons therefor ; and the remedial action taken in the matter ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) There is no waiting shed.

(b) and (c). There are frequent interruptions to trunk circuits due to theft of copper wire.

Remedial action

(i) The verandah of the building is being enclosed to provide sitting space for the public ;

(ii) Copper wire is being progressively replaced by A. C. S. R. wire (aluminium conductor steel reinforced).

Pending Applications for Telephone Connections at Bahraich

2357. **SHRI B. R. SHUKLA** : Will the Minister of COMMUNICATIONS be pleased to state :

(a) whether a large number of applications for Telephone connection in the city of Bahraich are pending in the Department and, if so, since when ; and

(b) whether it is likely that these applicants will be given telephone connections without undue delay ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. RAHUGUNA) : (a) 77 applications for telephone connections are at present on the waiting list in Bahraich, the oldest of them being from 15-6-1965.

(b) The connections will be given to the extent underground cables is completed.

Financial Assistance to Kerala during Fourth Plan

2358. **SHRIMATI BHARGAVI THANKAPPAN** : Will the Minister of PLANNING be pleased to state :

(a) the financial aid likely to be given to the Kerala State during the Fourth Plan for developing the backward areas ;

(b) whether any request has been made by the State Government in this regard ; and

(c) if so, the reaction of the Central Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) An amount of Rs. 175 crores has been allocated to Kerala State by way of Central assistance for the Fourth Five Year Plan on the basis of the objective criteria laid down by the Committee of Chief Ministers appointed in that behalf by the National Development Council. This amount together with Rs. 83.35 crores which the State Government is likely to find from its own resources, constitutes the approved outlay for the development programmes of Kerala State during the Fourth Five Year Plan period including the backward areas in the State. No amount out of

the amount of Rs. 175 crores mentioned above has been separately indicated to be the aid for development of the backward areas of Kerala.

(b) and (c). No request has been specifically made for additional assistance for developing the backward areas of Kerala. The Government of Kerala appointed a special Committee on Unemployment. This Committee has produced a Report containing a number of recommendations for new outlays over a wide range of economic activity of the State. The Planning Commission on its own initiative is engaged in a close examination of the recommendations in conjunction with the Kerala Government. No request for any specific additional sum for any additional scheme outside the Fourth Plan has been received from the Government of Kerala.

Indians killed as a result of Pak shelling in 24-Parganas District (West Bengal)

2359. **SHRIMATI BHARGAVI THANKAPPAN** : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the attention of Government has been drawn to a news item in the *National Herald* dated the 30th May, 1971 that two Indians were killed and several others injured when Pakistani shells fell into the border village of Ghoja Danga in 24-Parganas District of West Bengal on the 29th May, 1971 ;

(b) whether Government have conducted any enquiry in this regard ; and

(c) if so, the result thereof and the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) Yes, Sir. On 29th May, 1971, Pakistani troops opened mortar fire from their outpost at Bhomra in East Bengal. They also fired a few rounds of 25 pounders. About 20 mortar bombs fell near the Indian border out-post of Ghoja Dhanga. Stray bullets from small arms and a few 25 pounder shells also fell inside Indian territory. B.S.F. effectively returned the fire and silenced the Pakistani firing. Two Indian nationals were killed in this incident.

(b) and (c). No enquiry has been conducted by the Central Government. However, a strong protest was lodged with the Pakistan Government for their unprovoked firing into Indian territory.

2363. SHRI JYOTIRMOY BOSU : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) the policy followed in the matter of appointing All India Radio Correspondents abroad ;

(b) the minimum qualifications and experience required ;

(c) whether anybody has been appointed for South East Asia ; and

(d) if so, his suitabilities ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM VIR SINGH) : (a) and (b). The posts of Senior Correspondent in All India Radio at Beirut (West Asia) and Hong Kong (South East Asia) are included in the Junior Administrative Grade of the Central Information service. The officers are selected with due regard to their news sense, record of service knowledge of current Indian and foreign affairs and general suitability for posting abroad.

(c) and (d). The present incumbent has been holding the post in South East Asia since the 4th of November 1967. As he has already completed the normal tenure of three years and is due to be considered for promotion to a higher grade, he is being replaced by another officer of the Junior Administrative Grade who fulfils the qualifications mentioned above.

National Awards for films

2365. SHRI BHUVARAHAN : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether under the revised rules for the National Awards for films, a lesser amount has been fixed for a National Integration Film than that for a feature film ;

(b) whether any proposal is under consideration of Government to increase the amount of the award of National Integration Films to that of a feature film ; and

(c) if not, the reasons for the disparity and the criterion of giving more for the feature films ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SARI DHARAM VIR SINHA) : (a) to (c). Under the revised rules of National Awards for Films, the quantum of cash prizes for the best feature film on National Integration has been raised this year from Rs. 5,000/—to Rs. 30,000/— to the producer and from Rs. 2,000/— to Rs. 10,000/— to the director. In the case of the best feature film of the year (which is so adjudged on the basis of its all-round technical and cinematic excellence) the quantum of cash prizes has been enhanced this year from Rs. 20,000/— to Rs. 40,000/— to the producer and from Rs. 5,000/— to Rs. 10,000/— to the director. There is nothing in the rules to prevent a film on National Integration being adjudged the best feature film of the year.

taken in this regard by certain States ;
and

(c) the steps being taken by Government
to expedite implementation of the recom-
mendations ?

THE MINISTER OF STATE IN THE
MINISTRY OF PLANNING (SHRI
MOHAN DHARIA) : (a) Yes, Sir.

(b) and (c). In consultation with the
State Governments and financial institutions,
Planning Commission have selected 209
industrially backward districts throughout
the country for concessional finance for
new industries from financial and credit
institutions. In addition, the Central
Government is giving an outright grant or
subsidy amounting to 1/10th of the fixed
capital investment of new units having total
fixed investment of not more than Rs. 50
lakhs each, in two selected districts in each
of the 9 States identified as industrially
backward, viz, Andhra Pradesh, Assam,
Bihar, Jammu and Kashmir, Madhya
Pradesh, Nagaland, Orissa, Rajasthan, U. P.
and one district in each of remaining States
and Union Territories.

The Industrial Development Bank of
India, the Industrial Finance Corporation
of India and the Industrial Credit and
Investment Corporation of India have
already announced the concessional terms
of finance for industries to be established in
the selected backward districts.

2372. SHRI K. C. PANDEY : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) the amount given to the Film Finance Corporation during the year 1970-71 ;

(b) the Purpose for which the amount ad been given ; and

(c) whether the amount advanced had been properly utilised ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) and (b). The Central Government have granted two loans totalling Rs. 32.50 lakhs to the Film Finance Corporation during the year 1970-71 for the following purposes :

	(Rs. in lakhs)
Loans to film producers for production of films.	20.00
Acquisition of cinema houses on lease	12.50
	32.50

(c) (i) The loan of Rs. 20 lakhs, earmarked for financing activity, is being utilised by the Corporation for release of loan instalments to film producers to whom loans have been sanctioned.

(ii) As regards loan of Rs. 12.50 lakhs, the Corporation are still negotiating for acquiring cinema theatres on lease.

**Removal of Demand Notes etc. from
Registered Letters and Parcels**

2373. SHRI A. N. CHAWLA : Will the Minister of COMMUNICATIONS be pleased to state :

(a) the number of incidents of removing demand notes, drafts and other important business documents from the registered letters and parcels detected during the financial year 1970-71 ;

(b) whether the Crime Branch of C.I.D. traced a gang of thieves which was indulging in such activities ; and

(c) if so, the number of persons arrested and the nature of documents seized from their possession and the action taken against them and others involved in such incidents ?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA) : (a) 99.

(b) Yes.

(c) In a series of such incidents at Delhi, C.I.D. (Crime) has arrested 4 persons including two clerks. No documents have been recovered from their possession. Rubber stamps of various forms were recovered on search of the two out-siders. The departmental officials have been placed under suspension. Case is still under investigation by Police. A similar incident was reported in Mysore Circle in which one postman was arrested. He was placed under suspension and is now facing trial in court. Two such cases occurred in Madhya Pradesh Circle in which one outsider was arrested and a Bank pass-book was seized from him.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

Erosion of Kerala Coastal Belt

SHRI C. K. CHANDRAPPAN (Telli-cherry): Sir, I call the attention of the Minister of Irrigation and Power to the following matter of urgent public importance and I request that he may make a statement thereon:

"Reported sea erosion of Kerala coastal belt threatening disruption of trunk roads, canals, sea walls etc., and steps taken by the Central Government in that regard."

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): Kerala has a coastline of about 560 kms. The coastal strip is densely populated. The National Highway and Inland Navigation system run parallel to the coastline with only a narrow belt of land separating them from the sea.

Erosion is intensive in a length of about 320 kms. This occurs mostly during the monsoon months starting from the end of May, when the sea is usually rough. In many places, the sea advances by 30-40 meters and recedes by 25-30 meters leading to loss of land of about 5-10 meters annually. This results in damage and loss of dwellings and agricultural land. The inhabitants of the coastal belt who are mainly fishermen are the most affected.

The Kerala Government has reported the following details collected, so far, of sea erosion and consequent damage this year.

In Alleppey District there was a erosion at Valiazheekal, Alleppey, Punnapra and Purakkad during March. 70 dwelling houses were damaged. Between 17th and 25th April, sea erosion occurred also near Mavila Kadapuram in Cannanore District, damaging a few houses. Construction of sea wall in this area has been taken up. In Kozikode District, there was sea erosion at Pudiappa in Elathur village and at Iringal during the first week of June.

Assessment of the extent of sea erosion and damage caused is still being made by the State Government.

The Government are aware of the seriousness of the erosion problem on the Kerala coast, the loss and misery it causes to the inhabitants in the coastal belt, the threat it poses to the communications and also of the need for implementing works which will help in stabilising the shore land. Since 1955, the State Government of Kerala has been implementing anti-sea erosion measures consisting of sea walls, groynes etc. Uptill now, Rs. 9.5 crores have been spent and nearly 25% of the coastline requiring protection, mainly in the worst affected reaches, has been covered. Even these reaches however require careful watch and immediate repairs.

The Government of India has constituted to Beach Erosion Board consisting of experts. Necessary advice in planning and execution of the works as required by the State Government is given by this Board.

SHRI C. K. CHANDRAPPAN: I have gone through the statement made by the hon. Minister very carefully. It is a very good thing that we have a minister who sympathetically approaches the problem, who knows the problem of sea erosion and who always, not only now in making this statement, tried to understand the problem sympathetically and find a solution to a problem of this magnitude.

I would like to quote here from the statement made by the hon. Minister some-time back. I quote:

"the coast line of India extends for a length of about 5700 kms. and the erosion occurs in batches in several States, but it is quite serious in the 550 kms. stretch of cost line in Kerala. Sea erosion causes permanent loss of valuable land in the densely populated State of Kerala."

This was the statement made by the hon. Minister, Dr. K. L. Rao. He had also made an assessment that in order to solve the problem of sea erosion, Rs. 45 crores should be spent and out of this sum of Rs. 45 crores, Rs. 40 crores should be spent for building walls, groynes. etc. on the Kerala coast alone.

Why I say this is because in the statement the problem is posed but at the end

[Shri C. K. Chandrappan]

of the statement, when it comes to the operative part, I am so disappointed with it. At the end of the statement, he says :

"The Government of India has constituted a Beach Erosion Board consisting of experts. Necessary advice in planning and execution of the works as required by the State Government is given by this Board."

They will give advice, examine the plans and will go through the plans also. But what we want is something different.

The statement again says that the Kerala Government has sent a report saying, 70 huts have been affected and that in some parts of the coast the sea erosion is serious.

I would like to invite the hon. Minister's attention to the recent newspaper reports that the sea wall of a length of 7 miles, Elamkunnappuzha has been broken and disrupted by sea erosion. When we are discussing this, you should know that the sea waves of the height of 20-30 ft. are dashing against the sea coast and the roads, the railway lines and the canals are under the threat of disruption. Under these conditions, what we require is something different.

The present plan as framed by the Central Government is like this that it is linked up with flood control measures. Flood is a problem affecting all over the country. But sea erosion is a unique problem affecting Kerala. In this statement also, the hon. Minister admits that, annually, we are losing 5-10 metres of land. I want to say one thing. When our boundaries are threatened by foreign forces, if China attacks or if Pakistan attacks, we send army and air force to protect and save the boundaries of our country and spend crores of rupees. To Ladakh, we are sending army. Every year, the coast of Kerala is being eaten away. You may get a report, after some years, that beautiful Kerala has been eaten away by the sea. We want only Rs. 40 crores to fight this aggression of the Arabian Sea.

What we want is only Rs. 40 crores as suggested by the hon. Minister, Dr. K. L. Rao and hundred per cent of that money should be spent by the Centre, making a

special national scheme to fight sea erosion. If such a scheme is there, then it should not be linked up, as it is now, with flood control scheme. I ask the hon. Minister whether the Government is thinking in terms of taking a policy decision of delinking the problem of sea erosion from that of flood control, as it is now.

Again, if you go to Kerala, you can see that almost the entire cost line is affected. Out of 560 kms., 320 kms. of the coast line needs protection.

Only 70 or 77 kilometres are protected. I have seen the plight in my constituency. There is a place called Azhikkal where we want to build a port and there an old woman, Fatima Bibi, came to me with tears in her eyes and her child in her hands. She said that in her life time she had been changing constantly her dwelling. Five times she had changed her place. I have seen the last place where she had built up a hut. That place also was being eroded and I am sure now that Fatima Bibi should be changing to the sixth place. I would like to ask the Government a pertinent question.

MR. SPEAKER : May I request the hon. Member to formulate a little bit of question also ?

SHRI C. K. CHANDRAPPA : Whether the Government is allotting Rs. 4.5 million for fighting sea erosion considering the grave situation there ? I would like to know from the Government whether they are going to allot a little more than this Rs. 45 lakhs which they have gracefully allotted.

Secondly, I would like to know whether they are going to give relief to these people who are the victims of the recent sea erosion.

AN HON. MEMBER : See aggres-

SHRI C. K. CHANDRAPPA : Yes, it can be called sea aggression also.

The Kerala Government has submitted a scheme to the Planning Commission for fighting sea erosion and they wanted Rs. 12 crores during the Fourth Plan period. But

the Working Group of the Planning Commission has made it Rs. 10 crores. I would like to know from the Government whether the Government is going to allot this Rs. 10 or 12 crores to fight sea erosion or not.

These are the questions I would like to pose before the Government.

DR. K. L. RAO : What the hon. Member has said is entirely correct. There is no doubt that the Kerala sea coast is subject to heavy erosion year after year. It is also estimated that for protecting the balance length of 240 kms. requires about Rs. 40 crores. It will indeed be very good if we could find these Rs. 40 crores in the next ten years, that is, this decade and if we are able to spend Rs. 4 crores every year for 10 years, that will be an ideal situation to save the Kerala coast as also the Indian coast. The only question is about finding the finance—whether it is to be borne by the Centre or by the State. On various occasions this question was raised. Even the Public Accounts Committee in its 47th Report have said that it should be taken up at the national level. But, later on, different opinions prevailed. So far as the Ministry of Irrigation and Power is concerned, they feel the problem requires special consideration. Both in the Fourth and the Fifth conferences the Ministers of Irrigation and Power had recommended that this problem should be given special treatment and financial assistance, but in recent times a different view prevailed.

With regard to the immediate problem, certain amount of money has been allotted to the State for protecting the sea coast. What the hon. Member has quoted is last year's amount. What the general policy of the Government of India is that the Government of Kerala must spend the monies that are allotted in that year and above that, if still some more money is required, then the Government of India gives it as a loan.

SHRI N. SREEKANTAN NAIR (Quilon) : The hon. Minister has said that it would be ideal to spend Rs. 4 crores annually for the next ten years. But, in view of the fact that even the existing sea walls have been washed away, that programme does not seem to be quite all right.

The whole thing has got to be looked at as one scheme. Therefore, I would ask a question.

In view of the fact that the experience of the past 25 years has shown that both groins and sea-walls, put up in small sectors where the tides make the most serious inroads into the beach, would not solve the question of sea erosion in over 300 miles of the coastal belt of Kerala which alone, out of thousands of miles of coastline in India, is threatened by the tidal waves of the Indian ocean,—may I know from the Government—

- (1) whether the Government is prepared to classify this sea-erosion along with the other natural calamities like flood and drought and declare this coastal belt as a famine area ;
- (2) whether Government intends to approach the World Bank or some other Agency to secure the necessary funds to protect the entire coastline of Kerala as one project, so that this pernicious tide is deflected away from the Kerala coast and the people in the thickly populated coastal belt of Kerala are allowed to sleep in peace without the nightmare of being swallowed up by the sea with their entire families and their huts and their coconut groves ; and
- (3) whether the Government would consider protecting the sea-walls with small groynes at regular intervals, so that the sea-walls are not washed away in stretches of several miles as it did in Cherai in Central Kerala two days ago ?

DR. K. L. RAO : I have said in my reply that we have got a very good sea-erosion expert body which goes into this problem. This is a colossal type of work.

SHRI N. SREEKANTAN NAIR : So many strips of land have been washed away.

DR. K. L. RAO : I got a message from Kerala Government last night at about 8 O'clock. That does not mention that. In the absence of any statement from the Kerala Government, I cannot say anything only based on newspaper reports. Any sea

[Dr. K. L. RAO]

erosion work is such that one cannot stand guarantee that that will be there for ever. It is not like other kinds of work. See is a ferocious natural force. From the work done on any coast in any country in the world one cannot vouch safe for the safety of the coastal belt from sea water. Therefore, if as a result some area is washed off, that is bound to be the case. I have said in the statement that the work that is done requires careful attention.

If the hon. Member has any particular information to give, I request him to pass on a note to me so that I may take up with the beach erosion expert body to scrutinise all these situations and ensure greater stability of those works.

The hon. Member raised a question about funds. The present practice is this. At the end of the flood season what is done is, we assess the value of the total amount of damage and if that exceeds what is provided in the State Plan then the Government of India gives money. What portion of it is loan etc. will be decided at that time. But the hon. Member has been saying that this is a colossal problem and that a small State like Kerala cannot meet this colossal problem and that some consideration must be shown. That is a point which is yet to be decided.

SHRI N. SREEKANTAN NAIR : Will you tackle it as an integrated project ? The entire coastal area should be taken as one project, not pieciful...

DR. K. L. RAO : Even if I have all the funds, it will take another 10 years....

SHRI RAMCHANDRAN KADANNAPPALLI (Kasargod) : The cruel attack by the sea, the perennial calamity of sea erosion in Kerala, more violent in monsoons, had been discussed in this very House many times for the past many years.

You know, Sir, the people worst affected are naturally the poor fishermen of the coastal areas. Even otherwise their plight is miserable. Added to that, this sort of constant uprooting of their huts is leaving them on the verge of starvation. Therefore, I want to ask the following questions :—

- (1) Will the Government come out in a big way for scientific and long-

term plan to completely protect the coast-line of Kerala ? The areas in Kasargod, Maattool and Puthiyangadi are the worst-affected.

- (2) Will the Government rush immediate help as they do for refugees ? and
- (3) Will the Government wholly subsidise a strong-based Fishermen's Housing Programme, so that their living places may stand the onslaught of the sea ?

The State Government have prepared a plan for an expenditure of Rs. 12 crores, but they are not able to meet these huge expenses to face this problem. So, the problem should be considered as a national problem and the Government of India should give their whole consideration for this programme. I request that this anti-sea-erosion programme should be included in the Central Flood Control Board Schemes.

DR. K. L. RAO : There is nothing much that I can add to what I have submitted already. As I have said, the whole thing impinges on finances. In regard to finances, we have to consider again the matter in view of the various representations made and in view of the position. I can only say this that I shall submit this to the Planning Commission and have the problem reviewed again, but as for the present practice. I have stated the position already.

SHRI VAYALAR RAVI (Chirayinkil) : The hon. Minister has told us what the State Government have stated. But I would like to draw the attention of the hon. Minister to the report of the Public Accounts Committee in 1965. I do not want to read the whole report, but I would only point out that the committee had stated that the problem of sea-erosion in Kerala should not be considered and tackled as an *ad hoc* problem but as a consolidated one. But unfortunately, the Government of India are tackling it only as an *ad hoc* problem. The Kerala Government as well as the Members of Parliament from Kerala are suggesting that it should be taken up as a flood control programme and should be included in the flood control programme. But we find that the hon. Minister has been avoiding the answer to

this question. I would like to know whether the Central Government are prepared to include the problem of checking the disastrous sea-erosion in the flood control programme.

Of course, the Kerala Government had recommended a plan of Rs. 12 crores for the Fourth Plan. But the Planning Commission recommended only Rs. 10 crores. And some officials sitting in the secretariat here, who have probably seen the sea so far in their life have considered this to be some trivial affairs and have sanctioned only Rs. 45 lakhs. This sum of Rs. 45 lakhs is not sufficient to tackle the problem even for a day there. I would like to know who those people are who are sitting here and cutting even the proposals of the Planning Commission and sanctioning only Rs. 45 lakhs? At least whatever the Planning Commission has sanctioned should be given to the Kerala Government. The Kerala Government had proposed a total expenditure of Rs. 40 crores to save the coastal belt. In fact, I would suggest that not only the coastal belt of Kerala but the entire coastal belt should be safeguarded from the aggression by the sea every year.

DR. K. L. RAO : It again impinges on finances. The point is that in the Fourth Plan, the financial aid to the various States is given according to a particular formula. This money is given in the form of loans and grants and it is for the States to allot any money that they have given to the various sectors, and nobody comes and interferes with that. If the Kerala Government wants to enlarge Rs. 10 crores, the Planning Commission would have no objection. They have allotted Rs. 5 crores having regard to the various other sectors. What the hon. Member evidently has in view is that Kerala requires some additional assistance in view of the very big peculiar and unique nature of the problem, and that is a thing which has got to be again discussed with the Planning Commission.

DR. HENRY AUSTIN (Ernakulam)
In view of the fact...

SHRI SEZHIYAN (Kumbakonam) :
One doctor is putting a question to another doctor.

AN HON. MEMBER With a third doctor in the Chair.

MR. SPEAKER : I am very sorry that in spite of the fact that I am a doctor, they do not refer to me as doctor.

SHRI G. VISWANATHAN (Wandiwash) : Hereafter we shall do so.

AN HON. MEMBER : We shall call you as Dr. Speaker,

DR. HENRY AUSTIN : In view of the breaches in the sea from Monambam to Cherai, a distance of three miles, threatening the Cochin harbour and the coastal belt of Cochin city, will the Government be pleased to take immediate steps to fill the breaches and to take other comprehensive long term measures to save Kerala from oceanic aggression? Mythology says that Kerala was formed from the sea by a miracle brought by Parasurama. Now, it seems to us that the spell of that miracle is losing its weight, and the sea is again causing this crisis. But we are not deterred by that because in this age of science and technology, I am sure the people who are really concerned would not take this problem lightly. I would submit that my own political and public career started on this particular issue. Along with Shri Sreekantan Nair, in the mid-30s, we tried to focuss attention of the then Maharaja's Government in Kerala to this vital problem of the State being eaten furlong by furlong every monsoon season. With Shri Sreekantan Nair I went round a number of places then under sea erosion to enlist the co-operation of the members of the Congress which was banned at that time by the State Government. Those areas are now under the sea and trawlers are moving about trapping fish. Of course, this is a matter for satisfaction to my hon. friend, the Deputy Minister of Foreign Trade, Shri George, because of the foreign exchange it earns for us. But thousands and thousands of people have been uprooted on account of this.

Another factor is that areas where we have monozite, rare earths, ilmanite, zircon and other things which are vital for the development of atomic energy are being lost to us.

[Dr. Henry Austin]

As regards my constituency of Ernakulam I have here a copy of the leading newspaper of Kerala with a circulation of over 5 lakhs which has displayed on its front page on the 11th of this month a picture of a 3-mile breach caused by the sea between Munambam and Cherai, as a result of which 3,000 people have been uprooted. They are homeless now. According to this paper, the *Mathrubhoomi*, if this erosion continues for another two weeks, the sea will be washing the coastal area inside, that is the backwaters of Ernakulam City. The Cochin Harbour is in danger and the new project which is the hope of Kerala, the Ship-building Yard itself will be at stake. 16 miles south and 16 miles north of this breach, three to four thousand fisherman have been uprooted. They have no homes. Therefore, I would request the hon. Minister to despatch a high power commission immediately for an on-the-spot study and for taking the necessary steps. As a temporary measure, I would suggest that all those who have been deprived of their houses due to this erosion should be provided housing sites or temporary shelter and later a massive programme of house-building should be undertaken.

As regards the other aspects, my other esteemed friends have dealt with them. Again I would say that 25 years ago when we started this agitation, some high-ranking advisers of the Maharaja were saying ; What can be done ? It is a natural phenomenon'. My esteemed friend, Minister. Dr. K. L. Rao who is very much seized of the situation and is doing his very best, even he, says that this is a natural phenomenon. I would say no, people in other parts of the world do not consider problems like this as such irremediable national calamities. Take the case of Holland, most of which lies below the sea level. But they have erected sea walls to stem the onslaught of the sea. Here in Kerala land is scarce and is very precious. If it is allowed to be eaten away like this, I would say it is callous negligence. I would therefore highlight this aspect of the situation so that effective steps may be taken to save not only the poor people of Kerala and their living space but also the State and the country which gains immensely from the rare minerals available in those areas, to which I have already referred. There is also the fishing industry which is affected. The backward regions are affected. So this is a

national problem and as such I would suggest that a mission be sent immediately to survey the situation and steps may be taken to persuade the Planning Commission and other appropriate agencies to take the necessary steps to stem the erosion immediately.

DR. K. L. RAO : I have not heard of the particular breach, to which the hon. member has referred. But I will ask the Kerala Government to deal with this breach and also send an expert to survey the place and suggest what immediate steps should be taken. I would like to assure the hon. member that we will take the necessary steps. The discussion has served a very good purpose in highlighting the problem which is necessary specially from the point of view of obtaining the finance required for the work. I am particularly thankful to the hon. Deputy Chairman of the Planning Commission who is here and is doing his best in this matter.

- (3) That the members of the Committee shall hold office for a period of two years from the date of the first meeting of the Committee ;
- (4) That in order to constitute a sitting of the Committee the quorum shall be ten ;
- (5) That in all other respects the Rules of Procedure of this House relating to Parliamentary Committees shall apply with such variations and modifications as the Speaker may make ; and
- (6) That this House do recommend to the Rajya Sabha that the Rajya Sabha do join in the Committee and communicate to this House the names of members elected from amongst the members of the Rajya Sabha to the Committee as mentioned above."

SHRI SEZHIYAN (Kumbakonam) ; While I welcome the formation of this Committee, I want to bring to your notice a serious omission in the functions of the Committee.

This Committee was formed in 1968 and it was renewed on 9th December, 1970. That Committee was formed on the basis of the motion moved in this House. Para 2(5) of that motion reads like this

MR. SPEAKER What has been omitted :

SHRI SEZHIYAN : The following item had been omitted :

"To consider generally and report to both the Houses on all matters concerning the welfare of the Scheduled Castes and Scheduled Tribes which fall within the purview of the Union Government including the Administration of the Union Territories."

This has been omitted.

My contention is that this is the purpose for which this committee was formed and last year it was clearly stated and I do not know why this function has been omitted now. There is one clause here which says : to examine such matters as may seem fit to the Committee ; and it can come under that. But I do not think it is proper. It is a specific function given to the Committee by the Last Lok Sabha. Is the Government no more interested in the welfare of Scheduled Castes and Tribes and that is why it is omitted ?

[Shri Sezhiyan]

My second point is this. The first function of the Committee is to consider the reports submitted by the Commissioner for Scheduled Castes and Scheduled Tribes. For more than one year the post of the Commissioner has not been filled. From whom are they going to get a report for the Committee to function ?

Thirdly, what action has been taken by the Government on the reports submitted by the Committee. Why has the Government not given due respect to the reports of the Committee ? So far 19 reports had been submitted. Members of that Committee will bear me out when I say that no report has been considered by full by the Government and no recommendation worthwhile has been implemented by the Government ? Is this the respect they want to show to a Parliamentary Committee ?

SHRI B. K. DASCHOWDHURY (Cooch-Bihar) : The hon. Member touched upon one point. I was on that Committee. I must say that he has not gone through all the points that have been mentioned here and in the earlier motion also. It is true that one part has been deleted but that part was redundant. By the deletion of this part, it does not mean that the functions or powers of the committee are eroded in any way.

SHRI K. S. CHAVDA (Patan) : The main function of the Committee is to consider the reports submitted by the Commissioner for Scheduled Castes and Tribes under article 338(2). As has already been pointed out no Commissioner has been appointed and two years have passed.

I would like to know from the Minister concerned, when the Commissioner will be appointed.

SHRI SEZHIYAN : Sir, please allow me to move a formal amendment to this motion. I beg to move—

MR. SPEAKER : Just listen to him. (Interruption). I have not received this amendment in time.

SHRI SEZHIYAN : I request you to condone the delay.

SHRI S. M. BANERJEE : Sir, I just want to say a word ; just one minute.

MR. SPEAKER : Order, please. Kindly sit down. Let the Minister reply.

SHRI K. S. RAMASWAMY : Sir, the item mentioned against the old resolution, item 2(v) is covered by the other terms of reference contained in the same resolution. The Committee is going to consider the report of the Commissioner for Scheduled Castes and Scheduled Tribes ; it goes into all the aspects of the welfare of Scheduled Castes and Scheduled Tribes. That is what exactly is mentioned in item (v). That has already been covered. (Interruption). We feel that this is redundant and this should be omitted. This is also covered by present item (v) : "to examine such other matters as may seem fit to the Committee...". So, the Committee can go into any question they like. We do not want to have something which is redundant ; we do not want to repeat it. That is what I wanted to inform the House.

MR. SPEAKER : He raised two or three points. So far as laying before the House is concerned, that is not there. So far as the Commissioner's appointment is concerned, it is pending since long. These are the two points to which you may reply.

SHRI K. S. RAMASWAMY : It is true that the Commissioner has not been appointed. We are taking steps to appoint one very soon. Regarding the recommendations and the report of the Committee, the various departments have already gone into them and we are accepting many of the recommendations. We are getting and sending reports on all the recommendations.

MR. SPEAKER : I think there is a little misunderstanding about this.

SHRI SEZHIYAN : The Minister's reply is not satisfactory. Even in item (vi) of last year's resolution, it was stated : "to examine such other matters as may seem fit to the Committee..." etc. That was there even previously.

SHRI K. S. RAMASWAMY : That is why I said this one was redundant.

SHRI SEZHIYAN : What was not redundant last year has become redundant now. Why is it so ? (Interruption)

SEVERAL HON. MEMBERS : *rose*—

MR. SPEAKER : Order, order. I was looking at the last year's Chairman. He is very quietly listening to it.

SHRI SEZHIYAN : The Basumatari is here. Please ask his opinion.

SHRI D. BASUMATARI (Kokrajhar)
rose—

MR. SPEAKER : I do not force him to say anything. Please keep sitting. He is quite unaware.

MR. SPEAKER : The question is :

“(1) (a) That a Committee of both the Houses to be called the ‘Committee on the Welfare of Scheduled Castes and Scheduled Tribes’ be constituted, consisting of thirty members, twenty from Lok Sabha and ten from Rajya Sabha to be elected in accordance with the system of proportional representation by means of the single transferable vote : and the voting at such election shall be by secret ballot ;

(b) That a Minister shall not be eligible for election as a member of the Committee and that if a member after his election to the Committee is appointed a Minister, he shall cease to be a member thereof from the date of such appointment ;

(2) That the functions of the Committee shall be :—

(i) to consider the reports submitted by the Commissioner for Scheduled Castes and Scheduled Tribes under article 338 (2) of the Constitution and to report to both the Houses as to the measures that should be taken by the Union Government in respect of matters within the purview of the Union Government including the

Administrations of the Union Territories ;

(ii) to report to both the Houses on the action taken by the Union Government and the Administrations of the Union Territories on the measures proposed by the Committee ;

(iii) to examine the measures taken by the Union Government to secure due representation of the Scheduled Castes and Scheduled Tribes in services and posts under its control (including appointments in the public sector undertakings, statutory and semi-Government Bodies and in the Union Territories) having regard to the provisions of article 335 ;

(iv) to report to both the Houses on the working of the welfare programmes for the Scheduled Castes and Scheduled Tribes in the Union Territories ; and

(v) to examine such other matters as may seem fit to the Committee or are specifically referred to it by the House or the Speaker.

(3) That the members of the Committee shall hold Office for a period of two years from the date of the first meeting of the Committee ;

(4) That in order to constitute a sitting of the Committee the quorum shall be ten ;

(5) That in all other respects the Rules of Procedure of the House relating to Parliamentary Committees shall apply with such variations and modifications as the Speaker may make ; and

(6) That this House do recommend to the Rajya Sabha that the Rajya Sabha do join in the Committee and communicate to

[Mr. Speaker]

this House the names of members elected from amongst the members of the Rajya Sabha to the Committee as mentioned above."

The motion was adopted.

MR. SPEAKER : Now, Shri Bade wanted to raise some point. Of course, I had no objection, but this was raised in the House twice, thrice—about cholera—by two Calling Attention Motions and other motions. You can have a minute or two but not more than that.

SHRI R. V. BADE (Khargone) : I just want to know what steps have been taken in this matter by the Government. Under rule 377—

MR. SPEAKER : This poor rule 377 is so much misused and molested. Anyhow—

SHRI R. V. BADE : Rule 377 is the only rule under which we can take up such important questions and bring them to the House.

MR. SPEAKER : So long as I am the Speaker.

SHRI R. V. BADE : There is a report in the Press that there is outbreak of cholera in the Mana refugees camp. What steps have the Government taken in this matter?

MR. SPEAKER : That would be directed to the minister.

SHRI R. V. BADE : What about the reply to my question?

MR. SPEAKER : Don't worry about the reply. It is my duty to do it now.

SHRI S. M. BANERJEE (Kanpur) : I have already written to you that I have received a letter from the father of Deepak Banerjee, who is behind the bars in Pakistan. The Minister should make a statement about the journalists in prison in Pakistan. Their parents are extremely worried about it.

MR. SPEAKER : You cannot raise it abruptly like this. I am not allowing it.

12.47 hrs.

SALARIES AND ALLOWANCES OF OFFICERS OF PARLIAMENT (AMENDMENT) BILL *Contd.*

MR. SPEAKER : The House will now take up further consideration of the Salaries and Allowances of Officers of Parliament (Amendment) Bill. There was no member on his legs. (*Interruptions*)

I wish it could be passed, because very few are in the know of the fact that between the Speaker and the M. Ps, the difference is only about Rs. 300 to 400. If you agree we do not mind parting with this sum of Rs. 300 or 400, provided we get the facilities you get for your presence here every day. Of course, I am not in the Bill, but I was not very happy when this was discussed. The Deputy Speaker was equated with the Minister of State and he will now get just what the Minister of State gets. After deduction of taxes, etc., only so much is left that the difference between the MP and the Deputy Speaker is only about Rs. 300 or Rs. 400. If you agree, that can be changed. If we do away with that Rs 300 or 400 and if you give us the concession of Rs 50 a day, we accept it.

There was no member on his legs yesterday.

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : May I reply now?

SHRI PILOO MODY (Godhra) : May I submit that we agree to pass the Bill as it is, provided, the minister does not reply?

SHRI RAJ BAHADUR : I do not mind it. But some observations were made which should not go unanswered.

SHRI PILOO MODY : We are all convinced of the need for the Bill; no necessity for a reply.

SHRI RAJ BAHADUR : I do not think that they do not like my voice. Even so I will sit down. I have no objection to their after that I do not speak. I will not speak at all, if the members so desire. I will leave it to them. But I think I should be allowed to say a few things.

SHRI PILOO MODY : No, Sir.

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : Since certain points were raised, they should be replied to.

SHRI RAJ BAHADUR : I am grateful to the hon. Member who have participated in this debate. I have very carefully listened to their speeches. So far as this Bill is concerned, it only seeks to remove an anomaly. As far back as 1962 the status of the Deputy-Speaker in this House and the Deputy Chairman in the other House was raised and recognised to be that of a Minister of State but the salary remained the same, which was anomalous. This measure is purely consequential ; nothing more.

SHRI D. N. TIWARY (Gopalganj) : Then it should be given retrospective effect from 1962.

SHRI RAJ BAHADUR : This Bill does not seek to do that. Questions were raised ranging from cost of living to increase in prices and unemployment.

SHRI JYOTIRMAY BOSU (Diamond Harbour) : What about chamber messengers who get only Rs. 75 per mensem ?

SHRI RAJ BAHADUR : We are as much concerned about those issues as anyone on that side.

SHRI SEZHIYAN (Kumbakonam) : If from 1962 the status of Minister of State was given, why were they sleeping over it all these eight years ?

SHRI PILOO MODY : That is the normal speed of the Government.

SHRI RAJ BAHADUR : For one reason or other including the dissolution of the fourth Lok Sabha, this Bill was delayed.

So far as the question of staff of Parliament is concerned, they are under the control of the Speaker. Their terms and conditions of service are governed by what is applicable to Central Government employees. They are entirely under the administrative control of the Speaker. We shall certainly do whatever we can for them. But I would beg of hon. Members not to

raise these issues time and again because this looks like exploiting them for political ends:

SHRI PILOO MODY : Sir, it is for you now to stop him.

SHRI RAJ BAHADUR : I must say that Shri Krishna Halder was less than fair to me when he said :

"The hon. Minister, Shri Raj Bahadur, is acting like Raja Bahadurs of Middle Ages when Raja Bahadurs obliged their Ranis or queens by handsome gifts."

This is not a gift to the Deputy-Speaker...

SHRI KRISHNA HALDER (Ausgram) : I am a political worker for more than thirty years and I have made greater sacrifice than Shri Raj Bahadur. In this connection, I want to mention that I was a Cabinet Minister in the second United Front Government of West Bengal and we set an example instead of drawing full salary, I received only Rs. 500 per month as salary which was much less than the salary of a Cabinet minister.

SHRI RAJ BAHADUR : I think Shri Krishna Halder knows that I have been doing public service all these years and I have done more than what Shri Halder has ever done in his life.

I say that it was most objectionable to say that it was a gift to the Deputy-Speaker. I would not have referred to these observations but for the fact that he said that it was a gift to the Deputy-Speaker, which it is not. It is a recognition of the Status objectively.

So far as Shri Dhote is concerned, I am really amused to see that all of a sudden having stood for vested interest, he has acquired the love for *garibi hatao* and all those things.

Shri Banerjee said about the Pay Commission and the cost of living index. I have only to say that both these matters are not relevant to this particular issue.

I would beg of this House to pass this Bill without any amendment.

MR. SPEAKER : So far as my Secretariat is concerned, we do what they do there. Whatever they will do for their staff, I will do for our staff. Of course, we have to get the money from the Consolidated Fund,

Now, there is one amendment, No. 4 for circulation of the Bill for the purpose of eliciting public opinion by the 15th November, 1971. I am putting it to the vote of the House.

Amendment No. 4 was put and negtived.

MR. SPEAKER : Now I am putting the other amendment, No. 5, for reference of the Bill to a Select Committee, to the vote of the House.

Amendment No. 5 was put and negtived.

MR. SPEAKER : Now, the question is :

"That the Bill further to amend the Salaries and Allowances of Officers of Parliament Act, 1953, be taken into consideration."

The motion was adopted.

Clause 2. (*Substitution of new section for section 3.*)

SHRI BIBHUTI MISHRA (Motihari) :
Sir, I move :
Page 1,—

for lines 8 and 9, substitue

"3, There shall be paid to the Chairman, the Speaker and the Deputy Speaker a salary of two thousand two hundred and fifty rupees per mensem and to the Deputy Chairman a salary of two thousand rupees per mensem." (2)

MR. SPEAKER : I am now putting the amendment to the vote of the House.

Amendment No. 2 was put and negtived.

MR. SPEAKER : The question is :
"That clause 2 stand part of the Bill."

The motion was adopted

Clause 2 was added to the Bill

Clause 3, (*Amendment of section 5.*)

SHRI BIBHUTI MISHRA : Sir, I move :

Page 1, lines 10 and 11,—

omit "the Deputy Chairman and" (3)

अभी इसके जवाब में राज बहादुर जी ने कहा है कि यह 1962 का है और जब 1971 हो गया है, 9-10 साल गुजर गये, 9-10 साल में यह कांसीक्वेन्शल हो गया है। अगर 10 साल हमारी सरकार में कोई बाढ़ कान्सीक्वेन्शल हो, तो असली बात जानें में कितना समय लगेगा ? सबाल यह है, जैसा मैंने कल भी कहा था कि इसमें स्टेटस की बात नहीं है। लोक सभा के जो स्पीकर हैं वे 523 मेम्बरों का काम करते हैं, वे सुबह 1 बजे आते हैं और शाम को 6 बजे जाते हैं और जो यहां के डिप्टी स्पीकर हैं वे भी 11 बजे आते हैं और 6 बजे जाते हैं। वहां राज्य सभा में 238 मेम्बर हैं। कल मैंने इस बात को बतलाया था कि कितने दिन वह हाउस बैठता है और कितने दिन यह हाउस बैठता है।

...(अवधान)...तो दोनों हाउसेज में आप पैरिटी कैसे स्थापित कर सकते हैं। इंग्लैंड में जो हाउस आफ लार्ड्स है और जो यहां पर अपर हाउस है उन दोनों का मुकाबला नहीं हो सकता है। इसलिए मैं चाहता हूं कि हमारी सरकार इसके ऊपर ध्यान दे।

13. hrs.

दूसरी बात सरकार को यह भी बेसनी चाहिये कि यह पैसा कहाँ से आता है ? वह सारा पैसा जनता के पास से आता है। जनता कितनी मशक्कत से यह पैसा पैदा करती है। हमारे मन्त्री जी राजस्थान के हैं, वे जानते हैं कि राजस्थान में कितनी मेहनत करके खेती से पैसा पैदा होता है इसलिये सरकार को यह भी देखना चाहिये कि किस तरह से उस पैसे की खर्च किया जाये। गांधी जी किस तरह से कांग्रेस के एक-एक टुकड़े की बचाकर उसकी इस्तेमाल करते हैं। तो हम गांधी जी की बुनियाद पर ही पैदा हुए हैं और उसी बुनियाद पर

हमको चलना चाहिये। मैं चाहूंगा कि मन्त्री जी इस पर पुनर्विचार करें और सभी को एक समान न करवायें बल्कि जैसा किसको काम हो, जैसी जितनी ज़रूरत होती हो उसी समान दर उसको दें। स्पीकर और डेप्युटी स्पीकर और डिप्टी चेयरमैन की तनखाह बराबर है, स्टैंड्स में कोई फर्क नहीं है और आपने कहा कि दो मार-सौ रुपये का फर्क है तो क्यों न उसको बराबर कर दें लेकिन मिनिस्टर या सचिवर होने से या सेक्टर होने से या निस्तर और मजदूर होने से बाल बच्चों के खाने पीने पर तो कोई फर्क नहीं होता है, सभी के बाल बच्चे एक जैसे ही होते हैं और जब आप समाजवाद लाने की बात करते हैं तो फिर उसी तरह से कीजिये। मैं तो कहना चाहता हूँ कि वह दिन दूर नहीं जब इस देश में क्रान्ति होकर रहेगी।

श्री राज बहादुर : अध्यक्ष महोदय, विधान में राज्य सभा का क्या स्थान है और विधान में कोई परिवर्तन करने के लिए हम इस समय क्या नहीं कर रहे हैं। मैं समझता हूँ इसी बात को सोच समझ कर माननीय विधिति मिश्र अपना संशोधन वापिस ले लेंगे।

अध्यक्ष महोदय : क्या आप संशोधन वापिस ले रहे हैं ?

श्री विधिति मिश्र : जी हाँ, मैं वापिस लेता हूँ।

Amendment No. 3 was, by leave, withdrawn.

MR. SPEAKER : The question is :

"That clause 3 stand part of the Bill"

The motion was adopted.

Clause 3 was added to the Bill.

MR. SPEAKER : The question is :

"That Clause 1, the Enacting Formula and the Title stand part of the Bill"

The motion was adopted.

Clause 1, the Enacting Formula and the Title were added to the Bill.

SHRI RAJ BAHADUR : Sir, I beg to move :

"That the Bill be passed"

MR. SPEAKER : Motion moved :

"That the Bill be passed"

SHRI JYOTIRMOY BOSU : Sir, we have heard a lot about the slogan 'Garibi Hatao'. People in the country should know how much a Minister in this country costs the public exchequer... (Interruptions). You are trying upgrade the Deputy-Speaker. Why not you downgrade the Ministers and bring their salaries below the salary of the Deputy Speaker ? You reduce their salaries so that they get less than even the Chiefs of this House... (Interruptions). I have got here a reply given in the Rajya Sabha. Sir, a Minister in this country, according to that reply, costs the public exchequer between Rs. 30,000 and Rs 50,000. A Minister spends as much as Rs. 30,000 on telephone calls alone. If the Deputy Speaker wants Rs. 30,000 for telephone calls alone...

MR. SPEAKER : Please conclude.

SHRI JYOTIRMOY BOSU : Sir the office expenditure of the Prime Minister is as much as Rs. 1,14,000. This was some years back. It should have doubled or trebled now.

I am saying that the country cannot afford to increase the salary of Ministers. I am strongly advocating that the salary of Ministers be reduced so that the salary of the Deputy Speaker and the Speaker remains higher than that of the Ministers. Suppose tomorrow they want to increase the salary of the State Ministers. Again you come with a Bill for that. You increase the salary of the Minister and the next day you will have to increase the salary of the Speaker and the Deputy Speaker. This cannot go on. I am talking about the under-dogs serving here. Every day they come here at 9.0' clock in the morning and work

[Shri Jyotirmoy Bosu]

till 7.0' clock in the evening drawing a basic wage of Rs. 75. You are spending much more than the country can afford and they know nothing at all. The Ministers' contribution is so little that they do not deserve any increase.

MR. SPEAKER : The question is :

"That the Bill be passed"

SHRI JYOTIRMOY BASU : No reply from the Minister ?

SHRI RAJ BAHADUR : I am prepared to reply.

MR. SPEAKER : I have already put the motion. The question is :

"That the Bill be passed"

The motion was adopted.

MR. SPEAKER : Now we adjourn for lunch and reassemble at 2.15 p. m.

13.00 hrs.

*The Lok Sabha adjourned for Lunch
till fifteen minutes past Fourteen
of the Clock.*

*The Lok Sabha reassembled after
Lunch at eighteen minutes past
Fourteen of the Clock.*

[Mr. Deputy-Speaker in the Chair]

SHRI JYOTIRMOY BOSU (Diamond Harbour) : I have given a notice. The employees of the Birla office are thrown out of employment for 15 months. They are being treated very badly. They have brought in the CRP. I have received two telegrams. I request through you, Sir, to appeal to the Labour Minister that he may look into the matter and if possible, he may make a statement before the House. Thank you.

14.19 hrs.

STATUTORY RESOLUTION RE. MAIN-
TENANCE OF INTERNAL SECURITY
ORDINANCE AND MAIN-
TENANCE OF INTERNAL
SECURITY BILL

MR. DEPUTY-SPEAKER : 7 hours have been allotted for the Statutory Resolution regarding disapproval of the Maintenance of Internal Security Ordinance, 1971 ; and the Maintenance of Internal Security Bill, 1971. If the House agrees, 5 hours may be given for combined discussion on the Statutory Resolution and the General Discussion of the Bill. 2 hours may be given for clauses and Third Reading of the Bill.

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : Clause by clause consideration may take more time.

MR. DEPUTY-SPEAKER : 7 hours have been allotted for the entire business. Now, I am suggesting that 5 hours may be given for combined discussion.

SHRI JYOTIRMOY BOSU : We have to express the concern of our party. I have to present my party's view...

MR. DEPUTY-SPEAKER : Within the time allotted by the House.

SHRI JYOTIRMOY BOSU : All right ; we will do our best.

SHRI S. M. BANERJEE (Kanpur) : On a point of order. At the introduction I said that this Bill ..(Interruption)

MR. DEPUTY-SPEAKER : You are referring to the Bill. We are now on the Resolution...

SHRI S. M. BANERJEE : We have taken both together.

MR. DEPUTY-SPEAKER : You are rising on a point of order and your objection is to the Bill.

SHRI S. M. BANERJEE : Consideration of the Bill and Ordinance, both,

MR. DEPUTY-SPEAKER : This is a motion disapproving the Ordinance. We are at that stage now. Let him proceed with his speech.

SHRI JYOTIRMOY BOSU : This contradicts the Fundamental Right guaranteed under Article 226 of the Constitution.

श्री अटल बिहारी वाजपेयी : उपाध्यक्ष, महोदय, मैं संकल्प पेश करना हूँ कि :

“यह सभा 7 मई, 1971 को राष्ट्रपति द्वारा प्रस्थापित आन्तरिक सुरक्षा बनाये रखना अध्यादेश, 1971 (1971 का अध्यादेश संख्या 5) का निरनुमोदन करती है।”

उपाध्यक्ष महोदय, जब संसद् सत्र में नहीं था तब राष्ट्रपति द्वारा.....

SHRI JYOTIRMOY BOSU : This is a Bill where the Home Minister should have been personally present, because this Bill is a great encroachment on fundamental rights.

MR. DEPUTY-SPEAKER : Shri K. C. Pant is the Minister of State in the Ministry of Home Affairs, and this Bill stands in his name. Therefore, he is completely competent to deal with it.

श्री हुकम चन्द कछवाय (मुरैना) : प्रधान मन्त्री को बुलवाइये क्योंकि यह मन्त्रालय उनके पास है। मन्त्रिमंडल का कोई भी सदस्य यहाँ पर उपस्थित नहीं है।

SHRI JYOTIRMOY BOSU : This is a Bill which is being brought forward to encroach upon basic human rights..

MR. DEPUTY-SPEAKER : The hon. Member can speak when his turn comes.

SHRI JYOTIRMOY BOSU : We want to be heard by the senior Members of the Cabinet too.

श्री अटल बिहारी वाजपेयी : उपाध्यक्ष महोदय, जब संसद् सत्र में न हो तो राष्ट्रपति महोदय अध्यादेश जारी कर सकते हैं। यह अध्यादेश जारी करने का अधिकार संविधान के अनुच्छेद 123 (1) के अन्तर्गत दिया गया है। लेकिन अध्यादेश जारी करने का अधिकार कोई अमर्यादित अधिकार नहीं है। हमारा संविधान किसी को असीम अधिकार नहीं देता। फिर चाहे वह राष्ट्रपति हों या सरकार अथवा यह संसद्। लोकतन्त्र का आधार मर्यादित आचरण है। अध्यादेश जारी करने का राष्ट्रपति का अधिकार भी संविधान के निर्माताओं ने सीमित किया है। जहाँ अधिकार दिया है वहाँ संविधान यह लिखा है कि :

“If at any time the President is satisfied that circumstances exist which render it necessary for him to take immediate action ..”.

उपाध्यक्ष महोदय, यह अध्यादेश बढ़ते हुये मूल्यों को रोकने के लिये जारी नहीं किया गया। यह अध्यादेश केन्द्रीय कर्मचारियों की अधिक अन्तरिम सहायता की मांग की पूर्ति के लिये जारी नहीं किया गया। यह अध्यादेश बेकारों को रोजगार देने के सम्बन्ध में कोई नया प्रबन्ध करने की दृष्टि से भी जारी नहीं किया गया। यह अध्यादेश जारी किया गया पुराने और घृणा के अधिकारी नजरबन्दी कानून को पुनर्जीवित करने के लिये।

प्रश्न यह है कि 7 मई को ऐसी कौन सी परिस्थितियाँ थी जिन्होंने सरकार को राष्ट्रपति के माध्यम से अध्यादेश जारी कराने के लिए प्रेरित किया। उससे पहले संसद् की बैठक हो चुकी थी। देश में लोक-सभा के मध्यावधि चुनाव समाप्त हुए थे। सत्तारूढ़ दल को भारी भरकम बहुमत मिला था। चुनाव में सत्तारूढ़ दल ने नजरबन्दी कानून को पुनर्जीवित करने का सवाल नहीं उठाया। सत्तारूढ़ दल ने चुनाव में यह बात नहीं कही कि उसे किसी भी नाम-

[श्री मदन बिहारी बाजपेयी]

रिक को बिना कारण बताये गिरफ्तार करने और बिना मुकदमा चलाये जेल में रखने का अधिकार प्राप्त होना चाहिये।

इस विधेयक के उद्देश्य और कारणों के संक्षेप में कहा गया है, मैं उद्धृत कर रहा हूँ :

“देश की वर्तमान स्थिति और सीमा पार घटनाओं को देखते हुए, राष्ट्रीय सुरक्षा के हित में, अतिआवश्यक और प्रभावी कार्यवाही की आवश्यकता है।”

देश की वर्तमान स्थिति के ऊपर बाद में आऊँगा, जहाँ तक सीमा पार की घटनाओं का सम्बन्ध है, बंगला देश की घटनाएँ 25 मार्च को प्रारम्भ हो गई थी। पाक सेना ने बंगला देश की स्वाधीनता-प्रिय जनता को कुचलने के लिये कदम उठा लिया था। कुछ मात्रा में विस्थापित भी पाकिस्तानी सेना के मरण से बचने के लिए भारत में शरण लेने के लिए आने लगे थे। 7 मई को ऐसी कौन सी परिस्थिति थी जिसके लिये अध्यादेश जारी करना जरूरी था। 24 मई से संसद की बैठक होने वाली थी। सरकार संसद की बैठक के लिये रुक सकती थी, लेकिन सरकार ने रुकना उचित नहीं समझा। यहाँ तक कि इस मामले में विरोधी दलों के प्रतिनिधियों से भी विचार-विनिमय करने की आवश्यकता नहीं समझी गई। जब कभी सरकार संकट में होती है तो विरोधी दलों के नेताओं को विचार-विनिमय के लिए निमन्त्रित किया जाता है उस कठिनाई में से निकलने के लिए। लेकिन इस प्रश्न पर विरोधी दलों को विश्वास में नहीं लिया गया।

जैसा उद्देश्यों और कारणों के कथन में कहा गया है कि सीमा-पार की घटनाओं को देखते हुए राष्ट्रीय संकट के हित में यह आवश्यक था कि नजरबन्दी कानून को पुनरुज्जीवित किया जाये, मेरा निवेदन है कि यदि स्थिति संकटपूर्ण थी, यदि सीमा पार की घटनाएँ किसी असाधारण अधिकार की मांग कर रही

थीं, यदि भारत की सुरक्षा के लिए संघर्ष सतारा था, यदि विदेशी एजेंटों की कतिपय भयावह रूप धारण कर रही थीं और यदि वर्तमान कानून परिस्थिति का सामना करने में सक्षम और समर्थ नहीं था, तो सरकार यह अध्यादेश जारी करने से पहले विरोधी दलों से विचार-विनिमय कर सकती थी यदि वेस में धस्तुतः राष्ट्रीय संकट है तो उस संकट की अनुकूलि केवल सत्तारूढ़ दल को होगी और देशभक्ति में विश्वास करने वाले अन्य दलों में नहीं होगी, यह समझने का कोई कारण नहीं। लेकिन यह विचित्र संकट है जिसमें विरोधी दलों से विचार-विनिमय करने का भी सौजन्य नहीं दिखाया जाता। विरोधी दलों को तो छोड़ दीजिए, इस प्रश्न पर सरकार ने सत्तारूढ़ दल के प्रमुख सदस्यों को भी विश्वास में लेने का यत्न नहीं किया।

एक माननीय सदस्य : बिल्कुल गलत।

श्री मदन बिहारी बाजपेयी : यह सदस्य हैं जो बोल रहे हैं। इन्हें अभी जुमा-जुमा आठ दिन नहीं हुए इस सदन में पैर रखे हुए। यदि सभी विरोधी दलों ने विचार-विनिमय करने का समय नहीं था तो सरकार कम से कम उन दलों से तो विचार विनिमय कर ही सकती थी जो चुनाव में सत्तारूढ़ दल के साथ मिल कर लड़े थे जो हमनिवाला और हम-प्यार था, विमर्श बात काली ऐसी थी, जो बड़े वक्त में काम आये थे। मेरा इरादा अपने संपीठ पर, डी०एम०के० तथा मुस्लिम लीग के मित्रों की तरफ है। शायद अन्य विरोधी दलों को सरकार अप्रसूय समझती है, लेकिन जिनसे इतना गठबन्धन था उन्हें तो विश्वास में लिया ही जा सकता था।

मैं निवेदन कर रहा था कि विरोधी दलों को विश्वास में लेना तो अत्यंत सही, सरल दल के अपने वरिष्ठ सदस्यों से भी सरकार ने चर्चा नहीं की। मैं जानता हूँ कि उस वक्त में ऐसे सम्मानित सदस्य बैठे हैं जिन्हें अभी भी

राज्य में नजरबन्दी कानून का सामना करना पड़ा था, जिन्होंने विरोध किया था बिना कारण बताये किसी को गिरफ्तार करने का, बिना मुकदमा चलाये किसी को जेल में रखने का। उस और ऐसे सदस्य भी बैठे हैं, जो पराधीनता के काल में काले कानून के विरोध में अपना सर्वस्व स्वर उठाते थे, उस और भी ऐसे सदस्य हैं जिनकी व्यक्ति-स्वातन्त्र्य में अछूट निष्ठा है, जो लोकतान्त्रिक जीवन मूल्यों की रक्षा करना चाहते हैं। मुझे विश्वास है कि इस विधेयक पर विचार करते समय भी उनकी निष्ठा प्रकट होगी और वह अपने हृदय की बात खुले सन्दो में कहेंगे।

अब जब मैं इस अध्यादेश का विरोध करने के लिए खड़ा हुआ हूँ तो मेरे सामने इतिहास के अनेक पृष्ठ खुल जाते हैं। अतीव सजीव होकर मेरे सम्मुख आ जाता है। उन दिनों देश पराधीन था, हथ बेड़ियों में जकड़े थे, अंग्रेजी साम्राज्यवाद वजुजल के आधार पर हमारी स्वतन्त्रता का हमस कर रहा था। विदेशी सत्ता ने रेगुलेशन 3 आफ 1818, रोलेट ऐक्ट, डिफिन्स आफ इण्डिया रूल, बंगाल क्रिमिनल ला अमेंडमेंट ऐक्ट, 1930 आदि कानूनों के जरिये व्यक्तिगत स्वाधीनता का दमन किया था, मूलभूत अधिकारों की हत्या की थी। किसी भी व्यक्ति को अदालत के सामने आकर अपने को निर्दोश साबित करने के अधिकार से संचित कर दिया था। हमें पंहु बन्ना दिया था। उन कानूनों को स्वतन्त्रता के लिये संघर्ष करने वाले हमारे राष्ट्रीय नेताओं ने काले कानूनों की संज्ञा दी थी।

वह जो केनटनेनस आफ इन्फर्नल सिम्बोरिटी ऐक्ट है वह उन्हीं कानूनों की संज्ञा है, यह उन्हीं कानूनों की परम्परा का प्रतिनिधित्व कर रहा है। हमारे राष्ट्रीय नेताओं ने कहा था कि हमें उन कानूनों को स्वीकार नहीं करेंगे जिनमें न बर्बाद की गुंजाइश है, न दलील की और न खोज की। अगर आप इस कानून की उठाकर देखें जो अध्यादेश

के बाद सदन के और देश के सामने आयेगा तो उसमें भी वही आपत्तिजनक व्यक्ति-स्वातन्त्र्य की विरोधी बातें शामिल हैं जिनकी आजादी की लड़ाई में हमने डट कर विरोध किया था।

कभी-कभी तो मुझे ऐसा लगता है कि जो रेगुलेशन 3 आफ 1818 था उसकी धारयाँ वर्तमान अध्यादेश से नरम थीं। उस रेगुलेशन के अन्तर्गत किसी भी व्यक्ति को नजरबन्द किया जा सकता था, गवर्नर जनरल-इन-कौंसिल के आदेश पर। अंग्रेज गवर्नर नहीं है, मैग्निमण्डल है। लेकिन नजरबन्द करने का अधिकार केवल गृह मन्त्री तक ही सीमित नहीं रहेगा, नजरबन्द करने का अधिकार राज्यों के मंत्रियों तक सीमित नहीं रहेगा, हर जिला मजिस्ट्रेट को अधिकार दिया जा रहा है कि वह भारत के नागरिक को जब चाहे, जहाँ चाहे और जिस परिस्थिति में चाहे गिरफ्तार कर सकता है, बिना कारण बताये जेल में ठूस सकता है। हिन्दुस्तान में 300 से अधिक जिले हैं, 300 से अधिक जिला मजिस्ट्रेट हैं। इस अध्यादेश में कहा गया है कि केवल जिल मजिस्ट्रेट को अधिकार देना काफी नहीं है। अतिरिक्त जिला मजिस्ट्रेट को भी यह अधिकार होगा कि वह इस अध्यादेश के अन्तर्गत कार्य कर सके। इसके साथ ही बम्बई, मद्रास, कलकत्ता, हैदराबाद के पुलिस कमिश्नर को भी शामिल कर दिया गया। इस दृष्टि से यह अध्यादेश अंग्रेजी राज्य के रेगुलेशन 3 आफ 1818 से भी अधिक कठोर हो जाता है।

जब अंग्रेज नजरबन्दी कानून लाये तो इस देश में प्रबल प्रतिरोध हुआ था। हमने उसे काले कानूनों की, कानून रहित कानून की संज्ञा दी थी। सचमुच नजरबन्दी कानून के खिलाफ हमारी लड़ाई आजादी की लड़ाई का एक हिस्सा है। इस सदन ने यह लड़ाई देखी है, यह सदन उस लड़ाई का साक्षी है। इस सदन के नवाक, इसकी गुम्बदों विरोध की प्रतिनिधित्व से आज भी गुंज रही है। यहाँ के पक्षों पर उसे लड़ाई की कहीं भी अंशित है।

[श्री मटल बिहारी बाजपेयी]

मुझे याद है और मैं पुरानी कार्रवाई में से पंडित मोती लाल नेहरू के भाषण का एक अंश निकाल कर लाया हूँ। अच्छा होता अगर उनकी पोती इस समय सदन में मौजूद होती। बाबा ने क्या कहा था यदि प्रधान मंत्री यह सुनती तो शायद उन पर प्रभाव पड़ता। मैं उद्धृत कर रहा हूँ पंडित मोती लाल नेहरू के कथन का एक अंश :

"The poison is there to taint the fountain of justice, when a man is not made acquainted with the allegations and evidence against him. Please do not give me these three Judges."

इस आदेश के अन्तर्गत जो भी एडवाइजरी बोर्ड बनेगा उसमें तीन जज होंगे या जज के समकक्ष लोग होंगे, यह सुविधा अंग्रेज भी देने को तैयार था लेकिन स्वाधीनता के सेनानियों ने उसे स्वीकार नहीं किया। पंडित मोती लाल नेहरू आगे कहते हैं :

"Please do not give me these three judges; give me three men from the street. Produce all your evidence before these three men and let me criticise and cross-examine that evidence and then you do what you like with me. There is no use of giving three High Court Judges. You may give me three Privy Councillors. With that restriction on their powers they could not help the victim. You call this justice? Can there be anything more barbarous than this?"

क्या इससे भी अधिक कोई बर्बरतापूर्ण बात हो सकती है ?

इतिहास स्वयं को दोहरा रहा है। व्यक्ति की स्वाधीनता की लड़ाई चल रही है। योद्धा बदल गए हैं लेकिन युद्ध जारी है। मैक्सवेल की जगह आज पंडित कृष्ण चन्द्र पन्त विराजमान हैं। जो नजरबन्दी के खिलाफ लड़ते थे वे अपने देशवासियों को नजरबन्द करने का अधिकार ले रहे हैं, अंग्रेजों की निन्दा करने वाले उन्हीं को मात करने पर जुबे हुए हैं।

लेकिन एक परम्परा और भी चल रही है। वह परम्परा है पंडित मोती लाल नेहरू की, पंडित मदन मोहन मालवीय की, डा० ब्याबस प्रसाद मुखर्जी की परम्परा। व्यक्ति स्वाधीनता की मशाल एक पीढ़ी से दूसरी पीढ़ी के हाथ में जा रही है। हमें खुशी है कि उस मशाल को लेकर आज हम खड़े हैं और व्यक्ति की स्वाधीनता के पक्ष में आवाज उठा रहे हैं।

आपको स्मरण होगा जब से भारत का संविधान बना है नजरबन्दी कानून के खिलाफ आवाज उठाई जा रही है। हमारे लिए यह कानून नहीं है, यह जंगल का कानून है। यह कानून का राज्य नहीं है, जंगल का राज्य है। [यह मूलभूत अधिकारों के विरुद्ध सरकार का आक्रमण है। यह व्यक्ति की स्वाधीनता पर एक हमला है। नागरिक स्वाधीनता का आज हनन किया जा रहा है। यह पुलिस राज्य का प्रारम्भ है। नजरबन्दी कानून लोकतंत्र पर कलक है। यह तानाशाही की ओर प्रथम पग है।

नजरबन्दी कानून सुनने में सत्ताधारी दल को भी अच्छा नहीं लगता, वह कर्कश है, उसमें से दुर्गन्ध आती है, जनमत उसके विरुद्ध है, इसलिए इस कानून का नाम प्रिवेटिव डिटेन्शन एक्ट नहीं, इस कानून का नाम मेटेनेस आफ इन्टरनल सिक्योरिटी आर्डिनेंस रखा गया है, आंतरिक सुरक्षा बनाए रखने के लिए अध्यादेश, लेकिन नाम बदलने मात्र से उस घृणित कानून का स्वरूप नहीं बदल सकता। शैंक्सपीयर ने कहा था नाम में क्या है। अगर गुलाब का नाम बदल भी दिया जाए तो उस में से बैसी ही सुगन्ध आएगी। मैं भी कहना चाहता हूँ कि आप इसको नजरबन्दी कानून कहें या न कहें इसमें से बैसी ही दुर्गन्ध आने वाली है, फिर भले ही आप इसको मेटेनेस आफ इन्टरनल सिक्योरिटी आर्डिनेंस कहें। अगर फासी के फंदे को स्वर्ण की सीढ़ी कहा जाएगा तो क्या उसका प्रण लेवा स्वरूप बदलेगा। आज तय -

नाम रख कर सरकार किसको धोखा देना चाहती है? वह स्वयं को धोखा देने का नाटक कर सकती है। लेकिन देश इस धोखे में घाने वाला नहीं है।

यह ठीक है कि हमारे संविधान में नजरबन्दी कानून की व्यवस्था की गई है। लेकिन वह व्यवस्था सामान्य काल के लिए नहीं है, वह व्यवस्था संकट काल के लिए है। सरकार को यह सिद्ध करना होगा कि आज ऐसा संकट-काल है जिसमें व्यक्ति की स्वाधीनता को परे रखा जा सकता है, व्यक्ति को अदालत की परिधि से निकाला जा सकता है और शासन के हाथ में निरकुश अधिकार सौंपे जा सकते हैं। अपने संविधान के अनुच्छेद 22 में मूलभूत अधिकारों की चर्चा करते हुए हमने कहा है :

“No person who is arrested shall be detained in custody without being informed, as soon as may be, of the grounds for such arrest nor shall he be denied the right to consult, and to be defended by, a legal practitioner of his choice.”

संविधान में आगे कहा गया है :

“Every person who is arrested and detained in custody shall be produced before the nearest magistrate within a period of twenty-four hours of such arrest excluding the time necessary for the journey from the place of arrest to the court of the magistrate and no such person shall be detained in custody beyond the said period without the authority of a magistrate.”

एक माननीय सदस्य : आगे भी कुछ है।

श्री अटल बिहारी वाजपेयी : मैं आगे भी पढ़ रहा हूँ। आगे कहा गया है कि यह अधिकार अर्थात् दो वर्गों के लोगों के बारे में। एक तो जो विदेशी दुश्मन है और दूसरे जिन्हें नजरबन्दी कानून के अन्तर्गत गिरफ्तार किया जाएगा। आप संविधान सभा का विवाद उठा कर देख लीजिए। इसका काफी विरोध हुआ था। दुनिया के किसी लोकतन्त्रवादी देश का संविधान व्यक्ति की स्वाधीनता और उस

पर अंकुश लगाने का प्रावधान साथ-साथ नहीं रखता। मैं जानता हूँ कि संसदीय दल के सदस्य कहेंगे कि संविधान में नजरबन्दी कानून की व्यवस्था है, इसलिए हम नजरबन्दी कानून ला रहे हैं। आज तो संविधान बदलने की बड़ी चर्चा हो रही है। संविधान में परिवर्तन प्रगतिशीलता का प्रमाणपत्र माना जा रहा है। अगर उसमें परिवर्तन करना ही है तो नजरबन्दी करने का जो अधिकार सरकार लेना चाहती है, उसको निकालने के बारे में विचार क्यों नहीं किया जा रहा है। अगर आज निकालना सम्भव नहीं है तो कम से कम उसका उपयोग तो मत करिये। लेकिन संविधान का हवाला देकर क्या इस काले कानून का समर्थन करने का प्रयत्न किया जाएगा?

हमने लोकतन्त्र का मार्ग अपनाया है। लोकतन्त्र की अपनी परम्पराएँ हैं। आज शांति-काल में हम ऐसा कठोर कानून बनाने जा रहे हैं जो युद्ध के काल में ब्रिटेन में भी नहीं था। जब ब्रिटेन जीवन और मरण की लड़ाई लड़ रहा था, जब ब्रिटेन का अस्तित्व दाव पर लगा था, जब ब्रिटेन अपनी स्वाधीनता खो बैठेगा यह संकट उसके सामने था, तब भी ब्रिटेन के नागरिकों को अधिकार था कि वे अदालत के सामने अपनी सफाई दे सकें, गिरफ्तारी के पहले गिरफ्तारी के कारण माग सकें, जो भी सबूत पेश किए जाएं उन सबूतों पर जिरह कर सकें, गवाह बुला सकें और अपने पक्ष में किसी वकील को लड़ा कर सकें।

आज भारत में युद्ध की स्थिति नहीं है। संकट-काल की घोषणा नहीं की गई है। इस सरकार को जनता का भारी समर्थन प्राप्त है। अभी शांतिपूर्ण चुनाव सम्पन्न हुए हैं। इस शांति के काल में इस तरह का कानून बनाने की क्या आवश्यकता है?

यह कहना तो एक बहाना है कि सीमा के पास कुछ हो रहा है। सीमा के पास कुछ होने से पहले भी अनेक राज्यों में नजरबन्दी कानून बना दिये थे। 31 दिसम्बर को नजरबन्दी कानून की अवधि समाप्त होगी

[श्री बटल बिहारी बाजपेयी]

श्री सरकार—कानून की सरकार—किर कानून
कानून—कानून—श्री । सरकार—एह कानून इस

कानून केना पड़ा था ।

उस समय तो बंगला देश की समस्या नहीं
थी । उस समय तो पाकिस्तान के आक्रमण का
खतरा नहीं था । उस समय तो शस्त्रों के संघर्ष
की आशंका नहीं थी । अगर तब भी सत्ताकद
बल इस घृणित कानून की अवधि बढ़ाना
चाहता था । बढ़ा नहीं सका, यह बात भलग
है, क्योंकि वह अल्पमत में था और विरोधी
दलों ने उसे नजरबन्दी कानून को समाप्त करने
के लिए विवश कर दिया । लेकिन इसके बाद
भी अनेक राज्यों ने नजरबन्दी कानून बनाये ।
पश्चिमी बंगाल (जहाँ राष्ट्रपति-शासन था),
मध्य प्रदेश और राजस्थान में ये कानून बनाये
गये ।

श्री ए० पी० शर्मा (बक्सर) : यह जन-
संघ के नेता बोल रहे हैं या नक्सलाइट्स के
नेता बोल रहे हैं ।... (व्यवधान)...

श्री एम० ए० कसीम (श्रीनगर) : और
उपर से अंग्रेजों के मानने वाले बोल रहे हैं
या इन्दिरा गांधी को मानने वाले बोल रहे
हैं ? (व्यवधान)

श्री बटल बिहारी बाजपेयी : इस समय
अतिशय स्वाधीनता का हामी बोल रहा है ।
यह विवाद पार्टी से दूरे होना चाहिए । अगर
नक्सलवादियों के खिलाफ कार्यवाही करने की
आवश्यकता है, तो हम उसका समर्थन करेंगे ।
अगर वहाँ यह कानून नक्सलवादियों के लिए
है ? तो उस पर भी जाना चाहता हूँ । (व्यव-
धान)

श्री जयदेव शर्मा : क्या कानून कानून
नक्सलवादियों है ?

श्री बटल बिहारी बाजपेयी : अगर राज्य
सरकारें स्वयं अपना नजरबन्दी कानून बना
सकती हैं, तो केन्द्रीय सरकार को केन्द्रीय कानून
बनाने की क्या आवश्यकता है ? पिछले इक्कीस
साल से यह कानून चलता रहा । अब सीमा
के पार की घटनाओं का हवाला देने की क्या
आवश्यकता है ?

जब विरोधी दलों के नेता प्रधान मंत्री
से मिले थे, तब प्रधान मंत्री ने कहा कि जो
विस्थापित आ रहे हैं, उनके साथ पाकिस्तानी
जासूस भी आ रहे हैं और इन जासूसों का
सामना करने के लिए हमने यह अध्यादेश
निकाला है । क्या जासूसों से निबटने के लिए
इस सरकार के पास कोई कानून नहीं है ?
कानून है । फोरनेन एक्ट है, जिसका विशेषियों
के खिलाफ प्रयोग किया जा सकता है । अगर
आवश्यकता हो और परिस्थिति का तकाजा
हो, तो उस कानून को और भी कड़ा किया जा
सकता है । एक माफिशल सीक्रेट्स एक्ट भी
है, जिसके अनुसार कोई भी गुप्त सूचना देना
एक अपराध है—गुप्त सूचना देने वाला और
प्राप्त करने वाला दोनों दंडित किये जा सकते
हैं । उसके अन्तर्गत भी कार्यवाही की जा सकती
है ?

और अगर पहले कार्यवाही करनी है, तो
क्रिमिनल प्रोसीजर कोड की तमाम धारारें
हैं—धारा 107, 117 और 151 हैं । उनके
अन्तर्गत व्यक्ति को अपराध करने से रोका जा
सकता है, उसे हिरासत में लिया जा सकता है,
उसे कचरे में डबा दिया जा सकता है ।
इंडियन पीनल कोड की धारारें भी हैं, जो
सरकार को इस सम्बन्ध में अधिकार देती हैं ।

अगर आवश्यकता हो, तो एक या अधिक
द्विजनों की उपायाना जा सकता है । व्यवस्था

देशों में ऐसे कानून हैं। अगर समस्या विदेशी जासूसों की है, अगर समस्या उन तीर्थों की है, जो देश की स्वतन्त्रता के साथ खिलवाड़ करना चाहते हैं, जो राष्ट्रीय सुरक्षा को भ्रष्ट पहुंचना चाहते हैं, जो किसी और ताकत के एजेंट के रूप में काम करते हैं, तो उनसे निबटने के लिए ज़ाफ़ ट्रीजन का निर्माण किया जा सकता है। लेकिन नजरबन्दी कानून को पुनरुज्जीवित करने की आवश्यकता नहीं है।

इस अध्यादेश के अन्तर्गत ऐसा जाल फैलाया गया है, जिसका सम्बन्ध न तो बंगला देश की घटनाओं से है और न विदेशी जासूसों से है। इस अध्यादेश में कहा गया है "... (i) भारत की रक्षा, भारत के विदेशी सरकारों से सम्बन्ध या भारत की सुरक्षा पर, अथवा (ii) राज्य की सुरक्षा या लोक-व्यवस्था बनाए रखने पर, अथवा (iii) समुदाय के लिए आवश्यक प्रदाय और सेवाएं बनाए रखने पर..."। एसेंशल सर्विसिज और एसेंशल सप्लाईज भी नजरबन्दी कानून की परिधि में आ गये हैं। मैं पूछना चाहता हूं कि सीमा पार की घटनाओं से इसका क्या सम्बन्ध है?

और फिर अब तो सीमा-पार की घटनाओं सरकार जिस दृष्टि से देख रही है, उसमें इस काले कानून की आवश्यकता नहीं है। अब तो प्रधान मंत्री और उनके सहयोगी एक राजनैतिक समझौते की बात कर रहे हैं। अब तो बंगला देश के साथ विश्वासघात करने की तैयारी हो रही है। यह दृष्टिकोण सरकार को इस बात का अधिकार नहीं देता कि वह असाधारण शक्तियां प्राप्त करे।

इस अध्यादेश को स्वीकार करने का अर्थ होगा व्यक्तिगत स्वाधीनता के विरुद्ध सरकार को जिहाद की छूट दे देना। अगर हम दूसरे देशों की आलोचना, चर्चा करें, तो इस कानून के अर्न्तगत हम नजरबन्द किये जा सकते हैं। क्या मुझे अधिकार नहीं है कि मैं पाकिस्तान की निन्दा करूं? क्या मैं पाकिस्तान को नरसंहार का दोषी घोषित नहीं कर सकता?

क्या मैं पाकिस्तान के खिलाफ सड़क की मार्ग नहीं कर सकता? मैं करूं या न करूं, यह बात अलग है, लेकिन अगर कोई व्यक्ति पाकिस्तान के खिलाफ कठोर कदम की मांग करता है, तो वह इस अध्यादेश के अन्तर्गत घसीटा जा सकता है, बगैर मुकदमा चलाये हजालात में बन्द किया जा सकता है।

ये अधिकार विदेशी जासूसों के विरुद्ध प्रयुक्त नहीं किये जायेंगे। ये अधिकार राजनैतिक विरोधियों के विरुद्ध प्रयुक्त किये जायेंगे। "गरीबी हटाओ" के नारे पर चुनी गई सरकार अब गरीबी बढ़ाना चाहती है। नये बजट में आम आदमी पर टैक्स लगाये गये हैं। उन टैक्सों का विरोध स्वाभाविक है। कल कर्मचारी महंगाई भत्ते में वृद्धि के लिए संघर्ष करेंगे। परसों मजदूर अपनी आवाज उठाने के लिए मैदान में निकलेंगे। तब कहा जायेगा कि ये मजदूर और कर्मचारी एसेंशल सर्विसिज को समाप्त कर रहे हैं, उनको रुद्ध रहे हैं, उनमें बाधा डाल रहे हैं; उनके नेताओं को नजरबन्द किया जाना चाहिए।

मैं पूछना चाहता हूं कि पब्लिक आर्डर का क्या मतलब है? पब्लिक आर्डर को इसमें शामिल करना यह बताता है कि सरकार इस बिल के दायरे को बढ़ाना चाहती है, व्यक्तिगत स्वाधीनता के खिलाफ भरपूर हमला करना चाहती है। पिछले इक्कीस वर्षों का अनुभव इस का साक्ष्य है। हम नजरबन्दी कानून के शिकार बनाये जा चुके हैं। राजनैतिक मतभेद रखने के कारण हमें जेल में डाला जा चुका है। आज तो सत्तारूढ़ दल चुनाव की जीत के नशे में चूर है। अगर हमने उस पर हुक्मत का नशा चढ़ने दिया, उसको निरंकुश सत्ता दे दी, तो उसका दुरुपयोग होगा। मैं एक दुरुपयोग का उदाहरण देकर समाप्त करूंगा।

श्री बदरुजा और यूनाइटेड फ्रंट मिनिस्ट्री के कोई एक और मिनिस्टर गिरफ्तार किए

[श्री अटल बिहारी वाजपेयी]

नए : मैं पूछना चाहता हूँ और मैं चाहता हूँ कि पन्त भी इस सवाल का स्पष्ट जवाब दें कि जो कागज बरामद हुए हैं उनमें कांग्रेस मंत्रिमण्डल के एक डिप्टी मिनिस्टर का नाम है या नहीं ? वह सारे कागज सदन में रखे जायें । मेरा आरोप है कि जो भी कागज मिले हैं उनके आधार पर अपनी पार्टी के व्यक्ति को छोड़ दिया गया और विरोधी दल के व्यक्ति को पकड़ लिया गया । इस अध्यादेश के बाद यही होने वाला है ।

हमारा यह फैसला है कि हम इस अध्यादेश का विरोध करेंगे, इस अध्यादेश को कानून का रूप देने की सरकार की हर कोशिश का विरोध करेंगे, कदम-कदम पर यह लड़ाई चलेगी । हम व्यक्तिगत स्वाधीनता की मशाल बुझने नहीं देंगे । राष्ट्रीय सुरक्षा और व्यक्ति की स्वाधीनता में कोई विरोध नहीं है । अगर सचमुच विरोध हो तो हम राष्ट्रीय सुरक्षा चाहेंगे । हम लोकतन्त्र का संरक्षण चाहेंगे । मगर आज ऐसा संकट नहीं है । यह सरकार अपने राजनैतिक विरोधियों को कुचलने के लिए असाधारण अधिकार चाहती है । इसलिए हमने इस अध्यादेश का विरोध करने का फैसला किया है । मुझे विश्वास है कि सत्तारूढ़ दल में भी कुछ सदस्य में आत्मा की आवाज जगेगी । केवल पार्टी का अनुशासन तोड़ने के लिए नहीं, व्यक्ति की स्वाधीनता बनाए रखने के लिए भी सत्तारूढ़ दल के कुछ सदस्य निकलेंगे । जहां तक हमारा सवाल है, हम तब तक यह संघर्ष जारी रखेंगे जब तक हम विजयी नहीं हो जाते ।

THE MINISTER OF STATE IN THE
MINISTRY OF HOME AFFAIRS (SHRI
K. C. PANT) : Sir, I rise to move* :

"That the Bill to provide for detention in certain cases for the purpose of maintenance of internal security and matters connected, there with, be taken into consideration."

*Moved with the recommendation of the President.

SHRI S. M. BANERJEE : On a point of order. I am opposing it at the introduction stage.

MR. DEPUTY-SPEAKER : Under the Rules, opposition to the introduction of the Bill can be done but that is over. Now we are at the stage of consideration.

SHRI A. P. SHARMA : Sir, I want to raise a point of order before that.

MR. DEPUTY-SPEAKER : When one point of order has already been raised, I must dispose of it first before I hear you.

SHRI S. M. BANERJEE : My point of order is confined to three points. At the time of introduction of this particular Bill, I had pleaded with this House that this was against certain articles of the Constitution. I still feel that this is against the Fundamental Rights—articles 19, 22 and other articles of the Constitution—and that there is discrimination between the people of Jammu and Kashmir...(Interruption).

MR. DEPUTY-SPEAKER : All these points that you are making could as well be a part of the submission that the Bill cannot be passed.

15.00 hrs.

SHRI S. M. BANERJEE : My point is that this Bill cannot be discussed.

MR. DEPUTY-SPEAKER : You point out the rules.

SHRI S. M. BANERJEE : If you read clauses of the Bill, the detention without trial...

MR. DEPUTY-SPEAKER : You are going into the details now.

SHRI S. M. BANERJEE : I am not going into the details of the Bill. There is fundamental right under article 19. I do not want to read it since you know better than me. Then, there is article 22 which was very ably read by my hon. friend Shri Vajpayee. This is against natural justice to articles 226 of the Constitution. There is

MR. DEPUTY-SPEAKER : You give a separate motion.

SHRI A. P. SHARMA : I was just going to submit that Mr. Banerjee's point of order does not hold good.. (*Interruptions*). You have no right to interrupt me. I must make my point. (*Interruptions*)

SHRI ATAL BIHARI VAJPAYEE : In that case, you allow me to support Mr. Banerjee's point.

MR. DEPUTY-SPEAKER : Mr. Sharma, I have disposed of the point of order raised by Mr. Banerjee. Now, if you have got any new point of order, you can submit that. But don't refer to the point of order which I have already disposed of.

SHRI A. P. SHARMA : I only wanted to point out that the objections raised do not hold good...(*Interruptions*)

SHRI K. C. PANT : I have already moved the Bill. Sir, some duties are pleasant, some are not. I don't for a moment deny the unpalatable aspects of this legislation. I heard Shri Vajpayee with great attention and on this occasion, he chose to speak in ringing tones as a champion of individual liberty. Sir, he could hardly have failed to notice that in his task he got vociferous and enthusiastic support from another great champion of individual liberty in this House, Shri Jyotirmoy Basu... (*Interruptions*) This alone, if nothing else, should have made him understand the dangerous grounds into which he was entering... (*Interruptions*)

SHRI JYOTIRMOY BOSU : Mr. K. C. Pant, your utterances are not going to give you any dividends.

AN HON. MEMBER : He supported your bank nationalisation measure also... (*Interruptions*)

SHRI K. C. PANT : I may tell Shri Pilo Mody that I am only taking into notice the support which carries a political weight behind it.

SHRI JYOTIRMOY BOSU : These utterances are not going to bring him any dividend from outside.

You remember, on a previous occasion also, the Attorney-General was called before the House. I wish to move that the Attorney-General be summoned before the House. We should be allowed to put certain questions to him whether it is going to be a reasonable restriction on fundamental rights or it is complete elimination of fundamental rights. The Attorney-General should be called before the House. I move that the Attorney-General be called before the House to reply to certain questions by the Members so that we are satisfied that this is constitutionally all right.

MR. DEPUTY-SPEAKER I cannot accept any motion off-hand.

SHRI S. M. BANERJEE : I can move it.

MR. DEPUTY-SPEAKER : I am barred by the rules to accept it like that. You have to give notice to me.

Now, you say, this cannot be discussed on the basis of your point of order that you raised. That should have been done at the stage of introduction. You know there are three stages of the Bill. The stage of introduction is over. We are now on the second stage. The points that you have raised will be the subject-matter for the Minister to reply. It cannot be barred from discussion.

SHRI S. M. BANERJEE : There are four stages of the Bill. The first one is the introduction stage. This is the consideration stage. At the consideration stage also, we can object to it. I say, this Bill cannot be considered.

MR. DEPUTY-SPEAKER : That does not prevent the consideration of the Bill.

SHRI S. M. BANERJEE : What about my motion to call the Attorney-General before the House.

SHRI K. C. PANT : My hon. friend, Shri Vajpayee, made an appeal and not a very subtle one at that, to the sentiments of those sitting on this side of the House. He spoke powerfully and movingly about the Freedom Struggle, about those who fought against the black Acts of the British days and he called upon members sitting on this side of the House to remember the history of those days. Many on this side of the House have lived that history. They have not read about it and they have not watched it from a safe distance, they have been in it and need I remind Shri Vajpayee to-day that it was no one else than Sardar Patel who first brought forward the Preventive Detention law before the Parliament ?

SHRI ATAL BIHARI VAJPAYEE For one year only.

SHRI PILOO MODY (Godhra) : Why don't you ask some of those who are there as to what they feel about it ?

SHRI K. C. PANT : Since he chose to quote Shri Motilal Nehru, may I also be permitted to quote Sardar Patel in which he has referred to what Shri Motilal said. This is what Sardar Patel has said :

"When law is flouted and offences are committed, ordinarily, there is the criminal law which is put into force. But, when the very basis of the law is sought to be undermined and attempts are made to create a state of affairs in which, to borrow the words of Shri Motilal Nehru, 'men would not be men and law would not be law', we feel justified in invoking emergent and extraordinary law."

SHRI PILOO MODY : One thing is sure. Men are not men any more.

SHRI K. C. PANT : In 1950 when the Sardar brought forward this measure, the Prime Minister was none other than Jawaharlal Nehru and to-day with his rhetoric Shri Vajpayee wants us to forget that these were the leaders who brought forward this Act and he wants us to listen to him rather than to the compulsions that were recognized by those leaders. So, those on this side of the House would draw a lesson from the fact that

however unpalatable the duty, we must perform the duty to the country. And, those who have fought for freedom can be expected to know the value of freedom and they can be expected to exert themselves to the utmost to protect that freedom. *(Interruption)* Shri Vajpayee paid to those sitting on this side of the House a compliment of having fought in the freedom struggle.

SHRI S. M. BANERJEE : Not all of them.

SHRI K. C. PANT : Most of them ; many of them.

AN HON. MEMBER : You were on the side of the Britishers ; we know it.

SHRI K. C. PANT : Many of those on this side of the House who used to sit here were depleted by years in prison and by the sufferings that they underwent and they have left us. But I wish I could return the compliment and say to Mr. Vajpayee that his party had also suffered in the freedom struggle. I am sorry that I cannot.

SHRI ATAL BIHARI VAJPAYEE : Our party was created in 1952. उपाध्यक्ष महोदय क्या देर से पैदा होना कोई जुर्म है ?

SHRI K. C. PANT : I said, the party.

श्री अटल बिहारी वाजपेयी : उपाध्यक्ष महोदय, यह पन्त जी के मुंह से शोभा नहीं देता है, अगर इनके पिताजी कहते तो ज्यादा अच्छा था। भारतीय जनसंघ बना 1952 में और आजादी की लड़ाई खरम हुई 1947 में। वह ताना देने का क्या अर्थ है ?

SHRI K. C. PANT : That is my whole complaint.

SHRI PILOO MODY : The Congress party is merely a purchased organisation.

SHRI K. C. PANT : Mr. Piloo Mody only thinks of purchase and sale. The Jan Sangh took care to fall after the freedom struggle was won.

SHRI ATAL BIHARI VAJPAYEE : The congress party was founded by a British gentleman. Don't forget your very forefathers.

SHRI K. C. PANT : After indulging in cheap jibes, I am sorry Shri Vajpayee lost his head completely.

It is not as though it gives me pleasure to bring forward this measure. Nothing is dearer to us than the cause of individual liberty and human freedom and it is but natural that those, who value freedom and independence should view with some trepidation anything that seems to affect the hard-won fruits of their struggle. One would wish there was no need for this measure.

I was asked about the circumstances in 1950 and now. In early 1950 when first the P. D. Act was brought before the country, the situation in Telengana was there which is known to many in this House. That was one of the compelling factors, which filled the hearts of those who championed the cause of liberty and freedom to pilot such a legislation. The situation now facing the country is definitely more difficult. They cannot for a moment afford to turn a blind eye to the threats, external and internal, that the country faces at this juncture. There are times when one cannot preserve the true content of liberty and freedom unless one effectively isolates those who deliberately exploit these very concepts to undermine and destroy all that is cherished in a democracy.

SHRI S. M. BANERJEE : Whose quotation is this.

SHRI K. C. PANT : I am sure that this august House would coolly consider the problems confronting the nation and help in our joint endeavour to counter the forces that threaten its unity and integrity.

My hon. friend Shri Atal Bihari Vajpayee asked me what the special circumstances prevailing on the 7th May were that made it necessary for an ordinance to be promulgated. If it had been promulgated on the 8th May or the 6th May or the 5th May, the same rhetoric would have been used but no amount of rhetoric can ignore the basic facts of the situation. He himself, I noticed very carefully, did not at any stage say that an extraordinary situation had not developed across the border. He did not say that refugees were not coming in in large numbers. He in fact said that they were, and on that day they had already come in in large numbers. He did not deny that there was a possibility of spies coming in with them. He did not discount the possibility of espionage. He did not discount

the possibility of intrusions. He did not discount the possibility of Pakistani soldiers coming into our territory. He did not discount any of those things. He said that if it was necessary to take action against the Naxalites, he would support us. He said all those things. By implication, he admitted the situation, and yet because of the compulsions of politics, he has today to join hands with Shri Jyotirmoy Bosu.

Several amendments have been moved with a view to restrict the scope of the Bill. I would first like to deal with this aspect of the matter. (*Applause.*)

श्री ज्योतिर्मय बसु : 51 रुपया ताली बजाने का है ।

SHRI K. C. PANT : This is what explains their clappings in their meetings, namely this 51 per man. Now, I understood how they organise these large meetings in Calcutta.

I do not think that I need to explain any more the compulsion and the reasons behind the promulgation of the ordinance on the 7th May. The situation facing the country in the beginning of May was a grave one, and it was a situation which was fraught with dangerous possibilities. It was a situation that had far-reaching long-term implications for our country as a whole.

Indeed, the situation continues to be such, and it was a situation that demanded that the country should be fully prepared to face all threats arising from the intrusion of armed foreign personnel, activities of espionage and the attempts of those who seek to fish in troubled waters. The existing laws would have only enabled prosecution of persons after they had done the damage, whereas what was required was that the damage should not be allowed to be done. It was in view of the prevailing situation in the country and the development across the borders, and taking into account the inadequacy of the existing laws that the Maintenance of Internal Security Ordinance was promulgated on the 7th May.

This House which has shown a keen awareness of the nation-wide implications of the recent developments would no doubt appreciate that on an occasion such as this, Government is duty-bound to be prepared for all contingencies. An essential ingre-

[Shri K. C. Pant]

dient of such preparedness is the continuing ability to take effective preventive action.

It is hardly necessary for me to elaborate the reasons why we should be in a position to apprehend and isolate foreign personnel and espionage agents infiltrating into our country. I am sure that Shri Atal Bihari Vajpayee would agree with it. But I do not know whether Shri Jyotirmoy Bosu will agree with it.

SHRI JYOTIRMOY BOSU : All the arrests made so far do not fulfil all the requirements that he has mentioned.

SHRI K. C. PANT : Nor need I dwell on the reason why in the prevailing situation in the country utmost vigilance is necessary to curb the forces of violence and subversion.

This House has repeatedly expressed its serious concern over the violent and unlawful activities of the Naxalites and other allied extremist groups in different parts of the country. Similarly, the nation as a whole has to be alert to forestall any attempt to exploit the situation to foment and spread trouble on the communal front. It is against this background that the House should consider the need for replacing the Maintenance of Internal Security Ordinance by legislation.

Several suggestions have been made in the House for restructuring the scope of the Bill. It was suggested, for instance, that preventive action should be found necessary only in respect of foreign nationals. While there is strength in the argument that more stringent provisions should be available in respect of certain categories of foreign nationals who seek to promote prejudicial activities in the country, it would tantamount to grave folly if we fail to realise that in a vast country like ours we cannot rule out the existence of some black sheep through whom hostile foreign interests could operate and who at times such as these pose an equally real threat to the security of the nation.

Another variant of the proposal to restrict the scope of the Ordinance is that preventive action should not be possible in the interest of public order. May I, which I have permission, briefly recapitulate some

of the facts of recent history ? In 1969, when the Preventive Detention Act, 1950, was due to expire, we elicited the views of all State Governments regarding the need for the continuance of such a law on the statute book. Many of these Governments, may I remind the House ; were not Congress Governments. All States, with one exception, recommended the continuance of the legislation enabling preventive detention not only in the interest of the defence of India or security of India but also in the interest of public order, security of the State and maintenance of civil supplies, to which reference was made by Shri Vajpayee also.

SHRI PILOO MODY Which was the State that did not ?

SHRI JYOTIRMOY BOSU : When 2½ lakh employees were striking in Andhra Pradesh throwing the whole administration in jeopardy, why was not preventive detention invoked to put the Chief Minister there under preventive detention ?

SHRI K. C. PANT : Even that one exception conceded that such power should continue for acting against hoarders and black-marketeers.

SHRI PILOO MODY Which was the State ?

SHRI K. C. PANT : It was not West Bengal. I shall answer questions. I shall answer the debate also. But I would request my hon. friend, Shri Piloo Mody, not to interrupt every two minutes.

SHRI PILOO MODY : Name the State. You mentioned there was one exception.

SHRI K. C. PANT : Even that one exception, no doubt when it became politically advantageous to adopt a contrary posture, did not hesitate to do so. Then the UF Government of West Bengal chose, to modify their earlier recommendation.

SHRI R. V. BADE (Khargone) ; Which was that State ?

SHRI K. C. PANT : Kerala, I thought.

he would be better informed—I did not expect Shri Piloo Mody to know it.

It will not be necessary for me to recall that the same UF Government in West Bengal in 1967 found it necessary to invoke the provisions of the then available law on the subject and between June and October, 1967, ordered over 1300 persons to be detained. Of these, 761 persons were detained by the Government of West Bengal for acting in a manner prejudicial to the security of the State or the maintenance of public order.

SHRI DINEN BHATTACHARYYA (Serampore) : Not a single member of a political party—they were all anti-social goondas.

SHRI K. C. PANT : You are talking about Jyoti Bosu ?

SHRI DINEN BHATTACHARYYA : We are talking about political parties.

SHRI K. C. PANT :
 A These are old wounds and I do not want to re-open them, but I cannot help in such a debate.

In the prevailing situation in the country it is not difficult to visualise that threats to our strength and unity can arise even through serious disturbance of public order.

I will not take long to explain in detail the provisions of the Bill. Similar provisions in earlier legislation of this nature has stood the test of time and of judicial security. I wish Shri Banerjee would note this. I would briefly explain, however, some of the salient aspects of the Bill.

Clause 3 of the Bill seeks to enable the Central Government, State Governments and Administrators of Union Territories to detain persons with a view to Prevent them from acting in any manner prejudicial to the defence of India, relations of India with foreign Powers, the security of India, the security of a State, maintenance of public order and maintenance of supplies and services essential to the community. It also enables similar action in respect of any foreigner with a view to regulate his continued presence in India or with a view to making arrangements for his expulsion from India. District Magistrates and Commissioners of Police are also sought to be empowered to make similar orders in the interests of the

security of the State or the maintenance of public order or the maintenance of essential supplies and services.

Shri Vajpayee made it appear as though that was the final order and the District Magistrate and the Commissioner of Police are fully empowered to take final action and there was no redress. That is not the position.

SHRI ATAL BIHARI VAJPAYEE : I did not say that.

SHRI K. C. PANT : You did not say it, but the manner in which, you put it could give that impression to those who have not studied the law. (*Interruptions.*) Mr. Shamim need not have any reason to be terrified by this Bill.

SHRI S. A. SHAMIM : We have a much blacker law in our State.

SHRI K. C. PANT : Clause 8 provides that when any person is detained in pursuance of a detention order, the authority making the order shall ordinarily within five days communicate to him the grounds on which the order has been made. It is, however, provided that, in exceptional circumstances and for reason to be recorded in writing, the authority making an order of detention can communicate the grounds of detention within a period of fifteen days.

SHRI S. M. BANERJEE : Why don't you read Clause 8(2) which says :

"Nothing in sub-section (1) shall require the authority to disclose facts which it considers to be against the public interest to disclose."

SHRI K. C. PANT : I want to leave something for you also. You are going to speak. Why should I mention all your points ? It would be highly unfair to take all the wind out of your sails.

In clause 3, it is also provided that if an order is made by any District Magistrate or Commissioner of Police, he shall forthwith report back to the State Government and no such order shall remain in force for more than 12 days unless it is approved by the State Government.

SHRI S. A. SHAMIM : Much worse,

SHRI K. G. PANT : Mr. Shamim apparently has greater influence with District Magistrates and Commissioners of Police than the State Government.

SHRI S. A. SHAMIM : I accept it.

SHRI K. C. PANT : In exceptional cases, however, where the grounds of detention are communicated only within a period of 15 days, another 7 days is left to the State Government for approving the initial order of detention. I would like to explain briefly why this provision has been found necessary. In extremely difficult situations involving inaccessible terrains it will not be practicable always to ensure that the grounds of detention be communicated within five days. It is only in such exceptional circumstances that the time is extended to fifteen days.

Clause 17 is another important provision enabling more stringent action in respect of foreigners in well-specified aggravating circumstances. Four aggravating circumstances have been specified. The first is where a foreigner infiltrates into our country with arms, ammunition or explosives. The second is where a foreigner enters or is found in our sensitive border areas notified under the Criminal Law Amendment Act. The third is where a foreigner infiltrates, i.e. enters without any valid travel document, in our borders.

The last is that where there is reason to believe that a foreigner is likely to commit any act of espionage. In respect of such foreigners sub-clause 3 of clause 17 makes stringent provisions. I am sure this House would appreciate the need for such provisions...*(Interruptions)*

Adequate safeguards against arbitrary exercise of power have been built into the provisions of the Bill. I would ask Shri Vajpayee to make a note of this provision. I have already referred to the provision that detention by a subordinate authority will not be ordinarily possible beyond a period of 12 days and only in exceptional circumstances it can be extended to 22 days. These 12-22 days are inclusive of the time taken by the State Governments to approve or disapprove the initial detention order. We sincerely hope that it may not be necessary at all to invoke the exceptional provisions. Resort to exceptional provisions should be rare. Every case of detention except those of foreigners found in the aggravating circum-

stances I have referred to earlier would require to be referred to an advisory board within thirty days from the date of detention. Government is bound to release the detainee forthwith if the advisory board is of the opinion that this is no sufficient cause for the detention of the person concerned.

I would now briefly refer to some of the points raised when I sought the leave of the House to introduce the Bill to which reference has been made by my hon. friend Shri Banerjee. It was sought to be made out that we have for some ulterior reasons left out Jammu and Kashmir; he repeated the point earlier today. The simple fact is that Jammu and Kashmir have a law of their own enabling preventive detention.

SHRI ATAL BIHARI VAJPAYEE : Many States have.

SHRI K. C. PANT : The question was why this was not extended to Jammu and Kashmir also. There is a second reason. The relevant legislative entries, entry 9 in list I and entry 3 in List III of the Seventh Schedule are not applicable to Jammu and Kashmir. Only the legislature of Jammu and Kashmir can make a law on this subject. Reference was also made to the law made by the President in West Bengal for prevention of violent activities. The House is also aware that certain other State legislatures such as Andhra Pradesh, Orissa, Madhya Pradesh, Maharashtra and Rajasthan have enacted their own laws enabling preventive detention in the interest of the security of the State or the maintenance of public order. I am also aware that some other States such as Assam, Punjab and Gujarat—note the geographical location of these States, to name only some of the border States—do not have adequate law enabling effective preventive detention.

SHRI SHYAMNANDAN MISHRA (Begusarai) : Why did not these States feel the compulsion ?

SHRI K. C. PANT : There are various compulsions, political and others which you know and I am not here to answer for the State Governments or for the United Front Governments. The House is aware of the activities of the Naxalites and the extremists in Bihar...*(Interruptions)* Whatever the reasons, I do not want to go into the reasons at present, it has not been possible for

these States to enact adequate laws on the subject. That is what I am concerned with. Parliament is competent by virtue of entries in the concurrent list I have referred to, to enact a law enabling adequate preventive action in the interest of public order or the security of the State or the maintenance of civil supplies. Parliament is competent to enact such a law in the interest of the defence of India and the security of India. The House is aware that there are several advantages if the laws on the subject were to be uniform all over the country. It is in the interest of uniformity as well as adequate timely preventive action that we have come to this House with this Bill.

Before I conclude I should like to assure the House that the Government would always prefer, wherever possible that, if our citizens are suspected of commission of any offence, they should be brought before competent courts of law for trial.

We would not lightheartedly recommend detention of persons who ought to be prosecuted for substantive offences according to law. At the same time, we cannot minimise the importance of taking timely action to prevent commission of serious offences. It is essential, in times such as these, to do one's utmost and forestall any threat to the maintenance of internal security. In the circumstances in which we are placed, the security and integrity of the country warrant timely and effective preventive action against the forces that threaten to operate against them.

If the medicine is better, it is also inevitable. A Government is there primarily to govern, and however unpleasant the task, cannot flinch from doing its duty by the country.

I would also urge this enlightened house to bear in mind that in the ultimate analysis, it is only by containing the activities of the mischievous and the misguided that democracy in this country would be strengthened. The fact that the law would impose restrictions on the liberties of a few has to be accepted as an unpleasant compulsion. What needs to be remembered is that the reasonable restrictions on the liberties of a few are sometimes essential to protect the rights and liberties of the peace-loving many.

Sir, I move the Bill for the consideration of the House.

MR. DEPUTY-SPEAKER : Motion moved :

"That this House disapproves of the Maintenance of Internal Security Ordinance 1971 (Ordinance No. 5 of 1971) promulgated by the President on the 7th May, 1971".

"That the Bill to provide for detention in certain cases for the purpose of maintenance of internal security and matters connected therewith, be taken into consideration".

There are a number of amendments to the motion for consideration. I would like to ascertain from Members who want to move them.

SHRI RAM DEO SINGH (Maharajanj) : I move :

"That the Bill be circulated for the purpose of eliciting opinion thereon by the 31st December, 1971". (1)

SHRI S. M. BANERJEE : I move :

"That the Bill be circulated for the purpose of eliciting opinion thereon by the 10th November, 1971." (2)

SHRI JYOTIRMOY BOSU : I move :

"That the Bill be circulated for the purpose of eliciting opinion thereon by the 15th November, 1971." (3)

SHRI M. C. DAGA (Pal) : I move :

"That the Bill to provide for detention in certain cases for the purpose of maintenance of internal security and matters connected therewith, be referred to a Selected Committee consisting of 7 members namely :—

- (1) Shri Chhatten Lal
- (2) Shri Hiralal Doda
- (3) Shri Nathuram Mirdha
- (4) Shri Shrikishan Modi
- (5) Shri Krishna Chandra Pant
- (6) Shri Natwar Lal Patel ; and
- (7) Shti Nawal Kishore Sharma.

with instructions to report by the first day of the next session." (60)

MR. DEPUTY-SPEAKER : This is a subject in which many hon. Members are very much exercised. So, they may exceed the time. I would like to help them by

We are now seeing every day such detention Bills. There is an unending flow of

that variety. By this, we are really belittling the House, because this is a House where we have elected representatives of the people and where some sort of democracy is expected to be practised. By bringing in this sort of Bills every day, the House is being belittled in my opinion.

For their misdeeds, for fulfilling their own political aspirations and ambitions, they are asking the House to regularise such unlawful, undemocratic ordinances which are nothing but semi-fascist in character. They are never satisfied. They are bringing every day some sort of Bill to detain people and to put curbs upon democratic rights. They have a one-track mind. The Prime Minister and the Home Minister—Now it is the same person—have advisers whose hands she is playing to consolidate her position and to keep herself in power and to perpetuate the continuous political blackmail. Therefore, this House should reject this lawless law.

15.44 hrs.

[Shri K. N. Tiwary in the Chair]

Even the British colonialists of early 19th century said—I am quoting from the book *Law of Preventive Detention* :

“The Britishers thought fit for securing and detaining in custody and any person or persons suspected of carrying on mediately or immediately any illicit correspondence dangerous to the peace of any of the British settlement or possessions in India or with any of the princes, rajas, zamindars or any other person or persons having authority in India or with the commanders, Governors or Presidents of any factories established in East Indies.” etc.

So, they brought the Preventive Detention Act only to do this, to preserve their self-interest. The British colonialists and settlers did it in the early 19th century. But what a great pity! Today, in the late 20th century the Congress Government talk about democracy, socialism and *garibi hatao* and in the same breath bring the same type of Preventive Detention Act which the British colonialists and merchant adventures and exploiters did 200 years ago. This is the character of the Bill.

But, even then, the old enactment showed some consideration. The provisions were

lenient. They did not apply to anybody else. But I do not see a Bill coming from the government to check smugglers, black-marketeers, food adulterators and corrupt officials. Because, if that is done their empire would be falling into bits and pieces. Therefore, they cannot do it. The sole object of this unlawful law is to curb the political opposition, who are posing a threat to their stitching to power. It is being done with the express object of curbing democratic and socialist forces which are defending the cause of workers and peasants in this country. This is a semi-fascist method to keep herself and her party perpetually in power in league with the monopolists should be revealed to everybody in this country. Of course, it is not something new to this country. They are moving towards dictatorial rule.

Could you remember that Banglabandhu Mujibur Rehman faced a similar charges in Agartala by Yahya Khan? You are only following his footsteps? Have you forgotten the charges which the Britishers made against the great man Shri Rash Bihari Bose? Even Comrade Lenin was branded as a German Spy. So, that is nothing new to us.

People have understood your game. See the results of the recent bye-elections in West Bengal. Out of three two have given their verdict condemning this government ...*(Interruptions)*

SHRI PRIYA RANJAN DAS MUNSI (Calcutta South) : Because of the murders ...*(Interruptions)*

SHRI JYOTIRMOY BOSU : Sir, if they go on interrupting me like this they will not be allowed to speak when their turn comes. So, it is better to control them.

SHRI PRIYA RANJAN DAS MUNSI : You go on. This is not West Bengal Assembly ; this is the House of the People. Do not forget that.

SHRI JYOTIRMOY BOSU : Sir, if you permit this then my party will not permit members from the other side to speak uninterrupted.

MR. CHAIRMAN : We need not pay attention to the interruptions.

SHRI B. K. DASCHOWDHURY (Cooch Behar) : Sir, I rise on a point of clarification. I want a clarification. Can an hon. Member of this House say that his party members will not allow members belonging to another party to speak in this House ?

MR. CHAIRMAN : This is only one side of the game. He should not be disturbed while he is speaking. He should not also disturb them when they speak.

SHRI B. K. DASCHOWDHURY : When you say that it is one side of the game what do you mean ?

MR. CHAIRMAN : I mean that you should not disturb him when he is speaking.

SHRI JYOTIRMOY BOSU : He was in the Forward Block. Now he is in the Congress...*(Interruptions)*

MR. CHAIRMAN : I would request other hon. Members not to interrupt him when he is speaking.

SHRI JYOTIRMOY BOSU : Now I come back to the place where I stopped. The people are not going to be hoodwinked. In West Bengal they have given a verdict only the other day. Out of three elections they have returned leaders who have fought for the common man. The peasants and workers have rejected them outright. So, let them take a lesson from this.

On 1st June a call for strike was given and it was a wholly successful strike. If those are not your indicators, what they will be, I do not understand.

There is acute socio-economic problem and it cannot be suppressed by bringing forward this legislation. It is becoming a semi-fascist State and it will be one very soon. Look at the allocations in the Budget. 20 years ago they spent less than Rs. 4 crores on the Central police.

MR. CHAIRMAN : You speak on the Bill.

SHRI K. C. PANT : You may let him develop this point because he can explain best why they are spending more on the police.

SHRI JYOTIRMOY BOSU : From Rs.

1.9 crores they have today come to Rs. 88.9 crores for Central policing.

SHRI A. P. SHARMA : Because of your activities.

SHRI JYOTIRMOY BOSU : Let me tell you gentlemen in this House—you are not aware of it—that the intelligence network is consuming most of it. I will give you little details.

Do you know that the Research and Analysis Wing attached to the Prime Minister's Secretariat and the Prime minister, the SSP and the umbrella of this National Security Bureau, the whole thing is going to be a combined operation under one IPS officer drafted from the UP cadre ? He holds the designation of Director of Foreign Intelligence. But that is not all; he has a lot more to do.

Do you know that the money that is given to this organisation of Shri Kao, the Research and Analysis Wing, is hedged in the External Affairs budget ? Apart from that, the huge discretionary fund, which used to be till the other day in the hands of five Ministers in India, of a total amount of Rs. 4 crores today has increased, can you imagine, to Rs. 28 crores to be controlled by one person, the Prime Minister. All this is being done with the object of deeply rooted to power in this country. There is nothing else.

AN HON. MEMBER : People's mandate.

SHRI JYOTIRMOY BOSU : I am quoting one of their patrons and subscribers, Shri B. M. Birla, who said in Calcutta that if the police wanted to stop it, it could be stopped in three days. He further said that hardened criminals are on the payroll. Pay between Rs. 500 and Rs. 1,000 a month and you can hire a man to throw a bomb for Rs. 200. Explosives is an item of the Centre; it is their responsibility. You can buy explosives in any place in Calcutta and West Bengal, because explosives have been put inside West Bengal for furthering their cause.

What is this intelligence work doing ? We have been able to get hold of a top secret memorandum No. C4/C17 (18) dated 3rd April, 1971, from the Deputy Director, Subsidiary Intelligence Bureau, Ministry of Home Affairs, Government of India, 9/1

Gariahata Road—they do not keep a sign-board; nothing at all, so you will not know—Calcutta-19 to DIG, Calcutta, IB, which reveals a plan by which political opponents, such as people belonging to my party, can be involved in false criminal cases of a serious nature. We have got hold of this document. We want a categorical answer whether any such circular or letter of this number was exchanged between the SI Deputy Director and the DIG. You have 24 hours time in which you could get a reply for us.

SHRI G. VISWANATHAN (Wandiwash): This is a serious thing. It should be laid on the Table of the House.

SHRI JYOTIRMOY BOSU : I will lay it.

MR. CHAIRMAN : I will not allow it.

SHRI JYOTIRMOY BOSU : They have engaged organised military squads, plain-clothes policemen, who are being used for annihilation of political opponents. Everybody knows about it. This is nothing new to us in West Bengal.

There should be a Committee consisting of Members of Parliament to examine into the expenditure of discretionary fund, how it is utilised, how much it is, who is the controlling authority and all that. I would like the House to take a decision on that.

As regards the application of the P. D. Act, we have seen in the past, in 1965, with one stroke of pen, 8000 Muslims are detained and with another stroke of pen, the same 8000 Muslims are ejected, because you do not require to think, as far as this Government is concerned, to rob a person of his individual and personal freedom. It is just like a piece of paper which can be thrown any time you like. So, 8000 Muslims and their families were ruined in 1965. And that happened to my party also. In 1962, 3000 CPM workers were detained under the same P. D. Act. Nothing was there. Mr. Nanda of Sadhu Samaj talked of White Paper. Where is the White Paper? It has become their white cap. The application of the P. D. Act and the P. U. A. Act is more known for mis-application than for proper application.

I will cite one instance. There is the Chittaranjan Cancer Research Centre which

is doing a very good job on research of cancer. They cannot think of these things. They have a branch at Chandranagar. One day, the police came with a charge-sheet and three of their employees were arrested. They were holding key positions. One was Medicines Store Keeper, the other was the Instruments Keeper and the third was the Treasurer and the Cashier. The charges were that they had gheraoed the Director and that they had threatened him that he will be stabbed to death. As a member of the governing body of the institution, I asked the Director to give me in writing what he thought about it. The Director wrote to me about it. This is the original letter. I can give it to the Government. It says :

“The Director was not subjected to any physical torture. Moreover, none of the employees who demonstrated threatened him to dire consequences..... and did not make any complaint to the police for the above demonstration... They were only peacefully agitating for the implementation of the governing body's resolution relating to the improvement of the pay-structure.....”

For that, three of their employees were detained under the PUA Act. What lies are written in the charge-sheet. You can realise that.

In Hooghly district, they had detained the highest number of people, 60 persons, and when the District Magistrate was asked by Mr. Jyoti Bosu, in the presence of the Governor, Mr. Dhavan, he said, “What can I do? The Superintendent of Police is forcing me to sign the warrants. I am helpless.” You are a police State, Mr. Pant. Don't deny it. When these three persons were arrested, one police officer asked, “Are they really CPM people?” and the reply was, “No. They are trade unionists. They are affiliated to CPM trade union.” So, the arrest order was made *pucca* then and there. That is how you are functioning.

How stringent is the Bill that you have brought forward? No legal interviews can be had. Mr. Badrudduja is in jail. Mr. Shashank Shekhar Sanyal, an eminent lawyer a Member of the Rajya Sabha, wanted a legal interview for legal consultation. The jailor said, “We shall arrange it.” He came to the gate. There, he was refused. Because the Home secretary had asked him not to allow him to do so. So, is it not a violation of the fundamental rights guaranteed by the

[Shri Jyotirmoy Bosu]

Constitution that you are debarring a man ? He can go in for a writ. He can ask for a mandamus if you don't allow him to consult his lawyer. How can you do it ? Sir, Mr. Badrudduja is 75 years old. This is the fifth time he has been arrested. Mr. Pant was saying about foreigners coming with LMGs and tommy guns in their bags and coming into Indian territory. Mr. Badrudduja is going to invade your territory! That is what you can tell.

16 hrs.

The Bengal Congress Government did not consult the Muslim league Ministers in that Cabinet. This is all done with an eye on the bye-elections but the people have understood them. So they have given their verdict. But, what secrets do you have ? May I ask you to whom is it unknown ? The powers to whom you have mortgaged the country, don't they know your secrets, your defence needs which are mostly brought from them ? Don't they know what you need ? In 1965 the Pakistan conflict was started by a group of powers and it was stopped by the same group of powers after 22 days. Don't talk about secrets when you have become entirely dependent on foreigners. You talk about secrets. There are no secrets that you can have. They know more about your affairs than you do.

About Mr. Badrudduja, I will tell you something very interesting. Mr. Siddhartha Shankar Ray and Mr. Taruna Kanti Ghosh went to his house saying, 'We are coming on behalf of Mrs. Gandhi. Kindly give us the support.'...*(Interruptions)*

SHRI PRIYA RANJAN DAS MUNSI : Sir, if he says like this, I will disclose the whole history in this House.

SHRI ATAL BIHARI VAJPAYEE : You do, but why do you interrupt him ?

SHRI PILOO MGDY : We want to hear it. Let him say it.

MR. CHAIRMAN : The hon Member has brought in the name of the Governor. Governor's name should not be brought in here.

AN HON MEMBER : Why not ?

MR. CHAIRMAN ; I will not allow it.

SHRI ATAL BIHARI VAJPAYEE : Some of the Congress Members referred to the name of the Punjab Governor. The Chair did not object to it.

सभापति महोदय : यहां पर गवर्नर के बारे में ऐसा नहीं कहना चाहिए कि सुपरिन्टेंडेंट आफ पुलिस साइन कराने के लिए गवर्नर के पास गया और गवर्नर ने कहा कि हम क्या करें। यह बात नहीं कहनी चाहिए।

श्री अटल बिहारी वाजपेयी : सभापति महोदय, यह असंसदीय नहीं है। आप माननीय सदस्य को कैसे रोक सकते हैं।

सभापति महोदय : उनके पास इस बारे में कोई एविडेंस तो हो।

श्री अटल बिहारी वाजपेयी : सभापति महोदय, गवर्नमेंट तो इस कानून के मातहत बिना एविडेंस के गिरफ्तार करने जा रही है।

सभापति महोदय : इस तरह से नामों का रेफरेंस यहां नहीं होना चाहिए।

SHRI JYOTIRMOY BOSU : I only said this. Two Congress men went—one happens to be a Minister, Shri Sidhartha Shankar Ray and Shri Tarun Kanti Ghosh—*(Interruptions)*. I did not say anything defamatory about them. They went and they said, 'We come on behalf of Mrs. Gandhi'...*(Interruptions)*.

SHRI B. K. DASCHOWDHURY : Mr. Chairman, on a point of order, Sir. Rule 356 says :

The Speaker, after having called the attention of the House to the conduct of a member who persists in irrelevance or in tedious repetition either of his own arguments or of the arguments used by other members in debate, may direct him to discontinue his speech.

He is speaking something which has not got relevancy with the object of this Bill. We are now discussing the Maintenance of

Internal Security Bill. He has brought in many other things which are not relevant. This is my point of order. I stand on that rule, Sir.

सभापति महोदय : देखिए, इस में कोई प्वाइंट ऑफ आर्डर नहीं है। अब माननीय सदस्य अपनी बात समाप्त करें।

SHRI PILOO MODY : He is a victim of his own point of order.

SHRI JYOTIRMOY BOSU : Syed Badrudduja declined and so he is behind the bars. Even Mr. Chavan has said categorically on the floor of the House in Rajya Sabha that the USIS are running at least 4 cultural centres in Eastern India where they are involved in undesirable activities. What steps are being taken against that? Why are they applying Official Secrets Act?

In the AICC office there were alleged to be spies Sunit Das and Mohit Chowdhury case. What has happened to those cases? Atulya Ghosh was deeply involved in the affair. No step was taken because they were congressmen. Sunil Das was executive in the AICC office. The man was arrested on charge of spying on behalf of Pakistan.

There are reports given by the present I.G. of Calcutta, when he was DIG, IP, that there are 3 very senior officials—one a former Commissioner of Police, one a present sitting Secretary of a very important department, and the third a former Commissioner of the division Jalpaiguri. That man is dead; so I would not like to mention his name. There were serious charges in which they were involved.

सभापति महोदय : देखिए, एक बात बराबर इस हाऊस में कहीं गई कि जो आदमी हाऊस में नहीं है जो अपने को डिफेंड नहीं कर सकता उस का नाम यहां नहीं लिया जा सकता।

I will not allow that to go on record. You should not indulge in cock and bull story. That is not allowed.

SHRI JYOTIRMOY BOSU : May I make a submission? I did not take any

name. I did not mention any name. I know that is not a desirable thing to do sometimes. I did not say any names. I am only saying that there are reports submitted by DIG IB that 3 officials were very close to man called*

MR. CHAIRMAN : He is not here. This will not be recorded.

SHRI JYOTIRMOY BOSU : This British Civil Service man was closely linked. I want to ask Mr. Pant about this. I want to know whether DIG IB submitted a report against three officials and their involvement with*

MR. CHAIRMAN : You must finish now. Mr. Misra.

SHRI JYOTIRMOY BOSU : I am talking about the Home Secretary...(Interruptions)*.

MR. CHAIRMAN : Nothing will go on record.

SHRI JYOTIRMOY BOSU : You never wanted to curb espionage and you never wanted to take action upon those who worked against the country. You want to use it for curbing your political opponents. I oppose this Bill lock, stock and barrel.

SHRI S. N. MISRA (Kannauj) : I have heard the political speech of Jyotirmoy Basu. He has not met the legal aspect which has been so much cried aloud about by some of the Members of the Opposition parties. Shri Jyotirmoy Basu has only spoken of the trouble that he may have. The reason is that his party and everybody concerned with him are those who have axis outside India. They have nothing to do with the interests of India. That is the reason why he is so much objecting to this Bill.

SHRI JYOTIRMOY BOSU : On a point of order...

SHRI S. N. MISRA : I repeat that they have an axis outside India, and their axis does not exist in India.. (Interruptions).

SHRI DASARATHA DEB (Tripura East) : How does he say that we have

[Shri Dasaratha Deb]

nothing to do with the interests of India ?
How does he say that we are not Indians ?

SHRI DINEN BHATTACHARYYA :
He must withdraw those remarks.

SHRI S. N. MISRA : I repeat that their axis is outside India, and the inspiration for their ideology is from outside India...

SHRI DINEN BHATTACHARYYA :
I would say that my hon. friend has been briefed by American agencies.

SHRI S. N. MISHRA : He has been briefed by the traitors.

SHRI PILOO MODY : On a point of order. In the last Lok Sabha, where a great deal of this sort of allegations was being thrown around on all sides, it was decided that nobody should doubt the patriotic motives of Members of Parliament, and this was established as a healthy practice, and, therefore, it was not proper on the part of the hon. Member who was on his legs to maintain that they had extra-territorial loyalties ; quite irrespective of what parties they belong to, these types of allegations should not be made on the floor of this House.

SHRI R. S. PANDEY (Rajnandgaon) :
Before you give your ruling, I would like to say ..

MR. CHAIRMAN : I have not given any ruling. Let Shri S. N. Mishra continue.

SHRI S. N. MISRA : The position that I have not spoken about the hon. Members of this House. I have only said that the party has an axis outside India, and I am quite correct about it.

SHRI JYOTIRMOY BOSU : This cannot go on record.

SHRI S. N. MISRA : The position remains that this law is permissible under the Constitution.

श्री मोहम्मद इस्माइल (बैरकपुर) : यह

सी०आइ०ए० के एजेंट यह भी रेकार्ड पर रखा जाय ।

श्री एस०एन० मिश्र : अरे बाबा, तुम्हारे तो नहीं हैं । किसी भले आदमी के एजेंट हैं ।
कन्द्री के खिलाफ वालों के नहीं हैं ।

I am talking of the legal position. My hon. friends opposite have said that this Bill is illegal. I say that it is provided in the Constitution that a Preventive Detention Act can be passed, and there is nothing in the Constitution that has been pointed out by the hon. Minister Shri K. C. Pant that shows that the provisions of this Bill do not conform to the provisions contained in article 22 of the Constitution of India. My hon. friend Shri S. M. Banerjee said that it was an infringement of article 19 of the Constitution. With my experience of the rulings that the judges have given, I would submit that there is no fundamental right for a murderer to come forward and say that he will commit the murder. There is no fundamental right guaranteed to a thief to say that he will commit the theft. There is no fundamental right for committing crimes. Therefore, anybody raising this slogan that the Preventive Detention Act is unconstitutional and illegal is absolutely incorrect. There is no guarantee for a person to go on committing murder.

This Bill has been necessitated by the murders that had been committed. It is in the interests of the country that peace must be restored, and I would only submit that peace cannot be had unless this legislation is passed. Anybody, even my hon. friend opposite with closed eyes and closed brains can imagine what Calcutta is and what Bengal is. All the industries have flown out from there, because there is no peace there. In this connection, I would like to share a quotation from Mrs. Durgabai Deshmukh in this regard. It is as follows :

"I need only ask you to go to my part of the country, Madras, Malabar and Vijayawada: I may tell you I may draw your attention to the fact that no wife, no mother is feeling secure ; they are not sure when the husbands would come back, whether they would return home or not. Also, the menfolk when they go out are not sure of the time

they return home and whether the wife or daughters are safe in their house."

That is the position in that State. What is the Government to do to ensure some measure of safety and security to the people. This is the condition that exists in Bengal today. So this is a much-needed legislation.

SHRI PILOO MODY : For Bengal.

SHRI S. N. MISRA : I am talking about it because Shri Basu has raised that objection. Nobody had so far come forward with that objection. Shri Basu spoke about his State. I am replying to this argument and saying that this is the condition that was depicted by Shrimati Durgabai Deshmukh some years ago. This is the condition prevailing in Bengal today. Nobody is safe. I happened to be there and I saw it there. Within ten minutes you can find somebody coming out with a bomb, throwing out and killing half a dozen people, injuring half a dozen people. Is that a condition conducive to peace ? Is that a condition which will make the country prosper ? If out of 1 lakh people, 100 are caught as criminals and dealt with and if thereby you can have security, what is the percentage affected ? 0.001. Is that something to be so much worried about ?

They are talking of the safety of the country. They are interested in the security of the country. We have taken oath here to uphold the integrity and sovereignty of the country. As such, every member of the House should have come forward to say that such a legislation should be put on the statute book.

Legal safeguards are provided. Every possible safeguard is provided. There can be no abuse of the Act. When you say that all the members of Parliament are honest, you must also concede that the members of the judiciary are honest. Everybody in the country is not dishonest.

Therefore, you must believe these officials and credit with them with a correct appraisal of the position when they take up these matters and issue orders.

SHRI ATAL BIHARI VAJPAYEE : No member has questioned the honesty of the members of the judiciary.

SHRI S. N. MISRA : Therefore, there

cannot be any abuse of the Act. You cannot have it both ways.

SHRI G. VISWANATHAN : There is not going to be any trial.

SHRI S. A. SHAMIM : No evidence, no cross-examination.

SHRI PILOO MODY : No jury, no judge.

SHRI ATAL BIHARI VAJPAYEE : No advocate.

SHRI S. N. MISRA : It is not always to be believed that you can secure things by cross-examination. Cross examination is not a guarantee that you will get what is wanted.

SHRI S. A. SHAMIM : That is part of natural justice. What has happened to him ?

SHRI S. N. MISRA : Where it is necessary to deprive a person of his liberty, there is a provision in the Constitution, art. 22 which enables the authorities to do so without the usual procedure provided by law. It is nobody's case that it is not necessitated ; nobody has come forward to say that we have fallen so low that our men or officials have no character, no sense and no honesty. Therefore, they are the persons who shall be able to make a judgment in the interest of the country and then pass the requisite orders under the Act.

My submission, therefore, is that the House should have acclaimed this and accepted it as a piece of legislation to give security and peace to the country.

With these words, I support the Motion.

DR. RANEN SEN (Barasat) : I was listening with amazement to the speech of Shri Pant. His speech was a poor advocacy of a draconian law.

SHRI PILOO MODY : Political compulsion.

DR. RANEN SEN : It is always known that when a law involving detention without trial is brought forward here, the Government has to give enough evidence to con-

[Dr. Ranen Sen]

vince the members that a situation has arisen in which the security or the integrity of the country is threatened. He has said that the basis of the law of the land is sought to be undermined. How does he say that? What is the proof? We are all responsible members. I ask the members belonging to the Congress Party to think over this question, to ponder over this question. Here the question of the liberty of the people, of individuals is involved.

SHRI A. P. SHARMA : What has happened in Calcutta ?

DR. RANEN SEN : I am going to come to Calcutta also. I know Calcutta much better than you. You need not give me a lecture on Calcutta.

SHRI A. P. SHARMA : That is why you do not need any proof.

DR. RANEN SEN : The first thing that I want to emphasise in this House is that we should all realise that the Government has to make out a case for the introduction of this Bill. It is nothing but the Preventive Detention Act. Last time when the Preventive Detention Bill was sought to be introduced in this House, the majority of the members objected to it. As a result of that, the Bill was not introduced in this House. It goes to the credit of this House, the members of Parliament, that they did not want it.

What is the present position? In the aims and objects of this Bill, the question of the incidents happening in Bangla Desh and our borders has been brought in. It does not lie in the mouth of this Government to raise this question of Bangla Desh and the incidents that are taking place. If the Government was honest, after 31st March, when a unanimous resolution was passed in this House in favour of the Bangla Desh fight, the Government should have taken steps to see that it was translated into action. The Government did not do that. This Government created the problem of the security of India. This Government has created the problem of evacuees. This Government has created the danger of epidemics throughout Eastern India. Today Mr. Bade was saying that this epidemic is

going to Madhya Pradesh also. Only this Government is to be blamed for that. Therefore, it does not lie in the mouth of this Government to mention the question of the security of the border or the turmoil in Bangla Desh. I had enough time. Instead of taking proper steps in proper time, the Government has allowed all these things to develop and drift.

The Government should also keep its eyes and ears open to receive reactions from outside. I am not going to quote any left-minded papers that exist today in India. I am going to quote the so-called rightist papers, *the Hindustan Times* and the *Daily Statesman*. Even they have come out with editorial comments condemning such measures. All the Central trade union organisations AITUC, CITU, Hind Mazdoor Sabha, Hindi Mazdoor Panchayat and UTUC have opposed this Bill and even the INTUC has not supported the introduction of this Bill. The INTUC has not supported this Bill.

SHRI A. P. SHARMA : How can you speak on behalf of the INTUC...(*Interruptions*)...I only say that you cannot speak on behalf of the INTUC.

DR. RANEN SEN : I am not speaking on behalf of the INTUC. Let him defend it if he wants. But why put something in my mouth which I have not said. I was saying that so far even the INTUC had not endorsed the introduction of this Bill. If the INTUC has accepted this Bill it is for him to say. Even then I would say that the majority of the organised working classes is against this Bill because all the other trade union organisations put together would probably have more followers than the INTUC. All the leftist organisations which have so long championed the cause of democracy have opposed the introduction of this Bill in this way. Everybody has said that this is a draconian law ; it cuts at the roots of democracy in India.

Having created conditions inside India, particularly at the border, the Government want to introduce this Bill, but it does not touch the spies or the traitors and I shall prove my point. First of all this is an all India Act. Has the Government tried to ascertain the opinion of the different State Government. If they have not done so it

is dereliction of duty because you are trying to take away the liberty of the individuals. You are giving power to the State Government without even making a reference to them. I do not know about all State Governments. But I know that Shri Achuta Menon, Chief Minister of Kerala, has said on May 15, 1971, in Kottayam that in Kerala there is no need to implement the Maintenance of Internal Security Ordinance. There is no reference to popular feelings and popular opinion and there is no reference to the State Governments. If there is danger from foreign agents, the Foreigners Act may be suitably amended. If there is danger from internal subversion or the so-called spies, the Official Secrets Act, the Indian Penal Code and the Criminal Procedure Code could be amended properly. Instead of trying to do so, all of a sudden the preventive Detention Act is brought through the back door.

Sir, I want to remind the Government—Mr. Pant,—that this is very dangerous weapon in the hands of the administration. I am here reminded of the introduction of the PVAct—the prevention of Violent Activities Act—in West Bengal. In those days we were told by the local administration there and in the West Bengal Consultative Committee that if the members permit, for six months let this piece of legislation be introduced. And within six months, peace will reign supreme in West Bengal. This is the statement made by the local administration there, probably when Mr. Pant was there, or who was the Home Minister in those days? probably Mr. Chavan was there: Mr. Chavan and Mr. Shukla. After more than six months, what has been the result? I need not recount all those old stories. I will simply say this. I will state only two cases. One is the recent murder of nine innocent young men in the Hooghly district, and it is reported in the newspapers by a particular political party. Nine boys were killed and buried. Secondly, only three days back, murders have been committed in Burdwan. People on both sides have died and houses of people have been burnt. (*Interruption*) I am not mentioning whether it is Congress or non-Congress.

AN HON. MEMBER : Human beings.

DR. RANEN SEN : Yes ; human beings. But six months before these incidents

took place, the preventive detention law was passed there in West Bengal. What has happened? Therefore, even if you equip the administration with these Acts, you cannot prevent such incidents. It is a known fact; and they are misused in most of the cases.

There is an argument given by one of the Congress newspapers. Again, I am not mentioning the name. A Congress newspaper has given the argument that there are some pro-Pakistani elements inside the country, pro-Pakistani in the sense that there are some people who have some soft corner for Pakistan. It is true. (*Interruption*).

AN HON. MEMBER : Pro-American also.

DR. RANEN SEN : So, there are elements, there are people, who are having sympathies for the imperialist countries. That is also true. It is also said—and I am sorry to say—that there are political elements and parties also who try, somehow or other, equate the Government of India with the Government of Pakistan and thereby create a condition in which espionage becomes a sort of holy act. All these things are true. But these are political and ideological, erroneous stand. No preventive action can fight any political or ideological aberration. For fighting political and ideological aberration, I should say that political and ideological means have to be taken.

MR. CHAIRMAN : The hon. Member's time is up.

DR. RANEN SEN : Therefore, I say that all these preventive measures will fail ultimately and will result in oppression of the masses. How? I will only quote one section: 3 (i) a (ii) and (iii), wherein it is stated elements who will try to create bad blood between India and any foreign power should be hauled up. And the background is Bangla Desh. May I ask whether we will be permitted to go outside and attack the Government of the United Kingdom or the USA or China for betraying the people of Bangla Desh or not?

This law arms the Government—the District Magistrate and the Additional District Magistrate—to arrest me if I go outside and speak against these Governments—two imperialist governments and one so-called socialist Government—who have

[Dr. Ranen Sen]

betrayed the cause of Bangla Desh. Such provisions are here.

Then there are provisions about maintenance of public order, maintenance of supplies and services essential to the community, etc. These are dangerous provisions. Suppose the workers have a genuine grievance like the NGOs in Andhra. This can be used against those workers. This law will not bring to book the real spies or agents, but will be used by the bureaucrats, by the District Magistrates and Superintendents of Police, who are under the influence of vested interests against the common people, against democratic movements and trade union movements. Therefore, this Bill should be withdrawn.

The question of arrest of Mr. Syed Baddrudduya has been raised by Mr. Vajpayee and Mr. Bosu. We know Mr. Badrudduya very well. We come from the same city. It was first stated that there is a case against him. Well and good; let government come out with the papers and institute a case. If he is found guilty, punish him. But why should an old man of 75 be detained without trial?

Therefore, I oppose this Bill without any equivocation, lock, stock and barrel. I request the House to ponder over the provisions. It is not meant to help Bangladesh or the security of India. Ultimately it is going to help the administration to carry on somehow or other their ruthless policy against the people.

श्री रामसहाय पांडे (राजनंद गांव) .
आदरणीय सभापति जी, राष्ट्र की आंतरिक सुरक्षा के सम्बन्ध है जो बिल माननीय पन्त जी ने उपस्थित किया, मैंने बड़े ध्यान से उस पर श्री वाजपेयी जी और माननीय ज्योतिर्मय बसु का भाषण सुना। जब श्री वाजपेयी जी व्यक्तिगत स्वतन्त्रता की बात कह रहे थे तो श्री ज्योतिर्मय बसु उसका बड़ा आनन्द ले रहे थे और ऐसा अनुभव होता था कि व्यक्तिगत स्वतन्त्रता के सम्बन्ध में कहे गये प्रत्येक शब्द और भाषना का वह समर्थन करते हैं। व्यक्तिगत स्वतन्त्रता की लपेट में आपने बहुत सारी बातें कहीं और हमारे दिल की ओर इंगित करते

हुए कहा और सम्भव है कि आपका अर्थ यह होगा कि इसके औचित्य के सम्बन्ध में हम भी सोचे कि क्या उचित है कि नहीं। माननीय वाजपेयी जी से मैं निवेदन करना चाहता हूँ कि श्री पन्त जी को यह बिल उपस्थित करने में अनुभव कर सकता हूँ कि, कोई सुख नहीं हुआ, कोई आनन्द नहीं हो रहा है। बल्कि दुःख हो रहा है। दुःख हो रहा है वर्तमान परिस्थितियों को दृष्टि में रखते हुए। आज जब नागरिक सुरक्षा, व्यक्तिगत सुरक्षा और वैयक्तिक स्वतन्त्रता की बात करते हैं, हम व्यक्तिगत सुरक्षा की बात करते हैं, प्रत्येक नागरिक इस राष्ट्र की सार्व-भौमसत्ता में रह कर सुरक्षित रहना चाहता है, हमने विधान में सुरक्षा दी है, गारन्टी दी है और यह हम अपेक्षा करते हैं राजनीतिक दलों से भी, मतभेद होते हुए भी, राजनीतिक मतभेद का आदर होना चाहिये, मतभेद होते हुए भी आप शान्ति, सुरक्षा की गारन्टी में हमारा हाथ बँटाये।

श्री वाजपेयी जी कहते हैं कौन सी ऐसी असाधारण परिस्थिति आ गई जिसके कारण नजरबन्दी बिल लाया गया? मैं आप से कहना चाहता हूँ कि क्या ही अच्छा होता कि चर्चिल की उस बात को जो एक लोकतन्त्र के सम्बन्ध में उन्होंने कही थी, उसको हम भी मानें। उन्होंने कहा था, एक बार हाउस आफ कामन्स में, किसी भी लोकतन्त्र के सञ्चालन और दायित्व निर्वाह के सम्बन्ध में कहा था, किसी भी प्रधान मन्त्री को बार-बार मुँह करके देखना पड़े कोई छुरा तो नहीं पीछे से भोक रहा है यह शोभनीय नहीं है। यदि इस प्रकार की परिस्थिति देश में उत्पन्न हो गयी, चाहे बंगला हो, राजनीति की दृष्टि से, चाहे अहमदाबाद हो साम्प्रदायिक दृष्टि से, चाहे भिबन्ही हो, साम्प्रदायिक दृष्टि से, चाहे जबलपुर हो, चाहे बत्र तत्र कोई भी स्थान हो अगर आप सुरक्षा की गारन्टी कर दें शान्ति और सुरक्षा के साथ-साथ जो हमारा आर्थिक कार्यक्रम

चल रहा है उसमें हाथ बटाये, हमने रोटी देने की बात कही है उस संकल्प में हाथ बटाये, समाजवाद लाने की बात कही है उसमें आप आगे आयें तो कोई कारण नहीं होगा कि हम इस प्रकार का बिल लायें।

किसी का सम्बन्ध चीन से जुड़ा हुआ है, वहां से हथियार आ रहे हैं। माओ-त्से तुंग की एक बड़ी थ्योरी, जो बलास ऐनिमी की बात है, उसका प्रतिपादन कर रहे हैं। कुछ लोग क्लास ऐनिमी कोलैबोरेटर के नाम से उनकी हत्याएँ कर रहे हैं। फारवर्ड ब्लाक के प्रेसीडेंट, श्री हेमन्त बसु ने क्या कसूर किया था जो उनकी हत्या कर दी गई। और उसके बाद उन्हें उन्हीं के दल के एक सदस्य की जो चुनाव में खड़ा हुआ था उसकी भी हत्या कर दी गई। क्या कारण है कि बंगाल की सामान्य, शान्ति-प्रिय जीवन तहस नहस हो गया। क्या कसूर किया था हमारी सरकार ने एक कारखाना दुर्गापुर में इस्पात का खोला गया, 500 करोड़ रुपया लगाया। लेकिन आज ट्रेड यूनियन के नाम से क्या स्थिति है। अगर यही कारखाना चीन में होता, जिससे आपका सम्बन्ध है, और यही कारखाना किसी कम्युनिस्ट कंट्री में होता तो ट्रेड यूनियन के नाम पर, इसी लोक सभा में वैयक्तिक स्वतन्त्रता के नाम पर, आप जो चाहे कह सकते हैं, लेकिन कम्युनिस्ट कंट्री में पूरी की पूरी पार्टी और कार्यकर्ता जो तोड़-फोड़ का काम कर रहे हैं और यही काम वहा करते तो जेल में बन्द कर दिये जाते। लेकिन असली व्यक्तिगत स्वतन्त्रता हमारे यहां है। यह जानते हुए भी कि आप तोड़ फोड़ कर रहे हैं, आपका नाता माओ-त्से-तुंग से जुड़ा हुआ है। वहां से हथियार आ रहे हैं, पैसा आ रहा है, लाल-लाल किताबें आ रही हैं, माओ-त्से-तुंग के चित्र लगाये जा रहे हैं गलियों में बंगाल और कलकत्ते में, मैं पूछता हूं कि यही हाल यदि राष्ट्रीयता के विरुद्ध आप वहां करते जो कि आज यहां कर रहे हैं, यही षड्यन्त्र वहां करते, तो माओ-त्से-तुंग आपकी माफ नहीं करता। हमारे

साथी कह रहे हैं कि गोली मार दी जाती। क्या हाल होता मुझे नहीं मालूम। आप हमारे यहां वाणी स्वतन्त्रता में आपको संध प्रकार की स्वतन्त्रता दी गई है। और जब हम सिर्फ यह चाहते हैं कि ऐसे लोग जो शान्ति में खलल पैदा करना चाहते हैं, हमारे जीवन के रास्ते में एक गतिरोध पैदा करना चाहते हैं, ऐसे लोगों को थोड़े दिन के लिए जेल में बँठाना चाहते हैं, तो आपको क्या परेशानी है? आप एक ऐसा मुकदमा लेकर आते हैं जिसमें मालूम पड़ता है कि आप से ज्यादा पवित्र और कोई नहीं हो सकता है। आप के ऊपर जो लांछन लगाये जाते हैं वे सब असत्य हैं।

श्री अटल बिहारी वाजपेयी : सभापति जी, माननीय सदस्य आप को कह रहे हैं।

श्री राम सहाय पांडे : "आप से" मेरा मतलब श्री ज्योतिर्मय बसु से है।

जिन परिस्थितियों में यह बिल लाया गया है उसका आदर होना चाहिये। अगर आप राष्ट्र भक्त हैं, आप चाहते हैं कि शान्ति के साथ अपना आर्थिक विकास का काम आगे चलायें, साधारण जनता को जो कुछ भी हम सामर्थ्य के अनुसार दे सकते हैं वह काम पूरा हो तो कम से कम यह तोड़ फोड़ और मारपीट का काम आपको बन्द करना पड़ेगा। अगर आप नहीं बन्द करेंगे तो जो यह बिल आया है शायद उससे भी कठोर बिल, नियन्त्रण करने वाला बिल आ सकता है क्योंकि आन्तरिक सुरक्षा की जिम्मेदारी उस दल की है जिसके साथ जनता है। हमारा बहुमत है, जनता हमारे साथ है, और जनता को हमने गारन्टी दी है कि हम शान्ति के साथ आपको रखेंगे। अगर किसी ने आपको छेड़ा, अगर आपको किसी को मारा तो हम उसको रोकेंगे। कुछ लोग करना चाहते हैं बड़ा मारी विद्रोह, कुछ लोग इन्क्लाब करना चाहते हैं, क्रान्ति करना चाहते हैं जिनके लिए प्रेरणा चीन से आती है। कभी-कभी वाजपेयी भी

[श्री राम शहाय पाण्डे]

भड़क जाते हैं और साम्प्रदायिक बातें करने लगते हैं और उसका असर होता है देश में।

मेरा निवेदन है कि यह परम्परागत अच्छा देश है, शान्तिप्रिय देश हैं। हमने स्वतन्त्रता प्राप्त की बन्दे मातरम् गीत गा कर, इस कल्पना के साथ कि एक दिन आयेगा जो हम स्वराज्य प्राप्त करेंगे, एक दिन आयेगा जब हम देश का निर्माण करेंगे योजनाओं के माध्यम से, एक दिन आयेगा जब हम इस देश की गरिमा और प्रतिष्ठा को ऊपर उठावेंगे। आखिर क्या कहते होंगे दूसरे देशों के लोग जब हमारे यहाँ बगाल में अशान्ति होती है, हमारे यहाँ जाति पाति और धर्म के नाम पर साम्प्रदायिक दंगे होते हैं? हमने एक सार्वभौम सत्ता का दायित्व किया है, सार्वभौम सत्ता प्राप्त समाज को हम चलाना चाहते हैं। यदि उस सभा को चलाने में कोई भी गत्यावरोध पैदा होता है तो हम उसको दूर करने की कोशिश करते हैं। आखिर हम पर लोग क्यों यह शक करते हैं कि हम ऐसे व्यक्ति को पकड़ें या नजरबन्द करेंगे जिसका कोई कुसूर नहीं होगा? श्री वाजपेयी ने कहा कि हम उसके भुक्तभोगी हो चुके हैं। वाजपेयी जी, आप क्या भुक्तभोगी हो चुके हैं? हम नहीं चाहते हैं कि आप या कोई भी हमारे कानून का भुक्त भोगी हो लेकिन आप अच्छे बने, शान्तिप्रिय बने, सीधी-सीधी बात करें अच्छे काम करें और सबके साथ जो आप का सामाजिक दायित्व है उसका निर्वाह करें, तो हम क्यों पकड़ेंगे आपको या ज्योतिर्मय बसु को क्यों पकड़ेंगे? जब मैं बम लेकर चलना छोड़ो, माओ-त्से-तुंग का चित्र लगाना छोड़ दो, वहाँ से लाल किताबें आती हैं उनको बाटना छोड़ दो, माओ-त्से-तुंग को जो ग्रैंड फादर बना दृष्टा है वह बन्द कर दो। अगर सब कुछ अच्छा काम करेंगे तो हम तुमको क्यों पकड़ेंगे?

श्री वाजपेयी ने इस दल को सम्बोधित करते हुए कहा कि इस बिल के अन्तिम को

सोचो, हम कहते हैं कि तुम आज से अच्छे बन जाओ, हम पत जी से कहेंगे कि इसको वापस ले लो। अगर ज्योतिर्मय बसु इसके अन्तिम को समझ जाये और अच्छे तथा सीधे नागरिक बन जाये तो मैं पत जी से कहूँगा कि वह इस विधेयक को अविलम्ब नहीं, अभी वापस ले ले। लेकिन मैं जानता हूँ कि वह कभी सीधे और अच्छे बन नहीं सकते। (ध्यवधान) कुत्ते की पूछ चाहे जितनी बार सीधी की जाये वह टेढ़ी की टेढ़ी रहेगी, ऐसा मैं विश्वास करता हूँ। मैं उनसे कहूँगा कि यह राष्ट्र तुम्हारा है, यह राष्ट्र सारे देश का है, 56 करोड़ नागरिकों का है, त्रिशकोटि कण्ठ कलकल निनाद कराते, के बोले मा तुमि अबले की ध्वनि बगाल से आई थी। मैं ज्योतिर्मय बसु से कहना चाहता हूँ कि इस तरह की अच्छी भावना राष्ट्र के प्रति बगाल से आई थी। हमने रक्षा की माला पारो कर मा की बन्दना कर ली। लेकिन तुम भूल गये। मैं पूछता हूँ कि क्या तुम्हारा सम्बन्ध है चीन से? क्या सम्बन्ध है माओ-त्से-तुंग से? तुम क्लास एनिमी के शब्द लेकर बैठे हो। अरे मिया, यहाँ के रहो, अच्छे बनो, शान्ति के साथ राजनीति में खूब काम करो। हमारे दुर्गापुर के कारखाने को चलने दो, तोड़फोड़ मत करो, गोला बारूद का जो प्रयोग किया जाता है, इसको बन्द करो। अगर आपने यह सब किया तो हम समझेंगे कि इस तरह के कानून की आवश्यकता नहीं है। यह सब करने के बाद जब अच्छे सुन्दर नागरिक और नागरिकों के नेता आप बनकर आप आयेगे और आकर यह कहेंगे कि इस प्रकार का बिल नहीं होना चाहिये तो उसका हम पर प्रभाव पड़ेगा और हम कहेंगे कि इसको खत्म करो।

वाजपेयी जी से भी मैं एक बात कहना चाहता हूँ। बड़े-बड़े कैम्प इन्होंने खोल रखे हैं। वहाँ ट्रेनिंग दी जाती है डंडे चलावे की। ट्रेनिंग दी जाये कोई आपत्ति की बात नहीं है। चौकस हो, तयकर हो, लेकिन इसके अन्त में वह

भाइ भंगिमा के साथ यह भी कह दिया करें कि इस राष्ट्र का जो भी नागरिक हो, वह प्यार से रहे, एक दूसरे पर हाथ न उठाये और हथियार न उठाये और इसकी जिम्मेदारी वह अपने ऊपर ले लो और इसको करने के बाद वह यह कहें कि इस बिल की वापिस ले लें तो इसको वापिस ले लिया जाएगा। हमें जरूरत क्या है इस तरह के बिलों की? लेकिन होता क्या है? अहमदा बाद में कभी दंगे हो जाते हैं तब इन्हीं के दिल के प्रो० मधोक आ कर कहते हैं कि भारतीयकरण हो जाना चाहिए, सारे मुसलमानों का भारतीय करण हो जाना चाहिये। एक नई ही थ्युरी वह सामने रखते हैं इस देश में रहने वाले मुसलमानों के बारे में कि उनका भारतीय करण किया जाना चाहिये। प्रश्न मुसलमानों और हिन्दुओं का नहीं है। प्रश्न उन लोगों का है जिनके दिल साफ नहीं है। जो दिल से शान्ति नहीं चाहते हैं, जो चाकू और छुरी उठाते हैं। प्रश्न उन लोगों का है जो बड़े-बड़े भाषण देते हैं और अपने भाषणों में लोगों की भावनाओं को उखाड़ते हैं, उनमें उत्तेजना पैदा करते हैं, गर्मी पैदा करते हैं। उनको जरा इस तरह का कानून होगा तो सोचना पड़ेगा। हमारे देश के बंधे हुए जल में कंकड़ डालकर हिलोरे पैदा करने का जो काम है वह अगर बन्द हो जाये तो हम इस प्रकार के कानून को वापस ले लेंगे। हमें इस प्रकार का कानून लाने में कोई सुख प्राप्त नहीं होता है।

एक लोकतंत्रीय देश में गरिमा और प्रतिष्ठा लोगों की बनी रहनी चाहिये और उसके अनुरूप आचरण भी किया जाना चाहिए। जनता को साथ लेकर शान्ति और समृद्धि की दिशा में हम चलना चाहते हैं। हमें एक दूसरे पर हाथ नहीं उठाना है। हमें दूसरे देशों से कोई सहायता नहीं देनी है। हमें अपने देश में ही स्वावलम्बन की भावना पैदा करनी है। मानवता के नाम पर गरिमा और प्रतिष्ठा के साथ रहना है। यदि इस प्रकार का आचरण सभी राजनीतिक दल करना सीख लें,

तोड़ फोड़ करने के काम बन्द कर दें, शान्ति के साथ रहें, तो हम भी मन्त्री महोदय से कहेंगे कि इस प्रकार के बिल को वह वापिस ले लें। इस प्रकार का बिल लाने में हमें कोई सुख प्राप्त नहीं होता है। लेकिन जब तक इस प्रकार की परिस्थिति इस देश में है और शान्ति और व्यवस्था को खतरा पैदा होने की आशंका रहती है तब तक इस प्रकार के बिल लाने का औचित्य अपने आप सिद्ध हो जाता है इस वास्ते मैं इस बिल का समर्थन करता हूँ।

SHRI PILOO MODY (Godhra): Mr. Chairman, Sir, after hearing the speech of my friend, Mr. Pandey, I am more than ever convinced that this Government and this party cannot be trusted with the powers that it is demanding today. It is very simple to create the sort of arguments that Mr. Pandey has created, to chase a red, herring though the skies, and to create all manner of hypothetical situations with which he, as the keeper of the conscience of the country, is going to keep the peace over here.

First of all, I am against governing by ordinance. You know that this is the stand of our party. For years, we have been opposed to creating ordinances and then coming to Parliament, asking for their approval. Parliament meets here long enough for every conceivable law, that their evil genius can think of, to be brought here and properly debated before they slap it on the whole country.

Everybody has accused us of believing in an open society. I make no apology for it. We want a democratic and healthy society to grow in this country. But what is this? They are bringing forth an Act which by any description is the blackest law that man has devised. If you were to read the history of how democratic movements have grown throughout the countries, it has been by this one principle of *habeas corpus* and it is in order to establish *habeas corpus*: that all democratic societies have evolved. What does this Bill do? It does precisely this—it snuffs out *habeas corpus* in the middle of the twentieth century in India after 25 years of Independence. How can one possibly support a law which gives the Home Minister and the Congress Party the power to withhold the freedom of people when there

[Shri Piloo Modi]

is no such emergency ? No case has been made out.

Can the Home Minister say that it is necessary to impose this P. D. law in Lodi Estate or here or in Raj Path or in Chandni Chowk or in Connought Place ? Yet he has demanded these powers for these areas. Everybody knows that nobody more than we in the Swatantra Party have demanded from this Government that it maintain law and order and that maintenance of law and order is the first function of the Government and we have said this, not once, but we have said this umpteen times. When we blame them for not preserving law and order, they have come back with the facile Marxists' excuse that it is a socio-economic problem. Well, if it is a socio-economic problem, how are they going to tackle this problem by bringing this black law which is not going to improve the socio-economic condition of this country ? Therefore, how are you going to preserve law and order—I would ask you.

I have no hesitation in giving approval to a particular law by which, for a temporary period of time and with proper safeguards and with foolproof reasons and after a case has been made out by the Government, they can seek this power for a limited area where they can demonstrate to us that the law and order is in jeopardy. We know that there is a tremendous influx of refugees from Bangla Desh. We know that in these refugee camps it is quite likely that there are enemy agents. Let them demand these powers in areas surrounding the borders, in the refugee camps themselves and in the places where they want to settle them. But let them come forward with a proper case as to why they want to deprive us of our civil liberties. Make out a case. Not that 'we want to control Jyoti Basu'. Is that enough reason ? Mr. Pandey cries hoarse about the feelings of the Muslims and he looks towards Mr. Atal Bihari Vajpayee and blames the members of his Party. Against whom is this preventive law being used most ? In 1965 every conceivable type of Muslim was carried away overnight and jailed for months on end. Nobody says anything about that. No case has been brought against them to this day. There are thousands of them who do not know why they were detained.

He has no right to talk about the Muslims. He has no right to talk about Jyoti Basu. He has no right to talk about

the Durgapur Steel Plant. I can understand when he blames Jyoti Basu for stopping the work of the Durgapur Steel Plant. But what about other plants, where we lose thousands of crores of rupees, where Mr. Jyoti Basu is nowhere on the horizon which do not produce for the nation ?

SHRI R. S. PANDEY : Perhaps, the hon. Member does not know.

SHRI PILOO MODY : They blame it on labour trouble. Sir, I know a little more about the Durgapur plant.

SHRI R. S. PANDEY : Other plants are functioning very well, except the Durgapur plant.

SHRI PILOO MODY : With the 'Yem-yem' they have received with 350 people thumping their desks—the 'Yem-yem' stands for the 'massive mandate'—they want to push through this black law. Sir, this law is a bad one and I appeal to them and most of all, to the Minister whose unfortunate duty it is to steer this legislation through Parliament—think for a moment about your own father. I am sure if the hon. Minister did, he would realise that he would not have approved of this law. Yes, make out a case for a specific area and then demand your power. This House will be very happy to give you these powers. Last time it was your Party that backed away from enacting this law for an area where it was necessary, because of the pressures that were brought on it, in order that it could stay in power, by a very venerable leader of the Rajya Sabha. It was this very Party that backed away from bringing forward this law. It is only the 'Yem-yem' that they have received that now makes them bold enough to come forward and demand these powers because their greed for power is unsatiable.

17.00 hrs.

Therefore, I appeal to the hon. Minister. He is so close to the centre of power that he probably does not see the historic perspective in which *Habeas Corpus* was brought about and established democracy throughout the world.

People are detained under this Black Law for some years ; even after they have been released, their reputations are ruined ;

their business is ruined. A great deal of injustice is taking place. Does the Government do anything to rehabilitate them? I have known some personal friends of mine, who were detained under this black law. I can personally guarantee this that they did absolutely nothing which would endanger the security of this country. When these friends of mine came out of jail, nobody has gone to them. People are afraid of associating themselves with such people, who suffer social ostracisation. Will Mr. Pandey come and put his hand on their shoulders? No. This is the cruelty of these laws which are so arbitrary.

To deny this country *habeus corpus* is to rejuvenate the starchamber. We are not living in the reign of bloody Elizabeth I. We are living in the reign of Indira Gandhi, the last, I hope.

And therefore I suggest to the Minister not to turn this into a Star Chamber, not to turn this into the bloody dungeons of mediaval times, but to remember that we are in the middle of the 20th century and without *habeus corpus* there is no democracy. I thoroughly oppose this measure.

SHRI PRIYA RANJAN DAS MUNSI (Calcutta South): I support the Bill. The Bill contains many provisions and the need for this Bill is almost for the cause now in view of the present developments in Bangla Desh. It is the primary duty of the Government to maintain the public security and properly safeguard the country. This cannot be enforced without a proper machinery of law. When some repressions anywhere to curb the liberties of individuals and political leaders take place it is something which is against the spirit of India and the youth and the students shout against it. They protest, whatever may be the form of Government or of the party.

I could understand the criticism from the hon. Member of the opposition. Regarding the degree, I don't question. But the reality of the application of the Act is the question, to be considered.

I support the Bill, not because I come from West Bengal or I come from Calcutta, not because there are dangers on the political leadership of leading political parties. I support the Bill not because there is some situation which is out of control due to some extremist forces in West Bengal and other parts of the country.

Hon. Members from the C.P.I., from the

J.S., C.P.M. and Swatantra parties have brought various points before the Government. I don't grudge them. I don't want to throw mud on their own political parties.

But the present position is this. Not a single State in the whole world after independence or after revolution is in a position to protect the people of their own State without having recourse to some emergent measures of this type.

Now, the question is whether the Government of India, have a case to move this Bill for consideration here. Is there any danger to the security of our country on the borders? These are the questions that arise. And I shall presently come to the answers. But before I do so, I would like to deal with some democratic aspects in connection with this Bill.

The hon. Member from the C.P.I. Dr. Ranen Sen, who is a senior Member and who is sincere to democracy at least in our Indian pattern raised the question of civil liberties. Even Shri Piloo Mody had raised this question. Shri Jyotirmoy Basu had also raised this question, though, of course, he belongs to the C.P.M.; I do not mind it...

SHRI JYOTIRMOY BOSU: What difference does it make? I am not one of those *chaploosewallas*.

SHRI PRIYA RANJAN DAS MUNSI: Shri Jyotirmoy Basu had raised the question that this Bill was intended to control his party in West Bengal. For his information, I would like to say this. I would like to inform him and the other Members and also the Minister that is not so; I think this Government have no intention to control his party by means of this legislation. For, the verdict of the people of West Bengal on his party is already there which is against CPI(M). He himself had raised this question of the great verdict of the people of West Bengal on his party and had suggested that our government led by Shrimati Indira Gandhi wanted to control his party by passing this measure. He said that the strength of his party which was 83 in the previous Assembly has now risen to 114. But I would like to point out that after many criticisms of 23 years of Congress rule, and after the historic split in the Congress Party, fortunately, our party has now emerged with a strength of 106 as against a strength of 44 which it had

[Shri Priya Ranjan Das Munsi]

before in the previous Assembly. So, the arithmetical report of the increase from 83 to 114 on the one side and from 44 to 106 on the other is there clear before the eyes of hon. Members. This is sufficient to show that our party in spite of difficulties and troubles is marching onward.

SHRI DASARATHA DEB : By defections, they are getting more.

SHRI PRIYA RANJAN DAS MUNSI : Defections are not appreciated by the Congress Party. It is known to those Members who are still giving some fomentation on the Muslim League on the affairs of Shri Badrudduja and others.

SHRI JYOTIRMOY BOSU : What about their money-bag masters ?

SHRI PRIYA RANJAN DAS MUNSI : Regarding the question of security, hon. Members may not agree with me when I refer to the situation in West Bengal. I do not think that this Bill would be sufficient for West Bengal when it becomes an Act ; I do not think so. This Bill is merely for the satisfaction of the people, so that Government may give the answer to the people, yes, we have taken the right medicine at the right time for the patient. This Bill is nothing besides that. The question is not between me and Shri Jyotirmoy Basu, but the question is one of deciding the merits of the political parties for the future of West Bengal and other parts of the country.

A number of murders have taken place in West Bengal. Shri Atal Bihari Vajpayee, a senior Member of the House raised the question of individual liberty. I would cite a case where individual liberty and individual security were both involved. Mr. Gopal Sen, the vice-chancellor of the Jadavpur University, an innocent person, was murdered brutally. He lost his individual liberty and also individual security. The murder of Shri Hemant Kumar Basu has been raised here so many times that I do not like to raise it again. Again, Shri K. L. Roy, a judge of the High Court was murdered. Perhaps, his only fault was this that he said that Shri Subodh Dutta, one of the police officials of the West Bengal Police was wrongly connected with a case relating to the C.P.M. atrocities and should be discharged. This police officer tried to save the Govern-

ment. from CPI(M) conspiracy by arguing on the question that the conspiracy was connected with the C.P.M. trying to form a police union. Shri K. L. Roy released the accused in the High Court, and perhaps, that was the reason why Shri K. L. Roy was killed. I do not say that the C.P.M. killed him, but the facts are these.

Another notable figure, Justice Shri Tarapada Mukerjee, the head of the Sain Murder Commission was brutally injured in Calcutta ; only a few days ago, the last surviving member of that Sain family was also killed in Burdwan by the same party. These are examples of the social feelings of that part of the country.

Besides this, there are persons who will not get any publicity about what happened to them. They are all dead. Only there would be a report about a post-mortem or report by the coroner and than the body would be handed over by the hospital to be sent to the burning ghat.

I request my hon. friends, Shri Pilco Mody, Shri Vajpayee and other friends to visit West Bengal without asking for police protection. In the City of Calcutta, there are certain zones which are absolutely declared as free zones by the Naxalites or C.P.I. (M). At day time or in social functions you are not allowed entry. Even on the V.I.P. road from Calcutta airport to the city in early morning or at night it is not possible for the common people to move about without police protection.

I say that this Bill is not adequate to tackle the situation that has been created. It is jute a medicine, just an instrument, not a very effective one. My humble submission is that it is high time that we all met and sat together to solve the problem ; I mean all the political parties. If Jyoti Basu says that there are thousands of criminals in the Youth Congress and in the Chatra Parishad and if he can produce a list of such people, let him do so. There may be 1001 such people in the C.P.I.(M) also. Both lists can be produced. Let us given both lists to the Government and say that these are the misguided youths, here is the list, arrest them. Let us go to the people and try to maintain peace.

SHRI SAMAR MUKHERJEE (Howrah): Many lists have been submitted.

SHRI PRIYA RANJAN DAS MUNSI : The C.P.I.(M) people are facing trouble now. They have been told, 'If you do like this, we shall not allow you to stay'. Shri Jyotirmoy Basu knows that many leaders of that political party including a former May or of Calcutta, Prashanta Sur, could not stay in their locality because of the law and order situation (*Interruptions*).

SHRI DINEN BHATTACHARYYA : He is a respected leader of our party. Why should he make such statements against him ?

SHRI PRIYA RANJAN DAS MUNSI : I really feel pity for these people. Whether it is the CPI(M) or the Congress or the CPI, there is no question of evading reality.

SHRI JYOTIRMOY BOSU : This was organised by the Central Intelligence annihilation squad, moving about in plain clothes (*Interruptions*).

SHRI PRIYA RANJAN DAS MUNSI : The C.P.I.(M) as a political party is committed to class struggle. They are governed by the Marxist doctrine. But fortunately, there is a labour class...(*Interruptions*).

SHRI JYOTIRMOY BOSU : I may tell Shri Jagjivan Ram, former President of the Indian National Congress : your telephone is tapped, your visitors are checked. You know it. But you dare not mention it because then you will be thrown out of your job.

SHRI K. C. PANT : When Shri Jyotirmoy Basu was speaking, he did not tolerate even one or two *Interruptions*.

SHRI JYOTIRMOY BOSU : There were a lot of interruptions.

SHRI K. C. PANT : Is this fair ?

SHRI JYOTIRMOY BOSU : We shall be within our rights to interrupt.

MR. CHAIRMAN : No, no.

SHRI JYOTIRMOY BOSU : It was done continuously. They came with a prior plan. We know these things.

MR. CHAIRMAN : I would request you not to disturb when a member is speaking.

SHRI JYOTIRMOY BOSU : It is my right. When they reel out a string of lies, when murderers talk about shielding the culprits we will interrupt...(*Interruptions*)

MR. CHAIRMAN : I shall examine the personal remarks made about plain clothes men being sent to check visitors. There are insinuations.

SHRI PRIYA RANJAN DAS MUNSI : As I said, the CPI(M) is a party committed to a class struggle. There are many great young friends in that party, those who can sacrifice their lives on the directive of their party.

MR. CHAIRMAN : Please avoid going into details as to what is happening in Bengal. You come to the Bill.

SHRI PRIYA RANJAN DAS MUNSI : Unless I say these things, how can I support the Bill ?

SHRI JYOTIRMOY BOSU : On a point of order under rule 380. You have just now asked the Reporters to expunge certain portions. Expunction of speeches can only be done according to the rules framed by this House. Kindly read rule 380 which says :

"If the Speaker is of opinion that words have been used in debate which are defamatory or indecent or unparliamentary or undignified, he may, in his discretion, order that such words be expunged from the proceedings of the House."

Tell me what are the things that I have said. I am saying it again that all the murders have been committed by the Central Intelligence. You cannot expunge it.

MR. CHAIRMAN : That I will do. That is within my discretion.

श्री अटल बिहारी वाजपेयी : सभापति जी, मेरा व्यवस्था का प्रश्न है। आप अध्यक्ष के आसन पर विराजमान हैं। आपका निर्णय हमें मान्य होगा। लेकिन निर्णय देने से पहले आप उसके सारे परिणामों पर विचार कर लीजिए कि क्या सदन में यह कहना कि प्रधान मंत्री की ओर से दो व्यक्ति किसी से मिलने गए थे...

MR. CRAIRMAN : What is the use of mentioning them ?

DR. HENRY AUSTIN (Ernakulam) : Shri Piloo Mody said that we had not made out a case and he is making out a case.

MR. CHAIRMAN : That matter has been discussed in this House so many times. He must come to the Bill.

SHRI A. P. SHARMA : He is justifying the Bill.

SHRI K. C. PANT : If their objection is to bring in the name of some body outside into the discussion I may point out that the name of Shri Tarun Kanti Ghosh has been brought in in the discussion. He is perfectly entitled to put forward his case.

SHRI PRIYA RANJAN DAS MUNSI : Shri Taluqdar was also a trade-union leader. Just a day before the elections he was arrested and delamed by the police as he was caught red handed in a car carrying explosives materials, bombs and guns. These are facts. No conviction has yet been awarded.

Another person Shri Anant Singh, was also a candidate...(Interruptions)

SHRI JYOTIRMOY BOSU : Sir, a point of order. This matter is still *sub-judice* and so it cannot be discussed here.

MR. CHAIRMAN : if that case is pending before a Court of Law it need not be referred to here.

SHRI PRIYA RANJAN DAS MUNSI : I do not want to expose these things, they are exposed already. I was giving you only facts.

Again a few days before the election all over West Bengal explosive materials were seized from different political headquarters. I do not want to mention the names. My hon. friend Shri R. S. Pandey once again tried to attack Mr. Bosu in the name of Mao Tse-Tung. Fortunately I am in a position to inform Mr. Pandey that Mr. Bosu and his party are not so great as to catch the attention of Mao Tse-Tung. He has introduced a separate branch as he was failed by this party. Any way after the historical results of the recent elections, in West Bengal, especially two or three dis-

tricts have become almost terrible. I want to cite one district—Birbhum. 220 private licensed guns have been seized by the Naxalites. In Burduwan most common people and the land owners have been compelled to give up their guns to the extremists of some political parties. The situation is such. I have respect for those leaders though I have a different ideology.

This Bill has come in the context of the Bangla Desh affair. We are committed by our resolution expressing solidarity to support the Bangla Desh.

SHRI JYOTIRMOY BOSU : You have betrayed them.

SHRI PRIYA RANJAN DAS MUNSI : We have not betrayed them. But we know the history of your betrayal during the freedom struggle at the time of the British rule. People from Bangla Desh come to the border to enter the Indian territory for food and shelter. There are some intelligent persons like CPI(M). They speak more for democracy and shout their support for Mr. Mujibur Rehman but they go to border in search of weapons. There are certain elements and certain forces in our country which do not really like the present character of the Government of India and the democratic set up but want to impose some other thing with the help of foreign powers. Government have taken right decision at the right time. †

But the main thing is this. So far as this Bill is concerned, in the application of the Act, the powers would be exercised by the District Magistrates, Additional District Magistrates, and the Commissioners of Police at Bombay, Calcutta, Madras and Hyderabad. In this aspect, I would request the Minister concerned to see that there must be a definite system by which the Government gives instructions to these officers,—because, actually they are heading the bureaucracy,—to conduct those cases by taking into account which of them are genuine and which are not genuine. It is a fact, that in many cases it has happened that sometimes, the common people are compelled to suffer without committing any fault or any crime—sometimes for the personal intention of the police officers ; even sometimes for the personal intention of some bureaucrats. But then, there is the safeguard for such things. There is an advi-

[Shri Priya Ranjan Das Munsii]

sory body provided here. it is a new thing. It is not a permanent body. On the advisory body, the officials are not holding any power like the Supreme Court judges or the Chief Justices of the High Courts. They act simply under the executive authority. And their sanction is under the Government as well as under Parliament. So, the point is, the Ministry should instruct the advisory body in these affairs ; that the categorical detention by the Commissioner of Police or certain Additional District Magistrates or District Magistrates should be seriously taken into consideration in this aspect, namely, whether some personal allergies or some personal intentions are created because of which the detention has been ordered. If this thing is done, that will be good ; I am confident that our Government is a strong Government and it is expected to do so ; there is no question about it. That is the only aspect which has to be remembered in the application of the Act.

In the situation of our country, there is no question that this Bill is required to be immediately passed. I would like to inform the hon. Members—they all know since many of them are more experienced than I—what happened in the USSR. What happened at the time of the recent Polish agitation ? The agitation was taken up by the people on the demand for food. What was the measure taken by the Polish Government in that State of affairs ? What was done in the students' agitation against De Gaulle in France ? Just a year and a half back, what were the measures taken by that Government ? It was a tremendous thing. The student leader in a French university was charged, and was asked not to enter the university campus for two years. That was a serious situation.

What happened in the USSR ; when Pasternak just wrote, exposed the history and the background of the Russian revolution and his book, *Dr. Zhivago*, was banned ? He was awarded the Nobel Prize. What was the intention of the socialists ? I do not have any grudge against them. But the point is, the situation in the Indian democracy is so serious that this Bill must be passed and must come into force immediately.

I support this Bill, and I command it ; and I wish it to be on record here that I do not know when I shall go back to West

Bengal ; some forces will come to take my life also. I do not bother about it. But the days are such that you have to speak the truth ; to speak the reality of the crisis in the nation without fearing anything.

So, I support the Bill and I support the provisions of the Bill. With one more observation, I shall conclude. I have seen that the democrats of our country, the political leaders of our country, speak for democracy on two occasions only : democracy at the time of voting, and the democracy at the time of taking the oath in the House. There was a certain UF Minister;— I do not like to name the party or person because they will shout. (*Interruption.*) They speak about democracy and the Constitution at the time of the oath-taking ceremony. But when they go outside, when they face the mob and the press people, and the camera for their publicity, they speak like anything ; they have the capacity to kill like anything ; they do so in respect of the common *janta*. (*Interruption.*) I do not name you. Because of these things, not only is this Bill very necessary but there must be some positive check by the Government of India. All those political parties should either follow the Constitution of India or follow the principles of basic democracy in our country, the democracy that has been enshrined in our Constitution and promulgated, or they should categorically say that “we are Naxalites and we are not under the canopy of democracy,” so that we can identify the enemy.

But for dealing with the enemy inside the House or under the canopy of democracy, what can the Government do without such a Bill.

With these words, I support the Bill once again with the confidence that our socialist Government will achieve socialism not by means of this Act but by a socialist economy through development programmes.

MR. CHAIRMAN : Shri Maran.

SHRI MURASOLI MARAN (Madras-South) : Sir, having listened to the discussion today, one cannot get away from the impression...

MR. CHAIRMAN You may continue tomorrow.

17.31 hrs.

HALF-AN-HOUR DISCUSSION**Influx of Refugees from East Bengal**

MR. CHAIRMAN : House will now take up the half-hour discussion. Mr. Samar Guha.

SHRI SAMAR GUHA (Contai) : Sir, when I rise to speak today, the faces of those emaciated skeletons who have crossed into Indian territory from Bangla Desh flash into my mind's eye.

17.32 hrs.

[Shri Sezhiyan in the Chair]

They are the people who have lost their near and dear ones.

SHRI P. K. DEO (Kalahandi) : This is a very important discussion. The Minister of Rehabilitation should be present.

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : Where is Mr. Khadilkar ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : He is busy with some important piece of work.

SHRI ATAL BIHARI VAJPAYEE : Nothing is more important than parliamentary work. The other day when we were discussing this question, Mr. Khadilkar was at Geneva. Now he is in the capital. He must be present. I do not mean any disrespect to Shri Balgovind Verma. He is a new Minister trying to come up. But what has happened to Mr. Khadilkar ?

MR. CHAIRMAN : We require a Minister to be here to reply to the debate and he is here. But the sentiments of the House should be conveyed to the Minister.

SHRI SAMAR GUHA : I was saying, many of them have lost their near and dear ones in Bangla Desh. Many parents have lost their sons and daughters. Many sons and daughters have lost their parents. Many mothers and sisters—hundreds and

thousands of them—have not only been dishonoured, but thousands of them have been kidnapped and kept inside the cantonments and garrisons of the Pakistani army. Human history has perhaps no parallel to such a Titanic tragedy of uprooted humanity, millions of uprooted humanity, who face a terrible situation of total destitution, utter despair and boundless misery.

Yesterday Shri Khadilkar quoted the figure of the Bangladesh refugees as 5.7 million. But that figure is wrong. Because, according to the statement issued by the Chief Minister of West Bengal, the figures are West Bengal 45.6 lakhs, Tripura 9.4 lakhs, Meghalaya 3.4 lakhs and Assam 8 lakhs. This is not my statement but the statement issued by the Chief Minister. If you total all these it is near about 7 million and this is the figures as on 11th June. Now it has already crossed the 7 million mark. According to Rev. Blum, an international gentleman, Director of 'War on want' who visited almost all the borders, the figures has already touched the mark of 10 million.

These people who have come from Bangladesh, they have not come as a result of natural calamity. They have come to seek shelter and protection in Indian territory as a result of most brutal butchery, as a result of the conspiracy of the Government of Pakistan. It is a conspiracy of the Government of Pakistan not only to kill them, not only to butcher them, not only to commit genocide on the people of Bangladesh, but to push them out of the territory, into the Indian soil, to subvert our own security, to shatter our economy, to create dislocation in our socio-economic matrix, to create communal tension here and to create a colossal problem for our own country.

These 7 million refugees from Bangladesh who have come to India have not come of their own. They have been forced to enter into India as a result of the sordid conspiracy of a foreign government. What is this ? Is it not aggression in disguise by Pakistan ? If that is so, I want to remind the Government, by human touch alone, by giving them shelter and protection, you cannot resolve the problem of the Bangladesh refugees. Humanitarian touch may be essential to give them temporary shelter, but the political problem, which is the root

[Shri Samar Guha]

cause of uprooting millions of humanity, has to be faced with firm political determination and political action.

It was very nice yesterday to hear the Prime Minister say that we will go through hell to meet the situation in Bangladesh. She also rose very high when she said that she will not accept any political solution which will mean the death for Bangladesh. Very nice words, very encouraging words ; but words do not mean anything unless followed by positive, firm and determined action. I want to know from the Government whether they can convince the people of India that this government, after the outbreak of national revolution in Bangladesh, have taken any positive action to stop the butchery of the people, to stop the worst kind of genocide that has been perpetrated on 7½ million people in Bangladesh, a thing that has never happened in any part of the world. What has happened to this government, a government which represents 55 crores of people, a government which represents a nation which is the second biggest in the world ? I do not know what has happened to this government. What is this, if it is not emasculation of the whole national being, the sole of which has been entrusted to you ?

I do not want to dilate much on the subject. I should only want to remind you that the responsibility had been left to the Deputy Minister by Shri Khadilkar. If this Government had any sense of responsibility, Shri Khadilkar, who is responsible for dealing with the refugee problem, when his presence in India was necessary every hour, would not have gone on a foreign tour and remain there for nearly two weeks. Even when such an important discussion is being held in this House, he is not present here. He has left the responsibility to the Deputy Minister.

What did the Deputy Minister do ? He made a naïve statement, something like an astrological forecast. He said that they will be required to keep the Bangla Desh refugees only for six months. What is the basis of his calculation ? How does he say that they will keep these refugees only for six months ? Have they anything in mind, any positive programme or line of action ? Have they taken any decision of positive

steps on the basis of which they make this calculation ? It is like an astrological forecast, I do not blame him. He may be a good soul but he made a naïve statement, perhaps because he is a newcomer.

Shri Khadilkar should be sacked and relieved from the responsibility of this Ministry. He has not even gone to the border except once. On Saturday, the 23rd May evening he flew to Calcutta and came back on the 24th May when Parliament opened, only for a few hours. After that, when people from the whole world are coming, this Rehabilitation Minister has not visited West Bengal, Tripura or any part of that area. Not even the Deputy Minister, none of the important Ministers has visited these refugee areas. This is the attitude.

SHRI K. N. TIWARY (Bettiah) : The Prime Minister went.

SHRI SAMAR GUHA : Yes.

When you said that you would be required to keep the refugees only for six months, do you remember what taunting remark was made by the Speaker himself ? The speaker said, "Do you really believe that they will go back ?" It was a spontaneous reaction of the Speaker. The Speaker reflected the opinion of the people at large in our country and of all State Governments, because you have words, words and words—brave words, nice words, decent words, courageous words, words of confidence, but without an iota of positive action.

That is the reason why you have not been able to create any confidence either in the mind of Bangla Desh refugees or of any State Government or of the people of India that you really mean action and that these refugees will go back to Bangla Desh, their homeland. That is why the State Governments are reluctant to take these Bangla Desh refugees. Even after the Nehru-Liaquat Pact in 1950 Nehru had harboured the idea that after that Pact the refugees would go back. But after 1956 he was completely disillusioned when not a single soul of a refugee went back on the assurance of Liaquat Ali. You can have an assurance but these assurances will have no meaning unless you take some positive action.

I will draw your attention to what the Meghalaya Government has done. It is the greatest disservice to the nation that they have done when the UNO team was visiting the Bangla Desh refugees. They have maltreated men and women. Refugees are treated as prisoners. 6,000, Bangla Desh refugees have been forced to go back to Sunamganj-Sylhet area out of sheer frustration. They said when they went back, "We are being killed here; we will be killed there; let us be killed in our own homeland." The Prime Minister went to visit Meghalaya. What is her report of the condition in Meghalaya? You must enlighten this House about the condition there.

If you are really serious about sending the Bangla Desh refugees back to their homeland, I suggest that it is absolutely wrong to take them to different States. They should be kept in West Bengal, Tripura, Assam and Meghalaya. I remind you that at the time of partition almost all refugees from West Pakistan were given temporary shelter in East Punjab in Government camps. It can be done in West Bengal and in all the border States. But the question is one of finance, management and supply. If finance, management and supply can be assured by the Central Government, camps can be built in the interior areas of the border States. Why I say so? You must keep the Bangla Desh spirit amongst the refugees alive. Unless you keep the Bangla Desh spirit alive, it will not be possible for you, even after a radical change in the situation of Bangla Desh, to send them back. It will be wrong to send them outside the border State. The Government should undertake the responsibility of financing and giving them supplies. These refugees can be put in the interior area of the border State.

The Chief Minister of West Bengal has made a statement that they have not been able to provide shelter to about 25 lakhs of refugees. They have only sky above them, some water to drink but no food. At the same time, the Minister says that those who are not in the camps will not be provided with ration. What a contradiction? You have not been able to give them shelter. You have not been able to set up camps. At the same time, you are denying them the ration. What a terrible thing? What an inhuman thing! You can imagine that. You have admitted that 50 per cent of the refugees have not been provided any shelter either in the camps or any kind of im-

proved shelter. I demand that the ration be given to all, whether they are in camps or with their relatives or under the shade of trees or in the open with only sky above. Equal treatment should be given to all of them.

What is this ration that is given? It is only 400 grams of rice, 100 grams of dal, a few pieces of onions and potatoes. It is not a fact that all these people have left everything behind in Bangla Desh? When they were coming here, even the last vestiges of their belongings were snatched away. They have come here only with bare skeleton. They have nothing with them. How will they cook? From where will they get utensils? From where will they get oil, fuel and all that? They have no clothings, no beddings, etc. The Government has not given them anything. I say, some cash allowance should be given to them so that they can purchase some clothings, beddings, etc.

About the management, and I do not know how many young men and women are there, the Government lacks imagination. Most of them are young men and women who have come from Bangla Desh. Their the largest number because their lives are in danger in Bangla Desh. Why have they not been recruited? Why don't you give them an opportunity to manage their own community kitchens, look after the sanitation and other things? It is to keep the spirit of Bangla Desh alive in them. Why have you not done that? You should do that. Also, in all the camps, you should keep at least one leader a revolutionary, of the Bangla Desh so that they can keep up the spirit of Bangla Desh in them.

I would like to draw the attention of the hon. Minister to another point. The international help should be given not in cash but in kind. You know the reasons. The priority should be given for supplies of tents, tarpaulins, land and air transports, ambulance cars, tube-well equipment, dry foods, baby foods, milk powder, medicines, etc.

Lastly, I would like to say that Mr. Khadiolkar by his sense of lack of responsibility has amply proved that the Ministry of Rehabilitation and Labour and Employment should be separated immediately. If the Government really wants to tackle this gigantic problem, unprecedented problem, of

[Shri Samar Guha]

the refugees, immediately, a separate Ministry for Rehabilitation for dealing with refugees should be set up. They should set up immediately an office at Calcutta with either Minister of State or Deputy Minister who can take spot decisions.

It is a matter of shame for us that, when a delegation from U.K. is visiting Bangla Desh, and they will be coming to our country, the Government has not sponsored any delegation of the Members of Parliament to go to the border area to see things with their own eyes. I demand that the Government should immediately organise a delegation of Members of Parliament to go along with the border area to see things with their own eyes and help the Government in tackling this gigantic problem.

Lastly, I want that if the Government do not want to behave in a partisan way—it is a national problem and so long the Opposition has treated it as a national problem—and if the Government do not want to deal with the whole matter in a partisan way, they should immediately set up a Refugees Council with the members of the Government Party as well as the Opposition and presided over by the Minister of Rehabilitation. Only then it will mean that the Government want a national policy and a national approach to the national crisis that we are facing to-day.

Thank you, Sir.

MR. CHAIRMAN : Shri P. K. Deo to put a question.

SHRI P. K. DEO (Kalahandi) : Sir, human history has never witnessed a refugees influx of this magnitude and as stated by the previous speaker refugees have come and they are more than seven million and in their train, they have brought in misery, diseases and so many problems. Now I would like to put a categorical question to the Minister. What is the solution to this refugee problem ? We are completely fed up with the sabre-rattling statements of the Government. It was only yesterday that the Prime Minister has stated in the Rajya Sabha that the Government is prepared to meet any contingency to solve the refugee problem. But we would like to have a categorical answer from the Minister. What

is the solution they are thinking of to this refugee problem ? If they are going to send them back, are you capable of creating conditions in Bangla Desh so that they can go back ? And if they are to go back, then why try to disperse the refugees to some other areas where they may create problems ? The problem of law and order is already there. Health hazards are there. There are so many saboteurs who have come there and they have not been properly screened and all these things have to be taken into consideration. If the Government is going to have a show-down as the ultimate thing, then why not expedite it ? Why prolong this agony and try to disperse these refugees to other States where there is a possibility of creating problems there ?

Taking all these factors into consideration, I would request the Minister to come out with a categorical statement as to how they want to solve this problem of refugees and what is the time limit fixed ?

श्री अटल बिहारी वाजपेयी (ग्वालियर) :

सभापति जी, अच्छा होता यदि श्री खाडिलकर महोदय सदन में आते। हम उनसे यह भी पूछते कि अपनी विदेश यात्रा में बंगला देश के बारे में विश्व जनमत जाग्रत करने में उनको कितनी सफलता मिली है। ऐसा लगता है कि अपने देश में अपने से सम्बन्धित समस्याओं के बारे में निर्णय करने के बजाय हम विदेशों की ओर देख रहे हैं। एक ओर तो बंगला देश से रिफ्यूजीज का इनफ्लक्स हो रहा है और दूसरी ओर नई दिल्ली से मिनिस्टर्स का ऐक्सोडस हो रहा है। विश्व का जनमत कितना बनेगा यह कहना मुश्किल है। लेकिन सरकार कोई निर्णय नहीं कर पा रही है यह बात स्पष्ट दिखाई देती है।

सभापति महोदय, मैं जानना चाहता हूँ कि बंगला देश से आने वालों के सम्बन्ध में अनुमान लगाने में गलती कैसे हुई ?

मुझे याद है एक पत्रकार सम्मेलन में श्री खाडिलकर पर दबाव डाला गया था कि वह आने वालों की संख्या बतायें। और बड़ी मुश्किल

से उन्होंने कहा 30 लाख तक लोग आयेगे, ऐसा उनका अनुमान है। अभी उस दिन राज्य मंत्री महोदय ने कहा कि यह संख्या 60 लाख तक जा सकती है, और अब ऐसा दिखता है कि एक करोड़ तक लोग आ सकते हैं। अनुमान गलत होने के कारण हम उनकी व्यवस्था नहीं कर सके हैं, हमारे सारे प्रबन्ध विफल हो गए हैं और जो लोग आए हैं उनको अग्रणीत कठिनाइयों का सामना करना पड़ रहा है।

अभी उस दिन मंत्री महोदय ने सदन में कहा कि वह सीमा प्रदेश के राज्यों से 25 लाख लोगों को हटाना चाहते हैं, दूसरे दिन सरकारी प्रवक्ता ने कहा कि यह 25 लाख की संख्या कैसे दे दी गई? श्री खाडिलकर ने राज्य सभा में 8 लाख के आंकड़े दिये थे। मैं जानना चाहता हूँ कि क्या मंत्रालय में इस बारे में कोई तालमेल नहीं कि कितने लोग हटाये जाने वाले हैं और उन को हटाने में कितना समय लगेगा? कल मैंने रेडियो पर सुना कि सोवियट रशिया से प्लेन आये हैं और शरणार्थियों को हटा रहे हैं। कल माना कैम्प में केवल 600 लोग ले जाए जा सके। अगर 8 लाख को भी हटाना हो तो भी इसके लिये कोई प्रबन्ध चाहिये। क्या सरकार ने इसका कोई प्रबन्ध किया है?

आखिरी बात कह कर मैं खत्म कर दूंगा। बंगला देश से आने वाले लोगों की देख भाल के लिए एक अलग मंत्रालय जरूरी है। श्रम मंत्रालय के साथ मिला कर यह काम नहीं चल सकता। जब इससे पहले कम लोग आये थे पूर्वी बंगाल से तब हमने उनकी देख भाल के लिए पृथक मंत्रालय बनाया था। एक होल-टाइम कैबिनेट मिनिस्टर रक्खा था जो ठीक देख भाल कर सकता था। आज एक पार्ट-टाइम मिनिस्टर रख कर आप बंगला देश वालों के साथ न्याय नहीं कर सकते हैं। क्या मैं आशा करूँ कि मंत्री महोदय यह बात प्रधान मंत्री तक पहुँचा देंगे कि बंगला देश से यहां आये लोगों की देख भाल के लिए मंत्रिमंडल स्तर के एक अलग मंत्री की आवश्यकता है?

SHRI JYOTIRMOY BOSU (Diamond Harbour): This situation arose out of the partition in the country. This was done and accepted by the then leaders of the congress. The responsibility should be shared by the Central Cabinet. The Central Government has to shoulder the responsibility if they have any sense of morality. They cannot absolve themselves from the responsibility. They have let down the people in the past. We see a repetition of this today.

If you go to the border your heart will bleed as you see the condition of these persons. The Government is not able to provide them with shelter. More than 50% of the evacuees are suffering because of this. There was some torrential rain in that part of the country and they under went great suffering. They suffer from scorching sun, when the sun comes out. They are really in a pitiable condition.

We talk about spending one rupee a day. For instance, it is said, they will give 400 grammes of rice. DMK are giving rice one rupee a measure. I don't know whether they can purchase that much quantity here. This Government is noted for one thing and that is corruption. We don't expect any real remedy from them.

They are telling again and again before the world that the Prime Minister had made a statement, a categorical assurance, that those who come from Bangla Desh, will be allowed to come in. You kindly go to Bagmara in Meghalaya. You kindly go to Rangra in Meghalaya and adjoining areas. You will know whether any refugees are stopped from coming in. Criminals and anti-socials are very active there. There are numerous cases of rape reported. I have received telegrams and letters. Mr. Minister, they are doing it on the strength of the confidential instruction or circular given by the Government saying: Do not allow Bangla Desh evacuees to come inside of Meghalaya. We want to have a clear and categorical answer. I want to know this: Is there any such circular by the Government of Assam or Meghalaya that you will restrict or stop people coming from Bangla Desh? If so, what are the contents of the circular? If not, under what authority are they doing it? The hon Minister had gone to the eastern region at public cost to see the refugees or evacuees. A lot of disturbing

[Shri Jyotirmoy Bosu]

news is coming from Shillong. I would like to know whether she visited or did not visit Shillong. If she did not visit Shillong, what was the reason therefor ?

18.00 hrs.

DR. RANEN SEN : Government are tinkering with the problem of giving aid to the Bangla Desh evacuees, and in fact, are playing with their lives. I would like to know a few small facts. What is the actual number of evacuees that have come to India ? There is conflicting news about the number. What is the method that Government have adopted to ascertain the actual number, because I have in my possession certain facts to show that nearly 50 per cent of the refugees or evacuees are not registered. So, what is the basis for ascertaining the number of evacuees ?

Is it a fact or not, as reported in almost all West Bengal newspapers that not even 25 per cent of the people are registered and only the people who are registered get ration or money or whatever else is given by Government ?

Shri Atal Bihari Vajpayee has already asked whether 25 lakhs of people are to be sent outside the border areas or whether the number is 8 lakhs. Let Government be very clear on this. Even if it be 8 lakhs, what is the arrangement made by Government to transport these 8 lakhs refugees or evacuees to other parts of India ? The newspapers have made the calculation that it will take at least six months to transfer 8 lakhs people at this rate, even with the help of the USA and USSR planes. So, will the Government let us know the actual transport arrangements, that they are going to make ?

Lastly have Government tried to ascertain how many people are going to return to Bangla Desh within a couple of months or three or four or six months ? These are the categorical questions for which I would like to have an answer by the hon. Minister.

SHRI BALGOVIND VERMA : I share the concern of the hon. Members of this House. The problem of refugees is very big. Looking to the magnitude of the problem, if they do not feel satisfied, I think they are right to a certain extent. But may I ask them whether there is any

other country in the world which has witnessed such kind of influx as we have seen in India ?

SHRI JYOTIRMOY BOSU : His party is responsible for that.

SHRI BALGOVIND VERMA : That being so, I feel that it is rather easier to criticise than to put things into practice. I think that Members and leaders of the Opposition parties are equally responsible and they owe as much duty to the country as we on this side of the House and in Government. We hope that they will cooperate with us in tackling this problem. This problem is a gigantic one and needs the whole hearted cooperation of all of us.

SHRI DASARATHA DEB (Tripura East) : I asked the Tripura Government to take our help but they refused. They have got a committee ; in that none of our MLAs or MPs was included. What type of co-operation does he want.

SHRI BALGOVIND VERMA : Co-operation may be given in many ways.

SOME HON. MEMBERS : How ?

SHRI BALGOVIND VERMA : To raise the morale of the people, there can be co-operation ; it is no use going on crying in a vein that demoralises people. Therefore, I said that as leaders of the Opposition parties, they have certain responsibilities to the nation and should not utter certain words which do not behave them.

SHRI SAMAR GUHA : The Minister has asked for our co-operation. Let him say categorically, one, two, three, four, five, six what co-operation they want and what we have denied to them.

SHRI BALGOVIND VERMA : That we can give I think he knows that.. (Interruptions).

SHRI JYOTIRMOY BOSU : He is casting aspersions on Opposition leaders by saying that we are not co-operating in looking after the refugees. Let him say here and now specifically what co-operation he wants from us.

SHRI BALGOVIND VERMA : Shri Samar Guha quoted certain figures which, I think, are not correct. We receive figures from the State Government every day. These are based on daily reports. Therefore, when I give the figures, I think they are the correct ones and should be relied upon.

SHRI TRIDIB CHAUDHURI (Berhampore) : What is the latest figure ?

SHRI BALGOVID VERMA : Upto the 14th of this month, in West Bengal, the number is 43,90,101...

SHRI SAMAR GUHA : Has he seen the statement of the Health Minister, Shri Manaluddin and the Chief Minister that 44.5 lakhs have come.

SHRI BALGOVIND VERMA : These are the figures supplied by the State Government ; they are not our figures.

SHRI SAMAR GUHA : Then ask them why they issued that statement to the press.

SHRI BALGOVIND VERMA : The present figures are : West Bengal 43,90,101, Assam, 1,87,609, Meghalaya 2,54,024, Tripura, 9,55,264, Bihar, 4,857, Total : 57,91,855. These are the official figures which should be relied upon and no credence should be given to newspaper reports because sometimes they publish such figures which have got no basis at all.

SHRI DINEN BHATTACHARYYA (Serampore) : Are these registered figures ?

SHRI BALGOVIND VERMA : These are figures supplied by the State Government.

SHRI SAMAR GUHA : On the basis of the estimate, Government will provide for expenditure and other things. Many people, without getting shelter in government camps, have taken shelter in the houses of benevolent people and relatives or others. These figures have not been taken into account.

SHRI BALGOVIND VERMA : These are the figures registered with the Government and they include those who are inside and outside the camps as well.

SHRI DINEN BHATTACHARYYA : How many are actually registered and how many are residing outside government camps? That figure you must supply to us.

SHRI BALGOVIND VERMA : The figure inside camps is 36,58,037 and outside camps is 21,33,818. The total is 57,91,855.

He said that the figures were underestimated and that some persons have not been registered. There may be some persons who have not been registered. It is a long border of 135 miles, an open border, and people are crossing everywhere. When lakhs of refugees are crossing the border every day, it is humanly impossible to register each and everybody.

SHRI DINEN BHATTACHARYYA : Why ? Nobody wants to evade registration.

SHRI BALGOVIND VERMA : There has been a charge that we did not stop the butchering of people in Bangla Desh, How can we interfere with what a foreign Government is doing in its soil ? We did all that we could. We have been trying to mobilise public opinion. We have been sending people abroad and doing whatever lies in our power to see that the Government of Pakistan comes to its senses.

SHRI SAMAR GUHA : Then, why did you say that within six months they will return ? *

SHRI BALGOVIND VERMA : Why do you feel agitated ?

SHRI SAMAR GUHA : Perhaps you have gone to the border only once or twice. You will feel agitated if you see the conditions. Whenever we get an opportunity, we go there and see the people.

SHRI BALGOVIND VERMA : We feel that it is a reasonable time, that during this time the conscience of the world community will be aroused and that they will come to their senses. We feel that the world community will exercise pressure on the Government of Pakistan so that a political settlement will be arrived at and people will be able to return safely, honourably and with full satisfaction to their homeland.

SHRI SAMAR GUHA : Why a political settlement? Yesterday the Prime Minister said in the Rajya Sabha that we will not impose any political settlement on Bangla Desh. This is stabbing the Bangla Desh revolution in the back. Let them go back and be killed, but do not talk of a political settlement. The only political solution is the withdrawal of the Pakistan army. You have started salesmanship of Yahya Khan.

SHRI BALGOVIND VERMA : We believe that six months is a reasonable period within which conditions will become normal. We assure the House that we are not going to feed the refugees for good, and as the Prime Minister has said a number of times, we reserve the right to take appropriate action at the appropriate time. Therefore, I think hon. Members should have no doubt in their minds.

PROF. S. L. SAKSENA (Maharajganj) : If the world conscience has not been moved during the last three months, how will it be moved now?

SHRI BALGOVIND VERMA : Shri Guha referred to rations. The rations are distributed by the State Governments. We give advance to the State Government and the State Government is entirely responsible for making these arrangements. Two or three days back the hon. Member brought to my notice certain deficiencies in this matter and I have communicated them to the State Government and asked them to adhere strictly to the instructions conveyed from this place and that there should be no shortage in prescribed rations.

SHRI SAMAR GUHA : Where will they get fuel, salt and oil? That question has not been answered.

SHRI BALGOVIND VERMA : They are supplied 400 gms. of rice and 300 gms. of vegetable and 100 gms. of dal.

SHRI JYOTIRMOY BOSU : He is misleading the House.

SHRI BALGOVIND VERMA : I am not misleading the House. This is what the Government of India has asked the State Governments to give and the Government is

paying for. Over and above these things they are also getting kerosene oil, edible oil and salt.

SHRI SAMAR GUHA : Either the Minister is wrong or I am wrong. For four or five days I have been visiting the camps in Bongaon and Bashirhat areas. It is my personal experience that they are given 400 gms. of rice, 100 gms. of dal and four pieces of onion and potatoes. Nothing else is given.

SHRI BALGOVIND VERMA : I have said several times that it is the responsibility of the State Government. We give money to them to supply all these things. We shall bring to the notice of the State Government what the hon. Member has said here.

SHRI JYOTIRMOY BOSU : On a point of order. We asked a specific question : what will the refugee actually get out of one rupee?

MR. CHAIRMAN : There is no point of order. He wants this information. I cannot compel the Minister to give the answer he wants.

SHRI BALGOVIND VERMA : Mr. Samar Guha referred to the management of the camps, especially the community kitchen. So far as the community kitchens are concerned they should be entrusted to the refugees themselves. The refugees are being employed as far as possible in relief works either on a voluntary basis or on daily remuneration basis. Wherever it is possible they are associated with the cooking of meals but most of them like to have their dry rations and cook themselves. We do not want to injure their feelings. They were part of India sometime back and in the countryside there are still people who do not want to take cooked meals. If they do not take cooked meals we cannot force them. So they take their dry rations.

SHRI SAMAR GUHA : They want some fuel. Without fuel how can they cook?

SHRI BALGOVIND VERMA : I visited one camp in Bongaon area. It was on the 6th and the 7th. I can mention particularly the brickfield camp where I found that fuel was distributed to the refugees.

SHRI SAMAR GUHA : Only where there is a community kitchen some fuel is given but where there are no community kitchens no fuel or salt or oil is given.

SHRI BALGOVIND VERMA : The hon. Member has brought it to my notice, and I will see to it.

Then, he pointed out one thing regarding international help, and he said that most of the help was coming in kind. If they send any help in kind, how can we refuse it ?

SHRI SAMAR GUHA : I said kind not in cash.

SHRI BALGOVIND VERMA : They are giving us in kind. Some cash is also coming. If you like, I can give the figures for what we have received so far. We have received international help to the tune of Rs. 30 crores. Out of this Rs. 30 crores, near about Rs. 1 crore is in cash ; that is, Rs. 92,83,629. This is cash. Various international organizations have given it.

SHRI SAMAR GUHA : What about parliamentary delegation and the council.

SHRI DASARATHA DEB : Shri Samar Guha's question was not answered ; it was about the people who are living outside the camps.

MR. CHAIRMAN : One Member has spoken for half-an-hour. Do not intervene, because already, the Minister has enough questions to answer.

SHRI DASARATHA DEB : It is a very important question. Very many people are living outside the camps. What about them ? What is the answer ? Lakhs of people are staying outside the camps. They are not getting any ration.

SHRI BALGOVIND VERMA : On this thing, I really share the concern the hon. Members. We are also very particular about it ; we are considering the issue, and we hope to extend this facility to all those who are staying with their relations as well.

MR. CHAIRMAN : He has asked about the parliamentary delegation. Have you got anything to say ?

SHRI BALGOVIND VERMA : So far as the parliamentary delegation is concerned, we are not averse to it. We will consider it.

SHRI SAMAR GUHA : About the council ? He wanted our co-operation. We offer our co-operation. But there should be some machinery for having mutual co-operation, and that co-operation can be had if a council is formed, with a few Members, and the Minister as the Chairman.

MR. CHAIRMAN : He will answer the questions raised by Shri Vajpayee.

SHRI P. K. DEO : My questions are also there.

SHRI BALGOVIND VERMA : Mr. Deo has asked two or three things. One was about the return of the refugees. He asked what is the solution for the refugee problem. I think we are alive to our duties. Do not think that we are not alive to our duties. When we have taken this responsibility on ourselves, we know how it should be done. I may tell you that we are seeing how the international community heeds to our proposal, and if nothing is coming forward, we will see to it as to how we can do it and what we can do. Once we are committed to democracy and other ideals, we will see that these ideals are kept high.

Then about the question whether the refugees will go back : not for a moment we should think that they will become what one may call a permanent burden to us. They will go back. There is no doubt about it. We have got faith in our people ; we have got faith in our Government, and we know we will be able to do it. (*Interruption*)

MR. CHAIRMAN : Already, 55 minutes have been taken. I request you to complete in five minutes. Otherwise, you had better examine all the questions and lay the answers on the Table of the House.

SHRI BALGOVIND VERMA : Then, the hon. Member wanted screening of the refugees. I may tell the House that the Government of India has given instructions to the State Government that every refugee who enters our country should

[Shri Balgovind Verma]

be properly screened, and steps are being taken.

Regarding the Meghalaya report, I have written to the Meghalaya Government. We have not received their reply yet. As soon as we receive it, we will take action.

Shri Vajpayee asked why we did not assess the possibility of this huge influx. I think nobody can know the future. We did not know that it will go to this extent. We expected only about 3 million. But conditions inside Bangla Desh are not congenial and so they are coming into India. There is no alternative but to accommodate them.

Some reports have appeared in the press and some members also have some misgivings about the number of camps we are going to setup and the number of refugees we are going to accommodate. The other day I said, we are going to set up 50 large size camps to accommodate as many as 25 lakhs refugees. That holds good, I also said, in West Bengal and Tripura, there are certain portions where the pressure of refugees is very high. To relieve that pressure, we are opening large size camps inside West Bengal and Tripura, Assam, Meghalaya, Bihar, M.P., Orissa and U.P. (*Interruption*) I will give you the correct figures of the camps we are going to set up ; In Tripura, we are setting up 10 camps to accommodate 5 lakhs of refugees ; in Assam, 2 camps

and 1 lakh refugees ; in Meghalaya 2 camps and 1 lakh refugees ; in West Bengal 20 camps and 10 lakhs of refugees ; in Mana and Raipur, 4 camps and 2 lakhs of refugees ; in Bihar 5 camps and 2½ lakhs of refugees ; in Orissa 2 camps and 1 lakh refugees.

SHRI P. K. DEO : When the Orissa Government has not agreed, how can you do it ?

MR. CHAIRMAN : Let the Minister give his figures.

SHRI BALGOVIND VERMA : UP (Allahabad) 2 camps with 1 lakh people ; Madhya Pradesh (Bilaspur) 3 camps with 1,50,000 people. The total comes to 50 camps with 25 lakhs of people.

MR. CHAIRMAN : The Minister will examine all the points which have been raised by hon. Members and for those points on which he has not given any reply he will prepare a statement and lay it on the Table of the House. We will now adjourn.

18.32 hrs.

The Lok Sabha then adjourned till Eleven of the Clock on Thursday, June 17, 1971/Jyaistha 27, 1893 (Saka).

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

मध्य प्रदेश में खाद्यान्नों के मूल्यों में वृद्धि

+

*541. श्री हुकम चन्द कछवाय :

श्री जगन्नाथ राव जोशी :

क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या जनवरी, 1971 के पश्चात् मध्य प्रदेश में खाद्यान्नों के मूल्यों में वृद्धि हो गई है ;

(ख) यदि हां, तो उसके क्या कारण हैं ; और

(ग) क्या राज्य-सरकार ने मूल्यों में कमी करने के लिये केन्द्रीय सरकार से सहायता मांगी है ?

2

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) There has been some rise in the price of Maize during the period January to June 1971. The prices of rice and jowar have shown a mixed behaviour, whereas the prices of wheat, gram and bajra have fallen during the period.

(b) The rise in price of Maize is seasonal in character.

(c) No, Sir.

श्री हुकम चन्द कछवाय : अभी बताया गया है कि चावल और गेहूं के भावों में मिक्स्ड वृद्धि हुई है। काश्तकारों का अनाज बहुत सस्ते दामों में ले लिया जाता है। उन से जब खरीदा जाता है तब तो मूल्य घटता है लेकिन आम जनता को जब खाने के लिए अनाज लेना पड़ता है, उसके दामों में काफी वृद्धि हुई है। मैं जानना चाहता हूं कि क्या मंत्री महोदय को जानकारी है कि प्रति क्विंटल दस और पंद्रह रुपये से अधिक दाम मार्केट में बढ़ गए हैं ?

SHRI ANNASAHEB P. SHINDE : It would not be correct to say that there has been a general price rise in the case of foodgrains ; in fact, as compared to last year, the prices of cereals all over the country, including Madhya Pradesh, are broadly lower by 5 per cent. Therefore, there is no cause for anxiety as such. In certain centres difficulty does arise. In the case of maize, for instance, as I said, there has been some marginal increase in price in certain centres, not all over the country, but the Food Corporation of India has procured

so much maize that we are not finding any market for that maize. So, there is no difficulty. I do not think the fears expressed by the hon. Member are justified by the situation.

श्री हुकम चन्द कछवाय : अभी मंत्री महोदय ने बताया है कि मक्का के दामों में कुछ वृद्धि हुई है। यह भी उन्होंने बताया है कि हमारे पास मक्का इतना भरा हुआ है कि हमें पता नहीं चलता है कि हम उसे कहाँ बेचें, किए मार्किट में जायें। मैं जानना चाहता हूँ कि इस मौसम में जबकि दाम बढ़ गए हैं, आम जनता को खाने के लिए उचित दामों पर यह मिले, इसकी आपने कोई विशेष व्यवस्था की है या करने जा रहे हैं? मौसम के कारण जो दाम बढ़ जाते हैं वे न बढ़ें इसकी आपने कोई विशेष व्यवस्था की है?

मार्किट में तो दाम बढ़ जाते हैं परन्तु जो काश्तकार पैदा करता है उसको जो दाम मिलते हैं, उन में कोई वृद्धि नहीं होती है। जो दाम आपने बांध रले हैं उन से भी कम दामों पर आप उससे खरीद लेते हैं या व्यापारी खरीद लेना है। व्यापारी कम दामों पर न खरीदे और आप भी उचित मूल्य पर और पर्याप्त मात्रा में उसे खरीदें, इसके लिए आपने कौन सी व्यवस्था की है?

SHRI ANNASAHEB P. SHINDE : As I submitted earlier, maize prices, as compared to last year, are lower by 21 per cent. But we have got reports that in one centre in Madhya Pradesh and one centre in Bihar, there has been some rise in the market price. We are thinking whether we can unload some of the maize held by the Food Corporation in those centres so that the price rise is checked.

In regard to the complaint of the hon. Member that foodgrains are purchased at much cheaper prices from producers, the hon. Member knows that we have given an assurance to the farmers of this country that

as far as wheat, rice, etc., are concerned, we are purchasing them at procurement prices. It is a good thing for us that the Food Corporation is having a commanding position in the Indian market as far as food purchases are concerned.

SHRI K. MALLANNA : Production of foodgrains has risen. Blackmarketers with their black money and hoarders purchase foodgrains in the harvest season at lower prices and create an artificial scarcity of foodgrains by hoarding. May I know what action has been taken against these people?

SHRI ANNASAHEB P. SHINDE : I cannot say that black money is not invested by some people in the purchase of foodgrains etc. But I examined the position recently and I found that out of the total market arrival of wheat in Punjab, 95 per cent is purchased by the Food Corporation and very limited quantities are purchased by the food trade. The reason is that the element of speculation has come down. In the good old days it used to happen that in the post-harvest period prices used to slump and in the lean period prices used to rise, with the result that the speculator used to make profiting. But because of a very comfortable position of Food economy and commanding position of the Food Corporation in the Indian market and the large-scale procurement by the Corporation, this speculative element has come down very much. I do not think the fears expressed by the hon. Member are, in any way, true in the present set of circumstances.

SHRI S. B. GIRI : The hon. Minister has said that the price of maize has gone down. May I know whether the Government is prepared to compensate farmers where the price has gone down?

SHRI ANNASAHEB P. SHINDE : We are procuring at the procurement prices. The general price level has not increased, as I said. On the contrary, it has gone down as compared to last year.

Verification of membership of central trade union Organisations

*542. **SHRI C. K. CHANDRAPPA :** Will the Minister of LABOUR AND RE-

HABILITATION be pleased to state :

(a) whether Government had decided to have verification of the membership of the Central trade union organisations this year;

(b) if so, the reaction of various recognised Central trade union organisations thereto;

(c) whether Government propose to postpone the verification programme to some future date; and

(d) if so, the reasons for that decision ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) Yes, Sir. The membership of trade unions affiliated to the four Central Trade Union Organisations; namely, the Indian National Trade Union Congress, the All India Trade Union Congress, the Hind Mazdoor Sabha, and the United Trades Union Congress, is verified, once in two years, in accordance with the procedure for verification adopted in pursuance of a decision taken at the 16th Session of the Indian Labour Conference held in 1958. As the last verification was undertaken for the year ending on the 31st December, 1968, action has been initiated to conduct verification of membership as on the 31st December, 1970.

(b) Some of the Central Trade Union Organisation have requested the postponement of the verification as on 31-12-1970.

(c) and (d). The matter is under examination.

SHRI C. K. CHANDRAPPA : Is it not a fact that the present system of verification is so defective that it gives scope for such favoured unions to have inflated membership as happened in the case of the recognised unions in TISCO which can at best claim 2000 membership whereas they claim 22,000 membership ? May I know whether the Government will think in terms of drastically changing the present system of verification as recommended by the various Central trade union organisations ?

SHRI R. K. KHADILKAR : There is a divergence of opinion as to whether the

present system of verification should be continued or that the method of ballot should be adopted. In the last Trade Unions' Representatives Conference, this issue was raised and the leaders of three trade unions are meeting to find out a common formula. But, ultimately, about the verification method, if it is to be changed or modified, that will have to be done by the tripartite body which is likely to meet in August.

SHRI C. K. CHANDRAPPA : May I know whether the AITUC has placed a proposal before the Government that ballot should be done and the majority union should be recognised and that in the executive of the majority union, the representatives of the minority union be accommodated and, if that is so, will the Government consider that proposal ?

SHRI R. K. KHADILKAR : That also will have to go through the tripartite body which ultimately by consensus decides these issues.

SHRI A. P. SHARMA : In reply to parts (c) and (d) of the Question, the Minister has said that the matter is under consideration, and specifically, in answer to a supplementary, he has said that this matter is under the consideration of three Central trade unions. In view of the fact that there is already a decision to have verification every two years, what is the reason that the verification is not going to be done this year ?

SHRI R. K. KHADILKAR : In the past, when there were General Elections, a request used to be made for some more time as during General Elections, the trade union leaders are engaged otherwise. We had conceded that request. We have already initiated the process. What we are considering is their request for a little more time.

SHRI RAJA KULKARNI : Is it not a fact that the organisations which have asked for a little more time are themselves split up and, therefore, they want that the verification should not be conducted at all ?

SHRI R. K. KHADILKAR : As I have mentioned just now, the AITUC has made

a point that they do not accept the present method of verification and they would like to have a change. Because of that this problem of verification is not being reconsidered. Reconsideration is given because in the past in the election year, usually some time was given for verification,

SHRI S. M. BANERJEE : I would like to know from the hon. Minister whether it is a fact that the All India Trade Union Congress, CITU, HMS & INTUC have combined and unanimously passed a resolution which has been forwarded to the hon. Minister and it was placed as a document in the meeting of the Trade Unions with the Labour Minister that first preference should be given to the ballot and then only verification. Verification has been rejected by every one because the INTUC membership has been inflated for nothing....

(Interruptions)

SHRI A. P. SHARMA : Only by those who are in minority, Sir.

SHRI INDRAJIT GUPTA : Why are you afraid of ballot ?

SHRI S. M. BANERJEE : They are afraid of ballot.

SHRI A. P. SHARMA : We are afraid of bogus membership...*(Interruptions)*

SHRI PILOO MODY : There are bogus members on both sides.

MR. SPEAKER : You are not asking a question, you are entering into a controversy...*(Interruptions)*

Don't enter into any controversy. This is a very bad way of argument.

SHRI S. M. BANERJEE : I want to know whether it is a fact the AITUC, CITU, HMS & INTUC have unanimously passed a resolution and forwarded it to Government for implementation and acceptance of the ballot as the first preference and then verification as some other method. May I know the reaction of the Government ?...*(Interruptions)*

SHRI R. K. KHADILKAR : In view of the divergence of opinion regarding the method of verification, as I said earlier, whether we should stick to the present method or some sort of a ballot method should be adopted...

SHRI PILOO MODY : Secret ballot.

SHRI A. P. SHARMA : I am rising on a point of order, Sir.

SHRI S. M. BANERJEE : No point of order during Question Hour.

SHRI A. P. SHARMA : Sir, I want a clarification...*(Interruptions)*

MR. SPEAKER : No point of order during Question Hour.

SHRI R. K. KHADILKAR : Therefore, as I was saying, this matter will be taken up at the tripartite meeting keeping in view the recommendation of the National Labour Commission as well as the views expressed by the Trade Unions. But, for the time being, the old method continues.

SHRI PILOO MODY : You must have secret ballot.

SHRI DAMODAR PANDEY : Sir, verification of trade union is undertaken only to determine the representative character of the Union so that representation on various committees of the Government and national organizations is decided .

MR. SPEAKER : What is your question ?

SHRI DAMODAR PANDEY : I would like to know from the hon Minister whether in view of the elastic attitude taken by the Labour Ministry in giving representation on various Committees, verification itself is going to serve any purpose in future ?

SHRI R. K. KHADILKAR : Whatever the representation is given, for the time being, on the basis of the declared verification four central organisations have been recognised.

SHRI PILOO MODY : Bogus.

tripartite body ; then alone that will be considered.

SHRI DINEN BHATTACHARYYA : May I know from the hon Minister whether only the four central organizations are being asked to agree to the verification and why other central organizations like the CITU are not being consulted ? Whether the Minister has any information as yet that the CITU which the Minister very well knows is also ready for verification because they have got a large number of trade union membership all over the country.

SHRI S. B. GIRI : Which is the Central Organisation which is refusing secret ballot consistently ?

SHRI R. K. KHADILKAR : It is not saying no. They say that the present method may be adhered to. It is not a question of saying this is good or this is bad.

Production in Heavy Engineering Corporation, Ranchi

MR. SPEAKER : It is a suggestion.

*543. **SHRI S. M. BANERJEE :** Will the Minister of STEEL AND MINES be pleased to state :

SHRI DINEN BHATTACHARYYA : I want an answer from the Minister whether the CITU will be called for verification and whether the Government has not yet informed the CITU for the verification.

(a) whether production in Heavy Engineering Corporation, Ranchi has increased ;

(b) if to, to what percentage ; and

(c) how it compared with figure of 1969-70 ?

SHRI R. K. KHADILKAR : As I mentioned, the National Labour Commission has made a recommendation regarding this verification procedure and as to who should get recognition. They have said broadly 10% of the registered membership having the full coverage should be considered for verification. If we accept this recommendation that will have to be accepted by the

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMAR-MANGALAM) : (a) to (c). A statement is laid on the Table of the House.

Statement

(a) The overall production during 1970-71 was higher than in 1969-70.

(b) and (c). The installed capacities of the three plants of the company at present and the production during 1969-70 and 1970-71 are as under ;

Name of Plant	Installed capacity	production in 69-70	Percentage of capacity	Production in 70-71	Percentage of capacity
Heavy Machine Building Plant					
(i) Mechanical equipment.	80,000 tonnes	10,357 tonnes	12.9	15,760.9 tonnes	19.7
(ii) Structurals	25,000 tonnes	14,105 tonnes	56.4	7,205.2 tonnes	28.8
Foundry Forge Plant	133,460 tonnes	28,151.64 tonnes	21	39,089.6 tonnes	29.3
Heavy Machine Tools Plant	278 units	27 units	9.7	28 units	10

SHRI S. M. BANERJEE : There is some improvement in production. I am happy about it. I would like to know from the Minister whether decision on the same lines as HSL will be taken after considering the views of various trade unions and whether he would see that one of the employees' representative is accepted as one of the directors on the Board.

SHRI MOHAN KUMARAMANGALAM: The hon. Member is aware that Government is committed to providing for representation of workers on the board of public sector undertakings. The question is how to achieve it in the best possible manner. So far as Heavy Engineering Corporation is concerned, that is also a public sector undertaking, and we would like to be able to achieve this in the shortest time.

SHRI S. M. BANERJEE : If it is difficult to have one name selected or elected will he resort to the system of ballot to decide the representative of the particular union? That will also serve to reflect the representative character of the union and there will be no dispute. INTUC will have no ground for grouse.

SHRI MOHAN KUMARAMANGLAM: The hon. Member is aware of the difficulties so far as choice of workers' representative is concerned. It is not merely a question of difference between unions affiliated to different central organisations but that is also a problem of dealing with craft unions. Therefore, it is a matter which I should say, is delicate and I do not think the hon. Member will wish to press me on this.

SHRI KARTIK ORAON : Unfortunately nothing has been done to develop team spirit and loyalty in these various projects. None of the persons at the helm of affairs is free from provincialism, nepotism, favouritism and so many other things. This has in effect come to mean a promotional scheme, to provide jobs to one's kith and kin and not a commercial undertaking. This must be guarded against 75 per cent of the Assistant Engineers recently promoted are drafted from one particular State. I would like to know from the Government

and the Minister, the rated installed capacity and production schedule for 1970-71, the actual production in 1970-71 in respect of the three plants, heavy machine-building plant, foundry forge plant, and heavy machine tools plant for 1970-71 and the corresponding figures for 1969-70.

SHRI MOHAN KUMARAMANGALAM : The hon. Member may refer to the statement laid on the Table of the House, which contains all those figures.

SHRI JAGANAATH RAO : May I know from the hon. Minister when at this rate of progress, he hopes that the HEC will attain its rated capacity?

SHRI PILOO MODY : Never.

SHRI MOHAN KUMARAMANGALAM : I presume, Mr. Speaker, I am entitled to answer the question. Or has it been pre-empted already?

So far as Government are concerned, we are certainly not satisfied at the rate of progress and improvement. The hon. Member Shri S. M. Banerjee said that there had been some improvement and he appeared to be satisfied, but I am not satisfied as he is. The present percentages which are found in the statement laid on the Table of the House clearly indicate that we have got quite some distance to go before we shall be able to say that the HEC is progressing fast.

We have placed before ourselves, so far as this year is concerned, a target of rising from 23,000 tonnes in the Heavy Machine-building plant to 34,000 tonnes, but, I hope that with the efforts that we are making, we shall be able to rise above that. I do not think that there is any point in my placing certain target before this House beyond that. Though I know that it is an unsatisfactory and low target, let us see; when we have achieved something, we can come and tell hon. Members about it.

Auctioning of six Sugar Factorles in U.P.

***544. SHRI RAJDEO SINGH :** Will the Minister of AGRICULTURE be pleased

to state :

(a) whether six sugar factories which are defaulters in payment of cane price to the growers are to be auctioned in U.P. ; and

(b) if so, the reasons for Government not taking them over when the commitment was already there ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) Yes, Sir. Collectors concerned have taken steps to auction the six sugar mills which are defaulters in payment of sugarcane, cane cess and purchase tax dues.

(b) Sale by auction of immovable property is one of the coercive processes for realisation of the dues as arrears of land revenue. In six cases the Collectors found it necessary to take this action. It is not related to the question of taking over these or other mills and is independent of it.

SHRI RAJDEO SINGH : May I know whether these mills are so much worked out as to fetch less price than what is due as cane price and other Government taxes ?

SHRI SHER SINGH : I have no knowledge of that. That will be known only after these mills are auctioned.

SHRI RAJDEO SINGH : May I know why Government allowed the drifting away of these mills to the point of no return ?

SHRI SHER SINGH : It is for the State Governments to take action. The names of the mills are as follows :

1. Messrs. Pannijee Sugar Mills, Bulandshahr,
2. Messrs. Ramchand and Sons Sugar Mills, Barabanki,
3. Messrs. Burhwal Sugar Mills, Burhwal, District Barabanki,
4. Messrs. Kamlapat Motilal Sugar Mills, Bhatni, District Deoria,
5. Messrs. Maheshwari Khetan Sugar Mills, Ramkola, District Deoria, and

6. Messrs. Kundan Sugar Mills, Amroha District, Moradabad.

SHRI BISHWANATH ROY : In view of the fact that the number of factories known for non-payment of sugarcane price to the tune of crores of rupees is considerable, may I know why only six factories are going to be auctioned while the rest are being left out ?

SHRI SHER SINGH : This decision has been taken by the collectors concerned as I have said, in the case of these six mills, because the outstandings from them were old, and they related to three years before 1970-71, and the collector thought it necessary to auction them.

SHRI BISHWANATH ROY : What is the reason for leaving the other factories ?

श्री इसहाक सम्भली : सरकार यह बतलाने की मेहनत करेगी कि 6 शुगर फैक्ट्रीज आज नीलाम का जा रही हैं जिन के बारे में मिनिस्टर साहब को भी यह उम्मीद नहीं है कि उन से इतना पैसा आएगा कि जो सारे ड्यूज हैं वह अदा हो सकें, तो मैं मालूम करना चाहता हूं कि वजाय नीलाम करने के और प्राइवेट सेक्टर के हाथ में देने के सरकार को यह फेसला करने में क्या दुश्वारी हो रही है कि इन मिलों को वह नेशनलाइज करे ताकि यह बन्द न हो सकें और मजदूरों को काम भी मिले ? नीलाम में कौन लेगा ? प्राइवेट सेक्टर के हाथ में ही तो फैक्ट्री जायगी जब की आप की पालिसी है कि इन को पब्लिक सेक्टर में लाया जाय, तो आप नेशनलाइज क्यों नहीं करते ?

श्री शेर सिंह : अध्यक्ष महोदय, मैं पहले ही कह चुका हूं कि नेशनलाइजेशन का मामला तो जेरे गौर है और उस पर जिस वक्त कमीशन की रिपोर्ट आएगी उस वक्त फैसला करेंगे और स्टेट गवर्नमेंट्स चाहें तो ले भी सकती हैं, यह विधान में छूट दे रखी है।

श्री बी. बी. शौर्य : चीनी मिलों का राष्ट्रीयकरण हो या न हो इस के बारे में मंत्री महोदय ने सदन में बताया कि यह जेरे गौर है। और यह जेरे गौर ही कारण है इन नीलामियों का। तो मैं यह जानना चाहूंगा कि हमेशा के लिए यह परेशानी दूर हो जाय इस के लिए क्या सरकार निश्चय करेगी कि चीनी मिलों का राष्ट्रीयकरण किया जायगा या बिलकुल नहीं किया जायगा क्योंकि नीलाम में अभी आप ने बताया इतना पैसा नहीं आएगा जिस से ड्यूज अदा हो सकें, और आज आप 6 का कर रहे हैं, कल 12 का करेंगे, परसों 20 का करेंगे, तो क्यों नहीं एक ऐसा निश्चय करते जिस से इन मिलों को आप ले लें, इन का राष्ट्रीयकरण कर लें या हमेशा के लिए कह दें कि हम नहीं लेंगे, आप चलाइए ?

श्री शेर सिंह : मैं निवेदन कर चुका हूँ कि इस के बारे में एक आयोग बंठा हुआ है, वह इस पर विचार कर रहा है और जब आयोग की सिफारिश आएगी उसके बाद ही इस पर फैसला किया जायगा। आज फैसला नहीं हो सकता।

Pilferage of Seven Crores Worth of Foodgrains from the Godown of Food Corporation of India

*545. SHRI MOHAMMAD ISMAIL : Will the Minister of AGRICULTURE be pleased to state :

(a) whether over Rs. 7 crores worth of foodgrains had been pilfered from the storage godown of Food Corporation of India's branch in Bihar ; and

(b) the action taken against those responsible for this ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) and (b). No, Sir. The extent of losses, reported by Food Corporation of India, on account of

theft/pilferage at its depots all over India including Bihar from 1965 to March 1971 has been valued at Rs. 13 lakhs approximately.

The Food Corporation of India is taking appropriate measures including legal and disciplinary proceedings against the defaulting employees, besides other preventing measures like raising of compound walls for the godowns where necessary, increasing watch and ward points, posting of the Central Industrial Security Forces at Vulnerable depots, and other necessary administrative measures.

श्री मुहम्मद इस्माइल : मंत्री महोदय ने बताया कि इंतजाम किया जा रहा है सेक्योरिटी बगैरह का। लेकिन मेरा स्पेसिफिक क्वेश्चन था उस के बारे में उन्होंने नहीं बताया कि बिहार के फूड कारपोरेशन के गोदाम से 7 करोड़ रुपये का माल चोरी हुआ, वह चोरी हुई तो उस में कोई पकड़ा गया या नहीं और पकड़ा गया तो उस पर क्या सजा उस को दी गई ? यह मेरा स्पेसिफिक क्वेश्चन था 7 करोड़ का इस का सेटिसफैक्टरी जवाब उन्होंने नहीं दिया। इसलिए पहले इसका जवाब वह दें कि 7 करोड़ ठीक हैं या नहीं ?

अध्यक्ष महोदय : वह तो कह चुके हैं कि ठीक नहीं हैं।

श्री मुहम्मद इस्माइल : तो कितना ठीक है, वही बताएं।

SHRI ANNASAHEB P. SHINDE : I thought I was clear enough in my reply. The news item which appeared in the press was that the FCI has lost to the tune of Rs. 7 crores due to pilferage, theft etc. in Bihar. I said that from 1965 up to March, 1971, Rs. 13 lakhs worth of foodgrains have been lost all over the country, including Bihar. Obviously that news item is not correct.

श्री मोहम्मद इस्माइल : मेरा दूसरा सवाल यह है कि जब बिहार के बारे में बतलाया है और इस तरह की चोरियां फूड कारपोरेशन के कामों में मुश्किलों सूबों में हुई हैं तो क्या आप उन की तादाद बतलायेंगे कि कितनी रकम की अब तक चोरी हो चुकी है और इस पर आपने क्या कार्यवाही अब तक की है ?

अध्यक्ष महोदय : आप का बिहार के बारे में स्पेसिफिक क्वेश्चन था ।

श्री मोहम्मद इस्माइल : इन्सोंने तमाम जगहों के बारे में मेन्शन किया है, इसीलिये मैंने सवाल किया है कि दूसरी जगहों पर जो चोरियां हुई हैं, उन के बारे में क्या पोजीशन है, और मालूम हो तो बतलायें ?

SHRI ANNASAHIB P. SHINDE : There is no intention to conceal anything. If the hon. Member has any information, I will be interested. After all, this is a public sector organisation. As I said, we refer every case to the police for investigation. I would be glad if the hon. Member can pass on any information.

Scheme for Employment to People of Border Areas rendered jobless due to East Bengal conflict

*546. SHRI B. K. DASCHOWDHURY: Will the Minister of LABOUR AND REHABILITATION be pleased to state whether the Central Government have any scheme to give jobs to the people of border areas such as West Bengal, Assam and Tripura who have become jobless due to recent East Bengal conflict ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA): There is no such scheme at present.

SHRI B. K. DASCHOWDHURY : Is the hon. Minister aware that owing to

frequent firings across the border by the Pakistani army, many people from the border areas have left their hearths and homes and properties and have become financially bankrupt ? In view of that, may I know whether the Government have taken any steps to give some financial relief to these poor people ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : We are certainly providing those who have come as refugees with daily rations and giving them shelter, but the question concerns employment. For that there is no scheme at present because we except the refugees to go back to their hearths and homes.

SHRI B. K. DASCHOWDHURY: The hon. Minister has not understood my question. I was not referring to Bangla Desh refugees. I was referring to our own people from the border areas who have left their hearths and homes because of firing by the Pakistani army across the border. Has the Government any scheme for them ?

SHRI R. K. KHADILKAR : Wherever such incidents have occurred in the border areas, they have taken shelter in near about areas. No scheme has been considered for their employment. Where any particular cases are brought to notice, suitable local action is being taken.

SHRI B. K. DASCHOWDHURY : The decision taken up till now by the Government is only to give relief the Bangal Desh refugees. I would like to know why no such decision has been taken in regard to our own people in the border areas who have suffered as a result of the recent political upheaval in Bangla Desh, why these poor people have not been given in help by the Government. Further there is scarcity of land in West Bengal. Thousands of temporary camps have been put up for the Bangla Desh refugees mostly on agricultural land, and the people from whom these lands have been taken away have become bankrupt. I would like to know from the Minister whether there is any scheme to provide these people whose lands have been taken over with any compensation.

SHRI M. K. KHADILKAR : Those whose lands have been occupied for constructing camps or temporary shelter, will be compensated duly.

DR. RANEN SEN : In view of the fact that the refugees are crowding the borders and the State administrations are faced with the heavy additional task of issuing registration cards etc., has the Government any plans to employ persons for this work separately, so that the normal administrative personnel would be free for their ordinary duties? The West Bengal Government has also suggested such a scheme. What has been the fate of the scheme?

SHRI R. K. KHADILKAR : In view of the heavy administrative burden on the local administration, the local administration has been further strengthened by recruiting suitable staff to undertake this responsibility.

SHRI D. BASUMATARI : It is not a fact that the camps for the refugees in Assam and Meghalaya are only in the tribal area and may I know whether there is any scheme for protecting the land of the tribals where it is utilised for the refugees because they are already very backward economically?

SHRI R. K. KHADILKAR : So far as tribal area on the Assam and Meghalaya borders are concerned where the refugees are now given shelter temporarily, I may say that our scheme is to shift them to a bigger camp and therefore there is no possibility of any ill-feeling or the tribals suffering because of this influx.

गन्ने के मूल्य निर्धारित करना

+

*574. **श्री चन्द्रिका प्रसाद :**

श्री शिवकुमार शास्त्री :

क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने अगामी मौसम के लिए गन्ने के नियत किये गये मूल्यों की घोषणा

कर दी है ;

(ख) यदि नहीं, तो इन के कब तक निर्धारित किये जाने की सम्भावना है ; और

(ग) क्या सरकार इस संबंध में राज्य सरकारों से भी परामर्श करना चाहती है ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) and (b). The basic minimum price payable by sugar factories for sugarcane to be purchased by them during the season 1971-72 (1st October 1971 to 30th September 1972) has not so far been announced, as the Government have decided to watch the position consequent on decontrol of sugar for sometime before taking a final decision.

(c) The minimum sugarcane price is fixed after consulting the State Governments and other interests and authorities concerned.

श्री चन्द्रिका प्रसाद . अध्यक्ष जी, गन्ने की कीमत लकड़ी और कोयले की कीमत से भी गिरी हुई है, जबकि किसान साल भर उमकी खेती में फसा रहता है, साठ भर गर्मी और जाड़े में मेहनत करता है, बिजली और पानी उस पर खर्च करता है...

अध्यक्ष महोदय : आप तो पुराने मंत्री हैं, सवाल कीजिये ।

श्री चन्द्रिका प्रसाद : जबकि गन्ने की कीमत तय करने में भारत सरकार कोई ध्यान नहीं देती है। कहा जाता है कि राज्य सरकार की राय से गन्ने की कीमत तय की जाती है। मैं समझता हूँ कि राज्य सरकार की राय को नहीं माना जाता है। शुगर की रिकवरी को दृष्टि से जहाँ पर जो मिलें लगी हुई हैं, वे पचास साल पुरानी हो गई हैं, लोहे का भंखाड़ बन कर रह गई है...

अध्यक्ष महोदय : अगर आप सवाल नहीं पूछ सकते हैं तो बैठ जाइये ।

श्री चन्द्रिका प्रसाद : मैं मंत्री जी से जानना चाहता हूं कि गन्ने की कीमत तय करते समय, जैसा राज्य सरकार का परामर्श था कि 9 रु. 40 पैसे रखी जाय, उसका ध्यान न रखते हुए पिछले साल 9.4 परसेंट और उससे नीचे जितनी रिकवरी आई, उसके लिये 7 रु. 37 पैसे मुकर्रर की थी । 9.4 परसेंट से अगर कम भी थी, 8 परसेंट भी थी तो इतना ही रखा गया ।

अध्यक्ष महोदय, मैं उत्तर प्रदेश के पूर्वी जिले से आता हूं, हमारा इलाका पिछड़ा इलाका है, वहां पर शुगर के अलावा कोई इण्डस्ट्री नहीं है, वहां पर सारी मिलें सिक मिलें हैं, एक तरह से लोहे का अम्बार बनी हुई हैं । जब तक आप उनका राष्ट्रीयकरण नहीं करेंगे गन्ने की इस कीमत से किसानों का फायदा नहीं होने वाला है । जब सरकार किसी बात की टालना चाहती है तो उसके लिए आयोग बना दिया जाता है, उसी तरह का आयोग यहां पर भी बना दिया गया है । मैं जानना चाहता हूं कि क्या सरकार इसका राष्ट्रीयकरण करने की कृपा करेगी ।

श्री शेर सिंह : अध्यक्ष महोदय, मैं पहले कह चुका हूं कि आयोग भारत सरकार ने बनाया इसलिये ताकि सारे देश के लेबिल पर हम फैसला कर सकें । जहां तक स्टेट का सम्बन्ध है, स्टेट कर सकती है, उसमें कोई रुकावट नहीं है ।

श्री शिव कुमार शास्त्री : अध्यक्ष महोदय, एक बार डिबेट का उत्तर देते हुए उस समय के कृषि मंत्री श्री जगजीवन राम ने एक महत्वपूर्ण बात कही थी कि जो भी मूल्य निर्धारित

हो जाएगा राज्य सरकारों के साथ परामर्श कर के, वह तो किसानों को तत्काल दे दिया जायगा । लेकिन बाजार में अगर चीनी ऊंचे भाव पर बिकेगी तो जो अतिरिक्त राशि होगी वह किसान को दे दी जाएगी । तो क्या वह आधार अब भी कायम है ? या मंत्री जी के परिवर्तित होने से उस में भी परिवर्तन हो गया ?

श्री शेर सिंह : अध्यक्ष महोदय वह आधार अब भी कायम है । हम जो प्राइस मुकर्रर करते हैं वह कम से कम होती है । उससे ऊपर फेक्ट्रीज देती रही हैं । 16 रु. और 20 रु. का दिया है । हमने 30/40 परसेंट फ्री शुगर सेल के लिये दी और जिस समय कीमतें ज्यादा थीं फ्री शुगर की तों कीमतें ज्यादा भी दी । और जब लैवी प्राइस और फ्री सेल की कीमतें नजदीक आ गयी उसके बाद जो मिनिमम प्राइस थी वह दी गयी, उससे कम नहीं दी ।

लेकिन ऐसी कोई बंदिश नहीं है कि जो मिनिमम प्राइस है वही दें । उससे उपर भी दे सकते हैं और मिले देती भी हैं ।

श्री नरसिंह नारायण पांडे : क्या मंत्री जी इस बात को देखते हुए कि हर साल गन्ने के दाम के बारे में कोई निश्चय न होने से गन्ने की खेती की बढोत्तरी होने में दिक्कत होती है जिससे आगे चल कर के हमको फौरन ऐक्सचेंज में नुकसान होता है या जो शुगर का हमारा टार्गेट होता है उसको पूरा नहीं कर पाते हैं, तो मैं मंत्री जी से जानना चाहता हूं कि जो उसूल बना हुआ है उस पर मंत्री जी को क्या दिक्कत है गन्ने का दाम पहले तय करने में जिससे किसान अपनी गन्ने की खेती बढ़ा सकें ?

श्री शेर सिंह : हम हमेशा यह तय करते हैं फसल से पहले फैसला कर दें । लेकिन इस

बार दिक्कत यह हुई कि चूंकि हमने डी-कंट्रोल करने का फैसला किया तो हम कुछ समय तक देखना चाहते थे कि उसका क्या प्रभाव होता है। इस चीज को ध्यान में रखते हुए प्राइस फिक्स करना चाहते हैं ताकि किसान को घाटा न रहे। आज प्राइस फिक्स कर दें और कल यह सोचें कि यह प्राइस ठीक नहीं बल्कि और प्राइस होनी चाहिये थी, तो उसमें दिक्कतें पैदा हो जाती हैं।

श्री सरजू पांडे : अभी सरकार ने मिल मालिकों के दबाव में आकर चीनी पर से कंट्रोल हटा लिया जिससे चीनी का दाम बाजार में बढ़ गया है। इस बात को ध्यान में रखते हुए कि जबसे डीकंट्रोल किया है शुगर का दाम बढ़ा है, गन्ने के दाम निर्धारित करने में देर क्या है ?

श्री शेर सिंह : यह बिल्कुल गलत है कि हमने मिल मालिकों के दबाव में आकर कोई फैसला किया।

शुगर प्राइस के बारे में आपने जो कहा, मैं बता दू कि डीकंट्रोल के बाद शुगर की प्राइस बढ़ी नहीं है, बल्कि कम हुई है।
...(व्यवधान)...

श्री इसहाक सम्भली : पहले से मार्केट में दाम बढ़ गया है। बाजार में जाकर खरीदे सब पता लगे। ...(व्यवधान)...

अध्यक्ष महोदय : आर्डर प्लीज। क्या मजा आता है आपको शोर करने में। यह पार्लियामेंट है। आप मंत्री जी को जवाब पूरा देने दीजिये।

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, यह सच है कि चीनी के दाम बढ़ गये हैं।

श्री इसहाक सम्भली : गलत इनफार्मेशन के आधार पर ही गलत फैसले किये जाते हैं।

श्री शेर सिंह : अध्यक्ष महोदय, मेरे पास सूची है दामों की। अगर आप चाहे तो मैं पढ़ कर सुना सकता हूँ।

अध्यक्ष महोदय : चीनी का मसला है, बहुत नाजुक है, सोच समझ कर बोलियेगा।

श्री सरजू पांडे : अधिकारी गलत सूचना देते हैं क्योंकि मुफ्त में चीनी खाते हैं।

अध्यक्ष महोदय : आर्डर प्लीज। मैं बड़ा तंग हूँ। आप मेरे नजदीक बैठें हैं इसलिए बड़ा डिस्टर्बेंस होता है। मैं फोलो नहीं कर सकता प्रोसीडिंग्स।

श्री शेर सिंह : अध्यक्ष महोदय मैं निवेदन कर रहा था कि हर जगह के मेरे पास 15 जून तक के आकड़े हैं।

आसाम में 24 मई को प्राइस थी 205 रु. और डीकंट्रोल हुआ 25 मई को। और 14 तारीख को 195 रु. प्राइस थी। बिहार में 200 रु. प्राइस थी, अब 184 रु. है।...

श्री इसहाक सम्भली : यह आप होलसेल प्राइस बता रहे हैं। रिटेल प्राइस बताइये।

श्री शेर सिंह : ठीक है मैं होल सेल प्राइस बता रहा था। आप रिटेल प्राइस भी सुन लीजिये।

रिटेल प्राइस आसाम में 2.15 पैसे थी, अब 2.05 पैसे है। बिहार में 2.12 पैसे थी अब 1.95 पैसे है। गुजरात में 2.03 पैसे थी अब 1.89 पैसे है। देहली में 2.15 पैसे थी 24 तारीख को और 14 तारीख को 2.05

वैसे प्रति किलो चीनी की प्राइस थी।
(व्यवधान—बिल्कुल गलत है)

श्री इसहाक सम्भली : दिल्ली में चीनी 2.25 पै. मिल रही है। स्पीकर साहब, सुपर बाजार में दाम मालूम कीजिये। मैं जानना चाहता हूँ कि वहाँ चीनी का क्या भाव है।
(व्यवधान)

अध्यक्ष महोदय : आप मेहरबानी करके बैठ जाइये।

श्री इसहाक सम्भली : मैं चैलेंज करता हूँ आप सुपर बाजार में टेलीफोन करके चीनी के दाम पता लगाइये। (व्यवधान)

THE MINISTER OF AGRICULTURE (SHRI F. A. AHMED) : It appears that the figures quoted by my colleague are not in accordance with the practical experience of hon. members, so far as the prevailing price of sugar is concerned. I shall verify these prices (*Interruptions*).

SHRI INDRAJIT GUPTA : Don't you buy sugar for your own use ? Do Ministers get free supply of sugar or what ? (*Interruptions*).

श्री इसहाक सम्भली : स्पीकर साहब, मेरा पाइंट आफ़ आर्डर है।

अध्यक्ष महोदय : क्वेश्चन आवर में पॉइंट आफ़ आर्डर नहीं होता।

श्री इसहाक सम्भली : मिनिस्टर साहब खुद मुतमईन नहीं है। क्या आप इसको वेरी-फाई करेंगे।

श्री बी. पी. मौर्य : यह गलत बयान दे रहे हैं दिल्ली के बारे में।

MR. SPEAKER : The Minister has said that if there is a difference in price, he will verify it. (*Interruptions*).

SHRI NIMBALKAR : May I know whether in fixing the price of sugarcane only the sugar content in the sugarcane is taken into consideration ? Is it not a fact that there are some sugar factories which have attached distilleries ? Should they not be asked to pay a higher price for their sugarcane ?

अध्यक्ष महोदय : आप कहाँ से कहाँ चले गए।... (व्यवधान)...

श्री शेर सिंह : माननीय सदस्य का सवाल सुनाई नहीं दिया।

श्री एस. एम. बनर्जी : उन्होंने कहा था कि आपने चीनी का डी-कंट्रोल कर दिया और चीनी का दाम बढ़ गया तो उसी हिसाब से शुगरकेन का दाम भी आप बढ़ायेंगे या नहीं और अगर नहीं बढ़ायेंगे उसका कारण क्या है ?

श्री शेर सिंह : जैसा मैंने निवेदन किया, डी-कंट्रोल के बाद कुछ देर वाच करेंगे और उसके बाद प्राइस फिक्स करेंगे।

PROF. S. L. SAKSENA : Is the government aware that if it does not increase the price of sugarcane to at least Rs. 10 per quintal there will be shortage of sugar next year ?

SHRI SHER SINGH : I have no information with regard to sugarcane sown this year. I will make enquiries.

श्री गेंदा सिंह : श्रीमन्, मंत्री जी ने अभी कहा कि गत वर्ष की नीति थी कि फ्री सेल की चीनी और लेबी की चीनी की दो कीमतें होंगी और दोनों में फ्री सेल की चीनी ज्यादा कीमत पर बिकेगी तो उसमें किसानों को भी हिस्सा दिया जायेगा। तो क्या यह सही है कि पिछले वर्ष फ्री सेल की चीनी ज्यादा कीमत पर बिकी है ? यदि हाँ, तो भारत सरकार किसानों को

उनका हिस्सा दिलाने के लिए क्या प्रबन्ध कर रही है ?

श्री शेर सिंह : जैसा मैंने निवेदन किया कि जब फ्री सेल का प्राइस बहुत ज्यादा थी तब किसानों की ज्यादा प्राइस दी गई लेकिन पिछले साल फ्री सेल की प्राइस और लेवी शुगर की प्राइस में बहुत थोड़ा अन्तर था, कोई विशेष अन्तर नहीं था।

SHRI M. RAM GOPAL REDDY : This question relates to sugarcane growers and sugarcane prices. Unfortunately, members have dragged in the question of sugarcane cuts and spoiled the question. I will put a straight question. Is the hon. Minister going to increase the rate for sugarcane from Rs. 73 to Rs. 100 per ton for a recovery of 9.4 and less ? If not, how will he get sufficient sugarcane for his sugar requirements next year ?

SHRI F. A. AHMED : The price of sugarcane is fixed from time to time. At the time of fixing the price the point mentioned by the hon. Member will be kept in view.

Charges levelled against Food Corporation of India in Rajasthan Assembly

*549. SHRI BIREN DATTA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the attention of Government has been drawn to the charges levelled by some members in the Rajasthan Assembly against the Food Corporation of India regarding bajra purchases from that State ;

(b) if so, what are the charges ;

(c) whether the inquiry had been conducted into these charges ; and

(d) if so, the findings thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI

ANNASAHEB P. SHINDE) : (a) Yes, Sir.

(b) A statement is laid on the Table of the Sabha.

(c) Inquiries into the allegations with regard to purchase of bajra by the Food Corporation of India, were made by the F. I. C. and the State Government.

(d) The inquiries of the F.I.C. revealed that the allegations were not substantiated. Inquiries by the State Government are still in progress,

STATEMENT

Allegations made against the FCI in Rajasthan Assembly regarding purchase of Bajra.

It generally alleged that :—

(i) There was conspiracy between the F.C.I. officials and the traders to cheat the cultivators and the Government ;

(ii) F.C.I.'s staff was rejecting stocks offered by the producers, but purchasing the same from the traders at the procurement price. The traders bought it from the producers at a lower rate and pocketed the difference ; and

(iii) The F.C.I. officials were corrupt and indulging in irregularities.

In addition to these, certain specific allegations were also made in respect of purchases in some of the mandis.

SHRI BIREN DUTTA In the statement it is stated :—

“There was conspiracy between the FCI officials and the traders to cheat the cultivators and the Government ;

FCI's staff was rejecting stocks offered by the producers, but purchasing the same from the

traders at the procurement price. The traders bought it from the producers at a lower rate and pocketed the difference ; and

The FCI officials were corrupt and indulging in irregularities.

In addition to these, certain specific allegations were also made in respect of purchases in some of the mandis."

This shows that the FCI unit in Rajasthan is completely corrupt. May I know what specific steps have been taken by the Government to check these corrupt officials and to bring them to book ?

SHRI ANNASAHEB P. SHINDE : The hon. Member has asked about the steps taken subsequent to these complaints. I would like to submit for the information of the House that when these complaints were received by us as well as when there was a complaint in the Rajasthan Assembly in fact, even prior to that we had suggested that popular committees should be set up at mandi levels because even in the Food Corporation there may be human failures and individuals indulging in malpractices. We do not deny that. The best protection for that would be a popular committee consisting of MPs, MLAs, Panchayat Samiti representatives and other officials. We suggested this to the Rajasthan Government. Those committees have been set up now, but I am sorry to say that these committees are not functioning very effectively. But recently, after we have started purchasing on account of the State Government, there have not been much complaints.

श्री नवज किशोर शर्मा : मैं आपके माध्यम से मन्त्री महोदय से जानना चाहता हूँ क्या यह सही नहीं है कि गेहूँ की खरीद को लेकर राजस्थान में काफी शिकायतें आई हैं, यहाँ तक कि राजस्थान के मुख्य मन्त्री ने भी प्रेस स्टेटमेंट देकर एफ. सी. आई. की वर्किंग की आलोचना की है ? ऐसी स्थिति में मैं जानना

चाहूँगा जैसा कि उन्होंने अभी यह कहा कि जो पापुलर कमेटीज बनाई गई हैं उनकी वर्किंग के बारे में रिपोर्ट ठीक नहीं है तो ये कमेटियाँ कब बनाई गई थीं और उनकी वर्किंग की रिपोर्ट उनके पास कब आई ?

SHRI ANNASAHEB P. SHINDE : These charges were made in the Assembly in the month of April and these committees were set up by the State Government after the month of May ; that is, during the last month these committees have been there.

SHRI N. K. SHARMA : They were set up not before June.

SHRI ANNASAHEB P. SHINDE : It was for the State Government to set up these committees.

SHRI N. K. SHARMA : The Minister has said that the working of the committees has failed.

SHRI ANNASAHEB P. SHINDE : May I inform the hon. Member and the House that we requested the State Government to set up these committees in August last. As far as the Government of India and my Ministry is concerned, I do not think there was any failure as such. We expect that these committees should really be in a position to have a check on the local marketing operations.

MR. SPEAKER : Next question. Shri Fatehsinghrao Gackwad...Absent. Maharaja Martand Singh...Absent.

SHRI N. K. SHARMA : The reply to my question has not come.

MR. SPEAKER : Shri Madhukar.

SHRI N. K. SHARMA : I seek your protection.

SHRI K. M. MADHUKAR : Question No. 551.

SHRI N. K. SHARMA : The Minister has stated that the working of the committees has failed. While the committees were formed only in the month of June, how can the Minister say that the working has failed? This is a very important aspect. The working of the FCI requires a change. I want your protection.

MR. SPEAKER : I want protection from you.

SHRI N. K. SHARMA : The reply should be specific.

MR. SPEAKER : The infection has spread to this side also.

SHRI N. K. SHARMA : The Minister has come out with a wrong statement of facts. He should correct it. He has said that the working of the committees has failed and they are not worth while, while the committees were not formed before the month of June.

SHRI ANNASAHEB P. SHINDE : The hon. Member is going into all the details and I am prepared to satisfy him.

MR. SPEAKER : There cannot be any progress if you go on behaving like that. We will not be able to cover a number of Questions which are so urgent. The Members whose questions are at the end are very keen that their questions come up in time.

Now, Mr. Madhukar, the question hour is already over. I very much wanted that your question should come. But the hon. Member there went on insisting like that. Anyhow, you be brief.

कटाई के समय वर्षा के कारण होने वाली तबाही को रोकने के लिये
गेहूं के स्थान पर मक्का की खेती

*551. श्री कमल मिश्र मधुकर : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का ध्यान इस बात की ओर आकर्षित किया गया है कि पिछले कई वर्षों से कटाई के समय रबी की फसलें वर्षा से नष्ट हो जाती हैं ;

(ख) क्या सरकार का विचार गेहूं के स्थान पर नई किस्म की मक्का की खेती को प्रोत्साहन देने का है ; और

(ग) यदि हां, तो इस सम्बन्ध में सरकार ने क्या कदम उठाये हैं ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASHEB P. SHINDE) : (a) Yes, Sir.

(b) No, Sir.

(c) Does not arise.

श्री कमल मिश्र मधुकर : जहां पर बारिश की वजह से रबी की फसल लगातार बरबाद हो जाती है उस एरिया में मक्का की फसल बोई जाय क्या इस के बारे में सरकार ने कोई छानबीन की है। कुछ विशेषज्ञों ने उस के पास इस तरह की रिपोर्ट भेजी है। मैं सरकार से जानना चाहूंगा कि इस रिपोर्ट पर क्या कार्रवाई हो रही है और वह इस सम्बन्ध में जांच करने जा रही है या नहीं कि जिन इलाकों में लगातार वर्षा से रबी की फसल हर साल बरबाद हो जाती है वहां उस की जगह मक्का की फसल को बढ़ावा दिया जाये ?

SHRI ANNASAHIB P. SHINDE : We have examined at length the suggestion of the hon. Member as to whether maize can be grown instead of wheat. Under climatic conditions in North India, it is just not possible.

MR. SPEAKER : The question hour is over.

I would request the hon. Members that they should be brief, direct and precise when they ask questions. If they do not add interruptions, preambles and all that, we can cover more questions. In future, I am not going to tolerate it. If the Member insists on introductions, preambles and all that, I will not allow it. We are running short of so many questions everyday. The Members whose questions are at the end very much wish that their questions come up in time. We will try to make progress in future.

SHRI PILOO MODY : We do not want so many questions.

MR. SPEAKER : Yes. I think, if it continues like that, we will come to that.

WRITTEN ANSWERS TO QUESTIONS

Revised cost estimates of Bokaro Steel Plant

*548. **SHRI FATEHSINGH RAO GAEKWAD :**
MAHARAJA MARTAND SINGH :

Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the revised cost estimates of the Bokaro Steel Plant show a staggering increase over original estimates ; and

(b) if so, the reasons therefor and the extent to which the inflated cost is attributable to dependence on foreign consultants ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMAR MANGALAM) : (a) According to the revised estimates prepared by the Bokaro Management, the increase is of the order of about Rs. 88 crores over the original estimates of Rs. 670 crores for the 1st stage of the Bokaro Steel Project.

(b) The main reasons for increase are the higher cost of indigenous equipment about Rs. 60 crores, increase in the price

of steel about Rs. 11 crores and escalation in wages about Rs. 9.5 crores. No. part of this increase is attributable to the foreign consultants.

Break-through in Rice Production

*550. **SHRI N. SHIVAPPA :** Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government are contemplating measures for a major break-through in rice production in the ensuing year ; and

(b) if so, the salient features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) Yes, Sir.

(b) Besides bringing larger areas under high-yielding varieties and multiple cropping, the other steps taken to increase the production of rice include (i) intensive development of irrigation, particularly groundwater resources ; (ii) adequate and timely supply of inputs like seeds, fertilisers and credit ; (iii) emphasis on adequate and balanced use of fertilisers and better water management ; (iv) surveillance of pests and diseases and well organised plant protection measures ; (v) effective and purposeful demonstrations on farmers' fields ; and (vi) farmers' training alongwith National Demonstration Programme. In addition, further efforts are being made to evolve high-yielding varieties of rice suitable for different agro-climatic conditions, resistant to pests and diseases and acceptable to consumers.

SHRI P. GANGADEB :

Will the Minister of STEEL AND
MINES be pleased to state :

(a) whether a Ministerial Delegation
of Mines visited Russia to have a study on
technology of metallurgy :

(b) If so, the outcome of the visit ;
and

(c) whether any agreement has been
arrived at between the two countries ?

THE MINISTER OF STEEL AND
MINES (SHRI S. MOHAN KUMARAMAN-
GALAM) : (a) On the invitation of the
Government of U.S.S.R., Secretary (Mines)
along with technical officers visited mining
and metallurgical organisations of the
U.S.S.R.

(b) This team's visits to several non-
ferrous metal mines, smelters and planning
organisations enabled them to learn first
hand about the Soviet experience and
achievements in these lines.

A few other problems relating to the
supply of spares and equipments to some
of our Public Sector Projects had also been
sorted out as a result of the team's visit.

(c) No formal agreement was arrived at. The U. S. S. R. Government have promised active support and cooperation furthering mining and metallurgical developments in India.

The Report of the Team has just been received and is under consideration.

Condition of Service of Workers under Coalfield Recruiting Organisation

*554. SHRI S. P. BHATTACHARYYA: Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the terms and conditions of service of workers working under Coalfield Recruiting Organisation System ;

(b) whether the Coalfield Recruiting Organisation workers are getting the same facilities as that of the civil workers ; and

(c) if not, the reasons therefor ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR): (a) to (c). Information is being collected and will be laid on the Table of the House after it is received.

कृषि अनुसन्धान के बारे में भारतीय कृषि अनुसन्धान परिषद् द्वारा तैयार की गयी नई योजना

*555. श्री रामावतार शास्त्री : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या भारतीय कृषि अनुसन्धान परिषद् ने कृषि अनुसन्धान के लिये एक नई योजना तैयार की है;

(ख) यदि हां, तो उसकी मुख्य बातें क्या हैं; और

(ग) इस योजना से देश को किस प्रकार का तथा किस सीमा तक लाभ होने की सम्भावना है ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा-साहिब पी. शिन्दे) : (क) से (ग). एक विवरण सभा पटल पर रख दिया गया है ।

विवरण

यह कहना ठीक नहीं होगा कि भारतीय कृषि अनुसन्धान परिषद् ने कृषि अनुसन्धान की एक नयी योजना तैयार की है किन्तु प्रमुख समस्याओं के प्रति एक नया राष्ट्रीय दृष्टिकोण अपनाया गया है । आजकल भारतीय कृषि अनुसन्धान परिषद् फसलवार तथा विषयवार और देश के लिये आर्थिक दृष्टि से महत्वपूर्ण पशुओं के सम्बन्ध में बहुत सी अखिल भारतीय समन्वित अनुसन्धान परियोजनायें प्रारम्भ कर रही है । इन परियोजनाओं के अधीन केन्द्रीय संस्थान, राज्य एजेंसियां तथा अन्य समस्त अनुसन्धान संगठन (कृषि विश्वविद्यालयों सहित) पारस्परिक सहयोग से कार्य करते हैं, जिससे कि समग्र देश में उपलब्ध वर्तमान सुविधाओं का उपयोग करते हुये तथा उन्हें कार्यक्रम की आवश्यकताओं के अनुसार मुदृढ़ बनाते हुये और निरर्थक द्वािावृत्तियों को दूर करते हुये, संभावित कम से कम अवधि में अधिक से अधिक लाभ प्राप्त किया जा सके । पुनरीक्षण अधिवेशनों अथवा कर्मशालाओं में जिनमें अनुसन्धान कार्यकर्ता प्रत्येक मौसम में भाग लेते हैं, अनुसन्धान जानकारी तथा पौध प्रजनन सामग्री के पारस्परिक निर्वाध आदान-प्रदान ने अनुसन्धान कार्य की प्रगति को काफी तीव्र कर दिया है । इन उपायों के फलस्वरूप नयी अधिक उत्पादनशील तथा संकर किस्में अब बहुत ही कम समय में उपलब्ध हो रही हैं ।

एक आम शिकायत यह भी है कि अनुसन्धान का लाभ प्रायः सिंचित क्षेत्र तथा निश्चित वर्षा वाले क्षेत्रों के कृषकों को ही पहुंचा

है। वारानी कृषि के क्षेत्र में भी अनुसन्धान पर पर्याप्त बल दिया जा रहा है। जिसके फलस्वरूप असिंचित भूमि के विस्तृत भू-भागों की उत्पादकता में वृद्धि करने के साथ साथ, आर्थिक असंतुलनों को कम करने में भी सहायता मिलेगी।

अधिक उत्पादनशील किस्मों के प्रचलन के साथ साथ, कृमि तथा रोगों की नयी समस्याओं का भी जन्म हुआ है। परिपद द्वारा इन समस्याओं पर विशेष रूप से विचार किया जा रहा है। वनस्पति रक्षण अनुसन्धान को तीव्र करने के साथ साथ कृमियों तथा रोगी के सर्वेक्षण की भी एक योजना है। फसलों की नई प्रतिरोधी किस्मों के विकास के लिये किये जा रहे प्रयत्नों तथा उपचारक उपायों के अनुसन्धान द्वारा इन समस्याओं का सामना किया जा रहा है।

Service Conditions of Contract Labour

*556. SHRI PHOOL CHAND VERMA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the regulation which are proposed in respect of contract Labour engaged in construction works relating to building and roads are not satisfactory ; and

(b) if so, whether Government are amending the service conditions of construction labour ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) The C.P.W.D./M.E.S. Contractors' Labour Regulations regulate the payment of fair wages, and the service and working conditions of contract labour engaged in construction works relating to C.P.W.D. and M.E.S. The reports received show that these Regulations are being implemented satisfactorily.

(b) Does not arise.

Sick Sugar Factories in Bihar State

*557. SHRI YAMUNA PRASAD MANDAL : Will the Minister of AGRICULTURE be pleased to state :

(a) the names and number of sick sugar factories in the State of Bihar during the last six months ; and

(b) the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) The following eight sugar factories are considered to be sick factories during the last six months :—

1. Rohtas Industries Ltd., Dalmianagar, Dist. Shahabad.
2. Mohini Sugar Mills Ltd., Warisali-ganj, Dist. Gaya.
3. Guraru Chini Mills, Guraru, Dist. Gaya.
4. South Bihar Sugar Mills Ltd., Bihta, Dist. Patna.
5. North Bihar Sugar Mills Ltd., Lessee Ryam Sugar Co. Ltd., Ryam, Dist. Darbhanga.
6. Samastipur Central Sugar Company Ltd., Samastipur, Dist. Darbhanga.
7. The Sitalpore Sugar Works Ltd., Garaul, Dist. Muzaffarpur.
8. Shree Krishna Gyanodya Sugar Ltd., Lauriya, Dist. Champaran.

(b) The Guraru Chini Mills is already owned and managed by the Government of Bihar. The South Bihar Sugar Mills Ltd., Bihta, though in private sector, is managed by a committee of management which includes three nominees of the State Government. The Government of Bihar have taken a decision in principle for

cooperation of the sick sugar factories. The owners of sugar factories at Lauriya, Warisaliganj and Ryam have shown willingness for cooperativisation. The State Government is examining the technical, financial and organisational aspects in order to be able to take a decision in each case.

Cane Growers Association and its Representation in the Enquiry Committee on Sugar Industry

*558. SHRI D. K. PANDA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government are aware of the formation and existence of an All-India Cane-Growers Association and if so, whether its representation is made in the Enquiry Committee on Sugar Industries ; and

(b) whether Government have taken any steps for reducing the cost of production of cane per ton in each region ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) No, Sir. However, the Sugar Industry Enquiry Commission already has on it a member representing the interests of sugarcane growers. The Commission will, during the course of its deliberations and before making its recommendations, consult all interests it considers necessary, including representatives of sugarcane growers.

(b) A number of sugarcane development schemes are in progress in various States. With the increase in yields per unit area and improvement in the quality of cane grown, the cost of production of sugarcane is likely to come down at the present level of indices of cost.

Recommendations made at the Meeting of Representatives of Railway Board, Organisations of Coal Industry and other Interests with Chief Minister, West Bengal

*559. SHRI C. JANARDHANAN : Will the Minister of STEEL AND MINES

be pleased to state :

(a) whether a meeting of the representatives of the Railway Board, Organisations of Coal Industry and various other interests took place with the Chief Minister of West Bengal recently ; and

(b) if so, the main recommendations made at the meeting ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM) : (a) No, Sir.

(b) Does not arise.

Abolition of Licensing System in Coarse Grains

*560. SHRI R. S. PANDEY : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government have taken a decision to abolish licencing system so far as the trade in coarse grains is concerned in the country ;

(b) whether all State Governments have agreed to this decision ; and

(c) the impact of this decision on the economy of deficit States ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) and (b). In view of the easy availability of coarse grains and pulses, Government had requested the State Governments to relax the provisions of their Licensing Orders by leaving out these grains from the purview of such Orders. In pursuance of the request made by Government many State Governments have discontinued the system of licensing in respect of all or some of the coarse grains, taking into account the local conditions prevailing in their States.

(c) No adverse effect on the prices or availability of coarse grains is likely to occur in the States where relaxations have been made, because the Governments of

these States have discontinued the system of licensing in respect of coarse grains only after taking into account their local availability and other relevant factors.

Functioning of Heavy Engineering Corporation, Ranchi

*561. SHRI SAMINATHAN : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether lack of management know-how and defective designing were the reasons for the inefficient functioning of Heavy Engineering Corporation, Ranchi ; and

(b) if so, the steps taken to remedy the situation ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM) : (a), No, Sir.

(b) Does not arise.

Distribution of Steel in Delhi

*562. SHRI S. N. MISRA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether a large number of monthly allotment of steel to the traders in Delhi has been cancelled and the petty traders have been refused the usual monthly allotment after March, 1971 ;

(b) if so, the reasons there for ; and

(c) the time by which the small traders will be given their usual quota ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM) : (a) to (c). The information is being collected and will be laid on the Table of the House.

Accumulation of Coal Stocks in Coal Mines in Madhya Pradesh

*563. SHRI G. C. DIXIT : Will the Minister of STEEL AND MINES be

pleased to state :

(a) whether a large stock of coal has accumulated in the coal mines in Madhya Pradesh ;

(b) if so, the reasons therefor ; and

(c) the action being taken by Government in this regard ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM) : (a) No, Sir.

(b) and (c). Do not arise.

Rehabilitation of Burma Repatriates

*564. SHRI LILADHAR KOTOKI : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether more repatriates from Burma have come to India and they have applied for agricultural land, shops and rehabilitation to the State Governments ;

(b) whether repatriates from Burma have not able to settle in Delhi and Madhya Pradesh due to non-cooperative attitude of the State Governments concerned in the matter of allotment of shops and agricultural land ;

(c) whether Government propose to issue fresh instructions to the State Governments for assigning priority to the applications of repatriates ; and

(d) whether any liaison is made to watch the rehabilitation of repatriates in all the States ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) Yes, Sir.

(b) No, Sir.

(c) and (d). Pattern schemes having already been sanctioned for the grant of rehabilitation assistance to the repatriates, State Governments are expected to deal with such applications promptly. It is not considered necessary to issue any fresh instructions at present. Officers of the

Department keep in touch with the State Governments, to see that there is no avoidable delay in the rehabilitation of repatriates.

Implementation of decisions of Industrial Committee on Plantation

***565. SHRI J. M. GOWDER:** Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the unanimous decisions of the Industrial Committee on Plantations held in Delhi in July, 1970 have been implemented ;

(b) if so, whether Government propose to introduce necessary amendments to the Plantation Labour Act, in view of the decision of the Industrial Committee on Plantation ; and

(c) whether Government have any proposal to implement the principle "equal wage for equal value of work" in the Plantation Industry ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) and (b). Proposals for amendments wherever necessary to the Plantations Labour Act, 1951, in the light of the conclusions of the meeting of the Industrial Committee on Plantations, are under consideration.

(c) In view of the provisions of the Constitution of the India prohibiting discrimination on the basis, *inter alia* of sex and of the I. L. O. Convention concerning Equal Remuneration, which has been ratified by Government of India, the question of formulating any fresh proposal for applying the principle of equal remuneration in the Plantation Industry as such does not arise.

Formulation of a Committee in Rourkela Steel Plant

***566. SHRIMATI BHARGAVI THAN-KAPPAN :** Will the Minister of STEEL

AND MINES be pleased to state :

(a) whether a Committee was formed to find out the reasons for slow progress of steel production in Rourkela Steel Plant ;

(b) if so, its main findings ; and

(c) the measures Government propose to take in this regard ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMAR-MANGALAM) : (a) No, Sir.

(b) and (c). Do not arise.

Committee on Automation

***567. SHRI RAJA KULKARNI :** Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the Committee on Automation is functioning ; if so, the progress in its work and when it is likely to submit its report ;

(b) if not, the steps Government intend to take for an agreeable public policy on the introduction and extension of Automation/Computerisation in private and public sector organisations and services ; and

(c) whether Government have accepted the conclusions and recommendations of the National Labour Commission on the question of automation and its labour problems ?

THE MINISTER OF LABOUR AND REHABILITATION ((SHRI R. K. KHADILKAR) : (a) The Committee has completed collection of information including recording of oral evidence, analysis of replies to the questionnaire, and case studies of selected industrial establishments. The Committee is expected to submit its report shortly.

(b) Does not arise.

(c) Government are awaiting the report of the Committee on Automation, before

finalising action on the recommendations of the National Commission on Labour in this regard.

Enforcement of ban on hunting of Tigers and Leopards

*568. SHRI BRIJ RAJ SINGH—KOTAH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government are aware that despite the ban on hunting of tigers and leopards there is still large such poaching going on ;

(b) whether Government know who such poachers are ;

(c) what Government propose to do in enforcing the ban and see that the game is not poisoned by the locals ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) to (c). Informations is being collected from the concerned State Government : and will be laid on the table of the Sabha in due course.

Supply of Sub-Standard Hybrid Variety of Seeds by National Seeds Corporation

*569. SHRI K. C. PANDEY : Will the Minister of AGRICULTURE be pleased to state :

(a) whether complaints have been received by the Government for supply of sub-standard hybrid varieties of seeds by National Seeds Corporation to the farmers ;

(b) if so, whether the complaints have been enquired into and if so, with what results ; and

(c) the procedure for certification and purchase of quality hybrid seeds ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) Yes Sir. Complaints have occasionally been received by the Government and also by the National Seeds Corporation.

(b) All the complaints have been enquired into. Generally speaking where enquiry reveals that the quality of seeds supplied is defective, replacement of seed is made free of cost by the Corporation or cost of seed is refunded. Generally investigations have shown that poor performance of the seed supplied is due to improper storage, non-adoption of the prescribed agricultural practices, failure to take prompt plant protection measures and adverse weather conditions.

(c) The National Seeds Corporation has a definite set of procedures for both certification and procurement of seeds. Certification requires conformity of the seed crop to a set of norms relating to varietal purity, freedom from diseases etc. and only those seed crops which are verified on inspection to conform to the prescribed certification standards, are permitted for harvest for seed purposes. Seed from such fields is processed, treated, tagged and sealed before procurement.

Procurement Price of Paddy in Assam

*570. SHRI BISWANARAYAN SHASTRI : Will the Minister of AGRICULTURE be pleased to state :

(a) the procurement price of paddy offered by the Food Corporation of India ;

(b) whether the price is uniform throughout the country ; if not, the reason thereof ;

(c) whether the price offered by the Food Corporation of India is related to the price index of consumer goods or based on production cost ;

(d) the procurement price of paddy per quintal and overhead charges per quintal by the Food Corporation of India in Assam ; and

(e) the margin between procuring price and selling price of paddy ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) The Food Corporation of India is purchasing paddy

at the following rates in Assam :

(Rupees per quintal)

Short bold 1st Grade	56.25
Red grain 2nd Grade	53.34
Medium slender 1st Grade	59.36

(b) No, Sir. The Agricultural Prices Commission recommends different prices for different States taking into account the crop prospects, likely behaviour of the market prices, volume of procurement required for public distribution, buffer stock building and to ensure price stability.

(c) The prices offered by the Food Corporation of India are as fixed by the Government keeping in view the recommendations of the Agricultural Prices Commission and the State Governments.

(d) The procurement price of paddy is given in reply to (a) above. The Food Corporation of India is allowed administrative charge @ Rs. 3/- per quintal of rice to cover their overhead expenses. In addition as per terms of agreement with the State Government the Food Corporation of India is paid incidentals to cover actual expenses on storage, interest, gunny handling, etc.

(e) The paddy procured is generally sold after converting it into rice. Some quantities of Winter (Sali), however, was sold as paddy on the instructions of the State Government at Rs. 65.29 per quintal ex-F.C.I. depots against the procurement price of Rs. 56.25 per quintal.

मध्य प्रदेश में सरकारी क्षेत्र में नयी
वनस्पति तेल मिलों को स्थापित
किया जाना

2374. श्री गंगा खरण बीक्षित : क्या
कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकारी क्षेत्र में नयी वनस्पति
तेल मिलों की स्थापना के बारे में सरकार द्वारा

किये गये निश्चय के परिणामस्वरूप मध्य प्रदेश
में सरकारी क्षेत्र में नयी वनस्पति तेल मिलें
स्थापित की जा रही हैं; और

(ख) उनमें से कितनी मिलें राज्य सरकार
के नियंत्रण में होंगी और कितनी केन्द्रीय
सरकार के नियंत्रण में होंगी ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री शेर
सिंह) : (क) सरकार का मध्य प्रदेश अथवा
देश के किसी भी भाग में सरकारी क्षेत्र
में वनस्पति कारखाने लगाने का कोई इरादा
नहीं है ।

(ख) प्रश्न ही नहीं उठता ।

मध्य प्रदेश में अकाल के दौरान आरम्भ
की गई सड़कों के निर्माण के लिए
निर्धारित राशि

2375. श्री गंगा खरण बीक्षित : क्या
कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश में अकाल के दौरान
जिन सड़कों का निर्माण प्रारम्भ किया गया
था उनके निर्माण कार्य को पूरा करने हेतु क्या
केन्द्रीय सरकार का राज्य को कोई धनराशि
देने का विचार है;

(ख) यदि नहीं, तो इसके क्या कारण हैं;

(ग) इन कार्यों को अब यदि पूरा नहीं
किया गया तो क्या इन पर हुआ करोड़ों रुपयों
का व्यय व्यर्थ हो जाएगा; और

(घ) क्या अपूर्ण सड़कों के कारण संचार
साधन अस्त व्यस्त हो गये हैं और इसके परि-
णामस्वरूप लोगों को अनेक कठिनाइयों का
सामना करना पड़ता है ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णा-साहेब पी. शिन्डे) : (क) से (घ). केन्द्रीय सरकार राष्ट्रीय राजपथ के रूप में घोषित किए गए मार्गों के विकास से ही संबंधित है। अन्य सभी भागों की जिम्मेदारी मूलतः संबंधित राज्य सरकार की होती है। राज्य सरकार ने सूचित किया है कि इस प्रयोजन के लिए 1970-71 और 1971-72 के राज्य बजट में क्रमशः 5 करोड़ रुपये और 2 करोड़ रुपये की व्यवस्था की गई है।

विहित प्रतिमान के अनुसार, केन्द्रीय सरकार प्रभावित क्षेत्रों के लोगों पर आकस्मिक संकट को कम करने तक ही राहत संबंधी उपायों पर होने वाले खर्च में हिस्सा बंटाती है। यदि कमी की अवधि में राहत कार्यों के रूप में शुरू किया कोई कार्य अधूरा रह जाता है तो यह राज्य सरकार का दायित्व है कि वह उसे पूरा करने के लिए अपने साधनों से आवश्यक निधि जुटाये चाहे वह योजना अथवा गैर-योजना, जैसी भी स्थिति हो, से संबंधित हो। राज्य योजना में शामिल कार्यों को राज्य प्लान योजना हेतु उपलब्ध वित्तीय योजना के अधीन वित्तीय सहायता दी जाती है।

अकाल राहत कार्य के दौरान शुरू किए गए मार्गों में से अधूरे रह गए मार्गों को पूरा करने के लिए ग्राम निर्माण कार्यक्रम के अंतर्गत 2.45 लाख रुपये की लागत की तीन परियोजनाओं की मंजूरी भी दी गई है।

मध्य प्रदेश में केन्द्रीय बिजली मजदूरी
बोर्ड की सिफारिशों की
क्रियान्विति

2376. श्री गंगा चरण दीक्षित : क्या
अम और पुनर्वास मंत्री यह बताने की कृपा

करेंगे कि :

(क) क्या मध्य प्रदेश राज्य बिजली बोर्ड केन्द्रीय मजदूरी बोर्ड की सिफारिशों को लागू कर दिया है ;

(ख) यदि हां, तो क्या मजदूरी की दरों में संशोधन कर दिया गया है ; और

(ग) यदि नहीं, तो इसके क्या कारण हैं ?

अम और पुनर्वास मंत्री (श्री अमर. के. खाडिलकर) : (क) और (ख). बोर्ड के प्रबन्धकों और मध्य प्रदेश विद्युत कर्मचारी संघ के बीच हुए समझौते के अनुसार सिफारिशें क्रियान्वित किए जाने की सूचना मिली है।

(ग) प्रश्न नहीं उठता।

मध्य प्रदेश में सोयाबीन की
सरकार द्वारा खरीद

2377. श्री नाथूराम अहिरवार : क्या
कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) वर्ष 1969-70 और 1970-71 में मध्य प्रदेश के प्रत्येक जिले से सरकार द्वारा कितना-कितना सोयाबीन खरीदा गया था ;

(ख) सोयाबीन का सरकार द्वारा निर्धारित वसूली मूल्य क्या है ; और

(ग) क्या सरकारी आदेश के बावजूद मध्य प्रदेश के टिकमगढ़ जिले से सोयाबीन नहीं खरीदा गया है और यदि हां तो इसके क्या कारण हैं ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णा-साहेब पी. शिन्डे) : (क) से (ग). मध्य प्रदेश राज्य सरकार से जानकारी मांगी गई है और प्राप्त होने पर सभा-पटल पर रख दी जायेगी।

**मध्य प्रदेश में हर्दा और तिमत्तानी के
छोटी जोत वाले किसानों को
केन्द्रीय सहायता**

2378. श्री गंगा चरण दीक्षित : क्या
कृषि मन्त्री यह बताने की कृपा करेंगे कि :

(क) मध्य प्रदेश के होशंगाबाद और पूर्व
निमाड़ जिलों की हर्दा और तिमत्तानी तहसीलों
के छोटी जोत वाले कितने किसानों को सरकार
की घोषित नीति के अन्तर्गत सहायता दी गई
है ; और

(ख) उक्त सहायता दिये जाने की क्या
शर्तें हैं और क्या सरकार ने कृषि उपकरणों
के मूल्य कम कर दिये हैं जिससे छोटी जोत
वाले किसान उन्हें उचित दरों पर प्राप्त कर
सकें ?

कृषि मन्त्रालय में उप-मन्त्री (श्री जगन्नाथ
पहाड़िया) : (क) राज्य सरकार द्वारा छोटे
कृषक विकास एजेन्सी, सीमान्त कृषक तथा
कृषि श्रमिक और ग्रामीण निर्माण कार्यक्रम की
केन्द्रीय प्रायोजित योजनाओं की कार्यान्विति के
लिये छाँटे गये जिलों में होशंगाबाद तथा पूर्वी
निमाड़ जिले सम्मिलित नहीं हैं ।

(ख) प्रश्न ही नहीं होता ।

**Drought-Affected Areas in India and
particularly in the District of Gujarat**

2379. SHRI JADEJA : Will the
Minister of AGRICULTURE be pleased to
state :

(a) the total number of drought-affected
Districts in the country and the number of
such Districts in Gujarat ;

(b) whether any special fund has been
sanctioned to the Gujarat State ; and

(c) if so, the amount thereof ?

THE MINISTER OF STATE IN THE
MINISTRY OF AGRICULTURE (SHRI
ANNASAHEB P. SHINDE): (a) The South-
West monsoon and the North-East monsoon
during the year 1970-71 were not satis-
factory in parts of Bihar, Mysore,
Maharashtra and Jammu and Kashmir.
Scarcity conditions have been reported in
66 districts of the country. No district
in Gujarat has been declared as drought-
affected.

(b) and (c). Do not arise.

**Buffer Stock of Imported Fertilisers
in States**

2380. SHRI JADEJA : Will the
Minister of AGRICULTURE be pleased to
state :

(a) whether buffer stocks of imported
fertilisers are likely to be built up by
Government in each State according to its
needs ; and

(b) if so, the salient features of this
scheme ?

THE MINISTER OF STATE IN THE
MINISTRY OF AGRICULTURE (SHRI
ANNASAHEB P. SHINDE) : (a) and (b).
No, Sir. It has always been the endeavour
of the Government of India to help the
States to have adequate stocks of fertilisers
in advance of the cropping seasons. It is,
however, not possible for the Government
of India to maintain buffer stocks of
fertilisers in each State on behalf of the
State Governments. The Central Fertiliser
Pool primarily maintains pipeline storage
at the ports and to a limited extent at
interior depots for want of adequate storage
at the ports or to facilitate movement and
distribution. Maintenance of buffer storage
in the States is primarily the function of
the State Governments and distributors
including cooperatives ; provision for this
purpose exists in the distribution margin
allowed to distributing agencies.

**Sharing fruits of increased Productivity
to Workers**

2381. SHRI CHANDRA SHEKHAR
SINGH : Will the Minister of LABOUR

AND REHABILITATION be pleased to state :

(a) whether the workers are denied the fruits of increased productivity because of the difficulty in isolating and measuring the various factors of production responsible for raising productivity ; and

(b) if so, the steps Government are taking to see that the workers get their due share of increased productivity ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) Precise measurement of the productivity of different factors of production is, no doubt, difficult. It would not be correct, however, to assume that the workers have derived no gains from increased productivity.

(b) For the workers to have their due share, along with the other interests concerned *viz.*, managements and the consumers in the gains from increased productivity, it is necessary that there should be, firstly, agreement in principle on the imperatives of increased productivity and production, including the obligation of both employers and workers to contribute to it, and, secondly, willingness on their part to get together and work out mutually acceptable norms, consistently with local conditions obtaining in given undertakings, for assessing, as best as possible, the increases in productivity as well as the equitable shares of the parties in it. Consultations with the employers' and workers' representatives have been initiated to this end.

**"Know Your Family Pension Scheme"
Brochure**

2382. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the Central Provident Fund Commissioner's Office, New Delhi, had recently brought out a brochure for workers called "Know Your Family Pension Scheme" ;

(b) if so, whether a copy thereof would be laid on the Table ;

(c) the number of copies printed in English and each of the regional languages (separately language-wise) ;

(d) whether only a small number of these were printed and most of the eligible workers have not received any copy, of it, and there was no copy available at Regional Provident Fund Commissioner's Office in New Delhi ; and

(e) if so, the steps contemplated to see that every worker, to whom the scheme applies, gets his copy ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : The administration of the Family Pension-cum-Life Assurance Scheme is the concern of the Central Board of Trustees set up under the Employees' Provident Funds and Family Pension Fund Act, 1952 and not the direct concern of the Central Government. The Provident Fund authorities have intimated as under :—

(a) Yes.

(b) A copy of the Brochure entitled "Know Your Family Pension Scheme" is placed on the Table of the House. [*Placed in Library. See No. LT-434/71*].

(c) The Regional Commissioners had been advised to get the required number of copies of the Brochure printed in English, Hindi and the regional languages. Information regarding the exact number of copies printed (separately language-wise) is not readily available.

(d) and (e). All the Regional Commissioners have been asked to get sufficient number of copies of the Brochure printed in English, Hindi and the Regional language for being supplied to all the employees of covered establishments for the use of the employees and also to the organisations of the employers and workers in each industry with a view to publicising the contents thereof as widely as possible amongst the workers.

Irregular working of Heavy Engineering Corporation, Ranchi

2383. **SHRI CHANDRA SHEKHAR SINGH** : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether his attention has been drawn to the 9-paged circular letter HW/GS/71/525 dated 11th May, 1971 issued by the General Secretary of the Hatia Projects Workers Union demanding complete overhaul of the top executive of this public undertaking;

(b) If so, whether any enquiry has been conducted into the irregular working of Heavy Engineering Corporation, Ranchi, as alleged in this letter; and

(c) if not, the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAH NAWAZ KHAN) : (a) Yes, Sir.

(b) and (c). Several allegations in the letter under reference do not appear to represent an objective assessment of the situation and Government do not consider an enquiry is called for. However, Government are conscious of the areas of deficiencies in the Corporation and are taking a number of steps bring about improvement in its performance.

Recruitment through Employment Exchanges by Employers

2384. **DR. MELKOTE** : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the steps taken to persuade the employers to utilize the services of Employment Exchanges in the country; and

(b) the outcome thereof ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. RHADILKAR) : (a) With some exception such as vacancies filled through the Public Service Commissions or competitive examinations,

and vacancies carrying a salary of Rs. 500/- per month or more in the public sector undertakings, employers in the public sector are required to recruit their staff only through the Employment Exchanges. Even though employers in the private sector are under no such obligation, the Exchanges sponsor candidates against all vacancies notified by employers in the private sector as well and also take follow up action with a view to ensuring their fullest co-operation.

(b) The percentage of vacancies filled to those notified has risen from 59.4 in 1968 to 60.1 in 1970.

Closure of Factories In Delhi

2385. **DR. MELKOTE** : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the number of workers affected as a result of closure of factories, if any, in Delhi during the last two years; and

(b) the steps taken to provide alternate jobs to the affected workers ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) and (b). According to the information made available by the Delhi Administration, the number of workers affected by closure of factories in Delhi during 1969-70 and 1970-71 was 2,320 of whom about 2,000 workers were employed in the Ayodhya Textile Mill, Delhi. The National Textile Corporation has been appointed authorised controller on June 7, 1971 to take over the management of this Mill under the Industries (Development and Regulation) Act.

Plant Breeding Course at Delhi

2386. **SHRI DEVINDER SINGH GARCHA** : Will the Minister of AGRICULTURE be pleased to state :

(a) whether a course for plant breeders was organised recently in Delhi under the auspices of Food and Agriculture Organisation ;

(b) if so, the duration of this course and the number of persons who received this training ; and

(c) the number of local farmers State-wise and foreigners (if any) who received this training ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) to (c). The Hon'ble Member is presumably referring to the "FAO/SIDA Training Centre on Maize, Sorghum and Millet Improvement and production for Africa and the Near East" now being held at the IARI, Pusa under the auspices of the FAO and the Swedish Government. The Training Centre which was started on June 1, 1971 is of 6 months duration. Twenty two participants from the Near East and Africa have been selected for the training, of whom seventeen have already reported and are receiving training. All the course instructors are Indian Scientists. This is not a course for farmers but a re-orientation course on Maize, Sorghum and Millet for Plant Breeders and other scientists engaged in research on these crops in their respective countries. The main object of the Centre, as laid down in its work plan is to give intensive training in practical methods of improvement and production of Maize, Sorghum and Millets to the trainees.

Export of Sugar

2387. SHRI DEVINDER SINGH GARCHA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether India is contemplating to export more sugar this year ;

(b) if so, the names of the countries to which major portion of sugar will be exported ;

(c) whether U.K's entry in the European Common Market has affected our exports of sugar ; and

(d) if so, to what extent ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a). Under the International Sugar Agreement, 1968, our exports each year have to be limited to the quantity fixed by the International Sugar Council. In 1970 a quantity of about 3.18 lakh tonnes was exported. India's total export entitlements for 1971 at present come to about 3.50 lakh tonnes and all this quantity is likely to be exported before the close of the year.

(b) Major portion of sugar during 1971 has been/will be exported to U.K., U.S.A., Canada, Ceylon, South Vietnam and Malaysia.

(c). No, Sir.

(d). Does not arise.

Aid from International Development Association for Expansion of Agricultural Credit to Farmers of Haryana and Tamil Nadu

2388. SHRI DEVINDER SINGH GARCHA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether there is a scheme under the consideration of Government to expand the volume and range of agricultural credit to farmers in Haryana and Tamil Nadu ;

(b) if so, the particulars thereof ;

(c) whether International Development Association propose to give credit to the extent of \$60 million, whereas the total cost of the two projects is estimated \$106.8 million ;

(d) the sources from where the remaining money is proposed to be raised ; and

(e) the State-wise utilization of the anticipated amount ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a). Yes, Sir.

(b) Thirty five million Dollars for minor irrigation, land levelling, drainage and mechanisation in Tamil Nadu and Twenty-five million Dollars in Haryana for minor irrigation and mechanisation, have been sanctioned by the International Development Association.

(c) and (d). The I.D.A. credit will be sixty million Dollars as against the anticipated total project cost of about one hundred and five million Dollars. The balance will be met by the participating farmers, lending banks, Government and the Agricultural Refinance Corporation.

(e) The project has been approved only in June, 1971 and the credit has yet to become effective. The question of utilisation of the amount does not arise at this stage.

Export of Sugar to U.S.A.

2389. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether India has sought authorisation for the export of 150,000 tonnes of sugar to the U.S.A. ; and

(b) whether the Government of U.S.A. has since given this authorisation ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) Yes, Sir.

(b) Decision of the U.S. Government is awaited.

Creation of Land Army in scarcity areas of Mysore for Rural Employment

2390. SHRI G.Y. KRISHNAN :
SHRI K. LAKKAPPA :

Will the Minister of AGRICULTURE be pleased to state :

(a) whether a Land Army has been created in the scarcity areas of Mysore to provide employment to the persons in rural areas ;

(b) if so, the amount of money sanctioned for the projects purposes ; and

(c) the Districts which are being covered by this scheme ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) Yes, Sir. The Executive Committee of the Land Army was constituted in Mysore in February, 1971. The State Government propose to implement certain works through the Land Army in the scarcity areas as well as other areas in the State.

(b) The State Government has proposed to entrust to the Land Army projects worth Rs. 37.5 lakhs sanctioned by the Central Government out of the Rural Works programme funds.

(c) The projects will not be confined to specific districts but spread over the entire State. It is reported by the Mysore Government that the Land Army has already taken up a project in Kolar district under Rural Works Programme.

Rejection of Warranty Claims by G.D.R. Supplier of Tractors

2391. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the German Democratic Republic suppliers of tractors are rejecting warranty claims running into several lakhs of the rupees of the Indian customers.

(b) whether Government have looked into the matter ; and

(c) if so, whether Government propose to intervene into the matter to safeguard the interest of the Indian tractor owners ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) Warranty claims submitted by the Agro-Industries Corporations are not being settled quickly by the GDR Suppliers. In the case of some Corporations, warranty claims worth several lakhs of rupees have been rejected.

(b) and (c). The matter is already receiving close attention of Government and the GDR suppliers have been requested to finalise warranty claims on an immediate basis.

हरियाणा, पंजाब और उत्तर प्रदेश में
गेहूं के कम वसूली मूल्य

2392. श्री नरेन्द्र सिंह बिष्ट :

श्री कृष्ण चन्द्र पांडे :

क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का ध्यान विभिन्न समाचार पत्रों में प्रकाशित इस समाचार की ओर दिलाया गया कि हरियाणा, पंजाब और उत्तर प्रदेश की मंडियों में गेहूं सरकार द्वारा निर्धारित 76 रुपये प्रति क्विंटल की बजाय 74 रुपये प्रति क्विंटल अथवा इससे भी कम मूल्य पर खरीदा जा रहा है ;

(ख) क्या जो कमीशन एजेंट किसानों के गेहूं के लिए उन्हें 76 रुपये प्रति क्विंटल की दर से अदायगी करवाना चाहते हैं, उनका गेहूं भारतीय खाद्य निगम के एजेंट कई-कई दिन तक नहीं उठाते हैं ;

(ग) यदि हां तो क्या भारतीय खाद्य निगम के एजेंट इस प्रकार सरकारी आदेशों का उल्लंघन कर रहे हैं ; और

(घ) ऐसी प्रक्रियाओं को रोकने और सरकारी आदेशों का पालन करवाने के लिए सरकार द्वारा क्या कार्यवाही की जा रही है ?

कृषि मन्त्रालय में राज्य मंत्री (श्री अण्णासाहेब पी. शिन्डे) (क) कम मूल्य देने के संबंध में कुछ रिपोर्ट सरकार के ध्यान में आई हैं। किसानों को उचित औसत किस्म

के गेहूं के लिए 76 रुपये प्रति क्विंटल की दर से भुगतान किया जा रहा है। जहां तक उचित औसत किस्म से घटिया किस्म के गेहूं का संबंध है, निर्धारित निर्दिष्टियों के अनुसार किस्म संबंधी कटौती करने के बाद किसानों को भुगतान किया जाता है।

(ख) और (ग). जी नहीं। बाजार विनियमनों / प्रथाओं के अनुसार तुरन्त सुपुर्दगी लेने के लिए प्रयत्न किए जाते हैं। तथापि, उत्तर प्रदेश की मंडियों में असाधारण रूप से गेहूं की अधिक आमद होने से मंडियों से स्टॉक उठाने में देरी होने के कुछ मामले थे। यह सुनिश्चित करने के लिए प्रत्येक प्रयास किया गया था कि किसानों की हानि हेतु स्थिति का लाभ न उठाया जा सके।

(घ) भारतीय खाद्य निगम और राज्य सरकार के बरिष्ठ अधिकारियों द्वारा सरकारी नीति के कार्यान्वयन को सुनिश्चित करने के लिए लगातार निगरानी रखी जा रही है। विशिष्ट शिकायतों की तुरन्त जांच कराई जाती है और जहां कहीं आवश्यक होता है उपयुक्त कार्यवाही की जाती है।

Demands of Mormugao Water Front Workers' Union; Goa

2393. DR. SARADISH ROY :
SHRI GADADHAR SAHA :

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether attention of Government has been drawn to the strike call given by the Mormugao Water-front Workers' Union, Goa ;

(b) if so, the main demands of the workers ; and

(c) the reaction of Government thereto?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R.K. KHADILKAR) : (a) to (c). The Marmagao Water-front Workers' Union had served a strike notice on the Marmagao Dock Labour Board and the Administrative Body of the Marmagao Dock Labour Board on the 26th April, 1971, over a charter of demands relating to increase in minimum guarantee wages, attendance allowance, leave facilities medical facilities, night weightage/night co-efficient allowance and gang leader wages. Consequent upon discussions between the stevedores and the Union, the Union has withdrawn the strike notice with a view to pursue and settle the matter amicably with the Dock Labour Board.

Misappropriation of ESI Contributions in M/s. Somasundaram Mills Private Limited, Coimbatore

2394. SHRI CHANDRA HALDER Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the attention of Government has been drawn to the misappropriation of 15 thousand rupees of Employees State Insurance contributions of workers of M/s. Somasundaram Mills Private Limited, Coimbatore, Tamilnadu, by the Management ; and

(b) if so, the steps taken by Government to collect the money and prosecute the management ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R.K. KHADILKAR) : (a) and (b). The collection of contributions payable under the Employees' State Insurance Act, 1948 is the statutory responsibility of the Employees' State Insurance Corporation. The Corporation authorities are collecting the necessary information from the Regional Office at Madras.

राष्ट्रीय ईन्धन नीति सम्बन्धी समिति के अध्यक्ष का त्यागपत्र

2395. श्री अटल बिहारी वाजपेयी :
श्री पी. गंगादेव :

क्या इस्पात और खान मंत्री यह बताने

कृपा करेंगे कि :

(क) क्या राष्ट्रीय ईन्धन नीति सम्बन्धी समिति के अध्यक्ष ने हाल ही में अपना त्याग पत्र दे दिया है ; और

(ख) यदि हां, तो इस के क्या कारण है? इस्पात और खान मंत्रालय में राज्य मंत्री (श्री शाहनवाज खां) (क) : जी, हां ।

(ख) उन्होंने बताया है कि वह समिति के कार्य हेतु समय देने में असमर्थ है ।

Geological Survey in Manipur

2396. SHRI N. TOMBI SINGH : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether any comprehensive Geological Survey has been conducted in Manipur so far ; and

(b) if so, the results thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAH NAWAZ KHAN) : (a) and (b). A preliminary survey of the territory of Manipur has already been done by the Geological Survey of India. As a result of the survey, occurrences of limestone at Ukhrul, Hungdung, Kasam in Ukhrul sub-division and Pallol, Chapi, Karong in Tengunpal sub-division ; nickle-copper at Nangau Ningthi and Kongal Thana and chromite in Serpentine rocks around Kwatha and Nepali Basti ; salt springs in Thoubal sub-division have been located. The reserves of limestone deposits are estimated at more than 3 million tonnes.

Systematic re-survey of the territory and detailed investigations of limestone deposits by pitting and drilling is in progress.

Extension of Medical facilities to pensioners through Employees State Insurance Hospitals

2397. SHRIMATI BIBHA GHOSH : Will the Minister of LABOUR AND

REHABILITATION be pleased to state :

(a) whether Government have any plan to extend the Health Schemes to the pensioners and their families throughout India, through Employees State Insurance hospitals ; and

(b) if so, the main features thereof ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KADILKAR) : (a) No.

(b) Does not arise.

Geological Survey Re : Mineral Resources

2398. SHRI A. K. GOPALAN : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the Geological Survey of India conducted any survey about the mineral resources in India ; and

(b) if so, the findings thereof, State-wise ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). The Geological Survey of India has been carrying out systematic surveys for mineral deposits in the country since its inception in 1851 and as a result thereof substantial quantities of various minerals have been located and proved.

A statement showing important mineral deposits located in each State is laid on the Table of the House. (*Placed in Library. See No. LT-435. 171*)

International Tin Agreement

2399. SHRI BRIJ RAJ SINGH KOTAH : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether India is a party to the International Tin Agreement ;

(b) whether Russia has also joined the International Tin Agreement ; and

(c) if so, whether Russia's entry will help the countries concerned, and if so, in what manner ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). Yes, Sir.

(c) The increased membership of the Tin Agreement by the entry of Russia will help in increasing international cooperation in the tin trade.

Supply of Rice from Orissa to West Bengal

2400. SHRI CHINTAMANI PANIGRAHI : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government are aware of the recent policy of Government of Orissa to allow private traders to procure and export rice from Orissa to West Bengal and to other States ;

(b) whether Government of India brought it to the notice of the State Government that such a policy will hamper the work of procurement of the Food Corporation there ; and

(c) if so, to what effect ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SINDE) : (a) to (c).^{*} No general order has been issued by the State Government allowing private traders to procure and export rice from Orissa to other States. The State Government, however, allowed the export of 3000 tonnes of rice procured by them to West Bengal through trade, as this rice could not be disposed of through the public distribution system. The export of this small quantity has not hampered the rice procurement through Food Corporation of India.

Purchase of rough Diamonds from Ghana by National Mineral Development Corporation

2401. SHRI YAMUNA PRASAD MANDAL : Will the Minister of STEEL AND MINES be pleased to refer to the reply given to Starred Question No. 699 on the 14th December, 1970 regarding the

purchase of rough diamonds from Ghana by National Mineral Development Corporation and state ;

(a) whether the diamonds have since been sold by Government ; and

(b) if so, the amount of profit or loss sustained by Government in this bargain ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). About 40% of the diamonds have so far been sold by value. The profits or loss, as the case may be, can be ascertained only after the remaining stocks have also disposed of.

Ceiling on Irrigated Land in States

2402. SHRI N. SHIVAPPA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Central Government have suggested ceiling on irrigated lands in States ;

(b) whether State Governments have also been contacted in this regard ; and

(c) if so, the reaction of State Governments thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) to (c). The Central Government has suggested ceiling on all agricultural land including irrigated land. The question of lowering the level of ceiling for different categories of land in different States is under consideration of the Central Land Reforms Committee recently set up by the Government of India.

Rice Mills and their location in Manipur

2403. SHRI N. TOMBI SINGH : Will the Minister of AGRICULTURE be pleased to state the number of rice mills in Manipur and the rationale of their location, area-wise ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : The total number of rice mills in Manipur is 107. A statement showing area-wise location is attached. Permits for the establishment and operation of rice mills in a particular area are granted by the Government of Manipur only after making a full and complete investigation in the manner prescribed in the Rice Milling Industry (Regulation) Act, 1958, and the Rules framed thereunder, and having regard to the factors enumerated therein, such as availability of power, raw materials, population, and local needs.

Statement

Statement showing the area-wise location of rice mills in Manipur.

Soil Erosion in Rajasthan Canal Project Area

2404. RAJMATA KRISHNA KUMARI JODHPUR : Will the Minister of AGRICULTURE be pleased to state :

(a) whether any study has been carried out know the extent of soil erosion that is likely to result from the introduction of agriculture in the Rajasthan Canal Project area ; and

(b) if so, the main findings thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) and (b). The Government of India have not carried out any study regarding the extent of soil erosion

that is likely to result from the introduction of agriculture in the Rajasthan Canal Project Area. A team of Central experts, however, visited the Rajasthan Canal Project area in June 1970, to study the problems and make suggestions related to land use and wind erosion. The Central Arid Research Institute, Jodhpur, also has undertaken some research studies in the problem of wind erosion in Western Rajasthan and has evolved measures to reduce erosion when crops are raised.

The Central Team of experts recommended that control of soil blowing on sandy soils requires cover during May-June which can be provided on irrigated land by wheat stubble or other crop residues, provided that grazing does not destroy it and crops are not cut too close to the ground. Besides, to effectively control soil blowing in sandy areas, the entire area must be under control. Small isolated uncontrolled areas normally spread sand into adjacent areas and make the land unproductive.

The Central Arid Zone Research Institute has recommended a wind strip cropping which is practiced by growing one strip of wind strip to 6 strips of crop to control wind erosion. Sewan grass (*Lasirus indicus*) and Castro (*Ricinus communis*) are grown in wind strip and crops like *bajra*, *moong*, *moth*, *guar*, and *til* are grown as strips of crops. This practice effectively controls the wind erosion while increasing crop yield by 10-15 per cent. Also, mulching with 45 cm. high, standing stubble of *baira* reduces soil loss by wind erosion and increases crop yield by 5-10 per cent.

Transfer of Land from Tribals to Non-Tribals in Tripura

2405. SHRI DASARATHA DEB : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government is aware that a large number of transfers of land have taken place from tribals to non-tribals in Tripura ; and

(b) if so, the steps Government propose to take to stop such transfers ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) to (b). Information is being collected from the State Governments and will be placed on the Table of the Sabha in due course.

India's Sugar Interests

2406. SHRI DHANDAPANI : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the joint declaration adopted by the U. K. and the "Six" of the European Economic Community on 13th May, 1971 makes no reference to India's sugar interests ;

(b) Whether this is not in contravention of the Commonwealth Sugar Agreement ; and

(c) the course of action likely to be followed by Government to protect India's interest's ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) to (c). There was an omission about India in the Joint Declaration.

The question of protection of India's sugar interests was subsequently taken up. The omission is likely to be corrected soon and India would be accorded the same treatment as may be given to other Developing Commonwealth Countries.

Committee for Review of Rural Development and Employment Schemes

2407. SHRI JYOTIRMOY BOSU : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Planning Commission have set up a high level Central Committee for coordination of rural development and employment to review the progress of these schemes periodically ;

(b) if so, the progress of the schemes taken up state-wise during 1969-70 and 1970-71 ;

(c) the number of additional jobs planned to be created through execution of the schemes in each State during 1969-70 and 1970-71 ; and

(d) the number and nature of jobs actually created ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) Yes, Sir.

(b) to (d). The progress under the various schemes is as under :—

(i) *Small Farmers' Development Agencies and Marginal Farmers and Agricultural Labourers Agencies Schemes :*

45 out of the 46 SFDA projects and 34 out of the 41 MFAL projects have so far been approved. A sum of Rs. 3.00 crores was released for SFDAs and Rs. 1.00 crore for MFAL agencies during the year 1970-71. Under each MFAL project, an amount not exceeding Rs. 20 lakhs is provided for wage employment to agricultural labourers and small farmers during the off season.

(ii) *Dry Farming :*

9 projects, one each in the State of Andhra Pradesh, Gujarat, Haryana, Madhya Pradesh, Maharashtra, Mysore, Rajasthan, Tamil Nadu and Uttar Pradesh were sanctioned under the dry farming programme during the year 1970-71. Not much progress, could, however, be achieved due to late issue of sanctions by the State Governments and delayed recruitment of staff and their training. The employment potential of permanent works like soil conservation, land development and water harvesting, envisaged under the Dry Farming Programme, is estimated to be about 15,000 man years for every one crore expenditure on these works which can be carried out in open season of six months in a year. In addition employment would be created for technical and supervisory personnel.

(iii) *Rural Works Programme :*

Under the Rural Works Programme initiated during 1970-71, the programme for

the first year has been sanctioned in 45 out of the 54 selected Districts. The details of the physical and financial progress made have not been received from the States. The amount approved and the anticipated expenditure reported by the States is indicated below :—

Rehabilitation of Chandigarh Oustees

2409. **SHRI A. N. VIDYALANKAR :** Will the Minister of LABOUR AND REHABILITATION be pleased to refer to the reply given to Starred Question No. 75 on the 1st April, 1971 and state :

(a) the number of oustees in the second phase, after 1958 and figures of those who had been duly rehabilitated on land in Punjab or Haryana ;

(b) the number of those who were granted residential plots in Chandigarh to facilitate their rehabilitation ;

(c) whether any land in Punjab is available for rehabilitation of the oustees ; if so, whether any of these oustees have been rehabilitated on that land ; and

(d) the number of applications pending with the administration for residential plots in Chandigarh and for being settled on agricultural land separately ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) and (c). The number of oustees is 1852.

The question of rehabilitation did not arise, as, according to the provisions of the law applicable, viz., Land Acquisition Act, 1894, under which the land was acquired, only cash was to be given as compensation and not land for land.

(b) None.

(d) For residential plots — 64
For agricultural land — Nil.

कर्मचारी पेंशन योजना, 1971

2410. **श्री जगन्नाथराव जोशी :** क्या श्रम और पुनर्वासि मंत्री यह बताने की कृपा करेंगे कि :

(क) भविष्य निधि अधिनियम में हाल ही में किये गये संशोधन के फलस्वरूप कर्मचारी

पेंशन योजना, 1971 से कुल कितने कर्मचारियों को लाभ होने की संभावना है ;

(ख) कौन सी श्रेणी के कर्मचारी इस योजना के अन्तर्गत नहीं आते हैं तथा उनकी संख्या कितनी है ; और

(ग) ऐसे कर्मचारियों के लिए सरकार ने कौनसी योजना बनाई है ?

श्रम और पुनर्वासि मंत्री (श्री आर. के. खाडिलकर) : परिवार पेंशन-व-जीवन बीमा योजना की व्यवस्था का सम्बन्ध केन्द्रीय न्यासी बोर्ड से है, जो कर्मचारी भविष्य निधि और परिवार पेंशन निधि अधिनियम, 1952 के अधीन स्थापित किया गया है और केन्द्रीय सरकार से इसका सीधा सम्बन्ध नहीं है। भविष्य निधि प्राधिकारियों ने इस प्रकार सूचित किया है :—

(क) और (ख). परिवार पेंशन योजना के पक्ष में या उससे बाहर रहने के बारे में विकल्प देने की अंतिम तारीख 31-8-1971 तक बढ़ा दी गई है। अतः इस समय यह नहीं बताया जा सकता कि ऐसे कर्मचारियों की संख्या कितनी है जो परिवार पेंशन योजना के सदस्य बन सकते हैं या जो बाहर रहने का विकल्प दें।

(ग) तथापि जो सदस्य परिवार पेंशन-व-जीवन बीमा योजना में शामिल होने का विकल्प नहीं देते वे वर्तमान शर्तों के अधीन पूर्ण भविष्य निधी का लाभ प्राप्त करते रहेंगे और वे नई योजना के सदस्यों की तरह अपने अंशदानों का कोई भी भाग इस योजना की ओर अपरिवर्तित नहीं करायेंगे।

हीरा मिल्स कम्पनी (प्राइवेट) लिमिटेड,
उज्जैन के नाम कर्मचारी भविष्य
निधि की बकाया धन राशि

2411. श्री जगन्नाथराव जोशी :
श्री हुकम चन्द कछवाय :

क्या भ्रम और पुनर्वासि मंत्री यह बताने की
कृपा करेंगे कि :

(क) हीरा मिल्स कम्पनी (प्राइवेट)
लिमिटेड, उज्जैन ने कर्मचारी भविष्य निधि
की कुल कितनी धन राशि अभी तक नहीं दी
है; और

(ख) उक्त कम्पनी से उक्त धनराशि की
वसूली के लिए सरकार का क्या कार्यवाही
करने का विचार है ?

भ्रम और पुनर्वासि मंत्री (श्री आर. के.
खाडिङकर) : (क) और (ख). कर्मचारी
भविष्य निधि की व्यवस्था का सम्बन्ध केन्द्रीय
न्यासी बोर्ड से है, जो कर्मचारी भविष्य निधि
और परिवार पेंशन निधि अधिनियम, 1952
के अधीन स्थापित किया गया है और केन्द्रीय
सरकार से इसका सीधा सम्बन्ध नहीं है।
भविष्य निधि प्राधिकारियों ने इस प्रकार
सूचित किया है :—

31-3-1971 को, मैसर्स हीरा मिल्स
कम्पनी प्राइवेट लिमिटेड, उज्जैन ने नियोजकों
और भ्रमिकों के हिस्से के भविष्य निधि अंशदानों
की लगभग 34.02 लाख रुपये की राशि नहीं
दी थी। समस्त धन राशि के लिए राजस्व
वसूली प्रमाण-पत्र जारी किए गए हैं। कर्मचारी
भविष्य निधि और परिवार पेंशन निधि अधि-
नियम के अधीन पुराने प्रबन्धकों और प्राधिकृत
नियंत्रक के विरुद्ध अभियोजन चलाने के लिए
प्रस्ताव राज्य सरकार को भेज दिए गए हैं।

पुराने प्रबन्धकों के विरुद्ध भारतीय दण्ड संहिता
की धारा 406/409 के अधीन न्यायालय में
शिकायतें दायर की गई हैं। प्राधिकृत नियंत्रक
के विरुद्ध भारतीय दण्ड संहिता की धारा
406/409 के अधीन कार्यवाही शुरू करने से
पहले उन्हें एक कारण बताओ नोटिस जारी
किया गया है।

Effect of Green Revolution on Agriculture

2412. SHRI B. S. BHAURA : Will the
Minister of AGRICULTURE be pleased
to state :

(a) to what extent the "Green Revolu-
tion" has helped in increasing food pro-
duction in the country ;

(b) the socio-economic impact of the
green revolution in the countryside ;

(c) which classes of peasants have been
benefited by the green revolution ; and

(d) how it has affected the agricultural
labour ?

THE MINISTER OF STATE IN THE
MINISTRY OF AGRICULTURE (SHRI
ANNASAHEB P. SHINDE) : (a) The term
"Green Revolution" is generally being
used for the success of the New Strategy of
Agricultural Development since 1966-67.
The progress of foodgrains production, in
which new technology has considerably
helped, is indicated below :

Foodgrains Production in India

	(Million tonnes)
1964-65	89.4
1965-66	72.3
1966-67	74.2
1967-68	95.1
1968-69	94.0
1969-70	99.5
1970-71 (anticipated)	105—106

(b) to (d). In those parts of the country where the new strategy programmes have been successfully adopted, there is an impact on the incomes of the agriculturists. Employment opportunities are also being increased as a result of introduction of more intensive cultivation and multiple cropping. Generally, the new technology is neutral to size of holding and it is noticed that even small farmers are not less progressive than the larger ones in their willingness to adopt new agricultural practices. However, in several areas, these farmers are handicapped by such factors as fragmentation of holdings, inadequate and untimely supply of inputs and water, lack of credit facilities and unsatisfactory arrangements for marketing and storage. In such areas, these farmers have not benefited in proportion to their number and their needs.

To take the benefits of new technology to under :—privileged sections, special programmes for small farmers, marginal farmers and agricultural labour have been introduced under the Fourth Five Year Plan. Special programmes have also been taken up for dry and drought prone areas.

Increase in Price after Decontrol of Sugar

2413. SHRI S. M. BANERJEE : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the price of sugar has gone up after decontrol ;

(b) if so, to what extent ; and

(c) the steps taken to bring down the prices ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) No, Sir.

(b) and (c). Do not arise.

Payment of Provident Fund to Families of Deceased Workers in Iron Mines of Gua Area

2414. SHRI RATTANLAL BRAHMAN : Will the Minister of LABOUR AND

REHABILITATION be pleased to state :

(a) the total number of cases in which Provident Fund money was not paid to the families of the deceased workers in the years 1967—1971 in the iron ore mines of Gua area, Bihar; and

(b) whether Government will take immediate steps to expedite the same ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) The administration of the Employees' Provident Fund is the concern of the Central Board of Trustees set up under the Employees' Provident Funds and Family Pension Fund Act, 1952 and not the direct concern of the Central Government. The Provident Fund authorities have intimated as under :—

In the Gua area of Bihar, only two establishments, namely; M/s. Indian Iron and Steel Co. and M/s. Ghatkuri Iron Ore and Manganese Mines have been covered the Employees Provident Funds and Family Pension Fund Act, 1952. Out of these, M/s. Indian Iron and Steel Co. has been granted exemption from the operation of the Employees' Provident Fund Scheme. The work relating to maintenance of accounts and final payment of claims is done by the Board of Trustees of the establishment itself. The accounts of the members of M/s. Ghatkuri Iron Ore and Manganese Mines are, however, maintained by the Provident Fund authorities. During 1967—1971 only one application for payment of Provident Fund accumulations to the family of a deceased member was received on the 16th September, 1970 and the claim was settled on the 30th November, 1970.

(b) Does not arise.

Difficulties of Farmers of U. P. Due to Defects in Tractors Supplied by G. D. R.

2415. SHRI RAJDEO SINGH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether a number of farmers in U. P. are facing difficulties due to the defects in the Tractors supplied by GDR; and

(b) if so, the efforts of Government in this regard to remove their difficulties ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) and (b). Yes, Sir. The matter is under consideration of Government.

Coalfields Recruiting Organisation System

2416. SHRI MOHAMMAD ISMAIL : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) when the Coalfield Recruiting Organisation (CRO) system was started;

(b) whether it is still continuing; and

(c) the total number of Coalfield Recruiting Organisation workers employed in coalfields of West Bengal and Bihar separately ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) In the year 1946.

(b) Yes.

(c) This information is not available.

कृषि उत्पादन बढ़ाने के लिये भूमिहीन आदिवासियों को खेती योग्य भूमि अलॉट करने के बारे में केन्द्रीय निदेश

2417. श्री हुकम चन्द कछवाय : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या कृषि उत्पादन बढ़ाने के लिए भूमिहीन आदिवासी जनजातियों के लोगों को

खेती योग्य भूमि अलॉट करने की कोई योजना सरकार के विचाराधीन है; और

(ख) क्या केन्द्रीय सरकार इस विषय में कदम उठाने के लिए राज्य सरकारों को हिदायतें जारी करेगी ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णासाहेब पी. शिन्दे) : (क) भूमिहीन आदिवासियों / कबीलों को कृष्य भूमि आवंटन सम्बन्धी योजनाएं राज्य सरकारों द्वारा बनाई जाती हैं।

(ख) पंचवर्षीय योजनाओं में, यह कहा गया है कि अन्य वर्गों के साथ-साथ भूमिहीन आदिवासियों को कृष्य भूमि आवंटित करने के कार्य को प्राथमिकता दी जानी चाहिए।

दूध का औसत उत्पादन और इसकी प्रति व्यक्ति औसत उपलब्धता

2418. श्री हुकम चन्द कछवाय : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) इस समय देश में लगभग कितनी मात्रा में दूध का उत्पादन हो रहा है;

(क) क्या भारतीय चिकित्सा परिषद की पोष्टिक आहार सलाहकार समिति ने यह राय व्यक्त की है कि स्वास्थ्य का सामान्य स्तर बनाए रखने के लिए प्रति व्यक्ति प्रति दिन कम से कम 10 औंस दूध की आवश्यकता है; और

(ग) देश में इस समय लोगों को प्रति व्यक्ति औसत कितनी मात्रा में दूध उपलब्ध किया जा रहा है ?

कृषि मंत्रालय में राज्य मंत्री (श्री शेर सिंह) : (क) चतुर्थ पंचवर्षीय योजना में

1968-69 के दौरान दूध का अनुमानित उत्पादन 212 लाख मीटरी टन रहा है।

(ख) अच्छा स्वास्थ्य बनाये रखने के लिये संतुलित खुराक में भारतीय औषधि अनुसंधान परिषद् ने 1944 में प्रति व्यक्ति प्रतिदिन 10 ग्रॉस दुग्ध की सिफारिश की थी। इसके पश्चात् 1963 में भारतीय औषधि अनुसंधान परिषद् के पोषण विशेषज्ञ दल ने दुग्ध के पोषक दैनिक भत्ते की सिफारिश की जो कि सभा पटल पर रखे गये विवरण में दिये हुये हैं। [Placed in Library. See No. LT-436/71]

(ग) 1968-69 के दौरान प्रतिदिन प्रति व्यक्ति दुग्ध की उपलब्धि का औसत 105 ग्राम था।

दिल्ली के रोजगार कार्यालय में
पंजीकृत नाम

2419. श्री हुषम चन्द कछवाय : क्या श्रम और पुनर्वास मंत्री यह बताने की कृपा करेंगे कि :

(क) उन शिक्षित और अशिक्षित व्यक्तियों की संख्या कितनी है जिन्होंने 1 जनवरी, 1970 से अब तक दिल्ली के रोजगार कार्यालयों में अपने नाम पंजीकृत करवाये हैं ;

(ख) उपरोक्त अवधि में इन कार्यालयों के माध्यम से कितने व्यक्तियों के लिए रोजगार की व्यवस्था की गई ; और

(ग) क्या और अधिक लोगों के लिए रोजगार की व्यवस्था करने हेतु आगामी वर्ष में रोजगार के और अधिक अवसर जुटाने के लिए कोई योजना सरकार के विचाराधीन है ?

श्रम और पुनर्वास मंत्री (श्री आर. के. खाडिलकर) : (क) से (ग). उपलब्ध जानकारी संलग्न विवरण में दी गई है।

चौथी पंचवर्षीय योजना में सम्मिलित कृषि, उद्योग, सिंचाई एवं बिजली, परिवहन व संचार, सामाजिक सेवाओं जैसे शिक्षा, स्वास्थ्य एवं परिवार नियोजन और समाज कल्याण के क्षेत्रों में विभिन्न विकास कार्यक्रमों में अधिकाधिका नियुक्ति अवसर प्राप्त होने की सम्भावना है।

विवरण

काम चाहने वालों की श्रेणी	वर्ष 1970 में दर्ज बेरोजगारों की संख्या	वर्ष 1970 में नौकरी पाने वालों की संख्या
1	2	3
1 शिक्षित (मैट्रिकुलेट और अधिक)	81,067	5,344
2 अशिक्षित (अनपढ़ समेत मैट्रिक से कम)	75,380	24,283

नोट :—नियुक्ति सहायता के लिए नियोजन कार्यालयों में नाम दर्ज कराने वालों के सम्बन्ध में जानकारी छः माह बाद प्रति वर्ष जून और दिसम्बर में एकत्र की जाती है।

बोरों की कमी तथा भारतीय खाद्य निगम द्वारा कम मूल्य पर खरीदे गये गेहूं के कारण किसानों को हो रही कठिनाइयां

2420. श्री नाथूराम अहिरवार : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को इस आशय की शिकायतें मिली हैं कि किसानों को बोरों की कमी और भारतीय खाद्य निगम द्वारा खरीदे गये गेहूं की कीमत न मिलने के कारण कठिनाइयों का सामना करना पड़ रहा है; और

(ख) यदि हां, तो सरकार इन कठिनाइयों को दूर करने के सम्बन्ध में क्या कार्यवाही कर रही है ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णा-साहिब पी. शिन्दे) : (क) और (ख). उन सभी स्थानों पर जहां कि भारतीय खाद्य निगम अधिप्राप्ति कर रहा है, अधिप्राप्त खाद्यान्नों को बोरे में रखने के लिए आवश्यक प्रबन्ध किए गये हैं। उत्तर प्रदेश से कुछ शिकायतें प्राप्त हुई थीं कि बोरियों की कमी के कारण खरीदे गये खाद्यान्नों को बोरे में नहीं रखा जा सका और फलतः खरीदे गये खाद्यान्ना का भुगतान रोक दिया गया था। क्योंकि पूर्ति तथा निपटान महानिदेशालय द्वारा की गई थोक खरीद से बी. टी. बोरियों की प्राप्ति में कुछ विलम्ब होने की आशंका थी इसलिए सेनाक्रय संगठन तथा राज्य सरकार और सीमित स्थानीय खरीदारी से भी डी. डब्ल्यू. बोरियां खरीद कर तात्कालिक आवश्यकताओं की पूर्ति की गई थी। किसानों को निगम द्वारा भुगतान विनियमित मंडियों में लागू नियमों के अनुसार किया जाता है। जिन स्थानों पर विनियमित मंडियां नहीं हैं वहां किसानों को परम्परागत प्रणाली के

अनुसार भुगतान किया जाता है और भुगतान में शीघ्रता की जाती है। अधिकांश मंडियों में बिक्री के दिन ही किसानों को भुगतान कर दिए जाते हैं और यह निगम द्वारा ही किया जा रहा है। अब कभी भारतीय खाद्य निगम द्वारा की गई खरीद के संबंध में भुगतान में देरी अथवा किसी अन्य कठिनाई के बारे में कोई मामला निगम के ध्यान में आता है तो उस कठिनाई को ठीक करने के लिए तुरन्त कार्यवाही की जाती है।

दुर्गापुर इस्पात संयंत्र को हुई हानि

2421. श्री चन्द्रिका प्रसाद :

श्री शिव कुमार शास्त्री :

क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) सरकार को दुर्गापुर इस्पात संयंत्र में अब तक कितनी हानि हुई है ;

(ख) क्या भविष्य में लाभ कमाने हेतु इस संयंत्र को कर्मचारियों की सांभेदारी में चलाने का सरकार का कोई विचार है ; और

(ग) यदि नहीं, तो इसका क्या कारण है ?

इस्पात और खान मन्त्रालय में राज्य मंत्री (श्री शाहनवाज खान) : (क) मार्च, 1970 के अन्त तक दुर्गापुर इस्पात कारखाने को हुई कुल हानि 83.5 करोड़ रुपये के लगभग है। वर्ष 1970-71 का हिसाब-किताब अभी तैयार नहीं हुआ है।

(ख) और (ग). प्रबन्धक उत्पादन तथा उत्पादिता बढ़ाने के बारे में कर्मचारियों द्वारा दिये गये सभी संकारात्मक सुझावों का स्वागत करते हैं। इस उद्देश्य से उत्पादन तथा उत्पादिता बढ़ाने हेतु पारस्परिक उपायों के रूप प्रबन्धक मजदूर-संघों के साथ समय-समय पर बातचीत करते रहे हैं।

परती भूमि को कृषि योग्य भूमि में
बढ़ाने के लिये परक्षण

2422. श्री श्रीकार लाल बेरवा : क्या
कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या परती भूमि को कृषि योग्य
भूमि में परिवर्तित करने की दृष्टि से सरकार
ने कोई परक्षण किया है ; और

(ख) यदि हां, तो इसके निष्कर्ष क्या हैं ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा-
साहिब पी. शिन्दे) (क) जी हां :

संभवतः 'परती भूमि' में, जिसमें किसी
किसी मौसम में खेती नहीं की जाती है, अकृष्य
भूमि को भी सम्मिलित किया गया है। अकृष्य
भूमि, जोकि क्षारीय-लवणीय बँहड़युक्त आदि
भूमि के रूप में व्यर्थ पड़ी है, वर्तमान में भले
ही कृषि के योग्य नहीं हो, पर इसे कृषि के
अन्तर्गत लाने के उपायों का पता लगाने के लिये
अनुसन्धान अध्ययन किये गये हैं।

(ख) सिचाई के लिये जल की अधिकाधिक
उपलब्धि तथा उन्नत जल व्यवस्था प्रणालियों,
के फलस्वरूप बहू फसली खेती का विस्तार हो
रहा है और मौसमी परतीभूमि के अन्तर्गत आने
वाला क्षेत्र कम होता जा रहा है जहाँ तक
क्षारीय-लवणीय अकृष्य भूमि का प्रश्न है,
जोकि आजकल परती पड़ी है, अनुसन्धान
परिणामों से ज्ञात हुआ है कि मूदा तथा उप-
युक्त जल निकासी और अन्य कृषि प्रणालियों
के आधार पर एक हैक्टर भूमि में 4 मीटरी
टन से 7 मीटरीटन तक जिस के प्रयोग द्वारा
ऐसी भूमि को चावल जैसा फसलों की लाभकर
खेती के लिये सुधारा जा सकता है।

बेहड़युक्त भूमि के सुधार के लिये किये गये
अध्ययनों से ज्ञात हुआ है कि उथेल तथा मध्यम

बेहड़ों को यांत्रिक उपायों द्वारा इसके आर्थिक
पक्ष की दृष्टि में रखते हुये कृषि के अन्तर्गत लाने
के लिये, भूमि को, विशेषकर जब कि सिचाई
का पानी उपलब्ध हो, सुधारा जा सकता है।

राजस्थान में रेगिस्तान के बढ़ने को
रोकने के लिए परीक्षण केन्द्र

2423. श्री श्रीकार लाल बेरवा : क्या
कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) राजस्थान में रेतीली भूमि के बढ़ने
को रोकने के लिए केन्द्रीय सरकार ने किन-किन
स्थानों पर परीक्षण केन्द्र स्थापित किये हैं;
और

(ख) इस बारे में अब तक क्या प्रगति
हुई है ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा-
साहिब पी. शिन्दे): (क) केन्द्रीय रक्ष क्षेत्र अनु-
संधान संस्थान, जिसे भारत सरकार द्वारा
स्थापित किया गया था तथा जोधपुर, जेसलमेर,
बीकानेर तथा भुवनेश्वर में इसके वनरोपण एककों
ने राजस्थान में बालू के स्थानान्तरण को
नियंत्रण करने के लिये प्रयोगात्मक कार्य
किये हैं।

(ख) बाड़मेर, बीकानेर, चुरू तथा भुवनेश्वर
के जिलों के परीक्षण स्थानों पर लगभग 842
हैक्टर क्षेत्र में बालू के टिब्बों के स्थानान्तरण
का स्थायीकरण किया गया है। बालू के संचलन
के नियंत्रण हेतु प्रभावी वायुरोधी के रूप में
कार्य करने के लिये, जोधपुर जेसलमेर, बीकानेर
तथा चुरू में मड़कों के किनारे लगभग 205
किलोमीटर पर छायादार मार्गों में वनरोपण
किया गया।

**यूरिया-डी अमोनियम और पोटाश
उर्वरकों के मूल्यों में वृद्धि**

2424. श्री ओंकार लाल बेरवा : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का विचार यूरिया डी-अमोनियम और पोटाश उर्वरकों के मूल्यों में वृद्धि करने का है; और

(ख) यदि हां, तो इसके क्या कारण हैं ?

कृषि मन्त्रालय में राज्य-मन्त्री (श्री अण्णासाहेब पी. शिन्दे) : (क) यूरिया, डाइ-अमोनियम फास्फेटिक और पोटाश उर्वरकों का मूल्य बढ़ाने का कोई प्रस्ताव नहीं है। बल्कि तथ्य तो यह है कि हाल ही में 4-3-71 से यूरिया के मूल्य में 20 रुपये प्रति मीटरी टन की कमी की गई है।

(ख) प्रश्न ही नहीं होता।

**राजस्थान के कोटा जिले में गेहूं की
खरीद**

2425. श्री ओंकार लाल बेरवा : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार राजस्थान में अनाज मंडियों से सीधे गेहूं खरीदने के लिए सहमत हो गई है;

(ख) यदि हां, तो कोटा, राजस्थान से कितना गेहूं खरीदने का विचार है; और

(ग) जिला कोटा की तहसीलों से गेहूं न खरीदने के क्या कारण हैं ?

कृषि मन्त्रालय में राज्य-मन्त्री (श्री अण्णासाहेब पी. शिन्दे) : (क) जी हां।

(ख) किसानों को साहाय्य मूल्य दिलाने के उद्देश्य से भारतीय खाद्य निगम किसानों द्वारा बिज्जी के लिए पेश की गई गेहूं की सारी मात्रा जो निर्दिष्टियों के अन्दर आती है, को बिना किसी सीमा के खरीद रहा है। कोटा जिले में अब तक लगभग 5,000 मी. टन गेहूं खरीदा जा चुका है। जिलावार सम्भावी खरीदारी के संक्षिप्त अनुमान बताना सम्भव नहीं है।

(ग) कोटा जिले में चार प्रमुख मंडियों अर्थात् कोटा, वरन, अन्ता तथा सुलतानपुर में गेहूं खरीदा जा रहा है।

Coordination of Research in Oilseeds during Fourth Plan

2426. SHRI C. JANARDHANAN : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government had decided to set up a mechanism for the co-ordination of research in oilseeds during this plan period ; and

(b) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) Yes, Sir.

(b) The Indian Council of Agricultural Research has formulated and financed All-India Coordinated Research Projects for Crop Improvement in the country during the 4th Plan Period. In these projects multi-disciplinary research work has been taken up at a number of centres located in the different agro-climatic regions of the country on an All-India basis. The research work under the project is continuously coordinated, supervised and guided by a full time Project Coordinator.

In case of Oilseeds an All-India Coordinated Research Project has been sanctioned at a total cost Rs. 150 lakhs during the 4th Plan period. The research work under this project is coordinated by a full time Project Coordinator assisted by three Associate Coordinators.

Refugee Manipuris from Bangla Desh

2427. SHRI N. TOMBI SINGH : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the number of Manipuris who have come to India as part of the mass exodus from Bangla Desh during the last few months ;

(b) whether Government decided to send them for settlement anywhere ; and

(c) whether Government fixed any principle for rehabilitation of such refugees ; if so, the nature thereof ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) About 240 refugees from East Bengal have gone to Manipur upto the 7th June, 1971.

(b) and (c). It is the firm intention of the Government of India that the refugees from East Bengal should return to their homes as soon as favourable conditions are created there. The question, therefore, of their resettlement in India does not arise.

Central Assistance for Collective Farming Cooperative Societies in Manipur

2528. SHRI N. TOMBI SINGH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Collective Farming Cooperative Societies in Manipur are receiving adequate guidance and assistance from the Government ; and

(b) if so, the number of such societies and the nature of assistance given to them ?

THE DEPUTY MINISTER IN THE MINISTRY OF AGRICULTURE (SHRI JAGANNATH PAHADIA) : (a) and (b). There are at present, 121 Cooperative Collective Farming Societies in the Union Territory of Manipur ; of these, 76 societies

have so far been given financial assistance towards their share capital, managerial subsidy, and medium term loan and loan-cum-subsidy for construction of their godown-cum-cattlesheds. Financial assistance at 50% of the cost of agricultural implements like tractor, water pumping sets etc. required by these cooperatives are also given through the Block Development agencies. Besides, the societies receive technical guidance and assistance in their farm operations from Agriculture and other Development Departments. Preference is also given by Government in the allotment of Government waste land to such cooperatives.

Scarcity of Corrugated Iron Sheets in Manipur

2429. SHRI N. TOMBI SINGH : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether Government's attention has been drawn to the scarcity of Corrugated Iron sheets in Manipur due to non-arrival of public quota to the authorised agents ;

(b) if so, the steps being taken to remove the grievances of the public in Manipur at the Government level ; and

(c) the quantity of Corrugated Iron sheets so far released for general public through the authorised agents after the decontrol ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAH NAWAZ KHAN) : (a) to (c). The information is being collected and will be laid on the Table of the House.

Payment of Wages as per Wage Board Recommendations by Collieries

2430. SHRI KRISHNA HALDER :
SHRI MANORANJAN HAZRA :

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the names of collieries, which are paying wages as per the recommendations of the Wage Board all over India ; and

(b) the names of the collieries which are not paying wages as per the recommendations of the Wage Board ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) A statement showing the names of Collieries which are paying Wages and Variable Dearness Allowance as per the recommendations of the Wage Board is laid on the Table of the House. [Placed in Library. See No. LT—437/71]

(b) The remaining collieries are not paying wages or Variable Dearness Allowance as per recommendations of the Wage Board.

शीघ्र फसल कटाई के लिये गेहूँ की एक नई किस्म का विकास

2431. श्री कमल मिश्र मधुकर : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या इस तथ्य को देखते हुए कि पिछले कई वर्षों से वर्षा के कारण फसल कटाई के समय रबी फसल को क्षति पहुँच रही है, सरकार ने गेहूँ की एक ऐसी किस्म का विकास करने की जरूरत महसूस की है जिसकी कटाई अपेक्षाकृत जल्दी की जा सके ;

(ख) यदि हां, तो क्या सरकार ने इस विषय में अनुसंधान करने के लिए कोई कदम उठाये हैं; और

(ग) यदि हां, तो वह क्या है ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णा-साहिब पी. शिन्दे) : (क) और (ख). भारत में गेहूँ के अनुसन्धान के महत्वपूर्ण उद्देश्यों में से एक उद्देश्य लघु अवधि की गेहूँ की किस्मों का सम्बर्धन करना है। इसका मुख्य कारण यह है कि अगली किस्में पकने के समय शुष्क ग्रीष्म जलवायु से बचने के अच्छे अवसर होने के साथ साथ रतुष्ठा रोग के आक्रमण से होने वाली भारी क्षति से बची रहती हैं।

(ग) गेहूँ की अधिक उत्पादनशील किस्में 'सोनालिका' और 'शरबती सोनारो' शीघ्र पकने वाली किस्में हैं और ये इसलिये पसन्द की जाती हैं क्योंकि ये न केवल शीघ्र पकती हैं, बल्कि ये अधिकांश अन्य किस्मों की अपेक्षा अधिक उपयुक्त पाई गई हैं।

शेहरों का निर्माण

2432. श्री कमल मिश्र मधुकर : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार में रबी की फसलों, जो खलिहानों में रखी हुई थीं, असामयिक वर्षा के कारण ही बरबाद नहीं हुईं बल्कि उसका एक कारण यह भी था कि छोटे और मध्यम श्रेणी के किसानों के पास श्रंशर नहीं थे और वे फसलों से भूसे और अनाज को अलग करने के पुराने तरीकों को ही अमल में लाते रहे ;

(ख) यदि हां, तो क्या सरकार अधिक शेहरों का निर्माण करना और उनके प्रयोग को लोकप्रिय बनाना और गाँवों में उनकी बित्री करना आवश्यक नहीं समझती ; और

(ग) यदि हां, तो सरकार द्वारा कौन सी योजना तैयार की गई है ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णा-साहिब पी. शिन्दे) : (क) जी हाँ। अधिकांश छोटे तथा मध्यम श्रेणी के किसानों के पास शक्तिचालित गहाई मशीनें नहीं हैं।

(ख) अधिक गहाई की मशीनों का निर्माण करना तथा इसके प्रयोग को लोकप्रिय बनाना आवश्यक है।

(ग) गहाई मशीनों की रूपरेखाएँ राज्य सरकारों और कृषि उद्योग निगमों को पहले ही परिचालित की जा चुकी हैं और इन उपकरणों

को निर्माण करने की दृष्टि से, ये रूपरेखायें बिहार के कुछ विनिर्माताओं ने भी खरीदे हैं।

5 एकड़ से कम भूमि रखने वाले किसानों को ऋण देने की नीति

2433. श्री नाथू राम अहरिवार : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या 5 एकड़ से कम भूमि रखने वाले किसानों को ऋण नहीं दिया जाता है हालांकि सरकार ने इस सम्बन्ध में आदेश दे दिये हैं ;

(ख) क्या पहली बार में ऐसे किसानों को ऋण नहीं दिया जाता और यदि ऋण प्राप्त करने के लिए प्रयत्न किया जाता है तो बिना जमानत लिए उन्हें ऋण नहीं दिया जाता ; और

(ग) इस सम्बन्ध में सरकार का विचार कौन सी नीति अपनाने का है ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा साहेब पी. शिन्दे) : (क) से (ग). सहकारी समितियों द्वारा अपनाई गई फसल ऋण प्रणाली के अनुसार, लघु-अवधि के उत्पादन ऋण उत्पादन कार्यक्रमों और उनकी अदायगी क्षमता पर आधारित है। इससे कृषकों को, बिना इस बात के कि उनके पास भूमि है या नहीं, ऋण मिल सकेगा। रिज़र्व बैंक आफ इण्डिया ने वाणिज्यिक बैंकों को, न केवल सक्षम कृषकों को, बल्कि छोटे किसानों को भी आर्थिक प्रदान करने और स्वयं ही भुगतान होने वाले ऋण देने के बारे में भी मार्गदर्शन-पत्र जारी किया है। अतः नीति के अनुसार, छोटे किसान वाणिज्यिक बैंकों से भी ऋण ले सकेंगे। समस्त

देश में समान आधार पर वाणिज्यिक बैंकों द्वारा इस नीति के प्रभावकारी क्रियान्वयन में कुछ समय लग सकता है।

Expansion of Alloy Steels Plant, Durgapur

2434. SHRI BHOGENDRA JHA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether there is a proposal to expand the capacity of the Alloy Steels Plant, Durgapur ;

(b) if so, the main features thereof ; and

(c) the estimated cost of the proposal ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAH NAWAZ KHAN) : (a) Yes, Sir.

(b) and (c). Details will be available only after the Detailed Project Report is prepared. Tentatively, the proposal is to increase the capacity from 100,000 tonnes to 300,000 tonned of ingot.

Exploitation of Potential of Fisheries on Indian Ocean

2435. SHRI BHOGENDRA JHA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether a concentrated effort by a U.N. agency is being made for catching fish in the Indian ocean on a big scale ; if so, the implication thereof and Government's reaction thereto ; and

(b) the efforts being made by Government on its own to exploit full potentialities of fisheries in the Indian ocean even by importing expertise means ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) The Food and Agriculture Organisation of the U. N. has taken up studies on an International India Ocean Fishery Survey,

and Development Programme. The aim of the Programme is, briefly, to increase the knowledge of the resources of the Indian Ocean, study respects of their utilisation, identify obstacles to development and plan remedial action. In the preparatory phase of the programme, plans are proposed to be formulated on the basis of existing knowledge of harvestable resources, available markets and the programmes and potential of the regional nations which could be strengthened to indicate development of the use of the resources. India has indicated its support to this programme. A group of experts has recently drawn up a broad plan for fishery development in the Indian Ocean. Specific programmes are proposed to be worked out within the framework of the Plan. Existing and proposed fishery research and development projects in the area of the Indian Ocean are proposed to be treated as integral parts of the programme. There are currently, two UNDP supported projects in the country, namely the project for Pre-investment Survey of fishing Harbours and the West Coast Pelagic Fisheries Survey Project. These and any other projects which may be taken up in the country within the broad framework of the Plan will be integrated with the Programme. Other general studies proposed to be taken up under the Programme are also expected to provide data on the basis of which further development can be planned.

(b) Considerable emphasis has been laid on development of marine fisheries both in inshore waters and the off-shore areas. Apart from 55,00 mechanised boats being introduced for coastal fishing during the fourth plan in addition to 8500 boats introduced in previous plan periods, the Government is providing the infra-structure for deep sea fishing. Fishing harbours are being constructed at a cost of Rs. 19 50 crores during the Fourth Plan. The Central Deep Sea Fishing Organisation has conducted exploratory surveys which are now being extended in terms of area as well as techniques of fishing. This exploratory programme, which provides the necessary basis for deep sea fishing, is being strengthened by addition of 23 new vessels.

For accelerating commercial exploitation of the deep sea fisheries, Government have

approved import of 30 trawlers by the Industry, for operation of some of which foreign expertise will be available. In addition, local yards have completed construction of twenty-six vessels against an order for forty vessels placed with them on behalf of State Governments and Central Institutions, and additional vessels are likely to be taken up in the near future. A scheme of subsidy has been introduced for indigenously constructed deep sea steel fishing vessels. Central Institutes have been established in Cochin and Madras for training of operatives of deep sea fishing vessels. Two deep sea vessels received from the Government of Sweden in 1968 are being used for purposes of training at these Institutes. Two of the deep sea vessels constructed in the country have also recently been placed at the disposal of the Institutes to add to the facilities for training.

Extension of Kerala and West Bengal Land Reforms Laws to other States

2436. SHRI BHOGENDRA JHA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether he, in his speech at the meeting of the Central Land Reforms Committee in April last, stated that "it was neither feasible nor desirable" to extend the Kerala and West Bengal land reforms laws to other States ;

(b) whether the Prime Minister has commended the Kerala Land Act as a model for other States ; and

(c) if so, Government's policy in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) No, Sir.

(b) and (c). While drawing the attention of the State Governments to the provisions of the Kerala Land Reforms Act, 1963 (as amended), the Prime Minister in a letter to the State Governments had suggested that provisions of the Kerala Legislation might be helpful in framing their own legislation keeping in view the conditions obtaining in their States.

Enforcement of Ban on Tiger and Panther Hunting in Madhya Pradesh

2437. **SHRI BRIJRAJ SINGH-KOTAH :** Will the Minister of AGRICULTURE be pleased to state :

(a) whether tiger and panther hunting is banned all over India ;

(b) if so, the States where such ban exists ;

(c) whether despite the ban in Madhya Pradesh, permits to shoot tigers are given to a certain Shikar Company ; and

(d) if so, the name of the Company and the reasons for doing so ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) and (b). The following States where tigers mostly exist have placed a ban on hunting for a 2-5 year period. Panther is however not a protected animal throughout the country :—

1. Goa	Protected indefinitely
2. Gujarat	-do-
3. Kerala	-do-
4. Mysore	-do-
5. Tamil Nadu	-do-
6. Andhra Pradesh	5 years from 1st July, 1970
7. Assam	-do-
8. Himachal Pradesh	-do-
9. Orissa	-do-
10. Tripura	-do-
11. Rajasthan	.do-
12. West Bengal	-do-
13. Uttar Pradesh	3 Years
14. Maharashtra	2 Years

(c) and (d). Yes Sir, permits were given by the State Government to shoot tigers to eight Shikar outfitters who had entered into agreements with foreign clients prior to the imposition of the ban. The eight shikar outfitters are :—

- (1) M/s. Allwyn Cooper, Nagpur.
- (2) M/s. Tiger & Tiger India, Branch Sohawal, Satna.
- (3) Prince Azim, Shikar Outfitters, Jabalpur.
- (4) Big and Small Game hunting, Raghunathnagar, Morena.
- (5) M/s. Tiger and Shikars, Jabalpure.
- (6) M/s. Professional hunting, Nagpore.
- (7) M/s. Rao Naidu, Shikar, Nagpore.
- (8) M/s. Safaries India Shikar Outfitters, Mhow.

World Bank Aid for Eradication of Pests and Diseases of Crops

2438. **SHRI K. C. PANDEY :** Will the Minister of AGRICULTURE be pleased to state :

(a) whether the International Development Association of the World Bank is assisting India in the matter of eradication of pests and diseases of crops ;

(b) if so, the assistance received so far during the last three years, year-wise for the purpose and the terms of agreement, if any ; and

(c) the benefits achieved expected as a result thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE): (a) An agreement has been entered into with the International Development Association of the World Bank to improve and expand the aerial plant protection services in the country. It provides for acquisition of new aircrafts for the Directorate of Agricultural

Aviation and qualified private aviation operators. These aircrafts will be used in addition to the existing fleet for aerial spraying on crops against pests and diseases in the country. The agreement also provides for establishment for training facilities for agricultural pilots and aircraft engineers.

(b) The agreement provides for a loan of 6 million dollars. It has become effective from the 27th May, 1971 and will terminate on the 31st December, 1974. So far no amount under this loan has been received. The terms of agreement are as follows :

- (i) The loan will be repaid over a period of 40 years with a grace period of about ten years. Repayment will commence from the 15th November, 1980 and end on 15th May, 2020.
- (ii) The amount of instalment will be $\frac{1}{2}$ of 1% of the principal amount up to May, 1990 and $1\frac{1}{2}$ % of the principal amount thereafter.
- (iii) The agreement stipulates payment of service charges at $\frac{3}{4}$ of 1% on the principal amount of the credit withdrawn the outstanding from time to time.

(c) With the strengthening of the aircraft fleet, the area proposed to be covered during the three-year-period of the agreement is estimated to be as under :—

1971-72 :	5 million acres
1972-73 :	6 " "
1973-74 :	7 " "

**राष्ट्रीय कोयला विकास निगम की
ओर कोयला खान भविष्य निधि
की बकाया राशि**

2439. श्री रामावतार शास्त्री : क्या भ्रम और पुनर्वास मंत्री यह बताने की कृपा

करेंगे :

(क) क्या राष्ट्रीय कोयला विकास निगम के अन्तर्गत काम कर रहे कर्मचारियों की भविष्य निधि के अंशदान की राशि उक्त निगम की ओर बकाया है ;

(ख) यदि हां, तो यह धन राशि कितनी है और कितनी अवधि से बकाया है ; और

(ग) श्रमिकों को बकाया राशि दिलाने के लिए सरकार ने क्या कार्यवाही की है और उसका क्या परिणाम निकला ?

भ्रम और रोजगार मंत्री (श्री आर. के. खाडिलकर) : कोयला खान भविष्य निधि संगठन की व्यवस्था का सम्बन्ध कोयला खान भविष्य निधि के न्यासी बोर्ड से है और केन्द्रीय सरकार से इसका सीधा सम्बन्ध नहीं है। कोयला खान भविष्य निधि प्राधिकारियों ने पत्र, तारीख 21 मई, 1971 में इस प्रकार सूचित किया है :—

(क) राष्ट्रीय कोयला विकास निगम की 48 कोयला खानों/सहायक संगठनों में से 13 कोयला खानों/सहायक संगठनों ने मार्च, 1971 का भविष्य निधि का अंशदान जमा नहीं कराया है। इस अंशदान का भुगतान 30 अप्रैल, 1971 तक किया जाना था।

(ख) मार्च, 1971 के सम्बन्ध में 13 एककों की ओर देय अंशदानों की कुल राशि 3,11,210 रुपये थी।

(ग) यह मामला राष्ट्रीय कोयला विकास निगम के साथ उठाया गया है। निधि छोड़ने वाले श्रमिकों और उनके वारिसों/आश्रितों को भविष्य निधि की देय राशि विशेष आरक्षित निधि से दी जाती है, भले ही राष्ट्रीय कोयला विकास निगम से अंशदान बसूल न हुआ हो।

कर्मचारी पेंशन योजना. 1071 के

अंतर्गत उत्तराधिकारियों के

दावों के भुगतान के लिए

व्यवस्था

2440. श्री रामावतार शास्त्री : क्या भ्रम तथा पुनर्वासि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या कर्मचारी पेंशन योजना 1971 में मृतक के उत्तराधिकारी न होने की स्थिति में दावों का भुगतान करने की कोई व्यवस्था है ; और

(ख) यदि हां, तो इस प्रकार के दावों का भुगतान करने के बारे में सरकार की क्या कार्यवाही करने का विचार है ?

भ्रम और पुनर्वासि मंत्री (श्री आर. के. खाडिलकर) : परिवार पेंशन व जीवन बीमा योजना की व्यवस्था का सम्बन्ध केन्द्रीय न्यासी बोर्ड से है, जो कर्मचारी भविष्य निधि और परिवार पेंशन निधि अधिनियम, 1952 के अधीन स्थापित किया गया है और केन्द्रीय सरकार से इसका सीधा सम्बन्ध नहीं है। भविष्य निधि प्राधिकारियों ने इस प्रकार सूचित किया है।

(क) और (ख). परिवार पेंशन योजना शुरू करने का मुख्य उद्देश्य सदस्य की सेवा-काल में मृत्यु होने पर उसके परिवार के लिए व्यवस्था करना है। यदि किसी सदस्य का परिवार न हो तो परिवार पेंशन या जीवन बीमा की कोई अदायगी करने का प्रश्न ही नहीं उठेगा।

Extension of Provident Fund Act to privately run Colleges and Institutions

2441. SHRI RAMAVATAR SHASTRI : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Employees Provident Fund Act has not been extended to the privately run colleges and institutions ;

(b) whether Provident Fund affairs are mismanaged and the Fund contribution misused in those institutions ; and

(c) if so, the reasons for not extending the Provident Fund Act to such colleges and institutions ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) The Employees' Provident Funds and Family Pension Fund Act, 1952 has not been extended to colleges and teaching institutions.

(b) The Government have no knowledge about this.

(c) The question of extending the Employees' Provident Funds and Family Pension Fund Act, 1952 to the teaching and non-teaching educational institutions employing 20 or more persons is under consideration.

Implementation of Bonus Act in collieries

2442. SHRI R. P. DAS : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the Bonus Act is not implemented in a number of collieries ;

(b) if so, the names of such collieries ; and

(c) the steps taken by Government to implement the Bonus Act ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) (a) Complaints regarding non payment of bonus under the Payment o

Bonus Act 1965 were received against some of the collieries.

(b) and (c). A statement showing the names of the collieries against whom prosecutions were launched for non-payment of bonus in the accounting years 1968 and 1969 is laid on the Table of the House. [*Placed in Library. See No. LT-438/17*]

Views of States on Land Reforms Bill

2443. SHRI N. E. HORO : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Central Government have invited the views of the States regarding the Land Reforms Bill ; and

(b) if so, the result thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) No, Sir.

(b) Does not arise.

Production of Steel

2445. SHRI JYOTIRMOY BOSU : Will the Minister of STEEL AND MINES be pleased to state :

(a) the demand for each category of steel in India during 1969-70 and 1970-71 and the anticipated demand for the current year ; and

(b) the quantity and value of production of each category of steel during 1969-70 and 1970-71 and the target for production for the current year ;

THE MINISTER OF STEEL AND MINES (SHRI MOHAN KUMARA-MANGALAM) : (a) The Steering Group on Iron and Steel set up by the Ministry of Steel and Heavy Engineering, had estimated the domestic demand of finished steel at 5.0 million tonnes in 1969-70, 5.5 million tonnes in 1970-71 and at 6.05 million tonnes in 1971-72.

The category-wise break up of demand has been estimated by the National Council of Applied Economic Research for 1970-71, and by the Steel Group on Iron and Steel, for 1973-74. Two statements giving the two estimates are laid on the

Table of the House. [*Placed in Library. See No. LT-439/17*]

Since these estimates become somewhat out of date, fresh estimates for demand of steel are being prepared.

(b) Information regarding the quantity and value of production of each category of steel during 1969-70 and 1970-71 by the main producers is being collected and will be laid on the Table of the Sabha.

The estimated production of finished steel by the main producers in 1971-72 is expected to be about 5 million tonnes.

Cotton Cultivation in West Bengal

2446. SHRI JYOTIRMOY BOSU : Will the Minister of AGRICULTURE be pleased to state :

(a) whether cultivation of cotton has been given top priority in West Bengal during the Fourth Five Year Plan period :

(b) if so, the total allocation under this head ;

(c) the results of the experimental cotton cultivation in the Sunderbans in 1969-70 and 1970-71 ;

(d) the programme for cotton cultivation in the Sunderbans South 24 Parganas for the current year ; and

(e) the total allocation on the account for the current year ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) After initial trials conducted during 1969-70, a demonstration programme on cultivation of cotton was taken up in Rice fallows of Sunderbans area in West Bengal in 1970-71 as a Centrally Sponsored Scheme. It is proposed to expand the area under cotton during subsequent years of the Fourth Five Year Plan.

(b) A sum of Rs. 14.10 lakhs was sanctioned during 1970-71. Further allocations will be made in the light of the experiences gained from the present demonstrations.

(c) In the demonstration Plots laid out during 1969-70, an average yield of 5 to 10 quintals of *Kapas* per hectare was obtained. During 1970-71, the yield is estimated to be of the order of 4 to 5 quintals of *Kapas* per hectare.

(d) The detailed programme for the current year which will largely depend on the results of the demonstrations carried out during 1970-71 has yet to be formulated.

(e) A sum of Rs. 18.90 lakhs has been provisionally allocated for the current year.

Central Assistance for cooperative Societies in states and Union Territories

2447. SHRI JYOTIRMOY BOSU : Will the Minister of AGRICULTURE be pleased to state :

(a) the amount of Central assistance sanctioned and actually disbursed to each State and Union Territory for the development of various types of cooperative societies from 1968-69 to 1970-71, year-wise ;

(b) the amount of Central assistance actually utilised by each State and Union Territory during the same period ;

(c) whether the amount of Central assistance for the current year has been reduced ; and

(d) if so, the reasons thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF AGRICULTURE (SHRI JAGANNATH PAHADIA) : (a) and (b). Central assistance to State Governments for schemes falling within the purview of the National Cooperative Development Corporation is released through the Corporation to the State Governments.

Central assistance for other cooperative development schemes in States was released directly by the Department of Cooperation in 1968-69.

During 1969-70 and 1970-71 the Central assistance for centrally sponsored/central sector schemes continued to be disbursed directly by the Department of Cooperation.

However in respect of State Plan scheme other than National Cooperative Development Corporation schemes the Ministry of Finance sanctioned lump-sum grants and loans to the State Governments. Information regarding central assistance allocated and disbursed and utilised is given in the statements laid on the Table of the House. [Placed in Library. See No. LT-440/71]

In the case of Union Territories without legislature the entire expenditure on Plan schemes is provided for and met directly from the Central Budget. Hence, the question of central assistance does not arise in their case. As regards Union Territories with legislature the central assistance is given in the form of lump-sum loans and grants to cover the gap in the Plan and Non-plan resources of the Union Territory and is not linked to expenditure on any particular sector of the Plan. Hence no separate central assistance is released for Cooperation schemes in Union Territories with legislature.

(c) and (d). The figures of central assistance for Cooperation schemes for the current year have not been worked out by the Planning Commission so far. The Commission is awaiting information from the State Governments on the outlays being finally retained for different schemes included in the Plan.

Purchase of Stores

2448. SHRI JYOTIRMOY BOSU : Will the Minister of SUPPLY be pleased to state :

(a) the total value of stores purchased indigenously for the Central Government, year-wise from 1968-69 to 1970-71 ;

(b) the shares of small-scale, medium-scale and large-scale industries in the total value of such purchases during the same period ;

(c) the total value of stores purchased from abroad during this period and the value of stores purchased through India Supply Mission, London and India Supply Mission, Washington ; and

(d) the policy of Government with regard to store purchases and whether some articles have been specifically earmarked for

purchase from small-scale and medium-scale industries ?

THE MINISTER OF SUPPLY (SHRI D. R. CHAVAN) : (a) to (c). A statement is laid on the Table of the House. [Placed in Library. See No. LT-441/71].

(d) Purchases are made on the basis of the lowest technically acceptable offers after calling for quotations. In cases of items where offers are received both from large scale and small scale units, the small scale units are accorded reasonable price preference upto a maximum of 15% on tender to tender basis, the actual quantum being decided on the merits of each case. No item has been exclusively reserved for purchase from the medium scale industries.

167 items have been reserved for exclusive purchase from the small scale sector.

Investment of Employees Provident Fund

2449. SHRI PHOOL CHAND VERMA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the Employees Provident Fund money is permissible to be invested in fast mortgage debentures of companies : and

(b) if so, the categories in which it is permissible to invest the Employees Provident Fund money ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) No.

(b) The question does not arise. However, in accordance with the present pattern, the investment of Provident Fund money in respect of unexempted and exempted establishments is to be made as follows :—

(i) in Central Govt. securities.	Not less than 45%
----------------------------------	-------------------

(ii) in State Govt. securities, the securities guaranteed by the Central Govt. or the State Govt., in the tax-free Small Savings securities and in the 1 year, 3 year and 5 year Time Deposits in Post Offices.	Balance

मध्य प्रदेश में गेहूँ की बसूली

2450. श्री फूल चंद वर्मा : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या केन्द्रीय सरकार ने मध्य प्रदेश से 50 हजार टन गेहूँ की मांग की है ; और

(ख) यदि हां तो गेहूँ किस मूल्य पर मांगा गया है ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा-साहिब पी. शिन्दे) : (क) जी नहीं। किसानों को सहाय्य मूल्य दिलाने के उद्देश्य से अन्य राज्यों की भांति मध्य प्रदेश में भी गेहूँ खरीदा जा रहा है। कृषि मूल्य आयोग ने मध्य प्रदेश के लिए 1971-72 के विपणन मौसम में 50,000 मी. टन गेहूँ की अधिप्राप्ति करने के लक्ष्य की सिफारिश की है।

(ख) देशी लाल गेहूँ 74 रुपये प्रति क्विंटल तथा ग्रीसत उचित किस्म के अनाजों की अन्य किस्में 76 रुपये प्रति क्विंटल के अधिप्राप्ति मूल्य पर खरीदी जा रही है।

कर्मचारी भविष्य निधि तथा न्यास योजना

2451. डा. लक्ष्मीनारायण पंडे : क्या भ्रम और पुनर्वासि मंत्री यह बताने की कृपा

करेंगे कि :

(क) क्या विभिन्न राज्यों में स्थित कारखानों में कर्मचारी भविष्य निधि योजना चालू की गई है; और यदि हां, तो लेखा परीक्षा और निरीक्षण की क्या व्यवस्था की गई है तथा उन पर किस प्रकार नियंत्रण रखा जा रहा है;

(ख) क्या कुछ कारखानों में मालिकों तथा कर्मचारियों द्वारा मिलकर न्यास बनाए गए हैं ;

(ग) क्या उक्त पद्धति दोषपूर्ण है ; यदि हां, तो इसमें सुधार करने के क्या उपाय किए जा रहे हैं ;

(घ) मध्य भारत में मंदसौर और रतलाम में ऐसे कारखानों की संख्या तथा नाम क्या हैं जहां कर्मचारी भविष्य निधि योजना को न्यास योजना के अनुरूप चलाया जा रहा है ; और

(ङ) उक्त प्रत्येक कारखाने में जमा भविष्य निधि की कुल राशि क्या है तथा किस एजेंसी के पास यह धन जमा है ?

भ्रम और पुनर्वास मंत्री (श्री आर. के. खाडिलकर) : कर्मचारी भविष्य निधि की व्यवस्था का सम्बन्ध केन्द्रीय न्यासी बोर्ड से है, जो कर्मचारी भविष्य निधि और परिवार पेंशन निधि अधिनियम, 1952 के अधीन स्थापित किया गया है और केन्द्रीय सरकार से इसका सीधा सम्बन्ध नहीं है । भविष्य निधि प्राधिकारियों ने इस प्रकार सूचित किया है :—

(क) कर्मचारी भविष्य निधि योजना ऐसे कारखानों/प्रतिष्ठानों पर लागू होती जिनमें 20 या अधिक व्यक्ति नियोजित हैं और जो

कुछ विशिष्ट उद्योगों में रत हैं । प्रशासन लेखे सहित निधि के लेखे, भारत के नियंत्रक और महालेखा-परीक्षक के परामर्श से केन्द्रीय केन्द्रीय सरकार द्वारा जारी किए गए और संगठन में स्थापित आंतरिक लेखा-परीक्षाओं द्वारा भी जारी किए गए अनुदेशों के अनुसार परीक्षित किए जाते हैं । छूट प्राप्त और छूट न प्राप्त प्रतिष्ठानों का भी भविष्य निधि निरीक्षकों द्वारा निरीक्षण किया जाता है ताकि यह सुनिश्चित हो जाए कि इस योजना के अन्तर्गत आने वाले प्रतिष्ठानों के नियोजक सांविधिक उपबन्धों को लागू कर रहे हैं और यदि नहीं, तो उन्हें लागू करने के लिए कार्यवाही की जा सके ।

(ख) ऐसे प्रतिष्ठानों को, जिसमें भविष्य निधि, उपदान और पेंशन के रूप में ऐसे सेवा-निवृत्ति लाभ हैं जो अधिनियम और योजना के अधीन दिए जाने वाले लाभों से कम लाभप्रद नहीं हैं, इस योजना के उपबन्धों से अधिनियम की धारा 17 के अधीन छूट दी जाती है । छूट देने की एक शर्त ऐसा न्यासी बोर्ड स्थापित करना है जिसमें नियोजकों और श्रमिकों के प्रतिनिधि समान संख्या में नामित किए जाते हैं और जिसमें निधि निहित है ।

(ग) जी नहीं । तथापि, जहां अधिनियम के उपबन्धों से छूट की शर्तों का उल्लंघन होता है, वहां छूटें रद्द की जा सकती हैं या प्रतिष्ठानों के विरुद्ध अधिनियम के अधीन अभियोजन चलाए जा सकते हैं ।

(घ) और (ङ). रतलाम और मंदसौर में स्थित प्रतिष्ठानों के सम्बन्ध में एक विवरण सभा पटल पर रखा जाता है । [ग्रन्थालय में रख दिया गया । देखिये संख्या LT—442/71]

मध्य प्रदेश में पैदा होने वाले
गन्ने की किस्म

2452. डा. लक्ष्मीनारायण पांडे : क्या
कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश में पैदा होने वाला
गन्ना इतनी अच्छी किस्म का नहीं है कि उससे
चीनी की अधिकतम मात्रा प्राप्त हो
सके ;

(ख) क्या मध्य प्रदेश की सभी चीनी
मिलों द्वारा गन्ने से वसूल होने वाली चीनी की
वर्तमान औसत 9 या 10 प्रतिशत है ;

(ग) क्या महाराष्ट्र में यह वसूली 13 या
14 प्रतिशत है ; और

(घ) क्या उक्त प्रतिशतता के अन्तर के
कारण चीनी की दरों में काफी अन्तर है ?

कृषि मंत्रालय में राज्य मंत्री (श्री शेर
सिंह) : (क) जी हां। मध्य प्रदेश में पैदा
होने वाले गन्ने से चीनी की उपलब्धि उतनी
जितनी कि महाराष्ट्र, मसूर, गुजरात आदि
जैसे अन्य राज्यों में पैदा होने वाले गन्ने में
होती है।

(ख) जी हां।

(ग) जी नहीं। कुल मिलाकर, यह
10 या 12 प्रतिशत के बीच है।

(घ) मध्य प्रदेश में चीनी की उत्पादन
लागत अधिक है और राज्य में गन्ने से चीनी
की उपलब्धि की कम प्रतिशतता चीनी की
अधिक उत्पादन लागत होने का एक प्रमुख
अंशदायी तथ्य है।

अनुसूचित जातियों तथा अनुसूचित जन-
जातियों को भूमि का वितरण करने
के सम्बन्ध में समान नियम

2453. डा. लक्ष्मीनारायण पांडे : क्या
कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या अनुसूचित जातियों तथा अनु-
सूचित जनजातियों को भूमि का वितरण करने
के संबंध में विभिन्न राज्यों में समान नियम
और प्रक्रिया हैं; और

(ख) यदि हां, तो गत तीन वर्षों में दी
गई भूमि तथा अन्य सुविधाओं के बारे में
तुलनात्मक स्थिति क्या है ?

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा-
साहेब पी. शिन्डे) : (क) और (ख). चूंकि
कृषि भूमि की सुपुर्दगी राज्य का विषय है अतः
अनुसूचित जातियों तथा अनुसूचित जनजातियों
सहित जनता के विभिन्न वर्गों को भूमि का
वितरण करने के सम्बन्ध में कोई समान नियम
और प्रक्रिया नहीं है। परन्तु, प्रधान मंत्री के
हाल ही एक पत्र में राज्य सरकारों से भूमिहीन
श्रमिकों, विशेषकर अनुसूचित जातियों और
अनुसूचित जन जातियों को खेती योग्य सहकारी
परती भूमि प्रदान करने के लिए कहा गया है।

मध्य प्रदेश में गेहूं का समाहार

2454. डा० लक्ष्मीनारायण पांडे : क्या
कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) भारतीय खाद्य निगम ने मध्य प्रदेश
में किन-किन स्थानों पर गेहूं का समाहार
आरम्भ कर दिया है;

(ख) इनमें से प्रत्येक स्थान से कितने
कितने गेहूं का समाहार किया गया है;

(ग) क्या गेहूँ की खरीद कमीशन एजेंटों के माध्यम से की जा रही है;

(घ) यदि हां, तो उसका आधार क्या है; और

(ङ) कमीशन एजेंटों को प्रति क्विंटल कितना कमीशन दिया जा रहा है ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णा-साहेब पी. शिन्दे) : (क) और (ख). एक विवरण सभा पटल पर रखा जाता है। [प्रन्थालय में रख दिया गया। देखिये संख्या LT-443/71]

(ग) मध्यप्रदेश के 248 केन्द्रों में से 33 में कर्मचारियों की व्यवस्था विभाग की ओर से की जा रही है, 199 की देख-रेख सहकारी समितियों द्वारा की जा रही है और 16 में प्राइवेट पार्टियों द्वारा व्यवस्था की जा रही है।

(घ) एजेंटों की नियुक्ति करते समय भारतीय खाद्य निगम सहकारी समितियों को तरजीह देता है और जहां सहकारी समितियां नहीं हैं अथवा वे अधिप्राप्तिकार्य करने के योग्य नहीं हैं वहां प्राइवेट पार्टियां नियुक्त की जाती हैं।

(ङ) क्रय-एजेंटों को खाद्यान्न की लागत का 1 प्रतिशत कमीशन के रूप में दी जाती है। तथापि, जहां कहीं निगम द्वारा क्रय-एजेंटों को पेशगी दी जाती है वहां केवल 0.75 प्रतिशत कमीशन दी जाती है।

चीनी मिलों द्वारा खरीदा गया गन्ना

2455. डा. लक्ष्मीनारायण पांडे : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) 1970-71 के सीजन में जाओरा (जिला रतलाम मध्य प्रदेश) दालोदा (जिला

मंदसौर मध्य प्रदेश) तथा मलींदपुर (जिला उज्जैन मध्य प्रदेश) की चीनी मिलों ने कितनी मात्रा में गन्ने की खरीद की;

(ख) क्या उपरोक्त मिलों के प्रबन्धकों ने गन्ना उत्पादकों को गन्ने की कीमत अदा नहीं की है जैसा कि गन्ना खरीद व सप्लाई विनियमन अधिनियम के उपबन्धों में विहित है; और

(ग) यदि हां, तो इन मिलों पर गन्ने के मूल्य की कितनी राशि बकाया और इस बात को सुनिश्चित करने के लिए कि गन्ना उत्पादकों को समय पर यह राशि अदा की जाए, केन्द्रीय सरकार क्या कानूनी कार्रवाही कर रही है ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री शेर सिंह) : (क) 1970-71 के मौसम में चीनी मिलों ने जावरा, डालोदा तथा मेहिंदपुर (न कि मालिंदपुर) में निम्न प्रकार गन्ना खरीदा था।

कारखाने का नाम	खरीदे गए गन्ने की कुल मात्रा (लाख क्विंटल में)
जाओरा	10.29
दालोदा	6.86
मेहिंदपुर	3.80

(ख) अभी तक पूरा भुगतान नहीं किया गया।

(ग) गन्ने के मूल्य के 152.35 लाख रुपयों में से उक्त मिलों ने 40.067 लाख रुपये

प्रदा करने हैं जोकि इस प्रकार है :—

(लाख रुपयों में)

जामोरा 7.43

दालोदा 26.26

मेहिदपुर 6.38

राज्य सरकार से कहा गया है कि वे कारखानों द्वारा गन्ने के मूल्य के बकायों का शीघ्र भुगतान सुनिश्चित करने के लिए कड़े पग उठाने सहित सख्त से सख्त उपाय करें।

Time-Limit for Implementation of Land Reforms

2456. SHRI G. Y. KRISHNAN : Will the Minister of AGRICULTURE be pleased to state :

(a) whether there is any proposal under consideration of Government regarding the time-limit for implementing the land reforms ; and

(b) if so, what is the limit ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) and (b). with regard to abolition of intermediaries it was suggested in the Fourth Five Year Plan that all the remnants of intermediary tenures should be abolished by the end of 1970, and practically all the intermediary tenures have been abolished and converted into ryotwari tenures. The Fourth Plan has further suggested that measures relating to conferment of ownership rights on tenants should be completed by the end of Fourth Five Year Plan.

As regards implementation of land reforms in general including ceiling on land holdings, the Plan has recommended that the programme should be implemented as expeditiously as possible. In this connection the Prime Minister has addressed letters to all State Governments asking them

to work out a phased programme of land reforms with a view to completing implementation by a well defined date.

Intensive Manuring Scheme

2457. SHRI G. Y. KRISHNAN : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government are planning to introduce Intensive Manuring Scheme in every State ; and

(b) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) There is no proposal to introduce 'Intensive Manuring Scheme' on an All-India basis.

(b) Does not arise.

Distribution of Iron and Steel in Mysore

2458. SHRI K. LAKKAPPA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether special quota of iron and steel allotted to societies in Tumkur Distt. of Mysore State out of Central quota has been diverted to some other agencies by the out-going Ministry of that State ;

(b) if so, whether Government propose to hold an inquiry into the circumstances under which this quota has been diverted ; and

(c) if so, the nature of action taken or proposed to be taken by Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAH NAWAZ KHAN) : (a) to (c). The information is being collected and will be laid on the Table of the House.

Gratuity for Retrenched Colliery Workers state :

2459. **SHRIMATI BIBHA GHOSH :** Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the colliery workers are paid gratuity after retrenchment ; and

(b) if not, the reasons thereof ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILRAR) : (a) and (b). According to available information, some employers in coal mines pay gratuity to their workers. A proposal to introduce an industry-wise gratuity Scheme for coal miners is under consideration.

Consumption of Chemical Fertiliser

2460. **SHRI S. R. DAMANI :** Will the Minister of AGRICULTURE be pleased to

(a) progress made in the consumption of chemical fertilisers in the last three years ;

(b) how much of it is from indigenous production and how much imported and at what cost ;

(c) the areas in which their use has not yet become popular and the reasons therefor ; and

(d) the steps taken to increase their consumption in such areas ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) and (b). The consumption of chemical fertilisers in the country in the last three years along with details of domestic production, imports and their cost are shown in the statement below :

(In lakh tonnes)

Year	Consumption			Domestic Production		Imports		Value of Imports	
	N	P	K	N	P	N	P	K	Rs. crores
1968-69	12.08	3.82	1.70	5.45	2.10	8.41	1.37	2.13	162.92
1969-70	13.98	4.35	1.76	7.16	2.22	6.67	0.94	1.20	116.77
1970-71	14.26	4.61	2.26	8.30	2.30	4.77	0.32	1.20	76.77

(c) The use of fertilisers has not yet become popular in certain areas and due to various reasons as explained below :—

(i) The use of fertilisers is not as popular and rate of growth not as high in the predominantly rising States as it is in the

predominantly wheat-growing States. Thus, in the States of Punjab and Haryana, Rajasthan, Uttar Pradesh and Madhya Pradesh, there has been an increase in consumption of 356%, 530%, 345%, and 238% respectively in 1970-71 over the consumption levels

in 1965-66 while in Andhra Pradesh, Kerala, Mysore and Tamil Nadu, the corresponding percentages of increase are 156, 41, 211 and 228 only. This is due to the break-through achieved in the evolution of high-yielding varieties of wheat which consume a larger doze of fertilisers, while in the case of rice such a development is yet to take place.

(ii) The use of fertilizers is not yet sufficiently popular in areas which are not irrigated and where there is no assured rainfall.

(iii) Similarly, fertilizer use is low in hilly and inaccessible areas like parts of Jammu & Kashmir, Assam and Madhya Pradesh, due to lack of transport facilities.

(iv) The use of fertilizers in the States of the Eastern region of the country, generally, is found to be low and the rate of increase tardy.

The reasons for this slow pace of consumption in this region are : (a) lack of an efficient and systematic distribution system in these States ; (b) weak cooperative structure ; (c) lack of sufficient credit ; and (d) gaps in extension efforts.

(d) Various steps are being taken by the Government to increase the consumption of fertilizers in the areas where fertilizers use is at present not popular as mentioned below :

(i) Research to evolve now high-yielding fertiliser-responsive paddy seeds suitable to the different regions of the country is continuing ; recently as many as nine such new varieties have been released indicating that we are poised for break through in rice technology. It is hoped that with this break-through, there will be a substantial increase in rice production and in consumption of fertilizers in the predominantly rice-growing areas.

(ii) In unirrigated areas, aerial spraying of fertilizers has been taken up. It has been found from recent experience in Madhya Pradesh that farmers have taken to aerial spraying of fertilizers since the cost-benefit ratio is favourable to farmers. Farmers are also trained to use sprayers to spray fertilizer solutions. The State Governments have been urged to make full use of the irrigation potential already created so that consumption of fertilizers will become popular.

(iii) Government are considering subsidizing transport of fertilizers to hilly and inaccessible areas in the States of Nagaland, Meghalaya, Assam and the Union Territory of Tripura.

(iv) It is proposed to maintain buffer stocks of fertilizers in some of the States where the distribution arrangements are weak.

(v) Special attention is being paid to the States in Eastern region to step up fertilizer consumption in that region. Steps such as subsidizing transport costs, making adequate credit available to the farmers and dealers, and increasing the distribution outlets are being taken.

(vi) The Government have taken steps to increase the availability of production and distribution credit in all parts of the country. The State Governments are given short-term loans to the extent of 1/6th of the value of Pool fertilizers. A Credit Guarantee Corporation was recently set up to cover risks involved in lending by commercial banks to farmers upto a limit of Rs. 1000/- in each case and loans given to fertilizer dealers upto limit of Rs 2 lakhs.

(vii) The licencing system for distribution of fertilizers was liberalised

so that the number of retail outlets will increase and cater to farmers in interior areas where fertilizers use is not yet popular. The State Governments have been requested to study the location of depots and take steps to create retail depots in areas at present not served by retail outlets.

- (viii) National demonstrations are being conducted in a larger number of districts and farmers training programme is being intensified to educate farmers in all areas to increase fertilizer use. The Government are also considering the setting up of a Fertilizer Promotion Council to prompt the optimum and balanced use of fertilizers in all parts of the country.

Dry-Farming Techniques in Arid Regions

2461. SHRI S.R. DAMANI: Will the Minister of AGRICULTURE be pleased to state :

(a) the progress made in evolving dry farming techniques to serve the arid regions of the country;

(b) the crops on which experiments have proved successful; and

(c) the steps taken to popularise them?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE)

(a) Dry Farming Research was taken up as early as 1933-35, under the scheme of Indian Council of Agricultural Research. Based on the results from this scheme, various dry farming practices like Bombay dry farming practices which consisted of contour bunding and other soil and moisture conservation practices were popularised. At the Central Arid Zone Research Institute, Jodhpur, suitable bajra and pulse varieties were screened for cultivation and recommended alongwith strip cropping or growing of strips of tall plants, like Bajra alternating with strips of spreading crops like pulses,

groundnut etc. and suitable mulching or harrowing in the residues of the harvested crop for arid and semi arid areas. More recent researches on crop improvement, soil and moisture conservation, agronomic practices etc. have opened up new vistas for dry farming and a special bulletin entitled "A new technology for Dry Land farming" was published in 1970 by the Indian Agricultural Research Institute, New Delhi. In October, 1970, an all India Coordinated Research Project on dryland Agriculture was sanctioned and has been implemented at 24 centres in the country with a plan outlay of Rs. 147.50 lakhs for undertaking multi-disciplined intensive research, to improve agricultural production under dryland condition.

(b) As per the experiments carried out in the arid regions at Jodhpur, bajra has remained, by far, the most successful crop. Suitable varieties of other minor millets, pulse crops like *moth*, *guar*, *moong*, wheat, barley, oil seeds like Castor, Taramira and cotton are also considered for arid semi arid areas.

(c) Apart from the intensified extension efforts of the State Departments of Agriculture, a Centrally sponsored, integrated dryland development pilot project has been taken up in the country to popularise dryland techniques for improving agricultural production under dryland conditions. National Demonstration programme on cultivator's fields has also been taken up in some of the arid districts.

Schemes to Improve Breeds and Cattle Wealth to remove Milk Scarcity

2462. SHRI S. R. DAMANI : Will the Minister of AGRICULTURE be pleased to state :

(a) the results achieved so far by the schemes to improve the breeds and cattle wealth of the country;

(b) whether Government are aware of the milk scarcity being experienced in cities and towns throughout the country; and

(c) the steps taken to increase the milk yields, especially of cattle in the southern region ?

THE MINISTER OF STATE IN THE MINISTER OF AGRICULTURE (SHRI SHER SINGH) : A systematic survey has not yet been carried out for ascertaining the impact of various cattle development schemes to improve the breeds and cattle wealth of the country. However, the introduction of Intensive Cattle Development programmes, which include improved methods of breeding provision of feed and fodder and disease control, are showing promising results. The research schemes undertaken by Indian Council of Agricultural Research have established the scope for increasing milk yield through cross-breeding which has been taken up on an extensive scale. The response of farmers to cross-breeding is also very encouraging.

(b) Yes.

(c) The following important steps have been taken to increase the milk yields of cattle in the southern region :—

- (1) 8 Intensive Cattle Development projects have been established in the States of Andhra Pradesh, Mysore, Kerala and Tamil Nadu.
- (2) 147 Key Village Blocks are in existence.
- (3) An Indo-Swiss Cattle Development Project at Madupatty in Kerala is being implemented for production of cross-bred cattle from Brown Swiss breed in the high ranges of Kerala.
- (4) An Indo-Danish project is being implemented at Hessarghatta (Bangalore) for demonstrating and training of farmers in dairy cattle raising and extension work. This Project has already supplied about 100 purebred Red Dane Bulls in Mysore for cross-breeding and improvement of cattle.
- (5) 297 exotic cattle of Jersey, Friesian, Guernsey and Brown Swiss breeds have been distributed to Andhra Pradesh, Tamil Nadu, Mysore, Kerala and Pondicherry to assist them in

accelerating their cross-breeding programme.

- (6) A Central Cattle Breeding Farm for Murrah buffaloes at Alamadi (Tamil Nadu) is being established for supply of progeny tested bulls to the Cattle Breeding Farms in Tamil Nadu and adjoining States.
- (7) Under the new Project for milk marketing and dairy development (operation flood), an investment of Rs. 12.69 crores is contemplated during the five years (July 1970 to June 1975) in Tamil Nadu and Andhra Pradesh for increasing milk production and procurement and for expanding milk processing facilities in Madras city.

E. P. F. Arrears with Collieries in Bihar and West Bengal

2463. **SHRI SOMNATH CHATTERJEE :** Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the names of collieries who have not deposited the Employees Provident Fund with Governments in West Bengal and Bihar separately; and

(b) the steps taken by Government to force the colliery owners to deposit the Employees Provident Fund with the Government ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : The administration of the Coal Mines Provident Fund is the concern of the Board of Trustees, Coal Mines Provident Fund and is not the direct concern of the Central Government. The Coal Mines Provident Fund Authorities have reported as under:—

(a) The names of the defaulting collieries in West Bengal and Bihar are given in statements I and II respectively, laid on the table of the House. [*Placed in Library.* See No. LT—444/71]

(b) Legal action has been taken against the defaulting employers in West Bengal and Bihar as stated below for reali-

sation of the outstanding dues of the Coal Mines Provident Fund :—

	<i>West Bengal</i>	<i>Bihar</i>
No. of certificate cases filed upto 31.12.70	855	1, 960
No. of prosecutions under the C. M. P. F. and Family Pension and Bonus Schemes Act filed till 31.12.1970.	788	2,380
Prosecutions under sec. 406 I. P. C. filed upto 7.6.1971.	6	9

Ceiling on Land Holdings in Haryana

2464. SHRI P. K. DEO : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Haryana Government recently decided to impose a uniform ceiling of 30 standard acres on all individual land holdings;

(b) whether this decision was taken in consultation with the Central Government; and

(c) if so, the reaction of Government in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) to (c). The proposal is under consideration.

मेरठ और सहारनपुर जिलों में भारतीय खाद्य निगम द्वारा खरीदा गया गेहूं

2465. श्री मुल्की राज सैनी : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) 20 मई, 1971 तक उत्तर प्रदेश के मेरठ डिवीजन और सहारनपुर जिले की मण्डियों

से अलग-अलग, भारतीय खाद्य निगम ने कितने टन गेहूं खरीदा था;

(ख) कितने टन गेहूं बोखरियों में भरा गया; और

(ग) कितने टन गेहूं खुले में रखा गया ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णा-साहेब पी. शिन्डे) : (क) मेरठ डिवीजन और सहारनपुर जिले में 20 मई, 1971 तक भारतीय खाद्य निगम द्वारा गेहूं की खरीदी गई मात्रा इस प्रकार है :—

(ग्रांफड़े मी. टन में)

1-मेरठ डिवीजन 1,24,081

2-सहारनपुर जिला 26,780

(ख) समूची मात्रा बोखरों में भर दी गई है।

(ग) क्रय-एजेंटों के पास केवल 5,300 बोरे गेहूं बाहर पड़े हुये थे।

Setting up of Iron Pig Plant of Hissar in Haryana

2466. SHRI MANI RAM GODARA : Will the Minister of STEEL AND MINES be pleased to state whether Government propose to set up a pig Iron plant at Hissar in Haryana ?

THE MINISTER OF STEEL AND MINES (SHRI MOHAN KUMAR MANGALAM) : Government have no proposal to set up a big iron Plant in the Central Sector at Hissar.

M/s Haryana State Industrial Development Corporation, a wholly State owned undertaking of the Haryana Government, have, however, applied for the grant of an industrial licence under the industries (Dev.

and Reg.) Act, 1951, for setting up a new industrial unit at Hissar for the manufacture of 100,000 tonnes of pig iron per annum. The application is being processed.

Working of Central Poultry Farms

2567. SHRI BRIJ RAJ SINGH-KOTAH : Will the Minister of AGRICULTURE be pleased to state :

(a) the names and number of Central poultry farms in each State in the country with their total assets ;

(b) the assesment of losses / profits during the last three years ; and

(c) the modernisation schemes to be implemented during the 4th Five Year Plan ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) There are only 3 Central Poultry Farms viz. Regional Poultry Farm, Bombay, Regional Poultry Farm Bhubneshwar, Regional Poultry Farm, Bangalore. The farms are located in the States of Maharashtra, Orissa and Mysore. Information in respect of assets of these farms is being collected and a statement giving the requisite information will be laid on the table of the Sabha.

(b) The farms were set up for the purposes of developing poultry charming in the Western, Eastern and Southern regions. They serve the cause of poultry development by supplying quality stock to the poultry keepers throughout the country at nominal prices. As regards profits and losses requisite information will be laid on the table of the Sabha.

(c) Scheme of co-ordinated poultry breeding has been taken up on all these farms.

Bangla Desh Refugees' desire to live in India

2468. SHRI BRIJ RAJ SINGH-KOTAH : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the refugees who came to India during the Bangla Desh Movement have express their desire to live in India and

(b) if so, the reactions of Indian Government thereto ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R.K. KHADILKAR) : (a) Government of India are not aware of any such refugees from East Bengal who have expressed a desire to stay on in India.

(b) Does not arise. The policy of the Government, however, is that these refugees should return to their homes as soon as favourable conditions are created in East Bengal.

Under-Payment to Workers' by Collieries in West Bengal and Bihar

2469. SHRI JAGDISH BHATTACHARYA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether most of the collieries in West Bengal and Bihar are doing underpayment of wages to workers ;

(b) if so, the number of such collieries; and

(c) the steps taken by Government to stop the underpayment by the collieries ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) to (b). Information is being collected and will be placed on the Table of the House.

Mode of Granting Earned leave to underground Workers in Collieries

2470. SHRI B. K. MODAK : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the mode of granting earned leave to surface and underground workers in collieries ;

(b) whether it is the same as recommended by the Coal Wage Board ;

(c) if not, the reasons thereof ; and

(d) the steps taken by Government to grant leave to colliery workers as per the recommendations of Coal Wage Board ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) Under Section 52 of the Mines Act, 1952, every person employed in a mine, who has completed a calendar year's service, is allowed, during the subsequent calendar year, leave with wages, calculated :-

(i) in the case of a person employed below ground, at the rate of one day for every sixteen days of work performed by him ; and

(ii) in any other case, at the rate of one day for every twenty days of work performed by him.

(b) to (d). The Coal Wage Board's recommendation in regard to annual leave with wages was not unanimous. It was not accepted by Government.

Swimming Pool in Rourkela Steel Plant

***2471. SHRI SHYAMNANDAN MISHRA :** Will the Minister of STEEL AND MINES be pleased to state :

(a) whether Rourkela Steel Plant is going to build a swimming pool at the cost of Rs. 10 lakhs ; and

(b) if so, whether it is in response to the demand of the workers ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) No, Sir.

(b) Does not arise.

Death of Refugees in Deoli Camp

2472. SHRI MUHAMMED SHERIFF : Will the Minister of LABOUR AND

REHABILITATION be pleased to state :

(a) whether some evacuees had died in the Deoli refugee Camp during the last six months ;

(b) if so, the number of such persons ; and

(c) the causes for their death and the steps taken by Government in this regard ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a). Yes, Sir.

(b) 49 refugees expired in Deoli Refugee Camp during the last six months from 1st December, 1970 to 9th June, 1971.

(c) The cause of death was mostly of Blood Dysentery Diarrhea and Measles. Adequate nutritioin programme and medical facilities have been provided to the refugees in Deoli Refugee Camp.

Decontrol of Sugar

2473. SHRI D. K. PANDA :
SHRI BHOGENDRA JHA

Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government policy of decontrol will lead to blackmarketing, hoarding and rise of price of sugar ;

(b) whether this would ultimately affect the consumers adversely and profit the sugar magnates ;

(c) the effect of this decontrol on Co-operative Sugar Industries in India ; and

(d) in view of fall in production of sugar last year, the effect of decontrol on consumers ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) and (b). No, Sir. Government will continue to regulate releases of sugar for sale by factories in

order to maintain a reasonable and stable price in the market.

(c) It is too early to express any definite opinion in the matter.

(d) The production of sugar during 1970-71 is expected to be about 38 lakh tonnes as against 42.6 lakh tonnes in 1969-70. However, there was also a carry-over of about 21 lakh tonnes from the previous season 1969-70. With large availability and judicious regulation of releases of sugar for sale by factories, it is proposed to maintain a reasonable and stable price in the market in the interest of the consumers.

Worker's Response to Employees Pension Scheme, 1971

2474. SHRI S. A. MURUGANATHAM:
SHRI CHANDER SHEKHAR
SINGH :

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether response from workers to the Employees' Pension Scheme, 1971 ; has not been very encouraging.

(b) if so, the reasons therefore ; and

(c) the steps taken to make the scheme popular ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : The administration of the Employees Family Pension Scheme, 1971 is the concern of the Central Board of Trustees Employees Provident Fund set up under the Employees' Provident Funds and Family Pension Fund Act, 1952 and not direct concern of the Central Government. The Provident Fund authorities have reported as under :—

(a) to (c). It is too early to say anything about the popularity or otherwise of the Family Pension Scheme. Salient features of the Scheme have been prepared by the Regional Commissioners and circulated among all establishments etc. The

date for exercising option by the workers concerned has been extended upto 31.8.1971 to enable them to apprise themselves fully of the benefits of the Scheme and to exercise the option.

Procurement of Paddy in Assam By F.C.I.

2475. SHRI BISWANARAYAN SHASTRI : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Food Corporation of India has failed to reach the target of procurement of paddy in Assam ;

(b) if so, the reasons thereof ;

(c) whether during the last harvesting season, the F. C. I. created a condition in which the middlemen purchased paddy at half the procurement price of the F.C.I. in North Lakhimpur and Dhemaji area in Assam and that the same was sold to the F. C. I. at prescribed rate after a couple of months ; and

(d) if so, the reasons thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) Yes, Sir.

(b) The procurement operations for paddy in Assam this year started late on account of initial difficulties with the millers. There is no levy on millers in Assam. In some procurement Districts, the market arrivals almost dried up after a month of Corporation's commencing the procurement work and the price ruled much above the procurement price thereafter.

(c) No, Sir.

(d) Does not arise.

Check on Large Scale Burning of Cow Dung

2476. SHRI C. K. CHANDRAPPA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Coal Utilisation Council of India had recommended for checking of large scale burning of Cow Dung ;

(b) whether this affects the agriculture adversely ; and

(c) if so, how and to what extent ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) The Government is not aware of any specific recommendation regarding checking of large scale burning of cow-dung, having been made by the Coal Utilisation Council. A publication entitled 'Agriculture and Coal Industry (1970) ; has, however, been brought out by the Council which carries some articles on agricultural and fuel management advocating checking the use of cow-dung as fuel.

(b) and (c). According to the Energy Survey of India Committee estimates (1962-63), about 25% of the total out-turn of the cow-dung is consumed as fuel. To this extent, Indian agriculture is deprived of the plant nutrients and organic matter which if conserved in the form of cow-dung manure and applied to the soil, would have resulted in increased agricultural production.

The farmers are quite conscious of the use of cow-dung as manure instead of burning it as fuel. But the absence of the availability of cheap alternative fuel makes the use of cow-dung as fuel inevitable. It is hoped that by and by as cheap alternative fuel becomes available in the country side and the economic conditions of the rural population improve, the practice of using cow-dung as fuel will, by and large, cease.

Utilisation of Surplus and Sub-standard Milk

2477. SHRIMATI BHARGAVI THAN-KAPPAN : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government had decided to set up certain project to evolve economic methods for utilisation of surplus and sub-standard milk ;

(b) if so, its effect on the price of milk in the cities ; and

(c) its effect on other aspects of the economy of milk production ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) Yes. The ICAR has sanctioned an All India Co-ordinated Research Project to evolve economic methods for the utilisation of surplus/sub-standard milk as a Fourth Five Year Plan Project with effect from the 1st April, 1970.

(b) The research project taken up by the Council is a research study. It is not likely to influence the price of milk in cities where the project is in operation.

(c) Successful culmination of this project will enable not only elimination of the losses occurring in the dairy plants, but also increase considerably the returns to the producer even for milk which is deteriorated in quality on account of reasons beyond his control.

Scheme for Production Oriented Employment Opportunities for Farmers

2478. SHRI R. S. PANDEY : Will the Minister of AGRICULTURE be pleased to state :

(a) whether any special scheme has been formulated to create production oriented employment opportunities for the farmers etc. in the rural areas ;

(b) if so, the main features thereof ; and

(c) the steps being taken to implement it and the assistance given to the State Governments to ensure its implementation in the rural areas ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) to (c). The Crash Scheme for Rural Employment with an outlay of Rs. 50 crores during the year 1971-72 has been started with effect from April 1, 1971. The scheme will be implemented by the State Governments/Union Territories with 100% financial assistance by the Central Government. Additional employment is designed to be generated

through a net work of rural projects of various kinds which are labour-intensive and which will create durable assets. Employment is to be provided in every district for at least 1,000 persons for a period of 10 months in a year at a wage not exceeding Rs. 100/- per month. An amount, equivalent to one-fourth of the wage cost, will be available for materials and equipment. The order of outlay will be Rs. 12.50 lakhs per district per annum.

Proposals were invited from the State Government and Union Territories to implement the scheme. Proposals received from 10 State Governments and 7 Union Territories have already been sanctioned by the Government of India and necessary funds have been placed with the State Governments and Union Territories concerned.

Besides the Crash Scheme for Rural Employment, the other schemes for the benefit of farmers etc. in the rural areas are (i) small farmers development agencies and marginal farmers and agricultural labourers agencies; (ii) dry farming; and (iii) drought prone areas programme. Progress made in the implementation of these schemes is indicated below :—

(i) *Small Farmers' Development Agencies and Marginal Farmers and Agricultural Labourers Agencies :*

45 out of the 46 SFDA projects and 34 out of the 41 MFAL projects have so far been approved. A sum of Rs. 3.00 crores was released for SFDAs and Rs. 1.00 crore for MFAL agencies during the year. Under each MFAL project, an amount not exceeding Rs. 20 lakhs is provided for wage employment to agricultural labourers and small farmers during the off season.

(ii) *Dry Farming Programme :*

9 pilot projects, one each in the States of Andhra Pradesh, Gujarat, Haryana, Madhya Pradesh, Maharashtra, Mysore, Rajasthan, Tamil Nadu and Uttar Pradesh were sanctioned under the dry farming programme during the year 1970-71. Not much progress could, however, be achieved

due to late issue of sanctions by the State Governments and delayed recruitment of staff and their training. The employment potential of permanent works like soil conservation, land development and water harvesting, envisaged under the Dry Farming Programme, is estimated to be about 15,000 man years for every one crore expenditure on these works which can be carried out in open season of six months in a year. In addition, employment would be created for technical and supervisory personnel.

(iii) *Rural Works Programme :*

Under the Rural Works Programme, initiated during 1970-71 the programme for the first year has been sanctioned in 45 out of the 54 selected districts. The details of the physical and financial progress made have not been received from the States. The amount approved and the anticipated expenditure reported by the States is indicated below :

Rs. in lakhs

State	Total outlays sanctioned	Anticipated expenditure
Andhra Pradesh	284.64	194.82
Bihar	5.00	5.00
Gujarat	329.93	250.98
Madhya Pradesh	20.67	5.17
Maharashtra	132.26	94.06
Mysore	180.80	137.19
Orissa	34.00	19.00

West Bengal	34.22	8.55

Scarcity conditions in U.P., Bihar and Madhya Pradesh

2479. **SHRI R. S. PANDEY** : Will the Minister of AGRICULTURE be pleased to state :

(a) whether scarcity conditions are still existing in certain regions of U. P., Bihar and Madhya Pradesh ;

(b) whether Government have made any survey in this regard; and

(c) the steps which have been taken to provide adequate financial assistance and other help to the farmers there to remove their hard-ships ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) The Government of Bihar has declared 20 blocks as "famine affected" and 201 blocks as "scarcity affected" areas in the State. The Government of Madhya Pradesh has intimated that parts of Jhabhua and Durg districts have been affected by scarcity conditions. In Uttar Pradesh some damage to foodgrains lying on the threshing grounds and orchards due to untimely rains, hailstorm, and cyclones in April and May, 1971 is reported but whether the losses will create scarcity conditions is yet to be assessed.

(b) and (c). Central assistance towards natural calamities is provided to the States on the basis of the ceilings adopted in the light of the assessment of the requirements of funds for relief measures by a central team of officers. The report of the team which visited Bihar in May, 1971 is expected shortly, and another team is visiting Uttar Pradesh shortly. Meanwhile, the Government of Bihar has sanctioned about Rupees 1.5 crores for relief measures.

Loss incurred by Mining and Allied Machinery Corporation, Durgapur

2480. **SHRI C. CHITTIBABU** : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the Mining and Allied Machinery Corporation Durgapur is running

in loss and has been sustaining on Government loans;

(b) if so, the reasons for such uneconomic performance; and

(c) whether in view of the recurring losses incurred by this Corporation, Government propose to close down the organisation ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAH NAWAZ KHAN) : (a) The cumulative loss incurred by Mining and Allied Machinery Corporation Ltd., Durgapur, as on 31-3-70 was Rs. 26.47 crores. The loss during 1970-71 is estimated at Rs. 5.30 crores. As the company has not been able to generate adequate internal resources, loans are being given to the company not only to meet its capital expenditure but also to enable it to meet the cash losses, pay interest on loans, and repay the loans sanctioned earlier.

(b) The main reason is the lack of adequate orders for the type of coal mining equipment for which the plant was set up. Other contributory factors are (i) technological problems of diversification; (ii) lack of orders of repetitive nature for batch production; (iii) low productivity in the plant; (iv) industrial unrest; (v) imbalance in loading of various shops and sections; (vi) heavy overheads, including depreciation and interest charges and (vii) organisational deficiencies.

(c) The Committee on Public Undertakings has recommended in its Report on this Corporation that it should be wound up in view of its recurring losses and bleak prospects in future. This Report is at present under consideration. In taking a decision of this far-reaching nature, a number of factors have to be carefully weighed. These factors would include a detailed assessment of the future prospects of profitability, the repercussions of the closing of this Corporation on the employment situation in the area, the wide-spread hardships which such a decision would entail and the set-back which this decision would involve to important projects, such as the Bokaro Steel Plant and Major Port Development Programmes

for which orders are under execution by this Corporation.

Deficiencies in Alloy Steels Plant, Durgapur

2481. SHRI SAMINATHAN : Will the Minister of STEEL AND MINES be pleased to state :

(a) the deficiencies faced by the Alloy Steels Plant, Durgapur; and

(b) the remedial steps taken to meet the situation ?

THE MINISTER OF STEEL AND MINES (SHRI MOHAN KUMARAMAN-GALAM): (a) and (b). There are deficiencies in certain items of plant and equipment, layout of furnaces etc. Hindustan Steel Limited are taking necessary remedial measures in consultation with the equipment suppliers and their own experts.

Issue of Permits of Steel to big Industries

2482. SHRI S. N. MISRA : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether a large number of permits had been granted to big industrialists for steel after the dissolution of Parliament in December, 1970;

(b) if so, the names of such persons who had been granted Steel allotment of more than one lakh of rupees;

(c) whether such allotments have since been cancelled by the new incumbent in charge of the Ministry; and

(d) if so, the names of such persons whose Steel allotment has been cancelled ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) to (d). No, Sir. No permits are at present required for obtaining steel. Since permits are not needed, the question of their being issued after the dissolution of Parliament, or cancelled thereafter, does not arise.

Supply of steel in substantial quantities (over a wagon load) could be had only from the steel plants through priority allocations given by the Steel Priority Committee. There was not any significant cancellation of such priority allocations subsequent to the dissolution of Parliament.

Rehabilitation of Displaced Persons from East Bengal before 1970

2483. SHRI S. N. MISRA: Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether all the displaced persons from East Bengal who had come to India before 1970 have been rehabilitated ;

(b) if not, the number of the persons who remain to be rehabilitated ; and

(c) the steps taken to rehabilitate them ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) to (c). A statement is attached.

Statement

OLD MIGRANTS

The work of rehabilitation of old migrants from East Pakistan, *i. e.* those who migrated to India upto 31-3-1958, had by and large, been completed by 1960-61, except for some residuary work in West Bengal. An assessment of the residuary work in West Bengal was made in 1960-61, and a sum of Rs. 21.88 crores was agreed upon for liquidating the residuary problem.

2. The working and the results of rehabilitation measures undertaken in West Bengal for the benefit of old migrants after the 'Residuary Assessment', and the further financial assistance required, are at present being evaluated by the Committee of Review. As a result of certain interim recommendations of the Committee, a sum of Rs. 237 lakhs has since been sanctioned.

NEW MIGRANTS

3. All the new migrants who had come to India between the period from 1.1.1964 to

31.12.1969 and had sought rehabilitation assistance, had been resettled in different States by 31.12.1969, except for 5,121 families who were in relief camps awaiting rehabilitation, apart from 3,997 families of the Permanent Liability Category.

4. A fresh influx started in 1970 and the problem relating to the small number of families awaiting rehabilitation, as mentioned in paragraph 3, got merged with the problem of the fresh influx. The process of movement of families from the camps and their rehabilitation in different States has been continued in respect of the families who were awaiting rehabilitation as on 1.1.1970 as well as for the fresh influx of families.

5. A number of schemes already undertaken for rehabilitation in agriculture in various States were continued, viz. Betul, Sarguja and Panna Projects in Madhya Pradesh, Chanda Project in Maharashtra, Isagaon Project in Andhra Pradesh and Sindhanur Project in Mysore, as well as the Dandakaranya Project and the schemes in Andaman and Nicobar Islands.

6. An appeal has been made to the State Governments to make available additional land to meet the vastly increased requirements of the fresh influx in 1970. Certain schemes suggested by the State Governments are under consideration.

7. Pattern schemes authorising the State Governments to give loans to displaced persons for small trades and business and for housing have been continued. Priorities and concessions for employment in Central Government offices and facilities for technical training, with stipends, have been continued. Other schemes for rehabilitation such as resettlement in industrial units under the auspices of the State Government are also being continued.

Distribution of Imported Tractors to State and their Price

2484. SHRI K. SURYANARAYANA : Will the Minister of AGRICULTURE be pleased to state :

(a) the number of Agricultural tractors imported from various countries during the period 1968-71 March ;

(b) the allotment made to various States and the agency through whom the imported tractors were sold during the said period ; and

(c) the imported price and the net amount collected from the purchasers for each variety of tractors ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) During the period 1968-71, the following agricultural tractors were imported/shipped :-

Name of country					No. of tractors imported/shipped
U. S. S. R.	...	...	...	...	9,000
Czechoslovakia	...	...	...	...	10,452
Romania	...	...	...	...	3,290
G. D. R.	...	...	...	...	1,998
Poland	...	...	...	...	3,200
Yugoslavia	...	...	...	...	650
U. K.	...	...	...	...	1,050
Total					29,640

(b) A statement showing the allotments of tractors imported/being imported made to various States from 1968-1969, so far, is laid on the Table of the House [*Placed in Library. See No. LT-445/71*]. These tractors were distributed mostly through the agency of the State Agro-Industries Corporations set up in the various States. However, in certain cases tractors were sold through the National Agricultural Co-operative Marketing Federation and certain indigenous manufacturers who have imported and assembled them.

(c) A statement showing the import price of various types of tractors imported/being imported is laid on the Table of the House. [*Placed in Library. See No. LT-455/71*].

As regards the sale prices of imported tractors charged by the various State Agro-Industries Corporations and the National Agricultural Co-operative Marketing Federation, it may be stated that there is no fixed all-India sale price of imported tractors and it differs from State to State. However, the sale price charged is fixed by the State Trading Corporation on the following basis :-

The tractors along with standard accessories and spares are not to be sold by the business associated to actual users at a price exceeding the ceiling selling price to be calculated by them as under :-

(i) c. i. f. value.

plus (ii) Handling, clearing, port and other miscellaneous charges at actuals subject to a ceiling of 3% on the c. i. f. value, cartage, packing lashing and wagon incidentals, etc. outside the port into the rail-head are allowed at actuals additionally.

(iii) Customs duty and Port Trust Charges at actuals.

(iv) A margin of 20% on c. i. f. value in the case of DT-14-B tractors and 16½% in case of all other types of tractors is allowed on c. i. f. value. This margin includes STC's margin at 1½% on c. i. f. value.

These margins cover financial and overhead expenses and are kept at minimum possible level.

The price as calculated above is ex-godown port price and the business associates are allowed to charge additionally from customers Rs. 150/- to cover cost of check up fixing up tyres and tubes, making alignment, charging of battery, changing oils, fuel lubrications, removing dents, fitting the canopy, if any, fixing up the hydraulic lift assembly, minor painting and running testing and other jobs for making the tractors road-worthy for tractors upto 50 h.p. and at actuals for tractors where h.p. Sales tax and other local taxes are allowed at actuals. In case of Zetor s.k.d. tractors, an amount of around Rs. 500/- is allowed to be added for assembling, painting and testing, etc.

In the case of imported tractors sold by the indigenous manufacturers, the prices are fixed on the basis of the reports submitted by the Cost Accountants which are considered by an Inter-Ministerial Committee and on their recommendations accepted by Government.

Five-Year Strike-free Period to check losses in Public Sector

2485. SHRI S. N. MISRA : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) the steps Government are taking to put an end to losses incurred in the Public Sector by persistent strikes and labour troubles ;

(b) whether Government contemplate 5 years strike-free period for production ; and

(c) if not, the reasons therefor ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) Measures for improving industrial relations through appropriate changes in the existing laws and practices are under Government's consideration in consultation with the various interests concerned.

(b) and (c). Preliminary consultations in regard to the idea of a period of strike-free growth has been held with representatives of trade unions and employers' organisations at separate conferences in May, 1971. No specific conclusions have, however, been reached yet.

Setting up of Co-ordination Advisory Units on Utilisation Rate of Fertiliser

2486. SHRI BISHWANATH JHUNJHUNWALA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether rise in the rate of utilisation of fertilisers has been mainly due to the lack of adequate and readily available advice to farmers as the soil and irrigation conditions differed from State to State ;

(b) if so, whether Government have considered the desirability of setting up co-ordination advisory units to the farmers ;

(c) whether areas have been identified where despite favourable soil and irrigation conditions, the utilisation of fertiliser has been rather low ; and

(d) if so, which are those regions and the steps proposed to be taken to augment the utilisation of fertiliser there ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) It is a fact that increase in the rate of utilisation of fertilisers has co-existed with the availability of adequate advice to farmers. However, apart from the efficiency of the extension measures undertaken, increase in the rate of utilisation of fertilisers depends also on many other factors such as availability of irrigation facilities, credit for purchase of fertilisers, adequate distribution arrangements and the ratio between the produce prices and cost of inputs.

(b) The Government are considering the setting up of a Fertiliser Promotion Council as a joint venture between the Government of India, State Governments,

fertiliser industry and Agricultural Universities for intensifying promotional measures to increase the use of fertilisers. The Council, when it is formed, will have advisory committees at the district, regional and national levels.

(c) Yes, Sir. Under the scheme of the Fertiliser Promotion Council, areas with soil and irrigation facilities and high potential for fertiliser use have been identified. The scheme will cover about 80 such districts throughout the country. The districts selected are mostly co-terminous with districts where the national demonstrations programme is in operation.

(d) These districts have tentatively been selected at the rate of four districts 'as an average' for each State where the Fertiliser Promotion Council will mount an intensive fertiliser promotion programme with the objective of increasing the level of fertiliser use in general and balanced use of N, P and K in particular.

Publication of National Mineral Development Corporation

2487. SHRI CHINTAMANI PANIGRAHI : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether the National Mineral Development Corporation has published its Pads wherein it has shown that Kiriburu is in the District of Singhbhum in Bihar ; and

(b) if so, whether Government propose to look into this ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). There are two post offices in Kiriburu ; one at the Hill Top which falls in Keonjhar District of Orissa, whereas the other which is located in the township, is in Singhbhum district of Bihar. Earlier, when the general offices of the project were located at the Hill Top, the address given in the letter heads of the Project was "district Keonjhar, Orissa." Since the General Office of the Projects is now located in District Singhbhum, for facility of communication, the postal address given on the

letter heads of the Project reads as under :—

“P. O. Kiriburu, District Singhbhum, Bihar.”

Sales of Controlled Sugar in open Market

2488. SHRI CHINTAMANI PANIGRAHI : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government are aware of the fact that recently some sugar dealers of Cuttack malgodown in Orissa before de-control sold away 700 bags of controlled sugar in the open market ;

(b) whether this was done with the knowledge of the Supply Department ; and

(c) if so, whether Central Government will enquire into this matter independently and immediately.

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) and (b). The Government of Orissa have reported that they had authorised the sugar wholesalers under the levy scheme to dispose of 50 per cent of sugar to retailers and bulk consumers in the free market if the said stock was not lifted by them within 20 days.

(c) As the sugar was disposed of with the permission of the State authorities, no inquiry is necessary.

Setting up of Aluminium Factories at Koyna and Korba

2489. SHRI B. R. SHUKLA : Will the Minister of STEEL AND MINES be pleased to state :

(a) the date of setting up of two aluminium factories at Koyna and Korba ;

(b) the total expenditure incurred uptill now on their account and the total quantity of aluminium articles produced by them so far ; and

(c) whether the capacity of aluminium factory functioning at Mirzapur (U.P.) was limited because of the setting up of these two factories at Koyna and Korba with the result that the prices of the aluminium products shot up ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). The two Aluminium Projects viz. Korba (Madhya Pradesh) Aluminium Project and Koyna (Maharashtra) Aluminium Project (now known as Ratnagiri Aluminium Project) are being implemented in the public sector by Bharat Aluminium Company Ltd., a Government Company which was incorporated on 27th November, 1955. The above mentioned two projects of the Company are still in the Detailed Project Report/Construction stage and have not yet started production. The Alumina Plant of the Korba Project is likely to be commissioned in July, 1972 while the Smelter and Fabrication Plants of the Project are expected to be completed and go into production in stages in 1973-74 and reach full capacity by 1975-76. The Smelter Plant of the Koyna Project is likely to go into production in 1973-74 and the project completed by 1974-75. The Government have released funds to the extent of Rs. 15 54 crores upto March, 1971 in respect of these two projects.

(c) The Hindustan Aluminium Corporation Limited were issued a licence on 6.12.66 for expansion of the Renukoot Smelter in Uttar Pradesh from 60,000 tonnes to 120,000 tonnes per annum. They have presently increased the smelter capacity upto 80,000 tonnes per annum. The expansion of the Smelter upto the licenced capacity is likely to be completed in two stages viz. 1,00,000 tonnes by 30.4.1972 and 1,20,000 tonnes by 31st December, 1973. The capacity of aluminium factor functioning at Mirzapur (U.P.) was not limited as a result of setting up of two projects in the public sector.

Setting up of Aluminium Factory in U. P.

2490. SHRI B. R. SHUKLA : Will the Minister of STEEL and MINES be pleased

to state :

(a) whether Government contemplate to set up another factory of aluminium in the State of Uttar Pradesh; and

(b) if so, the main features thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN): (a) and (b). There is no such proposal under consideration of the Government.

Shortage of Raw Materials for Industries in West Bengal

2491. SHRI SUBODH HANSDA : Will the Minister of STEEL AND MINES be pleased to state:

(a) whether most of the Industries in West Bengal are collapsing for want of raw materials, particularly Iron and Steel ;

(b) whether Government of West Bengal requisitioned 1.23 lakh tons of Steel and Iron from the Central Government for immediate supply apprehending that industries will be closed down;

(c) whether this request has been accepted; and

(d) whether any supply has been made by this time and, if so, the quantity supplied?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) As the availability of steel is below the projected demand, it has not been possible to supply the entire quantity asked for by consumers in various States, including West Bengal. Government have no information about industries collapsing for want of Iron and Steel.

(b) to (d). The quantity for which West Bengal Government sponsored priority requisitions for the period April-June, 1971 and July-September, the quantity given priority by the Steel Priority Committee and the

quantity actually despatched against the same are being ascertained and will be laid on the table of the House.

Allotment of Land and construction of Houses for Burma Repatriates

2492. SHRI LILADHAR KOTOKI : Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether the repatriates from Burma have deposited the final instalment of price of land with the Delhi Development Authority and yet the Delhi Development Authority has not made registry of land and given over possession to the repatriates ;

(b) if so, the reasons for delay in handing over the possession of the land ; and

(c) the manner in which Government propose to finance the construction of the houses on the land being allotted to the repatriates ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) to (c). The information is being collected and will be laid on the Table of the Sabha.

Scheme for Marginal Farmers and Agricultural Labourers in Tripura

2493. SHRI BIREN DUTTA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Government of Tripura have adopted any scheme under Marginal Farmers and Agricultural Labourers Central Sector Scheme ;

(b) if so, who are the recipients of the aid ;

(c) whether backward and tribal areas have been taken into consideration ; and

(d) if so, the areas selected so far ?

THE DEPUTY MINISTER IN THE MINISTRY OF AGRICULTURE (SHRI

JAGANNATH PAHADIA) : (a) Yes, Sir.

(b) The beneficiaries will be about 19,000 marginal farmers' families having holdings upto 5 crores each and 1,000 landless agricultural labourers.

(c) Yes, Sir.

(d) The programme will cover 4 blocks namely Mohanpur, Jirania, Teliamura, Bishalghar and Ampa Tehsil.

Central Assistance for High Yielding Variety of Paddy in Tripura

2494. SHRI BIREN DUTTA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the high yielding variety of paddy crops is encouraged in Tripura ;

(b) if so, the result in the growth of per kani yield, sub-division-wise, in 1969-70;

(c) whether the best producing peasants are given any aid ; and

(d) if so, the nature of the aid given during 1969-70.

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) to (d). Information has been called for from the Tripura Administration and would be placed on the Table of the Sabha as soon as it is received.

Crash Programme for Rural Employment in Tripura

2495. SHRI BIREN DUTTA : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government scheme to utilise Rs. 50 crores for removing unemployment has started operating in Tripura ;

(b) if so, how many people have been given employment in each Block specially in Development Blocks in Tripura ;

(c) the nature of work done by the employed ; and

(d) the remuneration given to each category of employees ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) to (d). A sum of Rs. 34.98 lakhs has been allotted so far to the Government of Tripura for implementation of the Crash Programme for Rural Employment in three districts during the year 1971-72. The balance of Rs. 2.52 lakhs will be allotted as soon as suitable proposals are received. The scheme envisages the employment of at least 1,000 persons in every district for a period of about 10 months at a wage not exceeding Rs. 100 per month per person. The schemes to be implemented under the Programme as suggested by the Tripura Administration include tanks, embankments, flood protection bunds, irrigation channels and roads. The number of persons actually provided employment would be available when the scheme is implemented in the territory during the year.

Liquidation of Cooperative Societies

2496. SHRI BIREN DUTTA : Will the Minister of AGRICULTURE be pleased to state :

(a) the number of Agricultural Credit and Marketing Cooperative Societies which have been liquidated during the last three years, State-wise ; and

(b) the main reasons for their liquidations ?

THE DEPUTY MINISTER IN THE MINISTRY OF AGRICULTURE (SHRI JAGANNATH PAHADIA) : (a) Statement showing the number of primary agricultural credit societies and primary non-credit societies liquidated during the years 1966-67 1967-68 and 1968-69, State-wise, is appended. The non-credit societies include marketing

societies also for which separate statistics are not available.

(b) The specific reasons for the liquidation of the credit as well as non-credit societies are not available. However, it is generally known that the societies have to

be brought under liquidation once they cease to function owing to lack of interest on the part of members, mismanagement etc., and have become dormant beyond the stage of revival. Reorganisation of primary credit societies also resulted in liquidation of several non-viable societies.

Central Aid for Irrigation of cultivable land in Kerala

2497. SHRIMATI BHARGAVI THAN-KAPPAN : Will the Minister of AGRICULTURE be pleased to state :

(a) the area of cultivable land at present in Kerala state in which the yield is not proportionate to its target in the absence of irrigation facilities; and

(b) the assistance given to the State Government during the last two years 1969-70, 1970-71 and proposed to be given during the financial year 1971-72 for this purpose ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SHER SINGH) : (a) According to the latest statistics available for the year 1957-68 about 17.4 lakh hectare of cultivated land in Kerala were not provided with irrigation facilities.

(b) According to the procedure in vogue, Central assistance is given to the States in the form of block loans and grants and is not related to any individual programmes. However, from the funds available under the State Plan the State Government incurred an expenditure of Rs. 6.03 crores on irrigation schemes, including major, medium and minor during the year 1969-70 and Rs. 8.26 crores during 1970-71 (anticipated). The provision recommended for 1971-72 for irrigation schemes is Rs. 8.00 crores.

Distribution of Sheep import from U.S.A.

2498. SHRIMATI BHARGAVI THAN-KAPPAN : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Government have approved a scheme to import sheep of special breed from America; and

(b) if so, the details regarding their distribution State-wise ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI

SHER SINGH) (a) Government have accepted the Animal Husbandry Scientist Panel's recommendations to improve quality of wool by crossing indigenous sheep with Rambouillet.

(b) Government imported 2581 "Rambouillet Breed" of sheep from U.S.A. during 1970-71 and distributed them as under :

Damage to Mango Crop of Andhra Pradesh due to Rains

2501. SHRI T. BALAKRISHNIAH : Will the Minister of AGRICULTURE be pleased to state :

(a) the quantum of damage caused to Mango Crop in Andhra Pradesh due to Monsoons in the months of March and April, 1971 ; and

(b) whether Government have paid any compensation to the affected persons on account of such monsoon gale ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHAB P. SHINDE) : (a) According to a report received from the State Government there has been some damage to mango crop in coastal areas of Andhra Pradesh due to heavy gale and rain in the months of April and May, 1971. However due to the strike of the non-gazetted employees of the Andhra Pradesh Government the exact damage could not be assessed.

(b) The State Government has reported that no compensation has been paid to the mango cultivators and that some revenue remission may be given as per rules in force if such concession is considered necessary by the State Revenue Department.

Unauthorised Occupation of Evacuee Rural Property in Delhi

2502. SHRI DALIP SINGH : Will the Minister of LABOUR AND REHABILITATION be pleased to state,

(a) the total area of rural evacuee property village-wise in the Union Territory of Delhi which is still in the possession of unauthorised hands ;

(b) the steps taken so far to recover such property from unauthorised occupation; and

(c) the reasons for which such evacuee property could not be recovered so far ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) A list of the villages and area of agricultural land in unauthorised occupation is laid on the Table of the House. [*Placed in library See No. LT-446/71*]

(b) and (c). In the year 1963 the undisposed of rural agricultural land in Delhi was offered to Delhi Administration for implementation of their Master Plan. However, in December, 1969 they finally informed that they would not need these lands and accordingly it was decided that

these should be offered to the unauthorised occupants for purchase on market price, failing which they should be evicted and the lands sold by auction. Steps were taken to implement this decision as a result of which some persons got their possession regularised on payment of market price, in some cases evictions were secured while in other cases auction proceedings were taken.

Multi-Purpose Cooperative Societies in Delhi

2503. SHRI ACHAL SINGH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether the Multi-Purpose Cooperative Societies in Delhi are registered under the Bombay, Cooperative Societies Registration Act, 1925 ;

(b) if so, the concept and definition of Multipurpose Cooperative Societies ;

(c) whether scope of Multipurpose Cooperative Society is unlimited ; and

(d) if so, to what extent ?

THE DEPUTY MINISTER IN THE MINISTRY OF AGRICULTURE (SHRI JAGANNATH PAHADIA) : (a) and (b). Multi-purpose cooperative societies are registered under the Bombay Cooperative Societies Act 1925, as extended to Delhi. A multi-purpose cooperative society is formed with the object of provision of credit and other inputs, storage and marketing of agricultural produce, establishment of agro-industries and undertaking other activities for the welfare of its members.

(c) and (d) : The scope of multi-purpose cooperative societies is limited by the by-laws of the particular society.

Grievances of the Employees of National Seeds Corporation

2504. SHRI SHASHI BHUSHAN :
SHRI T. SOHAN LAL :

Will the Minister of AGRICULTURE

be pleased to state.

(a) whether the Employees Union of the National Seeds Corporation had submitted various memoranda to him and the Prime Minister detailing the various cases of irregularities, mal-practices, nepotism, favouritism, corruption and mismanagement ;

(b) whether the union had decided to go on fast for an indefinite period in front of Prime Minister's residence ;

(c) the various charges levelled by the employees union of the National Seeds Corporation in their memorandum ; and

(d) the steps Government have taken in this respect and whether an enquiry has been instituted in the matter and if so, the outcome thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) (a) and (b) : Yes, Sir,

(c) and (d). The Employees Union of the National Seeds Corporation submitted various memoranda to the Minister of Agriculture and the Prime Minister containing their demands and various charges levelled against the management of the Corporation. A copy their memorandum submitted to the Prime Minister on 30.1.1971 is Laid on the Table of the House. [Placed in Library. See No. LT-447/71] The points raised therein have been examined and it was found that there was no substance in most of them. In some cases, however, appropriate action has been taken. The Government have now decided to set up a Committee headed by a Member of Parliament (who is also on the Board of Directors of the Corporation) to examine all the points *denovo*.

Geological Survey in Rajasthan

2505. SHRI BRIJ RAJ SINGH—KOTAH : Will the Minister of STEEL AND MINES be pleased to state :

(a) whether a proper Geological Survey of the Districts of Kotah, Bundi and Jhala-

war in Rajasthan has been undertaken ; दी है ?
and

(b) if so, the broad features of the Survey ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) and (b). The areas of Kotah, Bundi and Jhalawar districts have been geologically mapped. As a result of survey conducted by Geological Survey of India reserves of 850 million tonnes of cement grade limestone in Bundi districts and 0.32 million tonnes of silica sand in Kotah and Bundi districts have been estimated. Ornamental stone (Kota stone) near Ramganj and Kota district have also been located. Minor occurrences of copper and iron ore have been reported in Jhalawar district.

Ground water survey has also been conducted in Chambal Command area covering parts of Bundi and Kota districts and water bearing formations have been demarcated and their potential assessed.

मध्य प्रदेश को उर्वरक के सुरक्षित भंडार के लिए धन

2506. श्री हुकम चन्द कछवाय : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या वित्तीय वर्ष 1971-72 में मध्य प्रदेश में लगभग सात लाख टन उर्वरक की खपत का अनुमान है जबकि 1970-71 में यह खपत 4.11 लाख टन हुई;

(ख) क्या राज्य में उर्वरक का सुरक्षित भंडार बनाने की आवश्यकता है;

(ग) क्या केन्द्रीय सरकार ने इस प्रयोजन के लिए राज्य सरकार को पर्याप्त राशि दे

कृषि मंत्रालय में राज्य मंत्री (श्री अश्वपा-साहिब पी. शिन्दे) (क) जी नहीं। मध्य प्रदेश की राज्य सरकार ने वित्तीय वर्ष 1971-72 की अवधि में लगभग 4.10 लाख मीटरी टन उर्वरकों की खपत का अनुमान लगाया है, जबकि 1970-71 की अवधि में उर्वरकों की कुल खपत 2.24 लाख मीटरी टन बताई गई है।

(ख) राज्य में उर्वरकों का एक आरक्षित भंडार स्थापित करने की आवश्यकता है। किन्तु यह सुनिश्चित करना मुख्यतः राज्य सरकार का उत्तरदायित्व है कि विभिन्न एजेन्सियों के मध्यम से प्रत्येक फसल मौसम से पूर्व ही उर्वरकों का पर्याप्त भंडार उपलब्ध हो। फिर भी, राज्य एजेन्सियों द्वारा समीकरण भंडारण की स्थापना में सहायता देने के उद्देश्य से, केन्द्रीय उर्वरक पूल द्वारा राज्य में, विशेष रूप से, 40,000 मीटर उर्वरकों को रखने की व्यवस्था की जायेगी।

(ग) भारत सरकार उर्वरकों के भंडारण तथा वितरण के लिये राज्य सरकार को अल्पावधि ऋण प्रदान करती है। वर्ष 1970-71 के दौरान मध्य प्रदेश सरकार को उर्वरक विपणन के लिए 146.16 लाख रुपये तथा तकाबी ऋण के लिये 213.91 लाख रुपये के ऋण की स्वीकृति दी गयी थी। चालू वर्ष में इस कार्य के लिये राज्य सरकार से अल्पावधि ऋण का कोई अनुरोध प्राप्त नहीं हुआ है। राज्य सरकार को चालू वर्ष से भी उपरोक्त आभार पर सहायता दी जायेगी।

INVOLVING FIFTY LAKHS
OF RUPEES**

श्री शशि भूषण (दक्षिण दिल्ली) : अध्यक्ष महोदय, मैं अविलम्बनीय लोक-महत्व के निम्नलिखित विषय की ओर आपका ध्यान दिलाता हूँ और प्रार्थना करता हूँ कि वह इस सम्बन्ध में एक बयान दें :

“तेल और प्राकृतिक गैस आयोग के कुछ अधिकारियों द्वारा पचास लाख रुपये की राशि का गोलमाल किये जाने से सम्बन्धित आपराधिक षड्यन्त्र के समाचार और इस सम्बन्ध में सरकार की प्रतिक्रिया”

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI P.C. SETHI) : *Purchase of Nazira Estate.* In August 1965 the O N G C received a proposal for sale of property located at Nazira from the Assam Company Limited, Calcutta for the market value of Rs. 28.56 lakhs. The property consisted of land, buildings, godowns quarters etc. The Commission made a counter offer in February 1966 of Rs. 12.50 lakhs which the Assam Company Limited rejected stating that their offer was fair and reasonable and based on assessment made by an entirely independent and reputed firm of values. In June 1966, the commission considered Nazira as a suitable place to locate the regional headquarters of the Eastern Region and authorised the Chairman and Member (Finance) to negotiate with the owners. Accordingly this negotiation took place between the parties in June-July 1966 and the Assam Company Limited offered to

sell property at Rs. 25 lakhs. The Commission approved this purchase for Rs. 24 lakhs in August 1966 and took possession of the property in November 1967. As per the agreement entered into with the company on 9th May 1967, the purchase price comprised the following elements—

(i) Land measuring 183.23 acres- Rs.16 lakhs

(ii) Buildings Rs. 8 lakhs

(SHRI JYOTIRMOY BOSU: Two lakhs—Rs.8 lakhs.)

Compensation for tea bushes paid to the Lakwa Tea Estate by the Oil and Natural Gas Commission.

The drill sites for 4 wells in Lokwa area were required on a priority basis during the year 1967-68 for drilling wells. These sites belonged to the Lakwa Tea Estate. In August 1966 the O N G Commission initiated a proposal to acquire land through SDO under the Assam Land and Revenue Regulations. In September 1966 the SDO recommended private negotiations. The Project authorities therefore, advised the General Manager of the tea estate in October 1966 to sell the land on these sites. As the estates refused to entertain the above proposal, the Commission again applied to the SDO (Civil), Sibsagar in December 1966 requesting him to invoke Rule 189 of the Assam Land and Revenue Regulations and grant the Commission the right of entry to the land. This was not granted due to the objection by the tea estate and further negotiations were advised in January 1967. After protracted correspondence and negotiations, permission to carry on work at site No.54 was obtained from the tea estates in August 1967. But the question of payment of compensation for these bushes in the land in question remained undecided. In the meantime the Commission contacted various agencies to advise as to how the amount of compensation payable to the Company for these tea bushes may be calculated. In March 1967 the Executive Engineer, Project Cell, N F Railway, New Jalpaiguri intimated the rates that the railway had paid in accordance with the table of the Tea Association,

[Shri Jyotirmoy Bosu]

These rates were referred by the Commission to S D O, Sibsagar, who in May 1967 approved the rates indicated in the table prepared by the Tea Association. These rates were acceptable to the General Manager of the Lakwa Tea Estate. He, however, did not finally confirm the understanding when the Commission asked him to do so. The negotiations with the tea estates continued and it was agreed in January 1968 between the General Manager, Eastern Region and the General Manager, Lakwa Tea Estate that pending final award by the SDO, Sibsagar, the Commission would pay a provisional rate to be adjusted later on. In February 1968, the Commission approached the SDO, Sibsagar for a fair assessment of the compensation. In March 1968 the SDO, Sibsagar advised payment at the rate of Rs. 2/-, Rs. 3.96, Rs. 5/-, Rs. 6/- and Rs. 6.90 per bush according to size. In a subsequent communication dated May 1968, the SDO, however, revised the rates as below—

Rs. 0.25, Rs. 3.00, Rs. 10.00 and Rs. 20.00 depending on the ages of the bushes. The matter was finally discussed on 23rd July 1968 by the General Manager, Eastern Region with the Managing Director of the Tea Estate and compensation was finally paid at the rate of Rs. 0.25, Rs. 2/-, Rs. 5/- and Rs. 11/-. The final price paid was Rs. 22.67 lakhs on the basis of these negotiations, for the bushes and Rs. 4.83 lakhs for the land.

Both these cases were examined in the Ministry who considered it necessary to request the Central Bureau of Investigations to make a detailed enquiry into these two transactions. This was on 8th April 1970.

Both the cases are under investigations by the CBI.

श्री शशि भूषण : मंत्री महोदय ने लिखित बयान पढ़ा और बड़ा खूबसूरत बयान पढ़ा। इसके लिये मैं उनको मुबारकवाद देता हूँ। इस ढंग के बयान इस सदन में आम तौर से पढ़े जाते हैं। लेकिन मैं, अध्यक्ष महोदय, आपका प्रोटेक्शन चाहता हूँ और जितना लम्बा बयान

मंत्री महोदय ने दिया है उतना ही लम्बा प्रश्न करना चाहता हूँ।

मंत्री महोदय के विभाग के ही एक बड़े अफसर श्री पी. आर. नायक की बंगलिंग के सिलसिले में पी. यू. सी. की रिपोर्ट हुई, लेकिन उस रिपोर्ट को दबाने की कोशिश की गई। बयान से मालूम हुआ कि यह दोनों मामले सी.बी.आई. को भेजे गये हैं। बड़ी खुशी की बात है कि यह सी.बी.आई. को भेजे गये हैं, लेकिन सी. बी. आई. का एक भी आफिसर अभी तक इस विभाग के इस मामले में श्री जानसन के पास नहीं पहुंचा है। यह प्रो. एन. जी. सो. रिटायर्ड लोगों का पिजरापोल बना हुआ है। एक नहीं बहुत से केस ऐसे हैं। जिससे उन्होंने जमीन खरीदी है वह श्री टांटिया जी हैं। उनसे मुझे शिकायत नहीं है। कुछ परिवार इस देश में ऐसे पैदा हुए हैं जो मुनाफा कमाने के लिए पैदा हुए हैं और हम जैसे कुछ लोग ऐसे पैदा हुए हैं जो उस मुनाफे को सरकार को वापिस दिलाना चाहते हैं। इसी विभाग के सम्बन्ध में डाइरेक्टर आफ कमिशियल आडिट ने 1964 में रिपोर्ट दी थी कि इसने ड्रिलिंग मंगाई और उनका इसको 167 लाख रुपया किराये का देना पड़ा जबकि उन ड्रिलिंग की कुल कीमत 75 लाख रुपया थी उसके बाद जब रिस की युटिलिटी खत्म हो गई तो उनको इसी विभाग द्वारा खरीद लिया गया। दो करोड़ रुपये का यह नुसाक है। आडिट रिपोर्ट का एक पन्ना ओरिजिनल रिपोर्ट में से लाया है और इसको मैं मंत्री महोदय की सेवा में पेश कर दूंगा।

इस ढंग से लगातार बंगलिंग होता रहा है और बड़ी खूबसूरती से उसको दबाने की कोशिश की जाती रही है। उस वक्त वर्तमान मंत्री इस विभाग में नहीं थे। अगर कोई बंगलिंग हुआ है तो भटके के साथ इनको समाप्त करना चाहिये। डिपार्टमेंट जल्दी

कार्रवाही करे आडिट रिपोर्ट बगैरह जो है उस पर कार्रवाई करे ।

जानसन साहब के पास सी. बी. आई. पहुंचा भी नहीं है । एक विभाग से दूसरे और दूसरे विभाग से तीसरे में वह पहुंचता फिरता है बड़े-बड़े अफसरों के खिलाफ बहुत सी शिकायतें हैं । पी. आर. नायक साहब को बरसों से बचाया जा रहा है । वह रिटायर होकर जा रहे थे तब उनको एक्सटेंशन दिया गया । एक्सटेंशन देने के बाद, सस्पेंड किया, फिर टकोर कमिशन बैठा । टकोर कमीशन को विभाग पूरी जानकारी भी नहीं दे रहा है । ऐसा लगता है कि वह पूरा जीवन बिता देंगे और इनक्वायरी होती रहेगी । मैं चाहता हूँ कि सी. बी. आई. से भी यह कहा जाए कि जल्दी से जल्दी वह कार्रवाही करे । अभी तो श्री जानसन जी तक नहीं पहुंचे हैं, बाकी दूसरे अफसरों का तो नाम निशान ही नहीं है । जब तक उनके पास पहुंचेंगे तब तक पचास केसिस और आ जायेंगे । सी. बी. आई. के पास अगर स्टाफ कम है तो उसकी पूर्ति की जाए और अगर उनको किसी और मदद की जरूरत हो तो वह भी दी जाए । कोई कार्रवाई नहीं हुई है । मैं चाहता हूँ कि इसमें कार्रवाई हो । श्री टांटया को अधिक रुपया दिया गया है उनसे कोई बाद में इस विभाग द्वारा डीलिंग न हो । रुपये को वापिस लिया जाए । मैं आश्वासन चाहता हूँ कि जल्दी इनक्वायरी समाप्त होगी ।

SHRI P. C. SETHI : I appreciate and share the anxiety of hon. Member and, as far as the transaction of the ONGC is concerned, before Audit drew the attention of the Ministry, we ourselves went into this.

But, I would like to say that before the Audit Report was received by us, this matter was raised by one of the Hon. Members— Mr. Ganesh Ghosh of this House.....

SHRI JYOTIRMOY BOSU (Diamond Harbour) : Of my party.

SHRI P. C. SETHI : After the complaint was received by the Ministry from the Hon. Member, the matter was examined in the Ministry. The concerned files were called for. After going through the files and the various rates that came into being in this transaction at different levels, it was decided that the secretariat-type of examination will not be enough in this case.

It is therefore, that the Minister decided to hand over this case to the CBI. They are investigating into the matter. I don't know whether they have reached Mr. Johnson as yet, but according to my information, they have made field investigations and as far as other evidence is concerned, they are proceeding in those lines.

We have requested them to expedite the enquiry as far as this transaction is concerned.

Regarding the point whether we could take departmental action against the officer or officers, I would like to say this, that after going through the files, we came to the conclusion that the different prices which are being mentioned in this particular transaction would require a thorough investigation in order to locate which person or persons or group of persons, if any, are responsible for this. Therefore, the Minister decided to hand over the case to the C.B.I.

I would like to say that after we receive the report from the CBI and we come to know about the officer or officers who are found guilty, we would certainly take all suitable steps.

SHRI JYOTIRMOY BOSU : What about politicians ?

SHRI P. K. DEO (Kalahandi) : It is a sordid story of our public sector undertakings that the ONGC has been defrauded to the tune of Rs. 50 lakhs by a conspiracy in which some officers of the ONGC and some vested interests were involved. From the statement we find that the Nazira estate

[Shri Jyotirmoy Bosu]

was purchased for the location of the headquarters of the eastern region, and the Lakwa tea estate was paid compensation for the bushes. I do not know why the land acquisition proceedings were not resorted to and the price was settled by private negotiation. If it was for Government purposes, then there should have been land acquisition proceedings, and objections should have been called for and due compensation should have been paid. But the whole thing has been decided by a petty SDO. We find from the report that in August, 1966, the ONGC initiated a proposal to acquire land under the Assam Land and Revenue Regulation. The same SDO recommended in 1966 that it should be settled by private negotiation. It was the same SDO who in March, 1968 recommended a different rate for the bushes, and after sometime, he submitted a much higher rate. It is most astonishing that those parties who were interested in accepting a higher rate agreed to accept a rate which was much less than the rate recommended by the SDO. All these things are very fishy. It is the compulsion of our duty which forces me to bring in the names, though I am not interested in the names.

The first is regarding Mr. Johnson, who has been directly involved in this matter and against whom there are so many CBI reports pending. I would like to know if he is going to retire soon. If he is going to retire soon, why should he not also be suspended like Shri Nayak, and the CBI asked to expedite their inquiry and to report ?

The second is regarding Brig. Dhillon. What action is being taken against him ? We learn that he has been granted extension for one year. I need hardly say any thing in regard to the SDO, because...

SHRI SHYAMNANDAN MISHRA (Begusarai) : How does Brig. Dhillon come in ?

SHRI P. K. DEO : Brig. Dhillon was party to it. It was through him that

the headquarters of the eastern region was decided, and he was in charge of the eastern region. Taking into consideration all these factors, since it is a matter of great concern to the country, I would request that some time-limit should be placed for the CBI report. This House is already seized of this matter, and till the CBI report is complete, these officers should be kept under suspension and the inquiry should be expedited. I would like to have categorical answers to these questions.

SHRI P. C. SETHI : I would like to clear first of all, as has been reported or as has been the impression of the hon. Member, the point that there is a fraud of Rs. 50 lakhs. The whole matter is under inquiry. The total amount paid is Rs. 50 lakhs, that is Rs. 28 lakhs and Rs. 22 lakhs, but 183 acres of Nazira estate have been acquired and about 300 bighas of another tea estate have been acquired...

SHRI P. K. DEO : It was settled by private negotiation and not acquired.

SHRI BHAGWAT JHA AZAD (Bhagalpur) : It has not been acquired, but the price has been settled by private negotiation.

SHRI P. C. SETHI : It was not acquired through revenue proceedings, but it was negotiated and purchased and acquired.

SHRI SHYAMNANDAN MISHRA : 300 bighas equivalent to how many acres ?

SHRI P. C. SETHI : About 100 acres.

Besides, there were some buildings also. If the entire amount of Rs. 50 lakhs is a fraud, that means that the cost of the land of 183 acres and the 300 bighas of the Lakwa tea estate is nil. On that presumption, one can certainly proceed, and then it is a fraud of Rs. 50 lakhs. But the question arises that both with regard to the Nazira estate and the Lakwa tea estate, the prices which were recommended by the SDO or which were arrived at by the civil engineer were different at different times.

At one time, the Chief Engineer arrived at a price of Rs. 12.50 lakhs ; at another time, when he calculated depreciation, at the rate of 2½ per cent. he came to the price of the land at about Rs. 15.07 lakhs. An independent company which carried on the investigation, namely Messrs. Talbots arrived at a figure of Rs. 28.55 lakhs in the case of Nazira with regard to the land, they said Rs. 9.69 lakhs with regard to buildings Rs. 15.86 lakhs and services Rs. 3 lakhs. So there were different rates. Ultimately, the Commission settled it at Rs. 24 lakhs. But then the fact remains that various rates were quoted. Therefore, after the Ministry made enquiries, it was felt that the entire matter needed a thorough scrutiny and investigation. That was why the matter has been handed over to the CBI to go into.

Similarly with regard to the bushes, there is the price of land which is about Rs. 4 odd lakhs and then the price of the bushes. With regard to the price of bushes also, there are various prices. Some said that according to the life of the bushes, it should vary from 25p. to Rs. 11 ; some said it should be at a flat rate of Rs. 5 per bush. So different rates have been quoted. According to these rates, for the bushes, Rs. 8 lakhs was arrived at by some agencies and Rs. 10.5 lakhs by some other agencies, but the actual price paid for these bushes is about Rs. 22.67 lakhs. Therefore, there is a difference in the prices arrived at by different agencies at different times. That was why we felt the matter needed investigation ; it was also to be decided as to who were the persons particularly responsible for this.

As far as Brig. Dhillon is concerned, he was a retired military officer. He retired from the army in 1962 and joined the ONGC in 1963. He was Project Manager, Ahmedabad, from 11-6-63 to 1967 ; then he was Project Manager, Sibsagar—the area under reference here—from 6-6-67 to 5-9-67. Then he was General Manager of the Eastern Region from 5-9-67 to April 1970. He retired in April 1970.

As far as these complaints are concerned, we received these complaints from Shri Ganesh Ghosh in Sept-Oct. 1969. The

matter was handed over to the CBI in April 1970.

As far as Shri Johnson is concerned, his date of retirement is sometime in 1974. So he has still three years to go. We are really anxious that the CBI should conduct this inquiry expeditiously. We are requesting them to complete it as early as possible so we can proceed in the matter.

SHRI P. K. DEO : He has not answered my question about the time-limit for the inquiry and suspension of Shri Johnson.

SHRI JYOTIRMOY BOSU : This matter was brought to the notice of Government by Shri Ganesh Ghosh, a former Member of this House belonging to my party. Government had not had information on their own. Now two things have been revealed : how wasteful and extravagant the public sector has been and what amount of corruption goes on there. This is not the only case. There was the question of payment of compensation to the coal mine-owners in Bengal from the same department, namely, the Oil Corporation, running into several crores of rupees.

SHRI P. C. SETHI : For his information, this is the Oil and Natural Gas Commission, not Corporation.

SHRI JYOTIRMOY BOSU : The Government of India in the Ministry of Petroleum is one and the same ; whether it is taken out from one pocket or the other pocket, it makes no difference ; money is taken out from the same body, and I am robbed. Some officials have been named ; if they are involved, they should be punished. But I would like to put a few questions and give a little information. Which are the agencies which were asked to undertake the valuation of this estate ? Was the Tea Board consulted, because it had advanced money to the tea gardens and it has some valuation of its own ? I do not know the age of these bushes. I am under the impression that this is considered to be one of the oldest plantations in Assam. Naturally therefore, the price of the bushes has gone down because the bushes suffer attack from all sorts of fungus and the yielding capacity also goes down. A lot of

[Shri Jyotirmoy Bosu]

transactions has taken place of sale and purchase. What is the deed value of the sales that have taken place in neighbouring areas ?

Have you carefully examined Lakwa's prospectus and balance-sheet ? What is their total paid-up capital, what is their depreciated value, and what would be the fair market value, what is the difference? Have they shown any tendency to pay the capital gains tax ? I suggest you are trying to avoid these things.

You could have asked the CBI to quietly find out from various tea interests, posing as a buyer or seller, as to what is the capital value per acre in that area at the moment. I do not think today it could be more than Rs. 5,000 per acre inclusive of value of buildings, bushes, factory, hospital, guest house and everything.

We have been talking about officials. This Lakwa Tea Estate is controlled and owned by the Tantia family. This Tantia family has been very close to the Government. One Tantia who was the Chairman of the B. I. Corporation was driven out on the basis of the Sarjoo Commission's findings. This Mr. Tantia has been Treasurer of the Congress Parliamentary Party. Let us try to find out the real ghost. Why unnecessarily try to blame the officials ? If the officials have done something wrong, punish them. But you are not capable of punishing them. We have seen this in the case of Mr. Nayak, Mr. Rajwade and many others. Here, the real sinner was somebody else. You kindly try to find out what really Mr. Rameshwar Tantia has got to do with this Lakwa Tea Estate. It is not a family concern of his ? Did he not do wire-pulling to get the price enhanced ? This can be found out in 15 days. You give me the job, and I will find out in 15 days what should be the real price of that tea estate. You are trying to make a mountain of a mole hill, because you want to shield somebody to whom you have given lakhs of rupees of the people's money.

SHRI P. C. SETHI : I would like to point out for the benefit of the hon. Minister

that the ONGC is a Commission which came into being under a statute of Parliament.

SHRI JYOTIRMOY BOSU : Who pays for their finance ?

SHRI P. C. SETHI : According to article 15 of the statute, the ONGC is authorised to spend up to Rs. 50 lakhs on their own without coming to the Government for permission.

SHRI AMRIT NAHATA (Barmer) : That explains why the price was fixed as Rs. 50 lakhs.

SHRI P. C. SETHI : It is not Rs. 50 lakhs. These are two transactions, one for Rs. 28 lakhs and another for Rs. 22.7 lakhs.

I would also like to point out that it is being considered at various levels that the powers of expenditure of public sectors undertakings and such Commissions which come into being by statutes of Parliament should be enhanced. In the case of certain autonomous bodies, it has already been enhanced up to Rs. 1 crore, and it is also being envisaged that for the ONGC also it should be increased to Rs. 1 crore.

Therefore, the Commission never come to the Government for permission for this purchase because it was well within their over-all limited authority. Therefore, to say that the Government influenced the purchase to oblige Mr. Rameshwar Tantia, who at one time happened to be an office-bearer of the Congress Parliamentary Party, is wrong.

As far as the General Manager of the Lakwa Tea Estate is concerned, according to my information he is certainly related to Mr. Rameshwar Tantia, what exactly is the relationship I do not know.

SHRI JYOTIRMOY BOSU : Who are the bulk shareholders of the Lakwa Co. ? Why are you backing the wrong horse ?

SHRI P. C. SETHI : Therefore to bring in the Government and the Congress Party is not correct. This purchase was made entirely by the Oil and Natural Gas Commission.....(Interruptions) When this matter came to the notice of the Government they came to the conclusion that this should be enquired into by the CBI. That shows that as far as the Government were concerned, they were keen to have a thorough enquiry into this matter

SHRI JYOTIRMOY BOSU : Which were the agencies which were entrusted with the evaluation.

SHRI P. C. SETHI : In the case of Nadira Messrs. Talbot, an independent valuation agency evaluated the property at 28.55 lakhs. As for the bushes, Anand Prakash an independent valuer, recommended a price of Rs. 5 per bush and according to this recommendation the price for the bushes should have been Rs. 10.88 lakhs. Negotiations were completed and the payment made was Rs. 22.67 lakhs. That is why I say that when these variations came to notice it was realised that there was something wrong here and a thorough enquiry was required and hence the CBI has been asked to go into it.

SHRI JYOTIRMOY BOSU : who valued Lakwa ?

SHRI P. C. SETHI : I said : Mr. Anand Prakash, an authorised valuer.

MR. SPEAKER : Shri Sat Pal Kapur.

SHRI SHYAMNANDAN MISHRA : Is the CBI equipped to go into economic matters, valuation matters ?

MR. SPEAKER : I am not going to allow anybody else.

श्री सतपाल कपूर (पटियाला) : यह केस भी जिस तरह प्राइवेट सेक्टर पब्लिक सेक्टर को अपने गन्दे हथियारों से नाकामयाब कर रही है उसकी एक साफ तस्वीर है। सी. बी. आई. को इन्कॉर्पोरेशन देने से पहले मिस्टर घोष जो

हमारे लोक सभा के मेम्बर थे उन्होंने यह इन्कॉर्पोरेशन आज से सात आठ महीना पहले सरकार को दी, सितम्बर या अक्टूबर में उन्होंने यह इत्तिला दी थी कि यह स्कैंडल हुआ है और इसकी इन्क्वायरी की जाय और हमारी मिनिस्ट्री को आठ महीने लग गए, इसके बाद इसके ऊपर इन्क्वायरी का आर्डर किया और जो इन्क्वायरी भी हुई वह भी नामुक्मिल है : हम किसी नतीजे पर पहुंच नहीं पाये। मैं यह समझ नहीं सका कि सरकार ने मिस्टर तांतिया को खुश करने के लिए यह सारी कार्यवाही क्यों की ? हमने उनकी जायदाद खरीदी या एक्वायर की तो वह निगोशिएशंस के द्वारा एक्वायर की। भुग्गी भोंपड़ी को एक्वायर कर लेते हैं और बड़े-बड़े आदमियों की जमीन निगोशिएशन से एक्वायर करते हैं ताकि कीमत ज्यादा देनी पड़े। हमारी पार्टी में पहले वह लोग थे जो इस किस्म के काम किया करते थे। लेकिन आज हमें क्या दिक्कत है यह मेरी समझ में नहीं आ रहा है कि आप मिस्टर जानसन को सस्पेंड न करें, तांतिया को ब्लैक लिस्ट न करें, सी. बी. आई. की क्या अभी तक एक्वायरी हुई है, उस एक्वायरी की कोई छोटी मोटी रिपोर्ट इस हाउस को न दें और आगे आप क्या करने वाले हैं इसके बारे में आप हमें बिल्कुल अंधेरे में रखें, इसकी कोई जस्टिफिकेशन नजर नहीं आती। जहां तक मुझे मालूम हुआ है यह जो ड्रिलिंग का सामान आपने खरीदा है या और भी इस सिलसिले के जहाज और दूसरी ड्रिलिंग मशीन वगैरह वर्ल्ड मार्केट से आपने खरीदा है, वर्ल्ड की बीमा कंपनियों ने उनका बीमा करने से इन्कार कर दिया, जापानी कंपनी ने उनका बीमा नहीं किया क्योंकि आप इतनी गन्दी चीज लाए हैं वर्ल्ड मार्केट से कि कोई बीमा कंपनी बीमा करने को तैयार नहीं है। यह भी हो सकता है

[श्री सतपाल कपूर]

कि हमारा जनरल इन्श्योरेंस उनको इन्श्योर कर ले और कल को हमें करोड़ों रुपये का नुकसान हो। आप किस तरह इस मुल्क को ग्रीर पब्लिक सेक्टर को तबाह करते जा रहे हैं यह मेरी समझ में नहीं आता। मैं इस बात से बहुत दुखी हूँ कि आखिर यह सिलसिला कब तक चलेगा? हम करते क्या हैं कि जिसके खिलाफ एन्क्वायरी है वही जवाब भेजता है और मिनिस्टर साहब उसी जवाब को पढ़ कर इस हाउस गुमराह करने की कोशिश करते हैं।... (व्यवधान)... पार्लियामेन्ट्री सिस्टम का काम क्या है...

अध्यक्ष महोदय : पार्लियामेन्ट्री सिस्टम के लिए आप परेशान हैं और मैं सवाल के लिए परेशान हूँ।

श्री पीलू मोदी (गोधरा) : हम लोग पैसे के लिए परेशान हैं जो लूटा जा रहा है।

श्री सतपाल कपूर : सवाल यह है कि आपने इस सिलसिले में इन्क्वायरी क्या स्टेप लिए? क्या सी बी आई की एन्क्वायरी कमेटी की कोई रिपोर्ट आप पार्लियामेंट के सामने पेश करने वाले हैं या नहीं? तीसरे, मिस्टर जानसन को आप कब तक सस्पेंड करेंगे? क्या गिटायरमेंट के बाद उनकी तलाशी की जायगी? तांतिया साहब को ब्लैंक लिस्ट करेंगे या नहीं करेंगे और एक चीज और मैं जानना चाहता हूँ कि क्या इस सिलसिले में कोई पार्लियामेन्ट्री सब-कमेटी बैठे, यह आप कबूल करने को तैयार हैं या नहीं?

MR. SPEAKER : Order, please. There are certain names being mentioned. Those gentlemen are not present in the House and

so they are not in a position to defend themselves. The enquiry is still on. Why should you bring in such names here?

SHRI BHAGWAT JHA AZAD (Bhagalpur) : They are in the fraud. They are involved. Let the Minister find out. It is for the Minister to reply. (Interruption)

MR. SPEAKER : Hon. Members must at least show due care for the procedure : that those who are not in a position to defend themselves should not be named here. (Interruption) Do not be unfair.

श्री सतपाल कपूर : अध्यक्ष महोदय, इस हाउस में कोई ऐसा आदमी नहीं है जो उनका सस्पेंशन न चाहता हो। इस मामले में हाउस बिल्कुल यूनानिमस है। हाउस की ओपिनियन ले ली जाय इस सिलसिले में कि सस्पेंशन होना चाहिए या नहीं?... (व्यवधान)...

अध्यक्ष महोदय : अभी तो आप मिनिस्टर को जवाब देने दीजिए।

श्री पी. सी. सेठी : अध्यक्ष महोदय, जहां तक आयल एंड नेचुरल गैस कमीशन का ताल्लुक है माननीय सदस्य ने एक ऐसा चित्र प्रस्तुत किया है कि जिससे ऐसा मालूम पड़ता है कि आयल एंड नेचुरल गैस कमीशन ने इस देश की कोई सेवा ही नहीं की और इसमें सब काले ही घब्वे हैं। मैं यह निवेदन करना चाहूंगा कि आयल एंड नेचुरल गैस कमीशन जब से स्थापित हुआ है जहां तक सर्विस का ताल्लुक है, जहां तक ड्रिलिंग का ताल्लुक है, जहां तक देश को इस मामले में आत्मनिर्भर बनाने की दिशा में प्रयत्न करने का ताल्लुक है, काफी अच्छी सेवाएं इसने की हैं। जहां तक माननीय सदस्य का यह कहना है और उनकी यह चिन्ता है कि जहां इसने अच्छा काम किया है उसके साथ जहां उसमें कोई कमी या खराबी है तो उसको जरूर सामने लाना चाहिए। इस सम्बन्ध में...

श्री सतपाल कपूर : सिर्फ उनकी पनिश करने की बात है, सब को तो नहीं कहते हैं।

श्री पी. सी. सेठी : मैं उसका जवाब दे रहा हूँ। ऐसी बात नहीं है कि जैसे ही कोई शिकायत आये उस को तुरन्त सी. बी. आई को दे दिया जाय। यह शिकायत सितम्बर-अक्तूबर, 1969 में माननीय सदस्य श्री गणेश घोष की तरफ से आई। उस के बाद ओ. एन. जी. सी. से पूछा गया कि आप को इन चीजों के बारे में क्या कहना है। अब जहां तक एन्कवायरी बैठाने का ताल्लुक है, जब इस चीज को रिकार्ड में देख लेने के बाद मिनिस्टर महोदय कन्विन्स हो गये कि एन्कवायरी होनी चाहिये, उन्होंने तुरन्त इस मामले को सी. बी. आई को एन्कवायरी के लिये भेज दिया।

अब जहां तक किसी के सस्पेंशन का ताल्लुक है, किसी आफिसर का सस्पेंशन रेस्पोंसिबिल्टी लोकेट होने पर हो सकता है। अब यह रेस्पोंसिबिल्टी किस हद तक श्री जानसन पर है, किस हद तक श्री डिल्लों पर है, या फाइनन्स डाइरेक्टर पर है या सिबसागर के एस. डी. ओ. पर है--वह रेस्पोंसिबिल्टी अभी लोकेट होनी है, रेस्पोंसिबिल्टी लोकेट हुए बिना.....

श्री अमृत नाहाटा : रेस्पोंसिबिल्टी लोकेट होने के बाद तो पनिशमेंट होती है।

श्री पी. सी. सेठी : मैं केवल यह कहना चाहता हूँ कि सी. बी. आई एन्कवायरी जल्दी पूरी हो, इस की कोशिश की जा रही है। मैं माननीय सदस्य को यह आश्वासन देना चाहता हूँ कि मैंने कोई ऐसी बात नहीं कही है जिससे सदन गुमराह हो, मैंने जो वस्तुस्थिति है उस पर प्रकाश डाला है। जहां तक माननीय

सदस्य का यह कहना है कि हम ने पोलिटीकली कुछ लोगों को फायदा पहुंचाने की बात की है, शायद श्री ज्योतिमय बसु ने ऐसा कहा था--मैंने इस का पूरी तरह से खण्डन किया है, इस में गर्वमेंट का कोई हाथ नहीं है। ओ. एन. जी. सी. के आफिसरों द्वारा यह डील किया गया है और इस में यह कहना कि इस में सरकार का या पोलिटीकल आदमियों का हाथ था, श्री टांटिया या उन के परिवार को फायदा पहुंचाने के लिये यह किया गया है--आप ऐसा आरोप लगायेंगे, आप से ऐसी अपेक्षा मुझे नहीं थी... (व्यवधान)...इस सिलसिले में पूरी जांच-पड़ताल हो रही है और मैं यह आश्वासन देना चाहता हूँ कि हम फिर से इस बात की कोशिश करेंगे कि यह जांच-पड़ताल जल्द पूरी हो जाय और जो भी नतीजा होगा, उस के अनुसार त्वरित कदम उठाने का पूरा प्रयत्न होगा।

श्री ज्ञानेश्वर प्रसाद यादव (कटिहार) : जहां तक आयोग के भूतपूर्व अध्यक्ष श्री जानसन का सम्बन्ध है, यह बात इस में सिद्ध हो गई है कि वे इस में दोषी हैं। जिस समय वह इस कमीशन के अध्यक्ष थे, उस समय जेको-स्लोवकिया से पेट्रोलियम पाइप की खरीद में भी इन्होंने बहुत बड़ा घोटाला किया था और इन के ऊपर बहुत बड़े चार्जज लगे थे। उस समय भी सरकार ने या विभागीय मंत्री ने उन के इस भ्रष्ट आचरण के कारण उन के ऊपर जांच कमीशन बैठाया था.....

अध्यक्ष महोदय : जो मीशन है उस के बारे में पूछिये।

श्री ज्ञानेश्वर प्रसाद यादव : उसी के बारे में पूछ रहा हूँ--इस गैस आयोग के भूतपूर्व अध्यक्ष--श्री जानसन के खिलाफ पहले से भी जांच चल रही है और सी. बी. आई के पास ऐसे

[श्री ज्ञानेश्वर प्रसाद यादव]

केसेज हैं, लेकिन आज तक उन की जांच-पड़ताल नहीं की गई, अब इस बात से यह शक और भी ज्यादा बढ़ गया है और ऐसा लगता है कि कुछ वरिष्ठ अधिकारियों का भी इस में हाथ है, जिस के कारण इस मामले को दबाया जा रहा है। बहुत दिनों से ये मामले सी. बी. आई के पास है, लेकिन सी. बी. आई ने आज तक इन घुटालों के बारे में कोई प्रतिवेदन पेश नहीं किया और न कोई ऐसी चार्जशीट फ्रेम की है, जिससे उन के खिलाफ कार्यवाही की जा सकती। न पहले मामले में श्री जानसन को सस्पेंड किया गया, न उन के खिलाफ किसी प्रकार की कोई विभागीय कार्यवाही की गई और न इस मामले में कुछ किया गया। इस लिये मंत्री महोदय इस बात पर अपना विशेष बयान दें कि इस प्रकार के कौन से तत्व हैं जिन के द्वारा श्री जानसन को प्रोटक्शन मिल रहा है?

श्री पी. सी. सेठी : अध्यक्ष महोदय, माननीय सदस्य ने जिस पाइप की एन्क्वायरी का जिक्र किया—वह हल्दिया-बरोनी पाइप-लाइन का मामला है, जिस के बारे में एक अलग एन्क्वायरी चल रही है। लेकिन यह बात सही है कि जेकोस्लोवकिया से पाइप का इम्पोर्ट करने के सिलसिले में और दूसरे सीमलस पाइप के इम्पोर्ट करने के सिलसिले में एक केस 21 जनवरी, 1971 को सी. बी. आई ने रजिस्टर किया है—...

श्री इन्द्रजीत गुप्त (अलीपुर) : किस के खिलाफ ?

श्री पी. सी. सेठी : वह ओ. एन. जी. सी. के आफिसर्स के खिलाफ है।

This is a matter which would be cleared only after the inquiry is completed. As for as the registration of the case is concerned, it is a fact that on the 21st January 1971 a case has been registered not only with regard to the import of one type of pipeline from Czechoslovakia but seamless pipes also. CBI is making an inquiry.

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : Registered against whom ?

SHRI P. C. SETHI : Against the officers who were responsible for the import of pipes.

SHRI INDRAJIT GUPTA : Earlier you said that responsibility cannot be fixed until the CBI has conducted the inquiry. Now you say that a case has been registered against those who are responsible.

SHRI P. C. SETHI : When a decision is taken by a group of officers at different levels then it will have to be decided as to who was actually responsible for it. In the case of one type of pipes to be imported from Czechoslovakia, I would like to point out that ultimately those pipes were not imported and only a letter of intent was issued. In the second case some pipes were imported. These cases have been registered and CBI is looking into as to which group of officers are responsible for this and whether there is any *prima facie*, as far as these imports are concerned.

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, मैं एक व्यवस्था का प्रश्न उठाना चाहता हूँ।

अध्यक्ष महोदय : इस में क्या है ?

श्री अटल बिहारी वाजपेयी : आप सुन लीजिये। क्या आप मंत्री महोदय को इस बात की इजाजत देंगे कि वह सदन के सामने आये तथ्य रखे ? उन्होंने माना है कि एक केस रजिस्टर किया गया है, स्पष्ट है कि वह कमीशन के खिलाफ नहीं हो सकता, कुछ अफसरों के खिलाफ होगा...

श्री भागवत झा आजाद : वे कौन से आफिसर्स हैं ? उन नामों में जानसन हैं या नहीं ?

श्री अटल बिहारी वाजपेयी : ये सदन के सामने पूरी जानकारी नहीं रख रहे हैं। आप इन को मजबूर कीजिये कि पूरी जानकारी रखें।

अध्यक्ष महोदय : मैं उन को कैसे मजबूर कर सकता हूँ।

श्री अटल बिहारी वाजपेयी (ग्वालियर) : अध्यक्ष महोदय, मैं आप की इजाजत से एक महत्वपूर्ण प्रश्न उठाना चाहता हूँ। इन दिनों यूनाइटेड नेशन्स के रिक्यूजीज कमिशनर-प्रिंस सद्गुटीन आगाखां नई दिल्ली आये हुये हैं। कल उन्होंने श्री मंत्री श्री खाडिलकर से भेंट की। उस भेंट के बारे में तरह तरह की खबरें

[श्री मटल बिहारी बाजपेयी]

अखबारों में छप रही हैं। अच्छा हो यदि ख़ादिलकर महोदय इस के बारे में सदन को विश्वास में ले और वक्तव्य दें।

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : Sir, if you will direct me I will certainly give it.

MR. SPEAKER : Yes, later on.

SHRI BIRENDER SINGH RAO (Mahendragarh) : Sir, I want to point out.....

MR. SPEAKER : This cannot be taken up in this House. It should be done in my chamber.

SHRI BIRENDER SINGH RAO : I do not know how Shri Bhushan is always lucky.

MR. SPEAKER : He cannot raise it here.

STATUTORY RESOLUTION RE.
MAINTENANCE OF INTERNAL
SECURITY ORDINANCE AND
MAINTENANCE OF INTERNAL
SECURITY BILL—*Contd*

MR. SPEAKER : The House will now take up further consideration of the Maintenance of Internal Security Bill. Shri Murasoli Maran will continue his Speech... I find he is not present here.

SHRI. S. M. BANERJEE (Kanpur) : Sir, yesterday when you were not present here we made a request that the time for this Bill should be increased. We wanted seven hours for general discussion and two hours for the rest of the stages.

MR. SPEAKER : This was decided by the Business Advisory Committee and later on approved by the House.

SHRI S. M. BANERJEE : I can move a motion that time should be extended to ten hours.

MR. SPEAKER : No. This was decided by your own selves. Balance is already two hours more.

SHRI S. M. BANERJEE : The Business Advisory Committee decided that it should be given seven hours and you said that you could extend it by one hour more, if necessary.

MR. SPEAKER : Half an hour or so; we will make that marginal adjustment.

SHRI DINEN BHATTACHARYYA (Serampore) : Half an hour is not enough.

MR. SPEAKER : Do not get me committed on this.

श्री दीनेन भट्टाचार्य : हम लोगों को बन्द करने का प्रबन्ध किया जा रहा है और आप टाइम भी नहीं देंगे ? ... (व्यवधान) ... हम लोग बन्द तो होंगे ही लेकिन कम से कम बोलने का मौका तो देना ही चाहिए।

श्री एम. रामगोपाल रेड्डी (निजामाबाद) : अध्यक्ष महोदय, कल मैंने बाजपेयी जी और श्री ज्योतिर्मय बसु के भाषणों को सुना। बड़े आश्चर्य की बात तो यह है कि दोनों नेता एक होकर कांग्रेस गवर्नमेन्ट के ऊपर झंडा उठा रहे हैं। मैं समझता हूँ यह पहला ही मौका है जब इन दोनों नेताओं ने एक साथ मिलकर गवर्नमेन्ट के ऊपर झंडा उठाया है। मैं आपके द्वारा इस सदन का ध्यान इन्टर्नल सिक्योरिटी बिल की तरफ दिलाना चाहता हूँ। देश में इन्टर्नल सिक्योरिटी बहुत ही जरूरी है। दूसरे मुल्कों में भी ऐसे कानून होते हैं लेकिन बाज मुमालिक में तो ऐसा होता है कि यदि कोई व्यक्ति देश ब्रोह की बात करता है तो उसको लिक्वीडेट

क्रिया जाता है, उसको जिन्दा नहीं रखा जाता है। यह बात चाइना में होती है। लेकिन इसके बावजूद हमारे ज्योतिर्मय बसु यहां पर हमारे मुल्क में जबकि हम सिर्फ जेल में रखने की बात करते हैं ताकि वह व्यक्ति मुल्क के साथ गद्दारी न कर सके, उसपर भी एतराज कर रहे हैं। अगर इस बात को भी वे पसन्द नहीं करते तो फिर क्या इस रास्ते को छोड़कर वही लिक्विडेशन का रास्ता ही अस्तित्वार करना पड़ेगा? पिछले एलेक्शन में इस मुल्क की बहुत बड़ी अक्सरियत ने कांग्रेस का साथ दिया है इसलिए कांग्रेस गवर्नमेंट का फर्ज हो जाता है कि वह इस मुल्क के लोगों की भलाई करे। लोगों की भलाई करने के लिए इस बिल की बहुत जरूरत है। अगर कोई किसान खेती करता है तो उसके लिए अपने खेत में बाड़ लगाना जरूरी हो जाता है ताकि जंगली जानवर अन्दर न घुस सकें। इस वक्त इस हिन्दुस्तान के बाग में बहुत से जंगली जानवर घुसने की ताक में हैं इसलिए बहुत दूरन्देशी के साथ एन्ट जी ऐन वक्त पर यह बिल लाये हैं क्योंकि अब इससे ज्यादा और देर नहीं की जा सकती थी।

यहां पर यह कहा गया कि इस बिल को लाकर बहुत अन्याय हो रहा है। मैं कहना चाहता हूँ कि अगर तमाम पोलिटिकल पार्टीज के वर्क्स का हिसाब लगाया जाये तो वह दो तीन लाख से ज्यादा नहीं होंगे और अगर तमाम गवर्नमेंट सर्वेन्ट्स का हिसाब लगाया जाये तो वह भी दो परसेन्ट से ज्यादा नहीं होंगे। इनके अलावा जो खेती करने वाले हैं या जो लोग खेती में मजदूरी करते हैं उनका कुछ बिगड़ने वाला नहीं है। मैं स्वतन्त्र पार्टी के श्री पीलू मोदी और जनसंघ के श्री वाजपेयी जी से कहना चाहता हूँ कि उनको भी इससे कोई खतरा नहीं है। खतरा सिर्फ उन लोगों को हो सकता है जो कि इस देश के साथ देशद्रोह

का काम करते हैं। इसलिए मैं कहना चाहता हूँ कि इस बिल को फौरन पास होना चाहिए। अगर इसको पास करने में और कुछ देर की गई तो इस मुल्क के सामने खतरा पैदा हो सकता है। खतरे की घंटी बज चुकी है। और मैं समझता हूँ इसीलिए गवर्नमेंट फौरन ऐक्शन लेने के लिए तैयार हो गई है। इस बिल के पास होने से डिमोक्रेसी पर कोई आंच नहीं आने वाली है बल्कि अगर डिमोक्रेसी को इस मुल्क में जिन्दा रहना है तो उसके लिए इस बिल का पास होना बहुत जरूरी है। जिन लोगों को डिमोक्रेसी पर फेथ नहीं है, जिनको डिमोक्रेसी पर भरोसा नहीं है और जो कि इस देश में डिमोक्रेसी को बर्बाद और डेस्ट्रॉय करना चाहते हैं वही लोग इस बिल के खिलाफ आज आवाज उठा रहे हैं। लेकिन मेरी समझ में यह नहीं आता कि वाजपेयी जी को क्या हो गया है, वे क्यों यहां पर इस किस्म की आवाज उठा रहे हैं? मैं चाहता हूँ कि वाजपेयी जी अपने पूरे के पूरे अमेंडमेंट्स वापिस ले लें।... (व्यवधान)... जनसंघ और स्वतन्त्र पार्टी के लोग तो बार बार गवर्नमेंट आफ इंडिया की नुक्ताचीनी डिफेन्स आफ इंडिया रूल्स को लागू न करने के लिए कर रहे थे लेकिन आज वही लोग अपने पोलिटिकल एडवान्टेज के लिए, क्योंकि देश में उनकी साख बहुत गिर गई है, लेफ्ट कम्युनिस्टों की सहायता कर रहे हैं। यह बड़ी बदकिस्मती की बात है कि जो सुबह से शाम तक देशभक्ति का नाम लेते हैं और यह कहते हैं कि भारतीय जनसंघ देशभक्ति की निशानी है वही लोग आज जो कानून देश की भलाई के लिए पास किया जा रहा है उसकी मुखालिफत कर रहे हैं।

यहां पर यह भी कहा गया कि आंध्र प्रदेश में साढ़े चार लाख एन. जी. ओष ने जो

[श्री एम. रामगोपाल रेड्डी]

हड़ताल की थी उनके खिलाफ यह कानून लागू किया गया। मैं कहना चाहता हूँ कि आंध्र प्रदेश में सिर्फ साढ़े चार लाख लोग ही नहीं हैं बल्कि वहां पर साढ़े चार करोड़ लोग हैं और वह साढ़े चार करोड़ लोग उन साढ़े चार लाख लोगों के खिलाफ थे। अगर कल को गवर्नमेंट आफ इंडिया के एम्पलाइज इस देश के सामान्य लोगों के हित को नुकसान पहुंचाना चाहते हैं या कोई और इस प्रकार का संघर्ष करना चाहते हैं तो उनके ऊपर भी यह कानून लागू किया जाएगा और उनको जेल में कर दिया जाएगा। हमारे सामान्य लोग जो गांवों में बसते हैं उनकी 36 पैसे रोज की आमदनी नहीं है—यह बात लेफ्ट कम्युनिस्टों की तरफ से रोज कही जाती है।... (व्यवधान)... कल बाजपेयी जी ने यहां पर घमकी भी दी कि एजिटेशन करेंगे। हमारे लेफ्ट कम्युनिस्ट शायद उकसाने की कोशिश करें लेकिन हमारे एन. जी. ओज और हमारे आफिसर्स देशभक्त हैं और वे इस देश की भलाई के लिए काम करने को तैयार हैं। वे आप लोगों के उकसाने में नहीं आयेंगे। आपके उकसाने के बावजूद दो तिहाई से ज्यादा मेजारिटी कांग्रेस को मिली हैं और आगे कोई एलेक्शन आयेगा तो तीन चौथाई मेजारिटी आयेगी। मेरी आपके जरिए दरखास्त है कि इस बिल को फौरन पास करना चाहिए।

SHRI AMRIT NAHATA (Barmer) : Mr. Speaker, Sir, I was listening to the speech of Shri Jyotirmoy Basu very attentively and he betrayed his utter lack of understanding of the situation and made a profoundly un-Marxist analysis when he said that this Bill is an attempt.....

MR. SPEAKER You continue after lunch.

We adjourn for lunch to meet again at 2 O'Clock.

13 hrs.

The Lok Sabha adjourned for Lunch till Fourteen of the Clock.

The Lok Sabha reassembled after Lunch at three minutes past Fourteen of the Clock.

[MR. DEPUTY-SPEAKER *in the Chair*]

STATUTORY RESOLUTION RE. MAINTENANCE OF INTERNAL SECURITY ORDINANCE AND MAINTENANCE OF INTERNAL SECURITY BILL—*contd.*

SHRI AMRIT NAHATA : Mr. Deputy-Speaker, Sir, Comrade Jyotirmoy Bosu, in his speech, said that this Bill is an instrument to prop up the tottering regime of Mrs. Indira Gandhi. Now, Sir, this is a very fantastic and almost ridiculous statement. Anybody who has even remnants of commonsense left in him would agree with me that the present regime of Mrs. Indira Gandhi is not at all tottering. He said that this Bill is an ample proof to show that it is a semi-fascist regime.

Sir, in the last Lok Sabha, Shri Bal Raj Madhok once called our Prime Minister a dictator. The mantle has now fallen on the very willing shoulders of Comrade Jyotirmoy Bosu.

Shri Atal Bihariji quoted Shakespeare and said that what is there in a name. This is just the same old wine in a new bottle. But he let the cat out of the bag when he said that he would support the Bill if it was called the Treason Bill.

So, it seems, the opposition is only to the name, not to the contents.

Our Minister, Shri K. C. Pant laboured hard to indulge in an airy sabre-rattling with

Shri Atal Bihari Vajpayee. I am too pedestrian indulge in these exercises in abstractions concerning individual liberty and State security.

Just as it was a painful duty on the part of Shri Pant to defend the Bill, I feel duty bound not to extend whole-hearted support or a total support to this Bill.

It would be a breach of trust that the people have reposed in me. In my constituency, there is 350 mile long border with Pakistan. The aims and objects of the Bill mention events across the border. I think there is a border on the east and there is a border on the west. Along the western border in my Constituency Muslims, Scheduled Caste people and Caste Hindus are almost in equal proportions. About 35 per cent of the population is Muslim. You will not find a single constable in the Police, a single peon, or a single clerk anywhere in the Administration, who belongs to the minority community.

There is already a Preventive Detention Law in force in Rajasthan. The people in my constituency fell very much harassed by that lawless law.

I want to tell you some of the concrete examples and I want to express my own genuine apprehensions that once this Bill becomes an Act, it would further add to the hardships and the fears that beguile my people. Magistrates would be entrusted with the task of enforcing this law.

There is one young boy-his name is Murad Ali Abra, a muslim boy from my constituency,---the first to do his M. A. from Aligarh Muslim University. He wanted a job. A magistrate called him. He asked : "Have you done your M. A. from Aligarh Muslim University ?" The boy said, 'Yes, Sir'. The Magistrate said : "Then, you are a Pakistani spy; don't enter the district."

SHRI S. M. BANERJEE : The Magistrate should be sacked.

SHRI AMRIT NAHATA : There is a law in my State. This law says that religious buildings cannot be constructed without permission. Now, the Police makes a report that such and such a mosque is built without permission. The case goes before a Magistrate. The Magistrate says in his judgment, from the police records. I find that the mosque has been constructed without permission. It was constructed more then 150 years ago.

I have personally visited that mosque. That mosque was ordered to be demolished. Dozens and dozens of mosques have been ordered to be demolished by the Magistrate without taking any evidence of any sort of people. Police constables and Intelligence people, the Border Security Force, the Central Intelligence people, even the patwaris and other officials in the area are supposed to be the guardians of State security. During days of recurrent droughts if a man goes to some other place with his cattle and goats in search of pastures, when he comes back, the patwari tells him, 'Either give me such and such a bribe, or, I will report that you had been to Pakistan. This Damocles' sword hangs over the entire population of the border region. It is used as an excuse for extracting money, goats, ghee, and even girls from the people. They are loyal if the policemen are bribed ; they are disloyal if they refuse to bribe the policemen.'

And, Sir, the person who is in charge of the intelligence there is notorious for his bouts and for his wanton evenings with wine and women. It is common knowledge that a large number of police authorities are in collusion with smugglers. They are corrupt. They are rabidly communal. They are in league with anti-national elements, and Government want to arm these very people to safeguard the security of the nation and to keep a watch on spies. I am afraid that this Bill will create more hardships for my people. Distrust begets distrust. You assume that every man who belongs to the minority community is disloyal. You harass him, and you take away his lands. You would be surprised to know this during these elections, if a patwari went to the returning officer and said, 'Yes, this person's name appears on

[Shri Amrit Nahata]

SHRI AMRIT NAHATA : Yes.

the electoral rolls, but he has been to Pakistan, then that person was prevented from voting. Hundreds of such persons whose names did appear on the electoral rolls were prevented from voting by a report from a patwari. A patwari who is in league with the feudal reactionary elements, a patwari who is the neo-tyrant of the village, a patwari who harasses and extorts money from the people is the guardian of the security of the State, and so also the police constables.

Cattle does not know where the border is. It often strays into Pakistan and Pak cattle often strays into India. Then, these people who guard the security of the borders, enter into some sort of agreement with the people on this side or on that side, and they take money from the people on this side or on that side and then arrive at a settlement and the cattle is returned or not returned.

So, my objection to the Bill is very empirical, very practical. I do not know what security of State or what individual liberty is at stake. But I do know that this Bill, an apology for which is already in existence in Rajasthan, when enacted will create far more difficulties, because the people who would administer this Bill when it becomes law, and who would be entrusted with these vast powers would harass the people far more than what they are already doing. It is true that some safeguards have been provided in this Bill, but those safeguards are meaningless.

Anybody can be detained for 12 days or 22 days. But it is not the actual detention, but it is the threat of detention which matters. The elected Pradhan of one panchayat samiti was detained. What was the ground? It was that he wanted to bring back those Muslims who had gone to Pakistan during the 1965 war. No proof was ever advanced, and no evidence was ever recorded, and he was detained for months together on the imaginary plea that he wanted to bring back those Muslims who had left the country for Pakistan during the 1965 war.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : Was the Pradhan a Muslim?

There is another aspect which I would like to mention. I want to impress upon the Government to understand the objective conditions in our country as they prevail today. What is the main threat today to the internal security, internal peace and order? I am afraid the Government are very complacently sleeping over the dangers that loom large on our horizons. Let us not ignore those dangers. I am at least very much perturbed that if the things are allowed to continue as they are continuing, soon we shall have a spate of communal riots in our country. I want to warn this Government that if right from now onwards, the Government do not take precautionary measures and do not arm themselves with powers, they will be taken unawares, and all along the country we shall have a horrible scene where blood will again shed in the streets.

We know that refugees are coming to our country. And millions of them have come in. The entire nation, and I am sure the entire progressive mankind, is in full sympathy with these refugees. But howsoever secular, and howsoever patriotic and howsoever beleaguered and howsoever harassed these refugees may be, history shows that all over the world they are the carriers of poison. But for the Palestinian refugees, the West Asia problem would have been solved long ago. Let us not forget that it will create complications in our country too. There is not only a burden on our economy, but I am afraid it will create political complexities also in our country. Government must guard itself against the dangers of these political complexities. If there is any need for drastic action, I think right now the RSS must be banned if Government wants to safeguard our internal security and order. Let the RSS and other communal organisations be banned. If they do not do it, but bring such abstract Bills before us, for which I do not think conditions warrant, as I do not think there is such a threat to the security of the country from outside or from spies there is no spate of spies coming from Pakistan; I am sure about it we are not going to solve our problems.

SHRI JYOTIRMOY BOSU : That was why your Prime Minister awarded Padma Bhushan to Shri Hansraj Gupta, RSS Chief. The man was arrested after Gandhiji's murder. We know about this underground collaboration.

SHRI AMRIT NAHATA : The situation warrants drastic and bold action against communal organisations which Government tried once in the last Lok Sabha but retreated because of the very misplaced opposition of the so-called leftist parties. I would urge upon Government to realise the real dangers, not imaginary ones, and take action against these dangers.

SHRI S. A. SHAMIM (Srinagar) : There has been a deliberate attempt on the part of the Congress party to make this a debate between the Communist Marxists and Government. That impression is incorrect ; this is a battle between the forces of democracy and those forces which want to stifle it. This should be understood at the very outset.

It was in 1950 when the Preventive Detention Bill was first introduced by Sardar Patel and he preambled it with the statement that it was a very unpleasant duty and he had not had three nights sleep when he thought of introducing it. This time the Bill was being introduced by Shri K. C. Pant, but I did not see any anxiety or agony on his face ; he was wearing one of the most charming and disarming smiles and others of his party were applauding him for having done something extraordinarily beneficial to the mankind and this country. That makes the difference ; the sense of guilt when the Bill was first introduced has completely vanished now ; it has now turned into a sense of glory, as if they were doing something extraordinarily good.

May I invite the attention of my learned friends as to what the conflict is ? Who does not want the integrity of the country to be preserved ? Who says that democracy and democratic institutions should not flourish ? Who would not like to hang all those who are out to destroy democracy and its institutions ? So what is the conflict between you and us ? Both of us are agreed on that. The conflict is when you say that you want

to sit in judgment, when you want to decide for yourself as to who is a traitor and who is a risk to the security of the country and who is not ? Our entire judicial system is based on certain principles of natural justice. Even if you see a murder being committed, you cannot simply hang the murderer. You have got to go to a court and prove it. You cannot even convict a person for his confession, with the exception of Nagarwala, of course—that is a unique case. If you want to hang Jyotirmoy Basu on a charge of murder, please hang him, but let him prove his innocence in a regular court of law. Let charges be framed as they would be framed ordinarily against any ordinary criminal for murder. But here the offence has not been committed. It is only likely to be committed. This basic difference should be understood. You want to prevent a thing ; therefore, you take a more drastic measure. The basic conflict is this. We agree that criminals, people who are a security risk should be punished, but who will sit in judgment ? Your justification is the integrity of the country. That is the danger. This is what Yahya Khan has been saying for the last 2½ months, that is how he has been massacring thousand of people.

SHRI VAYALAR RAVI (Chirayinkil) : He is equating the Government of India with Yahya Khan. This is objectionable.

SHRI S. A. SHAMIM : These are the dangers inherent in the situation where you give arbitrary powers to the ruling party. (*Interruptions*) Like Hitler before him in this century, Yahya Khan is inventing, creating justifications in the name of the integrity of the country, in the name of the solidarity of the country. And who does not condemn him, that butcher of Pakistan ?

SHRI VAYALAR RAVI : He is the man who supported Yahya Khan.

SHRI S. A. SHAMIM : I want him to withdraw these words. This is an insinuation. It is only because he thinks that I am a Muslim that I can be maligned. Mr. Nahata from the other side gave a very brilliant exposition against the Bill, but he never interrupted him. I have supported Mujibur Rehman. I condemn in no uncertain terms Yahya Khan. Do not put a

[Shri S. A. Shamim]

premium on irrationality. Do not dictate what I should say, in what language I should say.

Much before you started ruling this country, greater tyrants have ruled the world, and they had their own justifications for killing people. Here you are not killing us, you are seeking justification for depriving us of our freedom. That is the analogy. (*Interruption*)

SHRI PILOO MODY (Godhra) : I do not expect that the members of the ruling party will ever understand what freedom is.

SHRI S. A. SHAMIM : The shoe is pinching them.

MR. DEPUTY-SPEAKER : You have very little time. Do not provoke controversy. Come to the point.

SHRI S. A. SHAMIM : I am just saying what I feel about it, and the hon. Members on the other side are quite free to counter my arguments. We have listened to the beautiful garments of justification which they have woven from the fabric of their own prejudices. We are entitled to see through the game.

So, no such situation existed in the country and it does not exist. This country has been ruled without the Preventive Detention Act for at least one year, from the time when the Congress Party could not get it renewed last year. What has happened during this one year ? You had one of the most peaceful elections and peace on the borders too, according to the Prime Minister and her supporters. If the country could be run without the Preventive Detention Act for one year and with peace on all the frontiers, why cannot it be run even today ? What is going to happen ?

The provision for an advisory Board is being presented to us on a platter as a concession. You are so generous, so kind to humanity, to your citizens. We say that these Advisory Boards will be of no effect

because you have deprived them of the very process of law, the legal process, the legal procedure, which is the basis of our administration of justice. Let us see the other countries. We are trying to ape the British pattern of democracy. Let us see how Britain faced the danger, placed in a similar situation, may, in a much worse situation. Did they resort to the Preventive Detention Act or the Maintenance of Internal (IN) Security Act as you have ?

It is said that these are men of integrity who will not misuse it. I agree. But then you are not likely to be there for all times to come. This Act can be handed over according to your own assertion to Jyotirmoy Bosu, Atal Bihari Vajpayee or some others who are not, according to your definition, as pious and considerate as you claim to be. So it is not a question of who wields the instrument ; it is a question of what is the nature of the instrument.

My time has been taken up by interruptions and I shall conclude in a minute. I am a witness to the practical application of this Act in the State of Jammu and Kashmir. In September, 1963 Bakshi Ghulam Ahmed happened to be the greatest patriot living ; he was the Prime Minister of Jammu and Kashmir State. But in September, 1964 this greatest of all patriots was arrested under the PD Act. The charge : he was going to move a no confidence motion. This Act gives power to the Deputy Commissioners and District Magistrates and all of them are not as pious, apparently, as Mr. Pant and my hon. friends on the other side. One day will come when you will not be in power, my friends, and you will be hauled up by the Deputy Commissioners. At that time also you will find defenders in us to defend your rights just as we are defending the rights of millions today.

श्री ए. पी. शर्मा (बक्सर) : उपाध्यक्ष महोदय, कल बहुत ही धोरज के साथ और बहुत ही शान्ति के साथ मैंने श्री अटल बिहारी वाजपेयी, श्री पीलू मोदी, श्री ज्योतिर्मय बसु और श्री रानेन सेन, इन चार महानुभावों के भाषण सुने। उनके भाषणों के दौरान मुझे ऐसा

लगा कि जितनी कड़वी और तीखी बातें श्री ज्योतिर्मय बसु को करनी चाहिये थीं उससे भी अधिक कड़वी और तीखी बातें श्री वाजपेयी ने कीं। और श्री पीलू मोदी का तो कुछ कहना ही नहीं है। इन चारों दलों के माननीय सदस्यों के विचारों में कोई एका नहीं है, एक दूसरे के विरोधी हैं, इस हाउस में भी एक दूसरे के विरोधी हैं और बाहर भी हैं। लेकिन सिर्फ राजनीतिक बातों को पूरा करने के लिए एक राजनीतिक दृष्टिकोण से इन सभी लोगों ने इस बिल का विरोध किया है।

वाजपेयी जी ने तो इस बिल का विरोध करते हुए बहुत सी बातें कह डालीं। उन्होंने स्वतन्त्रता के समय में जो लड़ाई चल रही थी और उस समय जो विदेशी सरकार और तब उस सरकार ने इस देश में जो इस तरह के कानून बनाये थे, उनका भी जिक्र किया और कहा कि इससे बुरा कानून उन्होंने नहीं बनाया था।

मैं कहना चाहता हूं कि यह कानून कोई आज पहली मर्तबा इस हाउस के सामने नहीं आया है। जब 1950 में हमारे देश में संविधान पास और लागू हुआ, तो उसके एक महीने बाद ही उस समय के हमारे देश के बड़े बड़े नेताओं को इस तरह का कानून बनाने की आवश्यकता पड़ी (व्यवधान) इसलिए कि जो हमारे देश के बाहर के दुश्मन हैं, उनका तो हम मुकाबला कर सकते हैं, लेकिन देश के अन्दर भी जो ऐसे लोग हैं, जैसे मेरे भाई श्री ज्योतिर्मय बसु हैं, जो विदेशों के इशारे पर चलने वाले हैं, (व्यवधान) जो अहिंसा की नीति में विश्वास नहीं करते हैं, जिनके सारे कार्यक्रम हिंसात्मक होते हैं, आवश्यकता पड़ने पर उनके खिलाफ कार्यवाही की जा सके।

श्री वाजपेयी जी ने कल व्यक्तिगत आजादी की बात कही। मैं यह जानना चाहता

हूं कि वह किस बात के लिए आजादी चाहते हैं। डा० रानेन सेन ने कहा कि वह कलकत्ता को हम लोगों से ज्यादा जानते हैं। मैं इन माननीय सदस्यों से यह कहना चाहता हूं कि इस देश में जो खून, हत्या और लूट-मार करने वाले हैं, जो लोग विदेशों के इशारे पर चलते हैं, जैसे सी. पी. एम., सी. पी. (एम. एल.) और नक्सलाइट पार्टी हैं, क्या ऐसे लोगों और पार्टियों के लिए वे व्यक्तिगत आजादी चाहते हैं। श्री पीलू मोदी ने इस बिल का विरोध किया, लेकिन साथ ही यह भी कहा कि वह इसको बंगाल में लागू करने के लिए राजी हैं। (व्यवधान) मैं श्री शमीम को कहना चाहता हूं कि कल श्री के. सी. पन्त ने कहा था कि आपको घबराने की जरूरत नहीं है, आप इस कानून से क्यों डरते हैं। (व्यवधान)

जैसा कि मैंने पहले कहा है, यह कानून पहली बार इस सदन में नहीं आया है। आजादी के बाद सात बार इस कानून की अवधि बढ़ाने के लिए बिल इस सदन में लाया गया है और यह आठवीं बार है। (व्यवधान)

यह कहा गया है कि देश में जो साधारण कानून हैं, उनके जरिये भी लोगों के खिलाफ कार्यवाही की जा सकती है। मैं यह जानना चाहता हूं कि साधारण कानून के जरिये कब कार्यवाही की जायेगी—जब किसी की हत्या हो जायेगी, जब शान्ति या देश की सुरक्षा के विरुद्ध अपराध हो जायेगा? आज हालत यह है कि देश में जन-जीवन के लिए खतरा पैदा कर दिया गया है, किसी का भी जीवन सुरक्षित नहीं है, चाहे वह राजनीति में काम करता हो या न करता हो।

[श्री ए. पी. शर्मा]

कल मजदूरों की ट्रेड यूनियन की दुहाई दी गई। मैं श्री ज्योतिर्मय बसु से यह जानना चाहता हूँ कि उन्होंने आल-इंडिया ट्रेड यूनियन कांग्रेस से बाहर निकल कर सी. आई. टी. यू. क्यों बनाया। (व्यवधान) इसका कारण यह है कि आल-इंडिया ट्रेड यूनियन कांग्रेस संविधान और कानून के अन्तर्गत, एक डेमोक्रेटिक तरीके से, मजदूर संगठन चलाना चाहती है और उसमें उनका विश्वास नहीं रहा। वह अशान्ति के रास्ते से अपना सारा काम करना चाहते थे, इसलिए वह ए. आई. टी. यू. सी. से बाहर निकल गये। श्री वाजपेयी चाहते हैं कि इस तरह के विश्वास रखने वाले लोगों को छूट दी जाये कि वे देश में जो कुछ भी करना चाहें, करें (व्यवधान) और जब इस तरह की घटनायें हों, तो उनके बाद साधारण कानून के अन्तर्गत उनका ट्रायल किया जाये। मैं वाजपेयी जी से पूछना चाहता हूँ कि सी. पी. (एम.), सी. पी. (एम.-एल.) और नवसलाइट्स के साथ उनकी दोस्ती कब हुई। इसी लिए जब वह कल बोल रहे थे, तो मैंने कहा था कि मेरी समझ में नहीं आता कि जनसंघ के नेता श्री वाजपेयी बोल रहे हैं या सी. पी. (एम.) के नेता, श्री ज्योतिर्मय बसु, या सी पी (एम-एल.) के कोई नेता बोल रहे हैं। (व्यवधान)

कहा जाता है कि इस कानून के द्वारा लोगों की व्यक्तिगत आजादी का अपहरण होगा, जो निर्दोष लोग हैं, उन पर जिला मजिस्ट्रेट कार्यवाही करेंगे, उन को डीटेन करेंगे। कितने दिन तक? बारह दिन तक? बारह दिन के अन्दर स्टेट गवर्नमेंट का एपारुवल लेना पड़ेगा और उसके साथ ही तीस दिन में एडवाइजरी कमेटी के सामने मामले को ले

जाया जा सकता है। (व्यवधान) अगर एडवाइजरी कमेटी फैसला करेगी कि डिटेन्शन गलत है, तो उस व्यक्ति को तुरन्त रिहा कर दिया जायेगा।

श्री समीम ने हम लोगों को डराया है कि एक दिन वह भी आने वाला है, जब डिस्ट्रिक्ट मजिस्ट्रेट कांग्रेस के सदस्यों के खिलाफ भी कार्यवाही करेंगे। मैं उनसे कहना चाहता हूँ कि कांग्रेस के लोगों ने डिस्ट्रिक्ट नहीं, बल्कि एक विदेशी शासन के खिलाफ संघर्ष किया। उन्होंने आजादी की लड़ाई लड़ते हुए हर तरह की कुर्बानी दी। इसलिए वे माननीय सदस्य की धमकी से डरने वाले नहीं हैं। (व्यवधान) उनको पता नहीं है कि कांग्रेस के लोगों ने देश की आजादी की लड़ाई लड़ी (व्यवधान) और अब देश की आजादी हासिल करने के बाद उसकी आजादी और सुरक्षा कायम रखने का काम भी कांग्रेस के लोगों का है, उनका नहीं। (व्यवधान)

यह जो बिल इस सदन में लाया गया है, मैं इसका समर्थन करता हूँ। मैं श्री वाजपेयी से निवेदन करना चाहता हूँ कि मैंने अभी जो बातें कहीं हैं, उन पर वह गौर करें। आज बंगाल में हालत यह है कि कोई भी राजनैतिक पार्टी का आदमी, कोई भी मजदूर संगठन में काम करने वाला आदमी निर्भीक होकर नहीं चल सकता है। वहां पर खुले-आम लोगों की हत्या की जाती है।

जो माक्सिस्ट नीति से भिन्न पार्टियाँ हैं, जैसे जनसंघ और स्वतन्त्र पार्टी, वे शान्ति के रास्ते में विश्वास करती हैं, या सी. पी. आई., जो सांविधानिक तरीकों में विश्वास करती हैं, उनको इस कानून का समर्थन करना चाहिए। इसलिए मैं श्री अटल

विहारी बाजपेयी, श्री पीलू मोदी, डा० रानेन सेन और श्री एस. एम. बनर्जी से निवेदन करूंगा कि चूंकि यह कानून देश की सुरक्षा के लिए, और जो लोग हिंसात्मक नीति में विश्वास करते हैं, उनको हिंसात्मक कार्यवाहियां करने से रोकने के लिए बनाया जा रहा है, किसी को दंडित करने के लिए नहीं, इसलिए वे इसका समर्थन करें।

इन शब्दों के साथ मैं इस बिल का समर्थन करता हूँ।

SHRI R. D. BHANDARE (Bombay Central): Sir, having heard the speeches of some members of the opposition, I am not surprised that they are opposing this measure. Mr. Bosu professes democracy by lips, but in fact he is an agitator by profession. Whenever I look at him, I always find him agitated. But I am surprised that Mr. Vajpayee has joined in raising the voice of protest along with the CPM member.

SHRI ATAL BIHARI VAJPAYEE (Gwalior): He joined me.

SHRI R. D. BHANDARE: I do not know whether he joined you or you joined him. Anyway, your voice was one with him against the Bill. I think Mr. Vajpayee also is demagogue by profession, but whenever he speaks, he is a demagogue by practice. I am using very mild term. He is bordering on the line of fascism and demagogy. Mr. Piloo Mody is a democrat by business, but a humourist by habit. He would always like to humour the House into laughter. From that point of view, he opposed the Bill.

I agree with some of the philosophers that liberty as an all-precious thing is to be safeguarded and respected. But at the same time, democratic civil society must be preserved at all costs, if necessary at the cost of liberty and life of some individual. This measure should be looked at from that point of view. There has always been a conflict between liberty and authority,

between individual rights and civil society. This conflict has been tried to be solved at different stages of history by every nation. Therefore, we must look into the Constitution itself to find out whether the Constitution in fact tries to bring about a reconciliation between liberty and authority, between a political society and individual interests. What is the scheme of article 22? It tries to bring about a reconciliation in such conflict.

I may inform Shri Shamim that ours is not the first country which has tried to bring about such a measure. Shri Shamim said that UK had gone through many agonies but she did not find it necessary to pass such a measure. I do not know whether he is aware of the fact that during the two world wars England also had what is known as the Defence of the Realm Acts and the Indemnity Act which were repealed after the war. I do not know whether he has read today's newspapers where it is stated that action has been taken against *New York Times*. I am not justifying that action. I am only giving it as an illustration. Even USA had the Internal Security Act of 1950. Even today they have also the Federal Anti-Espionage Act. Australia also has similar measures.

I would ask Shri Vajpayee whether he really and sincerely believes that conditions do not exist which call for the enactment of such a measure. Is he not aware of the fact that Naxalites are found all over the country? Some six months back a map of India was published giving the spots where the Naxalites are carrying on their activities. It is seen from that there is not even a single big town where Naxalites are carrying on their activities. Therefore, those who believe in democracy should not forget the present political conditions in our country. I ask Shri Vajpayee why he wants to commit political *harakiri* by joining the Communist Marxists in raising this question.

The scheme of this Bill is in conformity with article 22 of the Constitution. That article envisages three conditions for any enactment relating to the detention of people. Firstly, there must be permissive

[Shri R. D. Bhandare]

limits. Whenever a Preventive Detention Act or Internal Security Act is passed, the permissive limit is the first condition. The Constitution envisages that democratic institutions must be preserved at all costs. But for want of time I would have quoted John Stuart Mill, who said that institutions are the creation of men and, therefore, they ought to be preserved at all costs, if necessary, at the cost of the life and blood of the tyrants who would like to destroy such institutions. This principle has been accepted in article 22 because it expressly lays down that no person should be detained without a particular limit. That has been sought to be done under the Bill.

Secondly, it prescribes the minimum procedure which ought to be followed. The third limit, which has been laid down by article 22, is that the person detained must be given information as to the grounds on which he should be detained. The permissive limits are laid down in the Bill.

Can Shri Vajpayee, or for that matter any person who has opposed this measure, say that it has not given certain safeguards? Let me point out to clause 3, sub-clause (3), which lays down safeguard number one. If the subordinate detains any person, that subordinate authority must inform the State of this fact within twelve days, unless it is approved by the State Government in the mean time.

Then, clause 8, sub-clause (1) says, that the grounds of detention must be enumerated by the detaining authority within five days. Under clause 10 every case of detention is to be referred to the advisory board within thirty days from the date of detention. The fourth safeguard is that the constitution of the advisory board under clause 9 is also envisaged.

Who are to be the members of the advisory board? They should either be Judges or persons having the status of Judges of the High Court. They have to go through the papers or record placed before them.

Then, the fifth safeguard is that the principle of natural justice is also incorpora-

ted in this Bill; that the detenu must be heard. I would have certainly suggested to the Government that the right to cross-examine should also have been incorporated in this Bill.

SHRI ATAL BIHARI VAJPAYEE : Do it.

SHRI R. D. BHANDARE: I am suggesting it.

SHRI S.A. SHAMIM : It will will not be accepted.

SHRI ATAL BIHARI VAJPAYEE : If they do not accept it, you oppose the Bill.

SHRI R. D. BHANDARE : Because the proposal has not been accepted everybody must resign, what a fantastic proposition my hon. friend is laying down.

SHRI ATAL BIHARI VAJPAYEE : Let him not resign, but let him oppose the Bill.

SHRI R. D. BHANDARE : As a jurist I am suggesting a point which may not be accepted. Even you would not have accepted it had you been in his place, because you are more demagogue than democrat.

Apart from the safeguards, articles 32 and 226 are not taken away by this Bill. The detenu can go to the High Court or move the Supreme Court.

SHRI S. A. SHAMIM : But he does not have the facts ; he has only the grounds.

SHRI R. D. BHANDARE : Under what grounds or under what conditions can a detenu move the Supreme Court or the High Court? They are, firstly, if the grounds are not stated; secondly, if the grounds are vague or irrelevant; and, thirdly, if there is failure to report the matter to Government. The detenu must be allowed to make representation. There is also the Supreme Court which has laid down so many precedents that even the

elements of objectivity could be taken into consideration.

If these safeguards are not sufficient and if the present conditions require a Bill to be passed, could it be opposed because certain instances have been given by Shri Amrit Nahata or by Shri Shamim or by Members of the Opposition? You must take the totality of the objective conditions prevailing in the country. We have also to take into consideration the Naxalite danger which prevailing in the country. we have also to take into consideration the refugees who have come to our country.....

SHRI INDRAJIT GUPTA (Alipore): Are you going to detain the refugees!

SHRI R. D. BHANDARE : No detention. What efforts we may make, they will all go back, in whatever number they have come. Why do not you study the history of the world and come to a conclusion whether all refugees will go back or not? It is in the power of any individual or any Government for that matter to see that all refugees could be pushed out of the country?

Because the security of the State is threatened, because the maintenance of public order is required and because the maintenance of essential services essential to the community ought to be retained or ought to be kept in tact, under these conditions, I think, one must, however reluctant one may be or however worshipper of individual liberty one may be, one has to take into consideration the danger to which our country is faced with and support the Bill.

MR. DEPUTY-SPEAKER : Shri M. Satyanarayan Rao.

SHRI MURASOLI MARAN (Madras South) : Yesterday, I did not even finish a sentence...

SHRI K. MANOHARAN (Madras North) : Let us not be too rigid in following the technicalities and the so-called niceties.

MR. DEPUTY-SPEAKER : There are certain rules. If the House decides unanimously to suspend the rules, I have no objection. His name was called yesterday and he started speaking. On my paper, it is mentioned that he has taken 1 minute. The speech was to continue today. He was the first person called to continue his speech before we adjourned for lunch. He was not there. So, it is presumed that he has finished his speech.

SHRI MURASOLI MARAN : That is only an assumption.

MR. DEPUTY-SPEAKER : That is the rule. Now, a Member cannot make two speeches during the same debate.

SHRI K. MANOHARAN If the House has no objection.

MR. DEPUTY-SPEAKER : I am prepared to accommodate. Only I do not want unilaterally to violate the rule without the consent of the House.

SHRI M. SATYANARAYAN RAO

SHRI M. SATYANARAYAN RAO (Karimnagar) : Mr. Deputy-Speaker, Sir, it is really a strange phenomenon that I am called upon to participate in the debate on the subject.

I may point out that two years back, I was the victim of the Preventive Detention Act. Twice I was put behind the bars under the P. D. Act. I was in jail for four months. Before coming to this Bill, I would like to give my experience of what happened then. Shri Bhandare was saying, "Why do you worry about it? All the safeguards are provided." What are the safeguards? These so-called safeguards are provided in this P. D. Act also.

When a person is detained under the P. D. Act, of course, within 5 days, detaining authority will communicate orders to him and also ask him to make a representation to the concerned authority. Of course, that is there. But what is the use of making this representation?

I will give you my experience. After we made a representation to the authorities concerned, the Advisory Board met after

[Shri M. Satyanarayan Rao]

two months. To say that the Advisory Board consists of all Judges is not true. It is mentioned that sitting Judges, or ex-Judges or the persons qualified to be appointed as Judges will be there. That means, they are amenable to the influence of Government. They are not proper Judges.

Now, I will tell you, when we went to the Advisory Board, they put some questions. Of course, I am a lawyer and I could have prepared myself and could have argued. But I was not allowed at all. He put only one question, 'Why were you arrested?' Then I wanted to explain the whole thing. But they did not allow me. They said, 'Everything is all right. Don't worry.' Afterwards, they said that the grounds are reasonable and the Government confirmed it. This is the unfortunate thing and you say that there are sufficient provisions and sufficient safeguards are there. Sir, these safeguards are not all useful. Sir, before my detention, the Collector was bent upon putting me behind the bars on instructions from the Chief Minister. But the S. P. objected. Sir, you may be knowing that at that time the Telangana agitation was going on there and in my district I was the person who was controlling the agitation. It was very peaceful. The SP told the Collector not to arrest me. He told him, 'In his absence many violent acts will take place. He is the person who is controlling the agitation. He is a perfect gentleman'. In spite of that, the Collector said, 'I cannot help. On instruction, from the Chief Minister you have to do this. Don't say anything.' Then he passed orders and I was put behind the bars. Sir, this is my experience. Where is Pantji? He is not here. I want to narrate all these things.

So far as the objects are concerned, I don't dispute. I certainly say that there must be some Act if such things occur in the country. But what is the actual situation? In practice it is very difficult. You cannot put all those things. Now I will come to the clauses. Mr. Bhandare said so many things on the clauses—defence of India and the relations of India with other countries, etc. Defence of India—nobody can dispute. But what about the relations of India with

foreign countries? It is very ambiguous. There must be some clarification about it. If we criticise the Yahya Khan Government, we will be detained. What is meant by that? Are we not entitled to criticise anybody? Are we not entitled to criticise the Yahya Khan Government for the massive genocide they are committing in Bangla Desh? Of course, 'Since you are criticising our neighbour, so you should be detained.' Sir, I want some clarification because otherwise it will lead to so many serious consequences. That is one thing.

Secondly, about the maintenance of supplies and service essential to the community, sub-clause (iii) of Cl. 3 mentions it. What has happened recently? Hon. Mr. Ram Gopal Reddy was mentioning about the NGOs' strike in Andhra Pradesh. Four lakhs of people went on strike. That was not unreasonable. That was quite justified but the Government was not prepared to concede their just demands. But under this clause you can arrest them because they have gone on strike. So, this should not be there. This is too much.

Coming to clause 4 which says :

"When any order is made or approved by the State Government under this section, the State Government shall, as soon as may be,..."

'As soon as may be' should be removed. A time limit must be fixed. The provision is that the State Government shall inform or communicate the orders to the Central Government as soon as may be. What is this 'as soon as may be'? It may be any time. So, there must be some fixed time.

One most important thing is about cl. 8 which says :

"When a person is detained in pursuance of a detention order, the authority making the order shall, as soon as may be, but ordinarily not later than five days and in exceptional circumstances to be recorded in writing, not later than fifteen days . . ."

Why this 15 days ? Only 5 days must be there. In exceptional cases, you say it can be 15 days. Then everybody will give exceptional cases. Then sub-clause (2) says :

"Nothing in sub-section (1) shall require the authority to disclose facts which it considers to be against the public interest to disclose."

Without communicating the facts to the detenu, how can he make representation to the proper authority ? In one clause you say that the reasons will be communicated and the grounds will be communicated and in the second clause you nullify it and you frustrate the same thing. There is no meaning at all. Both are contradictory. (*Interruptions*) If facts are not communicated, then what is the use of making a representation ?

Regarding clause 9, I have already spoken about the Judges. In actual practice, Judges are not appointed. Ordinary persons are appointed. I request that sitting Judges must be appointed as members. Then it is said :

"The appropriate Government shall appoint one of the members of the Advisory Board who is, or has been a Judge of a High Court to be its Chairman . . ."

In sub-clause (3) of cl. 11 it is said that when there is a difference of opinion among the members of the Advisory Board, the opinion of the majority shall prevail. So, if majority opinion were to prevail, what is the significance of saying that the Chairman of the Board shall be one who has been a Judge of the High Court or is a Judge of the High Court. That is all frustrated. My request is that sitting Judge must be appointed on the Advisory Board.

Cl. 11 of the Bill says :

"The Advisory Board shall, after considering the materials placed before it and, after calling for such further information as it may deem necessary from the appropriate Government or

from the person concerned, submit its report to the appropriate Government within ten weeks from the date of detention."

So, the Advisory Board takes ten weeks to submit its report to the Government. Usually the Government take one month to refer the matter to the Advisory Board after detention and ten weeks means that it is more than two months. So, it means altogether three months. Then if the Advisory Board comes to the conclusion that there are no sufficient grounds for detention, then what is the use ? His liberty would have been curtailed.

15 hrs.

SHRI R. D. BHANDARE : He should be released at once.

SHRI M. SATYANARAYAN RAO : Lastly clause 16 is very important.

MR. DEPUTY-SPEAKER : You can speak on the clauses.

SHRI M. SATYANARAYAN RAO
Cl. 16 says :

"No suit or other legal proceeding shall lie against the Central Government or a State Government, and no suit, prosecution or other legal proceeding shall lie against any person . . ."

Sir, I want that there must be some provision like malicious prosecution against the authorities because you are giving powers to the District Magistrates who are subordinates and who are ordinary officers. They may misuse these powers. So, there must be some provision. If that provision is there, then, of course, he will think before he detains any person whether there are reasonable grounds or not.

Sir, in view of these things, I oppose this Bill.

श्री नाथूराम मिश्रा (नागौर) : उपाध्यक्ष महोदय, इन्टरनल सिक्योरिटी मेन्टीनेन्स के सिल-सिले में एक जो बिल इस सदन के सामने है उस पर कल से बहस हो रही है। करीब करीब सारे समय मैं इस सदन में उपस्थित रहा हूँ और सभी माननीय सदस्यों के भाषण मैंने शान्ति से सुने हैं। करीब करीब सभी पार्टियों के लोग इस कानून का विरोध कर रहे थे। उनके विरोध करने का दृष्टिकोण अलग अलग था और कानून के पीछे कुछ खतरा जो नजर आता था उसके बारे में उन्होंने अपनी शंकाये प्रकट की। विरोध में बैठने वाले केवल एक माननीय सदस्य जोकि तेलंगाना समिति से सम्बन्ध रखते हैं, उन्होंने इस बिल का सिद्धान्त रूप में विरोध नहीं किया बल्कि उसमें उन्हें कुछ कानूनी त्रुटियाँ जो नजर आती हैं उनके बारे में इस सदन के सदस्यों का ध्यान आकर्षित किया। हो सकता है जब हम क्लोज बाई क्लोज इस बिल को देखें तो उस समय, किसी क्लोज में कोई कमी हो, कहीं पर कुछ कम करना या जोड़ना हो, उसपर बिचार किया जा सकता है। गृह मन्त्री जी सारी बातों को सुनकर उनके बारे में बिचार करेंगे।

मार्क्सिस्ट कम्युनिस्ट पार्टी के सदस्य श्री ज्योतिर्मय बसु सिद्धान्त रूप में इसका विरोध कर रहे हैं। हम और इस सदन के माननीय सदस्य उनकी भावनाओं को समझ सकते हैं। कम्युनिस्ट पार्टी के अब कितने टुकड़े हो गए हैं और रोज होते चले जा रहे हैं। वे हमेशा जैसा मौका देखते हैं, जान बूझ कर अपने आपको इस तरह के हिस्सों में बाँटते रहते हैं।...व्यवधान... अलग अलग मौकों पर अलग अलग इलाकों में किस तरह से वे अपनी नीतियों को लागू कर सकें उसी हिसाब से वे अपना कुछ बटवारा भी कर देते हैं। लेकिन ले देकर उनका सारा का सारा तरीका और एक थीसिस जिसके बारे

में बसु साहब जिक्र कर रहे थे कि हमारी बड़ी अच्छी थीसिस है, उसको पढ़ो और समझो कि वह कितना बड़ा क्रान्ति लाने वाला ग्रंथ है, हो सकता है उनको वह क्रान्ति लाने वाला ग्रन्थ लगे, उनके रास्ते और उनके दृष्टिकोण से वह सही हो सकता है लेकिन बहुत बड़ी तादाद में इस देश के लोग उनके रास्ते को अस्तित्व करके उनके ग्रंथ के जरिए इस देश में क्रान्ति लाना ठीक नहीं समझते हैं।

हमारे पीलू मोदी साहब कल इस सदन में भाषण दे रहे थे। उन्होंने कहा कि हेबियस कार्पस का बहुत बड़ा बुनियादी अधिकार है। उसकी दुहाई देकर वे कह रहे थे कि अगर हेबियस कार्पस खत्म हो जाता है, किसी आदमी की सिक्योरिटी, स्वतंत्रता और सुरक्षा कायम नहीं रहती है तो इस देश में बहुत बड़ा जुल्म हो जायेगा। अपने दृष्टिकोण से वे अपनी बात को कह रहे थे। करीब करीब यह बात हमारे अटल बिहारी जी वाजपेयी भी फर्मा रहे थे कि इस देश में व्यक्तिगत स्वातंत्र्य खतरे में पड़ रहा है। यह कानून आयेगा तो खतरा पैदा हो जायेगा और किस तरह से इस कानून का उपयोग किया जायेगा, उसका भरोसा भी नहीं किया जा सकता है। उनके दिमाग में मोटी बात यह थी। इस तरह से सभी पार्टियाँ ने, यह कानून न आये इसके लिए अपने अपने दृष्टिकोण से बातें कहीं। पीलू मोदी साहब और वाजपेयी जी मैं समझता हूँ इस बात को स्वीकार करेंगे कि बंगाल में और पूर्वी हिन्दुस्तान के कुछ हिस्सों में ऐसे हालात हैं जोकि और बिगड़ते जा रहे हैं और वहाँ के हालात से आप अच्छी तरह से वाकिफ हैं क्योंकि आपके पास रोज वहाँ से चिट्ठी पत्री आती है, वहाँ के जोगों से समाचार मिलते रहते हैं, उन हालात में वहाँ पर आज इस कानून की बहुत आवश्यकता है या नहीं? मैं समझता हूँ पूर्वी

हिन्दुस्तान के बहुत से इलाकों में जिस प्रकार के हालात हैं उसमें इस कानून की आज बहुत ही जरूरत है। कोई भी सरकार हो, अगर इस देश में विधान के अन्तर्गत डिमोक्रेटिक तरीके से आम लोगों के व्यक्तिगत स्वातंत्र्य को कायम रखना है तो इस तरह की पार्वस को अपने हाथ में रखना सरकार के लिए, मैं समझता हूँ आज बहुत जरूरी है। समय समय पर इन पार्वस के दुरुपयोग की कुछ शिकायतें लोगों को हो सकती हैं परन्तु उसके निराकरण का तरीका भी इस बिल में दिया हुआ है। श्री पीलू मोदी ने कहा कि उनके कुछ दोस्तों को इस कानून का शिकार होना पड़ा और जिस ग्राउन्ड पर उनको शिकार होना पड़ा उसकी वजह से उनका सारा काम धंधा ही बेकार हो गया क्योंकि जब वे छूट कर आये तो लोग उनका तिरस्कार करने लगे, लोग उनसे बातचीत नहीं करते थे और इसलिए उनको बड़ी मुश्किल हो गई। मैं यह नहीं कहता कि इस प्रकार के कानून में कहीं कोई गलती नहीं हो सकती है। माननीय सदस्य अमृत नाहाटा जी ने भी अपने इलाके बाड़मेर को कुछ शिकायतों का जिक्र किया। मैं भी यह महसूस करता हूँ कि कई दफा इस कानून में जिन लोगों को नहीं फसना चाहिए उनको फंसा दिया जाता है लेकिन इसका मतलब यह तो नहीं है कि हम इस प्रकार के कानून की आवश्यकता ही नहीं समझते। आज इस देश में इस कानून की आवश्यकता है। यदि आप सारे देश में हालात को देखें तो आप महसूस करेंगे कि नक्सलाइट्स का खतरा इस देश के पूर्वी हिस्से में ही नहीं है बल्कि साउथ में भी वह खतरा मौजूद है।

पश्चिमी हिन्दुस्तान के अन्दर पंजाब और दूसरे इलाकों में भी खतरा मौजूद है। हिन्दुस्तान का काफी लम्बा चौड़ा बौर्डर है, गुजरात से लेकर कश्मीर तक पूरा पूर्वी भारत का बौर्डर पाकिस्तान से लगा हुआ है। जो आज

का वातावरण है, खासतौर से पूर्वी बंगाल में जो हालात हैं, उनकी वजह से एक जबरदस्त इनफ्लक्स रेफ्यूजीज का है और उनके साथ जिस तरह के आदमी आ रहे हैं इनको देखते हुए, अगर विदेशी लोग यहाँ आते हैं, उनके लिये जो व्यवस्था इस कानून में की गयी है और जो अधिकार सरकार लेना चाहती है, अगर वह अधिकार सरकार को नहीं दिये गये तो उससे देश को खतरा हो सकता है। इस बात को हमको मानना पड़ेगा।

यह भी कहा गया कि यह कानून केवल विदेशियों तक ही सीमित नहीं हैं, बल्कि देशवासियों को, देश के आप लोगों को भी ठीक रखने के लिए इसमें व्यवस्था की गयी है। अगर वहीं किसी प्रकार का खलल पैदा होता है उसका इंतजाम भी किया जा सकता है। लेबर और सरकारी कर्मचारियों से सम्बन्ध रखने वाले हमारे सभी राजनीतिक दल हैं, और अपने अपने तरीके से उनके साथ सम्बन्ध रखते हैं। पर यह मानना पड़ेगा कि कभी कभी इस प्रकार के भगड़े बड़े कर दिये जाते हैं जिन को रोकने के लिये कुछ विशेष कानूनी शक्तियों का प्रयोग करने का अधिकार सरकार को अपने हाथ में रखने की जरूरत पड़ती है। लेकिन साथ ही आपको यह मानना पड़ेगा कि चाहे भारत सरकार हो या राज्य सरकारें हों, जिस लेविल पर जैसी व्यवस्थायें इस कानून के जरिये की गयी हैं उनका दुरुपयोग न हो इसका भी प्रबन्ध किया गया है तथा कुछ एकावटें सरकारों के लिये रखी गयी हैं। अगर और पाबन्दियां लगाने की माननीय सदस्य जरूरत समझें तो क्लोज़ वाइज़ डिस्कशन के समय आप विचार कर सकते हैं। पर मीटे तौर से आप मानेंगे कि देश के अन्दर आज जो हालात हैं उनको देखते हुए सरकार ने वाजिब तौर पर इस बिल को पेश किया है और सदन को इसे पास करना चाहिये।

[श्री नाथू राम मिर्धा]

यह कोई जरूरी नहीं है कि यह कानून हमेशा रहे ही। आप ऐसा क्यों मानते हैं कि यह कानून हमेशा रहेगा। पहले भी यह कानून समाप्त हुआ है, और आवश्यकता न रहने पर इसको फिर समाप्त किया जा सकता है। सरकारें बदल सकती हैं, आप लोग भी सरकार में बैठ सकते हैं। हम नहीं सोचते कि हम अमर हैं और सदा पावर में रहेंगे। जब इस प्रकार के सीरियस मामले हों, सीरियस हालात देश के अन्दर और बौर्डर पर हों, उस समय हमको मेरिट के ऊपर फैसला करना पड़ेगा। मैं समझता हूँ कि मंत्री जी ने बहुत ही उपयुक्त समय पर इस बिल को सदन में पेश किया है। इस पर मेरिट्स के ऊपर इसको विचार करना चाहिये जो कि हम क्लोज़वाइज डिस्कशन के समय कर सकते हैं, अभी नहीं।

मेरी राय में बिब्लिमाइजेशन की दृष्टि से यह बिल नहीं लाया जा रहा है। राजनीतिक विद्वेष के कारण इस कानून का उपयोग किया जाय, ऐसी हमारी कतई मंशा नहीं है। लेकिन साथ ही हम यह भी चाहते हैं कि आप की मंशा भी साफ रहे और देश का जो विधान है उसके अन्दर रह कर काम करें जिससे देशका विकास और निर्माण कर सकें। यही आप से अपेक्षा है।

अन्त में मैं चाहता हूँ कि इस कानून को सदन द्वारा पास किया जाना चाहिए क्यों कि देश की जनता का हित इसमें निहित है।

MR. DEPUTY-SPEAKER : Before I call the next speaker, I want to say that Mr. Maran has written for special permission to

allow him to speak again under rule 358(2). It reads :

"Except in the exercise of a right of reply or as otherwise provided by these rules, no member shall speak more than once to any motion, except with the permission of the Speaker."

The discretion of the Speaker is there, but it has to be exercised sparingly and there should be good reasons. I do not know of any good reasons here. Mr. Maran has not given any reasons. We should also consider whether there is no other opportunity for the member to speak. In this case the third reading is still there. Even so, if the House does not object, I will make a departure and exception and allow Mr. Maran to speak, but this exception should not be treated as a precedent. Does the House agree ?

SHRI A. P. SHARMA (Buxar) : When there is another opportunity available, why should you allow him ?

SHRI RAJA KULKARNI (Bombay-North East) : It will lay down a very bad precedent.

MR. DEPUTY-SPEAKER : If there is objection, I am helpless.

SHRI K. MANOHARAN : I do not understand why these people are objecting. You can exercise your discretion.

SHRI ATAL BIHARI VAJPAYEE : He had just begun. He did not deliver his speech. There is no question of speaking for a second time. You can use your discretion and permit him.

MR. DEPUTY-SPEAKER : Here it is written, "Mr. Maran to continue his speech. He has already taken one minute." You have made a request that he should be allowed and you say that I have the discretion to do that, but you will also realise that the discretion of the Speaker has to be exercised very sparingly and there must be good reasons for it. Otherwise the discretion has no importance and significance.

SHRI K. MANOHARAN : Considering the importance of the Bill and the party which is participating in the discussion, I think you have got every right to exercise your discretion and allow him to speak.

MR. DEPUTY-SPEAKER : I have explained. Here the record shows that Mr. Maran started yesterday and he said :

“Sir, having listened to the discussion today, one cannot get away from the impression.....”

SHRI KALYANASUNDARAM (Tiruchirappalli) : It is only one sentence.

MR. DEPUTY-SPEAKER : Whatever it is, he had begun his speech and he had to continue, but he was not here in the morning when he was called. So it was deemed that he had concluded. Now to give him the right to speak again will amount to giving him a second chance to speak. I have put it to the House. If the House has no objection.....

SHRI K. MANOHARAN : The House is already in a different mood. I am sure the House will agree.

SHRI K. N. TIWARY (Bettiah) : Mr. Maran began his speech yesterday just one minute before 5.30. He did not finish his speech. He was to continue. I request you to give him a chance this time. There is sufficient reason for it.

MR. DEPUTY-SPEAKER : With the consent of the House, I allow Mr. Maran to speak but I say again that this is not a precedent.

SHRI MURASOLI MARAN : Mr. Deputy-Speaker, I thank you and the hon. Members for having allowed me to continue my speech.

MR. DEPUTY-SPEAKER : To make a second speech.

SHRI MURASOLI MARAN (Madras South) : Sir, you are rule conscious. Yesterday the hon. Minister was labouring hard

to explain the salient features of this Bill clause by clause. Except for a change in the title and some verbal modifications in the Statement of Objects and Reasons and the inclusion of a new clause 17, this is not a new Bill ; it is a carbon copy of the Preventive Detention Act of 1950. Yesterday Mr. Vajpayee traced the origin of the Bill to the British colonial days and quoted what Pandit Motilal Nehru said. The hon. Minister gave a counter quotation of Pandit Motilal Nehru from Sardar Patel's speech, thereby establishing that he was not the first person but it was Sardar Patel who started this Bill. He was quite right that it was Sardar Patel who was the first Home Minister of India. When the father of Mrs. Gandhi was the Prime Minister of India and when the father of our present Minister of State in Home Affairs was the Chief Minister of U. P. the first PD act in its primitive form was brought before the House. Now the daughter is the Prime Minister and the son of the former Chief Minister of U. P. is the Minister here. One can very well say that this Bill is nothing but a second generation model of the Preventive Detention Act of 1950.

At the outset I want to say that those of who criticise the Maintenance of Internal Security Bill should not be misconstrued as being against the maintenance of internal security. We are second to none in condemning tooth and nail anything anti-national or subversive. We are one with those who think that the Government should be clothed with enough powers to pounce upon them wherever they raise their head. We are also one with those who think that a moment comes in a nation's history when all its citizens should have to cheerfully surrender their civil liberties to the State temporarily so that they may be safeguarded in the long run, that hour of need, that temporary moment, is the moment of war, the moment of emergency. For that emergency there are adequate provisions in our Constitution. Chapter 18 deals with those provisions. During the Chinese aggression and Pakistani aggression the entire nation rose like one man. The provisions of the Bill can be allowed to exist only during times of emergency. That is our contention. A famous British Judge said that 'war is a thing that cannot be carried on according

[Shri Murali Maran]

to the principles of Magna Carta'. We know that. But are we facing such a crisis? Are we facing such a threat to our national security such as the one that was faced by a small country like Ceylon?

Yesterday, the hon. Minister tried to explain the reasons behind the Ordinance and the Bill. I am sorry to say that we were not satisfied with his explanation. We know that because of Bangla Desh events countless refugees are pouring into our country and among them there might be disturbing characters with sinister intentions. But the remedy is rather to tighten our intelligence system and our screening system. If the Act is to be used mainly for preventing foreign spies, saboteurs and agent provocations there would not be much opposition. The trouble spot is the eastern region of India but the tentacles of this Act extend to all over India except Jammu and Kashmir. The geographical limits extend far beyond the regions where the conditions do not exist. That is why it makes it suspect in the eyes of the public. One is tempted to ask whether we are not having enough legislation to meet the situation. The ordinance was promulgated on May 7th. I would like to know from the hon. Minister how many foreigners, how many subversive elements, were so far arrested to justify this ordinance. I think the Minister will give the number so that the House may justify it.

Secondly, we should go into the genesis of the Preventive Detention Act also. It came to an end on the midnight of December, 31, 1969. For the past one year and a half, they have been able to rule the country without resorting to such an Act or ordinance. So, they should explain to us what happened in between, what is the compulsion, what is the reason. We are not satisfied with the reasons and the compulsions given by the Minister. So, when you are having enough weapons in your armoury, if you are bringing in a Bill like this, it means the people who know the antecedents of the Preventive Detention Act, the people who know how it was misused or rather abused, have to suspect the motive of the Government.

We have faith in Mr. Pant and in Mrs. Indira Gandhi, but they should convince the common man that the Bill will not be misused as it had been misused before. When the Bill was first brought in 1950, the main object that was put forward was the menace of Telengana. Later, in 1951, when Rajaji was the Home Minister here, he made it very clear that he was bringing this Bill just to suppress the movement of the communists. Then, what happened? Did they arrest those who resorted to violence alone? No. The communist party members, the RSS members, the socialists, trade union leaders, were detained under this Act. When I was going through the speeches when the House debated this kind of Act in 1951, I found Sardar Hukam Singh, who was then a Member and not the Speaker, had explained how this Bill was misused in Punjab. It will be interesting to the House to note that on the 26th August, 1949, Sardar Baldev Singh, when he was the Defence Minister here, went to the Anjuman and addressed a meeting. Then the Akali Dal workers staged a black-flag demonstration which was allowed in any democratic system. Those volunteers who staged the black-flag demonstration were arrested under the Preventive Detention Act.

We know how trade union leaders were arrested, how the trade union movement was suppressed because of this Act. In my State, when Mr. Kamaraj was the Chief Minister, Mr. Muthuramalinga Thevar, the leader of the people and the Forward Bloc, was detained under this Act for months together. Later when he was released, he did not continue to live in the world. He died very soon thereafter.

During that time, of emergency, the twin-brother of this Act, the Defence of India Act, came into being. The very name itself suggests that this Bill should be used regarding the defence of India. During that time, the present Chief Minister of Madras, Mr. Karunanidhi, was arrested in 1965 under the Defence of India Rules, and he has taken to a place 200 miles away from Madras City and was kept in solitary confinement for more than 60 days. During those days, the Defence of India Rules were used against me, a humble journalist, because I wrote certain

editorials condemning, not the defence of India, but the language policy of the Government.

So, we have a very sad history of this Act. Because the human factor is involved, because politicians are involved, nobody can deny that it is likely to be misused. After all, we are going to give life to a Bill which came into being during colonial days. But even in England the power of detention is used only in serious crises of history as war. In 1941, during the peak of the war, the number of detenus was only 1400. In 1944, it was just, 200. But here at one time more than 10,000 people were detained.

Mr. Bhandare was quoting the American precedent. Until 1950, the USA did not need a Preventive Detention Act. Then they passed the Internal Security Act of 1950, but it can be implemented only during declaration of war by Congress or invasion of US territory or during times of insurrection within USA in aid of a foreign enemy. They cannot use it in peace time. In Britain it is not the District Magistrate or Commissioner of Police who can use it. It can be used only under the orders of the Home Secretary. Moreover, they are given legal advice. Advocates are allowed to appear. They can call any person as a witness. If these precautions are there, the opposition to this Bill will be lesser. Also, as my friend from Kashmir pointed out, there is no time-limit in this Bill. Formerly, it was passed for one year only at a time. Later, it was extended every two years. Now it is for eternity. Unless a time-limit is put, the critics of this Government may point a finger and say, "Here is a Bill which remains on the statute-book as a monument to the massive mandate;" So, I want a time-limit to be put.

In conclusion, I want to quote from one of the speeches of a very good friend of Mr. Pant made in this House in 1951 :

"I would appeal to the Home Minister, who has experience and wisdom, that he should be doubly careful in the application of this measure. I say frankly that the Act has been misapplied many a time in different places in the country. As one belonging to the

Congress Party, I suggest that the Minister should make it clear that this Act from this day shall not apply to any one of our political opponents."

The person who made this appeal is now a Cabinet Minister. He is none other than Mr. Hanumanthaiya. I hope our Home Minister will pay heed to that request. Yesterday Mr. Vajpayee referred to our party as dinner-mates of Ruling Congress. We cannot take part in this dish—it is not a dinner—because it is unpalatable and not good to the health of democracy. I want a solemn assurance from the Minister that this will not be used against political adversaries.

SHRI SHYAMNANDAN MISHRA (Begusarai) : Mr. Deputy-Speaker, Sir, I have no doubt that it would seem rather odd that I should be striking a different chord while sitting on these benches, when I find that even the loyal opposition to the government had strongly opposed this measure. I should think that the fact that I am slightly differing from the rest of my opposition colleagues should add to the dignity of the opposition rather than detract from it.

But I must say that, negatively speaking, I do not oppose this Bill. If you like, in a positive sense, the utmost that I can bring myself to is to give a most of reluctant and qualified support to this measure.

I owe it to this House to give reasons for my reluctance.

In the first place, a measure which seeks either to restrict or nullify the basic freedoms of an individual can be adopted only in the last resort when we find that the national interests or the paramount interests of the society are seriously threatened and the normal machinery of law cannot take care of them. It sounds almost like a truism to say that, because there is hardly any person who would not subscribe to that. But to follow it in spirit is a matter which must concern the government more than anybody else. In any case, such a measure can be adopted only as a lesser evil, to be

[Shri Shyamnandan Mishra]

thrown out the moment the bigger evil disappears. It was in this sense that the great Sardar had said in 1950 that this measure would be dispensed with after a year. I wish the same kind of perspective with regard to the operation of this Bill were before the Government.

12.37 hrs.

[SHRI K. N. TIWARY *in the Chair*]

It does appear to me that a measure of this kind could have been avoided at the Central level, at the national level, when many States had already adopted it and a few of them that remain could be expected to fall in line with the rest. We have been told that there are three States which have not adopted the measure so far. They are the States of Assam, Gujarat and Punjab. So far as Gujarat and Punjab are concerned, there could be promulgation of a Presidential Order. So far as Assam is concerned, the government there being of the same complexion as the ruling party at Centre, the Government of Assam could have been easily persuaded to fall in line with the rest of the country.

Secondly, we find that whatever powers are with the government at the moment are not being wisely or effectively used by it to deal with the situations of the kind this measure seeks. What is more important, to emphasise is that even the powers that are sought to be acquired under this measure were available to the Government when there was President's Rule in the State of West Bengal. But what was our experience there? Government was not able to deal with the situation effectively and the number of murders that were committed in Bengal was larger during the President's Rule.

The Government, to my mind, will also have to bear the responsibility for much of the respectability that was imparted to violence that has been raging in the country for quite some time. For this Government openly declared, so far as many

acts of violence were concerned, that they had a socio-economic justification. By the same token, there is hardly any act of rape or dacoity which could not be exonerated or justified.

Thirdly, I find that this Government is still working hand in glove with forces which can be characterised as the architects of disorder, and in some of the States they are, in fact, running the administration with such forces.

Then, there is another aspect with which we have to reckon. We do not find the record of this Government very outstanding so far as objectivity and impartiality in administering certain State organs is concerned. What we find, in the case of State organs, like the All India Radio or Television, is that they are being used for the most aggressively partisan purpose. It is just possible that this measure also might be used by the Government for partisan purposes.

SHRI PILOO MODY As during the past.

SHRI SHYAMNANDAN MISHRA : When the Finance Minister of the Government of India said that he was withdrawing some levies only in response to demands from his partymen, you can imagine to what extent they can go for serving their own partisan interests. Could a Finance Minister in any other country get away with that kind of a crudely partisan utterance? But this is what happened only a few days back in this House.

I would also like to say that even important instruments, like the CBI, are being used for partisan purposes. Recently, there has been a great deal of furore in one of the State Legislatures on the issue that the CBI was being used to shield partymen or cronies of the ruling party and to victimise its opponents. This charge related to no less a person than the Prime Minister of India. It does not please us to hear that the Prime Minister of India is pressurising the CBI to shield her own partymen and to victimise her opponents.

These fears notwithstanding, if we have decided to support this measure, it is because we do not want to take any risks with our paramount national interests and also because of our faith in this Parliament and the State Legislatures to maintain the climate in which the basic freedoms of an individual could be protected. If Parliament fails, there is no hope for the country.

There are undoubtedly threats to our security from across the border. There are undoubtedly increased possibilities of espionage against our State. There are no doubt forces of violence, disorder and anarchy waiting in the wings which might subvert all that we stand for. So, we are, indeed, between the devil and the deep sea, and if we have decided to give qualified support to this measure, it is because we want to give the devil a chance.

The mere possession of a measure of this kind should not be very objectionable. Perhaps, it might act as a deterrent and there may not be any need to use this measure at all. But its application will have to be carefully watched and if it is found excessive, repressive, vindictive, partisan and improper, we will be the first to come forward to oppose its continuance most unequivocally. We have tried, in giving a qualified support to this measure, to strike a balance. It has been stated by a political scientist : "If the State is strong, it crushes up ; if it is weak, we perish."

We have to try to strike a balance between the two.

SHRI KRISHNA MENON (Trivandrum)
 Mr. Chairman, Sir, I make no apology for taking the time of this House for intervening in this debate because in my respectful submission every person who is capable of articulation should express his views against the total negation of the principles of our Constitution, brought at a time anyway, that is neither parliamentary nor which stands to the canons of decency.

That apart, I want to recall to ourselves that half a century ago, those who went before us and who had a considerable responsibility for the position of the ruling party and the Government had called such a measure as a black Act. That should

not be forgotten. That was the criminal law of India. But that was justiciable. The people could go to a court of law. What is the position today ?

I want to say that this is a legislation which should not have been put through in this way. It should have been discussed clause by clause and circulated for public opinion. We have the Law Minister today with judicial experience. But he has not been long enough in this House to know how the politicians work. We have a situation here, for the purpose of this legislation to dispense with not only judicial machinery but the whole concept of the rule of law. What does the Government want ? Whatever they do should not be questioned and it should not be brought before the court. They think that they have suspended *habeas corpus*. But the lawyers can read it differently. Mr. Gokhale knows it very well.

The Bill is drafted in such a way that there is no application of *habeas corpus* before the Supreme Court and it will be for the Judges to decide that and, before the Judges decide one way or the other, there will be furore raised about it. What I want to impress upon is that one of the basic facts of our public life is, and our general belief is, that all people are equal before the rule of law and that there is equality guaranteed in the Constitution as between man and man. There is no particular privilege for Mr. K. C. Pant because he is a Cabinet Minister before the rule of law. He is a citizen like me and he should be amenable to the rule of law in the same way. The time must when the Government officials, including the police, will have proper punishment for acts committed by them.

We have a law here which is the negation of the rule of law. When we say, it is the negation of law—whatever we make is law and, therefore, it remains law — it is against the principle of natural justice, whereby a man can be told as to what for he is put in prison and whereby he can have a legal assistance or other assistance that is provided in the Constitution. Article 22 of the Constitution provides that he can have legal assistance and it also says, except when there is a preventive detention measure. It raises a point where the court

[Shri Krishna Menon]

says, whether it is a matter of preventive detention or not, because there is nothing in the title that it is a preventive detention measure. No doubt, the Attorney-General will read it the other way. You have to establish before the court that it is a preventive detention measure before you can deny somebody whom you have detained to have legal assistance.

Going back to the history, even under the regulations of tyrannical law, a man was entitled to defence paid for by the Government under the tyrannical rule of the empire. And what is the position today? Today, we are told that three persons of the eminence of High Court Judges will sit as an advisory board *in camera*.

But anyway these three eminent gentlemen of the status of High Court Judges are to be there on the Advisory Committee. In my respectful submission, any person who agrees to function in a Judicial capacity under star chamber methods is not qualified to be a High Court Judge. The essence of dispensing of justice is that not only justice is done but it must appear to have been done. It must appear to be done and in that background, when they sit *in camera*, you know what happens and to whom. That is my experience. When a person is detained, preventive or otherwise and when his liberty is taken away in this way, would it be correct or what sort of jurisprudence that permits a majority opinion to put him in prison? If even one person is against it it means there is some doubt about it. What is the basis of our Constitution? At least the person detaining, the authority detaining, must prove beyond doubt to themselves, not to us.

Then we come to the other part of it. The whole of this thing is based upon satisfaction. Whose satisfaction? The satisfaction of a Commissioner, a Commissioner who need not necessarily take orders from the Chief Minister or a Cabinet Minister, but the District Magistrate or Addl. Magistrate. It is a very dangerous phrase—'the Addl. District Magistrate'. Who will be Addl.—one who does not know. We have many *ad hoc* Magistrates. There-

fore, you have a situation where the satisfaction is a subjective satisfaction. The essence of satisfaction that is defensible in a civilised society is that you can test that satisfaction and if you cannot test that satisfaction, it is no law. That is to say it is the private feeling of somebody. All I can say is that the executive may have reason to doubt. They believe that they have reason to doubt. They think that they have reason to doubt and anybody can think what they want that way. When you go on to say that there is suspicion in the mind of the executive, I thought that the established rule of jurisprudence in all civilised societies is that the thought of man is not punishable. That is why I don't accuse Mr. Pant of the motives in which he spoke. I regret the banter, the levity and the jibes he has made in a very serious matter like this. It will be a black day for this Parliament. What you are doing is not amending the Constitution. We are really blotting out the Constitution by a subterfuge. Why do you want amendments regarding privy purses? Block them all together in that. They are enemies of the State. You can define them so. You can define anyone 'enemy of the State'. Nobody is going to ask how have you determined it.

Mr. Speaker, I am not going clause by clause. It says that when the executive finds that somebody probably has been detained by mistake, he will be let off. Now, even if he is let off, if he goes to the court for false imprisonment, then you won't tell him the reason why he was detained. What sort of law is this? That is to say that if a person, either by mistake or by malice forethought, is detained, while the executive discovers afterwards that it is a wrong detention, then he is set free. But what is the remedy? Nothing. There is no provision for compensation, no restoration of his prestige or integrity. Nothing of that kind. It is quite true that according to the political agitation the stigma of going to jail is probably different. In African countries where large numbers of people have gone to prison during their national movements, they are called PGs (Prison Graduates). Now we are producing Prison Post-Graduates!

Therefore the third aspect of this is that we are introducing into our legislative

system and our administrative system two new concepts. One is not that there will be three arms of our society—the executive, the judicial and the legislative, but the executive is appropriating into itself all legislative, administrative, punitive and every other powers. These officers—neither the Home Minister nor his Addl. Magistrate nor his chaprasi—are judicial men. They are arms of the executive and for 70 to 80 years we have been shouting in this country for the separation of the judiciary from the executive. And here, you are arming the Executive with every power that is required to exercise quasi-judicial functions without any way of checking it. This is unguided, unrestrained, uncontrolled, undirected arbitrary power. And, this power—vested in a party which has either a policy or lack of it, which is merely backed by myriads of persons who sit behind, is a tyranny of a kind which we should not support. This is the beginning of fascist rule. Why was this not used in order to put down lawlessness committed by the Shiv Sena in the City of Bombay ? *(Interruption)* The Members of the Government and Government can never be pardoned for the non-exercise of the powers and condonation of lawlessness.

SHRI C. M. STEPHEN (Muattupuzha): Would you justify the use of it if it is only for the suppression of the Shiv Sena ?

SHRI KRISHNA MENON : I am not going to justify anything for you. *(Interruption)*

SHRI C. M. STEPHEN : Don't gesticulate like that. Don't try to browbeat me like that. *(Interruption)* I am entitled to ask a question. You can give an answer or not. You have no business to gesticulate in that manner.

श्री मुख्तियार सिंह मलिक (रोहतक) : आप मिस्टर स्टीफेंस को क्यों नहीं रोकते हैं ?

सभापति महोदय : आप बैठिए ।

श्री मुख्तियार सिंह मलिक : आप उनको बैठने के लिए क्यों नहीं कहते हैं ?

सभापति महोदय : मैं आपको बैठने के लिए कह रहा हूँ, आप बैठिए । दूसरे लोग भी शान्त रहें । Let him speak.

SHRI KRISHNA MENON : It is regrettable that Parliamentary attention could not be given to this. You are scrapping the fundamental principle of the Constitution ; you are re-writing the Constitution in a reverse way. I cannot say I oppose this Bill totally. I propose to vote for one sub-clause of this Bill, that is, Clause 18(1) which says :

“The Maintenance of Internal Security Ordinance, 1971, is hereby repealed.”

I shall vote for that ; not for the others.

I think we are doing something that brings down the reputation of this country. Everybody stands upon the platform and speaks about the largest democracy in the world and how it is sustained and so on. You are bringing down the reputation of the country in the world. You are creating a situation in the minds of young people who do not have to bother about the conception of the rule of law or the concept that all men are equal before law. Has there been any instance where, before our Courts, a person, either a Government official or anybody else, has not been treated equally, as equal by and large ? This is one of the things that remains.

This is a Bill which should never have been brought before the House, especially by a party which has enough powers—and what is more ?—by a party which did not have the courage to push it through in the last House, but the moment it got the power, brought this forward. And, they have never got a mandate to bring this Bill. Was it put in their Election Manifesto ? They did not. There is no mandate to bring a Bill of this kind. This is not an amendment of the Constitution, They are rubbing out the Constitution. I am surprised that any person who has any emotional feeling about the basic concept of civilised jurisprudence should lend his name and support to it. Thank you.

SHRI FRANK ANTHONY (Nominated-Anglo-Indian): Mr. Chairman, Sir, not many Members of this House recall the battles that were fought when the Preventive Detention Act was being put on the Statute-book in 1950.

I was one of those persons who took a not negligible part in those battles. I know what I am going to say in the next sentence will displease some of my friends on this side.

It is not only with the greatest of reluctance but with the greatest of distaste that on principle I am supporting this Bill. I agree with my hon. friend Shri Shyam-nandan Mishra that it is an evil. Let us have no doubt about it. It is an evil, but unfortunately in the context of the realities of today, it is a necessary evil, because let us also realise that we have got a much greater evil around us.

16 hrs.

We have certain sections avowedly committed to destroying the Constitution, certain sections committed avowedly to destroying all democratic freedoms, certain sections avowedly committed to espionage, and against those sections, it is a necessary evil like this that alone can be effective.

For a practising lawyer who has handled a number of these cases successfully and who has been able to get people released, who were detained *mala fide*—I say that deliberately, *mala fide* and baselessly and vindictively—it goes against the grain to support a measure like this. That is why I am going to pinpoint what I regard as some of the unnecessarily draconian features of this Bill. And I am going to ask my hon. friend Shri K.C. Pant to eliminate them.

For instance, I regard it as absolutely repugnant not only to the democratic traditions but to the civilised tradition to have such a measure on our statute-book. My hon. friend Shri Krishna Menon said that this was a negation of the Constitution. It is not a negation of the Constitution, but it is a negation of the rule of law. I agree to that. It is the hallmark of a police State.

Let us remember this, though we may be forced by circumstances, that whether we are forced by circumstances, or not, when we adopt a measure like this, we place ourselves in dubious company, in the company of totalitarian States whether they are communist or they belong to any other feather.

I have pointed out repeatedly—my hon. friend Shri Krishna Menon did not analyse it—that the greatest blot that we have on our Constitution today is in clauses 5 and 6 of article 22. It is a tragedy that in the Fundamental Rights chapter, we should have sanctified preventive detention. Now, I say this to my friends that we have the self-styled neo-socialists today, the *avant-gardes* who want to do away with the Constitution and amend it. As an object of their zeal, I tell them first, if they have any faith in the rule of law and democratic freedoms, the first thing that they must delete from our Constitution is clauses 5 and 6 of article 22.

Now, what does clause 5 do? It says that if a person is preventively detained, the grounds have to be given. I deal with this clause very often, and I suppose that after we get this measure passed, people will come to me again.

SHRI K. MANOHARAN : Lawyers' paradise.

SHRI FRANK ANTHONY : It says that if a person is preventively detained, the grounds have to be given. And then you get the next clause. It is what I often refer to in the courts as totalitarian insult added to democratic injury. This is the greatest injury you do. Clause 6 of article 22 says that if a person subjectively in his satisfaction detains you and in his subjective satisfaction feels that the facts should not be disclosed in the public interest, then no facts are supplied. That is the most shocking feature of this Bill and that has been projected in clause 8 (2). I have given an amendment to do away with that. What little elbow-room the courts have in the matter of taking judicial notice of *mala fide* or vindictiveness, that is immediately struck away from their hands. I know that district magistrates in Delhi do not take the trouble to write an order. The liberty of the Indian citizen is not worth

a written order. I have appeared in case after case, and I know that it is a cyclo-styled order. All that the district magistrate does is to sign his name. The sub-inspector who has been able to get a bribe from a person just enters the name of that person in that order. I know that because that is what I have seen so often.

Now what has the District Magistrate to do. All he has to do is to merely use one line that 'In my opinion, in order to maintain the security of the State, Mr. your name may be there, Sir, if you were sitting in the opposition—should be detained'. He may add another line that no facts are having given in the public interest'. He will not disclose any facts. The matter is completely sealed ; the courts are completely ousted.

At present, what do we do ? I remember what happened when I appeared in a case. He may have been a notorious murderer. The Chief Justice, a judge with a basic sense of justice said : 'You appear for this sort of people ? What kind of people do you appear for ?' I said : I am on the professional rank. कोई भन्ना आदमी हमारे पास आता है ? After I finished arguing the Chief Justice immediately called and said in respect of that alleged notorious murderer: हथकड़ी निकालो । He was satisfied that he was caught because he did not give the sub-inspector a bribe.

Now the District Magistrate will send such a man to jail, preventively detain him, without trial. This is the sort of case that will be coming. I say it is absolutely shocking that you go merely by an *ipse dixit* and do not give any facts. I know the courts are anxious to retain some semblance of the rule of law. They look at the facts. But you just give one line as ground. They have no facts to look at in report of what they can say it is vague, it is irrelevant. They can let the objection go. But when you by a single line just give the ground and then do not give the facts, when the opportunity for abuse is absolutely unlimited.

There was a report recently of magistrates in Delhi being transferred for

corruption. I do not appear in the lower courts—my juniors do—except for some very special case. But I know this first-hand, that corruption is utterly rampant in the magistracy, and even in certain sections of the judiciary. They have a tariff rate—I do not say all—of bribes. You give the ordinary District Magistrate this draconian, sweeping power. What is going to happen? I know what is happening. You have a draconian Prevention of Food Adulteration Act. It is a good thing. But I know the wealth that is being garnered by food inspectors ; I know the wealth that is being garnered by magistrates who are dealing with these cases.

I know of a case where a person came and said to a lawyer, 'Sir, two ladies are involved ; they are company directors. A jail sentence is compulsory. Here is Rs. 5,000 to the argument. See that they are acquitted'. The lawyer said, 'I am not that kind of lawyer, हम चुटकी बजाकर नहीं छुड़ाता हूँ ।

'I can only do my best'. They said, 'All right. We know that the magistrate will acquit if given Rs. 10,000'. After a few days they told the lawyer, 'We gave Rs. 10,000 and they were acquitted'.

This is the kind of magistracy to which you are remitting absolute, uncontrolled, unlimited power in one line to preventively detain any person. That is why I am appealing to my hon. friend. Why cannot all the facts be given ? What public interest is effected of you give the facts. I defend people on espionage charges. What facts do you consider should not be disclosed in the public interest ? That he is in the pay of Pakistan. Why cannot you give the details.

This is the kind of thing that will happen. Public interest will to become a cover for you, for some bribe-taking person to send some person into detention. This is what is going to happen.

Then see what is happening to our politics today. In this age of *Aya Rams* and *Gaya Rams*, all kinds of people are becoming Ministers, little, unprincipled people who are prepared to sell anything

Two arguments are raised, one that this Bill should have been sent for eliciting public opinion. Secondly, Mr. Menon has raised a number of arguments on points of law to establish that the provisions of this law may prove to be void. With regard

to sending this Bill for eliciting public opinion, we are forgetting one major fact that from 1950 onwards this measure has been subjected to parliamentary scrutiny umpteen times and practically the same measure has been brought forward now with certain amendments.

Nothing more is to be served by sending the Bill for eliciting public opinion. There is nothing new about the points of law raised by my friend Mr. Menon. Those points were repeatedly argued in the High Courts of India and the Supreme Court of India. I have read these arguments and heard the Court rejecting them repeatedly. Let us not also forget one major factor. The party now in power has made no secret of the fact that in its judgment a law for preventive detention is necessary in the circumstances obtaining in the country, right or wrong. In 1950 the leader of revered memory, Sardar Vallabhai Patel moved this Bill and the House for the first time accepted it and subsequently this Bill was repeatedly renewed. Even in December 1969 we made no secret of the fact that this Bill had to be renewed but under the circumstances then prevailing in Parliament we were unable to implement our decision. Mr. Menon asked whether this matter was put on the election manifesto. Not in so many specific terms, I concede. But we did raise two slogans that we shall fight right reaction and left adventurism...

SHRI ATAL BIHARI VAIPAYEE : By preventive detention ?

SHRI C. M. STEPHEN : At the time of the elections we went to the people and make clear that we were not against giving a fresh lease of life to this Bill. This being a concurrent subject a number of States passed this law. We had got a mandate not only for the implementation of the socialist programmes but also a mandate to fight right reaction and left adventurism. We have got our own evaluation of what these forces are and how the people of this country want us to fight them. During the elections we found right reaction and left adventurism joining hands to fight against us.

SHRI SAMAR GUHA (Contai) : Does it mean that the leftists and the rightists will be put under preventive detention ?

SHRI C. M. STEPHEN : We went to the pools. We are to judge what measures need be taken in the circumstances obtaining in the country.

There is no question of this being against the Constitution. It was a very curious argument. If at all any law has been given a sanctified position in the Constitution—I think Mr. Anthony referred to this point—it was with respect to preventive detention because it is mentioned and enshrined in Chapter III itself. The fundamental rights are enumerated under Chapter III and in order that some rights may not to be used by the beneficiaries thereof to scuttle that power and scuttle democracy, the fathers of the Constitution felt that preventive detention must also become part of the Chapter on Fundamental Rights. It was argued here that preventive detention can be had only in an emergency. That was a very strange argument again. When an emergency is proclaimed there is no question of any fundamental right by legal processes; fundamental rights are there. But resort to the court of law for exercise of the fundamental right will not be available. In those circumstances there need be no specific constitutional provision for preventive detention. Therefore this enactment is perfectly contemplated by the Constitution, under circumstances other than those tantamount to an emergency. We are asking this Parliament to take note of the conditions obtaining in the country and to arm the Government with power to resort to preventive detention. What happened in the course of these years ? How many people were put behind the bars ? The statistics are before us. Mr. Jyoti Basu was in Bengal. The Preventive Detention Act was there. Does not Shri Jyotirmoy Bosu know how many persons were put behind the bars under the Preventive Detention Act ? 777 people were put behind the bars by the United Front Government. *(Interruption).* Mr. Jyotirmoy Bosu is saying that they were not using the Act against blackmarketeers. The question, therefore, is this. It is one thing to say that "I am against preventive detention, for whatever proposes" and it is another thing to say that I am against the Preventive Detention Act if it is not for their purpose. The first question is, are you

[Shri C. M. Stephen]

against the Preventive Detention Act? Mr. Jyotirmoy Bosu said that "I am for preventive detention if it is for preventing profiteering; if it is for preventing communal elements and if it is for preventing food offences." Therefore, he is for preventing detention. If it is something else, he is not for it. If it is for this, he is for preventive detention.

Mr. Menon found fault with the Government saying that this Act was not resorted to for the purpose of handling the Shiv Sena. So, if it is for the purpose of handling the Shiv Sena, the contingency of preventive detention is conceivable, where the preventive detention law may be acceptable. And Mr. Piloo Mody said, "if you are containing it in West Bengal, then, I have no objection." Therefore, he is conceding the Preventive Detention under conditions that are obtaining in West Bengal. "It is perfectly acceptable".

So the fight is not against preventive detention. Mr. Vajpayee says he is against the Preventive Detention Act but he is afraid that the preventive detention provisions may be used by us for purposes other than what he thinks are in the interests of the country. If it is in the interests of the country, the Preventive Detention Act is "O.K.", and I have nothing against it." It is perfectly understandable, because it is provided for in the Constitution itself.

So, the question is the preventive detention is not bad. Preventive detention, under what circumstances is the only question, which is now remaining here. We have the experience of the last 20 years how this Government has been using the Preventive Detention Act. The first question, is, whether the conditions obtaining in this country are different from the conditions which obtained in 1950 or in the subsequent years. Anybody with his eyes wide open would see what conditions have been obtaining in West Bengal, in Kerala and in different parts of the country: the Naxalites and right reactionaries mixing up together to create conditions where life becomes impossible. Then the State has to intervene. This is the position.

May I inform Vajpayee, in this connection, that when Naxalitism woke up in Kerala, Mr. Parameswaran, one of the Secretaries of the All India Jan Sangh, came out with a strident statement saying that the Preventive Detention Act must be immediately brought in and those fellows must be roped in under the Act? The Swatantra Party came out with the statement that in Kerala the Preventive Detention Act must must be resorted to. The Muslim League also came out with a statement saying that preventive detention must be resorted to in Kerala. When the Naxalites broke out, they wanted the preventive detention measures to be taken up there.

Therefore, there are these conditions. The question as to whether there is such a condition or not is for the Government to decide: it is the opinion of the Government. You may differ from us. But now the people have saddled us with the responsibility, the actual safety of this country and safety of the people; it is a fundamental, basic responsibility. We cannot pass on that responsibility to you. We have got to decide whether conditions are obtaining in this country where this extraordinary law has to be resorted to. Only we are answerable to the people of this country whom we know much better than you think you know, according to us. We feel that to protect them, we have got to resort to the Preventive Detention.

The question is, how we will use it. There is nothing dangerous in a knife. If that knife is in the hands of a murderer it becomes dangerous. If it is in the hands of any other person it is not dangerous. The people have put their confidence in us. You may carry on a propaganda that it is not so, but actually, the people have shown to us that "we believe you, we put our faith in you?" We know that the people have put their faith in us. We want to save them from the cudgels of butchers in this country. We want to save them from foreign invaders who are menacing our boundaries. We want to save them from the people who are subverting and eroding the foundations of this country. We want to arm ourselves with proper powers to prevent it. Why should any law-abiding man be afraid of it. There are ample safeguards incorporated in it. There is

an advisory board. According to Mr. Frank Anthony, the magistracy is corrupt ; the advisory board is corrupt, the minister is corrupt ; politicians are corrupt ; everybody is corrupt. I concede that position to my friend that all of us are corrupt and that you alone are clear. But the people have a different opinion. In the course of the last 15 years, many amendments and modifications have been made in the Act. An advisory board of three has been made constituted. Veto power has been given to the advisory board. I remember Mr. Chavan saying in 1966, asking for extension of the Preventive Detention Act, that statistics would prove that the advisory board have recommended the release of more persons than all the judiciary in this country. How can you say that this has been misused ? In 1969, out of 2600 people under preventive detention in this country, only 269 were detained under the orders of the Central Government. The major share goes to the State Governments. Let us not forget that.

This Bill is absolutely necessary. When right reaction and left adventurism, which combined on the election-eve, is recombining on the floor of the House, this Bill is absolutely necessary to implement the mandate of the people and to smash the conspiracy and to save us from the combination of right reaction and left adventurism. With these words, I strongly support the Bill.

SHRI SOMNATH CHATTERJEE (Burdwan) : Sir, this Bill has been brought to validate of the ordinance which was promulgated only 17 days before this House was to sit. Unless there were some immediate and real reasons for promulgating an ordinance, this power of executive legislation should not be used. It is a regrettable use of the power of executive legislation that only 17 days before the House was going to sit, this Draconian legislation was invoked. Soon after the ruling party came into power with the slogan of banishing poverty, all that they have banished from this country after having coming back to power is the personal freedom and individual liberty, instead of *garibi*. It is a sear on any civilised society believing in human freedom and

personal liberty. It is a slur on any system of people or civilisation which thinks or says that it has a democratic set up. In their hunger and greed for power, the ruling party is showing clear trends of becoming totalitarian. It is a shameless exhibition of hunger and greed for more power. They are taking upon their hands this black Act, this piece of legislation which does not provide even the semblance of security to an individual in this country. In the name of refugee influx, in the name of security of the State, which all remain undefined, this power has been given in the hands of ordinary petty bureaucrats who are prone to act at the behest of the party in power. When the Minister was moving this Bill he was trying to give a facade of reasonableness for this Bill by indulging in vague generalisations and pious platitudes. However, that facade was ripped open when other members of his party followed him. Except possibly with somewhat refreshing exception of Shri Amrit Nahata, I was pained to see that every member of the Congress Party, the Ruling Congress, has been supporting this legislation. When we are discussing a measure which affects fundamental human values, I should have thought as a lawyer that a measure like this would have cut across party lines and it would have been treated with the seriousness it deserves. I could not have agreed with Shri Krishna Menon more when he said that what was most painful was the sense of levity with which this measure has been treated.

I am sorry to say—I am a new-comer here, there are many old members here, many important and leading members—that I was dismayed when I found the hon. Minister showing his great glee when irresponsible and wild charges were being made against members of my party, when I saw the Minister applauding and encouraging the new-found mouth-piece of the Bengalee Youth, my hon. friend Shri Priya Das Munsî. Shri Munsî referred to certain incidents in Burdwan. I represent Burdwan and I am proud of that because Burdwan has been in the vanguard of democratic movements and the movement of the working classes.

Now, what has happened in Burdwan ? Did Shri Priya Das Munsî tell this House

[Shri Som Nath Chatterjee]

that during the last ten months 12 members, leading members, of the Communist Marxist Party have been killed in Burdwan town alone? Who killed them? There is no Naxalites menace in Burdwan. We have given a memorandum to the hon. Home Minister, Shri K. C. Pant but we have not got a reply to that. We have requested him to go into the matter and find out who has killed these persons and yet we have not heard from him so far. On the 19th of April, 1971 a leading advocate who was not an active member of our party but only a sympathiser, Shri Baladish Roy, he was stabbed at 10.25 a.m. when he was going to the court in a cycle rickshaw within ten yards of the Burdwan Sadar police station. No arrests have been made till the 17th June..... (*Interruptions*) On the 23rd of May Shri Shib Shankar Chaudhari, a leading member of my party, was stabbed to death with 50 yards of the Sadar police station. No arrest has been made so far. On the 6th of April a CPM worker, Shri Krishna Biswas, was stabbed within yards of the Burdwan Police Station at about 11 O' Clock. He made a statement to a first-class magistrate at the hospital, giving the names of the persons who have stabbed him. Do you believe this is a civilised country when I say that not even one arrest has been made so far, even though the names of the persons who have stabbed him have been given.

I was surprised when charges were being made against a particular political party in respect of *sub judice* matters. To justify a draconian legislation like this, a black Act like this, at least they should try to place before the House facts correctly and impartially. These are the incidents that have occurred in Burdwan and they cannot be denied. We have given a memorandum to the hon. Minister, Shri K. C. Pant, but we have not yet got a reply from him.

Who have done all this? Against whom are you going to utilize this piece of legislation?

Is it the contention of Government that because of this legislation they will be able to stop one, two, three, four, five or ten murders that are taking place every day?

The PV Act has been invoked in West Bengal from December 1970. What has happened since December 1970 till the middle of June? Now, we have this so-called popular Government. They have selectively used the PVA Act against their political opponents. Indiscriminate arrests are being made; detention has been made and the persons are never brought to trial.

Has the situation in West Bengal improved? No, because the real reason is something else. After 23 years of misrule, there is complete degeneration of the youth. There is complete frustration because they have no future. There is discrimination against the State. West Bengal has been treated as a step-child. You have denuded West Bengal of all the privileges and benefits that other States have been given. There is no future. Instead of tackling the real problem, the economic problem and the real problems of society, merely arming the Government and the District and Additional District Magistrates with these arbitrary powers will not solve the problem.

Our hon. friend, Shri Anthony, as also Shri Krishna Menon, have very pertinently referred to the fact that although in some cases grounds are given, the courts' powers are very restricted. As you know, satisfaction is always a subjective satisfaction that one has to arrive at. The sufficiency of the grounds upon which such satisfaction purports to be based only require that they have a rational probative value and are not extraneous to the scope and purpose of the legislation. The factum of satisfaction cannot be challenged in a court of law except where there are *mala fides*. But it is always very difficult to prove *mala fides*, because the facts have to be stated. *Mala fides* is not something so objective that one can easily bring it to the notice of the court. A court of law is not even competent to inquire into the truth or otherwise of the facts which are mentioned as grounds of detention in the communication to the detenu. The court cannot decide whether the grounds are good or bad nor can attempt to assess in what manner and to what extent the grounds operated on the mind of the appropriate authority and contributed to the creation of the satisfaction on the basis of which the detention order was made. Therefore, it is a very very limited power which has been given to the courts.

Even framed up charges can be served on the detenu. A clever police officer and district and additional district magistrates can frame up charges cleverly. So, it is very difficult to point out defects in them.

Therefore, we oppose this Bill. We are firmly of the view that it is going to be utilised against political opponents. That has been made very clear by Members of the ruling Congress when they have supported the Minister and the great applause that the Minister was giving them when they were referring to their political opponents.

SHRI RAJA KULKARNI (Bombay—North East) : Mr. Chairman, I am supporting the Bill. Security, like peace, is indivisible. Hon. Members of the Opposition would recognise the threat to the border of our country but they would not realise that the same threat holds good so far as the internal situation is concerned. What does this mean ? They are making it a divisible concept. If our border is equally threatened, our internal situation is equally threatened. Probably they cannot see the relationship between the external situation and the internal situation and they are not trying to understand the impact on the border of warfare or probably they do not know what is modern warfare. The modern warfare is a total warfare. There is no separation between the external and the internal situation. It is a total warfare. Therefore, like a modern warfare, security being a part of modern warfare is total. If it is for external purposes, it is also for internal purposes. It is equally important for us to realise that we cannot talk of having effective security measures on the borders and, at the same time, weaken the Government's efforts in keeping the internal situation as effective as possible.

It is very difficult to understand when the hon. Members of the Opposition talk of giving recognition to Bangla Desh immediately, to strengthen the border forces and, at the same time, to weaken the forces of the country in the steel factories and to cut down the production of steel, and take privilege and pleasure in saying that the country is not producing more steel. The modern warfare is being fought not only on the geographical borders but also, equally,

in the fields and factories. Therefore, we must keep our efforts at efficient level both on the borders and in the fields and factories. Any attempt at disruption of the very foundations of political, social and economic fabric will have to be checked.

The people have given a mandate to the Government to have a war on poverty. The internal security is nothing but the Government's effort to tackle internal situation on a war footing and to have a war on poverty, unequal distribution and all the other social and economic evils. The internal security should be looked at from that totality point of view.

Then, it is very strange that those who profess themselves to be Marxists have now accepted the bourgeois concept of an individual's liberty. That is why persons like Mr. Vajpayee and Mr. Jyotirmoy Bosu can share the same bed. In politics, sharing the same bed by strange people is a common phenomenon. The bourgeois concept of an individual's civil liberty of the nineteenth century and earlier eighteenth century is given up by the Marxists, when it comes to the question of reasonable restrictions and controls in economic life. Well, in politics, in respect of political rights, or in respect of civil rights, when a man talks of an individual's liberty and right, I ask, whose liberty and right he is talking of.

Today, when the country is on a war footing against poverty, how many people have got individual rights in the economic field or in the civil field. It is to save the civil liberty, to save the political rights of crores of people that this control is necessary by way of checks and balances. With all the checks and balances against its misuse a regulatory measure is needed.

To oppose this Bill will be doing a disservice to the interest of the nation specially, at this critical time when our border is exposed to danger. I hope, they will have a re-thinking of their views and will give up the bourgeois concept of an individual's liberty and show themselves as real Marxists, and support this. Those who are patriotic and those who want that Bangla Desh should be strengthened and our borders should be strengthened should

[Shri Raja Kulkarni]

try to maintain law and order and should not indulge in disrupting essential services. They should not take pleasure in creating and encouraging violence. The people who talk today of safeguarding an individual's liberty encourage violence. What is violence? Violence is an attack on an individual's liberty and rights. Such people are now opposing this Bill. This is a democratic way and a democratic method by which the power is being given to the Government.

With these words, I support the Bill.

श्री रामदेव सिंह (महाराजगंज) : सभा-पति महोदय, मैंने बजट पर बोलते हुए श्री चव्हाण को मुबारकबाद दी थी कि उन्होंने उस बजट को प्रस्तुत करके देश के सामने अपनी सरकार के इस चरित्र को रख दिया कि वह समाजवादी नहीं हैं। आज मैं श्री पन्त को भी मुबारकबाद देता हूँ कि उन्होंने इस इन्टरनल सिक्युरिटी बिल को हाउस के सामने प्रस्तुत करके यह बता दिया है कि अगर हम समाजवादी नहीं हैं, तो हम प्रजातंत्र के भी प्रेमी नहीं हैं।

यह बिल इस देश के लिए और हमारे संविधान के लिए एक कलंक के समान है। यह एक काला कानून बनने जा रहा है; यह हमारे नागरिक अधिकारों को कुचल देगा। सत्तारूढ़ दल में इतना भी धैर्य नहीं था कि जब यह सदन बैठने जा रहा है, तो उसमें इस बिल को लाया जाए। लेकिन उसने राष्ट्रपति जी से एक आर्डिनेंस जारी करवा दिया, मानो यह देश मिट रहा हो, आकाश गिर रहा हो या भूकम्प आ गया हो, और अब वह उस आर्डिनेंस पर इस सदन की मुहर लगवाने के लिए यह बिल सदन में ले आई है।

मैं पूछना चाहता हूँ कि आखिर सरकार को खतरा किससे है। इस बिल का उद्देश्य क्या है। मंत्री महोदय ने इस सम्बन्ध में पश्चिमी बंगाल का जिक्र किया। पश्चिमी बंगाल की कहानी समझ में नहीं आती है। श्री ज्योतिर्मय बसु और उनके दल के लोग कहते हैं कि बर्दवान में बड़े पैमाने पर उनके कार्यकर्ताओं की हत्या हो रही है। दूसरी ओर हमारे जैसे लोग कहते हैं कि सोशलिस्ट पार्टी के लोग मारे जा रहे हैं। इसी तरह फार्वर्ड ब्लाक और कांग्रेस के लोग भी मारे जा रहे हैं। बंगाल में हर दल के कार्यकर्ताओं का कत्ल हो रहा है। बंगाल पूरी तरह से हिल उठा है। कोई भी ऐसा राजनैतिक दल नहीं है, जो यह कहे कि उसके कार्यकर्ताओं की हत्या नहीं हो रही है।

लेकिन न तो श्री ज्योतिर्मय बसु ने और और न ही सत्तारूढ़ दल की ओर से प्रधानमंत्री ने श्री वाजपेयी या हम लोगों से कभी यह कहा कि बंगाल में जाकर देखो कि वहाँ कौन देवता आये हैं, जो राजनैतिक दलों के कार्यकर्ताओं का भक्षण कर रहे हैं।

मैं यह पूछना चाहता हूँ कि क्या सरकार बिल को पास करके बंगाल में हो रही खून-खराबा और कत्ले-आम को समाप्त करने में समर्थ हो सकेगी। नहीं हो सकेगी। अगर सरकार ऐसा करना चाहती, तो वह कर सकती थी। उसके पास कानून था और वह उसके द्वारा इन हिंसात्मक घटनाओं को रोक सकती थी। तो फिर इस बिल का उद्देश्य क्या है? सत्तारूढ़ दल के लोगों ने चुनाव के जमाने में दूध-दही की नदियाँ बहाने, समाजवाद और परिवर्तन लाने और गरीबी हटाने का नारा दिया था और इस तरह देश को चक्के में डाला था। अब जनता सत्तारूढ़ दल के मेसमेरिज्म से

मुक्त होगी और आगे बढ़ कर इन लोगों से जवाब मंगेगी और देश में विद्रोह होगा। उस विद्रोह को रोकने के लिए, अपने को बचाने के लिए और विरोधी नेताओं को बिना मुकदमा चलाये जेल में डालने के लिए ही यह बिल लाया गया है और यही इस का उद्देश्य है। इस बिल का कोई औचित्य नहीं है। इस बिल के न रहने पर भी सरकार साधारण कानून के द्वारा शासन चला सकती थी।

सभापति महोदय : माननीय सदस्य अब समाप्त करें।

श्री रामदेव सिंह : सभापति महोदय, मुझे अपनी बात पूरा करने का अवसर तो दीजिए। कई सदस्यों को आध घंटा तक दिया गया है।

श्री अटल बिहारी वाजपेयी : सभापति महोदय, मेरा निवेदन है कि यह ठीक है कि समय कम है, लेकिन कम से कम सदस्यों को अपनी बात कहने का अवसर तो दीजिए। एक तरफ नज़रबन्दी का खतरा है और दूसरी तरफ बोलने का भी समय नहीं है। कम से कम आप बोलने का समय तो दीजिए अब तीन चार मिनट में या पांच मिनट में कोई अपनी बात कैसे कह सकता है? यह एक पार्टी के प्रतिनिधि हैं, एक विचारधारा का प्रतिनिधित्व करते हैं। तो उनको थोड़ा समय तो दीजिए। आप सदन से पूछ लीजिए और मेरा निवेदन है कि मंत्री महोदय कल जवाब दें। अभी कई दलों के प्रवक्ता बोलने को बाकी हैं। आज का समय उनको बोलने के लिए दिया जाय।

एक माननीय सदस्य : आज रात को 8 बजे तक बैठ कर इस को खत्म किया जाय।

सभापति महोदय : नहीं रात को सदन नहीं बैठेगा, 6 बजे उठ जायगा। सबाल यह है कि अभी कांग्रेस पार्टी के भी सदस्य बोलने को

हैं और अपोजीशन के भी हैं...(व्यवधान)... आप जरा सा मेहरबानी कर के सुन लीजिए। अभी अपोजीशन से चार पांच आदमी बोलने वाले हैं और कांग्रेस के भी करीब 8-10 आदमी बोलने वाले हैं। वाजपेयी जी ने अभी रिक्वेस्ट किया है कि टाइम बढ़ाया जाय तो अभी पौने पांच बजने जा रहा है...(व्यवधान)... जरा आप सुनिए तो...

श्री जांबुवंत धोटे (नागपुर) : जरा आप भी हमारी सुनिए।

सभापति महोदय : आप बैठिए...

श्री जांबुवंत धोटे : सभापति जी, आप डांट के मत बोलिए। आप ढंग से बोलिए...(व्यवधान)...

सभापति महोदय : मैं खड़ा हूं, आप बैठ जाइए।

श्री जांबुवंत धोटे : आप शान्ति से बोलिए।

सभापति महोदय : मेहरबानी कर के आप बैठ जाइए। कृपा कीजिए, बैठिए। मैं जब बोल रहा हूं और आप ही लोगों का काम कर रहा हूं तो आप क्यों उत्तेजित होते हैं?

अब यह हाउस के ऊपर है कि अगर वह टाइम बढ़ाना चाहे तो मुझे कोई आपत्ति नहीं होगी। अगर बढ़ाना चाहते हैं तो आप कितना समय लेना चाहते हैं?

श्री अटल बिहारी वाजपेयी : सभापति जी, 6 बजे तक आज सदस्य बोलें और मंत्री महोदय कल उत्तर दें।

श्री कृष्ण चन्द्र पंत : सभापति जी, अगर समय बढ़ाना चाहते हैं तो आज 8 बजे तक हाउस बैठे और इसको खत्म करें।

श्री अटल बिहारी वाजपेयी : नहीं, खत्म तो आज होगा नहीं। कल धाराओं पर विचार होगा।

श्री कृष्ण चन्द्र पंत : पहली रीडिंग तो आज खत्म होनी ही चाहिए।

सभापति महोदय : आप कितना समय लेंगे ?

श्री कृष्ण चन्द्र पंत : कोई 40-45 मिनट।

सभापति महोदय : वाजपेयी जी ने कहा कि 6 बजे तक यह बहस चले तो हाउस अब पीने सात तक बैठेगा।

श्री अटल बिहारी वाजपेयी : पीने सात तक हाउस बैठने का कोई सवाल नहीं है। अभी आपने कहा कि हाउस 6 बजे उठ जायगा और अब आप कह रहे हैं पीने सात तक बैठेगा।

सभापति महोदय : आपने बढ़ाने के लिए कहा तो आज ही वह टाइम बढ़ा दिया गया। लेकिन एक बात है कि मंत्री महोदय के बोलने के बाद वाजपेयी जी का उत्तर भी होगा, फिर तो हाउस बहुत लेट बैठेगा...(व्यवधान)...

श्री जांबवंत धोटे : आपने थोड़ी देर पहले कहा कि हाउस 6 बजे बन्द होगा और अब कह रहे हैं कि देर तक बैठेगा। अभी आपने डिस्मिशन दिया और अभी ही आपने उसे बदल दिया।

सभापति महोदय : सवाल यह है कि इसको राज्य सभा में जाना है इसलिए इसको आज पास ज़रूर करना पड़ेगा।

श्री अटल बिहारी वाजपेयी : तो आज पास कैसे होगा ? पास तो कल ही होगा।

सभापति महोदय : कल दोपहर में हो जाय या शाम तक हो जाय...(व्यवधान)...

श्री कृष्ण चन्द्र पंत : अगर सदन इस बात को मान जाय कि कल तीन चार बजे तक इसको पास कर देंगे तभी हम कल के लिए छोड़ सकते हैं।

श्री अटल बिहारी वाजपेयी : कल पास हो सकता है अगर पंत जी हमारे कुछ संशोधन मान लें। बहुत जल्दी हो जायगा।

श्री कृष्ण चन्द्र पंत : अध्यक्ष महोदय मैं वाजपेयी जी का बड़ा आदर करता हूं। जो भी आपकी भावनायें होंगी, विचार होंगे अभी नहीं कह सकता हूं कि क्या मान सकता हूं क्या नहीं मान सकता हूं। लेकिन अगर कल तक यह पास नहीं होगा तो राज्य सभा में दिक्कत होगी। राज्य सभा कुछ ही रोज के लिए एक्सपेंड हुई है, आगे एक्सटेंशन होना कठिन होगा। यहां से पास होने के बाद 48 घंटे चाहिए, जब राज्य सभा में जाता है। इसलिए यदि सोमवार चला गया तो कठिनाई सामने आयगी। इसलिए मैंने सुझाव रखा है कि कल हम हर हालत में इसको पास होने दें। आज फर्स्ट रीडिंग समाप्त कर लें।

सभापति महोदय : सवाल यह है कि कल तीन बजे तक इसको हमें खत्म करना है।

श्री ज्योतिर्मय बसु : कोशिश की जायगी।
Otherwise we can sit on Monday.

श्री कृष्ण चन्द्र पंत : अगर ज्योतिर्मय बसु जी इसमें राजी नहीं हैं, तो फिर यह कठिनाई मैंने सदन के सामने रखी है।

SHRI K. SURYANARAYANA (Eluru) :
 Let us complete it today.

SHRI DASARATHA DEB (Tripura East) : It is a very important Bill.

MR. CHAIRMAN : I understand that it is important. Therefore, I am trying to adjust. But hon. Members also must cooperate.

श्री अटल बिहारी वाजपेयी : यह विधेयक कल समाप्त हो सकता है—गैर सरकारी कार्यवाही के पूर्व, अगर हम यह फैसला कर लें कि कल हम भोजन की छुट्टी नहीं करेंगे और उस एक घंटे का उपयोग कर सकते हैं।

श्री ए. पी. शर्मा (बक्सर) : यह कैसे हो सकता है। आज किया जा सकता है।

श्री अटल बिहारी वाजपेयी : आप आज रात बैठने के लिए तैयार हैं, लेकिन हमारे कार्यक्रम पहले से निश्चित हैं। यह सदन रात में नहीं बैठ सकता है, हमें 6 बजे जाना है। अगर आप सदस्यों को बोलने का मौका नहीं देंगे तो इस विधेयक के पारित होने में कठिनाइयां पैदा होंगी। अगर सदन चाहे तो कल के भोजन के समय के बारे में निर्णय कर सकता है और उस समय का उपयोग कर के इसको पारित कर सकता है।

सभापति महोदय : लंच-आवर खत्म करने के लिए हमें स्पीकर साहब से कन्सल्ट करना होगा।

श्री जांबवंत धोटे : सभापति जी, एक दरखास्त है, उस कुर्सी पर बैठने के बाद कम से कम डांट कर मत बोलिये।

सभापति महोदय : आप भी ज़रा हल्का कम कीजिये।

श्री जांबवंत धोटे : अगर आप इसको समझ लें तो फिर कम्प्रोमाइज हो जायगा।

श्री राम बेब सिंह : सभापति महोदय, इस बिल का उद्देश्य जैसा कि इस बिल के लाने वाले—पंत जी ने बताया है, ठीक उस के प्रतिकूल इनका उद्देश्य है। उनको वह तूफान नज़र आ रहा है जो इस देश में आने वाला है, आने वाले दो-तीन महीनों में खड़ा होने जा रहा है। जिन लोगों ने “जय इन्दिरा” बोला, जिन लोगों ने गरीबी और बेकारी हटाने के नाम पर वोट दिया, जिन लोगों ने परिवर्तन लाने की बात की, उन लोगों की आंखें आज खुल गई हैं और आज वह समझ गए हैं कि इस देश के लोगों को भयंकर धोखा दिया गया है। जो स्कूटरवाले, टैक्सीवाले, खोचे वाले दिल्ली शहर में “जय इन्दिरा” कहते थे, इस बजट के बाद वे काले चमड़े का बिल्ला लगाये शहर में घूमने लगे हैं।

आज वे लोग क्या बोलते हैं उसको सत्तारूढ़ दल के लोग जानते हैं। आज सत्तारूढ़ दल के लोगों को उसके संकेत मिल रहे हैं और उसी के कारण यह काला बिल इस सदन में पेश किया गया है। इस बिल के पास होने के बाद इसके शिकार कौन लोग होंगे? पहले भी इस तरह का कानून इस देश में था। क्या कभी इस कानून के अन्तर्गत कोई देशद्रोही, कोई घूस लेने वाला, कोई डकैती या चोरी करने वाला या कोई पाकेटमार गिरफ्तार हुआ? जी नहीं। इस कानून के अन्तर्गत राजनीतिक दलों के कार्यकर्ता ही गिरफ्तार हुए जोकि जनता को संगठित करते थे, उनकी न्यायोचित मांगों और अधिकारों के लिए आवाज उठाते थे। ऐसे लोग ही इस बिल के शिकार हुए हैं। सत्तारूढ़ दल के लोग जानते हैं कि यह तलवार देशद्रोहियों,

[श्री राम देव सिंह]

चोरों और बदमाशों पर नहीं गिराई जायेगी बल्कि विरोधियों के गले पर ही गिराई जायेगी जोकि जनता को संगठित करके सत्तारूढ़ दल के मंत्रियों और प्रधान मंत्री के यहां लायेंगे और उनसे पूछेंगे कि आपका समाजवाद कहां है और चुनाव के मौके पर जाँ आपने परिवर्तन लाने की बात कही थी, वादा किया था उसका क्या हुआ। वह आने वाला दिन इनको नजर आ रहा है और उसी से बचने के लिए ये हमारे संविधान पर एक कलंक लगाने के लिए यह बिल लाये हैं। इस कानून का पूरी तरह से दुरुपयोग होगा। इस कानून के अन्तर्गत किसको अधिकार दिया जा रहा है? अधिकार दिया जा रहा है थाने के दारोगा को। मजिस्ट्रेट और कलक्टर को अधिकार दिए जा रहे हैं। उस एजेन्सी को अधिकार दिए जा रहे हैं जिसके माध्यम से आप अपने कार्यक्रम को चला नहीं पा रहे हैं। आपने जनता से कहा था कि हम देश में एम्प्लायमेंट ओरिएण्टेड स्कीम चलायेंगे लेकिन सदन के सदस्य देहातों में जा कर देखें कि गांवों के बेकार लोगों को काम देने के लिए क्या कोई भी योजना शुरू की गई है? मैं स्वयं छपरा जिले के ब्लाकों में यह देखने के लिए घूमा हूँ कि क्या इस तरह की कोई योजना है या नहीं लेकिन वहां पर कुछ भी नहीं है। सिर्फ ठगने के लिए चुनाव में यह बातें कही गई थीं। आज भी गरीबी वहीं पर है और किसी तरह का कोई परिवर्तन नहीं हुआ है। इसके अलावा गरीबों के सिर पर टैक्सों का और बोझ लाद दिया गया है। अब आप एक और तलवार लेकर अपने अधिकारियों को दे रहे हैं ताकि जनता अपनी मांगों को आपके सामने प्रस्तुत न कर सके, जनता संगठित न हो सके और आपके पास यह पूछने के लिए न आ

सके कि समाजवाद कहां है, गरीबी कहां गई और बेकारी कहां दूर हुई? जनता आपके सामने इन सब बातों को पूछने के लिए न आये इसीलिए आप यह तलवार लेकर उसकी राह में खड़े हो रहे हैं।

17.03 hrs.

[MR. SPEAKER *in the Chair*]

मैं कहना चाहता हूँ सत्तारूढ़ दल के लोगों से इस तरह से ऐसे गलत कानूनों को बनाकर काम करने से विरोधी दल के लोगों को रोकेंगे। कोई भी आदमी देश में खून खराबी नहीं चाहता, और मैं मानता हूँ कि भारत में रहने वाले जो लोग हिंसा, तलवार और पिस्तौल की बात करते हैं वह देशद्रोही हैं। लेकिन अगर यह स्थिति पैदा हो रही है कि इसका जिम्मेवार कौन है? सत्तारूढ़ दल इस स्थिति को पैदा करने का जिम्मेवार है क्यों कि 22 साल के शासन में इन्होंने कोई ऐसी नीति नहीं अपनायी जिससे लोग हिंसा से नफरत करें। तलवार, बम और पिस्तौल से दूर रहें। आज शासन की गलत नीतियों के कारण मानव मानव न बन कर दानव बन गया है। आज देश टूट रहा है, गांव बिखर रहे हैं, बेकारी और गरीबी बढ़ रही है। कौन इसका जिम्मेवार है? इसके जिम्मेवार वही लोग हैं जो 22 साल से देश का शासन अपने हाथ में रखे हुए हैं।

दुनिया के किसी लोकतांत्रिक देश में किसी भी दल को इतना अधिक बहुमत नहीं मिलता है जितना कि कांग्रेस को इस चुनाव में मिला है। लेकिन क्या आप ने कभी सोचा है कि जनता आप से क्या अपेक्षा करती है? जनता यह नहीं चाहती कि आप इस तरह से किसी को उठा कर जेल में डाल दें। ऐसे काले कानून के

पक्ष में जनता कभी नहीं थी और न है। आपने गरीबी हटाने की बात कही, लेकिन आप बतायें कि वह कौन सी योजना है जिससे आप गरीबी हटाने जा रहे हैं। क्या यही योजना है कि लोगों को जेल में भेज दो। ऐसे ही गरीबी दूर करना चाहते हैं। आपके पास कोई योजना नहीं है। निकम्मे और भ्रष्ट प्रशासन के बल पर आप देश को चलाना चाहते हैं। अच्छी राह को छोड़ कर आप काले कानून के सहारे शासन करना चाहते हैं। जनता इसको कभी बर्दाश्त नहीं कर सकती। दुनिया का इतिहास इस बात का साक्षी है कि निकम्मे और भ्रष्ट प्रशासकों ने जब भी गलत राह अख्तियार की, काले कानूनों का सहारा लिया उनका पतन बहुत जल्दी हुआ है, जनता ने ऐसे भ्रष्ट शासन को कभी टिकने नहीं दिया। वही गलत राह आपने भी पकड़ ली है। इसलिये मैं इस कानून का विराध करती हूँ।

अन्त में एक बात और कहना चाहता हूँ। जो कुछ बंगाल में हो रहा है हम सभी उससे शर्मिन्दा हैं। चाहे जिसकी भी कार्यवाही हो उसकी भर्त्सना होनी ही चाहिये। इन नर हत्याओं का दोष एक पार्टी दूसरी पार्टी पर डाले यह भी उचित प्रतीत नहीं होता। मैं सत्तारूढ़ दल से पूछना चाहता हूँ कि क्या उसने सी. बी. आई. की जांच के आगे जा कर के कभी यह महसूस किया कि सदन की एक कमेटी बंगाल में जा कर पता लगाये कि कौन दल है जो राजनीतिक कार्यकर्ताओं को मारते हैं? यह देवता कहाँ से पैदा हो गया, क्या कभी सत्तारूढ़ दल ने इसको सोचा है? नहीं, कभी नहीं सोचा। सोचते तब जब प्रजातन्त्र के लिए इनके दिल में प्रेम होता। एक दूसरे की शिकायत कर के हम कत्ले आम को बढ़ा रहे हैं। जो भी काला कानून बनता है बंगाल का हवाला जरूर

दिया जाता है। क्यों नहीं आप उन कारणों तक पहुँचते जिनकी वजह से ऐसी स्थिति पैदा होती है। आप उन कारणों को दूर कीजिये। केवल बिल लाने मात्र से इस समस्या का समाधान नहीं हो जाता है। इसलिये मैं मंत्री जी से कहूँगा कि वह इस बिल को वापस ले लें, और वापस ले कर के जो सरकार ने समाजवाद और गरीबी हटाने का वायदा किया है उसको पूरा करे। जब गाँवों में समृद्धि बढ़ेगी तो अपने आप देश में शान्ति और सुव्यवस्था रहेगी और ऐसे कानून की आवश्यकता ही नहीं रहेगी। क्या सरकार ऐसे समाज को बनाने के लिए तैयार है? अगर तैयार है तो इस कानून की आवश्यकता नहीं है। और अगर तैयार नहीं है तो गरीबी हटाने का नारा जो लगाया जाता है वह बिल्कुल थोथा है और एक नहीं दर्जनों ऐसे कानून बनाने से भी कुछ काम नहीं बनेगा और अन्त में देश की गरीब जनता ऊब कर इस कानून को समाप्त करके दम लेगी।

MR. SPEAKER : This morning the question about the extension of time was raised and I told you that the Business Advisory Committee had fixed certain time. Some Members put forward a proposal that the time should be extended by about half an hour or one hour but actually more than two hours had been taken. Almost all the speakers from the opposition benches have exhausted their time but certain parties do not utilise their time. The DMK has got nine minutes and if they want to transfer it to other Members I shall do so. The Members from the Congress side say that they do not want to participate if the Bill is going to be passed today.

SHRI ATAL BIHARI VAJPAYEE : How can it be passed today ?

MR. SPEAKER : You should stand by the commitments you made. The time allotted was over at 3 or 3.30 P. M. and you got what you wanted. You can have

[Mr. Speaker]

one hour but you should try to finish it. We may have to sit extra time because you wanted two hours extra and that two hours have already been taken now. You must stand by your decisions; that was your decision.

श्री अटल बिहारी वाजपेयी : लेकिन हम ने यह तो नहीं कहा था कि आप सदस्यों को मौका न दीजिये। आप चाहते तो दूसरों को अधिक बोलने से रोक सकते थे।

अध्यक्ष महोदय : आप बैठ जाइये। सदस्यों को मौका देने के लिये ही तो दो घंटे बढ़ाये गये थे। बिजनेस ऐडवाइजरी कमेटी है, आप ने उस के फंसले को माना था। क्या आप उस पर भी स्टिक नहीं करेंगे।

श्री अटल बिहारी वाजपेयी : यह फंसला कहाँ हुआ था कि 6 बजे के बाद बैठेंगे ? हम ने अपने पब्लिक एन्गेजमेंट तय कर लिये हैं।

अध्यक्ष महोदय : पब्लिक एन्गेजमेंट तय करते वक्त आप को सोचना चाहिये था कि आप इस बिल को डिस्कस कर रहे हैं और उस के बाद उन को रखना चाहिये था। पब्लिक एन्गेजमेंट्स हमारे भी हैं, सभी के हैं।

SHRI INDRAJIT GUPTA : In any case this Bill cannot be passed today. Clause by clause consideration remains; the third reading remains.

MR. SPEAKER : The total time fixed for this Bill was already mentioned and the House approved of it. The Bill has to be passed within the time. So we must pass this Bill today.

SHRI M. KALYANASUNDARAM (Tiruchirappalli) : Let the Minister reply today and let Mr. Vajpayee also reply today. Let us take up the clause by clause considerations tomorrow and finish it by 3. 30 P. M.

MR. SPEAKER : The decision on time limit was unanimously adopted by the House. Now I want to put it to the House.

SHRI M. KALYANASUNDARAM : This should not be decided by vote. If it is to be decided by vote, everything will have to be decided by vote.

AN HON. MEMBER : We have to go outside tomorrow. We have fixed up our programmes.

SHRI ATAL BIHARI VAJPAYEE : I am in a practical difficulty. I did not know that this Bill would be passed today. I have already fixed a public engagement and I shall have to be there by 6.30. That is why I suggested that we can take up clause by clause consideration tomorrow. There will be third reading and some Members would like to speak. We will pass the Bill before the non-official business is taken up tomorrow. They have already suggested it.

SHRI K. C. PANT : Sir, I must bring it to your notice—and I owe it to many of our party members—that just as Mr. Vajpayee has difficulties this evening, many of our Members have planned to go away to their respective home-towns this evening or tomorrow morning. So, they will also face this difficulty. I am sure Mr. Vajpayee also appreciates this. (*Interruption*) This is the difficulty. You can ask the Members also. I personally am prepared to accommodate the point of view of the Opposition. But this is the real difficulty.

MR. SPEAKER : I think that in case there are certain urgent engagements, what we propose to do is, tomorrow—(*Interruption*)—of course, nothing will be put without your approval.

Several Hon. Members rose—

MR. SPEAKER : Will you please sit down ? Let me speak. Mr. Vajpayee has got certain engagements. He says they are public. I do not doubt it, but he has some engagements. Of course, there is no question of having any other private or domestic engagement because he does not have that

problem. (*Interruption*) We do believe that that engagement is not a week-end engagement but a public engagement.

So, what we propose is, let this continue, and we must try to finish it during the lunch-time ; say, at 2.30, it must be passed ; that is the final hour. No consideration, no proposal—I am not going to accept anything.

AN HON. MEMBER 3.30 (*Interruption*)

MR. SPEAKER : That is the maximum. And even that proposal is with the consensus of the House. It is not my own. This is just a suggestion.

SHRI K. SURYANARAYANA : Sir, I want to express our difficulty. Many of us from Andhra Pradesh have programmed to leave tomorrow morning itself. We were waiting for the elections to the committees and the meetings today, thinking that ultimately the House will complete this Bill today. We are prepared to sit till 9 p.m. today if necessary.

MR. SPEAKER : I leave it to you whether you agree or not. If you do not agree we will proceed. We tried to do something to accommodate the Opposition. We stand committed to the time-limit. It has already gone beyond two hours more. But for the sake of accommodating the Opposition, I think you may accept this proposal.

THE MINISTER OF STATE IN THE DEPARTMENT OF PARLIAMENTARY AFFAIRS AND IN THE MINISTRY OF SHIPPING AND TRANSPORT (SHRI OM MEHTA) : We agree to this with the assurance that the Bill will be passed before 3 O'clock tomorrow.

MR. SPEAKER : There will be no lunch-hour tomorrow, and no objections. This is a gentleman's understanding. I hope you will not put the Chair to any more trouble now.

SHRI N. SREEKANTAN NAIR (Quilon) : Sir, already one hon. Member

had been called. He stood up, and when there was a persistent demand in the House that the time must be extended, he was first asked to sit down, and the Member who was speaking was allowed to speak for some more time. The hon. Member who was called and who stood up may be allowed to speak now.

MR. SPEAKER : Within the limits of time, we will do as much as possible.

SHRI N. SREEKANTAN NAIR : You called upon one hon. Member. He stood up, and he was asked to sit down.

MR. SPEAKER : Who was the Member ?

SHRI N. SREEKANTAN NAIR : Mr. Balkrishna was called to speak ; he stood up and he was asked to sit down.

MR. SPEAKER : Yes, Mr. Balakrishnan.

SHRI K. BALAKRISHNAN (Ambalapuzha) : Mr. Speaker Sir, I am happy that at long last I also got an opportunity to speak. I rise to oppose this Maintenance of Internal Security Bill. It is not that I find something very new and very atrocious in this Bill. It was there practically for the past 20 years, with a very small interval. I have myself experienced what this Bill is like because I had to go under the burden of this Bill more than once to jail. I had another unique privilege of my own father using this Act against me. So, this is nothing new that frightens me.

17.21 hrs.

[MR. DEPUTY-SPEAKER *in the Chair*]

There was so much talk about curtailment of liberty of the individual. It has always happened in cycle, some people sitting on that side and some on this side. Those who are sitting there right curtail individual liberties and those sitting here may shout against it. There is nothing very sanctimonious about both these sides. But let us understand one fundamental thing. There are certain fundamental things about human rights involved. I heard an hon. Member saying

[Shri K. Balakrishnan]

about what is happening in his constituency with a border line of 350 K.M.. There this new Act has not come into operation. But even before that, he was complaining that corrupt magistrates and corrupt officers were making use of whatever power they had to impose on people they do not like a certain unpatriotic action or espionage and threaten them with incarceration if they did not get what they actually wanted to get from them. The whole population is kept in a state of crisis with the Damocles' sword hang over them. If this is the state of affairs before the passage of this Bill, what will happen after it is passed? It is no joke. It is a matter affecting the life of the people in the border areas.

Our experience is, whenever such legislation is passed, it goes into the hands of unscrupulous people and the life of the people is in jeopardy. What is the protection against that? The ministers are not strong enough to punish the officers who misuse these powers. There are people who for the petty chance of becoming a minister for a day or two will jump from this party to that party. If they get a better chance, they will jump from that party to another party. What sort of respect will the officers have for such ministers? There is a collection of them who can be put in a museum. And, they are legislating this! This is the first step in fascism. With these powers, when the officers go amuck, what is going to be the state of affairs? That is a matter which we have to consider very seriously. We talk of border areas and espionage. Well, as we hear it it appears as if there is some legislation somewhere in the world where espionage is legally allowed. A man who goes in for espionage knows his job. Whatever be your law, whatever be your Preventive Detention Act, or the Maintenance of Internal Security Act, he knows how to do espionage, he knows how to get going. A man who really wants to get away from the law knows how to do it in spite of all your laws. So, when you pass this law and give heavy or wide powers to the officers, it falls on the head of the poor man who wants to lead a normal life honestly and not on the fellow who comes from Bangladesh for doing espionage or the person who wants to topple a government by

violent methods. It will fall on the head of the ordinary poor man and I am sure this government will not be capable of preventing it. After hearing my friends I feel that they will not be able to prevent it. Therefore, I oppose the passage of this Bill with all the strength I can muster.

SHRI SAMAR GUHA (Contai) : Sir, I rise to oppose this black Bill because it not only vitiates the spirit of our democratic politics but it seeks to regenerate India into a form of constitutional autocracy. This government has already got absolute power and it is trying by the political alchemy of defection to topple almost all the State Ministries and to extend its tentacles of power throughout this sub-continent. I do not want to make powerist government into a super-powerist government by giving this kind of extra power into the hands of this government.

Sir, two excuses have been forwarded by the Minister; one is the situation developing in the border of eastern India and the other is the horrible situation in which we are for the last two and a half years in West Bengal. Why do the government want us of the opposition to support all the measures they have taken? Have they taken all the measures which they could have taken? They have allowed the conversion of crisis in Pakistan into our national disaster. Do the government expect us to support such a Bill which is going to strengthen the hands of the government only to create more disaster for our country?

I will remind you that at the time of the 1962 crisis, when there was real national emergency, when our national security was in danger, and again in 1965 when we were in confrontation with Pakistan, two Bills were passed in this House. It did not require any persuasion by the Minister, it did not require any fiery speech from any of the members of the House because the whole House was charged with the patriotic spirit and the emergency laws were enacted within a few minutes or perhaps in one or two hours.

I say this. Let them take action to defend our national honour, to defend our national security. This House is committed and pledged to Bangladesh to redeem their

freedom, to support them by all means in their struggle for freedom. If they take any positive action, and as a result of that if any emergency situation or crisis develops in the border of eastern India, then I have no hesitation that not even a few minutes would be required by this House to pass any Bill that would be required to maintain internal law and order and to haul up all spies and stooges and to all espionage activities in the border areas.

But this Government is just creating a bogey of crisis in the border areas and is asking us to defend their inaction and failure to discharge the national duty towards Bangla Desh.

About West Bengal much has been said. A situation has developed in West Bengal where mutual killings are going on. It is a shame to all of us that we witness almost every day half a dozen or a dozen people being killed. There was a time when the politics of violence and killing was the monopoly of one or two political parties. But now the other parties have also taken the lesson out of this politics of violence. The result is that there is not killing of men of one party only but mutual killings, not only of the ordinary cadres and rank and file but even of eminent leaders like Hemanta Bose, are also being enacted in West Bengal.

The unsocial elements, the known criminals, have taken shelter under the umbrella of almost all political parties in West Bengal, because each party wants to save itself from the attack of the other parties. Because they are gentlemen, they do not know how to use bombs and knives. Therefore, all the parties are inviting these unsocial elements, these criminals, as good party cadres. Therefore, the mutual killing is going on in West Bengal.

Already there is one law in the hands of the West Bengal Government. But they want to be fortified by another law. At least 3,000 people have been killed in the last 2½ years; at least thousands of bombs have been unearthed; at least a few hundred guns have been stolen or seized by different people. They have failed even in clear cases of murder. When the murderer has been caught red-handed, not even half a dozen

cases could be instituted in West Bengal and not even half a dozen murderers could be punished. There are many legal arms in the armoury of the Government but they could not utilise them.

What is required today is that the police administration has to be overhauled thoroughly. There is a hopeless failure, I should say, of both the Central and the State intelligence. They cannot bring forward even a single witness to help them in legal measures against any criminal.

We have to look at the problem of West Bengal from a different standpoint now. All the political parties, barring one maybe, do not see reason. Either they will mutually annihilate themselves and continue killing themselves mutually or they will see reason, sit together, have reconciliatory measures and devise some means to initiate public opinion and popular resistance against this kind of violence, mutual killing and mutual murder. That is the only way now; otherwise, this mutual killing, annihilation and butchery will continue in West Bengal.

There are regular legal measures. You have fortified yourself with preventive detention. Several thousands have been arrested. But could you stop acts of violence? Only as a result of the Bangla Desh affair what is happening in West Bengal today is suppressed. But if you go through the papers, every day you will find dozens of people are being killed. Therefore, I should say that this Act even would not be able to help in the situation of West Bengal. We have to take different measures and have a different outlook and a different approach to the whole problem.

I agree that on the border area a dangerous situation has developed, is developing and will develop more and more. But we are not going to support this mean nincompoopism of this Government. If they really take action, positive action, positive steps, it will not take even a few minutes to pass such a law for ensuring our national security and also strengthening the hands of the Government to take action against Pakistan and also saboteurs and to help the freedom struggle of Bangla Desh, restore peace and order there, so that these refugees can go back.

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : Mr. Deputy-Speaker, Sir, I have listened with great care and attention to the speeches made on this important issue. Many good speeches have been made, if I may say so, and important issues have been raised. I cannot for a moment claim that the arguments advanced by the other side should all be brushed aside lightly. I would submit that in arriving at a final judgment in this matter, what is important is not to dwell on one aspect or the other just as my hon. friend, Shri Samar Guha, intended to do just now, but to look at the total picture in all its aspects, and then to arrive at a final judgment.

I do not want to mention any particular speech because useful contributions were made from both the sides of the House. I am grateful to those who have supported the measure and I am also grateful to those who have brought to bear different aspects of it. I have listened to both sides with equal attention.

In the beginning, I have referred to various aspects and I do not want to repeat myself. Today, amongst the speeches made, one that surprised me most was the speech of Shri Krishna Menon. He thought that this was the beginning of fascist rule and he thought that a measure like this has brought down the reputation of the country. Need I remind the House that Shri Krishna Menon was a Minister in the Government during the days when the Preventive Detention Act was on the statute book and it was extended by a vote of Parliament when he was in the Council of Ministers. I have heard of suspended animation of a body. But here it is a case of suspended animation of the mind and judgment which has suddenly spring to life, and now he has many harsh things to say about us. I do not want to say anything more.

Many apprehensions which were expressed on the floor of the House can be removed and, at the very outset, I would like to refer to some of these. Dr. Sen, and I am sorry he is not here now, expressed his disapproval of District Magistrate and Additional District Magistrate being in power to detain persons for activities prejudicial to the interest of relations of this

country with foreign powers. Sir, I may invite his attention to the delegation contained in clause 3 (2) of the Bill which says clearly that powers to detain a person in the interests of relations with foreign powers can be exercised only by the Central Government or the State Government. No delegation has been visualised. I would also like to mention that resort to this provision has been rare and that it should continue to be so. As far as my recollection goes, there was perhaps only one case in which this provision was used.

As there is a provision that the State Government should report facts to the Central Government in respect of orders made and approved by them, we would also exercise due vigilance that this provision is not misused.

Then there was a reference by various friends to the maintenance of civil supplies and services essential to the community and as to why they should be a ground for detention.

It is known that in the past many State Governments have found it effective to take recourse to this provision to curb the undesirable activities of black-marketeers and hoarders. Even the Government of Kerala who, as I mentioned yesterday, was an exception among the States which have asked for the continuance of this measure, did ask for continuance of this aspect of the measure and did agree to the principle of detention in so far as it is used for this purpose. Sir, we are living in troubled times and one cannot rule out the possibility of a national emergency in future and if one visualises events taking a turn for the worst, there would be need for ensuring undisturbed flow of civil supplies and services and I am sure if that happens, nobody would question the wisdom of the dictum 'To be fore-warned is to be fore-armed'.

Shri Das Munsri made a telling point when he urged that utmost care is necessary in the application of the powers. This is a point which has naturally exercised the mind of many of the hon. Members who spoke. Considering the nature of the law, it is but natural that

concern should have been expressed during the debate on this particular aspect as to the application of the Act and stress was made on this aspect particularly by my hon. friend, Shri Maran, who spoke from the DMK.

Sir, for the information of the hon. Members, I may be allowed to refer to the statistical information regarding the working of the earlier P.D. Act which has been laid on the Table of the House. It refers to the period upto September 68. Such information for the period, 30th September 68 to 30th September 69 is also available in the library of the House. If one goes through this statistical abstract, it would be clear that no one has been detained merely because of his political affiliation.

SHRI JYOTIRMOY BOSU : It is an excuse.

SHRI K. C. PANT : It is an excuse ? You would like some one to be used so that you could use it as an argument here. Well, nobody has been detained and I feel sorry for you. Your whole argument falls.

SHRI DASARATHA DEB Hundreds of cases are there.

SHRI K. C. Pant : I can assure Shri Maran and Shri Shyamanandan Mishra who both wanted me to give an assurance on this point that this will continue to be our approach in future also. Those who were detained have been detained by the State Government for reasons of violent, criminal and goonda activities.

SHRI M. SATYANARAYAN RAO : That is wrong. I have already pointed out so many things regarding our Telengana agitation. At that time what the State Government has done, I have pointed out. You say, 'It is under the rules'.

SHRI K. C. PANT : Again, the Central Government has detained persons primarily...

SHRI M. SATYANARAYAN RAO : That is wrong. Kindly note it down.

SHRI K. C. PANT : in the interests of the defence of India and also sometimes in the interests of the security of India.

Another interesting fact would emerge if one cares to go through the statistical abstract during the period from 1st October, 1968 to 30th September, 1969. Out of a total number of 3600 detenuus, 142 are ordered to be released by the Advisory Board. And, High Courts and the Supreme Court also released through their orders, 221 and 153 persons, respectively.

Those hon. friends who have complained saying that either the High Courts or the Supreme Court cannot intervene in the matter should take note of these figures.

Even in respect of the Prevent of Violent Activities Act in West Bengal, I may uniform the House that out of 2,933 persons detained, the State Government themselves did not approve of 109 cases and released the detenues. These facts go to underline the existence of safeguards in the legislation.

Shri Jyotirmoy Bosu referred to the three employees of the Cancer Research Centre, Chandranagore, and his complaint was that they had been detained without justification. As far as I remember he approached me in this matter also at that time. What he forgot to mention, or did not choose to mention, was that the detention orders were not approved by the State Government. Thus, before we could even ascertain the facts of the case, on the basis of the telegram received from Shri Jyotirmoy Bosu, these three persons were released within the prescribed period.

SHRI JYOTIRMOY BOSU : May I say something on this, arising out of this ? We had gone to the Chief Minister pointing out that the hospital had been closed down, patients are shifted and if you do not release them, we are going to have full scale strike ; as a result, the other Cancer hospital and research centre in Calcutta also will go on strike. After lot of pressure tactics only it could be done. The Director gave it in writing that the detention was absolutely illegal and without and basis in

[Shri Jyotirmoy Bosu]

it. What you are saying now is not correct. Kindly do not mislead the House.

SHRI K. C. PANT : I have not for a moment suggested that Shri Jyotirmoy Bosu is not capable of using pressure tactics. That is not my suggestion at all. I only said that the State Government had not approved of this detention order. They were released within the prescribed period. After all, this is all they could do. They released these people within the prescribed period.

AN HON. MEMBER But the man is arrested and harassed.

SHRI K. C. PANT : That is a safeguard. I do not say that nobody can make a mistake. Shri Jyotirmoy Bosu cannot also claim that he can never make a mistake. It is never my case and it can never be one's case that there can be no mistake by anybody. Whenever human judgment comes into play, mistakes can be made. The moment the mistake was pointed out the State Government itself took corrective action. And, that is the safeguard that is provided. That is the important thing. There are safeguards to check these mistakes even as there are safeguards to check abuse of authority under the substantive laws and there too mistakes can never be ruled out.

Now, I can assure Mr. Maran and Mr. Mishra, in particular, and other hon. Members of the House that it would be our earnest endeavour to prevent mistakes so far as it lies within our power.

But, the question that really needs to be answered is, as to which poses the greatest danger to us—the possibility of these mistakes being made, or, the non-availability of this measure. That is the issue.

Reference were made to the inviolability of Fundamental Rights and the Right of Citizens to go to Courts for issue of the writ of habeas corpus under Article 326, etc.

The House is aware that Art. 22 is very much a part of the Chapter in our Constitution on Fundamental Rights. Shri Frank Anthony seemed to refer to this with some regret. But this is a fact. This Bill is strictly in accordance with the provisions of Art. 22 of the Constitution.

I have also stated, while moving the Bill, that similar provisions in the earlier laws have stood the test of judicial scrutiny. But if anyone has any doubt about any provision of the present Bill, nothing in this Bill would prevent him from again going in the highest court for a writ of *habeas corpus*. The way Shri Krishna Menon spoke, it seemed as though this was something completely new on the statute-book, as though for the first time we were coming before this House with such a Bill. Actually, this Bill has stood the test in courts of law. The Bill does not take away the right of the High Court to issue writs of *habeas corpus*. Article 226 is not at all affected. But it is an entirely different matter whether the writ will succeed.

We have certainly taken all care to see that the law is not defective. If the requirements of law are strictly complied with, no court would ordinarily issue a writ of *habeas corpus*, but the right of the court to issue *habeas corpus* is not at all taken away.

SHRI JYOTIRMOY BOSU : Arising out of this, may I seek one clarification ? How is it that Shri Badrudduja was not even allowed an interview with his lawyer ? Shri Shashank Shekhar Sanyal, a Member of Parliament and an advocate went to the jail-gate, but he was refused interview. So, this Government is capable of telling us one thing here and doing something different outside.

SHRI R. V. BADE (Khargone) : It is not a repetition of the old law.

SHRI JYOTIRMOY BOSU : We have to cover the interests of those whom we represent here. We are going to care less for what this Government thinks, because we know the bunch of bureaucrats that this Government has behind it.....

SHRI K. C. PANT : I hope, Sir, that you can control him better, though my support is always there for you.

MR. DEPUTY-SPEAKER : Order, order. The hon. Member has had his chance already. Let him not go on interrupting.

SHRI R. V. BADE : It is not a repetition of the old law.

SHRI K. C. PANT : I find that even a sober man like Shri Bade is getting infected.....

SHRI R. V. BADE : I am not getting infected. But what the hon. Minister says is wrong. I do not agree with him.

SHRI ATAL BIHARI VAJPAYEE : Not infected, but affected.

SHRI K. C. PANT : All right, if not infected, he is getting affected.

SHRI JYOTIRMOY BOSU : The hon. Minister may kindly tell us whether a man who has been detained is not going to be given the benefit of even legal consultation with his lawyer ?

SHRI K. C. PANT : The hon. Member has referred to Shri Badrudduja. I shall not shirk the issue, but I shall have something to say on that also. Shri Jyotirmoy Basu as usual insinuated that the Central Government are trying to implicate his partymen in the deplorable crimes committed almost daily in West Bengal. He and his party either conspire against Government and peace-loving political rivals or imagine conspiracies against them.

SHRI JYOTIRMOY BOSU : Who will believe it ?

SHRI K. C. PANT : The hon. Member does not believe himself. The imaginary conspiracies are always against their political rivals or the Central Government.....

SHRI JYOTIRMOY BOSU : Who will believe all this ? Shri K. C. Pant is a little older than that.

SHRI K. C. PANT : I am glad to hear him say that he does not believe in it himself.

Ordinarily, I would not have wanted to deal with such wild allegations, but I want to draw the attention of the House to another aspect of the matter. The House is aware that he and his partymen do not hesitate to subvert the loyalty of those to whom are entrusted official secrets.....

SHRI JYOTIRMOY BOSU : We object to this. Let him prove it. Let him substantiate what he says.....

MR. DEPUTY-SPEAKER : Order, order. When the hon. Member gives, he should be prepared to take also.

SHRI JYOTIRMOY BOSU : If he can say this as a Government spokesman and as a Minister, then let him take responsibility of proving it. Let him not say this otherwise.

SHRI K. C. PANT : He need not worry about it. I am speaking with a full sense of responsibility. Knowing the full implications, they instigate some government servants under their influence to commit offences under the Official Secrets Act. The person who sells the secrets as well as the person who receives the secrets are equally guilty. But he and his partymen deliberately indulge in these subversive activities, because they know that they can get the fullest protection of our laws and of our democratic traditions. But I am sure that all sections of this House will agree with me that there are limits to the tolerance of a democratic society, and even a democratic society will not allow itself to be destroyed by abuse of the rights and liberties which it confers on its individual members.

Reference was made to the detention of a former member of this House and a former Minister of the UF Government. Shri Vajpayee repeated the allegation that a Congress Minister was involved to the shady deals. I want to assure this House that on the basis of the information with us, no Congress Minister had been implicated in the documents which have come to our possession.

SHRI DINEN BHATTACHARYYA :
He must make this clear : has he got any substantial evidence against Shri Badrudduja and will he place it before the House ? Why is he afraid of doing it ?

SHRI A. P. SHARMA : This is a fact.

SHRI DINEN BHATTACHARYYA :
This is not a fact.

SHRI SAMAR MUKHERJEE (Howrah):
This is suppression of fact.

SHRI K. C. PANT : I was merely saying that on the floor of this House an allegation was made that a Congress Minister or ex-Congress Minister was involved in this. I must put the record straight ; it is my duty to do so. The information with me is that no Congress or ex-Congress Minister has been implicated and this is the information I am giving to the House.

SHRI JYOTIRMOY BOSU We know that is untrue.

SHRI DINEN BHATTACHARYYA :
Regarding Shri Badrudduja, he must say something. What evidence has he got against him ? Is he afraid of placing it before the House ?

SHRI K. C. PANT : I do not want really to say anything about those who have been detained, for the simple reason that I do not want to go into the merits of the allegations against each individual because this is a matter which will go before the Advisory Board and it will not perhaps be proper for me to anticipate their judgment. But if they insist, I would say a few words about the general issues involved. When we receive reliable corroboration that some individuals have been in the pay of a foreign power, receiving money from Pakistan, it will be only reasonable to conclude that some nefarious activities are intended.

SHRI DINEN BHATTACHARYYA :
Who are they ? Name them.

SHRI K. C. PANT : He asked for it,

SHRI DINEN BHATTACHARYYA :
Nobody will support a traitor. But it is also true that particular persons have been implicated on false charges. This has been done to Lock up political opponents.

SHRI K. C. PANT : I am not yielding.

SHRI DINEN BHATTACHARYYA : If he says there are charges against him and if he has evidence, let him place it before the House, so that everybody will know it.

SHRI K. C. PANT : It is precisely to prevent the establishment of further contacts and the likely commission of more serious offences that preventive action would be justified.

SHRI JYOTIRMOY BOSU : Old man of 75 what can he do ?

SHRI K. C. PANT : If preventive detention is not the right step in cases where there is the strongest suspicion that some individuals have been in the pay of a foreign power, we need not at all have such a law on the subject.

SHRI DINEN BHATTACHARYYA :
Suspicion may be against you.

SHRI JYOTIRMOY BOSU : We have a strong suspicion that you are working for the American lobby.

SHRI K. C. PANT : Now that this matter has been placed before the House, I hope at least now they will feel responsible and not say anything about this.

SHRI JYOTIRMOY BOSU : Do not talk rubbish. Shri Badrudduja was arrested without any reason.....

SHRI K. C. PANT : We will not allow him to speak if he goes on like this.

SHRI C. M. STEPHENS : If one member is allowed to hold the entire House to ransom like this, we know what to do.

SHRI NATHU RAM MIRDHA : If he interrupts in this manner, we will not allow

him to speak in future. After all, we have also got a right in this House.

SHRI DINEN BHATTACHARYYA : We are not interrupting that way. But we must have every right to get a proper reply from the Minister.

MR. DEPUTY-SPEAKER : You are not advancing your cause by such frequent interruptions,

SHRI JYOTIRMOY BOSU : You have a brute majority and you know you can get it passed.

SHRI C. M. STEPHEN : You did not give that majority ; it is the people who gave it to us.

18 hrs.

SHRI K. C. PANT : Let it again go on record that I was reluctant to give this information, but they forced it out of me.

This House has on many occasions discussed the matter of violence and lawlessness on the part of the Naxalites and other anti-social elements operating with them in different parts of the country. Facts have to be faced. During the period between April, 1970 and May, 1971 there have been nearly 4,500 such incidents of violence. To name only two States, in Bihar there have been over 250 such incidents, including 50 murders, and in Punjab there have been nearly 50 incidents including 28 murders. And I may mention that neither of these States has a Preventive Detention Act. West Bengal, of course, stands quite apart, thanks to Shri Jyotirmoy Bosu and his friend.

SHRI JYOTIRMOY BOSU : Thanks to your Central Intelligence money, your agents provocateurs.

SHRI K. C. PANT : Innocent persons have been murdered in cold blood, in pursuance of what Dr. Ranen Sen euphemistically called "ideological aberrations." The instance of the son of a police officer in Punjab being dragged out and killed in the hostel is by no means a solitary one. These

are acts perpetrated by groups out to destroy all that is dear in a parliamentary democracy, groups which are unabashedly under the ideological tutelage of external sources. The House is also aware of the continuous attempts on the part of some elements to foment and spread trouble in our sensitive North-Eastern regions, which you know so well. Instances have also come to notice of efforts to snatch arms and ammunition, obviously for furthering condemnable objectives. As our young member from Calcutta mentioned, there are even cases of persons going to borders, not to boost the morale of the freedom fighters, not to protect the security of India, but to get hold of arms and weapons for their own criminal ends.

SHRI ATAL BIHARI VAJPAYEE : They can be prosecuted under the ordinary law.

SHRI K. C. PANT : I will explain that also. That also you will understand by the time I end.

Concern has also been expressed in this House over the increasing violence and lawlessness in the Railways. I do not know whether members are aware of the serious situation in the coal belt on account of coal not moving, and the coal is not moving primarily because the railways are not able to carry it as fast as it is being mined. This situation arose, and in fact, we in the Home Ministry came into the picture because the Steel Ministry approached us and said that we should sit with them and the Railway Ministry to work out some kind of programme. Overhead wires and traction wires are being stolen and spare parts and components of engines have been stolen and there have been occasions where these railways are stopped on the way and looted. Such instances have also come to notice, and in a situation in which large numbers of refugees are coming in, it is vital that the railways are kept moving. Keeping all this in view, we have to see that our railways are kept moving.

I do not say, and I cannot really say, exactly how we shall utilise this law to help in this particular situation, but we do have something in mind, which I am not able to

[Shri K. C. Pant]

place before the House at this stage, which will help in this situation. I have not mentioned railways at random, but because there is a nexus which I do not want to reveal at the moment.

Dr. Ranen Sen and Shri Somnath Chatterjee asked why the situation in West Bengal has not come under control even after the Prevention of Violent Activities Act was enacted. It is to some extent a valid question.

One argument would be that if the situation is bad it could have been much worse. Another, even truer and more serious explanation, is that all that is happening now is the cumulative effect of what preceded for two years. It cannot be denied that curve of Naxalite violence rose sharply during 1970. This House has had occasion to discuss it so many times in the course of 1970. It cannot also be denied that 1970 happens to be the first year when the Government did not have powers of preventive detention.

All the same I agree with some hon. friend who said that preventive detention is not the panacea for all ills. It cannot for instance be a substitute for our efforts at the socio-economic front, a phrase to which Shri Piloo Mody took objection nor again can lasting peace and order be ensured unless there is public involvement in the denunciation of the politics of violence which continues to mar the state of West Bengal. The murder of nine young boys in Hooghly mentioned by Dr. Sen constitutes an instance in point. Incidentally I was heartened to receive a homily from Shri Jyotirmoy Bosu that the Central Government should enforce the Explosive Law more effectively in West Bengal. He is perhaps disappointed at the reports that illicit arms and ammunition were recovered from the CPM offices during March and April.....

SHRI DINEN BHATTACHARYYA : This is a concocted story and I take serious objection to it. They were recovered from the house of the congress people. I ask the Minister to establish one single case.

MR. DEPUTY-SPEAKER : You have denied it and that has gone on record and that should be sufficient.

SHRI DINEN BHATTACHARYYA : He is repeating it. He should be ashamed of saying some thing which is not a fact.

SHRI K. C. PANT : I do repeat it. Illicit arms and ammunition were recovered from the CPM offices four times in the month of March and April.

SHRI JYOTIRMOY BOSU : They were recovered from the houses of Congressmen. You are supplying them explosives and illegal arms from the ordinance factories.

SHRI K. C. PANT : Yesterday he was advising me very coolly to be very attentive and very vigilant about explosives, I thought he meant well.

SHRI DINEN BHATTACHARYYA : If anything has been proved against anyone of our party let him take action. We are not afraid.....(Interruptions)

SHRI K. C. PANT : Shri Vajpayee, in the course of his speech, had referred to a number of enactments which, according to him, conferred adequate powers to deal with the situation. He even mentioned as to why we cannot have a law of treason. He is not here and I do not want to develop this point. But actually we have referred to the Law Commission the question of a comprehensive law of treason and espionage. But the pertinent point is that all these laws could be adequate when the objective is to prevent an untoward contingency. As I said in my earlier speech all these laws would only enable prosecution of persons after they had done the damage should not be allowed to be done. That is the crux of the matter.

SHRI PILOO MODY : Why do not hang him before he commits the crime?

SHRI K. C. PANT : I shall leave that to Shri Jyotirmoy Bosu.

I have dealt at length with the organised violence of the naxalites, but I do not want to minimise the risk implied in the activities of some individuals and groups which

want to disrupt our secularism, communal harmony and peaceful relations among different religious communities. There are elements in our body politic that would seek inspiration from across our borders. Pakistani agent provocateurs are only too keen to disturb communal peace because nothing would suit Pakistani interest better at this juncture. Incidentally, I must express my deep sense of shock and sorrow—now that Dr. Sen is back—that a seasoned Parliamentarian like Dr. Sen should have accused this country and Central Government for all that had happened across our borders during the last few weeks. Sir, I was wondering whether he took into account the fact that statements of the kind which he made could be easily—(*Interruption*).

SHRI JYOTIRMOY BOSU : How long will he take, Sir ? Many Members have gone away.

MR. DEPUTY-SPEAKER : And many are also coming.

SHRI JYOTIRMOY BOSU : Up to what time will this go on ?

MR. DEPUTY-SPEAKER : I think he will finish very soon.

SHRI JYOTIRMOY BOSU : We can carry on tomorrow. A decision was taken in the House—

MR. DEPUTY-SPEAKER : I know. The practice is that when we ask a Member to start speaking, he continues; and I think he is two-thirds of the way. Therefore, he is about to finish.

SHRI K. C. PANT : I was mentioning that Dr. Sen perhaps did not realise—(*Interruption*)—Sir, I am only replying when you asked me to reply. Now Dr. Sen said that we had created this problem and we had brought them here, etc., etc. This is the kind of thing which is grist to the mill of Pakistani propaganda. I am sure he never means it; I know him well enough. But I wish he would have realised that such

a thing can be twisted. I am not complaining, but I am merely bringing this to his notice.

SHRI M. KALYANASUNDARAM : He only that you are not helping the people to stay in their homeland.

SHRI K. C. PANT : You kindly read the record. It can be misinterpreted very easily.

SHRI M. KALYANASUNDARAM : You are misinterpreting it.

SHRI K. C. PANT : There are people in this country who today in this difficult situation can act as agents and as *agents provocateur*. You know that. (*Interruption*)

SHRI DINEN BHATTACHARYYA : Close the foreign embassy.

SHRI K. C. PANT : You have.

SHRI DINEN BHATTACHARYYA : You have. You are in the Government.

SHRI K. C. PANT : Government have legitimate links. I am not talking about legitimate links.

SHRI DINEN BHATTACHARYYA : Illegitimate links.

SHRI K. C. PANT : We do have instances of communal disharmony from time to time. And in this, innocent people suffer and anti-social elements have a field-day. Therefore, we have to consider all these aspects in their totality. We have to consider the situation on our borders. I do not want to dilate on that. There has been an influx of 55 lakh refugees. The fact that many Pakistani agents have come in with them—they must have come in—and the fact that today we have to carry out a massive programme of registration and screening of all these people, and the fact that the situation has not yet stabilised, and it can lead on to something else—all these are facts which Parliament must take into account in coming to a decision on a matter like this.

[Shri K. C. Pant]

In this context, I would like briefly to mention that I have just been to the camps. There are people who are deliberately bringing up issues like Bengali and non-Bengali, Bengali and Assami, tribal people and Bengali and things like that ; a deliberate attempt to sow discord among the refugees and between the refugees and our people. I would like to say on this occasion that we do not discriminate at all—whether it is Hindu or a Muslim or a Bengali or a non-Bengali among the refugees, and all our people on the borders. I have been there and I have seen them , they are doing their utmost to see that these refugees are well cared for, and any attempt of this kind to sow division in our ranks is not going to pay.

SHRI BHOGENDRA JHA (Jainagar) : Do you know that hundreds of the refugees are in our prisons in West Bengal, Assam and Tripura ? Some hundreds of people, whose husbands have been killed, whose brothers have been killed—only infants and ladies are in our prisons. They are refugees from Bangla Desh.

I have seen many of them and I can tell you. (*Interruption*)

SHRI K. C. PANT : Well, he is giving me some information.

SHRI BHOGENDRA JHA : Let him reply to it.

MR. DEPUTY-SPEAKER : Order please.

SHRI K.C. PANT : My hon. friend Shri Piloo Mody—I am glad he is present in the House. Yesterday I thought he said that he was going away today. I am very glad he has stayed back. For his benefit as well as for the benefit of those who argued that everyone be brought before the court for trial, I will read what was years ago said in this House :

“Now, in this preventive field where we have to deal with organisation and preparation for

crime, we cannot have the same amount or the same sort of concreteness in evidence as we can demand when a prosecutor alleges overt acts in proving an attempt or abetment of a specific crime. Those who are not lawyers here have to take it from me that this is the difficult. We are dealing with the question of not whether a crime has been committed, but whether there is a serious danger or not. That is the reason why wherever such powers are given by Parliaments of any country, as are asked for this measure, it is not made the subject-matter of legal trial but something much less. The entire object of the proposed measure would be nullified if it could be exercised only after the ordinary forms of legal procedure and evidence are gone through. There is something inherent in this character of preventive procedure which rules out the method that we are familiar with in dealing with actual charges of crime, be it abetment or attempt.”

I will draw Mr. Krishna Menon's attention to this :

“This is often overlooked by people who are so habituated—especially the lawyers—to general principles of jurisprudence that they skip over the obvious fact that danger of criminal operations cannot, in the nature of things, be proved in the same manner as specific acts of abetment or attempt.”

Mr. Piloo Mody is now curious to know who said this. It was Rajaji who said this in 1951. Rajaji did not plead that the Act be applied only in a specific area. He, I am glad to say, saw the danger to the country as a whole even as far back as 1951.

SHRI PILOO MODY : You can send this reply to Rajaji. I want to reply to what I said,

SHRI K. C. PANT : I am glad if I had broken the intellectual nexus between him and Rajaji.

As for my reply to him, I thought there was an air of utter unreality about the speech of Mr. Mody. I have no quarrel with his emphasis on *habeas corpus* nor do I quarrel with his thesis that the concept of *habeas corpus* was an important concept in the development of democratic societies. But in the context of the realities of the situation in India today, the question is not whether one believes in liberal values or not but whether one can protect and preserve them. It is pointless, to talk of personal liberties in the abstract. As I said yesterday, we on this side of the House are wedded to individual liberty. We hold dear freedoms enshrined in the Constitution and we consider it our bounden duty to see that the people of this country, who have given us this massive mandate, to which reference was made by many hon. members opposite, continue to enjoy this freedom. But we cannot do this until we take measure of the forces that are seeking to undermine these freedoms, that are operating within the framework of our system but seeking to destroy it.

SHRI PILOO MODY: After being armed with these powers, will he bring about a great liberal society in india ?

SHRI K. C. PANT : Unfortunately, it has fallen to my lot to be in the Home Ministry during a period when day after day, I have received reports about acts of terrorisation, about large-scale depredations and about individual killings. Day after day, news has come to me of mass violence, of interparty classes, of mass indiscipline and of ghraos and the systematic snatching of arms for the purpose of organising the disruption of normal.

Even while we are concerning ourselves, and rightly so, with the question of ensuring human rights and freedoms to our citizens, there are elements in this country who do not hesitate to proclaim their pride in the number of human lives liquidated by them, persons who reject the path of democracy and feel no shame in owning that Mao's

path is their path and Mao is their Chairman. We have seen deliberate attempts at destroying our educational system, at the denigration of national heroes and leaders. We have seen poor policemen being murdered because they were doing their duty. We have witnessed the liquidation of political rivals. Men of the stature of Shri Hemant Kumar Basu have been killed mercilessly and in cold-blood for no other fault than that they refused to give up their principles.

Some friends opposite want me to justify the need for preventive action.

SHRI PILOO MODY : What is the connection ?

SHRI K. C. PANT : I shall explain the connection. Let my hon. friend, Shri Piloo Mody go to Calcutta and let him see for himself what the situation there is like today. Men are killed in the streets in the day time in front of many witnesses, but no one dares to come forward to give evidence(*interruptions*) I do not understand why you are all not listening to me.

SHRI INDRAJIT GUPTA : Preventive detention had been there in Bengal for the last one and a half years.

SHRI K. C. PANT : I have explained that point when you were not here. I am sorry you are not only interrupting but losing your temper also.

When people are killed in the streets in the day time in front of witnesses and yet the witnesses dare not come forward to give evidence, how is one to conduct successful prosecutions of these murderers ? I have great respect for those who have great concern for *habeas corpus*. But that concern must be balanced against the realities of the situation.

SHRI JYOTIRMOY BOSU : Sir, I rise on a point of order. It is already past 6 O'Clock and still the House has not adjourned. I want a ruling.

MR. DEPUTY-SPEAKER : I would like to draw his attention to the rule which says that the Speaker shall determine when the sitting of the House shall adjourn. I determine that this House will rise today after the Minister has finished his speech.

SHRI JYOTIRMOY BOSU : Sir, may I point out that before you occupied the Chair, if only you take the trouble of going through the records, Shri K. N. Tiwary, the then Chairman, had ruled that the House will rise at 6 O'Clock and will not sit after 6 O'Clock.

MR. DEPUTY-SPEAKER : The person who sits in the Chair takes a decision after taking into account the circumstances prevailing in the House. Now, let the Minister continue his speech.

SHRI PILOO MODY : Sir, all I want the Minister to do is to try and establish connection between the picture that he describes and the power that he demands, because I cannot see how by arming himself with the power that he demands that he is going to eradicate the picture that he has described.

SHRI K. C. PANT : That is exactly what I was describing. And if there is less of interruption he can understand it better. If my hon. friends do not interrupt me, I will finish in a few minutes. I do not want to speak more. But if they interrupt me, I will have to take a little more time.

The base of our democratic system are elections. Is the House unaware of the propensity of certain parties to resort more and more to coercion and intimidation which frustrate the base of free and fair elections ? Are we not aware that Naxalites and extremists did everything in their power to foil the elections in West Bengal, and it was only after the detention of a good number of miscreants, extremists and anti-socials, and the education of armed forces for patrolling disturbed and sensitive areas to assist the civil authorities in the maintenance of law and order that the mid-term

elections could be successfully organised and conducted ? The House is aware of all these facts. So, when we talk of preservation of democratic values or the threat to these values, let us not forget that the threat does not come from the Bill that is before the House, but the threat is already there on the ground and only through this measure can the government hope to meet that threat.

SHRI PILOO MODY : We are constantly described conditions in Bengal with a few references to Bihar and Punjab. There is a whole country and this is where he is demanding these powers. I said in my speech and I have tabled an amendment that he can have these powers if he proves to us that in a particular area there is a disturbance where he can use these powers with some success ; but he is not prepared for that. He wants these powers in the most peaceful areas. He would like these powers in the Himalayas. Why ? What is his motive ?

SHRI K. C. PANT : My motive is the same as Rajaji's motive in 1951.

SHRI PILOO MODY : What has it to do with Rajaji ? You think, you can intimidate me by mentioning Rajaji ? You are mistaken.

SHRI K. C. PANT : If he is prepared to disown his leader, this is his business.....
(Interruption).

I do not wish to take more of your time. Before I conclude I wish to reassure that the powers made available by this Bill would be used with care. It is certainly not our policy that persons who ought to be prosecuted for substantive offences under law should be facilely detained. There comes a time in the life of a nation when there are no easy options. It would be grave folly to deny at this juncture the need and justification for preventive action in the interest of the country. It would be even worse to allow partisan political compulsions to outweigh what are undeniably the interests

of the nation as a whole. And, worst of all would be the attempts to plead, in the name of democracy, the cause of the very forces that seek to destroy democracy.

cool and reasoned manner and give their support to this Bill.

Sir, I am sure the Members of this august House would weigh this matter in a

ORAL ANSWERS TO QUESTIONS

Security Arrangements at Calcutta International Air Terminal Building

*571. DR. RANEN SEN : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the Calcutta International Air terminal building and the tarmac, where Aeroplanes from foreign countries halt, lack proper security arrangements and that any person can enter both the places without any check ; and

(b) if so, whether his Ministry propose to take proper security measures ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SAROJINI MAHISHI) :
(a) No, Sir. There are adequate arrangements at both the places.

(b) Does not arise.

DR. RANEN SEN : May I know from the hon. Minister whether she is aware of the fact that even today after the whole area has been infested with various types of people, anybody and everybody can have easy access to the Air Terminal Building and that there is no system of checking as is done in the Domestic Airport at Dum-Dum where one rupee is taken as an admission fee ?

DR. SAROJINI MAHISHI : I am sorry, the hon. Member has been wrongly

informed. There is a system of checking at the International Air Terminal Building also. But because a part of the building is under construction near the V.I.P. Lounge where mobile barricades have been put, some C.P.W D. workers and other workers sometimes go there. But they go inside with their passes and identity cards.

DR. RANEN SEN : Is it not a fact that in the south-eastern part of the runway of the Dum-Dum Airport and the tarmac, there are some non-scheduled air transport companies operating there and that they are free to carry any person inside without any pass and all that ?

DR. SAROJINI MAHISHI : No unauthorised persons is allowed to enter near the tarmac. An armed guard is there to prevent any access of unauthorised persons to the aircraft or to a place from which any damage to the aircraft can be done.

राष्ट्रीयकृत बैंकों की शाखाओं का खोला जाना

*572. श्री रामावतार शास्त्री : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) राष्ट्रीयकृत बैंकों की शाखाएं खोलने के लिए क्या शर्तें रखी गई हैं ; और

(ख) निर्धारित शर्तों के अनुसार बिहार में कितनी शाखाएं खोली जानी चाहियें और अब तक कितनी शाखाएं खोली गई हैं ।

वित्त मंत्री (श्री यशवन्तराव चव्हाण) : (क) और (ख). एक विवरण सभा पटल पर रख दिया गया है ।

विवरण

जिन केन्द्रों में पहले से ही एक बैंक कार्यालय खुला हुआ हो उन केन्द्रों में नये कार्यालय

खोलने के लिए वाणिज्यिक बैंकों को लाइसेंस देने में भारतीय रिजर्व बैंक द्वारा अपनाये जाने वाले मापदण्डों में से एक महत्वपूर्ण मापदण्ड यह है कि प्रत्येक 10,000 की जनसंख्या के लिए सिद्धांत रूप में एक बैंक कार्यालय खोलने की अनुमति दी जाती है। स्थान विशेष के औद्योगिक और वाणिज्यिक महत्व को देखते हुए यदि उपर्युक्त सिद्धांत में ढील देना आवश्यक हो तो रिजर्व बैंक द्वारा इसमें छूट दी जाती है। ऐसी जगहों पर जहां बैंक की शाखाएं खोलने की गुंजाइश हो पर अभी तक शाखाएं नहीं खोली गयी हैं, आजकल बैंकों को कार्यालय खोलने की अनुमति आमतौर पर दे दी जाती है, चाहे उन स्थानों की जनसंख्या कितनी भी हो। इसके अतिरिक्त, ग्रामीण और अर्धशहरी क्षेत्रों में अपने कार्यालयों का विस्तार करने के लिये बैंकों को प्रेरित करने के उद्देश्य से रिजर्व बैंक, उन बैंकों को जिनकी 60 प्रतिशत से अधिक शाखाएं ग्रामीण और अर्धशहरी क्षेत्रों में हैं, ग्रामीण और अर्धशहरी क्षेत्रों में उनके दो कार्यालयों के पीछे एक शहरी केन्द्र के लिये लाइसेंस देता है, और इसके विपरीत अन्य बैंकों को ग्रामीण और अर्धशहरी क्षेत्रों में उनके तीन कार्यालयों के पीछे शहरी केन्द्र में एक कार्यालय खोलने का लाइसेंस देता है।

यद्यपि रिजर्व बैंक का जन संख्या सम्बन्धी स्थूल मापदण्ड यह निर्णय करने के लिए आधार-भूत सिद्धांत है कि किसी स्थान विशेष पर बैंक का एक या एक से अधिक कार्यालय हो, फिर भी किसी विशेष स्थान पर बैंक खोला जा सकता है या नहीं इस बात का निर्णय उस स्थान की औद्योगिक, वाणिज्यिक और अन्य आर्थिक गतिविधियों का व्यापक सर्वेक्षण करके और इस बात का विचार करने के बाद किया जाता है कि उस स्थान पर बैंक शाखा चलाने के लिए बैंकिंग व्यवसाय की काफी सम्भावना है या नहीं, जिससे कि खोली जाने वाली शाखा उचित समयवधि में आर्थिक दृष्टि से सक्षम हो सके। जबकि यह बताना कठिन है कि बिहार में

ऐसे केन्द्र कितने हैं, यह प्रयोजन के लिए नेता बैंक सर्वेक्षण कर रहे हैं और शाखा विस्तार सम्बन्धी कुल कार्य को चरणबद्ध रूप से शुरू किया जायगा।

जून 1969 और मार्च 1971 के अन्त की अवधि में बिहार में वाणिज्यिक बैंकों की शाखाओं की संख्या 273 से बढ़कर 416 हो गयी है अर्थात् 143 शाखाओं की वृद्धि हुई है, जिनमें से ज्यादातर शाखाएं सरकारी क्षेत्र के बैंकों ने खोली हैं। अब तक तैयार किये गये कार्यक्रम के अनुसार 1971 में बिहार में लगभग 130 नये कार्यालय खोलने का विचार है। इन बैंकों के खोले जाने से इस राज्य में जून 1969 में जहां 2,07,000 लोगों के पीछे एक बैंक कार्यालय था, वहां 1971 के अन्त तक एक लाख लोगों के पीछे एक कार्यालय हो जायेगा।

श्री रामावतार शास्त्री : बिहार हर मामले में पिछड़ा हुआ है ; वह बैंकों के मामले में भी पिछड़ा हुआ है। मंत्री महोदय के वक्तव्य के मुताबिक बिहार का औसत अब एक लाख लोगों के लिए एक बैंक पर आने वाला है, जब कि हिन्दुस्तान का औसत 52,000 लोगों के लिए एक बैंक है और गुजरात का औसत 28,000 लोगों के लिये एक बैंक है। मैं यह जानना चाहता हूँ कि इस डिसपैरिटी की वजह क्या है और इस डिसपैरिटी को कम करने के लिये सरकार ने अब तक क्या कार्यवाही की है और आगे वह क्या कार्यवाही करने का विचार रखती है।

SHRI YESHWANTRAO CHAVAN : One of the reasons for this disparity was that the banks were not nationalised. After the nationalisation, you can see that the ratio of the population to bank branches which was more than 2 lakhs per branch in 1969, before nationalisation, has now reached to 1 lakh per branch. With the proposed opening of 330 new branches, in 1971, the proportion should further improve. This is the only explanation I can give.

श्री रामावतार शास्त्री : बिहार एक औद्योगिक केन्द्र भी है। मंत्री महोदय ने अपने स्टेटमेंट में बताया है कि बिहार में बैंकों की शाखाएं 273 से बढ़कर 416 हो गई हैं। मैं यह जानना चाहता हूँ कि इन 416 शाखाओं में से कितनी शाखाएं औद्योगिक केन्द्रों में हैं और कितनी शाखाएं देहात में हैं, ताकि इस बात का अन्दाज़ लगाया जा सके कि सरकार बिहार की कृषि की प्रगति में कहां तक योगदान कर रही

SHRI YESHWANTRAO CHAVAN :

I will try to find out whether I have got detailed information. I can tell him that of these additional branches which have been opened, more than 70 to 80 per cent were opened in the rural areas. Of the first branches, they were naturally in the industrial sectors. But the expansion is rural-oriented with greater emphasis on the unbanked areas or the under-banked areas.

श्री रामसहाय पांडे : बैंकों की नयी शाखाएं रूरल एरियाज़ में खोलने के लिये जो मापदंड निर्धारित किया गया है, वह स्वागत-योग्य है। मैं यह जानना चाहता हूँ कि क्या छोटे-छोटे गांवों तक पहुँचने के लिए सरकार का इरादा कोई मोबाइल बैंक खोलने का भी है। क्या यह सम्भव नहीं है कि क्रेडिट और डेबिट के लिए, रुपया लेने और देने के लिए मोबाइल बैंक खोले जायें ?

श्री यशवन्तराव चव्हाण : मोबाइल बैंक और मोबाइल हास्पिटल में फ़र्क करना चाहिये। Regarding mobile banks, I think the attitude should be to reach the people. If mobility means that, I can understand. Merely a bank to carry cash to distribute, that is not the idea of a mobile bank, because normally loans are advanced on the assessment of productive activities applicant is undertaking. Therefore, our idea is to set up the Branch within the reach of the customers. This is the main idea.

श्री रामसहाय पांडे : तो फिर छोटे-छोटे गांवों तक कैसे पहुँचेंगे ?

SHRI YESHWANTRAO CHAVAN :

That is the way we are proceeding with branch expansion. There are two or three criteria. First of all we have to see whether we cover the necessary population. At the present moment, the national average is one branch for 52,000 of the population. Really speaking, our idea is that at least one branch should reach 10,000 population if we can go to that extent.

Secondly, one will have to see that there is mobilisation of deposits potential also in that area. That also is there.

The third criterion is to meet the needs of the people as well. Those must be the productive needs. This is the general framework within which we have to work.

I won't say that there is any scheme of mobile banks as such, but the idea is to reach the people.

SHRI D. BASUMATARI : May I know whether it is a fact that the criterion laid down is that there should be one bank for an area of 10 miles. If it is so, may I know how in the tribal areas where the tribal population are spread out over a large area, the tribals' needs will be met ? What is the special measure undertaken for it ?

SHRI YESHWANTRAO CHAVAN :

It is a fact that in one of the Circulars of the Reserve Bank the ten miles areas was mentioned and the idea was that the Bank Manager should also be able to supervise the operations and when the money is taken on loan, he must be in a position to go and see whether it was strictly used for the end purpose for which it was taken. So, in the guidelines they had mentioned the ten miles area but I found that that was literally taken and it has certainly created an atmosphere and a psychology of grievance. So, we have pointed out to the Reserve Bank that this should not be literally taken.

SHRI JAGANATH RAO : The main object of opening branches in the rural areas is to see that credit reaches the poorer sections of the community. Till

to-day, the poorer people, the self-employed persons are not able to get facilities from the nationalised banks. May I know from the Finance Minister whether instructions have been issued to the banks to liberalise the granting of credit loans to self-employed persons ?

SHRI YESHWANTRAO CHAVAN : As I told, not you, but others in reply to many questions answered recently, we had appointed a special Committee to go into the question of self-employed; to go into the techniques of extension of credit to this category of borrowers to find out the methods and a very useful report has been submitted by Thakkar Committee. I think a copy of it has been placed in the Parliament Library. Probably you could make use of it. It is a very useful document. Of course, all these documents are useful. Only question is of implementation.

In order to discuss the application also of the principles in practice, I had some long discussions with the Custodians and necessary instructions have also been given to the banks. I hope the instructions, are very seriously taken at the field level. That, really speaking, is my main problem. If I get some time during this session also, I propose to go and see for myself in the field whether, these instructions have reached the field areas. This is, what I want to do myself if I can do that. Necessary thinking has been done. Necessary instructions have also been given, but, at the same time, I share the hon. Member's anxiety that we are not getting the results that we should get. I must admit that. But, it is such a vast work and a new type of work that we cannot really depend upon bureaucratisation of the matter...*(Interruptions)*. We will have to create an atmosphere for it.

MR. SPEAKER : I would request the Minister to be brief in his reply.

SHRI DHANDAPANI : What is the criteria for opening new branches in a particular area ? Is it a fact that in the Third Five Year Plan the State Bank of India opened some 1400 branches all over India out of which 95 per cent branches have incurred heavy losses ? Will the

Government take any action to minimise the loss ?

SHRI YESHWANTRAO CHAVAN : I cannot rush to a conclusion that all the branches have been incurring losses. But it is quite natural in the beginning. The opening of new branches in a new area in the first stage involves certain overhead expenditure and this involves certain loss in the new branches in the beginning. But we will have to find that the banks as a whole do not go into loss. That is what we aim at and that is being kept as an objective.

SHRI DHANDAPANI : What is the criteria Government have for opening new branches ?

MR. SPEAKER : If you had heard the reply to the earlier question, it would be clear to you—

Next question.

Free Secondary Education in Gujarat

*573. **SHRI P. M. MEHTA :** Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether the Government of Gujarat had made Secondary Education free in Gujarat ; and

(b) whether after the imposition of President's Rule in Gujarat the relief given by the former Government to the students as mentioned in part (a) above has been withdrawn ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) Under successive resolutions of the former Government of Bombay and thereafter, of the Government of Gujarat, upto August 1969, education up to the Secondary School Certificate stage had been made completely free for girls and full freeship or half freeship had been allowed to boys coming from low income families, respectively. No order or resolution of the Government of Gujarat had been issued at any time making Secondary Education free for all boys, but a minute

had been recorded by the Chief Minister and an announcement had been made immediately before the imposition of President's Rule that Secondary Education would be made free for all boys also with effect from June 1971.

(b) Formal orders have been issued after the imposition of President's Rule, on May 28, 1971, reaffirming the earlier orders making Secondary Education free for girls, and substantially raising the limits of income or land holdings, which would entitle boys to free studentship or half free studentship, thereby extending the concession to a much larger number of students than before.

SHRI P. M. MEHTA : What about the second part of my question ?

SHRI D. P. YADAVA : There is no question of withdrawal. Actually the Chief Minister just made a press statement that secondary education will be free. But he should have all the paraphernalia before this.

SHRI P. M. MEHTA : After giving full thought and consideration to all the relevant factors, the decision was taken to make secondary education free. It was announced by the Chief Minister.

MR. SPEAKER : Please ask a question.

SHRI P. M. MEHTA : I am asking...

MR. SPEAKER : Please come to it direct.

SHRI K. S. CHAVDA : Everybody is doing like this. Every time there is introduction and then only the question.

MR. SPEAKER : That is not the way.

SHRI K. S. CHAVDA : The rule should be for everybody. Everybody puts question like this.

MR. SPEAKER : That is not the way. Don't get excited.

SHRI P. M. MEHTA : It was announced after the imposition of President's rule

that "it is not cancelled but it is postponed." May I know the factual position about this statement made by the Governor ?

SHRI D. P. YADAVA : Actually, President's rule was promulgated on 13th May. On 12th May, the Chief Minister gave a press statement that secondary education would be free for boys and girls. Actually, on the 11th May itself, the Cabinet had advised the Governor to dissolve the Assembly. So, after advising the Governor that the Assembly should be dissolved, there was no necessity to hurry with that press statement or order that secondary education would be completely free for all.

SHRI SHYAMNANDAN MISHRA : What is the factual position ? Has it been postponed or cancelled ?

SHRI P. M. MEHTA : Great unrest prevails among the student world of Gujarat and the students' unions have demanded that secondary education should be free. May I know whether there is any proposal to redress this grievance of the students ?

SHRI D. P. YADAVA : Of course, Government will be giving the students all help for advancement of education. But so far as secondary education is concerned, unless we do something better for primary education in which itself the Gujarat State is lagging behind, how can we think of secondary education ?

SHRI K. S. CHAVDA : May I know whether the students, the annual income of whose parents from all sources, and who belong to Scheduled Castes, Scheduled Tribes etc. get freeship today, and if so, whether they experience difficulty in obtaining income certificates and they desire that secondary education should be free ?

SHRI N. K. SINHA : May I know...

SHRI K. S. CHAVDA : He has not replied to my question yet.

SHRI N. K. SINHA : That question does not arise out of the main question. This relates to the whole state of Gujarat and not—to the Scheduled Castes and tribes alone.

SHRI K. S. CHAVDA : It does arise. I would like to know whether they demanded that secondary education should be free because they experience difficulty in getting the income certificates.

MR. SPEAKER : Let the hon. Member kindly not argue about this. The question was whether the Gujarat Government had made secondary education free in Gujarat. The hon. Minister has already given the reply. What else does he want ?

SHRI PILOO MODY : You know what the situation there now is ?

SHRI POPATLAL JOSHI : May I know the reason for the Governor to postpone the freeship ?

SHRI D. P. YADAVA : The Chief Minister should have observed all the paraphernalia before going in for a press release...

SOME HON. MEMBERS What paraphernalia ?

SHRI D. P. YADAVA : He should have gone to the Cabinet first ; he should have consulted all the Cabinet Ministers. But he did not consult the Cabinet Ministers. He simply passed an order...

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, मंत्री महोदय ने जो उत्तर दिया है क्या उससे यह समझा जाय कि भारत सरकार माध्यमिक शिक्षा को निःशुल्क करने के सिद्धांततः खिलाफ है ? यदि उत्तर हां में है तो क्या सरकार जम्मू काश्मीर की सरकार को भी सलाह देगी जिसने एम. ए. तक शिक्षा निःशुल्क कर रखी है कि वह भी इसको वापस ले ?

श्री डी. पी. यादव : पहले हम प्राइमरी को कर लें उसके बाद सेकेण्ड्री के बारे में सोचेंगे ।

+ **SHRI R. P. YADAV :** May I know whether the order that was passed was in conformity with the requirements of the rules of business of the Gujarat Government

and whether the decision taken by the ex-Chief Minister was taken by the State Cabinet or in consultation with the State Cabinet ?

SHRI D. P. YADAVA : No.

Advance of Loans by State Bank of India to Village Agriculturists and Small Traders of Rural Areas in West Bengal

*574. **SHRI SUBODH HANSDA :** Will the Minister of FINANCE be pleased to state :

(a) whether Government are aware of the role played by the State Bank of India in West Bengal in regard to advance of loans to village agriculturists and small traders in rural areas ;

(b) whether State Bank of India has been able to meet the demands of the above categories of people ;

(c) whether innumerable applications are pending for decision since 1970-71 ; and

(d) how long the Bank would take to come a final decision on each application ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) Yes, Sir; State Bank of India has formulated specific schemes for Financing agriculture and has "adopted" villages for intensive coverage. Schemes for advancing working capital and equipment finance have been drawn for small traders.

(b) No, Sir ; the needs for agricultural credit specially, are very large and it cannot be expected that the State Bank of India alone, or even commercial banks by themselves, would be able to meet these demands fully.

(c) and (d). The State Bank of India has reported that there is no large accumulation of pending applications for loans from agriculturists and small traders in various branches in West Bengal. Very often an applicant for a bank loan also applies to a cooperative society for loan or has already taken loan from a cooperative society or

from the State Government. Checking and counter-checking on this account sometimes leads to delay in final disposal of the loan applications.

SHRI SUBODH HANSDA : Are Government aware that small agriculturists and traders with no capacity for giving security against the loans are finding it difficult to get such loans ?

SHRI YESHWANTRAO CHAVAN : It is true that in the early stages we did find that the small man was in difficulty and we had to find some new solution for that. In order to overcome this difficulty, a new Guarantee Corporation has been established ; it started functioning on 1st April. In reply to one of today's starred questions—I do not exactly remember the number of the question ; I am not sure whether it will be reached—I have in a statement given details of the functioning of this Corporation, what are limits upto which loans extended to traders etc. can be guaranteed, how the small traders, kisans can be helped, how the self-employed man or small businessman can be accommodated etc. The hon. member can refer to the details there so that I need not waste the time of the House on it now. But this matter is certainly important and we are making efforts in this direction.

SHRI SUBODH HANSDA : The Minister has stated that the SBI has already formulated schemes according to which loans are being advanced. Is he satisfied with the performance of the SBI in comparison with the other banks which are advancing such loans ?

SHRI YESHWANTRAO CHAVAN : I am not satisfied because I have again pointed it out to the Chairman of the SBI himself. The functioning of the State Bank so far as the agricultural sector is concerned is better in other States than in West Bengal. As a matter of fact, the State Bank is not a lead bank in any of the districts in West Bengal ; there are some other banks such as the United Commercial and Bank of India which have got a large number of branches in West Bengal. The SBI has its own responsibility in this matter. Therefore, we have pointed out to the bank that it will have to give a better account

in regard to the rural and agricultural sector.

SHRI K. SURYANARAYANA : the hon. Minister has stated that the State Bank has adopted some schemes for advancing loans to agriculturists. What are the policies adopted in this regard, will preference be given to the small farmers needing small amounts or to big farmers wanting Rs. 2 or Rs. 3 lakhs ? Very often we find the big farmers, taking advantage of their local influence, get loans of the order of two or three lakhs of rupees.

SHRI YESHWANTRAO CHAVAN : I think that what the hon. Member said did happen in the beginning. When they were asked to look to the agriculturists, their old banking instincts prompted them to look for clients who were more safe, the rich farmers. But consciously we tried to make a change, and in order to make it easy for them also to reach the small farmers, this Guarantee Corporation has been established. We will have to wait for some time to see its working. As I said, I am myself not very much satisfied with the results of extension of credit to agricultural sector.

SHRI INDRAJIT GUPTA : Details regarding most of these new schemes are not very clear even to Members of this House. So I would like to know from him, conditions in our country being what they are and the banking practices and banking habits being what they have been in the past, what methods are being employed to see that the particulars of these schemes are widely popularised among the people in the villages, small agriculturists, traders and so on, so that they are encouraged to approach the banks.

SHRI YESHWANTRAO CHAVAN : This is a very good suggestion. As a matter of fact, I myself made this suggestion that these schemes should be publicised in the local languages so that they reach the people. My first effort is to see that at least they reach the officers in the field. I would look into it. It is certainly a good suggestion.

SHRI BHAGWAT JHA AZAD : May I know what happened to the much-publicised idea of the hon. Finance Minister about

different rates of interest for different classes of people who want loans from the banks ?

SHRI YESHWANTRAO CHAVAN : I do not know whether it was much publicised but certainly I did make a reference to it more than once. A study group was appointed in the Reserve Bank and its report has been received recently. I propose to publish the report so that hon. Members who want can give their views also. There is difference of opinion between the members of the committee. We have not taken any decision so far. We have to examine the matter.

SHRI D. K. PANDA : May I know whether the Government has issued any specific instructions to advance loans to the share-croppers who are landless on co-security basis ?

SHRI YESHWANTRAO CHAVAN : I do not know if specific instructions have been issued to this. I will find out.

SHRI K. BASAPPA : Is there any proposal to have an Advisory Committee at the State and district levels for the State Bank ?

SHRI YESHWANTRAO CHAVAN : At the present moment there is no such proposal. There are local committees, Advisory Committees, for Bombay, Calcutta and Madras zones, but not for every State.

SHRI SOMCHAND SOLANKI : Before nationalisation security was given by the borrower.. (*Interruption*). May I know from the hon. Minister today, after nationalisation, what is the easy way to get a loan from the nationalised banks because they have to pay Rs. 200 to the management and after that they are getting the loan. What is the easy way to get loans from the nationalised banks ?

SHRI YESHWANTRAO CHAVAN : I do not know what he means by saying easy way. There are certain allegations of corruption. But it would be difficult to say that every agriculturist is supposed to pay Rs. 200 or something like that. Formerly there was a very difficult procedure, I quite agree. Now the procedures have been simplified.

In the past the banks normally insisted on third party guarantee because of the insecurity the man who sanctioned the loan was feeling. In order to facilitate matters, the credit guarantee corporation has been established and we shall have to watch the working of these things ; possibly this might facilitate the lending by the banks to the neglected sector.

Boeing Flights to Trivandrum

+

*575. **SHRI C. K. CHANDRAPPA :**
SHRI PHOOL CHAND VERMA :
SHRI A. K. GOPALAN :

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the Government of Kerala had requested the Union Government to fly the Boeing flights to Trivandrum ;

(b) whether the runway in Trivandrum airport is suitable for the landing of jet aircraft ; and

(c) the decision taken on the request of the Kerala Government ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR SARAJINI MAHISHI) :

(a) Yes, Sir.

(b) The runway is adequate for Boeing 737 jets.

(c) Indian Airlines propose to start a Boeing service to Trivandrum from October, 1971.

SHRI C. K. CHANDRAPPA : The Minister has said that there had been a request from the Kerala Government to start the Boeing service to Trivandrum. She also said that the runway was good. Why did not the Government start the Boeing flight earlier and why has there been this delay ? Why do they not start it as soon as possible ?

DR. SARAJINI MAHISHI : On account of certain technical difficulties the Boeing services could not be extended to Trivandrum earlier. Proving flights were carried out by

the IAC a few months ago. We use instrument landing system which is not there at the airport at Trivandrum. This year very high frequency omnirange will be established and the services are going to be extended.

SHRI C. K. CHANDRAPPAN : May I know whether the Government of Kerala had requested the Centre to make available all the necessary modern facilities in that airport and what is the decision of the Government on that ?

DR. SAROJINI MAHISHI : Yes, Sir ; necessary facilities will be provided at the airport at Trivandrum, as early as possible.

SHRI N. SREEKANTAN NAIR : There were four flights from Bombay to Cochin and there is only one flight now. In view of the fact that even Members of Parliament find it difficult to get connections from Bangalore to Cochin, will the Government expedite the starting of the new Boeing 737 flights ?

DR. SAROJINI MAHISHI : We are extremely sorry for the inconvenience caused to the Members of Parliament travelling between Bombay and Cochin. The services between Bombay and Cochin are *via* Goa and another one *via* Relgaum, Mangalore, Cochin. From 15 October the services between Bombay, Goa, and Cochin, Bombay Bangalore Cochin and Bombay Belguam Mangalore Cochin—all these services will start and Boeing services will be up to Goa Bangalore and further on the service will be by HS 748.

श्री फूलचन्द बर्मा : अध्यक्ष महोदय, मैं आपके माध्यम से माननीय मंत्री महोदय से पूछना चाहता हूँ कि जेट विमानों के उतरने के लिये जो रन-वे का निर्माण किया जाता है उसके सम्बन्ध में केन्द्रीय सरकार की नीति सभी प्रान्तों पर एक जैसी लागू होती है ? यदि आपका उत्तर हाँ में है तो मध्य प्रदेश में इन्दौर रायपुर पर भी यही बात लागू होगी ?

डा० सरोजिनी माहिषी : केन्द्रीय सरकार की नीति सभी प्रान्तों के लिए एक ही है। इन्दौर

हवाई अड्डे पर कुछ कठिनाइयाँ थीं लेकिन अब इन्दौर के लिए अक्टूबर तक उड़ानें आरंभ हो जायेंगी।

Steps to Improve the Working of Delhi Transport Undertaking

*577. **SHRI S. M. BANERJEE :**
SHRI B. S. BHAURA :

Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) the steps taken to improve the working of D.T.U. ; and

(b) whether more buses are likely to be introduced ?

THE MINISTER OF STATE IN THE DEPARTMENT OF PARLIAMENTARY AFFAIRS, AND IN THE MINISTRY OF SHIPPING AND TRANSPORT (SHRI OM MEHTA) : (a) and (b). A statement giving the information required is laid on the Table of the Sabha.

Statement

STEPS TO IMPROVE THE WORKING OF THE DELHI TRANSPORT UNDERTAKING

(a) and (b). The Delhi Transport Undertaking has taken the following measures to improve the bus services operated by it in the Capital :—

- (i) The Undertaking has drawn up a phased programme for the replacement of the over-aged buses (i.e. vehicles over 8 years old) and purchase of additional buses to augment its fleet to meet the increasing requirements of commuters. Orders for the purchase of 309 single and double decker buses were placed during 1969-70 and 1970-71. Against this, 196 buses have been received and put on road. Most of these buses are being operated as express services on payment of an extra amount of 5 paise per head per journey. The new buses have larger carrying capacity. The remaining 109 buses are also expected to be received in the course of

the next three months in accordance with the stipulated delivery schedule.

The Government gave a loan of Rs. 130 lakhs to the Delhi Transport Undertaking during 1969-70 and of Rs. 178 lakhs during 1970-71 for the purchase of buses. Loans are also proposed to be given during the current financial year for the purchase of buses, as and when payments become due to the chassis suppliers and body building firms.

- (ii) A radio communication system and a well-knit telephone net work have been set up ; field officers are posted and time regulation is watched at all important points.
- (iii) Maintenance points have been established in the network of the Undertaking's operational area to attend, on the spot, to minor defects which develop in the buses on the road.
- (iv) Regional control of depots and operation has been introduced so that senior officers are able to pay personal attention to operational matters besides depot administration.
- (v) Unserviceable vehicles are being converted into trailers, after renovating the bodies, to be run as trailer buses on selected routes.
- (vi) Old buses are being removed from normal duty for use as school buses and for special hire purposes.
- (viii) Intensive checking of ticketless passengers has been launched.
- (viii) Servicing and daily maintenance is being done at night under the supervision of senior officers.
- (ix) Private buses under D.T.U. operation have been engaged to cover the shortage of its own buses.

- (x) Stores and Workshops are being streamlined by the Undertaking so as to help in deploying the maximum number of buses on road.

SHRI OM MEHTA : Sir, in the statement, there is a small typing error. It is said there that "Orders for the purchase of 309 single and double decker buses were placed during 1969-70 and 1970-71." It should be 305.

SHRI S. M. BANERJEE : From the statement it appears that adequate steps have been taken by the Delhi Transport Undertaking. But I would like to know whether it has been brought to the notice of the hon. Minister that the behaviour in the buses, both of the drivers and the conductors, is awful, and sometimes the passengers are thrown out of the buses ; the students also receive the same fate. I would like to know whether instructions have been issued to the staff concerned that they should at least be courteous to the passengers, even though there may not be accommodation.

I would like to know further whether it is a fact that passengers having tickets also are produced before the magistrate ; after boarding the buses, they are turned out, and some of them were fined Rs. 25, Rs. 35 and Rs. 45 by the magistrate. If so, what steps have been taken by the Government to ask the DTU authorities not to do such things ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : As hon. Members know, the DTU functions under the Delhi Municipal Corporation. I am sure the Delhi Municipal Corporation supervises the staff, and the management. They do take due care and I believe they are anxious to see that the conductors and other members of the staff behave with the people who are their masters with due decorum, decency and courtesy. I have no doubt that.

In regard to the other question about the magistrates, etc., I do not exactly understand what he means.

SHRI S.M. BANERJEE : About the fines. Even today, there was one student

who has been fined Rs. 25. I hope the Minister reads the newspapers. (*Interruption*)

MR. SPEAKER : Order please. He may put his next question.

SHRI S. M. BANERJEE : May I know whether it is a fact that a decision would be taken by the Government to convert the DTU into an autonomous public corporation and, if so, the reason for the delay why it is not being done, and whether it is objected to by the Delhi Administration and, if so, how the objection is going to be met by the Government ?

SHRI RAJ BAHADUR : There is a demand from the people, which is really growing, for converting the DTU into a Corporation, but it involves so many factors. We have to take the Delhi Municipal Corporation with us, because it would amount to a major step, and it will certainly take away the management of the DTU from the Corporation, and it may not be liked by the concerned parties. We would like to have, in this case, as much consensus as possible.

SHRI S. M. BANERJEE : The question is whether they have accepted the principle.

SHRI RAJ BAHADUR : We shall consider this proposal sympathetically.

SHRI H. K. L. BHAGAT : May I know whether it is a fact that the Government of India appointed a committee sometime ago to go into the affairs of the DTU, particularly its financial condition, and, if so, what were the findings of that committee and in the light of those findings, what action do the Government of India propose to take ?

SHRI RAJ BAHADUR : Of course, a committee was appointed and it advised that it should raise the fares. In fact—well, my colleague will read the recommendations.

SHRI OM MEHTA : The recommendations are : the present organisational structure of the DTU is not satisfactory, and the existing arrangement should be

replaced by a statutory corporation ; the Board of Directors of the Corporation should be selected strictly on the basis of skills, and experience useful to a transport undertaking ; the Board should be capable of reviewing operations and recommending improvements ; the chief executive should be a person responsible for the management of the corporation at the top level, and he should be a member of the Board of Directors. There should be a larger delegation of powers for the Chief Executive and other managerial staff so as to ensure optimum performance. There have been more than 5 changes in the post of General Manager of DTU during the last 12 years, although under the Delhi Municipal Corporation Act, the tenure is five years. The concerned authority should avoid frequent changes in top management personnel.

SHRI RAJ BAHADUR : A recommendation has been made that the fare should be increased, but somehow or other, it has not found favour with the elected members of the Corporation.

श्री मान सिंह भौरा : मंत्री जी ने स्टेट-मेंट में लिखा है कि "Private buses under DTU operation have been engaged to cover shortage of its own buses" यह ठीक है कि बसेज की शॉर्टेज है इसलिए जो डी० टी० यू० प्राइवेट औपरेटर्स को ऐनगेज करती है इसलिए नहीं करती है कि प्राइवेट औपरेटर्स को कोई फ़ायदा पहुंचाया जाय। तो क्यों नहीं डी. टी. यू. डायरेक्ट बसेज खरीद कर खुद चलाती जिससे उसको फ़ायदा हो ?

श्री राज बहादुर : अगर माननीय सदस्य का यह मंशा हो कि बजाय इसके डी. टी. यू. के तत्वावधान में चलें, वह सीधे उनको परमिट दे दे तो मैं समझता हूँ.....

SHRI S. M. BANERJEE : Why have private buses been put ?

SHRI RAJ BAHADUR : There is a shortage of buses and to meet the requirements of the travelling public, we want to augment our fleet with private buses. I am talking on behalf of the Corporation.

Preservation of Tribal Art and Culture

*578. SHRI SAMAR GUHA : Will the Minister of CULTURE be pleased to state :

(a) whether Government propose to set up a Committee to go into the problems of preservation of the tribal art and culture in our country ; and

(b) the other steps proposed to be taken by Government in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE SHRI D. P. YADAV : (a) No, Sir.

(b) Tribal Research Institutes set up in the States study matters relating to art and culture of tribal people and suggest measures for their preservation and development. The Sangeet Natak Akademi has from its inception, been making efforts towards the documentation of the performing arts, viz, Music, Dance and Drama, of the Tribal communities. Under one of the Fourth Five Year Plan Schemes, the Akademi has been recording the music of the tribal communities of different regions of the country and filming and photographing their dances. The Akademi has also collected musical instruments, masks, etc. used by the tribal communities. The tribal art specially the tribal dances are highlighted every year during Republic Day Celebrations.

SHRI SAMAR GUHA : May I know whether any attempt has been made by Government to preserve the tribal dialects by having some script—Roman or some other script—for them and whether Government has prepared any literature for the tribal culture ?

SHRI D. P. YADAVA : So far as dialect is concerned, we have already set up several tribal research institutions in the areas, particularly in Assam, Bihar, Gujarat, M P, Andhra Pradesh, Rajasthan, Orissa, West Bengal, Maharashtra, U.P. and Kerala, to study matters relating to art and culture of the tribal people and suggest measures for their preservation and development.

They are expert people and the hon. member's suggestion will be incorporated, It is a good suggestion.

SHRI SAMAR GUHA : It is good that almost every year during Republic Day celebrations, the tribal people are asked to perform their dance, drama and folk songs. May I know whether the Government has organised any troupe of the tribal people to perform their dances, drama and folk songs throughout the country and have inter-change among the different tribal communities ?

SHRI D. P. YADAVA : It is a good suggestion.

MR. SPEAKER : Every suggestion by you is being accepted today !

SHRI KARTIK ORAON : Religion plays an important part in moulding tribal art and culture

MR. SPEAKER Please come to the question.

SHRI KARTIK ORAON : So, unless the tribal religion is protected we cannot claim to protect the tribal art and culture I would like to know whether the Government is aware that the British Government in the 1911 census report recorded tribal religion as "animism" defined as the name of a category to which are relegated all the pre-Hindu religions of India. In the 1931 census report the term "animism" has been replaced by tribal religion to denote the religions of all primitive tribes. The Constituent Assembly on the 11th May 1949 under the chairmanship of Sardar Vallabhai Patel passed a resolution by which they purported to preserve the tribal religion.

MR. SPEAKER Let him come to the question.

SHRI KARTIK ORAON : Now I would like to know whether the government is aware that those people who destroyed the tribal culture, traditions and religion during the British regime were treated as good boys and girls. Unfortunately, even under the national government those who try to destroy our tribal culture, tradition and religion still continue to be treated as good boys and girls.

MR. SPEAKER : Unless he asks the question I will have to ask him to resume his seat.

SHRI KARTIK ORAON : May I know whether the government will take note of this that history is going to record a note of protest on the performance of the government and their madness in maintaining that religion is not for tribals, Democracy is not for tribals, secularism is not for tribals, justice and fair play are not for tribals.

MR. SPEAKER : I will not allow this speech. It is not at all a question. It need not be replied.

SHRI KARTIK ORAON : Government have no reply to give. They have done nothing for the Tribals.

श्री आर० बी० बड़े : अभी मंत्री महोदय ने जवाब दिया कि बाकी स्टेटों ने आर्ट और कल्चर के बारे में जानने के लिए कमेटिया बनायी हैं। लेकिन क्या शासन ने यह भी देखा है, राष्ट्रपति के अन्तर्गत यह शासन का कर्तव्य है, कि आर्ट और कल्चर के बारे में मध्य प्रदेश में जो रिसर्च होता है वह मध्य प्रदेश शासन कर रहा है या केन्द्र से उसको पैसा मिलता है ?

SHRI D. P. YADAVA : So far as assistance is concerned, we will give matching share to those States.

SHRI R. V. BADE : The Minister has given a reply where we could not understand even a word of what he said. Sir, I want your protection.

MR. SPEAKER : I can give protection if your question concerns the whole country. If you want to ask something about Madhya Pradesh you have to give fresh notice.

SHRI R. V. BADE : The question was

"whether the Central Government propose to set up a Committee to go into the problems of preservation of the tribal art and culture in our country ; "

MR. SPEAKER : If you ask a question about the whole of India then you will get an answer.

SHRI R. V. BADE : My question is whether the State has done anything to preserve the art and culture of the Gonds of Madhya Pradesh.

MR. SPEAKER : He may give notice of a separate question. This question relates to the whole country.

SHRI DINEN BHATTACHARYYA : Question No. 582.

शिक्षा और समाज कल्याण मंत्रालय तथा संस्कृति विभाग में उप-मंत्री (श्री डी० पी० यादव) : (क) जी हां।

(ख) छात्रवृत्तियां विश्वविद्यालय अनुदान आयोग द्वारा इसी उद्देश्य के लिए गठित की गई प्रवरण समिति की सिफारिश पर दी जाती है। असम, नागालैंड, मणिपुर और नेफा के पहाड़ी क्षेत्रों के वास्तविक निवासी जिनके पास पहली और दूसरी श्रेणी की स्नातक डिग्री है, वे उत्तर-स्नातक अध्ययन के लिए छात्रवृत्ति पाने के पात्र हैं, और जिनके पास पहली या दूसरी श्रेणी की मास्टर डिग्री है, वे डाक्टरेट डिग्री के शोध कार्य के लिए अवर शोध शिक्षा-वृत्ति पाने के पात्र हैं।

(ग) अभी ऐसा कोई प्रस्ताव विचाराधीन नहीं है।

SHRI DINEN BHATTACHARYYA : I asked the question in English. I could not follow what the hon. Minister has read out. I want it to be repeated in English.

SHRI SAMAR MUKHERJEE : He has answered another question.

SHRI PILOO MODY : But in this House it does not matter.

SHRI D. P. YADAVA : I am sorry, Sir.

PL-480 Funds for Educational Activities

***582. SHRI DINEN BHATTACHARYYA :** Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the total amount of PL-480 funds canalised for educational activities in India during the last three years ; and

(b) whether such funds were completely canalised through Government agencies or were at times canalised through private institutions ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) Rs. 24.56 crores as far as the Ministry of Education and Social Welfare is concerned.

(b) The funds are canalised both through Government and private agencies in accordance with the agreement concerning the use of PL-480 funds.

SHRI DINEN BHATTACHARYYA : What are the private agencies through which the fund is canalised and what is the basis of this ? Could the Minister kindly tell the House ?

SHRI D. P. YADAVA : The different ways in which PL-480 funds are being utilised for educational activities in India are through notional attribution against funds which are earmarked for Indian use and are set off against normal budgetary expenditures. This is done by the Department of Economic Affairs which has intimated that during the last three years the amount so utilised amounted to Rs. 21.33 crores for IIT Kanpur, higher technical education and elementary education.

SHRI DINEN BHATTACHARYYA : My question was specific. What are the private agencies through which PL-480 funds are canalised and up to what amount it has up till now been canalised ?

MR. SPEAKER : His question is very simple. He is asking about that part of the Question which relates to the canalisation through private agencies.

SHRI D. P. YADAVA : We have research institutions and we publish books also. As regards specific names, I need notice.

SHRI DINEN BHATTACHARYYA : The Government is not even ready to divulge the names of private agencies through which the PL-480 Fund is spent. So my next question is : What are the criteria on which the canalisation of this Fund is done both through Government agencies and private agencies.

SHRI D. P. YADAVA : We are spending PL-480 Fund through the U. G. C., the IIT and through book publications. In almost all the committees, our Government officials are incorporated. Of course, they are autonomous bodies.....(*Interruption*) I think, the hon. Member should not get irritated on this point, so far as PL-480 Fund is concerned. In almost all the committees, the Government officials are there.

SHRI S. M. BANERJEE : I would like to know from the hon. Minister whether it is a fact that PL-480 Fund is being used for other activities which have a bad effect on the minds of the students, that is, American culture, American activities, all sorts of activities. I want to know whether an inquiry will be made in regard to the IIT Kanpur about various allegations that this money is being used for purposes other than education.

SHRI D. P. YADAVA : There is no such information with us.

श्री कूलचन्द्र वर्मा : माननीय मंत्री महोदय ने प्रश्न के उत्तर में बतलाया कि पी. एल. 480 की जो धनराशि जाती है वह प्राइवेट एजेंसियों के माध्यम से शिक्षा के लिए खर्च की जाती है। मैं मंत्री महोदय से पूछना चाहता हूँ कि उनको क्या कठिनाई है उन प्राइवेट एजेंसियों के नाम बताने में ? कृपया वह उनके नाम बतावें कि किन के माध्यम से यह काम होता है।

श्री डी. पी. यादव मुझे इसके लिए नोटिस चाहिये।

MR. SPEAKER : Of course, I did not object to it. The Minister could give it. As you would see part (b) of the Question, it says,

"whether such funds were completely canalised through Government agencies or were at times canalised through private institutions."

He gave the factual information. About the names, it could have been easy for the Minister to come prepared.

श्री फूलचन्द बर्मा : मंत्री महोदय ने कहा कि प्राइवेट एजेंसियों के माध्यम से दी जाती है। इसका मतलब है कि उनको उन एजेंसियों की जानकारी है। तब फिर उनके नाम बताने में उनको क्या आपत्ति है ?

MR. SPEAKER : But he is not ready with that.

Question Hour is over. Again, the progress is very slow. I will have to be a little more strict in future.

WRITTEN ANSWERS TO QUESTIONS

Scheme for Development of Historical Places in Agra

*576. SHRI RAJDEO SINGH : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government have formulated any specific scheme for the development of historical places in Agra ; and

(b) if so, the outlines thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SAROJINI MAHISHI) : (a) and (b). Maintenance of the monuments at Agra is done by the Archaeological Survey of India. The Department of Tourism has commissioned repairs to the road from the power house crossing to

Motilal Nehru Park. It also proposes to landscape the area around the Taj and construct a Tourist Reception Centre at Agra.

Reduction in the Number of Check-Posts for smooth flow of Inter-State Traffic

*579. SHRI BRIJ RAJ SINGH—KOTAH : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) the names of the States which have agreed to reduce the number of existing checkposts suggested by the Transport Development Council to ensure smooth flow of inter-State traffic ;

(b) the names of such States which have not considered this feasible ; and

(c) the main reasons given by them and the reaction of the Central Government thereon ?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) to (c). The Governments of Haryana, Jammu and Kashmir, Kerala, Orissa, Rajasthan, Tamil Nadu, Uttar Pradesh, Pondicherry, Tripura and Goa, Daman and Diu agree, in principle, to the reduction in the number of check-posts and are taking necessary action in this behalf. The Government of Uttar Pradesh have, however, referred to the difficulties in posting staff belonging to different departments, which have different objectives and techniques of checking, under a single authority. But they are considering methods of implementing the recommendation

The Governments of Bihar, Gujarat, Punjab and West Bengal consider that the proposal for abolition/consolidation of checkposts is not practicable. The Government of Punjab have, however, added that traffic check barriers to be established, in future, will be set up alongside the existing ones.

Maharashtra has stated that combination of checkposts at places other than Greater Bombay is not possible. The feasibility of having a single consolidated checkpost to serve the needs of all the Departments at

Bombay is being examined by the State Government.

There are only administrative checkpoints in Manipur and Nagaland and no reduction in their number is considered desirable in these territories which are sensitive border areas.

There are no check-posts in the other Union Territories except Delhi which has only terminal tax barriers.

The reactions of the Governments of Andhra Pradesh, Assam, Madhya Pradesh, Mysore and Himachal Pradesh are awaited. The matter is being pursued with these States and the others who have not agreed to consolidation of checkpoints.

Difficulties experienced by Private Sector Industries in obtaining Working Capital from the Nationalised Banks

*580. SHRI BISHWANATH JHUN-JHUNWALA : Will the Minister of FINANCE be pleased to state :

(a) whether Government are aware that difficulties are being experienced by the private sector Industries in obtaining working capital from the nationalised banks in time to run their industries with the result that production is hampered considerably ; and

(b) whether in order to give fillip to the production activities in the country, Government propose to instruct the nationalised banks to deal with such cases more expeditiously ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). The Reserve Bank of India has advised the banks to exercise greater vigilance in regard to end-use of credit to all sectors of the economy so that banks' funds are not diverted for purposes other than those for which they are meant. This entails closer scrutiny by the banks of the credit applications particularly from the large account holders who have a number of sub-limits under each account. This may result in some delay in the sanction of loans in respect of a few cases. But there are no facts to indicate that unwarranted

difficulties are being experienced by the private sector industries generally in obtaining working capital from the nationalised banks in time. The need for expeditious disposal of credit applications is impressed upon the banks by the Reserve Bank of India from time to time.

Agreement for Loan from Netherlands

*581 SHRI S. M. KRISHNA :
SHRI NIHAR LASKAR :

Will the Minister of FINANCE be pleased to state :

(a) whether an agreement between the Government of India and Netherlands has been signed for a loan of Rs. 10.47 crores to India ;

(b) if so, how this amount is proposed to be utilised ; and

(c) the terms and conditions of the agreement ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) Yes Sir. An agreement has been signed with the Netherlands authorities for their advancing a loan equivalent to Rs. 10.36 crores.

(b) The loan is proposed to be utilized for import of components, raw materials, spares and capital equipment required for our development plans, in addition to obtaining services from Netherlands. These imports will be effected within the country's overall licensing policy.

(c) The loan carries a rate of interest of $2\frac{1}{2}\%$ per annum and is repayable in 30 years with an initial grace period of 8 years during which no repayment of the principal will be made.

Checking of Accounts of Bodies and Associations exempted from payment of Income Tax

*583. SHRI S. N. MISRA : Will the Minister of FINANCE be pleased to state :

(a) whether the accounts of the Bodies or Associations exempted under the Income-Tax Act are checked ;

(b) if so, at what intervals ; and

(c) if not, whether there is any check that the exemptions are not abused ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) to (c). Exemptions provided under the Income-tax Act are broadly of three types :—

- (1) Exemption available to bodies or associations because of the very nature of these institutions where the income earned does not form part of the total income. This exemption is available to institutions like hospitals and educational institutions not run for purposes of profit. These bodies do not have to file either their returns of income or present their accounts to enjoy exemption under the Income-tax Act.
- (2) Exemption to institutions whose income also does not form part of their total income under the Income-tax Act, only when certain statutory conditions are fulfilled. Under this category exemption is available to certain notified sports bodies, professional associations, etc. The information regarding the periodicity of checking of accounts of these institutions is not readily available. It will have to be collected from the field officers from all over the country and would take considerable time. If the Hon'ble Member has some specific institutions in mind, the information in respect of them will be collected and laid on the Table of the House.
- (3) Incomes of religious or charitable trusts derived from property held under trust or income from voluntary donation provided certain statutory conditions are fulfilled are exempt from tax. Prior to 1.4.1971 the exemption certificate in these cases was initially made valid for only one assessment year. The accounts of the first year were scrutinised and the certificates were

then renewed once in every three years after careful examination of the whole case. With effect from 1.4.1971, all such trusts, institutions or associations have to file their returns of income u/s 139(4A) of the Income-tax Act, 1961 annually. The accounts can now, therefore, be examined every year.

उत्तर प्रदेश के पहाड़ी इलाकों के छात्रों को विश्वविद्यालय अनुदान आयोग की छात्रवृत्तियां

*584. श्री नरेन्द्र सिंह बिष्ट : क्या शिक्षा और समाज कल्याण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या विश्वविद्यालय अनुदान आयोग स्नातकोत्तर अध्ययन और शोधकार्य के लिए आसाम, नेफा, नागालैंड और मेघालय के पहाड़ी इलाकों के छात्रों को विशेष छात्रवृत्तियां देता

(ख) यदि हां, तो उक्त छात्रवृत्तियां किस आधार पर दी जाती हैं ; और

(ग) क्या सरकार का विचार उत्तर प्रदेश के पहाड़ी क्षेत्रों के छात्रों पर भी उक्त योजना लागू करने का है और यदि हां, तो कब से ?

शिक्षा और समाज कल्याण मंत्रालय तथा संस्कृति विभाग में उप-मंत्री (श्री डी० पी० यादव) : (क) जी हां।

(ख) छात्रवृत्तियां विश्वविद्यालय अनुदान आयोग द्वारा इसी उद्देश्य के लिए गठित की गई प्रवरण समिति की सिफारिश पर दी जाती हैं। असम, नागालैंड, मणिपुर और नेफा के पहाड़ी क्षेत्रों के वास्तविक निवासी जिनके पास पहली या दूसरी श्रेणी की स्नातक डिग्री है, वे उत्तर-स्नातक अध्ययन के लिए छात्रवृत्ति पाने के पात्र हैं, और जिनके पास पहली या दूसरी श्रेणी की मास्टर डिग्री है, वे डाक्टर

डिग्री के शोध कार्य के लिए अवर शोध शिक्षा-वृत्ति पाने के पात्र हैं।

(ग) अभी ऐसा कोई प्रस्ताव विचारा-धीन नहीं है।

Indo-U.S. Text Book Agreement

*585. SHRI R. P. DAS : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the main features of the Indo-U.S. text book agreements and the scheme under which text books are published in India ;

(b) the total number of books published to date ; and

(c) the precautions which are taken to prevent the flooding of U.S.A. propaganda material in the guise of text books ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAV) : (a) to (c). The Joint Indo-American Standard Works Programme was initiated in 1961 with the object of meeting the rapidly growing demand for reasonably priced American books in various disciplines both for purposes of reference and for use as text books in colleges and universities in India.

2. A Joint Indo-American Text Book Board comprising representatives of each side with Education Secretary of India as the Chairman was set up in 1961 to lay down the broad policy within which the U.S.I.S. was to operate on the scheme.

3. List of suitable American books are suggested to the Ministry of Education and Social Welfare by the USIS and USAID on the basis of selections made from lists submitted by the Indian publishers who have working arrangements with the U.S. publishers, after a survey of the requirements of the country and of the possibility of sales of these books in India. These lists are scrutinised first by USAID experts and then referred to the Ministry of Education and Social Welfare. That Ministry in turn

consults the University Grants Commission in regard to the assessment of books on Humanities and Sciences ; the Ministry of Food and Agriculture in regard to the assessment of books on Veterinary and Agricultural Science ; Technical Education Division for books in Business Management, Engineering and Technological subjects and experts designated by the Director General of Health Services for Medical books. The books considered suitable for Indian educational purposes are then approved by the Ministry. USIS or USAID provide subsidy from out of PL 480 funds to the concerned Indian publisher to reprint the U.S. book and price them about 1/5th or 1/6th of the price of the original U.S. edition.

4. 1188 titles have been published under this programme from its inception in 1961 to date.

5. As is apparent from paragraph 3 above the titles are scrutinised by the educational experts from the stand-point of their suitability, usefulness and possible demand among university students in India. The question of flooding of U.S.A. propaganda material in the guise of text-books therefore does not arise, under this scheme.

6. The Joint Indo-American Text Book Programme came into operation in 1961 by an exchange of Aide Memoir between the Government of India in the Ministry of Education and Social Welfare and the American Embassy in India. The main features of the programme are as follows :

- (a) The Ministry of Education will clear the titles before these can be taken up for reprinting under the programme.
- (b) Contracts would be entered into with publishers of standing who have secured the necessary copyright with regard to publication of the mutually agreed list.
- (c) Royalty payments will not exceed 10% of U.S. copy per Indian reprint sold and the amount of

royalty will be intimated to the Ministry of Education for each title.

- (d) The sale price of the books published under the scheme should ordinarily be about 1/3rd of the original published price—the price being fixed in accordance with the cost of production, likely subsidy and the economic price to be charged. (The sale price now generally is between 1/5th to 1/6th of the U.S. retail sale price taking into account the later devaluation of the Rupee)
- (e) The distribution will generally be arranged through normal trade channels.
- (f) The U.S.I.S. will act as the operational body of the programme and for all contracts to be negotiated with it.
- (g) Ministry of Education will be informed of all contracts and other major steps taken by the American Embassy in the implementation of the scheme.

Functioning of Credit Guarantee Corporation of India

*586. SHRI JYOTIRMOY BOSU : Will the Minister of FINANCE be pleased to state :

(a) whether a new financial institution named "Credit Guarantee Corporation of India" has started its operation from 1st April, 1971 ; and

(b) if so, the functions thereof ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). A new public limited company, known as the Credit Guarantee Corporation of India Ltd., was registered on 14th January 1971 and has been entrusted with the responsibility for providing guarantees covering credit facilities granted to small

borrowers in certain priority and neglected sectors.

The Corporation has formulated a guarantee scheme which has been brought into force from 1st April 1971. This will cover, initially, credit facilities, within certain specified limits, granted by scheduled commercial banks to individual transport operators or to an association of not more than six such operators, individuals, firms and cooperative societies trading in fertilisers and goods, professionals, self-employed persons, individuals and firms owning business enterprises and farmers engaged in cultivation and allied agricultural operations. The Guarantee Organisation will bear losses upto seventy five per cent of the amounts which are bad or doubtful of recovery, the other twenty-five per cent being borne by the lending organisations. A guarantee fee of one half of one per cent per annum will be charged on the amounts outstanding on account of the eligible credit facilities.

According to the information given by the Reserve Bank of India, 67 scheduled banks have intimated acceptance of the scheme so far.

The eligibility ceilings to the various sectors as per scheme are broadly as follows :

(1) *Small farmers and agriculturists :*

For financing seasonal agricultural operations. Rs. 1000/-

For financing reclamation or improvement of land, construction of irrigation well, installation of pump-sets, purchase of machinery or equipment or other capital assets. Rs. 5000/-

For financing pisciculture, sericulture, animal husbandry poultry farming or dairy farming, such limits as the Corporation may notify from time to time but not exceeding. Rs. 50,000/-

(2) *Small Transport Operators :*

For financing an individual or an Association of not more than six individuals owning and operating a single transport vehicle. Loans limits not to exceed Rs. 50,000/-.

(3) *Small Retail Traders :*

Annual turn-over not exceeding Rs. 100,000/-

Primary dealers in fertilizers :

Annual turn-over not exceeding Rs. 200,000/-

(4) *Professional and self-employed persons :*

Medical practitioner including a dentist or a firm of medical practitioners owning or establishing a nursing home or clinic.

Rs. 100,000/-

Construction contractor or a firm of Construction Contractors.

Rs. 100,000/-

Engineering Consultant or Architect or a firm of Engineering Consultants or Architects.

Rs. 50,000/-

Any other persons skilled in their profession whether they hold any professional or technical degree or diploma or not.

Rs. 20,000/-

(5) *Business enterprises :*

All cases where original cost price of the equipment used should not exceed Rs. 50,000/-

The Corporation has also formulated a new scheme known as the Credit Guarantee Corporation of India small Loans (Financial Corporations) Guarantee Scheme, 1971 to cover credit facilities upto certain specified limits granted by the State

Financial Corporation including the Tamilnadu Industrial Investment Corporation Ltd., to small borrowers. As the advances to small scale industries are already covered under the Credit Guarantee Scheme for small scale industries, the new scheme will cover the residual categories of small borrowers who are likely to be (a) transport operators. (b) small hoteliers and (c) business enterprises engaged in the generation or distribution of electricity or any other form of power or in the development of management of any contiguous area of land as industrial estate. The new scheme will come into force from 1st July, 1971.

Smuggling on Indo-Nepal Border

*587. SHRI MUHAMMED SHERIFF : Will the Minister of FINANCE be pleased to state :

(a) whether there is smuggling on a very large scale along the Indo-Nepal border ;

(b) if so, the items which are being smuggled on this border ;

(c) the number of smugglers arrested during the years 1969-70 and 1970-71 ;

(d) the value of goods seized by the customs authorities during this period ; and

(e) whether there are some armed smugglers also at this border and if so, the steps taken by Government to deal with them ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.R. GANESH) : (a) There is large scale smuggling along this border.

(b) Items smuggled from Nepal to India are various consumer articles like woollen and synthetic fabrics, nylon socks, metallic yarn, cigarettes, cigarette lighters, fountain pens, torches, cameras, blades, watches, transistors, tape recorders, cloves, cosmetics and playing cards.

Items smuggled from India to Nepal are raw jute, mica, bristles, skins of wild animals, reptiles and lambs, and cardamom.

(c) The number of smugglers arrested during 1969-70 was 111 and during 1970-71, 211.

(d) The value of goods seized during 1969-70 was Rs. 49,02,578 and during 1970-71 Rs. 75,37,498.

(e) Yes, Sir, there are some armed smugglers operating on this border and there have been a number of assaults on the Customs staff. The following steps have been taken to deal with the armed smugglers :

- (i) Arrangements have been made for the supply of rifles and revolvers to the Customs Preventive parties on the Indo-Nepal Border.
- (ii) The-man power in the preventive parties has been increased.
- (iii) One Company of C.R.P. has been deployed in the Forbesganj Division of Patna Collectorate for prevention of jute smuggling to Nepal.
- (iv) A platoon each of C.R.P. Personnel has been temporarily diverted for a few months to the Muzaffarpur and Motihari Customs Divisions for prevention of smuggling.
- (v) Close liaison is maintained with the State Police Authorities on the Indo-Nepal border to provide help and protection to the Customs Staff engaged in the prevention of smuggling.

Setting up of a Shipyard at Haldia

*588. SHRI INDRAJIT GUPTA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether the Indian Chamber of Commerce has urged Government to set up a shipyard at Haldia ; and

(b) if so, Government's decision thereon ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) Yes, Sir.

(b) Government are examining the matter.

Amount of Money in Circulation

*589. SHRI N. E. HORO : Will the Minister of FINANCE be pleased to state :

(a) the amount of money in circulation in the country during the last two years upto the 31st December, 1970 ; and

(b) the percentage of increase in circulation, yearwise during the last two years ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). Money supply with the public amounted to Rs. 6799 crores as on the last Friday of December 1970 as against Rs. 6036 crores as on the last Friday of December 1969 and Rs. 5389 crores as on the last Friday of December 1968. The annual rate of increase in money supply worked out to 12 per cent between end-December 1968 and end-December 1969 and 12.6 per cent between end-December 1969 and end-December 1970.

Cases Involving Arrears of Income-Tax Above Rs. 5 Lakhs

*590. SHRI S. R. DAMANI : Will the Minister of FINANCE be pleased to state :

(a) the names of the parties in respect of whom arrears of income-tax of Rs. 5 lakhs and above are outstanding ;

(b) the number of cases pending before the High Courts and Tribunals ; and

(c) the steps taken to clear the backlog in view of Government's assurance some time ago that all pending cases of assessment would be settled in two years ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The information as on

31-3-1971 is not readily available. It is being collected and will be laid on the table of the House as soon as it is available.

(b) The desired information is given below :

(i) Number of cases pending before the High Courts as on 31-12-1970 : 7230
(Number as on 31-3-1971 not yet available),

(ii) Number of cases pending before the Income-tax Appellate Tribunals as on 31-3-1971 : 84,584

(c) With effect from 1-4-1968, the time-limit for completion of assessments has been reduced from four years to two years from the end of the assessment year in which the income was first assessable. To quicken the pace of assessments further, section 143 of the Income-tax Act, 1961 has been substituted by a new section 143. Under the new provisions, which have come into force from 1st April, 1971 it will be open to the Income-tax Officer, after receipt of the return of income, to make a regular assessment in a summary manner in most of the cases without requiring the presence of the assessee or the production by him of any evidence in support of the return. With the introduction of these provisions, it is hoped that the backlog of assessments would be cleared.

अलीगढ़ मुस्लिम विश्वविद्यालय विधेयक

*591. श्री शिव कुमार शास्त्री : क्या शिक्षा और समाज कल्याण मंत्री यह बताने की कृपा करेंगे कि अलीगढ़ मुस्लिम विश्वविद्यालय विधेयक को संसद में पेश करने में विलम्ब के क्या कारण हैं ?

शिक्षा और समाज कल्याण मंत्रालय में तथा संस्कृति विभाग में उप-मंत्री (श्री डी० पी० यादव, : अलीगढ़ मुस्लिम विश्वविद्यालय अधिनियम के कुछ उपबन्धों में संशोधन करने के लिए, 31 अगस्त, 1970 को राज्य सभा में एक विधेयक पेश किया गया था। जैसा कि इस

विधेयक से संबंधित उद्देश्य और कारणों के विवरण में उल्लिखित है, विश्वविद्यालय अनुदान आयोग द्वारा नियुक्त विश्वविद्यालय अभिशासन समिति की रिपोर्ट, केन्द्रीय विश्वविद्यालयों के लिए दीर्घकालीन कानून पर प्रभाव डालेगी। इसलिए समिति की रिपोर्ट प्राप्त होने और उसकी सरकार द्वारा जांच पड़ताल किए जाने के पश्चात ही, अलीगढ़ मुस्लिम विश्वविद्यालय के बारे में व्यापक कानून बनाने का कार्य हाथ में लिया जायगा।

Increase in Bank Rate

*592. SHRI C. CHITTIBABU : Will the Minister of FINANCE be pleased to state :

(a) whether as a result of one per cent increase in Bank rate in January 1971, small industries and industrial units have been facing difficulties in the matter of obtaining loans from Banks ;

(b) whether the increase in bank rate has also resulted in pushing up of the cost of production ; and

(c) the measures Government have adopted or propose to adopt to obviate these difficulties ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) No Sir,

(b) The proportion of increase in the interest on bank loans to the cost of production of industries is not so significant as to have a marked adverse effect on the total cost.

(c) In view of the replies to parts (a) and (b) the question does not arise.

राजस्थान में लोगों पर बकाया कर

*593. श्री पन्नालाल बारपाल : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) राजस्थान में ऐसे लोगों की संख्या क्या है जिसके ऊपर आयकर, सम्पत्ति कर और

धन कर बकाया है तथा इस बकाया कर की राशि कितनी है ;

(ख) उनसे बकाया कर अभी तक वसूल न किए जाने के क्या कारण हैं ; और

(ग) बकाया करों की इस राशि को वसूल करने के लिए सरकार का क्या कदम उठाने का विचार है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) राजस्थान में जिन व्यक्तियों की तरफ 31-3-1971 को आयकर, सम्पदा-शुल्क यथा धन-कर की बकाया रकम वसूली के लिए पड़ी थी उनकी संख्या के संबंध में सूचना उपलब्ध नहीं है। इस सूचना को एकत्र करने में बहुत अधिक समय और श्रम लगेगा। यनि माननीय सदस्य किसी विशिष्ट निर्धारित के सम्बन्ध में सूचना चाहते हों तो वह पेश की जा सकती है।

राजस्थान कार्य-क्षेत्र में 31-3-1971 को वसूली के लिए बकाया पड़ी आयकर की शुद्ध रकम 3.77 करोड़ रुपये थी। धन-कर और सम्पदा-शुल्क की बकाया के सम्बन्ध में सूचना अभी उपलब्ध नहीं है। यह सूचना इकट्ठी की जा रही है और उपलब्ध होते ही सदन की मेज पर रख दी जायगी।

(ख) और (ग). उपर्युक्त बकाया मांग में काफी बड़े अंश में निम्नलिखित किस्म की मांगें शामिल थीं जिनकी वसूली अपरिहार्य रूप से स्थगित रही :—

- (i) ऐसी मांगें जिनमें निर्धारित ने आय-कर अधिकारी/अपीलीय सहायक आयकर आयुक्त/अपीलीय न्यायाधिकरण के आदेश के विरुद्ध अपील/सन्दर्भ याचिकाएँ दायर कर दी हैं और वे विवादग्रस्त मांग की अदायगी नहीं कर रहे हैं।

(II) ऐसी मांगें जहां वसूली की कार्यवाही उच्च न्यायालय/अन्य न्यायालयों द्वारा स्थापित कर दी गई हैं।

(III) ऐसे व्यक्तियों की तरफ बकाया मांगें जिन्होंने भारत छोड़ दिया है और/अथवा जिनका पता नहीं चलता है।

(IV) ऐसे व्यक्तियों की तरफ बकाया मांगें जिनकी इस समय परिसम्पत्तियां कुछ भी नहीं हैं/अपर्याप्त हैं।

(V) ऐसी कम्पनियों की तरफ बकाया मांगें जिनका परिसमापन हो गया है।

(VI) ऐसी मांगें जिनकी वसूली इस कारण से रुक गई है कि संरक्षणात्मक उपाय के रूप में एक ही आय पर एक से अधिक निर्धारितियों की आय में शामिल करके कर लगाया गया हो।

(VII) ऐसी मांगें जिनकी वसूली इस कारण रुकी पड़ी है कि निर्धारित का दोहरे आयकर-राहत के दावे का सत्यापन किया जाना है।

शेष मांग की सामान्य रूप में वसूली हो रही है और कानून-सम्मत सभी उपाय किये जा रहे हैं।

पोस्ट के छिलकों का निर्यात

*594. डा० लक्ष्मीनारायण पांडे : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या 'पोस्ट के छिलकों' का विदेशों को बड़ी यात्रा में निर्यात किया जाता है ;

(ख) यदि हां, तो देश में कृषकों द्वारा इसे किस मूल्य पर बेचा जाता है तथा इसका निर्यात मूल्य क्या है ; और

(ग) विभिन्न राज्यों में इस पर लगायी जाने वाली केन्द्रीय उत्पादन शुल्क की दर क्या है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) पोस्ट की भूसी का बड़ी मात्रा में विदेशों को निर्यात नहीं किया जाता है। विदेशों को निर्यात की गई पोस्ट की भूसी की मात्रा 1968 में 14 टन, 1969 में 27 टन तथा 1970 में 32 टन थी।

(ख) उपलब्ध सूचना के अनुसार, किसान पोस्ट की भूसी को लगभग 6 रुपये से 10 रुपये प्रति क्विंटल के दाम पर बेचते हैं। विदेशों में बिक्री के लिए निर्यात मूल्य उपलब्ध नहीं है। सूचना इकट्ठी की जा रही है और सभा-पटल पर रख दी जायगी।

(ग) पोस्ट की भूसी पर केन्द्रीय उत्पादन शुल्क नहीं लगाया जाता है। लेकिन राज्य सरकारें आबकारी शुल्क लगाती हैं जिसकी दरें प्रत्येक राज्य में अलग अलग हैं। पोस्ट उगाने वाले राज्यों में पोस्ट की भूसी पर लगाये जाने वाले आबकारी शुल्क की दरें इस प्रकार हैं :—

राज्य का नाम	शुल्क की दर प्रति किलोग्राम

Increase in Aircraft to Meet Increasing Requirements

*595. SHRI SHYAMNANDAN MISHRA : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) the extent of growth of air travel in India during the last three years ; and

(b) the extent of increase in aircraft to meet the increasing requirements during the same period ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SAROJINI MAHISHI) : (a) The number of passengers carried during the last three years, which is reflective of the growth of air travel in India, is as follows :—

Year.	No. of passengers.	Percentage variation over the previous year.
1968-69	1,959,417	+ 18.2
1969-70	2,248,177	+ 14.7
1970-71	2,125,357	— 5.5

The drop in 1970-71 was due to disruption of the Corporation's services on account of labour trouble and suspension of services overflying Pakistan since February, 1971.

(b) The fleet strength of the Corporation during the last three years, together with the ATKms* produced each year, is given below :

Aircraft	1968-69	1969-70	1970-71
Boeing 737	—	—	6
Caravelle	7	7	7
Viscount	14	14	14
F-27	15	14	11
HS-748	8	14	14
DC-4	3	—	—
DC-3	15	9	9

Development of Minor Ports in Kerala during the Fourth Plan Period

*596. SHRIMATI BHARGAVI THAN-KAPPAN : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether Government have under consideration any new proposal for the development of minor ports in Kerala during the Fourth Plan period ;

(b) if so, the names of such minor ports and the estimated cost thereof ; and

(c) the nature and extent of Central assistance to be provided to State for the implementation of the Scheme ?

THE MINISTER OF PARLIAMEN-TARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR): (a) and (b). Beypore port in Kerala has been

selected for development as a part of the scheme to develop one port in each maritime State under the 'Centrally Sponsored Schemes'. The estimate for the Development of Beypore is under examination.

(c) The Central Government extends financial assistance in the shape of loan to meet cent per cent of the approved cost of the Centrally Sponsored Schemes.

बैंक आफ बिहार लिमिटेड का स्टेट

बैंक आफ इण्डिया के साथ विलय

*597. श्री सरजू पांडे : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या अगस्त 1968 में बैंक आफ बिहार लिमिटेड का, जिसका मुख्य कार्यालय पटना में था, स्टेट बैंक के साथ विलय कर दिया गया था ;

(ख) क्या तब से लेकर आज तक उक्त बैंक के शेयर होल्डरों को न तो उनके लेखे दिखाये गये हैं और न ही उन्हें कोई मुआवजा दिया गया है ; और

(ग) यदि हाँ, तो इसके क्या कारण हैं ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) :

(क) बैंक आफ बिहार लिमिटेड को 8 नवम्बर 1969 से भारतीय स्टेट बैंक में मिला दिया गया था ।

(ख) और (ग). भारतीय रिजर्व बैंक के निर्देशानुसार स्टेट बैंक, बैंक आफ बिहार लिमिटेड के शेयरधारियों को, समय-समय पर लेखा-विवरण जारी करके, बैंक के कार्यों के बारे में बताता रहेगा । 31-12-70 की स्थिति को दर्शाने वाला पहला लेखा-विवरण शीघ्र ही शेयरधारियों को जारी किया जाने वाला है ।

बैंक आफ बिहार लिमिटेड के शेयरधारियों को कोई मुआवजा देने का प्रश्न केवल उस स्थिति में उठेगा जब कि बैंक आफ बिहार

लिमिटेड की अन्य परिसम्पत्तियों की वसूली, जिनको प्रचलित वसूल न हो सकने योग्य माना गया था, बाटे की रकम से अधिक हो जायगी। इस समय अनुमान है कि 134 करोड़ रुपये का घाटा है। भारतीय स्टेट बैंक, बैंक आफ बिहार लिमिटेड की परिसम्पत्तियों की वसूली के लिए सभी सम्भव उपाय कर रहा है।

Panel for Appointments in Public Undertakings

*598. SHRI SOMNATH CHATTERJEE : Will the Minister of FINANCE be pleased to state :

(a) whether the Bureau of Public Enterprises prepares a panel for appointments to managerial positions in the public sector undertakings ;

(b) if so, the number of candidates included in the panel so far and how many of them have been appointed ; and

(c) if appointments have not been made from such panels, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) A Screening Committee, which is serviced by the Bureau of Public Enterprises, has been entrusted with the work of preparing panels of suitable names from the various possible sources—Government services, Public Enterprises as also private sector—for the appointments to top posts in Public Sector Undertakings.

(b) The Screening Committee, which was functioning during 1966 to 1970 had empanelled 595 persons for the various top posts in Public Enterprises. The Screening Committee was reconstituted by Government in August, 1970. This Committee has so far empanelled 105 persons.

Since 1966, 137 empanelled persons have been appointed to the top posts. However, during 1968 to 1970, Government had laid down that empanelment would not be a precondition to the appointment of managers of Public Enterprises to top posts in the same undertaking where they are working.

(c) According to information available, 32 incumbents of top posts in Public Enterprises have been appointed without insisting on the condition of empanelment. (This excludes the appointments covered by the special dispensation for promotions to top posts within the individual enterprises in vogue during 1968 to 1970). The necessity of making these appointments arose due to non-availability of suitable persons in the panels for some of the specialised posts at the top level.

Reported Misappropriation of Rupees 20 Lakhs by the Staff of Khar Branch of the Union Bank of India, Bombay

*599. SHRI RAM KANWAR : Will the Minister of FINANCE be pleased to state :

(a) whether over 20 lakhs of rupee have been misappropriated by the staff of the Khar branch of the Union Bank of India in Bombay.

(b) the action, if any, taken against the persons involved in the misappropriation of the Bank money, and

(c) whether any action has been taken against senior officers responsible for supervising and auditing the accounts ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) Yes Sir, the amount misappropriated is reported to be Rs. 20,30,300/—

(b) The Agent and the Head shroff of the branch involved in the misappropriation have been arrested and remanded in custody.

(c) The bank has arranged for a team of Auditors to screen all operations of the Cash Department at the Branch. Action against officers responsible will be considered in the light of findings of Auditors.

Asian Education Ministers Conference held in Singapore

*600. SHRI BIBHUTI MISHRA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether 20 nation Asian Education

Ministers Conference was held in Singapore in the first week of June, 1971 ;

(b) if so, the major decisions taken threat to reform the Present education system ; and

(c) to what extent India is expected to be benefited thereby ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAV) : (a) Yes, Sir. The Regional Conference of Ministers of Education and those responsible for Economic Planning in Asia was held at Singapore from 31st May to 7th June, 1971.

(b) A statement is laid on the Table of the House. [*Placed in Library. See in LT—463/71*]

(c) The recommendations of the Conference if accepted by UNESCO and Asian member states, are likely to benefit India through greater regional co-operation and increased flow of international aid, in the field of education.

Measures to check Under-invoicing,
Over-invoicing etc.

*271. SHRI JYOTIRMOY BOSU : Will the Minister of FINANCE be pleased to state :

(a) what measures have so far been taken by Government to check under-invoicing, over-invoicing and tax evasion ; and

(b) whether as a result of the measures adopted by Government, such incidents are on the decline ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Measures both administrative and legislative have been taken to check under-invoicing, over-invoicing and tax evasion. The more recent and important of these measures are as follows :—

(i) Declarations of value for imported and exported goods are being more closely scrutinized.

(ii) Section 12(1) of the Foreign Exchange Regulation Act has been amended so as to make mis-declaration of value in the G.R. Form an offence liable for action under the Customs Act, 1962.

(iii) The preventive and audit machinery has been strengthened for detection of evasion of Central Excise duties.

(iv) Various amendments have been made in the income-tax Act. The minimum and maximum limits of penalty for concealment of income and wealth have been increased and provision made for imprisonment of persons who fail to deduct tax at source and pay the same to the Government and for failure to furnish returns of income-tax.

The attention of the Hon. member is also invited to the several measures which have been proposed in the budget 1971-72 to curb the tax evasion.

(b) A Study team, which considered the issues relating to over-invoicing and under-invoicing have made various recommendations. It is proposed to sponsor legislation where necessary, to implement the decisions on the recommendations. In regard to tax evasion, the amount of tax evaded which has been detected has increased steadily. This indicates that measures to check tax evasion are having their effect.

पर्यटन केन्द्रों की सूची में मध्य प्रदेश के पंचमढ़ी को सम्मिलित करने का प्रस्ताव

2507. श्री गंगा चरण दीक्षित : क्या पर्यटन और नागर विमानन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का विचार पंचमढ़ी (मध्य प्रदेश) को पर्यटन केन्द्रों की सूची में सम्मिलित करने का है ;

(ख) यदि हां, तो कब तक ; और

(ग) यदि नहीं, तो इसके क्या कारण हैं ?

पर्यटन और नागर विमानन मंत्रालय में राज्य मंत्री (डा० सरोजिनी महिषी) (क) से (ग). पर्यटन केन्द्रों की कोई विशिष्ट सूची नहीं रखी जा रही। परन्तु, पंचगढ़ी को पर्यटन विभाग द्वारा प्रकाशित किए गये मध्य प्रदेश विषयक पर्यटन साहित्य में स्थान प्राप्त है। राज्य सरकार इसका पर्यटन केन्द्र के रूप में विकास कर सकती है।

(c) how does the above percentage of enrolled students compare with those of the other States ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) According to latest available figures for the year 1968-69, the number of children in the age-group 6—11 in Rajasthan was 35.66 lakhs.

(b) The total number of children enrolled in Classes I—V during 1968-69 was 20.13 lakhs.

(c) A statement, giving statewise picture of the percentage of students enrolled in classes I—V to the corresponding population of the age group 6—11, including that of Rajasthan, is laid on the table of the House. [Placed in Library. See No. LT-46 /71].

**Prohibited Areas in Assam
for Foreign Tourists**

2511. SHRI BISWANARAYAN SHASTRI : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether certain parts of Assam are prohibited areas for foreign tourists ; and

(b) if so, which are these areas the reasons for the restrictions on foreign tourists ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SAROJINI MAHISHI) : (a) and (b). Under the Foreigners (Restricted Areas) Order, 1963, the entire State of Assam has been declared as a restricted area and foreigners are required to obtain permits for visiting it. Such permits are granted liberally to tourists for visits to Kaziranga, Manas and Shillong which are considered to be of tourists interest.

- (vii) Literature and Linguistics ;
- (viii) Logic and Philosophy ;
- (ix) Fine Arts.

(e) Twenty-nine publications have been brought out so far.

(f) No, Sir. The Union Minister of Education and Social Welfare is, however, Chairman of the Governing Body of the Institute.

Amendment of Laws Governing the Appointment of Secretaries in Companies

2522. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether Government are aware that after the abolition of Managing Agency system, some companies have started circumventing the law by appointing the outgoing Managing Agents or its former officials as Company Secretaries on his salaries, without their being fully qualified to hold such posts ;

(b) if so, whether further legislation to amend the Company law is contemplated by Government with a view to making it obligatory on companies with a capital of Rs. 20 lakhs and above, to appoint only qualified people in responsible positions in their secretarial department ;

(c) if not, the reasons therefor ; and

(d) when the company law will be brought upto date with the changed social objectives of Government ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY) : (a) Instances have come to the notice of the Government where erstwhile managing agents or secretaries and treasurers have been appointed as secretary, consultants etc. of companies previously under their management.

(b) Certain suggestions for amendment of the Companies Act, 1956 so as to make it obligatory for companies of a certain size to have qualified Secretaries are under consideration of the Government.

(c) does not arise.

(d) various suggestions for amendment of the Act are still under consideration of the Government.

Powers of Company Law Board for fixation of Remunerations of Directors of Public Limited Companies

2523. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether the Company law Board's powers of reducing the remunerations of Directors of public limited Companies, in order to bring them within the limit recently laid down by Government, have been declared arbitrary and void by a Court order on 9th May, 1971 ;

(b) if so, the particulars of this case ; and

(c) the statutory action Government propose to take to set matters right again with a view to checking the rising remunerations of company directors beyond a certain ceiling, as laid down in the recent past ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY) : (a) and (b). The Upper Doab Sugar Mills Limited resolved to pay its two managing Directors a salary of Rs. 5,000/- per month plus commission amounting to $3\frac{1}{2}$ % of the net profits of the company during the financial year and other perquisites. The Company Law Board while approving the appointment and the salary stipulated a condition that the total remuneration of each Managing Director by way of salary and commission shall not exceed Rs. 1,20,000/- per annum. This restriction was challenged by the company on the ground that it is contrary to the provisions of sections 198 and 309 of the Companies Act which permit managerial remuneration upto 5 % of net profits for one Managing/Whole-time Director and 10 % of net profits in the case of more than one Managing/Whole-time Directors. The Division Bench of the Delhi High Court upheld the contention and declared that the administrative ceilings are void in law, being contrary to the statutory provisions of sections 198 and 309. Government has decided to prefer an appeal against this judgement to the Supreme Court and an application for certificate

of fitness and interim stay has already been filed.

(c) Government is examining the question of amending the relevant provisions of the Act.

Proposal for Change in Companies Act, 1956

2524. SHRI CHANDRA SHEKHAR SINGH : Will the Minister of COMPANY AFFAIRS be pleased to state :

(a) whether Government have received a large number of representations from various interests seeking drastic changes in the Companies Act, 1956, keeping in view the changing social needs ;

(b) if so, the nature of changes sought by the various interests ;

(c) the steps Government are contemplating to bring about the necessary changes in the Company Law ; and

(d) when these changes are likely to be effected, either by administrative or by legislative action ?

THE MINISTER OF COMPANY AFFAIRS (SHRI RAGHUNATHA REDDY) : (a) A large number of suggestions have been received from various interests for amendment of the Companies Act, 1956. These suggestions and other appropriate amendments are still under consideration of the Government.

Development of Jaipur into 'B' Grade City

2526 RAJMATA GAYATRI DEVI : Will the Minister of FINANCE be pleased to state :

(a) whether the scheme to develop Jaipur into 'B' Grade City has been lying with Government since 1963-64 ; and

(b) if so, the reasons why it has not been implemented yet and when Government intend to implement it ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). In December, 1963 Government considered the question of re-classification of Jaipur and re-classified the city as 'B-2' with effect from 1st Janu-

ary, 1964. Any further classification/re-classification of cities and towns including Jaipur will have to await the results of 1971 Census. The final population figures are still awaited.

Work-Load on Central Government Employees

2527. SHRI MANORANJAN HAZRA : Will the Minister of FINANCE be pleased to state :

(a) whether the increase in the number of Central Government employees was only 0.5 per cent in the year 1968-69 ;

(b) whether during the same period, the volume of work in the Central Government Establishments has increased manifold ; and

(c) if so, whether such a situation has arisen due to the overwork imposed on the existing staff to avoid new expenditure or any other reasons ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Yes, Sir.

(b) A realistic assessment of the change that has occurred in the total quantum of work is possible only by the work measurement studies in different Departments spread over a period of time. In the very nature of things it is not possible to make a firm assessment of the likely variation in the work-load in the different Departments of the Government of India during the span of one year.

(c) The low level of growth during 1968-69 would have been the cumulative result of various factors. Partly, it could be attributed to various economy measures taken by Government like restrictions on the creation of class IV posts and on recruitment to class III posts. These measures were designed to contain the growth of unproductive administrative expenditure and envisaged the intensive utilisation of existing staff.

Introduction of Central Industrial Security Force in Mormugao Harbour

2528. SHRI DINESH JOARDER : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether Central Industrial Security Force has been introduced in Mormugao Harbour, Goa, if so, the particulars thereof ;

(b) whether Government have received any protest note with regard to this from the Mormugao Port Trust and Dock Workers' Unions ;

(c) if so, the reaction of Government thereto ; and

(d) whether Government propose to withdraw the Central Industrial Security Force from the Harbour, and if not, the reasons therefor ?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) Yes. The watch and ward duties at the Mormugao Port were partially entrusted to the Central Industrial Security Force on the 1st February, 1971, and the Force has been inducted into the Mormugao Port in stages. The present strength of the Central Industrial Security Force posted at Mormugao is one Assistant Commandant, one Inspector, two Sub-Inspectors, one Assistant Sub-Inspector, one Head Security Guard, fortyfour Guards and three followers.

(b) A protest has been received by the Port Trust.

(c) and (d). Government see no justification for revising the decision already taken.

Discontinuance of English as Medium of Instruction in High Schools and Colleges in U.Ts. and Central Schools

2529. SHRI RIJ RAJ SINGH—Kotah : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether there is any proposal under Government's consideration to discontinue the use of English as a medium of instruction in the various High Schools and colleges in the Union Territories and in Central Schools ; and

(b) if so, by when ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) and (b). The requisite information is not readily available. It is being collected from the Administrations of the Union Territories concerned and will be laid on the Table of the Sabha as soon as possible.

So far as Central Schools are concerned, the medium of instruction is Hindi and English. Accordingly Science and Mathematics subjects are taught in English. There is no proposal under Government's consideration to discontinue the use of

English as a medium of instruction in Central Schools in these subjects.

Unicef Aid for Programmes for Children in India

2530. SHRI MUHAMMED SHERIEF : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether recently any fresh assistance has been provided by the United Nations International Children's Emergency Fund for any programmes for children in India ; and

(b) if so, what is the amount sanctioned and on what terms and conditions ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) Yes, Sir.

(b) The 1971-Session of the UNICEF Executive Board in Geneva approved a fresh commitment of aid totalling \$ 10.127 million for various periods for projects and programmes (of which the Board approved an allocation of \$ 6.06 million for 1971/72 for programmes/projects) detailed as under ; -

	U. S. \$
(i) ANM Training (Family Planning)	1,315,000
(ii) Science Education Programme (for School children)	3,454,000
(iii) "Operation Flood" (City Milk Schemes in India).	940,000
(iv) Nutrition Training in India.	191,400
(v) Integrated Services for children in selected urban areas in India.	160,000
	\$6,060,400

Aid is given by UNICEF in the form of equipments and supplies for utilization in approved Projects/Programmes in a manner mutually agreed to by Government and UNICEF in respective Plans of Operation.

इन्दौर में सूती कपड़ा मिलों से उत्पादन शुल्क और आयकर की वसूली

2531. श्री फूल चन्द वर्मा : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

Punishment to Smugglers

2432. SHRI RAJDEO SINGH : Will the Minister of FINANCE be pleased to state :

(a) whether in certain cases, only the smuggled goods are seized and the smugglers are not arrested ; and

(b) if so, whether Government propose to make smuggling a 'non-bailable offence' and ensure that those who are caught on a charge of smuggling are severely punished?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Except where the value of smuggled goods is small, all practical attempts are made to arrest the smugglers.

(b) The penalties prescribed under the Customs Act, 1962 for smuggling offences are quite severe. In addition to confiscation of goods penalty upto five times the value of the goods can be imposed on the person concerned in the smuggling of goods. Further, on prosecution under section 135 of the Customs Act, the smuggler may be sentenced to 2 years' imprisonment. In case of offences relating to goods to which section 123 applies, (namely, gold, diamonds, manufacture of gold or diamonds, watches, cosmetics, mechanical lighters and flints therefor, playing cards, blades, cigarettes, transistors and radios, synthetic yarn and metallic yarn, fabrics made wholly or mainly of synthetic yarn,) imprisonment upto 5 years may be awarded where the Indian market price of the smuggled goods exceeds Rs. 1 lakh. Because of this provision for five years' imprisonment, in all such cases of smuggling the offences are already non-bailable in terms of the provisions of the Code of Criminal Procedure.

Higher Rate of Interest on Loans given by Banks to Industries.

2533. SHRI M. KATHAMUTHU : Will the Minister of FINANCE be pleased to state :

(a) whether the banks are now charging interest at the rate of 13 per cent per annum on loans advanced to industries; and

(b) whether this will adversely affect the growth of industries?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). Following the increase in bank rate from 5% to 6% scheduled commercial banks also realigned their rates of interest.

At present the larger banks are ordinarily charging 10½% to 12% and 9% to 10½% rate of interest on their advances to large scale industries and small scale industries respectively depending on the merit of each case. It is possible that in some cases a rate of 13% is also charged depending on the circumstances.

The increase in the rates of interest in most cases is only marginal and the proportion of rise in the rate of interest to total expense of industries is not so significant as would adversely affect the growth of industries.

Recruitment in Public Sector Undertakings

2535. SHRI CHINTAMANI PANIGRAHI : Will the Minister of FINANCE be pleased to state :

(a) whether Government had issued instructions to all public sector undertakings to the effect that recruitments to the posts carrying basic salary upto Rs. 500/- should be made through the Employment Exchange ;

(b) whether the instructions are being carried out in all the public sector industries, nationalised banks and other Central Government offices and establishments in Orissa ;

(c) whether similar instructions have been issued to Hindustan Aeronautics Limited, Sunabeda ; and

(d) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Government have issued instructions to all Central Government industrial and commercial undertakings, which require that all recruitment to posts carrying a salary of not more than Rs. 500/- per month is made through the local employment exchange and recruitment from other sources is resorted to only if the concerned employment exchange gives a "Non-availability certificate".

(b) The above instructions apply only to Central Government industrial and

commercial undertakings, including those located in Orissa. Similar instructions exist that the local Employment Exchanges should be utilised for recruitment to posts other than the posts filled through the Union Public Service Commission in all Central Government offices and establishments. As regards the nationalised banks, they notify vacancies to the Employment Exchanges as stipulated under the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959 and give due consideration to the candidates sponsored by them.

(c) Yes, Sir.

(d) Does not arise.

Prosecution of Smugglers

2536. SHRI G. Y. KRISHNAN :
SHRI N. SHIVAPPA :

Will the Minister of FINANCE be pleased to state :

(a) the number of smugglers caught during the year 1969-70; and

(b) how many of them have been released and how many were convicted during the year ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). Information in this regard is being collected and will be laid on the table of the Sabha.

Analysis made by Central Bureau of Correctional Services regarding Juvenile Delinquency

2537. SHRI B. S. BHAURA :
SHRI ROBIN SEN :

Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether an analysis made by the Central Bureau of Correctional Services on crime and punishment has shown that one fifth of the persons imprisoned are below 21 years :

(b) the reasons for the increase in juvenile delinquency in the country ; and

(c) what corrective measures Government propose to take to deal with the problem ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) Statistics available with the Central Bureau of Correctional Services for the period from 1961 to 1965 indicate that persons below the age of 21 who were imprisoned was 17.1% in 1961 and 18.8% in 1962. The percentage had come down to 17.6% in 1965.

(b) A variety of factors are involved in the etiology of crime and delinquency. By and large, rise in population, rapid urbanisation and widespread unemployment would appear to be the main factors.

(c) Social Defence is the responsibility of the States. However, the Department of social Welfare has been impressing upon the State Governments the need for enactment and enforcement of Children Act, Probation of Offenders Act and Borstal Schools Act and expansion of services under them. The Department has also been impressing upon the State Governments to introduce and expand welfare schemes for children for preventing juvenile delinquency.

आयकर विभाग पटना, में लोअर डिवीजन क्लर्कों की नियुक्ति

2538. श्री रामावतार शास्त्री : क्या वित्त मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या वर्ष 1964 से पहले आय कर विभाग, पटना में लोअर डिवीजन क्लर्कों के पदों पर नियुक्ति के लिए टाइपिंग का ज्ञान अनिवार्य था ;

(ख) क्या सरकार ने इस शर्त को वर्ष 1964 में हटा दिया था ;

(ग) क्या वर्ष 1966 और वर्ष 1968 में इसी आधार पर इन पदों की नियुक्तियां की गई थीं ;

(घ) यदि हां, तो वर्ष 1973 में उक्त पदों पर नियुक्ति के सम्बन्ध में उपर्युक्त शर्त को पुनः लागू करने का क्या औचित्य है ; और

(ङ) क्या आयकर विभाग, पटना में इसी आधार पर कुछ योग्य प्रत्याशियों को नियुक्ति से वंचित कर दिया गया था और यदि हां, तो ऐसे प्रत्याशियों की संख्या क्या है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) जी, हां ।

(ख) सरकार ने गृह मन्त्रालय के दिनांक 13 जुलाई, 1964 के कार्यालय ज्ञापन सं० 15/3/63-स्थापना (डी) में इस आशय का संशोधन किया कि यद्यपि निम्न श्रेणी लिपिकों के लिए टाइप सम्बन्धी योग्यता प्राप्त करना अनिवार्य समझा जाता है तथापि अब यह निर्णय किया गया है कि भविष्य में निम्न श्रेणी लिपिकों के मामले में, भारत सरकार की सेवा में प्रवेश हेतु टाइप सम्बन्धी योग्यता रखने पर आग्रह करने की आवश्यकता नहीं है । लेकिन इस प्रकार नियुक्त व्यक्ति जब तक टाइप करने में 30 शब्द प्रति मिनट की निर्धारित गति प्राप्त नहीं कर लेते तब तक वे न तो वेतन-मान में वृद्धियां पाने के हकदार होंगे और न ही उस ग्रेड में स्थायी होने के ।

(ग) जी, हाँ । 1966 और 1968 में जो नियुक्तियां की गईं वे उपर्युक्त भाग (ख) में उल्लिखित गृह मन्त्रालय के कार्यालय ज्ञापन के आधार पर की गईं ।

(घ) वर्ष 1971 के दौरान नियुक्तियों के संदर्भ में टाइप सम्बन्धी योग्यता की शर्त फिर से लागू नहीं की गई है । तथापि जो व्यक्ति टाइप की परीक्षा में उत्तीर्ण हुए थे उन्हें टाइप की परीक्षा में अनुत्तीर्ण व्यक्तियों से अधिमानता दी गई और अनुत्तीर्ण व्यक्तियों को भविष्य में की जाने वाली नियुक्तियों के लिए प्रतीक्षा-सूची में रखा गया है ।

(ङ) उम्मीदवार, जो टाइप की परीक्षा में अनुत्तीर्ण रहे, अभी तक नियुक्त नहीं किये गये हैं । ऐसा, आयकर आयुक्त द्वारा आदेशों का गलत अर्थ लगाये जाने के कारण हुआ । ये उम्मीदवार भविष्य में होने वाले रिक्त पदों पर खपा लिए जायेंगे ।

इनकी संख्या छः है ।

Persons died of Accidents in Jamia Millia University Campus

2539. SHRI ACHAL SINGH : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether many poor persons have died in Jamia Millia University Campus, New Delhi from accidents of heavy quarry trucks run by Ms./ Niamtullah and Pramjeet Singh ;

(b) if so, the number of persons who died due to such accidents during the last three years ;

(c) the action taken by Government to prevent such accidents ; and

(d) whether any compensation has been paid to the families of the deceased and if not, the reasons therefor ?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) According to the Delhi Administration, no fatal accident occurred in the Jamia Millia University Campus during the last three years (i.e. 1968-69, 1969-70 and 1970-71). However, on the Okhla Road, which is an approach road and main road to that Campus, four fatal accidents took place during the above period. But the vehicles of Ms/. Niamutullah, Pramjit Singh and Company, Jamna Sand Supply Company, Okhla, were not involved in any of these accidents.

(b) Four persons were killed in the accidents mentioned in part (a).

(c) The Delhi Administration have reported that the District Magistrate, Delhi,

has restricted the movement of heavy transport vehicles on the Okhla Road from 7-00 A.M. to 8-30 A.M. and 1-30 P.M. to 2-30 P.M. to ensure the safety of school children during the hours of their arrival and departure from schools. Further, restrictions on speed limits have been imposed on the entire stretch of the Okhla Road at 34 K.M. per hour for all types of motor vehicles, as against the normal speed limit of 40 K.M. per hour and above.

(d) The information required is being collected and will be laid on the table of the Sabha, when received.

Setting up of Diamond Banking Service

2540. SHRI P. K. DEO : Will the Minister of FINANCE be pleased to state :

(a) whether Government propose to establish specialised Diamond Banking Service in the country ;

(b) if so, whether any decision has been taken in the matter ; and

(c) if so, the benefits likely to be derived therefrom ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). The question of improving the existing banking facilities for the diamond trade is under examination.

Opening of Lead Banks in Districts

2541. SHRI JAGANNATH MISHRA : Will the Minister of FINANCE be pleased to state :

(a) whether Government have allowed a lead bank to be started in each of the Districts of the country to help increase in agricultural products ;

(b) whether such a bank is in operation in the district of Darbhanga in Bihar ;

(c) to what extent agriculturists have been benefited by the said bank ;

(d) whether Government propose to open its branches at Sub-Divisional level also ; and

(e) if so, the time limit for its implementation ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (e). Under the lead bank scheme formulated in December, 1969, almost all the districts of the Indian Union including the District of Darbhanga in Bihar have been assigned to one or two existing major banks, (mostly public sector banks) for assuming the main responsibility for quickening the pace of banking operations in each district.

One of the major functions of the lead bank is to survey the concerned districts and identify areas of credit gaps and formulate schemes for extending credit to the neglected hitherto sectors including agriculture.

It is too early to assess the extent to which the lead bank scheme has benefited the agriculturists of a particular district. The first task of lead bank is to identify growth centres which are in urgent need of banking facilities so that plans for opening bank offices in all such centres can be drawn up. Assistance to Agriculture and other sectors would follow the opening of bank branches in the interior of the district.

Central Bank of India is the lead bank in the District of Darbhanga. Darbhanga had 17 commercial bank offices in June, 1969 ; now it has 24 offices of commercial banks of which 9 are of the lead bank. 10 more offices are proposed to be opened by the commercial banks in the district in 1971, of these 4 will be opened by the lead bank.

There is no proposal to open offices of lead banks on a sub-divisional basis as such. The lead banks are, however expected to have effective representation in their districts to enable them to discharge their responsibilities adequately.

जीवन बीमा निगम द्वारा मकान बनाने
के लिए ऋण सुविधायें

2542. श्री भारत सिंह चौहान : क्या वित्त
मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या जीवन बीमा निगम ने अपने
480 केन्द्रों को मकान बनाने सम्बन्धी ऋण
सुविधायें प्रदान करने का निर्णय किया है ;
और

(ख) यदि हां, तो इस सम्बन्ध में अब
तक क्या प्रगति हुई है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के०
आर० गणेश) : (क) और (ख). जी, हां।
मकान बनवाने के लिए ऋण देने की जीवन
बीमा निगम की 'सम्पत्ति बन्धक' और 'अपने
मकान के मालिक बनें' योजनाएं उन सभी
स्थानों में लागू हैं, जहां पर निगम के शाखा
कार्यालय अथवा उप-कार्यालय हैं। ये योजनायें
कुछ ऐसे अन्य चुने हुए केन्द्रों में भी लागू हैं,
जहां जीवन बीमा निगम का कोई कार्यालय
नहीं है। जिन केन्द्रों में ये योजनायें लागू हैं,
उनकी कुल संख्या 423 है।

Semester System in Schools and Colleges

2543. SHRI B. K. DASCHOW-
DHURY : Will the Minister of EDU-
CATION AND SOCIAL WELFARE be
pleased to state :

(a) the names of the States which have
switched over to semester system in Schools
and Colleges ;

(b) whether these States consulted the
Central Government before adopting the
semester system in the schools and colleges
and ;

(c) if so, the reasons put forward by
these States in regard to this switch over ?

THE DEPUTY MINISTER IN THE
MINISTRY OF EDUCATION AND
SOCIAL WELFARE (SHRI D. P.

YADAVA) : (a) to (c). The decision to
introduce Semester system in schools and
colleges is within the competence of the
concerned Secondary Education Boards/
Universities and they may or may not
consult the Government of India or the
University Grants Commission. On the
basis of available information, the names
of Universities/Institutions which have
introduced semester/trimester system are

Missing Links on Coastal Highway Sections of Gujarat

2547. SHRI P. M. MEHTA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) the particulars of missing links on coastal highway Sections of Gujarat ; and

(b) the steps being taken to bridge these missing links ?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR : (a) and (b). Presumably the Hon'ble Member is referring to the coastal highway connecting Baroda with Maliya proposed by the Government of Gujarat for development along the Baroda-Cambay--Bhavnagar--Veraval-Portbander-Okha-Maliya route. It is a State road, and the Gujarat Government are primarily concerned with its development. According to the information received from them sometime back, the following are the missing road sections on the aforesaid coastal highway :—

- (1) Umata-Dhuvaran 25 miles
- (2) Portbander-Kuranga 44 miles
- (3) Dhrol-Maliya 50 miles.
2. Whole length of the road from Baroda to Maliya was reported to be having 35 missing or weak bridges.
3. In January 1971, the Government of India agreed to give to the State Government 100% loan for the following works being undertaken on this road :—

Name of work	Length Mile or No. of bridges.	Cost (Rs. lakhs)
1	2	3
1. Dhuvaran-Umeta (missing section)	25	50.00
2. Miani-Kuranga (missing section)	23	50.00

4. Bridge across Kalipat.		
5. Bridge replacing causeway at Netar Creek.		
6. Bridge across Visavada Creek		
7. Bridge across Kinnuri Creek		
Total.—		143 00

4. In addition, the development of a part (Bhavnagar-Bavaliari—22 miles of the Baroda-Bhavnagar section is already in progress from the State's Central Road Fund Allocations Accounts.

Recognition of Bhil Community of Saurashtra Region as a Scheduled Tribe

2548 SHRI P. M. MEHTA Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state

(a) whether 'BHIL' Community in Saurashtra Region of Gujarat State is not considered as a Scheduled Tribe,

(b) whether in some other parts of Gujarat, 'BHIL' community is considered as a Scheduled Tribe, if so, the reasons therefor;

(c) whether various 'BHIL' organisations in Gujarat have represented to Government to consider 'BHIL' Community of the said Saurashtra Region as Scheduled Tribe, and

(d) if so, Government's reaction thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMA-

SWAMY) (a) and (b). The Bhil community is a Scheduled Tribe in the State of Gujarat except in the Rajkot Division. This difference is because the present Gujarat State comprises areas which formed parts of separate States prior to the Reorganisation of States. The Scheduled Castes and Scheduled Tribes List (Modification) Order, 1956 which was issued after the reorganisation did not amend the lists but only modified them according to the territorial changes brought about by the State Re-organisation.

(c) Yes, Sir

(d) In the Bill which Government had introduced in the previous Lok Sabha the Bhil community was shown as a Scheduled Tribe throughout the State of Gujarat.

(c) If so, the amount of assistance asked for ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) Yes, Sir.

(b) The University Grants Commission has not received any formal proposal for financial assistance to the Cochin University.

(c) Does not rise.

Assistance and Grants to Viswa Yuvak Kendra, New Delhi.

2550. SHRI C. K. CHANDRAPPA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the nature of assistance and grants given by Government to the Viswa Yuvak New Delhi ;

(b) what assistance the Kendra is receiving from abroad and from which Kendra, sources ; and

(c) whether there is any representative of Government on the Board of Trustees of the Kendra ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) (i) A plot measuring 2.149 acres was given at concessional rate for the construction of International House and hostel building.

(ii) Grant of Rs. 6,000,000/- was given for the construction of the hostel portion.

(iii) A grant of Rs. 23,000/- was given for holding a workshop for non-student youth.

(b) The Kendra receives assistance from abroad from time to time. During 1971 the Kendra expects to receive the following assistance.

(i) From UNECO :

Rs. 11,946/- for the Asian Youth Documentation Centre, and for the translation work.

(ii) From Institute for International Cooperation, Bonn: Rs. 3,56,748/- for training programmes, equipment and furniture, as also the services of a Programme Consultant.

(c) No, Sir.

Assistance Received by Viswa Yuvak Kendra

2551. SHRI C. K. CHANDRAPPA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether the Viswa Yuvak Kendra, New Delhi is receiving money channelled through the Institute for International Cooperation of the Adenaur Foundation in Bonn ;

(b) if so, the extent of assistance received ; and

(c) the condition of assistance ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) to (c). The authorities of the Viswa Yuvak Kendra have informed the Government that the Kendra is receiving assistance from the Institute for International Cooperation, Bonn.

During the years 1969-70, the Kendra has received a sum of Rs 1,66,840.33 towards the purchase of equipment, a sum of Rs. 5,830,71.96 for conducting the training programmes and a sum of Rs. 1,59,426.88 for the purchase of books for the Library and for publications.

There are no conditions other than that the amount should be spent on the items for which grants have been made and that the accounts should be audited by registered Chartered Accountant.

Board of Trustees of Viswa Yuvak Kendra

2552. **SHRI C. K. CHANDRAPPA** : Will the Minister of **EDUCATION AND SOCIAL WELFARE** be pleased to state :

(a) the name of the present Chairman of the Board of Trustees of the Viswa Yuvak Kendra, New Delhi ; and

(b) whether Shri Kanti Desai, son of Shri Morarji Desai was a member of the Board of Trustees at any time ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) and (b). The authorities of Viswa Yuvak Kendra have informed the Government that Shri Morarji Desai is the present Chairman of the Board of Trustees & Shri Kanti Desai had never been a member of the Board.

Enquiries and Applications received by the Indian Investment Centre

2553. **SHRI SAROJ MUKHERJEE** : Will the Minister of **FINANCE** be pleased to state :

(a) the number and particulars of enquiries and applications received by the Indian Investment Centre, New Delhi during the last three years ; and

(b) the number and particulars of applications out of them approved by Government ?

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN) : (a) The number of enquiries received by the Indian Investment Centre (Including its overseas offices) during the last three years from foreign as well as Indian entrepreneurs, for general information as also for information relevant to specific proposals, was as under :

1968-69	1219
1969-70	1643
1970-71	2859

The Centre does not receive any applications.

(b) Proposals involving foreign investment with which the Centre was actively associated and which received Government approval during the last three years were as under :

	No. of proposals	Total Investment	Foreign participation
		(in Rs. million)	
1958-69	16	41.60	18.87
1969-70	10	73.00	9.80
1970-71	29	926.67	101.82

Scholarships for flying trainees of Manipur

2557. SHRI N. TOMBI SINGH : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the Government of Manipur have been approached by the civil aviation flying trainees of Manipur for scholarships ;

(b) if so, how many such trainees have received or are likely to receive scholarships ; and

(c) whether Government have framed any rules for grant of such scholarships ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SARAJINI MAHISHI) :

(a) and (b). Yes, Sir. Only one trainee applied to the Government of Manipur for financial assistance to complete his course. He has received Rs. 5,000 as Scholarship.

(c) Yes, Sir. The Government of Manipur have framed rules for awarding flying Scholarship which have been approved by the Government of India.

Introduction of Structural Reforms in Administrative Sphere of Education in Manipur

2558. SHRI N. TOMBI SINGH : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the main features of structural reforms in the administrative sphere of educa-

tion introduced in Manipur after the Division of Manipur into five Districts ;

(b) whether necessary additional posts of the Inspectors of schools are being created to man the posts of District Education Officers ;

(c) if so, how long this will take ; and

(d) if not, whether Government are satisfied with the Deputy Inspectors continuing as District Education Officers ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) to (b). The requisite information is being collected from the Manipur Administration and will be laid on the Table of the Sabha as soon as possible.

Loans Advanced or Invested in Shares by LIC, UTI, Nationalised Banks and other Financial Institutions in Indian Iron and Steel and Tata Iron and Steel Company

2559. SHRI BHOGEN DRA JHA : Will the Minister of FINANCE be pleased to state :

(a) the total amount of loans advanced or invested in shares by the Life Insurance Corporation, Unit Trust of India, Industrial Finance Corporation of India, Nationalised Banks and other Central public financial institutions in the Indian Iron and Steel Company and Tata Iron and Steel Company ;

(b) whether it is proposed to transform all these amounts into equity shares and secure proportionate representation in the management of the above companies ; and

(c) if so, when this would be done ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) A statement giving the required information is laid on the Table of House. [*Placed in Library See No. LT—468/71*].

(b) and (c). The foreign currency loan sanctioned by the ICICI to TISCO and the

rupee loan sanctioned by IDBI to IISCO do not carry the convertibility option, both the loans having been sanctioned long before Government finalised the guidelines for public financial institutions incorporating the convertibility clause in respect of their loan transactions. The accommodation provided by the State Bank of India to both these companies is for working capital purposes. The limits sanctioned for working capital are renewed every year or even earlier. The loans given for purposes of working capital are also repayable on demand. The conversion of such loans into equity does not, therefore, arise.

As regards representation in the management, the LIC has one representative on the Board of Directors of IISCO. The IDBI also has reserved the right to appoint a nominee. In both the Companies, there is a Government Director who is a senior Government official.

Arrears of Income-tax Outstanding Against Individuals in Orissa

2560. SHRI D.K. PANDA : Will the Minister of FINANCE be pleased to state :

(a) the names of companies and persons, either as Director of any Company or having any pecuniary interest in any company who are in arrears of income-tax beyond Rs. 20,000 as on 31st March, 1971 in Orissa ;

(b) the steps being taken by Government to publish the names of the defaulters during the last three months ; and

(c) the measures proposed by Government for realisation of the said arrears ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The requisite information regarding the names of the Companies and the individuals who were in arrears of Income-tax exceeding Rs. 20,000 as on 31-3-1971 in the charge of the Commissioner of Income-tax, Orissa, is being collected and will be laid on the table of the House as soon as possible.

(b) In terms of section 287 of the Income-tax Act, 1961, the Government have empowered the Commissioners of Income-tax to publish the names and other particulars of the tax defaulters against whom certain demands are outstanding at the end of the particular financial year. Such publication is being done from time to time. The required publication of the names of defaulters for the year ending 31st March, 1971 will be made in due course.

(c) Such steps as are available in law and depending upon the facts and circumstances of each case are being taken to recover these arrears.

Steps taken to Develop Chilka Lake in Orissa

2561. SHRI D.K. PANDA : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) the steps being taken by Government for the development of Chilka Lake in Orissa State ;

(b) whether the promised amount of Rupees two lakhs has been given by the Central Government for providing recreational facilities there ; and

(c) if so, the progress made in the work so far ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SAROJINI MAHISHI) :

(a) A tourist bungalow has been constructed at Rambha.

(b) A tentative allocation of Rs 3 lakhs was made in the draft Fourth Five Year Plan for providing recreational facilities at Chilka Lake. With the drastic reduction in the plan outlay, which necessitated a strict order of priorities, and the discontinuance of Part II schemes, the scheme to provide recreational facilities at Chilka Lake had to be dropped.

(c) Does not arise.

Pay Scale of Principal of Higher Secondary Schools in Andaman Island

2562. SHRI HUKAM CHAND KACHWAI : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether the pay scale of Principals of Higher Secondary Schools in the Andaman Island has been revised with effect from 27th May, 1970 ; and

(b) if so, the revised pay scale, classification of the post, selecting authority, appointing authority and recruitment rules for the said post ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D.P. YADAVA) : (a) Yes, Sir.

(b) The revised pay scale is Rs. 700-1100. The post is General Central Services Class I. Revised recruitment rules for the post including selecting authority etc. consequent upon the revision of pay scales, are under consideration.

Opening of more Branches of Nationalised Banks in Uttar Pradesh

2563. SHRI RAJDEO SINGH : Will the Minister of FINANCE be pleased to state :

(a) whether Government propose to open some more branches of nationalised banks in Uttar Pradesh ; and

(b) if so, their number district-wise ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) Yes, Sir.

(b) A statement is laid on the Table of the House. [*Placed in library. See No. LT—469/71*]

Raid by Income Tax Department in Kanpur

2564. SHRI M.M. JOSEPH : Will the Minister of FINANCE be pleased to state :

(a) whether the Income-tax authorities seized Rupees one lakh from a businessman

and also recovered some documents during a raid conducted in Kanpur on 26th May, 1971 ; and

(b) if so, the progress made in the matter ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) Yes, Sir. Cash of the order of Rs. 89,969 and some documents were seized.

(b) The matter is still under investigation.

Demand for Uniform Pay Scales and Service Conditions of Teachers in Colleges and Universities

2565. SHRI M.M. JOSEPH : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether All India Federation of University College Teachers' Organisation submitted any memorandum to him on 26th May, 1971 urging to scrap the multiple pay-scales in Colleges and Universities and introduce uniform service conditions ; and

(b) if so, the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) In a memorandum submitted to Minister of Education and Social Welfare on May 22, 1971, the All India Federation of University and College Teachers Organisations demanded a uniform

running grade and uniform service conditions for all college and university teachers.

(b) The matter is under consideration of the Committee on Governance of Universities and Colleges set up by the University Grants Commission.

Resignation of Director General, Archaeological Survey of India

2567. **SHRI BISHWANATH JHUNJHUNWALA :**
SHRI N. S. BISHT :
SHRI P. K. DEO :

Will the Minister of CULTURE be pleased to state :

(a) whether the Director General of the Archaeological Survey of India has submitted his resignation ;

(b) if so, on what grounds ; and

(c) Government's reaction thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) and (b). No, Sir. The Director General, Archaeological Survey of India, has not submitted his resignation. He has, however, given notice of retirement after attaining the age of fifty years as permitted by rules. He has also asked for permission to take up a professional appointment in an unnamed university.

(c) The matter is under consideration.

Proposals to set up A Subsidiary Company of Air India

2568. **SHRI BISHWANATH JHUNJHUNWALA :** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government propose to set up a subsidiary company of Air India for operating passenger and freight charters ;

(b) if so, whether new aircrafts will be purchased for this new company ; and

(c) whether any final decision about the composition of the company has been taken ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL

AVIATION (DR. SAROJINI MAHISHI) :

(a) Air-India propose to set up a company for air charter work.

(b) and (c). Details have not yet been finalised.

Revision in the Target of Tourist Inflow

2569. **SHRI BISHWANATH JHUNJHUNWALA :** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether the target for tourist inflow from foreign countries into India by 1973 has been revised from 6,00,000 to 4,00,000 ;

(b) if so, the reasons for the same ;

(c) whether the Fourth Plan targets for the inflow of tourists will have to be changed accordingly and if so, whether any decision has been taken in this regard ;

(d) what would be the estimated loss on account of the revision of the target ; and

(e) the steps government propose to take to keep up their original targets ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION : (DR. SAROJINI MAHISHI) : (a) and (c). Yes, Sir. The target for tourist inflow from foreign countries into India for 1973 has been revised from 6,00,000 to 4,00,000.

(b) An allocation of Rs. 84.76 crores was proposed for tourism in the draft Fourth Plan. This was, however, reduced to Rs. 25 crores which meant that the infrastructure required for attracting larger number of tourists could not be developed to the desired level and consequently the target of tourist arrivals had to be revised.

(d) It is not possible to make this estimation.

(e) In spite of the reduced allocation for tourism, the Department of Tourism has taken a number of steps to increase tourist traffic to this country. They include

a vigorous sales oriented marketing approach overseas, relaxation of visa formalities, improved facilitation procedures and incentives for augmentation of transportation and accommodation facilities in both the private and public sectors. The scheme for joint promotion of tourism to India by the Department of Tourism and Air-India is to be extended to cover operations in the U.S.A.

Fall in the Inflow of Foreign Tourists

2570. SHRI BISHWANATH JHUN-JHUNWALA : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether one of the factors accounting for the fall in the inflow of foreign tourists in India is the failure of the Indian Airlines to confirm air reservations in time within the country to facilitate visits of foreign tourists to places of tourist interest ;

(b) whether with the introduction of Jumbo services, the prospects of inflow of foreign tourists is going to be increased ; and

(c) if so, the steps taken by Government to ensure that the new tourist traffic that is likely to be created is not lost for lack of co-ordination and timely confirmation of reservations by the Indian Airlines ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION : (DR. SAROJINI MAHISHI) : (a) There has been no fall in the inflow of foreign tourists in 1970 nor in the first four months of 1971 as compared to corresponding periods in the previous years.

(b) Yes, Sir.

(c) With the help of computerised reservation system, the Indian Airlines have been able to reply to reservation requests in less than 24 hours. This response time will be reduced to 6 hours by December 1971 with the installation of a second Computer, and will become almost nil when the "Real time" Computer is installed by about 1974.

Orders placed by Department of Teaching Aids with a firm in Bombay

2571. SHRI SAT PAL KAPUR : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the total value of orders placed by the Department of Teaching Aids of the National Council of Educational Research and Training with a Bombay firm for the films bought during the last quarter of the budget year 1970-71 for the Regional Colleges of the Council ;

(b) whether in inviting tenders, reasonable time was not allowed to the tenderers for importation and delivery of the films as a result of which the entire orders were diverted to the Bombay firm ;

(c) whether some of the prints of the films bought from the Bombay firm were damaged and yet they were not rejected ;

(d) What arrangements are made to check the technical quality of the prints before the bills are paid ; and

(e) whether a number of titles of these films are the same ones as are already available in the Regional Colleges of the Council ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) During the last quarter of the financial year 1970-71 the Department of Teaching Aids purchased 16 mm educational films worth Rs. 1,47,012/- for the development of Films Libraries in the four Regional Colleges of Education located at Ajmer, Bhopal, Bhubaneswar and Mysore. The total value of orders placed with M/s. National Education and Information Films Ltd., Bombay was Rs. 1,36,575/-. Films worth Rs. 10,437/- were also purchased from the Films Division, Ministry of Information and Broadcasting, Bombay.

(b) After preliminary work regarding the selection of 170 films considered suitable in consultation with the Regional Colleges

of Education, quotations were invited from 17 parties in September, 1970 to which five parties responded. In accordance with the budget provision of Rs. 1,50,000/-, the

Department, to begin with, selected 54 films out of the approved list of 170, and placed supply orders on the parties named below to the extent noted against each :—

	No. of films	Total value
		Rs.
1. M/s National Education and Information Films Ltd., Bombay.	30 (4-prints of each)	67,260/-
2. Films Division, Bombay.	7 (4-prints of each)	10,437/-
3. M/s Ama Private Ltd., Bombay.	15 (4-prints of each)	64,960/-
4. M/s Young India Films, New Delhi.	2 (4-prints of each)	6,040/-

The supply orders were placed simultaneously with all the parties on 8.2.1971 and they were requested to ensure supply by 15-3-1971. The first two parties mentioned above accepted the order. M/s Young India Films, New Delhi expressed their inability to supply the films as they were not available in their ready stock. As regards M/s Ama Private Ltd., Bombay, supply orders had been placed with them for films of two foreign producers, namely Encyclopaedia Britannica Films (11 films) and G.B. Instructional Films (4 Films). For the former the firm had quoted prices 15 % over those listed in the catalogue of Encyclopaedia Britannica Films, but the Department of Teaching Aids had asked them to supply these films at catalogue prices and the order was placed subject to their agreeing to this. The firm, however, did not agree to supply the films at catalogue prices. In respect of the four films produced by G.B. Instructional Films, there was no dispute about the prices but M/s Ama Private Ltd., Bombay could not import the films from the U.K. and supply them to the Department of Teaching Aids within the time prescribed. This was perhaps due to the postal strike in the U.K. which was going on about that time. Under the circumstances, the Department of Teaching Aids decided to utilize the

savings rendered above for the purchase of alternate films on Science from M/s National Education and Information Films Ltd., Bombay with the approval of the Council. However, the records relating to the present matter will be locked into separately at the time of conducting the technical examination mentioned in the following paragraph *i.e.* (c) and (d).

(c) and (d). All the prints of films supplied by National Education and Information Films Ltd., Bombay were thoroughly examined and checked for their technical quality by the experts of the Department of Teaching Aids and payments were arranged after satisfactory reports were received about them. All the films are, as a rule, checked in this manner before payments are made. However, in the present case, in response to an earlier letter received from the Honourable Member, this Ministry, in consultation with the Ministry of Information and Broadcasting, will be carrying out a thorough technical examination of the films received.

(e) The Department of Teaching Aids had consulted the Principals of the four Regional Colleges of Education about the titles of the films for which quotations had been invited from the parties. Of the films actually

received by the Department six titles were already available with each of the two of the colleges at Ajmer and Mysore, but the Principals of these Colleges had desired to have them as additional copies so that they could meet the demands of the educational institutions of their regions adequately.

**वैज्ञानिक तथा तकनीकी शब्दावली आयोग

1967-68

- (i) Trivandrum/Colombo by HS-748 on twice weekly frequency.

- (ii) Trichy/Colombo by Viscount on twice weekly frequency.

- (iii) Caravelle introduced on Delhi/Srinagar service.

- (iv) Hyderabad/Madras/Madurai / Trivandrum by HS-748 daily service.

1968-69

- (i) Madras/Cochin/Trivandrum by HS-748.
- (ii) Calcutta/Bagdogra/Patna by F-27 on thrice weekly frequency.
- (iii) Calcutta/Cooch Behar by Dakota on daily basis.
- (iv) Delhi/Agra/Khajuraho/Benaras by Viscount on daily basis.

Fourth Plan Period**1969-70**

- (i) Calcutta/Gaya/Patna by F-27 thrice weekly.
- (ii) Gauhati/Bagdogra by Viscount twice daily.

1970-71

- (i) Calcutta/Bagdogra/Cooch Behar by Dakota thrice weekly.

(b) There has been considerable increase in air traffic during the above period. Hence additional aircraft acquired by the airline had to be utilised largely to augment capacity on trunk and high-intensity regional routes. However, with the seven Boeings recently purchased and the 10 HS-748s on order, Indian Airlines hope to open some new services in due course.

Loans from Nationalised Banks to Kerala State

2581. SHRI PHOOL CHAND VERMA : Will the Minister of FINANCE be pleased to state :

(a) whether the State of Kerala is getting less amount of loans from the

nationalised banks in comparison to other States : and

(b) if so, the reasons thereof ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). Advances of the 14 nationalised banks in the State of Kerala, as at mid-September, 1970, were of the order of Rs. 60 crores. For the public sector banks as a whole the advances in the State of Kerala amounted to about Rs. 78 crores. Deposits of these banks in the State of Kerala were around Rs. 87 crores. The credit deposit ratio percentage of the public sector banks in Kerala thus worked out to about 90% as against the all-India average of 80.3%. It would not, therefore, be correct to say that the advances made by the public sector banks in Kerala compare unfavourably with the advances of these banks in the rest of India.

Investment by Japanese Firms in India

2582. SHRI KRISHNA HALDER : Will the Minister of FINANCE be pleased to state the total amount of private investment by the Japanese firms in India to date Sectorwise ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : The total amount of investment in India from private sources in Japan, sectorwise, as at the end of March, 1968, the latest date for which information is available, was as indicated below :

	Rs. Crores
Petroleum	2.1
Manufacturing	45.3
Services	34.4
Total Rs.	81.8 crores

Sanctuary for Elephants in the Country

2583. SHRI DHARAMRAO AFZAL-PURKAR : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government are aware that Kakannakote Forest in Mysore is going to be submerged in the Kabini reservoir thereby depriving tourists of a major attraction in Mysore viz., hunting of elephant ; and

(b) whether there are any proposals under Government's consideration to have sanctuary for elephants in the country so that the elephant population may be properly preserved ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SAROJINI MAHISHI) :

(a) The State Government has intimated that elephants affected by the submersion of Kakkankote Forest will move to adjoining forest areas. The hunting of elephants, except those declared as rogue elephants, however, is prohibited throughout the country.

(b) Since elephants are spread throughout the country, it is not possible to provide one single sanctuary for elephants. A number of wild life sanctuaries exist in the country where elephants are well protected.

Loans Advanced by Nationalised Banks in Gulbarga District, Mysore

2584. SHRI DHARAMRAO AFZAL-PURKAR : Will the Minister of FINANCE be pleased to state the various items on which loans were advanced upto 31st March, 1971 by the Nationalised Banks in the district of Gulbarga in Mysore State ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : The information is being collected and will be laid on the Table of the House.

Road Bridges Broken on National Highway No. 6 in District Sambalpur, Orissa

2585. SHRI P. GANGADEB : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) the total number of road bridges which have suddenly broken between Barkota and Sambalpur on National Highway No. 6 in the district of Sambalpur in Orissa ;

(b) the reasons why the said bridges have simultaneously broken within a month's period (between 15th February and 13th March this year) ; and

(c) when the repair work is going to be started and whether it would be completed before the monsoon sets in ?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) to (c). The requisite information is being collected and will be placed on the table of the Sabha.

Inclusion of Chemman Community of Kerala in Scheduled Caste List

2586. SHRIMATI BIBHA GHOSH : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether Chemman community was included in the Scheduled Caste list in Kerala upto the year 1962 ;

(b) whether Government deleted this community from the approved list of Scheduled Castes from 1962 onwards, if so, the reasons thereof, and

(c) whether Government propose to include this community in the Scheduled Caste list, if so, when ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) and (b). According to the Scheduled Castes and Scheduled Tribes Lists (Modification) Order 1956 the 'Semman' community is a Scheduled Caste in those parts of Kerala which previously

constituted Malabar district. The list of Scheduled Castes in respect of Kerala has not since been revised.

(c) In the Bill which was introduced in the previous Lok Sabha for amending the lists of Scheduled Castes and Scheduled Tribes 'Chemman' along with 'Semman' was shown as Scheduled throughout the State of Kerala as synonym of 'Chakkiliyan'. The re-introduction of the Bill, which had lapsed on the dissolution of the previous Lok Sabha is under consideration.

Loans Advanced to Mysore State by Nationalised Banks

2587. SHRI G. Y. KRISHNAN : Will the Minister of FINANCE be pleased to state :

(a) the total amount of loans advanced to Mysore State by the nationalised banks during the last two years ; and

(b) the criteria fixed by Government for advancing loans to the State by the nationalised banks ?

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN) : (a) Presumably, the honourable member has in mind loans advanced by the 14 nationalised banks in the State of Mysore. Total amount of such loans as at the middle of September, 1970 was of the order of Rs. 107 crores.

(b) The nationalised banks do not advance loans to State Governments. The main criteria for grant of loans to eligible borrowers by the nationalised banks is the viability and productivity of the project for which loans are asked for.

Proposal to start Regular Flights on Delhi-Jodhpur Route

2588. RAJMATA KRISHNA KUMARI JODHPUR : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government have under consideration a proposal to start regular flights of Indian Airlines on Delhi-Jodhpur route ;

(b) whether the Defence Authorities have agreed to the use of the Jodhpur Air-field for this purpose ; and

(c) if so, the time by which the said flights will be put into operation ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SAROJINI MAHISHI) :
(a) Indian Airlines have such a proposal in view.

(b) Yes, Sir.

(c) Indian Airlines hope to start the service in the winter of 1971.

Number of Students enrolled in Universities

2589. SHRI R. P. DAS : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the number of students enrolled in the Universities of India ;

(b) whether expenditure on University education has kept pace with the increase in the number of students ; and

(c) if so, to what extent ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) The number of students enrolled in Universities/Colleges, according to the latest available statistics pertaining to 1969-70 is 24.3 lakhs.

(b) The following table indicates the percentage increase (i) in enrolment of students in Universities and Colleges and (ii) in the expenditure on Universities and Colleges, for the period 1961-66 for which expenditure figures are available.

YEAR	No. of students enrolled	Percentage increase in enrolment	Expenditure on Universities/Colleges	Percentage increase in total expenditure
1	2	3	4	5

(figures in lakhs)

(Rs. in crores)

1960-61	8.86	—	76.94	—
1961-62	9.63	8.7	85.42	11.0
1962-63	10.62	10.3	96.85	13.4
1963-64	11.68	10.0	109.18	12.7
1964-65	12.94	10.8	127.27	16.7
1965-66	14.64	13.1	157.33	23.5

(c) The increase in the expenditure, on current prices, has kept pace with the increase in enrolment.

Scholars from American Universities

2590. SHRI R. P. DAS : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the total number of Scholars from American Universities who have visited India to do research in the year 1969-70 ;

(b) whether Government keep a record of such scholars and the nature of their research ; and

(c) if so, what are the guidelines laid down in the matter ?

THE MINISTER OF EDUCATION AND SOCIAL WELFARE AND MINISTER OF DEPARTMENT OF CULTURE (SHRI SIDDHARTHA SHANKAR RAY) : (a) to (c). The requisite information is being compiled and will be laid on the Table of the House.

Scheme to Nationalise Mofussil Bus Routes in the Capital

2591. SHRI B. S. BHAURA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether the scheme to nationalise 12 local mofussil bus routes in the capital which was initiated in 1962 has not yet been implemented ;

(b) if so, the reasons therefor ;

(c) whether the employees of the Delhi Transport Undertaking have threatened to launch an agitation on this issue ; and

(d) if so, the action taken by Government in the matter ?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) The Delhi Administration has reported that the scheme has not been implemented.

(b) The Delhi Administration has reported that all the objections received against the scheme have yet to be heard finally and disposed of by the Delhi Administration in accordance with the

provisions of Chapter IV A of the Motor Vehicles Act, 1939. The next hearing in this case is fixed for the 16th July, 1971.

(c) The Government have no information in this regard.

(d) Does not arise.

Loans Advanced by Nationalised Banks to Newspapers

2592. SHRI JYOTIRMOY BOSU :
SHRI PHOOL CHAND
VERMA :

Will the Minister of FINANCE be pleased to state :

(a) the total amount of loans advanced to Newspapers by the Nationalised banks during 1968, 1969 and 1970 ; and

(b) the amounts given as loans and advances (as on 1st April, 1971) to (i) Amrit Bazar Jugantar Group ; (ii) Ananda Bazar, Hindustan Standard Group and (iii) Statesman Group ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) Information in regard to the total amount of advances granted by Nationalised Banks to newspapers during 1968, 1969 and 1970 is not available. However, advances granted to newspapers by these banks and outstanding as on the last Friday of September, 1970 aggregated to Rs. 1,166.89 lakhs.

(b) Information relating to amounts advance by the Nationalised Banks to newspapers individually cannot be furnished in view of the provisions of the Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970 which prohibits the banks from divulging any information relating to the affairs of their constituents except in certain specified circumstances.

Fleet Strength of Shipping Corporation of India and Private Shipping Companies

2593. SHRI JYOTIRMOY BOSU : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) the total number of ships (with total tonnage) acquired by the Government-

owned Shipping Corporation of India year-wise from 1968-69 to 1970-71 ;

(b) the total fleet strength (with total tonnage) of the Shipping Corporation of India as on the 1st April, 1971 ;

(c) the total number of ships (with total tonnage) acquired by the Private Shipping Companies year-wise from 1968-69 to 1970-71 ;

(d) the total fleet strength (with total tonnage) of the Private Shipping Companies as on the 1st April, 1971 ;

(e) the share of the Foreign Shipping Companies in India's inland and foreign trade in 1970-71 ; and

(f) the amount of money paid to Foreign Shipping Companies by India on account of (i) inland trade and (ii) foreign trade, year-wise during the last three years ?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) The requisite information is as under :

Year	No. of ships acquired	Total GRT
1968-69	11	1,15,574
1969-70	8	1,31,803
1970-71	6	1,64,558

(b) 77 ships of 8,63,365 G. R. T.

(c) The requisite information is as under :

Year	No. of ships acquired	Total GRT
1968-69	10	1,07,803
1969-70	6	1,01,595
1970-71	9	80,373

(d) The total fleet strength of the private Shipping Companies as on 1st April, 1971, consisted of 164 ships of 15,40,967 G.R.T.

(e) The information for the year 1970-71 is under compilation. However, during 1969-70 the foreign shipping companies carried 78.68% of the Country's Overseas Trade and 76.2% of the Coasting Trade in Oil Products alone, the trade for dry cargo being fully reserved for Indian Shipping.

(f) In regard to inland Trade the entire volume of dry cargo trade is being handled by Indian ships and freight payments to foreign Shipping Companies do not arise. However, the required information in respect of Oil Products moved around the Coast is being collected and will be laid on the Table of the House in due course.

Freight payments to foreign shipping companies in respect of their Share in the Country's Overseas Trade during 1967-68, 1968-69 and 1969-70 have been estimated respectively as Rs. 221.81 crores, Rs. 211.35 crores and Rs. 180.66 crores.

Number of Book Titles Published in India

2594. SHRI JYOTIRMOY BOSU : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the number of book titles published in India between 1968 and 1970 ;

(b) the total copies of books published during the same period ;

(c) the share of the Government controlled and Government subsidized Publishing Houses in the total titles and total copies of books published during this period ;

(d) the number of book titles and total copies of books published in the U.S.S.R., U.S.A. and U.K. between 1968 and 1970 ; and

(e) whether India is lagging far behind some other countries in this respect, and if so, the causes thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) According to the figures compiled by the National Library, Calcutta under the Delivery of Books Act 1954, the number of titles including re-éditions published in India between 1968 and 1970 are as follows :—

1968 = 11,413

1969 = 13,740

1970 = 14,145

(b) Generally on an average, an edition varies from 1000-3000 copies depending on the nature of the book. No figures are, however, available regarding the total number of copies published.

(c) Such figures are not compiled by Government and therefore are not available.

(d) According to the latest figures available in "Unesco Statistical Yearbook 1969", the number of book titles published in the U.S.S.R., U.S.A. and U.K. in 1968 are 75,723, 59,247 and 31,372 respectively. Information about the number of book titles published in 1969 and 1970 and the total copies of books in these countries between 1968 and 1970 is not available.

(e) According to the "Unesco Statistical Yearbook 1969", India is the second largest book producing country in Asia after Japan and the eighth largest book producing country in the world after the U.S.S.R., U.S.A., U.K., Japan, West Germany, Spain and France.

This comparison, however, does not take into account the book production programme of the Peoples' Republic of China, as their figures are not available.

दिल्ली परिवहन उपक्रम की बिक्री कर और सड़क कर की छूट

2595. श्री हुकुम चन्द कछवाय : क्या नौबहन और परिवहन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली परिवहन उपक्रम को हाल के वर्षों में भारी घाटा हुआ है, और

(ख) क्या सरकार को कोई ऐसा सुझाव दिया गया है कि इस घाटे को रोकने के लिए दिल्ली परिवहन उपक्रम की बिक्री कर और सड़क कर की छूट दी जाये तथा बकाया राशि को समकित ऋण में बदल दिया जाये ?

संसदीय कार्य तथा नौबहन और परिवहन मंत्री (श्री राज बहादुर) : (क) जी, हां।

(ख) दिल्ली नगर निगम और नई दिल्ली नगर पालिका समिति के वित्त जांच आयोग (पौरारका आयोग) ने दिल्ली परिवहन उपक्रम पर अपनी रिपोर्ट के दूसरे बोल्यूम में सिफारिश की है कि इसे उपक्रम की बिक्री कर और मार्ग कर से छूट दी जाये और इसके वर्तमान ऋण और बड़ी देर से दिए हुए ऋण किस्तों की शेष राशि को समकित ऋण में बदल दिया जाये जो 10 किस्तों में देय हो और 1972-73 से ऋण किस्त प्रारम्भ हो।

दिल्ली परिवहन उपक्रम की सेवा की सुव्यवस्थित करने के लिए बुमंजिली और एक मंजिली बसों की खरीद की योजना

2596. श्री हुकुम चन्द कछवाय : क्या नौबहन और परिवहन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली परिवहन उपक्रम की सेवा को सुव्यवस्थित करने के विचार से दो मंजिली और एक मंजिली बसें खरीदने से सम्बंधित कोई योजना सरकार के विचाराधीन है, और

(ख) यदि हां, तो कितनी बसों के लिए क्रयदेश दिये गये हैं तथा उनमें से कितनी बसों के कब तक प्राप्त होने की संभावना है ?

संसाधन कार्य तथा नौवहन और परिवहन मंत्री (श्री राज बहादुर) : (क) राजधानी में दिल्ली परिवहन उपक्रम द्वारा बस सेवाओं में सुधार के लिए दो मंजिली तथा एक मंजिली बसें खरीदने के लिए दिल्ली परिवहन उपक्रम ने कार्यक्रम बनाया है।

(ख) उपक्रम ने सम्बन्धित आटोबाईल विनिर्माता तथा बाड़ी-बिल्डिंग फर्मों को 305 नयी बसें (100 दो मंजिली तथा 205 एक मंजिली) खरीदने के लिए आदेश पहले ही दिये हुये हैं। इनमें से 196 बसें (50 दो मंजिली तथा 146 एक मंजिली) उपक्रम द्वारा पहले ही प्राप्त कर ली गयी हैं। सुपुर्दगी के निर्धारित समय अनुसार, शेष 109 बसें भी अगले तीन महीनों में प्राप्त होने की सम्भावना है।

Naming of Madras Outer Harbour Project

2597. SHRI T. S. LAKSHMANAN : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether a name has been decided upon for the rupees 50 crore Madras Outer Harbour Project ;

(b) whether the Government of Tamil Nadu has been consulted in regard to the naming of the Project ; and

(c) if not, whether it will be done now and the wishes of the people of Tamil Nadu taken into consideration while deciding on the name of the Project ?

**THE MINISTER OF PARLIAMEN-
TARY AFFAIRS AND SHIPPING AND
TRANSPORT (SHRI RAJ BAHADUR) :**
(a) and (b). Not Yet, but certain proposals are under consideration

(c) The new Outer Harbour forms an integral part of the major Port of Madras, which is under the control of the Government of India. The question whether any or what names should be given to new docks in major Ports is a matter that falls within the jurisdiction of the Government of India.

Credit given to Traditional and Non-Traditional Sectors

2598. SHRI JAGADISH BHATTACHARYYA : Will the Minister of FINANCE be pleased to state :

(a) the requirements of investment for traditional and non-traditional sectors ; and

(b) the amount of credit given to the traditional and non traditional sectors by the Banks (Nationalised and non-nationalised) and other Government financial institutions during the years 1969-70 and 1970-71 ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) and (b). The information is being collected to the extent possible and will be laid on the table of the House as soon as it becomes available.

Schemes for setting up of Motels for Tourists Along the Principal National Highways

2599. SHRI MUHAMMED SHERIFF : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government are considering a scheme to have Motels for tourists travelling by car along the principal National Highways ; and

(b) if so, the names of places where motels to be set up ?

**THE MINISTER OF STATE IN THE
MINISTRY OF TOURISM AND CIVIL
AVIATION (SHRI SARAJINI MAHISHI) :**
(a) and (b). The India Tourism Development Corporation have plans to put up Motels at Jammu, Varanasi and Siliguri during the Fourth Five Year Plan. The work on the Motel at Jammu is in progress.

Programme in the Field of Social Welfare

2600. SHRI MUHAMMED SHERIFF : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether Government propose to launch a three-pronged action programme to

achieve speedy results in the field of Social Welfare ; and

(b) if so, the progress achieved in this regard ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) No, Sir.

(b) Question does not arise.

Financial Assistance to Thavanur Rural Institute (Kerala)

2601. SHRI M. K. KRISHNAN : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether Government have reduced the quantum of financial assistance to the Thavanur Rural Institute Thavanur, District Palghat (Kerala) if so, the reasons for the same ;

(b) whether Government propose to fix a reasonable quantum of financial assistance to the Institute ; and

(c) if not, the reasons therefor ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) There is a no decrease in the annual recurring grant to the Institute.

(b) and (c). Grants to the various Rural Institutes including the Thavanur Rural Institute for recurring expenditure are determined annually on the basis of the approved posts, number of students on rolls and the courses offered, keeping in view the pattern of Central assistance. It is not possible to fix a block grant under the scheme of assistance to Rural Institutes.

Smuggling of gold into India and Silver out of the Country

2602. SHRI S. R. DAMANI : Will the Minister of FINANCE be pleased to state :

(a) the estimated quantity and value of gold smuggled into the country and of

silver smuggled out of the country every year ;

(b) The number of seizures effected in the year 1970-71 and the value of gold smuggled into the country and of silver smuggled out of India ; and

(c) whether Government have thought of any foolproof method of checking such illegal activities and if so, the particulars thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) It is not practicable to make a reliable estimate of the quantity and value of gold smuggled into India and of silver smuggled out of India every year.

(b) The number of seizures effected by the Customs authorities during 1970-71 was 1019. The quantity and value of the gold and silver seized during this period was as indicated below :—

Commodity	Quantity seized	Value (Rs. lakhs)	
		(Kgs)	At inter-national monetary rate. At Indian market rate
Gold	4,668	394	794
Silver	37,376	—	199

(c) In view of the size of the country with its long frontiers and coastline, working out of a foolproof method of checking smuggling of goods into and out of the country presents many intractable problems. However, various administrative, legislative and economic measures have been taken to combat smuggling. Some of the important measures taken by the Government are as under. Systematic collection and follow-up of information, keeping a watchful eye on the suspected smugglers, rummaging of suspected vessels or aircraft and patrolling of

vulnerable sectors along the coast and the land frontier. Some senior officers of the rank of Collectors of Customs, Additional Collectors of Customs and Assistant Collector of Customs have been posted in vulnerable areas to look after anti-smuggling work exclusively. Customs Act, 1962 has been amended making additional provisions to take special measures for the purpose of checking illegal import and export of certain commodities and facilitating their detention. The position is also reviewed frequently in the light of the information collected, for suitable action.

Diversion of Deposits by LIC and Unit Trust of India with Banks

2603. SHRI C. CHITTIBABU : Will the Minister of FINANCE be pleased to state :

(a) whether the life Insurance Corporation of India and the Unit Trust of India have been diverting their deposits with the banks to Inter-bank call money market ;

(b) whether this withdrawal will affect the liquidity ratio to be maintained by the Banks ;

(c) whether this action of the Life Insurance Corporation and the Unit Trust of India entering call money market and cornering huge profits, adversely affects the deposit mobilisation by the Banks ; and

(d) if so, the remedial action Government propose to take in this regard ?

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN) : (a) Prior to June 1970 the Reserve Bank did not permit payment of interest by scheduled commercial banks on call and short notice deposits to parties other than banking institutions and cooperative banks. From June 3, 1970, the Reserve Bank has permitted the LIC and the Unit Trust to receive interest on call and short notice deposits made by them with banks at rates ruling in the Inter-bank call money market.

(b) No, sir.

(c) and (d). As the scheduled commercial banks can secure call and short notice

deposits from the LIC and the UTI in the inter-bank call money market the quantum of deposit with banks is not adversely affected. The banks, however, have to pay interest to the LIC and the UTI at inter-bank call money market rates which are generally higher than the rates admissible on savings and short-maturity deposits. Thus, the matter is one of adjustment in income and expenditure between two wings of financial bodies, viz. on one side the scheduled commercial banks and, on the other, two long-term financial institutions.

Checking of Baggages of V.I.Ps. and M. Ps. by Airlines Officials

2604. SHRI C. CHITTIBABU : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) the reason why the Airlines Officials are checking the baggages of V.I.Ps. and Members of Parliament ; and

(b) the reason for Government not giving some directions to the Airlines Official in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SARAJINI MAHISHI) : (a) and (b). Arising out of the incident of hijacking of an Indian Airlines aircraft to Lahore on 30th January, 1971, a number of precautionary measures have been introduced, including frisking of passengers and search of baggage. These measures are applicable to all outgoing passengers (both domestic and international) travelling on any airline and most of the checks are carried out by the police.

House Rent and City Compensatory Allowance to Central Government Employees in Tambaram and Chingelpet District of Tamilnadu

2605. SHRI C. CHITTIBABU : Will the Minister of FINANCE be pleased to state :

(a) whether Government of Tamilnadu has decided to pay house Rent and City Compensatory allowance to its employees staying at Tambaram and Chingelpet Districts of Tamilnadu ; and

(b) whether Central Government propose to give House Rent Allowance and City Compensatory allowance to the Central Government employees posted at the above-mentioned places, and if not, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) The Information is being obtained from the State Government and will be laid on the Table of the House as soon as available.

(b) No, sir. These allowances are admissible only to Central Government employees stationed in classified cities/towns. Tambaram and Chingelput are not classified cities/towns on the basis of their population figures according to 1961 census. Any further classification/re-classification of cities/towns, including Tambaram and Chingelput, will have to await the results of 1971 Census. The final population figures are still awaited.

राजस्थान द्वारा देय ऋण

2606. श्री पन्नालाल बारूपाल : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) इस समय केन्द्रीय सरकार का कुल कितना ऋण राजस्थान सरकार की ओर बकाया है ;

(ख) गत तीन वर्षों में केन्द्रीय सरकार से राज्य सरकार को कितनी राशि के ऋण प्राप्त हुए ; और

(ग) क्या प्राप्त किए गये ऋण वस्तुतः उन्हीं मदों पर खर्च किए गये थे जिनके लिए वे मंजूर किये गये थे ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) 31 मार्च, 1971 की स्थिति के अनुसार, केन्द्रीय सरकार का कुल 567.55 करोड़ रुपया राजस्थान सरकार की ओर बकाया है।

(ख) राजस्थान सरकार को केन्द्रीय सरकार से 1968-69 में 84.34 करोड़ रु०, 1969-70 में 151.34 करोड़ रु० और 1970-71 में 111.70 करोड़ रु० के ऋण प्राप्त हुए।

(ग) इन ऋणों का काफी बड़ा भाग या तो व्यय की प्रतिपूर्ति के रूप में था (जैसे, सूखा राहत व्यय के लिए ऋण) या सामान्य प्रयोजनों के लिए था (जैसे, राज्य में अल्प बचतों की संगृहीत राशियों के बदले ऋण, विशेष ऋण सहायता और अर्थोपाय अग्रिम)। अन्य मामलों में, ऋण अनुमोदित परिषदों और कार्यक्रमों के संदर्भ में, आमतौर पर अन्तिम रूप से मंजूर किए गए थे, और व्यय के लेखा-परीक्षित आंकड़ों के आधार पर उनका समायोजन किया जाएगा।

रतलाम, मन्दसौर और भोपाल स्थित कारखानों द्वारा आयकर तथा उत्पादन-शुल्क का भुगतान

2607. डा० लक्ष्मीनारायण पांडे : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) भूसा-उत्पादों, स्टार्च, चीनी, सूती धागों तथा कपड़ों का उत्पादन करने वाले मध्य प्रदेश के रतलाम, भोपाल तथा मंदसौर जिलों के कारखानों के पिछले तीन वर्षों में उत्पादन शुल्क के रूप में कितनी राशि का भुगतान किया है ;

(ख) पिछले तीन वर्षों में इन कारखानों के प्रबन्ध निदेशकों अथवा इन्हें चलाने वाली कंपनियों से सरकार ने कितना आयकर प्राप्त किया और 30 दिसम्बर, 1970 को इनकी ओर आयकर तथा उत्पादन शुल्क की कितनी राशि बकाया थी ; और

(ग) क्या पिछले तीन वर्षों में केन्द्रीय सरकार के कुछ वरिष्ठ अधिकारियों ने इन उद्योगों के लेखों का परीक्षण किया था ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) मध्य प्रदेश के रतलाम,

भोपाल तथा मंदसौर जिलों में भूसे (straw) के उत्पादों के स्टार्च, चीनी (sugar), सूती धागे तथा कपड़ों का उत्पादन करने वाले कारखानों

द्वारा वर्ष 1968-69, 1969-70 तथा 1970-71 में नीचे दिए अनुसार उत्पादन-शुल्क अदा किया गया।

जिन्सों के नाम	1968-69	1969-70	1970-71
	र०	र०	र०
भूसे के उत्पादों का स्टार्च	कुछ नहीं	कुछ नहीं	कुछ नहीं
चीनी	41,35,472	24,45,444	66,59,480
सूती धागे	5,48,604	7,36,627	9,63,404
कपड़े	13,22,537	12,09,427	11,56,313

(ख) दिसम्बर 1970 के अन्त में उक्त कारखानों की ओर उत्पादन शुल्क को 33,637 र० की रकम बकाया थी। 1968-69 से 1970-71 की अवधि में इन कारखानों का संचालन करने वाले प्रबंध निदेशकों अथवा कम्पनियों से आयकर की वसूली तथा दिसम्बर 1970 के अन्त में उनकी तरफ बकाया आयकर की रकम से सम्बन्धित सूचना एकत्रित की जा रही है और उसे सभा-पटल पर रख दिया जायगा।

(ग) उत्पादन शुल्क लगने योग्य माल के उत्पादन और निकासी संबंध हिस्सों की तथा इन एककों द्वारा अदा किए गये केन्द्रीय उत्पादन शुल्क की सामान्य तौर पर लेखा परीक्षा केन्द्रीय उत्पादन शुल्क विभाग के अधिकारियों तथा कुछ मामलों में महालेखाकार के कार्यालय के लेखा परीक्षा दलों द्वारा की गई थी।

पोस्ट के छिलकों की बिक्री

2608. डा० लक्ष्मीनारायण पांडे : क्या बिस्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या एक अफीम उत्पादक प्रतिवर्ष जून के बाद अपने पास पोस्ट के छिलके नहीं रख सकता ;

(ख) क्या उसे अपने उत्पात के लिए केवल 4 या पांच रुपये प्रति क्विंटल मिलते हैं ;

(ग) क्या उसे वह बाजार में बेचने के लिए जिला कलेक्टर से परमिट लेना पड़ता है ;

(घ) क्या दूर-दूर बसे गांवों में रहने वाले किसानों को इस प्रकार का परमिट लेना बड़ा कठिन होता है क्योंकि कभी-कभी उनके गांवों और जिला कलेक्टर के कार्यालय की दूरी 100-100 मील तक होती है ; और

(ङ) यदि हां, तो क्या सरकार का संबंधित नियम में कोई परिवर्तन करने का विचार है ?

बिस्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) अफीम उगाने वाला प्रतिवर्ष 1 अप्रैल से 31 जुलाई तक 'पोस्ट की भूसी' अपने पास रख सकता है।

(ख) उपलब्ध सूचना के अनुसार, किसान को 'पोस्ट की भूसी' के प्रति क्विंटल पर लगभग 6 रुपये से 10 रुपये तक मिलते हैं।

(ग) प्रतिवर्ष 4 अप्रैल से 31 जुलाई तक, बाजार में 'पोस्ट की भूसी' बेचने के लिए किसान को किसी प्रकार का परमिट लेना आवश्यक नहीं है। इस तारीख के बाद पोस्ट की भूसी बेचने

के लिए राज्य सरकार के उपयुक्त अधिकारी से परमिट लेना आवश्यक है।

(ब) और (ड). इस सम्बन्ध में सरकार को किसानों से कोई शिकायत प्राप्त नहीं हुई है क्योंकि वे लोग आम तौर पर पोस्ट की भूसी बेचने का काम प्रतिवर्ष 31 जुलाई से पहले ही पूरा कर लेते हैं।

मध्य प्रदेश में समाज कल्याण संस्थाओं को अनुदान

2609. डा० लक्ष्मीनारायण पांडे : क्या शिक्षा और समाज कल्याण मंत्री यह बताने की कृपा करेंगे कि मध्य प्रदेश में उन समाज कल्याण संस्थाओं के नाम क्या हैं जिनको गत दो वर्षों में केन्द्रीय समाज कल्याण बोर्ड द्वारा अनुदान दिए गये थे ?

शिक्षा और समाज कल्याण मंत्रालय में उप-मंत्री (श्री के० एस० रामास्वामी) : यह जानकारी सभा पटल पर रखे गये विवरणों में दी गई है। [ग्रन्थालय में रख दिये गये। देखिए संख्या LT—470/71]

Income Tax outstanding against M/s Bharat Commercial Company

2610. SHRI K. LAKKAPPA :
SHRI YAMUNA PRASAD
MANDAL:

Will the Minister of FINANCE be pleased to state :

(a) whether a sum of Rs. 34 lakhs has been outstanding against M/s Bharat Commercial Company as Income-tax ;

(b) if so, since when this amount has been outstanding ; and

(c) the steps taken or proposed to be taken by Government to realise this amount ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.R. GANESH) : (a) Income-tax demand of Rs. 34 lakhs has been outstanding against M/s Bharat Commercial Company for the assessment year 1962-63.

(b) This amount has been outstanding since the 7th January, 1970.

(c) The recovery of this amount (and some other amounts pertaining to other assessment years) has been stayed by the Income-tax Appellate Tribunal till the disposal of the relevant appeals by them. The Tribunal however, directed that a sum of Rs. 45.33 lakhs should be placed by the assessee company in fixed deposit with the State Bank of India in the name of M/s Khaitan & Co. Solicitors of the company, and a guarantee be given by the Solicitors for the said sum to the Income-tax Department. The Solicitors have accordingly furnished necessary guarantee to the Income-tax Officer.

Income-Tax outstanding against Ashoka Marketing Co.

2611. SHRI YAMUNA PRASAD
MANDAL : Will the Minister of
FINANCE be pleased to state :

(a) whether a sum of Rs. 38 lakhs has been outstanding against M/s Ashoka Marketing Co. as Income-tax ;

(b) if so, since when this amount has been outstanding ; and

(c) the steps taken by Government to recover this amount ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) A sum of Rs. 55.46 lakhs is outstanding against M/s Ashoka Marketing Co.

(b) This amount consists of the following items outstanding since the dates noted against them :—

Amount Rs.	Date since which outstanding
15,96,000	29.8.1967
4,89,000	1.4.1962
27,07,000	1.3.1963
51,000	29.2.1968
7,03,000	1.6.1970

(c) The first item of demand of Rs. 15.96 lakhs noted above has been stayed by the Calcutta High Court. The next three items totalling Rs. 32.47 lakhs have been stayed by the Central Board of Direct Taxes. The last item of demand of Rs. 7.03 lakhs has been stayed by other authorities till the decision of the appeal filed by the assessee. Although recovery certificate

proceedings for the last four items of demand stayed by the Central Board of Direct Taxes and other authorities have been formally initiated, active steps can be taken after the pending matters for which stay has been given, are cleared.

Number of Students gone Abroad

2612. SHRI SHYAMNANDAN MISHRA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the number of students who went abroad for studies during, 1968, 1969 and 1970 year-wise ; and

(b) the number of students out of them who went on their own, on Government account, and on foreign account, separately during this period ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) and (b). A Statement is enclosed.

Statement

Year	Own Account	Government Account	Foreign Account	Other Sources*	Total
1	2	3	4	5	6
1968	2,053	211	2,533	468	5,265
1969	2,310	127	1,886	448	4,771
1970	2,952	48	1,320	314	4,634

सारन जिले के तरय्या बाजार में राष्ट्रीयकृत बैंक की एक शाखा खोलना

2613. श्री कमल मिश्र मधुकर : क्या जून मंत्री यह बताने की कृपा करेंगे कि :

सक

* Trainees etc. deputed by firms/companies etc.

(क) क्या सरकार ने निकट भविष्य में सारन जिले के तरय्या बाजार में किसी एक राष्ट्रीयकृत बैंक की एक शाखा खोलने का कोई निर्णय लिया है ; और

(ख) यदि हाँ, तो बैंक की एक शाखा कब तक खोली जायेगी ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) : (क) और (ख). इस समय बिहार में सारन जिले के तरग्या बाजार में राष्ट्रीयकृत बैंक का कोई कार्यालय खोलने का प्रस्ताव नहीं है। किन्तु, इस जिले के नेता बैंक, सेंट्रल बैंक आफ इंडिया, से उचित स्थान पर एक कार्यालय खोलने की सम्भाव्यता पर विचार करने के लिए कहा गया है।

बिहार के चम्पारन जिले में राष्ट्रीयकृत बैंकों से ऋण लेने में असुविधा

2614. श्री कमल मिश्र मधुकर : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार के चम्पारन जिले के लोगों को उस क्षेत्र में स्थित राष्ट्रीयकृत बैंकों से ऋण प्राप्त करने में काफी असुविधा का सामना करना पड़ता है हालांकि उनके द्वारा इन बैंकों में जमा किया गया धन उन्हें अपना व्यापार चलाने के लिए दिए ऋण की राशि से बहुत अधिक है ; और

(ख) यदि हाँ, तो इस स्थिति को सुधारने के लिए सरकार का क्या कार्यवाही करने का विचार है ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) : (क) और (ख). अलग-अलग ऋणकर्त्ताओं को दिये गये ऋणों की राशि का किसी विशेष क्षेत्र में संगृहीत रकमों से कोई प्रत्यक्ष सम्बन्ध नहीं होता है। सक्षम समझे जाने वाले सभी उत्पादनशील प्रयोजनों के लिए ऋण दिये जाते हैं। राष्ट्रीयकृत बैंकों द्वारा छोटे ऋणकर्त्ताओं के सम्बन्ध में उदार ऋण नीति अपनाये जाने के बावजूद, यह आरोप लगाते हुए शिकायतें अवश्य आती हैं कि छोटे ऋणकर्त्ताओं की ऋण सम्बन्धी आवश्यकताओं पर पर्याप्त ध्यान नहीं दिया जा रहा है। छोटे ऋणकर्त्ताओं को ऋण

सम्बन्धी वास्तविक आवश्यकताओं पर तत्परता से विचार करने के लिए बैंकों पर जोर डालने के अलावा जब विशिष्ट शिकायतें मिलती हैं तो सम्बद्ध बैंक से मामले की जांच करने और उन शिकायतों को दूर करने के उपायों को अपनाने का अनुरोध किया जाता है।

बिहार के चम्पारन जिले में राष्ट्रीयकृत बैंकों की समूची सुविधाओं में कृषकों का भाग

2615. श्री कमल मिश्र मधुकर : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) बिहार के चम्पारन जिले में राष्ट्रीयकृत बैंकों द्वारा किसानों को दी गई समूची सुविधाओं में मध्यम श्रेणी के और छोटे किसानों का अनुपातिक भाग कितना-कितना है ; और

(ख) मध्यम श्रेणी के और छोटे किसानों को इनका लाभ न मिलने की स्थिति में सरकार का विचार ऐसी योजनाओं को ग्राम पंचायत और मंडलीय स्तर पर प्रभावी बनाने के लिए क्या कार्यवाही करने का है ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) :

(क) और (ख). राष्ट्रीयकृत बैंक मध्यम श्रेणी के और छोटे किसानों को दिये गये अग्रिमों के आँकड़े अलग-अलग नहीं रखते। फिर भी, सरकार ने राष्ट्रीयकृत बैंकों पर, अब तक उपेक्षित क्षेत्रों, जिनमें कृषि, विशेष रूप से छोटे किसान शामिल हैं, को प्राथमिकता देने की आवश्यकता पर जोर दिया है।

ग्रामों में सांस्कृतिक जीवन की बिगड़ती हुई स्थिति

2616. श्री कमल मिश्र मधुकर : क्या संस्कृति मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या केन्द्रीय सरकार ने ग्रामों में सांस्कृतिक जीवन की बिगड़ती हुई स्थिति को सुधारने का प्रयत्न किया है ;

(ख) यदि हां, तो सरकार द्वारा इस सम्बन्ध में बिहार में की गई कार्यवाहियों का क्या परिणाम निकला है ; और

(ग) ग्रामों में सांस्कृतिक क्रियाकलापों को बढ़ावा देने के लिए चौथी योजना के अन्तर्गत तैयार किये गये कार्यक्रम क्या हैं ?

शिक्षा और समाज कल्याण मन्त्रालय और सांस्कृतिक विभाग मन्त्री (श्री सिद्धार्थ शंकरराय) :

(क) सरकार का ऐसा विचार नहीं है ग्रामों में सांस्कृतिक जीवन की स्थिति में कोई गिरावट आई है। ग्रामों में सांस्कृतिक जीवन की स्थिति में सुधार लाने के लिए कोई विशिष्ट योजना नहीं बनाई गई है।

(ख) प्रश्न नहीं उठता।

चौथी पंचवर्षीय योजना में केवल ग्रामों के हेतु सांस्कृतिक कार्यक्रमों की उन्नति के लिए कोई विशिष्ट कार्यक्रम नहीं बनाया गया है।

Loans advanced by Nationalised Banks in District Bahraich U. P.

2618. SHRI B. R. SHUKLA : Will the Minister of FINANCE be pleased to state :

(a) the total amount of loans advanced by the nationalised banks functioning in the district Bahraich (U. P.) after nationalisation ;

(b) the respective amounts of loans advanced to cultivators, businessmen, persons of low-income groups such as rikshaw pliers, motor car drivers and to persons carrying on trade on a small scale ; and

(c) whether any loan was advanced by the nationalised banks functioning at Bahraich to any engineer or doctor ?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : (a) to (c). Information asked for is not readily available ; to the extent possible it will be collected and laid on the Table of the House.

Demonetisation of Currency to Unearth Black Money

2619. SHRI JYOTIRMOY BOSU : Will the Minister of FINANCE be pleased to state :

(a) whether the Direct Taxes Enquiry Committee, appointed by the Central Government about a year ago, has recommended almost wholesale demonetisation of Indian currency as the best way to smash the "Parallel Economy of Black Money";

(b) if so, whether Government have accepted the said recommendation of the Committee ; and

(c) if not, the reasons thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) to (c). The interim report of the Direct Taxes Enquiry Committee is under the consideration of the Government.

Grants to Higher Secondary Schools in Tripura for Construction of Hostels

2620. SHRI DASARATHA DEB : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether any amount was granted to the Higher Secondary Schools in Tripura out of tribal Welfare Fund with a view to constructing Hostels for providing accommodation to Tribal students during the Third Five Year Plan ;

(b) if so, the names of the recipient Institutions and the amount received by each of them so far ; and

(c) the number of Tribal students staying in each Hostel at present ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) to (c). The requisite information is being collected from the Tripura Administration and will be laid on the Table of the Sabha as soon as possible.

**Steps to improve Transport System
of Tripura**

2621. SHRI BIREN DUTTA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether due to scarcity of tyres and tubes of Motor vehicles in Tripura a bottleneck has been created ;

(b) whether the Lt. Governor of Tripura has assured to remove the bottlenecks; and

(c) the steps Government propose to take to improve the transport system of Tripura already over-burdened by the heavy influx of displaced persons ?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) :

(a) A wireless message was received from the Tripura Administration asking for assistance to the Tripura Road Transport Corporation in securing 100 truck tyres required by it for relief work for refugees from East Bengal. A representative of M/s. Dunlop (India) Limited was contacted immediately for arranging to rush supplies to that corporation. Intimation about the actual despatch of tyres to the Tripura Road Transport Corporation is awaited.

Apart from the above, no report of shortage of truck tyres in Tripura has been received from the Tripura Administration.

(b) and (c). The information required is being collected from the Tripura Administration and will be laid on the table of the Sabha, when received.

State Transport Board in Tripura

2622. SHRI BIREN DUTTA : Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether a State Transport Board has been constituted in Tripura, if so, on what date ; and

(b) how many buses and trucks are under the control of this Board ?

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) and (b). No State Transport Board has been constituted in Tripura but the Tripura Road Transport Corporation was established on the 31st March, 1970, under the Road Transport Corporations Act, 1950, for the management of the road transport services in the territory. This Corporation has already purchased 34 trucks and proposes to purchase a further 26 trucks before the end of June, 1971. No bus has yet been purchased by this Corporation.

Grant for Upgrading of School in Tripura

2623. SHRI BIREN DUTTA : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether Government of Tripura have asked for grants for upgrading Jalghara school of Tripura upto Higher Secondary stage ; and

(b) if so, the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) and (b). No, Sir. There is no School named Jalghara school in Tripura. However, there is a school named Salgarah Senior Basic School in Tripura. The upgradation of this school into High School during the current financial year is under the consideration of the Tripura Administration.

**Grants to Andhra Pradesh Government
for Construction of Houses for
Harijans**

2624. SHRI T. BALAKRISHNIAH : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether any amount has been allotted to the Government of Andhra Pradesh for construction of houses for Harijans and Girijans during 1970-71 ; and

(b) if so, what ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : (a) Yes, Sir.

(b) Information is given in the statement laid on the Table of the House. [Placed in Library. See No. LT-471/71]

Loans Advanced to Small Scale Industries by Nationalised Banks in Tamilnadu

2625. SHRI BHUVARAHAN : Will the Minister of FINANCE be pleased to state :

(a) the amount of loans and advances so far given to small scale industries by the nationalised banks in Tamil Nadu during the last two years ; and

(b) whether there is any target fixed for each Bank for giving loans and advances to small scale industries ?

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN) : (a) Upto the end of December 1970, figures of advances extended by the nationalised banks to small scale industries in Tamil Nadu are given below :

No. of accounts :	9709
-------------------	------

*Amount Outstanding : Rs. 22.36 crores.

*Includes advances to industrial estates also.

(b) Nationalised Banks do not allocate amounts separately for each category. Under the liberalised procedure for giving credit since nationalisation the banks are endeavouring to meet the credit requirements of the small-scale sector in a increasing measure.

Students Sent Abroad for Higher Studies

2626. SHRIMATI BHARGAVI THANKAPPAN : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the number of students sent abroad for higher studies during last three years, year-wise and state-wise ;

(b) the number of students belonging to the Scheduled Castes and Scheduled Tribes ; and

(c) the criteria regarding the selection of students for higher studies abroad ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) and (b). A statement is attached.

(c) There are two scholarship schemes for studies abroad administered by the Ministry of Education and Social Welfare. The first relates to the offers made by foreign Governments/Agencies. For this the only criterion of selection is merit. The second scheme which is financed entirely by the Govt. of India is open to Scheduled Castes, Scheduled Tribes and Denotified Tribes students only. Nine scholarships under this scheme are available every year. Though 9 candidates are selected every year, it is not always possible to find placement for them in their selected subjects in foreign countries and hence the shortfall during the three years. It is also to be noted that during the last three years one Scheduled Caste candidate was selected on merit basis for scheme number one mentioned above.

Statement

The following number of scholars were sent abroad for higher studies during the last three years :

Year	No. of student sent abroad and Scheduled Castes and Scheduled Tribes amongst them		
	Total No.	S.C. & S.T. amongst them

University Grants Commission's Grants to Kerala University

2627. SHRIMATI BHARGAVI THANKAPPAN : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) the amount of grants given to the Kerala University by the University Grants Commission during the last two years ; and

(b) how does it compare with the grants given to other Universities in the country during the last two years, year-wise and State-wise ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND

SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) and (b). A statement showing the grants paid by the University Grants Commission to the University/Institution deemed to be Universities including the Kerala University, is laid on the Table of the House. [*Placed in Library. See No. LT-472/71*]

Housing Loans Scheme of L.I.C.

2628. SHRIMATI BHARGAVI THANKAPPAN : Will the Minister of FINANCE be pleased to state :

(a) whether Government propose to extend the housing loans scheme of the Life Insurance Corporation to cities having a population of more than ten thousand ; and

(b) if so, when a decision is likely to be taken in the matter ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : (a) and (b). No, Sir. The LIC's "Property Mortgage" Scheme and "Own Your Home" Scheme, which provide loan finance for housing, have been extended to all centres where it has either a branch office or a sub-office, irrespective of the population. At some centres the population is even less than 10000. The Scheme are also in operation at a few other selected centres where the LIC does not have any office. The total number of centres where the Schemes are in operation is 423.

आर्थिक कार्य विभाग में अनुभाग अधिकारी,
हिन्दी अनुवादक और हिन्दी सहायक

2629. श्री चन्द्रपाल सैलानी : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) उनके मन्त्रालय के आर्थिक कार्य विभाग के हिन्दी अनुभाग में अनुभाग अधिकारियों, हिन्दी अनुवादकों और हिन्दी सहायकों की संख्या कितनी है ;

(ख) उक्त पदों के लिए भर्ती और पदोन्नति की पद्धति क्या है ;

(ग) उनमें अनुसूचित जाति और अनुसूचित जनजाति के कर्मचारियों की संख्या कितनी है ; और

(घ) अगर उपर्युक्त भाग (ग) का उत्तर नकारात्मक हो तो उसके क्या कारण हैं ?

वित्त मन्त्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) हिन्दी अनुभाग में कर्मचारियों की स्थिति इस प्रकार है :

(i) अनुभाग अधिकारी 2

(ii) हिन्दी अनुवादक 10

(iii) हिन्दी सहायक 7

(ख) (i) अनुभाग अधिकारी : विभाग में अनुवादक पदक्रम (ग्रेड) में 5 वर्ष की सेवा वाले अनुवादकों की पदोन्नति द्वारा, ऐसा न होने पर प्रतिनियुक्ति पर अन्तरण द्वारा, ऐसा भी न होने की स्थिति में सीधी भर्ती द्वारा ।

(ii) हिन्दी अनुवादक : वित्त मन्त्रालय में काम करने वाले और फिलहाल हिन्दी सहायक के पद पर कार्य करने वाले ऐसे व्यक्तियों के अन्तरण द्वारा जिन्होंने हिन्दी सहायक (पदक्रम 210—530 रुपये) के रूप में कम से कम 3 वर्ष काम किया हो, ऐसा न होने की स्थिति में सीधी भर्ती द्वारा ।

(iii) हिन्दी सहायक : चूंकि सरकार ने इन पदों को समाप्त करने और इनके बदले अनुवादकों के पद बनाने का फैसला किया है इसलिए इन पदों के सम्बन्ध में भर्ती के कोई नियम नहीं बनाए गए हैं। वर्तमान पदधारियों को अखिल सचिवालयिक आधार पर, हिन्दी जानने वाले उच्च श्रेणी लिपिकों और निम्न श्रेणी लिपिकों में से चुना गया था ।

(ग) कोई नहीं ।

(घ) अनुभाग अधिकारी पद क्रम के मामले में प्रारक्षण सम्बन्धी आदेश लागू नहीं होते क्योंकि इन्हें पदोन्नति द्वारा भरा गया है। जहाँ तक अनुवादकों का सम्बन्ध है, ऐसे हिन्दी सहायक, जिन्हें पदोन्नत करके अनुवादक बनाया गया है, शुरू में संघ लोक सेवा आयोग के माध्यम से भर्ती किये गये थे और गृह मन्त्रालय द्वारा नामित किए गए थे। उस मन्त्रालय द्वारा अनुसूचित जाति और अनुसूचित आदिम जाति के किसी हिन्दी सहायक को आर्थिक कार्य विभाग में नामित नहीं किया गया था। हिन्दी सहायकों के मामले में, तदर्थ नियुक्तियाँ, अखिल सचिवालयिक आधार पर, हिन्दी जानने वाले उच्च श्रेणी लिपिकों और निम्न श्रेणी लिपिकों में से की गयी है। ये पूर्णतः तदर्थ नियुक्तियाँ हैं क्योंकि गृह मन्त्रालय के वर्तमान अनुदेशों के अनुसार हिन्दी सहायकों के पद समाप्त किये

जाने हैं और इनके स्थान पर हिन्दी अनुवादकों के पदों का निर्माण किया जाना है। इस सम्बन्ध में कार्रवाई की जा रही है और जब भर्ती के नियम बन जायेंगे, तो पदों को नियमित आधार पर भरा जायगा और अनुसूचित जातियों, अनुसूचित आदिम जातियों के लिए प्रारक्षण सम्बन्धी आदेशों का पालन किया जायगा।

**Recognition to National Diploma in
Commerce for Admission to
M.B.A. Course**

2630. SHRI KINDER LAL : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether the Delhi University has withdrawn from this year the recognition of Government of India's National Diploma in commerce course for admission to Master of Business Administration course, if so, the reasons therefor ;

(b) the reasons for certain restrictions being imposed by Delhi University on Government of India's National Diploma holders for admission to Post-Graduate courses ;

(c) whether Aligarh University has sent a scheme for government's approval for starting Correspondence course at Post-Graduate level for National Diploma holders, if so, whether Government propose to implement it early ; and

(d) how Government propose to find a solution for further studies in Post-Graduate courses by National Diploma (Commerce) students at the Delhi University ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (SHRI D. P. YADAVA) : (a) The Delhi University had at no time recognised the National Diploma in Commerce for admission to the Master's Degree Course in Business Administration. Therefore, the question of withdrawal of the recognition does not arise.

(b) The University has not considered the National Diploma in Commerce as academically equivalent to its B. Com. degree for the purpose of admission to the M. Com. Course. The University, however, under a temporary Ordinance (1968) made a special provision for the holders of the National Diploma in Commerce to either appear for the B. Com. degree examination of the University or to sit for an entrance test for admission to the M. Com. course, after undergoing a course of instruction of two academic terms in both cases.

(c) No specific scheme has been received from the University. The proposal is still under the consideration of the University.

(d) A number of Indian universities have recognised the National Diploma as equivalent to their B. Com degree for purpose of admission to postgraduate courses in commerce. National Diploma holders can seek admission to these universities for continuing their studies for the M. Com. degree.

**Finance Allocation for Prohibition
Programme in U. P.**

2631. SHRI K. C. PANDEY : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state the amount allotted by the Central Government for prohibition during the Fourth Plan period for U.P. ?

THE DEPUTY MINISTER IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE (SHRI K. S. RAMASWAMY) : As per entry 8 of List II of the Seventh Schedule to the Constitution, the prohibition programme and its implementation fall in sphere of the responsibility of State Governments, and as such no amount has been allotted by the Central Government to U. P. in this regard under Plan provision.

**Development of Places of Tourist Interest
in Rajasthan**

2632. SHRI BRIJ RAJ SINGH-KOTAH : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state the steps taken up by Government for the development of places of tourist interest in Kota and its environment in Rajasthan and further plans in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SAROJINI MAHISHI) : Due to limitation for resources and strict order of priorities no schemes have been formulated in the Central Sector for the development of tourist facilities in and around Kota.

Air Flights connecting regional Capitals with Delhi

2633. SHRI BRIJ RAJ SINGH-KOTAH : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) whether Government are aware that at present there is no proper air-link of important regional capitals like Trivandrum, Bangalore and Bhubaneswar with Delhi ; and

(b) whether Government have any plans to remove the difficulty of passengers who want to save time ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SAROJINI MAHISHI) : (a) and (b). Same-day connections, both ways, are available between (1) Delhi and Bhubaneswar ; and (2) Delhi and Bangalore. There is a same day connection from Trivandrum to Delhi but not in the reverse direction. Indian Airlines have plans to provide this from the winter of 71.

Booking done by Indian Airlines on Bombay-Cochin and Cochin-Bombay Sectors

2634. SHRI VAYALAR RAVI : Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state :

(a) the total number of bookings done by Indian Airlines on Bombay-Cochin and Cochin-Bombay Sector since January, 1970 ; and

(b) how far the Indian-Airlines has met with the demands of passengers ?

THE MINISTER OF STATE IN THE MINISTRY OF TOURISM AND CIVIL AVIATION (DR. SAROJINI MAHISHI) : (a) and (b). Indian Airlines carried 26,880

passengers from Cochin to Bombay and 25,767 from Bombay to Cochin during the period January, 1970 to May, 1971. However, capacity fell short of the requirements.

12.00 hrs.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

REPORTED HEAVY FLOODS IN THE GANGES, ALAKNANDA, TEESTA AND THE RIVERS OF ASSAM

श्री रामावतार शास्त्री (पटना) : मैं अवि-लम्बनीय लोक महत्व के निम्नलिखित विषय की ओर सिंचाई और विद्युत मंत्री का ध्यान दिलाता हूँ और प्रार्थना करता हूँ कि वह इस बारे में एक वक्तव्य दें :

“बिहार में गंगा नदी में, उत्तर प्रदेश में अलकनन्दा नदी में, पश्चिम बंगाल के कूच बिहार और जलपाईगुड़ी जिलों में तीस्ता नदी में तथा असम में कुछ नदियों में कथित भारी बाढ़ आ जाने से उत्पन्न स्थिति ।”

सिंचाई और विद्युत मंत्रालय में उप-मंत्री (श्री बंजनाथ कुरील) : दक्षिण पश्चिमी मानसून असम में 29 मई को, उत्तर बंगाल में 31 मई को, बिहार में 3 जून को, पूर्वी उत्तर प्रदेश में 6 जून को और पश्चिमी उत्तर प्रदेश में 8 जून को आगे बढ़ा । 16 जून तक मानसून वृष्टि उत्तर बंगाल, बिहार और उत्तर प्रदेश में अधिक थी और असम में कम थी । इस अवधि के दौरान रिकार्ड की गई भारी वृष्टि इस प्रकार थी—असम में पस्सीघाट में 9 जून और 10 जून को 13 सेन्टीमीटर, डिब्रुगढ़ में 9 जून को 10 सेन्टीमीटर और जोरहाट में 15 जून को 14 सेन्टीमीटर, उत्तर बंगाल में बागडोगरा में 11 तथा 12 जून को 18 सेन्टीमीटर, जलपाईगुड़ी में 12 या 13 जून को 19 सेन्टीमीटर और कूच बिहार में 15 जून को 22 सेन्टीमीटर, उत्तर प्रदेश के जोशीमठ में 12 तथा 14 जून को क्रमशः 8 सेन्टीमीटर तथा 6 सेन्टीमीटर और धारचूला में 14 जून को 27 सेन्टीमीटर ।

चालू मानसून के दौरान असम में ब्रह्मपुत्र तथा इसकी कुछ सहायक नदियों, उत्तरी बंगाल में तीस्ता ; उत्तर बिहार में गंगा और कुछ नदियों और उत्तर प्रदेश के चमोली तथा पिथौरागढ़ जिलों में, बाढ़ों की सूचना मिली है। अब तक प्राप्त बाढ़ों की स्थिति का ब्यौरा निम्नलिखित है:—

असम में ब्रह्मपुत्र और इसकी सहायक नदियों सुबनसिरी और पगलाडिया में बाढ़ें आईं। ब्रह्मपुत्र डिब्रुगढ़ में 31 जून को और नियामाटी में 12 जून से आगे चेतावनी स्तर से ऊपर थी। डिब्रुगढ़ में जल-स्तर 14 जून को चेतावनी स्तर से नीचे गिर गया था। नियामाटी में जल-स्तर 16 जून को गिरना शुरू हो गया परन्तु 17 जून तक भी चेतावनी स्तर से ऊपर था। अन्य स्थानों पर जल-स्तर चेतावनी स्तरों से नीचे थे। भू-कटाव के परिणामस्वरूप सुबनसिरि के बाएं तटबन्ध में दरार आ गई।

उत्तर बंगाल में 4 जून को तीस्ता में साधारण दर्जे की बाढ़ें आईं और जलपाईगुड़ी तथा कूच बिहार जिलों के अरक्षित क्षेत्रों में जल-उमड़ाव (स्पिल्लोंग) हुआ। 8 जून को तीस्ता में फिर बाढ़ें आयीं। 14 जून के प्रारम्भिक घण्टों में तीस्ता में भारी बाढ़ आई थी। बाढ़ें उसी दिन दोपहर तक घट गयीं।

बिहार में गंगा में केवल नीची बाढ़ें आयीं। कमला बालान, बागमती और कोसी में मध्यम बाढ़ें आयीं। 17 जून को बागमती चढ़ रही थी लेकिन फिर भी चेतावनी स्तर के नीचे थी। अभी तक किसी क्षति की सूचना नहीं मिली है।

उत्तर प्रदेश में 10 जून को चमोली जिले के अलकनंदा बेसिन में भारी वर्षा हुई। भू-स्खलन तथा मकानों के गिरने से 5 व्यक्तियों की मृत्यु होने की सूचना मिली है। रींगीगाड पर एक पुल बह गया था। नन्दिप्रयाग से आगे

बदरीनाथ सड़क पर कई जगहों में दरारें पड़ गई थीं। विरही पर एक अस्थाई पुल बह गया। पिथौरागढ़ जिले में 10 और 11 जून को भारी वर्षा हुई। धारचूला के निकट गर्लपति पुल बह गया तथा यातायात भंग हो गया। एक व्यक्ति की जान गई। धारचूला में सरकारी और निजी सम्पत्ति की हानि हुई।

राज्य सरकारें क्षति का मूल्यांकन कर रही हैं।

श्री रामावतार शास्त्री : 23 वर्षों की आजादी के बाद भी हमारे देश में हर साल किसी न किसी सूबे में या कुछ सूबों में बाढ़ें प्रायः आती रहती हैं और लाखों व्यक्तियों को इससे जान माल की क्षति उठानी पड़ती है। इस साल हम में से किसी को भी उम्मीद नहीं थी कि वर्षा इतनी पहले शुरू हो जायगी और उसके परिणामस्वरूप बाढ़ें पहले आ जायेंगी। लेकिन इस साल बाढ़ें समय से पहले आ गई हैं। बिहार में गंगा नदी, कोसी, गंडक, बागमती, भुतही, बलान, पुनपुन, सोन इत्यादि जितनी भी बिहार की नदियां हैं चाहे वे बिहार में हों या उत्तरी बिहार में, सभी में बाढ़ आ गई है और बहुत सी फसलों को नुकसान हुआ है। मकई की फसल करीब-करीब बरबाद हो गई है। लेकिन सरकार ने बयान में कहा है कि कोई क्षति नहीं हुई। मालूम नहीं यह समाचार उन्हें कैसे मिला। बाढ़ के फलस्वरूप बिहार के जितने भी जिले हैं, दरभंगा, मुजफ्फरपुर, सारन, चम्पारन, पूर्णिया, सहरसा, भागलपुर, मुंगेर पटना, गया, शाहाबाद आदि सभी बाढ़ की चपेट में हैं और सैकड़ों गांव बाढ़ से घिरे हुए हैं। कई जगहों से यह रिपोर्ट आ रही है कि संक्रामक रोग भी फैलने लगा है। पशुओं को चारा मिलना मुश्किल हो गया है और हजारों घर क्षतिग्रस्त हो चुके हैं। करोड़ों रुपये की बरबादी हुई है। यह स्थिति आज हमारे बिहार की है। हर साल यहां बाढ़ आती है और बिहार के लिए यह कोई नई बात नहीं है।

[श्री रामावतार शास्त्री]

उत्तर प्रदेश में भी अलकनंदा नदी में बाढ़ आई। पिछले साल भी वहां उसमें बाढ़ आई थी जिसकी वजह से 22 बसें पानी में बह गई थीं और सैकड़ों लोग उस समय मारे गये थे। इस साल फिर उसमें बाढ़ आई और तीन लड़कियां बह चुकी हैं। आपने खुद बताया है कि पांच या सात आदमी और मर चुके हैं। आवागमन के साधन बदरीनाथ को बन्द हो चुके हैं और बहुत भारी क्षति का अनुमान है। यह उत्तर प्रदेश की स्थिति है। वहां भू-स्खलन भी हो रहा है, पहाड़ टूट कर गिर रहे हैं जिसकी वजह से भी नुकसान हो रहा है, लोग मर रहे हैं। चार गांवों का तो बिल्कुल पता ही नहीं है कि कहाँ हैं, बह कर कहाँ चले गये हैं।

जहां तक बंगाल का सम्बन्ध है उत्तरी बंगाल में तीस्ता नदी में बाढ़ आने की वजह से कूच बिहार और जलपाईगुड़ी में खतरा उत्पन्न हो गया है। जलपाईगुड़ी शहर में पानी आ गया है जैसे बिहार के सीतामढ़ी में आ गया है। असम की ब्रह्मपुत्र नदी में बाढ़ आ गई है जिसकी वजह से 146 गांव प्रभावित हुये हैं। अभी बरसात के दो महीने बाकी हैं। अभी तो श्रीगणेश ही हुआ है, प्रारम्भ ही हुआ है और आगे चलकर पता नहीं स्थिति कहाँ तक बिगड़ेगी। इसी से आप अनुमान लगा सकते हैं कि आने वाले दिनों में कैसी मुसीबत हिन्दुस्तान के विभिन्न सूबों के नागरिकों को उठानी पड़ेगी, किसानों, मजदूरों और गरीब लोगों को भुगतनी पड़ेगी। इस स्थिति पर 23 वर्ष की आजादी के दौरान भी हम काबू नहीं पा सके हैं।

इस पृष्ठभूमि में मैं सरकार से जानना चाहता हूँ कि सरकार ने बाढ़ों की समस्या को स्थायी रूप से हल करने के लिए पिछले तीन सालों के अन्दर कौन सी योजनाएँ लागू की हैं और उसका क्या नतीजा निकला है और इसमें सरकार की कितनी धनराशि व्यय हुई है।

भविष्य में बाढ़ें न आयें और अगर आएँ तो हम उनका मुकाबला कर सकें, इसके लिए

आपने अगर कोई योजना बनाई है तो उस योजना का खाका सदन के सामने और देश के सामने आप रखें ताकि जनता को यह भरोसा हो सके कि सरकार सचमुच में बाढ़ों को रोकने और बाढ़ों से प्रताड़ित लोगों की मदद करने के लिए तैयार है।

इस साल जो बाढ़ आई है, क्या सरकार को इसके बारे में पहले से कोई अनुमान था या नहीं; अगर था, तो इससे बचने के लिए सरकार ने क्या उपाय किये?

1967 के चुनाव के बाद पश्चिमी बंगाल में जो संयुक्त मोर्चा की सरकार बनी थी, उसके सिंचाई मंत्री, श्री विश्वनाथ मुकर्जी, ने पश्चिमी बंगाल में बाढ़ की रोक-थाम के लिए, और बिहार को उसके असर से बचाने के लिए, एक मास्टर प्लान दिया था। उसके बाद 1968 में वहां फिर बाढ़ आई। उन्होंने 1969 में फिर मास्टर प्लान दिया। मैं यह जानना चाहता हूँ कि क्या केन्द्रीय सरकार ने उस मास्टर प्लान को लागू किया है या नहीं; अगर नहीं, तो कौन से व्यवधान उपस्थित हो गये, जिनकी वजह से उस मास्टर प्लान को लागू नहीं किया गया। क्या सरकार पश्चिमी बंगाल और बिहार की जनता को बाढ़ से बचाने के लिए उस प्लान को लागू करने का इरादा रखती है या नहीं? अगर सरकार ऐसा नहीं करेगी, तो वह हिमालय से निकलने वाली नदियों की बेगवती धारा को नहीं रोक सकेगी, जिसका परिणाम यह होगा कि उस क्षेत्र में जीवन और सम्पत्ति की बहुत क्षति होगी।

यह बाढ़ हर साल आती है और इस बार भी आई है। हर साल लाखों सरकारी कर्मचारी बाढ़ की चपेट में आते हैं, जिससे उन्हें अनेक बाधाओं और कठिनाइयों का सामना करना पड़ता है। पिछली बार जब बिहार में बाढ़ आई थी तो सरकार ने वहाँ के केन्द्रीय सरकारी कर्मचारियों को फ्लड एडवांस दिया था। इस बार बिहार, उत्तर प्रदेश, पश्चिमी बंगाल के उत्तरी भाग और आसाम में जो बाढ़ आई है,

उसके भी हजारों सरकारी कर्मचारी प्रभावित हुए होंगे। देश भर में जहाँ-जहाँ बाढ़ आई है, क्या सरकार यहां के सरकारी कर्मचारियों की मदद के लिए फ्लड एडवांस, बाढ़ सम्बन्धी अग्रिम राशि, देगी, ताकि वे लोग निश्चिन्त हो कर अपना काम कर सकें ?

श्री बंजनाथ कुरील : इसमें कोई शक नहीं है कि बाढ़ से हर साल जन, धन और पशुओं की बहुत क्षति होती है। इसको ध्यान में रखते हुए सरकार ने 1954 की भयंकर बाढ़ के बाद इस सम्बन्ध में एक नेशनल पालिसी बनाई थी, जिसके तीन फेजिज हैं : इम्मीडिएट, शार्ट-टर्म और लांग-टर्म। उसी के आधार पर काम हो रहा है। एक फ्लड कंट्रोल बोर्ड बना है, आसाम में एक कमीशन बना है और एक टेक्निकल कमेटी भी है, जो इन सब मामलों में सलाह देती है। बाढ़ की रोक-थाम और उससे उत्पन्न कठिनाइयों को दूर करने के लिए कुछ स्कीमें हाथ में हैं, जिनमें से कुछ मुख्य काम हैं एम्बैकमेंट बनाना, पहले के एम्बैकमेंट्स को मजबूत करना और ड्रेनेज के द्वारा पानी को बाहर निकालने की कोशिश करना, आदि।

ये स्कीमें इस समय हाथ में हैं : आसाम में प्रोटेक्शन आफ कोकिलमुख एरिया फ्राम इरोज़न आफ रिवर ब्रह्मपुत्र—336 लाख रुपये, दुबरी प्रोटेक्शन वर्क्स—155 लाख रुपये और भाईजन प्रोटेक्शन वर्क्स—100 लाख रुपये। बिहार में रेजिंग एण्ड स्ट्रेंथनिंग आफ कमला बालान एम्बैकमेंट—103 लाख रुपये और प्रोटेक्शन वर्क आफ कोसी एम्बैकमेंट—320 लाख रुपये। बंगाल में ईस्टर्न भोगराहाट ड्रेनेज स्कीम—296.50 लाख रुपये, स्वर्णरेखा एम्बैकमेंट स्कीम—132.54 लाख रुपये और इम्परूवमेंट आफ लोअर दामोदर (फेज वन)—655 लाख रुपये।

एक माननीय सदस्य : श्री शास्त्री जी ने तो उत्तर बंगाल की बात कही है।

श्री बंजनाथ कुरील : उसमें सियालदागंग बेसिन ड्रेनेज स्कीम—115 लाख रुपये, नोवी

बेसिन ड्रेनेज स्कीम—149 लाख रुपये और रिससीटेशन आफ रिवर कालियाघरी—425 लाख रुपये।

उत्तर प्रदेश में लखनऊ टाउन प्रोटेक्शन वर्क्स—296 लाख रुपये और स्ट्रेंथनिंग आफ रेलवे एम्बैकमेंट नियर चितौनी रेलवे स्टेशन—119 लाख रुपये।

ये योजनायें इस समय हमारे हाथ में हैं। जहां जहां आवश्यकता होगी, वहां के लिए भी योजनायें बनाई जायेंगी।

श्री शास्त्री ने पूछा है कि क्या इस बाढ़ के बारे में कोई अनुमान था। अन्दाज तो रहता है, लेकिन बाढ़ इतनी जल्दी आ जायेगी, यह ब्याल नहीं था। गंगा में पानी अभी डेंजर पायंट से ऊपर नहीं गया है। अलकनन्दा का कुछ पता नहीं लगता है और उसका कोई फोरकास्ट नहीं हो पाता है। वह तुरन्त घटती है और तुरन्त बढ़ जाती है, जिससे नुकसान हो जाता है। पिछले साल से इस तरह की घटनायें शुरू हुई हैं। इससे पहले इस तरह की घटनायें इस नदी में नहीं होती थीं।

श्री रामावतार शास्त्री : अध्यक्ष महोदय माननीय मंत्री ने फ्लड एडवांस के बारे में नहीं बताया है।

श्री दुना उराब (जलपाईगुड़ी) : नार्थ बंगाल में बराबर बाढ़ आया करती है। अभी मंत्री महोदय ने कहा है कि वहां बाढ़ आई है, लेकिन वहां पर फ्लड कंट्रोल के उपायों के बारे में उन्होंने कोई जिक्र नहीं किया है। उसकी रिपोर्ट भी नहीं निकली है। मैं यह जानना चाहता हूँ कि सरकार उसकी रिपोर्ट को निकालने के लिए और उसको कार्य रूप में परिणत करने के लिए क्या कर रही है।

श्री बंजनाथ कुरील : नार्थ बंगाल के लिए कुछ काम जारी हुए हैं। एक तो एक्सप्लोरेशन

[श्री वैजनाथ कुरील]

आफ बाटरवे आफ जलपाईगुरी रोड एण्ड रेलवे ब्रिज की योजना हाथ में है और दूसरी है प्रोवाइडिंग ए प्रापर आउटफाल टु करला रिवर टु प्रिवेंट फ्लॉडिंग इन जलपाईगुरी टाउन । जलपाईगुरी टाउन को जो डेंजर है, उससे बचने के लिए ये दो योजनायें हाथ में हैं ।

SHRI B. K. DASCHOWDHURY (Cooch-Bihar) : What about Cooch-Bihar ?

I wish to make a humble submission. We do not understand what is the purpose of tabling calling attention motions if this is the type of answer that is to be given. I would seek your protection in this regard. If you kindly go through the statement of the Minister, you will find that it is just a catalogue of events and nothing more. Is this the only function of the Minister, to present a catalogue ? Are we, the members here, and the people outside not entitled to know what Government is doing about this matter ? But about that, nothing has been said. This is very reprehensible I think Government should be asked by you to come prepared with a better statement in reply to future calling attention notices.

In the statement it has been said that severe floods took place in various places, and particularly in North Bengal between the 3rd and 8th June. But what about the damages or loss of property ? Nothing has been mentioned. This simply shows that the hon. Minister is very complacent about the flood situation in North Bengal as also the other parts of India. But the Minister should know that this complacency will not be excused by the turbulent rivers. The time will come when the Minister and the Government will be washed away unless they take drastic steps now.

It is reported in almost all the newspapers that about 30,000 people were forced to leave their homes in North Bengal, about 800 acres of paddy land eroded and 160 houses were washed away. The hon. Minister has not said anything about that.

We know what happened in the great October flood of 1968. When that shock

has not subsided, we find particularly in the Jalpaiguri District this further danger and devastation, even though the Government is sitting tight and doing nothing.

It has been announced that the North Bengal Flood Control Commission would be formed, and a small office has been opened. I would like to know whether this Commission has started functioning in the North Bengal area to control the floods, and whether the hon. Minister is aware that a scheme was taken up as long back as 1969 at the Irrigation Ministers' Conference held in Simla to control the North Bengal rivers ? The estimated expenditure under this scheme for the various rivers was as under :

Master plan for Teesta river	... Rs. 114 crores.
Master plan for Jaldhaka river	... 9.41 crores.
Master plan for Roydok river	... 30.85 crores.
Master plan for Torsha river	... 28.30 crores.
Master plan for Mahendra river	... 1.82 crores.

The total comes to Rs. 184.38 crores.

May I know whether this entire amount of Rs. 184.38 crores for the work of the North Bengal Flood Control Commission has been sanctioned by the Government of India ?

The hon. Minister said that certain actions have been taken to control the flood fury of the North Bengal rivers. Besides the expansion of the rail and road bridges, what were the other suggestions made by the Technical Committee in 1969 ? In this connection, may I know whether the flood protection scheme by an effective armoured embankment in that area from Mandalghat and Jalpaiguri town of Beltali and Jhar Singheswar was sanctioned, but suddenly for God knows what reasons, the officials stopped the work at Ribiganj ? As a result, serious apprehensions have appeared in the minds of the local people

there. If this scheme is not extended upto Beltali and Jhar Singheswar as originally proposed, the entire area of Haldibari, Dewaganj, Hemkumari etc., will be washed away during the monsoon period. I would appeal to the Minister that the original scheme be implemented.

Lastly, I would like to know what steps have been taken to give relief, house construction and other kinds of relief, to the 30,000 people who have been forced to leave their hearths and homes in North Bengal.

Lastly I would like to know whether he is thinking in terms of giving certain permanent relief not only by the construction of the flood protection scheme but also by initiating a scheme, flood insurance scheme, in areas which are affected by floods and people in those areas who want to insure their life and properties insured may do so. Is the Government thinking on these lines ?

SHRI B. N. KUREEL : I have already stated that the Government has got a national flood control scheme and I also stated that it has got three phases, immediate, short term and long term. The long term scheme will take about 30-40 years. That is the plan. At present schemes to give immediate relief are taken. He asked about the persons who had been evacuated from that place. The State Governments are making estimates and other things and when they ask for help from the Central Government certainly we shall look into this. The hon. Member has given certain details. We shall see that this part of the country does not get washed away by the rivers. We shall make all efforts to control it.

SHRI B. K. DASCHOWDHURY : The specific question was whether Rs. 184.28 crores had been sanctioned.

SHRI B. N. KUREEL : That plan has been prepared, but as I said it is a long term policy ; it will take a long time to spend this amount.

डा० लक्ष्मीनारायण पांडे (मंदसौर) : अध्यक्ष महोदय, मंत्री महोदय ने अभी अपना

वक्तव्य दिया है। उसी संदर्भ में मंत्री महोदय से मैं जानना चाहूँगा कि बाढ़ें इस प्रकार से प्रति वर्ष इन नदियों में आया करती हैं। इस बार भी आई, गत वर्ष भी आई। इस में एक दो नहीं सैकड़ों मनुष्यों की जाने गई, कई पशु बह गए, कई मकान ढह गये। इस बार अलकनन्दा की बाढ़ के कारण जो हानि हुई है वह असाधारण है। बिहार के पूर्णिया जिले के कटिहार सब-डिवीजन में भी अनेक नगरों को क्षति पहुंची है और कटिहार की स्थिति यह है कि वह भी शायद जलमग्न होने की दशा में पहुंच जाये। इस बारे में मंत्री महोदय का केवल यह कहना कि हम कुछ कदम उठा रहे हैं, काफी नहीं हैं। बार बार इस बारे में सदन में आश्वासन दिए गए कि फ्लड कंट्रोल प्रोग्राम के अन्तर्गत और दूसरी स्कीमों के अन्तर्गत हम इस पर विचार कर रहे हैं। मैं जानना चाहूँगा कि आप के पास कोई ऐसा साधन है या किसी ऐसे निश्चित उपाय के ऊपर आप विचार कर रहे हैं जिससे कि फ्लड फोरकास्टिंग सिस्टम का लाभ लेकर पहले से मालूम हो जाय कि बाढ़ आ रही है जिस में सैकड़ों व्यक्ति जो बह जाते हैं वह बचाये जा सकें और जो इतना नुकसान होता है उसे बचाया जा सके ? क्या ऐसा कोई उपाय अपनाया जा रहा है ? इस प्रकार की घोषणा डा० के० एल० राव ने अपने भाषण में उस कान्फरेंस के अन्दर की थी जो पिछले वर्ष नवम्बर में यहां हुई थी जिस में पार्लियामेंट के मेम्बर भी थे और दूसरे और एक्सपर्ट लोग भी थे। मैं माननीय मंत्री महोदय से यह भी जानना चाहूँगा कि उस सम्बन्ध में जो भी उस मीटिंग के अन्दर घोषणायें की थीं उसमें जो सुझाव दिए गए थे उन के ऊपर आप ने अब तक कौन सी कार्यवाही की है, कौन से कदम उठाए हैं ? मैं यह भी जानना चाहता हूँ कि यह केवल ब्रह्मपुत्र, गन्डक, कोसी या अलकनन्दा का ही सवाल नहीं है, गुजरात और मध्य प्रदेश की नर्मदा नदी और दूसरी अनेक नदियों में बाढ़ आती रहती है जिस से कि अपार जनहानि होती है, मकान बह जाया करते हैं, करोड़ों, अरबों

[श्री लक्ष्मीनारायण पांडे]

रूपरे की सम्पत्ति की हानि होती है। जैसा हमारे अनेक माननीय सदस्यों ने यहां पर विचार रखे हैं कि कोई सैन्ट्रल बोर्ड होना चाहिए और उस समिति ने भी सिफारिश की थी कि उचित समझा जाय तो संविधान में संशोधन किया जाय ताकि कुछ अधिकार इस के बारे में जो स्टेट्स को दे रखे हैं, वे केन्द्र को मिलें और केन्द्र उन के बारे में विचार कर सके। यह सबाल इरिगेशन मंत्रालय की कन्सल्टेटिव कमेटी में भी सदस्यों ने उठाया था और अपने विचार प्रगट किए थे।

मैं माननीय मंत्री महोदय का ध्यान श्री के० एल० राव के दो वक्तव्यों की ओर आकर्षित करना चाहता हूँ, जिस में उन्होंने बतलाया था—

"The Union Government has prepared a comprehensive plan to provide "substantial" protection from floods, cyclones, sea erosions and water-logging in the coming years.

Giving this information today, the Union Irrigation and Power Minister, Dr. K. L. Rao, suggested the creation of a revolving fund for financing these massive flood control works. The schemes which can be taken in the current plan period, he observed, were additions and improvements in the flood forecasting units, organising joint inspection of flood control works by the Centre and the States well in advance of the monsoon season, and intensification of soil conservation measures particularly in the catchment area of the Himalayan rivers."

मैं जानना चाहूँगा कि इस के बारे में आप ने क्या कदम उठाये हैं? अगर नहीं उठाये हैं तो इस पर आप क्या विचार करने जा रहे हैं?

दूसरे वक्तव्य में माननीय मंत्री महोदय ने कहा था—

"The Union Government has now admitted that five States in India are the worst-affected by floods. During the 16-year period from 1956, the total loss suffered by those States is of the order of Rs. 333.31 crores. The admission came at the meeting of the Consultative Committee of the Members of Parliament for Irrigation and Power. The Ministry has expanded today's meeting to include those who also serve on the Central Flood Control Committee."

मैं जानना चाहूँगा कि इन पांच स्टेट्स के बारे में जो वर्तमान स्थिति है उस के बारे में आप क्या करने जा रहे हैं। अभी आप ने कहा कि आंकड़े नहीं आये हैं कि कितना लौस हुआ है। लेकिन मैं जानना चाहता हूँ कि आप ने क्या सहायता दी है, किस प्रकार की सहायता देने जा रहे हैं, किस रूप में देने जा रहे हैं? क्या कोई यूनिट तैयार करने जा रहे हैं जो हमेशा फ्लड-कंट्रोल पर काबू पाने के लिए कोई निश्चित फोर्स के रूप में तत्काल वहां जा कर काम करे और उन को तत्काल सहायता दे?

श्री बंजनाथ कुरील : अध्यक्ष महोदय, माननीय सदस्य ने पहली बात तो यह पूछी है कि क्या हमारे पास कोई वार्निंग या फोरकास्टिंग सैन्टर्स हैं? हमारे पास इस का प्रबन्ध है। यह जलपाइगुड़ी में है, पटना में है। जो पटना में है उस के कंट्रोल रुम्ज मुजफ्फरपुर, दरभंगा मुंघेर और वीरपुर में हैं। इसी तरह से जो लखनऊ में है, उस के कंट्रोल रुम्ज इलाहाबाद, वाराणसी, गोरखपुर में हैं।

दूसरी बात माननीय सदस्य ने यह पूछी थी कि कन्सल्टेटिव कमेटी में जो कमिटेमेन्ट्स हुई थीं, उन पर क्या काम हुआ है? मैं इस के बारे में डिटेल्स अभी नहीं बता सकूँगा, लेकिन बाद में उन की जानकारी प्राप्त कर के माननीय सदस्य को अवगत करा सकूँगा।

इस में कोई शक नहीं है कि ये चार-पांच स्टेट्स बहुत ही ज्यादा इफेक्टेड हैं और हर

साल लाखों नहीं, बल्कि करोड़ों रुपये का नुकसान होता रहता है। जैसा मैंने बताया है कि इस बारे में सरकार की एक निश्चित नीति है, नेशनल स्कीम बनी हुई है और उस के अन्तर्गत इन सब को मदद पहुंचाने की बात होती रहती है। उस का जो कन्ट्रोल बोर्ड है, कन्ट्रोल कमीशन है, टेक्नीकल कमेटी हैं, उन सब के फंक्शन अलग अलग हैं।

एक बात माननीय सदस्य ने पूछी है कि जिन लोगों का नुकसान हुआ है, उस का कोई एस्टीमेट है। एस्टीमेट तो नहीं है, लेकिन जब एस्टीमेट्स बनेंगे और स्टेट गवर्नमेन्ट्स सैन्ट्रल गवर्नमेन्ट से मदद मांगेगी, उस वक्त हम लोग इसके बारे में कुछ कर सकेंगे।

डा० लक्ष्मीनारायण पांडे : मैंने कांस्टीचूशन में संशोधन के लिए पूछा था, उस के बारे में आप ने कुछ नहीं बताया।

श्री बंजनारायण कुरील : वह स्टेट और सैन्टर के रिलेशन की बात है, उस के बारे में आफ-हैंड में कुछ नहीं कह सकता हूँ, लेकिन उस पर विचार किया जा सकता है।

श्री नरेन्द्र सिंह बिष्ट (अल्मोड़ा) : अध्यक्ष महोदय, मंत्री महोदय ने जितनी भी घटनायें घटी हैं, लखनऊ से लेकर कलकत्ते तक, सब का जिक्र किया लेकिन जहाँ से ये घटनायें शुरू होती हैं, उन का जिक्र नहीं किया। मेरा तात्पर्य उत्तर प्रदेश के पहाड़ी हिस्से से है, जहाँ से अलकनन्दा नदी निकलती है। उन्होंने धारचूला और पिथौरागढ़ का जिक्र किया, लेकिन वहाँ क्या रिलीफ पहुंचा रहे हैं या क्या योजनायें बना रहे हैं, इस का कोई जिक्र स्टेटमेंट में नहीं है—इस का मुझे दुख है।

मैं उन का ध्यान आज के टाइम्स आफ इण्डिया की तरफ आकर्षित करना चाहता हूँ, उस के पेज 7 पर लिखा हुआ है—

“600 pilgrims stranded at Chamoli”

कल के हिन्दुस्तान टाइम्स में भी यह समाचार है कि 350 बकरियाँ वहाँ बह गईं, बहुत से मकान टूट गये, बहुत सी खेती बह गई और 600 यात्री वहाँ पर स्ट्रैंडर्ड हैं। उत्तर प्रदेश की सरकार ने यह आदेश दिया है कि कोई बद्रीनाथ और केदार नाथ की यात्रा न करें, क्योंकि लैंड-स्लाइड वहाँ इतने ज्यादा हो रहे हैं कि कहीं भी खतरा पैदा हो सकता है। ऐसी परिस्थिति में सरकार का ध्यान उस तरफ आकर्षित होना चाहिए था और इस तकलीफ के निराकरण के लिए कुछ काम अवश्य होना चाहिए था। मेरे पूर्व-वक्ताओं ने ऐसी योजनाओं का काफी जिक्र किया है जिन से फ्लड-कन्ट्रोल किया जा सकता है, मैं उन को दोहराना नहीं चाहता हूँ लेकिन यह निवेदन अवश्य करना चाहता हूँ कि जितने दुखित परिवार हैं, जिन की खेती को नुकसान हो गया है, मकान टूट गये हैं, जानवर बह गये हैं, उन की क्षतिपूर्ति के लिए सरकार को अवश्य ध्यान देना चाहिए। मैं जानना चाहता हूँ कि सरकार इस के लिए क्या कर रही है ?

दूसरी बात मैं यह जानना चाहता हूँ कि जो योजनायें करोड़ों रुपयों की लखनऊ से कलकत्ता तक के लिए आप ने बतलाई हैं, क्या कोई थोड़े से करोड़ रुपयों की योजना इस क्षेत्र के लिए भी आपने बनाई है, क्योंकि यह इलाका बहुत पिछड़ा हुआ इलाका है, इस की तरफ आप का ध्यान नहीं जाता है। शुरू से यह बहुत तिरस्कृत इलाका रहा है, बोकल इलाका न होने की वजह से सब मामलों में तिरस्कृत रहा है। आज वे लोग महसूस करते हैं कि हमारे साथ सीतेला व्यवहार होता है। जहाँ काश्मीर, हिमाचल प्रदेश, नागालैंड, मेघालय और दुनिया भर में काम हो रहा है, लेकिन उत्तर प्रदेश के ये 8 जिले हमेशा पिछड़े रहे। अभी आज ही मेरा सवाल था, लेकिन दुर्भाग्यवश वह नहीं आ सका, सब जगहों के लिए आप स्कालरशिप दे रहे हैं लेकिन उत्तर प्रदेश के इन 8 जिलों के लिए पढ़ाई के स्कालरशिप्स नहीं देते हैं। इस तरह से यह इलाका तिरस्कृत

[श्री नरेन्द्र सिंह बिष्ट]

नहीं रहना चाहिए, इस की ओर सरकार का ध्यान जाना चाहिए। पिछले साल आप ने सुना होगा 20 बसें वहाँ पर बह गईं, बहुत से यात्री बह गये थे, बड़ी भयंकर स्थिति नन्दप्रयाग में हो गई थी। इस लिए मैं सरकार से प्रार्थना करना चाहता हूँ कि थोड़ी बहुत योजना वहाँ के लिए भी बननी चाहिए।

अध्यक्ष महोदय : यह तो ध्यान आकर्षित किया है, प्रश्न नहीं है।

श्री बंजनाथ कुरील : अध्यक्ष महोदय, इस में कोई शक नहीं है कि उत्तर प्रदेश के ये पर्वतीय जिले काफी पिछड़े हुए हैं, इनके निराकरण के लिए कुछ अवश्य होना चाहिए। दिक्कत यह है कि इस तरह की कोई घटना पहले इस नदी में नहीं हुई थी। भागीरथी और अलकनन्दा दोनों गंगा की ट्रिब्यूटरीज हैं, देवप्रयाग में ये दोनों गंगा को बनाती हैं। पहले इन में कोई प्राबलम इस तरह की पैदा नहीं हुई थी, पिछले साल यह प्राबलम आई और उस के आधार पर अब कुछ स्कीम बनेगी और जरूर बनेगी। लैंड स्लाइड से बहुत सी जानें चली जाती हैं। इस लिए कोई बड़ी स्कीम इस के लिए बननी चाहिए—ऐसा मेरा ख्याल है। हम इस पर विचार करेंगे और इस पर्वतीय-आंचल का अवश्य ध्यान रखा जायगा—इतना ही आश्वासन मैं इस समय दे सकता हूँ।

श्री परिपूर्णानन्द पैन्गुली (टिहरी गढ़वाल)
अध्यक्ष महोदय, आप इजाजत दें तो दो शब्द मैं भी कहना चाहता हूँ।

अध्यक्ष महोदय : मुझे आपसे बड़ी हमदर्दी है कि बैलट ने आपका लिहाज नहीं किया।

श्री परिपूर्णानन्द पैन्गुली : ध्यानाकर्षण प्रस्ताव पर मैंने भी अपना नाम भेजा था लेकिन मेरा दुर्भाग्य है कि बैलट में मेरा नाम नहीं आ सका। यह अलकनन्दा का जो प्रश्न है

वह मेरी कांस्टीट्यून्सी का है। आपकी इजाजत हो तो केवल दो शब्द ही कहना चाहता हूँ।

अध्यक्ष महोदय : यह एक ऐसा मसला है जिस पर किसी दिन शाम को जब बिजनेस खत्म होगा तो आध घंटे, घंटे का टाइम दे दूंगा।... (व्यवधान)...

**STATUTORY RESOLUTION RE :
MAINTENANCE OF INTERNAL
SECURITY ORDINANCE AND
MAINTENANCE OF INTERNAL
SECURITY BILL—Contd.**

MR. SPEAKER : The House shall now take up discussion on the Statutory Resolution disapproving of the Maintenance of Internal Security Ordinance and on the Bill. The Minister had replied to the

debate yesterday. How much time does Shri Vajpayee want ?

SHRI ATAL BIHARI VAJPAYEE (Gwalior) Reasonable time.

MR. SPEAKER : We decided yesterday to dispense with the Lunch Hour today. Do you think, we should have voting during the Lunch Hour ?

SOME HON. MEMBERS : After the Lunch Hour.

MR. SPEAKER : Then, how can we proceed unless there is voting on this ?

SHRI S. M. BANERJEE (Kanpur) : It was notified in the Bulletin that there would be no Lunch Hour today.

MR. SPEAKER : It was duly notified that there would be no Lunch Hour.

SHRI ATAL BIHARI VAJPAYEE : It was also notified that there would be no voting during the Lunch Hour.

SHRI D. N. TIWARY (Gopalganj) It is not there.

SHRI ATAL BIHARI VAJPAYEE : If the question of quorum cannot be raised during the Lunch Hour, how can voting take place ?

MR. SPEAKER : How can we resume discussion of the Bill if there is no voting ? Why not have lunch then ? There was a special procedure that we adopted yesterday and I think, we should go in for voting during the Lunch Hour.

श्री एस० एम० बनर्जी : अध्यक्ष महोदय, स्टैट्यूटरी रेजोल्यूशन में मेरा भी नाम था, मुझे भी थोड़ा सा समय दे दीजिए। मैं तो अभी बोला ही नहीं हूँ। दस मिनट या पांच मिनट, जो भी आप मुनासिब समझें दे दीजिए।

MR. SPEAKER : After Shri Vajpayee's speech, Shri Banerjee will have three or four minutes and then there will be voting, because there cannot be any discussion of the Bill unless the disapproval motion is disposed of.

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, नजरबन्दी अध्यादेश का निरनुमोदन करने के लिए मैंने जो संकल्प रखा था उस पर जिन माननीय सदस्यों ने भाग लिया है और मेरे संकल्प का समर्थन किया है मैं उनके प्रति अपना आभार प्रकट करना चाहता हूँ। जिन्होंने विरोध किया है उनमें भी ऐसे सदस्य हैं जिनकी भावनायें नजरबन्दी कानून को पुनरुज्जीवित करने के पक्ष में नहीं हैं। कुल मिलाकर इस विवाद में 25 व्यक्तियों ने भाग लिया और अध्यक्ष महोदय, आपको यह जानकर सुखद आश्चर्य होगा कि 25 सम्मानित सदस्यों में से 13 सम्मानित सदस्यों ने मेरे प्रस्ताव का समर्थन किया और श्री पंतजी द्वारा प्रस्तुत विधेयक का विरोध किया। इन 13 सदस्यों में से कांग्रेस संगठन के नेता श्री एस० एन० मिश्रा और नामजद सदस्य श्री फ्रैंक एन्थोनी को भी शामिल कर रहा हूँ। यद्यपि उन्होंने कहा कि वह विधेयक के विरोधी नहीं हैं लेकिन कुल मिलाकर उनका सारा भाषण इस विधेयक के खिलाफ था और वह चाहते थे कि विधेयक में ऐसे संशोधन किए जायें जिससे उसे व्यक्तिगत स्वाधीनता के विरुद्ध प्रयुक्त न किया जा सके।

जहां तक दलों का सवाल है अध्यक्ष महोदय, माननीय पंत जी को यह स्वीकार करना चाहिए कि विरोधी दलों में इस सवाल पर मतभेद पैदा करने का उनका प्रयत्न विफल हुआ है। एक पुराना तरीका अपनाया जाता रहा है एक दल को दूसरे के विरुद्ध प्रयुक्त करने का, दोनों तरह के तर्कों को इस आधार पर काटने का कि वे एक दूसरे का खंडन करते हैं। लेकिन इस प्रयत्न में सफलता नहीं मिली। यह कहना कि भारतीय जनसंघ ने और मार्क्सिस्ट पार्टी ने हाथ मिला लिए हैं, यह हास्यास्पद है, निराधार है।

गृह मंत्रालय में राज्य मंत्री (श्री कृष्ण बन्धु पन्त) : निराधार नहीं, हास्यास्पद है।

श्री अटल बिहारी वाजपेयी : हाथ मिलाना हास्यास्पद नहीं है, कहना हास्यास्पद है। अध्यक्ष

[श्री अटल बिहारी वाजपेयी]

जी, जब मार्क्सिस्ट पार्टी सरकार के कुछ कदमों का समर्थन करती है तब मार्क्सिस्ट पार्टी अच्छी है।

प्रधान मंत्री, परमाणु ऊर्जा मंत्री, गृह मंत्री तथा सूचना और प्रसारण मंत्री (श्रीमती इन्दिरा गांधी) : हम पार्टी को बुरा नहीं कहते। उनके कुछ गलत कार्यों को हम बुरा कहते हैं।

श्री अटल बिहारी वाजपेयी : प्रधान मंत्री कल सदन में नहीं थीं। अगर अपने पक्ष के माननीय सदस्यों के भाषण सुनतीं तो उनको आश्चर्य भी होता और दुःख भी होता।

अध्यक्ष जी, इस विवाद में यह भी कहा गया कि हम गरीबी हटाना चाहते हैं इसलिए हमें नजरबन्दी कानून चाहिए। सत्तारूढ़ दल के सदस्यों की ओर से यह भी कहा गया कि हमने चुनाव में राइटरी-एक्शन और लेफ्ट एक्स-ट्रिमिज्म से लड़ने का ऐलान किया था और दोनों से लड़ने के लिए हम नजरबन्दी कानून ला रहे हैं।

कुछ माननीय सदस्य : ऐसा किसी ने नहीं कहा।

श्री अटल बिहारी वाजपेयी : यह बात कही गई। श्री स्टीफेन्स ने कहा। मैं जानता हूँ कि नजरबन्दी कानून को पुनर्जीवित करना, उसे सदन के सामने पेश करना, उसके लिए स्वीकृति लेना बड़ा कठिन काम है, और यह काम माननीय पन्त जी के जिम्मे आया। मारला बहुत खराब था और उन्होंने उसको कम खराब बनाकर पेश करने में थोड़ी बहुत सफलता पाई। वह योग्य पिता के योग्य पुत्र हैं। लेकिन उन्हें विधेयक ऐसा थमा दिया गया कि जिसका किसी तर्क-संगत आधार पर समर्थन नहीं किया जा सकता

अध्यक्ष जी, यह प्रश्न नहीं है कि किन्हीं विशेष परिस्थितियों में सरकार को किसी व्यक्ति

को नजरबन्दी में लेने का अधिकार है या नहीं। प्रश्न यह है कि क्या आज ऐसी परिस्थितियाँ विद्यमान हैं और क्या यह विधेयक इन परिस्थितियों पर काबू पाने में सफल हो सकता है। कल पन्त जी ने कुछ आंकड़े पेश किए थे। अध्यक्ष महोदय, मैं भी कुछ आंकड़े उद्धृत करना चाहता हूँ। यह गृह मंत्रालय द्वारा प्रकाशित एक रिपोर्ट है जिसमें 30 सितम्बर, 1968 से 30 सितम्बर, 1969 तक नजरबन्दी कानून के अन्तर्गत की गई कार्यवाहियों का ब्यौरा है। होना तो यह चाहिए था कि 30 सितम्बर, 1969 से लेकर 30 सितम्बर, 1970 तक की रिपोर्ट आ जाती। यह 1971 का जून का महीना है। अध्यक्ष महोदय, कई प्रदेशों में नजरबन्दी कानून लागू था लेकिन जो रिपोर्ट पेश है आप उसको जरा देखें। नजरबन्दी कानून का कोई औचित्य नहीं है, कोई आवश्यकता नहीं है।

आन्ध्र प्रदेश : 177 व्यक्ति नजरबन्द किए गये, और विवरण में लिखा है कि :

Andhra Pradesh—177—bad character ; Assam—633—bad character ; Bihar—7—5 for violent activity, 1 for goondaism and 1 for communal agitation ; Gujarat—1—bad character ; M.P.—2—for harbouring dacoits.

अध्यक्ष जी, जब अखबारों में यह खबर छपती है कि एम० पी० डेकोइट्स अरेस्टेड तो एम० पी० को बड़ी कठिनाई पैदा होती है। यद्यपि खबर का मतलब यह होता है कि मध्य प्रदेश के डाकू पकड़े गये, पालियामेंट के मेम्बर डाकू नहीं पकड़े गये। लेकिन क्या डाकुओं को रक्षा देना ऐसा जुर्म है जिसके लिए नजरबन्दी कानून की जरूरत है ?

Maharashtra—19—bad character ; Orissa—31—bad character ; Punjab—1—bad character ; Rajasthan—1—bad character ; U.P.—7—bad character ; West Bengal—1610—for criminal and goonda activities.

SHRI JYOTIRMAY BOSU (Diamond Harbour) : Against Congress.

SHRI ATAL BIHARI VAJPAYEE :
Delhi—5—bad character ; Manipur—79—bad
character ; Tripura—3—bad character.

श्री पीलू मोदी (गोधरा) पार्लियामेंट
हाउस का क्या लिखा है ?

श्री अटल बिहारी वाजपेयी : अगर आप कुल मिलाकर देखें तो विदेशों की गुप्तचरी करने के लिए या विदेशों के साथ सम्बन्ध बिगाड़ने के लिए या पूर्ति सामान की सप्लाई और सेवाओं को भंग करने के लिए कोई गिरफ्तारियां नहीं हुई हैं, किसी को नजरबन्द नहीं किया गया। पश्चिम बंगाल में जरूर 1483 व्यक्तियों को हिंसात्मक कार्यवाहियों के लिए पकड़ा गया है। लेकिन मैं पूछना चाहता हूँ कि हिंसात्मक कार्यवाहियां इस नजरबन्दी कानून से कैसे रुक सकती हैं। पहले से पश्चिम बंगाल में एक प्रिवेंशन आफ बायलेंट ऐक्टिविटीज ऐक्ट कायम है। उससे पहले नजरबन्दी कानून था, और माननीय पंत जी ने कल स्वीकार किया कि केवल नजरबन्दी कानून से नक्सलवादी हिंसा का सामना नहीं किया जा सकता है, उसके लिए अन्य उपाय अपनाने होंगे। मगर मैं पूछना चाहता हूँ नजरबन्दी कानून क्या थोड़ी भी दूर तक उसमें सहायक होता है ? हवाला दिया गया कलकत्ता में हिंसा हो रही है। हवाला दिया गया फौरवर्ड ब्लॉक के नेता श्री हेमन्त कुमार बसु की हत्या कर दी गयी, राजनीतिक कार्यकर्ता मौत के घाट उतारे जा रहे हैं। मगर मैं पूछना चाहता हूँ कि क्या सरकार को पहले से पता होता है कौन हत्या करने वाला है। अगर यह पहले से पता नहीं है तो निवारक निरोध अधिनियम के अन्तर्गत कार्यवाही कैसे हो सकती है। स्थिति तो यह है कि अब तक श्री हेमन्त कुमार बसु की हत्या करने वाले गिरफ्तार नहीं किए गए।

राजनीतिक हत्यायें बन्द हों यह हम चाहते हैं। लोग हिंसा का परित्याग करने का संकल्प करें, यह आवश्यक है। लोकतन्त्र और हिंसा साथ साथ नहीं चल सकते। लेकिन मैं यह

समझने में असमर्थ हूँ कि नजरबन्दी कानून यह राजनीतिक हत्याओं को किस प्रकार रोक सकता है ? हत्यायें कोई घोषणा करके नहीं करता, हत्यायें कोई इरादे की जानकारी दे कर नहीं करता। हत्या करने वाले चोरी छिपे हत्या की तैयारी करते हैं। और अगर सरकार चोरी छिपे हत्या करने वालों के बारे में जानती है तो मेरा निवेदन है कि उसको सामान्य कानून के अन्तर्गत गिरफ्तार किया जा सकता है। उसके लिए केन्द्रीय आधार पर नजरबन्दी कानून की आवश्यकता नहीं है।

अध्यक्ष महोदय, अनेक प्रदेशों में नजरबन्दी कानून बने। जहाँ नहीं बने वहाँ या तो राष्ट्रपति राज लागू होता जा रहा है या केवल सत्तारूढ़ दल का शासन है। राज्यों में अगर राज्यों के शासन समझते हैं कि नजरबन्दी कानून की आवश्यकता है तो कानून बना सकते हैं। केन्द्रीय स्तर पर कानून की आवश्यकता क्या है, श्री पंत इस सम्बन्ध में सदन को विश्वास में नहीं ले सके।

13.00 hrs.

श्री पीलू मोदी मेरा भी अमेंडमेंट है, उसको मंजूर कीजिए।

श्री अटल बिहारी वाजपेयी : उन्होंने माना है कि कुछ मामलों में ज्यादातियां हो सकती हैं। श्री अमृत नाहाटा ने जो भाषण दिया वह तो सचमुच इस कानून के अनौचित्य को सिद्ध करने के लिए पर्याप्त होना चाहिए।

SHRI AMRIT NAHATA (Barmer) :
I don't want your crocodile tears or your sympathy.

श्री अटल बिहारी वाजपेयी : मैं जानता हूँ, श्री अमृत नाहाटा को व्यक्तिगत स्वाधीनता की चिंता नहीं है। कल उन्होंने यह भी कहा। उन्होंने कहा कि राष्ट्रीय सुरक्षा के लिए क्या संकट है यह मुझे मालूम नहीं है, लेकिन जबकि

[श्री अटल बिहारी वाजपेयी]

मेरे क्षेत्र के मुसलिम मतदाताओं के साथ पिछले दिनों में इस कानून के अन्तर्गत अन्याय हुआ था, इस लिए मैं इसका विरोध करता हूँ। अन्याय हुआ था नहीं, मैं नहीं जानता लेकिन श्री अमृत नाहाटा सत्तारूढ़ दल के सदस्य होते हुए जब इस कानून को कार्यान्वित करने के बारे में अन्याय और मतभेद की शिकायत करते हैं तो मेरा यह आरोप प्रमाणित हो जाता है कि जिन लोगों के हाथ में इस कानून को कार्यान्वित करने का भार सौंपा जा रहा है वह इसका दुरुपयोग कर सकते हैं, दुरुपयोग कर चुके हैं और भविष्य में भी दुरुपयोग करेंगे। अगर साम्प्रदायिक आधार पर भेदभाव हो सकता है तो राजनीतिक आधार पर भेदभाव होने के तो और भी कारण हैं। श्री कृष्ण चन्द्र पन्त ने सदन को इस सम्बन्ध में विश्वास में लेने का प्रयत्न नहीं किया।

इस कानून में जो आपत्तिजनक अंश हैं उनमें सुधार करने के लिए क्या किया जा रहा है? उदाहरण के लिए जिस व्यक्ति को पकड़ा जायगा उसे गिरफ्तारी का आधार बताया जायगा किन्तु उसकी गिरफ्तारी के पक्ष में कौन से तथ्य हैं उनसे उसे अवगत नहीं किया जायगा। ऐडवाइजरी बोर्ड केवल सिफारिश देगा, ऐडवाइजरी बोर्ड की रिपोर्ट जिसको नजरबन्द किया जायेगा उसको नहीं दी जायेगी। जिसको नजरबन्द किया जायेगा वह ऐडवाइजरी बोर्ड के सामने अपने वकील को लेकर हाजिर नहीं हो सकेगा, वह उन गवाहों से जिरह नहीं कर सकेगा। और इस लिये मैं कहता हूँ कि यह स्वाभाविक न्याय के प्रतिकूल है।

अगर कोई राष्ट्र विरोधी कार्यवाहियों में संलग्न है, अगर कोई विदेशों के साथ मिलकर षडयन्त्र कर रहा है या कोई हमारी स्वाधीनता को संकटापन्न बनाने में सचेष्ट है तो उसके विरुद्ध कार्यवाही होनी चाहिए, मगर उसे खुली अदालत में अपराधी साबित करने की आवश्यकता है।

न्याय का सिद्धांत यह है कि 100 अपराधी छूट सकते हैं, लेकिन एक निपराधी दंडित नहीं किया जाना चाहिए। मैं नहीं चाहता कि 100 अपराधी छूटें, लेकिन एक बार आप नजरबन्दी कानून बना लेते हैं तो फिर यह सरकारी अधिकारियों को इस बात के लिए प्रेरित नहीं करता कि वह प्रमाण जुटाये और अदालत के आमने अपने पक्ष की पुष्टि कर सकें।

श्री पंत ने कहा कि हम किसी को हाई कोर्ट या सुप्रीम कोर्ट में जाने से नहीं रोकते। बड़ी कृपा है उनकी, इसके लिए हम उनके आभारी हैं। इतनी दया वह दिखा रहे हैं यह क्या कम है? लेकिन यह दया उनकी दी हुई नहीं है, यह संविधान प्रदत्त अधिकार हैं कि किसी को हाई कोर्ट या सुप्रीम कोर्ट में जाने से रोका नहीं जा सकता। लेकिन हाई कोर्ट और सुप्रीम कोर्ट तब तक हस्तक्षेप नहीं कर सकते जब तक गिरफ्तारी के आधार अस्पष्ट न हों या अपूर्ण न हों—अगर हम अधिकारी को इस बात का हक देते हैं कि वह लिख दे कि वह व्यक्ति भारत की सुरक्षा के खिलाफ कार्यवाही कर रहा था, क्या कार्यवाही कर रहा था यह बतलाना जनहित में नहीं है, तो मुझे शक है कि हाईकोर्ट और सुप्रीम कोर्ट इच्छा रखते हुए भी नजरबन्द व्यक्ति के पक्ष में निर्णय नहीं दे सकते।

आज श्री फ्रेंक ऐन्थनी सदन में नहीं हैं, लेकिन मैंने पिछले संसद की कार्यवाहियों को देखा, उनकी आवाज हमेशा इस विधेयक के खिलाफ उठती रही है। वह इसमें संशोधन कराने का निरन्तर प्रयत्न करते रहे हैं, लेकिन अभी तक उनको सफलता नहीं मिली।

पहले यह कानून एक साल के लिए था, फिर उसकी अवधि तीन वर्ष के लिये बढ़ाई गई, फिर तीन वर्ष के लिये बढ़ाई गई, लेकिन अब इस विधेयक में कोई अवधि नहीं है और इसकी और बढ़ाने के लिए सरकार को सदन के सामने नहीं आना पड़ेगा।

श्री पंत यह स्वीकार करने को भी तैयार हैं कि हमारे देश में वस्तुतः संकट की स्थिति है। कल उन्होंने एक संकेत दिया। मैं उस संकेत को गम्भीरता के साथ लेना चाहता हूँ कि परिस्थितियाँ ऐसी बन रही हैं जिनमें शायद हमें राष्ट्रीय संकट की घोषणा करनी पड़े। ऐसी स्थिति में मूलभूत अधिकार स्थगित हो जायेंगे। उस स्थिति में हम को राष्ट्रीय स्वतन्त्रता और सुरक्षा को चुनना पड़ेगा और व्यक्तिगत स्वाधीनता को सीमित करना पड़ेगा। इस वाद-विवाद के सम्बन्ध में मेरे मन में कोई दुविधा नहीं है। अगर राष्ट्र की सुरक्षा और व्यक्ति की स्वाधीनता में संघर्ष होता है तो राष्ट्र की स्वाधीनता और सुरक्षा सर्वोपरि है, व्यक्ति की स्वाधीनता नहीं लेकिन आज वह संकट नहीं है और आप इस विधेयक द्वारा वह संकट पैदा नहीं कर सकते, उस संकट की अनुमति भी आप नहीं कर सकते। आम सरकारी अधिकारियों के हाथ में ऐसे अधिकार दे सकते हैं जिनका वह दुरुपयोग करेंगे। दुरुपयोग करेंगे राजनीतिक विरोधियों के खिलाफ, दुरुपयोग करेंगे अपने से मतभेद रखने वालों के खिलाफ।

अगर राष्ट्रीय संकट की घोषणा होती है, आपात्कालीन स्थिति की घोषणा होती है तब तो इस विधेयक की आवश्यकता नहीं है, और मैं प्रधानमंत्री से कहना चाहूंगा कि अगर सचमुच कोई राष्ट्रीय संकट है तो कृपया इस विधेयक पर मतभेद पैदा मत कीजिए। इस विधेयक को लेकर इस सदन को या इस देश को बांटने का समय नहीं है। अगर आज आवश्यकता है तो सारा देश बंगला देश की समस्या का सामना करने के लिए एक व्यक्ति के रूप में खड़ा रहे, यह नजरबन्दी कानून बीच में नहीं आना चाहिए। देश बंगला देश की स्वाधीनता के लिए बड़ी से बड़ी कुर्बानी करने के लिए तैयार है, लेकिन उस के लिये बिल्कुल सामान्य कार्यवाही होनी चाहिए, नजरबन्दी कानून का डर नहीं, और अगर डर पैदा किया जायेगा तो सामान्य रूप से जो शासन का समर्थन करते हैं

वह भी विरोध करने के लिए विवश होंगे, और फिर देश में राष्ट्रीय संकट का सामना करने के लिए जिस वातावरण की आवश्यकता है वह नहीं बनेगा।

मैं जस्टिस तेंबुलकर का एक उद्धरण पढ़कर समाप्त कर दूंगा :

“Power is an incomparable intoxicant and the tendency exists in all governments all the world over to encroach upon the fundamental rights, sometimes consciously and sometimes unconsciously. It is the duty of every citizen to resist such encroachment with all his might. Thus alone shall we prove ourselves worthy citizens of an independent democratic republic.”

सम्पूर्ण देश भर में आज जो परिस्थिति है उसका सामना करने के लिए पर्याप्त हथियार हैं। परिस्थिति और गम्भीर होती है तो सदन नये अधिकार देने में संकोच नहीं करेगा, लेकिन वर्तमान परिस्थिति में इस कानून का कोई औचित्य नहीं है, और यह अध्यादेश ठुकरा दिया जाना चाहिये। मुझे विश्वास है कि अभी भी विवेक जागेगा, श्री पंत जो प्रचण्ड विरोध हुआ है उसको ध्यान में रखेंगे और इस विधेयक को इस समय आगे बढ़ाने पर जोर नहीं देंगे।

केन्द्रीय सरकार के पास पर्याप्त साधन हैं। जिन राज्यों में स्थिति बिगड़ सकती है उनमें पहले से कानून बने हुए हैं। केन्द्रीय स्तर पर आज इस तरह के कानून की कोई आवश्यकता नहीं है, कोई औचित्य नहीं है। यह देश को बांटने वाला कानून है, यह राष्ट्र की सुरक्षा को मजबूत करने वाला कानून नहीं है। यह जनता में भेद करने वाला कानून है और मैं चाहूंगा कि इस कानून को वापस लिया जाये।

श्री एस० एम० बनर्जी : मेरी पार्टी की ओर से तथा समस्त वामपंथी विरोधी दलों की ओर से तथा और जो विरोधी दल हैं उनकी ओर से इस विधेयक का विरोध हुआ है इसलिये मैं भी

[श्री एस० एम० बनर्जी]

इसका विरोध करता हूँ। मैं आपको बतलाना चाहता हूँ कि जिस दिन यह कानून इस सदन में इंट्रोड्यूस किया गया था उस दिन भी हम लोगों ने एक राय से इसका विरोध किया था। मैं आपको यह भी बतलाना चाहता हूँ कि बंगला देश की समस्या के बारे में प्रधान मंत्री जी ने जब विरोधी दलों की एक मीटिंग बुलाई थी और जिस में बंगला देश में उत्पन्न हुई स्थिति के बारे में विचार किया था, उस वक्त भी हम लोगों ने बार बार उनके सामने इसरार किया था कि आज जो देश के सामने परिस्थिति उत्पन्न होने जा रही है, इस में राष्ट्रीय एकता की जरूरत है और ऐसी जरूरत के मौके पर ऐसा कानून जिस को हम लोग न चाहें या विरोधी दल वाले न चाहें, न लाना ही बेहतर है। हम लोगों ने उनसे निवेदन किया था कि इसको हटा दिया जाए और इसको न लाया जाए।

पन्त जी के भाषण को मैंने बहुत गौर के साथ सुना है। उनके भाषण को सुनने के बाद मैं समझता हूँ कि हमारी चिन्ता में कोई कमी नहीं हुई है और हमारी चिन्ता के पीछे जो तर्क हैं उनका जवाब नहीं दिया गया है। उन्होंने कोई ऐसी दलील नहीं दी जिससे यह आवश्यक प्रतीत होता हो कि इस विधेयक को पास करना बहुत जरूरी है ..

SHRI K. N. TIWARY (Bettiah) : On a point of order. After the Minister's reply, no other speech than that of the Mover of the Resolution is allowed in this case.

MR. SPEAKER : He is also one of the signatories of the Resolution.

श्री एस० एम० बनर्जी : मैं यह कह रहा था कि उन्होंने कोई ऐसी दलील नहीं दी है जिससे यह सिद्ध हो सके, कि इस कानून को पास करना बहुत आवश्यक है।

अभी काफ़ी दृष्टान्त इस सदन में रखे हुए हैं और कहा गया है कि इस कानून का जिस तरह से पिछले कानून का नाजायज इस्तेमाल किया गया था, नाजायज इस्तेमाल होगा।

MR. SPEAKER : This is an exception because he insisted on speaking for two or three minutes ; this is not a precedent and should not be a rule for the future.

SHRI S. M. BANERJEE : I said only five minutes.

SHRI JYOTIRMOY BOSU : I will require five minutes.

MR. SPEAKER : Is he also a signatory ?

SHRI JYOTIRMOY BOSU : Yes.

MR. SPEAKER : Then I will have to stop Shri Banerjee.

SHRI JYOTIRMOY BOSU : I do not want to speak ; let him speak.

श्री एस० एम० बनर्जी : पन्त जी ने कहा है और बहुत समझाने की कोशिश की है कि इस कानून का नाजायज इस्तेमाल नहीं होगा। लेकिन हम समझते हैं कि जिस तरह से पिछले कानून का दुरुपयोग किया गया था उसी तरह इसका भी दुरुपयोग होगा। कभी नक्सलवादियों के नाम से और कभी दूसरों के नाम से उन्होंने इस बिल के औचित्य को सिद्ध करने की कोशिश की है और कहा है कि नक्सलवादी प्रवृत्तियाँ जो देश में अपना सिर उठा रही हैं, उन से निबटने के लिए इस कानून की बहुत जरूरत है। नक्सलवादियों की समस्या हमारे सामाजिक जीवन में जो परिवर्तन हो रहे हैं, उसके कारण उत्पन्न हुई है। जो नवयुवक आज अपने चारों ओर निराशा के बादल घिरे हुए देखते हैं, बेकारी की हालत से तंग आ जाने के बाद उनके सामने जो परिस्थिति बनती है और उस कारण जो समस्या पैदा होती है उसका इलाज यह नहीं है कि नजरबन्दी कानून

के अन्तर्गत उनको गिरफ्तार कर लिया जाए। श्री बदरूजा की बात भी की गई है। मुझे ताज्जुब होता है कि अभी तक भी उनके खिलाफ चार्ज क्या है, यह लोगों को मालूम नहीं है। इस बास्ते मैं समझता हूँ कि इस कानून का नाजायज इस्तेमाल होगा और उसी तरह से होगा जिस तरह से प्रिवेंटिव डिटेन्शन का हुआ। जिस तरह से हमने उसका विरोध किया था उसी तरह से हम इसका भी विरोध करना चाहते हैं। विरोध केवल इसलिए नहीं करना चाहते हैं कि इसका नाजायज इस्तेमाल होगा बल्कि इसका एक और भी कारण है। आज देश को एकता की जरूरत है। गरीबी हटाओ का नारा भी उन्होंने दिया है। आपको याद ही है कि चीनी आक्रमण तथा पाकिस्तानी आक्रमण के वक्त सारा देश एक इन्सान की मानिन्द खड़ा हो गया था और उसने एक होकर उन आक्रमणों का मुकाबला किया था। उम एके को खत्म न किया जाए। इससे वह खत्म हो सकता है। एक विरोधी के रूप में मैं उन से निवेदन करना चाहता हूँ कि इस पर वह दुबारा सोचें और सोचने के बाद आज वह इसको वापिस ले लें तो इसी सदन में हम सब एक राय होकर उनको यह आश्वासन दे सकते हैं कि देश के ऊपर अगर कोई ऐसी आपत्ति आएगी चाहे वह बाहर से आए या अन्दर से आये जिस का हम सब को मुकाबला करना होगा तो उसका मुकाबला हम सब अपने राजनीतिक मतभेदों को भुलाकर एक होकर करेंगे।

MR SPEAKER : The question is :

"This House disapproves of the Maintenance of Internal Security Ordinance, 1971 (Ordinance No. 5 of 1971) Promulgated by the President on the 7th May, 1971."

Ayes 75 ; Noes 158.

Singh, Shri Kedar Nath

The motion was negatived.

* The following members also recorded their votes :—

Ayes : Sarvashri M. Satyanarayan Rao, Shiv Shanker Prasad Yadav, Indrajit Gupta, Saminathan, and D. K. Panda ;*Noes* : Sarvashri Chhuttan Lal, Gotkhinde, Ram Bhagat Paswan, Asgar Hussain, N. N. Pandey, Narain Chand Parashar, Arvind Netam, Rasiklal Parikh, Ramubhai Patel and T. N. T. Gounder.

MR. SPEAKER : Now, Shri Jyotirmoy Bosu's amendment No. 2 was tabled also by Shri Ram Doo Singh ; that was up to 31st December, 1971. Amendment No. 2 of Shri S. M. Banerjee was up to 10th November, 1971. So Shri Jyotirmoy Bosu's date comes in between. This is all infructuous. (*Inter-ruption*) It is redundant now So, I am not putting it.

MR. SPEAKER : I will now put Mr. Dage's amendment No. 60. The question is :

"That the Bill to provide for detention in certain cases for the purpose of maintenance of internal security and matters connected therewith be referred to a Select Committee consisting of 7 members, namely :—

- (1) Shri Chhuten Lal
- (2) Shri Hiralal Doda
- (3) Shri Nathuram Mirdha
- (4) Shri Shrikishan Modi
- (5) Shri Krishna Chandra Pant
- (6) Shri Natwarlal Patel ; and
- (7) Shri Nawal Kishore Sharma with instructions to report by the first day of the next session." (60)

The motion was negatived.

MR. SPEAKER : The question is :

"That the Bill to provide for detention in certain cases for the purpose of maintenance of internal security and matters connected therewith, be taken into consideration."

The motion was adopted.

Clause 2 (Definitions)

MR. SPEAKER : We will now take up clause-by-clause consideration. There are no amendments to clause 2.

The question is :

"That clause 2 stand part of the Bill."

The motion was adopted.

Clause 2 was added to the Bill.

Clause 3 (Power to make orders detaining certain persons)

MR. SPEAKER : There are a number of amendments.

“(c) Commissioners of Police, wherever they have been appointed,” (65).

SHRI M. KALYANASUNDARAM :
Sir, subject to our fundamental opposition to the Bill as a whole, I am seeking to get some of these clauses amended by moving these amendments. While doing so, I do not commit myself or my party to the principles underlining this Bill.

My one amendment seeks to delete Sub-clause (1) of clause (a), the relationship of India with any foreign powers. If the object of the Bill, as was stated by Shri Pant yesterday, was only to maintain internal security, why should this clause be there ? Clause (3) has been resurrected word by word from the Preventive Detention Act, 1950. Yesterday I was listening to the speech of Shri Pant. After this massive mandate obtained by the party there should be no need for such a Bill. For more than a year there was no such Act and the government had functioned. Then, for more than one and a half months you had it by means of an Ordinance. Can the government tell us that during the period of one and a half months there was improvement in the situation described by Shri Pant yesterday ?

This is not a law and order problem measure. This has been there even during the days of the British. After that we had it in 1950 under the name Preventive Detention Act. This Act has been directed against my party for the last 23 years. I have suffered this preventive detention. I have suffered preventive detention under the British rulers, under the Congress regime, as late as 1962-63 and very recently under the DMK rule I have seen what a prison is.

Why should this government, which claims to build socialism in this country, seek to include in this enactment relations with foreign powers, maintenance of public order, maintenance of supplies and essential services to the community ? What does it mean ? Can you say that

[Shri M. Kalyanasundaram]

the enactment is concerned only with the security of the State? No, it is not confined to the security of the State alone. Because of the inclusion of maintenance of public order here, any strike of the railway or posts and telegraphs employees can be declared as interfering with the maintenance of public order and the strike can be banned and the leaders of the strike arrested. Similarly, maintenance of supplies essential to the community is included here. Now that the budget is passed, government anticipate trouble from the wage-earners because they have refused to raise the dearness allowance of the Central Government employees. Mills are being closed creating unemployment. Land reforms are not being effectively implemented, creating dissatisfaction among the peasants. So, more than any trouble in the borders, government anticipate more trouble from the workers and peasants inside the country who agitate for their just demands. Because of the assurances given by the ruling party during the elections the workers and peasants and middle class employees were expecting much from the government. Now they are disappointed. So government anticipate trouble from the Central and State Government employees, workers and peasants. This Act is only intended to suppress those struggles of the workers and peasants and not to defend the country or to certain internal security.

Even if there are any forces which have something to do with violence, they have a misconceived idea about revolution and they are not so serious. Do not try to magnify it. The problem of Naxalbari is sought to be magnified only to suppress all genuine struggles of the workers and peasants in our country so that the landlords and the capitalists class can be allowed to swindle the 55 crores of people and their labour.

There is no change from the original Preventive Detention Act, which was clearly directed against the workers and peasants and the Communist Party. The same thing is continued. What is the change? The ruling party spoke so much about polarisation and the need to fight against right reaction, Now what is happening?

By this Act they are only going to strengthen the reactionary forces, the capitalist exploiters, both outside and inside.

But I want to tell them one thing. Let them not think that they will succeed in suppressing the movement with this Act. We have faced even worse Acts and repression. The workers and peasants of this country know how to defend themselves, either with this Act or without this Act. Do not rely on this Act, the Police and bullets.

What is called for is a change in your policy if you want to succeed in maintaining peace and internal security. Do not blame our people. Our people have shown their sense of patriotism twice recently, in spite of this Government's policy. So, do not blame the people. Examine the policies that you are pursuing in the sphere of economy.

I am opposed to this clause as a whole but at least if they accept these amendments, they can go to the people and tell them that this is not directed against the workers, peasants or the political opposition; this is intended only for internal security.

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, इस काले विधेयक को पूरी तरह से रद्द करने का हमारा प्रयत्न विफल हुआ...

श्री राम सहाय पांडे (राजनन्दगांव) : अब सफल हो गये है।

श्री अटल बिहारी वाजपेयी : अब हम कोशिश कर रहे हैं कि इस की कालिख जितनी कम हो जाय उतना ही अच्छा है, लेकिन यह रहेगा काला कानून।

इस धारा के अन्तर्गत जो हमारी आपत्तियां हैं, वे इस प्रकार हैं—भारत की सुरक्षा समझ में आने वाली बात है, लेकिन 'दी रिलेशनज आफ इण्डिया विद फारन पावर्स' यह इतना व्यापक है, निरर्थक है कि इस को यहां रखने

का कोई अर्थ नहीं है। विदेशों की, दूसरे देशों की आलोचना करने का अधिकार आप छीनना चाहते हैं, यह उचित नहीं है, यह इसमें रहना चाहिए। दूसरे देशों के साथ सम्बन्ध बिगाड़ने की किसी की इच्छा नहीं है, लेकिन कोई पड़ीसी यदि सम्बन्ध बिगाड़ने पर तुला हुआ हो, तो फिर उस के सम्बन्ध में जनता को बोलने से, जनमत जाग्रत करने से रोकना नहीं चाहिए। आज पाकिस्तान का सवाल है, पाकिस्तान का समर्थन करने वाला चीन है—इन की खुली आलोचना होगी और होनी चाहिए।...

श्री राम सहाय पांडे : श्री ज्योतिर्मय बसु से पूछ लीजिए कि होगी या नहीं होगी।

श्री अटल बिहारी वाजपेयी : हर बार ज्योतिर्मय बसु का नाम लेना—उन को खतरनाक बताना नहीं, बल्कि उन को महत्व प्रदान करना है। इस लिए मेरा निवेदन है कि इस में से “रिलेशनज आफ इण्डिया विद फारन पावर्स” निकाल दीजिए।

दूसरा संशोधन यह था कि “मेन्टेनेन्स आफ पब्लिक आर्डर” की इस में आवश्यकता नहीं है। डिफेन्स आफ इण्डिया, सिक्योरिटी आफ इण्डिया, सिक्योरिटी आफ स्टेट तक ठीक है, मेन्टेनेन्स आफ पब्लिक आर्डर के लिए सामान्य कानून पर्याप्त हैं, उन का उपयोग किया जा सकता है। मेन्टेनेन्स आफ पब्लिक आर्डर के नाम पर इस विधेयक की भावना का काफी दुरुपयोग हुआ है, उस को इस में रखने की जरूरत नहीं है।

तीसरी बात—जैसा अभी मेरे पूर्ववक्ता ने कहा—मुनाफाखोरों, चोरबाजारी करने वालों को गिरफ्तार करना एक अलग चीज है, और कर्मचारियों के, मजदूरों के आन्दोलनों, उन की न्यायोचित मांगों को मनवाने के लिए उन के संघर्ष और उस के परिणामस्वरूप होने वाली सुविधाओं में गड़बड़ी पृथक चीज

है। इस में कहा गया है—“दी मेन्टेनेन्स आफ सप्लाइज एण्ड सर्विसिज एसेन्शल टु दी कम्युनिटी” इस का भाव यह निकलता है कि यह चोर-बाजारों के खिलाफ कानून है, जबकि एसेन्शल कमाडिटीज एक्ट के अन्तर्गत चोर-बाजारों को, मुनाफाखोरों को पकड़ा जा सकता है। मेन्टेनेन्स आफ एसेन्शल सर्विसिज एक्ट के अन्तर्गत सुविधाओं को बनाये रखा जा सकता है, जब इन के लिए हमारे पास पर्याप्त कानून हैं, तो उन का इस कानून में समावेश करने की क्या आवश्यकता है।

चौथा संशोधन यह है कि इस कानून में अधिकार दिया गया है कि कोई भी जिला मैजिस्ट्रेट, अतिरिक्त जिला मैजिस्ट्रेट, कोई भी पुलिस कमिश्नर—कलकत्ता, बम्बई, मद्रास, हैदराबाद का—नजरबन्द करने का आदेश निकाल सकता है। इंग्लैंड में इस तरह का कानून था, लेकिन केवल होम सैक्रेटरी नजरबन्दी का आदेश निकाल सकता था। कल श्री भण्डारे ने अमरीका का हवाला दिया, लेकिन उस के अन्तर्गत भी संकट काल की घोषणा करना जरूरी है। अगर सरकार सचमुच इस बात के लिए प्रयत्नशील है कि इस कानून का दुरुपयोग न हो तो यह अधिकार जिला मैजिस्ट्रेट को नहीं होना चाहिए, एडीशनल जिला मैजिस्ट्रेट को नहीं होना चाहिए, यह अधिकार स्टेट के चीफ सैक्रेटरी और होम सैक्रेटरी को होना चाहिए। मैं समझता हूँ कि इस संशोधन के मानने में आप को आपत्ति नहीं होनी चाहिए। आजकल संचार के पर्याप्त साधन उपलब्ध किसी भी जिले से राज्य की राजधानी के साथ सम्पर्क करना कठिन नहीं है, लेकिन छोटे से पुलिस आफिसर को ऐसा अधिकार नहीं देना चाहिए। अगर सचमुच किसी को गिरफ्तार या नजरबन्द करने की जरूरत है तो राज्य के चीफ सैक्रेटरी और होम सैक्रेटरी का अधिकार होना चाहिए, जिला मैजिस्ट्रेट का नहीं।

SHRI DINEN BHATTACHARYYA : In clause 3, I want that "maintenance of public order" should go. This is the most elastic thing. For anything, anybody can be detained under this. For any doubt, a man can be brought under detention if this is there.

Another thing is that "maintenance of supplies and services essential to the community" should go. There are enough laws already existing under which this can be controlled. But if you put this thing here, it means that the intention of the Government is to see that there is no trade union movement by the workers who are engaged in supply work and in any essential services. So, this should also go.

Then, about giving powers to District Magistrate and Additional District Magistrates, I say, they are no better than rubber stamps. I have met many District Magistrates with so many cases of P.U.A. Act under which more than 300 persons of my party have been arrested in West Bengal. In almost all the cases, the orders have been passed by District Magistrates as if they have nothing to do but simply to put their signatures down below the cyclostyled order brought before them by the police authorities. In almost all the cases, this order has been served only to victimise and harass the political opponents, specially, the C.P.M in West Bengal.

I could have produced facts before this House that almost all these people are connected with trade unions, working classes and the movements for the upliftment of rural people. We know that the real anti-social elements are not arrested. But the persons who are doing some political activity are arrested simply on concocted charges. So, I want to say very categorically that no power should be given to District Magistrates and Additional District Magistrates who are always busy to oblige the Government. I want that the power that has been given here should not be there.

Down below I have another amendment that in no case anybody should be detained for more than five days and after five days, that man who is detained should be produced before a court of law and full opportunity

should be given to him to defend himself and the Government if it had any complaint against that particular detenu, must also come forward with full facts and the detenu should be given opportunity to defend his case and in no case a person should be detained for more than five days. After five days, he should be brought before a court of law to be tried under the existing law.

These are my amendments with regard to this clause.

SHRI D. K. PANDA : My amendment is that after clause 3, sub-clause (1) insert :

"Provided that no order of detention shall be passed in respect of an Indian national if measures under the existing law would meet the needs for which detention order is proposed ;

Provided further that no order of detention shall be made without the unanimous endorsement of the Committee comprising of seven Lok Sabha Members representing all the political parties.

(1A) The detaining authority shall give reasons as to why such measures were not found sufficient ;

(1B) The detenu shall have a right of appeal against the order passed under clause (b) of sub-section (1) of section 3 to the Parliamentary Committee."

Sir, I am totally opposed to this Bill as it is more draconian than any law that has been passed so far. Even under Sec. 44 of the Defence of India Act the British gave some rights and it is said that the executive cannot suddenly come in and claim the right to wield absolute and arbitrary powers not even during war time. Then Sec. 44 says :

"There should be interference with the liberty of the citizens of India *as little as possible.*"

Even under the Defence of India Rules 1962, Rule 30 provides for lesser restrictions on the liberty and movement of a citizen.

So, even under the British regime, they had given certain rights and the restrictions were somewhat lessened by the provision of Sec. 44. Now, here absolutely no such measure has been taken and the Bill contemplates that the executive authority shall assume all the powers—judicial, administrative and executive and ride roughshod and they can do and undo things. I would just remind the hon. Minister that out of 87 people who were detained under the P. D. Act, there is not a single profiteer. There is not a single hoarder. There is not a single smuggler. There is not a single person who was indulging in espionage activities. So, it is all a clear case of political vindictiveness against the leftist and progressive forces and in my own State of Orissa, 27 CPI Members were detained during the Chinese aggression absolutely without any reason and specially when we held the first meeting of the kind denouncing the Chinese attack and six months thereafter 27 members of our Party including the Party Secretary were put under detention. So, our past experience is bitter and after the massive mandate they won which they say they won for liquidating poverty, they are now going to liquidate the very liberty of the citizen of free India by this very Bill.

So, while opposing this, I also appeal to Hon. Members of the House, that in view of the reassurance given by the Minister that this arbitrary power will not be abused, let it be put statutorily in the Bill so that it may be a safeguard and I request them to support my amendment. I hope this will be accepted even by the Treasury Benches.

SHRI N. K. SHARMA : I have already moved my amendment No. 65. It is a formal one. This relates to Clause 3. The Bill gives powers to Commissioner of Police, Bombay, Calcutta, Madras and Hyderabad. With the contemplated change in Criminal procedure Code it is likely that more places may be required where they may be posted as and when necessary. So, I want to substitute—Commissioners of Police, wherever they have been appointed. This is more or less a formal amendment and I hope my friend Mr. Pant will agree to it.

THE MINISTER OF STATE IN THE
MINISTRY OF HOME AFFAIRS (SHRI

K. C. PANT) : I accept amendment No. 65 of Shri N. K. Sharma. I will surprise Mr. Dinen Bhattacharyya by accepting his amendment No. 23. He wants that the State Government should communicate within 7 days. In the Bill it is 'as soon as may be'. I accept his amendment because it is a Central Act and Centre has responsibility to see these things. That point was made by several hon. Members. So, I would accept his amendment also. I heard the other hon. Members also very carefully. Shri M. Kalyanasundaram and Shri Dinen Bhattacharyya said that this measure would be used against workers and peasants etc. etc. Shri M. Kalyanasundaram said that we had said that there was need to fight against right reaction, but this would only strengthen right reaction. In this House, he usually refers to right reaction when he speaks of Shri Piloo Mody. In this case, he himself says that the opposition is cutting across party lines ..

SHRI M. KALYANASUNDARAM :
He has given them that opportunity.

14.00 hrs.

SHRI K. C. PANT : There are different considerations which are impelling different parties to take different postures, but the fact of the matter is this. Can he cite a single instance where the Preventive Detention Act or the preventive detention measures have been used anywhere against the trade union movements...

SHRI INDRAJIT GUPTA (Alipore) :
In hundreds of cases. I can show him hundreds of cases. What is he saying? Why does he ask us to show them here? We cannot show them here. If he is interested in seeing them, I shall give him those cases.

SHRI K. C. PANT : I am interested in knowing. But let me complete my sentence...

SHRI ATAL BIHARI VAJPAYEE :
The leaders of the Central Government employees were detained.

SHRI K. C. PANT : Let me complete my sentence.

SHRI M. KALYANASUNDARAM :
We shall give him copies of the detention order; he can examine them and he will find there nothing else but this.

SHRI K. C. PANT : If hon. Members do not want to listen to me, that is a different matter. The Preventive Detention has not been used in any single case of a trade union movement or trade union activity which is legitimate.....

SHRI DINEN BHATTACHARYYA : I shall give him two names. One trade union worker by name Sonar Bhattacharya was detained.....

SHRI INDRAJIT GUPTA : I was detained in 1953 for allegedly having told the workers to stage a demonstration before the office of the Indian Jute Mills Association. I was kept under preventive detention for three months for this. This was the ground brought against me. The High Court released me eventually. What is he talking about? Was that not a legitimate movement?

SHRI K. C. PANT : This only confirms that the safeguards are effective.

SHRI INDRAJIT GUPTA : I want compensation for three months' deprivation of my liberty. Will he compensate me?

SHRI K. C. PANT : All these detentions have helped him to come to Parliament also.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : We can give him hundreds of cases. Let him not tell us bogus things.

SHRI M. KALYANASUNDARAM : He is not going to change his mind.....

SHRI K. C. PANT : I began by saying that where possible, I was ready to accept some of the amendments.....

SHRI M. KALYANASUNDARAM : Because it helps him.

SHRI K. C. PANT : If hon. Members have given an amendment, and I accept it, I think that there should be some appreciation of that fact.

There was reference to the relations of India with foreign powers, and some hon. Members wanted to delete it. I can only assure them that this provision will be used

extremely sparingly. We have not used it even in the past except on one occasion where it was found to be necessary. We are not using this to curb criticism against foreign governments, normally, but there are occasions, and in fact, there was one occasion where it was found necessary to use this. I can only assure hon. Members that it will not be used unless it becomes absolutely essential. I can certainly give that assurance.

SHRI M. KALYANASUNDARAM : There are other methods for it.

SHRI ATAL BIHARI VAJPAYEE : That applies to all the clauses.

SHRI K. C. PANT : With regard to amendments 9, 18 and 53 and so on, there, internal security and public order are involved. In the matter of public order, the Constitution has laid the responsibility primarily on the State Governments, and we are here to help them. After the Preventive Detention Act at the Centre lapsed on 31st December, 1969, or rather before that, all the State Governments were asked, and as I had explained yesterday, being faced with the direct responsibility of law and order, all the State Governments barring one agreed that they needed such an Act; it was only Kerala which said that they would only like this to be used for maintenance of essential services etc.....

SHRI INDRAJIT GUPTA : Which means that they were prodded by the Central Government. The Centre prodded them.

SHRI K. C. PANT : Not all the State Governments were run by our party. My hon. friend's party was also in some of the Governments. Shri Atal Bihari Vajpayee's party was also in some of the Governments. Other parties were also there. But there was a difference between them and their parties. Those parties which had undertaken the task of Government were far more responsible and being faced with the direct task of maintenance of law and order, they were much more responsive to the needs of the situation. Therefore, the State Governments said that they would need the law. Today, these friends can say that they do not need it, but they should ask their State Governments or their members

who were in those governments and were in power why they had at that time felt the necessity for such a law. This is the real point that they will have to consider.

DR. RANEN SEN (Barasat): I had quoted the statement of Shri C. Achuta Menon, Chief Minister of Kerala, wherein he has said that this is not needed in his State.

SHRI K. C. PANT: I mentioned that the then Kerala Government said they would like to confine it only to the maintenance of essential services etc. That was the communication which we had received at that time and which I placed before the House yesterday and today. As to what is their opinion today, I cannot say.

SHRI M. KALYANASUNDARAM: Can he place the whole letter before us.

SHRI K. C. PANT: It is his own Government there; he can get that letter.

SHRI ATAL BIHARI VAJPAYEE: He is referring to the letter and says 'you get it from the Government there'.

SHRI M. KALYANASUNDARAM: He is distorting the letter.

SHRI K. C. PANT: There was a question asked why Commissioners of Police are allowed to use these powers. They are in fact more senior officers than district magistrates. If district magistrates can be accepted, we can accept the Commissioners of Police as well. They have to handle the law and order situation on the ground.

SHRI JYOTIRMOY BOSU: A Commissioner himself was in the list of spies, according to the intelligence report of Shri P. K. Basu, DIG, I. B., he was in contact with the British secret service agent, Brig. Stevans.

SHRI K. C. PANT: Conspiracies are always in his mind.

Two amendments were moved for reducing the period of 12 days to 5 days and the period of 22 days to 14 days. I do not know if my hon. friends realise the implica-

tions of their own suggestions. In the old scheme, 5 days are given for the grounds to be communicated to the detenu and 12 days are given for the State Government to take a decision, either to approve or to disapprove. That scheme remains intact even here under ordinary circumstances. In extraordinary circumstances it will be extended; within 15 days he will have to communicate the grounds to the detenu and within 22 days the State Government must make up its mind. If they reduce it to 5 days, the detenu may not have a chance either to put forward his case or have that examined by the State Government. Surely they did not intend to deprive the detenu of the opportunity either to put forward his case or for it to be considered by the Government. I am sure they did not mean this, but the amendment, if accepted, would lead to this.

Then I am amazed that Shri Samar Mukherjee, Shri Dinan Bhattacharyya, Shri Mohammed Ismail as well as Shri Vajpayee should have asked us to omit lines 9 and 10. These lines enable us to use this measure against blackmarketeers, hoarders etc. I cannot understand why they should want this, of all provisions, to be taken out.

SHRI DINEN BHATTACHARYYA: 'Maintenance of order' is a *para brahma*; you can bring anything under it.

SHRI K. C. PANT: If you are opposed to the principle of the Bill, that is a different matter; but having accepted the Bill in its principle, this should be the last provision to take out.

SHRI M. KALYANASUNDARAM: Let us know what he means by the term, 'maintenance of supplies and services essential to the community'. Can he categorically say that it would be used only against blackmarketeers and none else. If the railway workers, port workers, electricity workers go on strike, you say you will not proceed against them under this.

SHRI K. C. PANT: I have already said that this enables us to proceed against blackmarketeers, hoarders etc. I am surprised that they want this out.

SHRI INDRAJIT GUPTA : What is wrong with the Essential Services and Maintenances of Supplies Act already on the statute book ?

SHRI K. C. PANT : That is prospective. Nobody seems to realise this difference between an act being committed and the court looking into it and preventive action to prevent the act being committed.

SHRI INDRAJIT GUPTA : Has the Essential Services Act been used against a single blackmarketeer ? It has been invoked only to crush strikes of port and dock workers, railway workers and so on.

SHRI K. C. PANT : We on this side are second to one in this country in our concern for labour and this attempt to be the spokesmen of workers to attract publicity is not fair,

Shri Panda's amendment also cannot be accepted because action under the ordinary law providing for penalties will naturally take time and preventive detention is resorted to where immediate action is called for to prevent mischief. I have been underlining this again and again.

Since we are short of time, I would not like to say anything more.

MR. SPEAKER : I shall put amendments Nos. 7, 8, 10, 11 and 12 to the House.

Amendments Nos. 7, 8 and 10 to 12 were put and negatived.

MR. SPEAKER : I shall put amendments Nos. 18, 19, 20 and 22 to the House.

Amendments Nos. 18 to 20 and 22 were put and negatived.

MR. SPEAKER : The question is :

omit “including conditions as to maintenance, discipline and punishment for breaches of discipline,” (24)

SHRI M. KALYANASUNDARAM :
I have an amendment No. 14. There is no other place where it can be moved ; so, I shall move it now.

MR. SPEAKER : It is a new clause ; it is a separate one. Let us first take up clause 5 ; then you can move it later on.

SHRI M. KALYANASUNDARAM :
There is no other place for taking it up and so I move :

Page 3,—

after line 17, insert—

“5 As Every person in respect of whom a detention order has been made shall be eligible to reasonable allowances to be fixed by the concerned Government, for the maintenance of the family and dependents of the detainee, which shall include the education of the children.” (14)

The amendments 13 and 24 are to clause 5.

*SHRI S. A. MURUGANANTHAM :
Mr. Speaker, Sir, we are totally opposed to the Bill in full, and in our view it is blackest piece of legislation. I was myself a victim twice under such a law. For 150 years our country was cruelly subjected to the oppressive rule of British Imperialism. The people of our country, after a long and arduous struggle achieved Independence. But fifteen days after declaring our country as a Sovereign Democratic Republic, i.e., 11th February, 1950, 22 innocent and unarmed political prisoners in Salem Jail were killed. In Cuddalore also the prisoners were shot dead. When this Government is armed with such powers, why should the Government be granted more powers, under a new law ? There is absolutely no need for such arbitrary powers. Every citizen of the country has the fundamental right to freedom for political activity. It is not proper that the political prisoners should be put in the jail without trial. Worse still is to confine such political prisoners in lock-ups, where they do not have freedom even to move around within the prison also. Hence my amendment not to keep such prisoners in lock-ups. They should be allowed to exercise their freedom. That is why I have moved my amendment and I hope that the Government will accept it. ♦

SHRI DINEN BHATTACHARYYA :
In my amendment which I have moved I have asked for the omission of “including conditions as to maintenance, discipline and punishment for breaches of discipline,” on page 3.

Now, Shri Badrudduja has been arrested. Mr. Sasanka Shekhar Sanyal, his counsel, wanted to meet him in jail. He was asked to go there by the jail authorities, but on reaching the jail gate, Mr. Sanyal, who is also a member of the Rajya Sabha, was told by the jail authorities that “the Secretary, Home Department, has asked us not to allow you to see Mr. Badrudduja.” This is

* The Original speech was delivered in Tamil.

[Shri Dinen Bhattacharya]

the discipline. Then, Mr. Sanyal asked him, "Under what law and under what rule you are asking me not to see Mr. Badrudduja who has been arrested under mere suspicion and kept as a detenu?" The Home Secretary had no answer to this, and he only said, "I will ask the Law Department to inform you under what rule you are not permitted to see the detenu." This is the condition; this is the discipline imposed on the detenu. So, I want to state emphatically that the authorities want to impose these rules and always use these rules according to their own whims, and the detenu does not get any opportunity to have even the minimum facilities, not to speak of a decent life in the jail. So, I am moving this amendment in order that these things should go.

SHRI M. KALYANASUNDARAM : I have given an amendment to clause 5. I am also opposed to the provisions of clause 5 as they are. Clause 5(a) says : "to be detained in such place and under such conditions, including conditions as to maintenance, discipline and punishment for breaches of discipline, as the appropriate Government may, by general or special order, specify ;" It will lead to all sorts of discrimination from State to State. Already, the detenus in my State are classified as C class prisoners. These prisoners are not even eligible for coffee or anything in the morning. They are treated just as ordinary criminals in some States. In some other States, there are two divisions—first class and second class. So, there should be uniformity,

Then, when you want to detain, only political prisoners are to be detained. My amendment only seeks to treat them as political prisoners. Cannot the Government go even to that extent? Even in this respect, should we follow the old British tradition in the matter of treatment? Yesterday, I was astonished when the esteemed Minister of State in the Ministry of Home Affairs, Shri Pant, was quoting from Rajaji for justification. Rajaji has been discarded by history. And he is now quoting from Rajaji for justification. He said that he is more progressive than Rajaji. Today,

he is quoting from Rajaji who in 1930 was holding a high position.

Now, to maintain discipline, there are the jail manuals in all the States. *(Interruption.)*

14 24 hrs.

[SHRI R. D. BHANDARE *in the Chair*]

The jail manuals are there. The State Governments are competent to deal with any breach of discipline inside the jails. The rules are also there. Why do you want this to be specifically mentioned here? If you want to improve it, it is all right. But this will make matters worse. Inside the jails, there has been shooting, there has been lathi charge. For instance, in the Cuddalore jail and in the Salem jail, the jail warders and the jail superintendents have been beating the detenus. I was one of those who was beaten. Every hair in my head was plucked inside the jail. These have happened in the past. Today, you are asking the jail authorities to behave in the same way as they behaved during the days of the British or in the earlier days after we achieved freedom. This clause should not be there in this Bill.

Then, I have suggested that every person detained shall be eligible to a reasonable allowance to be fixed by the concerned Government for the maintenance of the family and dependants of the detenu, which shall include the education of such children. When you deprive him of his liberty without any charge or conviction, should you not be humanitarian and give him this allowance, treating him as a decent human being and not as a convict? If you think that only by enforcing this Act you can maintain the internal security of the country, revise your budget and plan allocations, construct more jails and purchase more arms to be kept in jail for maintaining discipline. Jatin Das fought for the rights of political prisoners and died after starving for 57 days. You might not have known that history. At least read that history and bear that tradition. You are the son of an illustrious father. Don't support this Bill. But if you are forced to do it, do not have this clause. Or, at least accept my amendment.

SHRI K. C. PANT : Sir, on the first point, there appears to be an impression in the mind of my hon. friend that this measure is going to be used against political opponents. That is not so. As I explained yesterday, we are certainly not against political dissent.

SHRI M. KALYANASUNDARAM : You said, this will be directed against Naxalites. Are they not political workers ?

SHRI K. C. PANT : If they resort to violent means which may bring them under the mischief of this Act, certainly this Act will be used against them. We can have a regular debate on this if he wants, but there is a difference between political dissent and violent methods. Political dissent is the basis of democracy. But the condition for the success of democracy is that peaceful methods must be resorted to. If one accepts that violent methods can be used to subvert the State or change the Government, that is not a democratic method at all.

SHRI M. KALYANASUNDARAM : Even Gandhiji said, for self-defence, you can use violence.

SHRI K. C. PANT : There can be no confusion of ideas so far as this basic thing is concerned. We must ensure that violent methods are not used which would destroy the fabric of democracy. If this basic point is not clear to him, no matter what I say, I cannot explain our purposes...

SHRI M. KALYANASUNDARAM : Is not the jail manual adequate to maintain discipline ? Why have this clause ?

SHRI K. C. PANT : I am only trying to explain our approach to this problem. We in this country are proud of the freedoms we have. We have freedoms of association, of speech, etc., enshrined in our Constitution. We have just had an election of which we can be proud. Ours is the biggest democracy in the world, so many people peacefully taking part in the elections and expressing their political views through the ballot box.

AN HON. MEMBER : Ha, ha !

SHRI K. C. PANT : Even the hon. member who says "Ha, ha" has been elected by the people. Or, does he believe in Mr. Madhok's theory about chemically treated ballot papers ?

SHRI ATAL BIHARI VAJPAYEE : You persuade Shri Gokhale to order an inquiry.

SHRI K. C. PANT : Therefore, we are proud of our record of freedom and democracy in this country and I think we have to preserve this record. For this purpose if we have to encroach upon the freedom of a few individuals who are out to destroy this system, I think this House should not grudge this power.

SHRI INDRAJIT GUPTA : What is this long lecture about freedom and democracy ?

SHRI DASARATHA DEB (Tripura East) : I was detained in the Agartala jail and even though I was a Member of Parliament I was treated.....

MR. CHAIRMAN : Let him resume his seat. The Minister is not yielding.

SHRI K. C. PANT : I am sorry to find that my hon. friend, Shri Indrajit Gupta, who is normally not agitated is today... (*Interruptions*) So many general remarks were made here during the course of the discussion and I have simply given the general approach of the government in this matter and Shri Indrajit Gupta, who is usually fair to the other members of this House is less than fair to me today.

So far as amendment No. 13 is concerned, even under the Preventive Detention Act, 1950 the question regarding the place of detention was left to be decided, according to the circumstances of each case, by the detaining authorities themselves and this is a reasonable arrangement and it worked satisfactorily in the past.

So far as amendment No. 24 goes, if you accept this amendment then perhaps clause 5 would be left very very vague. In this context, a specific point was raised just now that some counsel went to meet

[Shri K. C. Pant]

Shri Badrudduja and he could not meet him.

AN HON. MEMBER : He was not only a counsel but a member of the Rajya Sabha.

SHRI K. C. PANT : Whatever it is, he went in the capacity of a legal counsel. We will have to enquire into this particular aspect of a counsel having gone and not being able to meet him. I shall make enquiries.

SHRI M. KALYANASUNDARAM : Why could they not be treated as political prisoners ? They should be allowed the courtesy of regular letters, interviews etc.

SHRI K. C. PANT : There is no special class known as political prisoners.

So far as amendment No.25 goes, I do not know whether it has been moved.

MR. CHAIRMAN : It has not been moved.

SHRI K. C. PANT : So far as that goes, it is a suggestion for a new provision, I do not want to go into all the details though I have them here. This is essentially a matter to be decided by the detaining authority, having regard to the circumstances of each case. If at all it is considered necessary by the appropriate government to grant any such allowance, that would be in the nature of *ex gratia* payment. I cannot vouch for the fact, but I did make enquiries this morning as to whether the State Governments did make such *ex gratia* payments and I was told that they do it in deserving cases. I have asked for further facts. I cannot say anything more at this stage.

MR. CHAIRMAN : I will now put amendment No. 13 to the vote of the House.

Amendment No. 13 was put and negatived.

MR. CHAIRMAN : I will now put amendment No. 24 to the vote of the House.

Amendment No.24 was put and negatived.

MR. CHAIRMAN : The question is :

"That clause 5 stand part of the Bill."

The motion was adopted

Clause 5 was added to the Bill.

MR. CHAIRMAN : Now I am putting amendment No.14, seeking to insert a new clause, 5A, to the vote of the House.

Amendment No. 14 was put and negatived.

MR. CHAIRMAN : The question is,

"That clause 6 stand part of the Bill."

The motion was adopted.

Clause 6 was added to the Bill

Clause 7—(POWERS IN RELATION TO ABSCONDING PERSONS)

SHRI S. A. MURUGANANTHAM : Sir. I move :

Page 3, line 34,—

Omit "and his property" (15)

SHRI M. KALYANASUNDARAM : In the case of a person wanted under the Act, if he goes underground, his property is to be attached and his family is to be teased. This is very atrocious. The property may be the property of the family. If a small peasant, who may be having two acres of land or a small house to live in with his family, evades arrest and is not found they will attach his property and will tease the members of his family. This is all British tradition. We are all shouting so much about Yahya Khan's military atrocity in Bangla Desh. This is what is going to happen here if this measure is there. This is very bad and he should remove it.

***SHRI S. A. MURUGANANTHAM :** Mr. Chairman, instead of taking steps to trace the offender who has gone underground, what the Government want to do is to starve the family of the offender by confiscating the property, which may rightfully belong to the family and not merely to the offender. During our Independence struggle, when non-cooperation movement and Satyagraha were taking place, the whole village was penalised for the simple reason that a person of that village participated in that struggle. The Government cannot confiscate the property of the family simply because they are unable to trace the offender. That is why I have moved my Amendment to omit the words "and his property" in line 34 on page 3 of the Bill.

SHRI K. C. PANT : I was listening to Shri Kalyanasundaram who chose to refer to Yahya Khan's atrocities in the context of this clause and his amendment. The only conclusion I can draw from that is that he is probably accustomed to overstating his case, because this is a gross overstatement of any case that he might have. After all, here is a case in which after due processes of law the magistrate will issue a warrant etc, a man will go and try to arrest somebody. This man, who is sought to be detained under law, goes underground as he was about to say.

SHRI M. KALYANASUNDARAM : I am not ashamed of that word. It is perfectly right to go underground if the police misbehave.

SHRI K. C. PANT : If he gets excited, he might give more away than he intends to. So, I think, he should not get excited. I was only saying that this man deliberately evades detention and, therefore, he does not allow the law to take its course....

SHRI M. KALYANASUNDARAM : Because the law is bad.

SHRI K. C. PANT : This is my precise point. If Parliament passes a law, you have to accept it. This is one of the disciplines of democracy. Whether you are on this side or that side, you must accept it. The day you accept this, that day you

will be a true democrat, not till then. Therefore, this will have to stay.

MR. CHAIRMAN : Now, I put Amendment No.15 to the vote of the House.

The question is :

CLAUSE 8. (GROUNDS OF ORDER OF DETENTION TO BE DISCLOSED TO PERSONS AFFECTED BY THE ORDER)

SHRI DINEN BHATTACHARYYA : Sir, I beg to move :

*The following members also recorded their votes :

Ayes : Dr. Jivraj Mehta, Shri Krishna Menon, Prof. S. L. Saxena, Sarvashri Shiv Shanker Prasad Yadav, Bhagirath Bhanwar, M. S. Purty, Saroj Mukherjee, E. R. Krishnan, B. N. Reddy and Gadadhar Saha.

Noes : Sarvashri D. P. Yadava, Hari Singh, Ram Bhagat Paswan, H. R. Gokhale, B. P. Maurya, Shrimati Savitri Shyam, Sarvashri V. B. Tarodekar, Mulki Raj Saini, Dr. Govind Das Richhariya, Sant Bux Singh, Dalip Singh, Darbara Singh, Genda Singh, Shankar Tewari, K. C. Pandey, S. P. Verma and Mohammad Yusuf.

This is the crux of the whole thing that I want to put before the House. The Bill empowers the executive authority to detain a man merely on suspicion and without giving him an opportunity to go to any court of law. My amendment is this that if anybody is detained, he may be put in jail for five days after which he must be brought before a court of law to be tried under the existing law. I don't understand why the Government which is so proud of its big majority is afraid of giving a person an opportunity to be tried under the law. Why should they not give him an opportunity to at least defend himself that he is not guilty of the charges which are brought against him and the Government should accept it. Hon. Minister, Mr. Pant is every time referring to democracy, liberty and freedom. Where will the freedom go if the little fundamental rights that we have in the Constitution are sought to be whittled down by this Bill ?

So, my point is that a man who has been detained will after five days be brought before a court of law and an opportunity given to him to get the benefit of the existing law and all charges that are brought against him should be made known to him and after that, if he was found guilty, then you can very well put him in jail. I am not against putting anybody in jail if he was really guilty of any charge. Without establishing the charges against anybody, how can you detain a person year after year and there is no limit to the detention. So, while I oppose the whole Bill, I want to

[Shri Dinen Bhattacharya]

emphasize that nobody should be detained without being brought to the court of law within five days of detention.

SHRI M. KALYANASUNDARAM
A word, Sir.

MR. CHAIRMAN : Time is very short. No, please.

SHRI S. M. BANERJEE (Kanpur) : This is a fascist measure they are rushing through this House. Can't you allow us to say a word, Sir ?

MR. CHAIRMAN : Mr. Banerjee, kindly take your seat first. You had agreed that there will be guillotine after 2.30.

SHRI S. M. BANERJEE : Not at all.

MR. CHAIRMAN : We have to pass this Bill before 3 p. m.

SHRI S. M. BANERJEE : We did not agree to it.

SHRI PILOO MODY (Godhra) : How can you pass it before 3 p. m. ? I have yet to speak.

THE MINISTER OF PARLIAMENTARY AFFAIRS, AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : This is what hon. Shri Kalyanasundaram said yesterday :

"Let the Minister reply to-day and let Mr. Vajpayee also reply to-day. Let us take up the clause by clause consideration tomorrow and finish it by 3.30 p. m."

The Speaker's ruling is :

"The decision on time limit was unanimously adopted by the House. Now I want to put it to the House."

.....(Interruptions)

SHRI PILOO MODY : I don't think the Minister of Parliamentary Affairs should be allowed to interfere with the proceedings of the House.

SHRI S. M. BANERJEE : As a Member of the Business Advisory Committee, I made it clear to the hon. Speaker when he was in the Chair that the time will have to be extended. The House is supreme and it can extend the time.

MR. CHAIRMAN : Mr. Kalyanasundaram.

SHRI K. N. TIWARY (Bettiah) : The House never agreed for extension of time. It was decided that by 3-30 P.M. the whole business will be finished. So, unless you take the opinion of the House whether they agree or not, how can the time be extended ?

SHRI M. KALYANASUNDARAM : You send the whole opposition out and have it passed.

SHRI K. N. TIWARY : It does not depend upon the opposition ; the whole House does not mean opposition only.

SHRI M. KALYANASUNDARAM : You called me, Mr. Chairman.

MR. CHAIRMAN : Yes, you may continue.

SHRI M. KALYANASUNDARAM : Clause 8 is very dangerous, especially sub-section (2) which says :

Nothing in sub-section (1) shall require the authority to disclose facts which it considers to be against the public interest to disclose.

Who is the authority ? The third grade or fourth grade police officer, who collects information. That information will be piled up in the D.I.G's office and cyclostyled grounds will be prepared and those grounds are put as vague as possible.

MR. CHAIRMAN : You are repeating the same point.

SHRI M. KALYANASUNDARAM : I am not repeating. I had the privilege of being served with so many detention charges ; when I went through them, I found them all quite vague. The informa-

tion is furnished by the Special Branch constable not even the Inspector. These are the facts. Even in respect of furnishing of the information, here you say, details will not be disclosed. Why should it be so? Why should they be afraid like this?

If Kalyanasundaram happens to be agent of China, it is your duty to expose him before the people. Say, here is such and such evidence that Kalyanasundaram has such and such link with China. That is an honest way of dealing with political opponents. I am not here to shield anybody who is anti-national. Whoever may be in the Communist party, this country is his country. He is a citizen of this country. Only when he treats this country as his country could he come here. These police officers can make any number of concocted charges; I have myself been a victim of so many concocted charges. Honest communists are victims of so many such concoctions. You do not want to disclose the details. He cannot appeal against the police. Are you going to be defended only by the Police? This Act is going to be implemented by the Police. This Act is going to be enforced by the Police. Grounds will be supplied by the Police. The Advisory Committee will become a farce. It will be guided by the Police. Government will be guided by the Police. You know the fate of those who were only guided by the Police. In this way, you are not going to save democracy, but you are destroying democracy.

SHRI K. C. PANT : The provision contained in sub-clause (2) of Clause 8 is based on the Constitutional provision contained in Art. 22(6). Even if this provision may not be used, it is essential in the public interest that the authority should be there for not disclosing facts which are considered against public interest to be disclosed. In certain types of cases, the facts cannot be disclosed in public interest. I do not want to specify those cases, but my hon. friends can understand the types of cases that I am referring to. In those cases, revealing the facts to the detenus can further jeopardise the interests of security. There are certain types of detenus under this Act, who can be made detenus, and if you reveal the facts to them, that can be a dangerous thing. Many of the reports are intelligence

reports, and it may lead to exposure of sources for those reports. So, hon. Members can well understand that there are various implications. But the facts are placed before the advisory body, and when my hon. friend says that the grounds are very vague and very sketchy and so on, may I remind him that the Supreme Court has given various rulings on this, and the effect of it is as follows. Firstly, the grounds communicated to the detenus should be sufficient to enable him to make an effective representation and the court may examine whether the grounds are sufficient or not. Secondly, the grounds furnished should not be vague, and the courts can examine whether or not the grounds are vague. Thirdly, the grounds should not be irrelevant, and the courts can go into the question of the relevancy of the grounds.

SHRI M. KALYANASUNDARAM : You will kick me inside jail, and you are asking me to go to the court even to know the details of the grounds.

SHRI K. C. PANT : I am afraid that even in a murder case, when a man is just apprehended for murder, even then, he has to be kept in jail. The arguments can go on, and sometimes a man goes in appeal right up to the Supreme Court, and sometimes he has to spend one year in jail till his case is decided.

SHRI DINEN BHATTACHARYYA : But there are specific charges against him. The detenu knows what the charges are.

SHRI K. C. PANT : I am only pointing out that sometimes even under the ordinary law, detention is inevitable, even while the case is being tried

SHRI S. M. BANERJEE : But he knows the charges.

SHRI K. C. PANT : So, these things have to be seen in their totality, and the best way of preventing the mischief of this Act is to stay away from those activities which will bring the mischief of this Act into play.

MR. CHAIRMAN : I shall now put amendment No. 28 to the vote of the House.

[Mr. Chairman]

The question is :

'Page 4, for lines 13 to 15, substitute—

"detention, produce him (the man who has been detained) before a court of law to be tried under the existing law." ' (28)

Let the Lobby be cleared.

The motion was negatived

MR. CHAIRMAN : The question is :

"That clause 8 stand part of the Bill"

The motion was adopted.

Clause 8 was added to the Bill.

AN HON. MEMBER : It is past three now. What about the Punjab Budget due to be presented at 3 P. M. ?

15.00 hrs.

[MR. SPEAKER *in the Chair*]

MR. SPEAKER : I think when members settled about the time they did not care for the technicalities. I wanted to put it to the House at 2.30 P. M. But they said 'No'.

SHRI INDRAJIT GUPTA : The Minister of Parliamentary affairs read out the record just now ; it is 3.30 P. M.

MR. SPEAKER : Anyway it is not a constitutional provision that it must come at 3 P. M. It can come after the Bill.

SHRI ATAL BIHARI VAJPAYEE : We would like to hear the Minister.

MR. SPEAKER : This Bill must first be disposed of ; this is the third extension we are having.

SHRI ATAL BIHARI VAJPAYEE : Where is the Budget ?

* The following members also recorded their votes :—

Ayes : Sarvashri Shiv Shanker Prasad Yadav, E. R. Krishnan and Somnath Chatterjee ;

Noes : Sarvashri Dharnidhar Das, C. D. Gautam, Ankineedu, R. P. Yadav, Shankar Tewari, J. G. Kadam and C. M. Tewari

SHRI INDRAJIT GUPTA : Your State will be without a budget.

MR. SPEAKER : Does not matter ; we are without many other things. I think there is nothing very special necessitating its presentation at 3. M.

प्रधान मंत्री, परमाणु ऊर्जा मंत्री, गृह मंत्री तथा सूचना और प्रसारण मंत्री (श्रीमती इन्दिरा गांधी) : आ तो जाना चाहिए क्योंकि राज्य सभा में भी जाना है ।

MR. SPEAKER : We can take it up after this Bill.

Clause 9 (Constitution of Advisory Boards)

SHRI DINEN BHATTACHARYYA : I beg to move :

Page 4, for clause 9, substitute—

“9. The Central Government and each State Government shall, as the case may be, offer all kinds of help including financial help to the detinue so that he may get the assistance of legal practitioner to conduct his case in the court.” (29)

This follows an earlier amendment I had moved.

SHRI DINEN BHATTACHARYYA : My amendment No 29 is consequential to amendment No. 28. The purpose of the amendment is this, that after five days, when the detinue is produced before the court, he may not have the opportunity of engaging a lawyer etc. So the amendment says that he should be given financial and other assistance for the purpose to defend his case before the court.

SHRI BIBHUTI MISHRA (Motihari) : I beg to move :

Page 4, lines 21 and 22,—

omit “,or have been, or are qualified to be appointed as,” (40)

अध्यक्ष जी, मैं यह कहना चाहता हूँ कि जो व्यक्ति जज की योग्यता रखता है या जो रिटायर्ड जज है उसको रखने के सम्बन्ध में यहां पर बहुत से माननीय सदस्यों ने एतराज किया है। इसलिए मेरा अमेन्डमेन्ट यह है कि हाई कोर्ट का जो सिटिंग जज हो उसी को बोर्ड में रखा जाये। जो व्यक्ति जज होने लायक है या जो रिटायर्ड जज है उसके बारे में लोग यही सोचेंगे कि यह सरकार के पक्ष में अपनी राय जाहिर कर रहा है क्योंकि इससे उसको फायदा हो सकता है। लोगों को इस प्रकार की शंका उसके प्रति हो सकती है। इसीलिए मैं चाहता हूँ कि हाई कोर्ट के सिटिंग जज को ही यह काम सौंपना चाहिए। कल फ्रैंक ऐंथनी साहब ने भी इस पर एतराज किया था। दूसरे वकीलों ने भी इस पर एतराज किया है। इसलिए मैं समझता हूँ यह बहुत जरूरी अमेन्डमेन्ट है और सरकार को इसे मान लेना चाहिए।

SHRI ATAL BIHARI VAJPAYEE : I beg to move :

Page 4, line 22,—

omit “or are qualified to be appointed as,” (57)

अध्यक्ष जी, यदि आप पुरानी कार्यवाही, उठाकर देखेंगे तो पायेंगे कि इस सवाल पर बहुत बहस हुई थी। हाई कोर्ट का जज रखना अलग बात है लेकिन ऐसे व्यक्ति को एडवाइजरी बोर्ड में रखना जो कि हाई कोर्ट का जज बन सकता है वह दूसरी बात है। जैसा कि कल ऐंथनी साहब ने कहा था कि जिन वकीलों को कोई मुकदमा नहीं मिलता है उनके लिए एडवाइजरी बोर्ड के दरवाजे खुले रहते हैं। इसलिए मैं समझता हूँ यह संशोधन मान लेना चाहिए कि एडवाइजरी बोर्ड में हाई कोर्ट का सिटिंग जज होगा। मेरा संशोधन भी यही है।

SHRI K. C. PANT : The simple point is that there may be many situations in the States where serving Judges are simply not available for this kind of work. Therefore, we have to provide for this.

MR. SPEAKER : I put amendment No. 29 to the House.

Amendment No. 29 was put and negatived.

MR. SPEAKER : The question is : 'Page 4, lines 21 and 22,—

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : Sir, what is "place everything on the Table ?"

Ayes 60 : Noes 150.

The motion was negatived.

MR. SPEAKER : Whatever he has got.

MR. SPEAKER : He has not moved amendment No. 41.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : This is the outcome of horsetrading that these people have done.

So, I shall put amendment No. 57 to vote of the House.

MR. SPEAKER : We have very fine horses.

Amendment No 57 was put and negatived.

Statement

MR. SPEAKER : The question is :

"That clause 9 stand part of the Bill."

The motion was adopted

Clause 9 was added to the Bill.

Sir, I beg to present the Budget of the State of Punjab for 1971-72. Sir, the House is aware that a Proclamation under Article 356 of the Constitution was issued by the President on the 15th June, 1971 in respect of the State of Punjab. By virtue of this Proclamation the powers of the Legislature of the State are now exercisable by or

*The following members also recorded their votes.

Ayes : Sarvashri Krishna Menon, M. S. Purty, D. K. Panda, Robin Sen and R. P. Das.

Noes : Sarvashri Paripoornanand Painuli, Narain Chand Parashar, Dalip Singh, T. N. T. Gounder, C. M. Tewari and Alagesan.

under the authority of the Parliament. The Budget of the State of Punjab for the year 1971-72 was presented to the State Vidhan Sabha in January 1971 and a 'Vote on Account' was obtained for three months i.e., upto the end of this month. Accordingly, the State Budget for this year is now being presented to the Parliament.

2. The Budget Estimates for this year show a surplus on revenue account of Rs. 12.01 crores; the receipts are placed at Rs. 161.37 crores and the expenditure met from revenue at Rs. 149.36 crores. The revenue receipts compared with the Revised Estimates for last year show a shortfall of Rs. 3.36 crores. But if the national recovery of interest arrears from the Punjab State Electricity Board (Rs. 9 crores) made last year by grant of equivalent loans is ignored, the receipts reflect an improvement of Rs. 5.64 crores mainly under tax receipts and because of larger devolution from the Centre. The expenditure estimates of Rs. 149.36 crores show an increase of Rs. 13.44 crores over the Revised Estimates of 1970-71 because of larger provision for Debt Services (Rs. 2 crores), Social and Developmental Services (Rs. 5.83 crores), Irrigation and Public Works (Rs. 2.29 crores), Road Transport (Rs. 1.62 crores) and other items (Rs. 1.70 crores).

3. The provision for capital expenditure is Rs. 22.06 crores as against Rs. 16.17 crores in the Revised Estimates of 1970-71. The current year is expected to close with an overall deficit of Rs. 4.29 crores. This deficit, however, is likely to be covered by larger collection of taxes and devolution from the Centre.

4. The Budget provides for an outlay of Rs. 68.23 crores for the annual Plan of 1971-72 which includes Central assistance of Rs. 20.20 crores. The Irrigation and Power Sector accounts for 50 per cent of the outlay budgeted for this year, Agriculture and Community Development about 21 per cent, Road Transport and Social Services about 26 per cent and the balance is spread over other sectors.

5. The State's economy has continued to make steady progress. Production of

foodgrains during 1970-71 is expected to have reached 72.5 lakh tonnes against 69.6 lakh tonnes during 1969-70. Increase in the production of wheat has been quite significant—50 lakh tonnes in 1970-71 against 48 lakh tonnes in the previous year. The industrial sector has also achieved greater stability. The progress in these two sectors would have been more appreciable but for power shortage.

6. For the construction of roads a programme of Rs. 10 crores has been formulated for the year 1971-72. Of this rural roads have been allocated a sum of Rs. 4.72 crores. 6,131 villages have already been electrified and 86,917 tube-wells energised. With the commissioning of first unit of Guru Nanak Thermal Plant, apart from meeting the domestic and industrial demands, all the villages are expected to be electrified and 1.2 lakh tube-wells energised.

7. For the welfare of scheduled castes and backward classes, a programme for the construction of Dharamshalas and Chaupals has been launched and as many as 1600 villages are expected to be covered by the end of 1971-72. A sum of Rs. 50 lakhs was provided for this purpose last year and a further provision of Rs. 50 lakhs has been made this year. The Punjab Scheduled Castes Development and Finance Corporation has been set up to promote and undertake programmes of agricultural development, marketing, processing, supply and storage of agricultural produce, small-scale industry, building construction, transport and other business, trade, etc., for the welfare of Scheduled Castes. The Corporation will have an authorised capital of Rs. 5 crores.

Page 4, line 33, *for* "thirty days"
substitute "five days" (30)

Page 4, line 34. *for* "Advisory Board"
substitute "court of law" (31)

Sir, in regard to amendment No. 30, I wish to state that instead of asking for 30 days for placing the matter before the Advisory board, I have said that it should be not more than five days. Within five days after a man is detained, he must be brought to a court of law and tried by the court. In amendment No. 31, instead of the advisory Board, I want that the detenu should be given the opportunity to be produced before a court of law. They are asking for a detenu to be detained for 30 days even without giving any reason. My point is that you cannot detain a man without giving him the opportunity to be tried in a court of law. I have asked that instead of the Advisory Board, you must substitute a court of law, because, the man concerned, who is detained, will at least get the opportunity to be defended in a court of law, and as such I have moved these two amendments.

THE MINISTER OF STATE
IN THE MINISTRY OF HOME
AFFAIRS (SHRI K. C. PANT) : The
whole scheme of the Bill is that
the cases of preventive detention should be
reviewed by the Advisory Board and not
by a court of law. That is the whole
scheme of the Bill.

SHRI DINEN BHATTACHARYYA :
That is our dispute. It should be the court
of law.

MR. SPEAKER : Order please. I
shall put amendment Nos. 30 and 31 to
the vote.

*Amendments Nos 30 and 31
were put and negatived.*

MR. SPEAKER : The question is :

"That clause 10 stand part of the Bill."

The motion was adopted.

Clause 10 was added to the Bill.

**Clause 11 (Procedure of Advisory
Boards)**

SHRI M. KALYANASUNDARAM
(Tiruchirapalli) : I move :

Page 4, line 45, *for* "ten"

substitute "six" (16)

My suggestion is that the whole procedure should be finished within six weeks and not 10 weeks. Mr. Pant has an Advisory Board and everything else that he wanted. At least reduce the time of the whole procedure, so that the detenu may be sure of his future as early as possible instead of lingering inside the jail indefinitely. Let him know the result within six weeks. I am only seeking to reduce the period from 10 weeks to six weeks.

SHRI DINEN BHATTACHARYYA :
I move :

Page 4, line 39,—

for "Advisory Board" *substitute*—
"Court" (32)

Page 4, line 45,—

for "report" *substitute* "order" (33)

Page 5, line 1,—

for "The report of the Advisory
Board" *substitute* "The order of the
court" (34)

Page 5, line 2,—

for "Advisory Board" *substitute*—
"Court" (35)

Sir, these are all consequential amendments. My point is that there should be no detention without trial. I have asked and I am now demanding that a man should be tried in a court of law, and there should not be any detention without trial. So, everywhere in the clause, wherever the Advisory Board is mentioned, I have asked for "Court" and "report" instead of "order." After the trial, the magistrate or the trial

magistrate should give the order. I have asked for the substitution of "order" instead of "report" and for the substitution of "The order of the court" instead of the "report of the Advisory Board." My submission is, for the sake of democracy, please do not enact this blackest law that the country has ever seen. You can make use of all the existing laws. Don't put anybody under detention month after month, year after year, without giving him an opportunity to be tried in a court of law.

श्री अटल बिहारी वाजपेयी (ग्वालियर) : अध्यक्ष महोदय, मुझे भी अपने संशोधन पेश करने हैं।

अध्यक्ष महोदय : अब तो 3.30 भी बजने वाले हैं।

SHRI S. M. BANERJEE (Kanpur) : We have moved amendments. This is going to be opposed by all the opposition parties including Mr. Vajpayee's party. There is no doubt that this Bill is going to be passed by a huge majority. But at least let us have a full discussion on the clause and amendments. This is the beginning of fascism. Let us not have fascism in this House.

MR. SPEAKER : You asked for 1 hour more ; it was given. You asked for another 2 hours ; it was given. Again it was extended by 1½ hours. You should have raised it in the Business Advisory Committee.

SHRI S. M. BANERJEE : The House is supreme. It can change the decision of the Business Advisory Committee.

श्री अटल बिहारी वाजपेयी : मुझे तो ऐसा लगता है कि इस विधेयक को सोमवार तक ले जाने के अलावा कोई चारा नहीं है।

MR. SPEAKER : Rajya Sabha is adjourning. We can continue with this and finish it. Whatever time is taken from the time allotted for private members business, that time can be added on at the end.

श्री अटल बिहारी वाजपेयी : मैं प्रस्ताव करता हूँ :

Page 5, line 7,—

for "entitle" substitute "debar" (58)

Page 5, for lines 9 to 12, substitute—

"matter connected with the reference to the Advisory Board" (59)

मैंने इन संशोधनों के द्वारा यह मांग की है कि जब भी कोई व्यक्ति नजरबन्द किया जाता है तब उस को वकील के साथ एडवाइजरी बोर्ड के सामने अपना मामला रखने की इजाजत होनी चाहिए। आप यह स्वीकार करेंगे कि कई व्यक्ति ऐसे नजरबन्द किये जायेंगे जो कानून की बारीकियों को नहीं जानेंगे, जो अच्छी तरह से शिक्षित भी नहीं होंगे। अगर हम उन को एडवाइजरी बोर्ड में न्याय देना चाहते हैं तो उनके लिए किसी वकील की सहायता आवश्यक होगी। इस लिए मैंने यह संशोधन रक्खा है कि उन्हें वकील ले जाने की इजाजत हो।

दूसरी बात मैंने यह कही है कि एडवाइजरी बोर्ड की कोई भी कार्रवाई गुप्त न रखी जाये। उस को प्रकाश में लाना जरूरी है, जिस से लोग समझ सकें कि किस व्यक्ति को किस लिए गिरफ्तार किया गया है और किन कारणों से गिरफ्तार किया गया है। नहीं तो जनता के मन में सन्देह पैदा होंगे और सरकार अधिकारों का दुरुपयोग कर रही है इन आरोपों से आप नहीं बच सकेंगे।

SHRI K. C. PANT : So far as the amendment of my hon. friend, Shri Dinen Bhattacharyya goes, I would again repeat that an advisory board cannot be made into a court of law and, therefore, that distinction has been explained before, that remains.

AN HON. MEMBER What about the period ?

SHRI K. C. PANT : Regarding the period, even though we are short of time, Sir,

[Shri K. C. Pant]

if you will permit me one minute to read the clause, it says :

“(1) The Advisory Board shall, after considering the materials placed before it and, after calling for such further information as it may deem necessary from the appropriate Government or from any person called for the purpose through the appropriate Government or from the person concerned, and if, in any particular case, it considers it essential so to do or if the person concerned desires to be heard, after hearing him in person, submit its report to the appropriate Government within ten weeks from the date of detention.”

So, considering all the processes that have to be gone through, ten weeks is a reasonable period.

So far as the question of lawyer is concerned, the amendment cannot be accepted as the presence of the lawyer before the Advisory Board will work a change in the entire relationship of the Advisory Board with the detenu. I would like Shri Vajpayee to take note of the fact that under this Bill the detenu is not debarred from seeking legal advice or drafting a representation if he is not educated or he has other difficulties. The lawyer can go to him. Only, the lawyer cannot appear before the Advisory Board. The Advisory Board is the custodian of the detenu and it is supposed to look after his interests. That is the scheme. The Advisory Board is not a court of law and its proceedings are not open to the public.

MR. SPEAKER : I will now put amendment Nos 16, 32, 33, 34, 35, 58 and 59 to the vote of the House.

Amendments Nos 16 32 to 35, 58 and 59 were put and negatived

SHRI JYOTIRMOY BOSU (Diamond Harbour) : Sir, I rise on a point of order. Rule 26 of the Rules of Procedure clearly says :

“The last two and a half hours of a sitting on Friday shall be allotted for the transaction of private members’ business.”

May I inform you that we have now got only one minute to half past three ?

MR. SPEAKER : I have already extended the time for this Bill. The private members’ business will be taken up after this Bill is passed and then it will have full two and a half hours.

SHRI JYOTIRMOY BOSU : But, Sir, the proceedings here will have to be conducted strictly under the rules and the rules say what I have said.

MR. SPEAKER : I have already put it to the House, and the House has agreed, that the two and a half hours for the private members’ business will start from the time the Bill is passed.

SHRI S. M. BANERJEE : Sir, I rise on a point of order. No such decision has been taken. You in your wisdom, without taking the sense of the House,.....

MR. SPEAKER : I put it to the House.

SHRI PILOO MODY (Godhra) : When did you put it ?

SHRI S. M. BANERJEE : Sir, you in your wisdom, without taking the sense of this House, ruled that the House will discuss and finish this matter, taking as much time as it wants, and then the private members’ business will be taken up. Private Members’ business may come up at 4.30, 5.30, 6.30 or 8.30. It is something extraordinary. When we on this side have cooperated with this Government on the last occasion in passing many Bills, it is a sad commentary on parliamentary democracy. This is nothing but a sort of fascism.

MR. SPEAKER : Not at all...(Interruption). This Bill was to be finished yesterday. You wanted two hours, you got it. You again wanted two hours and you said, “we will finish it at 2.30 today.” When you do not do it, I have got no other alternative.

The question is :

"That clause 11 stand part of the Bill."

Those in favour will please say 'Aye'.

SEVERAL HON. MEMBERS : 'Aye'.

MR. SPEAKER : Those against will please say 'No'.

SOME HON. MEMBERS : 'NO.'

MR. SPEAKER : I think the 'Ayes' have it.

SOME HON. MEMBERS : The Noes have it.

MR. SPEAKER : Let the lobbies be cleared.

The Lobby have been cleared.

The question is :

"That clause 11 stand part of the Bill."

SHRI INDRAJIT GUPTA (Alipore) : At this stage, once again, we request you to please allow this Bill to be taken up at the end of the Private Members' Business. You should not encroach upon the Private Members' Business. You will be setting a very unfortunate precedent. This will become a bad precedent. It will upset all the conventions which we have been following.

SHRI K. C. PANT : Sir, the Minister of Parliamentary Affairs and many other friends who are in the House today were not in the House yesterday when this matter came up. After more than the allotted time had been spent, a demand was raised from the Opposition side that more time should be given. I think, Mr. K. N. Tiwary was in the Chair at the time and he asked the Government whether we would have any objection. Then, some members suggested that the sitting of the House should be extended beyond 6 O' Clock, that we should have an extra hour or so and finish it. Mr. Vajpayee said that he had some engagement and, therefore, he had to leave, and so, we should not extend the sitting beyond 6 O' Clock. In deference to his wishes and the wishes of other Members, we agreed to extend the time. Many of the Members, on this side were inconvenienced because they had purchased tickets yesterday.....

SHRI ATAL BIHARI VAJPAYEE : They have got passes.

SHRI K. C. PANT : They were inconvenienced. In spite of that, we accommodated the Opposition. I was made perfectly clear that we will pass the Bill today and send it to the Rajya Sabha. We have been told that unless it is sent now, they will not have enough time.

I think, considering everything that happened yesterday, it is only fair that, when we have extended our cooperation and accommodated the Opposition, in the same spirit, they should allow us to get through this measure now so that the Rajya Sabha gets enough time.

SHRI INDRAJIT GUPTA : What about the Private Members' Business? You want to give precedence to your own Bill.

SHRI K. C. PANT : You made promise yesterday.....(*Interruptions*)

MR. SPEAKER : We will provide the necessary time for the Private Member's Business after passing this Bill. We now take up clause 12. (*Interruptions*)

SHRI PILOO MODY : With your permission, I would like to move, now that this Government has a massive mandate, we should do away with the Private Members Business. It is not necessary to Indian democracy. (*Interruptions*)

MR. SPEAKER : Clause 12.

SHRI JYOTIRMOY BOSU : What is the use of passing this Bill? You cannot do it unless we give special sanction.....(*Interruptions*)

MR. SPEAKER : Amendments on clause 12.

SHRI JYOTIRMOY BOSU : Sir, I rise on a point of order. If you kindly read Rule 93, sub-para (2) it says :

"Where a Bill has undergone amendment the motion that the Bill as amended be passed shall not be moved on the same day on which the consideration of the Bill is concluded,....."

unless of course the Speaker allows the motion.....(*Interruptions*)

MR. SPEAKER : It was to be passed yesterday.....(*Interruptions*) This is not a relevant point of order.

SHRI S. M. BANERJEE : Sir, I rise on a point of order. The main objection of the Treasury Benches is that this Bill has to be sent to the other House. They have not raised any other objection in accordance with the Rules of Procedure and the main objection is that because the Rajya Sabha is going to adjourn on the 24th, we should pass this to-day. We, members of this House, are not answerable to the Members of the Rajya Sabha and we are not concerned with what is happening in Rajya Sabha. I think the Rajya Sabha has been extended upto 24th. We have read it in the Press. They

[Shri S. M. Banerjee]

can as well get the Rajya Sabha extended by one day more upto 25th. But, I feel we should have every right to speak in the Second Reading and in the Third Reading of this Bill and this can as well be postponed till Monday. Another thing is that there is a resolution on Bangla Desh. They want to sabotage the whole because they have not made up their mind about recognition of the Bangla Desh. ...*(Interruptions)*

MR SPEAKER : Order please.

SHRI S. M. BANERJEE : I want a ruling from you, Sir, whether for the convenience of the Rajya Sabha a decision should be taken here. I want you to give a ruling so that the Rajya Sabha may also give a ruling whether because a recommendation has come from the Lok Sabha they have to sit longer hours. This is a wrong decision taken by the Treasury Benches. They have taken advantage of the massive majority. Had they brought this Bill in December 1970, they would have been defeated in the House. *(Interruptions)*

MR SPEAKER : Time allotted by the Business Advisory Committee finished day before yesterday. They wanted two hours more. It was given yesterday. Then again 2 hours. It was given yesterday and when we wanted to finish it, Mr. Vajpayee said he had certain engagement.

SHRI ATAL BIHARI VAJPAYEE : That was the First Reading and not the whole Reading. That is not correct.

MR. SPEAKER : Please don't do it. You are all eminent people.

SHRI ATAL BIHARI VAJPAYEE : The whole Bill could not have been passed.

MR. SPEAKER : The total time allotted for this Bill was extended by the same period as the original time allotted. It is almost the double. Yesterday they said, 'We will finish it by 2.30'. Then they said in the same sitting to-day, 'Let it be upto 3 p. m.'. Then Mr. Gupta said, 'We will do it before 3.30'. After all, we shall be bound by certain things.

श्री अटल बिहारी वाजपेयी : अध्यक्ष

महोदय, क्या कोई रीजनेबल डीबेट होगी या नहीं ? क्या आप उस के लिए टाइम देंगे या नहीं ? यह अच्छा तरीका है ।

THE MINISTER OF PARLIAMEN-
TARY AFFAIRS, AND SHIPPING AND
TRANSPORT (SHRI RAJ BAHADUR) :
I would like to assure my hon. friends on the other side that there is much more than a mere consideration namely that the Bill has to be passed by the Rajya Sabha also within time. It involves a matter of understanding too. We will have to work together. Yesterday you put to the House Sir, that the Bill has to be*(Interruptions)* Let me have my say. You said that the Bill has to be passed within time. So we must pass this Bill to-day. And Mr. Kalyanasundaram who belongs to Mr. Banerjee's Party said, "Let us take up the clause-by-clause consideration tomorrow and finish it by 3.30 p. m. tomorrow." Mr. Vajpayee went to the extent of saying, 'We will pass the Bill before the Non-Official Business is taken up tomorrow.' This is the solemn understanding. This is the gentlemen's understanding.....*(Interruptions)* It is much more than that. Do we work here on mutual confidence and with understanding of the minds of all. Or do we give assurances and back out of them ? We cannot break our conventions. We will have to work together.

SHRI INDRAJIT GUPTA : Whatever you have read does not mean that Private Members' Business should be pushed out.

SHRI RAJ BAHADUR : For that Resolution we are prepared to sit till mid night. We are not afraid of it at all. Don't attribute motives. These were the very words from the Opposition side. Either you stick to them or you say, you do not. If you do not stick to such understandings, working becomes very difficult. Mr. Speaker also said that it is a gentleman's understanding. But that is not honoured. *(Interruption)*

PROF. S. L. SAKSENA (Maharajganj) : It is a very important Bill. We may extend the time by one day. *(Interruption)*

SHRI INDRAJIT GUPTA : Let us take up the Private Members' Business and after that we will take up this, whatever may be the time at night. We will continue this after Private Members' Business is over.

SOME HON. MEMBERS—*rose (Interruptions)*

MR. SPEAKER : Please sit down. My only sad experience is this. The Business Advisory Committee's decision is never stuck to. It is always the party that agrees to it ; then they break it.

SHRI M. KALYANASUNDARAM : We are not breaking at all.

MR. SPEAKER : There is no use of agreeing to any extension, unless we stick to it.

SHRI SHYAMNANDAN MISHRA (Begusarai) : Who made that commitment, Sir ? That was Mr. Vajpayee. But, that is not the commitment on behalf of the Opposition.

MR. SPEAKER : I thought it like that.

SHRI SHYAMNANDAN MISHRA : Don't interpret it in their favour...

SHRI JYOTIRMOY BOSU : In the Business Advisory Committee we pleaded for 16 hours. That also should not be forgotten.

MR. SPEAKER : We will have to devise a procedure whereby the decision of the Business Advisory Committee... (*Interruption*)

SHRI P. K. DEO (Kalahandi) : How are they concerned with the Private Members' Resolution? There is a separate Committee for Private Members' Resolution. How the Business Advisory Committee is going to regulate it ? How can they regulate Private Members' Business ?

श्री अटल बिहारी वाजपेयी : मेरा नाम लिया गया है। मुझे सफाई देनी जरूरी है।

अध्यक्ष महोदय : आप की वजह से तो कल किया... (व्यवधान)...

SHRI P. K. DEO : There is a separate Committee for Private Members Business... (*Interruption*)

श्री अटल बिहारी वाजपेयी : प्राइवेट मेम्बर्स बिजनेस ले लीजिए पहले। बाद में हम इस पर विचार कर लेंगे।

MR. SPEAKER : What I propose is this I think I should not agree to both sides. I will put some *via media*... (*Interruption*)

SHRI K. MANOHARAN (Madras North) : Sir, I would like to know whether we are going to stick to the procedure or not.

SHRI ATAL BIHARI VAJPAYEE : How can I give a promise on behalf of the Opposition ? That was not a promise on behalf of the Opposition.

SHRI SHYAMNANDAN MISHRA : We just cannot make him our leader. The Hon. Speaker is interpreting it in such a way as to make it a commitment of ours, and that is simply amazing. We just cannot put up with this kind of interpretation of the Chair. The Chair will have to be told very frankly that it must not interpret anything of this kind in favour of the Treasury Benches. We are going to take a very strong stand in this matter... (*Interruptions*)

MR. SPEAKER : I shall interpret what he has said in this House only...

SHRI K. MANOHARAN : May I make one submission ? In the name of point of order, in the name of procedure-wrangling and so many other things, I am afraid we have wasted more than 25 minutes and within this time I am sure one Private Member's Bill could have been completed...

SHRI K. C. PANT : This also could have been completed by then.

SHRI K. MANOHARAN : I request you, Mr Speaker, that let us not depart from the procedure, and let us give prece-

[Shri K. Manoharan]

dence to the Private Members' business. We are prepared to sit till midnight to see that this Bill is over.

SHRI C. M. STEPHEN (Muvattupuzha) : May I make one submission? The suggestion just made by Shri Manoharan appears to be impracticable under the rules. The rule, as has been pointed out already says that the last 2½ hours are to be allotted for private Members' business, whereas under rule 15 you can decide up to what time the House is to sit. It need not be up to 17.00 hours only but it can sit beyond that also. Whatever be the time that you decide up to which the House must sit, the last 2½ hours have got to be taken up by private Members' business. It cannot be otherwise. There is no power anywhere under the rules for such a procedure; there is no provision in the rules which would authorise the utilisation of a time prior to the finalisation of the scheduled time. Therefore, I would submit that the last 2½ hours may be allotted for private Members' business.

SHRI JYOTIRMOY BOSU : The List of Business clearly says that private Members' business is from 3.30 p.m. to 6.00 p.m. It is printed in the Order Paper itself.

SHRI A. P. SHARMA (Buxar) : It is subject to change by the House.

SHRI C. M. STEPHEN : Rule 14 says :

"Unless the Speaker otherwise directs, sitting of the House on any day shall ordinarily conclude at 17.00 hours."

MR SPEAKER : It is very clear that last 2½ hours should be allotted for private Members' business. Shri Jyotirmoy Basu says that it is scheduled to start at 3.30 p.m. But I stand by what they said during the last two days that this Bill should have been over by 3.30 p.m. But it is not over.

SHRI JYOTIRMOY BOSU : Then, it has to be guillotined.

SHRI P. K. DEO : That means that you encroach upon private Members' business.

ness. Why do you encroach upon private Members' business?

SHRI K. C. PANT : I accept Shri Jyotirmoy Basu's suggestion to guillotine this and pass this, and then we can pass on to private Members' business.

SHRI PILOO MODY : Let them wait for another few hours before they can take control of that guillotine.

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, मेरा नाम इसमें लिया जा रहा है, इस लिए मुझे यह कहना है कि हम चाहते थे कि यह विधेयक साढ़े तीन बजे तक पास हो, लेकिन यह तो मैंने नहीं कहा कि इस विधेयक की धाराओं पर विचार नहीं होगा। अगर देर लगी है तो आप समझ सकते हैं कि देर का कारण यह है कि विरोधी दल इस विधेयक के बारे में .

अध्यक्ष महोदय : मेरी गलती मैंने विश्वास कर लिया था।

श्री अटल बिहारी वाजपेयी : इस में विश्वास का सवाल नहीं है।

अध्यक्ष महोदय : मैं आप की गलती नहीं बता रहा हूँ, मैं तो कह रहा हूँ कि मेरी गलती है।

श्री अटल बिहारी वाजपेयी : अब निर्णय क्या दे रहे हैं ?

SHRI PILOO MODY : May I make a submission ?

MR. SPEAKER : The House will finish this business today ..

SHRI PILOO MODY : I thought that you had allowed me...

MR SPEAKER : The hon. Member may please sit down. The House will finish this business today...

SHRI PILOO MODY : Before you say anything, let me say a few words.

* I think the row that has been going on about time between Government benches and the Opposition should be resolved in a manner in which nobody feels that he is the aggrieved party. The Minister for Parliamentary Affairs has read out certain things which seem to imply that the Opposition had committed itself to pass a particular Bill.

SHRI ATAL BIHARI VAJPAYEE : We are opposed to the Bill.

SHRI PILOO MODY : I do not think that the Opposition can ever be committed to passing a Bill by a certain time. There are contingencies of debate.

SHRI RAJ BAHADUR : I never said what he alleges I said ; he is distorting what I said.

SHRI PILOO MODY : There may be amendments which may prolong the period. I realise the difficulty. Government is facing in the sense that it has to get this Bill passed through the Rajya Sabha before the 24th of this month.

SHRI S. M. BANERJEE : Why ? Is it a target date ?

SHRI PILOO MODY : Because otherwise the Ordinance expires. I realise they have this particular problem. But I would like to appeal to Government through you that when they have such a mammoth majority, of which they are all very proud, let them be as generous as they should be... (*Interruptions*) This debate has been as acrimonious as it has been for one reason, that the Minister has been so overwise that he will not accept any member's suggestion on any point whatsoever. I think part of the reaction that you see today is the result of that acrimonious attitude of the Minister.

Therefore, appeal to him to adjust his mental thinking in such a way that he can still get the Bill passed through the Rajya Sabha, making the necessary concessions to the House here just now.

MR. SPEAKER : We have had enough of excitement on both sides. We will finish the Bill before we adjourn tonight. As for

the Private Members' business, we will take it up at 4 P.M. and then at 6.30 we will again take up this Bill.

श्री अटल बिहारी वाजपेयी : आप पहले ही यह फैसला दे देते तो अच्छा होता ।

MR. SPEAKER : This is suppressing my own conscience, since the Opposition has felt aggrieved and pained on this.

SHRI K. C. PANT : If you follow the procedure, you will be flouting the rule which has been quoted that the last 2½ hours of today shall be devoted to Private Members' business.

MR. SPEAKER : I have not at all interpreted that rule. It is only to accommodate the Opposition that I have done this.

SHRI S. M. BANERJEE : Is he questioning your ruling ?

SHRI K. C. PANT : With all respect, we had a gentlemen's agreement. Now they want to go back on it. Are you sure in your own mind that at 6.30 no new point of order will be raised ?

SHRI S. M. BANERJEE : Who said that ?

SHRI K. C. PANT : We have seen what has happened to the promises of Shri Indrajit Gupta and Shri Vajpayee, though they are on record. They have gone back on the gentlemen's agreement.

SHRI INDRAJIT GUPTA : Prospective detainees are not gentlemen. Do not talk about gentlemen's agreement

SHRI K. C. PANT : I want you to be satisfied in your own mind that they will not raise this objection. (*Interruptions*)

16.00 hrs.

MR. SPEAKER : After finishing the business in the Private List, we will take up the Bill and I think no objection will be taken. The Bill will be passed tonight. So long as it is not passed, we will not adjourn.

SHRI DINEN BHATTACHARYYA : If the members are not here, how will it be passed ? We are opposing. We will not allow it to be passed.

Mr. Maran will not serve the purpose which he has in mind. We have developed various institutions like the National Development Council, the Chief Ministers' Conference etc. This debate has now become a national debate and it is possible through the various instruments that our democracy has evolved to come to grips with this problem and bring about a harmonious decision on this.

COMMITTEE ON PRIVATE MEMBERS'
BILLS AND RESOLUTIONS

SECOND REPORT

SHRI G. G. SWELL (Autonomous Districts) : I beg to move :

"That this House do agree with the Second Report of the Committee on Private Members' Bills and Resolutions presented to the House on the 16th June, 1971".

MR. SPEAKER : The question is :

"That this House do agree with the Second Report of the Committee on Private Members' Bills and Resolutions presented to the House on the 16th June, 1971".

The motion was adopted.

16 03 hrs.

[MR. DEPUTY-SPEAKER *in the Chair*]

Having said this, I would like to confine myself to the various points specifically raised by Mr. Maran. Before I do so, I would like to mention the various provisions that are there in the Constitution governing the transfer of resources from the Centre to the States. The Constitution provides for both obligatory and permissive participation of the States in Union taxation. We have article 268 which fixes the duties levied by the Centre but collected and retained by the States. We have article 269 under which the net proceeds of certain taxes which are levied and collected by the Centre are entirely assigned to the States. Under article 270 a percentage of the net proceeds of income-tax is assigned to the States which is 75 per cent under the Fifth Finance Commission's award. Under article 272 a percentage of the net proceeds of Union Duties of Excise 'may be' allocated to the States—20% under the Fifth Finance Commission's award. Article 275 provides for grants-in-aid by the Centre to the States for meeting their gaps on non-plan revenue account as assessed by the Finance Commission. Article 282 provides for grants to the States for any public purpose. Article 293 (2) provides for loans being advanced by the Centre to the State Governments. The provisions in the Constitution have not so far proved insufficient to meet any legitimate needs of the State Governments. The elasticity of the Constitution to adjust to the various demands that might come up, as they have come up now has been discussed and commended upon by the Fifth Commission which states :

16-02 hrs.

RESOLUTION RE : FEDERAL DEBT
COMMISSION—*Contd.*

MR. SPEAKER : Further discussion of the Resolution moved by Shri Murasoli Maran. Shri Shivappa was on his legs. He is not here. The Minister may reply.

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.R. GANESH) : I have heard with great interest the various points made by hon. members on the Resolution moved by Mr. Maran. It is a very sensitive subject and it involves the relation between the Centre and the States. Harmonious relationship between the Centre and the States is very vital for the functioning of our democracy. The only point I wish to convey here is that the formation of a Commission as suggested by

"No such machinery for periodical re-adjustments has been provided in any of the older federations. The only near parallel is the Australian Commonwealth

Grants Commission which examines annually the plea of the claimant States of Australia for Commonwealth assistance.....It has no power to suggest changes in tax sharing or to recommend conditional grants. Its functions are confined to recommending unconditional grants for a few States. The innovation of a periodical Finance Commission in the Indian Constitution has the advantage of making it possible to formulate periodically an appropriate combined scheme to cover most of the transfers from the Union to the States".

This problem has been commended upon by the Administrative Reforms Commission in their report on Centre-State Relationships :

"No Constitutional amendment is necessary for ensuring proper and harmonious relations between the Centre and the State, in as much as the provisions of the Constitution governing Centre-State relations are adequate for the purpose of meeting any situation or resolving any problems that may arise in this field".

Shri Maran has commended upon the decisions of the Finance Commission. The Finance Commission periodically appointed by the President under article 280 makes recommendations regarding distribution of Income-tax and Union Excise Duties between the Union and the States and allocation of States' share amongst them and also about grants-in-aid under article 275 to cover non-Plan revenue gaps of States as assessed by the Commission. I am taking the time of the House in going into details of that because Shri Maran has dealt at length with some of these problems. The recommendations made by the Finance Commissions regarding devolution have, by convention, been accepted as awards by the Centre.

The successive Finance Commissions have recommended progressive enlargement of divisible pool of taxes to be shared as well as States' share therein and payment of grants-in-aid to States in need of such assistance. The Fifth Finance Commission has also included advance tax collections in the

tax divisible pool and the States will get nearly Rs. 270 crores on account of arrears of such collections upto 1966-67 in three instalments from this year. Also the net collections of Special Duties of Excise will be shared by the States from next year, the States would get 20% of their net collections. The transfers from the Centre under the Commission's awards have risen from Rs. 386 crores in the First Plan to Rs. 4,266 crores (eleven times) in the Fourth Plan. That Tamil Nadu has benefited from these awards need hardly be emphasized. Their share of Central taxes and statutory grants has gone up from Rs. 207 crores under the Fourth Finance Commission's award to Rs. 295 crores under the Fifth Finance Commission's recommendations.

Sir, Shri Maran has also mentioned that the States' resources are inelastic with the result that the major, or as he put it, the potent resources are with the Centre. In our federal Constitution, our financial relations have been developed in a manner which harmonises the interests of the resource mobilisation of the Centre as well as the demands and the needs of the States.

One of the main criticisms of Shri Maran, and probably the major cause of his anger, was that the fifth Finance Commission did not take into account the burden on the State Governments as a result of the pay increase of the Tamil Nadu Government employees ; it has cost the State about Rs. 22 crores. Here, I think he is not being fair to the fifth Finance Commission, because the fifth Finance Commission took note of the recommendations of the decisions of some of the Pay Commissions which were in the process of being worked out in respect of many States. As far as Tamil Nadu is concerned, the Pay Commission was appointed after the report of the fifth Finance Commission was submitted. Therefore, the fifth Finance Commission could not have taken into account what would have been the position, because the State Pay Commission was not functioning when the fifth Finance Commission submitted its report.

Shri Maran has also referred to the Planning Commission, and has called it a monster which has overshadowed the Fin-

[Shri K. R. Ganesh]

ance Commission as a semi-constitutional authority. As I mentioned earlier, the Planning Commission has also been given a special position in relation to our Constitution. He mentioned that liberal use of article 282 has been made. When the Constitution was framed, the framers of the Constitution could not have visualised the tremendous amount of investments and Public spending that would be necessary as a result of various development projects in the wake of the successive Plans that we have. Therefore, it is inevitable, in the conditions of a growing economy, in the conditions of a vast economic development and the problems that arise out of it, that the rights given under article 282 should have been utilised in a liberal manner as they have been. I do not, therefore, think that this should be a cause for complaint. Rather, a liberal use of the provisions and the rights under article 282 is very necessary in the coming developmental stage which our country would be definitely passing.

Massive assistance had to be given to the States in the commencement of the first Plan for financing the State plans. The quantum of his assistance has risen from Rs 880 crores in the first Plan to Rs. 3,500 crores for the fourth Plan period. As in the case of transfers under the Finance Commission's recommendations, the Union Government has not exercised any discretion in the allocation of Central assistance among the States, because the criterion, as the hon. House knows, for allocation of Central assistance to the States is worked out by the National Development Council. The National Development Council is a very high-powered body with which all the Chief Ministers of the various States are associated. Therefore, a high-powered body of this nature lays down the criteria and the Central Government has invariably accepted them and the decisions given are on the recommendations of the National Development Council.

Shri Matan was also critical of the allocation of Central assistance for the fourth Plan period for Tamil Nadu which was reduced from Rs. 250 crores in the draft Plan to Rs 202 crores. Here again, the basic criteria for the allocation of Central assistance to various States have been worked out by the National Development Council on a

principle that has been accepted. The Chief Ministers are represented on the National Development Council ; and it is not only Tamil Nadu but various other States also had their total allocation reduced, as a result of the working of these criteria. For instance, it has affected the Governments of Gujarat, Haryana, Kerala, Maharashtra, Mysore, Rajasthan and West Bengal.

He referred to the allocation of 10 per cent of Central assistance on the basis of per capita income of the States, whose *per capita* income is less than the national average. He cited the case of Mysore whose *per capita* income was more than the national average by Rs. 2 and of Tamilnadu, whose *per capita* income was more by Rs 16. He said, this is a very ridiculous position. The formula for distribution on the basis of certain criteria has been worked out by the National Development Council. Any departure from it would mean a lot of difficulties. Once the criteria have been worked out, they have to be accepted and implemented.

He said that State Governments are suffering from shortage of resources to implement some of their plans. The House knows that the resources of the Centre itself are limited. The Central Government is called upon to look after the planning and development of the entire country. There is a point that in a large and vast country like India with its complex problems, centralised planning is absolutely vital in the present stage of development. What has happened is, as a result of certain factors, political and other, the States have not kept pace with the Centre so far as resource mobilisation is concerned. Certain States have given up the resources they have been mobilising, like land revenue, profession tax, etc., for political and other reasons. It is not my intention to cast any aspersion on the right of States to give up certain resources depending on the needs of their area, the complexities of their problems, etc. But they should understand that the Centre's resources are also limited. The Centre has been going in for additional resources mobilisation in a big way year after year, when the States have not been able to proceed in the same manner.

SHRI SAMAR GUHA (Contai) : Sir, the time for this resolution has been exhaus-

ted. You know how important the next resolution is.

MR. DEPUTY-SPEAKER. I know. You will get enough time.

SHRI SAMAR GUHA : Not only myself, but other members should also participate.

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : I have to answer a very well-argued speech made by the mover and put the case of Government squarely before this House. During 1969-70 the target of additional taxation agreed to by the States was Rs. 122 crores. But they actually raised Rs. 52.37 crores. During 1970-71 the actuals of additional taxation of States was Rs. 38.05 crores as against a target of Rs. 79.55 crores for that year. During the current year the proposals so far add up to Rs. 10.56 crores against a target of Rs. 34.50 crores. These are some of the facts which I have to place before the House in answer to some of the points which the hon. Member, Shri Maran, has raised. He also mentioned about accommodation, of Rs. 800 crores provided to certain States during the Fourth Plan period for covering their inescapable gaps in resources. The genesis of this arrangement has been explained in this House more than once and it has been debated in various forms. The reappraisal of States resources made by the Planning Commission consequent on the Fifth Finance Commission's award and other developments showed that some States would have genuine difficulties in financing their approved Plan outlays. In this connection, Shri Maran mentioned that Tamilnadu has not received anything under the special accommodation. I think his facts were not so correct. Tamilnadu has received Rs. 7 crores during 1969-70 to make up the shortfall in its resources for financing the plans approved by the Planning Commission.

Apart from these, non-plan loan assistance is given for specified purposes. For example, two-thirds of the net small savings collections are made over to States in the form of loans. The Centre does not use any discretion in allocating these funds. Again, for meeting relief expenditure connected with natural calamities, assistance is provided to States on the basis of recommendations made by Central Study Teams set up

for this purpose which are usually headed by officers of the Planning Commission.

I now come to the States' debt repayments to the Centre. In view of the phenomenal increase in the developmental work, both of the Centre and the States, it is natural that some of the States expenditure on plan as well as non-plan items may increase. Centre's own debt has gone up from Rs. 2054 crores in 1950-51 to Rs. 14,043 crores approximately at the end of last year. The increase in States' debts is evidence of massive assistance provided by the Centre to the States for investment in their developmental outlays and creation of assets. If the loans given to the States which are primarily for plan purposes are utilised purposefully, they should generate adequate resources for repayment and interest charges.

I now come to the terms of repayment of loans. The terms are by no means hard. Centrally sponsored schemes and Central Plan schemes are repayable in 15 annual instalments. Terms of loans out of small savings collections have been liberalised from 1969-70. These are now repayable in 25 years in 20 annual equal instalments commencing from the sixth year of their drawal. The interest rate on loans to the States is also very moderate— $4\frac{3}{4}$ per cent effective whereas the Centre itself is now raising loans at $5\frac{1}{4}$ and $5\frac{3}{4}$ per cent from the market and the cost of States borrowings from the market and other institutions is still higher.

Another point that he raised was the debt burden position. He suggested that a committee should go into it. After a lot of discussion it was felt that the classification of schemes into productive and unproductive categories would also involve scrutiny of individual schemes which would be contrary to the accepted objectives of allowing greater freedom to States in the formulation and implementation of schemes included in the State Plans. As a result of this, now block loans are given and loans are not tagged on to individual projects.

He has also mentioned about the burden of the States in the matter of repayment. The total transfers from the States to the Centre by way of loan repayments and inte-

[Shri K. R. Ganesh]

rest payments form only 15 per cent of the total expenditure of the States. In the case of the Tamilnadu it is only 11.6 per cent.

He also mentioned that loans to Tamil Nadu from the Central were less than what the State Government had to repay and that this was a very funny position. The facts are as follows. This year Tamil Nadu assumed a credit of Rs. 143.53 crores by way of devolution, grants and loans from the Centre against which provision made for repayments to the Centre adds up to Rs. 53.28 crores. Even if devolution is taken out, the transfer from the Centre to Tamil Nadu reckoned in their Budget of Rs. 69.34 crores far exceeds their repayments and interest payments to the Centre.

This position is true in the case of other States also.

Having replied to some of the specific points that Shri Maran raised, I will not stand between the Resolution that Shri Samar Guha wants to move. I have only to add that this is a very sensitive question. A national dialogue is going on this. Our own democratic institutions have worked out various forms and institutional arrangements in which this question can be discussed. There is the Finance Commission which is a quasi-judicial body. There is the Planning Commission and the National Development Council. This Parliament is there and there are political avenues available to the various States to take up this question. In the larger field of the country a national dialogue is going on. Having served the purpose of attracting the attention of this House by raising this very important question, I would request the hon. Member to withdraw this Resolution, because his main purpose of focussing attention on this problem has been achieved.

SHRI MURASOLI MARAN (Madras South): Mr. Deputy-Speaker, Sir, I am grateful to the hon. Minister for the light he has thrown on this subject. He elaborately explained the *status quo* situation that is being maintained for the fund flow from the Centre to States or *vice versa*. The other day, when we discussed this Resolution, Members who participated in it all comp-

lained that their States were neglected and were backward. Even the hon. Member from Gujarat, Shri Desai, wanted to join the queue of backward States.
16 27 hrs.

[SHRI K. N. TIWARY *in the Chair*]

Actually, on that day all the Members had spoken for their own States ; in fact, my reference to Tamil Nadu provoked them. I am glad such things happen, because it underlines the fact that our country of such continental proportions is fit to be a federal country. If it is not federal, we should make it a genuinely federal country. But many people expressed doubts whether such advocacy for their own States would not weaken the foundations of the country. I do not think so.

The unity of the country is equivalent to a long chain. I think, the strength of the chain lies in the strength of the links. If everybody tries to strengthen the links, it means that the chain will be stronger.

India is a backward State. I think, all the States are equally backward, but the truth is that some States are more backward than other States. But what should have been the ideal policy is that the federal government should give a helping hand to the backward States but, at the same time, should not restrain the progress or advancement of another State.

The hon. Minister has explained how the funds are flowing from the Centre to the States. There are four ways of transfer of funds. Firstly, there is the share of divisible taxes. Secondly, there are the statutory grants under article 275(1) which is taken care of by the Finance Commission. Thirdly, there are the discretionary grants under article 282 which is taken care of by the Planning Commission even though it has no constitutional authority. Fourthly, there are loans for capital expenditure which come under the Plans.

Now, the question is : Is there any central authority to look after all this ? The answer is, definite no.

We have a quinquennial body, a quasi-judicial body like the Finance Commission

to look after the non-Plan expenditure. Then comes the Planning Commission which looks after the Plan expenditure. So, overlapping of functions take place. What happens is this. When the States approach the Finance Commission, they all plead that they are poor. Even the rich States plead that they are poor so that they may get more. On the other hand, when they go to the Planning Commission, they say that they command rich resources so that matching money will come from the Planning Commission. In fact, what is happening is that these States are behaving like income-tax evaders. Somebody may be surprised at my remark because we are supposed to be the advocates of States.

Why I am saying is this. When we ask for more powers, nobody need doubt that we are shaking the foundations of this federation. We are asking for more powers because then only the States can responsibly manage their financial efforts according to the promises given to the people by them during the elections. For the responsible behaviour of the States, that is very essential.

Now, what is it the Planning Commission doing? Even after three plans, even after two decades of planning, every State is complaining that they are not getting enough. Every State is complaining that their State is being neglected. Why? Our federal institution has so far failed to get an image of impartiality and independence.

I would like to quote one authority here. On 3rd May, 1970, Mr. Morarji Desai, when he was addressing the Indian Parliamentary Association in New Delhi on "Centre-State Relations" made it very clear and he said :

"It is true in the earlier years, there was not a regular system in this matter and that sometimes favouritism was shown to some people according to as the predilections of people lay."

If it were a remark about socialism, we could ignore Mr. Morarji Desai's words. But he was holding a responsible position here. He was our Finance Minister and Deputy Prime Minister for so many years. He wanted to be the Prime Minister also. I give weightage to his remark because he speaks out of his experience here. He says that there was some favouritism. That is

why every State points a finger at the Planning Commission under the Central Government saying that favouritism has been shown one way or the other.

The *Statesman* has given a news-item and, according to this news-item, Maharashtra had demanded Rs. 38.28 crores and now, for certain reasons, this newspaper says that it is going to have Rs. 49.10 crores. Next comes Uttar Pradesh. It is going to receive the highest planning assistance, that is, Rs. 105.02 crores. This will be the highest amount ever given.

So, as my friends point out, naturally the common man thinks that Maharashtra is being given because Mr. Chavan is Finance Minister, that UP is being given because the Prime Minister belongs to that State and elections are around the corner. Suppose tomorrow if the Planning Commission gives Tamil Nadu more, even if it is legitimately due to it, our friends will say, 'Oh. Mr. Subramaniam belongs to Tamil Nadu So he has given it more.' Why I am saying this is because we have not evolved any scientific criteria. The hon. Minister explained a great deal. It is so because the criteria is such. We do understand. But he has also said that the criteria have been evolved by the National Development Council and he said that is the highest political body in India. That is true. I differ with him on this score. These criteria are not sacrosanct. They are not immutable. Everyday we are amending the Constitution for our convenience. So, if the entire nation thinks that the criteria evolved are not scientific or realistic, we should change the criteria. Here, I would like to point out as to how they have arrived at the criteria.

Dr. Gadgil, the then Dy Chairman of the Planning Commission, was addressing a seminar in Bangalore. He explained the fact. He said that a snap decision was taken. A snap decision they have taken and implemented it. We find it is not scientific. It is not realistic. I think instead of maintaining the *Status quo*, we must arrive at some kind of a scientific, rational and realistic criteria.

The other day when the DMK Members met the Planning Commission, we explained

[Shri Murasoli Maran]

to them that 60% is being distributed as Plan assistance on the basis of population and also the Minister of State was also there and we urged that due consideration should be given for States which are implementing the Family Planning programme. He said that the Cabinet is considering such a situation and they might evolve a policy soon and I expected a reply from the Minister to-day but he did not reveal it.

Then the National Development Council at one time took important decisions even without consulting the State Legislatures. The Chief Ministers took a decision to give some of the taxing powers to the Central Government. It happened when? When the mono-Party system was existing—when the Congress Party was ruling here, there and everywhere. Now, the situation has changed. That is why Mr. K. Santhanam once described it as 'Super Cabinet' because such a decision was taken to transfer the taxing power from the State to the Centre. I don't think it is a 'Super Cabinet'. It is a magnificent zero because even the Five Year Plans are prepared in the Secretariats of the States and you know for years and years they prepare it. What happens? The National Development Council meets very rarely. It meets according to the convenience of the Prime Minister and other Chief Ministers. The Plan which had been on the anvil for years together, they discuss it within four or five hours. They have no permanent Secretariat. So, snap decisions are taken. I think that criteria should not be continued because so many States have complained against it. I think the hon. Minister will consider this idea.

I have been explaining how injustice is being done and how the States feel about it. Dr. Gadgil in his paper on formulating the plan has condemned horse-trading in respect of the First, Second and the Third Plans. We have heard horse-trading on in politics but, here, in finance horse-trading is going on. This very phrase was used by Dr. Gadgil. On what basis? 100, 50, and 25 per cent grants are being given for dairy farms, poultry, and piggery. That percentage has got transformed in another year. It is a mystery even to Dr. Gadgil. One year they give 100, 50 and 25 per cent to dairy farms, poultry

and piggery and next year they suddenly reduce it. Even to Dr. Gadgil it is a mystery. So, I think care should be taken that such things do not recur again. So, the best thing would be devolution of plan resources. It should be regulated by statute, not according to the whims and fancies of the politicians, if I may say so.

The hon. Minister made it very clear that the emoluments of Government employees will not be taken into consideration by his Ministry. I got an answer also. It has been the policy. I do accept. It was explained that at the time of the Finance Commission, we did not appoint such a Commission. I do accept it. If we had appointed such a Commission before the crucial date—the crucial date is before the appointment of the Finance Commission,—we would have got Rs. 25 crores, but, because we failed to appoint such a Commission we are not getting anything.

The question is : Why did we not appoint such a Commission? Because, we wanted to balance our budget; we did not want to incur any overdraft with the Reserve Bank. That is why we did not appoint. They did not appreciate that. Even then we said, this is a fact, for 10 years we have not given any emolument increase, this should be considered. We said, you may not consider it now, but at least give us the Grant under Art. 275 of the Constitution. It was not at all considered. I do not think it is a wise policy.

I would now like to quote what Mr. Virendra Patil said when he was Chief Minister. He said :

The Centre has been increasing the pay and other allowances of their employees unilaterally without even consulting the States—or giving any thought to the problem this would create for the States. In fact, these increases in the pay and allowances by the Centre have repercussions in States. There is clamour by employees of the State Governments to follow in the footsteps of the Central Government and increase their pay and allowances also. Nobody bothers to remember that our capacity

to meet these persistent demands is limited.

Therefore, we have to face the situation. Planning Commission has not considered it. Finance Commission has not considered it. Finance Ministry is not considering it. We are in a dilemma. But we have to meet the situation. The entire Planning Commission and the Finance Ministry are closing their eyes to the reality. What will happen after 5 years? Another Finance Commission will be appointed. They will go into it. They can evade the issue for the next 4 or 5 years. But, again, they will have to meet this problem.

Therefore, Sir, if there had been a permanent Finance Commission, this problem would not have arisen. That is why we wanted that there should be a national policy on employees' emoluments. Otherwise it will not solve the problem. Heart-burning will be there. Friction between Centre and States will remain there.

I now come to the question of Debts. I have already made it very clear. The outstanding debt of State Governments at the end of March, 1971 is Rs. 8139 crores. It is a Himalayan amount. What was an amount of Rs. 52 crores at the time of independence has now risen to Rs. 8139 crores of which loan from Reserve Bank alone account for 74.2% and the overdraft of all the 14 States, according to the budget speech of our hon. Minister, is Rs. 260 crores.

About overdrafts, I will tell why States incur overdrafts. They do it, not for the fun of it. If the Finance Commission and various central organisations do not consider their problem they have no other go except to go to the Reserve Bank. Every day we are seeing in the newspapers of a statement that Reserve Bank is giving notices to State Governments. States are supposed to be equal partners of the Central Government. Yet, a body of the Central Government issues such notices to the State Governments. And they demand that the overdraft should be cleared. I do not think that this kind of treatment is in good spirit, and I do not know whether this is conducive to the self-respect of the States.

My claim is that the State Governments also have got a claim to have an overdraft. I shall explain presently why. A private business concern which has an account with a bank can have an overdraft according to the volume of transaction which they have. But the State Governments are having all the transactions and they are having all their banking business, not with the individual banks like Indian Bank or the Indian Overseas Bank but with the Reserve Bank. So, they have a right to get overdraft from the Reserve Bank. From the Economic Survey, we find that during the year 1964-65, on the 31st day of March, 1965, the Reserve Bank's net credit to all the Governments, both the Centre and in the States, was Rs. 136 crores; the net credit to the Central Government alone was Rs. 123 crores, and all the States Governments together had an overdraft of Rs. 13 crores. So, we find that the Centre can have an overdraft from the Reserve Bank, but at the same time, it is said that the States cannot have. This is the policy that is being followed.

But I do concede that there should be a limit to the overdrafts. Otherwise, financial discipline will not be there. But what is the limit which should be fixed? Who is to fix it? We have not fixed it so far. It is done by some kind of understanding. The private people can clear the overdraft on the 31st March, and after a week, they can once again open an overdraft account. But I do not think that the State Governments can do it, though some States are doing it. But now I understand from some sources that every day in the morning the Reserve Bank people tell the Finance Secretaries of all the State Governments, that on the previous evening, each particular State had such and such amount of overdraft. I submit that this kind of thing is not proper. So, I think something should be done to regulate this. This kind of thing which is happening now has become an annual feature. Every year and every day we are hearing news that this State Government or that State Government has been given notices. But I would like to point out another thing also. What is the best way?

I would suggest that the Central Government should convert all these overdrafts

[Shri Murasoli Maran]

into long-term loans. Otherwise, we cannot solve the problem. There is also another problem that arises. If they behave like schoolmasters, if they behave like a feudal lord to a vassal, then what will happen is this. One day, the State Governments or some recalcitrant State Governments may buy a small bank and they may run it. At present, the credit creation powers are surrounded to the Reserve Bank. Instead of that, why should a State Government not buy a small bank and run the show? Thereby they can create some credit and thereby they can have their own overdraft system like other commercial firms. I do not know why it should not be done. If the Centre continues this kind of feudal attitude and they continue these harassing methods such as sending notices and other things and giving publicity in all the newspapers, then I think that the States will explore that possibility also, and I think that that time is fast approaching.

Regarding loans, the hon. Minister was explaining that the flow was there from the Centre to the States. Here, I would like to refer to the Explanatory Memorandum on the budget of the Central Government for 1971-72. During 1970-71, the total non-Plan assistance was Rs. 654.60 crores, and during the same year, repayment of loans and advances by the States to the Centre was of the order of Rs. 595.53 crores. What is happening? They are giving by the right hand Rs. 654 crores and taking away with the left Rs. 595 crores. What was left with the State was only Rs. 5.07 crores.

SHRI DINEN BHATTACHARYYA
(Serampore) : Just like American loans.

SHRI MURASOLI MARAN : Now the flow is in the reverse direction. They only make an appearance of giving. Instead of this, let them say : we give you only Rs. 59 crores.

The hon. Minister said regarding Tamil Nadu that we are getting more than our own repayment. It may be so because they resort to some kind of rescheduling to which I am coming. You are resorting to *ad hoc* methods every year. There is

no principle binding that. Even last year, about Rs. 150 crores were adjusted like that. But how long can you continue? That is the problem. During 1967-68, the Centre provided ways and means advances for clearance of OD to the tune of Rs. 128 crores. In 1968-69 it was Rs. 65 crores and in 1969-70 Rs. 102 crores. You should evolve some method for the States to bridge the gap between receipts and disbursements. This issue is cropping up year after year. The States are important units of the Union and nothing should be done to bring them down in the public eye.

Concerning interest rates, they are not uniform. The Centre behave like a money-lender. Grants given to it are converted into loans to States. For example, the Canadian Government made a free gift of some amount to the Government of India which the latter passed on to the Tamil Nadu Government for the Kunda Project charging interest. The Centre is behaving not like an ordinary moneylender but like a village moneylender, a Kabuliwala.

Take another case. Loans got at a lesser interest rate from abroad are passed on to States as loans at a higher interest rate. One example is the PL 480 counterpart funds. They get loans from the World Bank at 1/2 or 3/4 per cent over a 50-year period but these are converted into 7-10 year loans for States at 6-7 per cent interest.

There are certain loans for rehabilitation of goldsmiths. How was the problem created? Not because of any State Government's policy. By some Central law, thousands of goldsmiths were affected. Then we came here for a loan on which we have been charged interest. We are not responsible for the situation that necessitated the loans. There should be some kind of policy governing interest rates.

The Second Finance Commission made it clear when they said :

"The Union should not deal with the States as if they were a commercial banker. The Union and the States are partners in the big enterprise of national development. While there is no reason why the Union should lend to States

at less than the trust cost of its borrowing, there is no justification either for charging more than the true cost".

We have crossed three more Finance Commissions, but we are not following this policy.

The hon. Minister was making the accusation that some States are not using their tax powers to increase their resources. During the original Fourth Plan period of 1967-71 we were asked by the Finance Commission to find resources so that they would also give more. So, during that five year period on two occasions we taxed people, not the poor people but the rich, to the extent of Rs.100 crores. What happened? The Finance Commission came into the picture, but they did not consider our tax effort. The only reward secured in return for this is that the Finance Commission took the proceeds of this tax into account as normal receipts. So, we suffered because we taxed, because we found more resources.

What is going to be done regarding the debt problem is a big question mark. I think we have reached a critical stage. We should re-schedule it or give a moratorium. If this moratorium is given, I do not think the Centre will suffer. The Setalvad Committee report has made it clear that the widening gap between fresh loans and loan repayments shows that even if a moratorium were given to all repayments, the Centre would still have sizable capital resources left from which to grant assistance to the States. You have got resources, but because you are closing your eyes, because the Centre is behaving like an ostrich, they are afraid of looking at the reality.

One State in India is receiving about Rs. 100 crores from the Special Accommodation Fund, but on what criterion? The hon. Minister has not made that clear. That State is Mysore. Their gap is not as big as Rs. 100 crores, but how did Mysore get it? I am not jealous of Mysore, but we should also get something. I hope the hon. Minister will one day make this clear.

MR. CHAIRMAN : The question is :

"This House views with concern the financial difficulties of various States

arising from the present system of devolution of Central Taxes, Loans, Grants and Plan assistance with special reference to the problems of Tamil Nadu whose legitimate claims have been ignored and in particular resolves that a Federal Debt Commission be set up to review the indebtedness of States and suggest ways and means of lightening the burden of debt."

The motion was negatived.

RESOLUTION RE : RECOGNITION TO BANGLA DESH

SHRI SAMAR GUHA (Contai) : I beg to move :

"This House resolves that in view of our national commitment to the sacred principles of freedom, democracy and socialism and for bringing an end to the savage genocide of the people of Bangla Desh by the Pakistani Army and efficaciously dealing with the vast problems of millions of the uprooted refugees and for eventual ushering in a new era of peace, progress and prosperity in the sub-continent, the Government of India should give immediate recognition to the Government of the people's Republic of Bangla Desh and offer all assistance necessary for early consolidation of their national freedom."

17.09 hrs.

I consider myself fortunate for getting this opportunity to move this momentous resolution in this House today. It is a coincidence that a similar resolution is now being moved in the British Parliament by the leader of the British Labour Party and is supported by 122 other Members. In the United States Senate also another similar resolution is being moved by Senator Kennedy, the youngest brother of late President Kennedy, to give recognition to Bangla Desh.

It is to be remembered that the revolution that is taking place in Bangla Desh is not an accident of history but the logical end process of the internal contradictions that were inherent in the very entity of

[Shri Samar Ghosh]

Pakistan. In 1933 when a young student of Cambridge, Rahmatulla, who was inspired by the conservative elements, first profounded the idea of Pakistan and when that idea was brought to the notice of Mr. Zafullah Khan who was a British Official at that time, he immediately rejected that idea and said that the whole idea was a 'political chimera.' This political chimera came into existence and as such internal contradictions started from the day of the origin of Pakistan on 14th August, 1947 at dead of night.

I was then in Dacca. I left Dacca in 1951 and came to Calcutta.

I hope you will allow me a little digression. I wrote twenty articles in a Calcutta weekly called Juguvani where my whole thesis was that independent East Bengal was bound to emerge and that could be the solution not only to the problem of minorities but also to the Indo-Pakistan problems. I was ridiculed by many friends for such fantastic idea at that time. But then I continued writing one book, another book and many books on East Bengal issues. In 1964 after the great killings in Dacca many people tried to interpret it as communal events. I met Shastriji then. I was not a Member of Parliament then. He wanted me to put everything in writing and within a few days, I did that in the form of a book. About the solution; how we can solve the problems of minorities, the first point suggested in this book was : "all possible help should be given to the independent East Bengal movement of the Bengali people."

Then again after the Indo-Pakistan war in 1965, I wrote another book : "Independent East Bengal." This book sold like hot-cake among the students of East Bengal. It was banned by Pakistan Government. It was after the Indo-Pakistan conflict that there was a radical transformation in the whole political outlook of the Bengalis in East Bengal. Again in 1967 after the six point decision was taken by the Awami League, I wrote another book not in my own name. I was told by friends to write in a pseudo name and I used that. I request you to allow me this digression only because I want to say that the evolution in Bangla Desh is not a mere historical accident. It was inevitable. This explosion was the inevi-

table result of the internal contradictions of Pakistan itself. That is why I wanted to draw your attention to the fact that although the problems of Bangla Desh refugees are so much connected with the national revolution in Bangla Desh, but that is not the major point under consideration. I should say that the freedom of Bangla Desh by itself is not the whole crux of the problem. What has happened in Bangla Desh is a historic and revolutionary event. It has immense revolutionary potentiality to change the socio-political matrix of the whole of this sub continents of India from Khyber to Kohima.

Sir, if Bangla Desh's freedom were to become a settled fact, it will bring about a qualitative change in the character of political correlations among the peoples and among the two powers of the divided sub-continent. If you look into the whole problem of Bangla Desh, from this fundamental perspective, then you will realise the importance of it, the momentous character of it, the revolutionary character of it as also the historic call that the millions of Bangla Desh martyrs with their blood have given to you, first, to the Indian people and then to humanity at large. That is the reason why I want to ask whether the Government is alive to this immense revolutionary potentiality that is before us today as generated by the national revolution in Bangla Desh.

A few days before, the Prime Minister said in the Rajya Sabha that "we will go through hell to meet the situation arising out of the revolution in Bangla Desh." Well, the people of India will readily, gladly, go through hell and will undergo all sufferings, provided this Government has the courage, has the gut, has the determination to take positive action, to take firm decision, firstly in giving recognition to Bangla Desh and thus facilitating the process of completing the national revolution of Bangla Desh and thereafter consolidating it. If the Government takes that positive action, I have no doubt that the whole of the Indian people will rise as one man to support the Government, stand behind it and to go through all the suffering, even to hell.

Two months and a half have passed ; but what is the attitude of the Government ?

The people of India are feeling that the Government at the moment is pursuing a policy of drift and dodgery with the issue that is facing Bangla Desh today. Therefore, it is our apprehension : yes ; we are ready to go through hell, but our country is not ready to go into hell, but to get out of it. By their callousness, I should say, the Government has allowed the situation to develop which was the crisis of Pakistan into a disaster for India.

With this preamble about the basic nature of the problems facing us today, I want to draw your attention to the fact that our Government, the Prime Minister and other Ministers on more than one occasion said that the issue of recognition of Bangla Desh is under their active consideration and constant review. This means evidently that our Government do not deny the claim of legitimacy of the sovereignty of Bangla Desh. With them, it is a question of expediency ; it is question of time; when and how this recognition will be given.

A few days before, the Prime Minister said that recognition will be given, and a right decision about recognition will be taken at the right time. Well, the Government has not made any clarification as to what is the right time, what are the circumstantial factors that will ripen the situation or when the situation will mature for them to take a decision at the right moment. The Government is maintaining strict silence about it. Not only that ; they are even refusing to share the reasoning with the Members of Parliament as to what are the factors, the circumstantial factors, that will determine the right time for taking a right decision in regard to Bangla Desh.

But what is the will of the people ? Most of the State legislatures in India have passed unanimous resolutions and all Congress members subscribing to it and asking the Central Government to give immediate recognition to Bangla Desh. Some of the Cabinet ministers and very important leaders of the Ruling Congress have publicly stated that Government should give immediate recognition to Bangla Desh. All the opposition parties in the Parliament except the Muslim League, were unanimous that

it is the right time for recognition. Eminent jurists who have the capacity to go into international laws about sovereignty, from Mr. Chagla to Mr. Setalvad, have unanimously said that Government should give immediate recognition to Bangla Desh. At innumerable public meetings people have demanded the immediate recognition of Bangla Desh. A few days ago, when the Bangla Desh parliamentary delegation addressed members of both Houses in the Central Hall, when they appealed to you to give immediate recognition to Bangla Desh, there was a thundering cheer from all sides, both from Lok Sabha and Rajya Sabha members. What do these facts indicate ? It indicates very largely that the national consensus is in favour of giving immediate recognition to Bangla Desh. But our Government is either isolated from the will of the people, or the will of the people is isolated from our Government. A big hiatus has developed between the Government and the people. The Government claims the monopoly of wisdom to decide the right moment for a right decision, whereas all sections of our people have given the verdict that already the right time has passed; and urged the Government not to miss the bus again and again.

Government wants to wait for the right time. It means, we want time. Naturally as a corollary, it means, you want to give Pakistan time also. Pakistan is more willy, more conspiratorial than you can imagine to be. They will go to the lowest levels, which you cannot think of. They will utilise this time for consolidation of their military force, to crush the revolutionary movement, to create quislings and puppets there, to unleash the war of communalism for perpetuation of political theocracy in Bangladesh, to drive out the Hindus, to create communal trouble in India and to create international complications. On your part, you also want time. Do you think the millions of refugees are nothing but a mass of inert matter ? They are also susceptible to anger and anxiety. You cannot expect to control them by your dictates from New Delhi. Already so many social, economic and political problems have been created. There is the problem of law and order. There is tension between the local people and the refugees. These things are bound to happen. It will create colossal problems for you. Therefore, this

[Shri Sama Guba]

time factor will react more on you than it will affect Pakistan. It will give an opportunity to Pakistan to create more conspiracy and to put you in more troubles.

What to speak of acting, our Government has not even reacted to the different political moves of Pakistan, from genocides at the beginning, now on the communal war. This communal war is the last attempt, I should say, on the part of Pakistan to sabotage the freedom movement there, and you have not even reacted.

The only one step that the Government have taken is that they have sent Shri Swarn Singh and some other Ministers to the countries abroad for rousing world conscience. Would it not have been the strategy the real politik if you had first given recognition and then went to the different countries of the world, to create opinion in favour of recognition of Bangladesh? That would have perhaps set a process of re-thinking in the minds of many of the world powers. Our government knows it very well that no power in the world wants that the existence of Pakistan should no longer be. They want to create conflict and keep the balance between India and Pakistan. What about the United States of America? Even today you would have found the news of their pressing India for having restraint. They have asked both India and Pakistan to be restrained. Pakistan, the killer, the murderer, the butcher who committed genocide, those who have killed thousands of mothers and sisters of Bangladesh, those who have kidnapped many mothers and sisters, the U.S. Government want to equate that criminal Pakistan with India.

Because you have not given them recognition. So when Shri Swarn Singh goes to countries he cannot advocate recognition; he can only speak about the refugee problem; no basic issue can be raised and no question of rousing world opinion about genocide could be broached. You cannot even advocate for the democratic right of the people of Bangla desh. You have only one thing, begging, begging of the world, ~~wailing~~ before the world that the whole of our country is going to be swamped by the refugees.

You have adopted a wrong strategy. If on the contrary, your representations had gone with a firm decision,—you know in the world today a right decision, a firm decision has its own logic, its own action and reaction—that would have at least compelled countries like Yugoslavia and others to follow India in giving recognition to Bangla Desh.

There has been another wrong choice. It is known to everybody that Shri Swarn Singh was opposed not only to recognition but even to taking any positive action on Bangla desh. What is the result? When this gentleman has gone abroad as the spokesman of the Indian Government, naturally his subjective predilections will play a major part and it has already done so. Now, what is it that he has talked? What right has Shri Swarn Singh to talk about political solution, political settlement within the framework of Pakistan, when the Mukti Fauz and the Awami League say that there is no power on earth to resurrect Pakistan in Bangla desh? I should say that the government spokesman who has come to act this way—it will be a very strong word, if I use it; I do not want to complete it; I should say the spokesman acted like an imperialist power in canvassing a political solution within the framework of Pakistan.

The Prime Minister that day told the House that our government is not going to accept the death of Bangla desh. These are her words. But I should say that in political diplomacy India has got into the trap of international cliques, international intrigues and international pressure tactics and we have got involved in their ways of bringing about a political solution for Bangla Desh. The Prime Minister said that she will not accept the death of Bangla Desh. But I should say with regret that by the political utterances, the political dialogues, the communique issued from the different State capitals of the world, Shri Swarn Singh has prepared the ground for writing the document of death warrant for Bangla Desh.

The Mukti Fauz and the Awami League have categorically stated that there is only one political solution and that solution is the immediate withdrawal of the Pakistan

army of occupation from Bangla Desh and allowing the elected representatives of the people of Bangla Desh to have their own Sovereign Constituent Assembly to draw up their own National Constitution for Bangla Desh.

That is the only solution. There is no other solution. There cannot be any solution whatsoever within the framework of Pakistan. I warn you about this from my personal experience. I have had many dialogues with the freedom fighters. You must remember, these freedom fighters are not members of the Awami League. They are not members of any political party. They have been recruited from the East Bengal Regiment, former East Pakistan Rifles, Ansars and ordinary police ranks. You should also remember that 50 per cent members of the East Bengal Regiment had been killed on the 25th night; 50 per cent of the East Pakistan Rifles has been butchered and machinegunned. None of you has gone to border area and met them and felt the depth of their anger, agony and hatred against the Pakistan Army. Some of the Bangla Desh Government officers, who have lost their parents and near and dear ones, said, "If any Government had any understanding with Pakistan or any political solution within the framework of Pakistan, we tell you that party will be thrown out. The people or the Mukti Fouj are not going to tolerate any kind of a political settlement within the framework of Pakistan. Pakistan is dead for us. Bangla Desh is our land. Freedom for Bangla Desh is an absolute reality."

Today we find that in our country a feeling is developing that our Government from exuberant initial enthusiasm are now showing a strange attitude of indecision and bewilderment. Our Government's attitude can be described as one of hesitation to vacillation, from vacillation to indecision, from indecision to prevarication, from prevarication to quandary and then, in the ultimate stage, of a stance of complete emasculation. They are only using brave, courageous words, I think, to keep up some sentiment alive in the country and among the people of Bangla Desh.

** Expunged as ordered by the Chair.

This is a pathetic scene. Why it is so, I do not know. Maybe, our Government is not getting the green signal from somewhere else, although they boast of always pursuing an independent policy.

There are other dangerous things. I was feeling hesitant whether I should raise this matter in this House. Among the people not only rumours but gossip and talks are going on**

I want to remind the Government that in 1950 I was the first man to escape from Dacca. I came straight here and met Panditji.**

But I think, in their apprehension it may be a political camouflage—these gossips and rumours have been set to roll.**

MR. CHAIRMAN : Mr. Samar Guha, you are giving certain facts. But you must apply your mind how it will be used.

SHRI SAMAR GUHA : That is why I have not said it categorically, I have said that gossip is going on. The Government should clarify it. It may not be a camouflage for inaction of political elements**

SHRI S. M. BENERJEE (Kanpur) : Sir, may I make a submission? I fully appreciate the sentiments of Mr. Samar Guha. He has said something out of emotion. In my opinion, it should not go to the press, about the Army Chief, etc.

SHRI INDRAJIT GUPTA (Alipore) : I go a step further than Mr. Benerjee.

Let this thing not go on record,**

At least, that was unknown to me.

SHRI SAMAR GUHA : It was known to everybody.

SHRI INDRAJIT GUPTA : I do not know whether it is a historical fact also.

SHRI SAMAR GUHA : Without waiting for protocol, immediately Mr. Liaquat Ali was flown from Karachi to Delhi. I know that.

SHRI S. M. BANERJEE : In 1950, Panditji had always believed in good relations with Pakistan. The entire world knows it. This should not go on record.

MR. CHAIRMAN : Mr. Samar Guha, we all agree that we want to serve the cause of Bangla Desh and want to do no harm to the nation. This is the purpose. But if I allow that on record, we do not know how it will be used. I think, you will not mind if I remove it from the record.

SHRI SAMAR GUHA : I will not claim my individual wisdom to prevail upon others. If the House thinks so, I quite agree. Neither our armed forces should be unjustly blamed. But I should say only that our political leaders should clarify the position as to why they are not taking action. What will be the criteria, what will be the circumstantial conditions which they will consider as sufficiently mature for taking a right moment ?

My apprehension is that the Government is hesitating because a feeling has developed in the minds of the Government that if recognition is given to Bangla Desh, it will inevitably lead to an armed conflict with Pakistan. I do not know how this will follow. There are many instances where a neighbouring country has given recognition to other national emerging country. But that did not follow an armed conflict with the other country. Even if it follows, even if there is an armed conflict between India and Pakistan, I do not know what can be the more opportune occasion, opportune moment, to courageously handle the situation in Bangla Desh. Because the Pakistan Government, I should say, have failed to have their military balance. They have shifted 2½ divisions from West Pakistan to Bangla Desh. There is the military imbalance in the disposition of Pak army. You know the economic crisis developing in Pakistan. You know the world pressure is growing against them. Therefore, there is the least chance of having an armed conflict with Pakistan. Even if Pakistan undertakes any misadventure against India, it will prove fatal to Pakistan and not to India.

There is another apprehension. One thing I should say. Propaganda is being

made in this country as if the economic crisis developing in Pakistan will bring about the structural collapse of the political edifice of Pakistan from within. It is absolutely a wrong speculation.

SHRI S. M. BANERJEE : As long as America is helping, that will not happen.

SHRI SAMAR GUHA : Not only America, UK and others are there, who want that Pakistan should exist in its present form. They will not allow Pakistan to collapse from within due to economic reason.

There is another apprehension in the mind of our Government that if there is an armed conflict between India and Pakistan as a result of giving recognition to Bangla Desh, China may come in. Sir, I should say one thing. Our Government is making a costly mistake. They have sent emissaries to almost all the countries of the world—big and small. I do not understand why our Government do not try to open a dialogue with China on the issue of Bangla Desh. At least, we have a weapon, an ideological weapon, to use against China. China, for the last, I should say, 25 years, has been carrying on propaganda day in and day out that they are helping the world by spreading and aiding national liberation movements. Taking advantage of their own commitment to national liberation movement, our Government should have approached China and opened a dialogue with them about the national liberation movement in Bangla Desh. We should also take notice of one thing. China has not categorically mentioned anything about Bangla Desh. They are maintaining scrupulous silence about Bangla Desh. They have not uttered a word in support of Pakistan against Bangla Desh. They have said something in favour of Pakistan, but, categorically, they have not said anything yet about Bangla Desh.

SHRI M. RAM GOPAL REDDY (Nizamabad) : They said that they would maintain the integrity of Pakistan.

SHRI SAMAR GUHA : At least I have not seen so far the official communique. When the C-in-C and the Defence Minister of Pakistan went to China and

met Chou En Lai, certain statement was made. They said that China would help Pakistan and will be with Pakistan on Kashmir issue. They have not mentioned a single word about Bangla Desh.

SHRI P. K. DEO (Kalahandi) : They have supplied them gun-boats.

SHRI SAMAR GUHA : That they will do. All the big powers are doing that from America to Russia. Even Russia is giving them electronic equipment to be sent to Chittagong for setting up a new factory there. And the gun-boats that Pakistan is using in Bangla Desh are supplied by USA, by France and other countries, not by China alone.

I should also like to draw the attention of the House to the *volte face* of the politics of China in regard to her post-War world diplomacy.

After 1950, America was the inveterate imperialist enemy of China. But now China is trying to get into the UNO through the window of Washington.

SHRI S. M. BANERJEE : Ping-pong diplomacy.

SHRI SAMAR GUHA : Sir, you should remember China is a very seasoned, conservative country, diplomatically very conservative in its outlook. It does not easily change its policy. This we should remember. This radical change in the diplomatic posture of China *vis-a-vis* U. S. is not a casual political game in the international field. It is a calculated move to get a seat in the UNO and to get other economic benefits from U.S.A. Do you think that China is interested in Vietnam, Laos or Cambodia ? Nowhere they are physically involved, directly involved. They have given help to them. They may give help to Pakistan too in the eventuality of a conflict between India and Pakistan but there is no possibility that China will sacrifice her own national interest and the new stance of rapprochement between China and USA is just to help Pakistan and jump into East Bengal. The apprehension that China will directly get

us involved in any operational commitment between India and Pakistan is a wrong apprehension. Even for diplomatic reasons, we should try to enter into dialogue with China.

Immediate recognition should be given to Bangla Desh. That is the only way you can help. There will be no necessity for arms even, but they want this help from you, of recognition. If you go to border areas you find hundreds and thousands of university and college boys willing to die for their liberty and freedom. Their Mukti Fouz is fighting the Pakistan army very well. What they are fighting with ?—Meagre food, meagre clothing, meagre bedding, no amenities for them. Your recognition will bring about a qualitative change in the national revolution in Bangla Desh ; it will galvanize them and there will be confidence in the hearts and minds of the people of Bangla Desh. It will help them to consolidate themselves ; to liberate and have consolidation of their freedom and liquidate the army of Pakistan. The Mukti Fouz has made the Pakistan army demoralised. So many reports have come in the Press. These are correct reports. They are penetrating inside, even inside Dacca. They have attacked Dacca aerodrome ; they have blasted the powerhouse inside Dacca. These young men have such a fine spirit but we are not helping these fine, dedicated souls, to achieve and consolidate their freedom.

The Prime Minister had the image that she successfully projected before the people of India which shot her into a summit of absolute power. That image was an image of courage, confidence and decision.

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : What is the image now ?

SHRI SAMAR GUHA : I do not want to belittle her because I am very conscious of the reality that we, in the Opposition, may create public pressure, public opinion, we may exert all our might, but, nevertheless, ultimately, the decision has to be taken by her. At this critical moment I do not want to denigrate her. But may I remind my friends, those who

[Shri Samar Guha]

are with her : You are getting isolated from the will of the people ; you are getting isolated from the conscience of the people. The Prime Minister's image is changing. It is now appearing as an image of a prisoner of indecision and timidity.

AN HON. MEMBER : Vajpayee ji has provoked him.

SHRI SAMAR GUHA : This revolutionary opportunity is not only involved with the fate of the refugees of Bangla Desh, not even with the fate of the freedom of Bangla Desh alone, but is an opportunity which will radically change the whole character of our sub-continent. As soon as Bangla Desh becomes independent, that will bring about a radical change in West Pakistan, a revolutionary change—a new era, a new millieu will start maturing in this sub-continent of India. A new outlook and mentality will develop and envelope the whole of the Indian sub-continent. You should seize this revolutionary opportunity. You talk of revolution ; you talk of socialism ; this revolutionary opportunity, if seized upon, will bring about a radical transformation, a qualitative reorientation in the lives of the whole people of our sub-continent,—from Khyber to Kohima. Can you rise to the occasion and seize this opportunity to resolve for good the post-Partition tragedies and miseries, that have taken the toll of millions of lives, that have produced tears in the eyes of millions of our mothers, sisters and parents ? This is a unique revolutionary opportunity. Either the Government will seize this, or as the Prime Minister inadvertently expressed they will go through hell ; I say, no, they will not be able to go through hell, but they will get into the hell ; that will be the fate of our country, if our Government continues its policy of drift and dodgery about Bangla Desh.

MR. CHAIRMAN : There are some amendments to the resolution. Hon. Members who wish to move them may do so now.

SHRI S. M. BANERJEE : I beg to move :

"That in the resolution, for 'give immediate recognition to the Government of the People's Republic of Bangla Desh and offer all assistance necessary for early consideration of their national freedom', substitute 'recognise the People's Republic of Bangla Desh before 30-6-1971 and offer all assistance to them.'"

The resolution as moved by Shri Samar Guha says 'give immediate recognition' The word 'immediate' may mean today or it may mean after three months. So, my substitute amendment is that it should be recognised before 30th June, 1971. I want that a definite date should be fixed, so that by 1st July, we shall be able to offer all assistance. I hope my hon. friend would accept this amendment, because he wants immediate recognition of Bangla Desh.

श्री विभूति मिश्र (मोतीहारी) : मैं प्रस्ताव करता हूँ कि संकल्प के अन्त में यह जोड़ा जाये :—

"और बंगला देश की जनता के प्रति हार्दिक सहानुभूति प्रकट करती है, यह कामना करती है कि वे शीघ्र ही अपने स्वतंत्रता संग्राम में सफलता प्राप्त करें, उन के बलिदान और निष्ठा की अति सराहना करती है और आशा करती है कि विश्व के देश उन्हें पूर्ण सराहना देंगे तथा सरकार से अनुरोध करती है कि वह वर्तमान परिस्थितियों को देखते हुए आवश्यक एवं उपयुक्त कार्यवाही करें।"

MR. CHAIRMAN : These amendments are now before the House.

SHRI KRISHNA HALDER (Ausgram) : Mr. Chairman, Sir, I want to speak today in my mother-tongue Bengali.

*Mr. Chairman, Sir, I want to speak today in my mother tongue, Bengali. Sir, it is a matter of great regret to people of India, a great shame to the Government of India that a non-official resolution had to be

*The original speech was delivered in Bengali.

brought forward in this House pleading for the recognition of Bangla Desh. It is known to the entire world what happened in Bangla Desh before the present liberation struggle started there. In the present Bangla Desh—previously known as East Pakistan—60 per cent of the total population of Pakistan live there and it is the biggest unit of Pakistan. It is also known to everybody that the people of Bangla Desh had to resort to a serious agitation in order to get official recognition for their mother tongue. They demanded that their language should be given official status and it should be used in official work.

The military rulers of Pakistan were earning foreign exchange worth crores of rupees from the Jute grown in East Bengal. So long the people of East Bengal had been subject to economic exploitation by the military rulers of West Pakistan. The people there were deprived of their constitution and democratic rights. The protest against economic exploitation and political domination by West Pakistan found its first expression in the language agitation. But reactionary rulers of West Pakistan tried to suppress that language movement through brute force and the soil of Bangla Desh was drenched with the blood of many martyrs.

After the downfall of Ayub Khan, the military rulers again tried to deprive the people of Bangla Desh of their constitutional and democratic rights. Even the minimum basic human rights were denied to them; so they again struggled against military authorities through constitutional means in order to establish their human rights. When the people of Bangla Desh saw hope in getting back their constitutional and democratic rights after their massive victory in the election, the Pakistani rulers again tried to suppress their democratic aspirations with the help of an organised and mechanised army. It was an attempt to suppress the democratic aspirations of the people through brute force. Sir, it is known to everybody that since Bangla Bandhu Mujibur Rehman stood against the military rulers of Pakistan for democratic rights of his people, he was arrested on false and imaginary charges and now he is passing his days in detention without trial.

Sir, the people of Bangla Desh have sacrificed their blood in order to secure their

democratic rights from the military rulers of Pakistan. Many of them have already become martyrs. It is known to the entire world that after undergoing so much sacrifice and suffering the people of Bangla Desh have been able to secure their rights from the military rulers of Pakistan. They have proved to the world that military might is not the most important factor in human affairs. If a nation, though unarmed, fights unitedly with determination and sacrifice for their democratic rights, there is no power on earth which can subjugate that nation. When Ayub Khan wanted to suppress the democratic movement in Bangla Desh how much blood the people of present Bangla Desh shed for achieving their rights, is known to everybody. After so much struggle and sacrifice the people of Bangla Desh got their democratic rights in spite of resistance from the West Pakistan rulers. The people of Bangla Desh gave their electoral verdict in favour of democracy. The verdict in the election, given by the people of Bangla Desh, has no parallel in the history of world. In this election the Awami League Party, under the leadership Banga Bandhu Mujibur Rehman, got absolute majority not only in East Bengal but also in entire Pakistan. Mujibur Rehman and the people of Bangla Desh fought for their democratic rights in the election on the basis of 6-point programmes. They did not demand separation from Pakistan. They fought for self-government. They wanted to put an end to economic exploitation of which they became a victim for a long time. The wealth that was being produced by the peasants of Bangla Desh through their hard labour, a major portion of that was always taken away by the West Pakistani rulers for their own benefit. The people of Bangla Desh were denied their legitimate share in the wealth that was produced by their hard labour. So East Bengal was turned into a colony of West Pakistan and was a victim of constant economic exploitation by the West Pakistani rulers. That is why the people of Bangla Desh raised their voice against the economic exploitation of West Pakistan. Their demand was that except for defence and foreign affairs the people of Bangla Desh will have control over the entire administrative matters. But this demand of the people for democratic rights was suppressed through treachery. Taking advantage of the political dialogue which was going on between Yahya Khan

[Shri Krishna Chandra Haldar]

and Mujibur Rahman, the West Pakistani rulers brought thousands of soldiers from West Pakistan. After the Army was fully reinforced, the Pakistan soldiers, equipped with all modern weapons, jumped over the unarmed people of Bangla Desh. So democratic aspirations of the people were throttled down by using brute force. Already, more than five lakhs people have become martyrs. The parallel of such a treachery we do not find in the history of any part of the world, except perhaps in Vietnam.

Sir, my party, C.P.M., believes that danger to parliamentary democracy does not come from the general masses; it comes from the ruling party. When the ruling party finds that parliamentary democracy is not going to serve its vested interests, it tries to destroy it. The same thing happened in the case of Bangla Desh. When the military rulers found that with the establishment of parliamentary democracy in Pakistan it would not be possible to exploit any more the people of Bangla Desh, they were out to destroy the yet-born parliamentary democracy there. Therefore, when the interests of the ruling class is in conflict with the parliamentary democracy, the ruling party does not hesitate to destroy the sacred entity of parliamentary democracy in order to safeguard its vested interests.

The resolution that was passed in Parliament in support of Bangla Desh was due to the pressure exerted by the entire opposition parties upon the Government. The Government of India had to bow down before the wishes of the entire opposition parties. When the resolution was adopted in Parliament, the entire opposition parties demanded full support to the cause of Bangla Desh. But at that time only partial support was shown to the independence movement in Bangla Desh. We hoped that the Government of India would bring forward some proposal for the full support to the Bangla Desh Government. But after 25th March two and a half months have passed and yet nothing has been done by our Government. The Government of India have rather made an appeal to other countries of the world for giving recognition to the Bangla Desh Government in spite of our full support to the freedom struggle

there. Even we have gone to other countries of the world with begging bowls for solving the refugee problem. If the Government of India is really interested to solve the refugee problem, it must give immediate recognition to the Bangla Desh Government as it will inspire the refugees to go back to their homes with confidence. As the freedom struggle in Bangla Desh will take a new turn, the refugees, if they go back to their homes, will come forward to participate in the liberation struggle. So there is no alternative way to solve the problems of Bangla Desh refugees excepting this one. Of course, the Government may try to solve the refugee problem otherwise. It is the opinion of many people that 55 to 65 lakhs refugees have already come to India. In order to solve the refugee problem completely, the only way, I feel, is to recognise the provisional Government of Bangla Desh immediately. We have got blood relationship with the people of Bangla Desh. I am not saying this on account of my being a Bengali. You know Sir, that the people of both the countries fought together against the British imperialist powers for long to achieve their independence. But it is a matter of great regret that because of the weakness of national movement India was partitioned. The British imperialist power wanted that both India and Pakistan should fight each other continuously as that would serve their vested interests. The British imperialist power wanted to play this game of treachery with India and Pakistan always out of imperialist interest. Sir, lakhs of people in Bangla Desh have already sacrificed their blood as they understood the conspiracy of the British imperialist power and rose against it. They are continuing their freedom struggle. They are fighting against the vested interests of the imperialist forces.

18.00 hrs.

Sir, a similar struggle is going on in West Bengal. The people of West Bengal are fighting for their democratic rights. The Central Government is treading a dangerous path there. They want to crush the constitutional rights of the people of West Bengal. In the entire State Section 144 of the IPC has been imposed. People are being detained on false charges under the Preventive Detention Act. The CRP and military

personnel have been deployed there. People are receiving inhuman treatment in the hands of CRP men. Therefore, if the Government really wants to support the cause of Bangla Desh then the people of West Bengal should be given to enjoy freedom and their constitutional rights, they should save them from the torture of CRP and military personnel. But, alas ! the Government is determined to pass the Maintenance of Internal Security Ordinance. By passing this legislation, the Central Government wants to turn the State of West Bengal into a Police State. Sir, before the present resolution was taken up for consideration, another resolution was discussed by the House and the subjectmatter of that resolution was related to the Centre-States relationship. That resolution was an important one. Our party has already demanded that in order to establish true democracy in the country all the States should be given more autonomy. Not only this. The State Governments should be given more financial powers. If this demand is not accepted by the Central Government, what course future history of India will take is not known to any one. Even nobody in this House can predict it.

At the end I would say that immediate recognition may be given to the Bangla Desh Government. I would also appeal to the socialist Countries and Afro-Asian countries to come forward in recognising the Government of Bangla Desh. I would also appeal to the progressive forces of the world to assist the freedom fighters in Bangla Desh by organising an international brigade as it was done to fight the Fascist forces in Spain.

Sir, lakhs of refugees are living in camps and now they have become victims of cholera epidemic. We are not concerned with what other countries have done for the refugees or for the freedom movement in Bangla Desh. But we are surely concerned with the freedom movement in Bangla Desh because of our blood relationship with the people there. Not only this. We fought together against the British imperialist power for our independence.

Sir, India claims to be the biggest democracy in the world. In order to justify that claim the Government of India should recognise immediately the Government of

Bangla Desh as that Government is fighting for the establishment of democracy there. By recognising the Government of Bangla Desh the Government of India will set an example before other nations of the world. I know that because of the pressure of American imperialists the Government of India is hesitating to give recognition to the Bangla Desh Government. I demand that the provisional Government of Bangla Desh be recognised immediately. This demand has also been made by crores of people of India. So acceptance of my demand means the acceptance of people's demand. By giving recognition to the Government of Bangla Desh the Government of India will definitely do justice to the people of Bangla Desh who are struggling hard for their independence. With these words, I conclude my speech. Thank you.

श्री विभूति मिश्र : सभापति जी, जो मैंने संशोधन पेश किया है मैं उस का समर्थन करता हूँ और मैं बंगला देश के सेनानियों के साथ सहानुभूति प्रकट करता हूँ। जिस वीरता के साथ, जिस धैर्य के साथ अपनी स्वाधीनता के लिए वह लड़ रहे हैं उसकी प्रशंसा करना बहुत मुश्किल है। हम लोगों ने भी असहयोग का और सत्याग्रह का युद्ध अंग्रेजों के साथ किया है। जिस तरह से बड़े पैमाने पर हम लोगों ने अंग्रेजों के साथ लड़ाई की उस में जिस तरह से हमारे देश के लोगों ने साथ दिया उससे कहीं ज्यादा, कहीं बहुत अधिक संख्या में बंगला देश की जनता और बंगला देश के लोगों ने बंगला देश की आजादी के लिए त्याग और तपस्या की है। उन का त्याग और उनकी तपस्या बहुत ज्यादा प्रशंसा की चीज है और उन के साथ हम लोगों की पूरी सहानुभूति है। हम लोग चाहते हैं कि उन्हें स्वाधीनता प्राप्त हो, पश्चिमी पाकिस्तान से उन की मुक्ति हो। उनकी मुक्ति के लिए और स्वाधीनता प्राप्त करने के लिए जैसी परिस्थिति है, जिस बर्बरता के साथ फौज को भिड़ा करके लोगों की जान, माल और इज्जत को पश्चिमी पाकिस्तान वाले हरण कर रहे हैं उस की हम लोग घोर भिन्दा करते हैं। लेकिन स्वाधीनता प्राप्त करने के

[श्री विभूति मिश्र]

लिए कुछ ताकत चाहिए। उस ताकत के लिए अब वहां अहिंसा के बजाय हिंसा की लड़ाई हो गई। हिंसा की लड़ाई में वहां की मुक्ति फौज वाले हिंसात्मक तरीके से युद्ध कर रहे हैं। उस के लिए उन्हें आज आवश्यकता कुछ चीजों की है। वियतनाम में जिस तरह से वियतनामी लड़ रहे हैं, उन्हें चीन और रूस से उस के लिए मदद मिल रही है। लेकिन बंगला देश को कहीं बाहर से मदद मिल रही है इस में मुझे शक मालूम होता है। बंगला देश को जब तक बाहर से इस हिंसात्मक युद्ध में सहायता नहीं मिलेगी तो आज के आधुनिक युग के जो हथियार आधुनिकतम पाकिस्तान सरकार के पास हैं उस का मुकाबिला करना कठिन है। उस का मुकाबिला करने के लिए आज दुनिया के सभी आधुनिक हथियार चाहिए। यह कहां से मिलें कैसे मिलें यह सोचना है। लोग कहते हैं कि हमारी सरकार तुरन्त उस को मान्यता दे दे। मैं आप लोगों से पूछना चाहता हूं कि अगर हमारी सरकार मान्यता दे दे तो उसके दुनिया में क्या इम्प्लीकेशंस होंगे, अन्तरराष्ट्रीय क्या परिस्थिति होगी और हमारी क्या परिस्थिति होगी? क्योंकि हम अपनी स्वाधीनता को रखते हुए, अपने देश को अक्षुण्ण रखते हुए, अपने देश की ताकत को रखते हुए दूसरे की मदद कर सकते हैं। ऐसा न करें कि दूसरे की मदद करते जायें और हम खुद लड़ाई में फंस जायें (व्यवधान)... लड़ाई के लिए आह्वान करना बड़ा आसान है...

श्री पी० के० देव : डरपोक हैं।

श्री विभूति मिश्र : डरपोक आप हैं। हम अंग्रेजों से लड़ते रहे तो आप कहां थे उस दिन और आज क्यों नहीं चले जाते हैं? मैं कहना चाहता हूं, हम डरपोक नहीं हैं। हम बहादुर हैं और हम अपने कदम को सोच विचार कर के, दुनिया की परिस्थिति से मिला कर के, दुनिया के हालात से मिला कर के उठाना

चाहते हैं। यह हमारे लोग जो स्वाधीनता की लड़ाई लड़े हैं, इधर ज्यादा हैं, उन को पता है जेल में जाने में, लड़ाई करने में...(व्यवधान)...

श्री पी० के० देव : पार्टीशन आप लोगों ने कराया है।

श्री विभूति मिश्र : हम ने नहीं, पार्टीशन आप ने कराया। आप के जैसे राजा महाराजा जैसे बंगला देश के लोग लड़ रहे हैं, ऐसे ही हमारा साथ दिए होते तो पार्टीशन नहीं होता। पार्टीशन आप लोगों ने कराया।...(व्यवधान) .. उस का इतिहास मैं पीछे बताऊंगा।

श्री अटल बिहारी वाजपेयी : आजादी यह लाए और पार्टीशन हम ने कराया, कड़वा कड़वा थू और मीठा मीठा गप।

श्री विभूति मिश्र : हम लोग चाहते हैं कि विश्व के देश बंगाल की हालत को देखें। लेकिन दुनिया के सब देश अपने स्वार्थ में लगे हुए हैं। दुनिया में कोई देश ऐसा नहीं है जो स्वार्थ-रहित हो। उन का अपना देश है, अपनी राजनीति है और हमारा अपना अलग स्थान है। इस लिये मैं सरकार से कहूंगा कि सरकार जो भी कदम उठाये सोच-विचार कर उठाये, हम ऐसे विरोधी लोगों के फन्दे में न पड़ें। जब 1942 का मूवमेन्ट छेड़ने की बात आई।

श्री समर गुह : मिश्र जी, जितने लेजिस्लेचर्स में पास हुआ है क्या वह ऐसे ही पास हो गया है?

श्री विभूति मिश्र : 1942 की मूवमेन्ट छेड़ने के पहले सब कहते थे कि गांधी जी बुढ़े हो गये हैं, इनकी ताकत नहीं है, इनकी अक्ल मारी गई है, यह अंग्रेजों से नहीं लड़ सकेंगे। लेकिन जब गांधी जी ने 1942 का मूवमेन्ट छेड़ा, तो जो लोग उनको बुढ़ा, कायर कहते थे, सब भग गये, और वही पुराना ठोस कांग्रेसी सत्याग्रही जेल गया। ऐसे राजा-साहब क्या राणा प्रताप की तरह से विचौली (चटाई) पर

सेवेंगे । मैं जानता हूँ जब पाकिस्तान के साथ पिछला युद्ध हुआ, कितने राजा-महाराजाओं ने अपना कान्द्रीब्यूशन दिया, कितनों ने अपनी धन-सम्पत्ति दी...(अभ्यवधान).. आप हम को छेड़िये नहीं, इस देश में अंग्रेजों के साथ जो लड़ाई हुई, उस में आप लोगों का कोई इतिहास नहीं है...

श्री पी० के० देव : आप ने पार्टीशन कराया, इतने आदमी मारे गये ।

श्री विभूति मिश्र : हम ने नहीं कराया, आप ने कराया, आप ने अंग्रेजों का साथ दिया । जब हम जेल जाते थे तो यही राजा-महाराजा अंग्रेजों के साथ...

सभापति महोदय : आप उधर ध्यान मत दीजिये, बंगला देश पर बोलिये ।

श्री विभूति मिश्र : मैं चाहता हूँ कि हमारी सरकार, हमारी प्राइम मिनिस्टर सोच समझ कर कदम उठाये और जो कदम उठा रही हैं, जो देख-भाल कर रही हैं—इन का कदम सराहनीय है । हमारे लेजिस्लेचर्ज ने जो पास किया है, उसमें उनके प्रति सदभावना जाहिर की है, उनकी तारीफ़ की है लेकिन आखरी कदम इस मामले में केन्द्रीय सरकार को उठाना है । इसमें केन्द्रीय सरकार ही जवाबदेही है, किसी के बहकावे में आ कर, किसी के आवेश में आ कर कोई कदम नहीं उठाना चाहिये ।

हमारी सरकार ने दुनिया के देशों में अपने आदमियों को भेजा है । हर दुनिया के देश के साथ बातचीत कर रहे हैं, दुनिया के देशों की हालत को देखने के वास्ते कदम उठाया है । बंगला देश के साथ हमारी पूरी सहानुभूति है पूरी निष्ठा है, उनके त्याग और तपस्या की हम पूरी तारीफ़ करते हैं, लेकिन राजनीति में अपना कदम तब उठाये, जब देखें कि दुश्मन का कदम हम से जोरदार है या हम से कमजोर है, हमारे कदम उठाने से हम पर क्या असर

पड़ेगा । उन पर क्या असर पड़ेगा, आवेश में आकर हमें कोई काम नहीं करना चाहिये । आवेश में आकर कोई काम करने से बाद में तकलीफ़ होती है ।

इस लिये मैं कहना चाहता हूँ कि हमारी सरकार सोच-विचार कर कदम उठाये, आवेश में आकर जो झुकाना चाहते हैं, उनकी बातों में न आये । इनकी बातों में आने से पहले सरकार सोच ले, समझ ले कि हमें क्या करना चाहिये । यह जरूर है कि जो लोग बंगला देश से आ गये हैं, उनकी मदद करनी चाहिये और हम कर रहे हैं, लेकिन यह हमारे लिये एक बड़ी भारी समस्या है । रिफ्यूजीज़ का खिलाना, उनको रखना, उनको जगह देना आसान काम नहीं है, क्योंकि हमारे पास पहले ही जगह की कमी है । हमारी आर्थिक परिस्थितियाँ वैसी नहीं हैं कि हम उनको सुलटा सकें । लेकिन जितनी ताकत हमारे पास है, जितनी शक्ति है, हम उसको पूरा करेंगे और पूरा करने का वायदा करते हैं ।

मैं अपनी सरकार से विनम्रतापूर्वक निवेदन करना चाहता हूँ कि सरकार सोच समझ कर कदम उठावे, क्योंकि इस मामले में हमारी जवाबदेही है । अगर ये लोग जो आज सामने बैठे हैं, इस सरकार में आ जायें तो इनकी बात भी दूसरी हो जायेगी । अगर ये यहाँ होते तो दूसरी भाषा बोलते, चूँकि आज विरोध में बैठे हैं इस लिये ऐसी भाषा बोल रहे हैं । कांग्रेस वालों ने हिन्दुस्तान की आजादी की लड़ाई को लड़ा था, इस लिये हम स्वाधीनता की कीमत को जानते हैं और दूसरों की स्वाधीनता की कीमत को समझते हैं । इस लिए सोच विचार कर कदम उठाना चाहिए, राजा महाराजा के चक्कर में नहीं आना चाहिए ।

श्री अटल बिहारी वाजपेयी : मैं श्री समर गुह को बधाई देना चाहता हूँ जिन्होंने बंगला देश के सम्बन्ध में अपना प्रस्ताव लाकर इस सदन को बंगला देश की नवीनतम स्थिति पर

[श्री अटल बिहारी वाजपेयी]

विचार करने का अवसर दिया है। यह प्रस्ताव सरकार को भी मौका देता है कि वह नयी परिस्थिति के प्रकाश में अपनी नीति को स्पष्ट करे। मुझे श्री विभूति मिश्र के भाषण को सुन कर बड़ी निराशा हुई। ऐसा लगता है कि सत्तारूढ़ दल, किस विषय पर, किस वक्ता को बोलने के लिए खड़ा करना चाहिए, इसका भी निर्णय नहीं कर पा रहा है। बंगला देश के सम्बन्ध में जब लोक सभा में प्रस्ताव पर चर्चा हो रही है तो चर्चा गम्भीरता के वातावरण में राष्ट्र की भावनाओं का प्रकटीकरण करने वाली और विश्व को यह अनुभूति कराने वाली होनी चाहिए कि अब भारत के धैर्य का बांध टूट रहा है और विश्व का जनमत यदि इस्लामाबाद को सही रास्ते पर नहीं ला सकता तो भारत सरकार के लिए अपनी 55 करोड़ जनता की मांग को ठुकराना असंभव हो जायेगा। लेकिन श्री विभूति मिश्र का भाषण इसकी पुष्टि नहीं करता और विश्व में वह वातावरण बनाने में सहायक नहीं होता। आजादी के लिए कौन लड़े, कौन नहीं लड़े, यह आज के विवाद का विषय नहीं है। आजादी के लिए कांग्रेस लड़ी थी, इससे कौन इनकार कर सकता है? उस समय आजादी के लिए जो लड़ना चाहते थे वे सब कांग्रेस में थे लेकिन उस समय कांग्रेस से बाहर भी आजादी के लिए लड़ने वाले थे, जिन की अहिंसा में निष्ठा नहीं थी, जो अंग्रेजों के खिलाफ हथियार उठाकर लड़े थे। देशभक्ति का ठेका केवल कांग्रेस के सदस्यों ने ही नहीं ले रखा है। (व्यवधान) मैं सन् 42 में जेठ में था, आप कहां थे यह बताइये? ... (व्यवधान) ...

सभापति महोदय : आप व्यक्तिगत चीज छोड़ दीजिए।

श्री अटल बिहारी वाजपेयी : सभापति जी, जब से इंडियन एक्सप्रेस ने ऐंथनी मैस्करनहेस का, बंगला देश में नरसंहार के सम्बन्ध में लेख छपा है, एक विचित्र सी बेचैनी देश में छाई

हुई है। मैं श्री ऐंथनी मैस्करनहेस को बधाई देना चाहता हूँ। वे कराची में लन्दन से प्रकाशित होने वाले संडे-टाइम्स के पाकिस्तान में संवाददाता थे और 'मार्निंग न्यूज' जो पाकिस्तान से प्रकाशित होता है उसके सहायक सम्पादक भी थे। वे पाकिस्तान की नागरिकता स्वीकार कर चुके थे, मूलतः वे गोवा के निवासी हैं, अभी तक वे पाकिस्तान में रहे और पाकिस्तान की सरकार पूर्व बंगाल की स्थिति को दिखाने के लिए जिन कुछ चुने हुए पत्रकारों को ले गई उनमें श्री मैस्करनहेस भी थे। लौट कर अगर वे चाहते तो पाकिस्तान के रंग में अपनी कहानी लिख सकते थे लेकिन उन्होंने देखा कि बंगला देश में मनुष्यों का जो रक्त बहा है वह इतना लाल है, इतना गाढ़ा है और उनकी आत्मा को संतोष नहीं हुआ—उन्होंने जो कहा है मैं उन्हीं के शब्दों को यहां पर उद्धृत करना चाहता हूँ, एक पत्रकार के ये शब्द पत्रकारिता के इतिहास में अंकित किए जायेंगे :

"Either I would write the full story of what I had seen or I would have to stop writing. I would never again be able to write with any integrity."

श्री मैस्करनहेस जानते थे कि पाकिस्तान में रहकर वे अपनी बात नहीं लिख सकते इसलिए वे लन्दन गए, अपने परिवार को उन्होंने निकाला और यह कहानी लिखी है रक्त से लिखी हुई कहानी, आंसुओं से डूबी हुई कहानी—मैंने जब से इसको पढ़ा है मैं अपने पर काबू नहीं कर पा रहा हूँ। हम यहां बैठकर पोलिटिकल साल्यूशन की बात कर रहे हैं, एक साल्यूशन इस्लामाबाद के भी दिमाग में है, उसका अनुमान हम लगा रहे हैं या नहीं, ये पाकिस्तानी पत्रकार के शब्द हैं उनको हम जरा ध्यान से पढ़ें। मैस्करनहेस का कहना है कि पूर्वी बंगाल के बारे में पाकिस्तान की दो योजनाएँ हैं। एक तो कल्लेआम, किलिंग और दूसरा कोलोनाइजेशन। मैं उद्धृत करना चाहता हूँ उन के लेख का एक अंश :

"The Government's policy for East Bengal was spelled out to me in the Eastern Command Headquarters at Dacca. It has three elements :—

- (1) The Bengalis will have proved themselves "unreliable" and must be ruled by West Pakistanis ;
- (2) The Bengalis will have to be re-educated along proper lines. The "Islamisation of the masses"—this is the official jargon—is intended to eliminate secessionist tendencies and provide a strong religious bond with West Pakistan ; and
- (3) When 'the Hindus have been eliminated by death and fight, their property will be used as a golden carrot to win over the underprivileged Muslim middle-class. This will provide the base for erecting administrative and political structures in the future."

मैस्करनहेस लिखते हैं कि आज पूर्वी बंगाल के नगरों में बंगाली नहीं मिलते। गांवों में सन्नाटा छाया हुआ है, खेतों में फसल पैदा नहीं की जा रही है। आतंक का राज्य है, लोग मौत के घाट उतार दिये गये हैं। मैं फिर उन के शब्दों को उद्धृत करना चाहता हूं :

"Where are the Bengalis?" I had asked my escorts in the strangely empty streets of Dacca a few days earlier. "They have gone to the villages," was the stock reply. Now, in the countryside, there were still no Bengalis. Comilla town, like Dacca was heavily shuttered. And in 10 miles on the road to Lakshani, past silent villages, the peasants I saw could have been counted on the finger of both hands."

पूर्वी बंगाल के बारे में पाकिस्तान के शासक एक निश्चित योजना से चल रहे हैं, और यह योजना है कत्लेआम की, वहां पर अकाल की परिस्थिति पैदा करने की। मैं फिर सैस्करनहेस को उद्धत करना चाहता हूँ:

"Discussing the problem in his plush air-conditioned office in Karachi recently, the Chairman of the Agricultural Development Bank, Mr. Qurni, said bluntly : "The famine is the result of their acts of sabotage. So, let them die. Perhaps, the Bengalis will come to their senses."

हम पूर्वी बंगाल की सहायता करना चाहते हैं। हम ने उनके प्रति सर्वसम्मत से प्रस्ताव स्वीकार किया है। राज्यों के विधानमण्डल भी इन आशय की माँग कर चुके हैं कि बंगला देश को मान्यता दी जानी चाहिए। प्रधान मंत्री के भाषण आज देश को किस दिशा में ले जाना चाहते हैं यह स्पष्ट नहीं है। जिस पोलिटिकल सौल्यूशन का हम विचार कर रहे हैं क्या उस पोलिटिकल सौल्यूशन के लिए वक्त मिलेगा ? क्या पाकिस्तान के शासक उसे मानेंगे ? मेरे मित्र श्री समर गुह कह रहे हैं कि अवामी लीग उसे नहीं मानेगी। इतने अत्याचार के बाद फिर से पाकिस्तान के अंग के रूप में बंगला देश के लिए जीवित रहना कठिन होगा। लेकिन मैं उस की चर्चा नहीं कर रहा हूँ। क्या पाकिस्तान के शासकों को राह पर लाया जा सका है ? क्या विश्व का जनमत पाकिस्तान के शासकों को विवश कर सका है ? मैं जानना चाहता हूँ कि नई दिल्ली से जो मिनिस्ट्रों का कारवां गया था वह क्या वापस लेकर लौटा है ? विश्व की राजधानियों की क्या प्रतिक्रिया है ? सिवाय इस के कि वह शरणार्थियों की सहायता के लिए रुपया देने को तैयार हैं, या मौखिक सहानुभूति प्रकट करने के लिए तैयार हैं। जिस पोलिटिकल सौल्यूशन की हम चर्चा करते हैं और जिस का अर्थ है बंगला देश में वहाँ के चुने हुए प्रतिनिधियों का शासन कायम हो, बंगला देश उपनिवेश न रहे, बंगला देश से जो भी शरणार्थी आये हैं वह वापस जा सकें, उन का जीवन, धन, सम्मान सुरक्षित रहे, क्या इस सौल्यूशन के लिए दुनिया के देश हमारी मदद करेंगे ? दुनिया के देश हमारी मदद करेंगे इस की हमें सम्भावना नहीं दिखाई देती। हम सुनेंगे मंत्री महोदय को क्या कहना है।

[श्री अटल बिहारी वाजपेयी]

सभापति महोदय, मुझे कहना है कि बंगला देश पर जिसनी चर्चा ब्रिटिश पार्लियामेंट में हुई है शायद उतनी हमारी पार्लियामेंट में नहीं हुई है। ब्रिटिश लेबर पार्टी के उन 120 सदस्यों को मैं बधाई देना चाहता हूँ जिन्होंने मांग की है कि बंगला देश का मामला सुरक्षा परिषद में उठाना चाहिए। लेकिन मैं पूछता हूँ कि भारत सरकार यह मामला सुरक्षा परिषद में क्यों न उठाये? आज मैंने पढ़ा कि स्वतन्त्र पार्टी के 18 सदस्यों ने यूनाइटेड नेशन्स के सेक्रेट्री जनरल को तार भेजा है कि यह मामला सिक्वोरिटी कौंसिल में उठाया जाये। अगर सेक्रेट्री जनरल कहे कि हमें तार भेजने के बजाय आप अपनी सरकार से कहें कि वह यह मामला सिक्वोरिटी कौंसिल में उठाये तो हमारा क्या मुह रहेगा?

कोई इन्कार नहीं कर सकता कि नरसंहार हो रहा है। क्या नरसंहार का मामला संयुक्त राष्ट्र संघ में नहीं उठ सकता? भारत सरकार उठा कर देके। यह आवश्यक नहीं है कि हमें विश्व का समर्थन मिले, मगर एक तो हमें अपनी कार्यवाही से सन्तोष होगा दूसरे दुनिया के कुछ देश कितने पानी में हैं यह भी स्पष्ट हो जायेगा। फिर उस के बाद हमें अपनी नीति निर्धारित करना सरल होगा। नीति एक ही हो सकती है, और वह नीति संकल्प करने की है कि आज जो निश्चय है उस के साथ समझौता नहीं होगा और बंगला देश में ऐसी स्थिति पैदा करनी होगी जिस में विस्थापित वापस जा सकें तथा लोकतन्त्र स्थापित हो सके। और उस के लिए अगर लड़ने के अलावा कोई चारा नहीं है तो भारत को लड़ने के लिए भी तैयार रहना होगा।

1965 में भारत और पाकिस्तान की लड़ाई हुई, उस पर 50 करोड़ रुपया खर्च हुआ। आज तो पाकिस्तान बिना बन्दूक की एक मौली चलाये लाखों विस्थापितों को हमारे देश में भेज कर हमारी अर्थ-व्यवस्था को

विशृंखलित कर रहा है। श्री चव्हाण ने कहा कि 60 करोड़ रु० खर्च होंगे, प्रधान मंत्री ने कहा कि 180 करोड़ खर्च होगा तथा आज श्रम और पुनर्वासि मंत्री ने अपने वक्तव्य में कहा है कि करीब 300 करोड़ रुपये खर्च होंगे। युद्ध मंहगा है मगर इतना मंहगा नहीं। हम युद्ध न करें हम पूर्वी बंगाल की मदद करें। हम पाकिस्तान को एक अन्तिमेटम दें, एक अल्टिमेटम दें, कि पूर्वी बंगाल में जो भी नरसंहार चल रहा है वह रुकना चाहिए और जो लोग अपने जीवन, धन और स्वयं की रक्षा के लिए भारत-माता के आंचल में शरण के लिए आ रहे हैं उन के वहीं रहने की परिस्थितियां पैदा होनी चाहिए, नहीं तो भारत अपने हित में, भारत की सुरक्षा के हित में कठोर कदम उठायेगा, और वह कठोर कदम युद्ध तक हो सकता है। जो देश युद्ध से भागता है, युद्ध उस के पीछे भागता है। युद्ध को हम निमन्त्रण न दें लेकिन बिना युद्ध के अगर हम यह लड़ाई हारने वाले हैं तो फिर हर एक कदम उठाने के लिये सरकार को तैयार रहना चाहिए।

मैंने आर्थिक पहलू की चर्चा की। उसका और क्या परिणाम होने वाला है? आज बंगाल से श्री चपल कान्त भट्टाचार्य आये हैं। वह कहते हैं कि कलकत्ते में ऐसी परिस्थिति पैदा हो रही है कि किसी भी दिन विस्फोट हो जायेगा। हो सकता है कि लोग राइटर्स बिल्डिंग को घेर लें। पानी नहीं पहुंच रहा है, जीवन अस्त व्यस्त हो रहा है, रक्षा और कानून की व्यवस्था बिल्कुल टूट रही है, जन-मानस आन्दोलित हो रहा है और पश्चिम बंगाल सरकार संकट की स्थिति की घोषणा करने का विचार कर रही है।

प्रश्न केवल बंगाल का नहीं है, सारे भारत-वर्ष का बंगला देश से सम्बन्ध हो गया है। पहले ही हमने देर कर दी है। अगर सरकार का दिमाग साफ होता और 25 मार्च को, जब पाकिस्तानी फौजों ने अत्याचार आरम्भ किया तब हम ने अपनी नीति निर्धारित कर ली होती

तो शायद बंगला देश की परिस्थिति भिन्न होती ।

18.29 hrs.

[MR. DEPUTY SPEAKER *in the Chair*]

हम चूक गये । लेकिन अभी भी जो देर हुई है उस को अपने पक्ष में बदला जा सकता है । विश्व के जनमत के जागरण का मैं विरोधी नहीं हूँ, वह काम चलता रहे, मगर नई दिल्ली का दिमाग साफ होना चाहिए । बंगला देश और बंगला देश से आने वाले विस्थापितों की तकदीर का फैसला वाशिंगटन में, लन्दन में, वान में या मास्को में नहीं होगा, नई दिल्ली में होगा और अगर नई दिल्ली साहस के साथ निर्णय करती है तो नया इतिहास लिखा जा सकता है । आज हमें देखना है कि सरकार नया इतिहास बनाने की शक्ति रखती है या नहीं ।

MAINTENANCE OF INTERNAL SECURITY BILL—*Contd*

MR. DEPUTY-SPEAKER : Now we may resume discussion on the Maintenance of Internal Security Bill.

SHRI S. M. BANERJEE (Kanpur) : Sir, time should be extended for the discussion of this resolution on Bangla Desh,

MR. DEPUTY-SPEAKER : Naturally. It is inconclusive. Naturally, it will be resumed the next day.

Clause 12—(*Action upon the Report of Advisory Board*)

MR. DEPUTY-SPEAKER : We were on Clause 12. There is an amendment by Shri Frank Anthony. But he is not here. So, it is not moved. I will put Clause 12 to the vote of the House. The question is :

“That Clause 12 stand part of the Bill.”

The motion was adopted.

Clause 12 was added to the Bill.

Clause 13—(*Maximum period of detention*)

MR. DEPUTY-SPEAKER : We go to Clause 13. There is an amendment by Mr. Kalyanasundaram. Is he moving it ?

SHRI M. KALYANASUDARAM (Tiruchirapalli) : Yes I am moving.

I beg to move :

Page 5, line 23,—

for “twelve months” substitute “six months” (17)

My amendment says that the period will be ‘six months’ instead of ‘twelve months’ as is provided in the Bill. The Home Minister had got all that he wanted in the way in which he wanted it. He has got powers to put anybody in jail without trial for any reason on the basis of a report submitted by a head constable. Anybody can be kept for any number of months. The Advisory Board will be only a mockery. Now at least let him consider whether it is possible to limit the period of detention to 6 months. This Bill provides maximum detention of 12 months. I am submitting that it can be reduced to 6 months. If this law is necessary for detention without trial, at least limit the period, instead of 12 months, to 6 months. So, my amendment seeks to restrict the period of the maximum detention to 6 months.

There can be no objection to this. Let me see whether his democratic conscience allows him to accept it.

श्री अटल बिहारी वाजपेयी (ग्वालियर) : वैसे तो छः महीने का समय भी अधिक है । लेकिन मुझे शक है कि पन्त जी उसे स्वीकार करने के लिए तैयार होंगे । मैं उनको एक बात स्मरण दिलाना चाहता हूँ । जो व्यक्ति नजर-बन्दी के बाद छोड़ा जाता है उसको फिर भी

[श्री अटल बिहारी वाजपेयी]

पकड़ा जा सकता है उसी वक्त। इसलिए छः महीने के इस संशोधन को मानने में आपत्ति नहीं होनी चाहिए। मैं तो चाहूँगा कि तीन महीने से अधिक आप प्रथम चरण में नजरबन्दी की अवधि न रखें। लेकिन यहां साल भर रख दी गई है। ऐसा मान कर चला जा रहा है कि भारत के नागरिकों को नजरबन्द किया जाए और नागरिक स्वाधीनता का हनन हो। मैं देखना चाहता हूँ...

श्री राम सहाय पांडे (राजनन्द गाँव) : बड़े दुख की बात है।

श्री अटल बिहारी वाजपेयी : पांडे जी को दुख नहीं हो रहा है।

मैं चाहता हूँ कि पन्त जी इस पर विचार करें और इस संशोधन को मान लें।

श्री एस० एम० बनर्जी : यह जो संशोधन रखा गया है इसका मैं समर्थन करता हूँ। पन्त जी से मैं निवेदन करता हूँ कि अगर इस अवधि को एक साल के बजाय छः महीने कर दिया जाए तो पन्त जी को कोई आपत्ति नहीं होनी चाहिए। अगर किसी को डिटेन किया जाए मामूली शक व शुबहे पर, किसी पुलिस के कांस्टेबल की रिपोर्ट पर, तो छः महीने के बाद तो उसके साथ इन्साफ होना ही चाहिए। मैं निवेदन करूँगा कि कोई एमेंडमेंट न मानने की कसम ही अगर उन्होंने नहीं खा रखी है तो इस मामूली से संशोधन को वह स्वीकार कर लें और अगर वह इसको मान लेते हैं तो थोड़ी बहुत अच्छी बात यह होगी।

SHRI JYOTIRMOY BOSU (Diamond Harbour) : This idea of detention is so very deep-rooted in the mind of the Government. It is always applied against political opponents. Please see Clause 14. Then, you will see what it means. It says :

The revocation or expiry of a detention order shall not bar the making of a

fresh detention order under section 3 against the same person in any case where fresh facts have arisen after the date of revocation or expiry on which the Central Government or a State Government or an officer, as the case may be, is satisfied that such an order should be made.

So, this has come out very clearly there. The Government must show some consideration. They want to call themselves a democratic Government interested in the ways of civilised thinking.

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : The period has not been introduced by us as 12 months in this Bill only for the first, time, but in the Preventive Detention Act, 1953, the maximum period of detention was fixed at 12 months.

SHRI M. KALYANASUNDARAM : Are we still in 1950 ?

SHRI K. C. PANT : We are continuing with that 12 month-period. It does not mean necessarily that every detenu must be detained for 12 months. That is not the meaning. The maximum period is 12 months. Shri Dinan Bhattacharyya earlier in one of his many interpellations said that there was no maximum period at all, and that this could go on for any length of time.

SHRI M. KALYANASUNDARAM : Let him read this along with clause 14 (2), and he will see that there is no limit.

SHRI JYOTIRMOY BOSU : We know that it is a lawless law, and it is a law of the jungle, but still we must point this out.

SHRI K. C. PANT : It is left to the appropriate Government to decide on the merits of each case the period up to which a person should be kept in detention, subject to the maximum period of 12 months. That is the purpose. I do hope that there will not be many opportunities for this kind of thing which is being suggested, namely that a man is released and again immediately he is taken back into prison. I hope that there will not be many such occasions...

SHRI HAMENDRA SINGH BANERA (Bhilwara) : It happened during my elections.

SHRI K. C. PANT : It depends on that person as well. It is not entirely for the Government, but it is for those who come within the mischief of this Bill also to behave in a manner that the mischief of this Bill is not attracted.

MR. DEPUTY-SPEAKER : I shall now put amendment No. 17 to the vote of the House.

The question is :

“Page 5, line 23, *for* “twelve months” *substitute* “six months,” (17)

Clause 16 was added to the Bill

MR. DEPUTY SPEAKER : Now, I come to the point of order. The point of order that was raised was whether a discussion can take place on a clause even when there is no amendment. That is the point of order. We are following rules ; we are following certain conventions in this House. (*Interruption*) Order, please. You will be satisfied when you hear me out. We are also following certain conventions. So far, the convention in the House is that when there is an amendment, there is a discussion, and when there is no amendment the clause is put to the House. Even so, having regard to the very strong feeling that the hon. Members have on this side of the House today, I shall permit some discussion.

SHRI S. M. BANERJEE : Not today, Sir. I rise to a point of order. We do not want any mercy from the Chair. It is our right. There may not be any amendment to any clause. But if a particular clause is absolutely injurious and if it is beyond any amendment, if we cannot move any amendment, even then, we have a right to

speak on it. Of course, we in our wisdom should move that it should be deleted. But even otherwise, supposing we feel that the whole clause is bad, then we can speak on it irrespective of any amendment. Sir, more democratic forces are coming into Parliament and we should build up more democratic traditions and conventions instead of sticking to a rule. (*Interruption*)

MR. DEPUTY-SPEAKER : Order, order. Let me reply to Mr. Banerjee's point of order. I am grateful to Mr. Banerjee for bringing this to my notice, but I would also have expected that Members who take so much interest, who feel so strongly against a particular clause, should also have taken the trouble of moving an amendment. (*Interruption*) I am only saying that they could have tabled an amendment when they were opposed to something. In any case, I have said this was only a convention, and now I will agree to a discussion of the rest of the clauses, even if there is no amendment, if you want. That should be sufficient.

SHRI M. KALYANASUNDARAM : You are indirectly criticising us for failure to give an amendment.

MR. DEPUTY-SPEAKER : I am not criticising. (*Interruption*)

SHRI M. KALYANASUNDARAM : For instance, take clause 16. It is a very vital clause. We are opposed to that clause as a whole, but no amendment will be admitted if we move for the deletion of the whole clause. It is a single-clause provision. I have been in the legislature for more than 15 years, and I know. The practice is to oppose the clause as a whole and speak on it. You must allow us to speak. Members have a right to oppose any single-clause provision, and it is the inherent right of the Members, and the Chair has no right to take that right away.

MR. DEPUTY SPEAKER : I am not taking away any right...(*Interruption*)

Let us take clause 17.

Clause 17 (*Duration of Detention in Certain Cases of Foreigners*)

MR. DEPUTY-SPEAKER : There are two amendments by Shri Frank Anthony.

He is absent. If nobody has anything to say I shall put the clause to the House. Yes; I am putting clause 17 to the vote of the House. The question is:

"That clause 17 stand part of the Bill."

The motion was adopted.

Clause 17 was added to the Bill.

19.00 hrs.

Clause 18 (*Repeal and Saving*)

MR. DEPUTY-SPEAKER : There are no amendments to clause 18. If nobody wants to speak on it, I will put it.

SHRI ATAL BIHARI VAJPAYEE : I support the clause.

MR. DEPUTY-SPEAKER : The question is :

"That clause 18 stand part of the Bill."

The motion was adopted.

Clause 18 was added to the Bill.

Clause 1 (*Short Title and Extent*)

SHRI ATAL BIHARI VAJPAYEE : I beg to move :

Page 1, lines 5 and 6,—

omit "except the State of Jammu and Kashmir" (36)

SHRI PILOO MODY : I beg to move :

Page 1,—

for lines 5 and 6, *substitute*—

"(2) It will be applicable only to specific areas for specific periods of time, where in the opinion of Parliament Law and Order is in jeopardy, and the Government makes out a convincing case that the lack of these powers will inhibit the preservation of Public Order." (62)

SHRI PILLOO MODY : Sir, in the course of my earlier speech, I quoted the reasons why such blanket powers cannot be enjoyed by any democratic Government anywhere in the world. The minister made a personal request to me saying, "You come and listen to my speech and if you are convinced, vote for the Bill." I have listened to his speech with all the concentration I could muster, but the one point on which I could not be convinced was that he kept describing the conditions only in West Bengal. His entire speech was an attempt to paint a rather gruesome picture of what was happening in West Bengal, with an occasional incident described in Punjab or Bihar. He said, because of this picture, we need to arm the Government of India with this power. But these conditions do not exist in Bangalore or Bombay or Madras or in Godhra. In large tracts of this country, covering millions and millions of people these conditions do not exist. Then, why does he want the power of life and death over these people? I want to question his motives, because these are emergency powers. He wants to catch spies and saboteurs. But over vast tracts of this country, no spies or saboteurs exist.

He already has those powers in West Bengal. But has the incidence of crime gone down there? No. He says, after you give me this power, everything will be fine in West Bengal. I doubt his protestation, because on more than one occasion, even at the risk of repetition, they say, law and order has become a socio-economic problem. Does this Act solve the socio-economic problem? It does not. I believe him and want to co-operate with him. This amendment of mine meets his point as well as my point. He tells me that he has certain difficulties about imposing this only in certain limited areas. I think that these technicalities and the limited difficulties that he has is a small price to pay for the civil liberties of hundreds of millions of people. Therefore, I strongly urge him once again, and I wish the gracious Prime Minister was also here so that I could have appealed to her heart, or at least to her femininity, if nothing else, an appeal which in a very genuine sense meets their requirements and also meets our requirements. It cannot meet the requirements of some of my friends

over there, but they have to contend with this Government in which I am not concerned. But it does meet with the requirements of a large majority of people. Therefore, I urge him, even at this late hour..... I thought at 7 O'Clock he would be in a better frame of mind than at 4 O'Clock in the afternoon when the sun is high on the horizon—I appeal to him in this twilight hour, may be his twilight also as a Minister, not as a man, I appeal to him to accept this amendment which is offered in a spirit of genuine co-operation and not as opposition. Please accept this amendment and you will satisfy yourself as well as something like 500 million people of this country.

श्री अटल बिहारी वाजपेयी : उपाध्यक्ष जी, मेरा संशोधन यह माँग करता है कि इस काले कानून को सारे देश पर थोपना है तो जम्मू काश्मीर को इस दुर्भाग्य से वंचित नहीं रखना चाहिए। भारत की सुरक्षा के लिए यह कानून बनाया जा रहा है। विदेशी जासूसों को शिकंजे में कसने के लिए यह हथियार गढ़ा जा रहा है। लेकिन जिस प्रदेश में इस देश की सुरक्षा के लिए सब से अधिक खतरा है और जहाँ हर महीने विदेशी जासूसों के चक्र चकनाचूर किए जाते हैं, यह बात अलग है कि उनमें से कितने अदालतों में पेश किए जाते हैं, कितनों को सजा दी जाती है, यह पता नहीं लगता है, लेकिन ये खबरें आती रहती हैं कि वहाँ जासूसों के चक्र पकड़े गए हैं, तो मैं पूछना चाहता हूँ कि जम्मू काश्मीर को क्यों छोड़ा गया है? अगर मंत्री महोदय का उत्तर यह है कि वहाँ पहले से ही कानून है और शायद इससे कड़ा कानून है तो अनेक राज्य ऐसे हैं जिन्होंने कानून बना रखे हैं और अनेक राज्यों में कानून होते हुए भी केन्द्रीय स्तर पर कानून बनाया जा रहा है, तो कोई कारण नहीं है कि जम्मू काश्मीर को इससे अलग रखा जाए।

मंत्री महोदय दूसरा तर्क यह दे सकते हैं कि इस तरह का कानून जम्मू काश्मीर पर लागू करने के लिए हमें वहाँ की विधान सभा की स्वीकृति चाहिए। मैं पूछना चाहता हूँ कि वहाँ

[श्री अटल बिहारी वाजपेयी]

की विधान सभा की स्वीकृति प्राप्त करने में क्या कठिनाई थी। अगर सरकार पहले से प्रयत्न करती तो वहां की विधान सभा की स्वीकृति प्राप्त की जा सकती थी। अगर आप भावात्मक एकता की चर्चा करते हैं तो हर कानून में जम्मू काश्मीर के लिए अलग व्यवस्था हो, यह हम नहीं चाहते हैं। हम दावा करते हैं कि भारत के एक भाग के रूप में जम्मू काश्मीर विकसित हो रहा है और यह दावा ठीक भी है। अगर हम दिमागी दीवार तोड़ना चाहते हैं तो कानूनों में ऐसा लिखना बन्द होना चाहिए जिस में यह कहा जाए कि कानून शेष भारत पर लागू होगा किन्तु जम्मू काश्मीर पर लागू नहीं होगा।

SHRI K. C. PANT: Sir, I had explained at some length why we cannot extend this particular Bill, this particular measure, to the State of Jammu and Kashmir. I do not want to repeat all that I have said earlier.

SHRI ATAL BIHARI VAJPAYEE: Say something new.

SHRI K. C. PANT: If something new had been said about it, I would also have replied something new about it. But actually he has repeated my arguments.

SHRI ATAL BIHARI VAJPAYEE: Countered your arguments.

SHRI K. C. PANT: I had referred to their Constitution.

SHRI S. M. BANERJEE: What is your answer to the arguments advanced by P. M.?

SHRI K. C. PANT: Coming to my friend, Shri Piloo Mody, I am grateful to him for wishing that my twilight has not come as an individual. I also wish him a very long life. But there are twilights and twilights and in one respect he may have reached his twilight. I wonder if it was not over-ambitious on his part to seek to appeal to the femininity of the Prime Minister.

The need for the legislation has been explained by me earlier and I do not want to repeat all that. We will be both repeating ourselves by making the same speech. But there are certain points which my hon. friend, Shri Mody, has raised which deserve an answer. The first is as to why if some of the States have this legislation, the Centre also wants to legislate in this field. Firstly, the States cannot legislate in the interest of Defence of India or the security of India; that Parliament alone can do. Therefore, even if all the States have their own laws in this field, it will not enable Parliament or the Central Government to act in the interest of the Defence of India or the security of India. In this, that is the important and primary consideration, particularly at this stage.

Secondly, the Centre cannot act under the State laws. The State Governments can act under their laws, but the centre can only operate under a law passed by this Parliament. Therefore, even if all the State Governments had their laws, the Centre cannot operate in the particular area that I mentioned.

The second important point is that a State like Bihar or Punjab does not have a Preventive Detention Act. My hon. friend said that Bengal has such a measure on its statute book. Yes, Bengal does; but Bihar does not, Punjab does not and some other States do not. Today the situation in Bihar is well known to him. The shadow that we have seen over Bengal, the shadow of violence, is spreading to some extent in Bihar also. I am sure, the House is not unaware of this. In Punjab also we have seen instances of this. I have given instances earlier of Punjab also.

SHRI PILOO MODY: What inhibits you from slapping it on to Punjab, Bihar and Bengal?

SHRI K. C. PANT: Now a State may want a piece of legislation like this, but it is not always possible in the political situation in the country today, considering the political compulsions under which political parties act, that even when a State may want this law, they can pass it. It may not be able to pass it in its own Legislature for factors

which I need not go into now. Is the Centre in such a situation, knowing that such a measure is needed in the State, to sit back helplessly ?

Again, he says that some States are more affected by this than others. I do not deny that. The situation in West Bengal is not the same as in Madras and Kerala. The situation is different in each State but I thought, his whole point was that we took too long in taking action in Bengal. We have had this debate so many times in the House and it has been flung in our face again and again that we do not wake up in time ; we do not take action in time ; we allow things to grow and reach a point where we cannot then nip the thing in the bud and it grows out of hand. Now here in this situation we want to see to it that this charge cannot be flung in our face. Now that we have seen in certain areas that this tendency of violence of this kind has developed, which we have mentioned and discussed in this House, we should not wait till it has spread all over the country and then think of having a preventive detention measure. So, it is now that we take action in this field.

SHRI PILOO MODY : Timely action for the maintenance of law and order and timely action for preventive detention are two different worlds.

SHRI K. C. PANT : The two different worlds are both important in their own areas.

SHRI PILOO MODY : One in a democratic system and the other outside it.

SHRI K. C. PANT : He is again provoking me to quote Rajaji which I will not do because he got angry yesterday.

SHRI PILOO MODY : He is becoming a good student of Rajaji.

SHRI K. C. PANT : At least I am a good student than his partymen. Even his party is not studying him.

SHRI PILOO MODY : What inhibits you from passing the law for specific area, in Bihar and Punjab, since you happened

to mention them, and also in West Bengal. Why can't you pass this law only for these geographical areas ?

SHRI K. C. PANT : I am not a legal expert. Even in the matter of Emergency, the Constitution does not empower us, as far as my knowledge goes. We cannot declare an Emergency for a State.

SHRI PILOO MODY : Why not ?

SHRI K. C. PANT : Because if the Centre declares an Emergency, it will be for the whole country. It cannot be for a State. You can study the constitutional position. This is to the best of my knowledge. The Law Minister is here and you can ask him.

SHRI PILOO MODY : He is not a Law Minister ; he is a politician.

SHRI K. C. PANT : These are practical difficulties. In all seriousness, I wanted to reply to his question. Now, after he has listened to me, he may change his mind. I assume an open-mindedness on his part which will now be on the test and we shall see whether, after hearing me, he has an open mind in the matter or not.

MR. DEPUTY-SPEAKER : I now put first the amendment moved by Shri Atal Bihari Vajpayee.

Amendment No. 36 was put and negatived

MR. DEPUTY-SPEAKER : Then I put Amendment moved by Shri Piloo Mody.

Amendment No. 62 was put and negatived

MR. DEPUTY-SPEAKER : The question is :

"That clause 1 stand part of the Bill."

The motion was adopted

Clause 1 was added to the Bill

The Enacting Formula and the Title were added to the Bill

SHRI K. C. PANT : I beg to move :

"That the Bill, as amended, be passed."

SOME HON. MEMBERS *rose*—

SHRI BHOGENDRA JHA (Jainagar) : May I make a submission ? We have now come to the end of it. Here, the hon. Minister, Shri K. C. Pant, has stated the objects and reasons of the Bill. I would again appeal to him as to whether he thinks it expedient even at this stage that in consonance with the entire objects and reasons given by him here, he will consider that it will not apply to the movements of workers, peasants, students and employees. I hope, he will accept it and make up his mind even at this stage.

SHRI JYOTIRMOY BOSU : Mr. Deputy-Speaker, Sir, in West Bengal, we are living in a big prison. But those outside have illusions about the Government and, to them, I say, that it will be crystal clear that this Government is taking the country to a neo-fascist State. I can say that today it is meant for us but tomorrow it will come to others, in other States. So, let them not think that it is not going to touch them in future. This is being done solely with the object of furthering the party cause of the ruling party.

We have seen, in 1965, how 8000 Muslims were detained and how their families were ruined and their hearths and homes were ruined. I want to tell them that it is strange they have forgotten that the P.D. Acts and all the similar type of blacks Acts have ruined them.

This time we have come with a much bigger force here. If they misuse it again and bring those black Acts which are fascist in character, they are only digging their own grave.

Thank You.

SHRI INDRAJIT GUPTA (Alipore) : Mr. Deputy Speaker, Sir. I think this debate has shown that history will provide few examples of a ruling Party so cynically disregarding the assurances and the promises it made only recently to the people of this country and the mandate that the

people gave to it, so soon after coming to power.

This Preventive Detention legislation, whatever name it may go by, is nothing new in this country. For the last 20 years we have tasted it. We have full experience of it and, therefore, when we are opposing it and making concrete criticisms of the way in which it is applied and used, we are not talking in the air. Many people sitting on this side of the House, they know of it and they have first-hand experience. We have been victims of it. We know what it means. Mr. Pant should not forget although he is probably for the first time as a Minister having to pilot this odious and obnoxious principle of preventive detention in the form of a statute, please remember the murky history of this thing and don't try to make a virtue out of it.

Sardar Vallabhbhai Patel only brought this up for the first time in 1950 or 1951 in an attempt to circumvent the judiciary. Who does not remember it ? Hundreds of people, detainees were lying in the prison, under various types of local and State laws and the High Court at Calcutta was on the verge of releasing all of them because it found that there were no grounds, valid grounds for their detention and then Sardar Vallabhbhai Patel came before this House and said that he spent sleepless nights and he was haunted by a nightmare that the prison gates were going to be opened and all these terrible detainees are going to be let loose upon the world and, therefore, to forestall that somehow and to circumvent the judiciary which was about to give a judgement in the Calcutta High Court, this Act was brought for the first time and rushed through the Parliament. Don't we remember it ?

Then, Sir, to-day, in order to score a debating point over Mr. Piloo Mody, the Minister wants to walk in the footsteps of Rajaji. Only three months ago you have gone to the polls and fought against the grand alliance one of whose main architects is the same Rajaji. I do not know what was grand about it and what was grand about Rajaji that you are to-day swearing by him and saying that this is a great thing he did and, therefore, 'we

are proud to do it again'. An amazing logic :

Please go and explain it to the voters who have voted for you three months ago...*(Interruptions)* Let us see what principle is behind it. In the later half of 1969 when this Government had lost its majority in this House and it was time to extend the validity of this Act which was expiring and they came forward with a proposal to extend it, all the Opposition Parties were against it and they knew they could not pass it here because we would have opposed it. They did not have the majority. What did they do ? They dropped it altogether...*(Interruptions)* Why did you not make that an issue when you went to the Elections ? When you went to the voters and said, "We cannot abolish the princely purses because we could not pass it. Therefore, we are appealing to you 'Give us the mandate'", why didn't you go and tell the voters that we could not pass the Preventive Detention because...*(Interruptions)*. What was the mandate given to you by the voters ? To come back and enact Preventive Detention law ? In spite of that what did the Government do ? Because they could not pass it here, they egged on a number of State Governments to enact their own State legislations. Madhya Pradesh, Rajasthan, Uttar Pradesh, Assam — all these States were prodded and egged on to pass their own State legislations because they were not able for the time being to do it here because they were in a minority...

SHRI A. P. SHARMA (Buxar) : Then what ?

SHRI INDRAJIT GUPTA : And then, Sir, as soon President's rule came in West Bengal, then, once again using their powers under President's Rule, they brought in that Prevention of Violent Activities Act and promulgated it. I don't know. There seem to be very many new members on that side who seem to be blissfully ignorant of the fact that there is a full fledged Preventive Detention Act in Bangal since March 1970. They don't seem to be aware of it.

You are going to have two Acts for Preventive Detention, to solve the problems of West Bengal. Don't make us laugh ;

you are not able to do anything ; you are not tackling the real problem at all, because, some Police Commissioner, I. G. of Police are some Home Secretary, or some bureaucrat sitting in Writers Building, came and told you : Unless we are armed with more powers of Preventive Detention, We cannot control the law and order situation, that is why you did it. Therefore, the Consultative Committee of West Bengal, during the period of the President's rule was faced with this very thing and we fought bitterly against it there. We warned them. We said, this is not going to solve the problem. But they said : No, this is the panacea, the magic-wand, which would bring about peace and law and order in West Bengal and they forced this through. And now you can see the result of what is happening today.

Mr. Pant will probably argue that if this Bill had not been passed at that time the situation would have been worse. This is one philosophical way of arguing anything which you can never counter, because it is all in the realm of what-might-have-beens, conjectures, and all sorts of things like that.

The Minister said when he was winding up the General Discussion that but for this Prevention of Violent Activities Act, people would not have gone to the polls in West Bengal. He wants me to believe that millions and millions of voters who came out to exercise their franchise in West Bengal were only able to do it because some thousand people had been locked up under the Preventive Detention Act. He is only casting a slur on them, on the democratic consciousness of the people of West Bengal. Everybody was like a gloomy prophet saying, there won't be any election, people are too much frightened, they won't come out to vote because bombs are bursting on all sides etc. But the people defied everybody and came out in their thousands to vote. Was it because of this miserable, bitter legislation which was there ?

Therefore, I say, the whole thing has got a murky background and the reason why they have brought forward this ordinance last month is very simple. The ruling party,—at least the Members of the Government,—knew that those assurances and promises they gave during the election time are not going to be fulfilled by them, and

[Shri Inderjit Gupta]

cannot be fulfilled,—assurances like fight against unemployment, curbing high prices, and the resolve that they would take bold measures against monopolist and big landlords and princes, and all that. They knew that they are not going to be serious about it. And, this massive majority that they got is now also blissfully going along on that path. That is why the Presidential Address to the joint Houses never contained a single word against the monopolists. That is why the Budget that has come is of a type we have seen, where the big business has been left scot-free.

They say : we have done a very progressive thing in taking over the management of General Insurance Companies, and saddling us with Rs. 38 lakhs every month, to be paid as compensation for taking over the management. And it is because they know that prices are going to go up because of these policies—even Members who spoke from that side on the Budget expressed their justified apprehension that this Budget is going to cause an allround rise in prices,—it is because they know what it will lead to and they know there is going to be agitation, discontent, strikes, demands for wages and higher D.A.,—that they have brought this forward. You cannot escape it. There have been demands by the peasantry and landless peasants and agricultural labourers for quick distribution of surplus lands and waste lands and Government fallow lands. They were committed to such demands but are not taking any steps to implement them. Because of that, they know that they need this weapon in their armoury.

All this Bangla Desh affair has come as a hardy excuse. That is all. The events that I discribed of 1969-70 took place long before anything had happened in Bangla Desh. All these arguments now about spies coming in and Pakistani agent coming in, and this and that is an after-thought. At that time there was none of these things. At the second half of 1969, why did they want to extend the term ? Was there any Bangla Desh affair going on ? No. In 1970, why did they bring Prevention of Violent Activities Act ? Was there any Bangla Desh trouble at that time ? Nothing. All this is now used as convenient excuses, as a package

deal. They now come forward and say : The country is facing this great crisis, spies are going to come, espionage is taking place, etc. This is all convenient after-thoughts. The whole motive behind this Black Act is to arm themselves to suppress the movement of the people which is inevitable, being made inevitable, because of the pro-capitalist policies that they are out to follow. They know that there will be big struggles and democratic movements, and in order to crush them and to behead those movements and to use it against the workers and peasants and other democratic movements, they have armed themselves with this Bill.

Therefore, we are completely opposed to it. This is not a Bill which can be amended, however much my friends may try. This is not a Bill which can be amended, and we are totally against this Bill, and, therefore, I want to express my party's total opposition to it.

PROF. S. L. SAKSENA (Maharajanj) : I am opposed to the Bill lock, stock and barrel. It is not from today that I am opposed to it. From the very day that this principle was introduced in the Constitution 22 years back, I have opposed this. I had the misfortune to be detained under the Defence of India Rules in 1940.

When therefore this principle of preventive detention was being introduced in the Constitution 22 years back in 1949, my whole being revolted against the proposal. I went to Pandit Jawaharlal Nehru and told him that he had been the greatest fighter for civil liberties all his life. How could he tolerate preventive detention being provided for in the Constitution. Then I went to Pandit Pant, I went to Sardar Patel, I went to Dr. Ambedkar, and told them 'What are you doing ? You were most vociferous in condemning detention without trial. But now, you are introducing the principle of preventive detention in the Constitution. What face shall we show to our electorate. But except Dr. Ambedkar, they all said 'Boy, you do not know ; times have changed ; then, we were under a foreign power and under a foreign government. Now, we are trying to protect our newly won freedom. I could not be convinced. This was what I had stated in the Constituent Assembly on that day. I shall read out a few lines from

1576 of the Constituent Assembly Debates dated the 16th September, 1949 :

"So far as the present draft is concerned, Dr. Ambedkar has himself confessed that the magistracy will not be under the High Court. I am glad for the frankness with which he admitted in regard to 15A that he wanted 'due process of law' but he has not been able to get what he wanted. Similarly, he has confessed that he wanted the judiciary to be entirely under the High Court, but he has not been able to have it. He is giving us some compromise against his wishes for satisfying the Home Ministry. I realise the difficulty, but as we are making the Constitution for the future generations, we should at least have it on record that we are not in agreement with the views of the Home Ministry, whether it be at the Centre or in the Provinces. Articles 15 and 15A are a complete denial of liberty of person. They are the darkest part of the Constitution."

This was what Dr. Ambedkar had stated,

SHRI K. N. TIWARY (Bettiah) : Is it a regular debate that we are having or is it the third reading stage ?

MR. DEPUTY-SPEAKER : I would request Members of the ruling party to be a little more considerate and a little more generous. They know their strength and they know that they can get this Bill passed. What is the harm in giving the Opposition a little more time to express themselves ?

PROF. S. L. SAKSENA : This was what Dr. Ambedkar had said. I am quoting from page 1497 of the Constituent Assembly Debates dated the 15th September, 1949.

"Sir, the House will recall that when at a previous session of this Assembly we were discussing article 15, there was a great deal of controversy on the issue as to whether the words, 'due process' should be there in place of the words which now find a place in article 15. It was ultimately accepted that instead of the words 'due process' the words should be 'according to procedure established by law'. I know that a large part of the

House including myself were greatly dissatisfied with the wording of article 15".

AN HON MEMBER Kindly read also what Sardar Patel said.

PROF. S. L. SAKSENA : I had been to Sardar Patel and he said that he was sorry but we had to protect our newly won freedom, and, therefore, we should not worry. But I was not satisfied with that assurance. I had expected that after we had been without this Act for a year and a quarter, when surely the heavens had not fallen, they would not commit the blunder of bringing forward this Bill again, especially when they have got such a massive majority and in any emergency they can get it passed in no time. So, why should they bring such a black Bill and put it on the statute-book ?

Therefore, I would request the Minister to withdraw this Bill. I know he will not do it. But my regret is that his father is not here. If he were here, he would not have brought such a draconian Bill before this House which is much worse than its previous version.

I have suffered under this preventive detention Bill twice. Sardar Patel when he brought this Bill made it very clear that this was meant only for saboteurs and spies. But I was detained under this legislation in connection with strike in a sugar factory in Gorakhpur. The growers were ill-treated. One police sub inspector beat a canegrower without any fault. This infuriated all the canegrowers. They could not tolerate what the police had done to one of them. So they refused to supply cane to the factory unless the police sub-inspector came and apologised. For seven days the strike went on. I was leading the strike. Then I was arrested and detained for 11 months. Afterwards, the Supreme Court released me. This is the way the Act had been used. This is how it will be used again. It is going to be used against whomsoever the ruling party does not like. So I would request the Government not to blacken the statute book with this legislation.

MR. DEPUTY-SPEAKER : There are still a large number of members who would

[Mr. Deputy-Speaker]

like to speak. So I would request them to be as brief as possible.

SHRI K. MANOHARAN (Madras North) : I have listened to the able defence put up by Shri Pant justifying this draconian measure which is now allowed to enter the statute book of this country. I consider this a cobra allowed to enter the democratic garden. As I said, it is a draconian measure ; it is an Act immoral. I would request the Minister to consider certain aspects that have already been brought to his notice for his consideration.

I have been watching him speak. I have got the highest regard for Shri Pant because he is a young, dynamic person taking a really keen interest and applying his mind to problems he deals with, and he is a successful Minister. I wish him well. But in this case, his approach and his reply has been always negative. For example, take the speech of Shri Krishna Menon. I did not hear his reply to it, but I read from newspapers the reply Shri Pant gave. He said that Shri Menon had expressed his own dissatisfaction and opposition to the Bill but that while he was Defence Minister, this Bill was piloted and then as Minister he did not have any objection. He further said that during his tenure as Minister, an extension of the Act was sought and even then he did not resign. I say this is a negative approach. Our experience has been that whenever a Minister comes out of the Cabinet, he speaks the truth. I will not be surprised if after coming out of the Cabinet, Shri Pant also does the same. He will also then oppose this Bill. So let us not shirk responsibility and bypass the whole issue.

This is definitely a Bill which will not help the image of the present ruling party. After the elections, the ruling party has got a nimbus around its head, a cloud of glory, a halo. But I am doubtful whether this glory can be maintained and the image can be protected. I am sure it is going to be denigrated. I am sure the halo, the nimbus, around the personality of the Prime Minister would disappear.

So I would request the Minister to consider one aspect. I know you cannot withdraw the Bill, because it is now beyond that stage. If we ask him to withdraw it, I know the futility of that request. You are not going to withdraw, but one thing I can request you is this. Use it very sparingly and do not abuse it for political purposes, and try to behave like good political boys in the country.

SHRI SAMAR GUHA (Contai) : I was surprised to find that the ruling party has failed even to gauge the depth of feeling of the opposition. It has not entered their mind as to what it is that has brought all the opposition parties, with radically divergent views on political and other matters, together to vehemently oppose this Bill. The massive victory in the last elections has gone to their head so much and developed a sense of absolutism, and the brute majority has made them brutally impervious to the apprehensions of the opposition. They cannot understand why parties with diametrically opposite views have combined to fight this Bill tooth and nail. If the sense of power had not gone so deep into their minds, they would have applied their minds to understand the cause of the apprehension.

Much has been said about West Bengal. Even after the passing of the Prevention of Violent Activities Act, can you say the situation has improved in West Bengal? Has it not become worse? Is it not a fact that dozens of persons have been killed? With your additional legal power, were you able to bring about peace there? You could not. Therefore, there should have been a different approach in dealing with the problems of West Bengal.

I have another serious apprehension. As I said when I opposed the Bill, they are using the name of Bangla Desh, the situation in the border. If any positive action was to be taken to deal with the problem of Bangla Desh, as it happened in 1962 and 1965, this House would not have taken even an hour to pass such a law, if it was meant for the defence of our national security. But if this Bill is passed into an Act I am afraid that many legitimate grievan-

ces of the Bangla Dosh refugees will go unheeded. You may not be able to give them food or shelter, and those who defend their rights on humanitarian grounds will be gagged. Therefore, I want to record my opposition and the opposition of my party to this black Bill.

SHRI M. SATYANARAYAN RAO (Karimnagar) : I am really surprised to see that the Congress Members are very jubilant to pass this law. I want to remind them that they are not going to rule this country for ever. At the most they may rule for five years, and I request them to realise that if any other party comes to power what the fate of this country is going to be. They are going on the wrong path.

MR. DEPUTY-SPEAKER : You have made your point.

SHRI M. SATYANARAYAN RAO : Why are you not allowing me to speak ?

MR. DEPUTY-SPEAKER : I am only appealing to you.

SHRI M. SATYANARAYAN RAO : I am the only speaker on behalf of my party. Yesterday also you did not allow me. I am sorry. I stage a walk out in protest against this. What is this ? This is too much on your part. This is a very important occasion. I protest. This is not good. I am sorry for this. I strongly protest against this. Why are you not allowing me to speak ? You did not give me a chance. I must have my say. You suspend me if you want. I am not going to tolerate this. This is very arbitrary.

The hon. Member tore off some paper and then left the House.

श्री हेमन्त सिंह बनेरा (भीलवाड़ा) : उपाध्यक्ष महोदय, अब जब कि इस बिल पर विचार समाप्त होने जा रहा है, हम सत्तारूढ़ दल के सदस्यों के चेहरों पर हमी की लहर देख रहे हैं। पूरी आपोजीशन ने युनाइटेड होकर इस बिल का घोर विरोध किया है। जब देश आजाद हुआ, तो युवा पीढ़ी की आशा थी कि हम लोग लोकतंत्र के आधार पर स्वतंत्रता से

अपने विचार प्रकट कर सकेंगे और इस देश को एक प्रगतिशील राष्ट्र बना सकेंगे।

मैं आप के सामने एक उदाहरण पेश करना चाहता हूँ कि किस प्रकार लोक सभा के मध्यावधि चुनाव के दौरान मेरे चुनाव क्षेत्र में इस ला का दुरुपयोग किया गया। हमारे एक समर्थक को इस एक्ट के अन्तर्गत ऐरेस्ट कर लिया गया, लेकिन जब उसने सत्तारूढ़ दल की तरफ हाथ बढ़ाया, तो उस को रिहा कर दिया गया।

हमें आशका है कि इस ला का दुरुपयोग होगा और इसलिए मैं इसका विरोध करता हूँ यह ठीक है कि सत्तारूढ़ दल अपने बहुमत के बल पर यहाँ जीत जायेगा और हम हार जायेंगे। लेकिन मैं सत्तारूढ़ दल को चुनौती देना चाहता हूँ कि हम बाहर देश में इसका विरोध करेंगे और उसमें हमारी जीत होगी।

SHRI PILOO MODY : All I would like to do is to point out to this House and to this Government how by introducing this Bill and getting it passed, they have converted that magnificent massive mandate into a miserable minority. Because you have people representing 43 per cent of the electorate putting through this Bill against the massive opposition of 57 per cent of the people of this country. We do represent 57 per cent of the people and they represent only 43 per cent. That is how the magnificent massive mandate is turned into a miserable minority. It is the tragedy of our electoral system and that is why I say : so much for their "yem-yem."

श्री शशि भूषण (दक्षिण दिल्ली) : उपाध्यक्ष महोदय, इस बिल को पास करने में हमें कोई गर्व नहीं है। मैं मंत्री महोदय से सिर्फ यह प्रार्थना करना चाहता हूँ कि इस कानून को मजदूर और किसान आन्दोलन के खिलाफ इस्तेमाल न किया जाये। ये जो राजा महाराजा और बड़े बड़े मानोपलिस्ट्स हैं, उनके खिलाफ तो मुझे ही ज्यादा से ज्यादा आन्दोलन करना

[श्री शशि भूषण]

पड़ता है। हमारी पार्टी को प्रजातंत्र और समाजवाद पर आस्था है और इस लिए मुझे आशा है कि इस कानून को मजदूर और किसान आन्दोलन के खिलाफ इस्तेमाल नहीं होगा—अगर सम्प्रदायवादियों के खिलाफ हो, तो मुझे कोई एतराज नहीं है।

SHRI K. C. PANT : A certain amount of mutual grace, a certain amount of mutual respect and a certain amount of acceptance of each other's point of view and at least not doubting each other's motive must inform the deliberations of this House if we are to function smoothly. Even at this late stage, I realise that everybody is tired and tempers are frayed ; but I would beg of my friends opposite, since they have raised some points, to give me a few minutes to reply to them.

The first thing is that Shri Bhogendra Jha raised the point that this measure should not be used against workers, farmers and students. I appreciate the sentiment and I appreciate the spirit. I do not know whether I may add it to the Statement of Objects and Reasons at this stage. But as I said even earlier—because I do not know how it can be done without an amendment and so on—I can assure him and my friend Shri Shashi Bhushan, that this Bill is not being put forward to suppress any legitimate movement of workers or farmers or students.

SHRI BHOGENDRA JHA : You are not saying it seriously. Bring in an amendment if you are serious. (*Interruption*).

SHRI K. C. PANT : I am very serious, and I am saying it in all seriousness. It is a matter of record. (*Interruption*). My friend Shri Bhogendra Jha knows that an amendment to the objects and reasons, even if it is possible, does not form part of the law. It forms part of the record. I have already said so. So, it is as good as putting it there.

SHRI M. KALYANASUNDARAM : Why do you want to play this political game ? (*Interruption*)

SHRI K. C. PANT : Mr. Kalyanasundaram, you will appreciate the point that the courts also will not be guided by the Statement of Objects and Reasons. Therefore, my records... (*Interruption*)

SHRI BHOGENDRA JHA : If you want to assure us, then move an amendment. You are not serious.

SHRI K. C. PANT : What I have said is said in all sincerity and seriousness. Now, my hon. friend, Shri Manoharan, asked me a direct question. He asked, will you use it sparingly and not use it for political purposes ?" Again, I would like to say that certainly it shall be our endeavour to use this very sparingly and not for political purposes. I have made the point earlier also. (*Interruption*)

SHRI DINEN BHATTACHARYYA (Serampore) : At the time of passing the PD Act also, you said the same thing. But you had victimised thousands of workers. (*Interruption*)

SHRI K. C. PANT : Why not you give me a patient hearing ? It will help both of us if you give me a patient hearing and you will be able to understand our approach to the problem. I have listened to you all. You have to listen to only one infliction from me. Just think of my lot.

My hon. friend Shri Manoharan asked me these questions, and I am prepared to reply to them, and again, in a spirit of sincerity. But naturally all political parties must also abjure violence, the ways of violence. They must abjure any thought of undermining our democratic structure and must abide by the rules of the game, within the framework of the Constitution which guides our actions. This is also essential. It cannot be onesided. Therefore, if under the guise of political activity, someone seeks to act in manner which is prejudicial to the unity of this country, to the sovereignty of this country, to the safety of his country, prejudicial to the communal harmony, which is prejudicial to the freedoms what we all want to preserve, prejudicial to the democratic structure which we all want to preserve, then, I am afraid in these circumstances, the clauses here may come into play. But

that, the blame must rest squarely on these who seek to use those methods against our established values and the values that cherish. This, I must make clear.

Mr. Indrajit Gupta said, "You have the people's mandate" and he twitted us for bringing forth this measure. May I remind the House that in our election manifesto, along with other things, we have said :

"The Congress, therefore, appeals to the people to return its candidates to the Lok Sabha and give it a clear mandate... (2) to put down the forces of violence and disorder so that all our citizens can live in peace and harmony."

So, this is as much our mandate as the other things he mentioned. It is in pursuance of this promise to our people that we seek to take whatever measures are necessary in the situation that prevails today to preserve the unity and integrity and the basic institutions of the country. The situation the country is extraordinary. We are living in troubled times. It is my duty to point out that many of the border States do not have such laws. There is an impression created by Mr. Mody that all those States have this law. There is no such law in Assam, Nagaland, Bihar, UP, Himachal Pradesh, Punjab and Gujarat. The border is hotting up. The whole country is anxious about it. These border States do not have this law. Is this the time to quibble over all things or is this the time to realise that if tomorrow the need for such law can arise, we must be prepared for it? It is in that spirit, in the spirit of preserving the honour and sovereignty of this country and peace of this country that I appeal to this House to pass this measure. We know there are elements in the country which want to destroy this unity and this freedom and which want to disrupt the fabric of our

society. It is against them that such measures are necessary. But for that, these measures would not be necessary. Therefore, I hope, even though it is late, my friends in the opposition, realising the gravity of the situation, will give it cool thought and support the measure.

श्री अटल बिहारी वाजपेयी : हम अपना विरोध प्रकट करते हैं, हम मतदान में भाग नहीं लेंगे। हम इस को धिक्कारते हैं, हम बाहर जा रहे हैं। (Interruptions)

MR. DEPUTY-SPEAKER : The question is :

"That the Bill, as amended, be passed."

Those in favour will say 'Aye'.

SOME HON. MEMBERS : Aye.

MR. DEPUTY-SPEAKER : Those against will say 'No.'

I think the Ayes have it. The Ayes have it. The Bill, as amended, is passed. (Interruptions)

The motion was adopted.

Shri Atal Bihari Vajpayee and some other hon. Members left the House.

MR. DEPUTY-SPEAKER : The House stands adjourned till Eleven of the Clock on Monday.

20.00 hrs.

*The Lok Sabha then adjourned till Eleven of the Clock on Monday,
June 21, 1971/Jyaishta 31,
